Beginning in 2016, the Benefit Services Division will provide the primary insured individual with the IRS 1095-C Form to report coverage information for the 2015 Plan Year.

Understanding Your Options
For the plan year beginning January 1, 2016, employees have the option of choosing from three plans, four Networks with nationwide coverage, and four coverage tiers. “Network” describes the company contracted with the State to provide access to a group of providers (doctors, hospitals, etc.) Certain providers may belong to one Network but not another. Plans are loosely defined as the structure of your insurance policy: the premium, deductibles, copays, and out-of-Network coverage. A tier describes the number of persons covered by the medical plan.

How the Plans Work
As noted above there are three medical plans offered to active participants under Benefit Options. They are the Exclusive Provider Organization (EPO), the Preferred Provider Organization (PPO), and the Health Savings Account (HSA).

The EPO Plan
If you choose the EPO plan under Benefit Options you must obtain services from a Network provider. Out-of-Network services are only covered in emergency situations. Under the EPO plan, you will pay the monthly premium and any required copay at the time of service.

The PPO Plan
If you choose the PPO plan under Benefit Options you can see providers in-Network or out-of-Network, but will have higher costs for out-of-Network services. Additionally, there are in-Network and out-of-Network deductibles that must be met. Under the PPO plan, you will pay the monthly premium and any required copay or coinsurance (percent of the cost) at the time of service. The PPO plan is available with Aetna, Blue Cross Blue Shield of Arizona, and UnitedHealthcare. Choose the Network based on the physicians. The coverage is the same.

HSA (Health Savings Account)
This option is a High Deductible Health Plan for active employees. The Plan allows you open a Health Savings Account to use for qualified medical expenses with investment options available. Services can be obtained in-Network or out-of-Network, but will have higher costs for out-of-Network services. Additionally, there are in-Network and out-of-Network deductibles that must be met. In-Network preventive services are covered at 100%. More detailed information on the HSA is available on page 9.

Choosing the Best Plan for You and Your Family
To choose the right plan for you:

1. Assess the costs you expect in the coming year including: employee premiums, copays, and coinsurance. Refer to page 6 for per pay period premiums and page 13 for plan comparisons to help determine costs.
2. Determine if your doctors are contracted with the Network you are considering. Each medical Network has a website or phone number (on the next page) to help you determine if your doctor is contracted with the Network.
3. Once you have selected which plan best suits your needs and your budget, make your benefit elections online.
Medical Plan Information

Transition of Care (TOC)
If you are undergoing an active course of treatment with a doctor who is not contracted with one of the Networks, you can apply for transition of care.

If you are approved, you will receive in-Network benefits for your current doctor during a transitional period after January 1, 2016. Transition of care is typically approved if one of the following applies:

1. You have a life threatening disease or condition;
2. You have been receiving care and a continued course of treatment is medically necessary;
3. You are in the third trimester of pregnancy; or
4. You are in the second trimester of pregnancy and your doctor agrees to accept our reimbursement rate and to abide by the Plan’s policies, procedures, and quality assurance requirements.

TOC forms are available on the Benefit Options website benefitoptions.az.gov.

ID Cards
Only members who are newly enrolled or make a change will receive a new ID card.

You will continue to use your current ID card for 2016 if no changes are made.

Understanding the Health Savings Account Plan (HSA)

Things You Should Know:
1. The HSA Plan is a High Deductible Health Plan that works in conjunction with a HSA:
   - You have the option of establishing a HSA. To establish this account members must complete the Customer Identification Process (see page 12).
   - HSA is a special type of savings account that allows tax-free contributions, earnings and healthcare related withdrawals.
2. The HSA offers financial advantages in that, an HSA member:
   - Pays lower employee premiums (paycheck deductions).
   - Receives qualified preventive services for free.
   - May have lower out-of-pocket costs.
   - Is eligible to open and contribute to a HSA.
3. The HSA presents financial considerations in that:
   - HSA members pay copays and/or coinsurance after the deductible is met (qualified preventive services are covered at 100%).
4. The HSA might be right for you if:
   - You want to open a tax-advantaged HSA and save for future healthcare costs.
   - You are willing to accept some degree of financial risk.
   - You can afford to pay a high deductible if necessary.
5. The HSA may be wrong for you if:
   - You prefer copays because they are simple and predictable.
   - You are not willing to accept some degree of financial risk.
   - You cannot afford to pay a high deductible.
   - You are entitled to benefits under Medicare.

   **Note:** Members and dependents (including spouses) enrolled in a HSA do not qualify for a traditional Medical Flexible Spending Account; instead they qualify for a Limited Flexible Spending Account. The only qualifying expenses for this Limited Flexible Spending Account are dental and vision care expenses. Please see page 43 for more details.

**Cost for Services/Prescriptions**
The cost for services/prescriptions depends on three things:

1. Whether the service/prescription is:
   - Qualified Preventive
   - Non-Preventive
   - Emergency

2. Whether the provider is:
   - In-Network
   - Out-of-Network

3. How much you have paid so far during the plan year:
   - Less than the deductible
   - More than the deductible, but less than the out-of-pocket maximum

At the top of the table (on the next page) you can see that:
- In-Network qualified preventive services are free, even before the deductible is satisfied.
- In-Network qualified preventive prescriptions will cost the regular copay amounts ($10/$20/$40) up to the out-of-pocket maximum.
- Once the out-of-pocket maximum is satisfied, in-Network qualified preventive prescriptions are covered at 100% for the remainder of the Plan Year.

In the middle of the table you can see that:
- In-Network emergency services will not be covered until after the deductible is satisfied.
- Once the deductible is satisfied, in-Network emergency services will be 90% covered. The remaining 10% must be paid by the member.
- Once the out-of-pocket maximum is satisfied, in-Network emergency services will be 100% covered (no member cost).
- Before enrolling in the HSA, make sure you fully understand the costs/risks of this type of plan.

**Qualified Preventive Care**
Preventive care is defined as:
- Periodic health evaluations, including tests and diagnostic procedures ordered in connection with routine examinations (i.e., annual physicals)
- Routine prenatal and well-child care
- Child and adult immunizations
- Tobacco cessation programs
- Certain screening services
- Prescriptions that are preventive in nature

**Understanding Health Savings Accounts (HSAs)**
The HSA is only offered if you enroll in the High Deductible Health Plan.

**HSA Overview**
1. You open your HSA.
   - You maintain ownership even after ending State employment.
   - You can invest the money like you would invest money in an IRA, once funds reach $1,000.
   - Your funds will earn interest.

2. When your HSA is opened, the State will make pay period contributions to your HSA.

- For Employee only coverage, the State will contribute $27.69 per pay period.
- For Employee+adult, Employee+child, and Family coverage, the State will contribute $55.38 per pay period.

3. You can make additional contributions to your HSA through:
   - Payroll deductions (pre-tax).
   - Lump-sum deposits (tax deductible).

4. The Internal Revenue Service sets annual contribution limits. Currently the limits are $3,350 for Employee only and $6,750 for all other tiers.

5. You can spend HSA funds on a tax-free basis for qualified healthcare-related expenditures (defined by the Internal Revenue Service).
   - You can use a debit card.
   - Link personal bank account to HSA.
   - Non-qualified withdrawals are allowed, however, they may be subject to tax and a 20% penalty.

6. HSAs should not be confused with FSAs:
   - FSA stands for Flexible Spending Account.
   - It is a special type of savings account that allows tax-free contributions and healthcare-related withdrawals.
   - FSAs have “use-it-or-lose-it” rules. Unused funds do not rollover from year to year.

7. HSAs have no “use-it-or-lose-it” rules. Unused funds will rollover from year to year. This allows you to create a fund for future healthcare.

8. If the member does not require services (other than the free qualified preventive services), the money stays in the HSA and grows tax free. It can be used to pay for qualified healthcare costs anytime in the future.

### About the HSA

The HSA offers the following features:
- No set-up fees
- No monthly administration fee
- No withdrawal forms
- HSA tracking through Aetna Navigator
- Cost Estimator Tool—Cost of Care
There are some fees associated with the HSA, such as:
- Monthly Account Statements
- Bill payment via check
- Stop payment via check
- Non-sufficient funds
- Deposit item returned
- For additional information, please visit the Benefit Options website

Non-Permitted Coverage
- You cannot have a regular Flexible Spending Account or Health Reimbursement Account. If you or your spouse has one of these you are not eligible to contribute to an HSA.
- If you are enrolled in Medicare or Medicaid, you are not eligible for an HSA. If you had an HSA when you enrolled in Medicare or Medicaid you can still use the funds. You just cannot contribute to the account. **Note:** If you are eligible for Medicare but not yet enrolled, you can still contribute to the HSA.
- If you are enrolled in Tricare you are not eligible for an HSA. (Tricare is health coverage for people in the military.) If you had an HSA when you started on Tricare you can still use the funds. You just cannot contribute to the account.
- If you receive care from the Veteran’s Administration (VA), that may affect your HSA eligibility. Generally, when you receive VA care you are not eligible for an HSA for the next three months. This means that you cannot contribute for the next three months after having VA care.

**How To Open Your HSA**
Your HSA will be established in your name when you enroll in the High Deductible Health Plan and complete the Customer Identification Process (see below for additional information). You will receive a welcome kit by mail 3-4 weeks after the account is opened. The State will start contributing to your account on the first pay cycle following the plan year effective date. State contributions will only be made if you receive a paycheck.

**Using Your HSA**
- Use the PayFlex Mastercard to pay for qualified out-of-pocket expenses.
- Invest your HSA funds in a variety of investment options once the funds reach $1,000.
- You can contribute to the HSA as long as you are enrolled in a qualified health plan (such as the HSA). You may use the HSA funds anytime.

**Customer Identification Process**
Aetna is required to confirm some of your personal information prior to establishing your HSA. This includes your correct name, address, date of birth, and Social Security Number. Doing so is required by Section 326 of the USA Patriot Act. It is a process known as the “Customer Identification Process.”

Here are some common reasons that may cause a delay in opening your HSA:
- Addresses that do not match
- P.O. Boxes are not permitted
- Not legally changing your name after a marriage or divorce
- Use of a nickname
- Inconsistent use of your middle initial
- Americanized version of your name
- Different spelling of your name

Please provide any information Aetna requests for the purpose of establishing your HSA.

**Annual Contribution Limits**
**Individual:** $3,350  
**Family:** $6,750

Medical Management

**Services Available**
When you choose Benefit Options medical insurance you get more than basic healthcare coverage. **You get personalized medical management programs at no additional cost.** Under the Benefit Options health plan, the medical Network you select during open enrollment serves their specific members.

Professional, experienced staff work on your behalf to make sure you are getting the best care possible and that you are properly educated on all aspects of your treatment.

**Utilization Management**
Each Medical network provides prior authorization and utilization review for the ADOA Benefit Options plans when members require non-primary care services. Prior to any elective hospitalization and/or certain outpatient procedures, you or your doctor must contact your medical Network for authorization. Please refer to your Plan Document for the specific list of services that require prior authorization. Each Network has a dedicated line to accept calls and inquiries:

- **Aetna** 1.800.333.4432
- **Blue Cross Blue Shield of Arizona** 1.800.232.2345 ext. 4320
- **Cigna** 1.800.968.7366
- **UnitedHealthcare** 1.800.896.1067

**Case Management**
Case management is a collaborative process whereby a case manager from your selected medical Network works with you to assess, plan, implement, coordinate, monitor, and evaluate the services you may need.

Often case management is used with complex treatments for severe health conditions. The case manager uses available resources to achieve cost effective health outcomes for both the member and the State of Arizona.

**Disease Management**
The purpose of disease management programs is to educate you and/or your dependents about complex or chronic health conditions. The programs are typically designed to improve self-management skills and help make lifestyle changes that promote healthy living.

The following disease management programs are available to all Benefit Options members regardless of their selected Networks:

- Asthma
- Diabetes
- Chronic Obstructive Pulmonary Disease
- Congestive Heart Failure
- Pregnancy/Maternity
- Coronary Artery Disease
- Healthy Back

If you are eligible or become eligible for one of the programs above, a disease manager from your selected Network will assess your needs and work with your physicians to develop a personalized plan. Your personalized plan will establish goals and steps to help you to positively change your specific lifestyle habits and improve your health.

Your assigned disease manager may also:

- Provide tips on how to keep your diet and exercise program on track
- Help you to maintain your necessary medical tests and annual exams
- Offer tips on how to manage stress and help control the symptoms of stress
- Assist with understanding your doctor’s treatment plan
- Review and discuss medications, how they work and how to use them
Medical Management

Generally a disease manager will work with you as quickly or as slowly as you like - allowing you to complete the program at your own pace. Over the course of the program, participants learn to incorporate healthy habits and improve their overall health.

Getting Involved

The Benefit Options disease management programs offered through each medical Network identify and reach out through phone calls and/or mail to members who may need help managing their health conditions.

The medical Networks work with the Benefit Options plan to provide this additional service. Participation is optional, private, and tailored to your specific needs. Also, members of the Benefit Options plan who are concerned about a health condition and would like to enroll in one of the covered programs can contact their respective medical Networks directly to self enroll.

Please refer to your medical Network’s phone number on page 19 if you or your dependent is interested.

NurseLine

A dedicated team of nurses, physicians, and/or dietitians are available 24/7 for member consultations. Members needing medical advice or who have treatment questions can call the toll-free nurseline:

Pharmacy Plan Information

MedImpact
If you elect any Benefit Options medical plan, MedImpact will be the Network you use for pharmacy benefits. Enrollment is automatic when you enroll in the medical plan.

MedImpact currently services 50 million members nationwide, providing leading prescription drug clinical services, benefit design, and claims processing since 1989 through a comprehensive Network of pharmacies.

ID Card
You will not receive a pharmacy ID card. The MedImpact Customer Care information can be found on the back of the ID card provided by your medical network.

How it Works
All prescriptions must be filled at a Network pharmacy by presenting your medical card. You can also fill your prescription through the mail order service. The cost of prescriptions filled out-of-Network will not be reimbursed.

No international pharmacy services are covered. Be sure to order your prescriptions prior to your trip and take your prescriptions with you.

The MedImpact plan has a three-tier formulary described in the chart on page 23. The copays listed in the chart are for a 31-day supply of medication bought at a retail pharmacy.

Formulary
The formulary is the list of medications chosen by a committee of doctors and pharmacists to help you maximize the value of your prescription benefit. These generic and brand name medications are available at a lower cost. The use of non-preferred medications will result in a higher copay. Changes to the formulary can occur during the plan year. Medications that no longer offer the best therapeutic value for the plan are deleted from the formulary. Ask your pharmacist to verify the current copay amount at the time your prescription is filled.

To see what medications are on the formulary, go to benefitoptions.az.gov or contact the MedImpact Customer Care Center and ask to have a copy sent to you. Sharing this information with your doctor helps ensure you are getting the best value, which saves money for you and your plan.

Finding a Pharmacy
To find a pharmacy refer to benefitoptions.az.gov. See online features for more information.

The MedImpact Customer Care Center is available 24 hours a day, 7 days a week. The toll free telephone number is 1.888.648.6769.

Pharmacy Mail Order Service
A convenient and less expensive mail order service is available for employees who require medications for on-going health conditions or who will be in an area with no participating retail pharmacies for an extended period of time.

Here are a few guidelines for using the mail order service:
- Submit a 90-day written prescription from your physician.
- Request up to a 90-day supply of medication for two copays (offer available to HSA members only when copays apply).
- Payments can be made by check or credit card: Visa, MasterCard, American Express, or Discover.
- Register your e-mail address to receive information on your orders.
- Order refills online at walgreens.com or via phone at 1.866.304.2846. Have your insurance card ready when you call!
**Pharmacy Plan Information**

**Choice90**
With this program, employees who require medications for an on-going health condition can obtain a 90-day supply of medication at a local retail pharmacy for **two and a half copays**. For more information, contact MedImpact Customer Care Center at 1.888.648.6769.

**Medication Prior Authorization**
Prescriptions for certain medications may require clinical approval before they can be filled, even with a valid prescription. These prescriptions may be limited to quantity, frequency, dosage or may have age restrictions. The authorization process may be initiated by you, your local pharmacy, or your physician by calling MedImpact at 1.888.648.6769.

**Step Therapy Program**
Step Therapy is a program which promotes the use of safe, cost-effective and clinically appropriate medications. This program requires that members try a generic alternative medication that is safe and equally effective before a brand name medication is covered. For a complete list of drugs under this program, please refer to the formulary at benefitoptions.az.gov.

**Specialty Pharmacy Program**
Certain medications used for treating chronic or complex health conditions are handled through the Walgreens Specialty Pharmacy Program. This program assists you with monitoring your medication needs and also provides patient education.

The program includes monitoring of specific injection drugs and other therapies requiring complex administration methods and special storage, handling, and delivery.

Specialty medications are limited to a 31-day supply and may be obtained only at a Walgreens retail pharmacy or through the Walgreens Specialty Central Fill facility by calling 1.888.782.8443.

A Specialty Care Representative may contact you to facilitate your enrollment in the Specialty Pharmacy Program. You may also enroll directly into the program by calling 1.888.782.8443.

**Limited Prescription Drug Coverage**
Prescription drug coverage will generally be limited to medications that do not have an equally effective over-the-counter substitute.

**Non-Covered Drugs**
Certain medications are not covered as part of the Benefit Options Plan. If you find such a drug has been prescribed for you, discuss an alternative treatment with your doctor.

**Extended Vacation or Working Abroad**
Whether you go to a retail pharmacy or use mail order for your prescriptions, you will need to notify MedImpact in writing of why you are requesting an additional supply of medication, the date when you are leaving, and how long you plan to be gone. MedImpact will be able to authorize a VACATION OVERRIDE allowing you to have the extra medication you will need provided you have the appropriate number of refills remaining.

Order refills at least two weeks in advance of your departure. If there is a problem, such as, **not enough refills**, you will have enough time to phone your physician. If you are using Mail Order, contact MedImpact at least three weeks in advance.

Copays will be the same as you would normally pay times the number of refills you need.

If you are already out of town and need a prescription call MedImpact. Tell the representative you are out of town and need to find a participating pharmacy in the area where...

you are located. You will need the zip code where you are visiting. In most cases you will have several choices.

If your medication is lost, stolen, or damaged, replacement medication is not covered.

The Hartford
The Hartford is the Benefit Options vendor for Life Insurance. The Hartford is one of the largest insurance companies and serves millions of customers worldwide with over 200 years in business.

Basic Life Insurance and AD&D
You are automatically covered for $15,000 of basic life insurance provided by the State at no cost to you. Non-smokers will receive an additional $1,000; eligibility is determined at the point of claim.

The State also pays for $15,000 of AD&D insurance coverage. A $15,000 Seat Belt Benefit may also be payable if you die in an automobile accident and are wearing a seat belt. You are automatically covered in these three programs if benefit eligible.

Supplemental Life Insurance
Supplemental coverage is available in increments of $5,000 if you would like additional insurance beyond the $15,000 that the State already provides to you. Your cost for supplemental life and AD&D insurance is based on your age as of January 1st (the first day of the plan year). Premiums for supplemental life coverage above $35,000 are paid on an after-tax basis.

You may elect to increase or decrease your supplemental life and AD&D coverage only during Open Enrollment.

You may increase coverage in increments of $5,000 up to $20,000 not to exceed the maximum benefit of $500,000 or three times your annual salary, whichever is less. You can also decrease your coverage in increments of $5,000 or cancel coverage.

Your employee supplemental AD&D coverage amount is the same as the supplemental life amount that you elect.

In the event of your death, employee life and AD&D benefits are paid to your designated beneficiary. It is important to keep your beneficiary information current. If you choose more than one beneficiary, you can specify the amount paid or a percent paid to each beneficiary. You may change your beneficiary online during enrollment.

Remember: adding a beneficiary does not automatically delete a previously-designated beneficiary. If you wish to change a previously designated beneficiary, you must actively do so while enrolling or as needed throughout the year. Changes can be made on the Y.E.S. website.

Dependent Life Insurance
You may purchase life insurance coverage for your dependents in the amount of $2,000, $4,000, $6,000, $10,000, $12,000, $15,000, or $50,000. You do not have to elect any supplemental coverage with The Hartford for yourself in order to choose this dependent plan for up to $15,000. For the $50,000 coverage, you must have a combined basic and supplemental coverage of at least $50,000. Each person will be covered for the amount you choose for a small employee premium. In the event of a claim, you are automatically the beneficiary.

Life Insurance Waiver of Premium
The Hartford provides a Waiver of Premium provision under the Life Insurance provided to eligible State of Arizona employees. Waiver of Premium is a provision which allows insured employees to continue the employee’s and the employee’s dependent’s Life Insurance coverage without paying a premium if the employee:

- becomes disabled (as defined in the Life Insurance Policy) prior to age 65 and provides proof within one year,
Life Insurance

- remains disabled for at least six consecutive months (elimination period). Premium payment is required during the elimination period.

Coverage continues while the employee remains disabled for the duration specified in the contract even if the Group Life Policy terminates. Any dependent coverage will terminate if the Group Life Policy terminates.

**What does disabled mean?**
Disabled means you are prevented by injury or sickness from doing any work for which you are, or could become qualified by:
- education;
- training; or
- experience.

In addition, you will be considered disabled if you have been diagnosed with a life expectancy of 12 months or less.

The Hartford makes the determination of disability to qualify for Waiver of Premium for your Life Insurance.

**Filing a Life Insurance Waiver of Premium Claim**
If you are enrolled in The Hartford Long-Term Disability (LTD) plan, a Waiver of Premium will be automatically considered and no claim filing will be required. **Approval for LTD does not automatically approve Waiver of Premium for Life Insurance.**

If you are not enrolled in The Hartford Long-Term Disability (LTD) plan because you are an Arizona State Retirement System (ASRS) participant, and you expect to be out for longer than 90 days from the date of illness or injury, it is necessary for you to initiate review for Waiver of Premium. Call The Hartford at 1.866.712.3443, 7am to 6pm, Monday through Friday.

Note: This summary is an overview of the Waiver of Premium provision under the State of Arizona Life Insurance policy with The Hartford. It is provided for illustrative purposes only and is not a contract. In the event of any difference between the summary and the Insurance certificate-booklet, the terms of the Insurance certificate-booklet apply.

You can learn more by visiting groupbenefits.thehartford.com/arizona/ or calling 1.866.712.3443.

**UNIVERSITY FACULTY AND STAFF: To assist you in making an informed decision, please refer to your Human Resources website to compare both the state-sponsored and university-sponsored plans.**
The Hartford
The Hartford is the Benefit Options vendor for Short-Term Disability (STD).

How STD Works
If you elect Short-Term Disability (STD) insurance and The Hartford determines you are unable to work due to illness, pregnancy, or a non-work-related injury, you may receive a weekly benefit for up to 26 weeks for an injury, 22 or 18 weeks for illness. The STD benefits will pay up to 66-2/3% of your pre-disability earnings during your disability. The weekly minimum benefit is $57.69; the weekly maximum benefit is $769.27. There are no pre-existing conditions or limitations. You must meet the actively-at-work provision.

Offsets to Paid Benefits
Paid benefits will be offset after the benefit elimination period is exhausted by any sick, annual and donated leave paid to you.

If The Hartford has determined an overpayment has been paid, The Hartford has the right to recover any amount from you. You have the obligation to refund The Hartford any such amount. Contact your agency regarding the requirements for using sick and annual time when on a leave of absence.

Coverage Effective Dates
If you previously waived STD coverage and enroll during Open Enrollment, your insurance becomes effective on January 1, 2016.

Benefit Effective Dates/Waiting Periods
Your benefits will start on your first day of disability due to non work-related injury or the 31st day of disability due to illness or pregnancy, if coverage was elected during your initial new hire/eligibility enrollment period. If you elect coverage after your initial new hire/eligibility enrollment period and become disabled during the first 12 months of being covered under the plan, your benefits will start on the 61st day of disability due to illness or pregnancy.

Disabled and Working Benefits
The Hartford STD program allows you to return to work and receive up to 100% of your pre-disability earnings between the STD benefit and your current weekly earnings.

Weekly Benefit Calculation under the Disabled and Working Formula
\[
\frac{(A - B) \times C}{A}
\]

A = weekly pre-disability earnings (what the STD plan benefit is based on).
B = your current weekly earnings (earnings while disabled).
C = the weekly STD benefit payable if a claimant were totally disabled.

To learn how your benefits are calculated for this program, see the following example:

Assume an employee is covered by the STD plan. The employee's covered earnings (base earnings) are $1,000 a week. The employee wants to return to work part-time and is able to do so on a reduced schedule.

A = $1,000; this is what the employee was making weekly prior to being disabled.
Assume B = $300; this is what the employee is making now on a part-time basis, reduced schedule, while still being considered disabled.
C = $667; this is the STD benefit the employee would receive if the employee was not working at all ($1,000 x the STD benefit percentage of 66 2/3%).

The Benefit the employee will receive under the Disabled and Working formula is:

\[
\frac{($1,000 - $300) \times \$667}{\$1,000} = \$467
\]

Filing a claim is as simple as visiting groupbenefits.thehartford.com/arizona/ or calling 1.866.712.3443.

UNIVERSITY FACULTY AND STAFF: To assist you in making an informed decision, please refer to your Human Resources website to compare both the state-sponsored and university-sponsored plans.
Long-Term Disability

As a benefits-eligible employee, you are automatically enrolled in one of the State’s two Long-Term Disability (LTD) programs (participation is mandatory). The retirement system to which you contribute determines the LTD program available to you. Refer to the list below for the name of your LTD program:

**Arizona State Retirement System (ASRS) Participants**

BeWell Benefit

Benefit Options Wellness is committed to helping employees and their dependents be well today and stay well for life. The BeWell Benefit is one of the most important benefits available to our health plan members. Programs and services are designed to enhance the overall health and quality of life for State of Arizona employees.

Wellness provides free or low-cost educational programming, health screenings, immunizations, interactive web tools, and health improvement services to help both employees and the State of Arizona save money on escalating healthcare costs.

BeWell Programs and Services
The Health Impact Program (HIP) is a Wellness enhancement to the total Benefit Options Plan. HIP is an incentive based employee wellness program for all benefits eligible State of Arizona employees. Through the completion of designated activities, employees will earn points and have the possibility to receive up to $200 upon successful completion of the program. HIP is designed to promote and encourage prevention as the first line of defense against chronic disease through engagement in a variety of preventive health activities and screenings.

Program participation will begin through registration on the Mayo Clinic Healthy Living online portal. This confidential, personalized system will grant employees access to the Mayo Clinic Health Assessment, health information and resources, telephonic health coaching and also serve as the tool for self-reporting all other HIP approved activities. Accommodations will be made available to support employees with access issues. Beginning in January 2016 you may register on the Mayo Clinic Healthy Living online portal at bewellstaywell.az.gov. Look for more program details and guidelines in January, by visiting benefitoptions.az.gov/wellness.

Mini-Health Preventive Screenings
The worksite mini-health screening focuses on prevention and early detection of heart disease and diabetes. Tests included in this screening are the full lipid panel, blood pressure, body composition, and blood glucose measures. Our vendor also offers optional screens such as osteoporosis, facial skin analysis, or a Prostate Specific Antigen (PSA).

Mobile Onsite Mammography (MOM)
To fight cancer through early detection, mammograms are offered at work sites across Arizona. For convenience, employees’ results are sent directly to their physician and appointments only last 15 minutes.

Prostate Onsite Project (POP)
Early detection is the best defense against prostate cancer. Wellness contracts with POP to provide free, convenient prostate cancer screenings at the worksite with a mobile medical unit. The doctor on board performs a PSA blood test, digital rectal exam (DRE), testicular exam, and a doctor consultation.

Flexible Spending Accounts

Employees have the option to open Medical and/or Dependent Care (child care) Flexible Spending Accounts (FSAs) administered by ASI.

The FSAs allow you to pay eligible out-of-pocket medical and dependent care expenses with pre-tax dollars, reducing your taxable wages and, therefore, decreasing your taxes.

It is important to set aside only as much money in your FSA as you intend to use each plan year. Any monies not claimed by the employee within the specified period will be forfeited in accordance with the IRS Regulations.

You specify the annual dollar amount of your earnings to be deposited to each account. This amount is deducted in 26 equal payments, one each pay period.

At your request, your FSA reimbursement may be deposited into your checking or savings account by enrolling in direct deposit. To obtain an application, visit the ASI website at asiflex.com. A description of each type of account is provided below.

Medical FSA
This account allows you to set aside pre-tax dollars to pay for copays, coinsurance, deductibles, some prescriptions and over-the-counter supplies and other expenses.

Please note that you are required to submit a prescription for over-the-counter medications in order for these expenses to be eligible for reimbursement through your Medical FSA.

Dependent Care FSA
A dependent care FSA can be used to pay for out-of-pocket child care expenses for children under the age of 13. Also, you can use the account to pay for care for older dependents that live with you at least eight hours each day and require assistance with daily living.

Note: Dependent medical and/or other expenses should be submitted through the medical FSA not the dependent care FSA. IRS regulations may require your contribution be reduced by ADOA as a result of IRS non-discrimination testing requirements.

There are additional IRS rules that apply to your dependent care FSA contributions. You may be eligible to claim the dependent care tax credit on your federal income tax return. Consult a tax advisor to determine if participating in this program or taking the dependent care tax credit gives you the greater advantage.

Before you incur an expense, determine if it is eligible for reimbursement on the ASI website, asiflex.com.

UNIVERSITY FACULTY AND STAFF: Please refer to your Human Resources website for the Flexible Spending Account options available to you.

File a Claim
You will need to fill out your claim form and attach copies of invoices for services you received.

You may file claims as soon as you incur charges and services have been provided.
Flexible Spending Accounts

Submitting a Claim Form
You can:
- Fax your claim and documentation, toll-free to ASI at 1.877.879.9038
- Mail the claim form and documentation to the location indicated on the claim form, or
- Submit your claims online at asiflex.com. You need your ASI-assigned PIN, along with your State of Arizona employee Identification number (EIN), if you have not previously set up a user name and password. All documentation must be scanned into a PDF format.
- File a claim using the ASIFlex mobile app on your smart phone or tablet.

Reimbursement
Your reimbursement can be by direct deposit or check. An email notification of your reimbursement will be sent to you if you elect direct deposit.

Claims are processed within two business days of receipt. However, processing time will depend upon the volume of the claims received.

If you wish to start direct deposit after the Open Enrollment period, you will need to do so through ASI. The direct deposit request form is available at asiflex.com.

You have from January 1, 2016 through December 31, 2016 to use account funds.

All the claims for medical and dependent care expenditures must be filed with ASI prior to March 31, 2017 for reimbursement.

End of Employment
Your coverage ends at the end of the pay period of your last deduction when you leave employment.

If your employment ends prior to the end of the plan year, any expenses must be incurred prior to your termination date in order for you to receive reimbursement.

Note: Members and dependents (including spouses) enrolled in a Health Savings Account (HSA) do not qualify for a traditional Medical FSA; instead they qualify for a Limited Flexible Spending Account. The only qualifying expenses for a Limited Flexible Spending Account are dental and vision care expenses. Please see page 43 for more details.

ASIFlex Mobile App
Using your phone or tablet, the ASIFlex mobile app allows you to file claims and view your FSA account!

The claim filing feature allows you to capture documentation using the mobile device’s camera feature and submit that documentation with the claim. The mobile app also allows you to use the microphone feature on smart devices to enter claims. This means you can choose to speak, rather than type, some of the claim information. In addition to filing claims, you can view the annual election amount, account balance, payments, contributions and previously submitted claims.

The app is free and available online at asiflex.com or through Google Play™ or the Apple Store™.

### Flexible Spending Accounts

**Deciding How Much to Deposit Into Your Flexible Spending Accounts**

Estimate the amount you expect to pay during the plan year for eligible, uninsured out-of-pocket medical and/or dependent expenses. This estimated amount cannot exceed the established limits (Medical limit = $2,550; Dependent Care limit = $5,000). Be conservative in your estimates, since any money remaining in your accounts will be forfeited.

**Note:** IRS Regulations may require us to reduce your contribution.

Limited Flexible Spending Account

The Limited Flexible Spending Account (FSA) is a money-saving option available only to members who are enrolled in a Health Savings Account (HSA). You have the option to open a Limited Medical Flexible Spending Account administered by ASI.

Members including dependents enrolled in an HSA are not allowed to enroll in a traditional Medical Flexible Spending Account.

**Limited FSA Highlights**

- Allows you to set aside pre-tax dollars, reducing your taxable wages and, therefore, decreasing your taxes.
- You can specify the annual dollar amount of earnings to be deposited. This amount is deducted in 26 equal payments, one each pay period.
- At your request, your FSA reimbursement may be deposited into your checking or savings account by enrolling in Direct Deposit. To obtain an application, visit the ASI website at asiflex.com.
- Monies not claimed within the plan year will be forfeited in accordance with the IRS regulations.

**Limited Medical FSA**

The limited medical FSA works the same way as our traditional FSA with the difference that it limits what expenses are eligible for reimbursement. Dental and Vision care costs are the only reimbursable expenses covered under the limited medical FSA.

Before you incur an expense under your limited medical FSA, determine if it is eligible for reimbursement on the ASI website, asiflex.com.

**File a Claim**

You will need to fill out your claim form and attach copies of invoices for services you received.

You may file claims as soon as you incur charges and services have been provided.

**Submitting a Claim Form**

You can:

- Fax your claim and documentation, toll-free to ASI at 1.877.879.9038;
- Mail the claim form and documentation to the location indicated on the claim form, or
- Submit your claims online at my.asiflex.com. You need your ASI-assigned PIN, along with your State of Arizona employee identification number (EIN), if you have not previously set up a user name and password.
- File a claim using the ASIFlex mobile app on your smart phone or tablet.
- All documentation must be scanned into PDF format.

**Reimbursement**

Your reimbursement can be by direct deposit or check. An email notification of your reimbursement will be sent to you, if you elect direct deposit.

Claims are processed within two business days of receipt. However, processing time is

dependent upon the volume of the claims received.

If you wish to start direct deposit after the Open Enrollment period, you will need to do so through ASI. The direct deposit request form is available at asiflex.com.

You have from January 1, 2016 through December 31, 2016 to use account funds. All the claims for medical expenditures must be filed with ASI prior to March 31, 2017 for reimbursement.

End of Employment
Your coverage ends at the end of the pay period of your last deduction when you leave employment.

If your employment ends prior to the end of the plan year, any expenses must be incurred prior to your termination date in order for you to receive reimbursement.

ASIFlex Mobile App
Using a phone or tablet, the ASIFlex mobile app allows participants to file claims and view their FSA account.

The claim filing feature allows a participant to capture documentation using the mobile device's camera feature and submit that documentation with the claim. The mobile app also allows participants to use the microphone feature on smart devices to enter claims. This means participants can choose to speak, rather than type, some of the claim information. In addition to filing claims, participants can view the annual election amount, account balance, payments, contributions and previously submitted claims.

The app is free and available online at asiflex.com or through Google Play™ or the Apple Store™.

Deferred Compensation Plan
You’ve probably heard of the different types of retirement plans: 457(b), 403(b), 401(a) and Roth 457 Deferred Compensation Plans. As an Arizona state public employee, the State of Arizona Deferred Compensation Plans were created specifically for you.

What Are The Plans
The State of Arizona offers retirement plans for employees like you to set aside money from each paycheck toward retirement. These plans can help bridge the gap between what you have
in your pension and Social Security, and how much you’ll need in retirement. The available plans include:

**457(b) Traditional Deferred Compensation Plan** — tax-deferred, available to State employees.

**457(b) Roth Deferred Compensation Plan** — after-tax, available to State employees.

**401(a) Deferred Compensation Plan** — tax-deferred, and available to State employees meeting certain age requirements. This plan also has an irrevocable requirement where, once you start making contributions, you cannot stop them or change the amount of the deductions until you sever employment.

**403(b) Deferred Compensation Plan** — tax-deferred, and available to State employees who work at the Arizona Department of Education or the School for the Deaf & Blind. Not available for the University faculty and staff (please refer to your Human Resources website for more information about the University-sponsored voluntary 403(b) retirement savings program.)

**How Does It Work**

There are three simple steps to participating in a deferred compensation plan:

**Enroll in your plan** — It’s easy to participate in deferred compensation. You can enroll on-line or on paper, just visit ArizonaDC.com for either option. Contributions are automatically deducted from each paycheck and deposited to your account, so you don’t have to remember to write a check.

Use the Paycheck Impact Calculator, available at ArizonaDC.com, to see how saving pre-tax will affect your paycheck.

**Invest your money** — Once you are enrolled, you can choose from a wide variety of funds from the list of investment options available within your plan. You can also, once enrolled, use the Morningstar® Retirement Manager™ to get a personalized retirement strategy, including recommendations for your retirement income goal, savings rate and portfolio asset mix. Keep in mind, any investment involves risk and there’s no guarantee that any fund will achieve its investment objectives.

**Receive income** — Many public employees retire earlier than those in the private sector, and if that’s the case, you’ll want to invest enough to live in retirement on your terms. When investing in a 457(b) plan, distributions are available upon severance from employment, regardless of age! Before you begin taking payments, review our Retirement Checklist (available on ArizonaDC.com in our Library) to make sure you’re ready to transition from saving to spending.

**Why Should I Participate?**
The State of Arizona Deferred Compensation Plans help put you in control of when, where and how much you invest. And that’s just the beginning—here are four more reasons why it’s smart to participate in your deferred compensation plan:

**You can start anytime** — Your deferred compensation plans will work for you whether you’re approaching retirement or just getting started.

**Every little bit helps** — Even investing a small amount of money can really add up over time. And if you increase your contributions on a regular basis, the overall impact to your paycheck may not seem too painful.

Consider putting raises or bonuses into deferred compensation — it’s an easy way to invest a little more.
Other Benefit Programs

This plan is made for you – Unlike other retirement plans, a 457(b) deferred compensation plan takes into account that you may retire sooner than workers in the private sector. Generally, you don’t have to worry about paying a penalty for retiring early or beginning to take income from the plan before age 59½ (unlike 401(k) plans). Withdrawals are taxable income to you in the year the payments are made.

You will get On Your Side service – Nationwide is ready and willing to answer your questions. They have been helping public sector employees save for retirement for more than 30 years and their local Retirement Specialists have helped educate thousands of employees about investing through their retirement plans. Feel free to call today — they do not charge a fee to work with a Retirement Specialist.
