Dear Students, Parents, and Guardians:

Welcome back to the 2016-2017 school year. Enclosed you will find our Student Code of Conduct, our annual Parent Notifications, and other important information on key Board policies and administrative regulations, approved bell times, and the academic calendar.

A safe and orderly learning environment that responds to the needs of students and fosters respect for everyone and supports our vision of teaching and learning. Students deserve to have an instructional setting that makes them feel safe and helps them to learn. Everyone in our School District is expected to model the Six Pillars of Character®: Trustworthiness, Respect, Responsibility, Fairness, Caring, and Citizenship.

Parents/Guardians, here is what you can do to help your child follow the guidelines outlined in the Student Code of Conduct:

- Model good behavior in your home, community, and school.
- Go to school meetings whenever possible.
- Maintain open communication with the school.
- Notify the teacher about specific concerns you may have.

Students, here is what you can do to help your school be a safe and friendly place:

- Come to school every day on time and be prepared for a successful day.
- Be respectful and polite to everyone.
- Obey your school’s rules and the rules in the Student Code of Conduct.
- Be a role model for your peers by taking responsibility for your work and your actions.

Parents/Guardians, please take the time to thoroughly review and discuss the contents of this handbook with your children. Remember, we are partners in ensuring that all students are provided relevant, engaging learning experiences in a safe and secure environment.

Sincerely,

Thomas B. Lockamy, Jr., Ed.D.
Superintendent of Schools

“The Six Pillars of Character”

Character Counts

Trustworthy – A person of character is trustworthy, lives with integrity, is honest, reliable and loyal.

Respect – A person of character values all persons, lives by the Golden Rule – respects the dignity, privacy and freedom of others, is courteous and polite to all, is accepting and tolerant of differences.

Responsibility - A person of character is responsible, accountable, pursues excellence and exercises self control.

Fairness – A person of character is fair and just, is impartial, listens and is open to differing viewpoints.

Caring – A person of character is caring, compassionate, kind, loving, considerate, and charitable.

Citizenship – A person of character is a good citizen. Do your share...help the community, play by the rules.

While the Student Code of Conduct represents the District’s efforts to capture information from Board Policy and Administrative Regulations in a form that is useful and helpful to students and parents, the Policies and Administrative Regulations are always the final word on an issue. Policies and Administrative Regulations may change during the course of the year, after the Student Code of Conduct is printed; however, current copies of the Policies and Administrative Regulations are always available on the Board website at www.sccpss.com or in the Board office at 208 Bull Street, and should be consulted.

Why do we have a Student Code of Conduct?
The Student Code of Conduct is designed to help everyone understand the expectations for student behavior. It also explains the consequences if these expectations are not met or rules are not followed.

Does the Student Code of Conduct apply to all students?
Yes, all students are expected to follow the Student Code of Conduct.

Does the Student Code of Conduct apply to students when they are off campus?
Yes, the expectations and rules should be followed when students are off campus.

Do students have to go to school every day?
Yes, all students should be in school on time, every day, and students are expected to remain in school for the full school day.

Are all students required to wear ID badges?
No, only students in grades 6 through 12 are required to wear ID badges while in school and while attending after-school activities.

Are students required to register their vehicles?
Yes, all students are required to register their automobiles with school officials. Students are also required to sign a form indicating their cars can be searched or inspected at any time while on Board of Education property.

Can serious violations result in serious consequences?
Yes, the consequences can be serious and can include detention, suspension, expulsion and/or referral to court.

My child was in a fight at school. How can I find out what actions were taken against the other student(s)?
FERPA does not allow staff to discuss discipline actions taken against other students.

Does the school system have the right to conduct searches?
Yes, we want to make sure our schools are safe and secure places. We have many unannounced weapon and drug searches using metal detection devices and police dogs. Lockers, desks, cabinets, and other school property can be searched. Searches of students and their belongings will occur when there is reasonable suspicion to believe the student has violated a law or school policy.

What is the Board of Education’s position on drugs, weapons and violence?
The Board of Education has no tolerance for drugs, weapons or violence in schools.

If a student brings a weapon to school, will the student get in trouble with the school or police?
Yes, bringing a weapon to school is a felony.

Can students with disabilities be disciplined?
Yes, students with disabilities may be disciplined for not following the rules just the same as children without disabilities; however, specific steps must be followed. Services required in the Individualized Educational Plan (I.E.P.), which now include access to the general curriculum, must continue.

If I, as a parent/guardian, have a concern about my child, what should I do?
You should first talk with the teacher. If the issue or concern is not solved, then you should talk with a school administrator. It is our expectation that all issues will be resolved at the school level.

Do students receive a grade for their conduct?
Yes, students will earn a conduct grade for each grading period.

Do the consequences of the conduct grade begin immediately?
Yes, the consequences begin immediately and carry through the next marking period. A student who receives an “unsatisfactory” conduct grade (U) will not be allowed to participate in any extracurricular activities such as athletics, cheerleading, clubs, events, band, and chorus. Field trip participation may also be denied.

Do students have to follow the mandatory dress code?
Yes, all students in Pre-K through 12 must follow the mandatory dress code.

How are district technology resources for students defined?
District technology resources provided for students include web-based resources, online applications, Web 2.0 tools, and email accounts.
Students will earn a conduct grade for each marking period which will be documented on the report card. Its purpose is to encourage students to conduct themselves in an orderly, courteous, dignified, and respectful manner. The conduct grade will reflect student conduct during the previous grading period.

**Overall Excellent (E) or Satisfactory (S) Conduct Grade Actions**

Students receiving an excellent or satisfactory conduct grade may earn extra privileges/incentives which will be determined at the school level.

**Overall Needs Improvement (N) Conduct Grade Consequences**

Students receiving a needs improvement conduct grade may be referred for participation in the RtI/Student Support Team process for the development of a behavior intervention plan which includes positive interventions, strategies and supports designed to address the behavior in question.

**Overall Unsatisfactory (U) Conduct Grade Consequences**

Students receiving an unsatisfactory conduct grade may be referred for participation in the RtI/Student Support Team. Any personal recognitions or serving as a representative of the school will be denied. Graduating seniors receiving an unsatisfactory conduct grade may be prohibited from senior activities and/or participating in graduation activities. Participation in any extra-curricular activity will be forfeited (e.g., sports, cheerleading, clubs, events, band, chorus, etc.). Field trip participation may be denied.

DISCIPLINE

Parents, schools, and communities share the responsibility for helping students develop positive self discipline. Expected behavior is shown through actions that promote learning and encourage self control during school as well as during all school-related activities. Students should be prepared to participate fully in the learning process, avoid behavior that impairs their own educational achievement or that of others, show respect for the knowledge and authority of teachers, administrators, and other school employees, and recognize and respect the rights of other students and adults. When students fail to use self control and self discipline, disciplinary consequences are used to restore order to the learning environment as well as to protect the rights of others.

In the Savannah-Chatham County Public School System, as in the community, certain policies and administrative regulations are established to guide students through constructive growth and into mature adulthood. These policies and administrative regulations are basically the same from Pre-K through grade 12. Parents, teachers, and others responsible for the welfare and education of these students should cooperate in interpreting and enforcing these rules. The Savannah-Chatham County Board of Education has established certain policies and administrative regulations regarding student conduct and disciplinary action. Some of these policies/administrative regulations are included in this handbook and should be reviewed carefully by parents/legal guardians and students.

Students and Parents/legal guardians are REQUIRED to sign for the receipt of the Student Code of Conduct (which includes the Student Code of Conduct) using the acknowledgement contract form provided. Any student and their parents/legal guardians that do not sign a receipt SHALL NOT be relieved of any responsibilities in following the Student Code of Conduct.

SCHOOL JURISDICTION

The authority of the school over the conduct of students extends to the following locations:

1. On the school grounds and within the school safety zone during, before, and after school hours;
2. On the school grounds and within the school safety zone as either a spectator or a participant at any other time when the school is being used by a school group;
3. Off the school grounds at any school-related activity, function, or event as a participant or a spectator;
4. During the time required in going to or from the home, including time spent at the bus stop and on the school bus;
5. Off school grounds, when a student’s behavior has a direct and immediate effect on maintaining order or discipline in schools or maintaining the safety and welfare of the students and staff;
6. Off school grounds which could result in the student being criminally charged with a felony and when the student’s continued presence at school becomes a potential danger to persons or property at the school or which disrupts the educational process.

COMPLAINT PROCEDURES FOR STUDENTS

Classroom matters (grades, homework, attendance, etc.) should be discussed first with the classroom teacher and then with an administrator, if necessary, to resolve a problem. Federal and state laws allow students to file a complaint, both verbally and in writing, when there are allegations of race, color, national origin, sex (including sexual harassment and sexual orientation, etc.), religion, gender and disability discrimination; and, harassment and/or bullying (refer to Rule 6). Both informal and formal resolution processes are available to address any complaints arising out of the above-described categories. Allegations of discrimination, bullying, or harassment should be immediately reported to a teacher or counselor and an administrator at the school, school site or any school event; however, a student may make a direct report to the Title IX Coordinator, at 208 Bull Street, Savannah, Georgia 31401, or by dialing 912-395-5552. The site administrator or the Title IX Coordinator shall assist the student with completing and filing the complaint which should include a statement of facts, identification of witnesses, and any other pertinent and necessary information. Complaints should be filed within thirty (30) calendar days of the alleged incident. All policies and/or procedures mandated by any agency of the State of Georgia will be followed. Any retaliation for filing a complaint is prohibited. Any claims of retaliation should be reported to the Title IX Coordinator. Students are cautioned not to file any false complaints. (See Rule 18 of the Student Code of Conduct.)

LITERATURE DISTRIBUTION BY STUDENTS

At each school, the principal shall coordinate distribution or display of literature by students enrolled in the school. In all schools, the material must be approved by the principal, must not violate applicable School Board policies/administrative regulations, and must bear the name of the sponsoring individual(s) or school clubs/organization(s). The principal shall determine adherence or non-adherence to the provisions of School Board policies and administrative regulations.

EXPRESSION AND LIMITATIONS

Students may appropriately exercise the right to freedom of expression through speech, assembly, petition, and other lawful means and have the right to advocate change of any law, policy, or regulation. The exercise of this right may not interfere with the rights of others nor may oral or written student opinions be used to present material that falls into one or more of the following categories:

1. Material that reasonably leads the principal to forecast substantial disruption of, or interference with, school activities or that endangers the health, safety or welfare of students and/or staff;
2. Material that is libelous or slanderous — false or inaccurate statements; statements that injure the person as to his/her reputation; or statements which cause personal humiliation, mental anguish, and suffering or other injuries;
3. Material that advocates the commission of a criminal act or is a criminal act as defined by the Criminal Code of the United States, the State of Georgia, the City of Savannah, Chatham County or other applicable municipalities.
INTERVIEWS & SEARCHES OF STUDENTS - POLICY JCAB

School lockers, desks, cabinets and other school property will be jointly accessible to students and school authorities and shall be subject to inspection and search by school authorities at all times without further notice to students, parents/legal guardians, or any other party placing items therein. Sweeps of school facilities may be conducted using sniffing dogs and metal detectors.

The School District reserves the right to use walk-through and hand-held metal detectors or canine units at any school campus or function, including activities that occur outside of normal school hours or off of school campuses when, in the opinion of the superintendent, the use of such devices is appropriate to maintain safety and security.

School employees and visitors are subject to proper search by Campus Police or law enforcement agencies upon request of the principal.

Desks, lockers, and storage spaces which are provided to students are the property of the School District. The principal or designee may conduct general inspections on a periodic basis, including unannounced searches, and may open desks, lockers, storage spaces, and examine the contents. Searches of students or their personal belongings will occur when there is reasonable suspicion to believe that the student has violated or is violating local, state or federal laws, local codes, or School Board policies/administrative regulations. Reasonable efforts to locate the student will be made prior to the search. If the student is present, the school official shall advise him of the circumstances justifying the search and seizure of the objects that the official believes the search may disclose. Stolen items and items that are specifically prohibited by local law, School Board policies/administrative regulations will be impounded. These items will be secured by Campus Police or appropriate law enforcement officers, and disposition will be determined by the appropriate authority. Additionally, unannounced canine searches will be randomly conducted by law enforcement officials and Campus Police as part of the Safe Schools Initiative.

All students are required to register their automobiles with school officials. Students will be required to sign a written agreement acknowledging that their automobiles are subject to unannounced searches or inspections at any time while on Board of Education property.

RANDOM ADMINISTRATIVE INSPECTIONS

As part of an initiative to enhance the overall safety of our schools, the Superintendent has implemented Random Administrative Inspections that will be conducted using each site’s staff members. Inspections will be conducted by personnel trained in the safe use of a magnetometer. A minimum number of staff members will be trained to minimize the impact on the school’s educational mission, keeping staff members in their usual assignments and duties as much as possible.

Students found to be in possession of contraband during these inspections will be appropriately disciplined.

Random Administrative Inspections conducted as an administrative function will not involve Campus Police unless there is a safety issue, fight, violent outburst or threat, or other violations of criminal law. Campus Police may assist in securing the inspection area or escorting and/or monitoring students to be inspected but will not actively participate in the Random Administrative Inspections.

AMNESTY BOX

The school district has no tolerance for drugs and weapons. The Superintendent has established the use of an Amnesty Box inside each school.

The Amnesty Box is a secured/locked metal container that allows students to anonymously dispose of non-permissible items without fear of being disciplined.

At my school, the Amnesty Box is located ____________________.
