Transitional arrangements for both the 2010 and 2000 MRAs are in place.

The 2005 MRA ended on 30 June 2010 and its transitional arrangements also expired on 30 June 2015.

---

1 If you are a QP student registered before 1 September 2015, you would fall under the transitional arrangements of the 2010 or 2000 MRA. See Q2. If you are a QP student registered outside Hong Kong on or after 1 July 2005, you will not be eligible for CPA Australia's membership under any MRA.
The conditions for HKICPA members to obtain CPAA membership are the same under the 2015 MRA and the transitional arrangements of the 2010 MRA and 2000 MRA except that:

- under the 2015 MRA and transitional arrangements of the 2010 MRA, HKICPA members have to be registered as QP students and complete the QP in Hong Kong only;
- under the transitional arrangements of the 2000 MRA, HKICPA members can be registered as QP students and complete the QP anywhere;

You would have to satisfy CPA Australia on their practical experience requirement.

\[\text{\textsuperscript{2} If you did not gain experience under the AE/AS PEF, your experience will be vetted by CPA Australia when you apply for their membership according to their prevailing requirements.}\]
Q6. I was admitted to HKICPA upon completion of the HKSA/ACCA Joint Examination Scheme and have not enrolled in the QP. Can I apply for CPAA membership under the 2015 MRA?

A6. No, you are not eligible for CPAA membership under the 2015 MRA or transitional arrangements of the 2010 or 2000 MRA. You must have passed the QP in full in order to be eligible.

Q3. I am now a full member of CPAA. Is the 2015 MRA applicable to me?  
A3. If you were registered as an associate member of CPAA in Australia or Hong Kong between 16 August 2004 and 31 August 2015; or were registered as an associate member of CPAA in Australia or Hong Kong before 16 August 2004 but failed to pass the CPA Australia CPA Program in Australia or Hong Kong by 30 June 2007, you will be eligible for HKICPA membership under the transitional arrangement of the 2010 MRA which terminated on 30 June 2015. The 2015 MRA is not applicable to you.

If you were registered as an associate member of CPAA before 16 August 2004 and passed the CPA Australia CPA Program by 30 June 2007, you will be eligible for HKICPA membership under the transitional arrangement of the 2000 MRA which was terminated on 30 June 2005. The 2015 MRA is not applicable to you.

If you are registered as an associate member of CPAA in Australia or Hong Kong on or after 1 September 2015, the 2015 MRA applies to you. Please refer to our webpage on recognition status of CPAA at http://www.hkicpa.org.hk/file/media/section2_become_a_hk_cpa/recog-overseabodies/recognition/cpa-australia.pdf for details.
Unless you were registered as an associate member of CPAA before 16 August 2004 and passed the CPA Australia CPA Program by 30 June 2007, if you are registered as associate members of CPAA outside Australia or Hong Kong, you will not be eligible for membership of the Hong Kong Institute of CPAs under any MRA.

Q4. I am a CPA Australia associate member. Do I need to register as a registered student of the Hong Kong Institute of CPAs in order to enjoy the 2015 MRA?

A4. Yes. You are required to register as a student of the Hong Kong Institute of CPAs in order to take the requisite QP workshops of any module and the FE. You are required to complete a preliminary assessment of your eligibility for the Institute's membership under the MRA before you may proceed to register as a QP student. After the preliminary assessment, you will be asked to apply for assessment of your degree when you submit your Hong Kong Institute of CPAs' student registration application. In this connection, you will be required to submit certified true copies of your degree certificate, transcript, the CPAA professional examination result report and the other relevant fees for the Institute's assessment.

You need to comply with the regulations for QP students, such as pass requirements and rules of enrolling in workshop and the FE etc. You can find the relevant information by downloading the QP Candidate Handbook at the Institute website:

Q5. I took an Australian university degree programme in Hong Kong. Am I eligible for HKICPA membership under the 2015 MRA?

A5. Australian degree programmes in Hong Kong accredited by CPA Australia are recognised by the Institute but they have to be accredited by the Institute for membership admission. Your qualification will have to be assessed by HKICPA on a case by case basis after you have completed a preliminary assessment of your eligibility for the Institute's membership under the MRA and proceed to apply for registration as a QP student. You will be required to pay an assessment fee of HK$1,200 for the purpose. Please note that if your Australian degree has been accredited by the Institute, the assessment fee is waived.
A list of the degree programmes offered by Australian universities in Hong Kong which have been accredited by HKICPA for membership admission is accessible from the HKICPA website at http://www.hkicpa.org.hk/en/become-a-hkicpa/how-to-apply/entry-routes/.

Q6. How do I know if my degree is accredited/recognised or not?
A6. If your degree is an Australian university degree accredited by CPA Australia or the Institute of Chartered Accountants Australia (ICAA) and was obtained through a course of study wholly undertaken in Australia, it will be recognised by HKICPA for membership admission without further assessment (that is, you don’t have to pay the HK$1,200 assessment fee).

If your degree is a recognised Australian university degree but was obtained through a course of study in Hong Kong or elsewhere outside Australia, your qualification will need to be assessed by HKICPA after you have completed a preliminary assessment of your eligibility for the Institute’s membership under the MRA and proceed to apply for registration as a QP student, and you will be required to pay an assessment fee for the purpose. The fee is currently HK$1,200. However, if the Australian degree you have taken in Hong Kong is already accredited by the HKICPA (see full list at http://www.hkicpa.org.hk/en/become-a-hkicpa/how-to-apply/entry-routes/), you are exempted from the assessment (that is, you don’t have to pay the HK$1,200 assessment fee).

Q7. What is a recognised Australian university degree? Are there any prescribed subjects/disciplines for the degree?
A7. A recognised Australian university degree means a degree recognised by the Australian Government and by CPAA or ICAA for membership admission. Yes, there are prescribed subjects/disciplines for the degree. Please refer to the CPAA or ICAA list of ‘Accredited Tertiary Courses’.

Q8. If the Institute has accredited my Australian degree in which the course of study is in Hong Kong or elsewhere outside Australia, do I need to pay the $1,200 assessment fee when applying for the Institute’s membership?
A8. No, you are not required to pay the assessment fee.
Q9. When and how should I apply for assessment of my Australian degree qualification which was not obtained through studying in Australia? What documents do I need to submit?

A9. You should apply for assessment of your degree after you have completed a **preliminary assessment** of your eligibility for the Institute's membership under the MRA and proceed to apply for registration as a QP student. You should submit certified true copies of your degree certificate and transcript for the Institute's assessment. Please note that the degree must be the one which was accepted by CPAA for your membership admission.

Q10. I have completed three elective segments of the CPA Australia CPA Program already, but they do not include any one of the three core/elective segments required by the 2015 MRA. Do I qualify for HKICPA membership? If not, what should I do?

A10. No, you must complete the three specific core/elective segments, namely (i) Financial Reporting and Disclosure/Financial Reporting ("FRD"), (ii) Financial Risk Management ("FRM"), and (iii) Assurance Services and Auditing/Advanced Audit and Assurance ("ASA"), in order to qualify for HKICPA membership. You should either:
   (a) go to sit and pass the required core/elective segment(s) of the CPA Australia CPA Program; or
   (b) complete and pass the corresponding module(s) of the Qualification Programme ("QP") of HKICPA as follows:
      - FRD – Module A, Financial Reporting
      - FRM – Module B, Financial Management/Corporate Financing
      - ASA – Module C, Auditing and Information Management/Business Assurance

Q11. I have completed the CPA Australia CPA Program but I have not attended any workshops. Do I qualify for HKICPA membership under the 2015 MRA? If not, what should I do?

A11. No. You must complete and pass workshops of any one of the four modules of the HKICPA QP.

Q12. I have attended the workshops in a segment of the CPA Australia CPA Program. Have I fulfilled the workshop requirement under the 2015 MRA?

A12. No, you must complete and pass workshops of any one of the four modules of the HKICPA QP.
Q13. Do I need to register as a student of HKICPA if I enroll to the FE under the 2015 MRA?
A13. Yes. You are required to register as a student of the Hong Kong Institute of CPAs in order to take the FE. You must complete and pass the workshops of any one of the four modules of the HKICPA QP first before you are eligible to sit the FE.

Q14. Regarding the three years of practical experience in accountancy for HKICPA membership admission, does the whole length of experience need to be acquired under Authorized Employer(s) (“AE”) or Authorized Supervisor(s) (“AS”) registered with HKICPA? Will my experience which was acquired prior to my registration as associate member of CPAA and not under an AE/AS be counted?
A14. Your practical experience acquired on and after 1 July 2005 has to be obtained under AE/AS. You may use your relevant experience in accountancy acquired before 1 July 2005 to satisfy the practical experience requirement based on individual merits, and such experience does not need to be gained under AE/AS. However, it will be considered on a case-by-case basis.

Relevant experience in accountancy acquired prior to the registration as associate member of CPAA may be counted and the above rule on requiring experience after 1 July 2005 to be supervised by an AE/AS will apply.

Q15. I am working in Australia under the CPA Australia Mentor Program and my employer is not an AE/AS. Will my experience qualify for HKICPA membership admission?
A15. Under the new MRA, experience acquired outside Hong Kong must be accepted by HKICPA as being equivalent to the HKICPA Practical Experience Framework. This will have to be assessed on a case-by-case basis as was the case under the 2010 or 2000 MRA.

Q16. I have quitted my job after working for 11 months in a company which is an AE. Will this experience be counted?
A16. Within the required length of full-time practical experience for membership, an applicant can have up to two employments, each of which is less than 12 months long with the same employer. The rest of the experience must be acquired from employment(s) that lasts for at least 12 months with the same employer. Depending on the academic qualifications of the applicant, the respective requirements are
