Linear Scales you can trust, because we do.

Mitutoyo's Linear Scale technology is integrated into our own instruments.

Our Linear Scale products include:
- NC Linear Scales compatible with controllers such as FANUC, Mitsubishi, Panasonic, Yaskawa, and more
- Enclosed, Exposed, Glass, Electromagnetic and Tape Scales
- Easy installation and calibration software
- High IP ratings for high resistance to contamination
- Easy to set up with adjustment software built into the signal cable
- A wide variety of specifications from nanometer resolution to extended ranges (6m)
