**Trail Guide**

Hiking, Biking & Sightseeing: An expansive network of trails and roads fantastic for hiking and mountain biking are accessible from the top of the Scenic Sky Chair. Big Bear is world-renowned as one of the hotbeds of mountain biking, and an amazing variety of unique flora and fauna can be seen throughout the Big Bear Valley. Turn your Sky Chair sightseeing trip into a short hike and take a trail down the mountain, or just hop back on the lift for the ride down. Either way, you will enjoy spectacular views of Big Bear Lake and the entire Valley.

Many, but not all, of the routes listed above benefit from Sky Chair service. While not required to enjoy the many miles of trails surrounding Big Bear Mountain Resorts, Sky Chair service does extend riding and hiking times and distances by reducing uphill climbing and rental demands. Duration times listed above are estimated based on an average biking speed of 10mph and hiking speed of 2mph. Your time may vary. Remember to respect the trails, stay hydrated, and use sun protection.

**About Big Bear Mountain Resorts:** In addition to the non-Winter activities supported by Snow Summit’s Scenic Sky Chair, a unique golf experience can also be had at Bear Mountain’s 9-hole Golf Course. But when the snow flies, skiers and snowboarders flock to the 2 Resorts’ wide open runs and progressive freestyle terrain parks that are backed by one of the most capable snowmaking systems in the world.
