in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application.

(c) Manufacturer's Statement of Origin for new vehicles.--If the application refers to a new vehicle, it shall be accompanied by the Manufacturer's Statement of Origin for the vehicle.

(d) Vehicles purchased from dealers.--If the application refers to a vehicle purchased from a dealer, the dealer shall mail or deliver the application to the department within 20 days of the date of purchase. The application shall contain the names and addresses of any lienholders in order of priority and the amounts and the dates of the security agreements and be assigned by the dealer to the owner and signed by the owner. Any dealer violating this subsection is guilty of a summary offense and shall, upon conviction, be sentenced to pay a fine of $50 for each violation. The requirement that the dealer mail or deliver the application to the department does not apply to vehicles purchased by fleet owners or governmental or quasi-governmental agencies.

(d.1) Presumption of receipt and grace period prior to prosecution.--Within one business day of receiving an application referring to a vehicle purchased from a dealer, the department shall stamp the application with a work identification number, which shall include the year and day that the application was received at the department. In determining whether a dealer has submitted an application in accordance with subsection (d), an additional ten-day period shall be calculated and allotted to the dealer to account for any possible delay of the mail or by the department in timely stamping an application as to the year and day received. No issuing authority or court shall extend this period. An application, or copy thereof certified by the department, which displays the stamped work identification document number shall be accepted by any issuing authority or court in any proceeding as prima facie evidence of the date that the application was received by the department. If the displayed stamp is not legible, a certification by the department of the date that the application was received shall be accepted by the issuing authority or court as prima facie evidence of that date.

(e) Out-of-State vehicles.--If the application refers to a vehicle last previously titled or registered in another state or country, the following information shall be contained in or accompany the application or be forwarded in support of the application as required by the department:

(1) Any certificate of title issued by the other state or country.

(2) A tracing of the vehicle identification number taken from the official number plate or, where it is impossible to secure a legible tracing, verification that the vehicle identification number of the vehicle has been inspected and found to conform to the description given in the application. The department shall provide by regulation the persons who are authorized to verify vehicle identification numbers under this paragraph.

(3) Any other information and documents the department reasonably requires to establish the ownership of the vehicle and the existence or nonexistence of security interests in the vehicle.

(f) Foreign vehicles owned by military personnel.--If the application refers to a vehicle last previously registered in another country by a person on active duty in the armed forces of the United States, the department may accept a complete form
issued by the United States Department of Defense as evidence of ownership.

(g) Specially constructed, reconstructed or modified vehicles.--If the vehicle to be titled is a specially constructed, reconstructed or modified vehicle, that fact shall be stated in the application. The department may promulgate rules and regulations pertaining to the titling of specially constructed, reconstructed or modified vehicles.

(g.1) Verification.--In lieu of notarization of any document required to be submitted with the application for certificate of title, the department shall accept the verification of a person's signature by a wholesale vehicle auction licensed by the State Board of Vehicle Manufacturers, Dealers and Salespersons or its employee, or an issuing agent who is licensed as a vehicle dealer by the State Board of Vehicle Manufacturers, Dealers and Salespersons, or its employee. The name and identification number and the signature of the issuing agent or wholesale vehicle auction or respective employee shall be written in the space reserved for a notarization or verification. If an issuing agent or wholesale vehicle auction or respective employee falsely verifies a person's signature, the department shall suspend the issuing agent's or wholesale vehicle auction's authority to issue temporary registration plates and cards for not less than 30 days. When verification is used in lieu of notarization, the issuing agent or its employee shall verify a person's identity by using at least one form of government-issued photo identification. A copy of the form of identification used shall be maintained by the issuing agent for a period of three years from the date of the verification.

(h) Penalties.--Any person who falsely verifies a signature under subsection (g.1) or a vehicle identification number under subsection (e)(2) or who verifies a vehicle identification number without being authorized as provided in subsection (e)(2) commits a summary offense punishable by a fine of $300.

The department shall use reasonable diligence in ascertaining whether or not the facts stated in the application are true.

   (1) Under a distinctive title number assigned to the vehicle.
   (2) Under the vehicle identification number.
   (3) Alphabetically, under the name of the owner.
   (4) In the discretion of the department, by any other method determined by the department.

   (3) an abandoned vehicle;

Indication of the use or condition shall be deemed part of the description of the vehicle. Any person violating this subsection commits a summary offense and shall, upon conviction, be sentenced to pay a fine of $200.

(c) Certificate as evidence and notice.--A certificate of title issued by the department is prima facie evidence of the facts appearing on the certificate. The certificate shall be adequate notice to the Commonwealth, creditors, subsequent lienholders and purchasers that a lien against the vehicle exists. The printed name of the secretary shall constitute a signature on the certificate.

§ 1108. Registration without certificate of title.

If the department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in the vehicle, the department may register the vehicle but shall withhold issuance of a certificate of title until the applicant presents documents reasonably sufficient to satisfy the department as to the ownership by the applicant of the vehicle and that there are no undisclosed security interests in the vehicle.

§ 1110. Duplicate certificate of title to replace original.

(a) Application for duplicate.--In the event of a lost, destroyed, defaced, stolen or illegible certificate of title, application for a duplicate may be made by furnishing information satisfactory to the department upon a form prescribed and furnished by the department. The form shall be signed by the first lienholder or, if none, the owner or legal representative of the owner, verified by oath or affirmation of the applicant, accompanied by the fee provided in this title.
(b) Status of original and duplicate.--If the original certificate of title is found after the duplicate is issued, the original title shall be returned to the department with an explanation. Only the duplicate title is valid once issued. Subsequent transfer of ownership can be made only on the duplicate.

§ 1111. Transfer of ownership of vehicle.

(a) Duty of transferor.--In the event of the sale or transfer of the ownership of a vehicle within this Commonwealth, the owner shall execute an assignment and warranty of title to the transferee in the space provided on the certificate or as the department prescribes, sworn to before a notary public or other officer empowered to administer oaths or verified by a wholesale vehicle auction licensed by the State Board of Vehicle Manufacturers, Dealers and Salespersons, or its employee, or an issuing agent who is licensed as a vehicle dealer by the State Board of Vehicle Manufacturers, Dealers and Salespersons, or its employee, and deliver the certificate to the transferee at the time of the delivery of the vehicle.

(a.1) Exception for dealers.--When a certificate of title for a vehicle acquired by a licensed dealer for the purpose of resale is encumbered by a lien or when there is a manufacturer's statement of origin for a new vehicle, delivery of the certificate of title or manufacturer's statement of origin by the dealer as a transferor at the time of delivery of the vehicle upon resale shall not be required if, prior to delivery of the vehicle, the dealer obtains the applicable powers of attorney to properly execute transfer of the title or manufacturer's statement of origin and the dealer requests and receives the departmental verification of any lienholders, ownership, odometer information and title brands, on titled vehicles, and any other information that the department deems necessary to be verified. Upon payment of the established fee, the department shall provide the dealer or authorized messenger service with verification of the required information. The department may supply the verified information by either written or electronic means. The application and a properly assigned certificate of title or manufacturer's statement of origin shall be delivered to the department within the time period prescribed by section 1103.1 (relating to application for certificate of title). If a dealer sells a vehicle after verification of the required information for a certificate of title encumbered by a lien, but fails to satisfy the lien or deliver an assignment and warranty of title to the dealer's transferee within 90 days of the date of purchase, and this failure is the result of an act or omission by the dealer, the dealer shall accept return of the vehicle from the transferee and shall refund the purchase price less actual depreciation of the vehicle while it was within the possession of the transferee. In refunding the purchase price, the price shall include the listed dollar value of any trade-in vehicle as stated in the sales transaction document in lieu of returning the transferee's trade-in vehicle.

(a.2) Exception for sales at licensed wholesale auctions.--In the event of the offering for sale or transfer of a vehicle between automobile dealers licensed by this Commonwealth or another state at a wholesale vehicle auction which is licensed by the State Board of Vehicle Manufacturers, Dealers and Salespersons as a wholesale vehicle auction, the licensed dealer need not execute an assignment and warranty of title to the transferee at the time of the offering of the vehicle for sale if, prior to the offering of the sale of the vehicle, it is noted that the title is not present. The
transferor shall deliver a properly assigned and warranted title to that transferee within ten days of the date that the vehicle was offered for sale, and the sale shall not be consummated until the transferor has delivered the title to the transferee.

(b) Duty of transferee.--Except as otherwise provided in section 1113 (relating to transfer to or from manufacturer or dealer), the transferee shall, within 20 days of the assignment or reassignment of the certificate of title, apply for a new title by presenting to the department the properly completed certificate of title, sworn to before a notary public or other officer empowered to administer oaths or verified before an issuing agent, who is licensed as a vehicle dealer by the State Board of Vehicle Manufacturers, Dealers and Salespersons, or its employee, and accompanied by such forms as the department may require.

(b.1) Transfers relating to the RESET program.--A motor vehicle transferred to the Commonwealth or a political subdivision for use in the RESET program administered under section 405.1 of the act of June 13, 1967 (P.L.31, No.21), known as the Public Welfare Code, shall not be subject to sales or use tax under Article II of the act of March 4, 1971 (P.L.6, No.2), known as the Tax Reform Code of 1971, upon the removal of the vehicle from inventory by any:
(1) motor vehicle dealer, importer or wholesaler; or
(2) "broker," "dealer" or "distributor," as defined in section 2 of the act of December 22, 1983 (P.L.306, No.84), known as the Board of Vehicles Act.

(c) Penalty.--Any person violating subsection (a) shall be guilty of a summary offense and shall, upon conviction, be sentenced:
(1) For a first offense, to pay a fine of $100.
(2) For a subsequent offense, to pay a fine of not less than $300 nor more than $1,000.

(3) The date upon which a tax for the parcel number will accrue and the taxing period that the tax will cover.
(4) The addresses and telephone numbers of the tax collection authority and tax claim bureau or equivalent office.

(b) Certification obtained by third party.--The transferor may request a notary public or other officer empowered to administer oaths or a vehicle dealer or its employee licensed by the State Board of Vehicle Manufacturers, Dealers and Salespersons and authorized by the department to complete certificate of title transfer paperwork to obtain the tax status certification on his behalf. The person or entity obtaining the tax status certification on behalf of the transferor may recoup the fee paid for each certification from the transferor and is not liable to the transferor, transferee or the tax claim bureau or equivalent office of the county in which a mobile home or manufactured home is situated for an error or omission on the tax status certification or for payment of a tax due.

(c) Real estate taxes due.--If taxes are due from the mobile home or manufactured home, the transferor shall pay the delinquent real estate taxes in full or cause the taxes to be paid in full and an updated tax status certification must be obtained and provided to the transferee and the department before the transfer is completed. Payment of delinquent real estate taxes shall be made in accordance with section 204 of the act of July 7, 1947 (P.L.1368, No.542), known as the Real Estate Tax Sale Law.

(d) Tax liability.--If any tax status certification incorrectly indicates that a tax has been paid or that less than the true and correct amount is owed and a transferor, transferee or third party securing the certification acts in reliance upon such representations, the transferor, transferee or third party shall not be liable for the amount of the error. If a tax certification is requested in connection with a particular transfer or sale of a mobile home or manufactured home, the parties to the transaction shall be presumed to have acted in reliance upon the representations in the certification.

(e) Issuance of certification.--Notwithstanding any other provision of law and regardless of the timing of a tax due to accrue to the mobile home or manufactured home, the tax claim bureau or an equivalent office shall issue a tax status certification as provided in this section upon request by the transferor or transferor's agent.

§ 1113. Transfer to or from manufacturer or dealer.

(a) Transfer to manufacturer or dealer.--When the purchaser or transferee of a vehicle is a manufacturer or registered
dealer who holds the vehicle for resale, a certificate of title need not be applied for as provided for in section 1111 (relating to transfer of ownership of vehicle), but the transferee shall, within seven days from the date of assignment of the certificate of title to the manufacturer or dealer, forward to the department, upon a form prescribed and furnished by the department, notification of the acquisition of the vehicle. Notification in lieu of applying for a certificate of title as authorized in this section may not be used in excess of three consecutive transactions after which time an application shall be made for a certificate of title. Notwithstanding the foregoing, a transferee of a motor vehicle shall apply for a certificate of title no later than six months from the date of the assignment.

(b) Execution and display of notice of transfer.--The manufacturer or dealer making notification as to any vehicle acquired pursuant to subsection (a) shall execute at least two copies, the original of which shall be forwarded to the department, and one copy shall be retained by the manufacturer or dealer for at least one year after a subsequent transfer, to be exhibited, with a copy of the assigned certificate of title, upon request of any police officer or authorized department employee.

(c) Transfer from manufacturer or dealer.--Except as otherwise provided in this section when the transferee is another manufacturer or dealer:

(1) The manufacturer or dealer, upon transferring their interest in the vehicle, shall execute an assignment and warranty of title to the transferee in the space provided on the certificate or as the department prescribes.

(2) The transferee shall complete the application for certificate of title in the name of the transferee.

(3) The manufacturer or dealer shall forward the certificate of title and any other required forms to the department within 20 days of the transfer.

The application shall be accompanied by such instruments or documents of authority, or certified copies thereof, as may be sufficient or required by law to evidence or effect a transfer of title or interest in or to chattels in such case.

(b) Transfer to surviving spouse.--Transfer of a certificate of title to a surviving spouse, or any person designated by the
spouse, may be made without the necessity of filing for letters of administration notwithstanding the fact that there are minor children surviving the decedent provided the surviving spouse files an affidavit that all the debts of the decedent have been paid.

(c) Surrender of certificate.--A person holding a certificate of title whose interest in a vehicle has been extinguished or transferred other than by voluntary transfer shall immediately surrender the certificate of title to the person to whom the right to possession of the vehicle has passed. Upon request of the department, such person shall mail or deliver the certificate to the department. Delivery of the certificate pursuant to the request of the department does not affect the rights of the person surrendering the certificate.

§ 1115. Correction of certificate of title.

(a) General rule.--When any certificate of title has been issued in error to a person not entitled to the certificate or contains incorrect information or information has been omitted from the certificate, the department shall notify in writing the person to whom the certificate has been issued or delivered that the certificate has been recalled. Unless a departmental hearing is requested pursuant to subsection (a.1), such person shall immediately return the certificate of title within ten days, together with any other information necessary for the adjustment of departmental records, and, upon receipt of the certificate, the department shall cancel the certificate and issue a corrected certificate of title.

(a.1) Opportunity for hearing and appeal.--The department's notice of recall shall advise the person to whom the certificate has been issued that said person may request an informal departmental hearing within ten days of the date of said notice if said person wishes to contest the recall. If an informal departmental hearing is requested within ten days, said hearing shall be held within 15 days of said request. If, as a result of the hearing, the department determines that the recall was proper, the person to whom the certificate of title was issued or delivered shall return the certificate of title within ten days of the determination. Such person may appeal the informal departmental determination by requesting, within ten days of the date of the determination, a formal hearing as prescribed by departmental regulations (pertaining to administrative practice and procedure).

Upon receipt of such information, the department shall correct the vehicle record of the owner to indicate the name change. The department shall not be required to produce a new certificate of title for a name change because of marriage or divorce, unless the owner submits an application for a new certificate of title. In the event that the owner submits an application for a new certificate of title, such owner shall be required to remit the fee set forth in section 1952 (relating to certificate of title) for the issuance of a certificate of title by the department.

(c) Seizure of certificate on conviction.--(Deleted by amendment).

(d) Issuance of corrected certificate after seizure or cancellation.--Upon failure of a person to return a certificate of title as required by the provisions of this section, the department may delegate authority to any department employee or police officer to seize the certificate of title. Upon failure of the department to receive, as required by this section, the certificate of title to which a person is not entitled or which contains incorrect or omitted information, the department may proceed to cancel the certificate of title issued in error and, upon receipt of sufficient evidence that the vehicle is within the possession of the proper owner or lienholder, may issue to the proper owner or lienholder a correct certificate of title.

(f) Nonpayment of fee.--The department may suspend a certificate of title when a check received in payment of the fee is not paid on demand or when the fee for the certificate is unpaid and owing.

(g) Security interest unaffected by suspension or cancellation.--Suspension or cancellation of a certificate of title does not, in itself, affect the validity of a security interest noted on the certificate.

(h) Surrender of certificate.--The department may request the return of certificates of title which have been suspended or cancelled. The owner or person in possession of the certificate of title shall immediately mail or deliver the certificate to the department.

§ 1132.1. **Perfection of a security interest in a vehicle.**

(a) **Perfection.**—A security interest in a vehicle titled in this Commonwealth is perfected at the time the department receives all of the following:

(1) A completed application specifying the lienholder's name and address. Program participants in the Address Confidentiality Program under 23 Pa.C.S. Ch. 67 (relating to domestic and sexual violence victim address...
confidentiality) may use a substitute address designated by the Office of Victim Advocate as their address.

(2) An amount equal to or greater than the fee required by section 1953 (relating to security interest).

§ 1134. Assignment by lienholder of security interest.

(a) General rule.--A lienholder may assign, absolutely or otherwise, his security interest in the vehicle to a person other than the owner without affecting the interest of the owner or the validity or perfection of the security interest but any person without notice of the assignment is protected in dealing with the lienholder as the holder of the security interest and the lienholder remains liable for any obligations as lienholder under this chapter until the assignee is named as lienholder on the certificate of title.

(b) Duty of assignee.--The assignee shall deliver to the department the certificate of title and an assignment by the lienholder named in the certificate of title on a form prescribed and furnished by the department and accompanied by the required fee. Failure of the assignee to make the delivery shall not affect the validity or perfection of the security interest.

(c) Division 9.--The provisions of this subchapter are subject to 13 Pa.C.S. § 9308(e) (relating to when security interest or agricultural lien is perfected; continuity of perfection).
§ 1135. Satisfaction of security interest.

(a) Absence of subsequent liens.--Where there are no subsequent liens upon a vehicle, the following rules apply upon the satisfaction of a security interest in the vehicle:

(1) The outstanding certificate of title shall be mailed or delivered immediately to the owner of the vehicle with proper evidence of satisfaction and release or the lienholder may apply for corrected title to be issued in the name of the owner.

(2) The owner may mail or deliver the certificate of title with proper evidence of satisfaction of the security interest to the department which shall issue a corrected certificate of title without a statement of liens or encumbrances. The corrected certificate of title may also be issued when the outstanding certificate of title cannot be returned and proper evidence is produced that all recorded security interests have been satisfied.

(b) Prior or subsequent liens.--Where there are subsequent liens upon a vehicle or the lien to be released is not a first lien, the following rules apply upon the satisfaction of a security interest in the vehicle:

(1) If the lienholder whose security interest is satisfied has possession of the certificate of title, the lienholder shall mail or deliver the certificate of title, immediately upon satisfaction, to the department with proper evidence of satisfaction and release of the security interest. A corrected certificate of title, containing a statement of the remaining security interests on record, shall be mailed by the department to the person holding the next lien upon the vehicle.

(2) Upon the satisfaction of a security interest in a vehicle for which the certificate of title is in the possession of a prior lienholder, the lienholder whose security interest is satisfied shall, immediately upon satisfaction, mail or deliver to the owner proper evidence of the satisfaction and release of the security interest. Upon request of the owner and receipt of the release, the lienholder in possession of the certificate of title shall mail or deliver the certificate of title together with the release to the department. The department shall issue a corrected certificate of title which shall be mailed to the first lienholder.

(c) Penalties.--

(1) Any person failing to deliver upon demand a satisfied certificate of title as required by subsection (a)(1) is guilty of a summary offense and shall, upon conviction, for a first offense be sentenced to pay a fine of $50 and for a subsequent offense be sentenced to pay a fine of $100.

(2) Any person failing to return to the department a certificate of title where there are other liens, for correction and delivery, as required by subsection (b) is guilty of a summary offense and shall, upon conviction, be sentenced to pay a fine of $100.

(3) No person shall be deemed guilty of a violation of this section if the person delivers the certificate of title to the department within five days of the satisfaction of the lien.

§ 1137. Subchapter exclusive for perfecting security interest.

The method provided in this subchapter for perfecting and giving notice of security interests is exclusive, except as otherwise provided in 13 Pa.C.S. §§ 9315 (relating to secured party's rights on disposition of collateral and in proceeds) and 9316(d) and (e) (relating to effect of change in governing law).

(June 8, 2001, P.L.123, No.18, eff. July 1, 2001; June 27, 2013, P.L.154, No.30, eff. July 1, 2013)

§ 1138. Duration of perfection.

(a) General rule.--Perfection of a security interest is effective for a period of 30 years in the case of a mobile home or emergency vehicle, 20 years for a motor home or recreational trailer, eight years in the case of a truck tractor or trailer weighing in excess of 10,000 pounds and six years in all other cases, in each case dating from the time of perfection as provided for in this subchapter and subject to renewal as provided in subsection (b).

(b) Renewal.--The effectiveness of perfection lapses on the expiration of the periods specified in subsection (a) unless a renewal form is filed within the six months immediately preceding expiration. Upon the timely filing of a renewal form, the effectiveness of perfection continues for a period of three years, commencing on the date on which perfection would have lapsed in the absence of the filing. Perfection may be renewed for as many three-year periods as may be necessary by the holder of the security interest upon a form furnished by the department, signed by the secured party and accompanied by the fee provided in this title.

(c) Corrected certificate when perfection expires.--A corrected certificate of title without a statement of liens or encumbrances shall be issued by the department, upon the request of the owner, when perfection of the security interests recorded on the certificate of title have expired.

2001 Amendments. Act 18 amended the entire section and Act 33 amended subsec. (a). Act 33 overlooked the amendment by Act 18, but the amendments do not conflict in substance and have both been given effect in setting forth the text of subsec. (a).

§ 1139. Terminal rental adjustment clauses.

Notwithstanding any other provision of law, a lease agreement which pertains to the commercial use of a motor vehicle or trailer and which includes a terminal rental adjustment clause does not create a sale or security interest merely because the terminal rental adjustment clause provides that the rental price is permitted or required to be adjusted under the agreement either upward or downward by reference to the actual value of the motor vehicle or trailer upon lease termination or sale or
other disposition of the motor vehicle or trailer. Actual value shall be determined as agreed upon by the parties. This section is not applicable to a consumer lease agreement pertaining to a motor vehicle or trailer leased or used primarily for personal, family or household purposes.

The person requesting the cancellation shall submit to the department an application for cancellation and the certificate of title. The application must be on a form prescribed by the department. Upon cancellation, the ownership interest in the mobile home, together with all liens and encumbrances thereon, shall be transferred to and shall encumber the real property to which the mobile home has become affixed.

(b) New certificate of title after cancellation.--If the department has previously canceled a certificate of title to a mobile home under subsection (a), the owner of the mobile home shall submit to the department all of the following:

(1) An application for a certificate of title on the forms prescribed by the department.
(2) A certificate from an attorney or title company that there are no mortgages, judgments or other liens of record against the mobile home or, if there is a lien, a certified copy of a release of lien executed by the lienholder and issued by the recorder of deeds or prothonotary, as appropriate.
(3) Such other information as the department shall require.

SUBCHAPTER D
SALVAGE VEHICLES, THEFT VEHICLES, RECONSTRUCTED VEHICLES AND FLOOD VEHICLES

Sec.
1161. Certificate of salvage required.
1162. Transfer to vehicle salvage dealer.
1163. Transfer to scrap metal processor.
1164. Theft vehicles.
1165. Reconstructed vehicles.
1165.1. Inspection of reconstructed, modified and specially constructed vehicles.
§ 1161. Certificate of salvage required.

(a) General rule.--Except as provided in sections 1162 (relating to transfer to vehicle salvage dealer) and 1163 (relating to transfer to scrap metal processor), a person, including an insurer or self-insurer as defined in section 1702 (relating to definitions), who owns, possesses or transfers a vehicle located or registered in this Commonwealth which qualifies as a salvage vehicle shall make application to the department for a certificate of salvage for that vehicle.

(b) Application for certificate of salvage.--An owner who transfers a vehicle to be destroyed or dismantled, salvaged or recycled shall assign the certificate of title to the person to whom the vehicle is transferred. Except as provided in section 1163, the transferee shall immediately present the assigned certificate of title to the department or an authorized agent of the department with an application for a certificate of salvage upon a form furnished and prescribed by the department. An insurer as defined in section 1702 to which title to a vehicle is assigned upon payment to the insured or claimant of the replacement value of a vehicle shall be regarded as a transferee under this subsection, and an assignment of title to an insurer under this subsection is exempt from the requirements of notarization and verification in section 1111(a) (relating to transfer of ownership of vehicle). If an owner retains possession of a vehicle which is damaged to the extent that it qualifies for vehicle replacement payment, the owner shall apply for a certificate of salvage immediately. In this case, an insurer shall not pay vehicle replacement value until the owner produces evidence to the insurer that the certificate of salvage has been issued. A self-insurer as defined in section 1702 shall apply for a certificate of salvage when a vehicle is damaged to the extent that the cost of repairs would exceed the replacement value of the vehicle as certified by a licensed motor vehicle physical damage appraiser.

(c) Issuance and effect of certificate of salvage.--Upon proper application for a certificate of salvage, the department or agent of the department shall issue to the transferee a certificate of salvage which shall authorize the holder to possess or by endorsement transfer ownership of the salvage vehicle. A certificate of title or registration shall not again be issued or renewed for the vehicle except upon application containing the information the department requires, accompanied by any necessary documents required under section 1165 (relating to reconstructed vehicles).

(d) Out-of-State salvage vehicles.--The owner of a salvage vehicle possessing a valid certificate of title or certificate of salvage from a state or jurisdiction other than this Commonwealth does not need to apply for a certificate under subsection (a). If the owner wishes to transfer the salvage vehicle, the owner shall make application to the department and attach the out-of-State certificate of title or certificate of salvage along with any other information and documents the department reasonably requires to establish the ownership of
the vehicle and the existence or nonexistence of security interests in the vehicle. The person identified on the application must be located or the owner or lienholder must be domiciled in this Commonwealth to qualify for issuance of a certificate of salvage by the department.

(e) **Certificate not to be assigned in blank.**—No person shall make application for or assign or physically possess a certificate of salvage or direct or allow another person in his employ or control to make application for or assign or physically possess a certificate of salvage unless the name and address of the transferee is placed on the assignment of the certificate of salvage simultaneously with the name of the transferor.

(f) **Repairs to personal vehicle.**—Nothing herein shall require a vehicle owner to obtain a certificate of salvage to repair or replace parts or component parts which malfunction or wear out as a result of normal use and operation which has occurred after the vehicle was transferred to the owner.

A certificate of title or salvage certificate for a vehicle transferred to a vehicle salvage dealer is exempt from the requirements of notarization and verification by a corporate officer.

(b) **Certificate of title.**—Upon transfer of a certificate of title to a salvage vehicle dealer, the salvage vehicle dealer shall immediately send to the department or an authorized agent of the department either of the following:

(1) The assigned certificate of title attached to a form prescribed by the department indicating that the vehicle is to be designated as a nonrepairable vehicle. The certificate of salvage, when issued to the vehicle salvage dealer, shall have the same effect as provided in section 1161(c) (relating to certificate of salvage required).

(c) **Vehicles with defective or lost title.**—Any person on whose property is located a vehicle which is a salvage vehicle and which has a faulty, lost or destroyed title may transfer the vehicle to a salvor or to a salvage program operated by a political subdivision for removal to a suitable place of storage or for scrapping, provided the salvor or salvage program complies with the requirements of this section, except that the report to the department that the vehicle is a salvage vehicle shall be verified by the transferor of the vehicle instead of the police department.
Cross References. Section 1162 is referred to in sections 1161, 6308 of this title.

(a) Flattened vehicles.--When a vehicle has been flattened, crushed or processed to the extent that it is no longer identifiable as a vehicle, its certificate of title, certificate of salvage or nonrepairable certificate shall be attached to a form prescribed by the department and immediately sent to the department. The form shall include such information as the department shall require. A copy of the form shall be retained for record in accordance with section 6308(d) (relating to investigation by police officers). The vehicle scrap material shall no longer be considered a vehicle and shall not be reconstructed, retitled or issued a certificate of any kind.

Such certificate of title or certificate of salvage is exempt from the requirements of notarization and verification by a corporate officer.

(c) Certificate of title.--Upon transfer of a certificate of title to a scrap metal processor, the scrap metal processor shall immediately send to the department or an authorized agent of the department the assigned certificate of title attached to a form prescribed by the department indicating that the vehicle is to be designated as a nonrepairable vehicle. A copy of the form shall be retained for record in accordance with section 6308(d). The vehicle shall not be rebuilt, retitled or issued a certificate of any kind.

(c.1) Title not assigned.--

(1) An insurance company may request the department to issue a salvage certificate for a vehicle if the insurance company is unable to obtain the properly endorsed certificate of title or certificate of salvage within 30 days following oral, written or electronic acceptance by the vehicle owner of an offer of an amount in settlement of a total loss:

(i) The request must be made on a form approved by the department and signed under penalty of perjury, accompanied by documentation as the department may require.

(ii) Prior to request for the certificate of salvage as provided for under this paragraph:

(A) The insurance company must make at least two written attempts mailed or delivered to obtain the assigned certificate of title or certificate of salvage.

(B) The insurance company must mail or deliver the settlement payment.

(2) The department shall issue a certificate of salvage for the vehicle upon receipt of the properly executed application.

(3) This subsection does not apply to a vehicle that has been driven or taken without the consent of the vehicle owner.

(4) The provisions of paragraph (1) do not apply to a vehicle where there was not oral, written or electronic acceptance by the owner of the total loss settlement.

(d) Vehicles with defective or lost title.--A vehicle owner may transfer a salvage vehicle with a faulty, lost or destroyed title located on the vehicle owner's property to a scrap metal processor for removal to a suitable place of storage or for scrapping, provided that the scrap metal processor complies
with the requirements of this section. The report to the department that the vehicle is a salvage vehicle shall be verified by the transferor of the vehicle.

§ 1164. Theft vehicles.

(a) General rule.--Upon payment to the insured of the replacement value for a theft vehicle, the owner or insurer shall apply for a certificate of salvage branded as a theft vehicle.

(b) Assessing damage on recovered theft vehicles.--If a theft vehicle has been recovered, the vehicle shall be assessed as to the level of damage at the time of recovery by an insurer or licensed physical damage appraiser:

(1) If the cost of repairs exceeds the replacement value of the vehicle, the theft-branded certificate of salvage shall serve as an ownership document. If the vehicle thereafter passes the reconstructed salvage vehicle inspection requirements under section 1165 (relating to reconstructed vehicles), it shall receive a certificate of title branded reconstructed and recovered-theft vehicle.

(2) If the cost of repairs is less than the replacement value of the vehicle, the owner shall apply for a certificate of title branded recovered-theft vehicle. A legible copy of the vehicle damage appraisal report completed by an insurer or licensed physical damage appraiser must accompany an application under this paragraph. The damage appraisal report shall include the replacement value of the vehicle.

(b) Application for a reconstructed vehicle certificate of title.--A reconstructed vehicle title and registration shall be issued to an applicant if the applicant presents to the department an application for a certificate of title upon a form furnished and prescribed by the department and any other information the department deems appropriate.

Cross References. Section 1165 is referred to in sections 1161, 1164, 1166 of this title.

§ 1165.1. Inspection of reconstructed, modified and specially constructed vehicles.

(a) Findings of fact.--The General Assembly finds that a key element for successfully converting a stolen vehicle into a marketable item is obtaining a title to that vehicle. In a report to the Congress of the United States, the Motor Vehicle Titling, Registration and Salvage Advisory Committee made several recommendations that would assist state motor vehicle agencies to combat the vehicle theft and title fraud that has been rising at an alarming rate throughout the nation. In the committee's report, recommendations were for each state to establish a two-part inspection procedure. Part one would be to inspect each vehicle to verify the VIN and replacement parts (supported by titles, proof of ownership, bills of sale) and
owner affirmation. Part two would be to provide a uniform safety inspection for rebuilt salvage vehicles.

(b) General rule.--All reconstructed, modified and specially constructed vehicles shall be required to undergo an enhanced vehicle safety inspection as specified in departmental contracts, policy guidelines or regulations as deemed appropriate by the advisory panel convened under section 1165.2 (relating to Specialized Vehicle Compliance Inspection Advisory Panel).

2004 Amendment. Act 228 added section 1165.1.

(6) The registrant has repeatedly violated any of the provisions of this title.
(7) Any fee payable to the Commonwealth in connection with the operation of the business of the registrant has not been paid.

(b) **Mitigating events.**--The opportunity for a hearing as authorized by subsection (a) shall include the consideration of relevant mitigating events as prescribed by regulation for violations and offenses of subsection (a)(2), (5) and (7).

(c) **Written warning for first offense.**--If the registrant violates subsection (a)(2), (5) or (7) as a first offense, the department shall sanction the registrant with a written warning without providing the opportunity for a hearing.

1. If the department finds that the registrant has violated subsection (a)(5) or (7) as a second offense, the registrant may be sanctioned with a monetary penalty of not less than $50 and not more than $100 per violation.

2. If the department finds that the registrant has violated subsection (a)(5) or (7) as a third offense, the registrant may be sanctioned with a monetary penalty of not less than $100 and not more than $200 per violation.

2.1 If the department finds that the registrant has violated subsection (a)(5) as a fourth or subsequent offense, the department may suspend for not less than three months or revoke the registration plates and cards of the registrant.

3. A monetary penalty imposed for a violation of subsection (a)(5) shall be in addition to the requirement that the registrant deliver a properly assigned certificate of title. Unless extended by the department, if the registrant fails to pay the monetary penalty or to deliver the certificate of title within 45 days after notice was sent by the department, except as otherwise provided by section 1377 (relating to judicial review), the department shall suspend the registrant's registration plates until the monetary penalty has been paid and the title delivered.

4. A monetary penalty imposed for a violation of subsection (a)(7) shall be in addition to payment of the original amount due for taxes and fees and any other penalty provided by law for submission of an uncollectible or dishonored check. Unless extended by the department, if the registrant fails to pay the monetary penalty, the original amount due or any other penalty within 45 days after notice was sent by the department, except as otherwise provided by section 1377, the department shall suspend the registrant's registration plates until all fees, taxes and penalties have been paid.

5. A violation of subsection (a)(2) or (5) shall remain on the registrant's record for a period of 18 months from the date that the violation was sanctioned by the department. If the registrant does not commit another violation of subsection (a)(2) or (5) within that 18-month period, the department shall rescind from the registrant's record the prior sanction that was imposed. After rescission of the prior sanction, if the registrant thereafter commits a subsequent violation of subsection (a)(2) or (5), that violation shall be considered the same degree of offense as was previously imposed, unless more than three years have elapsed since the last date that the registrant was sanctioned for a violation of subsection (a)(2) or (5), in which case said subsequent violation shall be deemed a first offense.
(6) If the department has previously given notice of, and considered at a departmental hearing, violations of subsection (a)(5), no sanction shall be imposed for an alleged violation of subsection (a)(5) which was not included within said notice if said violation occurred prior to the date of the notice, the department's records reflected that the violation existed and the violation could have been included in the notice as an additional subject of the departmental hearing.

(7) If a registrant is sanctioned pursuant to subsection (c) or paragraph (1) or (2) or the corresponding provisions of departmental regulations, 67 Pa. Code Ch. 53 (relating to manufacturers, dealers and miscellaneous motor vehicle businesses registration plates), and the department also sanctions the registrant for corresponding violations as an issuing agent pursuant to departmental regulations, 67 Pa. Code Ch. 43 (relating to temporary registration cards and plates), the department shall only impose the sanction prescribed by this section or the corresponding section of 67 Pa. Code Ch. 53. Notwithstanding, the department shall note the offense pertaining to the registrant and the offense pertaining to the issuing agent upon each record, and the department shall consider each record when calculating second, third or subsequent offenses by the registrant and the issuing agent.

(e) Hearing.--Until regulations are prescribed by the department as authorized by subsection (b), the hearing shall include the consideration of relevant mitigating events for a violation of subsection (a)(2), (5) or (7).

(f) Interim regulations.--Until such regulations are prescribed by the department as authorized by subsections (a) and (b), the applicable departmental regulations as currently promulgated shall remain in full force and effect, except as specifically superseded by the provisions of subsections (c), (d) and (e).

(g) Suspension without hearing.--The department may suspend or revoke registration plates for dealers, manufacturers or members of the "Miscellaneous Motor Vehicle Business" class without providing the opportunity for a hearing in any of the following cases:

1. The registrant's license as a dealer or manufacturer has been suspended or revoked by the State Board of Vehicle Manufacturers, Dealers and Salespersons or the board has determined that the registrant is not entitled to such a license.

2. If the Pennsylvania State Police shall certify that the dealer, manufacturer or member of the "Miscellaneous Motor Vehicle Business" class is no longer in business.

(h) Recommended action by State licensing board.--The department may also audit and investigate dealers and manufacturers registered by the State Board of Vehicle Manufacturers, Dealers and Salespersons to determine whether any dealer or manufacturer has violated any provision of this title pertaining to dealers or manufacturers or any regulation promulgated by the department. The department may recommend that the State Board of Vehicle Manufacturers, Dealers and Salespersons suspend the license of any dealer or manufacturer which it finds has committed a violation and the board shall take prompt action on any such recommendations under the act of December 22, 1983 (P.L.306, No.84), known as the Board of Vehicles Act.
§ 1375. Suspension of registration of unapproved carriers.

(b) Rescission of suspension.--Any suspension of registration under this section may be rescinded by the department upon the petition of the owner of such vehicle or of the lessee provided the petition is accompanied by a certificate of the Pennsylvania Public Utility Commission setting forth that the commission does not object to the rescission.

§ 1376. Surrender of registration plates and cards upon suspension or revocation.

(a) General rule.--The department, upon suspending or revoking any registration, shall require the registration plate or plates and registration card or cards to be surrendered immediately to the department.

(b) Delegation of authority.--If after 30 days from the mail date of a notice of suspension or revocation, the registration plates and cards are not surrendered under subsection (a), the department may delegate authority to the following persons to seize a registration plate and registration card which are required to be surrendered under subsection (a):

(2) a suspension or revocation imposed pursuant to section 1373(b)(3) (relating to suspension of registration) or 1374(g);
(3) a suspension or revocation is reinstated after determination of a matter as provided in section 1377 (relating to judicial review); or
(4) a suspension imposed pursuant to section 1379 (relating to suspension of registration upon sixth unpaid parking violation in cities of the first class) until all fines, penalties and costs have been paid.

(c) Regulations.--The department shall, by regulation, prescribe the manner of selecting those persons who are delegated authority under this section to seize the registration plates and registration cards. This requirement does not apply to persons described in this section who have been trained pursuant to the provisions of section 6117 (relating to authority of qualified employees of department and Department of Revenue).

(d) Penalty.--Any person failing or refusing to surrender to the department or its authorized delegate, upon demand, any registration plate or card which has been suspended or revoked is guilty of a summary offense and shall, upon conviction, be sentenced to pay a fine of $300, plus costs. Costs shall include a reasonable fee for official seizure of the unsurrendered items.

The filing of the appeal shall act as a supersedeas, except for a warning or a revocation, and the suspension or monetary penalty shall not be imposed until determination of the matter as provided in this section. Upon application of the registrant and prior notice to the department, the court may grant a supersedeas from a revocation of registration or authority to issue registration. The court shall schedule the appeal for hearing upon 30 days' written notice to the department, and thereupon take testimony and examine into the facts of the case and determine whether the petitioner is entitled to registration, subject to suspension of registration or other sanction under the provisions of this title or departmental regulations.

(b) Documentation.--

(1) In any proceeding under this section, documents received by the department from a court or from an insurance company shall be admissible into evidence to support the department's case. In addition, if the department receives information from a court by means of electronic transmission or from an insurance company which is complying with its obligation under Subchapter H of Chapter 17 (relating to proof of financial responsibility) by means of electronic
transmission, it may certify that it has received the information by means of electronic transmission, and that certification shall be prima facie proof of the adjudication and facts contained in such an electronic transmission.

(2) In a proceeding relating to the suspension of the registration of a motor vehicle imposed under section 1786 (relating to required financial responsibility), the department's certification of its receipt of documents or electronic transmission from an insurance company informing the department that the person's coverage has lapsed, been canceled or terminated shall also constitute prima facie proof that the lapse, cancellation or termination of the policy of insurance described in the electronic transmission was effective under the laws of this Commonwealth.

In addition, reports received by the department from police officers, qualified Commonwealth employees or department designees shall be admissible into evidence to support the department's case. In addition, the department may treat the documents and reports as documents of the department and use any of the methods of storage permitted under the provisions of 42 Pa.C.S. § 6109 (relating to photographic copies of business and public records) and may reproduce such documents in accordance with the provisions of 42 Pa.C.S. § 6103 (relating to proof of official records). (c) Presumption.--False, illegible or incomplete information on a renewal application shall create a presumption that the vehicle did not have a currently valid certificate of inspection at the time of renewal.

(d) Restoration.--Whenever the department suspends the registration of a vehicle under this section, the department shall not restore the registration until the registration card and registration plate have been surrendered for three months, the vehicle owner pays a $50 restoration fee and the vehicle owner furnishes proof, satisfactory to the department, that the vehicle is covered by financial responsibility and has a currently valid certificate of inspection.

(b.1) Notice by the parking authority.--Prior to notifying the department under subsection (b), the parking authority shall provide the owner or registrant written notice by first class mail of its intent to seek suspension of the vehicle registration pursuant to this section.

(c) Period of suspension.--A suspension under subsection (a) shall continue until the department receives notice from the parking authority that all of the tickets and citations are paid, dismissed, reversed on appeal or canceled or the defendant enters into an agreement to make installment payments for the fines and penalties imposed, provided that the suspension may be reimposed by the department if the defendant fails to make regular installment payments and pays the fee prescribed in section 1960 (relating to reinstatement of operating privilege or vehicle registration).

(d) Additional suspension.--The department shall impose an additional period of registration suspension if, subsequent to the issuance of a suspension under subsection (a) but prior to the restoration of the registration, the department is notified by the parking authority that the owner or registrant has failed to respond, failed to pay or defaulted in the payment of an additional ticket or citation issued for a parking violation.

(e) Three-year limitation.--No suspension may be imposed based upon a parking violation more than three years after the commission of the violation.

(f) Definition.--As used in this section, the term "parking authority" means a parking authority in a city of the first class known as the Philadelphia Parking Authority.

Also, the department must be satisfied that the applicant's experience in driving vehicles which may be driven by holders of the classes of licenses sought by the applicant is sufficient to justify the issuance of the license without further behind-the-wheel training.

(c) Alcohol and drug use information.--The traffic laws examination shall contain at least one question relating to the driver's ability to understand the effects of alcohol and drug use on highway safety or the provisions of section 1547 (relating to chemical testing to determine amount of alcohol or controlled substance). Third-party providers shall only administer exams required in this section if:

(1) The test is the same test as that which would otherwise be administered by the department.

§ 1536. **Notice of assignment of points.**

Whenever points are assigned to a driver's record, the department shall send to that person at his last known address a letter of notice pointing out the fact and emphasizing the nature and effects of the point system. Failure to receive such letter shall not prevent the suspension of the operating privilege pursuant to this subchapter.

§ 1537. **Removal of points.**

(a) **General rule.**—Points recorded against any person shall be removed at the rate of three points for each 12 consecutive months in which such person is not under suspension or

(b) **Subsequent accumulation of points.**—When a driver's record is reduced to zero points and is maintained at zero points for 12 consecutive months, any accumulation of points thereafter shall be regarded as an initial accumulation of points.

§ 1538. School, examination or hearing on accumulation of points or excessive speeding.

(a) **Initial accumulation of six points.**—When any person's record for the first time shows as many as six points, the department shall require the person to attend an approved driver improvement school or undergo a special examination and shall so notify the person in writing. Upon satisfactory attendance and completion of the course or upon passing the special examination, two points shall be removed from the person's record. Failure to attend and satisfactorily complete the requirements of driver improvement school shall result in the suspension of such person's operating privilege for 60 days. Failure to pass the examination shall result in the suspension of the operating privilege until the examination has been satisfactorily completed.

(b) **Second accumulation of six points.**—

(1) When any person's record has been reduced below six points and for the second time shows as many as six points, the department shall require the person to attend a departmental hearing. The hearing examiner may recommend one or more of the following:

(3) Upon completion of the sanction or sanctions imposed by the department, two points shall be removed from the person's record.

(4) Failure to attend the hearing or to attend and satisfactorily complete the requirements of a driver improvement school shall result in the suspension of such person's operating privilege for 60 days. Failure to pass an examination shall result in the suspension of such person's operating privilege until the examination has been satisfactorily completed.

(c) **Subsequent accumulations of six points.**—When any person's record has been reduced below six points and for the third or subsequent time shows as many as six points, the department shall require the driver to attend a departmental hearing to determine whether the person's operating privilege should be suspended for a period not to exceed 30 days. Failure to attend the hearing or to comply with the requirements of the findings of the department shall result in the suspension of the operating privilege until the person has complied.

(d) **Conviction for excessive speeding.**—
(1) When any person is convicted of driving 31 miles per hour or more in excess of the speed limit, the department shall require the person to attend a departmental hearing. The hearing examiner may recommend one or more of the following:

(ii) That the person undergo an examination as provided for in section 1508.
(iii) That the person have his driver's license suspended for a period not exceeding 15 days.

(2) The department shall effect at least one of the sanctions but may not increase any suspension beyond 15 days.

(3) Failure to attend the hearing or to attend and satisfactorily complete the requirements of a driver improvement school shall result in the suspension of such person's operating privilege for 60 days. Failure to pass an examination shall result in the suspension of such person's operating privilege until the examination has been satisfactorily completed.

(e) Additional suspension of operating privilege.--

(1) In addition to any other provisions of law relating to the suspension or revocation of operating privileges, a person's operating privileges shall be suspended under any of the following circumstances:

(ii) The person accumulates six or more points under the provisions of section 1535 (relating to schedule of convictions and points) and the violations resulting in points accumulation were committed before the person reached age 18.

(2) The first suspension under paragraph (1) shall be for a period of 90 days with every subsequent suspension under paragraph (1) to be for a period of 120 days. Suspensions under paragraph (1) shall be imposed consecutively to each other and to any other suspension. A suspension under paragraph (1) shall be considered a subsequent suspension even if it is imposed contemporaneously with a first suspension imposed under paragraph (1).

Acceptance of Accelerative Rehabilitative Disposition for an offense enumerated in section 1532 (relating to revocation or suspension of operating privilege) or 3802 (relating to driving under influence of alcohol or controlled substance) shall be considered a suspension in making such determination.

(b) Suspension, revocation or disqualification of operating privilege.--

(1) Upon the suspension or revocation of the operating privilege or the disqualification of the commercial operating privilege of any person by the department, the department shall forthwith notify the person in writing at the address of record to surrender his driver's license to the department for the term of suspension, revocation or disqualification.

(i) a date determined by the department; or

(ii) the date of filing or mailing of the license or acknowledgment to the department, if that date is subsequent to the department's notice to surrender the license.

§ 1541. Period of disqualification, revocation or suspension of operating privilege.

(a) Commencement of period.--The period of disqualification, revocation or suspension of the operating privilege or the disqualification of the commercial operating privilege shall commence as provided for in section 1540 (relating to surrender of license). No credit toward the revocation, suspension or disqualification shall be earned until the driver's license is surrendered to the department, a court or a district attorney, as the case may be. A nonresident licensed driver or an unlicensed individual, including a driver whose license has expired, shall submit an acknowledgment of suspension or revocation to the department in lieu of a driver's license, except for the suspension of the operating privilege of an unlicensed individual under 16 years of age, in which case the suspension shall commence automatically upon the individual's 16th birthday for the specified period if an acknowledgment is received any time prior to the individual's 16th birthday. If a licensed driver is not in possession of his driver's license, no credit toward the disqualification, revocation or suspension shall be earned until a sworn affidavit or a form prescribed by the department is surrendered to the department swearing that the driver is not in possession of his driver's license. Such credit shall be rescinded if it is later determined that the driver was untruthful in the affidavit. Credit shall also be revoked if a person surrenders a duplicate license and it is later determined that the person was still in possession of an earlier issued, unexpired license. The department may, upon request of the person whose license is suspended or disqualified, delay the commencement of the period of suspension or disqualification for a period not exceeding six months whenever the department determines that failure to grant the extension will result in hardship to the person whose license has been suspended or disqualified.

(a.1) Credit toward serving period of suspension for certain violations.--Credit toward serving the period of suspension or revocation imposed for sections 1543(b)(1.1) (relating to driving while operating privilege is suspended or revoked), 3732 (relating to homicide by vehicle), 3735 (relating to homicide by vehicle while driving under influence), 3735.1 (relating to aggravated assault by vehicle while driving under
the influence), 3742 (relating to accidents involving death or personal injury), 3802 (relating to driving under influence of alcohol or controlled substance) and 3808(a)(2) (relating to illegally operating a motor vehicle not equipped with ignition interlock) shall not commence until the date of the person's release from prison.

(b) **Eligibility for restoration of operating privilege.**—Any person whose operating privilege has been revoked or suspended shall not be eligible for the restoration of the operating privilege until the expiration of the period of revocation or suspension.

(c) **Restoration of revoked operating privilege.**—Any person whose operating privilege has been revoked pursuant to section 1542 (relating to revocation of habitual offender's license) or 1543 is not entitled to automatic restoration of the operating privilege. Such person may apply for a learner's permit, if permitted under the provisions of this chapter, upon expiration of the revocation.

(d) **Continued suspension of operating privilege.**—A defendant ordered by the court under section 3816 (relating to requirements for driving under influence offenders), as the result of a conviction or Accelerated Rehabilitative Disposition of a violation of section 3802 to attend a treatment program for alcohol or drug addiction must successfully complete all requirements of the treatment program ordered by the court before the defendant's operating privilege may be restored. Successful completion of a treatment program includes the payment of all court-imposed fines and costs, as well as fees to be paid to the treatment program by the defendant. For the purposes of restoring a suspended license, being current on a payment plan shall be considered as a part of a successfully completed program. If a defendant fails to successfully complete the requirements of a treatment program, the suspension shall remain in effect until the defendant completes the program and is otherwise eligible for restoration of his operating privilege. The treatment agency shall immediately notify the court of successful completion of the treatment program. The final decision as to whether a defendant has successfully completed the treatment program rests with the court.

(e) **Request for hearing.**—A person whose operating privilege has been suspended or revoked may request at any time during the suspension or revocation, and the department shall provide, a hearing if the person believes that credit toward the person's suspension or revocation has not been given by the department under section 1540. The department shall issue its final ruling within 60 days following the hearing or the submission of any posthearing filings.

**2006 Amendments.** Act 37 amended subsec. (d), Act 40 amended subsec. (a.1) and Act 122 added subsec. (e).

**2003 Amendment.** Act 24 amended subsecs. (a.1), (c) and (d).

(c) Accelerative Rehabilitative Disposition as an offense.--Acceptance of Accelerative Rehabilitative Disposition for any offense enumerated in subsection (b) shall be considered an offense for the purposes of this section.

(d) Period of revocation.--The operating privilege of any person found to be a habitual offender under the provisions of this section shall be revoked by the department for a period of five years.

(e) Additional offenses.--Each additional offense committed within a period of five years, as measured from the date of any previous offense, shall result in a revocation for an additional period of two years.

(1) If any person placed under arrest for a violation of section 1543(b)(1.1) or 3808(a)(2) is requested to submit to chemical testing and refuses to do so, the testing shall not be conducted; but, upon notice by the police officer and provided no suspension is imposed pursuant to subsection (b), the department shall suspend the operating privilege of the person for a period of six months.

(2) It shall be the duty of the police officer to inform the person that the person's operating privileges will be suspended upon refusal to submit to chemical testing.

(3) Notwithstanding section 3805(c) (relating to ignition interlock), if any person receives a suspension pursuant to this subsection who at the time of the offense was required to comply with the provisions of section 3805 prior to obtaining a replacement license under section 1951(d) (relating to driver's license and learner's license) that does not contain an ignition interlock restriction, the suspension imposed pursuant to this subsection shall result in the recall of any ignition interlock restricted license previously issued and the driver shall surrender the ignition interlock restricted license to the department or its agents designated under the authority of section 1540 (relating to surrender of licenses) and, prior to the issuance of a replacement license under section 1951(d) that does not contain an ignition interlock restriction, the department shall require that the person comply with the provisions of section 3805.

(c) Test results admissible in evidence.--In any summary proceeding or criminal proceeding in which the defendant is charged with a violation of section 3802 or any other violation of this title arising out of the same action, the amount of alcohol or controlled substance in the defendant's blood, as
shown by chemical testing of the person's breath or blood, which
tests were conducted by qualified persons using approved
equipment, shall be admissible in evidence.

(1) Chemical tests of breath shall be performed on
devices approved by the Department of Health using procedures
prescribed jointly by regulations of the Departments of
Health and Transportation. Devices shall have been calibrated
and tested for accuracy within a period of time and in a
manner specified by regulations of the Departments of Health
and Transportation. For purposes of breath testing, a
qualified person means a person who has fulfilled the
training requirement in the use of the equipment in a
training program approved by the Departments of Health and
Transportation. A certificate or log showing that a device
was calibrated and tested for accuracy and that the device
was accurate shall be presumptive evidence of those facts
in every proceeding in which a violation of this title is
charged.

(2) (i) Chemical tests of blood, if conducted by a
facility located in this Commonwealth, shall be performed
by a clinical laboratory licensed and approved by the
Department of Health for this purpose using procedures
and equipment prescribed by the Department of Health or
by a Pennsylvania State Police criminal laboratory. For
purposes of blood testing, qualified person means an
individual who is authorized to perform those chemical
tests under the act of September 26, 1951 (P.L.1539,
No.389), known as The Clinical Laboratory Act.

(ii) For purposes of blood testing to determine
blood alcohol or controlled substance content levels,
the procedures and equipment prescribed by the Department
of Health shall be reviewed within 120 days of the
effective date of this subparagraph and at least every
two years thereafter to ensure that consideration is
given to scientific and technological advances so that
testing conducted in accordance with the prescribed
procedures utilizing the prescribed equipment will be
as accurate and reliable as science and technology
permit.

(3) Chemical tests of blood, if conducted by a facility
located outside this Commonwealth, shall be performed:

(i) by a facility licensed and approved by the
Department of Health for this purpose; or

(ii) by a facility licensed to conduct the tests
by the state in which the facility is located and
licensed pursuant to the Clinical Laboratory Improvement

(4) For purposes of blood testing to determine the
amount of a Schedule I or nonprescribed Schedule II or III
controlled substance or a metabolite of such a substance,
the Department of Health shall prescribe minimum levels of
these substances which must be present in a person's blood
in order for the test results to be admissible in a
prosecution for a violation of section 1543(b)(1.1),
3802(d)(1), (2) or (3) or 3808(a)(2).

(d) Presumptions from amount of alcohol.--(Repealed).

(e) Refusal admissible in evidence.--In any summary
proceeding or criminal proceeding in which the defendant is
charged with a violation of section 3802 or any other violation
of this title arising out of the same action, the fact that the
defendant refused to submit to chemical testing as required by
subsection (a) may be introduced in evidence along with other
testimony concerning the circumstances of the refusal. No presumptions shall arise from this evidence but it may be considered along with other factors concerning the charge.

(f) Other evidence admissible.--Subsections (a) through (i) shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether or not the defendant was under the influence of alcohol.

(g) Test results available to defendant.--Upon the request of the person tested, the results of any chemical test shall be made available to him or his attorney.

(g.1) Cost of testing.--The cost of chemical testing, including the drawing of blood, performed under this section shall be paid as follows:

(1) By the individual tested, if the individual was convicted of or placed into any preadjudication program or adjudicated delinquent for a violation of section 3802.

(2) By the requesting authority, if the individual was found not guilty under section 3802 or had the charges dismissed or withdrawn.

(h) Test by personal physician.--The person tested shall be permitted to have a physician of his own choosing administer an additional breath or blood chemical test and the results of the test shall also be admissible in evidence. The chemical testing given at the direction of the police officer shall not be delayed by a person's attempt to obtain an additional test.

(i) Request by driver for test.--Any person involved in an accident or placed under arrest for a violation of section 1543(b)(1.1), 3802 or 3808(a)(2) may request a chemical test of his breath or blood. Such requests shall be honored when it is reasonably practicable to do so.

(j) Immunity from civil liability and reports.--No physician, nurse or technician or hospital employing such physician, nurse or technician, and no other employer of such physician, nurse or technician shall be civilly liable for withdrawing blood and reporting test results to the police at the request of a police officer pursuant to this section. No physician, nurse or technician or hospital employing such physician, nurse or technician may administratively refuse to perform such tests and provide the results to the police officer except as may be reasonably expected from unusual circumstances that pertain at the time the request is made.

(k) Prearrest breath test authorized.--A police officer, having reasonable suspicion to believe a person is driving or in actual physical control of the movement of a motor vehicle while under the influence of alcohol, may require that person prior to arrest to submit to a preliminary breath test on a device approved by the Department of Health for this purpose. The sole purpose of this preliminary breath test is to assist the officer in determining whether or not the person should be placed under arrest. The preliminary breath test shall be in addition to any other requirements of this title. No person has any right to expect or demand a preliminary breath test. Refusal to submit to the test shall not be considered for purposes of subsections (b) and (e).

(l) Definitions.--As used in this section, the following words and phrases shall have the meanings given to them in this subsection:

The appellant shall serve a copy of the petition for appeal, together with a copy of the notice of the action from which the appeal has been taken, upon the department's legal office.

(b) Supersedeas.--

(2) In the case of a disqualification of the commercial operating privilege, the driver may petition to the court of common pleas of his county of residence, which court may grant a supersedeas ex parte upon a showing of reasonable likelihood of successful prosecution of the appeal.
(c) **Proceedings of court.**--The court shall set the matter for hearing upon 60 days' written notice to the department and determine whether:

1. the petitioner's driver's license should be denied or canceled;
2. the petitioner's operating privilege should be suspended, revoked or recalled; or

§ 1551. Notice of department action.

The department shall promptly mail a notice to each person whose license is suspended as a result of the accumulation of points under section 1539 (relating to suspension of operating privilege on accumulation of points). The notice shall be mailed to the address of record within six months following the conviction of a violation of this title that resulted in the addition of sufficient points to cause the suspension. Failure of the department to mail notice of suspension as required by this section shall prohibit the department from suspending the license of such person. This section shall not apply to any suspension which would have been imposed as the result of points which have been assigned to a person's record after the person has filed an appeal under section 1550 (relating to judicial review) until the appeal has been finally determined and for six months after the department is notified of the determination. This section shall not apply to a suspension imposed as the result of the determination of the appeal whether it be the reimposition of the suspension originally ordered or the imposition of a different suspension required because the department must recalculate the record due to a court order.

§ 1552. Accelerated Rehabilitative Disposition.

The court of common pleas in each judicial district and the Municipal Court of Philadelphia shall establish and implement a program for Accelerated Rehabilitative Disposition for persons charged with a violation of section 3802 (relating to driving under influence of alcohol or controlled substance) in accordance with the provisions of this chapter, Chapter 38 (relating to driving after imbibing alcohol or utilizing drugs) and rules adopted by the Supreme Court.

§ 1553. Occupational limited license.

(a) Issuance.--

(1) The department shall issue an occupational limited license under the provisions of this section to a driver whose operating privileges have been suspended for a violation of this title, except for an offense under section 3802 (relating to driving under influence of alcohol or controlled substance) or under former section 3731 (relating to driving under influence of alcohol or controlled substance) or for a refusal to submit to chemical testing under section 1547 (relating to chemical testing to determine amount of alcohol or controlled substance), and is not prohibited under any other provision in this section. If the underlying reason for the suspension was caused by violations committed while the driver was operating a commercial motor vehicle, the driver shall not be issued an occupational limited license for the purpose of operating a commercial motor vehicle. The department shall prohibit the issuance of an occupational limited license when disqualified from doing so under the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Public Law 99-570, 49 U.S.C. App. § 2701 et seq.) or the Motor Carrier Safety Improvement Act of 1999 (Public Law 106-159, 113 Stat. 1748).

The petition shall be on a form prescribed by the department and shall identify the specific motor vehicle or vehicles the petitioner seeks permission to operate. The petition shall include an explanation as to why the operation of a motor vehicle is essential to the petitioner's occupation, work, trade, treatment or study. The petition shall identify the petitioner's employer, educational institution or treatment facility, as appropriate, and shall include proof of financial responsibility covering all vehicles which the petitioner requests to be allowed to operate. The department shall promulgate regulations to require additional information as well as additional evidence to verify the information contained in the petition.

(2) The petitioner shall surrender his driver's license in accordance with section 1540 (relating to surrender of license). If the petitioner's driver's license has been lost or stolen, the petitioner shall submit an application for a replacement license, along with the proper fee. If the petitioner is a nonresident licensed driver, the petitioner shall submit an acknowledgment of suspension in lieu of a driver's license. If the petitioner's license has expired, the petitioner shall submit an application for renewal, along with the appropriate fee. All fines, costs and restoration fees must be paid at the time of petition.

(3) Consistent with the provisions of this section, the department shall issue an occupational limited license to the applicant within 20 days of receipt of the petition.

(4) (i) A person whose operating privilege has been suspended for a conviction of section 1543 (relating to driving while operating privilege is suspended or revoked) may not petition for an occupational limited license unless department records show that the suspension for a conviction of section 1543 occurred only as the result of:

   (A) a suspension for failure to respond to a citation imposed under the authority of section 1533 (relating to suspension of operating privilege for failure to respond to citation) or 6146 (relating to enforcement agreements);

   (B) a suspension for failure to undergo a special examination imposed under the authority of section 1538(a) (relating to school, examination or hearing on accumulation of points or excessive speeding);

(ii) The petition may not be filed until three months have been served for the suspension under section 1543(a).

(c) Fee.--The fee for applying for an occupational limited license shall be $65. This fee shall be nonrefundable and no other fee shall be required.

(d) Unauthorized issuance.--The department shall prohibit issuance of an occupational limited license to:

(1) A driver who is not licensed to drive by this or any other state.

(2) Any person who is required by this title to take an examination and who has failed to take and pass such an examination.

(3) Any person who has an unsatisfied judgment against him as the result of a motor vehicle operation, until such judgment has been satisfied under the provisions of section 1774 (relating to payments sufficient to satisfy judgments) or an installment agreement has been entered into to satisfy the judgment as permitted under section 1772(b) (relating to suspension for nonpayment of judgments) or 1775 (relating to installment payment of judgments) and the financial responsibility of such person has been established.

(4) Any person applying for an occupational limited license to operate a commercial motor vehicle whose commercial driver's license privilege is disqualified under the provisions of section 1611 (relating to disqualification).

(5) Any person who, at the time he applies for an occupational limited license, has previously been granted such a privilege within the period of five years next preceding such application.

(B) record of conviction, adjudication of delinquency or a granting of a consent decree was not sent to the department within the time period
required under section 6323(1) (relating to reports by courts).

(11) Any person whose operating privilege has been suspended or revoked as the result of a conviction of or as a result of a court order in conjunction with an adjudication of delinquency or the granting of a consent decree for any offense under the following provisions, unless the suspension or revocation has been fully served:
Section 3345(a) (relating to meeting or overtaking school bus).
Section 3367 (relating to racing on highways).
Any violation of Ch. 37 Subch. B (relating to serious traffic offenses) or C (relating to accidents and accident reports).

(ii) a suspension for failure to undergo a special examination imposed under the authority of section 1538(a); or
(iii) a suspension for failure to attend a departmental hearing imposed under the authority of section 1538(b).
(16) Any person whose operating privilege has been suspended under an interjurisdictional agreement as provided for in section 6146 as the result of a conviction or adjudication if the conviction or adjudication for an equivalent offense in this Commonwealth would have prohibited the issuance of an occupational limited license.
(17) Any person whose operating privilege has been suspended as the result of a conviction of a violation of section 7102(b) (relating to removal or falsification of identification number), 7103(b) (relating to dealing in vehicles with removed or falsified numbers), 7111 (relating to dealing in titles and plates for stolen vehicles), 7121 (relating to false application for certificate of title or registration) or 7122 (relating to altered, forged or counterfeit documents and plates) unless the suspension has been fully served.

(f) Restrictions.--A driver who has been issued an occupational limited license shall observe the following:

1. The driver shall operate a designated vehicle only:

(g) Changes in condition.--A driver who is granted an occupational limited license shall immediately inform the department in writing of any change in the conditions under which that driver applied for the occupational limited license. Upon failure to give prompt notice of any changes or if the conditions for the limited license no longer exist, the department shall recall the occupational limited license.
(h) Appeal from denial or recall of occupational limited license.--Any driver who is denied an occupational limited license or whose occupational limited license is recalled may file with the department a petition for a hearing. The hearing shall be conducted in accordance with Title 2 (relating to administrative law and procedure). The department may charge a reasonable fee based on the cost to the department for conducting such a hearing. The appeal shall not operate as an automatic supersedeas. If an administrative hearing officer orders a supersedeas in any appeal, the petitioner shall earn no credit toward serving the suspension for which the petitioner was granted an occupational limited license. An appeal from a decision of an administrative hearing officer may be taken in the manner provided in 42 Pa.C.S. § 763(a) (relating to direct appeals from government agencies). Appeals under this subchapter are exempt from the provisions of section 1550(b) (relating to judicial review) and from the provisions of 42 Pa.C.S. § 933 (relating to appeals from government agencies).

§ 1581. Driver's License Compact.
The Driver's License Compact is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

Article I
Findings and Declaration of Policy
(a) The party states find that:
(1) The safety of their streets and highways is materially affected by the degree of compliance with State and local ordinances relating to the operation of motor vehicles.
(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.
(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.
(b) It is the policy of each of the party states to:
(1) Promote compliance with the laws, ordinances and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.
(2) Make the reciprocal recognition of licenses to drive and eligibility therefore more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.
Article II
Definitions

As used in this compact:

(a) "State" means a state, territory or possession of the United States, the District of Columbia or the Commonwealth of Puerto Rico.

(b) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense and which conviction or forfeiture is required to be reported to the licensing authority.

Article III
Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted, describe the violation specifying the section of the statute, code or ordinance violated, identify the court in which action was taken, indicate whether a plea of guilty or not guilty was entered or the conviction was a result of the forfeiture of bail, bond or other security and shall include any special findings made in connection therewith.

Article IV
Effect of Conviction

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state in the case of convictions for:

(1) manslaughter or negligent homicide resulting from the operation of a motor vehicle;
(2) driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;
(3) any felony in the commission of which a motor vehicle is used;
(4) failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.

(c) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this article, such party state shall construe the denominations and descriptions appearing in subdivision (a) of this article as being applicable to and identifying those offenses or violations of a substantially similar nature and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

Article V
Applications for New Licenses
Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

1. The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

2. The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

3. The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

Article VI
Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

Article VII
Compact Administrator and Interchange of Information

(a) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(b) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

Article VIII
Entry into Force and Withdrawal

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

Article IX
Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is
held invalid, the validity of the remainder of this compact and
the applicability thereof to any government, agency, person or
circumstance shall not be affected thereby. If this compact
shall be held contrary to the constitution of any state party
thereto, the compact shall remain in full force and effect as
to the remaining states and in full force and effect as to the
state affected as to all severable matters.

Effective Date. Section 10 of Act 149 of 1996 provided that,
in recognition of the technical and administrative limitations
under which the Department of Transportation is currently
operating, the effective date of section 1581 Art. IV(b) shall
be suspended until the repeal of section 10. Section 11(2) of
Act 149 provided that the addition of section 1581 Art. IV(b)
shall take effect on the date of the repeal of section 10 of
Act 149.

Cross References. Section 1581 is referred to in sections
1532, 1543, 3804 of this title.

§ 1582. Definitions.
As used in this subchapter and in the compact with reference
to this Commonwealth:

(1) "Licensing authority" means the Department of
Transportation of the Commonwealth.

(2) "Executive head" means the Governor.

(3) "Compact administrator" means the Secretary of
Transportation of the Commonwealth.

§ 1583. Compensation of compact administrator.
The compact administrator provided for in Article VII of the
compact shall not be entitled to any additional compensation
on account of his service as such administrator but shall be
entitled to expenses incurred in connection with his duties and
responsibilities as such administrator, in the same manner as
for expenses incurred in connection with any other duties or
responsibilities of his office or employment.

§ 1584. Furnishing of information to other states.
The Department of Transportation of the Commonwealth shall
furnish to the appropriate authorities of any other party state
any information or documents reasonably necessary to facilitate
the administration of Articles III, IV and V of the compact.
The omission from any report received by the department from a
party state of any information required by Article III of the
compact shall not excuse or prevent the department from
complying with its duties under Articles IV and V of the
compact.

(Dec. 21, 1998, P.L.1126, No.151, eff. imd.)

§ 1585. Actions of courts and other agencies.
Any court or other agency of this Commonwealth, or a
subdivision thereof, which has jurisdiction to take any action
suspending, revoking or otherwise limiting a license to drive,
shall report any such action and the adjudication upon which
it is based to the Department of Transportation within the
period specified in sections 6322 (relating to reports by
issuing authorities) and 6323 (relating to reports by courts).

§ 1586. Duties of department.
The department shall, for purposes of imposing a suspension
or revocation under Article IV of the compact, treat reports
of convictions received from party states that relate to
driving, operating or being in actual physical control of a
vehicle while impaired by or under the influence of alcohol,
intoxicating liquor, drugs, narcotics, controlled substances
or other impairing or intoxicating substance as being
substantially similar to section 3802 (relating to driving under
influence of alcohol or controlled substance). The fact that
the offense reported to the department by a party state may
require a different degree of impairment of a person's ability
to operate, drive or control a vehicle than that required to
support a conviction for a violation of section 3802 shall not
be a basis for determining that the party state's offense is
not substantially similar to section 3802 for purposes of
Article IV of the compact.

upon receiving credible information that the commercial
driver learner's permit holder or commercial driver's license
holder is suspected of fraud related to the issuance of a

Suitable notations of all convictions, disqualifications and other licensing actions for violations of any State or local law relating to motor vehicle traffic control, other than a parking violation, committed in any type of vehicle may be stored and admitted into evidence by the department as provided in section 1516(b) (relating to department records). All actions reported to the department under this paragraph shall have the same effect on subsequent actions as if the reported action had been taken by the department.

(3) A commercial driver's license or commercial driver learner's permit shall not be issued to a person while the person is subject to a disqualification from driving a commercial motor vehicle or while the person's driver's license is suspended, revoked or canceled in any state; nor shall a commercial driver's license be issued to a person who has a commercial driver's license issued by any other state unless the person first surrenders all such licenses, which shall be returned to the issuing state for cancellation.

(b) Other provisions applicable.--All provisions of this chapter applicable to the commercial driver's license for a resident of this Commonwealth, except the residency requirement, and all provisions of this title applicable to drivers' licenses shall be applicable to a nonresident CDL.

(c) Waiver of testing requirement.--The department may issue a nonresident CDL to a resident of a foreign jurisdiction without requiring additional testing if the driver possesses a valid CDL issued by another state or by the foreign jurisdiction of the driver and the United States Secretary of Transportation has determined that the commercial motor vehicle testing and licensing standards in the foreign jurisdiction meet the testing standards established in Federal regulations.

(4) An additional fee of $15 shall be imposed for the initial issuance or renewal of a commercial driver's license with an "H" or "X" endorsement, in addition to the cost of a criminal history background check as required by the USA Patriot Act of 2001 (Public Law 107-56, 115 Stat. 272).

(2005 Amendment. Section 10(2) of Act 37 provided that Act 37 shall take effect 90 days after publication of a notice in the Pennsylvania Bulletin. The notice was published July 16, 2005, at 35 Pa.B. 4029.)
§ 1618. Fines exempt from Judicial Computer Account.

All fines and penalties imposed by this chapter shall be deposited into the Motor License Fund and shall not be subject to the provisions of 42 Pa.C.S. § 3733 (relating to deposits into account).

§ 1619. Prohibition against discharging, disciplining or discriminating against employees.

(a) General rule.--No person shall discharge, discipline or in any manner discriminate against any employee with respect to the employee's compensation, terms, conditions or privileges of employment because such employee, or person acting pursuant to a request of the employee:

(1) refuses to operate a commercial motor vehicle which is not in compliance with the provisions of 67 Pa. Code Ch. 231 (relating to intrastate motor carrier safety requirements) and existing safety laws; or

(2) has filed any complaint or instituted or caused to be instituted any proceeding relating to a violation of a commercial motor vehicle safety rule, regulation, standard or order or has testified or is about to testify in any such proceeding.

(b) Unsafe conditions.--No person shall discharge, discipline or in any manner discriminate against an employee with respect to the employee's compensation, terms, conditions or privileges of employment for refusing to operate a vehicle when such operation constitutes a violation of any Federal rules, regulations, standards or orders applicable to commercial motor vehicle safety or health, or because of the employee's reasonable apprehension of serious injury to himself or the public due to the unsafe condition of such equipment. The unsafe conditions causing the employee's apprehension of injury must be of such nature that a reasonable person, under the circumstances then confronting the employee, would conclude that there is a bona fide danger of an accident, injury or serious impairment of health resulting from the unsafe condition. In order to qualify for protection under this subsection, the employee must have sought from his employer and have been unable to obtain correction of the unsafe condition.

(c) Procedure.--

(1) Any employee who believes he has been discharged, disciplined or otherwise discriminated against by any person in violation of subsection (a) or (b) may, within 180 days after such alleged violation occurs, file or have filed by any person on the employee's behalf a complaint with a magisterial district judge alleging such discharge, discipline or discrimination. Actions brought under this section shall be brought in the court of common pleas if the complaint states a claim for damages in excess of the jurisdictional limits provided by 42 Pa.C.S. § 1515 (relating to jurisdiction and venue) and the plaintiff declines to waive the portion of his claim exceeding the jurisdictional amount.

(2) Upon request of the employee, the employer or any representative of the employee or employer, the Pennsylvania Public Utility Commission shall assign and direct an investigator with qualifications in motor vehicle safety inspections to examine the vehicle or vehicles in question and render a signed report. Such report shall be prima facie evidence of the facts and the conclusions contained therein,
and may be introduced in a legal proceeding brought under this section. Any party may call the investigator as if on cross examination in a legal proceeding brought under this section.

(3) If the magisterial district judge or the court of common pleas, after notice and hearing, determines that a violation of subsection (a) or (b) has occurred, the magisterial district judge or court of common pleas has the power to and shall order:

(i) the person who committed such violation to take affirmative action to abate the violation;

(ii) such person to reinstate the complainant to the complainant's former position together with the compensation, including back pay, terms, conditions and privileges of the complainant's employment; and

(iii) compensatory damages.

(4) If an order is issued under paragraph (3), the magisterial district judge or court of common pleas issuing the order, at the request of the complainant, may assess against the person against whom the order is issued a sum equal to the aggregate amount of all costs and expenses, including attorney fees, reasonably incurred by the complaint for, or in connection with, the bringing of the complaint upon which the order was issued.

(d) Review of order.--Any person adversely affected or aggrieved by an order issued after a hearing under subsection (c) may obtain review of the order in accordance with the provisions of 42 Pa.C.S. (relating to judiciary and judicial procedure).

(e) Enforcement of order.--Whenever a person has failed to comply with an order issued under subsection (c)(3), an aggrieved party may file a civil action or seek an enforcement order in the court of common pleas for the district in which the violation was found to occur in order to enforce such order. In actions brought under this subsection, the court of common pleas shall have jurisdiction to grant all appropriate relief, including injunctive relief, reinstatement and compensatory damages.

§ 1620. Commercial driver records.

The department shall establish a program for unlimited annual electronic driver record checks for employers of commercial drivers. The program shall include the registration of the employer with the department, including an estimate of the number of drivers employed and an annual fee which shall be based on $5 per estimated driver. The department shall provide the registered employer with unlimited electronic access to uncertified driver records. The department is authorized to periodically audit the registered employer to determine that fees are approximately in line with the number of employees' records being accessed. If the department determines that the employer misrepresented the number of drivers whose records would be accessed or that the record of a driver other than a commercial driver employee or prospective commercial driver
employee was accessed, the department shall take appropriate action.

§ 1705. **Election of tort options.**

(a) **Financial responsibility requirements.**—

(1) Each insurer, not less than 45 days prior to the first renewal of a private passenger motor vehicle liability insurance policy on and after July 1, 1990, shall notify in writing each named insured of the availability of two alternatives of full tort insurance and limited tort insurance described in subsections (c) and (d). The notice shall be a standardized form adopted by the commissioner and shall include the following language:

NOTICE TO NAMED INSUREDS

A. "Limited Tort" Option—The laws of the Commonwealth of Pennsylvania give you the right to choose a form of insurance that limits your right and the right of members of your household to seek financial compensation for injuries caused by other drivers. Under this form of insurance, you and other household members covered under this policy may seek recovery for all medical and other out-of-pocket expenses, but not for pain and suffering or other nonmonetary damages unless the injuries suffered fall within the definition of "serious injury" as set forth in the policy or unless one of several other exceptions noted in the policy applies. The annual premium for basic coverage as required by law under this "limited tort" option is $ . Additional coverages under this option are available at additional cost.

B. "Full Tort" Option—The laws of the Commonwealth of Pennsylvania also give you the right to choose a form of insurance under which you maintain an unrestricted right for you and the members of your household to seek financial compensation for injuries caused by other drivers. Under this form of insurance, you and other household members covered under this policy may seek recovery for all medical and other out-of-pocket expenses and may also seek financial compensation for pain and suffering and other nonmonetary damages as a result of injuries caused by other drivers. The annual premium for basic coverage as required by law under this "full tort" option is $ . Additional coverages under this option are available at additional cost.

C. You may contact your insurance agent, broker or company to discuss the cost of other coverages.

D. If you wish to choose the "limited tort" option described in paragraph A, you must sign this notice where indicated below and return it. If you do not sign and return this notice, you will be considered to have chosen the "full tort" coverage as described in paragraph B and you will be charged the "full tort" premium.

I wish to choose the "limited tort" option described in paragraph A:

.................................................
E. If you wish to choose the "full tort" option described in paragraph B, you may sign this notice where indicated below and return it. However, if you do not sign and return this notice, you will be considered to have chosen the "full tort" coverage as described in paragraph B and you will be charged the "full tort" premium.

I wish to choose the "full tort" option described in paragraph B:

...............................................

(2) Insurers shall print the above notice containing both options on one sheet in prominent type and place in a prominent location. Any person signing, or otherwise bound by, a document containing such terms is bound by such election and is precluded from claiming liability of any person based upon being inadequately informed in making the election between full tort or limited tort alternatives. Where there are two or more named insureds on a policy, any named insured may make the full or limited tort election provided for in this section for all named insureds on the policy.

(3) If a named insured who receives a notice under paragraph (1) does not indicate a choice within 20 days, the insurer shall send a second notice. The second notice shall be in a form identical to the first notice, except that it shall be identified as a second and final notice. If a named insured has not responded to either notice ten days prior to the renewal date, the named insured and those he is empowered by this section to bind by his choice are conclusively presumed to have chosen the full tort alternative. All notices required by this section shall advise that if no tort election is made, the named insured and those he is empowered to bind by his choice are conclusively presumed to have chosen the full tort alternative. Any person subject to the limited tort option by virtue of this section shall be precluded from claiming liability of any person based upon being inadequately informed.

(4) Each insurer, prior to the first issuance of a private passenger motor vehicle liability insurance policy on and after July 1, 1990, shall provide each applicant with the notice required by paragraph (1). A policy may not be issued until the applicant has been provided an opportunity to elect a tort option.

(5) An owner of a currently registered private passenger motor vehicle who does not have financial responsibility shall be deemed to have chosen the limited tort alternative.

(6) Nothing in this section changes or modifies the existing requirement that owners of registered vehicles maintain bodily injury and property damage liability insurance arising out of the ownership, maintenance or use of a motor vehicle.

(b) Application of tort options.--

(1) The tort option elected by a named insured shall apply to all private passenger motor vehicle policies of the named insured issued by the same insurer and shall continue in force as to all subsequent renewal policies, replacement policies and any other private passenger motor vehicle policies under which the individual is a named insured until
the insurer, or its authorized representative, receives a properly executed form electing the other tort option. (2) The tort option elected by a named insured shall apply to all insureds under the private passenger motor vehicle policy who are not named insureds under another private passenger motor vehicle policy. In the case where more than one private passenger motor vehicle policy is applicable to an insured and the policies have conflicting tort options, the insured is bound by the tort option of the policy associated with the private passenger motor vehicle in which the insured is an occupant at the time of the accident if he is an insured on that policy and bound by the full tort option otherwise. (3) An individual who is not an owner of a currently registered private passenger motor vehicle and who is not a named insured or insured under any private passenger motor vehicle policy shall not be precluded from maintaining an action for noneconomic loss or economic loss sustained in a motor vehicle accident as the consequence of the fault of another person pursuant to applicable tort law. (c) Full tort alternative.—Each person who is bound by the full tort election remains eligible to seek compensation for noneconomic loss claimed and economic loss sustained in a motor vehicle accident as the consequence of the fault of another person pursuant to applicable tort law. (d) Limited tort alternative.—Each person who elects the limited tort alternative remains eligible to seek compensation for economic loss sustained in a motor vehicle accident as the consequence of the fault of another person pursuant to applicable tort law. Unless the injury sustained is a serious injury, each person who is bound by the limited tort election shall be precluded from maintaining an action for any noneconomic loss, except that: (1) An individual otherwise bound by the limited tort election who sustains damages in a motor vehicle accident as the consequence of the fault of another person may recover damages as if the individual damaged had elected the full tort alternative whenever the person at fault: (i) is convicted or accepts Accelerated Rehabilitative Disposition (ARD) for driving under the influence of alcohol or a controlled substance in that accident; (ii) is operating a motor vehicle registered in another state; (iii) intends to injure himself or another person, provided that an individual does not intentionally injure himself or another person merely because his act or failure to act is intentional or done with his realization that it creates a grave risk of causing injury or the act or omission causing the injury is for the purpose of averting bodily harm to himself or another person; or (iv) has not maintained financial responsibility as required by this chapter, provided that nothing in this paragraph shall affect the limitation of section 1731(d)(2) (relating to availability, scope and amount of coverage). (2) An individual otherwise bound by the limited tort election shall retain full tort rights with respect to claims against a person in the business of designing, manufacturing, repairing, servicing or otherwise maintaining motor vehicles arising out of a defect in such motor vehicle which is caused
by or not corrected by an act or omission in the course of such business, other than a defect in a motor vehicle which is operated by such business.

(3) An individual otherwise bound by the limited tort election shall retain full tort rights if injured while an occupant of a motor vehicle other than a private passenger motor vehicle.

(e) Nondiscrimination.--No insurer shall cancel, refuse to write or refuse to renew a motor vehicle insurance policy based on the tort option election of the named insured. Any violation of this subsection shall be deemed a violation of the Automobile Insurance Policy Act.

(f) Definitions.--As used in this section, the following words and phrases when used in this section shall have the meanings given to them in this subsection unless the context clearly indicates otherwise:

"Insured." Any individual residing in the household of the named insured who is:

(1) a spouse or other relative of the named insured; or

(2) a minor in the custody of either the named insured or relative of the named insured.

"Named insured." Any individual identified by name as an insured in a policy of private passenger motor vehicle insurance.

(3) For the occupants of an insured motor vehicle, the policy on that motor vehicle.

(4) For a person who is not the occupant of a motor vehicle, the policy on any motor vehicle involved in the accident. For the purpose of this paragraph, a parked and unoccupied motor vehicle is not a motor vehicle involved in an accident unless it was parked so as to cause unreasonable risk of injury.

(b) **Multiple sources of equal priority.**—The insurer against whom a claim is asserted first under the priorities set forth in subsection (a) shall process and pay the claim as if wholly responsible. The insurer is thereafter entitled to recover contribution pro rata from any other insurer for the benefits paid and the costs of processing the claim. (b) Higher or lower limits and additional benefits.--Insurers may make available higher or lower limits or benefits in addition to those enumerated in subsection (a).

(c) Restriction on providing first party benefits.--An insurer shall not issue or deliver a policy providing first party benefits in accordance with this subchapter unless the policy also contains coverage for liability in amounts at least equal to the limits required for financial responsibility.

(f) Determining adverse experience of an agent.--For purposes of determining adverse experience of an agent, experience generated from extraordinary medical benefit coverage described in subsection (a)(1.1) shall be excluded.

(g) Voluntary pooling.--Notwithstanding any other provisions of this act or the act of June 11, 1947 (P.L.538, No.246), known as The Casualty and Surety Rate Regulatory Act, two or more insurers may enter into an arrangement or agreement to provide for the availability of an extraordinary medical benefit pursuant to the provisions of this chapter. All such arrangements or agreements entered into by an insurer shall be subject to the prior approval of the Insurance Commissioner.

Benefits are overdue if not paid within 30 days after the insurer receives reasonable proof of the amount of the benefits. If reasonable proof is not supplied as to all benefits, the portion supported by reasonable proof is overdue if not paid within 30 days after the proof is received by the insurer. Overdue benefits shall bear interest at the rate of 12% per
annum from the date the benefits become due. In the event the insurer is found to have acted in an unreasonable manner in refusing to pay the benefits when due, the insurer shall pay, in addition to the benefits owed and the interest thereon, a reasonable attorney fee based upon actual time expended.

   (a) General rule.--An insurer shall exclude from benefits any insured, or his personal representative, under a policy enumerated in section 1711 (relating to required benefits) or 1712 (relating to availability of benefits), when the conduct of the insured contributed to the injury sustained by the insured in any of the following ways:
      (1) While intentionally injuring himself or another or attempting to intentionally injure himself or another.
      (2) While committing a felony.
      (3) While seeking to elude lawful apprehension or arrest by a law enforcement official.
   (b) Conversion of vehicle.--A person who knowingly converts a motor vehicle is ineligible to receive first party benefits from any source other than a policy of insurance under which he is insured for any injury arising out of the maintenance or use of the converted vehicle.
   (c) Named driver exclusion.--An insurer or the first named insured may exclude any person or his personal representative from benefits under a policy enumerated in section 1711 or 1712 when any of the following apply:

(b) Definition.--As used in this section the term "program, group contract or other arrangement" includes, but is not limited to, benefits payable by a hospital plan corporation or a professional health service corporation subject to 40 Pa.C.S. SUBCHAPTER C
UNINSURED AND UNDERINSURED MOTORIST COVERAGE

Sec.
1731. Availability, scope and amount of coverage.
1732. Limits of coverage (Repealed).
1733. Priority of recovery.
1734. Request for lower limits of coverage.
1735. Coverages unaffected by workers' compensation benefits (Repealed).
1736. Coverages in excess of required amounts.
1737. Workers' compensation benefits not a bar to uninsured and underinsured motorist benefits (Repealed).
1738. Stacking of uninsured and underinsured benefits and option to waive.

§ 1731. Availability, scope and amount of coverage.

(a) Mandatory offering.--No motor vehicle liability insurance policy shall be delivered or issued for delivery in this Commonwealth, with respect to any motor vehicle registered or principally garaged in this Commonwealth, unless uninsured motorist and underinsured motorist coverages are offered therein
or supplemental thereto in amounts as provided in section 1734 (relating to request for lower limits of coverage). Purchase of uninsured motorist and underinsured motorist coverages is optional.

(b) Uninsured motorist coverage.--Uninsured motorist coverage shall provide protection for persons who suffer injury arising out of the maintenance or use of a motor vehicle and are legally entitled to recover damages therefor from owners or operators of uninsured motor vehicles. The named insured shall be informed that he may reject uninsured motorist coverage by signing the following written rejection form:

REJECTION OF UNINSURED MOTORIST PROTECTION

By signing this waiver I am rejecting uninsured motorist coverage under this policy, for myself and all relatives residing in my household. Uninsured coverage protects me and relatives living in my household for losses and damages suffered if injury is caused by the negligence of a driver who does not have any insurance to pay for losses and damages. I knowingly and voluntarily reject this coverage.

....................................
Signature of First Named Insured
.....................................
Date

(b.1) Limitation of rejection.--Uninsured motorist protection may be rejected for the driver and passengers for rental or lease vehicles which are not otherwise common carriers by motor vehicle, but such coverage may only be rejected if the rental or lease agreement is signed by the person renting or leasing the vehicle and contains the following rejection language:

Rejection of Uninsured Motorist Protection

I am rejecting uninsured motorist coverage under this rental or lease agreement, and any policy of insurance or self-insurance issued under this agreement, for myself and all other passengers of this vehicle. Uninsured coverage protects me and other passengers in this vehicle for losses and damages suffered if injury is caused by the negligence of a driver who does not have any insurance to pay for losses and damages.

(b.2) Rejection language change.--The rejection language of subsection (b.1) may only be changed grammatically to reflect a difference in tense in the rental agreement or lease agreement.

(b.3) Vehicle rental services.--The requirements of subsection (b.1) may be met in connection with an expedited vehicle rental service, which service by agreement of the renter does not require the renter's signature for each rental, if a master enrollment or rental agreement contains the rejection language of subsection (b.1) and such agreement is signed by the renter.

(c) Underinsured motorist coverage.--Underinsured motorist coverage shall provide protection for persons who suffer injury arising out of the maintenance or use of a motor vehicle and are legally entitled to recover damages therefor from owners or operators of underinsured motor vehicles. The named insured shall be informed that he may reject underinsured motorist coverage by signing the following written rejection form:

REJECTION OF UNDERINSURED MOTORIST PROTECTION

By signing this waiver I am rejecting underinsured motorist coverage under this policy, for myself and all relatives residing in my household. Underinsured coverage protects me and relatives living in my household for losses
and damages suffered if injury is caused by the negligence of a driver who does not have enough insurance to pay for all losses and damages. I knowingly and voluntarily reject this coverage.

....................................
Signature of First Named Insured
.....................................
Date

(c.1) Form of waiver.--Insurers shall print the rejection forms required by subsections (b) and (c) on separate sheets in prominent type and location. The forms must be signed by the first named insured and dated to be valid. The signatures on the forms may be witnessed by an insurance agent or broker. Any rejection form that does not specifically comply with this section is void. If the insurer fails to produce a valid rejection form, uninsured or underinsured coverage, or both, as the case may be, under that policy shall be equal to the bodily injury liability limits. On policies in which either uninsured or underinsured coverage has been rejected, the policy renewals must contain notice in prominent type that the policy does not provide protection against damages caused by uninsured or underinsured motorists. Any person who executes a waiver under subsection (b) or (c) shall be precluded from claiming liability of any person based upon inadequate information.

(d) Limitation on recovery.--
  (1) A person who recovers damages under uninsured motorist coverage or coverages cannot recover damages under uninsured motorist coverage or coverages for the same accident.
  (2) A person precluded from maintaining an action for noneconomic damages under section 1705 (relating to election of tort options) may not recover from uninsured motorist coverage or underinsured motorist coverage for noneconomic damages.

1995 Amendment. Act 30 amended subsec. (b.1) and added subsecs. (b.2) and (b.3), retroactive to December 28, 1994, as to subsec. (b.1).

Cross References. Section 1731 is referred to in sections 1705, 1734 of this title.

§ 1732. Limits of coverage (Repealed).

1990 Repeal. Section 1732 was repealed February 7, 1990, P.L.11, No.6, effective July 1, 1990.

§ 1733. Priority of recovery.
  (a) General rule.--Where multiple policies apply, payment shall be made in the following order of priority:
    (1) A policy covering a motor vehicle occupied by the injured person at the time of the accident.
    (2) A policy covering a motor vehicle not involved in the accident with respect to which the injured person is an insured.
  (b) Multiple sources of equal priority.--The insurer against whom a claim is asserted first under the priorities set forth in subsection (a) shall process and pay the claim as if wholly responsible. The insurer is thereafter entitled to recover contribution pro rata from any other insurer for the benefits paid and the costs of processing the claim.
§ 1734. Request for lower limits of coverage.

A named insured may request in writing the issuance of coverages under section 1731 (relating to availability, scope and amount of coverage) in amounts equal to or less than the limits of liability for bodily injury.

Cross References. Section 1734 is referred to in section 1731 of this title.

§ 1735. Coverages unaffected by workers' compensation benefits (Repealed).

1993 Repeal. Section 1735 was repealed July 2, 1993, P.L.190, No.44, effective immediately.

§ 1736. Coverages in excess of required amounts.

The coverages provided under this subchapter may be offered by insurers in amounts higher than those required by this chapter but may not be greater than the limits of liability specified in the bodily injury liability provisions of the insured's policy.

§ 1737. Workers' compensation benefits not a bar to uninsured and underinsured motorist benefits (Repealed).

1993 Repeal. Section 1737 was repealed July 2, 1993, P.L.190, No.44, effective immediately.

§ 1738. Stacking of uninsured and underinsured benefits and option to waive.

(a) Limit for each vehicle.--When more than one vehicle is insured under one or more policies providing uninsured or underinsured motorist coverage, the stated limit for uninsured or underinsured coverage shall apply separately to each vehicle so insured. The limits of coverages available under this subchapter for an insured shall be the sum of the limits for each motor vehicle as to which the injured person is an insured.

(b) Waiver.--Notwithstanding the provisions of subsection (a), a named insured may waive coverage providing stacking of uninsured or underinsured coverages in which case the limits of coverage available under the policy for an insured shall be the stated limits for the motor vehicle as to which the injured person is an insured.

(c) More than one vehicle.--Each named insured purchasing uninsured or underinsured motorist coverage for more than one vehicle under a policy shall be provided the opportunity to waive the stacked limits of coverage and instead purchase coverage as described in subsection (b). The premiums for an insured who exercises such waiver shall be reduced to reflect the different cost of such coverage.

(d) Forms.--

(1) The named insured shall be informed that he may exercise the waiver of the stacked limits of uninsured motorist coverage by signing the following written rejection form:

UNINSURED COVERAGE LIMITS

By signing this waiver, I am rejecting stacked limits of uninsured motorist coverage under the policy for myself and members of my household under which the limits of coverage available would be the sum of limits for each motor vehicle insured under the policy. Instead, the limits of coverage that I am purchasing shall be reduced to the limits stated in the policy. I knowingly and voluntarily reject the stacked limits of coverage.
I understand that my premiums will be reduced if I reject this coverage.

Instead, the limits of coverage that I am purchasing shall be reduced to the limits stated in the policy. I knowingly and voluntarily reject the stacked limits of coverage. I understand that my premiums will be reduced if I reject this coverage.

provided the judgment debtor furnishes proof of financial responsibility.

(c) **Financial responsibility in effect at time of accident.**—Any person whose operating privilege has been suspended, or is about to be suspended or become subject to suspension, under this chapter shall be relieved from the effect of the judgment as prescribed in this chapter if the person files evidence satisfactory to the department that financial responsibility was in force and effect at the time of the accident resulting in the judgment and is or should be available for the satisfaction of the judgment. If insurance already obtained is not available because the insurance company has gone into receivership or bankruptcy, the person shall only be required to present to or file with the department proper evidence that an insurance policy was in force and effect at the time of the accident.

**Cross References.** Section 1772 is referred to in sections 1553, 1554, 1556, 1783 of this title.

§ 1773. **Continuation of suspension until judgments paid and proof given.**

A person's operating privilege shall remain suspended and shall not be renewed in the name of that person unless and until every judgment is stayed, satisfied in full or to the extent provided in this subchapter, and until the person furnishes proof of financial responsibility as required.

§ 1774. **Payments sufficient to satisfy judgments.**

(a) **General rule.**—For the purpose of this chapter only, judgments shall be deemed satisfied upon the occurrence of one of the following:

1. When $15,000 has been credited upon any judgment or judgments rendered in excess of that amount because of injury to one person as the result of any one accident.
2. When $30,000 has been credited upon any judgment or judgments rendered in excess of that amount because of injury to two or more persons as the result of any one accident.
3. When $5,000 has been credited upon any judgment or judgments rendered in excess of that amount because of damage to property of others as the result of any one accident.

(b) **Credit for payment under settlement.**—Payments made in settlement of any claims because of bodily injury or property damage arising from a motor vehicle accident shall be credited in reduction of the amounts provided for in this section.

(c) **Escrow deposit by judgment debtor.**—When the judgment creditor cannot be found, the judgment debtor may deposit in escrow with the prothonotary of the court where the judgment was entered an amount equal to the amount of the judgment, subject to the limits set forth in subsection (a), interest to date and record costs, whereupon the prothonotary shall notify the department and the judgment shall be deemed satisfied. The amount deposited shall be retained by the prothonotary for a period of five years from the date of the deposit, after which, if it has not been claimed by the judgment creditor, it shall be returned to the judgment debtor. When the deposit is made, the prothonotary shall notify the judgment creditor and his counsel, if any, by certified or registered mail at his last known address. No interest shall run on any judgment with respect to the amount deposited with the prothonotary under the terms of this subsection.

§ 1775. Installment payment of judgments.

(a) Order authorizing installment payment.--A judgment debtor, upon due notice to the judgment creditor, may apply to the court in which the judgment was rendered for the privilege of paying the judgment in installments and the court, in its discretion and without prejudice to any other legal remedies which the judgment creditor may have, may so order and fix the amounts and times of payment of the installments.

(b) Suspension prohibited during compliance with order.--The department shall not suspend a driver's operating privilege and shall restore any operating privilege suspended following nonpayment of a judgment when the judgment debtor obtains an order permitting payment of the judgment in installments and while the payment of any installment is not in default, provided that the judgment debtor furnishes proof of financial responsibility.

(c) Suspension for default in payment.--In the event the judgment debtor fails to pay any installment as specified by the order, then, upon notice of the default, the department shall suspend the operating privilege of the judgment debtor until the judgment is satisfied as provided in this chapter.

§ 1781. Notice of sanction for not evidencing financial responsibility.

An applicant for registration of a vehicle shall acknowledge on a form developed by the Department of Transportation that the applicant knows he may lose his operating privilege or vehicle registrations if he fails to maintain financial responsibility on the currently registered vehicle for the period of registration.

(Feb. 7, 1990, P.L.11, No.6, eff. July 1, 1990)

§ 1782. Manner of providing proof of financial responsibility.

(a) General rule.--Proof of financial responsibility may be furnished by filing evidence satisfactory to the department that all motor vehicles registered in a person's name are covered by motor vehicle liability insurance or by a program of self-insurance as provided by section 1787 (relating to self-insurance) or other reliable financial arrangements, deposits, resources or commitments acceptable to the department.
(b) Nonresident.--The nonresident owner of a motor vehicle not registered in this Commonwealth may give proof of financial responsibility by filing with the department a written certificate or certificates of an insurance company authorized to transact business in the state in which the motor vehicle or motor vehicles described in the certificate are registered or, if the nonresident does not own a motor vehicle, then evidence satisfactory to the department that the person does not own a motor vehicle. The department shall accept the certificate upon condition that the insurance company complies with the following provisions with respect to the policies so certified:

1. The insurance company shall execute a power of attorney authorizing the department to accept service on its behalf or process in any action arising out of a motor vehicle accident in this Commonwealth.

2. The insurance company shall agree in writing that the policies shall be deemed to conform with the laws of this Commonwealth relating to the terms of motor vehicle liability policies issued in this Commonwealth.

(c) Default by foreign insurance company.--If any insurance company not authorized to transact business in this Commonwealth, which has qualified to furnish proof of financial responsibility, defaults in any undertakings or agreements, the department shall not thereafter accept as proof any certificate of the company whether theretofore filed or thereafter tendered as proof as long as the default continues.

(d) Financial responsibility identification cards.--Insurers shall provide financial responsibility identification cards to insureds which shall be valid only for the period for which coverage has been paid by the insured. If the insured and insurer both agree, the insurer may issue the financial responsibility identification card solely in electronic format. Financial responsibility identification cards shall disclose the period for which coverage has been paid by the insured and shall contain such other information as required by the Insurance Department. In such instance where the insured has financed premiums through a premium finance company or where the insured is on an insurer-sponsored or agency-sponsored payment plan, financial responsibility identification cards may be issued for periods of six months even though such payment by the insured may be for a period of less than six months. Nothing in this subsection shall be construed to require the immediate issuance of financial responsibility identification cards where an insured replaces an insured vehicle, adds a vehicle or increases coverages under an existing policy for which a premium adjustment is required.

(e) Immunity.--If an insured chooses to provide proof of financial responsibility to be viewed in an electronic format on an electronic device pursuant to section 1786 (relating to required financial responsibility), a police officer administering in good faith this subchapter shall be immune from any civil or criminal liability which arises from the insured's choice, including the inadvertent viewing of materials on the device other than the proof of financial responsibility, inadvertent deletion of information from the device, inadvertent interception of a communication while in possession of the device and breakage which occurs to the device.

2013 Amendment. Act 132 amended subsec. (d) and added subsec. (e).

§ 1783. Proof of financial responsibility before restoring operating privilege or registration.

Whenever the department suspends or revokes the operating privilege of any person or the registration of any vehicle pursuant to section 1532 (relating to revocation or suspension of operating privilege), 1542 (relating to revocation of habitual offender's license), 1772 (relating to suspension for nonpayment of judgments), 1784 (relating to proof of financial responsibility following violation) or 1785 (relating to proof of financial responsibility following accident), or upon receiving the record of a conviction or forfeiture of bail, the department shall not restore the operating privilege or the applicable registration until the person furnishes proof of financial responsibility.

§ 1784. Proof of financial responsibility following violation.

A defendant who is convicted of a traffic offense, other than a parking offense, that requires a court appearance shall be required to show proof of financial responsibility covering the operation of the vehicle at the time of the offense. If the defendant fails to show proof of financial responsibility, the court shall notify the department of that fact. Upon receipt of the notice, the department shall revoke the registration of the vehicle. If the defendant is the owner of the vehicle, the department shall also suspend the operating privilege of the defendant.

Cross References. Section 1784 is referred to in sections 1553, 1783 of this title.

§ 1785. Proof of financial responsibility following accident.

If the department determines that the owner of a motor vehicle involved in an accident requiring notice to a police department pursuant to section 3746 (relating to immediate notice of accident to police department) did not maintain financial responsibility on the motor vehicle at the time of the accident, the department shall suspend the operating privilege of the owner, where applicable, and the department shall revoke the registration of the vehicle.

Cross References. Section 1785 is referred to in sections 1553, 1783 of this title.

§ 1786. Required financial responsibility.

(a) General rule.--Every motor vehicle of the type required to be registered under this title which is operated or currently registered shall be covered by financial responsibility.

(b) Self-certification.--The Department of Transportation shall require that each motor vehicle registrant certify that the registrant is financially responsible at the time of registration or renewal thereof. The department shall refuse to register or renew the registration of a vehicle for failure to comply with this requirement or falsification of self-certification.

(c) Consent to produce proof of financial responsibility.--Upon registering a motor vehicle or renewing a motor vehicle registration, the owner of the motor vehicle shall be deemed to have given consent to produce proof, upon request, to the Department of Transportation or a police officer that the vehicle registrant has the financial responsibility...
required by this chapter. Proof of financial responsibility may be satisfied under this chapter by production of a financial responsibility identification card in paper or electronic form. If an owner of a motor vehicle is providing electronic proof of financial responsibility to a police officer, the police officer shall only view content that is reasonably necessary to demonstrate proof of financial responsibility. The owner of the electronic device assumes liability for any damage to the electronic device containing the financial responsibility identification card while in possession of the police officer or agents of the department.

(d) Suspension of registration and operating privilege.--

(1) The Department of Transportation shall suspend the registration of a vehicle for a period of three months if it determines the required financial responsibility was not secured as required by this chapter and shall suspend the operating privilege of the owner or registrant for a period of three months if the department determines that the owner or registrant has operated or permitted the operation of the vehicle without the required financial responsibility. The operating privilege shall not be restored until the restoration fee for operating privilege provided by section 1960 (relating to reinstatement of operating privilege or vehicle registration) is paid.

(1.1) In lieu of serving a registration suspension imposed under this section, an owner or registrant may pay to the department a civil penalty of $500, the restoration fee prescribed under section 1960 and furnish proof of financial responsibility in a manner determined by the department. An owner or registrant may exercise this option no more than once in a 12-month period.

(2) Whenever the department revokes or suspends the registration of any vehicle under this chapter, the department shall not restore or transfer the registration until the suspension has been served or the civil penalty has been paid to the department and the vehicle owner furnishes proof of financial responsibility in a manner determined by the department and submits an application for registration to the department, accompanied by the fee for restoration of registration provided by section 1960. This subsection shall not apply in the following circumstances:

(i) The owner or registrant proves to the satisfaction of the department that the lapse in financial responsibility coverage was for a period of less than 31 days and that the owner or registrant did not operate or permit the operation of the vehicle during the period of lapse in financial responsibility.

(ii) The owner or registrant is a member of the armed services of the United States, the owner or registrant has previously had the financial responsibility required by this chapter, financial responsibility had lapsed while the owner or registrant was on temporary, emergency duty and the vehicle was not operated during the period of lapse in financial responsibility. The exemption granted by this paragraph shall continue for 30 days after the owner or registrant returns from duty as long as the vehicle is not operated until the required financial responsibility has been established.

(iii) The insurance coverage has terminated or financial responsibility has lapsed simultaneously with or subsequent to expiration of a seasonal registration,
as provided in section 1307(a.1) (relating to period of registration).

(3) An owner whose vehicle registration has been suspended under this subsection shall have the same right of appeal under section 1377 (relating to judicial review) as provided for in cases of the suspension of vehicle registration for other purposes. The filing of the appeal shall act as a supersedeas, and the suspension shall not be imposed until determination of the matter as provided in section 1377. The court's scope of review in an appeal from a vehicle registration suspension shall be limited to determining whether:

(i) the vehicle is registered or of a type that is required to be registered under this title; and

(ii) there has been either notice to the department of a lapse, termination or cancellation in the financial responsibility coverage as required by law for that vehicle or that the owner, registrant or driver was requested to provide proof of financial responsibility to the department, a police officer or another driver and failed to do so. Notice to the department of the lapse, termination or cancellation or the failure to provide the requested proof of financial responsibility shall create a presumption that the vehicle lacked the requisite financial responsibility. This presumption may be overcome by producing clear and convincing evidence that the vehicle was insured at all relevant times.

(4) Where an owner or registrant's operating privilege has been suspended under this subsection, the owner or registrant shall have the same right of appeal under section 1550 (relating to judicial review) as provided for in cases of suspension for other reason. The court's scope of review in an appeal from an operating privilege suspension shall be limited to determining whether:

(i) the vehicle was registered or of a type required to be registered under this title; and

(ii) the owner or registrant operated or permitted the operation of the same vehicle when it was not covered by financial responsibility. The fact that an owner, registrant or operator of the motor vehicle failed to provide competent evidence of insurance or the fact that the department received notice of a lapse, termination or cancellation of insurance for the vehicle shall create a presumption that the vehicle lacked the requisite financial responsibility. This presumption may be overcome by producing clear and convincing evidence that the vehicle was insured at the time that it was driven.

(5) An alleged lapse, cancellation or termination of a policy of insurance by an insurer may only be challenged by requesting review by the Insurance Commissioner pursuant to Article XX of the act of May 17, 1921 (P.L.682, No.284), known as The Insurance Company Law of 1921. Proof that a timely request has been made to the Insurance Commissioner for such a review shall act as a supersedeas, staying the suspension of registration or operating privilege under this section pending a determination pursuant to section 2009(a) of The Insurance Company Law of 1921 or, in the event that further review at a hearing is requested by either party, a final order pursuant to section 2009(i) of The Insurance Company Law of 1921.

(6) The civil penalty collected under paragraph (1.1) shall be deposited into the Public Transportation Trust Fund.
(e) Obligations upon lapse, termination or cancellation of financial responsibility.--

(1) An owner of a motor vehicle who ceases to maintain financial responsibility on a registered vehicle shall not operate or permit operation of the vehicle in this Commonwealth until proof of the required financial responsibility has been provided to the Department of Transportation.

(2) An insurer who has issued a contract of motor vehicle liability insurance, or any approved self-insurance entity, shall notify the department in a timely manner and in a method prescribed by the department's regulations. Upon request of an owner or registrant in the case of an appeal brought by an owner or registrant for suspension under this section, an insurer shall provide a copy of the notice of cancellation or a copy of the insurer's filing procedures with proof that the notice was written in the normal course of business and placed in the normal course of mailing. The department shall not be required to produce such copy or any other proof that notice of termination, lapse or cancellation was provided to the owner or registrant in order to satisfy the burden of proof in a proceeding under this section.

(3) An insurer who has issued a contract of motor vehicle liability insurance and knows or has reason to believe that the contract is only for the purpose of providing proof of financial responsibility shall notify the department if the insurance has been canceled or terminated by the insured or by the insurer. The insurer shall notify the department not later than ten days following the effective date of the cancellation or termination.

(4) A person who, after maintaining financial responsibility on the vehicle of another person, ceases to maintain such financial responsibility shall immediately notify the vehicle's owner who shall not operate, or permit operation of, the vehicle in this Commonwealth.

(5) In the case of a person who leases any motor vehicle from a person engaged in the business of leasing motor vehicles, the lessee shall sign a statement indicating that the required financial responsibility has been provided through the lessor or through the lessee's motor vehicle liability insurance policy coverage. The lessee shall submit the statement to the lessor.

(f) Operation of a motor vehicle without required financial responsibility.--Any owner of a motor vehicle for which the existence of financial responsibility is a requirement for its legal operation shall not operate the motor vehicle or permit it to be operated upon a highway of this Commonwealth without the financial responsibility required by this chapter. In addition to the penalties provided by subsection (d), any person who fails to comply with this subsection commits a summary offense and shall, upon conviction, be sentenced to pay a fine of $300.

(g) Defenses.--

(1) No person shall be convicted of failing to produce proof of financial responsibility under this subchapter or section 3743 (relating to accidents involving damage to attended vehicle or property) or 6308 (relating to investigation by police officers) if the person produces, at the office of the issuing authority within five days of the date of the violation, proof that he possessed the required financial responsibility at the time of the violation.
(2) No person shall be penalized for maintaining a registered motor vehicle without financial responsibility under subsection (d) if, at the time insurance coverage terminated or financial responsibility lapsed, the registration plate and card were voluntarily surrendered to the department, a full agent designated by the department to accept voluntarily surrendered registration plates and cards pursuant to regulations promulgated by the department or a decentralized service agent appointed by the department. If a seasonal registration, as provided in section 1307(a.1), has been issued for the vehicle, return of the registration plate and card shall be required only if the insurance coverage terminates or financial responsibility lapses prior to the expiration of the seasonal registration. The department, a full agent or the decentralized service agent, as the case may be, shall issue a receipt showing the date that the registration plate and card were received. The designated full agent or the decentralized service agent shall return the registration plate and card to the department accompanied by a copy of the receipt.

(h) Reinstatement of voluntarily surrendered registration plate and card.--

(1) Except as provided in paragraph (2), the original registration plate and card shall be canceled by the department and destroyed. Any person who voluntarily surrendered a registration plate and card pursuant to the provisions of subsection (g)(2) may obtain a substitute registration plate and card bearing a registration number other than that originally issued from the department, a designated full agent or a decentralized service agent, as the case may be. Proof of financial responsibility in a form approved by the department shall be submitted together with the receipt showing the registration plate and card were voluntarily surrendered.

(2) Any registration plate issued under sections 1340 (relating to antique and classic plates) and 1341 (relating to special registration plates) shall be returned by the department to the owner of the motor vehicle upon receipt of proof of financial responsibility.

(3) A full agent designated by the department to issue substitute temporary registration cards and plates following a voluntary surrender of registration cards and plates pursuant to regulations promulgated by the department or a decentralized service agent appointed by the department may be authorized to issue substitute temporary registration plates provided proof of financial responsibility and a copy of the receipt showing the original registration plate and card were voluntarily surrendered are furnished. The fees provided pursuant to sections 1929 (relating to replacement registration plates) and 1932 (relating to duplicate registration cards) shall not be charged if the original registration plate and card were canceled pursuant to paragraph (1).

§ 1787. Self-insurance.

(a) General rule.--Self-insurance is effected by filing with the Department of Transportation, in satisfactory form, evidence that reliable financial arrangements, deposits, resources or commitments exist such as will satisfy the department that the self-insurer will:

(1) Provide the benefits required by section 1711 (relating to required benefits), subject to the provisions of Subchapter B (relating to motor vehicle liability insurance first party benefits), except the additional benefits and limits provided in sections 1712 (relating to availability of benefits) and 1715 (relating to availability of adequate limits).

(2) Make payments sufficient to satisfy judgments as required by section 1774 (relating to payments sufficient to satisfy judgments).

(3) Provide uninsured motorist coverage up to the limits set forth in section 1774.

(b) Stacking limits prohibited.--Any recovery of uninsured motorist benefits under this section only shall not be increased by stacking the limits provided in section 1774, in consideration of the ownership or operation of multiple vehicles or otherwise.

(c) Assigned Risk and Assigned Claims Plans.--Self-insurers shall not be required to accept assigned risks pursuant to Subchapter D (relating to Assigned Risk Plan) or contribute to the Assigned Claims Plan pursuant to Subchapter E (relating to Assigned Claims Plan).

(d) Catastrophic Loss Trust Fund.--(Repealed).

(e) Promulgation of regulations, etc.--The Department of Transportation may, jointly with the Insurance Department, promulgate rules, regulations, guidelines, procedures or standards for reviewing and establishing the financial eligibility of self-insurers.

(Feb. 12, 1984, P.L.53, No.12, eff. Oct. 1, 1984; Apr. 26, 1989, P.L.13, No.4, eff. imd.)

1984 Amendment. Act 12 added section 1787.

Cross References. Section 1787 is referred to in sections 1702, 1782 of this title.

§ 1788. Neighborhood electric vehicles.

(a) Minimum coverage requirements.--A neighborhood electric vehicle that is registered or operated on a highway shall be covered by financial responsibility in the amount of $15,000 for injury to one person in any one accident, in the amount of $30,000 for injury to two or more persons in any one accident.
and in the amount of $5,000 for damage of property of others in any one accident. The financial responsibility shall be in a form acceptable to the department.

(b) Exemption from other coverages.--For a neighborhood electric vehicle, no person shall be required to purchase and no insurer shall be required to offer or make available any other coverages contained in this chapter.

IMPORTANT NOTICE
Insurance companies operating in the Commonwealth of Pennsylvania are required by law to make available for purchase the following benefits for you, your spouse or other relatives or minors in your custody or in the custody of your relatives, residing in your household, occupants of your motor vehicle or persons struck by your motor vehicle:

(1) Medical benefits, up to at least $100,000.
(1.1) Extraordinary medical benefits, from $100,000 to $1,100,000 which may be offered in increments of $100,000.

Accidental death benefits, up to at least $25,000.

Funeral benefits, $2,500.

As an alternative to paragraphs (1), (2), (3) and (4), a combination benefit, up to at least $177,500 of benefits in the aggregate or benefits payable up to three years from the date of the accident, whichever occurs first, subject to a limit on accidental death benefit of up to $25,000 and a limit on funeral benefit of $2,500, provided that nothing contained in this subsection shall be construed to limit, reduce, modify or change the provisions of section 1715(d) (relating to availability of adequate limits).

Uninsured, underinsured and bodily injury liability coverage up to at least $100,000 because of injury to one person in any one accident and up to at least $300,000 because of injury to two or more persons in any one accident or, at the option of the insurer, up to at least $300,000 in a single limit for these coverages, except for policies issued under the Assigned Risk Plan. Also, at least $5,000 for damage to property of others in any one accident. Additionally, insurers may offer higher benefit levels than those enumerated above as well as additional benefits. However, an insured may elect to purchase lower benefit levels than those enumerated above. Your signature on this notice or your payment of any renewal premium evidences your actual knowledge and understanding of the availability of these benefits and limits as well as the benefits and limits you have selected. If you have any questions or you do not understand all of the various options available to you, contact your agent or company. If you do not understand any of the provisions contained in this notice, contact your agent or company before you sign.

§ 1791.1. Disclosure of premium charges and tort options.

(a) Invoice.—At the time of application for original coverage and every renewal thereafter, an insurer must provide to an insured an itemized invoice listing the minimum motor vehicle insurance coverage levels mandated by the Commonwealth and the premium charge for the insured to purchase the minimum mandated coverages. The invoice must contain the following notice in print of no less than ten-point type:

The laws of the Commonwealth of Pennsylvania, as enacted by the General Assembly, only require that you purchase liability and first-party medical benefit coverages. Any additional coverages or coverages in excess of the limits required by law are provided only at your request as enhancements to basic coverages.

The insurer shall provide the itemized invoice to the insured in conjunction with the declaration of coverage limits and premiums for the insured's existing coverages.

(b) Notice of tort options.—In addition to the invoice required under subsection (a), an insurer must, at the time of application for original coverage for private passenger motor vehicle insurance and every renewal thereafter, provide to an insured the following notice of the availability of two
alternatives of full tort insurance and limited tort insurance described in section 1705(c) and (d) (relating to election of tort options):

The laws of the Commonwealth of Pennsylvania give you the right to choose either of the following two tort options:

A. "Limited Tort" Option--This form of insurance limits your right and the rights of members of your household to seek financial compensation for injuries caused by other drivers. Under this form of insurance, you and other household members covered under this policy may seek recovery for all medical and other out-of-pocket expenses, but not for pain and suffering or other nonmonetary damages unless the injuries suffered fall within the definition of "serious injury," as set forth in the policy, or unless one of several other exceptions noted in the policy applies.

B. "Full Tort" Option--This form of insurance allows you to maintain an unrestricted right for yourself and other members of your household to seek financial compensation for injuries caused by other drivers. Under this form of insurance, you and other household members covered under this policy may seek recovery for all medical and other out-of-pocket expenses and may also seek financial compensation for pain and suffering or other nonmonetary damages as a result of injuries caused by other drivers.

If you wish to change the tort option that currently applies to your policy, you must notify your agent, broker or company and request and complete the appropriate form.

(c) Notice of premium discounts.--Except where the commissioner has determined that an insurer may omit a discount because the discount is duplicative of other discounts or is specifically reflected in the insurer's experience, at the time of application for original coverage and every renewal thereafter, an insurer must provide to an insured a notice stating that discounts are available for drivers who meet the requirements of sections 1799 (relating to restraint system), 1799.1 (relating to antitheft devices) and 1799.2 (relating to driver improvement course discounts).

(d) Additional information.--Upon an oral or written request, an insurer subject to this chapter shall provide to the requestor information on the requestor's cost to purchase from the insurer the minimum requested automobile insurance coverages under either of the two tort options described in subsection (b). These requirements shall include the request for and provision of information by telephone.

(2) 1990 Amendment. Act 6 added section 1791.1. Section 32 of Act 6 provided that section 1791.1 shall apply to all policies issued or renewed on and after July 1, 1990.

§ 1791.2. Motorcycle marshals.

A motorcycle driver when operating a motorcycle to guide, usher or otherwise ensure the safety of participants in a bicycle race is neither competing nor participating in the bicycle race for purposes of this chapter.

(2005 Amendment. Act 50 added section 1791.2.
§ 1792. **Availability of uninsured, underinsured, bodily injury liability and property damage coverages and mandatory deductibles.**

(a) **Availability of coverages.**—Except for policies issued under Subchapter D (relating to Assigned Risk Plan), an insurer issuing a policy of bodily injury liability coverage pursuant to this chapter shall make available for purchase higher limits of uninsured, underinsured and bodily injury liability coverages up to at least $100,000 because of injury to one person in any one accident and up to at least $300,000 because of injury to two or more persons in any one accident or, at the option of the insurer, up to at least $300,000 in a single limit for these coverages. Additionally, an insurer shall make available for purchase at least $5,000 because of damage to property of others in any one accident. However, the exclusion of availability relating to the Assigned Risk Plan shall not apply to damage to property of others in any one accident.

(b) **Physical damage deductibles.**—

(1) Every private passenger automobile insurance policy providing collision coverage issued or renewed on and after the effective date of this subsection shall offer a deductible in an amount of $500 for collision coverage and may offer a deductible in a greater or lesser amount or a zero deductible.

(2) (Deleted by amendment).

(3) Any person or entity providing financing to the purchaser of a motor vehicle or otherwise holding a security interest in a motor vehicle shall not be permitted to require the purchase of a deductible for less than $500 for collision and comprehensive coverages. Any financial institution, insurer, agent or other person or entity found to have violated this provision shall be required to reimburse the policyholder in an amount equal to the difference in premium and, in addition, shall be required to pay a civil penalty of $500 to the Department of Transportation for each violation.

(4) With the purchase of a $500 or greater deductible, there shall be an immediate commensurate reduction in rate for collision and comprehensive coverages. The reduction in rate shall be based on the insured's existing deductible level.

2013 Amendment. Act 132 amended subsec. (b) hdg., (1) and (2). Section 4 of Act 132 provided that the amendment of section 1792 shall apply to a private passenger automobile insurance policy issued or renewed on or after the effective date of section 4.

§ 1793. **Special provisions relating to premiums.**

(a) **Limitation on premium increases.**—

(1) An insurer shall not increase the premium rate of an owner of a policy of insurance subject to this chapter solely because one or more of the insureds under the policy made a claim under the policy and was paid thereon unless it is determined that the insured was at fault in contributing to the accident giving rise to the claim.

(2) No insurer shall charge an insured who has been convicted of a violation of an offense enumerated in section 1535 (relating to schedule of convictions and points) a higher rate for a policy of insurance solely on account of
the conviction. An insurer may charge an insured a higher rate for a policy of insurance if a claim is made under paragraph (1).

(b) **Surcharge disclosure plan.**--All insurers shall provide to the insured a surcharge disclosure plan. The insurer providing the surcharge disclosure plan shall detail the provisions of the plan including, but not limited to:

1. A description of conditions that would assess a premium surcharge to an insured along with the estimated increase of the surcharge per policy period per policyholder.
2. The number of years any surcharge will be in effect. The surcharge disclosure plan shall be delivered to each insured by the insurer at least once annually. Additionally, the surcharge information plan shall be given to each prospective insured at the time application is made for motor vehicle insurance coverage.

(c) **Return of premiums of canceled policies.**--When an insurer cancels a motor vehicle insurance policy which is subject to section 6(3) of the act of June 5, 1968 (P.L.140, No.78), relating to writing, cancellation of or refusal to renew policies of automobile insurance, the insurer shall within 30 days of canceling the policy return to the insured all premiums paid under the policy less any proration for the period the policy was in effect. Premiums are overdue if not paid to the insured within 30 days after canceling the policy. Overdue return premiums shall bear interest at the rate of 12% per annum from the date the return premium became due.

(d) **Rules and regulations.**--The Insurance Department shall promulgate rules and regulations establishing guidelines and procedures for determining fault of an insured for the purpose of subsection (a) and guidelines for the content and format of the surcharge disclosure plan.

The subject matter is now contained in Article XX of the act of May 17, 1921 (P.L.682, No.284), known as The Insurance Company Law of 1921.

§ 1794. Compulsory judicial arbitration jurisdiction.

Beginning January 1, 1987, the monetary limit in 42 Pa.C.S. § 7361(b)(2)(i) (relating to compulsory arbitration) for the submission of matters to judicial arbitration in judicial districts embracing first and second class counties shall be $25,000 for actions arising from the maintenance or use of a motor vehicle.

§ 1795. Insurance fraud reporting immunity.

(a) **General rule.**--An insurance company, and any agent, servant or employee acting in the course and scope of his employment, shall be immune from civil or criminal liability arising from the supply or release of written or oral information to any duly authorized Federal or State law enforcement agency, including the Insurance Department, upon compliance with the following:

1. The information is supplied to the agency in connection with an allegation of fraudulent conduct on the part of any person relating to the filing or maintenance of a motor vehicle insurance claim for bodily injury or property damage.
(2) The insurance company, agent, servant or employee has probable cause to believe that the information supplied is reasonably related to the allegation of fraud.

(b) Notice to policyholder.--The insurance company shall send written notice to the policyholder or policyholders about whom the information pertains unless the insurance company receives notice that the authorized agency finds, based on specific facts, that there is reason to believe that the information will result in any of the following:

1. Endangerment to the life or physical safety of any person.
2. Flight from prosecution.
3. Destruction of or tampering with evidence.
4. Intimidation of any potential witness or witnesses.
5. Obstruction of or serious jeopardy to an investigation.

The insurance company shall send written notice not sooner than 45 days nor more than 60 days from the time the information is furnished to an authorized agency except when the authorized agency specifies that a notice should not be sent in accordance with the exceptions enumerated in this subsection in which event the insurance company shall send written notice to the policyholder not sooner than 180 days nor more than 190 days following the date the information is furnished.

(c) Immunity for sending notice.--An insurance company or authorized agency and any person acting on behalf of an insurance company or authorized agency complying with or attempting in good faith to comply with subsection (b) shall be immune from civil liability arising out of any acts or omissions in so doing.

(d) Applicability.--Nothing in this section shall be construed to create any rights to privacy or causes of action on behalf of policyholders that are not in existence as of the effective date of this section.

§ 1796. Mental or physical examination of person.

(a) General rule.--Whenever the mental or physical condition of a person is material to any claim for medical, income loss or catastrophic loss benefits, a court of competent jurisdiction or the administrator of the Catastrophic Loss Trust Fund for catastrophic loss claims may order the person to submit to a mental or physical examination by a physician. The order may only be made upon motion for good cause shown. The order shall give the person to be examined adequate notice of the time and date of the examination and shall state the manner, conditions and scope of the examination and the physician by whom it is to be performed. If a person fails to comply with an order to be examined, the court or the administrator may order that the person be denied benefits until compliance.

(b) Report of examination.--If requested by the person examined, a party causing an examination to be made shall promptly deliver to the person examined a copy of every written report concerning the examination at least one of which must set forth the physician's findings and conclusions in detail. Upon failure to promptly provide copies of these reports, the court or the administrator shall prohibit the testimony of the examining physician in any proceeding to recover benefits.

1984 Amendment. Act 12 added section 1796.

(a) General rule.--A person or institution providing treatment, accommodations, products or services to an injured person for an injury covered by liability or uninsured and underinsured benefits or first party medical benefits, including extraordinary medical benefits, for a motor vehicle described in Subchapter B (relating to motor vehicle liability insurance first party benefits) shall not require, request or accept payment for the treatment, accommodations, products or services in excess of 110% of the prevailing charge at the 75th percentile; 110% of the applicable fee schedule, the recommended fee or the inflation index charge; or 110% of the diagnostic-related groups (DRG) payment; whichever pertains to the specialty service involved, determined to be applicable in this Commonwealth under the Medicare program for comparable services at the time the services were rendered, or the provider's usual and customary charge, whichever is less. The General Assembly finds that the reimbursement allowances applicable in the Commonwealth under the Medicare program are an appropriate basis to calculate payment for treatments, accommodations, products or services for injuries covered by liability or uninsured and underinsured benefits or first party medical benefits insurance. Future changes or additions to Medicare allowances are applicable under this section. If the commissioner determines that an allowance under the Medicare program is not reasonable, he may adopt a different allowance by regulation, which allowance shall be applied against the percentage limitation in this subsection. If a prevailing charge, fee schedule, recommended fee, inflation index charge or DRG payment has not been calculated under the Medicare program for a particular treatment, accommodation, product or service, the amount of the payment may not exceed 80% of the provider's usual and customary charge. If acute care is provided in an acute care facility to a patient with an immediately life-threatening or urgent injury by a Level I or Level II trauma center accredited by the Pennsylvania Trauma Systems Foundation under the act of July 3, 1985 (P.L.164, No.45), known as the Emergency Medical Services Act, or to a major burn injury patient by a burn facility which meets all the service standards of the American Burn Association, the amount of payment may not exceed the usual and customary charge. Providers subject to this section may not bill the insured directly but must bill the insurer for a determination of the amount payable. The provider shall not bill or otherwise attempt to collect from the insured the difference between the provider's full charge and the amount paid by the insurer.

(b) Peer review plan for challenges to reasonableness and necessity of treatment.--

(1) Peer review plan.--Insurers shall contract jointly or separately with any peer review organization established for the purpose of evaluating treatment, health care services, products or accommodations provided to any injured person. Such evaluation shall be for the purpose of confirming that such treatment, products, services or accommodations conform to the professional standards of performance and are medically necessary. An insurer's challenge must be made to a PRO within 90 days of the insurer's receipt of the provider's bill for treatment or services or may be made at any time for continuing treatment or services.

(2) PRO reconsideration.--An insurer, provider or insured may request a reconsideration by the PRO of the PRO's
initial determination. Such a request for reconsideration must be made within 30 days of the PRO's initial determination. If reconsideration is requested for the services of a physician or other licensed health care professional, then the reviewing individual must be, or the reviewing panel must include, an individual in the same specialty as the individual subject to review.

(3) Pending determinations by PRO.--If the insurer challenges within 30 days of receipt of a bill for medical treatment or rehabilitative services, the insurer need not pay the provider subject to the challenge until a determination has been made by the PRO. The insured may not be billed for any treatment, accommodations, products or services during the peer review process.

(4) Appeal to court.--A provider of medical treatment or rehabilitative services or merchandise or an insurer may challenge before a court an insurer's refusal to pay for past or future medical treatment or rehabilitative services or merchandise, the reasonableness or necessity of which the insurer has not challenged before a PRO. Conduct considered to be wanton shall be subject to a payment of treble damages to the injured party.

(5) PRO determination in favor of provider or insured.--If a PRO determines that medical treatment or rehabilitative services or merchandise were medically necessary, the insurer must pay to the provider the outstanding amount plus interest at 12% per year on any amount withheld by the insurer pending PRO review.

(6) Court determination in favor of provider or insured.--If, pursuant to paragraph (4), a court determines that medical treatment or rehabilitative services or merchandise were medically necessary, the insurer must pay to the provider the outstanding amount plus interest at 12%, as well as the costs of the challenge and all attorney fees.

(7) Determination in favor of insurer.--If it is determined by a PRO or court that a provider has provided unnecessary medical treatment or rehabilitative services or merchandise or that future provision of such treatment, services or merchandise will be unnecessary, or both, the provider may not collect payment for the medically unnecessary treatment, services or merchandise. If the provider has collected such payment, it must return the amount paid plus interest at 12% per year within 30 days. In no case does the failure of the provider to return the payment obligate the insured to assume responsibility for payment for the treatment, services or merchandise.

(c) Review authorized.--By December 1, 1991, the Legislative Budget and Finance Committee shall commence a review of the impact of this section. Such review may be conducted biennially.

§ 1798. Attorney fees and costs.

(a) Basis for reasonable fee.--No attorney's fee for representing a claimant in connection with a claim for first
party benefits provided under Subchapter B (relating to motor vehicle liability insurance first party benefits) or a claim for catastrophic loss benefits under Subchapter F (relating to Catastrophic Loss Trust Fund) shall be calculated, determined or paid on a contingent fee basis, nor shall any attorney's fees be deducted from the benefits enumerated in this subsection which are otherwise due such claimant. An attorney may charge a claimant a reasonable fee based upon actual time expended.

(b) Unreasonable refusal to pay benefits.--In the event an insurer is found to have acted with no reasonable foundation in refusing to pay the benefits enumerated in subsection (a) when due, the insurer shall pay, in addition to the benefits owed and the interest thereon, a reasonable attorney fee based upon actual time expended.

(c) Payment by fund.--The Catastrophic Loss Trust Fund may award the claimant's attorney a reasonable fee based upon actual time expended because a claimant is unable to otherwise pay the fees and costs.

(d) Fraudulent or excessive claims.--If, in any action by a claimant to recover benefits under this chapter, the court determines that the claim, or a significant part thereof, is fraudulent or so excessive as to have no reasonable foundation, the court may award the insurer's attorney a reasonable fee based upon actual time expended. The court, in such case, may direct that the fee shall be paid by the claimant or that the fee may be treated in whole or in part as an offset against any benefits due or to become due the claimant.

§ 1798.1. Extraordinary medical benefit rate.

(a) Filing.--Each insurer issuing or delivering liability insurance policies as described in section 1711 (relating to required benefits) shall file with the Insurance Commissioner for an extraordinary medical benefit rate for coverage under section 1715(a)(1.1) (relating to availability of adequate limits). The filing shall be subject to the act of June 11, 1947 (P.L.538, No.246), known as The Casualty and Surety Rate Regulatory Act, provided that no first time filing for extraordinary medical benefit coverage which is scheduled for a formal administrative hearing may be deemed effective until an adjudication is issued by the Insurance Commissioner. Insurers may provide for the discounting of extraordinary medical benefit loss reserves in annual financial statements. Unallocated extraordinary medical benefit loss expense payments may be treated in accordance with section 315 of the act of May 17, 1921 (P.L.789, No.285), known as The Insurance Department Act of one thousand nine hundred and twenty-one, and regulations promulgated pursuant thereto. The Insurance Commissioner may order the discounting of extraordinary medical benefit losses and allocated loss adjustment expenses in calculating rates for coverage under section 1715(a)(1.1) to the extent determined to be actuarially sound.

(b) Rates.--All rates established under this section shall be adequate to assure actuarial soundness. Under no circumstances shall rates for other coverages required under the provisions of this chapter be modified or otherwise established to subsidize, in whole or in part, the rate for the extraordinary medical benefit. In making a rate for the extraordinary medical benefit, due consideration shall be given
to the current factors generally in use in making motor vehicle insurance rates.

(c) Limitation.--The extraordinary medical benefit rate for coverage under section 1715(a)(1.1) shall not be subject to any premium tax levied under State law.

§ 1798.2. Transition.

(a) Savings provision.--Notwithstanding the repeal of Subchapter F (relating to Catastrophic Loss Trust Fund) by the act of December 12, 1988 (P.L.1120, No.144), all natural persons who suffer or suffer a catastrophic loss prior to June 1, 1989, or who may suffer a catastrophic loss during the registration year for which payment was made in accordance with former section 1762 (relating to funding), respectively, shall continue to receive, or be eligible to receive, catastrophic loss benefits as if Subchapter F had not been repealed. To ensure the administration and delivery of catastrophic loss benefits to eligible claimants, all powers and duties previously imposed on the Catastrophic Loss Trust Fund Board under Subchapter F are hereby transferred to the Insurance Commissioner.

(b) Rate filing.--All insurers shall, within 30 days of the effective date of this section, file for approval by the Insurance Commissioner an extraordinary medical benefit rate pursuant to section 1798.1(a) (relating to extraordinary medical benefit rate). Any insurer having an approved rate for catastrophic loss coverage on the effective date of this section shall utilize that approved rate.

(c) Notice.--For extraordinary medical benefit rate filings approved after the effective date of this section, the insurer shall provide the following notice to all policyholders no later than 30 days from the date of approval, which notice shall not be subject to any provision of any law or regulation requiring the approval of the Insurance Commissioner prior to its adoption or use:

By May 15, 1989, the Insurance Commissioner and the Budget Secretary shall jointly prepare and provide to the Governor and to the General Assembly a report on the actuarial soundness of the fund, including a projection of the additional revenues needed on a year-to-year basis and a comparison of the cost of providing additional revenues on a year-to-year, as-needed basis and the cost of providing adequate revenues to eliminate the unfunded liability within no more than five years. The report shall include recommendations as to how rapidly the unfunded liability should be eliminated and what the source or sources of the additional revenues should be, which shall include, but not be limited to, the General Fund or other surcharges. If such report includes recommendations for collecting a surcharge to eliminate the unfunded liability, the report shall compare the consequences of imposing that surcharge on each motor vehicle required to be registered under Chapter 13 (relating to registration of vehicles) except trailers, recreational vehicles not intended for highway use, motorcycles, motor-driven cycles, motorized pedalcycles or like type vehicles; on each insured as defined in section 1702 (relating to definitions); and on each motor vehicle for which coverage is purchased under section 1715(a)(1) (relating to availability of adequate limits) and shall compare the consequences of eliminating the unfunded liability over a period of five years, a period of ten years, a period of 15 years and a period of 20 years.

§ 1798.4. Catastrophic Loss Benefits Continuation Fund.

(a) Creation.--The Catastrophic Loss Benefits Continuation Fund is hereby created to provide funds necessary to pay catastrophic loss benefits under section 1798.2 (relating to transition).

(b) Composition.--The Catastrophic Loss Benefits Continuation Fund shall be composed of funds transferred from the Catastrophic Loss Trust Fund, funds contributed pursuant to section 6506 (relating to surcharge) and funds earned by the investment and reinvestment of such funds. The funds shall be held in trust, be deposited in a separate account and be the sole and exclusive source of funds for the payment of catastrophic loss benefits under section 1798.2 and the administration of the Catastrophic Loss Benefits Continuation Fund.

(c) Separation from General Fund and Motor License Fund.--The fund and all income earned by it shall not become part of the General Fund or Motor License Fund. No obligations or expenses of or claim against the Catastrophic Loss Trust Fund or the Catastrophic Loss Benefits Continuation Fund shall constitute a debt of the Commonwealth or a charge against the General Fund or Motor License Fund. Upon the expiration of section 6506, excess money in the Catastrophic Loss Benefits Continuation Fund, beyond the money needed to cover the unfunded liability of the Catastrophic Loss Trust Fund in accordance with section 6506, shall be deposited in the Motor License Fund.
(d) Borrowing from the Workers' Compensation Security Fund.--Whenever the Governor shall ascertain that the cash balance and the current estimated receipts of the Catastrophic Loss Benefits Continuation Fund shall be insufficient at any time during any fiscal period to meet promptly any expenses payable from the fund, the Governor shall authorize the transfer from the Workers' Compensation Security Fund to the Catastrophic Loss Benefits Continuation Fund such sums as are necessary. Any sum so transferred shall be available for the purpose for which the Catastrophic Loss Benefits Continuation Fund is created by law and shall be considered as a loan to that fund. Such transfers shall be made upon warrant of the State Treasurer upon requisition of the Governor. For purposes of determining whether contributions to the Workers' Compensation Security Fund pursuant to section 5 of the act of July 1, 1937 (P.L.2532, No.470), known as the Workers' Compensation Security Fund Act, are necessary, the Insurance Commissioner shall consider the amount of any loan made pursuant to this act as an asset of the Workers' Compensation Security Fund that does not reduce the fund below 5% of its loss reserves and does not trigger the resumption of contributions to the fund. The amounts transferred to the Catastrophic Loss Benefits Continuation Fund may carry over from fiscal year to fiscal year and shall be repaid together with an amount of interest equivalent to the average interest rate derived from investments of the Workers' Compensation Security Fund in the immediately preceding fiscal year as determined by the State Treasurer. An estimate of the actual and projected borrowings and loan repayments to be made from and to the Workers' Compensation Security Fund shall be included in the report required pursuant to section 7 of the act of July 1, 1989 (P.L.115, No.24), entitled "An act amending Title 75 (Vehicles) of the Pennsylvania Consolidated Statutes, creating the Catastrophic Loss Benefits Continuation Fund for payment of certain catastrophic loss benefits; providing for surcharges for certain offenses to provide moneys for the fund; and further providing for conditions of permits." The authorization to make transfers pursuant to this subsection shall expire on July 1, 1998, unless otherwise provided by the General Assembly.

1990 Amendment. Act 6 added section 1799.5.
§ 1799.6. Conduct of random field surveys.

(a) Authority.--In furtherance of the purposes and goals of section 1799.5 (relating to conduct of market study), the Insurance Department may conduct field surveys of agents and brokers in this Commonwealth, which shall include, but not be limited to:

1. The determination of the geographical areas to be surveyed.
2. The establishment of a list of insurance agents and brokers in the surveyed area or its immediate neighborhood.
3. The interview of agents and brokers at their offices to obtain premium quotations from the agent for each company represented by that agent.
4. The sorting and categorizing of information.
5. The construction of a table displaying quotations by insurer, area and risk.
6. The writing of a report of the findings.

(b) Conjunctive analysis of market study and field survey.--The department may analyze information collected from insurance companies under section 1799.5 in conjunction with information collected from field surveys. This analysis may be ongoing. The department's authority to undertake the conjunctive analysis is in addition to any other of its statutory investigative responsibilities. The conjunctive analysis may be used by the department for general regulatory purposes, including enforcement of the insurance laws.

1990 Amendment. Act 6 added section 1799.6.

§ 1799.7. Rates.

(a) Rate filing.--All insurers and the Assigned Risk Plan must file for new private passenger motor vehicle rates on or before May 1, 1990. These rates shall apply to all policies issued or renewed on and after July 1, 1990.

(b) Rate reductions.--The rates charged by insurers under the filing required by subsection (a) shall be reduced from current rates as follows:

1. For an insured electing the limited tort option under section 1705 (relating to election of tort options), the total premium charged for any selection of coverages and coverage limits shall be reduced by at least 22% from the total premium for the same selection of coverages and coverage limits in effect on December 1, 1989.

2. For an insured bound by the full tort option under section 1705, the total premium charged for any selection of coverages and coverage limits shall be reduced by at least 10% from the total premium for the same selection of coverages and coverage limits in effect on December 1, 1989.

3. An insurer aggrieved by the rate reductions mandated by this subsection may seek relief from the commissioner, which relief may be granted when the commissioner deems necessary in extraordinary circumstances.

(c) Approval and disapproval of certain filings.--Any initial filing submitted by an insurer pursuant to subsection (a), which reduces rates for all insureds from rates in effect December 1, 1989, in amounts specified in subsection (b), shall become effective immediately for policies issued or renewed on and after July 1, 1990, upon receipt by the department and shall be deemed to comply with the act of June 11, 1947 (P.L.538, No.246), known as The Casualty and Surety Rate Regulatory Act,
and with Chapter 20 (relating to motor vehicle insurance rate review procedures). Any filing so deemed may subsequently be disapproved, effective upon seven days' written notice by the commissioner stating in what respect the filing or part thereof fails to meet the requirements of this chapter or other applicable law. If a deemed filing is so disapproved within 90 days after receipt by the commissioner, the commissioner may order the insurer to pay refunds to all insureds charged inappropriate rates under the filing. The ability to order refunds shall be in addition to other penalties authorized by law.

(d) **Immediate rate freeze.**—In order to provide stability during the period of transition leading up to the effective date of the amendments to this chapter and to assure fair and equitable treatment of insurers and insureds, it is in the best interest of the Commonwealth to temporarily suspend the adoption of new private passenger motor vehicle rates. Notwithstanding any provisions of law to the contrary, all private passenger motor vehicle rates in effect on December 1, 1989, may not be changed so as to be effective prior to July 1, 1990. Any rate requests filed with the commissioner to be effective on or after December 1, 1989, whether or not such requests were approved by the commissioner or by operation of law prior to, on or after December 1, 1989, are hereby disapproved as being in conflict with this chapter.

(e) **Rate freeze after implementation of tort option elections.**—No insurer nor the Assigned Risk Plan may increase any private passenger motor vehicle rates between July 1, 1990, and June 30, 1991.

(f) **Rate increase justification.**—All rates charged by an insurer during the period between July 1, 1991, and June 30, 1992, may not be increased over the rates in effect pursuant to subsections (b) and (e) by an amount greater than that indicated by an increase in the Consumer Price Index (URBAN), the cost of medical care services, the cost of automobile repairs or other indices of cost increases affecting automobile insurance adopted by the commissioner by publication of notice in the Pennsylvania Bulletin.

(g) **Calculation of rates.**—In all rate filings subsequent to the initial filing required by subsection (a), insurers shall allocate expenses, losses and income according to the coverages which generate such expenses, losses and income, provided that each insurer shall provide its limited tort electors with premium savings that equal, in the aggregate, reductions in the insurer's losses created by limited tort electors under the system of tort options established in section 1705.

(h) **Coverage reductions.**—Insurers shall reduce the premium for insureds who elect to reduce or eliminate first party benefits, uninsured or underinsured motorist coverage required prior to the effective date of this section by the cost of such coverage.

CHAPTER 20
MOTOR VEHICLE INSURANCE RATE REVIEW PROCEDURES

Sec.
2004. Action by commissioner on rate filings within waiting period.
2006. Action by commissioner on rate filings after waiting period.

Enactment. Chapter 20 was added February 7, 1990, P.L.11, No.6. Section 32 of Act 6 provided that Chapter 20 shall take effect immediately for all rate filings for private passenger motor vehicle insurance and shall take effect July 1, 1990, for all other rate filings.

Cross References. Chapter 20 is referred to in section 1799.7 of this title.

This chapter shall be known and may be cited as the Motor Vehicle Insurance Rate Review Procedures Act.

§ 2002. Scope of chapter.

This chapter applies to all rate filings for motor vehicle insurance. Rate filings for motor vehicle insurance shall also be subject to the act of June 11, 1947 (P.L.538, No.246), known as The Casualty and Surety Rate Regulatory Act. Where any conflict exists between this chapter and The Casualty and Surety Rate Regulatory Act, this chapter shall be applied so as to supersede The Casualty and Surety Rate Regulatory Act to the extent of the conflict.

(a) General rule.—Notwithstanding any other provision of law to the contrary and except as otherwise provided in subsection (b), no rate filing to which this chapter applies may become effective prior to the expiration of a waiting period of 60 days from the date the filing is received by the commissioner. This 60-day period may be extended an additional
30 days by the commissioner upon written notice to the insurer or rating organization making the filing.

(b) Exceptions.--The waiting period and extensions thereof required by subsection (a) shall not apply in the following circumstances:

(1) When an insurer or rating organization makes written application, the commissioner may authorize a filing or part thereof which has been reviewed to become effective prior to the expiration of the waiting period or any extension thereof as provided in subsection (a).

(2) Upon the written consent of the insured stating his reasons therefor, filed and approved by the department, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk. The rate shall become effective when such consent is filed and shall be deemed to meet the requirements of this chapter and other applicable statutes governing the establishment of rates until such time as the commissioner reviews the filing and so long thereafter as the filing remains in effect.

§ 2004. Action by commissioner on rate filings within waiting period.

(a) General rule.--Notwithstanding any other provision of law to the contrary, within the waiting period or any extension thereof as provided in section 2003(a) (relating to waiting period for filings), the commissioner may, by written notice, approve or disapprove the rate filing or schedule a formal administrative hearing on the filing. If a rate filing is approved, it may become effective upon the expiration of the waiting period and any extension thereof as provided in section 2003(a) or upon the effective date specified in the filing, whichever is later. If a rate filing is disapproved, the commissioner shall state in what respects the filing or part thereof fails to meet the requirements of this chapter or other applicable law.

(b) Effective date pending hearing.--If a rate filing is scheduled for a formal administrative hearing under this section, the filing may not become effective until an adjudication is issued. An adjudication shall be issued within 60 days after the close of the hearing.

Any insurer or rating organization aggrieved by any order or decision of the commissioner made without a hearing may, within 30 days after notice of the order to the insurer or organization, make written request to the commissioner for a hearing thereon. The commissioner shall hold a hearing within 30 days after receipt of the request and shall give not less than ten days' written notice of the time and place of the hearing. Within 30 days after the close of the hearing, the commissioner shall affirm, reverse or modify his previous action, specifying his reasons therefor.

§ 2006. Action by commissioner on rate filings after waiting period.

If, at any time after the waiting period or extension thereof as provided in section 2003(a) (relating to waiting period for filings), the commissioner finds that a rate filing does not meet the requirements of applicable statutes governing the establishment of rates or upon application by a person, other than the insurer or rating organization that made the filing, aggrieved by a rate filing for which the waiting period has
expired, the commissioner may hold a hearing upon not less than
ten days' written notice to every insurer or rating organization
which made the filing, specifying the matters to be considered
at the hearing. If, after the hearing, the commissioner finds
that the filing fails to meet the requirements of applicable
statutes governing the establishment of rates, he shall issue
an order specifying his findings and stating when, within a
reasonable period thereafter, the filing or portions thereof
shall be deemed no longer effective. The order shall be sent
to every affected insurer and rating organization. The order
shall not affect any contract or policy made or issued prior
to the expiration of the period set forth in the order.

A rate filing may be deemed to meet the requirements of this
chapter and other applicable statutes governing the
establishment of rates unless disapproved or scheduled for a
formal administrative hearing by the commissioner within the
waiting period or any extensions thereof as provided in section
2003(a) (relating to waiting period for filings). The filing
shall not become effective unless the department receives
written notice of the insurer's or rating organization's intent
to exercise the right granted under this section at least ten
calendar days prior to the effective date.

All hearings shall be conducted in accordance with Title 2
(relating to administrative law and procedure).

The commissioner may adopt such rules and regulations as are
reasonably necessary to carry out the purposes of this chapter.
Rules and regulations shall be promulgated in conformity with
the provisions of the act of July 31, 1968 (P.L.769, No.240),
referred to as the Commonwealth Documents Law, and the act of
June 25, 1982 (P.L.633, No.181), known as the Regulatory Review
Act.

1. Qualified motor vehicles subject to IFTA shall be issued identification markers (decals) and a license as required by IFTA.
2. Qualified motor vehicles not subject to IFTA shall be issued identification markers and a road tax registration card.
3. All qualified motor vehicles required to display the identification markers shall permanently affix such identification markers on the exterior portion of both sides of the cab and shall follow the directions as indicated on the reverse side of the identification marker.
4. A legible copy of the IFTA license (cab card) issued to the motor carrier shall be carried in the cab of any qualified motor vehicle subject to IFTA. The road tax registration card issued to any qualified motor vehicle not subject to IFTA shall be carried in the cab of the vehicle.
5. The identification markers, road tax registration card and any IFTA license issued by the Secretary of Revenue shall remain the property of the Commonwealth and may be recalled for any violation of the provisions of this chapter, Chapter 96 (relating to motor carriers road tax) or the regulations promulgated thereunder.
6. The Department of Revenue, for cause, may deny, suspend or revoke any license, road tax registration card or identification markers issued under this section after an opportunity for a hearing has been afforded the carrier, provided, however, that a license, a road tax registration card or identification markers may be denied or may be suspended or revoked for failure to file a return as required or for nonpayment of moneys due and not under appeal under this chapter or Chapter 96, including related motor fuel taxes prior to a hearing.

(b) Fee.--The fee for issuance of identification markers shall be $12 per vehicle.
(c) Issuance of markers and licenses or road tax registration cards.--

(1) Identification markers and licenses or road tax registration cards shall be issued on a 12-month basis, effective January 1 of each year, and shall be valid through the next succeeding December 31; however, enforcement of this section shall not become effective until March 1 of each year as to qualified motor vehicles displaying the previous year's identification markers. The identification markers and license or road tax registration card may be validly displayed and carried on or after December 1 of the preceding year.

(2) The Department of Revenue shall have the power and may designate the Department of Transportation to act as an agent for the Department of Revenue for the purpose of collecting the fee under subsection (b), processing the necessary papers and issuing a temporary permit to authorize the operation of a qualified motor vehicle pending issuance of permanent identification markers by the department.

(d) Operation without identification markers unlawful.--Except as provided in paragraphs (2) and (3), it shall be unlawful to operate or to cause to be operated in this Commonwealth any qualified motor vehicle unless the vehicle bears the identification markers required by this section or valid and unrevoked IFTA identification markers issued by another IFTA jurisdiction.

(1) The Secretary of Revenue may by regulation exempt from the requirement to display the identification markers those qualified motor vehicles which in his opinion are clearly identifiable such that effective enforcement of this chapter will not suffer thereby.

(2) For a period not exceeding 30 days as to any one motor carrier, the Secretary of Revenue by letter or telegram may authorize the operation of a qualified motor vehicle or vehicles without the identification markers required when both the following are applicable:

   (i) enforcement of this section for that period would cause undue delay and hardship in the operation of such qualified motor vehicle; and

   (ii) the motor carrier is registered and/or licensed for the motor carriers road tax with the Department of Revenue or has filed an application therefor with the Department of Revenue:

   (A) The fee for such temporary permits shall be $7 for each qualified motor vehicle which shall be deposited in the Highway Bridge Improvement Restricted Account within the Motor License Fund.

   (B) Conditions for the issuance of such permits shall be set forth in regulations promulgated by the Department of Revenue.

   (C) A temporary permit issued by another IFTA jurisdiction under authority similar to this paragraph shall be accorded the same effect as a temporary permit issued under this paragraph.

(3) A motor carrier may, in lieu of paying the tax imposed and filing the tax report required by Chapter 96 and in lieu of complying with any other provisions of this section that would otherwise be applicable as a result of the operation of a particular qualified motor vehicle, obtain from the Department of Revenue a trip permit authorizing the carrier to operate the qualified motor vehicle for a period of five consecutive days. The Department of Revenue shall
specify the beginning and ending days on the face of the permit. The fee for a trip permit for each qualified motor vehicle is $73 which shall be deposited in the Highway Bridge Improvement Restricted Account within the Motor License Fund. The report otherwise required under Chapter 96 is not required with respect to a vehicle for which a trip permit has been issued under this subsection.

(e) Operation without IFTA license or road tax registration card unlawful.--It shall be unlawful to operate or to cause to be operated in this Commonwealth any qualified motor vehicle unless the vehicle carries either the IFTA license or road tax registration card required by this section.

2) This section shall only be applicable at intersections in the city of the first class agreed upon by the system administrator and the Secretary of Transportation who shall consider using the automated red light enforcement system at the following intersections:

(i) U.S. Route 1 (Roosevelt Boulevard) at Grant Avenue, at Red Lion Road and at Cottman Street.
(ii) Kensington Avenue at Clearfield Street.
(iii) Richmond Street at Allegheny Avenue and at Castor Avenue.
(iv) Aramingo Avenue at York Street.
(v) Thompson Street at Lehigh Avenue.

(b) Owner liability.--For each violation pursuant to this section, the owner of the vehicle shall be liable for the
penalty imposed unless the owner is convicted of the same violation under another section of this title or has a defense under subsection (f).

(c) **Certificate as evidence.**—A certificate, or a facsimile of a certificate, based upon inspection of recorded images produced by an automated red light enforcement system and sworn to or affirmed by a police officer employed by the city of the first class shall be prima facie evidence of the facts contained in it. The city must include written documentation that the automated red light enforcement system was operating correctly at the time of the alleged violation. A recorded image evidencing a violation of section 3112(a)(3) shall be admissible in any judicial or administrative proceeding to adjudicate the liability for the violation.

(d) **Penalty.**—

(1) The penalty for a violation under subsection (a) shall be a fine of $100 unless a lesser amount is set by ordinance.

(2) A fine is not authorized for a violation of this section if any of the following apply:

   (ii) The signal is in the mode described in section 3114 (relating to flashing signals).

(3) A fine is not authorized during:

   (i) The first 120 days of operation of the automated system at the initial intersection.

(4) A penalty imposed under this section shall not be deemed a criminal conviction and shall not be made part of the operating record under section 1535 (relating to schedule of convictions and points) of the individual upon whom the penalty is imposed, nor may the imposition of the penalty be subject to merit rating for insurance purposes.

(5) No surcharge points may be imposed in the provision of motor vehicle insurance coverage. Fines collected under this section shall not be subject to 42 Pa.C.S. § 3571 (relating to Commonwealth portion of fines, etc.) or 3573 (relating to municipal corporation portion of fines, etc.).

(e) **Limitations.**—

(1) No automated red light enforcement system shall be utilized in such a manner as to take a frontal view recorded image of the vehicle as evidence of having committed a violation.

(2) Notwithstanding any other provision of law, camera equipment deployed as part of an automated red light enforcement system as provided in this section must be incapable of automated or user-controlled remote intersection surveillance by means of recorded video images. Recorded images collected as part of the automated red light enforcement system must only record traffic violations and may not be used for any other surveillance purposes. The restrictions set forth in this paragraph shall not be deemed to preclude a court of competent jurisdiction from issuing an order directing that the information be provided to law enforcement officials if the information is reasonably described and is requested solely in connection with a criminal law enforcement action.

(3) Notwithstanding any other provision of law, information prepared under this section and information
relating to violations under this section which is kept by the city of the first class, its authorized agents or its employees, including recorded images, written records, reports or facsimiles, names, addresses and the number of violations under this section, shall be for the exclusive use of the city, its authorized agents, its employees and law enforcement officials for the purpose of discharging their duties under this section and under any ordinances and resolutions of the city. The information shall not be deemed a public record under the act of February 14, 2008 (P.L.6, No.3), known as the Right-to-Know Law. The information shall not be discoverable by court order or otherwise, nor shall it be offered in evidence in any action or proceeding which is not directly related to a violation of this section or any ordinance or resolution of the city. The restrictions set forth in this paragraph shall not be deemed to preclude a court of competent jurisdiction from issuing an order directing that the information be provided to law enforcement officials if the information is reasonably described and is requested solely in connection with a criminal law enforcement action.

(4) Recorded images obtained through the use of automated red light enforcement systems deployed as a means of promoting traffic safety in a city of the first class shall be destroyed within one year of final disposition of any recorded event. The city shall file notice with the Department of State that the records have been destroyed in accordance with this section.

(5) Notwithstanding any other provision of law, registered vehicle owner information obtained as a result of the operation of an automated red light enforcement system under this section shall not be the property of the manufacturer or vendor of the automated red light enforcement system and may not be used for any purpose other than prescribed in this section.

(f) Defenses.--

(1) It shall be a defense to a violation under this section that the person named in the notice of the violation was not operating the vehicle at the time of the violation. The owner may be required to submit evidence that the owner was not the driver at the time of the alleged violation. The city of the first class may not require the owner of the vehicle to disclose the identity of the operator of the vehicle at the time of the violation.

(2) If an owner receives a notice of violation pursuant to this section of a time period during which the vehicle was reported to a police department of any state or municipality as having been stolen, it shall be a defense to a violation pursuant to this section that the vehicle has been reported to a police department as stolen prior to the time the violation occurred and had not been recovered prior to that time.

(3) It shall be a defense to a violation under this section that the person receiving the notice of violation was not the owner of the vehicle at the time of the offense.

(g) Department approval.--No automated red light enforcement system may be used without the approval of the department, which shall have the authority to promulgate regulations for the certification and use of such systems.

(h) Duty of city.--If a city of the first class elects to implement this section, the following provisions shall apply:
(1) The city may not use an automated red light enforcement system unless there is posted an appropriate sign in a conspicuous place before the area in which the automated red light enforcement device is to be used notifying the public that an automated red light enforcement device is in use immediately ahead.

(2) The city shall designate or appoint the Philadelphia Parking Authority as the system administrator to supervise and coordinate the administration of notices of violation issued under this section.

(3) The system administrator shall prepare a notice of violation to the registered owner of a vehicle identified in a recorded image produced by an automated red light enforcement system as evidence of a violation of section 3112(a)(3). The issuance of the notice of violation must be done by a police officer employed by the police department with primary jurisdiction over the area where the violation occurred. The notice of violation shall have attached to it a copy of the recorded image showing the vehicle; the registration number and state of issuance of the vehicle registration; the date, time and place of the alleged violation; that the violation charged is under section 3112(a)(3); and instructions for return of the notice of violation. The text of the notice must be as follows:

This notice shall be returned personally, by mail or by an agent duly authorized in writing, within 30 days of issuance. A hearing may be obtained upon the written request of the registered owner.

(ii) A compilation of fines paid and outstanding.

(iii) The amount of money paid to a vendor or manufacturer under this section.

(j) Notice to owner.--In the case of a violation involving a motor vehicle registered under the laws of this Commonwealth, the notice of violation must be mailed within 30 days after the commission of the violation or within 30 days after the discovery of the identity of the registered owner, whichever is later, and not thereafter to the address of the registered owner as listed in the records of the department. In the case of motor vehicles registered in jurisdictions other than this Commonwealth, the notice of violation must be mailed within 30 days after the discovery of the identity of the registered owner, and not thereafter to the address of the registered owner as listed in the records of the official in the jurisdiction having charge of the registration of the vehicle. A notice of violation under this section must be provided to an owner within 90 days of the commission of the offense.

(k) Mailing of notice and records.--Notice of violation must be sent by first class mail. A manual or automatic record
of mailing prepared by the system administrator in the ordinary course of business shall be prima facie evidence of mailing and shall be admissible in any judicial or administrative proceeding as to the facts contained in it.

(1) Payment of fine.--

(1) An owner to whom a notice of violation has been issued may admit responsibility for the violation and pay the fine provided in the notice.

(2) Payment must be made personally, through an authorized agent, electronically or by mailing both payment and the notice of violation to the system administrator. Payment by mail must be made only by money order, credit card or check made payable to the system administrator. The system administrator shall remit the fine, less the system administrator's operation and maintenance costs necessitated by this section, to the department for deposit into a restricted receipts account in the Motor License Fund. Fines deposited in the fund under this paragraph shall be used by the department to develop, by regulation, a Transportation Enhancements Grant Program. The department shall award transportation enhancement grants on a competitive basis. The department may pay any actual administrative costs arising from its administration of this section. The department may not reserve, designate or set aside any specific level of funds or percentage of funds to an applicant prior to the completion of the application process, nor may the department designate a set percentage of funds to an applicant. Grants shall be awarded by the department based on the majority vote of a selection committee consisting of four representatives, with the secretary or his designee serving as chairman, of the department appointed by the secretary and four members appointed by the mayor of the city of the first class. Priority shall be given to applications seeking grant funds for transportation enhancements in the municipality where the automated red light camera system is operated.

(3) Payment of the established fine and applicable penalties shall operate as a final disposition of the case.

(m) Hearing.--

(1) An owner to whom a notice of violation has been issued may, within 30 days of the mailing of the notice, request a hearing to contest the liability alleged in the notice. A hearing request must be made by appearing before the system administrator during regular office hours either personally or by an authorized agent or by mailing a request in writing.

(2) Upon receipt of a hearing request, the system administrator shall in a timely manner schedule the matter before a hearing officer. The hearing officer shall be designated by the city of the first class. Written notice of the date, time and place of hearing must be sent by first class mail to the owner.

(3) The hearing shall be informal; the rules of evidence shall not apply; and the decision of the hearing officer shall be final, subject to the right of the owner to appeal the decision to the traffic court.

(4) If the owner requests in writing that the decision of the hearing officer be appealed to the traffic court, the system administrator shall file the notice of violation and supporting documents with the traffic court, which shall hear and decide the matter de novo.
(n) **Compensation to manufacturer or vendor.**—If a city of the first class has established an automated red light enforcement system deployed as a means of promoting traffic safety and the enforcement of the traffic laws of this Commonwealth or the city, the compensation paid to the manufacturer or vendor of the automated red light enforcement system may not be based upon the number of traffic citations issued or a portion or percentage of the fine generated by the citations. The compensation paid to the manufacturer or vendor of the equipment shall be based upon the value of the equipment and the services provided or rendered in support of the automated red light enforcement system.

(o) **Duration of yellow light change interval.**—The duration of the yellow light change interval at intersections where automated red light enforcement systems are in use shall conform to the yellow light change interval duration specified on the traffic signal permit issued by the department or the first class city.

(p) **Revenue limitation.**—A city of the first class may not collect an amount equal to or greater than 5% of its annual budget from the collection of revenue from the issuance and payment of violations under this section.

   (3) The driver of a motor vehicle overtaking a pedalcycle proceeding in the same direction shall pass to the left of the pedalcycle within not less than four feet at a careful and prudent reduced speed.

(b) Suitable signal defined.--Suitable signal for purposes of subsection (a)(2) shall be as follows:
(1) At all times when head lamps are required to be lighted according to section 4302 (relating to the period for requiring lighted lamps), an audible signal or the intermittent flashing of low and high beams except that the use of high beams shall not be permitted when a vehicle is approaching from the opposite direction within 500 feet.

No vehicle shall be driven to the left side of the center or marked center line of the roadway in overtaking and passing another vehicle proceeding in the same direction unless the left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit the overtaking and passing to be completely made without interfering with the operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and, in the event the passing movement involves the use of a lane authorized for vehicles approaching from the opposite direction, before coming within 200 feet of any approaching vehicle.

(a) General rule.--No vehicle shall be driven on the left side of the roadway under any of the following conditions:

(1) When approaching or upon the crest of a grade or a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction.

(2) When approaching within 100 feet of or traversing any intersection or railroad grade crossing, unless otherwise indicated by official traffic-control devices.

(3) When the view is obstructed upon approaching within 100 feet of any bridge, viaduct or tunnel.

§ 3307. No-passing zones.
(a) Establishment and marking.--The department and local authorities may determine those portions of any highway under their respective jurisdictions where overtaking and passing or driving on the left side of the roadway would be especially hazardous and shall by appropriate signs or markings on the roadway indicate the beginning and end of such zones and when the signs or markings are in place and clearly visible to an ordinarily observant person every driver of a vehicle shall obey the directions of the signs or markings. Signs shall be placed to indicate the beginning and end of each no-passing zone.
(b) Compliance by drivers.--Where signs and markings are in place to define a no-passing zone as set forth in subsection (a), no driver shall at any time drive on the left side of the roadway within the no-passing zone or on the left side of any pavement striping designed to mark a no-passing zone throughout its length.

(1) Driving within single lane.--A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from the lane until the driver has first ascertained that the movement can be made with safety.
(2) Three lane roadways.--Upon a roadway which is divided into three lanes and provides for two-way movement of traffic, a vehicle shall not be driven in the center lane
except when overtaking and passing another vehicle traveling in the same direction when the center lane is clear of traffic within a safe distance, or in preparation for making a left turn, or where the center lane is allocated exclusively to traffic moving in the same direction that the vehicle is proceeding and the allocation is designated by official traffic-control devices.

(3) **Lanes limited to specific use.**--Official traffic-control devices may be erected to restrict the use of specified lanes to specified classes or types of traffic or vehicles, including multioccupant vehicles or car pools, and drivers of vehicles shall obey the directions of every such device.

(b) **Combinations of vehicles and trucks.**--The driver of any motor vehicle drawing another vehicle or of any truck when traveling upon a roadway outside of an urban district and following a motor vehicle drawing another vehicle or following a truck shall, whenever conditions permit, leave sufficient space so that an overtaking vehicle may enter and occupy the space without danger, except that this subsection does not prevent a motor vehicle drawing another vehicle or prevent a truck from overtaking and passing any vehicle or combination of vehicles.

(c) **Caravans and motorcades.**--Upon any roadway outside of an urban district, motor vehicles being driven in a caravan or motorcade, whether or not towing other vehicles, shall be so operated as to allow sufficient space between each vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy space without danger. This subsection does not apply to funeral processions, which shall not be interrupted by any vehicle other than an emergency vehicle.

(a) **General rule.**--Whenever any highway has been divided into two or more roadways by leaving an intervening space, physical barrier or clearly indicated dividing section so constructed as to impede vehicular traffic, every vehicle shall be driven only upon the right-hand roadway unless directed or permitted to use another roadway by official traffic-control devices, police officers or appropriately attired persons authorized to direct, control or regulate traffic. No vehicle shall be driven over, across or within any such dividing space, barrier or section except through an opening in the physical barrier or dividing section or space or at a crossover or intersection as established.
(b) Traffic-control devices regulating turns.—Whenever necessary for the protection and safety of traffic, official traffic-control devices may be installed at an opening in the physical barrier or dividing section or space or at a crossover or intersection prohibiting or regulating a turn or turns as may be necessary pursuant to the authority of this title.

(a) General rule.—The department may regulate or prohibit the use of any limited access highway by any class or kind of traffic which is found to be incompatible with the normal and safe movement of traffic.

(b) Traffic-control devices at entrances.—The department, when adopting any prohibition under this section, shall erect and maintain official traffic-control devices at the entrances to the limited access highway on which the prohibitions are applicable and when in place no person shall disobey the restrictions stated on the devices.

(c) Motorcycles.—Except on busways in counties of the first or second class, motorcycles may be operated upon any limited access highway in an urban district in a lane specified for multioccupant vehicles or car pools, except where the department can demonstrate that such use will create a safety hazard.

(d) Driving in right lane.—

(1) Except as provided in paragraph (2) and unless otherwise posted, upon all limited access highways having two or more lanes for traffic moving in the same direction, all vehicles shall be driven in the right-hand lanes when available for traffic except when any of the following conditions exist:

   (i) When overtaking and passing another vehicle proceeding in the same direction.

   (ii) When traveling at a speed greater than the traffic flow.

(a) General rule.--Notwithstanding any other provision of this subchapter, the driver of a vehicle may not overtake and pass to the left of a streetcar proceeding in the same direction, whether the streetcar is actually in motion or temporarily halted to receive or discharge passengers, if overtaking or passing requires driving in a lane normally used by traffic moving in the opposite direction.
(b) Streetcar stopped to receive or discharge passengers.--The driver of a vehicle may not overtake and pass a streetcar which has stopped to receive or discharge passengers on the side on which passengers board or alight until the doors of the streetcar are closed and passengers who are discharged have reached the side of the highway.

§ 3321. Vehicle approaching or entering intersection.
(a) General rule.--When two vehicles approach or enter an intersection from different highways at approximately the same time, the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.
(b) Exception.--The right-of-way rule established in subsection (a) is not applicable:
   (1) on through highways, where the traffic on the through highway shall have the right-of-way;
   (2) on limited-access highways, where the traffic on the limited-access highway shall have the right-of-way;

§ 3322. Vehicle turning left.
The driver of a vehicle intending to turn left within an intersection or into an alley, private road or driveway shall yield the right-of-way to any vehicle approaching from the opposite direction which is so close as to constitute a hazard.

Cross References. Section 3322 is referred to in sections 1535, 3301 of this title.

§ 3323. Stop signs and yield signs.
(a) Intersections controlled by signs.--Preferential right-of-way at an intersection may be indicated by stop signs or yield signs as authorized in section 6124 (relating to erection of traffic-control devices at intersections).
(b) Duties at stop signs.--Except when directed to proceed by a police officer or appropriately attired persons authorized to direct, control or regulate traffic, every driver of a vehicle approaching a stop sign shall stop at a clearly marked stop line or, if no stop line is present, before entering a crosswalk on the near side of the intersection or, if no crosswalk is present, then at the point nearest the intersecting roadway where the driver has a clear view of approaching traffic on the intersecting roadway before entering. If, after stopping at a crosswalk or clearly marked stop line, a driver does not have a clear view of approaching traffic, the driver shall after yielding the right-of-way to any pedestrian in the crosswalk slowly pull forward from the stopped position to a point where the driver has a clear view of approaching traffic. The driver shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute a hazard during the time when the driver is moving across or within the intersection or junction of roadways and enter the intersection when it is safe to do so.
(c) Duties at yield signs.--The driver of a vehicle approaching a yield sign shall in obedience to the sign slow down to a speed reasonable for the existing conditions and, if required for safety to stop, shall stop before entering a crosswalk on the near side of the intersection or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering. After slowing down or stopping, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute a hazard during the time the driver is moving across or within the intersection of roadways. If a driver is involved in a collision with a vehicle in the intersection or junction of roadways after driving past a yield sign, the collision shall be deemed prima facie evidence of failure of the driver to yield the right-of-way.

(b) Duty of operator of streetcar.--Upon the approach of an emergency vehicle, the operator of every streetcar shall immediately stop the streetcar clear of any intersection and remain in that position until the emergency vehicle has passed, except when otherwise directed by a police officer or an appropriately attired person authorized to direct, control or regulate traffic.

(c) Defense.--It is a defense to prosecution under this section if the defendant can show by a preponderance of the evidence that the failure to stop immediately for a police officer was based on a good faith concern for personal safety. In determining whether the defendant has met this burden, the court may consider the following factors:

(1) The time and location of the event.
(2) The type of vehicle used by the police officer.
(3) The defendant's conduct while being followed by the police officer.

(d) Notice to owner prior to removal.--

1. Prior to removal of an abandoned vehicle bearing a registration plate, current certificate of inspection or vehicle identification number plate by which the last registered owner of the vehicle can be determined, the police department shall send a notice by certified mail to the last registered owner of the vehicle informing the owner that unless the vehicle is moved to a suitable location within seven days of the date notice is mailed, the vehicle will be removed under this section and held at a suitable facility where it may be reclaimed by the owner in accordance with the provisions of section 7306 (relating to payment of costs upon reclaiming vehicle). If the abandoned motor vehicle does not bear an identifiable registration plate, current certificate of inspection or vehicle identification number plate, the notice may be secured to the vehicle.

2. If, within the seven-day period, the owner so requests, the owner shall be given an opportunity to explain to the police officer or department why the owner believes the vehicle should not be removed. If the police officer or department determines that the vehicle shall, nonetheless, be removed, the owner shall be given an additional 48 hours to remove the vehicle, have it removed or demand a hearing, which shall conform to the requirements of 2 Pa.C.S. Ch. 5 Subch. B (relating to practice and procedure of local agencies). The police officer or department shall inform the owner of the right to a hearing by delivering to the owner a notice warning the owner that, unless the vehicle is removed or a hearing is demanded, the owner shall be subject to the provisions of section 7306. If, as a result of the hearing, it is determined that the vehicle will be removed, the owner shall be given an additional 48 hours to remove the vehicle or have it removed. The hearing shall be before a civilian officer or employee of the municipality in which the vehicle is located.

3. The provision for notice set forth in this subsection is applicable only if the vehicle is abandoned upon a highway and is not in violation of subsection (b) or section 3351(a) or 3353. Notice under this subsection is in
addition to any other notice requirements provided in Chapter 73.

(4) This subsection does not apply to nonrepairable vehicles.

2002 Amendment. Act 152 amended subsecs. (c) and (d).
§ 3353. Prohibitions in specified places.
(a) General rule.--Except when necessary to avoid conflict with other traffic or to protect the safety of any person or vehicle or in compliance with law or the directions of a police officer or official traffic-control device, no person shall:
    (1) Stop, stand or park a vehicle:
        (i) On the roadway side of any vehicle stopped or parked at the edge or curb of a street except that:
            (A) A pedalcycle may be parked as provided in section 3509(b)(2) (relating to parking).
            (B) Standing or parking for the purpose of loading or unloading persons or property may be authorized by local ordinance, but the ordinance shall not authorize standing or parking on State designated highways except during off-peak traffic-flow hours as determined by department regulations.
        (ii) On a sidewalk except that a pedalcycle may be parked as provided in section 3509(b)(2).
        (iii) Within an intersection.
        (iv) On a crosswalk.
        (v) Between a safety zone and the adjacent curb within 30 feet of points on the curb immediately opposite the ends of a safety zone, unless a different length is indicated by official traffic-control devices.
        (vi) Alongside or opposite any street excavation or obstruction when stopping, standing or parking would obstruct traffic.
        (vii) Upon any bridge or other elevated structure upon a highway or within a highway tunnel.
        (viii) On any railroad tracks.
        (ix) In the area between roadways of a divided highway, including crossovers.
        (x) At any place where official signs prohibit stopping.
    (2) Stand or park a vehicle:
        (i) In front of a public or private driveway.
        (ii) Within 15 feet of a fire hydrant.
        (iii) Within 20 feet of a crosswalk at an intersection.
        (iv) Within 30 feet upon the approach to any flashing signal, stop sign, yield sign or traffic-control signal located at the site of a roadway.
        (v) Within 20 feet of the driveway entrance to any fire station or, when properly sign posted, on the side of a street opposite the entrance to any fire station within 75 feet of the entrance.
        (vi) Where the vehicle would prevent the free movement of a streetcar.
        (vii) On a limited access highway unless authorized by official traffic-control devices.
        (viii) At any place where official signs prohibit standing.
(ix) Within 30 feet upon the approach to a sign warning of the possible presence of a person with a disability in the vicinity of a roadway adjacent to the person's residence or the possible presence of a person with a disability frequently traversing the roadway at that location. This subparagraph shall not apply unless an enabling local ordinance has been passed. The ordinance may apply generally throughout the municipality or be site specific. The ordinance may specify the height of vehicles prohibited from parking in these locations. The enforcement of this subparagraph requires that a sign indicating the violation and amount of fine be posted at each applicable location. For purposes of this section, the term "disability" shall mean a hearing impairment or total or partial blindness.

(3) Park a vehicle:
   (i) Within 50 feet of the nearest rail of a railroad crossing.
   (ii) At any place where official signs prohibit parking.

(b) Unattended vehicle on private property.--
   (1) No person shall park or leave unattended a vehicle on private property without the consent of the owner or other person in control or possession of the property except in the case of emergency or disablement of the vehicle, in which case the operator shall arrange for the removal of the vehicle as soon as possible.
   (2) The provisions of this subsection shall not apply to private parking lots unless such lots are posted to notify the public of any parking restrictions and the operator of the vehicle violates such posted restrictions. For the purposes of this section "private parking lot" means a parking lot open to the public or used for parking without charge; or a parking lot used for parking with charge. The department shall define by regulation what constitutes adequate posting for public notice.

(c) Property owner may remove vehicle.--The owner or other person in charge or possession of any property on which a vehicle is parked or left unattended in violation of the provisions of subsection (b) may remove or have removed the vehicle at the reasonable expense of the owner of the vehicle. Such person who removes or has removed a vehicle left parked or unattended in violation of the provisions of subsection (b) shall have a lien against the owner of the vehicle, in the amount of the reasonable value of the costs of removing the vehicle plus the costs of storage. Any city, borough, incorporated town or township may, by ordinance, provide for rates to be charged for removal of vehicles and for municipal regulation of authorized towing services. If storage charges are not set by the municipality, a maximum of $25 per day may be charged for storage.

(d) Restrictions by appropriate authorities.--The department on State-designated highways and local authorities on any highway within their boundaries may by erection of official traffic-control devices prohibit, limit or restrict stopping, standing or parking of vehicles on any highway where engineering and traffic studies indicate that stopping, standing or parking would constitute a safety hazard or where the stopping, standing or parking of vehicles would unduly interfere with the free movement of traffic.
(e) **Penalty.**—Any person violating any provision of this section is guilty of a summary offense and shall, upon conviction, be sentenced to pay a fine of not more than $50. (Nov. 9, 1977, P.L.226, No.69, eff. imd.; Nov. 10, 1979, P.L.460, No.95, eff. imd.; Oct. 10, 1980, P.L.791, No.147, eff. imd.; Dec. 9, 2002, P.L.1278, No.152, eff. 60 days; July 2, 2004, P.L.497, No.58, eff. imd.)

**Cross References.** Section 3353 is referred to in sections 3351, 3352, 6109 of this title.

§ 3354. **Additional parking regulations.**

(a) **Two-way highways.**—Except as otherwise provided in this section, every vehicle standing or parked upon a two-way highway shall be positioned parallel to and with the right-hand wheels within 12 inches of the right-hand curb or, in the absence of a curb, as close as practicable to the right edge of the right-hand shoulder.

(b) **One-way highways.**—Except as otherwise provided in this section, every vehicle standing or parked upon a one-way highway shall be positioned parallel to the curb or edge of the highway in the direction of authorized traffic movement with its right-hand wheels within 12 inches of the right-hand curb or, in the absence of a curb, as close as practicable to the right edge of the right-hand shoulder, or with its left-hand wheels within 12 inches of the left-hand curb or, in the absence of a curb, as close as practicable to the left edge of the left-hand shoulder.

(c) **Angle parking.**—Local authorities may permit angle parking on any highway after an engineering and traffic study has determined that the highway is of sufficient width to permit angle parking without interfering with the free movement of traffic, except that on a State-designated highway prior approval of the department shall also be obtained.

(d) **Person with a disability and disabled veterans.**—

1. When a motor vehicle bearing a person with a disability or severely disabled veteran plate or displaying a person with a disability or severely disabled veteran parking placard as prescribed in this title is being operated by or for the transportation of the person with a disability or severely disabled veteran, the driver shall be relieved of any liability for parking for a period of 60 minutes in excess of the legal parking period permitted by local authorities except where local ordinances or police regulations provide for the accommodation of heavy traffic during morning, afternoon or evening hours.

2. At the request of a person with a disability or severely disabled veteran, local authorities may erect on the highway as close as possible to the person's or veteran's place of residence a sign or signs indicating that that place is reserved for a person with a disability or severely disabled veteran, that no parking is allowed there by others, and that any unauthorized person parking there shall be subject to a fine and may be towed. The absence of a sign stating the penalty amount indicated in subsection (f) at parking spaces designated with an international symbol for access for persons with disabilities on a sign shall not preclude the enforcement of this subsection. A vehicle may only be towed under this paragraph if the parking space is
posted with a sign indicating that vehicles in violation of this section may be towed.

(3) (i) Except for persons parking vehicles lawfully bearing a person with a disability or severely disabled veteran registration plate or displaying a person with a disability or severely disabled veteran parking placard when such vehicles are being operated by or for the transportation of a person with a disability or a severely disabled veteran, no person shall park a vehicle on public or private property reserved for a person with a disability or severely disabled veteran which property has been so posted in accordance with departmental regulations. Regulations shall require that parking spaces designated with an international symbol for access for persons with disabilities on a sign are posted with a sign stating the penalty amount indicated in subsection (f) and that vehicles in violation of the subsection may be towed and require that signs be replaced when they become either obsolete or missing with all costs to replace the necessary signs to be borne by the persons responsible for signing the particular location. The absence of a sign stating the penalty amount at parking spaces designated with an international symbol for access for persons with disabilities shall not preclude the enforcement of this subsection. A vehicle which is unlawfully parked in a designated person with a disability parking area may be removed from that area by towing and may be reclaimed by the vehicle owner upon payment of the towing costs. A vehicle may only be towed under this paragraph if the parking space is posted with a sign indicating that vehicles in violation of this section may be towed.

(ii) Local authorities shall have the power and may, by ordinance or resolution, authorize a person with a disability and severely disabled veterans to issue statements to violators or violating vehicles for violation of subparagraph (i). The form of the statement shall be as prescribed by the local authorities.

(iii) No occupancy or driveway permit may be issued to a person whose property is reserved for a person with a disability or a severely disabled veteran if the property is not posted with a sign stating the penalty amount indicated in subsection (f).

(e) Unauthorized use.--An operator of a vehicle bearing a person with a disability or severely disabled veteran plate or displaying a person with a disability or severely disabled veteran parking placard shall not make use of the parking privileges accorded to a person with a disability and severely disabled veterans under subsection (d)(3) unless the operator is a person with a disability or a severely disabled veteran or unless the vehicle is being operated for the transportation of a person with a disability or severely disabled veteran.

(e.1) Motorcycle parking.--Notwithstanding the provisions of section 6301 (relating to prosecutions under local ordinances superseded by title) regarding parking violations, a local ordinance may not prohibit nor cite as a violation the parallel or angle occupancy by one or more motorcycles in any parking space on any highway otherwise available for parking for other individual vehicles, provided that the space occupied by one or more motorcycles does not exceed the space within which a single vehicle must park. In the instance of a violation applicable to any single vehicle, each motorcycle so parked
shall be individually liable for any violation as if the motorcycle were the sole occupant of the parking space.

(f) **Penalty.**—A person violating subsection (a), (b) or (d)(1) is guilty of a summary offense and shall, upon conviction, be sentenced to pay a fine of not more than $15. A person violating subsection (d)(2) or (3) or (e) is guilty of a summary offense and shall, upon conviction, be sentenced to pay a fine of not less than $50 nor more than $200. If a person is convicted under subsection (d)(2) or (3) in the absence of a sign stating the penalty amount, the fine imposed may not exceed $50.

(g) **Special penalty; disposition.**—

(1) In addition to any other penalty imposed under this section, a person who is convicted of violating subsection (d)(2) or (3) shall be sentenced to pay a fine of $50.

(2) All fines collected under this subsection shall be disposed of as follows:

(i) Ninety-five percent shall be paid to the Department of Revenue, transmitted to the Treasury Department and credited to the Department of Public Welfare for use for the Attendant Care Program.

(ii) Five percent shall be paid to the municipality in which the offense occurred.

§ 3361. **Driving vehicle at safe speed.**

No person shall drive a vehicle at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing, nor at a speed greater than will permit the driver to bring his vehicle to a stop within the assured clear distance ahead. Consistent with the foregoing, every person shall drive at a safe and appropriate speed when approaching and crossing an intersection
or railroad grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway and when special hazards exist with respect to pedestrians or other traffic or by reason of weather or highway conditions.

§ 3362. Maximum speed limits.

(a) General rule.--Except when a special hazard exists that requires lower speed for compliance with section 3361 (relating to driving vehicle at safe speed), the limits specified in this section or established under this subchapter shall be maximum lawful speeds and no person shall drive a vehicle at a speed in excess of the following maximum limits:

(1) 35 miles per hour in any urban district.
(1.1) 65 miles per hour or 70 miles per hour for all vehicles on freeways where the department has posted a 65-miles-per-hour or 70-miles-per-hour speed limit.
(1.2) 25 miles per hour in a residence district if the highway:
   (i) is not a numbered traffic route; and
   (ii) is functionally classified by the department as a local highway.
(2) 55 miles per hour in other locations.
(3) Any other maximum speed limit established under this subchapter.

(b) Posting of speed limit.--

(1) No maximum speed limit established under subsection (a)(1), (1.2) or (3) shall be effective unless posted on fixed or variable official traffic-control devices erected in accordance with regulations adopted by the department which regulations shall require posting at the beginning and end of each speed zone and at intervals not greater than one-half mile.

(c) Penalty.--

(1) Any person violating this section is guilty of a summary offense and shall, upon conviction, be sentenced to pay a fine of:
   (i) $42.50 for violating a maximum speed limit of 65 miles per hour or higher; or
   (ii) $35 for violating any other maximum speed limit.
(2) Any person exceeding the maximum speed limit by more than five miles per hour shall pay an additional fine of $2 per mile for each mile in excess of five miles per hour over the maximum speed limit.

§ 3363. Alteration of maximum limits.
On highways under their respective jurisdictions, local authorities subject to section 6109(e) (relating to specific powers of department and local authorities) or the department, upon the basis of an engineering and traffic investigation, may determine that the maximum speed permitted under this subchapter is greater or less than is reasonable and safe under the conditions found to exist upon any such highway or part thereof and establish a reasonable and safe maximum limit. The maximum speed limit may be made effective at all times or at times indicated and may vary for different weather conditions and other factors bearing on safe speeds. No maximum speed greater than 55 miles per hour shall be established under this section except on highways listed in section 3362(a)(1.1) (relating to maximum speed limits), where the maximum speed for all vehicles shall not be greater than 70 miles per hour.
(June 13, 1995, P.L.57, No.9, eff. 30 days; Dec. 21, 1998, P.L.1126, No.151, eff. 60 days; Nov. 25, 2013, P.L.974, No.89, eff. imd.)

1995 Amendment. See section 4 of Act 9 in the appendix to this title for special provisions relating to report on effect of increased speed limit.

§ 3364. Minimum speed regulation.
(a) Impeding movement of traffic prohibited.--Except when reduced speed is necessary for safe operation or in compliance with law, no person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic.

(b) Slow moving vehicle to drive off roadway.--

(1) Except when reduced speed is necessary for safe operation or in compliance with law, whenever any person drives a vehicle upon a roadway having width for not more than one lane of traffic in each direction at less than the maximum posted speed and at such a slow speed as to impede the normal and reasonable movement of traffic, the driver shall, at the first opportunity when and where it is reasonable and safe to do so and after giving appropriate signal, drive completely off the roadway and onto the berm or shoulder of the highway. The driver may return to the roadway after giving appropriate signal only when the movement can be made in safety and so as not to impede the normal and reasonable movement of traffic.

(2) A pedalcycle may be operated at a safe and reasonable speed appropriate for the pedalcycle. A pedalcycle operator shall use reasonable efforts so as not to impede the normal and reasonable movement of traffic.

(c) Establishment of minimum speed limits.--At any other time when the department or local authorities under their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any highway or part of a highway impede the normal and reasonable
movement of traffic, the department or such local authority may
determine and declare a minimum speed limit below which no
person shall drive a vehicle except when necessary for safe
operation or in compliance with law. The minimum limit shall
be effective when posted upon appropriate fixed or variable
signs.

§ 3365. Special speed limitations.

(a) Bridges and elevated structures.--

(1) No person shall drive a vehicle over any bridge or
other elevated structure constituting a part of a highway
at a speed which is greater than the maximum speed which can
be maintained with safety to the bridge or structure when
the structure is posted with signs as provided in this
subsection.

(2) The department and local authorities on highways
under their respective jurisdictions may conduct a traffic
and engineering investigation of any bridge or other elevated
structure constituting a part of a highway, and if it shall
thereupon find that the structure cannot safely withstand
vehicles traveling at the speed otherwise permissible under
this title, the department or local authority shall determine
and declare the maximum speed of vehicles which the structure
can safely withstand, and shall cause or permit official
traffic-control devices stating the maximum speed to be
erected and maintained before each end of the structure.

(3) Upon the trial of any person charged with a
violation of this subsection, proof of the determination of
the maximum speed by the department and the existence of the
signs shall constitute conclusive evidence of the maximum
speed which can be maintained with safety to the bridge or
structure.

(b) School zones.--When passing through a school zone as
defined and established under regulations of the department,
no person shall drive a vehicle at a speed greater than 15 miles
per hour. An official traffic-control device shall indicate the
beginning and end of each school zone to traffic approaching
in each direction. Establishment of a school zone, including
its location and hours of operation, shall be approved by the
department.

(c) Hazardous grades.--The department and local authorities
on highways under their respective jurisdictions may conduct
traffic and engineering investigations on grades which are
considered hazardous. If the grade is determined to be
hazardous, vehicles having a gross weight in excess of a
determined safe weight may be further limited as to maximum
speed and may be required to stop before proceeding downhill.
The restrictions shall be indicated by official traffic-control
devices erected and maintained according to regulations
established by the department.

(c.1) Active work zones.--When passing through an active
work zone, no person shall drive a vehicle at a speed greater
than the posted limit. An official traffic-control device shall
indicate the beginning and end of each active work zone to
traffic approaching in each direction.

(d) Penalty.--
(1) Any person violating any provision of this section commits a summary offense and shall, upon conviction, be sentenced to pay:

(i) Except as set forth under subparagraph (ii), a fine of $35.

(ii) For a violation of subsection (b), a fine of not more than $500 if the person exceeds the maximum speed limit by more than 11 miles per hour.

(2) Any person exceeding a maximum speed limit established under this section by more than five miles per hour shall pay an additional fine of $2 per mile for each mile in excess of five miles per hour in excess of the maximum speed limit.

2002 Amendment. Act 229 amended subsec. (b) and added subsec. (c.1), effective in 60 days as to subsec. (b) and six months as to the remainder of the section.

Cross References. Section 3365 is referred to in sections 1535, 1603 of this title.

§ 3366. Charging speed violations.

In every charge of violation of a speed provision in this subchapter, except for a violation of section 3361 (relating to driving vehicle at safe speed), the citation or complaint shall specify the speed at which the defendant is alleged to have driven and the applicable speed limit.

§ 3367. Racing on highways.

(a) Definitions.--As used in this section the following words and phrases shall have the meanings given to them in this subsection:

"Drag race." The operation of two or more vehicles from a point side by side at accelerating speeds in a competitive attempt to outdistance each other, or the operation of one or more vehicles over a common selected course, from the same point to the same point, for the purpose of comparing the relative speeds or power of acceleration of the vehicle or vehicles within a certain distance or time limit.

"Race." The use of one or more vehicles in an attempt to outgain, outdistance or prevent another vehicle from passing, to arrive at a given destination ahead of another vehicle or vehicles, or to test the physical stamina or endurance of drivers over long distance driving routes.

(b) General rule.--No person shall drive a vehicle on a highway in any race, speed competition or contest, drag race or acceleration contest, test of physical endurance, exhibition of speed or acceleration, or for the purpose of making a speed record, and no person shall in any manner participate in any such race, competition, contest, test or exhibition.

(c) Permits for special activities.--The department or local authorities within their jurisdiction may issue permits for special activities which would otherwise be prohibited by this section.

(d) Penalty.--Any person violating this section is guilty of a summary offense and shall, upon conviction, be sentenced to pay a fine of $200.

Cross References. Section 3367 is referred to in sections 1532, 1542, 1553, 6503 of this title.

§ 3368. Speed timing devices.
(a) **Speedometers authorized.**--The rate of speed of any vehicle may be timed on any highway by a police officer using a motor vehicle equipped with a speedometer. In ascertaining the speed of a vehicle by the use of a speedometer, the speed shall be timed for a distance of not less than three-tenths of a mile.

(b) **Testing of speedometers.**--The department may appoint stations for testing speedometers and may prescribe regulations as to the manner in which the test shall be made. Speedometers shall have been tested for accuracy within a period of one year prior to the alleged violation and immediately upon change of tire size. A certificate from the station showing that the test was made, the date of the test and the degree of accuracy of the speedometer shall be competent and prima facie evidence of those facts in every proceeding in which a violation of this title is charged.

(c) **Mechanical, electrical and electronic devices authorized.**--

   (1) Except as otherwise provided in this section, the rate of speed of any vehicle may be timed on any highway by a police officer using a mechanical or electrical speed timing device.

   (2) Except as otherwise provided in paragraph (3), electronic devices such as radio-microwave devices (commonly referred to as electronic speed meters or radar) may be used only by members of the Pennsylvania State Police.

   (3) Electronic devices which calculate speed by measuring elapsed time between measured road surface points by using two sensors and devices which measure and calculate the average speed of a vehicle between any two points may be used by any police officer.

   (4) No person may be convicted upon evidence obtained through the use of devices authorized by paragraphs (2) and (3) unless the speed recorded is six or more miles per hour in excess of the legal speed limit. Furthermore, no person may be convicted upon evidence obtained through the use of devices authorized by paragraph (3) in an area where the legal speed limit is less than 55 miles per hour if the speed recorded is less than ten miles per hour in excess of the legal speed limit. This paragraph shall not apply to evidence obtained through the use of devices authorized by paragraph (2) or (3) within a school zone or an active work zone.

(d) **Classification, approval and testing of mechanical, electrical and electronic devices.**--The department may, by regulation, classify specific devices as being mechanical, electrical or electronic. All mechanical, electrical or electronic devices shall be of a type approved by the department, which shall appoint stations for calibrating and testing the devices and may prescribe regulations as to the manner in which calibrations and tests shall be made. The certification and calibration of electronic devices under subsection (c)(3) shall also include the certification and calibration of all equipment, timing strips and other devices which are actually used with the particular electronic device being certified and calibrated. Electronic devices commonly referred to as electronic speed meters or radar shall have been tested for accuracy within a period of one year prior to the alleged violation. Other devices shall have been tested for accuracy within a period of 60 days prior to the alleged violation. A certificate from the station showing that the calibration and test were made within the required period and that the device was accurate shall be competent and prima facie

(3) **Emission inspection criteria for used subject vehicles with new or transferred registration plates.**--A subject vehicle sold having a title issued in this or any other jurisdiction or sold with a manufacturer's statement of origin and having 5,000 or more miles on its odometer and which displays a currently valid certification of emission inspection shall be required to be emission inspected prior to expiration of the certificate of emission unless the renewal of registration becomes due immediately before the expiration of the certificate of emission inspection, in which case the subject vehicle shall be emission inspected prior to expiration of the new or transferred registration plate. If there is no evidence of emission inspection, an emission inspection must precede the next registration renewal.
Emission inspection criteria for vehicles operated with miscellaneous motor vehicle business registration plates or dealer registration plate.—A subject vehicle which displays a miscellaneous motor vehicle business registration plate or a dealer registration plate shall be exempt from the requirements for emission inspection until it has accumulated 5,000 miles on its odometer. At that time it shall be subject to the provisions of subsection (f).

Cross References. Section 4702 is referred to in sections 4702.1, 4706, 4708 of this title.

§ 4702.1. Limited liability of inspection station or mechanic.

(a) General rule.—An inspection conducted pursuant to section 4702(a) (relating to annual inspection) or 1165.1 (relating to inspection of reconstructed, modified and specially constructed vehicles) shall not be construed as a guaranty of the safety of any vehicle and neither the official inspection station issuing the certificate of inspection nor the official inspection mechanic performing the inspection shall be liable to the owner or occupants of any inspected vehicle for any damages caused by the failure or malfunction of that vehicle or to the owner or occupants of any vehicle involved in an accident with that inspected vehicle or to any pedestrian injured in the accident unless it can be shown by a preponderance of the evidence that the failure was caused by the negligence of the inspection station or mechanic. An official inspection mechanic in the course of his duties relating to the road test portion of an official vehicle safety inspection shall not be cited by law enforcement personnel for any violation relating to vehicle equipment. This provision does not preclude an official inspection mechanic from being cited by law enforcement personnel for moving violations committed during the road test portion of an official vehicle safety inspection.

(b) Prior certification.—Inspection mechanics certified as to training, qualifications and competence, prior to January 1, 1983, shall be deemed to have complied with departmental
regulations and shall be authorized to conduct motor vehicle inspections without reapplication for certification.

§ 4704. Inspection by police or Commonwealth personnel.

(a) Authority to inspect.--

(1) Inspection in conjunction with vehicle weighing.--
   (i) Any Pennsylvania State Police officer or qualified Commonwealth employee engaged in weighing vehicles as provided in Ch. 49 Subch. E (relating to measuring and adjusting vehicle size and weight) is authorized to inspect any item of the vehicle's equipment and its load, driver and documents to determine whether they meet standards established in department regulations.
   (ii) Any police officer or Commonwealth employee engaged in weighing vehicles as provided in Ch. 49 Subch. E is authorized to inspect any items of a vehicle's equipment to determine whether they meet the standards established in department regulations.

(2) Systematic vehicle inspection programs.--Any Pennsylvania State Police officer or qualified Commonwealth employee engaged in a systematic vehicle inspection program may inspect any vehicle, driver, documents, equipment and load to determine whether they meet standards established in department regulations.

(3) Probable cause.--
   (i) Any State Police officer or qualified Commonwealth employee having probable cause to believe that a vehicle, driver, documents, equipment or load are unsafe, not equipped as required or otherwise not in compliance with the law or regulations may inspect the vehicle, driver, documents, equipment or load.
   (ii) Any police officer having probable cause to believe that a vehicle or its equipment is unsafe, not equipped as required or otherwise not in compliance with the law or regulations may inspect the vehicle or its equipment.

(4) Testing in conjunction with vehicle emissions.--When testing for vehicle emissions, testing may include remote sensing devices or systematic roadside checks with tailpipe tests, emission control device checks and a check of the subject vehicle's emission control system including all of the components to determine if any part of the system has been disabled, changed or altered. The systematic testing may be conducted by police officers or qualified Commonwealth employees.

(5) Inspection of a vehicle involved in an accident.--Any Pennsylvania State Police officer or qualified Commonwealth employee is authorized to inspect any item of equipment and the load, driver and documents of any vehicle involved in an accident to determine whether they meet standards established in department regulations.
(b) Notice of violation.--Any police officer or qualified Commonwealth employee, having probable cause to believe that any vehicle or mass transit vehicle, regardless of whether it is being operated, or its equipment, documents or load, are unsafe, not equipped as required, or are otherwise not in compliance with the law or department regulations, may at any time submit a written notice of the violations to the driver of the vehicle or the mass transit vehicle or to the owner, lessee or registrant, or if none of them is present, to an adult occupant of the vehicle or the mass transit vehicle, or if the vehicle or the mass transit vehicle is unoccupied, the notice shall be attached to the vehicle or the mass transit vehicle in a conspicuous place.

(1) The notice shall specify the particulars of the violations and require that the violations be corrected. Within five days or, in the case of a motor carrier vehicle or bus, within 15 days or before commencement of the vehicle's next trip, whichever occurs first, or in the case of emission testing, within 30 days, evidence must be submitted to the police or the Commonwealth, whichever is applicable, that the violations have been corrected.

(2) If the police officer or qualified Commonwealth employee has probable cause to believe that a vehicle or mass transit vehicle is unsafe or not in proper repair or fails a roadside vehicle emission test, he may require in the written notice that the vehicle or mass transit vehicle be inspected. The owner or driver shall, within five days of the date of notification or, in the case of a motor carrier vehicle or bus, within 15 days of the date of notification or before commencement of the vehicle's next trip, whichever occurs first, or in the case of emission testing, within 30 days, submit to the police or the Commonwealth, whichever is applicable, certification from an official inspection station that the vehicle or the mass transit vehicle has been restored to legal operating condition in relation to the particulars specified on the notice. Any person who fails a roadside vehicle emission inspection shall have 30 days in which to pass an enhanced vehicle emission inspection or to produce evidence that the subject vehicle has a valid emissions test waiver.

(3) After the expiration of the five-day, 15-day or 30-day period specified in paragraphs (1) and (2), whichever is appropriate, the vehicle shall not be operated upon the highways of this Commonwealth and a mass transit vehicle shall not be operated until the owner or driver has submitted to the police or the Commonwealth, whichever is applicable, evidence of compliance with the requirements of paragraph (1) or (2), whichever is applicable.

(c) Operation prohibited if hazardous.--

(1) In the event a vehicle or a mass transit vehicle, or its equipment, load or driver, in the reasonable judgment of the officer or qualified Commonwealth employee, is in such condition that further operation would be hazardous, the officer or qualified Commonwealth employee may require that the vehicle or the mass transit vehicle not be operated under its own power or that the driver discontinue driving, or both, and may so stipulate in the notice given under subsection (b). In the case of motor carrier vehicles or their drivers, all such determinations shall be based on out-of-service criteria established in department regulations.
(2) In the event a motor carrier vehicle or mass transit vehicle is involved in an accident that causes the death of the vehicle operator or another person, the motor carrier vehicle or mass transit vehicle and its equipment, load, driver and documents shall be inspected by a qualified Commonwealth employee as designated by the department in accordance with subsection (f) before the vehicle or driver will be allowed to continue operation.

(d) Authority of police and qualified Commonwealth employees.--Any police officer or qualified Commonwealth employee shall be authorized to detain and inspect any sealed or unsealed vehicle, container or shipment which they have probable cause to believe may be in violation of the law or Commonwealth regulations while in transit or in maintenance facilities, terminals or other public or private property to ascertain if commodities or materials are being unloaded, stored or transported in an illegal manner; to inspect contents; to inspect and copy documents and otherwise to ensure compliance with the law and Commonwealth regulations, except that only State Police and qualified Commonwealth employees shall have the authority to enforce any law or regulation pertaining to drivers, including, but not limited to, minimum driver qualifications, maximum hours of service and driver records, or pertaining specifically to hazardous materials. If a seal is opened for inspection, the inspecting officer or Commonwealth employee shall reseal any vehicle, container or shipment prior to further transportation.

(e) Limitation of authority of qualified Commonwealth employees.--The authority granted to qualified Commonwealth employees under this section shall be exercised only when the employee is in uniform and shall apply only to motor carrier vehicles, buses and all vehicles and combinations carrying hazardous materials in an amount and type which require the vehicle to be placarded under Chapter 83 (relating to hazardous materials transportation) and to the drivers of all such vehicles. Qualified Commonwealth employees who are not police officers shall be regarded as police officers under this part for the purpose of instituting criminal proceedings by citation under Chapter 50 of the Pennsylvania Rules of Criminal Procedure.

(f) Training of Commonwealth employees.--The department shall establish a program or programs to train and qualify Commonwealth employees, including Pennsylvania State Police officers, to inspect vehicles, equipment, documents, loads and drivers as authorized under this section and may provide such a program to train and qualify any police officer. After one year following the effective date of this section, inspections under subsection (a)(2) may be conducted only by personnel qualified under this program. Until that time, such inspections may be conducted by personnel designated by the department. A document executed by a department official, or a photostatic copy thereof, indicating that a person, including any police officer, has been so qualified or designated shall be competent and prima facie evidence of the qualification or designation.

(g) Limitations.--(Deleted by amendment).

(h) Administrative coordination.--The department shall coordinate with the Pennsylvania Public Utility Commission in the enforcement of this section and 66 Pa.C.S. § 3312(a) (relating to evasion of motor carrier and broker regulations). (June 18, 1980, P.L.223, No.67, eff. imd.; June 18, 1980, P.L.229, No.68, eff. 60 days; June 19, 1985, P.L.49, No.20, eff. 60 days; Dec. 16, 1992, P.L.1250, No.166; Dec. 18, 1992,
§ 4705. Inspection of vehicles for transportation of school children.

(a) State Police inspection.—The owner of every school bus shall, in addition to any other inspection required by this chapter, submit the vehicle to the Pennsylvania State Police annually prior to operating the vehicle for the transportation of school children during the school year, to determine whether the vehicle conforms with the provisions of this chapter including regulations promulgated by the department. If the vehicle is in conformance, a certificate of inspection and approval shall be issued by the Pennsylvania State Police.

(b) Display of certificate.—No vehicle requiring a certificate of inspection under the provisions of this section shall be operated without prominently displaying the certificate, in the manner directed by the department, in addition to any other certificate required by law, on any of the highways of this Commonwealth.

§ 4706. Prohibition on expenditures for emission inspection program.

(a) General rule.—Except as provided in subsection (b), neither the department nor any other department or agency of the executive branch of State government shall expend any public funds for the establishment and administration of any system for the periodic inspection of emissions or emission systems of motor vehicles.

(b) Exception.—The provisions of subsection (a) shall not apply when the secretary shall certify that a system is required to comply with Federal law and is necessary for the Commonwealth to receive or avoid the loss of Federal funds in which case the department may establish and administer such a system for motor vehicles registered in areas where periodic inspection of emissions or emission systems of motor vehicles is required by the Environmental Protection Agency of the United States or decrees of the courts of the United States.

(b.1) Further exception.—
(1) The provisions of subsection (a) shall not apply if the secretary shall certify that a system is required to comply with the Clean Air Act (Public Law 95-95, 42 U.S.C. § 7401 et seq.) and subsequent amendments or a final decree of a Federal court and is necessary for the Commonwealth to receive or avoid the loss of Federal funds, in which case the department shall establish and administer an enhanced emission inspection program. This program shall be established in all areas of this Commonwealth where the secretary certifies by publication in the Pennsylvania Bulletin that a system is required in order to comply with Federal law. Any area, counties, county or portion thereof certified to be in the program by the secretary must be mandated to be in the program by Federal law. If a petition is required to be sent to the Federal Government in order for any counties, county or portions of any county to be exempted from the emission inspection program, the secretary shall petition the Federal Government on behalf of any counties, county or portion of any county that may qualify for an exemption. In cases where more than one county within a metropolitan statistical area may be exempted from the emissions inspection program, the county with the lowest population per square mile shall be exempted first. In cases where only portions of one county may be exempted from the emissions inspection program, the areas with the lowest population per area of postal zip code coverage region shall be exempted first. If the secretary establishes a centralized inspection program, the following limitations shall be applicable:

   (i) Vehicle emission inspection shall be on a biennial basis.
   (ii) No vehicle repairs or vehicle safety inspections shall be performed at any centralized emission inspection facility.
   (iii) No contractor providing centralized inspection shall own or have any business interest in any vehicle repair facility in this Commonwealth.
   (iv) For the purposes of this chapter, the department may issue a contract for a period of seven years or more to the successful bidder for the establishment and operation of a centralized program for emissions testing.
   (v) The department shall promulgate regulations for the conduct, supervision and qualification of a contractor, its principals, employees or agents providing centralized emission testing which shall include a schedule of offenses punishable by fine of up to $20,000 and shall make provision for the discipline, termination, suspension and/or debarment of a contractor, its principals, employees or agents for the violation of a regulation pertaining to the emission testing program.

(2) At least 60 days prior to the implementation of any enhanced emission inspection program developed under this subsection, the Secretary of Transportation shall certify by notice in the Pennsylvania Bulletin that an enhanced emission inspection program will commence.

(b.2) Restrictions on exceptions.—Notwithstanding any other provision or requirement contained in this title, no provision or requirement of this section shall be more stringent or restrictive than those required by the Clean Air Act. No allowable vehicle emission standard shall be more restrictive
than that originally certified for the subject vehicle at the
time of manufacture.

(b.3) Fees.--(Repealed).

(b.4) Audits.--(Repealed).

(b.5) Repairs covered by warranty.--The inspection shall
be performed so that when vehicles tested under warranty are
repaired, such repairs must be covered by the vehicle
manufacturer's warranty provisions.

(b.6) Retests.--The first retest performed for a vehicle
that has failed will be free.

(b.7) Waiver.--(Repealed).

(b.8) Computer costs.--The cost of connect into the
department's computer to facilitate registration, renewal and
denial will be borne by both the centralized and the enhanced
or basic decentralized emission facilities.

(c) Evidence of emission inspection.--
(1) The department shall issue evidence of emission
inspection through an official emission inspection station
or an authorized agent of the department, valid until the
next scheduled emission inspection, for a subject motor
vehicle which meets the following criteria:
   (i) The subject vehicle has passed an inspection
or a reinspection performed by the emission inspection
station and all required emission control devices are
installed.
   (ii) The subject vehicle is exempt pursuant to the
provisions of section 4702(g) (relating to requirement
for periodic inspection of vehicles).
(2) When a subject vehicle has failed the emission
inspection test and continues to fail after the owner has
expended an amount at least equal to the total cost
limitation as provided in paragraph (3), the owner may apply
for a waiver. For the purpose of determining qualification
for a waiver, the cost of necessary repairs shall not include
the costs covered by any warranty, insurance policy or
prepaid maintenance agreement or the costs as referred to
in paragraph (4).
   (3) The waiver limit shall be the minimum required by
Federal law. The costs mandated by this subsection do not
include any costs recoverable under warranty, insurance
policy or prepaid maintenance agreement.
   (4) Any expenses incurred in the repair of emission
control devices found to be tampered with or rendered
inoperative or which are not installed shall not be included
in the total cost limitation of paragraph (3).
   (5) It is unlawful to operate a subject vehicle without
evidence of emission inspection or certification by an
authorized agent, provided that it shall be lawful for a
motor vehicle to be operated by the vehicle owner while en
route to an emissions inspection station or to a vehicle
repair facility where an appointment for emissions-related
repairs has been scheduled and, provided further, that such
operation occurs no later than ten days after the expiration
of valid evidence of emission inspection issued under this
title.
   (6) Subject vehicles presented for emission inspection
after the assigned emission inspection deadline shall be
charged $10 for each month or portion thereof past the due
date in addition to the emission inspection fee, except as
provided in regulations promulgated by the department.

(c.1) Exchange of evidence of emission inspection.--A person
replacing a windshield or repairing a windshield in such a
manner as to require removal of evidence of emission inspection
shall at the option of the registrant of the vehicle or the
owner of a mass transit vehicle cut out the portion of the
windshield containing the evidence of emission inspection and
deliver it to the registrant of the vehicle or the owner of the
mass transit vehicle or destroy the evidence of emission
inspection. The vehicle or the mass transit vehicle may be
driven for up to five days if it displays the portion of the
old windshield containing the evidence of emission inspection
as prescribed in department regulations. Within the five-day
period, an official emission inspection station may affix to
the vehicle or mass transit vehicle another evidence of emission
inspection for the same inspection period without reinspecting
the vehicle or mass transit vehicle in exchange for the portion
of the old windshield containing the evidence of emission
inspection. A fee of no more than $2 plus the fee paid to access
the department's computer to enter the evidence of emission
inspection into the system may be charged for exchanging
evidence of emission inspection.

(d) Coordination with vehicle registration.--(Deleted by
amendment).

(e) Regulations.--Upon certification by the secretary of
the need to comply with Federal law, the department shall
promulgate such regulations as may be necessary to implement
the emission inspection program but it shall not promulgate a
regulation that would require safety inspection stations to
also perform emission control inspections. Regulations
promulgated by the department relating to the enhanced emission
inspection program shall not be subject to the proposed
rulemaking provisions of the act of July 31, 1968 (P.L.769,
No.240), referred to as the Commonwealth Documents Law, or the
act of June 25, 1982 (P.L.633, No.181), known as the Regulatory
Review Act.

(f) Scope.--(Repealed).

(g) Alternative enhanced emission inspection
program.--Notwithstanding the provisions of subsection (f), the
department shall comply with all of the following requirements:

(1) The department shall immediately suspend the
development and implementation of a centralized, test-only
vehicle emission inspection program until March 31, 1995.

(2) The department shall immediately notify the
Environmental Protection Agency that the Commonwealth is
developing an alternative vehicle emission program and
intends to seek its approval of the plan in accordance with
the requirements of the Federal law.

(3) The department shall develop and submit to the
Environmental Protection Agency an alternative enhanced
vehicle emission inspection program for approval which meets
the requirements of Federal law and consists of a
decentralized test and repair program or a hybrid program
which combines both decentralized test and repair and
test-only components. The decentralized test program may
contain an additional component which will test and repair
only those components necessary to achieve compliance with
Federal clean air standards. As part of this decentralized
test program, the department shall utilize the newest and
most efficient technologies, including, but not limited to,
remote roadside testing, identification and targeting of
gross polluting vehicles and alternative equipment to
existing inspection technology. The department may
incorporate pilot programs and demonstration projects which
achieve and enhance vehicle emissions reductions.
(4) On the effective date of this subsection, the department shall be immediately prohibited from expending any funds or allowing any other action in furtherance of the development and implementation of a centralized, test-only vehicle emission inspection program until the Environmental Protection Agency approves the decentralized or hybrid system proposed under paragraph (3). Any funds expended by the department after the approval of the program by the Environmental Protection Agency shall be limited to the implementation of the revised vehicle inspection program.

(h) Removal from Ozone Transport Commission.--The Governor shall take the steps necessary to obtain Environmental Protection Agency approval to remove all areas of the Commonwealth from the Northeast Ozone Transport Commission region that are now classified or in the future will be classified as in attainment of the Federal ozone pollution standard or which are unclassified for the purpose of imposing an enhanced vehicle emission system inspection program and other air pollution control measures. The Governor shall initiate the actions necessary under this section no later than 60 days after the effective date of this section.

(i) Suspension of program.--The Governor shall immediately suspend the implementation and enforcement of the Employer Trip Reduction Program until March 31, 1995, or until an alternative program is developed that will achieve the same emission reductions. The Employer Trip Reduction Program or an alternative program shall not be required if the area classified as severe ozone nonattainment is reclassified as a serious ozone nonattainment area by the Environmental Protection Agency.

(j) Program for repair of certain vehicles.--The provisions of subsection (a) shall not apply to the Credit for Repairing Polluting Vehicles Program which the Department of Environmental Protection may establish. The program may provide that any person could make repairs to or reimburse expenses for repairs to registered motor vehicles which have been identified as polluting vehicles. Upon certification that the vehicle is no longer a polluting vehicle, the Department of Environmental Protection shall award the appropriate emission credit to the person applying for the credit in accordance with the applicable requirements of this title, the act of January 8, 1960 (1959 P.L.2119, No.787), known as the Air Pollution Control Act, and the Clean Air Act (69 Stat. 322, 42 U.S.C. § 7401 et seq.).

An annual system of inspections in accordance with section 4702 (relating to requirement for periodic inspection of vehicles) shall be established for motorcycles according to the following schedule:

(1) Motorcycles whose registrations expire in the months of January and July shall be inspected in the months of May, June or July.

(2) Motorcycles whose registrations expire in the months of February and August shall be inspected in the months of June, July or August.

(3) Motorcycles whose registrations expire in the months of March and September shall be inspected in the months of July, August or September.

(a) Establishment.--There is hereby established a Low-Emissions Vehicle Commission which shall consist of 13 members. The Secretary of Commerce, the Secretary of Environmental Resources and the Secretary of Transportation shall be members. Six members shall be appointed by the Governor as follows:

(1) One member shall be a representative of an environmental advocacy group, and one each shall be appointed from a list of at least three nominees provided by each of the following:

The Pennsylvania Automotive Association.

The Pennsylvania AAA Federation.

(3) The Low-Emissions Vehicle Commission shall elect a chairman.

(4) The Secretary of Transportation and the Secretary of Commerce shall jointly provide administrative staff.

(b) Study content.--The Low-Emissions Vehicle Commission shall complete a study which addresses:

(1) whether adoption of the low-emissions vehicle program will result in significant net air quality improvements, using appropriate air quality modeling analysis and considering both volatile organic compound and nitrogen oxide emissions and their impact on ambient ozone levels; and

(2) whether adoption of the low-emissions vehicle program will result in a more cost-effective reduction in ozone precursors than other alternative control strategies for mobile and stationary sources to achieve and maintain the NAAQS standards established by the Clean Air Act (Public Law 95-95, 42 U.S.C. § 7401 et seq.), including the low-emissions vehicle program's impact on economic development, future economic expansion, benefits to public health, welfare and environment and the fiscal impact on the consumer.

(c) Submission of study.--The commission shall submit its completed study to the Governor and the General Assembly within 240 days of enactment of this legislation.

(d) Prohibitions.--

(1) Except as provided in paragraph (2), no department, board or commission may adopt regulations establishing any low-emissions vehicle program until the study under subsection (c) has been submitted to the General Assembly. Nothing in this section shall preclude the department from proposing regulations related to the California motor vehicle emission standards under this act, subject to review under the act of June 25, 1982 (P.L.633, No.181), known as the Regulatory Review Act.

(2) If the Low-Emissions Vehicle Commission does not submit its study during the time period under subsection (c), a department, board or commission may go forward with adopting regulations establishing a low-emissions vehicle program.

(e) Reformulated motor fuels.--No department, board or commission shall adopt regulations mandating the sale or use of reformulated motor fuels which comply with any specifications for reformulated motor fuels prescribed by the State of California under 42 U.S.C. § 7545(c)(4)(B).

If the Attorney General continues its objections and the department disagrees, the department may promulgate the rule or regulations
with or without revision and shall publish with it a copy of
the Attorney General's objections. Upon completion of review
of enhanced emission inspection regulations by the advisory
committee and the Attorney General, the regulations shall be
submitted to the designated standing committees and the
Independent Regulatory Review Commission for review consistent
with the act of June 30, 1989 (P.L.73, No.19), entitled "An act
reenacting and amending the act of June 25, 1982 (P.L.633,

(June 18, 1980, P.L.223, No.67, eff. imd.)

§ 4722. Certificate of appointment.

(a) Application and issuance.--Application for a certificate of appointment shall be made upon an official form. The certificate of appointment shall be issued only when the department is satisfied that the station is equipped properly and has competent personnel to make inspections and adjustments and that inspections will be conducted properly. Only those stations fulfilling department requirements and complying with department regulations shall be issued a certificate of appointment.

(b) Separate application for each place of business.--If the applicant has or intends to have more than one place of business within this Commonwealth, a separate application shall be made for each place of business.

(c) Bond or proof of insurance.--Before issuing a certificate of appointment the department shall require a bond or proof of insurance to provide compensation for any damage to a vehicle during an inspection or adjustment due to negligence on the part of the applicant or its employees in such amount as is deemed adequate by the department pursuant to department regulations.

(d) Waiver.--The department shall promulgate regulations to provide a waiver of the 40-hour requirement that an inspection station must be open for business. The regulations shall establish the minimum requirements to be eligible for the waiver and shall require, at a minimum, that the inspection station be open for business at least ten business hours during the normal workweek (Monday through Friday) between 7 a.m. and 8 p.m.

(June 18, 1980, P.L.223, No.67, eff. imd.)

§ 4723. Certificate of appointment for inspecting fleet vehicles.

The department may issue a certificate of appointment under the provisions of this chapter to any person who owns or leases 15 or more vehicles or mass transit vehicles and who meets the requirements of this chapter and regulations adopted by the department. The certificate of appointment may authorize inspection of only those vehicles or mass transit vehicles owned or leased by such person.

(June 18, 1980, P.L.223, No.67, eff. imd.)

§ 4723.1. Certificate of appointment for enhanced vehicle safety inspection for reconstructed vehicle, modified or specially constructed inspection stations.

The department shall issue a certificate of appointment for enhanced vehicle safety inspection for reconstructed vehicle, modified or specially constructed inspection stations.

2004 Amendment. Act 228 added section 4723.1.

§ 4724. Suspension of certificates of appointment.
(a) General rule.--The department shall supervise and inspect official inspection stations and may suspend the certificate of appointment issued to a station which it finds is not properly equipped or conducted or which has violated or failed to comply with any of the provisions of this chapter or regulations adopted by the department. The department shall maintain a list of all stations holding certificates of appointment and of those whose certificates of appointment have been suspended. Any suspended certificate of appointment and all unused certificates of inspection shall be returned immediately to the department.

(b) Judicial review.--Any person whose certificate of appointment has been denied or suspended under this chapter shall have the right to appeal to the court vested with jurisdiction of such appeals by or pursuant to Title 42 (relating to judiciary and judicial procedure). The court shall set the matter for hearing upon 60 days' written notice to the department and take testimony and examine into the facts of the case and determine whether the petitioner is entitled to a certificate of appointment or is subject to suspension of the certificate of appointment under the provisions of this chapter.

(c) Limitation.--The department prior to suspending a certificate of appointment of an official inspection station on the grounds of careless recordkeeping or the court on appeal from a suspension may consider the volume of inspections conducted by the inspection station and provide to the owner or operator of the inspection station the opportunity to correct any inaccurate records.

(Apr. 28, 1978, P.L.202, No.53, eff. 60 days; June 18, 1980, P.L.229, No.68, eff. 60 days; July 4, 2002, P.L.692, No.105, eff. 60 days)

Cross References. Section 4724 is referred to in section 933 of Title 42 (Judiciary and Judicial Procedure).

§ 4725. Use of certificate of appointment at official inspection stations.

(a) General rule.--No person shall in any manner represent any place as an official inspection station unless the station is operating under a valid certificate of appointment issued by the department.

(b) Transfer, use and posting.--No certificate of appointment for any official inspection station shall be assigned or transferred or used at any location other than the one designated in the certificate. The certificate of appointment shall be posted in a conspicuous place at such location.

(1) For a first offense, by a fine of $100.

(2) For a subsequent offense, by a fine of not less than $200 nor more than $500 or imprisonment for not more than 90 days, or both.

§ 4726. Certification of mechanics.

(a) General rule.--No mechanic shall conduct motor vehicle inspections or mass transit vehicle inspections at an official inspection station unless certified as to training, qualifications and competence by the department or the department's designate according to department regulations. The regulations relating to mass transit vehicle inspections shall require that any mechanic conducting such inspections shall possess proven competence in the area of mass transit vehicle operation and maintenance. The provisions of this title or
regulations adopted thereunder shall not be construed or applied in a manner which would preclude or impair the right of a person who is a resident of another state, and who is in possession of a valid driver's license issued by such state, to be certified to conduct motor vehicle inspections or mass transit vehicle inspections at an official inspection station in this Commonwealth. A certified official inspection mechanic performing a road test on a vehicle for the purpose of conducting a motor vehicle inspection is not required to hold a commercial driver's license if the entire road test is performed on private property, provided the mechanic holds a valid Class C driver's license and the road test area is of adequate space and size to perform a complete and proper road test as specified in department regulations. No official inspection station appointment shall be issued or renewed unless a certified official inspection mechanic is employed there.

(b) Supervision and suspension.--The department shall supervise mechanics certified under this section and may suspend the certification issued to a mechanic if it finds that the mechanic has improperly conducted inspections or has violated or failed to comply with any of the provisions of this chapter or regulations adopted by the department. The department shall maintain a list of all certified mechanics and of those whose certification has been suspended. Any suspended certificate shall be returned immediately to the department.

(c) Judicial review.--Any mechanic whose certificate has been denied or suspended under this chapter shall have the right to appeal to the court vested with jurisdiction of such appeals by or pursuant to Title 42 (relating to judiciary and judicial procedure). The court shall set the matter for hearing upon 60 days' written notice to the department and take testimony and examine into the facts of the case and determine whether the petitioner is entitled to certification or is subject to suspension of the certification under the provisions of this chapter.

§ 4727. Issuance of certificate of inspection.

(a) Requirements prior to inspection.--No vehicle, except a vehicle held by a dealer or manufacturer for which titling is not required or a mass transit vehicle for which titling is not required, shall be inspected unless it is duly registered or titled in this Commonwealth or in any other jurisdiction. The certified inspection mechanic shall examine the registration card, title or other document as specified in department regulations in order to ascertain that the vehicle is registered or titled in this Commonwealth or in any other jurisdiction.

(b) Requirements for issuance of certificate.--An official certificate of inspection shall not be issued unless the vehicle or mass transit vehicle is inspected and found to be in compliance with the provisions of this chapter including any regulations promulgated by the department. Notation of the odometer reading shall be included on any certificate of inspection or other document as specified in department regulations.
(c) **Unsafe school buses.**—School buses found to be unsafe and placed out of service by an enforcement agency shall be reported by the enforcement agency to the school authorities.

(d) **Proof of insurance.**—

1. No certificate of inspection shall be issued unless proof of financial responsibility is submitted to the inspection official, who shall, on the official State Inspection record provided by the department, record the name of the insured, the vehicle tag number, the issuing company, the policy number and the expiration date. The requirement that the inspection official record financial responsibility information shall not be construed to require the inspection official to verify the information submitted.

2. In those cases where the insured fails to present proof of financial responsibility to the inspection official, the inspection official, in addition to denying a certificate of inspection, may provide notification to the department, on the form provided by the department, within 30 days of the insured's failure to present proof of financial responsibility. Failure of the inspection official to make notification under this subsection shall not impose any duty or liability on the mechanic or station owner.

3. Financial responsibility may be proven by showing one of the following documents:

   (i) An identification card as required by regulations promulgated by the Insurance Department.

   (ii) The declaration page of an insurance policy.

   (iii) A certificate of financial responsibility.

   (iv) A valid binder of insurance issued by an insurance company licensed to sell motor vehicle liability insurance in Pennsylvania.

   (v) A legible photocopy, facsimile or printout of an electronic transmission of a document listed in subparagraphs (i) through (iv), provided the certified inspection mechanic receives the photocopy, facsimile or printout directly from a licensed insurance company or licensed insurance agency. The certified inspection mechanic shall not accept a photocopy, facsimile or printout unless it is provided on the letterhead of the licensed insurance company or licensed insurance agency, or is provided with a letter written upon the company's or agency's letterhead, which specifically references the document provided as proof of financial responsibility by describing the insured's name and address and the make, model and vehicle identification number of the insured vehicle.

4. If handwritten proof of financial responsibility is acceptable proof of insurance in the state where the vehicle is registered, the certified inspection mechanic may accept such handwritten proof, provided the certified inspection mechanic receives written confirmation from the applicable state, insurance company or insurance agency that handwritten proof is acceptable in that state. This paragraph is applicable only to vehicles registered in a state other than this Commonwealth.

(e) **Penalty.**—An inspection official who fails to complete the official State Inspection record under subsection (d) or who issues a certificate of inspection with reason to know that there has been a violation of section 7122(4) (relating to altered, forged or counterfeit documents and plates) commits a summary offense and shall, upon conviction, be sentenced to pay a fine of $100. This subsection does not impose vicarious
liability upon the station owner. The criminal liability of the 
station owner is dependent upon actual commission of the offense
or upon solicitation, attempt or conspiracy to commit the
offense.

regulations adopted by the department.

(June 18, 1980, P.L.223, No.67, eff. imd.)

§ 4729. Removal of certificate of inspection.
No certificate of inspection shall be removed from a vehicle
or a mass transit vehicle for which the certificate was issued
except to replace it with a new certificate of inspection issued
in accordance with the provisions of this chapter or as follows:

(1) The police officer may remove a certificate of
inspection in accordance with the provisions of section
4703(f) (relating to operation of vehicle without official
certificate of inspection).

(2) A person replacing a windshield or repairing a
windshield in such a manner as to require removal of a
certificate of inspection shall at the option of the
registrant of the vehicle or the owner of a mass transit
vehicle cut out the portion of the windshield containing the

or the owner of the mass transit vehicle or destroy the
certificate. The vehicle or the mass transit vehicle may be
driven for up to five days if it displays the portion of the
old windshield containing the certificate as prescribed in
department regulations. Within the five day period an
official inspection station may affix to the vehicle or mass
transit vehicle another certificate of inspection for the
same inspection period without reinspecting the vehicle or
mass transit vehicle in exchange for the portion of the old
windshield containing the certificate of inspection. A fee
of no more than $2 plus the fee paid to the department may
be charged for exchanging the certificate of inspection.

(3) A salvor shall remove and destroy the current
certificate of inspection on every vehicle processed as
abandoned in the salvor's possession except vehicles owned
by the salvor or used in the operation of the business of
the salvor.

(4) Every applicant for a certificate of salvage or
nonrepairable certificate pursuant to Subchapter D of Chapter
11 (relating to salvage vehicles, theft vehicles,
reconstructed vehicles and flood vehicles) shall remove and
destroy the current certificate of inspection.

(5) For the purposes of administering the requirements
of regulations promulgated by the department, a qualified
Commonwealth employee or an authorized department
representative may remove an unauthorized, expired or
unlawfully issued certificate of inspection or a certificate
of inspection issued for a covert audit.
2002 Amendment. Act 152 amended the entire section, effective immediately as to par. (5) and 60 days as to the remainder of the section.

§ 4730. Violations of use of certificate of inspection.
(a) General rule.--No person shall:
   (1) make, issue, transfer or possess any imitation or counterfeit of an official certificate of inspection; or
   (2) display or cause to be displayed on any vehicle or mass transit vehicle or have in possession any certificate of inspection knowing the same to be fictitious or stolen or issued for another vehicle or issued without an inspection having been made.
(b) Unauthorized use by official inspection station.--No official inspection station shall furnish, loan, give or sell certificates of inspection and approval to any other official inspection station or any other person except upon an inspection made in accordance with the requirements of this chapter.
(c) Penalty.--A violation of the provisions of this section constitutes a summary offense punishable:
   (1) For a first offense, by a fine of $100.
   (2) For a subsequent offense, by a fine of not less than $200 nor more than $500 or imprisonment for not more than 90 days, or both.

§ 4731. Records of inspections and certificates issued.
A record shall be made of every inspection and every certificate issued and the record shall be forwarded to the department in the manner and at the time the department shall specify by regulation. An official inspection station and its records shall be open for inspection by any police officer, authorized department employee or any designee of the department.

§ 4732. Inspection Advisory Board.
(a) Membership.--There shall be an Inspection Advisory Board consisting of 11 members appointed by the secretary. The board shall be composed of an authorized representative of the department and of the Pennsylvania State Police and representatives of the automotive industry and the public, as follows: a new car dealer, a used car dealer, a fleet owner, a certified mechanic, a service station operator, a parts and equipment wholesaler, an independent repair shop operator and two members of the general public who are licensed drivers.
(b) Duties.--The board shall advise the department and review regulations proposed by the department concerning inspection requirements and operation of official inspection stations.

§ 4733. Prohibited provision.
(a) General rule.--It shall be unlawful for any agreement to contain a provision requiring the operation of a retail motor vehicle fuel station during those hours that are proven by a retail motor vehicle fuel station owner or operator to be unprofitable to such owner or operator.
(b) Definitions.--As used in this section, the following words and phrases shall have the meanings given to them in this subsection:
"Agreement." A contract or lease, or combination of both, or other terminology used to describe a contractual relationship between any or all of the following parties: a refiner, a distributor and a retail motor vehicle fuel station owner or operator.

"Distributor." A person who purchases motor vehicle fuel from a refiner for the purpose of resale to a retail motor vehicle fuel station.

§ 4901. Scope and application of chapter.

(a) General rule.--No vehicle, combination or load which has a size or weight exceeding the limitations provided in this chapter and no vehicle, combination or load which is not so constructed or equipped as required in this title or the regulations of the department shall be operated or moved upon any highway of this Commonwealth, unless permitted as provided in this title by the department or local authority with respect to highways and bridges under their respective jurisdictions.
Failure to obtain a permit prior to the operation or movement of such a vehicle, combination or load shall subject the owner, lessee and operator of the vehicle or combination to the institution of summary criminal proceedings by citation for any violations of this part.

(b) Limitations on local regulation.--The maximum size and weight of vehicles specified in this chapter shall govern throughout this Commonwealth and local authorities shall have no power or authority to alter these limitations except as express authority may be granted in this title.

(c) Permit authorizing prohibited movement.--If an overweight or oversize movement cannot be made in any other feasible manner, the permit may authorize the movement to be made in contravention to any provision of this title provided that:

(1) the department or local authority determines that the movement is in the public interest; and
(2) the movement is escorted by certified escort vehicles as defined under section 3108 (relating to drivers of certified escort vehicles) or the Pennsylvania State Police and the following shall apply:
   (i) The department, in consultation with the Pennsylvania State Police, shall determine whether a Pennsylvania State Police escort is necessary.
   (ii) If it is jointly determined by the Pennsylvania State Police and the department that the movement must be escorted by the Pennsylvania State Police, the permittee shall bear the total costs of escorting the movement.

(d) Responsibility of local authorities.--Local authorities:

(1) that have adopted an ordinance under this chapter; or
(2) that establish or enforce size or weight limitations which differ from those provided for in this chapter; have the burden and responsibility to properly administer, adhere to and enforce compliance with the requirements of this chapter and the regulations of the department. Failure of a local authority to properly administer, adhere to or enforce the substantive requirements of this chapter and the department's regulations shall subject the local authority to penalties set forth under section 4907 (relating to penalty for violation of chapter).

(e) Definition.--As used in this section, the term "extra-duty Pennsylvania State Police" means sworn members of the Pennsylvania State Police performing escort duty outside of their regularly scheduled shift on an overtime basis.

2002 Amendment.  Act 152 amended subsec. (c) and added subsec. (e).
2001 Amendment.  Act 33 added subsec. (d).
1994 Amendments.  Act 115 amended subsec. (a) and Act 172 amended subsec. (a). The amendments by Acts 115 and 172 are identical and therefore have been merged.

Cross References.  Section 4901 is referred to in section 4962 of this title.

§ 4902. Restrictions on use of highways and bridges.

(a) Restrictions based on condition of highway or bridge.--
(1) The Commonwealth and local authorities with respect to highways and bridges under their jurisdictions may prohibit the operation of vehicles and may impose restrictions as to the weight or size of vehicles operated upon a highway or bridge only when they determine by conducting an engineering and traffic study as provided for in department regulations that the highway or bridge may be damaged or destroyed unless use by vehicles is prohibited or the permissible size or weight of vehicles is reduced.

(2) School buses, emergency vehicles and vehicles making local deliveries or pickups may be exempted from restrictions on the use of highways imposed under this subsection.

(3) The department may issue a statement of policy, which shall take effect upon publication in the Pennsylvania Bulletin, adopting an appropriate methodology to provide letters of local determination that identify particular vehicles, routes or uses as local in nature.

(4) The methodology under paragraph (3) may allow for exemptions from 67 Pa. Code Ch. 189 (relating to hauling in excess of posted weight limit) related to at-risk industry sectors experiencing a 20% decline in Statewide employment between March 2002 and March 2011, as determined by the Department of Labor and Industry.

(5) The exemptions and related requirements under paragraph (4) may remain in existence only until December 31, 2018. Exemptions for local delivery or pickup may not include traffic going to or coming from a site at which minerals, natural gas or natural resources are developed, harvested or extracted, notwithstanding whether the site is located at a residence, a commercial site or on farmland. Delivery or pickup of logs or other forest products to or from permanent processing mills located on or reachable only through posted highways shall be considered local delivery or pickup. Delivery or pickup of coal to or from permanent coal reprocessing or preparation plants located on or reachable only through posted highways and not on the same posted highway as a site at which coal is extracted shall be considered local delivery or pickup.

(b) Restrictions based on traffic conditions.--The Commonwealth and local authorities with respect to highways and bridges under their jurisdictions may prohibit the operation of vehicles and may impose restrictions as to the weight or size of vehicles operated upon a highway or bridge whenever they determine that hazardous traffic conditions or other safety factors require such a prohibition or restriction. School buses, emergency vehicles and vehicles making local deliveries or pickups may be exempted from restrictions on the use of highways imposed under this subsection.

(c) Permits and security.--

(1) The Commonwealth and local authorities may issue permits for movement of vehicles of size and weight in excess of restrictions promulgated under subsections (a) and (b) with respect to highways and bridges under their jurisdiction and may require such agreement or security as they deem necessary to cover the cost of repairs and restoration necessitated by the permitted movement of vehicles. In reference to subsection (a), the Commonwealth and local authorities shall not refuse to issue a permit with respect to a highway under their jurisdiction if there is no reasonable alternate route available. For purposes of this section, "reasonable alternate route available" shall mean a route
meeting the criteria set forth in department regulations relating to traffic and engineering studies.

(2) The department may establish the types of permits to be issued and agreements to be entered into, subject to the following:

(i) Permits may be for long-term or short-term use of the posted highways.
(ii) The department may require multiple vehicles traveling to or from a single destination to operate pursuant to a single permit.
(iii) The department may establish a permit type allowing the posting authority to determine that damage to the posted highway covered by the permit will be minimal. This type of permit may include categories based on the number and kinds of loads expected, including a category providing that use of the posted highway under a single minimum-use permit of less than 700 loads per year shall not require an agreement or security. The department may alter the 700 loads per year minimum-use threshold if it determines the structural capacity of the State highways can accept a higher or lower amount of over-posted weight traffic. The department may express the threshold as a loads-per-day, loads-per-week or loads-per-month number.
(iv) The department may restrict use of de minimis and minimum-use permits during thaw periods as determined by the department.
(v) The department shall exclude hauling related to unconventional oil and gas development from minimum-use status based on its disproportionate and qualitatively different impact upon highways and bridges.

(3) The department shall promulgate regulations to implement this section. During the two years immediately following the effective date of this section, the department may promulgate temporary regulations, which shall expire no later than three years following the effective date of this paragraph or upon promulgation of final regulations, whichever occurs first. Temporary regulations promulgated by the department under this paragraph shall not be subject to any of the following:

(i) Sections 201, 202 and 203 of the Act of July 31, 1968 (P.L.769, No.240), referred to as the Commonwealth Documents Law.

(d) Designation of alternate routes.--

(1) In conjunction with the exercise of the powers set forth in subsections (a) and (b), the Commonwealth may designate alternate routes for vehicles in excess of specified weights or sizes. Such alternate routes may utilize portions of the Pennsylvania Turnpike.

In the case of a restriction on a bridge or on a highway which does not begin or end at an intersection with an unrestricted highway, the Commonwealth or local authorities shall also place an advance informational sign at the intersection nearest each end of the restricted bridge or portion of highway which would allow drivers to avoid the restricted bridge or portion of highway. No person shall be convicted of violating subsection (a) or (b) unless the restriction sign designating the restricted bridge or portion of highway to traffic moving in the direction the person was driving was posted as required in this subsection. However, failure to post the restriction sign designating the restricted bridge or portion of highway to traffic moving in the opposite direction or failure to post any advance informational sign shall not constitute a defense to a violation of this section.

(2) Any person operating a vehicle or combination in violation of a prohibition or restriction imposed under subsection (b) is guilty of a summary offense and shall, upon conviction, be sentenced to pay a fine of not more than $500.

(h) (Reserved).

(i) Authority to conduct investigations and audits.--The Commonwealth and local authorities may conduct or cause to be conducted an investigation and audit of a person or entity to determine if there has been a violation of this section, pertinent regulation or agreement. (b) Fastening load.--Every load on a vehicle shall be fastened so as to prevent the load or covering from becoming loose, detached or in any manner a hazard to other users of the highway.

(c) Load of logs.--

(1) Every load of logs on a vehicle shall be securely fastened with binders, chains or straps and, in the case of an open-body or stake-body vehicle, trailer or semitrailer there shall be a sufficient number of vertical metal stakes or posts securely attached on each side of the vehicle, trailer or semitrailer at least as high as the top of the load to secure such load in the event of a failure of the binders, chains or straps.

(2) A load of logs which are greater than six feet in length must be secured by three binders for each stack of logs, except that, if the stacks are tiered so that one stack rests upon the bottom stack or stacks, a total of three binders is necessary for that tiered combination.

(3) A load of logs which are six feet or less in length must be secured by two binders for each stack of logs, except that, if the stacks are tiered so that one stack rests upon the bottom stack or stacks, a total of three binders is necessary for that tiered combination.

(c.1) Load of loose garbage.--Every load of loose, nonbaled garbage, waste, refuse or rubbish being transported through or within this Commonwealth shall be transported in a vehicle with four solid sides and with a cover or top of a type to prevent any of the load from escaping. The cover or top shall remain tightly in place going to a disposal site. The load shall be no higher than the solid sides of the vehicle. It is imperative that all garbage, waste, refuse or rubbish be removed from the vehicle at the disposal site to prevent any scattering of litter on the highway during the return trip. No truck, trailer or semitrailer with an open body or stake body shall be used for such purposes. This subsection shall not apply to vehicles engaged in the systematic collection of garbage or refuse and which are designed to be open in the rear for the loading of garbage or refuse.

(c.2) Load of baled garbage.--Garbage, waste, refuse or rubbish in a tightly compacted and baled form being transported through or within this Commonwealth shall be securely fastened to the vehicle and covered over all exposed areas with a canvas cover or cover of a comparable type which shall be securely attached to the underside of all sides of the truck, trailer or semitrailer to prevent any of the material from the bales from escaping. No part of any bale shall be uncovered, except for inspection, at any time during transportation within or through this Commonwealth until arrival at the disposal site.

(c.3) Load of equipment with hydraulically operated boom arm.--The boom arm of equipment with a hydraulically operated boom arm being transported through or within this Commonwealth
shall be securely fastened to the vehicle with steel restraining
devices to prevent its movement or shifting during transit.

(d) Establishment of standards for fastening devices.--The
department may promulgate regulations establishing minimum
standards governing types and numbers of devices to be used in
securing loads to prevent spillage and leakage of a load while
in transit.

(e) Exceptions.--This section does not prohibit:

(1) the necessary spreading of any substance in highway
    maintenance or construction operations; or

(2) the shedding or dropping of feathers or other matter

injury to a person or damage to another vehicle or other
property commits a summary offense and shall, upon conviction,
be sentenced to pay a fine of not less than $300 nor more than
$1,000. A violation of subsection (a), (b) or (c) which does
not result in injury to a person or damage to another vehicle
or other property constitutes a summary offense, punishable by
a fine of not less than $100 nor more than $300.

(g) Penalty for violation of subsection (c.1) or (c.2).--A
person who owns or who operates a vehicle in violation of
subsection (c.1) or (c.2) commits a summary offense and shall,
upon conviction, be sentenced to pay a fine of not less than
$300 nor more than $1,000. Notwithstanding the provisions of
42 Pa.C.S. §§ 3571 (relating to Commonwealth portion of fines,
etc.) and 3573 (relating to municipal corporation portion of
fines, etc.), disposition of any fine collected for a violation
of subsection (c.1) or (c.2) shall be as follows:

4982. Reducing or readjusting loads of vehicles.
4983. Penalty for failure to obey police officer (Repealed).

Cross References. Subchapter E is referred to in sections 4704, 6506 of this title.

§ 4981. Weighing and measurement of vehicles.

(a) Authority of police officers and qualified department employees.--A police officer or qualified department employee is authorized to require the driver of a vehicle or combination to stop and submit the vehicle or combination to be measured and weighed. Weighing may be done by using either portable or stationary scales, provided that when portable scales more than one inch in height are used, sufficient ramp blocks shall be made available to allow the vehicle or combination to mount the scales safely. The weighing shall be conducted by qualified personnel who have been trained in the use of weighing equipment in a training program approved by an agency of the Commonwealth. The personnel performing the weighing on all highways and interstates in this Commonwealth shall inform the drivers of the vehicle of the right to readjust or rearrange the load under section 4982(c) (relating to reducing or readjusting loads of vehicles). The driver or owner, if present, of a vehicle or combination may, at the time of weighing, witness in an orderly fashion the weighing procedure. If the driver wishes to witness the procedure from outside the cab of the vehicle, he shall be required to turn off the engine, put the transmission in gear and set the emergency brake before leaving the cab. A police officer or qualified department employee may require that a vehicle or combination be driven to the nearest stationary scales if the scales are within two miles.

(b) Scales on freeways.--The Department of Transportation, in cooperation with the Pennsylvania State Police, shall operate on freeways at points which it deems necessary scales and other equipment for detecting violations of the size and weight limitations prescribed by this chapter. The department may also contract with persons or local authorities to use their scales.

(c) Tolerance when weighing axles.--A 3% tolerance per axle shall be permitted when a vehicle is weighed on stationary or portable scales. This tolerance shall not apply on any interstate highway to vehicles weighed on stationary scales.

(d) Reweighing at request of driver or owner.--Whenever scales operated by other than the department indicate that a vehicle, wheel, axle or pair of axles is overweight, the driver or owner may elect to have the vehicle reweighed on the nearest available scales which have been certified by the Department of Agriculture. The lower reading of the two scales shall determine whether charges shall be filed under this section.

(e) Certification of accuracy of portable scales.--

(1) Portable scales shall be calibrated for the purpose of certification of accuracy by the Department of General Services. A certificate from the Department of General Services showing that portable scales were calibrated and found to be accurate shall be competent and prima facie evidence of those facts in every proceeding in which a violation of this chapter is charged.

(2) Portable scales shall be calibrated as follows:

(i) Annually.

(ii) Following any event that could affect the accuracy of the portable scale or following repairs or failures. If a portable scale is calibrated under this subparagraph, the portable scale shall not need to be calibrated for a period of one year.
(f) Certification of qualified personnel.--The competency of a witness to testify concerning the weighing of a vehicle may be established by a certificate from an agency of the Commonwealth showing that the person was trained in the use of weighing equipment in a training program approved by a Commonwealth agency. This certification shall be admissible as competent and prima facie evidence that the person is qualified and trained in the use of weighing equipment in such a training program. § 4982. Reducing or readjusting loads of vehicles.

(a) Violation of weight limitations.--If the gross weight or the weight upon any wheel, tire, axle or group of axles of a vehicle or combination exceeds the maximum allowed, the driver shall reduce or readjust the load so that the gross weight and the weight upon each wheel, tire, axle or group of axles will not exceed the maximum weights permitted under this chapter.

(b) Violation of size limitations.--If the load upon any vehicle or combination is such that the size limitations of this chapter are exceeded, the driver shall reduce or reposition the load so that it does not exceed the size limitations.

(c) Load adjustment to avoid prosecution.--If the gross weight of the vehicle or combination does not exceed the maximum allowable gross weight plus 3% tolerance for scale error and the weight upon any axle or group of axles is in excess of the maximum allowable axle weight, the operator shall be allowed four hours to adjust the position of the load so that the weight upon all wheels, tires, axles and groups of axles does not exceed the maximum allowable weights plus 3% tolerance for scale error as authorized in section 4981(c) (relating to weighing and measurement of vehicles). If the load is so rearranged no arrest shall be made or prosecution brought for violation of Subchapter C (relating to maximum weights of vehicles). The provisions of this subsection shall not apply to any loads which exceed the amount of weight for which a permit was issued.

(d) Load incapable of reduction.--If the load on any vehicle or combination is such that it is incapable of reduction or dismemberment and is otherwise eligible to move under permit as provided in Subchapter D (relating to special permits for excessive size and weight), a valid permit shall be obtained before any further movement of a vehicle or combination in violation of the limitations of this chapter.

(e) Responsibility of owner or driver.--All material unloaded and any vehicle or combination parked awaiting a permit shall be cared for by the owner or driver at the risk of the owner or driver.

§ 6122. Authority to erect traffic-control devices.

(a) General rule.--The department on State-designated highways and local authorities on any highway within their boundaries may erect official traffic-control devices, which shall be installed and maintained in conformance with the manual and regulations published by the department upon all highways as required to carry out the provisions of this title or to regulate, restrict, direct, warn, prohibit or guide traffic.

(2) Local authorities shall obtain approval of the department prior to erecting any traffic signal except in a municipality with a traffic engineer qualified in accordance with department regulations.

(b) Standards for department approval.--The department shall promulgate rules and regulations setting forth minimum standards and factors to be considered in determining whether approval shall be given by the department for the installation and

(c) Lane restrictions to be minimized.--To the extent practical, lane restrictions in all work zones shall be minimized to prevent traffic congestion and unsafe traffic conditions.

(d) Responsibility of contractor.--If the department determines that a contractor or any subcontractor has failed to comply with specifications prescribed by the department for the control of traffic within a work zone on a highway within this Commonwealth, a sum of not less than $1,000 per day shall be assessed as liquidated damages from money due or to become due to the contractor.

6153. Existing reciprocity agreements unaffected.

Cross References. Subchapter C is referred to in section 102 of this title.

§ 6141. Declaration of policy.
It is the policy of this Commonwealth to promote and encourage the fullest possible use of its highway system by authorizing the making and execution of reciprocal agreements, arrangements and declarations with other states, provinces, territories and countries with respect to drivers, licensed and vehicles registered in this and other states, provinces, territories and countries, thus contributing to the economic and social development and growth of this Commonwealth.

§ 6142. Reciprocity agreements, arrangements and declarations authorized.
The secretary may execute or make agreements, arrangements and declarations to carry out the provisions of this subchapter and may amend and terminate the agreements, arrangements and declarations.

§ 6143. Benefits, privileges and exemptions from taxes and fees.
The secretary may enter into an agreement or arrangement with the duly authorized representatives of other jurisdictions, granting to drivers or vehicles or owners of vehicles properly licensed or registered in those jurisdictions, and for which evidence of compliance is supplied, benefits, privileges and exemptions from the payment, wholly or partially, of any taxes, fees or other charges imposed upon the drivers, vehicles or owners with respect to the operation or ownership of the vehicles under the laws of this Commonwealth. The agreement or arrangement shall provide that drivers or vehicles properly licensed or registered in this Commonwealth, when operating upon highways of the other jurisdiction, shall receive exemptions, benefits and privileges of a similar kind or to a similar degree as are extended to drivers or vehicles properly licensed or registered in the jurisdiction when operating in this Commonwealth. Each agreement or arrangement shall, in the judgment of the secretary, be in the best interest of this Commonwealth and the citizens thereof and shall be fair and equitable to this Commonwealth and the citizens thereof, and shall be determined on the basis and recognition of the benefits which accrue to the economy of this Commonwealth from the uninterrupted flow of commerce.

§ 6144. Vehicle registration and licensing.
An agreement or arrangement entered into, or a declaration issued, under this subchapter may contain provisions authorizing the registration or licensing in another jurisdiction of vehicles located in or operated from a base in the other jurisdiction which vehicles otherwise would be required to be registered or licensed in this Commonwealth. In such event, the
exemptions, benefits and privileges extended by the agreement or declaration shall apply to the vehicles when properly licensed or registered in the base jurisdiction.

Cross References. Section 6144 is referred to in section 1303 of this title; section 6204 of Title 27 (Environmental Resources).  

§ 6145. Proportional registration of fleet vehicles.

If any jurisdiction permits or requires the licensing of fleets of vehicles in interstate or combined interstate and intrastate commerce and payment of registration fees, license taxes or other fixed fees on an apportionment basis commensurate with and determined by the miles traveled on and the use made of the jurisdiction's highways, as compared with the miles traveled on and the use made of another jurisdiction's highways or any other equitable basis of apportionment, and exempts vehicles registered in other jurisdictions under such apportionment basis from the requirements of full payment of its own registration, license or other fixed fees, then the secretary may, by agreement, adopt the exemption with respect to vehicles of such fleets, whether owned by residents or nonresidents of this Commonwealth and regardless of where based. The agreements, under such terms, conditions or restrictions as the secretary deems proper, may provide that owners of vehicles operated in interstate or combined interstate and intrastate commerce in this Commonwealth shall be permitted to pay registration, license or other fixed fees on an apportionment basis, commensurate with and determined by the miles traveled or the use made of the highways of this Commonwealth as compared with the use made of the highways of other jurisdictions or any other equitable basis of apportionment. No agreement shall authorize, or be construed as authorizing, any vehicle so registered to be operated in intrastate commerce in this Commonwealth unless the owner has been granted intrastate authority or rights by the Pennsylvania Public Utility Commission if such grant is otherwise required by law. The secretary may adopt and promulgate such rules and regulations as deemed necessary to effectuate and administer the provisions of this section, and the registration of fleet vehicles under this subchapter shall be subject to the rights, terms and conditions granted by or contained in any applicable agreement, arrangement or declaration made by the secretary.

§ 6146. Enforcement agreements.

The secretary may enter into agreements relating to enforcement of this title, including, but not limited to:

1. the Driver License Compact and any other agreements to notify any state of violations incurred by residents of that state;
2. agreements to suspend or revoke the operating privilege of Pennsylvania licensed drivers who are convicted in Federal court or in another state of any offense essentially similar to those enumerated in section 1532(a) and (b) (relating to revocation or suspension of operating privilege);
3. agreements to disqualify the commercial driving privilege of Pennsylvania licensed drivers convicted in Federal court or in another state of offenses essentially similar to those resulting in disqualification under section 1611 (relating to disqualification);
4. agreements to establish procedures for the seizure of suspended, revoked or disqualified drivers' licenses of residents of other states; and
agreements to take measures to assure taking of chemical tests of breath, blood or urine and payment of fines or attendance at hearings by persons charged with these or other violations.

§ 6146.1. Multijurisdictional permit agreement.

(a) Multijurisdictional permit agreements authorized.--The secretary and the Pennsylvania Turnpike Commission may execute and enter into agreements on behalf of the Commonwealth with other states and countries to provide for:

1. The issuance of permits by one signatory state or country on behalf of another for nondivisible overweight or oversize loads, vehicles and combinations which are involved in interstate commerce upon the highways of this Commonwealth and any signatory state or country.

2. The collection and refund of permit fees and other costs from or to permittees.

(b) Purpose.--Each agreement with another state or country entered into on behalf of the Commonwealth pursuant to this section shall, in the judgment of the secretary, be in the best interests of this Commonwealth and the citizens thereof and shall be fair and equitable to this Commonwealth and the citizens thereof and shall be determined on the basis and recognition of the benefits which accrue to the economy of the Commonwealth from the uninterrupted flow of commerce with due regard for preserving the safety of the motoring public, the orderly movement of traffic and the structural integrity of the highways.

(c) Enforcement.--The secretary and the Pennsylvania Turnpike Commission are authorized to provide for:

1. The conduct and supervision of the movement of the overweight or oversize loads, vehicles and combinations by the department, the Pennsylvania Turnpike Commission, the Pennsylvania State Police or designated persons when the movement occurs within this Commonwealth or as authorized by the agreement.

2. The administration and enforcement of provisions set forth in a multijurisdictional permit agreement and the conditions or provisions set forth in any permit issued pursuant to such an agreement.

3. The suspension, revocation, rescission, cancellation or invalidation of any permittee's rights or privileges.

(d) Implementation.--The secretary and the Pennsylvania Turnpike Commission, in order to implement this section and the provisions of a multijurisdictional permit agreement, shall publish the agreement and relevant rules as a notice in the Pennsylvania Bulletin.

(Apr. 29, 1994, P.L.148, No.25, eff. imd.)

§ 6147. Declaration of reciprocity in absence of agreement.
In the absence of an agreement or arrangement with another jurisdiction, the secretary may examine the laws and requirements of such jurisdiction and declare the extent and nature of exemptions, benefits and privileges to be extended to vehicles properly registered or licensed in the other jurisdiction, or to the owners of the vehicles, which shall, in the judgment of the secretary, be in the best interest of this Commonwealth and the citizens thereof, and which shall be fair and equitable to this Commonwealth and the citizens thereof, and shall be determined on the basis and recognition of the benefits which accrue to the economy of this Commonwealth from the uninterrupted flow of commerce.

§ 6148. Applicability to leased vehicles.
An agreement or arrangement entered into, or a declaration issued, under the authority of this subchapter may contain provisions under which a leased vehicle properly registered by the lessor may be entitled, subject to terms and conditions stated therein, to the exemptions, benefits and privileges extended by such agreement, arrangement or declaration.

§ 6149. Automatic reciprocity.
If no agreement, arrangement or declaration is in effect with respect to another jurisdiction as authorized by this subchapter, any vehicle properly registered or licensed in the other jurisdiction, and for which evidence of compliance is supplied, shall receive, when operated in this Commonwealth, the same exemptions, benefits and privileges granted by the other jurisdiction to vehicles properly registered in this Commonwealth with the same type of registration.

(Apr. 28, 1978, P.L.202, No.53, eff. 60 days)

Cross References. Section 6149 is referred to in section 1303 of this title.

§ 6150. Proportional registration not exclusive.
Nothing contained in this subchapter relating to proportional registration of fleet vehicles shall be construed as requiring any vehicle to be proportionally registered if the vehicle is otherwise registered in this Commonwealth for the operation in which it is engaged including, but not by way of limitation, regular registration, temporary registration, or trip permit or registration.

§ 6151. Suspension of reciprocity benefits.
Agreements, arrangements or declarations made under authority of this subchapter may include provisions authorizing the department to suspend or cancel the exemptions, benefits or privileges granted to a person who violates any of the conditions or terms of such agreements, arrangements or declarations or who violates the laws or regulations of this Commonwealth related to motor vehicles.

§ 6152. Form, publication and distribution of documents.
All agreements, arrangements and declarations, and amendments thereto, shall be in writing and shall be published in compliance with Part II of Title 45 (relating to publication and effectiveness of Commonwealth documents). The department shall provide copies for public distribution upon request.

(Apr. 28, 1978, P.L.202, No.53, eff. 60 days)

§ 6153. Existing reciprocity agreements unaffected.
All reciprocity and proportional registration agreements, arrangements and declarations relating to vehicles, in force and effect at the time this subchapter becomes effective, shall
continue in full force and effect until specifically amended or revoked by the secretary.

§ 6154. Nonreciprocity of operational limitations.

(a) General rule.--If any other state with which the department has entered into a reciprocity agreement, including the International Registration Plan, imposes an operational limitation, burden or prohibition upon vehicles with a base jurisdiction of Pennsylvania but not upon vehicles with a base jurisdiction of the other state, the Commonwealth shall impose a like operational limitation, burden or prohibition upon the same class of vehicles that are operating in this Commonwealth but based in the other state. Operational limitations shall include the maximum weight, width, length or height of a vehicle.

(b) Penalty.--A person who violates this section commits a summary offense and shall, upon conviction, be sentenced to pay a fine of not less than $500 and not more than $1,000 for each violation.

7134. Odometer disclosure requirements.
7135. Odometer mileage statement retention.

Enactment. Subchapter D was added June 14, 1983, P.L.16, No.8, effective in 60 days.

§ 7131. Legislative findings and definitions.
(a) Legislative findings.--The General Assembly finds as follows:

(1) Purchasers, when buying motor vehicles, rely heavily on the odometer reading of a motor vehicle as an index of the condition and value of the motor vehicle.

(2) Purchasers are entitled to rely on the odometer reading as an accurate indication of the mileage actually traveled by the motor vehicle. An accurate indication of the true mileage traveled by the motor vehicle assists the purchaser as a guide in determining the safety, reliability and value of the motor vehicle.

(b) Definitions.--The following words and phrases when used in this subchapter shall have the meanings given to them in this subsection unless the context clearly indicates otherwise:

"Dealer." A person engaged in the business of buying, selling or exchanging motor vehicles.

"Motor vehicle auction." A sale transaction conducted by means of oral or written exchanges between an auctioneer and the members of the audience, which exchanges consist of a series of invitations for offers for the purchase of motor vehicles made by the auctioneer and offers to purchase made by members of the audience and culminate in the acceptance by the auctioneer of the highest or most favorable offer made by a member of the participating audience.

"Motor vehicle auction company." A person who, as a part of that person's business, arranges, manages, sponsors, advertises or carries out motor vehicle auctions.

"Odometer." An instrument for measuring and recording the actual distance a motor vehicle travels while in operation. The term does not include any auxiliary odometer designed to be reset by the operator of the motor vehicle for the purpose of recording mileage on trips.

"Person." A natural person, association, partnership, corporation or trust.

"Repair and replacement." To restore to a sound working condition by replacing the odometer or any part thereof or by correcting what is inoperative.

"Transfer." To change ownership by purchase, gift or any other means.

"Transferee." A person to whom the ownership in a motor vehicle is transferred by purchase, gift or any means other than by creation of a security interest.

"Transferor." A person who transfers his ownership in a motor vehicle by sale, gift or any means other than by creation of a security interest.

(Mar. 21, 1996, P.L.35, No.11, eff. 60 days)

§ 7132. Prohibited activities relating to odometers.

(a) Devices causing improper odometer reading.--No person shall advertise for sale, sell, use or install, or cause to be installed, any device which causes an odometer to register any mileage other than the true mileage driven which is that mileage driven by the vehicle as registered by the odometer within the manufacturer's designed tolerance.

(b) Change of odometer reading.--No person shall disconnect, reset or alter, or cause to be disconnected, reset or altered, the odometer of any motor vehicle with intent to change the number of miles indicated on the odometer.

(c) Operation with disconnected or nonfunctional odometer.--No person shall, with intent to defraud, operate a motor vehicle on any street or highway knowing that the odometer of that vehicle is disconnected or nonfunctional.
(d) Alteration of true mileage statement.--No person shall falsely alter or cause to be falsely altered an acceptable statement of the true mileage of a motor vehicle in an attempt to conceal the true mileage of the motor vehicle. Any alteration of the true mileage of another vehicle shall, as a matter of law, be evidence of intent to defraud under this chapter.

(Mar. 21, 1996, P.L.35, No.11, eff. 60 days)

Cross References. Section 7132 is referred to in section 7136 of this title.

§ 7133. Permissible activities relating to odometers.

(a) General rule.--Nothing in this subchapter prevents the service, repair or replacement of an odometer if the mileage indicated remains the same as before the service, repair or replacement. Where the odometer is incapable of registering the same mileage as before the service, repair or replacement, the odometer shall be adjusted to read zero and a notice in writing shall be attached to the left door frame of the vehicle by the owner or his agent specifying the mileage prior to repair or replacement of the odometer and the date on which it was repaired or replaced.

(b) Prohibitions.--

(1) No person shall fail to adjust an odometer or affix a notice regarding the adjustment as required pursuant to subsection (a).

(2) No person shall, with intent to defraud, remove or alter any notice affixed to a motor vehicle pursuant to subsection (a).

Cross References. Section 7133 is referred to in section 7136 of this title.

§ 7134. Odometer disclosure requirements.

(a) Odometer mileage statement.--Prior to or simultaneously with the execution of any ownership transfer document relating to a motor vehicle, each transferor of a motor vehicle shall furnish to the transferee a written statement signed by the transferor containing the following information:

(1) The odometer reading at the time of transfer.
(2) The date of transfer.
(3) The transferor's name and current address.
(4) The transferee's name and current address.
(5) The identity of the vehicle, including its make, year and body type and its complete vehicle identification number.

(6) (i) A certification by the transferor that, to the best of his knowledge, the odometer reading reflects the actual miles or kilometers the vehicle has been driven;

(ii) if the transferor knows that the odometer reading reflects the amount of mileage in excess of the designed mechanical odometer limit of 99,999 miles or kilometers, he shall include a statement to that effect; or

(iii) if the transferor knows that the odometer reading differs from the number of miles or kilometers the vehicle has actually traveled and that the difference is greater than that caused by odometer calibration error, he shall include a statement that the odometer reading is not the actual mileage and should not be relied upon.

The transferee shall acknowledge receipt of the disclosure statement by signing it.

(b) Prohibitions.--
(1) No transferor shall violate any provision of this section or give a false statement to a transferee in making any disclosure required by this section.

(2) No transferee shall accept any written disclosure required by any provision of this section if the disclosure is incomplete.

(c) Auction sales.--With regard to any motor vehicle whose ownership is transferred through a motor vehicle auction sales transaction, the motor vehicle auction company conducting the sale shall receive from the transferor a copy of the odometer mileage statement which the transferor is required by subsection (a) to provide to the transferee.

(d) Other acceptable disclosure forms.--Either an odometer mileage statement, approved by the United States Secretary of Transportation pursuant to section 1988 of the Motor Vehicle Information and Cost Savings Act (Public Law 92-513, 15 U.S.C. § 1988), or a Pennsylvania ownership transfer document, approved by the department, which includes the odometer disclosure information as prescribed in subsection (a) shall be deemed to satisfy all the requirements for the content and form of odometer mileage statements. Nothing in this subsection shall exempt a dealer or motor vehicle auction company from the provisions of section 7135 (relating to odometer mileage statement retention).

(d.1) Secure power of attorney.--The department shall permit a licensed dealer to use a secure power of attorney to transfer a vehicle when the certificate of title is encumbered with a lien. Prior to transferring the vehicle, the dealer shall obtain from the transferor a secure power of attorney authorizing the dealer to transfer to the title all information pertaining to odometers that is required to be disclosed by this title and Federal law, in lieu of the transferor providing such information on the certificate of title. In addition to any other documents required by the department, the dealer shall submit to the department the following:

(1) If the transferred vehicle is a retail sale and is to be titled in this Commonwealth, the dealer shall submit the secure power of attorney attached to the application for title, along with the certificate of title and the established fee.

(2) If the transferred vehicle is to be titled outside of this Commonwealth, the dealer shall submit to the department the secure copy of the secure power of attorney attached to a copy of the certificate of title and the established fee.

(3) If the transferred vehicle is to be transferred to another licensed dealer, the first transferor dealer shall submit to the department the secure copy of the secure power of attorney attached to a copy of the certificate of title and the established fee.

Additional transfers between licensed dealers shall be permitted in accordance with section 1113 (relating to transfer to or from manufacturer or dealer). No more than one secure power of attorney shall be utilized with the certificate of title during this authorized transfer process. Upon application for certificate of title, the secure power of attorney utilized to verify odometer information when the vehicle was encumbered with a lien shall be submitted with the certificate of title.

(b) Report of accident to department.--The operator of any snowmobile or ATV involved in any accident resulting in injuries to or death of any person or resulting in property damage to the estimated amount of $100 or more shall, within seven days after such accident, report the matter in writing to the department. Every operator or owner of a snowmobile or an ATV in an accident, or surviving participant of any such accident, shall make such other and additional reports as the department shall require.

(c) Report by law enforcement officer.--A law enforcement officer who investigates or receives information of an accident involving a snowmobile or an ATV shall make a written report of the investigation or information received, and such additional facts relating to the accident as may come to his knowledge, and mail the same within 48 hours to the department and keep a record thereof in his office.

It shall be an affirmative defense to any prosecution for a violation of this section that such proof was so produced within 72 hours of receiving notice of such violation, injury or damage or the claim of such injury or damage.

(c) Owner's responsibility.--No owner of a snowmobile or ATV shall operate or permit the same to be operated without having in full force and effect liability insurance coverage required by this section. The operator of a snowmobile or ATV shall carry proof of insurance on his person or on the snowmobile or ATV when it is in operation.

§ 7753. Actions for collection of penalties.

(a) General rule.--An action to recover any penalty imposed under the provisions of this chapter may be brought in any court of competent jurisdiction in this Commonwealth on order of the department and in the name of the Commonwealth. In any such action all penalties incurred up to the time of commencing the action may be sued for and recovered therein and the commencement of an action to recover any such penalty shall not be, or be held to be, a waiver of the right to recover any other

to recover any such penalty the Commonwealth shall be entitled
to recover full costs and at the rates provided for civil
actions.

(b) Duty and liability of witnesses.--No person shall be

perjury.

Thereupon the judge may proceed as though the defendant had
been convicted upon a plea of guilty in open court. Any
imposition of fine or penalty under this section shall be deemed
tentative until the fine or penalty has been paid and discharged
in full. If, upon receipt of the aforesaid statement, the judge
shall deny the same, he shall thereupon notify the defendant
of this fact and that he is required to appear before the said

provisions of law.

(d) Statement of disposition of case.--Subject to any

(3) In order to promote the safety of this Commonwealth's highways and to best safeguard Pennsylvania residents and their property, it is essential to provide guidelines to ensure that motor carriers conduct their operations in a safe, responsible and professional manner.
(b) Declaration of policy.--The purpose of this chapter is to promote the safe, responsible and professional operation of motor carriers within this Commonwealth.

Section 14 of Act 47 provided that the repeal of Subchapter A shall apply on the first day of the first quarter beginning at least three months after the effective date of the repeal.
§ 8301. Legislative findings.

(a) Essential nature.--It is hereby found as a fact that hazardous materials are essential for various industrial, commercial and other purposes, that their transportation is a necessary incident of their use and, therefore, that such transportation is required for the employment and economic prosperity of the people. It is also found as a fact that the transportation of hazardous materials may involve risk of injury to persons and damage to property and that the degree of the risk can and should be kept at a minimum consistent with technical feasibility and economic reasonableness.

(b) Balance of interests.--The purpose of this chapter and the primary standard by which it shall be administered is to so regulate the transportation of hazardous materials and assure compliance with the regulations promulgated pursuant to this chapter that there is established and maintained a reasonable balance between the interests of the people in the safety of themselves and their property, on the one hand, and the interests of the people and their employment and economic prosperity on the other.

§ 8302. Powers and duties of department.

The department shall have the following powers and duties:

(1) Administer the hazardous materials transportation program pursuant to this chapter.

(2) Classify hazardous materials according to the nature and degree of risk involved in their transportation and apply separate regulations to each class.

(3) Adopt regulations pertaining to methods of packing, loading and unloading hazardous materials; to the specifications, marking, inspection, condition and equipment of vehicles transporting such substances; to qualification of drivers and other matters relating to operation of such
vehicles; to routing and parking of such vehicles, except that such regulations may not supersede ordinances of local authorities and all other factors which affect the nature or degree of risk involved in transportation of hazardous materials.

(4) Declare any material to be a hazardous material and thereby subject its transportation to this chapter.

(5) Issue permits and specify the terms and conditions thereof, exempting cargo tanks used solely for intrastate transportation and trucks used solely for the transportation of combustible liquids from Federal design specifications. The permits shall be issued upon meeting testing requirements established by department regulation and shall be valid for a period of two years.

(6) Inspect vehicles and investigate all other matters relating to the safe transportation of hazardous materials on any highway in this Commonwealth including the Pennsylvania Turnpike.

(7) Delegate enforcement of all or parts of these regulations to one or more of the several departments and commissions represented on the Hazardous Materials Transportation Advisory Committee who meet training criteria specified by department regulation. Delegation shall be accomplished through cooperative agreements and become effective upon publication in the Pennsylvania Bulletin.

(8) Enter into cooperative agreements with the Federal Government relating to the regulation of the highway transportation of hazardous materials.

Cross References. Section 8302 is referred to in sections 4102, 8304 of this title; section 4150 of Title 3 (Agriculture).

§ 8303. Correspondence with Federal regulations.

In the case of any person who is subject to Federal regulations pertaining to the transportation of hazardous materials, the department's regulations shall, and in any other case may, as far as practicable, correspond with such Federal regulations. It is the purpose of this section to avoid, as far as practicable, the imposition of conflicting regulations upon persons who operate vehicles subject to Federal regulations, pertaining to the transportation of hazardous materials. It is also the purpose of this section to empower, but not require, the department to prescribe, for persons not subject to the Federal regulations, regulations identical with or similar to those Federal regulations pertaining to the transportation of hazardous materials.

§ 8304. Right of entry.

Every motor carrier shall allow any department field investigator, member of the Pennsylvania State Police or other person delegated enforcement authority in accordance with section 8302(7) (relating to powers and duties of department) to enter upon and inspect the business premises of the motor carrier, including vehicles and other equipment located thereon, at all reasonable times for the purpose of determining whether the motor carrier is in compliance with this chapter and pertinent regulations, and shall make available to such person for inspection and copying all accounts, books, records, memoranda, correspondence and other documents which may reasonably relate to such determination.

§ 8305. Injunctions and other remedies.

(a) Restraining orders.--The Attorney General, upon request of the department or upon his own motion, may proceed in the name of the Commonwealth, by injunction, mandamus, quo warranto
or other appropriate remedy at law or in equity, criminal or civil, to restrain violations of the department's hazardous materials regulations or orders or to enforce obedience thereto.

(b) Long arm provision.--Whenever the Attorney General shall have reason to believe that a person has violated any regulation or order of the department but is outside the jurisdiction of this Commonwealth, the Attorney General may petition the court for an order authorizing the seizure and confiscation of such person's vehicles or hazardous materials wherever and whenever they may be found in this Commonwealth.

§ 8306. Penalties.

(a) Offenses defined.--Any person who violates any provision of this chapter, any rule or regulation of the department, any order of the department or any condition of any permit issued pursuant to this chapter commits a summary offense and, upon conviction, the person shall be subject to a fine of not less than $50 nor more than $1,000 for each separate offense, and, in default of the payment of the fine, shall be imprisoned for a period of 90 days.

(d) Continuing violations.--Each day of continued violation of any provision of this chapter, any rule or regulation of the department, any condition of any permit or order of the department issued pursuant to this chapter shall constitute a separate offense.

(e) Jurisdiction.--All summary proceedings under the provisions of this chapter may be brought before any magisterial district judge of the county where the offense occurred or in the county where the public is affected, and to that end jurisdiction is hereby conferred upon the magisterial district judges, subject to appeal by either party in the manner provided by law for appeals from summary convictions. It shall be the duty of the district attorney of the county to represent the interests of the Commonwealth.

§ 9003. Liquid fuels and fuels permits; bond or deposit of securities.

(a) Permit required; violation.--A distributor may not engage in the use or sale and delivery of liquid fuels within this Commonwealth without a liquid fuels permit or engage in the use or sale and delivery of fuels within this Commonwealth without a fuels permit. Each day in which a distributor engages in the use or sale and delivery of liquid fuels within this Commonwealth without a liquid fuels permit or fuels without a fuels permit shall constitute a separate offense. For each such offense, the distributor commits a misdemeanor of the third degree.

(b) Application.--A person desiring to operate as a distributor shall file an application for a liquid fuels permit or a fuels permit, or both, with the department. The application for a permit must be made upon a form prescribed by the department and must set forth the name under which the applicant transacts or intends to transact business, the location of the place of business within this Commonwealth and such other information as the department may require. If the applicant has or intends to have more than one place of business within this Commonwealth, the application shall state the location of each place of business. If the applicant is an association, the application shall set forth the names and addresses of the persons constituting the association. If the applicant is a corporation, the application shall set forth the names and addresses of the principal officers of the corporation and any other information prescribed by the department for purposes of identification. The application shall be signed and verified by oath or affirmation by:

(1) the owner, if the applicant is an individual;
(2) a member or partner, if the applicant is an association; or
(3) an officer or an individual authorized in a writing attached to the application, if the applicant is a corporation.

(c) Permit issuance.--Upon approval of the application and the bond required in subsection (d), the department shall grant and issue to each distributor a permit for each place of business within this Commonwealth set forth in the application. Permits shall not be assignable and shall be valid only for the distributors in whose names they are issued. Permits shall be valid only for the transaction of business at the places designated. Permits shall be conspicuously displayed at the places for which they are issued. A permit shall expire on the May 31 next succeeding the date upon which it was issued.

(d) Surety bond.--A permit shall not be granted until the applicant has filed with the department a surety bond payable to the Commonwealth in an amount fixed by the department of at least $2,500. Every bond must have as surety an authorized surety company approved by the department. The bond must state that the distributor will faithfully comply with the provisions
of this chapter during the effective period of his permit. The department may require any distributor to furnish such additional, acceptable corporate surety bond as necessary to secure at all times the payment to the Commonwealth of all taxes, penalties and interest due under the provisions of this chapter and section 9502 (relating to imposition of tax). If a distributor fails to file the additional bond within ten days after written notice from the department, the department may suspend or revoke the permit and collect all taxes, penalties and interest due. For the purpose of determining whether an existing bond is sufficient, the department may by written notice require a distributor to furnish a financial statement in such form as it may prescribe. Upon failure of any distributor to furnish a financial statement within 30 days of written notice, the department may suspend or revoke the permit and shall collect all taxes, penalties and interest due by him.

(d.1) Waiver of surety bond.--
(1) The department shall waive the bond required by subsection (d) with respect to retail sales of kerosene sold for private household use.
(2) The department may waive the bond required by subsection (d) with respect to a class of distributors if the department finds that the cost of bonding to that class is excessive when compared to the risk of loss to the Commonwealth.

(e) Surety discharge.--A surety on a bond furnished by a distributor as provided in this section shall be released and discharged from liability to the Commonwealth accruing on the bond after the expiration of 60 days from the date upon which such surety shall have lodged with the department a written request to be released and discharged. This provision shall not operate to relieve, release or discharge the surety from liability already accrued or which shall accrue before the expiration of the 60-day period. The department shall, upon receiving any such request, notify the distributor who furnished the bond. Unless the distributor, on or before the expiration of the 60-day period, files with the department a new bond, with corporate surety approved by and acceptable to the department, the department shall cancel the distributor's permit or permits. If a new bond is furnished by a distributor, the department shall cancel and surrender the old bond of the distributor as soon as it and the Office of Attorney General are satisfied that all liability under the old bond has been fully discharged.

(f) Renewal.--Permits issued under the provisions of this chapter may be renewed annually, before June 1, upon an application being made to the department. No permit shall be renewed until the applicant files with the department a new surety bond in an amount fixed by the department and conditioned that the distributor will faithfully comply with the provisions of this chapter and section 9502.

(g) Interstate or foreign commerce.--Nothing contained in this chapter shall require the filing of any application or bond or the possession and display of a liquid fuels permit for the use or sale and delivery of liquid fuels in interstate or foreign commerce not within the taxing power of the Commonwealth or for the use of liquid fuels by the Federal Government.

(h) Financial guarantees.--Any person required by the provisions of this section to file a surety bond may, in lieu of the bond, deposit with the State Treasurer bonds of the United States or of the Commonwealth, the par value of which is the amount of the surety bond required of such person, or
present to the State Treasurer satisfactory evidence of financial guarantees in the form of an irrevocable letter of credit from a financial institution authorized to do business in this Commonwealth. The treasurer shall issue to the person a certificate of such deposit or financial guarantee. The person shall file the certificate with the department. Its securities or letter of credit deposited with the State Treasurer shall be held as a guarantee that the holder of the permit shall faithfully comply with the provisions of this chapter and section 9502 during the effective period of the permit. The securities or letter of credit shall be retained by the State Treasurer for a period of 60 days after the termination of the permit, and such securities or letter of credit shall not be released from any liability to the Commonwealth already accrued or which shall accrue before the expiration of the 60-day period. At the end of the 60-day period, the securities or letter of credit shall be returned to their owner only if all claims of the Commonwealth guaranteed by the deposit have been fully satisfied.

(i) Penalties.--Any person that assigns a permit or fails to display conspicuously a permit at the place for which it is issued commits a summary offense.

(1) A tax is hereby imposed upon alternative fuels used to propel vehicles of any kind or character on the public highways. The rate of tax applicable to each alternative fuel shall be computed by the department on a gallon equivalent basis and shall be published as necessary by notice in the Pennsylvania Bulletin.

(2) The tax imposed in this section upon alternative fuels shall be reported and paid to the department by each alternative fuel dealer-user rather than by distributors under this chapter similar to the manner in which distributors are required to report and pay the tax on liquid fuels and fuels, and the licensing and bonding provisions of this chapter shall be applicable to alternative fuel
dealer-users. The department may permit alternative fuel dealer-users to report the tax due for reporting periods greater than one month up to an annual basis provided the tax is prepaid on the estimated amount of alternative fuel to be used in such extended period. The bonding requirements may be waived by the department where the tax has been prepaid.

(e) **Exceptions.**--The tax imposed under subsections (b), (c) and (d) shall not apply to liquid fuels, fuels or alternative fuels:

1. Whenever liquid fuels and fuels are delivered within this Commonwealth by one distributor to another distributor holding a permit under this chapter, the distributor receiving the liquid fuels and fuels shall separately show, in that distributor's monthly reports to the department, all such deliveries from each distributor and shall pay the liquid fuels and fuels tax provided for by this chapter upon all such liquid fuels and fuels used or sold and delivered within this Commonwealth.

(4) The department shall furnish to any distributor, upon request, a list of distributors holding permits under this chapter and their addresses.

(c) Recovery of tax payment.--Distributors may add the amount of the tax to the price of liquid fuels and fuels sold by them and shall state the rate of the tax separately from the price of the liquid fuels and fuels on all price display signs, sales or delivery slips, bills and statements which advertise or indicate the price of liquid fuels and fuels.

(d) Penalty.--A person who violates this section commits a summary offense.

The report shall show the number of gallons of liquid fuels and fuels used or delivered within this Commonwealth during the period for which that report is made and any further information that the department prescribes. A distributor having more than one place of business within this Commonwealth shall combine in each report the use or delivery of liquid fuels and fuels at all such separate places of business.

(b) Computation and payment of tax.--

(1) The distributor, at the time of making the report under subsection (a), shall compute and pay to the department the tax due to the Commonwealth on liquid fuels and fuels used or sold and delivered by that distributor during the preceding month, less a discount, if the report is filed and the tax paid on time, computed as follows:

(i) 2%, if the tax amounts to $50,000 or less;
(ii) 1.5%, on tax in excess of $50,000 and not exceeding $75,000;

(c) Due dates.--The amount of all taxes imposed under the provisions of this chapter for each month shall be due and payable on the 20th day of the next succeeding month. Taxes due shall bear interest at the rate of 1% per month or fractional
part of a month from the date they are due and payable until paid.

(d) **Additional penalty.**--If a distributor neglects or refuses to make any report and payment as required, an additional 10% of the amount of the tax due shall be added by the department and collected as provided. In addition to the added penalty, the permit of the distributor may be suspended or revoked by the department.

§ 9007. Determination and redetermination of tax, penalties and interest due.

(a) **Determination.**--If the department is not satisfied with the report and payment of tax made by any distributor under the provisions of this chapter, it is authorized to make a determination of the tax due by the distributor based upon the facts contained in the report or upon any information within its possession.

(b) **Notice.**--Promptly after the date of determination, the department shall send by registered mail a copy to the distributor. Within 90 days after the date upon which the copy of the determination was mailed, the distributor may file with the department a petition for redetermination of such tax. A petition for redetermination must state specifically the reasons which the petitioner believes allow the redetermination and must be supported by affidavit that it is not made for the purpose of delay and that the facts set forth are true. The department shall, within six months after the date of a determination, dispose of a petition for redetermination. Notice of the action taken upon any petition for redetermination shall be given to the petitioner promptly after the date of redetermination by the department.

(c) **Administrative appeal.**--Within 60 days after the date of mailing of notice by the department of the action taken on any petition for redetermination filed with it, the distributor against whom the determination was made may by petition request the Board of Finance and Revenue to review the action. A petition for review must state specifically the reason upon which the petitioner relies or must incorporate by reference the petition for redetermination in which the reasons have been stated. The petition must be supported by affidavit that it is not made for the purpose of delay and that the facts set forth are true. If the petitioner is a corporation or association, the affidavit must be made by one of its principal officers. A petition for review may be amended by the petitioner at any time prior to the hearing. The board shall act finally in disposition of petitions filed with it within six months after they have been received. In the event of the failure to dispose of a petition within six months, the action taken by the department upon the petition for redetermination shall be deemed sustained. The board may sustain the action taken on the petition for redetermination or it may redetermine the tax due upon such basis as it deems according to law and equity. Notice of the action of the board shall be given to the department and to the petitioner.

(d) **Sanctions.**--If a distributor neglects or refuses to make a report and payment of tax required by this chapter, the department shall estimate the tax due by such distributor and determine the amount due for taxes, penalties and interest.
There shall be no right of review or appeal from this determination. Upon neglect or refusal, permits issued to the distributor may be suspended or revoked by the department and required to be surrendered to the department.

Redistribution shall be effected within 120 days of the date of either of the reports. (d) Off-highway recreational vehicles.--(Deleted by amendment).

(d.1) Motorized recreational vehicles.--

(1) When the tax imposed by this chapter has been paid and the fuel on which the tax has been imposed has been consumed in the operation of motorized recreational vehicles on designated roads and bridges of this Commonwealth, including roads and bridges bordering on this Commonwealth, annually up to a maximum of $1,000,000 of the full amount of such taxes shall be refunded to the restricted accounts established in section 7706 (relating to restricted accounts) upon petition to the Board of Finance and Revenue.

(2) In accordance with prescribed procedures, the Department of Conservation and Natural Resources shall biennially calculate the amount of liquid fuels consumed by motorized recreational vehicles and furnish such information relating to its calculations and data to the Board of Finance and Revenue. The board shall review the petition and motorized recreational vehicle fuel consumption calculations of the Department of Conservation and Natural Resources to determine the full amount of taxes paid and shall certify to the State Treasurer to refund annually up to a maximum of $1,000,000 of the full amount of such taxes to the restricted account established in section 7706.

(3) This money shall be used by the Department of Conservation and Natural Resources for the improvement of public roadways, highways and bridges of this Commonwealth, including roads and bridges bordering on this Commonwealth, that are also used by motorized recreational vehicles required to be registered under this title. For the purpose of this section, improvement includes, but is not limited to, grooming for snowmobile use and safety.

(4) For the purposes of this subsection, motorized recreational vehicles are snowmobiles, all-terrain vehicles, motorcycles and four-wheel-drive vehicles.

(e) Aircraft.--A person shall be reimbursed in the amount of the excess if a person uses liquid fuel on which a tax imposed by this chapter in excess of 1 1/2¢ per gallon has been paid in:
(1) a propeller-driven aircraft or aircraft engines; or
(2) a jet or turbojet-propelled aircraft or aircraft engines.

(e.1) Truck refrigeration units.--
(1) A program shall be implemented to provide reimbursement for tax paid on undyed diesel fuel used in truck refrigeration units.
(2) A person shall be reimbursed the amount of tax paid pursuant to section 9004 on any purchase of undyed diesel fuel which is not more than 75 gallons per purchase and is delivered into a fuel tank which is designed to supply only an internal combustion engine mounted on a registered vehicle used exclusively for truck refrigeration.
(3) For the period of October 1, 1997, through September 30, 1998, claims for reimbursement of taxes paid shall be filed by March 1, 1999, with the Department of Revenue. For the period of October 1, 1998, through September 30, 1999, claims for reimbursement under this subsection shall be filed by October 31, 1999, with the department. For the period from October 1, 1999, through September 30, 2000, inclusive, claims for reimbursement under this subsection shall be filed with the department by October 31, 2000. For the quarter beginning October 1, 2000, and each quarter thereafter, claims for reimbursement shall be filed with the department on a quarterly basis and must be filed within 60 days following the end of the quarter for which reimbursement is being claimed.
(4) The department may require a claimant to satisfy any sales or use tax liability on the undyed diesel fuel for which the reimbursement is claimed.
(5) A claim for reimbursement must be supported by sales receipts with the word "reefer" noted on the claim and the date of purchase, seller's name and address, number of gallons purchased, fuel type, price per gallon or total amount of sale, unit numbers and the purchaser's name. The department may specify other documentation which it will accept in lieu of sales receipts. In the case of withdrawals from claimant-owned tax-paid bulk storage, the claim must be supported by detailed records of the date of withdrawal, number of gallons, fuel type, unit number and purchase and inventory records to substantiate that the tax was paid on all bulk purchases. Notwithstanding the provisions of section 9009 (relating to retention of records by distributors and dealers), all required documentation shall be retained for a period of three years following the filing date of the claim for reimbursement under this subsection. If the claimant fails to retain documentation as required by this paragraph, the department may deny the reimbursement or issue an assessment for any refund granted plus interest under section 9007 (relating to determination and redetermination of tax, penalties and interest due).
(6) (Deleted by amendment).

(e.2) Agricultural power takeoff.--A person shall be reimbursed the full amount of the tax imposed by this chapter if the person uses or buys liquid fuels or fuels on which the tax imposed by this chapter has been paid and consumes them to load for delivery or to unload at a farm feed, feed products, lime or limestone products for agricultural use from a vehicle by means of a power takeoff, provided the fuel usage is documented only by an electronic monitoring device used in conjunction with an electronically controlled engine.
Reimbursements shall be documented only as provided in this subsection, and no reimbursement shall be based upon any form of alternative documentation. Claims for reimbursement shall be filed with the department on a quarterly basis and must be filed within 60 days following the end of the quarter for which reimbursement is being claimed. The provisions of subsection (f) except for the filing fee provision shall apply to claims for reimbursement under this subsection to the extent they are not inconsistent with this subsection.

(f) Claims, forms, contents, penalties.--A claim for reimbursement or refund under subsection (b), (c) or (e) shall be made upon a form to be furnished by the board and must include, in addition to such other information as the board may by regulation prescribe, the name and address of the claimant; the period of time and the number of gallons of liquid fuels used for which reimbursement is claimed; a description of the farm machinery, aircraft or aircraft engine in which liquid fuels have been used; the purposes for which the machinery, aircraft or aircraft engine has been used; and the size of the farm and part in cultivation on which such liquid fuels have been used. A claim must contain statements that the liquid fuels for which reimbursement is claimed have been used only for purposes for which reimbursements are permitted; that records of the amounts of such fuels used in each piece of farm machinery, aircraft or aircraft engine have been kept; and that no part of the claim has been paid except as stated. A claim must contain a declaration that it and accompanying receipts are true and correct to the best of the claimant's knowledge and must be signed by the claimant or the person claiming on the claimant's behalf. A claim must be accompanied by receipts indicating that the liquid fuels tax was paid on the liquid fuels or that the excess liquid fuels tax was paid on the liquid fuels for which reimbursement is claimed. Records of purchases of liquid fuels and use in each tractor or powered machinery, aircraft or aircraft engine shall be kept for a period of two years. A claim must be made annually for the preceding year ending on June 30. A claim must be submitted to the board by September 30. The board shall refuse to consider any claim received or postmarked later than that date. The claimant must satisfy the board that the tax has been paid and that the liquid fuels have been consumed by the claimant for purposes for which reimbursements are permitted under this section. The action of the board in granting or refusing reimbursement shall be final. The board shall deduct the sum of $1.50, which shall be considered a filing fee, from every claim for reimbursement granted. Filing fees are specifically appropriated to the board and to the department for expenses incurred in the administration of the reimbursement provisions of this chapter. The board has the power to refer to the department for investigation any claim for reimbursement filed under the provisions of this chapter. The department shall investigate the application and report to the board. A person making any false or fraudulent statement for the purpose of obtaining reimbursement commits a misdemeanor of the third degree.

(g) Fund sources.--Refunds and reimbursements of money allowed under this section shall be paid from the Motor License Fund and the Liquid Fuels Tax Fund in amounts equal to the original distribution and payment of such money into those funds. Reimbursement for taxes paid on liquid fuels consumed in the operation of tractors and powered machinery for purposes relating to the actual production of farm products and
reimbursement for taxes paid on liquid fuels used in aircraft or aircraft engines shall be paid out of the Motor License Fund.

(h) Appropriations; approval by Governor.--As much of the money in the Motor License Fund and the Liquid Fuels Tax Fund as may be necessary is appropriated to the board for the purpose of making refunds and reimbursements as authorized in this section. Estimates of the amounts to be expended from these funds for refunds and reimbursements by the board must be submitted to the Governor for approval or disapproval as in the case of other appropriations to administrative departments, boards and commissions. It is unlawful to honor any requisition of the board for the expenditure of money under this section in excess of the estimates approved by the Governor.

(a) **Diesel fuel transporters.**--

1. A person must obtain a diesel fuel transporter's permit in order to import, export or transport within this Commonwealth diesel fuel, other than dyed diesel fuel, via a pipeline or by means of a tank-truck vehicle, railroad tank car or vessel with a capacity of 2,000 gallons or more. The permit application must be filed with the department upon a form prescribed by the department.

3. Every person required to obtain a permit under paragraph (1) shall report under oath or affirmation to the department on or before the last day of each month for the preceding month all deliveries of diesel fuel, other than dyed diesel fuel, and retail deliveries of kerosene in quantities of less than 300 gallons per delivery to any point within this Commonwealth, including any interstate or intrastate movements of diesel fuel and any exports. The form shall be prescribed by the department and may require any of the following:

   i. The names and addresses of the cosigner and cosignee, the seller or other party from whom the diesel fuel was received, the buyer or other party to whom the diesel fuel was delivered and points to and from which the diesel fuel was shipped or delivered.
   
   ii. The method of shipment or delivery.
   
   iii. The number of gallons.

4. All shipments of diesel fuel, including dyed diesel fuel, shall be accompanied by sales delivery tickets or bills of lading. Shipments for which the required documentation does not accompany the shipment or for which the notice required with respect to dyed diesel fuel does not comply with the requirements of subsection (b) shall be presumed to not be shipments of dyed diesel fuel.

(b) **Notices with respect to dyed diesel fuel.**--

1. A notice, stating: DYED DIESEL FUEL, NONTAXABLE USE ONLY, PENALTY FOR TAXABLE USE, shall be:
(i) Provided by the terminal operator to any person that receives dyed diesel fuel at a terminal rack of that operator.

The term shall not include work performed under a rehabilitation or manpower training program.

(b) Applicability.--This section shall apply to a contract entered on or after the effective date of this section.

(c) Definition.--As used in this section, the term "locally funded" means a highway or bridge project that is funded entirely by funds:

CHAPTER 91
STATE HIGHWAY MAINTENANCE

Sec.
9101. Definitions.
9102. Distribution of State highway maintenance funds.
9103. Transfers for emergency or equipment needs.
9104. Standards and methodology for data collection.
9105. Nonlapse of allocated funds for advertised projects.
9106. Dirt, gravel and low-volume road maintenance.

Enactment. Chapter 91 was added June 18, 1980, P.L.229, No.68, effective immediately.

§ 9101. Definitions.

The following words and phrases when used in this chapter shall have, unless the context clearly indicates otherwise, the meanings given to them in this section:

"ASHMA." All additional State funds from the highway maintenance appropriation, the secondary roads, maintenance and resurfacing executive authorization and supplemental distributions pursuant to section 9502(a)(2)(i) and (3)(ii) (relating to imposition of tax) in excess of all counties' base allocations.

"Base allocation." The annual expenditure for routine maintenance operations by a county maintenance district averaged over the immediately preceding five years.

"BMD." The Bridge Maintenance Deficiency index based upon bridge safety inspections conducted by certified professionals who have physically evaluated the condition of all State highway bridges greater than or equal to eight feet in length on a periodic basis in accordance with the National Bridge Inspection Standards. The criteria for determining any State highway bridge maintenance deficiencies shall include, but not be limited to, the priority and urgency of maintenance needs and the bridge deck area of all bridges greater than or equal to eight feet in length.
"c." When used alone or in conjunction with any formula part, any given county.

"Highway maintenance." A program to preserve, repair and restore a system of existing State roadways with its elements to its designed or accepted configuration. System elements include but are not limited to travelway surfaces, shoulders, roadsides, drainage facilities, bridges, tunnels, signs, markings, lighting and fixtures. Included in the program are such traffic services as lighting and signal operation, snow and ice removal and operation of roadside rest areas. Highway maintenance programs are developed to offset the effects of weather, organic growth, deterioration, traffic wear, damage and vandalism. Deterioration would include effects of aging, material failures and design and construction faults to existing State highways.

"LM." The number of actual State highway lane miles in each county as a proportion of the total number of State highway lane miles in this Commonwealth.

"Routine maintenance operations." Highway maintenance activities including traffic, roadside and winter services performed by a county maintenance district and also including costs incurred for personnel services, operational expenses and fixed assets. The term shall not include the costs of roadway repair and restoration.

"RPQ." The Relative Pavement Quality Index which shall be based upon a Road Quality Report which entails the evaluation of the conditions of the highways in each county on a periodic basis. The criteria for determining any road deficiencies shall include but not be limited to road surface, foundation, drainage, shoulders and other safety features such as road striping, guardrails, median barriers and signs. The index shall provide a reasonable comparison of highway quality and conditions between all counties. The report indicating methodology utilized and the resulting data shall be submitted annually to the Transportation Committees of the Senate and House of Representatives for their review.

"Vehicle miles." The total number of miles traveled by all vehicles on State maintained roads within a county as determined by the department.

"VM." The number of vehicle miles traveled in each county as a proportion of the total vehicle miles traveled in this Commonwealth.

§ 9102. Distribution of State highway maintenance funds.

(a) General rule.--The department shall distribute highway appropriations and executive authorizations for State highway maintenance in the various county maintenance districts in the following manner:

(1) For any fiscal year in which the total highway maintenance appropriations and executive authorizations are equal to the combined total base allocations for all the county maintenance districts, each maintenance district shall receive its base allocation.

(2) For any fiscal year in which the total highway maintenance appropriations and executive authorizations are less than the combined total base allocations of all the county maintenance districts, each maintenance district's share shall be reduced, to the extent necessary to bring the total allocation within the funding limits, in the same proportion that each county's base allocations bears to the combined total of all counties' base allocations.
(3) For any fiscal year in which the total highway maintenance appropriations and executive authorizations are greater than the combined total base allocations of all the county maintenance districts, the funds shall be distributed based upon the formula in subsection (b), but notwithstanding the formula calculation for any particular county, no county shall receive less than its base allocation in any year.

(b) Formula for distribution.--The department shall distribute to each county maintenance district:

(1) an amount equal to the county's base allocation; plus

(2) an amount based on the following incremental formula in which each county shall receive a portion of State highway maintenance appropriations and executive authorizations in excess of the total of all counties' base allocations, expressed in the following manner:

ASHMA (40% RPQc + 15% BMDc + 30% LMc + 15% VMc).

(c) Establishment of applicable data.--The applicable data for all counties corresponding to each individual factor in the incremental formula in subsection (b) shall be established and certified by the Governor by May 1 of each year based on the best information available at that time for the immediately preceding five-year period with the exception of BMD. The submission of data relative to BMD shall only include the immediately preceding 12-month period beginning with fiscal year 1997-1998. In each subsequent fiscal year, an additional year of data relative to BMD shall be added until such time as data from a five-year period has been accumulated.

(d) Effect of insufficient funds.--In the event sufficient funds are not available to fully fund all county maintenance districts under the formula in subsection (b) due to the hold harmless provision in subsection (a), each county maintenance district receiving an increase above its base allocation shall have its share reduced in the proportion that the increase over its base allocation bears to the total increases over the base allocation of all counties entitled to an increase, to the extent necessary to bring the total allocations within the funding limit.

Cross References. Section 9102 is referred to in sections 9010, 9207, 9502 of this title.

§ 9103. Transfers for emergency or equipment needs.

(a) General rule.--If the need arises for transfers to counties because of emergency or equipment needs, the department shall draw from the allocations of all counties in a manner such that the proportion of the transfer for any given county equals the proportion of the total allocation for that county to the total highway maintenance appropriations and executive authorizations.

(b) Effect on subsequent allocation.--Expenditures from transfers made to or from any county for emergency or equipment needs shall not become a part of the computation for such county for the subsequent year's maintenance allocation.

§ 9104. Standards and methodology for data collection.

The department shall initially determine the standards and methodology for data collection and shall, within ten days of the effective date of this chapter, publish them in the Pennsylvania Bulletin as a basis for making such determinations in subsequent years.

§ 9105. Nonlapse of allocated funds for advertised projects.
Where bids have been advertised for projects that would use funds allocated to any county maintenance district for a particular fiscal year but because of the bidding process the contract or contracts were not awarded before the close of that fiscal year, the county's allocation for that fiscal year shall not lapse but may be allocated to the particular contract that was not awarded because of the incompleteness of the bidding process. Any additional allocation remaining after all such contracts are let shall lapse as of the date of the awarding of the last of the contracts.

§ 9106. Dirt, gravel and low-volume road maintenance.

(a) Statement of purpose.--It is the intent and purpose of this section:

(1) To fund safe, efficient and environmentally sound maintenance of sections of dirt and gravel roads which have been identified as sources of dust and sediment pollution.

(2) To establish a dedicated and earmarked funding mechanism that provides streamlined appropriation to the county level and enables local officials to establish fiscal and environmental controls.

(3) To fund safe, efficient and environmentally sound maintenance of sections of low-volume roads that are sealed or paved with an average daily traffic count of 500 vehicles or less.

(b) General rule.--Of the funds available under section 9502(a)(1) (relating to imposition of tax), $7,000,000 shall be annually distributed to the Department of Conservation and Natural Resources for the maintenance and mitigation of dust and sediment pollution from parks and forestry roads. Funds in the amount of $28,000,000 shall be appropriated annually to the State Conservation Commission and administered in a nonlapsing, nontransferable account restricted to maintenance and improvement of dirt, gravel and low-volume State and municipal roads. The State Conservation Commission shall apportion the funds based on written criteria it develops to establish priorities based on preventing dust and sediment pollution. In the first fiscal year, top priority shall be given to specific trouble spot locations already mapped by the Task Force on Dirt and Gravel Roads and available from the department. A minimum of $8,000,000 of the total appropriated annually shall be for maintenance and improvement of low-volume roads.

(c) Apportionment criteria.--The apportionment criteria shall:

(1) Be based on verified need to correct pollution problems related to the road.

(2) Consider the total miles of dirt and gravel roads maintained by local municipalities or State agencies that are open to the public during any period of the year.

(3) Consider total miles of dirt and gravel roads within watersheds protected as of November 1996 as exceptional value or high quality waters of this Commonwealth.

(4) Consider allowances for the local costs of limestone aggregate.

(5) Consider the commitments of grant applicants to comply with the nonpollution requirements established.

(d) State Conservation Commission.--The State Conservation Commission shall:

(1) Adopt performance standards.

(2) Provide for a system of audit.

(3) Annually assess the program and annually report to the Transportation Committee of the Senate and the
Transportation Committee of the House of Representatives on its acceptance and effectiveness.
The State Conservation Commission shall be entitled to withhold and expend the costs of the audit and report preparation up to the maximum limit of 2% of the funds administered.

(e) Quality assurance boards.--Apportioned funds are to be dispensed to county conservation districts which apply for them and are to be used by State agencies and local municipalities that maintain roads within the county and fulfill certain requirements specified under subsection (g). Within the conservation district a quality assurance board shall be impaneled to establish and administer the grant program. The four-member quality assurance board is to be comprised of a nonvoting chairman appointed by the conservation district directors and one local representative appointed by each of the following entities:

(1) The Federal Natural Resources Conservation Service.
(2) The Pennsylvania Fish and Boat Commission.
(3) The county conservation district.

If circumstances require, the chairman may vote to decide a tie vote.

(f) Administration.--The quality assurance board's administration of funding shall include:

(1) Adoption of written criteria to assure equal access for all eligible applicants within specified funding categories.
(2) Provision of documentation that application has been made for all required permits.
(3) Adoption of procedures that assure a minimal amount of procedural paperwork.
(4) Adoption of written criteria to specify priorities.
(5) Adoption of funding categories to provide for separate budgeting for:
   (i) Department of Conservation and Natural Resources, Bureau of Forestry roads.
   (ii) Municipal government roads.
   (iii) Road demonstration projects.
   (iv) Training grants restricted to 15% of funding.
   (v) Administrative costs, limited to actual documented costs and restricted to a maximum of 10%.
(6) Adoption of incentives for training road managers and equipment operators.
(7) Adoption of standards that prohibit use of materials or practices which are environmentally harmful.
(8) Adoption of site inspection requirements to verify completion of work.

(g) Grant applications.--Each grant application shall:

(1) Be specific to one work location or one type of work except that all State forest roads within one county and within one forest district may be authorized on a single grant.
(2) Expedite the approval process by allowing the quality assurance board to insert additional requirements that complete and qualify the grant for approval and which when accepted by the applicant become a binding obligation on the applicant.
(3) Require minimal handwritten information such as location, problem being solved, basis of cost estimate, project work schedule, basis of successful completion and type and amount of pollution reduced.

The grant application shall not exceed one page with reference to published standards being acceptable.

(2) All conveyances, including vehicles or vessels, used to transport liquid fuels or fuels as described in paragraph (1) except:

(i) no conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of Chapter 90 (relating to liquid fuels and fuels tax); and
(ii) no bona fide security interest retained or acquired under Title 13 (relating to commercial code) by any merchant dealing in new or used vehicles or vessels, or retained or acquired by any licensed or regulated finance company, bank, lending institution or by any other business regularly engaged in the financing of or lending on the security of such vehicles or vessels, shall be subject to forfeiture or impairment.

(b) Method of seizure.--Property subject to forfeiture under this section may be seized by the Department of Revenue upon process issued by any court of common pleas having jurisdiction over the property. Seizure without process may be made if the seizure is incident to an inspection or arrest for a violation of this chapter or Chapter 90.

(c) Limit on return of property.--

(1) No property seized in accordance with this section, when in the custody of the Department of Revenue, shall be seized or taken therefrom by any writ of replevin or other judicial process unless a petition for forfeiture is not timely filed.

(2) Any liquid fuels or fuels seized under this section may be immediately used for any public purpose or sold to any person at the discretion of the Secretary of Revenue. If such liquid fuels or fuels are determined not to be subject to forfeiture, they need not be returned to the owner or any other person making a claim thereto, but at the option of the Secretary of Revenue an amount equal to the wholesale value of the liquid fuels or fuels as determined on the date of seizure may be returned.

(d) In rem proceedings.--The proceedings for the forfeiture of any liquid fuels or fuels or conveyances seized under this section shall be in rem. The Commonwealth shall be the plaintiff and the property shall be the defendant. A petition shall be filed, within five days after seizure, in the court of common pleas of the county in which the property was seized by revenue agents of the Department of Revenue, verified by oath or affirmation of any revenue agent. In the event that the petition is not filed within the time prescribed herein, the seized property shall be immediately returned to the person from whom seized or the owner thereof.

(e) Contents of petition.--The petition shall contain the following:

(1) The description of the property seized.

(2) A statement of the time when and the place where seized.

If the owner cannot be found within this Commonwealth, a copy of the petition shall be served on the owner by registered mail or certified mail, return receipt requested, addressed to the last known address of the owner. The person in possession of the property and all encumbrance holders having a perfected security interest in the property confiscated shall be notified in a like manner. Copies
shall have endorsed thereon a notice substantially similar to the following:

To the claimant of the within property: You are required to file an answer to this petition setting forth your title in and right to possession of the property within 20 days from the service hereof, and you are also notified that, if you fail to file an answer, a decree of forfeiture will be entered against the property.

The notice shall be signed by the petitioner or his attorney.

(g) Advertisement.--If the owner of the property is unknown, notice of the petition shall also be given by an advertisement in only one newspaper of general circulation published in the county where the property was seized, once a week for two successive weeks. No other advertisement of any sort shall be necessary, any other law to the contrary notwithstanding. The notice shall contain a statement of the seizure of the property, with the description thereof and the place and date of seizure, and shall direct any claimants thereof to file a claim therefor on or before a date given in the notice which shall not be less than ten days from the date of the last publication.

(h) Hearing date.--Upon the filing of any claim for the property setting forth a right of possession thereof, the case shall be deemed at issue, and a hearing shall be held within five days thereof.

(i) Standard of proof.--The claimant shall have the burden of proving that he is not subject to the provisions of this section, but the burden of proof shall be upon the Commonwealth to prove all other facts necessary for the forfeiture of the property. In the event that the Commonwealth has not met its burden by a preponderance of the evidence or the claimant has proved that he is not subject to the provisions of this section, the court shall order the property returned to the claimant; otherwise, the court shall order the property forfeited to the Commonwealth. In the case of a motor vehicle, vessel or conveyance, should the claimant prove to the satisfaction of the court that he is the registered owner of the motor vehicle, vessel or conveyance and that he did not know or have reason to know that it was being used to transport liquid fuels or fuels in violation of the provisions of section 9404 (relating to violations and penalties) or 9019 (relating to diesel fuel importers and transporters; prohibiting use of dyed diesel fuel on highways; violations and penalties), the court in its discretion may order the motor vehicle, vessel or conveyance returned to the claimant.

(j) Encumbered motor vehicle.--In the case of a motor vehicle, should the claimant prove that he holds a valid encumbrance upon such motor vehicle, notice of which encumbrance has been duly noted on the certificate of title to the motor vehicle in accordance with the provisions of Chapter 11 (relating to certificate of title and security interests), the forfeiture shall be subject to such encumbrance as of the date of the seizure less prepaid or unearned interest. Before the motor vehicle may be sold, exchanged or otherwise transferred or retained for use by the Commonwealth, the outstanding amount of the encumbrance shall be paid to the claimant or possession of the motor vehicle shall be turned over to the claimant who shall expose the same to public sale and shall pay over to the Commonwealth any amount realized in excess of the outstanding amount of such encumbrance less the reasonable costs incurred by claimant in conducting such sale.

§ 9601. Short title of chapter.
This chapter shall be known and may be cited as the Motor Carriers Road Tax Act.

§ 9602. Definitions.
The following words and phrases when used in this chapter and in Chapter 21 (relating to motor carriers road tax identification markers) shall have the meanings given to them in this section and in section 2101.1 (relating to definitions) unless the context clearly indicates otherwise:

"Department." The Department of Revenue of the Commonwealth.
"Highway." The Pennsylvania Turnpike and every way or place, of whatever nature, open to the use of the public as a matter of right for purposes of vehicular travel. The term does not include a roadway or driveway upon grounds owned by private persons, colleges, universities or other institutions.
"Motor carrier." Every person who operates or causes to be operated any qualified motor vehicle on any highway in this Commonwealth.
"Motor fuel." Includes "fuels," "liquid fuels" and "alternative fuels" as defined in section 9002 (relating to definitions).
"Operations." Operations of all qualified motor vehicles, whether loaded or empty, whether operated singly or in combination with trailers or semitrailers, whether for compensation or not for compensation, and whether owned by or leased to the motor carrier who operates them or causes them to be operated.
"Qualified motor vehicle." As defined in section 2101.1 (relating to definitions).
"Recreational vehicle." Vehicles such as motor homes, pickup trucks with attached campers and buses when used exclusively for personal pleasure by individuals. In order to qualify as a recreational vehicle, the vehicle shall not be used in connection with any business endeavor.
"Secretary." The Secretary of Revenue of the Commonwealth.

1997 Amendment. Act 3 amended the def. of "motor fuel."
1995 Amendment. Act 75 amended the intro. par. and the defs. of "motor carrier" and "operations," added the defs. of "qualified motor vehicle" and "recreational vehicle" and deleted the def. of "motor vehicle."

Cross References. Section 9602 is referred to in section 9802 of this title.

§ 9603. Imposition of tax.
(a) General rule.--Every motor carrier shall pay a road tax equivalent to the rate per gallon currently in effect on Pennsylvania liquid fuels, fuels or other alternative fuels as provided in section 9004(a), (b), (c) and (d) (relating to imposition of tax, exemptions and deductions), calculated on the amount of motor fuel used in its operations on highways within this Commonwealth.
(b) Other taxes unaffected.--The taxes imposed on motor carriers by this chapter are in addition to any taxes of whatever character imposed on such carriers by any other statute.
§ 9604. Credit for motor fuel tax payment.

(a) General rule.--Every motor carrier subject to the tax imposed under this chapter shall be entitled to a credit on the tax, equivalent to the rate per gallon of the Pennsylvania tax which is currently in effect, on all gasoline or other motor fuel purchased by the carrier within this Commonwealth for use in its operation either within or without this Commonwealth and upon which gasoline or other motor fuel the tax imposed by the laws of this Commonwealth has been paid by such carrier.

Evidence of the payment of the tax in such form as may be required by, or is satisfactory to, the department shall be furnished by each carrier claiming the credit. When the amount of the credit to which any motor carrier is entitled for any quarter exceeds the amount of the tax for which the carrier is liable for the same quarter, such excess shall, upon application and under regulations of the department, be allowed as a credit on the tax for which the carrier would be otherwise liable for any of the eight succeeding quarters; or, upon application to the department within the time that records are required to be maintained from the end of any quarter, duly verified and presented, in accordance with regulations promulgated by the department and supported by such evidence as may be satisfactory to the department, such excess shall be refunded if it shall appear that the applicant has paid to another state under a lawful requirement of such state a tax, similar in effect to the tax provided in this chapter, on the use or consumption in that state of gasoline or other motor fuel purchased in this Commonwealth.

(b) Refund procedure.--If the department shall refuse to allow a refund in the amount claimed by the applicant, the applicant may within 30 days of the mailing date of the notice of such refusal request a formal hearing on the application for a refund. The hearing shall be held after written notice to the applicant of not less than 20 days. Whenever any refund is ordered, it shall be paid out of the Motor License Fund. As much of the moneys received as payment of the tax, interest and penalties under this chapter as shall be necessary for the payment of the refunds provided for in this chapter is hereby appropriated for the payment of such refunds. No tax, interest, penalty or fee received or derived from any other tax imposed by the laws of this Commonwealth shall be used to pay any refund or credit due and payable under the provisions of this chapter.

Cross References. Section 9604 is referred to in section 9611 of this title.

§ 9605. Tax due date.

The tax imposed under this chapter shall be paid by each motor carrier quarterly to the department on or before the last day of April, July, October and January of each year and calculated upon the amount of motor fuel used in its operations on highways within this Commonwealth by each carrier during the quarter ending with the last day of the preceding month.

§ 9606. Tax revenue to Motor License Fund.

All taxes, fees, penalties and interest paid under this chapter shall be credited to and are hereby appropriated to the Motor License Fund as provided for by section 11 of Article VIII of the Constitution of Pennsylvania.

§ 9607. Calculation of amount of fuel used in Commonwealth.
The amount of gasoline or other motor fuel used in the operations of any motor carrier on highways within this Commonwealth shall be such proportion of the total amount of the gasoline or other motor fuel used in its entire operations within and without this Commonwealth as the total number of miles traveled on highways within this Commonwealth bears to the total number of miles traveled within and without this Commonwealth.

§ 9608. Report requirements.
Every motor carrier subject to the tax imposed by this chapter shall, on or before the last day of April, July, October and January of every year, make to the department such reports of its operations during the quarter ending the last day of the preceding month as the department may require and such other reports from time to time as the department may deem necessary. The department may by regulation permit motor carriers whose estimated annual liability under this chapter is $250 or less to file its report on an annual basis.

§ 9609. Average consumption.
In the absence of adequate records or other evidence satisfactory to the department showing the number of miles operated by a motor carrier's qualified motor vehicles per gallon of motor fuel, any such qualified motor vehicle shall be deemed to have consumed one gallon of motor fuel for each four miles operated.

(June 11, 1992, P.L.266, No.47, eff. 60 days; Dec. 20, 1995, P.L.669, No.75, eff. Jan. 1, 1996)

§ 9610. Records.
Every motor carrier shall keep such records, in such form as the department reasonably may prescribe, as will enable the carrier to report and enable the department to determine the total number of miles traveled by its entire fleet of qualified motor vehicles, the total number of miles traveled in this Commonwealth by the entire fleet, the total number of gallons of motor fuel used by the entire fleet and the total number of gallons of motor fuel purchased in this Commonwealth for the entire fleet. All such records shall be safely preserved for a period of four years in such manner as to insure their security and availability for inspection by the secretary or any authorized employee engaged in the administration of this chapter. Upon application in writing, stating the reasons therefor, the department may, in its discretion, consent to the destruction of any such records at any time within that period if the records pertain to a period which has been audited by the department. Every taxpayer shall retain records required by this chapter at a place within this Commonwealth, but a taxpayer who elects to retain records outside of this Commonwealth shall assume reasonable out-of-State audit expenses.

§ 9611. Surety bond for payment of taxes.
A motor carrier may give a surety company bond in an amount deemed necessary by the department to protect the revenues of the Commonwealth, payable to the Commonwealth of Pennsylvania and conditioned that the carrier will pay all taxes due and to become due under this chapter from the date of the bond to the date when either the carrier or the bonding company notifies the department that the bond has been canceled. The surety shall be a corporation authorized to write surety bonds in this Commonwealth. As long as the bond remains in force, the Board of Finance and Revenue may order refunds to the motor carrier in the amounts appearing to be due on applications duly filed
by the motor carrier under section 9604 (relating to credit for motor fuel tax payment), without first auditing the records of the carrier. The bond shall cover taxes and interest due thereon even though the assessment is made after cancellation of the bond, but only for taxes due and payable while the bond was in force and penalties and interest on such taxes.

1994 Partial Repeal. Section 42(b) of Act 48 of 1994 provided that section 9611 is repealed insofar as it is inconsistent with the provisions of Act 48 for filing with the Board of Finance and Revenue of petitions for the refund of taxes and other moneys collected by the Department of Revenue.

§ 9612. Arbitrary assessment to prevent tax avoidance.

If the department ascertains that a person designs quickly to depart from this Commonwealth, or to remove therefrom his property or any property used by him in operations subject to this chapter, or to discontinue business, or to do any other act tending to prejudice or render wholly or partly ineffectual proceedings to assess or collect such tax, whereby it becomes important that such proceedings be brought without delay, the department may immediately make an arbitrary assessment of the amount of tax due, whether or not any report is then due by law, and may proceed under such arbitrary assessment to collect the tax, or compel security for the tax, and thereafter shall cause notice of such finding to be given to the motor carrier, together with a demand for an immediate report and immediate payment of the tax.

Cross References. Section 9612 is referred to in section 9614 of this title.

§ 9613. Penalty and interest for failure to report or pay tax.

When any motor carrier fails to file a report and pay the tax within the time prescribed by this chapter for the filing and payment thereof, he shall pay as a penalty for each failure to file or to pay on or before the prescribed date a sum equivalent to 10% of the tax or $50, whichever is greater. In addition to this penalty, any unpaid tax shall bear interest at the rate of 1% per month or fraction thereof until the tax is paid. The penalties and interest charges imposed shall be paid to the department in addition to the tax due.

Cross References. Section 9613 is referred to in section 9614 of this title.

§ 9614. Time for payment of taxes, penalties and interest.

All taxes, penalties and interest assessed under this chapter, unless earlier payment is provided in this chapter, shall be paid within 15 days after notice and demand have been mailed to the motor carrier by the department. If the taxes, penalties and interest assessed pursuant to this section and sections 9612 (relating to arbitrary assessment to prevent tax avoidance) and 9613 (relating to penalty and interest for failure to report or pay tax) are not paid within 15 days, there shall be added to the amount of assessment, in addition to interest as already provided and any other penalties provided by law, a sum equivalent to 5% of the tax.

§ 9615. Manner of payment and recovery of taxes, penalties and interest.

(a) General rule.--All penalties and interest when imposed under this chapter shall be payable to and recoverable by the department in the same manner as if they were part of the tax imposed.
(b) **Imposition of lien.**—The taxes, fees, interest and penalties imposed under this chapter, from the time they are due, shall be a debt of a motor carrier who does not maintain premises for the transaction of business within this Commonwealth, recoverable in an action of assumpsit in the name of the Commonwealth. This debt, whether sued upon or not, shall be a lien on all the property of the debtor, except as against an innocent purchaser for value without notice thereof, and shall have priority both in lien and distribution of the assets of the motor carrier, whether in bankruptcy, insolvency or otherwise. The proceeds of any judgment or order obtained under this section shall be paid to the department.

(c) **Recording of lien and execution.**—Any tax determined to be due from any person who maintains premises for the conduct of business in this Commonwealth and remaining unpaid after demand for the tax, and all penalties and interest thereon, shall be a lien in favor of the Commonwealth upon the real and personal property of the person but only after the lien has been entered and docketed of record by the prothonotary of the county where the property is situated. The department may at any time transmit to the prothonotaries of the respective counties certified copies of all liens for such taxes, penalties and interest, and it shall be the duty of each prothonotary receiving the lien to enter and docket the lien of record in his office, which lien shall be indexed as judgments are now indexed. A writ of execution may directly issue upon such lien without the issuance and prosecution to judgment of a writ of scire facias. Not less than ten days before issuance of any execution on the lien, notice of the filing and the effect of the lien shall be sent by registered mail to the taxpayer at his last known post office address.

(d) **Priority of lien.**—The lien imposed under this section shall have priority from the date of its recording and shall be fully paid and satisfied out of the proceeds of any judicial sale of property subject thereto, before any other obligation, judgment, claim, lien or estate to which the property may subsequently become subject, except costs of the sale and of the writ upon which the sale was made, and real estate taxes and municipal claims against the property, but shall be subordinate to mortgages and other liens existing and duly recorded or entered of record prior to the recording of the tax lien. In the case of a judicial sale of property subject to a lien imposed under this section upon a lien or claim over which the lien imposed under this section has priority, the sale shall discharge the lien imposed under this section to the extent only that the proceeds are applied to its payment, and the lien shall continue in full force and effect as to the balance remaining unpaid.

(e) **Renewal of lien.**—The lien imposed under this section shall continue for five years from the date of its entry of record and may be renewed and continued in the manner provided for the renewal of judgments.

§ 9615.1. **Examination of records.**

The department or any agent appointed by it, including the auditors of any member jurisdiction as provided in the IFTA, may examine books and records and make determinations of any tax due in accordance with the provisions of section 2915-A of the act of March 4, 1971 (P.L.6, No.2), known as the Tax Reform Code of 1971.

1995 Amendment. Act 75 added section 9615.1.
§ 9616. Determination, redetermination and review.

(a) Failure to pay tax.--If any person fails to pay any tax imposed by this chapter for which he is liable, the department may make a determination of additional tax and interest due by such person based upon any information within its possession or that shall come into its possession. All determinations shall be made so that notice thereof shall reach the parties against whom made within five years after the due date of the tax. Any assessment may be made at any time during that period notwithstanding that the department may have made one or more previous assessments against the taxpayer for the year in question or for any part of that year. In any case, no credit shall be given for any penalty previously assessed or paid.

(b) Failure to file report.--Where no report is filed, the amount of the tax due may be assessed and collected at any time as to taxable transactions not reported.

(c) False or fraudulent report.--Where the taxpayer willfully files a false or fraudulent report with intent to evade the tax imposed by this chapter, the amount of tax due may be assessed and collected at any time.

(d) Extension of period for assessment.--Notwithstanding any of the other provisions of this chapter, where, before the expiration of the period prescribed therein for the assessment of a tax, a taxpayer has consented in writing that the period be extended, the amount of tax due may be assessed at any time within the extended period. The period so extended may be extended further by subsequent consent in writing made before the expiration of the extended period.

(e) Petition for redetermination.--Promptly after the date of the determination, the department shall send, by first class mail, a copy thereof to the person against whom it was made. Within 90 days after the date upon which the copy of any such determination was mailed, such person may file with the department a petition for redetermination of the taxes. The petition for redetermination shall state specifically the reasons which the petitioner believes entitle him to the redetermination, and it shall be supported by affirmation that it is not made for the purpose of delay and that the facts set forth therein are true. It shall be the duty of the department, within six months after the date of any determination, to dispose of any petition for redetermination. Notice of the action taken upon any petition for redetermination shall be given to the petitioner promptly after the date of redetermination by the department.

(f) Review and appeal.--Any person shall have the right to review by the Board of Finance and Revenue and appeal in the same manner and within the same time as provided by law in the case of capital stock and franchise taxes imposed upon corporations.

§ 9617. Timely mailing treated as timely filing and payment.

With respect to all reports, claims, statements and other documents required to be filed and all payments required to be made under this chapter, any such report, claim, statement and other document or payment of tax withheld shall be considered as timely filed if the report, claim, statement or other document or payment which has been received by the department is postmarked by the United States Postal Service on or prior to the final day on which payment is to be received. For the purposes of this chapter, the presentation of a receipt
indicating that the report, claim, statement or other document or payment was mailed by registered or certified mail on or before the due date shall be prima facie evidence of timely filing of the report, claim, statement or other document or payment.

§ 9618. Availability of records of other agencies.
The records of any other Commonwealth agency, to the extent that they may be pertinent to the administration and enforcement of this chapter and the determination of liability thereunder, shall be available to the department.

§ 9619. Highway Bridge Improvement Restricted Account.
The Highway Bridge Improvement Restricted Account within the Motor License Fund is hereby continued. It is the declared policy of the Commonwealth that the money raised by the taxes deposited into this account be used, to the greatest extent possible, to provide for the creation of jobs and the rehiring of the unemployed in this Commonwealth. In order to reach this goal, firms with Pennsylvania-based facilities shall be actively solicited to make bids on contracts to furnish products and materials, including, but not limited to, steel and steel products, to be used in the projects funded through the Highway Bridge Improvement Restricted Account.

§ 9620. Appropriation and allocation of proceeds.
The funds deposited in the Highway Bridge Improvement Restricted Account within the Motor License Fund are hereby annually appropriated out of the account upon authorization by the Governor, for expenditure on bridge rehabilitation, replacement and removal projects pursuant to the act of December 8, 1982 (P.L.848, No.235), known as the Highway-Railroad and Highway Bridge Capital Budget Act for 1982-1983, in accordance with the following priorities:

(1) The first priority is to the Treasury Department for deposit into the Capital Debt Fund for the payment of debt service on general obligation bonds of the Commonwealth which may be issued from time to time to fund any project described in the Highway-Railroad and Highway Bridge Capital Budget Act for 1982-1983.

(2) The second priority is to the Department of Transportation in the event excess funds are available after the annual debt service requirements have been satisfied for:

(i) The non-Federal share of bridge rehabilitation, replacement and removal projects on State-owned bridges and bridges of undetermined ownership on State highways.

(ii) Grants to counties or municipalities to fund up to 80% of the non-Federal share of bridge rehabilitation, replacement and removal projects on county-owned or municipal-owned bridges, and bridges of undetermined ownership on county or municipal highways. The balance of the costs for these bridge projects shall be funded by the respective county or municipality or by private funds.

§ 9621. Regulations.
The department shall from time to time promulgate such regulations as may be necessary for the effective enforcement of this chapter.

§ 9622. Reciprocal agreements.
(a) General rule.--The Secretary of Revenue may enter into, modify or terminate agreements with other states relating to the collection of motor carriers road taxes, such as the International Fuel Tax Agreement, Regional Fuel Tax Agreement or similar agreements.
(b) **Provisions.**—Such agreements may provide for the cooperation and assistance among member states in the administration, collection and enforcement of the motor carriers road tax and similar taxes of other states and may include, but not be limited to:

1. Base-state jurisdiction over tax reporting, licensing and collections.
2. Auditing of motor carriers on a joint or cooperative basis.
3. Provisions for the transfer of funds collected to other jurisdictions as required by the agreement.
4. Assessment and collection by the base state of tax, penalties and interest owed to other member jurisdictions.
5. The exchange of information among member jurisdictions and with any repository of the agreement.
6. Enforcement of sanctions against any carrier whose license has been revoked by any member jurisdiction.
7. Filing of bonds to protect the interests of member jurisdictions.
8. Suspension or revocation of the license of a motor carrier for failure to comply with all applicable provisions of the agreement.
9. Issuance of refunds or credits.
10. Such other provisions as will facilitate the administration of the agreement.

(c) **Exchange of information.**—Notwithstanding section 731 of the act of April 9, 1929 (P.L.343, No.176), known as The Fiscal Code, any information relating to taxes collected pursuant to any agreement authorized by this section, including any information concerning motor fuel taxes relating to such taxes collected, may be exchanged or shared with any agency, department or instrumentality of any member jurisdiction with authority under the laws of that jurisdiction to administer or enforce motor vehicle or taxation laws or with any instrumentality or repository of any agreement.

(d) **Uniform penalties and interest.**—Such agreement may specify uniform provisions relating to penalties and interest for late reporting or payment, appeal periods and other matters relating to administration and procedure under the agreement, and the uniform provisions may be adopted notwithstanding any law to the contrary upon a finding by the secretary that adoption of these uniform provisions is necessary for compliance with any Federal mandates pertaining to the collection of road use taxes or reasonably necessary to facilitate uniformity; however, the rate of motor carriers road tax and the definition of a "qualified motor vehicle" subject to tax may not be affected by any such agreement or amendment thereto.

(e) **Appropriation.**—So much of the funds collected pursuant to any such agreement, including, but not limited to, any taxes, fees, penalties or interest imposed by this chapter, as shall be necessary for the payment of refunds under this chapter or any such agreement, including, but not limited to, any amounts required to be paid to other states pursuant to such agreement, are hereby appropriated to the Department of Revenue for such purposes.

(f) **Foreign countries.**—For purposes of this section, the words "state" and "jurisdiction" shall include a foreign country and any state, province or other similar subdivision thereof. (June 11, 1992, P.L.266, No.47, eff. 60 days; Dec. 20, 1995, P.L.669, No.75, eff. imd.)
Enactment. Chapter 97 was added June 23, 1981, P.L.98, No.35, effective immediately.

§ 9701. Legislative oversight.

(a) Findings. -- The General Assembly hereby finds that imposition of a tax on oil company revenues should provide the Department of Transportation with an annual growth in revenues which offsets the growth in highway maintenance and construction costs more effectively than the annual changes in revenues produced by the flat-rate tax on the retail price of gasoline and by the various other taxes and fees levied on behalf of the department. As a result of such a tax on oil company revenues, the Department of Transportation should have sufficient revenues to carry out necessary maintenance and construction activities with less frequent increases in highway taxes and fees than the General Assembly has enacted in recent years. One effect of less frequent requests for highway tax and fee increases could be a significant decrease in the ability of the General Assembly to oversee the activities of the Department of Transportation. Accordingly, the General Assembly finds that responsible legislative oversight requires ongoing monitoring of the department's activities and periodic indepth evaluations of its performance.

(b) Annual reports. -- No later than 30 days after the effective date of this section, the department shall, upon request, provide to any member of the House of Representatives and to any member of the Senate a brief outline of the maintenance and construction program planned for that member's district during the 1981-1982 fiscal year. No later than 30 days before the beginning of the 1982-1983 fiscal year and each subsequent fiscal year, the department shall, upon request, provide to any member of the House of Representatives and to any member of the Senate a brief outline of the maintenance and construction program planned for that member's district during the upcoming fiscal year. No later than 30 days after the end of the 1981-1982 fiscal year and each subsequent fiscal year, the department shall, upon request, provide to any member of the House of Representatives and to any member of the Senate a brief outline of the reasons for any major deviations from the maintenance and construction program which had been planned for that member's district during that fiscal year.

(c) Performance audits. -- During the 1983-1984 fiscal year, the Legislative Budget and Finance Committee shall conduct, or cause to be conducted, a performance audit of the department carried out in accordance with the standards for performance and financial compliance auditing developed by the United States General Accounting Office. The performance audit shall determine whether the department is conducting authorized activities or programs in a manner consistent with accomplishing the objectives intended by the General Assembly and is conducting programs or activities and expending available funds in a faithful, efficient, economical and effective manner. The Legislative Budget and Finance Committee shall make a written report of the findings of the performance audit and shall submit a copy of that report to each member of the House of Representatives and each member of the Senate prior to enactment of a maintenance and construction budget for the department for
the 1984-1985 fiscal year. During the 1989-1990 fiscal year and every six years thereafter, the Legislative Budget and Finance Committee shall conduct, or cause to be conducted, a performance audit of the department similar to the performance audit required by this subsection to be conducted during the 1983-1984 fiscal year.

§ 29. Insurance policy requirements in cities of first class.
The Joint State Government Commission shall, in relation to motorists in cities of the first class, make a study to assess the feasibility and impact of mandating that, upon application for or renewal of an operator's license, a driver remit moneys for the purchase of a basic automobile insurance policy. This policy would provide minimum levels of mandated coverages for bodily injury and property damage liability and for medical benefits. The assessment shall also include an analysis of the administrative cost and premium cost to the individual.

§ 30. Single carrier vehicle insurance program in cities of first class.
(a) Study.--The Insurance Department shall commence a study of the use of a single carrier for private passenger motor vehicle insurance in cities of the first class. The term "single carrier" includes a private insurance company or a public authority or agency specifically created for the implementation of this section. Upon completion, the study shall be delivered to the Majority and Minority Leaders of the Senate and the House of Representatives. The study shall include, at a minimum, the following components:

(1) An assessment of the number of uninsured vehicles in cities of the first class.
(2) An assessment of the number of insured vehicles in cities of the first class.
(3) An analysis of sources of private passenger motor vehicle insurance, by company, for vehicles in cities of the first class. The analysis shall include a determination of the number of vehicles insured in cities of the first class in both the voluntary market and the Assigned Risk Plan by each insurance carrier licensed to provide private passenger motor vehicle insurance in this Commonwealth.
(4) An analysis of the costs to motorists to insure a vehicle in cities of the first class in the voluntary market and through the Assigned Risk Plan.
(5) An assessment of the impact of "take-out" provisions on the voluntary market place in cities of the first class.
(6) A determination as to the number of lawsuits filed for bodily injury claims; the amount and type of damages requested in such lawsuits; the percentage of claims settled
before court and the amount of settlement; the percentage of lawsuits decided by the court and the amount of damages awarded; and the fees charged by lawyers for representing claims.

(7) An assessment of the frequency, type and amount of physical damage claims and first party medical payments.

(8) A determination as to whether the use of a single carrier in cities of the first class would have a positive financial impact on all motorists in such cities and in this Commonwealth. Such determination shall include an analysis of the use of a public authority or agency as the single carrier and of its potential for providing lower rates when compared to use of a private insurance company as a single carrier. In addition, the determination shall include an analysis of the single carrier program when voluntary participation in the program is permitted in comparison to the benefits of mandatory participation.

(9) A legal opinion as to whether the use of a single carrier in cities of the first class is permissible under the Constitution and laws of the Commonwealth.

(b) Cooperation by insurance companies.--Insurance companies licensed in this Commonwealth to write policies of private passenger motor vehicle insurance coverage shall cooperate with the Insurance Department study as described in subsection (a). Cooperation shall include, but not be limited to, the provision of information by insurance companies within reasonable time frames as requested by the department, if the information is available, to be used to address the various components of the study described in subsection (a). Such information may be used by the department only for purposes of this study.

(c) Recommendations and implementation.--If the Insurance Commissioner concludes after the completion of the study that a single carrier in cities of the first class will improve the availability and affordability of private passenger motor vehicle insurance in such cities and in this Commonwealth, the Insurance Department may recommend implementing legislation to the General Assembly. If the General Assembly enacts legislation to implement a Single Carrier Insurance Program, the department shall publish a request for proposals to operate the program. The request for proposal process shall include a procedure for the prequalification of bidders based on financial ability to administer the program. Any contract signed by the department must include the following provisions:

(1) Participation in the program is voluntary by motorists living in cities of the first class unless legislation has been enacted subsequent to this act specifically providing for mandatory participation.

(2) All drivers, except those determined to be ineligible as defined in subsection (d), shall be afforded the opportunity to purchase private passenger motor vehicle insurance coverage through the program.

(3) Preferred provider arrangements or a fee schedule may be developed in the program with service providers for medical benefits; such arrangements shall be accessible to the insureds.

(4) For physical damage repair or replacement, the program may provide for a fee schedule or other method to contain costs, as well as a minimum deductible higher than that provided for in 75 Pa.C.S. Ch. 17 (relating to financial responsibility), but in no case may the minimum deductible be greater than $1,000.
(5) Antifraud mechanisms may be established, including the inspection of physical damage claims, investigation of suspicious claims and case management for selected medical services.

(6) A cancellation clause permitting the single carrier to cancel the contract should enrollment in the program be inadequate.

(7) Rates charged in the program shall be lower than rates available in the voluntary market and shall be included in the contract and shall be valid for a period of not less than two years. Rate increases after this period shall be subject to approval as provided in the act of June 11, 1947 (P.L.538, No.246), known as The Casualty and Surety Rate Regulatory Act.

(d) Definition of "ineligible driver".--For purposes of subsection (c), the term "ineligible driver" shall mean a person who meets at least one of the following criteria:

(1) The person has, within five years of the date of application for insurance, been convicted of a violation of:
   (i) 75 Pa.C.S. § 3731 (relating to driving under the influence of alcohol or a controlled substance);
   (ii) 18 Pa.C.S. § 4117 (relating to motor vehicle insurance fraud); or
   (iii) any felony involving the use of a motor vehicle.

(2) The person has previously been insured under a motor vehicle insurance policy and has made more than one claim under an insurance policy, within 36 months of the date of application for insurance under this section, arising out of an accident where the insured was found to be substantially at fault, that is, more than 50%, and where a payment was made by the insurer that exceeded 50% of the annual premium for the policy of insurance.

(3) The person's operating privilege has been suspended or revoked within the preceding 36-month period.

(4) The person's driving record shows six or more points assessed under 75 Pa.C.S. § 1535 (relating to schedule of convictions and points) for violations that occurred within 36 months of the date of application for insurance under this section.

(e) Protection of insureds.--Insureds covered by the single carrier shall be afforded all protections relating to policy cancellations, nonrenewals and refusals to write, as provided by law.

2013, NOVEMBER 25, P.L.974, NO.89

Preamble
The General Assembly finds and declares as follows:
(1) It is the purpose of this act to ensure that a safe and reliable system of transportation is available to the residents of this Commonwealth.
(2) The Commonwealth's transportation system includes nearly 40,000 miles of roads and 25,000 bridges owned by the Commonwealth, nearly 77,000 miles of roads and 12,000 bridges owned by counties and municipal governments, 36 fixed-route public transportation agencies, 67 railroads, 133 public-use airports, the Ports of Erie, Philadelphia and Pittsburgh and numerous bicycle and pedestrian facilities.
(3) The Commonwealth's transportation system provides for access to employment, educational services, medical care and other life-sustaining services for all residents of this Commonwealth, including senior citizens and people with disabilities.

(4) The Department of Transportation of the Commonwealth has indicated that 9,000 miles of roads owned by the Commonwealth are in poor condition and that 4,400 bridges owned by the Commonwealth are rated structurally deficient. The State Transportation Advisory Committee has indicated that 2,189 bridges exceeding 20 feet in length owned by counties and municipalities are rated structurally deficient.

(5) There is urgent public need to reduce congestion, increase capacity, improve safety and promote economic efficiency of transportation facilities throughout this Commonwealth.

(6) The Commonwealth has limited resources to fund the maintenance and expansion of its transportation facilities.

(7) The State Transportation Advisory Committee reported in 2010 that the Commonwealth's transportation system is underfunded by $3,500,000,000 and projected that amount will grow to $6,700,000,000 by 2020 without additional financial investment by the Commonwealth.

(8) To ensure the needs of the public are adequately addressed, funding mechanisms must be enhanced to sustain the Commonwealth's transportation system in the future.

(9) The utilization of user fees establishes a funding source for transportation needs that spreads the costs across those who benefit from the Commonwealth's transportation system.

(10) Pursuant to section 11 of Article VIII of the Constitution of Pennsylvania, all highway and bridge user fees must be used solely for construction, reconstruction, maintenance and repair of and safety on public highways and bridges and costs and expenses incident thereto.

(11) In order to ensure a safe and reliable system of public transportation, aviation, ports, rail and bicycle and pedestrian facilities, other transportation-related user fees must be deposited in the Public Transportation Trust Fund and the Multimodal Transportation Fund.

(12) In furtherance of the Commonwealth's energy policy, which includes becoming independent from overreliance on foreign energy sources, programs must be established to promote reliance on or conversion to alternative energy sources, including the vast natural gas supply of this Commonwealth.

(13) The Department of Transportation is responsible for the operation of the Commonwealth's transportation system, including administration, driver and vehicle services, highway administration, multimodal transportation and planning. To this end, the department is charged with the registration of vehicles, including the issuance and proper mounting of license plates and special registration plates and assessing those costs and financial impact and ensuring road safety and movement by the posting of maximum speed limits on highways.

(14) Recognition and furtherance of all these elements is essential to promoting the health, safety and welfare of the citizens of this Commonwealth.

The maximum principal amount of additional debt to be incurred under this act for capital projects specifically itemized in a capital project itemization act pursuant to section 7(a)(4) of Article VIII of the Constitution of Pennsylvania shall be $500,000,000. Debt shall be incurred in accordance with the act of February 9, 1999 (P.L.1, No.1), known as the Capital Facilities Debt Enabling Act, and the Motor License Fund shall be charged with the repayment of the debt. The net proceeds from the sale of obligations authorized in this section are appropriated to the Department of Transportation to be used exclusively to defray financial costs of capital projects specifically itemized in accordance with the Capital Facilities Debt Enabling Act.
