Taking care of the environment is a priority for Lexus. We take many measures to ensure that during the lifecycles of our vehicles— from design, production, distribution, sales and service to end of life—they have an environmental impact to the smallest possible extent. Your retailer will be happy to provide information on end-of-life vehicle requirements.

* Lexus Europe is a division of Toyota Motor Europe N.V./S.A.

Printed in Europe, February 2015
LEXUS SERVICE

Lexus Service is an invitation for you to entrust the wellbeing of your Lexus to dedicated professionals and an opportunity for us to offer unparalleled levels of care. Exhaustive staff training and continuous career development programmes help provide you with the peace of mind that we’re doing our utmost to ensure your Lexus stays in showroom condition.

- Professional Lexus technicians
- Genuine Lexus parts
- Lexus service history protects re-sale value
- Thorough visual safety report
- Lexus service tailored to your needs
- State-of-the-art facilities and equipment

LEXUS WARRANTY

- 3-year or 100,000 km comprehensive warranty
- 3-year surface rust and paintwork warranty
- 12-year corrosion warranty
- 5-year or 100,000 km warranty on certain hybrid components

LEXUS MOBILITY

We want to ensure that you enjoy driving your Lexus anywhere in Europe with complete peace of mind. This is why we provide free Lexus Euro Assistance 24* for the first three years of ownership. This programme ensures your mobility, to take you where you need to go. Part of this could include, for example, towing, hotel accommodation, car hire, repatriation of the vehicle and many more services should your Lexus be immobilised, stolen, or involved in a collision.

* Conditions may vary between countries. Please consult your Lexus Authorised Retailer for details.

THE CT

AMAZING IN MOTION

“THE PIONEERING CT 200h FULL HYBRID LUXURY COMPACT OFFERS A UNIQUE BLEND OF LEXUS REFINEMENT AND EXCEPTIONAL ENVIRONMENTAL PERFORMANCE.”

Chika Kako, CT Chief Engineer

Driving the CT 200h, you’ll experience peerless Lexus luxury in a compact car powered by Full Hybrid technology. You’ll also enjoy smooth performance, hallmarked by extremely low CO2 emissions from just 82 g/km. In EV (Electric Vehicle) mode, you can drive almost silently, using no fuel and emitting zero emissions. Inside, its cabin offers leading-edge audio, multimedia services and award-winning quality overseen by our Takumi master craftsmen. Discover a new level of comfort and refinement in the amazing CT 200h.
LUXURY GOES COMPACT

DRIVE THE WORLD’S FIRST FULL HYBRID LUXURY COMPACT, ALSO AVAILABLE AS A DYNAMIC F SPORT MODEL.

Featuring a distinctive front end design and athletic rear styling, the CT 200h is great fun to own. Inside, its luxurious cockpit offers a unique Lexus welcome, with beautifully stitched leather seating and high-quality materials. However, the CT 200h is not just enjoyable to drive, it’s also equipped with advanced technologies like Remote Touch, 13-speaker Mark Levinson® audio and Lexus Premium Navigation. For a more dynamic look, the head-turning CT 200h F SPORT offers ‘Dark Rose’ leather seats, more responsive suspension and 17-inch F SPORT alloy wheels.
RELAX IN A SMOOTH AND REFINED COMPACT, USING DRIVE MODE SELECT TO TUNE THE CAR TO SUIT YOUR MOOD.

Driving the CT 200h, you’ll experience a real sense of connectedness in a car that is perfectly balanced and smooth to drive. It is precise and controlled, especially when cornering, thanks to a rigid chassis built using breakthrough adhesive technology, lightweight aluminium components, and Electric Power Steering. Double wishbone rear suspension ensures excellent road holding and a comfortable ride. Using Drive Mode Select – conveniently positioned on the central console – you can choose between ECO mode for maximum efficiency, NORMAL for everyday driving comfort and SPORT for dynamic responsiveness. Or press the EV button to enjoy the CT 200h in Electric Vehicle mode.
URBAN RENEWAL

THE CT 200h FEATURES A BOLD ‘SPINDLE GRILLE’ AND SOPHISTICATED AERODYNAMIC ENGINEERING.

For the CT 200h our designers applied a dynamic iteration of our L-finesse (L = Leading edge) creative philosophy. Centre of attention is a bold, wide and low ‘spindle grille’, flanked by jewel-like LED headlights and daytime running lights. For refined handling and reduced wind noise, the CT 200h has a long streamlined profile and a shark fin antenna. For enhanced stability, aerodynamic features include surfboard-like fins beneath the car and winglets on the rear lights and door pillars.
EVERY BIT A LEXUS

AVAILABLE WITH SUMPTUOUS LEATHER SEATS, THE CT 200h OFFERS EXCEPTIONAL COMFORT FOR ALL ON BOARD.

Built at our award-winning Kyushu plant, the CT 200h redefines build quality for this kind of luxury compact. Beautifully finished front seats provide excellent lateral support when cornering and enduring relaxation on longer journeys. Everything you touch communicates the car’s quality, from the leather-covered steering wheel to the soft touch leather that juxtaposes with finely crafted metal details. The CT’s impressive quietness is partly achieved through extensive sound insulation, much of which is bio-sourced. For comfort, Electronic Climate Control offers precise temperature regulation, and cabin air is filtered to remove pollen and dust.
The CT 200h is available with the latest Lexus Premium Navigation featuring an elegant 7-inch screen operated by Remote Touch or voice commands. With vivid 3D graphics and many mapping options, once parked, the system can generate a QR code to scan with your smartphone. This helps you reach your final destination on foot. The multimedia system also offers services such as Online Search, Google Street View®, Panoramio® or even reads out incoming text messages. For extra convenience, you can also forward a route from a mobile device to the CT 200h’s navigation system.
THE CT 200h DELIVERS 136 DIN hp OF FULL HYBRID POWER, YET EMITS JUST 82 g/km* OF CO₂.

Drive the CT 200h and you’ll enjoy responsive handling and smooth acceleration. Powered by Lexus Hybrid Drive, the CT 200h seamlessly combines an advanced 1.8-litre Atkinson Cycle petrol engine with a high-output electric motor. Importantly, the CT 200h consumes a mere 3.6 l/100 km* of fuel, or – in near-silent EV (Electric Vehicle) mode – uses no petrol and produces zero emissions. There’s ample room for suitcases too, as the hybrid battery takes up minimal space beneath the rear luggage compartment.

* For the Eco grade.
STAND OUT DESIGN

DISTINCTIVE BLACK ROOF AND F SPORT STYLING, DARK ROSE LEATHER SEATS AND 17-INCH ALLOYS.

Tuned on the racetrack by our ‘Lexus Drive Masters’, the CT 200h F SPORT is even more engaging to drive thanks to a revised suspension set-up and more responsive shock absorbers. To the front, dynamic F SPORT styling incorporates a larger and more expressive mesh grille. Flared side skirts reinforce the athletic character line of the front bumper, while a ‘cut-out’ rear spoiler helps increase driving stability. The interior is hallmarked by Dark Rose leather sports seats; F SPORT perforated leather steering wheel, aluminium pedals and metallic inlays. More details on pages 46/47.
THE CT  MARK LEVINSON® AUDIO

TUNED FOR EXCELLENCE

DISCOVER THE MARK LEVINSON® PREMIUM SURROUND SYSTEM THAT DELIVERS WORLD-CLASS SOUND QUALITY.

The CT 200h can be specified with an amazing 13-speaker Mark Levinson® Premium Surround system. Fitted exclusively to Lexus cars, Mark Levinson has become synonymous with audiophiles for high-performance sound technology. Each speaker of this bespoke system is designed to fit the exact acoustic properties of the cabin. Delivering 7.1-channel digital surround sound, this system provides a true home-theatre-style experience for enjoying music and, when the car is stationary, watching DVDs or playing videos using a VTR cable.
THE CT 200h OFFERS 5-STAR EURO NCAP PROTECTION AS STANDARD, WHILE PRE-CRASH SAFETY IDENTIFIES DANGER AHEAD.

Equipped with Vehicle Stability Control, Traction Control and Brake Assist, the CT 200h is engineered to avoid danger. Optional Pre-Crash Safety uses millimetre-wave radar to identify danger ahead and can even apply the brakes if necessary. However, in the unlikely event of a collision, you are protected by an incredibly strong passenger safety cell made extensive use of high-tensile steel. Enhancing safety even further, the CT 200h features Whiplash Injury Lessening front seats and eight airbags as standard.
In the CT 200h, quality is everywhere: exquisitely finished leather, beautifully grained wood inserts from sustainable plantations, flawless paintwork that shines brighter and longer than on any other compact (we spray it with the same self-repairing paint as used on our LS flagship sedan). Production is performed by highly skilled teams, overseen by ‘Takumi’ master craftspeople, who check that every CT meets our award-winning standards. On completion, cars are examined for smoothness and quiet running before undergoing a 30 km final test drive.
THE ECO PIONEER

BUILT USING BREAKTHROUGH ECO MATERIALS, THE CT 200h CAN ALSO CALCULATE THE MOST ECOLOGICAL ROUTE TO SUIT YOUR DRIVING STYLE.

Winner of numerous awards, the CT 200h Full Hybrid luxury compact is designed to minimise environmental impact. Powered by one of the cleanest drivetrains in its class, it is constructed using pioneering, sustainable technologies: boot linings are made from ecological plastic derived from sugar cane resin, while indigenous fast-growing wood veneers are offered as a trim option. Both Panasonic® audio systems feature bamboo charcoal resin speaker diaphragms for improved sound and recyclability. Finally, at the end of its life, up to 85% of the car can be recycled, including the hybrid battery.

Interior Combinations 56-59
Exterior Colours 60-61
Lexus Care 62-63
In 2004, Lexus became the first premium carmaker to perfect Full Hybrid technology. Since then, over 750,000 Lexus hybrid models have been sold. The CT 200h delivers astonishingly smooth performance and low CO2 emissions from just 82 g/km*. It achieves this by orchestrating a combination of super-efficient 1.8-litre petrol engine, high-output electric motor, compact battery, seamless hybrid transmission and a power control unit. More information: www.lexus.eu/hybrid

* For the Eco grade.

**FULL HYBRID TECHNOLOGY**

**POWER CONTROL UNIT**
Located in the engine compartment, the groundbreaking Power Control Unit is the brain of Lexus Hybrid Drive and controls the allocation of power resources to ensure optimum efficiency at all times.

**1.8-LITRE 4-CYLINDER PETROL ENGINE**
Featuring Start/Stop capability, Exhaust Gas Recirculation and Variable Valve Timing-intelligent technologies, this quiet and smooth ‘Atkinson Cycle’ petrol engine delivers exceptional fuel efficiency and significantly reduced emissions.

**ADVANCED COMPACT BATTERY**
Lexus Hybrid Drive includes a high-output, nickel-metal hydride 202 V battery controlled by sophisticated energy-management software. Located under the luggage area, without compromising interior space, the battery is recharged as necessary while driving and requires no external charging.

**REGENERATIVE BRAKING**
Especially during braking, but also when cruising, the electric motor acts as a high-output generator, recovering kinetic energy as electrical energy. This charges the hybrid battery for use later when accelerating hard, or driving in EV (Electric Vehicle) mode.

**HIGH-OUTPUT ELECTRIC MOTOR**
Generating up to 207 Nm of instantaneous and linear torque, the 82 DIN hp electric motor works together with the petrol engine to boost acceleration, and is the sole source of power in EV (Electric Vehicle) mode.

**DRIVE MODE SELECT**
The CT 200h has four selectable drive modes. EV mode provides whisper quiet, emission-free progress purely using electric power. ECO and NORMAL modes combine petrol and electric power for relaxed, higher speed driving. SPORT mode delivers a more dynamic driving experience.
EXPERIENCE
LEXUS HYBRID DRIVE

START UP, DRIVING OFF
When starting off, the electric motor can propel the CT 200h up to 45 km/h, with electric power being supplied from the hybrid battery. At this point the vehicle is almost silent, uses no petrol and produces zero emissions.

NORMAL DRIVING CONDITIONS
At speeds above 45 km/h the advanced petrol engine cuts in, almost silently, but still receives assistance from the electric motor when required. Through the near perfect distribution of its dual power sources, the CT 200h provides exceptional driving comfort - together with lower emissions and fuel consumption.

FULL THROTTLE ACCELERATION
Accelerate powerfully and the 82 DIN hp electric motor instantaneously supplements the 1.8-litre petrol engine. This delivers a surge of torque to provide powerful linear acceleration precisely when you need it.

DECELERATION, STOPPING, BRAKING
When decelerating or coming to a halt, the petrol engine turns off, cutting emissions to zero. Brake, or take your foot off the accelerator, and regenerative braking harnesses the kinetic energy lost in other cars. It converts this into electrical energy for storage in the hybrid battery, which is one reason why you never need to recharge a Lexus Full Hybrid.
DYNAMIC PERFORMANCE

The CT 200h was tested and refined in the world’s most advanced driving simulator – and then on the racetrack. While breakthrough adhesive bonding techniques increase the rigidity of the chassis, the extensive use of lightweight materials results in a car that offers a great sense of enjoyment and rewards driver input with extremely precise handling.

AERODYNAMICS

The CT 200h has excellent aerodynamics, thanks to its low bonnet, long roofline and rear spoiler/diffuser/winglets. A look underneath this breakthrough compact reveals more, with aerodynamic engine/fuel tank covers and surfboard-like fins that provide better stability. This attention to detail not only enhances dynamic performance and handling, but also improves fuel efficiency and reduces wind noise.

VEHICLE STABILITY CONTROL

Vehicle Stability Control helps prevent the loss of vehicle control, particularly when cornering quickly or at the onset of a skid. Stability is improved and vehicle speed reduced by the selective application of brakes and/or power reduction.

HILL-START ASSIST CONTROL

Hill-start Assist Control maintains brake pressure to help prevent the CT 200h from moving backwards when starting off on a slope. In addition to reducing driver fatigue, Hill-start Assist Control also minimizes wheel-spin on slippery inclines.

ELECTRONIC BRAKE-FORCE DISTRIBUTION / BRAKE ASSIST SYSTEM

Electronic Brake-force Distribution works with ABS to ensure optimum brake-force is applied to each wheel, according to road conditions. The Brake Assist System comes into action during emergency braking and increases brake-force automatically if required.

TRACTION CONTROL

Traction Control increases the CT 200h’s ability to grip the road, especially when starting off or accelerating on uneven or slippery surfaces. Corrective measures are applied the moment the risk of wheel-spin is detected, thereby maintaining traction.

DOUBLE WISHBONE REAR SUSPENSION

The double wishbone/trailing arm rear suspension, developed specially for the CT 200h, delivers a smooth ride, refined cornering agility and superb straight-line stability. More complex to manufacture than strut-based alternatives, its compact design encroaches less into the rear luggage space. Performance dampers are also available front and rear. These absorb fine vibrations, increase ride comfort and create a more precise steering feel.

HILL-START ASSIST CONTROL

The double wishbone/trailing arm rear suspension, developed specially for the CT 200h, delivers a smooth ride, refined cornering agility and superb straight-line stability. More complex to manufacture than strut-based alternatives, its compact design encroaches less into the rear luggage space. Performance dampers are also available front and rear. These absorb fine vibrations, increase ride comfort and create a more precise steering feel.
ADVANCED SAFETY
The CT 200h is equipped with Vehicle Stability Control, and is available with advanced Pre-Crash Safety technology that uses millimetre-wave radar to calculate collision risk ahead. In addition to an immensely strong passenger safety cell, occupant protection is provided by eight airbags.

PEDESTRIAN PROTECTION
The CT 200h bonnet is optimised to ensure better energy absorption in a collision with a pedestrian. In addition, the windscreen wiper area is designed to help reduce pedestrian injuries in an accident.

EURO NCAP 5-STAR RATING
Providing realistic and independent assessment of the safety performance of cars sold in Europe, Euro NCAP awarded the CT 200h a maximum 5-star rating. This ranks the CT 200h amongst the very safest cars in the premium compact segment.

WHIPLASH INJURY LESSENING SEATS
The front seat and headrest design minimise whiplash-inducing neck motion in a rear impact. Reinforced side frames let the torso sink into the seatback, while the forward placement of the headrest supports the head more effectively.

TWIN-CHAMBER PASSENGER AIRBAG
Crash tests show that the front seat passenger travels further than the driver before hitting the front airbag. In order to safely ‘catch’ the passenger in a collision, an innovative twin-chamber airbag is fitted.

PRE-CRASH SAFETY
Pre-Crash Safety uses millimetre-wave radar and an on-board computer to calculate collision risk ahead. If the risk is high it alerts the driver using audible and visual warnings and increases brake pressure. If impact is unavoidable Pre-Crash Safety applies the brakes and tightens the front seatbelts.

EIGHT AIRBAGS
The CT 200h is equipped with eight airbags and front seatbelt pre-tensioners. In a collision, impact intensity sensors activate front dual-stage driver/passenger airbags. In the CT 200h, drivers and passengers benefit from knee airbags, while curtain shield airbags run the full length of the side windows.

ADAPTIVE CRUISE CONTROL
Using the Pre-Crash Safety radar, Adaptive Cruise Control (ACC) maintains a set distance between the CT 200h and the vehicle ahead, even if that vehicle varies its speed. Once the road is clear, ACC automatically returns to the originally specified cruising speed.

PASSENGER SAFETY CELL
For added safety, the CT 200h has a very strong passenger cell. The car’s main pillars are specially reinforced and high-tensile steel has been used strategically throughout. Crumple zones front and rear absorb energy in a crash, as does the steering column, which is engineered to collapse on impact.
Available as an option, part of a pack or standard on specific grade(s). Please see pages 50 to 53 for further details.

Available as an accessory.

16” ALLY WHEELS
5-spoke alloy wheels, with subtle grooves in each spoke, add a touch of understated elegance. Fitted with 215/55 R16 tyres, this wider wheel and tyre combination provides extra grip for improved traction. (Standard on Comfort grade.)

17” ALLY WHEELS
Dynamic 5-spoke alloy wheels, equipped with lower profile 215/45 R17 tyres, create a purposeful and sporty impression. (Standard on Executive grade. Option on Comfort grade.)

16” FUYU ALLY WHEELS
10-spoke wheel with metallic finish complements the CT 200h’s sporty looks.

16” YUME ALLY WHEELS
5-spoke design with a stunning metallic finish.

17” ZENGA ALLY WHEELS
10-spoke design with a distinctive anthracite colour.

16” FUYU ALLY WHEELS
10-spoke design with metallic finish complements the CT 200h’s sporty looks.

17” ZENGA ALLY WHEELS
10-spoke design in a distinctive anthracite look.

17” ZENGA ALLY WHEELS
10-spoke design in a distinctive black look.

17” ZENGA ALLY WHEELS
10-spoke design in a distinctive black look.

17” YUME ALLY WHEELS
5-spoke design with a dynamic black finish.

17” YUME ALLY WHEELS
5-spoke design with attractive pearl white finish.
PRIVACY GLASS
The rear side windows and rear window are treated with a reflective tint, which provides rear seat passengers with privacy. This does not, however, restrict the view from inside the CT 200h to the world outside. (Not available in all markets.)

LED HEADLIGHTS
The Light Emitting Diode (LED) low-beam headlights on the CT 200h use less energy, last longer and react more quickly than conventional bulbs. They are specified with high-pressure cleaners, auto-levelling and LED front fog lights.

PARKING ASSIST
Available front and rear, bumper mounted sensors link to in-car audio signals that become progressively more frequent the closer you get to an obstacle.

CARBON MIRROR COVERS
Door mirror covers extend the CT 200h sports theme. Their carbon fibre appearance and aerodynamic form maintain design harmony while presenting a distinct touch of excitement.

STANDARD CENTRE CONSOLE
The front centre console is ergonomically designed to let the driver intuitively operate the gear lever and Drive Mode Select, while the audio and climate systems can be controlled from both front seats.

SPORTS STEERING WHEEL
An LFA-inspired, 3-spoke leather steering wheel with ergonomic finger rests makes the CT very precise to drive. Without taking your hands off the wheel, you can control audio, telephone, voice command, multi-information display, and, where optionally specified, Adaptive Cruise Control.

DYNAMIC INSTRUMENTATION
Crisp, white instrumentation has anti-glare Optitron technology for easy reading, and the background lighting switches from blue to red when you select SPORT mode. The multi-information display can be upgraded to a 4.2-inch Thin Film Transistor colour version. In addition to vehicle data, this displays multimedia content. For instance, audio track titles, navigation directions, or when your smartphone is connected, the name, photograph and phone number of the person calling you.

COMPACT FLEXIBILITY
The CT 200h offers excellent luggage space and load carrying versatility. With all seats upright, there is 375 litres of load volume; enough for two large suitcases. The rear seats fold 60/40, and folding them down together creates a virtually flat storage area that boosts load capacity to 985 litres.

DRIVING COMFORT
The CT 200h features a spacious interior, rich in the refinement and amazing quality for which Lexus is legendary. The driving position is sporty and focused, with the front seats providing great comfort and lateral support.

**AUDIO AND MULTIMEDIA**

**LEXUS MEDIA DISPLAY**
The CT 200h can be ordered with Lexus Media Display, which features a 7-inch screen operated by a rotary dial. You can adjust audio, climate settings or view the energy monitor via this display. Compatible smartphones can be mirror linked, so you can view and control certain elements of your phone.

**ROTARY DIAL**
A rotary control dial on the centre console enables the driver or front seat passenger to operate or view the main systems via the 7-inch display.

**LEXUS NAVIGATION**
The CT 200h can be specified with Lexus Navigation. This then works via the centrally positioned Lexus Media Display. It is fast, user-friendly and offers a great variety of mapping options.

**AUX, USB AND VTR**
With Lexus Media Display specified, the AUX socket is upgraded to be compatible with VTR input. This lets you watch video transmissions on the central screen. An extra USB port is fitted letting you connect or charge two multimedia devices.

**6-SPEAKER PANASONIC®**
Featuring bio-sourced bamboo charcoal resin speaker diaphragms for clearer sound performance and recyclability, a 6-speaker Panasonic® audio system is fitted as standard. This features an AM/FM RDS tuner, CD player and has Bluetooth® connectivity for audio / mobile phone.

**PARKING ASSIST MONITOR**
Engage reverse and the view behind the car is relayed to the Lexus Media Display. With the upgraded Lexus Premium Navigation specified, on-screen guides are additionally displayed to assist parking.

**LEADING EDGE MULTIMEDIA**
You can adjust audio, climate settings or view the energy monitor via this display.

**REMOTE TOUCH**
With Lexus Premium Navigation specified, next-generation Remote Touch replaces the rotary dial. Featuring single press confirmation, it lets users interact intuitively with the central multimedia display. Ergonomically designed, Remote Touch is close at hand and as easy to use as a computer mouse.

**LEXUS PREMIUM NAVIGATION**
The 7-inch screen is operated by Remote Touch or voice commands. With vivid 3D graphics and many mapping options, once parked, the system can even generate a QR code for your smartphone, to help you reach your final destination on foot.

**DIGITAL CONNECTIVITY**
Multiple digital applications can be synchronised to the multimedia display. For example, the entire address book can be simply downloaded from most smartphones, and then scrolled through on the display.

**REMOTE TOUCH**
With Lexus Premium Navigation specified, next-generation Remote Touch replaces the rotary dial. Featuring single press confirmation, it lets users interact intuitively with the central multimedia display. Ergonomically designed, Remote Touch is close at hand and as easy to use as a computer mouse.

**LEXUS PREMIUM NAVIGATION**
The 7-inch screen is operated by Remote Touch or voice commands. With vivid 3D graphics and many mapping options, once parked, the system can even generate a QR code for your smartphone, to help you reach your final destination on foot.

**LEXUS CONNECTED SERVICES**
With the CT 200h, you have the option to specify the very latest multimedia technology. This feature Lexus Premium Navigation with Connected Services like Google Street View® and the ability to calculate the most ecological route.

**LEXUS HOTSPOT**
Mobile connectivity for up to 5 Wi-Fi capable devices such as laptops, tablets and phones. It wires into the car’s electrics and uses your choice of SIM card.

**MARK LEVINSON®**
The 13-speaker Mark Levinson® Premium Surround system is tailored to the specific acoustic properties of the CT 200h cabin. Delivering 71-channel digital surround sound, it provides a home-theatre experience for enjoying CDs and DVDs.
F SPORT

Developed by the team that tuned the LFA supercar and RC F high performance coupé, the CT 200h F SPORT model carries the spirit of these two amazing cars. Exclusive front and rear design elements, together with the addition of discreet side skirts, improve aerodynamic performance. And, for a more direct and responsive drive, the team re-tuned the suspension and steering set-up.

F SPORT BLACK ROOF AND REAR SPOILER
Available with an eye-catching black roof – for a dynamic two-tone look – the CT 200h F SPORT has a larger rear spoiler with cut-out vents. This, along with an integral grey bumper diffuser, helps improve downforce and aerodynamic efficiency for increased handling stability.

F SPORT SCUFF PLATES
Front door scuff plates provide durable protection. Finished with a brushed aluminium look, they are inscribed with the Lexus logo in jet black.

F SPORT STEERING WHEEL
Available on the CT 200h F SPORT, this beautifully crafted steering wheel was inspired by that of our iconic LFA supercar. Finished in perforated leather, the SPORT guard design matches the steering wheel to create an exciting sports ambiance.

DRILLED SPORT PEDALS
Offering excellent grip characteristics, drilled aluminium pedals reflect the motorsport design heritage of the CT 200h F SPORT models.

F SPORT FRONT DESIGN
The CT 200h F SPORT is unmistakably dynamic, featuring a bold and distinctive front spindle grille with special 'L-mesh' inserts. Wider and deeper, the lower grille incorporates an aerodynamic front lip spoiler and fins. Exclusive LED headlight units can be specified as an option along with LED low beam headlights.

F SPORT BADGE
Although discreet, the F SPORT logos are a badge of distinction. The “F” refers to the birthplace and primary testing site of our high-performance F SPORT cars: Fuji Speedway, located near Mount Fuji.

F SPORT 17” ALLOY WHEELS
17-inch alloy wheels feature a 5-twin-spoke design with a two-tone finish. Low-profile tyres ensure superb cornering grip.

F SPORT 17” ALLOY WHEELS
5-triple-spoke wheel with a truly dynamic sports design and anthracite finish.

LEATHER STITCHING
Attention to detail is everywhere on the CT 200h F SPORT, with beautiful coloured stitching giving an extra dynamic look to the cabin.

DARK ROSE LEATHER UPHOLSTERY
Vibrant, Dark Rose leather upholstery is the signature interior colour on the CT 200h F SPORT, with a black roof lining as standard. Silver-coloured, metal film inlays perfectly complement the drilled sport pedals, scuff plates and other F SPORT interior trim elements.

F SPORT 17” ALLOY WHEELS
Vibrant ‘Dark Rose’ leather upholstery is the signature interior colour on the CT 200h F SPORT, with a black roof lining as standard. Silver-coloured, metal film inlays perfectly complement the drilled sport pedals, scuff plates and other F SPORT interior trim elements.

STANDARD EQUIPMENT
FOR ALL GRADES

ACTIVE SAFETY AND DRIVING DYNAMICS
- Anti-lock Braking System / BAS = Brake Assist System / BOS = Brake Override System / EBD = Electronic Brake-force Distribution / ECB-R = Electronically Controlled Braking-Regeneration

PASSIVE SAFETY
- Immobiliser
- Auto door-locking
- Ultra Violet (UV) and heat insulating tinted glass
- Rain sensing wipers
- Door mirrors
- Antenna, shark fin design

EXTERIOR
- Whiplash Injury Lessening (WIL) front seats and headrests
- Seatbelt pre-tensioners, front seats
- ISOFIX attachment, outer rear seats
- Audible and visual front seatbelt reminder
- 8 airbags in total

INTERIOR COMFORT AND CONVENIENCE
- 3-spoke, perforated leather steering wheel
- Electrically operated windows, front and rear
- Electronic climate control air conditioning system
- Manual levelling
- Auto on/off function
- 4-way adjustment, passenger
- 6-way adjustment, driver
- 3-spoke, perforated leather steering wheel with F SPORT emblem
- Paddleshift
- Advanced aerodynamic design

COMFORT
- 35-way, electrically adjustable front seats
- with dual-zone climate control
- with multi-voice recognising speech input
- with memory and lumbar support (driver)
- with 4-way power adjustable headrests
- with smart key and push start button
- with electrically adjustable side mirrors
- with power tailgate

SECURITY
- Auto door-locking
- Immobiliser

AUDIO, COMMUNICATION AND INFORMATION
- Bluetooth® mobile phone and audio connectivity
- Dual instrument cluster
- Hybrid System Indicator
- Driver information display
- Power meter
- Optitron instrumentation
- Lexus Media Display
- Lexus Premium Navigation plus
- Lexus Connected Services
- Lexus High-Speed Connectivity
- Lexus TX datasheets
- Lexus ISOFIX attachment
- Lexus Rear view camera
- Lexus DASH-LINK
- Lexus RX 350
- Lexus RX 450h

ADDITIONAL EQUIPMENT BY GRADE

ECO (In addition to standard equipment)
- 17" alloy wheels
- 205/55 R16 tyres
- Cruise control
- F SPORT exterior design elements
- aerodynamically enhanced front bumper
- distinctive L-mesh grille
- side skirts / side logos
- 6-arm, perforated aluminium alloy wheels
- 195/65 R15 tyres

F SPORT (In addition / different to Comfort)
- 17" alloy wheels, two-tone finish
- 255/40 R17 tyres
- Cruise control
- F SPORT exterior design elements
- aerodynamically enhanced front bumper
- distinctive L-mesh grille
- side skirts / side logos
- 6-arm, perforated aluminium alloy wheels
- 215/45 R17 tyres

EXECUTIVE (In addition / different to Comfort)
- 42" colour multi-information display
- - The InFire Transient (TF) technology
- - teamed with multimedia technology
- - 17" alloy wheels
- - 255/40 R17 tyres
- 10 speaker premium audio system
- - In-dash single-disc DVD player
- Cruise control
- Dashboard dials tech black
- 17" alloy wheels, with GPS time adjustment
- Door mirrors
- - electrically auto-folding
- - electrochromatic (auto-dimming)
- - 9-way with memory and lumbar support (driver)
- - 4-way (passenger)
- - front and rear parking sensors
- - Heated front seats
- - Leather upholstery
- - Perfomanced Leather
- - refrigerator
- - 7" fixed central, colour display screen
- - advanced navigation system using SD card technology
- - Lexus Connected Services
- - Lexus ISOFIX attachment
- - Lexus Rear view camera
- - Lexus DASH-LINK
- - Lexus RX 350
- - Lexus RX 450h

* Only specified on the CT 200h Eco grade. Not available on any other CT 200h grade.

For further information please consult your local Lexus Authorised Retailer.
**ACCESSORIES**

**REAR BICYCLE HOLDER**
A lightweight yet high-strength stand-alone lockable design for carrying one or two bicycles.

**REAR BUMPER PROTECTION PLATE**
Guards the bumper against scratching when loading or unloading the luggage space.

**ROOF RACK**
This lockable and lightweight aluminium roof rack is aerodynamically shaped to reduce wind noise. Easy to install and remove, it forms a strong base for a range of optional carrying and storage attachments.

**FRONT GRILLE GARNISH**
With a piano black finish to highlight the dynamic profile of the CT 200h’s ‘spindle grille’.

**CARBON INSERT SET**
Sports inspired insert panels with a carbon fibre finish for the dashboard and door control panels. The set complements Lexus carbon fibre look side mirror covers.

**PORTABLE DVD PLAYER**
This DVD player with 7” screen offers great entertainment for rear seat passengers on longer journeys. It has comprehensive multi-media flexibility, USB and SD card slots, smartphone AV input, and can also be used at home with a suitable power adapter.

**HOLDER FOR iPAD®**
The holder slots into the rear entertainment system docking device and provides a stable base for rear seat passengers to use their iPad or iPad Air and watch content as they travel. It is available in powered and non-powered versions.

**HORIZONTAL CARGO NET**
Noise and vibrations caused by luggage sliding in the boot can be a distraction to safe driving. This horizontal net provides a convenient solution by firmly securing your luggage.

**ILLUMINATED SCUFF PLATES**
A stylish design feature that also provides tough protection for the door sill paintwork.

**REAR BUMPER PROTECTION PLATE**
Guards the bumper against scratching when loading or unloading the luggage space.

**HORIZONTAL CARGO NET**
Noise and vibrations caused by luggage sliding in the boot can be a distraction to safe driving. This horizontal net provides a convenient solution by firmly securing your luggage.

**LUGGAGE MAT**
A stylish textile mat to protect your boot carpet. Its tailored design fits around or across the rear seat backs when one or both are folded flat.

At Lexus, we believe in Creating Amazing. This is as true for our service and after-sales programmes as it is for the cars themselves. Throughout your vehicle's life, Lexus Care ensures a first class ownership experience, offering bespoke service and maintenance plans, each designed to provide complete satisfaction and total peace of mind.

Lexus cars are equipped with the world’s most advanced technology to provide an amazing ‘Omotenashi’ (the Japanese spirit of hospitality) experience. Reflecting our unique approach to building cars, we also aim to treat each customer as we would a guest in our home. This world-class service philosophy has led to details like (for example) fresh flowers in handover rooms, spotlessly clean service bays, and a complimentary car wash.

After delivering each new Lexus, we see caring for your car as the equivalent of caring for you, our customer. Lexus Authorised Retailers are committed to delivering the highest level of customer satisfaction. You can catch up on the news with a cappuccino in our comfortable lounge area, or browse the internet at your leisure. Meanwhile, our technicians perform their tasks with optimum efficiency to get you back on the road with minimum interruption to your day.
LEXUS SERVICE
Lexus Service is an invitation for you to entrust the wellbeing of your Lexus to dedicated professionals and an opportunity for us to offer unparalleled levels of care. Exhaustive staff training and continuous career development programmes help provide you with the peace of mind that we’re doing our utmost to ensure your Lexus stays in showroom condition.

• Professional Lexus technicians
• Genuine Lexus parts
• Lexus service history protects re-sale value
• Thorough visual safety report
• Lexus service tailored to your needs
• State-of-the-art facilities and equipment

LEXUS WARRANTY
• 3-year or 100,000 km comprehensive warranty
• 3-year surface rust and paintwork warranty
• 12-year corrosion warranty
• 5-year or 100,000 km warranty on certain hybrid components

LEXUS MOBILITY
We want to ensure that you enjoy driving your Lexus anywhere in Europe with complete peace of mind. This is why we provide free Lexus Euro Assistance 24* for the first three years of ownership. This programme ensures your mobility, to take you where you need to go. Part of this could include, for example, towing, hotel accommodation, car hire, repatriation of the vehicle and many more services should your Lexus be immobilised, stolen, or involved in a collision.

* Conditions may vary between countries. Please consult your Lexus Authorised Dealer or Repairer for details.
THE CT EXPERIENCE
