QR CODES IN THIS GUIDE

To use QR codes, you’ll need a QR reader app installed on your smartphone or tablet that has a camera. Simply enter “QR Code” when searching for an app on the Apple or Google Play App Stores • there are many available.
We recommend QR Reader for Apple (iOS) phones and RedLaser for Android phones.

HOW TO USE QR CODES
1. Open your QR reader app
2. Place your device’s camera over the code as shown in the photo (left); it will auto focus and scan the code
3. The selected web page will open
4. Do the same thing with any code you find in this guide. They will all take you to different web pages!

STREAMLINED VISA PROCESSING (SVP)

TAFE NSW has been approved for Streamlined Visa Processing (SVP) by the Department of Immigration and Border Protection (DIBP). Under SVP arrangements, eligible student visa applicants are assessed as a lower immigration risk, regardless of their country of origin. This can reduce the number of documents you are required to submit and shorten the processing time of your student visa application.

WHICH TAFE NSW COURSES ARE ELIGIBLE FOR SVP?

All TAFE NSW Bachelor degree and Advanced Diploma courses are eligible for SVP. To be eligible for SVP, student visa applications must be lodged with an electronic Confirmation of Enrolment (eCoE) from TAFE NSW for a Bachelor degree or Advanced Diploma.

SVP also applies to eligible TAFE NSW Diploma-to-Degree (D2D) pathways. Eligible pathways include one or more TAFE NSW vocational courses that proceed to a Bachelor degree course offered by TAFE NSW or one of our seven partner universities. While processes might be slightly different there is no difference between SVP offered by TAFE NSW or one of our partner universities.

HOW DO I APPLY?

Students must complete the TAFE NSW application form and the TAFE NSW SVP application form. Applicants will be assessed on course entry requirements such as academic requirements and English language proficiency. Some courses may require additional items such as a portfolio or interview. Students must meet TAFE NSW SVP requirements in order to be accepted into the course.

“Universities value TAFE NSW students because of the very solid training that they’ve had. It’s often much easier for them to integrate into university because they’ve had time and a supportive environment to get used to the educational system and to settle into Australia.”

“What’s it like in Wollongong? There’s lots of nature and friendly people. It has beautiful beaches. When I have free time, I enjoy things like surfing and having a BBQ with friends. After I complete the course I’m planning to work hard to get permanent residency. Come to study at TAFE. It’s fantastic!”

As Australia’s largest regional Vocational Education and Training provider, Hunter TAFE is well positioned to provide the highest-quality, employment-ready programs and courses to meet the best interests of those we connect with both locally and internationally.

We currently enrol over 60,000 students per year on 15 campuses, both locally and internationally, and have over 4,000 staff teaching over 600 courses.

Hunter TAFE is home to the award-winning Newcastle English Language Centre. This Centre operates 51 weeks of the year with a full range of study options available to all students, even those on visas other than student visas.

Newcastle was voted ninth in Lonely Planet’s Top Ten Cities in the world, and was named fourth most liveable city in Australia based on climate, culture, entertainment, affordability and standard of living.

TAFE Illawarra is the largest provider of vocational education and training in southern NSW. Wollongong is Australia’s 9th largest city and has been voted as Australia’s ‘Top Small City for Students’ by Student Cities Australia.

A student city attracting over 60,000 students each year, including 12,000 international students, Wollongong is a vibrant coastal destination, located one hour south of Sydney Airport. It boasts 17 patrolled beaches, five national parks and a wonderful offering of cuisine thanks to a cherished multicultural heritage. Students from across the world are attracted to the Illawarra due to its unique lifestyle features, combined with affordable cost of living compared to its bigger metropolitan counterparts.

With strong partnerships with local industry and the University of Wollongong, TAFE Illawarra students can benefit from many pathways to either secure employment or undertake further study.

At TAFE Illawarra, you can choose from qualifications ranging from Certificates to Diplomas and a Bachelor degree, across a wide range of career areas, as well as English language classes.
NEW ENGLAND INSTITUTE
info@tne.edu.au

The New England Institute has approximately 10,000 students studying at 11 campuses, spread across the scenic New England and North West regions of NSW. Students can experience the best of both worlds at the campuses which offer modern facilities, support services for international students and access to affordable accommodation.

The New England region is well known for wheat, cotton and cattle production, which are reflected in unique shopping and dining experiences. Armidale and Tamworth are the largest cities in the New England region, and can be accessed by air, train and road.

Tamworth is a thriving regional city most famous for the annual Country Music Festival. Armidale is a cosmopolitan city that is renowned for the arts, food and education. The University of New England, also based in Armidale, has a strong partnership with the Institute and a number of combined degrees and pathway programs are available.

NORTH COAST INSTITUTE
northcoasttafe.edu.au

With an excellent reputation as an innovative education provider, North Coast TAFE is the largest and most comprehensive education and training provider in northern NSW with more than 55,000 students enrolling each year.

North Coast TAFE has five campus locations which are set among modern country cities and towns, bustling resort complexes and peaceful seaside villages. The campuses in the north range from Kingscliff (15 minutes from the airport on the Gold Coast) and Ballina/Byron Bay, through to Coffs Harbour and Port Macquarie in the south.

There are more than 40 courses on offer across a wide range of study areas, from business management, aged care, children’s services, nursing and information technology to cookery, tourism and hospitality.

All courses provide you with industry recognised qualifications, practical skills, a competitive edge in the workplace and pathways to further study at one of our many partner Australian universities.

NORTHERN SYDNEY INSTITUTE
issnsit@tafensw.edu.au

Not far from the city centre and close to some of Sydney’s iconic beaches, the Northern Sydney Institute (NSI) is a leading provider of vocational training and tertiary education in Australia.

NSI has six campuses across Sydney’s prestigious northern suburbs, all on major public transport routes.

International students come from more than 55 countries, including Brazil, China, India, Japan, Korea, Pakistan, the United Kingdom and Vietnam, to begin their study in Australia.

The institute is a Centre of Excellence for hospitality, children’s services, health services, information technology, horticulture and screen and media. It is the only TAFE NSW Institute offering the three-year Bachelor of Information Technology (Network Security), which gives you the opportunity to become a member of the Australian Computer Society (ACS).

With over 100 accredited English and vocational programs, and an ever-expanding suite of degree programs, NSI offers a complete educational pathway experience.

RIVERINA INSTITUTE
riinternational@tafensw.edu.au

Situated in the Riverina region of south-western NSW, Riverina Institute offers its students a rural lifestyle among friendly country people. Students can enjoy a relaxed and healthy lifestyle with no traffic jams, no crowds and cleaner, green communities which still offer the services and facilities available in larger cities.

Living costs are lower in the Riverina than in the major cities, especially for rent and fresh food. The Riverina is also Australia’s largest wine-producing area, which can provide opportunities for part-time work.

Small classes with mostly Australian born students will improve your English every day, which is important for those international students who may apply to live and work in Australia in the future.

Campuses include the Primary Industries Centre, the National Environment Centre (a unique, 182-hectare certified organic farm), and a new state-of-the-art training facility which offers enrolled nursing and aged care work.

Tuition fees for Higher Education or vocational and packaged programs are payable within 4 weeks of receipt of an offer to study at a TAFE NSW Institute. If you apply within 4 weeks of the course commencement date, the fees are payable within 7 days of receipt of the offer letter.

> Continuing English language students (with offers of more than 24 weeks) must pay the balance of their tuition fee for their English language course of study by the due date on their additional fee statement (2 weeks before the commencement of the next study period) or a late payment fee of $200 will apply. Failure to pay the fees may lead to cancellation of enrolment. Academic results will be withheld when fees are outstanding.

> Continuing Higher Education and/or vocational course students must pay the tuition fee for their next study period by the due date on their fee statement (2 weeks before the commencement of the next study period) or a late payment fee of $200 will apply. II. Change of course/college and fees

> Once an electronic Confirmation of Enrolment (eCoE) has been issued to you and you wish to change your course or college before or during the course period, an application to change course/college must be lodged with TAFE NSW. Approval of the application is not guaranteed.

> Different tuition fees may apply for the same/different course at same/ different colleges. Where a change of course/college is approved, either within a TAFE NSW Institute or at another TAFE NSW Institute, and a higher tuition fee applies for the same/different course at the same/second campus, you must pay any difference in the fees applicable before you can enrol in the same/second course/campus.

> If a lower fee applies for the same/different campus/course at the same/second campus, you can either apply for a refund of the excess fee or the excess will be carried forward as a credit to next semester fee.

> There is no refund for days designated as Australian/NSW public holidays.

> Processing fee, application/registration fee, accommodation placement fee (including guardianship arrangement) and airport pick-up fee are not refundable.

> The tuition fee of $4,500 paid towards the TAFE NSW vocational course fee refunds are calculated from the date a written refund request is not approved.

> If you commence a TAFE NSW course before your student visa application has been processed and it is subsequently rejected, a pro rata refund of tuition fees will be made.

> TAFE NSW will refund 90 percent of the tuition fees paid if you withdraw from your Higher Education and/or vocational course within the final 4 weeks (28 days) before the course commencement, except where you have completed a TAFE NSW Higher Education course and/or facility, and where English language fees have been charged at the packaged (discounted) fee rate per week. Withdrawal from the Higher Education and/or vocational course will incur the charge for the relevant English language fee calculated by reference to the undiscounted weekly fee rate or the applicable rate for the stand alone English course. The difference between the relevant fee and the lower packaged fee for English will be deducted from the refundable Higher Education and/or vocational course tuition fees.

Only when the balance of the first semesters Higher Education or Advanced Diploma tuition fees have been paid would the refund policy apply minus a $300 processing fee.

> If you obtain a deferral of the Higher Education and/or vocational component of your combined packaged course and fail to enroll on the deferred start date the following will apply:

- If you requested a deferral 4 weeks (28 days) or more before the original course start date then 90 percent of the tuition fees paid will be refunded.

If you have a disability, relevant information is requested to establish whether you require the provision of additional services or facilities not required by students who do not have a disability.

After consideration of your requirements, if the provision of these services or facilities would impose "unjustifiable hardship", for example, a very high cost on TAFE NSW, your enrolment may be refused or additional fees may apply. You will be advised in writing of our decision.

The provision of additional services or facilities should not be seen as a guarantee of successful completion of a course. TAFE NSW reserves the right to terminate a student's enrolment if the provision of reasonable adjustment is unsuccessful and further provision of services or facilities is determined as unjustifiable hardship.

If TAFE NSW is unable to deliver the accepted course at the agreed location, you will be offered a refund of the unused portion of the prepaid course tuition fees paid. The refund will be paid to you within 2 weeks from the day you are advised of the course cancellation. Alternatively, you may be offered enrolment in another course/location at TAFE NSW.

If an alternative course/location is offered, you have the right to choose whether you would prefer a refund of the unused course fees paid or to accept the place in the new course/location. If you choose to accept the new course/location, TAFE NSW will ask you to sign the acceptance of offer for the new course/location. In this case, the obligations of TAFE NSW would be discharged.
