Do you know what the future of transportation infrastructure development in Virginia looks like? Is your company positioned to thrive in that future landscape? Have you thought about who will follow in your footsteps? These are a few of the thought-provoking questions we’ll examine at the VTCA Annual Meeting. I am pleased to invite you to join in the conversation.

The Annual Meeting will be held July 14-17 at the Sheraton Virginia Beach Oceanfront, a new venue. Here you will learn from some of the brightest and most entertaining minds around, teaching you how to become better communicators, team members, leaders, and partners. I believe you will come away better informed and better prepared to meet challenges and take advantage of opportunities.

VDOT Commissioner Charlie Kilpatrick, PE and his senior leadership team will join us for an interactive discussion on industry issues. Keynote speaker Mark Fernandes, Chief Leadership Officer with Luck Companies, will talk about the leadership imperative and how to operationalize corporate values. Doug Bosse from University of Richmond’s School of Business will discuss the characteristics of highly effective teams. Wrapping it all up will be a truly unique panel discussion with former Virginia Secretaries of Transportation focused on the future of infrastructure development in Virginia.

I am pleased that registration fees have not increased for several years. We are diligently working to protect your membership investment while providing quality programming that will benefit you and your company.

The Annual Meeting offers a unique opportunity to network with colleagues, spend time with friends, and relax with family. Look at the program, mark your calendar and tell your family you’re going to the beach! The hotel room block is now open so act now! If you need more information or have questions, contact Stephanie Rusnak, Lisha Reynolds or Jan Morehead at the VTCA office, 804-330-3312.
