Section I – School Districts Operating High Schools

The listing is divided into two sections. Section I lists all districts which operate high schools. Section II lists those districts which operate schools having only elementary grades.

Your school district will generally be the name of the municipality where the public high school is located which any children at your home would be entitled to attend. However, if such high school is a ‘united school district’, refer to Section II and find the number of your elementary district.

The following are other factors in considering your school district number:
1. If you lived in one school district but worked in another, fill in the district number where you lived.
2. If you were temporarily living away from your permanent home, fill in the district number of your permanent home.

Note: If you can't identify your school district, contact your municipal clerk or local school for help.
