3. Background

   a. Per reference (a), Department of Defense (DoD) prescribes the DD 214/DD 214C/DD 214WS and DD 215 for use by all military services. Reference (b) provides separation/discharge reasons.

   b. Enclosures (1) through (3) are used for the preparation and distribution of the DD 214/DD 214C and DD 215. The NAVPERS 1900/2, Separation Travel Orders, will be issued to enlisted personnel upon separation and marked "For Official Use Only".
c. The DD 214 is designed to provide a short-form original which excludes "Special Additional Information" and a long form copy with additional information selectively included based on the recipient's needs.

d. DD 214 provides military services with information necessary for administrative processing and enlistment/reenlistment determination as well as data required by separatees for personal use.

4. Intent of the DD 214. The DD 214 is a brief, clear-cut record of a period or term of active military service that provides:

   a. Military services with a readily available source of information used to determine eligibility for enlistment or reenlistment;

   b. Service members with a brief record of active service; and

   c. Appropriate governmental agencies with an authoritative source of information which they require in the administration of Federal and State laws.

5. Control of the DD 214/DD 214C/DD 214WS and DD 215. These forms are documents containing sensitive information and are vulnerable to fraudulent use. DoD has directed the following procedures to prevent unauthorized use of the form:

   a. Command Responsibilities. Each command will establish internal accountability procedures for use and destruction of forms. The commanding officer/officer in charge (CO/OIC) will appoint, in writing, an individual of grade E7, GS-7, or above to control, and issue the DD 214, DD214C, DD 214WS and when appropriate, the DD 215. The CO/OIC of designated separation activities listed in reference (b) 1910-812 may authorize an E5, GS-5, or above to serve in this capacity, if so designated in writing. Letter of appointment shall not be sent to Navy Personnel Command (NAVPERSCOM), but shall be maintained in the command files.
b. When a command is supported by a Personnel Support Activity Detachment (PERSUPPDET), responsibility for issuance of the DD 214 lies with the PERSUPPDET.

c. Security. The following procedures for security of electronic forms are provided as follows:

1. CO’s must ensure appropriate security measures are in place to safeguard unauthorized use of the electronic PDF file DD 214/DD 214C/DD 214WS and DD 215 by placing the form on a separate directory, using local area network (LAN) security and restricting access only to qualified personnel creating the actual form.

2. Assign a serial number in block 18 of the DD 214 (block 5 of the DD 215) and maintain these serial numbers in either an electronic or paper log. The serial number consists of four elements (14 spaces), to include command unit identification code (UIC), two digit calendar year, four digit consecutive number, and initials of the preparer (e.g., SER: 062981-00-0001-DWC).

3. Log consists of, at a minimum, serial number, Name of Person Discharged/Separated, and Effective Date of Discharge/Separation. Commands may add additional elements as desired.

Any other changes or corrections entered on DD 214 may also render the form void unless they are initialed by the authorizing official. The member will be advised that any unauthorized change or alteration will render the form void. The member to whom the DD 214 is issued will be informed of the proper procedure for having official corrections made when errors are discovered after receipt.
a. Official Changes and Corrections. Once the DD 214 has been issued and copies distributed, official corrections may be made by issuance of DD 215, except as noted in paragraph 6 below. The DD 215 will be distributed in the same manner as the original DD 214 which it corrects. Since the information contained in blocks 25, 26, and 27 (SEPARATION AUTHORITY, SEPARATION CODE, AND REENTRY CODE, respectively) has limited distribution, correction to these items on a DD 215 requires the limitation on distribution of the DD 215. If other items as well as blocks 25, 26, and 27 are corrected, issuing authorities must assure that copies of the DD 215 issued to agencies not entitled to receive blocks 25, 26, and 27 information, receive DD 215 copies which omit that information.

b. Request for Correction. A correction request must contain the full name, rank/rate, social security number, periods of service, and current mailing address of the member concerned. The correction requested must also be identified, and if necessary, supporting documentation provided. If a copy of the DD 214 for which the request is being made is available, it should be forwarded with the request to one of the following locations:

a. Administrative Issuance. The DD 214 will normally be prepared by the command from which the member is separated. When a DD 214 has not been issued, NAVPERSCOM (PERS-312) may

(3) There is a change directed by competent authority vice a correction of administrative error to Character of Service in block 24.

c. Request for Issuance or Reissuance. Requests for issuance or reissuance should be addressed as indicated in 5b(1) or 5b(2).

7. Administrative Changes While Member is on Terminal Leave. Prior to separation each member must be counseled regarding actions to be taken or that could incur in the event of death, serious injury and misconduct prior to actual separation/discharge date.

a. In the event of the death of member, the family is required to notify the member's command and servicing PERSUPPDET in order to void the DD 214 and take required action regarding the member's death.

b. In the event the member suffers a serious injury/illness, the member or family (if member is incapacitated) is required to contact member's command and servicing PERSUPPDET to ensure medical issues are properly addressed. The DD 214 may require cancellation or modification if medical actions extend member in an active duty status or PEB actions lead to disability.

c. Member must be made aware that if serious military or civilian misconduct is discovered or committed prior to separation date, the member may be recalled in order to address
possible courts-martial or administrative separation processing. This action may result in cancellation or correction to DD 214 with regards to type and characterization of discharge.

8. Replacement of the DD 214

a. General. In order to obtain a copy of a DD 214, a signed request must include adequate identifying data; i.e., full name, rank or rate, social security number, Navy service number(s), dates of service, and a current return address.

b. Individual Request. In response to an individual's signed request for a copy of the DD 214, and based on the date of issue of the DD 214, the individual will receive the following:
