The Detroit Department of Transportation (DDOT) has partnered with Wayne State University (WSU) to provide a free bus pass to all on-campus student residents. The **WSU Student Fare Pass** is a 30-day card valid throughout the month of September offering unlimited rides. Students must present their pass and student I.D. cards when boarding DDOT coaches.

This pilot program is being offered as a way to get students familiar with riding the city bus system. Once the success of this pilot is assessed, continued partnerships of this kind will be determined.

We hope that students will take advantage of the **WSU Student Fare Pass** and all of the benefits that public transportation offers. Our services are an economical way to travel to and from work, school and recreation. DDOT’s services also provide cleaner air and allows texting, reading or dozing during your commute. Our buses also have bike racks to enhance the convenience to our customers. We look forward to transporting you around our beautiful city!

### Q&A

**Q:** Can we use our WSU Student Fare Pass on SMART routes?

**A:** No, this pass is for DDOT buses only.

**Q:** Will we need to get transfers when using multiple DDOT buses for one trip?

**A:** No, the WSU Student Fare Pass is unlimited for all DDOT rides throughout the month of September. Simply show the driver your pass and Student I.D. card every time you ride DDOT.

**Q:** How do I obtain bus schedules with route and time information?

**A:** Bus schedules are available on our website, [www.RideDetroitTransit.com](http://www.RideDetroitTransit.com). You can also call our Customer Service Line at (313) 933-1300 and request schedules from our Customer Service Representatives. Schedules are also available at various locations throughout the Detroit Metropolitan area.

**Q:** What is currently in place to ensure safety on DDOT buses?

**A:** DDOT now has cameras on our buses which help deter violence, enforce rider regulations and prevent theft. We also have our own transit police who ride our coaches to further enhance safety and security to passengers as well as drivers.
