C. All school licenses shall expire on December 31 of each even-numbered year.

(eff. July 1, 2003)

The Department of Professional and Occupational Regulation will mail a renewal notice to the licensee or certificate holder outlining the procedures for renewal. Failure to receive this notice, however, shall not relieve the licensee or certificate holder of the obligation to renew. If the licensee or certificate holder fails to receive the renewal notice, a copy of the old license or certificate may be submitted as evidence of intent to renew, along with the required fee.

(eff. July 1, 2003)

18 VAC 41-20-180. Failure to renew.

A. When a licensed or certified individual or entity fails to renew its license or certificate within 30 days following its expiration date, the licensee or certificate holder shall apply for reinstatement of the license or certificate by submitting to the Department of Professional and Occupational Regulation a reinstatement application and renewal fee and reinstatement fee.

B. When a barber, cosmetologist, or nail technician fails to renew his license within two years following the expiration date, reinstatement is no longer possible. To resume practice, the former licensee shall apply for licensure as a new applicant, shall meet all current application requirements, shall pass the board’s current examination and shall receive a new license. Individuals applying for licensure under this section shall be eligible to apply for a temporary permit from the board under 18 VAC 41-20-90.
C. When a barber instructor, cosmetology instructor, or nail technician instructor fails to renew his certificate within two years following the expiration date, reinstatement is no longer possible. To resume practice, the former certificate holder shall apply as a new applicant, meet all current application requirements, and receive a new license or temporary permit from the board. Upon receiving the new license, the individual may apply for a new instructor’s certificate.

D. The application for reinstatement for a school shall provide the reasons for failing to renew prior to the expiration date, and a notarized statement that all students currently enrolled or seeking to enroll at the school have been notified in writing that the school’s license has expired. All of these materials shall be called the application package. Reinstatement will be considered by the board if the school consents to and satisfactorily passes an inspection of the school and if the school’s records are maintained in accordance with 18 VAC 41-20-250 and 18 VAC 41-20-260 by the Department of Professional and Occupational Regulation. Pursuant to 18 VAC 41-20-190, upon receipt of the reinstatement fee, application package, and inspection results, the board may reinstate the school’s license or require requalification or both. If the reinstatement application package and reinstatement fee are not received by the board within six months following the expiration date of the school’s license, the board will notify the testing service that prospective graduates of the unlicensed school are not acceptable candidates for the examination. Such notification will be sent to the school and must be displayed in a conspicuous manner by the school in an area that is accessible to the public. No student shall be disqualified from taking the examination because the school was not licensed for a portion of the time the student attended if the school license is reinstated by the board.

E. The date a renewal fee is received by the Department of Professional and Occupational Regulation, or its agent, will be used to determine whether a penalty fee or the requirement for reinstatement of a license or certificate is applicable.

F. When a license or certificate is reinstated, the licensee or certificate holder shall be assigned an expiration date two years from the date of the last day of the month of reinstatement except for school licenses which shall expire on December 31 of each even-numbered year.

G. A licensee or certificate holder who reinstates his license or certificate shall be regarded as having been continuously licensed or certified without interruption. Therefore, a licensee or certificate holder shall be subject to the authority of the board for activities performed prior to reinstatement.

H. A licensee or certificate holder who fails to reinstate his license or certificate shall be regarded as unlicensed or uncertified from the expiration date of the license or certificate forward. Nothing in these regulations shall divest the board of its authority to discipline a licensee or certificate holder for a violation of the law or regulations during the period of time for which the individual was licensed or certified.
