This Limited Warranty applies only to the original purchaser of the product and is limited solely to the repair or replacement of the product, to be decided in Polygroup's sole discretion. Consequential damages, including claims for loss of water, pool chemicals, damage, or labor are not covered under this Limited Warranty.

Should you encounter a problem with your Polygroup Product, please do not return the product to the place or person where you purchased it. If you are still unable to correct the problem, please contact Polygroup customer service at (888) 919-0070. Have the product type and your purchase receipt ready. Our Customer Service Representative will assist you in resolving the problem. You may be asked to return all or part of the product for inspection and/or repair. Do not return any product to Polygroup without a Return Authorization number.

Read and Follow All Safety Information and Instructions. Keep for Future Reference.
Failure to follow these warnings and instructions can result in serious injury or death to user, especially children.

WARNING: DO NOT overfill the pool and/or allow people to lay over or sit on pool wall- DOING SO CAN CAUSE PERMANENT INJURY!

DRAIN pool to the proper level after a heavy rain.

NOTE: DO NOT attempt to assemble this pool in adverse weather conditions, windy conditions or when the temperature is below 60° F.

NOTE: This is a storable pool, which should be disassembled and stored when temperatures are expected to fall below 32° F.

LIMITED WARRANTY

Polygroup Limited (Macao Commercial Offshore), (hereinafter “Polygroup”) warrants to the original purchaser only, the Metal Frame Pool (frame and liner) against defects in material and workmanship for 90 days from the date of purchase. Original Purchaser must retain proof of purchase. All Warranty claims must be made directly to Polygroup. Prior to contacting Customer Service, please first review the Troubleshooting Guide in the Installation Manual, or review the FAQ at www.polygroup.com. If you are still unable to correct the problem, please contact Polygroup customer service at (888) 919-0070. Have the product type and your purchase receipt ready. Our Customer Service Representative will assist you in resolving the problem. You may be asked to return all or part of the product for inspection and/or repair. Do not return any product to Polygroup without a Return Authorization number.

1. Children, especially children younger than five years, are at high risk of drowning. Drowning occurs silently and quickly and can occur in as little as 2 in. (5 cm) of water.
2. Keep children in your direct sight, stay close, and actively supervise them when they are in or near this pool and when you are filling and emptying this pool.
3. When searching for a missing child, check the pool first, even if the child is thought to be in the house.
4. Very Important: Swimming pool barriers, which restrict access to the pool by small children, may be required by law. A barrier is necessary to provide protection against potential drowning and near drowning. Barriers are not a substitute for constant supervision of children. Check state or local laws and codes before setting up pool.
5. The use of artificial pool lighting is at the discretion of the pool owner. Lighting, when installed, should be in accordance with Article 680 of the National Electrical Code (NEC) or its latest approved edition and in consultation with a licensed electrical professional.
6. During nighttime pool use, artificial lighting shall be used to illuminate all safety signs, ladders, steps, deck surfaces and walks.
7. The floor of the pool shall be visible at all times from the outside perimeter of the pool.
8. Local building codes may require obtaining a building or electrical permit. Installer shall follow regulations on setback, barriers, devices and other conditions.
9. Post a list of emergency telephone numbers such as the nearest available police, fire, ambulance and/or rescue unit. These numbers are to be kept near the telephone, which is closest to the pool.
10. Toys, chairs, tables or similar objects that a young child could climb shall be at least four feet (4') [121.92 cm] from the pool. The pump filter system shall be positioned so as to prevent it being used as a means of access to the pool by young children. Do not leave toys inside pool when finished using, since toys and similar items might attract a child to the pool.

11. Basic lifesaving equipment, including one of the following should be on hand at all times:
* A minimum one-fourth inch (1/4") [6.35 mm] diameter rope as long as one and one half (1-1/2) times the maximum width of the pool or fifty feet (50') [15.24 meters], whichever is less, which has been firmly attached to a Coast Guard-approved ring buoy having an outside diameter of approximately fifteen inches (15") [38.1 cm], or similarly approved flotation device.
* A light, strong, rigid pole (shepherds crook) not less than twelve feet (12') [365.76 cm] long.

**FRAME POOL SETUP INSTRUCTION SHEET**

**1. SITE PREPARATION**

**WARNING - VERY IMPORTANT! SITE MUST BE LEVEL, STABLE, COMPACTED SOIL.**
* The pool must be assembled on a smooth and level site of firm soil that is free of stones, gravel, sticks, blacktop or other oil base compounds. Do not install pool on a wooden deck or any type of wooden surface. You can not use sand and/or uncompacted soil to provide a level surface for this pool; it will only wash out.
* A. Select a level area, and completely remove all debris, twigs, stones, etc. DO NOT select an area under overhead electrical lines, trees or within 15 feet of a house, building, etc. The area should also be at least 10 feet away, and no more than 21 feet away, from a 110 volt AC outlet, protected by a Ground Fault Circuit Interrupter.
* B. Contact your local utilities, checking that no underground cables, telephone lines, gas lines, etc. run beneath or near the area you have selected.

**2. POOL INSTALLATION**

**WARNING: DO NOT overfill the pool and/or allow people to lay over or sit on pool wall doing so can cause permanent injury. DRAIN pool to the proper level after a heavy rain.**
* A. Carefully unfold the Frame Pool and inspect seams for manufacturing defects. Lay the pool out flat on the ground, positioning the power filter outlet you plan to use for the pool pump. You should have at least three people to assist with the assembly of this pool.
* B. Locate the metal pipe and Tee Fittings (92) for the frame section of the pool. The shorter pipe sections with the larger diameter and the pair of holes at both ends are the Horizontal Beams (91). The longer pipe sections with the smaller diameter and the Spring Pin (95) at one end are the Vertical Legs (94). Take the Horizontal Beams (91) and insert them into the pockets stitched along the top edge of the pool wall. Rotate it in the pocket so that the holes are on the top and bottom of the pipe protruding from each end of the pockets. Take one end of the pipe and insert it into a Tee Fitting aligning the holes with the holes in the Horizontal Beam. Do NOT install any of the Pins (93) at this time. Continue around the pool in either direction installing all of the Tee Fittings onto the Horizontal Beams. See Fig 1.
GENERAL INFORMATION:

Pool must be stored if temperatures are expected to fall below 32°F.

A. All parts should be cleaned with a mild soap and lukewarm water only - DO NOT use detergent or hot water.

B. Make sure all parts are dry before storing to help prevent mildew from forming.

C. Store all parts in a dry heated area where temperatures do not go below 32° F or above 125° F.

D. Failure to follow the proper storage instructions could cause damage to pool parts and void warranty.

E. YOU MUST FOLLOW THE ASSEMBLY INSTRUCTIONS TO REASSEMBLE YOUR POOL NEXT SEASON. Pool site must be cleared and leveled again before setting up your pool.

DRAINING THE POOL:

A. To drain the pool, locate the drain plug on the outside of the pool wall and remove the drain cap. A standard garden hose will thread onto the drain fitting. Extend the hose to the area where the water is to be drained. When you have placed the garden hose where desired, the drain plug on the inside of the pool can be opened.

B. Remove any remaining water as you wash and completely dry pool using a soft cotton cloth. Push the drain plug into the fitting and replace the cap.

C. Frame Pools: If your pool has metal frame work, disassemble those pieces by depressing the plastic buttons sliding those pieces apart or by removing the plastic pins holding them together again sliding those pieces apart, clean them and wipe them dry. If in doubt of proper disassembly refer to the pools set-up sheet and reverse those steps. Place them all together in a safe storage place for reassembly next season. Order replace ment parts for any damaged, broken, or worn parts.

D. Solar blankets, leaf covers, ladders, etc., should be cleaned and dried before storing.

POOL COVER SAFETY

IF YOU ARE GOING TO USE A POOL COVER, SOLAR COVER OR SOLAR BLANKET, PLEASE READ THIS INFORMATION.

VERY IMPORTANT
DO NOT USE A POOL COVER, SOLAR COVER OR SOLAR BLANKET ON THIS POOL IF IT DOES NOT HAVE THIS TYPE OF WARNING LABEL ON THE COVER.

DANGER:
Competent supervision and knowledge of the safety requirements is the only way to prevent drowning or permanent injury in the use of this product.
Never leave young children unattended.

WARNING
AVOID DROWNING RISK
STAY OFF COVER - WILL NOT SUPPORT WEIGHT. KEEP CHILDREN AWAY. CHILDREN OR OBJECTS CAN NOT BE SEEN UNDER COVER. REMOVE STANDING WATER - CHILD CAN DROWN ON TOP OF COVER. REMOVE COVER COMPLETELY BEFORE ENTRY OF BATHERS - ENTRAPMENT POSSIBLE. NON-SECURED OR IMPROPERLY SECURED COVERS ARE A HAZARD. FAILURE TO FOLLOW ALL INSTRUCTIONS MAY RESULT IN INJURY OR DROWNING. THIS IS NOT A SAFETY COVER. TYPE OC COVER CLASSIFICATION. INSTALL COVER WITH LABELS FACING UP. USE DRAWSTRING TO SECURE COVER TO POOL. THIS COVER MEETS REQUIREMENTS DESCRIBED IN SPECIFICATION F-1346 (ASTM).
