Request for Proposals ("RFP")
Insurance Brokerage Services

Publication Date: September 30, 2014
Response Date: October 22, 2014
The New York State Urban Development Corporation, doing business as Empire State Development (“ESD”), was formed by legislative act in 1968 to address conditions of unemployment, underemployment and blight which impede the economic and physical development of municipalities, increase the burdens on the State and adversely affect the welfare and prosperity of the State’s citizens. ESD seeks to promote a vigorous and growing economy, prevent economic stagnation, encourage the creation of new job opportunities, increase revenue to the State and its municipalities and achieve stable and diversified local economies. To accomplish this, ESD leverages private investment with loans, grants, tax credits and other forms of financial assistance; assists with site assemblage; and provides targeted relief from legal and regulatory requirements through its participation in projects, programs and other initiatives. ESD’S performance of its economic development services is driven by core values that include efficiency, accountability, transparency, and collaboration with other public and private sector partners. Its success is measured by the number of jobs created and retained for New Yorkers, the degree to which its public resources leverage new private investment in the State and the number of businesses served, including minority, women-owned and other small businesses. In short, ESD works to promote business investment and growth that leads to job creation and prosperous communities across New York State.

Economic development activities also include special projects of considerable magnitude which are carried out mostly by the following subsidiaries of ESD: Convention Center Development Corporation (CCDC), Erie Canal Harbor Development Corporation (ECHDC), Harlem Community Development Corporation (HCDC), Lower Manhattan Development Corporation (LMDC), Moynihan Station Development Corporation (MSDC), Queens West Development Corporation (QWDC), and USA Niagara Development Corporation (USAN). Other major development projects include the Atlantic Yards Project, and the Victoria Theater Redevelopment.

ESD and its subsidiaries are tasked as follows:

- CCDC: Dedicated to the extension and renovation of the Jacob Javits Convention Center, in New York City;
- ECHDC: Revitalize and redevelop Buffalo’s inner and outer harbor areas, including the Canal Side Project;
- HCDC: Formulate policies, partnerships, and revitalization initiatives to promote economic growth in Harlem; its primary departments include commercial development, planning and development, residential development and the Weatherization Assistance Program;
- LMDC: Revitalize Lower Manhattan;
- MSDC: Redevelop the U.S. James Farley Postal Service facility known as the Farley Building to create a modern transportation hub;
• QWDC: Oversee a mixed-use development project on the East River in Queens County;
• USAN: Oversee economic development initiatives by leveraging investment and renewal of the tourism industry in Niagara Falls.

I. PURPOSE

Additional requirements for this RFP are described below. Relevant forms, where required to be submitted, must be executed and included in the submission in the same order as listed below:

1. State Finance Law §§139-j and 139-k forms
2. New York State Vendor Responsibility Questionnaire For-Profit Business Entity
3. Iran Divestment Act Statement
4. Encouraging the Use of NYS Businesses in Contract Performance Form
5. Certification Under State Tax Law Section 5-a
6. Schedule A (for review only—no separate form requirement)
7. Project Sunlight (for review only—no separate form requirement)
8. Insurance Requirements
9. Non-Discrimination and Contractor & Supplier Diversity Requirements

1. State Finance Law Sections 139-j and 139-k forms

State Finance Law Sections 139-j and 139-k (collectively, the “Procurement Requirements”) apply to this RFP. These Procurement Requirements: (1) govern permissible communications between potential respondents and ESD or other involved governmental entities with respect to this RFP; (2) provide for increased disclosure in the public procurement process through identification of persons or organizations whose function is to influence procurement contracts, public works agreements and real property transactions; and (3) establish sanctions for knowing and willful violations of the provisions of the Procurement Requirements, including
disqualification from eligibility for an award of any contract pursuant to this RFP. Compliance with the Procurement Requirements requires that all communications regarding this RFP, from the time of its issuance through final award and execution of any resulting contract (the “Restricted Period”), be conducted only with the designated contact persons listed below; the completion by Respondents of the Offerer Disclosure of Prior Non-Responsibility Determinations, and the Offerer’s Affirmation of Understanding and Agreement pursuant to State Finance Law (each form is accessible at the Required Forms for Vendors link at the ESDC web site under “RFPs/RFQs”); and periodic updating of such forms during the term of any contract resulting from this RFP.

Respondents must submit the Offerer Disclosure of Prior Non-Responsibility Determinations, and the Offerer’s Affirmation of Understanding and Agreement pursuant to State Finance Law as part of their submittal. Copies of these forms are available at:

http://www.empire.state.ny.us/CorporateInformation/Data/RFPs/RequiredForms/SF_Law139 JK.pdf

The Procurement Requirements also require ESD staff to obtain and report certain information when contacted by prospective respondents during the Restricted Period, make a determination of the responsibility of Respondents and make all such information publicly available in accordance with applicable law. If a prospective respondent is found to have knowingly and willfully violated the State Finance Law provisions, that prospective respondent and its subsidiaries, related or successor entities will be determined to be a non-responsible Respondent and will not be awarded any contract issued pursuant to this solicitation. In addition, two such findings of non-responsibility within a four-year period can result in debarment from obtaining any New York State governmental procurement contract.

The designated contact account for this solicitation is ESD2014InsuranceRFP@esd.ny.gov. This is not a complete presentation of the provisions of the Procurement Requirements. A copy of State Finance Law Sections 139-j and 139-k can be found at:

http://esd.ny.gov/CorporateInformation/RFPs.html
(under “ESDC Policy Regarding Permissible Contacts under SFL 139”).

All potential Respondents are solely responsible for full compliance with the Procurement Requirements. Both the prime consultant and any sub-consultants complete the forms required above.

2. Vendor Responsibility

All Respondents to this RFP must be “responsible,” which in this context means that they must have the requisite financial ability, organizational capacity and legal authority to carry out its obligations under this RFP, and in addition must demonstrate that both the Respondent and its principals have and will maintain the level of integrity needed to contract with New York State entities such as ESD. Further, the Respondent must show satisfactory performance of all prior government contracts. Accordingly, the contract to be entered into between ESD and the Designated Developer, if any, shall include clauses providing that the Designated Developer remain “responsible” throughout the term of the contract, that ESD may suspend the contract if information is discovered that calls into question the responsibility of the contracting party, and that ESD may terminate the contract based on a
determination that the contracting party is non-responsible. On request, model language to this effect will be provided to any Respondent to this RFP.

To assist in the determination of responsibility, ESD requires that all respondents to this RFP register in the State's Vendor Responsibility System (“VendRep System”). The VendRep System allows business entities to enter and maintain their Vendor Responsibility Questionnaire information in a secure, centralized database. New York State Procurement Law requires that state agencies award contracts only to responsible vendors. Respondents are to file the required Vendor Responsibility Questionnaire online via the VendRep System or may choose to complete and submit a paper questionnaire. Please include a copy of your VendRep submission receipt with your proposal. If you submit a paper questionnaire please submit it using certified mail and provide a copy of the return receipt.

To enroll in and use the VendRep System, see the System Instructions available at www.osc.state.ny.us/vendrep or go directly to the VendRep system online at https://portal.osc.state.ny.us. For direct VendRep System user assistance, the Office of the State Comptroller’s Help Desk may be reached at 866-370-4672 or 518-408-4672 or by email at helpdesk@osc.state.ny.us.

Respondents opting to file a paper questionnaire can obtain the appropriate questionnaire from the VendRep website http://www.osc.state.ny.us/vendrep/forms_vendor.htm and execute accordingly pertaining to the company’s trade industry. Per the website, respondents are to “Select the questionnaire which best matches the business type (either For-Profit or Not-For-Profit) and business activity (Construction or Other).” For ESD RFPs concerning the purchase and redevelopment of real estate, it is most common for a Respondent to complete the form as a “Non-Construction” company. Unless the Respondent is primarily a Construction firm, the Respondent should thus fill out the Vendor Responsibility Questionnaire as a “Non-Construction” entity, either as a For-Profit or Not-For-Profit entity, depending on the Respondent organization type.

3. Iran Divestment Act

Every Proposal made to ESD pursuant to a competitive solicitation must contain the following statement, signed by the Respondent on company letterhead and affirmed as true under penalty of perjury:

"By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each bidder is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law."

The list in question is maintained by the Office of General Services. No Response that fails to certify compliance with this requirement may be accepted as responsive.
4. Encouraging the Use of NYS Businesses in Contract Performance Form

New York State businesses have a substantial presence in State contracts and strongly contribute to the economies of the state and the nation. In recognition of their economic activity and leadership in doing business in New York State, bidders/proposers for this ESD contract for commodities, services or technology are strongly encouraged and expected to consider New York State businesses in the fulfillment of the requirements of the contract. In order for ESD to assess the use of New York State businesses in each Proposal, ESD requests that each Respondent complete the Encouraging Use of New York State Businesses in Contract Performance form, included in the Appendix.

5. Certification Under State Tax Law Section 5-a

Any contract resulting from this solicitation is also subject to the requirements of State Tax Law Section 5-a (“STL 5-a”). STL 5-a prohibits ESD from approving any such contract with any entity if that entity or any of its affiliates, subcontractors or affiliates of any subcontractor makes sales within New York State of tangible personal property or taxable services having a value over $300,000 and is not registered for sales and compensating use tax purposes. To comply with STL 5-a, all Respondents to this solicitation must include in their Proposals a properly completed Form ST-220-CA, or an affidavit that the Respondent is not required to be registered with the State Department of Taxation and Finance. A copy of the ST-220-CA form and affidavit is accessible at the Required Forms for Vendors link at the ESD web site: labeled “Schedule A- Conditions Applicable to the Corporation’s Agreements for Materials and Services (includes ST220 and all other required forms)” at http://esd.ny.gov/CorporateInformation/RFPs.html

Also in accordance with the requirements of STL 5-a, any contract resulting from this solicitation will require periodic updating of the certifications contained in Form ST-220-CA. Solicitation responses that do not include a properly completed ST-220-CA will be considered incomplete and non-responsive and will not be considered for contract award. Only the prime consultant completes Form ST 220-CA, but Schedule A to Form ST 220-CA requires detailed information from the sub-consultants, such as tax ID number, etc., if applicable. Moreover, if applicable, certificates of authority must be attached by the prime consultant and all the sub-consultants.

6. Schedule A

Following final selection of a Designated Developer, ESD will prepare a contract defining all project terms and conditions and the Designated Developer's responsibilities in conformance with "Schedule A," which can be found at:

Please note Respondents do not need to complete the entire Schedule A with the submission of their Proposal. However, Respondents should still review these terms, which are standard in all
ESD contracts, and raise any concerns present prior to submission of their Proposal, as the Designated Developer will need to accept these terms prior to contract execution.

7. Project Sunlight

This procurement is subject to the Public Integrity Reform Act of 2011. Under the Public Integrity Reform Act of 2011, “appearances” (broadly defined and including any substantive interaction that is meant to have an impact on the decision-making process of a state entity) before a public benefit corporation such as ESD by a person (also broadly defined) for the purposes of procuring a state contract for real property (as contemplated in this RFP) must be reported by ESD to a database maintained by the State Office of General Services that is available to members of the public. If in doubt as to the applicability of Project Sunlight, Respondents and their advisors should consult the Laws of 2011, Ch. 399 for guidance.

8. Insurance Requirements

The selected respondent must show evidence of the following insurance requirements (at a minimum and to the extent applicable).

- Commercial General Liability insurance - $1 million per occurrence / $2 million aggregate

It is the policy of the State of New York and Empire State Development (ESD) to comply with all federal, State and local laws, policies, orders, rules and regulations which prohibit unlawful discrimination because of race, creed, color, national origin, sex, sexual orientation, age, disability or marital status, and to take affirmative action in working with contracting parties to ensure that Minority and Women-owned Business Enterprises (MWBEs), Minority Group Members and Women share in the economic
