<Financial statements audit>
Pursuant to Article 193-2, Section 1 of the Financial Instruments and Exchange Law of Japan, we have audited the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in net assets, the consolidated statement of cash flows and the consolidated supplemental schedules of Nissan Motor Co., Ltd. included in "Financial Information" for the fiscal year from April 1, 2008 to March 31, 2009. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Nissan Motor Co., Ltd. and consolidated subsidiaries at March 31, 2009 and the consolidated results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in Japan.

<Internal control audit>
Pursuant to Article 193-2, Section 2 of the Financial Instruments and Exchange Law of Japan, we also have audited the accompanying Management's Report on Internal Control Over Financial Reporting for the consolidated financial statements as of March 31, 2009 of Nissan Motor Co., Ltd. and consolidated subsidiaries (the "Company") (the "Management's Report"). The Company's management is responsible for designing and operating internal control over financial reporting and preparing the Management's Report. Our responsibility is to express an opinion on the Management's Report based on our audit. Internal control over financial reporting may not prevent or detect misstatements.

We conducted our internal control audit in accordance with auditing standards for internal control over financial reporting generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Management's Report is free of material misstatement. An internal control audit includes examining, on a test basis, the overall presentation of the Management Report, including disclosures on scope, procedures and conclusions of management's assessment of internal control over financial reporting. We believe that our internal control audit provides a reasonable basis for our opinion.

In our opinion, the Management's Report referred to above, which represents that internal control over financial reporting of the consolidated financial statements as of March 31, 2009 is effective, presents fairly, in all material respects, the Company's assessment on internal control over financial reporting for the consolidated financial statements in conformity with standards for assessment of internal control over financial reporting generally accepted in Japan.

We have no interest in the Company that should be disclosed pursuant to the provisions of the Certified Public Accountants Law.

Note: The above is a digitization of the text contained in the original copy of the Independent Auditors' Report on Financial Statements and Internal Controls, which is in the custody of the Company—the submitter of this Securities Report.
