New Jersey Professional Genealogists 2015

The Genealogical Society of New Jersey (GSNJ) is a non-profit organization. Founded in 1921, its primary objectives are to discover, procure, preserve, and publish information about families and individuals associated with New Jersey’s rich history.

For more than 80 years, the Society has endeavored to meet this objective through volunteer efforts, including The Genealogical Magazine of New Jersey, the GSNJ Newsletter, public programs, gravestone transcription, special publications, research collection, and responses to genealogical correspondence.

This list is provided by the Genealogical Society of New Jersey as a public service. The information shown, including specialties, was supplied by the researchers and not verified in any way by the Society. The Society neither recommends nor guarantees the quality of the researchers listed here. As such, the Society disclaims responsibility for the conduct of the researchers.

Please contact the researchers directly for references, fees, condition, and availability. Before you hire a professional genealogist, we recommend that you check his or her references. As with any genealogical inquiry, we suggest you include a self-addressed, stamped envelope with your request.
