How Can I Continue My Health Care Benefits?

Two (2) Pay Period Premium Pre-pay Upon Layoff:

Employees laid off as a result of a reduction in force may be able to elect to prepay their share of premiums for medical, dental, vision, and life insurance for two (2) pay periods after layoff by having such premiums deducted from their last pay check. Note: For employees represented by AFSCME, Local 25, please see Article 13, Section C. 8 for exceptions.

During a layoff, you may have options to carry the following benefits:
- Medical, Dental and Vision – Consolidated Omnibus Budget Reconciliation Act (COBRA)
- Flexible Spending Accounts (Health & Dependent Care)
- Life Insurance
- Voluntary Benefits – Auto/Home/Legal/Life/Accident/Critical Illness/Ad&D
- Long Term Care

You may contact the MI HR Service Center at (877) 766-6447 or Michigan Relay at 711 (for individuals with hearing loss) if you have any questions in regard to insurance and benefits continuation.
How Can I Continue My Health Care Benefits?

Consolidated Omnibus Budge Reconciliation Action (COBRA) allows employees and their dependents that have lost health coverage due to layoff, termination of employment, death, divorce, ineligible child(ren) or other life events, to continue coverage for a limited amount of time.

You will receive notices about COBRA coverage and application forms after your layoff. You must apply within 60 days. If you have questions after reading the notices, you may contact the Employee Benefits Division (EBD) at (517) 373-7977 or (800) 505-5011.

Click here to view the cost chart for COBRA group insurance coverage during layoff.

If you plan to retire in layoff status you will need to enroll in COBRA life to retain the 25% of your current life insurance amount into retirement.
Retirement is important. You can use the resources in this section to develop a strategic plan to use your retirement funds wisely.

There are a few different retirement plans available to State of Michigan employees. Certain plans were only made available to those employees who were hired prior to a certain point in time. And further, an employee may be enrolled in specific plans based on choices made during P.A. 487 of 1996 or P.A. 264 or 2011. Review the information in this section for further details about each plan.

Not sure which plan you are enrolled in? The Office of Retirement Service (ORS) website has detailed information to help you determine which plan you are in. You may also call the ORS Customer Contact Center at (517) 322-5103 or (800) 381-5111. ORS is open weekdays 8:30 a.m. to 5:00 p.m.

- Elected the DB 30 plan under P.A. 264 of 2011 and you have not yet reached 30 years of service.

- Elected the DB/DC Blend plan under P.A. 264 of 2011, and thus became a DC plan participant April 1, 2012.
- Began your state employment under the DB plan, left, and then returned to state employment on or after January 1, 2012, and before January 1, 2014.

While laid off, the money in your DC Plan will be invested according to your investment elections. See the plan highlights for additional information on hardship and regular distributions. For additional information visit the Voya website or contact Voya at (800) 748-6128. Use the following resources to determine your DB retirement options.

While laid off, the money in your DC Plan will be invested according to your investment elections. See the plan highlights for additional information on hardship and regular distributions. For additional information visit the Voya website or contact Voya at (800) 748-6128.

If you are enrolled in the DC with Subsidized Retiree Insurance and choose to terminate state service, you may be entitled to post employment insurance benefits depending on your age and years of service. You’re a participant in the Defined Contribution (DC) with Personal Healthcare Fund if you:

- Were newly hired by the State of Michigan on or after December 31, 2011.
- Elected the Personal Healthcare Fund under P.A. 264 of 2011.

While laid off, the money in your DC Plan will be invested according to your investment elections. See the **plan highlights** for additional information on hardship and regular distributions. For additional information visit the **Voya website** or contact Voya at (800) 748-6128.
While in layoff status, the money in your 401(k) and 457 accounts will continue to be invested according to your investment elections.

A layoff is not considered a separation until recall rights expire and the employee is separated. While laid off, an employee may not take distributions or loans from 401(k)/457 accounts, but may apply for a hardship distribution. An employee who chooses to terminate state service before the expiration of their recall rights may be eligible to take a regular distribution. Please contact Voya at (800) 748-6128 or http://stateofmi.voyaplans.com for additional distribution details.

**401(k) Loans**
Employees with 401(k) loans will need to continue making payments while on layoff to prevent the loans from defaulting. ING will reamortize your loans to be paid on a monthly basis and send you a statement with your new loan payment amount. If you do not make loan payments for 90 days, the loan will be considered in default and the remaining balance will become a taxable distribution, and may be subject to additional tax penalties.

For employees who choose to terminate service rather than remain on layoff status, all outstanding loans will be due in full within 30 days of the termination date. Loans not paid in full within 30 days of the termination date will become taxable distributions and may be subject to additional tax penalties. Please check with your tax consultant for more details.
Employees may freeze annual leave up to the accrued balance, or be paid off for up to the maximum payoff limitations. *(See Civil Service Rule 5-10.2 (a)(1)(B)).* If frozen, the annual leave balance is retained until the employee elects to be paid off for the balance or until recall rights expire. Payoff is calculated at the employee’s last rate of pay.

If recall rights expire, any remaining annual leave balance will be paid off at the employee’s last rate of pay. *(See Standard A. 6 of Regulation 5.09).*
