RN-MSN (Second Degree) OPTION

Distance Accessible

The RN-MSN (Second Degree) Option is an alternate pathway into the existing master’s in nursing (MSN degree) for applicants who have a bachelor’s degree in a field other than nursing, who are currently licensed registered nurses, and who seek MSN preparation.

Program of Study

The RN-MSN option is available to ADN graduates, and is specifically designed for RNs who hold a bachelor’s degree in a field other than nursing and declare their intention to obtain an MSN degree. The RN-MSN curriculum prepares nurses for advanced nursing practice and generalist practice. MSN graduates are prepared to practice in a variety of roles in a health care system requiring advanced knowledge of patient/client care delivery and a high level of critical thinking. In addition, MSN graduates have a foundation for future doctoral study in nursing.

Flexible Scheduling: Students are admitted into the RN-MSN program in the fall and summer terms. Students follow a part-time program of study. Students desiring full-time study must be admitted in the fall. Students follow a prescribed program of study that prepares the ADN prepared nurse for success in the MSN program. All courses and selected specialty courses are offered via distance education.

Clinical Schedule: Clinical experiences for the MSN student are designed on an individual basis. The student contracts to work with a clinical preceptor who is a certified registered nurse practitioner, a registered nurse, or a physician. The total number of clinical hours required varies depending on the option that is selected. Students must have a current RN license in the state where they do their clinical practica prior to enrolling in the advanced practice courses.

Application Requirements

- Admission is based on the applicant’s academic record and all application materials at the time of the application deadline. Courses in progress must be validated with a letter from the college or university students are attending.

- Degree Requirements: students must complete a baccalaureate degree or higher in a field other than nursing from a regionally accredited college/university along with an ADN degree from a regionally accredited institution.

- Required Clinical Experience: A minimum of 1 year of clinical experience prior to starting MSN coursework or as required by the specialty track.

- GPA: A minimum cumulative or last sixty (60) semester hours of undergraduate GPA of 3.0 at the time of application. Admission is competitive and is based on space availability.

- References: (3) Letters of professional reference attesting to the applicant’s potential for graduate study

- Transcripts: One official copy of all transcripts from all previous educational programs and coursework (mailed directly from the originating university directly to the School of Nursing)

- Licensure: Possess a nursing license to practice nursing in the state where you plan to conduct your clinical practicum

- GRE/GMAT/MAT Requirement: Students who have a 3.2 GPA or better may waive this requirement. Standardized test score (MAT, GRE, GMAT)* A minimum score of 410 on the MAT; or a minimum score of 480 on the GMAT; or a combined score of 1000 on the verbal and quantitative sections of the Graduate Record Examination (GRE) or combined score of 297 on the New 2011 GRE*

- Test Waiver: The GRE/GMAT/MAT Waiver process allows eligible candidates for master’s study to have this requirement waived if they meet the following criteria:
  o Have earned a baccalaureate degree from a regionally accredited university and have a cumulative GPA of 3.2 on a 4.0 scale. Approval for the waiver does not imply or guarantee admission to the MSN program.
  o The following individuals are not eligible for the waiver process:
    - International applicant
    - Non-native English speaking applicants

**The following individuals are not eligible for the GRE waiver process:
- International applicants  • Non-Native English speaking applicants  • Dual degree seeking program applicants MSN/MPH
For International Students:
- Contact International Recruitment & Student Services at Email: iss@uab.edu Phone: (205) 934-3328 to determine eligibility
- All foreign transcripts evaluated by the Educational Credential Evaluators, Inc www.ece.org OR the World Education Services www.wes.org, sent from the evaluators directly to the School of Nursing. A minimum combined score of 1000 on the verbal and quantitative sections of the Graduate Record Examination (GRE) or combined score of 297 on the New 2011 GRE*
- A degree equivalent to a bachelor’s degree from a regionally accredited educational institution in the United States
- A score of 500 or higher on the Test of English as a Foreign Language, TOEFL
- Possess a nursing license to practice nursing in the state where you plan to conduct your clinical practicum

- Pre-requisites: Students are eligible to apply if they have successfully completed the prerequisite coursework (listed on the next page). Successful completion of all prerequisite coursework with a “C” or above, must be met prior to matriculation into the program. The final minimum cumulative/overall GPA must be a 3.0 or greater. Once you have applied through Nursing CAS, and upon receipt of ALL official transcripts, your course work will be evaluated for advisement purposes. Students may be granted an exemption from the prerequisite courses by writing a letter requesting the exemption to the RN Mobility Program Coordinator. The student is required to provide documentation related to previous college course work or professional experience to support the request.

- Applications are completed at the UAB School of Nursing through Nursing CAS at: http://www.uab.edu/nursing/home/apply-now

Candidates not eligible for the Waiver Process will be required to take the GRE/GMAT/MAT and submit an official score by the application deadline. During the application phase to Apply Yourself, you will select a date from the past for the requested date. Upon receipt of the applicant’s transcripts, the Office of Student Affairs at the SON will verify with the student that they do not need to take one of the following: GRE/GMAT/MAT.

Students offered admission:

Prior to the first day of class
- Those accepted will need to complete the UAB medical history questionnaire and physical, provide proof of required immunizations, and receive a satisfactory screening by the UAB Medical Center Student Health Service. Medical Clearance along with an annual drug screen and background check will need to be completed before the first day of class.
  - CPR certification is required. Below is a list of agencies that may provide you with this service.
  - American Heart Association’s Healthcare Provider Course (Course C or BLSC)
  - American Red Cross Professional Rescuer Course

Students denied admission:

Students who apply but are not admitted to the MSN program, are eligible to apply to the RN Mobility program to complete the RN-BSN degree. Students who have successfully completed the BSN degree can apply to the MSN program.

Will I be awarded a bachelor of science in nursing degree?

No, if you are offered admission, you will be admitted into the master’s of science in nursing program following the completion of three courses designed to bridge the upper division undergraduate nursing courses. The three courses are listed below:

Are there special requirements before beginning practicum courses?

There are no requirements for clinical experience prior to admission to the MSN program. However, students admitted to this specialty track are strongly encouraged to have at least one year of professional nursing or primary care experience in an area of medical or surgical nursing prior to enrolling in the advanced nursing clinical courses. Your program of study can be arranged so that you can gain the required experience while you are taking prerequisite courses. You will not be able to do full-time program of study if you are acquiring the needed experience while matriculating. Additionally, before beginning clinical courses, you must verify professional nurse licensure by the board of nursing in the state in which you will contract for clinical preceptorships.

To apply to the MSN program please visit: http://www.uab.edu/nursing/home/apply-now
