Teacher Shortage Areas
Nationwide Listing

March 2015

U.S. Department of Education
Office of Postsecondary Education
TEACHER SHORTAGE AREA NATIONWIDE LIST

The nationwide Teacher Shortage Area (TSA) lists for the 2015 - 2016 school years have been completed. A copy of this report showing the nation’s teacher areas by State is posted on the U.S. Department of Education’s Web site at the following location:

http://www2.ed.gov/about/offices/list/ope/pol/tsa.doc

The Federal designation of teacher shortage areas in each State enables the following provisions related to student financial aid programs:

- 34 CFR 682.210(q) enables a borrower who had no outstanding Federal Family Education Loan (FFEL) Program loan on July 1, 1987 but who had an outstanding FFEL Program loan on July 1, 1993 to qualify for deferment of loan repayment under the Federal Stafford Program anytime within the life of the borrower’s loan(s);

- 34 CFR 674.53(c) enables Federal Perkins Loan borrowers who are full-time teachers of mathematics, science, foreign languages, bilingual education or any other field of expertise where the State educational agency determined there is a shortage of qualified teachers to qualify for cancellation of up to 100 percent of their loan repayment; and

- 34 CFR 686.12(d) enables grant recipients to fulfill their teaching obligation under the Teacher Education Assistance for College and Higher Education (TEACH) Grant Program.

The U.S. Department of Education (Department) refers Federal Stafford/Supplemental Loans for Students (SLS) and Federal Perkins Loan borrowers who have general questions concerning their loan(s), including the teacher shortage area deferment, to the Federal Student Aid Information Center at 1-800-4FED-AID.

The Department appreciates the efforts and patience of the Chief State School Officers (CSSOs) and State representatives who provided the required data (and supporting documentation and assurances) for updating this text. We welcome comments or suggestions about this listing and would appreciate hearing from individuals. Please direct your comments or suggestions to:
Please note: This publication of approved teacher shortage areas continues to be a reference document to notify the nation where States and schools are looking to potentially hire academic administrators, licensed teachers, and other educators and school faculty in specific disciplines/subject areas, grade levels, and/or geographic regions; and where recent graduates of Schools of Education and trained, experienced teaching professionals aiming to serve school districts with shortages can find (prospective) positions and fill the current voids in each State’s and territory’s Pre-Kindergarten through Grade 12 classrooms, in areas that match their certification credentials; as well as to inform Federal financial aid recipients on reducing, deferring, or cancelling/nullifying/discharging student loan repayments and meet other specified (e.g., teaching) obligations.

Thus, the annual Teacher Shortage Nationwide List is not to be considered an “employment directory” for current and prospective educators aiming to be hired by specific State and local school districts, since these entities (as well as their respective elementary, middle, and/or high schools) may not currently have the necessary funds, approvals/authorizations, and other provisions to fill the vacancies in particular academic disciplines and/or locations; nor for particular administrative position classifications (e.g., counselor, media specialist, principal, and other roles). This comprehensive U.S. Department of Education required report is not a direct source of “job postings” in the education fields.

This data collection is authorized under:
OMB No. 1840-0595
Expires: 12/31/2016
General Notes

Numbers in parenthesis tend to refer to grade levels, unless age is specified. For example, “(4-12)” refers to Grades 4 through 12.

For purposes of this Report, the term “State” refers to the 50 States in the nation (including Alaska and Hawai‘i), the District of Columbia (DC), Palau, and the five United States Territories (American Samoa, Guam, Commonwealth of the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands).

No TSA proposal submitted – This indicates the State chose not to submit a TSA proposal for consideration.

No TSAs approved – This indicates a TSA proposal was submitted, but adequate information was not provided.

State declared no TSAs exist – This indicates the State sent a letter indicating that no shortage areas exist for the school year indicated.

Teacher Shortage Areas: According to 34 CFR 682.210(q)(8)(vii), “teacher shortage area” means an area of specific grade, subject matter or discipline classification, or a geographic area in which the Secretary determines that there is an inadequate supply of elementary or secondary school teachers. The Department encourages each State CSSO office to determine/derive its respective State’s proposed teacher shortage areas based on the prescribed methodology and other requirements discussed in the 34 CFR 682.210(q)(6)(iii). The percentage of each State’s proposed teacher shortage areas\(^1\) should not exceed the automatic designated limit of five percent of the total of all of the unduplicated full-time equivalent (FTE) elementary and secondary teaching positions in the State in order for those specific areas to be considered as teacher shortage areas by the Department.

However, as stated in 34 CFR 682.210(q)(6)(iv), if the total number of proposed designated FTE elementary and secondary teaching positions does exceed five percent of the total number of elementary and secondary FTE teaching positions in a given State, then the applicable State’s Chief State School Officer must submit, with the list proposed areas, supporting documentation showing the methods used for identifying the specific shortage areas, and an explanation of the reasons why the Secretary should designate all of the proposed areas as teacher shortage areas.

\(^1\) Calculation -- Teacher shortage areas as a percentage of the FTE teaching positions for all teachers in the State. A combination of the following unduplicated FTEs may be used to calculate teaching shortage area FTEs and the percentage of total FTEs: (a) teaching positions that are unfilled; (b) teaching positions that are filled by teachers who are certified by irregular, provisional, temporary, or emergency certification; and (c) teaching positions that are filled by teachers who are certified, but who are teaching in academic subject areas other than their area of preparation.
ABBREVIATIONS (Examples)

“ESL” – English as a Second Language

“ESOL” – English to Speakers of Other Languages

“HS” – High School

“K” – Kindergarten

“MS” – Middle School

“N” – Nursery

“Pre-K” (or “PK”) – Pre-Kindergarten

“ROTC” – Reserve Officers’ Training Corps

“TSA” – Teacher Shortage Area
Student Information – Loan Forgiveness and/or Deferment

Depending on the type of loan(s) student borrowers have, there are certain conditions they need to meet in order to qualify for forgiveness and/or deferment. Former/current recipients should contact the holder of the loan(s) to find out whether borrowers qualify for forgiveness and/or deferment.

Also, to apply for loan forgiveness or deferment, students will need to apply through the holders of loans. They have the necessary forms needed to apply.

FFEL or Stafford loan recipients should check the promissory note and contact the lender or guarantor holding the loan(s), or the State education agency in the State where they are teaching.

Direct Loan beneficiaries should contact the U.S. Department of Education's Direct Loan Servicing Center at 1-800-557-7394.

Federal Perkins Loan recipients should contact the school where they received the Perkins Loan.

The following Web site provides additional information regarding the cancellation/discharge and deferment provisions for the Title IV programs:

https://studentaid.ed.gov/home

The following Web sites have the annually published Low-Income School Listing:

https://studentaid.ed.gov/home

Students who received a scholarship under the Paul Douglas Teacher Scholarship Program (formerly the Congressional Teacher Scholarship Program) are generally required to teach for two years for every year of scholarship assistance received. However, if they are teaching in a Federally approved teacher shortage area, they are required to teach only one year for each year of scholarship assistance received.

No new funding for individual scholarships has been authorized since the beginning of the 1996-1997 year. However, former scholarship recipients who have not fulfilled the scholarship agreement must continue to do so.

A Federally approved teacher shortage area is a State region with a shortage of elementary or secondary school teachers, or a grade level, subject-matter, or discipline classification in which there is a Statewide shortage of elementary or secondary school teachers. These areas must be identified by the State education agency and approved by the Department. The current and prior Federally designated teacher shortage areas are indicated in this publication.

For scholarship recipients who teach in a shortage area one year that is not designated as such the next year, they will still be eligible for the teaching reduction if they provide the applicable State office with the appropriate forms certifying that they are continuing to teach in the area for which the original “teacher cancellation” was received.
TEACH Grant Program

The Teacher Education Assistance for College and Higher Education (TEACH) Grant Program provides grants of up to $4,000 per year to students who agree to serve as a highly-qualified full-time teacher in a high-need field in a public or private elementary or secondary school that serves students from low-income families. A TEACH Grant recipient must teach for at least four academic years within eight years of completing the program of study for which the TEACH Grant was received.

If a TEACH Grant recipient fails to complete the service requirement, the total amount of TEACH Grant funds received will be converted to a William D. Ford Federal Direct Unsubsidized Loan.

Institutional participation in the TEACH Grant Program is optional, not required. If an institution opts to participate in the TEACH Grant Program, the institution has the authority to determine which of its programs meet the requirements to be TEACH Grant-eligible. An institution may designate only certain programs as TEACH Grant-eligible and not designate others, even though other programs may prepare a student to teach in a high-need field. In order to be eligible to receive a TEACH Grant, a student must be enrolled in a TEACH Grant-eligible program and be otherwise eligible.

Current high-need fields (in schools that serve low-income students) are:

- Bilingual Education and English Language Acquisition
- Foreign Language
- Mathematics
- Reading Specialist
- Science
- Special Education
- Other Identified Teacher Shortage Areas (not geographic areas) as of the time recipients receive the grant or as of the time they begin teaching in that field. The “other identified teacher shortage areas” are listed in this publication, at the following Web site: [www.ed.gov/about/offices/list/ope/pol/tsa.doc](http://www.ed.gov/about/offices/list/ope/pol/tsa.doc).

Additional information about the student eligibility requirements for the TEACH Grant Program may be found in a Fact Sheet at the following Web site: [http://studentaid.ed.gov/PortalsWebApp/students/attachments/siteresources/4807Teach_FactSheet_v3.pdf](http://studentaid.ed.gov/PortalsWebApp/students/attachments/siteresources/4807Teach_FactSheet_v3.pdf)

A list of higher education institutions currently participating in the TEACH Grant Program may be found at the following Web site: [http://studentaid.ed.gov/PORTALSWebApp/students/english/TEACH.jsp](http://studentaid.ed.gov/PORTALSWebApp/students/english/TEACH.jsp)
