WATER SPORTS

Surrounded by over 40 square miles of lakes and hundreds of miles of rivers and streams of every depth and size, Princeton is nestled on the banks of the mighty Fox River between Lake Puckaway and Green Lake. The area is a water lovers’ paradise with abundant opportunities to enjoy the sport of your choice.

BOATING

Canoeing and kayaking becomes a kiss with nature when sliding along the Fox, Mecan, Grand, Rock and White Rivers. Enjoy the richness of nature and its tranquil beauty as wildlife graze along the tree lined rivers edge.

View beautiful scenery as you cruise along cottage-dotted shorelines, or drop anchor in the middle of Lake Puckaway or Green Lake to take a break with an on board picnic lunch and refreshing dip. Unfurl sails and catch the wind for miles of sparkling blue water. Pull your star skier or jump on the wave runner to zip through the sparkling surf…your water fun is what you make it.

FISHING

Whether wetting a line off a bridge, from a boat, shore-line or cutting a hole in the ice, fishing is great. The Fox River, Green Lake and Lake Puckaway are managed for quality fishing, and favorites include small and large mouth bass, bluegill, perch, white bass, northern, walleye, cisco, musky, trout and catfish.

BOAT LAUNCHES & LOCKS

Launch your boat into the Fox River at Hiestand Park in Princeton, just off Hwy. 23/73 on Mechanic Street, at the Princeton Locks on the Lock Road about 1 mile west on Hwy 23, or 3 miles east of Princeton on county Rd. T.
Engage in an abundance of nature and (if you’re in the right place at the right time) get a close encounter of the “wildlife kind” that is uniquely enjoyed in Princeton and the surrounding area.

Water level, temperature, current, and the way the rocks grace the river’s edge make the shores of the Fox River behind the shopping district of downtown Princeton a very unique habitat. For a few days in early spring the ancient species of Sturgeon roll on the rocks along the Fox River shoreline spawning only inches from your feet. Be careful not to touch them, though - they are protected.

In the 1930s the Whooping Crane was reduced to just 15 birds. Operation Migration has played a lead role in the reintroduction of endangered Whooping Cranes into eastern North America since 2001 and they have now made their home in the White River Marsh just outside of Princeton. Using ultra-light aircraft, Operation Migration pilots act as surrogate parents guiding captive-hatched and imprinted Whooping Cranes along a planned migration route beginning in the White River Marsh and ending in Florida. Through these heroic efforts the Whooping Crane population has grown to about 400 worldwide. Onlookers can get an up-front and personal view of the babies going through their flying lessons by making reservations with photographer and trainer/caretaker Doug Pellerin at pelican0711@gmail.com, or by parking their car along County Road D and 1 Mile Rd., about 4 miles north of Princeton just after sunrise, to watch the class of 2014 learn to migrate with their ultra-light “Yellow Mama”. For more information about how you can get involved or about the Whooping Crane Festival on September 12-14, contact the Princeton Chamber at chamber@princetonwi.com.

Birding and wildlife exploration abound in the Grand River Marsh State Wildlife Area to the south, the White River Marsh State Wildlife Area to the north of Princeton, Puchyan Wetlands north of Hwy. 23 on Cty CC and the Snake Creek Wetlands between Princeton and Green Lake of St. Marie Road.
PEDAL PRINCETON
BACK ROADS

Just park your car in the downtown parking lot and head out to explore the back roads on 8 planned tours offering back road biking experiences for all types of riders. Take along a detailed map available throughout town.

GREEN LAKE CONFERENCE CENTER

It's always inspirational to include some of the most beautiful scenery in Wisconsin when you bike, hike or cross country ski through the Green Lake Conference Center’s Dawson Prairie Trail, on the corner of Cty. Rd. T and Hwy. 23 east of Princeton.

BLACK BRIDGE NATURE TRAIL

Incorporate the historic Black Bridge Nature Trail (running from North Farmer St. to River Rd.) as you stroll through Princeton city streets. Treat yourself to the seclusion of the old railroad bed rising above lowland habitats and the beautifully preserved Northwestern Railway Bridge as your view opens to the breathtaking scenery of the Fox River that it spans over.

GREENWAYS

Take in the scenic beauty of Green Lake County’s Mascoutin Valley Trail stretching 12 miles along the old Milwaukee train track bed stretching between Berlin and Ripon.
SNAKE CREEK WETLANDS TRAIL

View nature in all its richness as you walk an abandoned railroad in the Izaak Walton Leaque of America’s Snake Creek Wetlands. Access the trail on Saint Marie Rd. or Swamp Rd. between Princeton and Green Lake on Cty. Rd. J. Enjoy the trail year round.

PUBLIC PARKS

Princeton offers a diversity of public parks - Princeton City Park, home of the Famous Princeton Flea Market; Heistand Park on the Fox River banks; Old Mill Park, with picnic tables and fun for kids and the Lions Park with tennis courts and ice skating pond.

WINTER OUTDOOR FUN

When fields are bare, lakes freeze over and everything is covered in a frosty white blanket, it’s time to play the hardy way.

Miles of manicured snowmobile trails take you for short hops or day-long excursions from county to county. When you plan your route, don’t forget to take a break at your favorite rest stops to warm up and catch a bite to eat.

Make it a weekend or a great afternoon break enjoying the silence of the winter woods when cross country skiing. Beautifully maintained trails for all levels of skiers abound in the Princeton area.

The lakes turn into small (or maybe not so small) villages when water turns to ice. Whether sitting on a bucket and jigging in a hole cut in the ice or sitting in a warm fishing shack, playing cards and watching tip-ups, winter fishing is great. Test your fishing talent (and luck) at many of the fisherees held on Puckaway, Green Lake and Little Green.

GOLF

Princeton sits smack dab in the center of 6 of the finest golf courses in Wisconsin. From nearly treeless rolling hills of the “Scottish-style” links to fairways beautifully bordered with mature and dense oaks and pines, the area is a golfer’s paradise.
ANTIMIQUES

Princeton is also known for some of the finest antiquing in the state. It’s easy to spend a full day surrounding yourself with nostalgia as you peruse the many malls and shops filled to bursting with exquisite artifacts from days gone by.

FLEA MARKET

Join the fun all season long as Princeton’s Famous Flea Market celebrates its 40th anniversary in 2014. Watch for fun activities, prizes, giveaways and memorabilia to purchase from April 26 to October 18. A destination in itself, Princeton’s Flea Market is the largest outdoor weekly flea market in Central Wisconsin. Enjoy a Saturday stroll in Princeton’s City Park on Hwy. 23 to browse through 100’s of vendors goodies. The treasures abound every week as new and different vendors enter the mix, so make it your weekly stop to find that long sought after item, or just to get a tasty snack at the food stand and chat with friends.

SHOPS

Shop downtown Princeton and the surrounding area for some of the most unique prizes you’ll find. With many crafters and artisans in residence, Princeton merchants pride themselves in offering unusual, one-of-a-kind or handcrafted goods. Delight in the atmosphere as you stroll through shops restored to their 1800’s origins, log-built from native pines or repurposed in their own unique style.
Quality and freshness can’t get better than when it comes right from the growers around Princeton. Shop for all kinds of good things to eat from produce to canned goods, meats and dairy products. Other home-grown specialties such as plants, trees, shrubs and flowers can be found at the Princeton City Park (400 block Fulton St., Hwy. 23/73) on Wednesdays from 2pm to 6pm, May 21 to October 15.

AMISH

Amish Country is only minutes from Princeton in the Grand River Marsh area. Glimpse a lifestyle steeped in tradition and simplicity. Delight in fine craftsmanship as each homestead dedicates themselves to their specialty and opens their doors to you. Ask for a brochure to guide you to anything from bakeries, produce auctions and greenhouses to woodworking, leather and fabric crafts.

LODGING

Overnight accommodations are plentiful in the area and will suit a variety of tastes and budgets. Lakeside resorts to intimate bed and breakfasts provide romantic and luxurious surroundings. Secluded cabins in the woods and rustic (or not so rustic) camping invite the adventurer in you to come out. Or enjoy the comfort of charming and well-kept rooms at reasonable rates. Take time out of your busy schedule to join us for as long as you can.

DINING

In a word…Scrumptious! Exquisite fine dining that will make a meal a memorable event, cafés that will bring you back to the sights and smells of mom’s kitchen, pub specialties that will leave you asking for more, snacks and specialties that will delight young and old alike. Come with an appetite and let us show you what it means to indulge in some of the best food you’ve ever eaten.
EVTENS AND ATTRACTIONS

We’re hosting fun times all year long for all ages. Whether you prefer be out in the wild and close to nature or enjoy more organized special events, Princeton and the surrounding area offer something to do for everyone of every age. Please check our full listing starting on Page 13.

COMMUNITY

Being centrally located allows Princeton to enjoy rural life while being able to easily have access to all the big city amenities. A community of approximately 1,300 residents, we pride ourselves on our comfortable down-to-earth way of life and friendly “come join us” atmosphere. Rest assured that everyone’s well-being is taken to heart with a full time police department, a volunteer fire department, medical clinics, EMTs and water rescue at the ready.

SCHOOLS

The School District of Princeton (PK-12) and St. John’s Catholic School (PK-8), hold a high standard for a well-rounded education which is demonstrated in the small classes and attentive, well-trained teachers and staff.

Among the many opportunities offered to Princeton School District students are reading and writing school-wide initiative, middle school exploratory classes, school forest hands-on learning activities, School to Work placements, transcripted and distance learning classes for college credit, opportunities in fine arts, athletics and a revolutionary new program for students 1-12 called CEED (Collaborative Education in Engineering and Design). Students will learn to put into practice the skills required to bring an actual product to market.

St. John the Baptist provides quality, Catholic education and is accredited by WRISA. Aside from the basic curriculum, students attend Religion, Physical Education, Music and Art classes. Children also attend Mass twice a week. Students can participate in band, orchestra and sports through the Princeton Public School District.
