HISTORY

The University of Tennessee at Martin provides high-quality undergraduate and graduate educational programs through its main campus in Martin, four West Tennessee centers and UT Online, the University of Tennessee's provider for online courses. Founded in 1900 as Hall-Moody Institute, today's UT Martin is a primary campus in the University of Tennessee System and is committed as a comprehensive public University to preparing students for success in the global economy.

The University offers nearly 100 different program areas involving undergraduate and graduate levels of study. UT Martin places great importance on achieving accreditation for eligible academic programs from their appropriate governing bodies.

The main campus includes 48 academic and support buildings, and continued facilities improvements are designed to benefit current and future generations of students. UT Martin's investment in its faculty and instructional technology is helping prepare graduates to meet the challenges in an international economy. The state-of-the-art Instructional Technology Center, located in the Paul Meek Library, brings instructional technology capacity to all University faculty members. A campus wireless network is available in all academic buildings and University housing, the Meek Library, the Boling University Center and the Hall-Moody Administration Building.

Outside the classroom, UT Martin students have multiple opportunities for involvement in the University community. More than 150 organizations are available for students to join including academic clubs, honor societies, service groups, student government, fraternities and sororities, and special student associations. The Office of Campus Recreation offers many on- and off-campus
recreational opportunities, while the University’s Department of Visual and Theatre Arts offers ongoing cultural events to the region.

The University competes in NCAA Division I in both men’s and women’s athletics and is a member of the Ohio Valley Conference. The UT Martin rodeo team, the only collegiate rodeo team in Tennessee, is a member of the National Intercollegiate Rodeo Association.

UT Martin is listed in the top tier for southern master’s institutions in the 2014 edition of America’s Best Colleges compiled by U.S. News & World Report. Also, The Princeton Review lists UT Martin as one of 138 schools to receive a 2012 “Best in the Southeast” designation, and UT Martin is listed among America’s 100 Best College Buys, a listing compiled by Institutional Research & Evaluation, Inc.

INTRODUCTION

Students at the University of Tennessee at Martin are members of both the University community and the larger community of which the University is a part. Accordingly, students are responsible for conducting themselves in a lawful manner and in compliance with University rules and policies. The University has established the following rules in order to advance the mission of the University by maintaining a safe and secure learning environment; protecting the rights and privileges of all members of the University community; providing a basis for orderly conduct of the affairs of the University; promoting a positive relationship between the University and its surrounding community; preserving institutional integrity and property; encouraging students to engage in conduct that brings credit to themselves and the University; and ensuring that each student who matriculates at the University graduates ready to contribute to society as an ethical and law-abiding citizen.

The University is committed to respecting students’ constitutional rights. Nothing in this chapter is intended or shall be interpreted to restrict students’ constitutional rights, including, but not limited to, rights of freedom of speech and assembly.

Students are responsible for being fully acquainted and for complying with the University catalog, handbook, and other rules and policies relating to students. Failure or refusal to comply with the rules and policies established by the University may subject a student to disciplinary action up to and including permanent dismissal from the University.
DEFINITIONS

The term “University” means the University of Tennessee at Martin.

The term “student” means a person admitted, enrolled or registered for study at the University of Tennessee, either full-time or part-time, pursuing undergraduate, graduate, or professional studies, as well as non-degree students. Persons not officially registered or enrolled for a particular term but who have a continuing relationship with the University also are considered students for purposes of these rules.

The term “student organization” means an organization that is composed solely of University students that has submitted a pending application or has completed the process for registration according to University rules.

The term “University-controlled property” means all land, buildings, facilities, grounds, structures, or any other property owned, leased, used, maintained, or operated by the University. For purposes of this rule, University-controlled property includes all streets, alleys, sidewalks, and public ways abutting such property. University-controlled property also includes computers and network systems owned, maintained, or controlled by the University or funded by the University.

The term “University-affiliated activity” means any activity on or off University-controlled property that is initiated, aided, authorized, sponsored, or supervised by the University.

The term “University official” means an employee of the University, including faculty members and staff, or for purposes of this rule a University-recognized volunteer. Student employees may be considered University officials when acting in the performance of their duties (e.g., event staff, resident assistants, and teaching assistants).

The term “member of the University community” means any person who is a student, University official, campus visitor, or participant in a University-sponsored or University-affiliated activity.

The term “possession” means actual knowledge of a substance or property and/or being in such close proximity to the substance or property that it is a reasonable presumption that one had knowledge of the substance or property.

The term “weapon” means any device, instrument, or substance that is designed to, or reasonably could be expected to, inflict a wound, incapacitate, or cause serious bodily injury or death, including, but not limited to, firearms (loaded and unloaded, real and replica), ammunition, electronic control devices (such as Tasers and stun guns), devices designed to discharge an object (such as bb guns, air guns, pellet guns, potato guns, and slingshots), explosives, dangerous chemicals (such as mace, tear gas, and oleoresin capsicum), martial arts weapons, bows and arrows, artificial knuckles, nightsticks, blackjacks, dirks, daggers, swords, and knives with fixed blades
longer than three (3) inches. The term “weapon” does not include chemical repellents available over-the-counter for self-defense; instruments used solely for personal hygiene, preparation of food, maintenance, University-related instruction, or University employment-related duties.

The term “notice” means notice given in writing delivered by regular mail, courier service, or hand delivery to the address the University has on file for the student or student organization, or by e-mail to the student’s or student organization’s University-provided e-mail account.

**JURISDICTION**

The Standards of Conduct apply to conduct that occurs on University-controlled property.

The University also has the discretion to discipline a student for an act in violation of the Standards of Conduct that occurs off University-controlled property if the conduct adversely affects the interests of the University, including, but not limited to, conduct which:

- Occurs in connection with a University-affiliated activity, including, but not limited to, an overseas study program or a clinical, field, internship, or in-service experience;
- Involves another member of the University community; or
- Threatens, or indicates that the student may pose a threat to, the health or safety of him/herself or others or the security of any person’s property, including, but not limited to, alcohol-related offenses, drug-related offenses, arson, battery, fraud, hazing, participation in group violence, rape, sexual assault or misconduct, stalking, and theft.

The Standards of Conduct have been adopted in furtherance of the University's interests and serve to supplement, rather than substitute for, the enforcement of the civil and criminal law. Accordingly, University disciplinary action may be instituted against a student charged with conduct that potentially violates both the criminal law and the Standards of Conduct without regard to the pendency of criminal charges or civil litigation. At the discretion of the Vice Chancellor for Student Affairs, or his/her designee, disciplinary action relating to a violation of the Standards of Conduct may be carried out prior to, simultaneously with, or following criminal proceedings. Students accused of violating the Standards of Conduct may not challenge the University disciplinary proceedings on the grounds that criminal charges, civil litigation, or other University proceedings regarding the same incident are pending or have been terminated, dismissed, reduced, or not yet adjudicated.

Each student shall be responsible for his/her conduct from the time of application for admission through the actual awarding of a degree, even though conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of actual enrollment (and even if conduct is not discovered by the University until after a degree is
awarded). Should a student withdraw from the University with disciplinary charges pending, the
student’s academic record and/or ability to register for classes may be encumbered by the
appropriate University office.

Graduate or professional programs within the University may initiate charges against students for
alleged violations of professional standards or ethics as a separate issue or as an extension of
alleged acts of academic dishonesty or other violations of the Standards of Conduct.

**STUDENT RIGHTS**

**Access**

Within the limits of its facilities and resources, The University of Tennessee at Martin is open to
all students who are qualified by its admission standards.

**Participation in Policy Making**

Students may participate in the orderly process of formulating and changing policies, regulations,
and procedures that affect their welfare. It is expected that such participation will occur through
appropriate student government agencies and University committees.

**Fair Evaluation of Performance**

Students may expect their academic performance to be evaluated only on an academic basis and
may expect their teachers to make clear the basis for the evaluation used in their classes. They
should feel free to take reasoned exceptions to opinions or views expressed by any instructor, but
they are responsible for learning the content of any course of study for which they are enrolled and
may expect to be tested on it.

A student alleging unfair methods or bases of evaluation should appeal first to the teacher, then if
desired to the department head, the dean of the school, and the Provost/Vice Chancellor for
Academic Affairs.

Alternatively, the matter may be reported to the Vice Chancellor for Student Affairs for
consultation.

**Fair Disciplinary Hearing**

Students have the right to a fair hearing and an opportunity for appeal when charged with
violations of the standards of conduct that have been established for University students.
Freedom from Unwarranted Search

Entry by University authorities into occupied rooms in residence halls or University apartments will be divided into two categories: inspection and search. “Inspection” is defined as entry into a room to ascertain health and safety conditions, to make repairs, or to perform cleaning and janitorial operations. “Search” is defined as entry into a room by campus authorities for the purpose of investigating suspected violation of campus regulations and/or local, state, or federal laws.

On-campus authorities will not enter a room for purposes of search without the permission of the resident unless they have a campus authorization to search, authorized by the Vice Chancellor for Student Affairs or his designee which specifies the reasons for the search and the objects or information sought or unless they enter in compliance with state law. If possible, the student should be present during the search. Normally these searches will not be made unless the Vice Chancellor for Student Affairs or his designee is present.

In case the search reveals objects the possession of which violates a law or a University regulation, the University may take appropriate disciplinary action even though the objects were not listed on the search authorization.

Freedom from Abuse or Harassment during an Interrogation

No form of intimidation will be used by University authorities to coerce admissions of guilt.

Freedom of Assembly

Students have the right to gather in groups to express their views and opinions, so long as such a gathering is held in an orderly manner; does not interfere with vehicular or pedestrian traffic, classes, meetings, events, ceremonies, or other educational processes of the University; and is not held in University buildings other than an area approved by the Division of Student Affairs or in residential areas of the campus. No amplification devices are permitted during class hours except by special permission from the Division of Student Affairs.

Freedom of Inquiry and Expression

Students have the right to engage in discussions and speak freely on any subject in accord with guarantees of the state and national constitutions. As citizens, they are obliged to inform themselves regarding issues and problems of the day, to formulate stands regarding these, and to give expression to their view. In discharging these rights and obligations, students should also recognize their responsibilities to other members of the academic community and to the University.

The University of Tennessee at Martin takes pride in the fact that its campus is open to free discussion and examination of views with the condition that such discussion be conducted in an
orderly manner and under peaceful conditions consistent with the scholarly nature of an academic community. Speakers who are not related to the University may be invited to the campus by University department and registered student organizations.

Faculty / Student Relationship

Every faculty member has the responsibility to discharge his/her duties in a fair and conscientious manner in accordance with standards generally recognized within the academic community. As a minimum, these standards include:

1. Meeting his /her class commitments when scheduled and, if possible, inform students in advance if he/she must be absent;
2. Utilizing a portion of the first or second class period to discuss plans for the course. This presentation should include: a general outline of the course as to content or topics to be studied; a description of the kinds of learning activities expected; guidelines for the type and expected amount of course work; a description of the means for evaluating student performance; and an explanation of expectations regarding Academic Integrity;
3. Encouraging acceptable academic conduct by all members of the academic community at all times;
4. Informing classes, in advance of any evaluation, of the permissible materials or references allowed during evaluation;
5. Taking thorough precautions against student cheating on examinations or other required class work;
6. Basing all academic evaluations upon professional judgment, avoiding consideration of factors such as race, color, religion, sex, national origin, handicap, political or cultural affiliation, life style, or activities or behavior outside the classroom unrelated to academic achievement;
7. Performing grading duties in a timely manner and encouraging consultation with students concerning any grade they feel to be incorrect;
8. Being available at reasonable times for appointments with students and using care to keep such appointments;
9. Respecting the confidentiality of student information contained in University records and refraining from releasing such information, except in connection with intra-University business or with student consent or as may be required by law;
10. Avoiding the exploitation of his/her professional relationship with students for private advantage, and refraining from soliciting the assistance of students for private purposes in a manner which infringes upon such student’s freedom of choice;
11. Giving appropriate recognition to contributions made by students to research and publication;
12. Refraining from any activity which involves risk to the health, safety, and welfare of a student except with the student’s informed consent and, where applicable, in accordance with University policy relating to the use of human subjects in experimentation;
13. Respecting the dignity of students individually and collectively in the classroom and other academic contexts;
14. Exercising flexibility in course requirements to allow students to make up work for which legitimate excuses can be presented and when the student has taken proper steps to inform the instructor.

The above responsibilities of University faculty should not be considered inflexible or inclusive, but rather as general guides. Each faculty member should become familiar with the standards of professional conduct expected of him/her through observation of and consultation with colleagues within the University community and his/her particular discipline. Every faculty member has the responsibility to discharge his/her duties in a fair and conscientious manner in accordance with standards.

**STUDENT RESPONSIBILITIES**

When persons enroll in The University of Tennessee at Martin, they retain the rights and duties of a citizen. Additionally, they must assume the duties and observe the regulations imposed by the University community.

Failure or refusal to comply with the rules and policies established by the University may subject the offender to disciplinary action up to and including permanent dismissal from the University.

The University requires (2) two requisites in order for students to retain compliance for continued enrollment. These requirements are both good academic and disciplinary standings.

The policies and procedures described below have been established to insure the rights and privileges of all members of the University community, to communicate the expectations of the community to its members, and to provide a basis for orderly conduct of the University.

It is therefore acknowledged that all students are subject to be held accountable for their knowledge of, participation in, or being in the presence of alleged misconduct whether on or off campus while actively enrolled at the University.

**Honor Code**

We the students of the University of Tennessee Martin are given and fully committed to the concepts and ideas that govern academic integrity. We trust that within these principles we shall find the fundamentals necessary for personal and academic excellence.
Standards of Conduct

A student or student organization may be disciplined for the following types of misconduct:

1. Cheating, plagiarism, or any other act of academic dishonesty.
2. Providing false information to a University official.
3. Falsifying, distorting, misrepresenting, or withholding information in connection with a University investigation or hearing.
4. Forging, altering, destroying, falsifying, or misusing records, identification, or documents, whether in print or electronic form.
5. Causing physical harm to any person (including oneself); endangering the health or safety of any person (including oneself); engaging in conduct that causes a reasonable person to fear harm to his/her health or safety; or making an oral or written statement (including electronically) that an objectively reasonable person hearing or reading the statement would interpret as a serious expression of an intent to commit an act of unlawful violence to a particular individual or group of individuals, although the speaker need not mean to carry out the act of unlawful violence in order to constitute a violation of this rule.
6. Harassment, which is defined as unwelcome conduct that is so severe or pervasive, and objectively offensive, that it substantially interferes with the ability of a person to work, learn, live, or participate in or benefit from the services, activities, or privileges provided by the University. In no event shall this rule be construed to discipline a student for speech protected by the First Amendment to the United States Constitution (e.g., mere insulting or offensive speech).
7. Sexual assault or misconduct. “Sexual assault” is defined as any sexual act or attempt to engage in any sexual act with another person without the consent of the other person, or in circumstances in which the person is unable to give consent due to age, disability, or an alcohol/chemical or other impairment. “Sexual misconduct” is defined as any intimate touching of another person, or forcing a person to engage in intimate touching of another, without the consent of the other person, or in circumstances in which the person is unable to give consent due to age, disability, or an alcohol/chemical or other impairment. It is the responsibility of the person initiating sexual activity to ensure the other person is capable of consenting to that activity. Consent is given by an affirmative verbal response or acts that are unmistakable in their meaning. Consent to one form of sexual activity does not mean consent is given to another type of sexual activity.
8. Invasion of another person’s privacy when that person has a reasonable expectation of privacy, including, but not limited to, using electronic or other means to make a video or photographic record of any person in a location in which the person has a reasonable expectation of privacy, without the person’s knowledge or consent. 10. Vandalizing, destroying, damaging, engaging in conduct that reasonably could cause
damage to, or misusing private or public property, including but not limited to University-
controlled property.

11. Participating in hazing. "Hazing" is defined as any intentional or reckless act, on or off
University-controlled property, by one (1) student, acting alone or with others, which is
directed against any other student, which endangers the mental or physical health or safety
of that student, or which induces or coerces a student to endanger his or her mental or
physical health or safety. “Hazing” does not include customary athletic events or similar
contests or competitions and is limited to those actions taken and situations created in
connection with initiation into or affiliation with any organization.

12. Engaging in disorderly, lewd, indecent, or obscene conduct. “Disorderly” conduct means
fighting or other physically violent or threatening conduct; creating a hazardous or
physically offensive condition by any act that serves no legitimate purpose; making noise
that could unreasonably disturb others who are carrying on lawful activities; or conduct
that breaches the peace. “Lewd, indecent, or obscene” conduct includes, but is not limited
to, public exposure of one’s sexual organs, public urinating, and public sexual acts.

20. Providing an alcoholic beverage to a person younger than twenty-one (21) years of age, unless permitted by law.

21. Using, manufacturing, possessing, distributing, selling, dispensing, or being under the influence of drugs or drug paraphernalia, if prohibited by federal, state, or local law; using or possessing a prescription drug if the prescription was not issued to the student; or distributing or selling a prescription drug to a person to whom the prescription was not originally issued.

In no event shall this rule be construed to discipline a student for speech protected by the First Amendment to the United States Constitution.

27. Violating a University policy or rule, including but not limited to University policies or rules relating to facilities use, smoking, the acceptable use of information technology resources, research or service misconduct, finder’s fees relating to clinical investigations involving human subjects or access to University data or materials, University libraries, dining services, parking or transportation, University identification card use, sexual harassment, residence halls, and registered student organizations.

28. Committing an act that is prohibited by local, state, or federal law.

29. Attempting to commit a violation of a Standard of Conduct or being an accessory to the commission of an act or attempted act in violation of a Standard of Conduct.
Academic Dishonesty

The University of Tennessee at Martin has chosen as its primary objective quality undergraduate education. Commitment to this objective must include an obligation by all members of the University community to promote and protect the highest standards of integrity in study, research, instruction and evaluation. Dishonesty or unethical behavior does not belong at an institution dedicated to the promotion of knowledge and learning. Integrity of the academic process requires fair and impartial evaluation by faculty and honest academic conduct by students. A student may be found to have violated this obligation if he/she:

1. Refers during an academic evaluation to materials, sources, or devices not authorized by the instructor;
2. Provides assistance during an academic evaluation or assignment to another person in a manner not authorized by the instructor;
3. Receives assistance during an academic evaluation or assignment from another person in a manner not authorized by the instructor;
4. Possesses, buys, sells, obtains, or uses a copy of any materials intended to be used as an instrument of academic evaluation in advance of its administration;
5. Acts as a substitute for another person in any academic evaluation or assignment;
6. Utilizes another person as a substitute for him/herself in any academic evaluation or assignment;
7. Practices any form of deceit in an academic evaluation or assignment;
8. Depends on the aid of others, in a manner expressly prohibited by the instructor, in the research, preparation, creation, writing, performing, or publication of work to be submitted for academic credit or evaluation;
9. Provides aid to another person, knowing such aid is expressly prohibited by the instructor, in the research, preparation, creation, writing, performing, or publication of work to be submitted for academic credit or evaluation;
10. Indulges in plagiarism by presenting as one’s own, for academic evaluation or assignment, the ideas, representations, or works of another person or persons without customary and proper acknowledgment of sources;
11. Submits the work of another person in a manner that represents the work to be one’s own;
12. Knowingly permits one’s work to be submitted by another person without the instructor’s authorization;
13. Attempts deceitfully to influence or change one’s academic evaluation or record; or
14. Indulges in conduct that is so disruptive as to infringe upon the rights of an instructor or fellow students during a class or examination session.
PENALTIES

Disciplinary penalties are primarily intended to educate students and student organizations about appropriate behavior, encourage students and student organizations to take responsibility for misconduct, promote the personal and professional development of students, and discourage other students and student organizations from violating the Standards of Conduct, and protect members of the University community. The penalties imposed should be appropriate for the particular case based on the gravity of the offense (including without limitation how the violation affected or reasonably could have affected other members of the University community). Consideration may also be given to the student’s or student organization’s conduct record; the student’s or student organization’s responsiveness to the conduct process; whether the student acted in self-defense, and, if so, whether the amount of force used was reasonable under the circumstances; student academic classification; and other aggravating or mitigating factors.

The following penalties may be imposed on any student found to have violated the Standards of Conduct:

1. Warning
   A warning is a notice that the student is violating or has violated the Standards of Conduct. A disciplinary warning is used for minor infractions and consists of a restatement of the Standard(s) of Conduct violated with an official warning concerning future behavior.

2. Loss of Privilege
   A loss of privilege is intended to serve as a reminder of the Standards of Conduct and is for a specific period of time. Privileges that may be lost include, but are not limited to, scholarships, stipends, participation in extracurricular activities (e.g. intramurals), housing privileges, participation in social activities, and use of certain University-controlled property (e.g., information technology resources).

3. Education
   Students may be required to attend classes, at their own expense, dealing with issues such as the consequences of alcohol or drug use, civility, ethics, or other topics as deemed appropriate by the Vice Chancellor for Student Affairs or his/her designee.

4. Restitution
   Restitution may be required in situations that involve destruction, damage, or loss of property, or unreimbursed medical expenses resulting from physical injury. Restitution may take the form of a monetary payment or appropriate service to repair or otherwise compensate for the destruction, damage, or loss.
Disciplinary Probation
Disciplinary probation permits a student to remain at the University on probationary status but with the understanding that a future violation of the Standards of Conduct may result in suspension. Conditions of probation include loss of eligibility to join a student organization and to serve as an officer in a student organization. Other conditions are specific to the individual case and may include ineligibility to participate in certain student activities. Probation may be for a definite or indefinite period.

Suspension for a Specific Period of Time
Suspension for a specific period of time means that the student is withdrawn from the University and is not eligible to apply for readmission for a designated period of time. Usually, the designated period of time does not exceed one (1) calendar year. Persons suspended from the University may not return to the campus for the duration of their suspension, except to conduct official business with an administrative officer or faculty member. Upon return to the University following a suspension for a specific period of time, the student shall be placed on indefinite disciplinary probation.

Indefinite Suspension
Indefinite suspension is imposed in cases of serious or repeated misconduct or in cases in which the prognosis for rehabilitation is uncertain. Indefinite suspension means that the student is withdrawn from the University for an unspecified period of time but typically for a minimum of one (1) calendar year from the effective date of the indefinite suspension. A student who receives the penalty of indefinite suspension is not eligible to apply for readmission until the student successfully petitions the University Council to lift the suspension. Upon return to the University following an indefinite suspension, the student shall be placed on indefinite disciplinary probation.

Permanent Dismissal
Permanent dismissal means that a student is permanently barred from matriculating as a student on the Martin campus. This penalty is used when the violation of one (1) or more Standards of Conduct is deemed so serious as to warrant total and permanent disassociation from the University community without the possibility of re-enrollment; or when, by his/her repeated violation of the Standards of Conduct, a student exhibits blatant disregard for the health and safety of other members of the University community or the University’s right to establish rules of conduct.

Revocation of Degree.
Revocation of a degree means revoking a degree already awarded to a student by the University. Revocation of a degree shall be approved by the University of Tennessee Board of Trustees.
A disciplinary hold may be placed on a student’s account until the completion of the student disciplinary process and/or until the student satisfies the terms and conditions of any penalties imposed. A student who, at the time of commencement, is subject to a continuing disciplinary penalty or an unresolved disciplinary charge shall not be awarded a degree before the conclusion of all penalties and/or resolution of all disciplinary charges.

The following penalties may be imposed on a student organization found to have violated the Standards of Conduct:

1. Warning
   A warning is a notice that the student organization is violating or has violated the Standards of Conduct. A disciplinary warning is used for minor infractions and consists of a restatement of the Standard(s) of Conduct violated with an official warning concerning future behavior.

2. Loss of Privilege
   A loss of privilege is intended to serve as a reminder of the Standards of Conduct and is for a specific period of time. Examples of privileges that may be lost include participating in extracurricular activities (e.g., intramurals), housing privileges, participating in social activities, and using certain University-controlled property.

3. Education
   Student organizations and/or their representatives may be required to attend classes, at their own expense, dealing with issues such as the consequences of alcohol or drug use, civility, ethics, or other topics as deemed appropriate by the Vice Chancellor for Student Affairs or his/her designee.

4. Restitution
   Restitution may be required in situations that involve destruction, damage, or loss of property, or unreimbursed medical expenses resulting from physical injury. Restitution may take the form of a monetary payment or appropriate service to repair or otherwise compensate for the destruction, damage, or loss.

5. Social Probation
   This penalty prohibits a student organization from sponsoring or participating in specified social activities. While on social probation, a student organization may not host social events (e.g., mixers, date parties, formals, and band parties) or participate in University-affiliated activities (e.g., Homecoming). Any exceptions to social probation must be approved, in advance, by the Vice Chancellor for Student Affairs or his/her designee.
6. **Disciplinary Probation**
   Disciplinary probation means that a student organization is permitted to retain University registration on a probationary status. Violation of the Standards of Conduct during the period of disciplinary probation may result in more serious penalties, including revocation of University registration.

7. **Revocation of University Registration**
   In cases of serious misconduct, a student organization’s University registration may be revoked.

More than one (1) of the penalties listed above may be imposed for any single violation of the Standards of Conduct. Penalties may be applied retroactively to the date of the offense.

Intoxication or impairment because of alcohol, drugs, chemicals, or other substances does not diminish or excuse a violation of the Standards of Conduct.

Except for an interim suspension, disciplinary penalties shall not become effective until after opportunities for appeal have been exhausted. Penalties may be applied retroactively to the date of the offense. Coursework performed while disciplinary charges are pending or disciplinary proceedings are underway shall be considered conditional. Coursework may be affected or disregarded based on a final finding of misconduct or the penalty imposed, which may result in loss of course credit, a loss of tuition and/or fees, a delay in the awarding of a degree, or revocation of a degree that was awarded prior to a final decision in the disciplinary proceeding.

**Clarification of Disciplinary Regulations**

In response to numerous inquiries and uncertainties by students regarding disciplinary penalties for unacceptable behavior, the following list contains examples for which suspension from the University is the expected penalty:

1. **Possession of guns or knives on University Property.**
2. **Altercations in which guns, knives, bats, chains, etc. are used.**
3. **Fighting by individuals or groups.**
4. **Physical abuse of any person (i.e. rape, including acquaintance rape; boyfriend/girlfriend disputes, etc.).**
5. **Theft or vandalism in the felony category.**
6. **Use and/or possession of drugs (intent to sell drugs).**
7. **Hazing by an individual or a group either on or off campus.**
8. **Plagiarism, cheating, and academic integrity issues.**
9. **Any authorized emergencies (i.e. refusal to comply with fire / tornado / natural disaster drills).**
Alcohol Notification Policy

In conjunction with the state of Tennessee and the UTM Standards of Conduct the following policy refers to any student that is found guilty of violating all ordinances in regard to the consumption, presence, possession, and/or use of alcohol.

Revisions have been implemented effective June 19, 2008 in accordance with Tennessee Public Chapter no. 1189. This new revision now mandates that all institutions of higher education shall notify parents of students under the age of 21 in the event of such a violation. This policy applies to any notification received by the Office of Student Conduct whether on or off campus.

Our procedures for addressing students who violate this policy are:

1. **First Offense and/or Arrest**
   Parental and/or guardian notification will be issued in accordance to APA procedures, disciplinary probation (TBA-may or may not include a loss of privileges and/or scholarships) and mandated completion of the Alcohol eCHUG program.

2. **Second Offense and/or Arrest**
   Parental and/or guardian notification; Continual Disciplinary probation (TBA-may or may not include a loss of privileges and/or scholarships), additional counseling sessions (TBA) and a $100.00 monetary fine, payable within 7-10 days of notification. In addition, a mandated Alcohol/Drug (A&D) Assessment examination under the supervision of the UT Martin Counseling Center. The Counseling Center is located in the Student Health and Counseling Building, (731) 881-7720.

3. **Third Offense and/or Arrest**
   Recommended suspension from the University. Additional sanctions may be recommended at the discretion of the Office of Student Conduct.

It is our sincere hope that the procedures that we have in place coupled with the pursuit of the educational goals will assist all UTM students in gaining a clearer understanding of the law and the hazards associated with the illegality and/or overindulgence of the consumption of alcoholic beverages at such a vulnerable period in their lives, regardless of age.

Other violations listed in the Student Handbook may also result in suspension. Disciplinary action may be taken regardless of whether violations occur on or off campus.
NO CONTACT DIRECTIVE

In cases involving allegations of assault, injury, sexual abuse, harassment, or in cases where there is reason to believe continued contact between a student/student organization and specific persons, including complainants and witnesses, may interfere with those persons' security, safety or ability to participate effectively in work or studies, the Vice Chancellor for Student Affairs, or his/her designee, may require that the student/student organization not have verbal, physical, or written contact with specific persons for a definite or indefinite period of time. The student/student organization will receive written or electronic notice of the no contact directive. Any student, faculty or staff member or other person with a reasonable justification may request that a no contact directive be issued to a student/student organization. In addition to an internal University no contact directive, complainants are advised that other similar options exist and can be obtained from law enforcement and civil and criminal courts.

INTERIM SUSPENSION

When the Vice Chancellor for Student Affairs or his/her designee has reasonable cause to believe that a student’s or student organization's continued presence on University-controlled property or at University-affiliated activities poses a significant risk of substantial harm to the health or safety of others or to property or poses an ongoing threat to the disruption of, or interference with, the normal operations of the University, the Vice Chancellor for Student Affairs or his/her designee may impose an interim suspension prior to the conclusion of a full hearing on the alleged misconduct.

An interim suspension shall be confirmed by a written statement that explains the basis for the interim suspension and shall remain in effect until the conclusion of a full hearing in accordance with the rules of the University of Tennessee, which shall be held without undue delay. The statement shall be delivered to the student in person, to the address the University has on file for the student, or to the student’s University-provided e-mail account. The statement shall be delivered in person or via e-mail to the advisor to the student organization.

Within three (3) business days of the imposition of the suspension, the student or student organization shall be offered an opportunity to appear personally before the Vice Chancellor for Student Affairs or his/her designee in order to discuss the following issues only: (i) the reliability of the information concerning the student’s conduct; and (ii) whether the conduct and surrounding circumstances reasonably indicate that the student’s or student organization’s continued presence on University-controlled property or at University-affiliated activities poses a significant risk of substantial harm to the health or safety of others or to property or poses an imminent threat of disruption of or interference with the normal operations of the University.
During an interim suspension, the student or student organization shall be denied access to University-controlled property, including residence halls, and all other University-affiliated activities or privileges for which the student or student organization might otherwise be eligible, as the Vice Chancellor for Student Affairs or his/her designee determines in his/her sole discretion to be appropriate. A student or student organization who receives an interim suspension and violates the terms of the interim suspension shall be subject to further disciplinary action and may be treated as a trespasser. Permission to be on University-controlled property or participate in University-affiliated activities may be granted by the Vice Chancellor for Student Affairs or his/her designee. When a student is placed on interim suspension from the University, he/she may be assigned a grade of "W" or "I," whichever is deemed appropriate by the faculty member involved.

HEARING PROCEDURES

A student charged with violating the Standards of Conduct shall be provided written notice of:

1. The substance of the charge(s) against him/her;
2. The disciplinary action taken or proposed; and
3. His/her rights to a hearing should he/she wish to contest the charge(s) and information concerning the process for requesting a hearing, including the requirement that a request for a hearing before the Disciplinary Hearing Board must be made within five (5) days of the student’s receipt of the notice of the charges against him/her.

A student charged with violating the Standards of Conduct shall have the following options for a hearing:

1. An administrative hearing before the Student Conduct Officer;
2. A hearing before the Disciplinary Hearing Board;
3. A hearing in accordance with the contested case provisions of the Tennessee Uniform Administrative Procedures Act (“TUAPA”). All disciplinary cases that may result in suspension or permanent dismissal of a student, the revocation of a degree, or the revocation of registration of a student organization are subject to the contested case provisions of the TUAPA. The University’s procedures for conducting contested case hearings under the TUAPA are contained in Chapter 1720-01-05, and the University’s rules concerning waivers of contested case hearings are contained in Chapter 1720-01-3. Disciplinary hearings will be conducted in accordance with the University’s procedures for conducting contested case hearings under the TUAPA unless the student waives those procedures in writing and elects to have his or her case disposed of in accordance with the University procedures established by these rules.
4. A hearing before the University Council.
Administrative Hearing

A student charged with violating the Standards of Conduct has a right to resolve a disciplinary case through an administrative hearing with the Student Conduct Officer by accepting responsibility for violating the Standards of Conduct. Following the student’s written acceptance of responsibility and written waiver of the right to a hearing under the TUAPA, the Student Conduct Officer will assess a penalty that is appropriate under the section Penalties. Following the assessment of the penalty, the student may acknowledge the acceptance of the penalty in writing or appeal the penalty to the Vice Chancellor for Student Affairs in accordance with the section on Appeals. A student who resolves a disciplinary case through an administrative hearing with the Student Conduct Officer may only appeal the penalty to the Vice Chancellor for Student Affairs.

Disciplinary Hearing Board

The Disciplinary Hearing Board is an ad hoc board composed of five (5) members of the University Council, in addition to the Vice Chancellor for Student Affairs, who shall serve as the non-voting chairperson of the Disciplinary Hearing Board. The Disciplinary Hearing Board hears cases of alleged violations of the Standards of Conduct and other cases deemed appropriate by the Vice Chancellor for Student Affairs. The Vice Chancellor for Student Affairs shall select the members of the Disciplinary Hearing Board from the membership of the University Council. A majority vote of the members present is required for all decisions of the board.

A request for a hearing before the Disciplinary Hearing Board shall be made within five (5) days of the student’s receipt of the notice of the charges against him/her. A hearing shall be scheduled promptly after receipt of the request for a hearing. A student shall be notified of the date, place, and time for the hearing at least seventy-two (72) hours in advance of the hearing. A student has no right to have a hearing before the Disciplinary Hearing Board unless the student waives the provisions of the TUAPA in writing.

Members of the Disciplinary Hearing Board shall be impartial and anyone lacking such impartiality shall recuse himself/herself. The accused student has the right to challenge any member of the Disciplinary Hearing Board for good cause and request that he/she be dismissed and replaced. The chairperson of the Board determines whether to dismiss and replace a member of the Disciplinary Hearing Board.

The chairperson of the Disciplinary Hearing Board will conduct the hearing, without regard to technical rules of procedures in such a manner as will best serve the cause of justice within the following general guidelines:

1. An accused student has a right to a hearing closed to the public. In cases involving more than one (1) student, the chairperson may permit the hearings concerning each student to be conducted separately.
2. The chairperson shall rule on all motions, objections, and other procedural issues. The chairperson shall ascertain that the accused student has been advised of the charges against him/her and shall then read a statement describing the charges. A student who fails to appear before the Disciplinary Hearing Board following proper notice shall be deemed to have waived his/her rights to be present during the hearing, to know the evidence against him/her, to present evidence in his/her own behalf, and to exercise reasonable cross-examination of witnesses appearing against him/her. This waiver shall become effective if the student fails to appear at the designated time and place of the hearing unless, at least twenty-four (24) hours prior to the hearing, the student communicates in writing to the Office of Student Conduct indicating good cause for granting a continuance of the hearing. However, no student may be found to have violated the Standards of Conduct solely because the student failed to appear before the Disciplinary Hearing Board. In all cases, the evidence in support of the charges shall be presented to and considered by the Disciplinary Hearing Board.

3. The accused shall enter a plea of guilty or not guilty. If a guilty plea is entered, he/she shall be advised of the maximum penalty, and the Board shall review the circumstances of the case and make appropriate decisions or recommendations regarding the penalty.

4. The accused student may be accompanied by no more than one (1) advisor during the hearing, including but not limited to a parent, spouse, friend, or attorney. The role of the advisor shall be limited to providing advice or support to the accused student. Even if accompanied by an advisor, the accused student is responsible for presenting his/her own case to the Disciplinary Hearing Board. An advisor is not permitted to: introduce evidence; raise objections; present arguments; directly address the members of the Disciplinary Hearing Board, the Student Conduct Officer, or any witnesses participating in the hearing; or otherwise participate in the hearing. In consideration of the limited role of the advisor, and of the compelling interest of the University to expeditiously conclude the matter, a hearing shall not be delayed due to the unavailability of an advisor. The accused student shall inform the Student Conduct Officer of the name of the student’s advisor, if any, at least three (3) days before the hearing before the Disciplinary Hearing Board.

5. Each party to a hearing shall be given an opportunity to make opening and closing statements.

6. Each party to a hearing shall be afforded a full and fair opportunity to present all evidence, including witnesses, reasonably relating to the charge or action at issue. Each party will have the right to question opposing witnesses. Technical rules of evidence will not apply. Evidence which is irrelevant, immaterial, repetitious or voluminous may be limited or excluded. Hearsay evidence is admissible. If a not guilty plea has been entered, evidence in mitigation of the alleged offense shall be presented only after the Board has determined the issue of innocence or guilt.

7. The Student Conduct Officer shall present the case on behalf of the University. The University shall have the burden of proving, by a preponderance of the evidence, the truth of the charge(s) at issue. Where the charge(s) is found to be true, the accused student shall have the burden of proving that the disciplinary action taken or proposed is arbitrary, capricious, or unreasonable.

8. The Board will consider all evidence presented, giving due consideration to the credibility
or weight of each item presented. During Board deliberations all persons except the Board members shall be excused from the hearing room. The decision shall be based solely upon the evidence presented. No mention will be made during the hearing on innocence or guilt of the student’s previous disciplinary record, unless appropriate as rebuttal to character evidence introduced by the accused.

9. After a determination of guilt by the Board, the Student Conduct Officer, on behalf of the University, shall present the previous disciplinary record of the accused student if any, and evidence of any other aggravating circumstances, to the Board together with the recommendation of the Student Conduct Officer as to an appropriate penalty.

10. After presentation of evidence by the Student Conduct Officer, the accused shall be allowed to present character evidence, evidence of mitigating circumstances, and an alternative penalty recommendation.

11. After the Board determines the penalty, the accused student shall be advised in writing of its decision within forty-eight (48) hours of the hearing.

12. A record will be made of the hearing procedures. However, defects in the record will not invalidate the proceedings. The results of the Board’s decision shall be kept on official University forms. If a verbatim record of the hearing is prepared, it shall be retained in the custody of the Office of Student Conduct and considered a confidential disciplinary record.

13. Appeals from decisions of the Disciplinary Hearing Board may be made to the Vice Chancellor for Student Affairs in accordance with the section under Appeals.

14. In cases involving an allegation of sexual assault or misconduct, the hearing procedures shall be modified to afford the alleged victim all of the rights described in the Disciplinary Hearing Board section (4). The Disciplinary Hearing Board may consider evidence introduced by the alleged victim as part of the University’s proof.
   a. In cases involving a complaint of sexual assault or misconduct, the alleged victim shall have the right to:
   b. Notice concerning the process by which the University will handle the complaint and an opportunity to ask questions about the process;
   c. A prompt, thorough, and impartial investigation of the complaint;
   d. The same opportunity as the accused student to present his/her explanation of the facts during the University’s investigation;
   e. Have the investigation of the complaint concluded within sixty (60) days of the University’s receipt of a complaint, unless circumstances make it impracticable for the University to complete its investigation within that timeframe;
   f. Notice of the outcome of the University’s investigation;
   g. Have a disciplinary hearing conducted by the Disciplinary Hearing Board within thirty (30) days of a University charge that the accused student committed sexual assault or misconduct, unless the accused student chooses an administrative hearing or the circumstances make it impracticable for the University to conduct a hearing within that timeframe;
   h. Notice of the date, time, and location of the hearing before the Disciplinary Hearing Board, the right to have the hearing closed to the public, and the right to request rescheduling of the hearing for good cause;
i. The same access as the accused student to any information or documents that will be used by the Student Conduct Officer during the hearing before the Disciplinary Hearing Board, unless prohibited by law;

j. Challenge the seating of any Disciplinary Hearing Board member for good cause, which will be determined at the discretion of the Vice Chancellor for Student Affairs;

k. Be accompanied by an advisor of his/her choosing during the University's investigation or a hearing before the Disciplinary Hearing Board, but the advisor shall not be permitted to speak for the victim during a hearing;

l. The same opportunity as the accused student to be present during a hearing before the Disciplinary Hearing Board, present witnesses and other evidence, challenge the admissibility of evidence, and cross-examine adverse witnesses during a hearing before the Disciplinary Hearing Board;

m. Testify or remain silent at his/her option; however, choosing to remain silent may result in the University dismissing the charges against the accused student or the Disciplinary Hearing Board finding that there is insufficient evidence to find the accused student guilty of the charges against him/her;

n. Not to be questioned directly by the accused student during the hearing before the Disciplinary Hearing Board;

o. Submit a written impact statement to the Disciplinary Hearing Board or Student Conduct Officer for consideration during the sanctioning phase of an administrative or disciplinary hearing, if the accused student is found guilty of the charges against him/her;

p. Notice of the decision of the Student Conduct Officer or Disciplinary Hearing Board within three (3) business days of an administrative or disciplinary hearing; and

q. Appeal the decision of the Student Conduct Officer, following an administrative hearing, or the Disciplinary Hearing Board to the Vice Chancellor for Student Affairs.

For purposes of this rule, the term “student” shall mean a student or a student organization.
APPEALS

A decision of the Disciplinary Hearing Board, or a decision of the Student Conduct Officer concerning a penalty following an administrative hearing, may be appealed to the Vice Chancellor for Student Affairs.

1. The request for appeal shall be submitted in writing to the Vice Chancellor for Student Affairs within seven (7) calendar days of written notice of the decision of the Disciplinary Hearing Board or Student Conduct Officer. If the seventh day falls on a weekend or holiday, the time is extended to the next regular workday.

2. The request for appeal shall contain:
   a. A statement that the student or student organization appeals the decision of the Disciplinary Hearing Board or Student Conduct Officer; and
   b. A brief statement of the grounds for the appeal.

3. All appeals to the Vice Chancellor for Student Affairs are written and heard based upon the record made before the Disciplinary Hearing Board.

4. Pending the outcome of an appeal, the penalty specified in the decision of the Disciplinary Hearing Board shall not be imposed.

The Vice Chancellor for Student Affairs may:

1. Affirm the decision of the Disciplinary Hearing Board or Student Conduct Officer;
2. Amend the decision of the Disciplinary Hearing Board or Student Conduct Officer;
3. Return the case to the Disciplinary Hearing Board or Student Conduct Officer with instructions for reconsideration of the case; or
4. Overturn the decision of the Disciplinary Hearing Board.

The decision of any board or administrative officer of the University of Tennessee at Martin is subject to review by the Chancellor.

EMERGENCY POWERS

When, in the judgment of the Chancellor of The University of Tennessee at Martin, conditions are such that an emergency exists which makes it impossible for the system of student conduct boards to function, he/she may suspend these procedural regulations. If the procedures are suspended, he/she may substitute for them arrangements for handling disciplinary matters that will insure the orderly functioning of the University and at the same time safeguard the basic rights of the students and student organizations.
IN VOLUNTARY MEDICAL WITHDRAWAL OR SUSPENSION

When a student is unable to effectively pursue his/her academic work, or when his/her behavior is disruptive to the normal educational processes of the University, or constitutes a threat to members of the University community, due to, among other things, alcohol use, drug use, or a physical or mental incapacitating condition, he/she may be withdrawn or temporarily suspended from the University as hereinafter provided.

1. Withdrawal
   A student may be withdrawn from the University only after an evaluation of his/her mental and physical condition by a panel of at least three (3) persons appointed by the Vice Chancellor for Student Affairs. The student shall be notified of the reasons for the evaluation and given an opportunity to present evidence to the committee. The committee’s findings and recommendations shall be forwarded to the Vice Chancellor for Student Affairs, who will notify the student in writing of his/her decision.

2. Temporary Suspension
   Whenever a student, because of his/her mental or physical condition constitutes a danger to persons or property, or when his/her behavior is disruptive to the normal educational processes of the University, he/she may be suspended from the University, for a reasonable period of time, by the Vice Chancellor for Student Affairs. If the University does not withdraw the student in accordance with procedures outlined above, he/she may return to the University at the end of the suspension period.

3. Grades
   When a student is withdrawn or temporarily suspended from the University, he/she may be assigned a grade of “W” or “I,” whichever is deemed appropriate by the faculty member involved.

4. Readmission
   a. A student who is involuntarily withdrawn under this rule may not be readmitted to the University before the start of the next semester or without the approval of the Vice Chancellor for Student Affairs. The student shall also meet all of the admission requirements of the University and of the school or college in which he/she wishes to be readmitted.
   b. A student shall submit a written request for permission to reapply to the University with the Vice Chancellor for Student Affairs by October 1 for Spring enrollment, by February 1 for Summer enrollment, and by May 1 for Fall enrollment. The student’s written request shall include an explanation of why the Vice Chancellor for Student Affairs should allow the student to reapply and an explanation of the student’s plan to transition successfully back into the academic community.
c. The Vice Chancellor for Student Affairs may require the student to provide the panel of individuals who recommended that the student be involuntarily withdrawn with proof that the condition that caused the withdrawal is no longer present or that the condition is under control through treatment such that the student does not present a direct threat to the health or safety of him/herself or others and will not disrupt the normal educational processes of the University. Proof may consist of a current medical or mental health evaluation, demonstration of ongoing medical or mental health treatment, and a plan for treatment upon readmission. The panel may request any other information or documentation that it deems necessary. In exceptional circumstances, the panel may request a second, independent opinion of a qualified medical or mental health professional paid for by the University. In cases where the Vice Chancellor for Student Affairs has imposed other conditions for readmission, it is the responsibility of the student to provide documentation of compliance with those conditions.

d. The panel’s recommendation concerning reenrollment or readmission shall be provided to the Vice Chancellor for Student Affairs, who will notify the student in writing of his/her decision. The decision of the Vice Chancellor for Student Affairs is final and may not be appealed.

INSPECTION AND SEARCH POLICY

Entry by University authorities into occupied rooms in residence halls will be divided into three (3) categories; inspection, search, and emergency. Inspection is defined as the entry into an occupied room by University authorities in order to ascertain the health and safety conditions in the room, to check the physical condition of the room, to make repairs on facilities, or to perform cleaning and janitorial operations. Search is defined as the entry into an occupied room by on-campus authorities for the purpose of investigating suspected violations of campus regulations. An emergency situation exists when the delay necessary to obtain a search authorization constitutes an apparent danger to person, property, or the building itself.

1. Inspection
   Scheduled inspections by on-campus authorities with the exception of daily janitorial operations shall be preceded, if possible, by twenty-four (24) hours’ notice to the residents. During the inspection there will be no search of drawers, closets, or personal belongings. This policy is applicable for residence halls and fraternity houses.

2. Search
   On-campus authorities will not enter a room for purposes of search without the permission of the resident unless they have a campus authorization to search, authorized by the Vice Chancellor for Student Affairs or his/her designee, which specifies the reasons for the search and the objects or information sought, or unless they enter in compliance with federal or state law. If possible, the student should be present during the search. Normally
these searches will not be made unless the Vice Chancellor for Student Affairs or his/her designee is present.

3. If the search reveals objects the possession of which violates a law or a University rule, the University may take appropriate disciplinary action even though the objects were not listed on the search authorization.

**GRADE APPEALS**

Students who wish to appeal a grade that is alleged to be lower than that academically earned must initiate the process within the first three weeks of the next semester (Fall or Spring.)

Due to the flex year contracts of various University employees, not all student conduct board members are available to hear disciplinary cases outside of the approved academic calendar. The National Institute for Higher Education does not recognize summer term(s) as a part of the academic calendar.

The aggrieved student shall first discuss the matter with the teacher involved to see if there is some error or misunderstanding which can be resolved between them. Failing this, the student may take the matter to the department chair or, in the case of colleges without departments, to the dean. If the teacher in the case is a department chair, the student shall go to the dean. If the teacher in the case is a dean, the student shall go to the Vice Chancellor for Academic Affairs. The person designated above shall attempt to mediate between the student and teacher to arrive at a resolution of the problem.

If the problem is not resolved, the student may request a hearing before the University Council. The chair shall be a member of the council selected by the membership. Decision of the council shall be by majority vote. If the council finds in favor of the instructor, the grade which has been given to the student will stand and there will be no further appeal. If the council finds in favor of the student, the matter will be remanded to the instructor for reconsideration.

The final decision of the professor stands affirmed and cannot be challenged regardless of the recommendation of the board.
STUDENT REMINDERS

Political Activities on Campus
The University of Tennessee recognizes and appreciates the growing interest of students in the political processes related to local, state, and federal governments. It is the intent of the University to provide, within the constraints of University regulations and local, state, and federal laws, a campus environment in which students may participate fully in appropriate political activity. Toward that end, the following guidelines shall apply to the activities of students on UT campuses:

1. Registered student organizations may invite candidates for public office to speak on or in University property or facilities. Scheduling of politically related activities shall be handled in accordance with applicable University regulations.

2. Registered student organizations may announce a campus visit of a political candidate through the use of posters and signs. However, campaign posters and signs promoting candidacy for public office may not be attached to or placed on or in University property and buildings.

3. Students may distribute campaign literature on campus so long as such distribution is in accord with University policy governing distribution of literature in general (solicitation guidelines).

Peaceable Assemblies
UT Martin adheres to state law (Rules of The University of Tennessee – 172-1-8). All peaceable assemblies and/or informational meetings must be approved in advance by the Office of Student Affairs. All such assemblies and/or meeting must be conducted in an orderly and peaceful manner. The University must designate and/or approve the location and time frame for such assemblies or meetings. (Approval is secured through the Director of the University Center and/or the Assistant Vice Chancellor of Student Affairs and with an approved solicitation form).

Publications
The Publication Committee establishes policies governing student publications, appoints qualified students to editorial positions on the yearbook and the campus newspaper, nominates faculty sponsors, and recommends budgets of official student publications.

No other written publication may solicit advertising without this committee's approval, nor is any additional publication permitted to be distributed to students on University owned or controlled property without approval from the Publication Committee, University Council and/or the Vice Chancellor for Student Affairs. It is the committee's responsibility to see that publications meet standards of objectivity and taste consistent with the committee's Code of Ethics, Policy Guide and the mission of UT Martin. Official student publications funded all and in part by University collected funds must be approved by this committee. The committee has authority to reprimand or replace staff, as well as to recommend salaries and commissions.
Motor Vehicles
All persons affiliated with the University who operate vehicles on campus are required to register their vehicles with the Office of Public Safety at registration time or within 24 hours of enrollment or acquiring a vehicle. Everyone is expected to operate their vehicles in compliance with the current Parking and Traffic Regulations that are available online at the UT Martin Public Safety website under parking. One (1) vehicle registration decal may be purchased at a fee of $60 per year and is to be displayed inside the front windshield on the front driver’s side. Vehicle registration decals are transferable and can be moved from vehicle to vehicle. Disabled students will be given special consideration upon recommendation of a physician. Contact the Traffic Office in Crisp Hall for assistance. Failure to register vehicles and/or violations of parking and traffic regulations can result in ticketing and fines and can result in disciplinary action.

Weapons
Tennessee Criminal Law
The UT Martin Department of Public Safety enforces Tennessee’s criminal law concerning weapons. Among other prohibitions concerning weapons, Tennessee’s criminal law generally prohibits persons from possessing or carrying, whether openly or concealed, with the intent to go armed, any firearm, explosive, explosive weapon, crossbow, bow and arrows, bowie knife, hawk bill knife, ice pick, dagger, slingshot, leaded cane, switchblade knife, blackjack, knuckles, fireworks, firecrackers, stun guns, TASERs, or any other weapon of like kind, not used solely for University instructional or University-sanctioned ceremonial purposes, on any property owned, used or operated by the University. Anyone illegally possessing, carrying, or using any of those weapons will be subject to criminal sanctions. (T.C.A. §§ 39-17-1309 and 39-17-1359).

University Policy for Employees
In addition to being subject to Tennessee’s criminal law, University employees are subject to the University’s Code of Conduct for employees. The University of Tennessee’s Code of Conduct for employees, HR 580, prohibits the possession of firearms, explosives, or other dangerous materials on University property or during University activities, unless the employee is authorized either by University policy or law to carry firearms, explosives, and other dangerous materials and it is also necessary to do so in the course of employment (police officers, R.O.T.C. personnel, etc.).

University Policy for Students
In addition to being subject to Tennessee’s criminal law, University students are subject to the University’s Code of Conduct for students. The Code of Conduct prohibits students from possessing, using, storing, or manufacturing any weapon or any facsimile of a weapon on University-controlled property or in connection with a University-affiliated activity, unless authorized in writing by the UT Martin Department of Public Safety. The Code of Conduct for students defines “weapon” to mean any device, instrument, or substance that is designed to, or reasonably could be expected to, inflict a wound, incapacitate, or cause serious bodily injury or death, including, but not limited to, firearms (loaded and unloaded, real and replica),
ammunition, electronic control devices (such as TASERs and stun guns), devices designed to discharge an object (such as bb guns, air guns, pellet guns, potato guns, and slingshots), explosives, dangerous chemicals (such as mace, tear gas, and oleoresin capsicum), martial arts weapons, bows and arrows, artificial knuckles, nightsticks, blackjacks, dirks, daggers, swords, and knives with fixed blades longer than three (3) inches. The term “weapon” does not include chemical repellents available over-the-counter for self-defense; instruments used solely for personal hygiene, preparation of food, maintenance, University-related instruction/athletics, or University employment-related duties. University-related instruction/athletics may be transported on campus only to and from the Department of Public Safety for the purposes of checking the weapons in/out or to/from authorized University instruction/athletics events, which can be done at any time, 24 hours a day. All weapons shall remain unloaded while being checked in/out and stored.

**Alcohol/Drugs**

The possession of and/or being under the influence of drugs and/or alcohol are prohibited on University owned or controlled property including the residential life facilities or student auxiliary affiliations. If students are found possessing drugs and/or alcohol, whether on or off campus, these incidents will be documented and referred to the Office of Student Affairs for disciplinary action.

University policy prohibits any student and/or student organization from serving or permitting the consumption, possession or display of any alcoholic beverage or containers at any time, or by anyone on University premises. Student organization officers are responsible for initiating risk management procedures and refusing admission to their social gatherings of persons under the influence of alcoholic beverages. Student organizations sponsoring any social affairs are responsible for the general decorum of the event. Any student and/or organization can be sanctioned for any UTM Standards of Conduct violations, whether on or off campus, if the Office of Student Affairs is notified or contacted.

**Solicitation on Campus**

Solicitation is defined as the seeking of funds or support by student(s), registered student organization(s), and University employees from sources on campus and other forms of support including the procurement of supplies and the selling and distribution of items, materials, or products and services.

Solicitation will not be authorized for personal benefit of individual students or individual members of student organizations.

Solicitation and (posted) advertising of regular business enterprise sales by students and student organizations are not allowed. Students and student organizations may use designated bulletin boards to advertise occasional sales or rentals, such as personal autos and auto accessories, electronic devices, pets, homes, books, etc., that are not a part of a business.
Door-to-door solicitation in residence halls, University apartments, and offices by individuals on or off campus is prohibited. Certain types of philanthropic solicitation in designated areas of University buildings might be permitted with approval of the Office of Student Life. Student representatives of magazines, service or mail-order companies may not solicit door-to-door in residence halls. They may post notices on bulletin boards in the halls, giving their own names and phone numbers or room numbers by which the students may seek their products, as long as the companies represented are bona fide agencies. Clearance for the posting of these notices should be given by the Division of Student Affairs where a check may be made as to the reputation of the firm.

In accordance with the state law, the University does not allow any raffling or other forms of gambling in its name or in any of its facilities. Registered organizations are encouraged to contact the Office of Student Life for the specifics of any additional guidelines regarding solicitation for private, political or public philanthropy. Any individual(s) or organization(s) wanting to solicit on campus must first get approval from the Assistant Vice Chancellor for Student Affairs via a solicitation request. A “Student Organization Solicitation Request Form” can be obtained from the Web at: 
http://www.utm.edu/departments/studentlife/_pdfs/organization_solicitation_request_form.pdf

Off-Campus Solicitation
Student(s) or student organization(s) interested in soliciting off campus, e.g. door-to-door sales, bake sales, car washes, etc., are required to obtain a Solicitation Permit and approval from Martin City Hall. In addition, if a student organization wishes to set up near a business establishment for a bake sale, car wash, etc., the organization should first have approval from that business entity.

Pet Policy
For health and safety reasons, pets are not permitted on campus. Exceptions are made for:
1. Service animals accompanying those with disabilities who are registered with the Office of Disabilities;
2. Fish in a small aquarium approved by the Office of Housing.

Overnight Guests and Visitors
While the University encourages UTM students to invite family and friends to share in their collegiate experience, no one under 18 is permitted to visit as an overnight guest without prior approval from the Hall Director of the respective residence hall. Also, the maximum time allowed for overnight guests is three days unless otherwise approved by Housing. Browning, Ellington, and Cooper halls are considered Type 2 visitation meaning overnight guests can ONLY be of the same sex.
University Village Phase I and Phase II are considered Type 3 visitation allowing overnight guests of either sex.
Organizational Disciplinary Actions and Penalties
Student organizations should respect the rights of all members of the University community. The following categories of conduct subject organizations to disciplinary action by University officials ranging from disciplinary warnings to withdrawal of charters. This list includes, but is not limited to: hazing, disorderly conduct, interference with activities of the University or other organizations of individuals, poor academic performance, social misconduct, and/or improper discrimination.

GENERAL POLICIES

Complaints or Grievances
UTM provides several means by which a student may address complaints and grievances. Students are advised to put their concerns in writing and carefully document the events that led to the complaint or grievance. As it is sometimes confusing as to which office to direct the complaint or grievance, students are advised to contact the office of the Assistant Vice Chancellor for Student Affairs in 222 Hall-Moody Administration Building for advice on the most appropriate office or person to address the student’s complaint or grievance. Concerns should be expressed as soon as possible after the event occurs as some policies have specific deadlines for filing complaints or grievances.

Vehicle Registration and Parking Tickets
All motor vehicles operated by faculty, staff and students in connection with their employment or attendance at UTM must be registered online at the UTM Department of Public Safety. This includes residents of Grove Apartments and University Courts using University parking lots.
Cost: $60.00 academic year (August to August).

Temporary Vehicles. If a vehicle is traded after it has been registered, or if required to drive a different vehicle temporarily, transfer the sticker between vehicles. If the sticker is lost/stolen/destroyed, a replacement will cost $30.

Display of stickers: The stickers need to be placed on the driver’s side windshield on the inside. The entire sticker must be visible.

Cooper–Clement Stickers: Different stickers are needed for Fall and Spring Semesters. Students receive the Fall sticker when the car is registered in the Fall. Spring Semester stickers will be available in January at the Traffic Office in Crisp Hall. It is the student’s responsibility to come by and pick up the Spring sticker. There is no additional charge for the spring parking sticker.
Information needed to register the vehicle online: license plate number, vehicle make, and color.

Parking Tickets
How much are tickets? Fines range from $20 to $200 based upon the violation. There is a $20 late fee which attaches after 14 days of issuance if the ticket is not resolved.
Where do I pay tickets? Pay for tickets at Crisp Hall or the Office of Business Affairs (located in the Administration Building) between 8 a.m. and 5 p.m., Monday through Friday. Payment for tickets may also be mailed to the Traffic Office or be paid online via the student’s Banner account within the given time restrictions.

Ticket Appeals: Tickets may be appealed at the Department of Public Safety, Monday through Friday, from 8 a.m. to 5 p.m. If the appeal is denied, a written appeal can be sent to the traffic appeal’s board.

Important Note: If more than five (5) citations are issued to a student in one semester, the student will be notified that his/her vehicle is subject to being towed. If, after this notification, the student receives another citation during the same semester, the student’s vehicle will be subject to towing for that citation and subsequent citations for the remainder of that semester, even if the previous citations have been satisfied by paying the fines or other penalties.

Additional traffic rules and regulations are available with the map issued with the parking sticker or can be viewed on the Department of Public Safety website along with the UT Martin Annual Security/Fire Safety Report.

Traffic-Related Appeal Procedures
Traffic Appeals Board. When campus citations for traffic and parking violations cannot be settled in the Department of Public Safety or among the persons cited, appeals may first be made to the Traffic Appeals Board. This board is composed of at least one faculty member, one staff member and one student selected from the Parking Authority. The Traffic Appeals Board, after reviewing an appeal, makes a judgment to uphold or dismiss the citations. If they uphold the citation, they will set a penalty consistent with the provisions of Campus Traffic and Parking Regulations. The Traffic Appeals Board meets twice per semester (usually toward the end of the semester) and reviews all appeals filed since the last board meeting. Citations appealed within 14 days of issuance of the citation can be done so without prior payment. Any citation appealed after the 14-day late period, must be paid (including late fees), before they can be referred to the Traffic Appeals Board. Further appeals can be made through the provisions of the Uniformed Administrative Procedures Act.

Access to Student Records:
Family Educational Rights and Privacy Act (FERPA)
The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. §1232g; 34 CFR Part 99) is Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children’s education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are “eligible students.” (For purposes of FERPA, UT Martin students are “eligible students.”)
Eligible students have the right to inspect and review their education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for eligible students to review the records. Schools may charge a fee for copies.

Eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the eligible student in order to release any information from a student’s education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, “directory” information such as a student’s name, address, telephone number, major field of study, date and place of birth, honors and awards, participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees and awards received, most previous school attended, photograph, email address, classification, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, student handbook, or newspaper article) is left to the discretion of each school.

Sexual Harassment
The University of Tennessee at Martin is committed to ensuring an environment which prevents sexual harassment. Sexual harassment by any member of the University is a violation of both law and University policy and will not be tolerated in the University community. Both males and females can be perpetrators and/or victims of sexual harassment. Sexual harassment is a particularly sensitive issue which may affect any member of the University community and as such will be dealt with promptly and confidentially by the University administration. Harassment on the basis of sex is a violation of Section 703 of Title VII of the Civil Rights Act of 1964. The Equal Employment Opportunity Commission (EEOC) guidelines adhere to the following definition:

Unwelcome sexual advances, request for sexual favors, and other verbal and physical conduct of a sexual nature constitute sexual harassment when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment,
2. Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or
3. Such conduct has the purpose or effect of substantially interfering with an individual’s work performance or creating an intimidating, hostile or offensive work environment.

Sexual harassment of students is a violation of Title IX of the Education Amendments of 1972, which prohibits sex discrimination in education. Unwelcome sexual advances, requests for sexual favors, and/or other verbal or physical conduct of a sexual nature constitute harassment when grades or educational progress are made contingent upon submissions to such conduct, or when the conduct has the purpose or effect of interfering with the individual’s academic performance, or of creating an intimidating, hostile, or offensive educational environment.

Any student who has been sexually harassed by a UT Martin employee may file a complaint with the Affirmative Action Coordinator.

In determining whether alleged conduct constitutes sexual harassment, UT Martin will look at the circumstances, such as the nature of the alleged sexual advances and the context in which the alleged incidents occurred. The determination of whether a particular alleged action constitutes sexual harassment will be made from the facts on a case-by-case basis.

Any complaints must be filed within 300 calendar days of the alleged violation.

Appropriate disciplinary action will be taken against individuals found to have engaged in sexual harassment.

Use of Tobacco
By law, smoking is not permitted in any building or facility including open-air stadiums or arenas. Smoking is not permitted within 50 feet of a designated smoke-free building entrance. Smoking materials must be placed in appropriate receptacles. Discarding smoking materials or any other tobacco byproduct anywhere other than designated receptacles is a violation of a University rule and subject to disciplinary action.
Inclement Weather
The University of Tennessee at Martin and its four centers in Jackson, Parsons, Ripley, and Selmer will remain open except in the most severe weather conditions. The Chancellor may officially close or suspend selected activities of the University because of extreme weather conditions. When a decision to close is made, the campus and appropriate radio and TV stations will be notified so that announcements may be made. Closing information will also be posted on the UT Martin home page at www.utm.edu, social media and through an optional text messaging system.

If the University is officially closed, certain essential activities such as food services, physical plant, public safety, computer services and telephone services will continue to operate. Some facilities, such as the Paul Meek Library, Student Recreation Center, and Boling University Center, will, if possible, continue to function as a service to students and faculty. When the University is officially closed, the Days of Administrative Closing Policy will apply for staff exempt and staff non-exempt employees.

In the event of inclement weather when the University remains open, all faculty, administrators and staff will be expected to make every reasonable effort to maintain their regular work schedules but are advised to avoid undue risks in traveling. Employees who anticipate arriving late or not arriving at all should notify their immediate supervisors. Employees will have the option of charging their time off to annual leave or leave without pay; or, with approval, they may make up their lost work hours.

Students will be responsible for any academic work that they miss due to absences caused by severe weather conditions. It is the individual student’s responsibility to take the initiative to make up any missed class work, and it is the instructor’s responsibility to provide a reasonable opportunity for students to complete assignments or examinations missed due to such absences.

Sign Posting Procedures
UT Martin wants to help students effectively promote their events, activities and information. These procedures will assist students in accomplishing their goals while minimizing litter and campus clutter. Approval for posting does not represent University endorsement of the information posted or the actual function(s) advertised. The University reserves the right to make exceptions to or extend this policy in the interest of public safety or on the basis of appropriateness. More specific information can be found in other University publications, such as this document and the Faculty Handbook.

Purposes of Sign Posting Procedures
1. Provide procedures by which individuals, groups and organizations can post materials.
2. Outline the approval process for posting materials on campus.
3. Explain the process by which these procedures will be implemented.
Internal Signage Procedures

• Postings must be placed in approved designated locations in buildings regularly accessed by students and/or the general public. Buildings noted in the following section have spaces designated for posting information; some have space only for University-related announcements, while others have additional spaces that are approved for posting classified/community information. Contact the appropriate building manager for posting sites and procedures.

• All University-related postings shall reflect activities of recognized student organizations or University units.

• Postings or advertising that promote the use and/or sale of alcohol as the primary function of the event are prohibited.

• Posted materials must clearly promote the activity publicized and the sponsoring University organization or sponsor/partner as its primary message, rather than the commercial advancement of the non-affiliated entity or product. If the name, logo, trademark, slogan, or similar identifier of a non-University affiliate appears on the posting, it must not appear as the dominant message.

• Individuals not affiliated with the University (for example: vendors, organizations, businesses, entities, etc.) are permitted to advertise on campus by either (1) purchasing an ad in The Pacer student newspaper or other official University media and/or (2) posting reasonable amounts of advertising items on designated bulletin boards.

• Postings may be placed only in designated areas; all other areas are prohibited. Prohibited areas include but are not limited to: exterior surfaces of any campus building, trees, lampposts, fences, rights of way adjacent to University academic, residential or support facilities, or on the windshields of cars. Postings on the inside or outside of glass doors and windows are also prohibited.

• Campaign signage for student elections is governed by Student Government Association election rules as noted in the SGA Constitution found at:
  http://utm.orgsync.com/org/studentgovernmentassociation871/files

• The Student Handbook governs signage for general elections of government officials under the section “Political Activities on Campus” and can be found at:
  http://www.utm.edu/studentaffairs/linksofinterest.php

• University organizations, divisions, departments and offices are responsible for litter generated by their own handouts or handbills.

Posting Content

All postings should include, as appropriate, the following information:

- **Who** – Name of organization
- **What** – Name of event
- **When** – Date of event
- **Where** – Location for event
- **Contact person**
- **Contact information**

Approval Process

• As noted in “Posting Procedures,” postings must be placed in approved designated locations in buildings regularly accessed by students and/or the general public. Anyone wanting to post fliers/posters/materials must follow the approval process for each building/location and should contact the appropriate building manager for posting sites and procedures in that particular facility.

• The Office of Dining Services must approve table tents placed in Skyhawk Cafeteria and the Food Court.

Compliance

Violations of these procedures by students or student organizations are a violation of the Student Handbook and will be subject to the University student conduct process. Violations by other non-student University units will be addressed by the appropriate vice chancellor area consistent with University policy.

Violations involving external organizations will be addressed by the University’s Solicitation Policy found in the Student Handbook and UT Fiscal Policies (FI0325 Concessions and Solicitations on the University Campus) found at http://www.utm.edu/departments/finadmin/ and select “Fiscal Policies.”

External Signage Procedures

University student organizations and departments are permitted to use temporary outside signage and banners to promote University-approved activities and events; banners are not permitted in or on academic buildings. Signs should be placed no more than one (1) week before the event or activity and removed immediately following the event’s conclusion. The Office of the Physical Plant will remove signage not removed within 24 hours; the department, group or individual will then be billed for the expenses of the signage removal. Individual signs must be spaced a minimum of 50 yards apart. “Yard signs” constructed with firm backing and wire stands for easy set-up and removal are preferred. Lettering and graphics should be neatly and properly displayed. Paper signs are prohibited unless posted on a designated area (i.e., the kiosk located between Crisp Hall and the Meek Library). The Office of the Physical Plant must approve in advance, after other required approvals have been obtained, banners displayed at ground level for any purpose. University groups are encouraged to use approved avenues to promote events such as the University Web Calendar, bulletin boards, sidewalk chalk, the kiosk, the electronic sign, and TV monitors located in campus buildings.

• Signage request forms will be stamped to show approval for posting prior to actual posting or display. The Division of Academic Affairs will approve signs for academic-sponsored events, and the Division of Student Affairs will approve signs for student-sponsored events.
• Posting restrictions required by the fire marshal will be followed as applicable.

**Portable Electronic Signage Guidelines**

The use of electronic metal portable signs on campus will only be approved to promote University events. Use of electronic portable signs requires prior approval through the Division of Finance and Administration. Appropriate community events can be featured on the University's electronic sign.

**Sidewalk Chalk Advertising (Boling University Center)**

The use of sidewalk chalk is a very effective means of communicating information to our campus community and an innovative approach. The University Center administration supports this means of mass communication provided the following guidelines are followed.

Be sure the product being used is a water soluble material that will dissipate when exposed to the elements.

Please follow University guidelines regarding appropriate language use. Violation of student handbook rules and regulations can result in disciplinary action being imposed.

Please do not place messages within 25 feet of building entrances. Messages placed close to entrances can result in chalk being tracked into the building discoloring floors and floor covering.

Please do not place messages in areas protected from the elements, especially rain. The use of chalk requires rain to wash away the message when it is no longer relevant. Putting messages in covered areas prevents this from happening, and messages last longer than they are relevant.

Please refrain from the use of tonight, tomorrow, or other vague date references. Should a message not be rained-on for several days, the message is confusing and inaccurate.

Please do not place chalk messages on walls or other vertical surfaces. These do not receive adequate exposure to rain, which causes incomplete erasure of the message or running of the colors down the wall. Some people consider writing on walls to be vandalism, regardless of the message conveyed.

The University Center administration supports students’ rights to communicate in creative and effective means. Please help us to maintain our facilities in an attractive and presentable condition. Student assistance is greatly appreciated.

Please contact the University Center Information Desk for clarification.
USE OF UNIVERSITY PROPERTY AND USE OF UNIVERSITY PROPERTY FOR FREE EXPRESSION ACTIVITIES

Certain rules on the use of University property, such as a rule on the use of University property for free expression activities, have been promulgated by the University in accordance with the rulemaking provisions of the Tennessee Uniform Administrative Procedures Act. Copies of those rules can be found at: http://www.tn.gov/sos/rules/1720/1720-01/1720-01.htm.

ACADEMIC POLICIES

Class Attendance Policy
Classroom attendance is an integral part of the educational experience; therefore, it is the responsibility of the student to attend class. The instructor of a course may determine his/her own attendance policy with the provision that the policy must be applied consistently to all students in the course. The attendance policy should be reasonable, and it should be explicitly and unambiguously stated in each class at the beginning of each semester. Faculty will monitor class attendance and report to the Office of Financial Aid and Scholarships any student listed on the class roll who has not started attendance. Reports will be made at the end of the second week of classes. These reports will be used to determine changes in the level of enrollment (full-time, three-quarter-time, halftime, or less than half-time) for students receiving Federal Financial Assistance. Enrollment status for financial aid purposes is determined at the end of the drop/add period, which is the first week of classes during regular semesters. Thereafter, changes in enrollment status occur only for non-attendance as reported by the instructor.

Drop, Add and Withdrawal from the University

Drop Policy

Note: Dropping course work may affect financial aid awards, including Lottery Scholarships, and in some cases the student may owe money back to the school. Please contact the Office of Financial Aid and Scholarships prior to dropping or withdrawing from classes.

Within First Eight Weeks. With permission of a student’s advisor, a course may be dropped during the first eight weeks of the semester. Drops executed during the first week will leave no record on the student’s academic transcript. A drop executed during the second through eighth week will result in a grade of W (withdrawal).

After First Eight Weeks. Courses may not be dropped after the first eight weeks of a semester unless it can be clearly demonstrated that one of the following exists:

1. Serious illness or injury of the student as verified by Student Health Services or private physician;
2. Serious personal or family problems as verified by a minister, physician, or other appropriate professional; or
3. Necessary change in work schedule which conflicts with the class being dropped, as verified by the student’s employer submitted in writing on company letterhead.
In the event of such certification, and the approval of the student’s advisor and the registrar, the student will receive the grade of W. Under normal circumstances, a student may not drop a course after the last day of class or after administration of the final exam, whichever occurs first. **A student will not be permitted to drop a course after the first eight weeks of the semester simply to avoid a poor grade.**

Students should consult the summer term timetable for the appropriate summer deadlines.

**Add Policy**

**Adding Courses.** With permission of the student’s advisor, a full-term course may be added through the first week of class for the Fall and Spring semesters. All course section adjustments must be completed during the first week of the semester. Students should consult the Registrar’s website for all partial-term deadlines, as well as the appropriate summer deadlines.

**Withdrawal Policy**

**Withdrawing from University.** All official withdrawals (dropping the student’s entire schedule) from the University are processed by the Office of Academic Records.

**Within First Eight Weeks.** Withdrawals executed during the first week of the Fall and Spring semesters will leave no record of the courses for which the student was enrolled. Withdrawals executed between the second and eighth week of the registered semester will result in a grade of W (withdrawal) in all courses for which the student was enrolled.

**After First Eight Weeks.** Withdrawals are not permitted after the first eight weeks of a semester unless it can be clearly demonstrated that one of the following exists:

1. Serious illness or injury of the student as verified by Student Health Services or private physician;
2. Serious personal or family problems as verified by a minister, physician, or other appropriate professional; or
3. Necessary change in work schedule which conflicts with the classes being dropped, as verified by the student’s employer submitted in writing on company letterhead.

**A student will not be permitted to withdraw after the first eight weeks of the semester simply to avoid a poor grade.**

In the event of such certification, the student shall receive a W in all courses. Under normal circumstances a student may not withdraw from the University after the last day of class or after administration of the final exam, whichever occurs first. Students should consult the summer term timetable for the appropriate summer deadlines.

Withdrawals executed during the first week of the Fall and Spring semesters will leave no record of the courses for which the student registered. Withdrawals executed after the first week of the semester will result in a grade of W in all courses for which the student signed. Students should consult the summer term timetable for the appropriate summer deadlines. Under normal
circumstances a student may not drop a course after the last day of class or after administration of the final exam, whichever occurs first.

*To initiate a withdrawal, log in to student account in Banner, Select “Student Services,” select “Registration (add/drop, view schedule, etc),” select “Withdrawal Application...” from the menu. This will guide students through the process.*

**Degree Appeals (Special Requests)**

Individual student petitions concerning deviation from degree requirements should be prepared in consultation with the student’s advisor on a Special Request form. Special requests are submitted to the student’s college degrees committee for approval. Special requests which are denied by the college committee may be resubmitted to the committee for a second and final judgment. Special requests which involve exceptions to University degree requirements must also receive approval from the Undergraduate/Graduate Council after receiving approval from the college committee. All Special Request forms must include verifying documentation to support the student’s request.

This documentation should include:

1. description of course(s) taken, or to be taken, that is sufficient in fulfilling the degree requirement, as verified by the student’s advisor, department and college;
2. letters from Student Health Services or private physician;
3. letters from employer on company letterhead; or
4. other written evidence which supports the student’s request.

If the Undergraduate/Graduate Council denies the student’s request, it may not be resubmitted to the council. Any appeal to the Vice Chancellor for Academic Affairs must be limited to an alleged procedural violation.

**Academic Regalia**

All candidates for degrees must wear the traditional black gown appropriate to the degree being awarded and black mortarboard (cap) with black tassel. Master's candidates wear a hood with colors appropriate to their degree. Honor graduates may wear a gold cord. University Scholars may wear the bronze medallion awarded them. Nothing else may be worn on the academic costume, including the mortar board, except as described below. Shoes appropriate to the occasion are to be worn. Shoes and other articles of visible apparel worn by graduates should be in dark colors that harmonize with the academic costume. Caps, gowns, and other graduation apparel may be ordered through the bookstore. Any questions about academic regalia should be directed to the Office of Academic Records.

Students may elect to add items to their attire as follows: Student participating in the commencement ceremonies may elect to wear on the robes up to two (2) recognition or membership pins identifying their participation in recognized campus organizations or programs including, but not limited to, national or regional honorary, social, professional and service entities. These pins must be approved prior to commencement and may not take up more than
seven square inches (the size of a standard business card) on the left breast of the commencement robe. For any that are not preapproved before the commencement rehearsal, students shall make known their intentions to wear a pin(s) by bringing the pin(s) to the rehearsal for review by representatives of the Division of Student Affairs. These representatives will determine the appropriateness of the pin(s) and proposed display. Preapproved organizational pins will be displayed on the Academic Record’s Web page. Prior to the commencement processional, Student Life monitors will walk the line of graduates checking for appropriate adornments. Variations from the approved attire will be noted and corrective actions taken. Graduates will be reminded that failure to comply is a violation of the Student Code of Conduct. Any student who violates the policy during the ceremony will be referred to Student Affairs for appropriate disciplinary action as established in the Student Code of Conduct and Student Handbook.

The library collection contains over 500,000 volumes, over 2,000 DVDs, and about 1,000 print periodical subscriptions. In addition, the library is a selective government documents depository and a Tennessee State Data Center affiliate featuring an extensive collection of both print and electronic materials from the state and federal governments. The Meek Library also hosts a TN K-12 Textbook depository.

Electronic resources include a host of index and reference databases for use by the University community. Library users have access to full-text magazine journals articles. Other electronic offerings include JSTOR Arts and Sciences database; Business Source Premiere, the primary database for business administration; CINAHL, a key online index for nursing; as well as other electronic databases supporting the University’s various academic specialties. Students taking classes both on and off campus also enjoy computerized access to an Online Reserve System in addition to the approximately 48,000 electronic books.

The Steven Rogers Media Services Department houses a variety of non-print media including microform, compact discs, DVDs and an Ellison Die Collection. The department offers two fully equipped media classrooms for use by classes, along with individual multi-media workstations for students who wish to produce, view or listen to material on their own. This area also provides downlink support for campus teleconferences.

The Alliene and Jimmie Corbitt Special Collections area supports a non-circulating collection of Tennessee regional history and genealogy. This department also houses the J. Houston Gordon Museum, maintains the library’s exhibit areas, administers the rare book and manuscript collection and serves as the archival repository for the campus. Major manuscript collections include the Wintfred L. Smith Reelfoot Lake collections, the papers of Congressman Ed Jones and
legislative papers of Governor Ned Ray McWherter, as well as on-site replicas of Jones’ and McWherter’s offices.

The library offers regular orientation classes for all freshmen, and additional library instruction is available to classes and to individuals. Library instruction programs include tours, DVDs, lectures, printed guides and online tutorials explaining the use of the library catalog and major databases. A bibliographic instruction room is available for teaching students about accessing, understanding and using library services and collections and information literacy initiatives. Books acquired by the library each year are usually made available within a few days after being received, with rapid processing made possible by the automated acquisition and cataloging system. This system also enhances interlibrary loan service by providing fast access to collections in other libraries. In addition, the library utilizes online circulation and periodical control functions linked to the overall automation system.

Whether in person, by telephone or electronically, students and other library users can find help with their research needs at the Reference Desk, which is staffed by qualified librarians available anytime the library is open. The library has an automated phone system that will route patrons dialing 731-881-7060 to any public service area in the building. Also visit the University’s website at www.utm.edu/ for a closer look at the campus and the library.

Deans of each college are responsible for implementing the academic advising system
which is determined as being most effective in meeting the advising needs of the students within each college. Academic deans are responsible for ensuring that advisors have accurate information for each new advisee assigned. Advising records available to all advisors should include the following: ACT and/or SAT student profile reports, campus placement scores, TOEFL scores (if appropriate), admission confirmation, academic planning worksheet, academic progress information, record of referrals to other student services, and academic advising agreement. 2. The employment must be considered to be regular, continuing and an essential element in the educational process;
3. The working experience will ideally increase in difficulty and responsibility as the student progresses through the academic curriculum.

Any UT Martin instructional unit that develops an academic program which permits students to rotate the semesters at the University and the periods of employment may participate.

**Financial Aid/Scholarships**
The University of Tennessee at Martin offers financial assistance to students based on need and academic achievement. To determine student need, the University utilizes the Free Application for Federal Student Aid (FAFSA), which takes into consideration certain factors relating to family financial status.

Three basic types of financial aid are made available by the University:
1. Scholarships/grants
2. Loans
3. Part-time employment.

Some funds for grants and loans are provided through programs sponsored by the federal and state governments. To receive federal and/or state financial assistance, students must be admitted as a regular student seeking a degree and maintaining satisfactory academic progress. Students are strongly encouraged to visit the financial aid homepage at [utm.edu/departments/finaid/](utm.edu/departments/finaid/) to review the Satisfactory Academic Progress policy and other rules and regulations regarding financial aid. Application for financial assistance, should be made as early as possible after January 1 of the upcoming academic year in which the student plans to attend academic year by completing an
Application for Admission and a FAFSA. The FAFSA is completed online (recommended) at www.fafsa.gov. A paper FAFSA may be requested by calling 1-800-4-FED-AID (1-800-433-3243) if you are hearing impaired, contact TYY line at 1-800-730-8913. The school code for UT Martin is 003531. To receive priority consideration for the coming year, the FAFSA should be processed by February 15.

The Federal Pell Grant and Federal Supplemental Educational Opportunity Grant (FSEOG) program is reserved for undergraduate students seeking their first bachelor’s degree. Students who have completed undergraduate degree requirements must not accept Pell Grant and/or FSEOG funds. Failure to begin attendance in one or more classes may cause a reduction in financial aid which could result in the student owing money back to the university. Students who have completed the requirements for a bachelor’s degree are no longer eligible to receive federal or state grants.

Student Employment Services. The Student Employment Program is an opportunity for students to find part-time and temporary on- and off-campus employment while enrolled at UT Martin. Students are allowed to participate free of charge and regardless of their financial needs. The office is located in the Office of Financial Aid and Scholarships.

Tennessee Education Lottery HOPE Scholarship (TLS) - The Hope Lottery Scholarship is available to Tennessee residents graduating from an eligible Tennessee high school. Students must be admitted to and enroll at least half-time in an eligible Tennessee postsecondary institution no later than 16 months following graduation from high school, home school, or GED program. Students must have a minimum 3.0 final weighted high school GPA or a 21 ACT, home-schooled students must have a minimum 21 ACT, and GED students must have a minimum 525 GED score and a 21 ACT. STUDENT ADVISORY BOARDS

Six student organizations are termed advisory boards. The following is a list of these organizations and information concerning their actives and responsibilities:

Interfraternity Council (IFC) – IFC shall be the supervisory and governing body of all men's social fraternities at the University of Tennessee at Martin.
The specific purpose shall be to instill in the members’ the highest regard for the traditions and standards of the University, to encourage scholastic achievement among fraternity men, to foster social and recreational activities of the member fraternities, to establish and administer policies pertaining to recruitment, pledging, pledge-ship, initiation and general deportment of men's fraternities, and to promote the general welfare of such fraternities. IFC is composed of an executive council and two representatives from each of the fraternities.

National Pan-Hellenic Council (NPHC) – The National Pan-Hellenic Council is composed of nine historically African American Greek Letter fraternities and sororities. The purpose of this council is to present members of the national Pan-Hellenic chapters as a unified source of community, campus, and scholastic service. On the University of Tennessee at Martin Campus the NPHC establishes a standard of excellence and leadership in the African American community as well as the community beyond. NPHC emphasizes academic achievement, social events, and professional activity. NPHC works mutually with their National and State chapters for the purpose of fundraisers as well as community outreach programs. The NPHC stresses and provides action strategies on matters of mutual concern and serves as the conduit through which these action plans are put into effect.

Pan-hellenic Council – The Pan-hellenic Council is the governing body for social sororities on the UT Martin campus, placing emphasis on recruitment and new member regulations and
procedures, fostering a sense of cooperation and understanding, and creating unity among the sororities. The purpose is to uphold the highest ethical characteristics to which they hold other sororities accountable. The Pan-hellenic Council includes two representatives from each of the four sororities at UTM. The council members pride themselves with helping to improve the lives of all Greek women.

**Student Activities Council (SAC)** – The SAC plans and promotes social, cultural, intellectual, and recreational events on or around the UT Martin campus for all the members of the University of Tennessee at Martin. The SAC is a group of student volunteers working to provide fellow students with quality programming in order to enhance the college experience.

The SAC consists of seven standing committees: Art and News and Views, Entertainment, Game Room, Film and Video, Recreation and Travel, and Publicity. These committees provide the students and the University community with quality programming in the Game Room in the University Center, Comedy Series, Sunday movies, outdoor recreation, travel activities, and special athletic promotions.

**Student Government Association** – Every student at the University of Tennessee at Martin is a member of SGA. Students are represented by elected officials, senators, and other appointed members. SGA provides a platform for student issues and concerns, and works with the administration and faculty in all matters affecting the welfare of the student body. The SGA is organized into four bodies:

- **The Executive Branch** is comprised of the President, Vice President, and Secretary General. These elected officials comprise the senior leadership of the student body and make recommendations regarding activities undertaken by SGA and serve as a liaison between the students and the administration.

- **The Legislative Branch** is comprised of senators elected from the five academic colleges who serve as representatives of the students within their individual college. Senators present and vote on legislation pertaining to issues concerning students. Issues encountered by the Senate in the past have included parking lot extensions, academic calendar changes, campus renovation and improvements, recycling and sustainability, campus safety, and cultural diversity.

- **The Judicial Branch** consists of a Chief Justice, Attorney General, Student Defender, and five associate justices. The judicial branch serves to rule on SGA constitutional matters and to hear cases as a Student Court.

- **Freshman Council** is made up of approximately 30 incoming freshmen who serve as representatives that address the needs and concerns of their class. They actively participate in Senate discussions, special projects for the freshmen class, and various campus events and activities.

The SGA Offices are located at 215 Boling University Center.

Undergraduate Alumni Council (UAC) – The Undergraduate Alumni Council (UAC) at the University of Tennessee at Martin was established in 1973 and is a service organization not intended to compete with any other student organization. Student Organizations

The University encourages students to participate in a variety of co-curricular activities and organizations. A complete listing of registered student organizations is maintained in the Student Organization System (OrgSync). Registered Student Organizations (RSO) and Social Greek Letter Organizations are supervised by the Division of Student Affairs in the area of Student Life.

University Liability
Fraternal organizations, sports clubs, and other student organizations, even though permitted to operate on or near University property and even though required to conform to certain prescribed University procedures, are not in any way or manner operated under the general supervision of the University or its trustees, officers, administrators, or employees. Neither the University nor any of its trustees, administrators, officers, or employees is in any way or manner liable for acts or failures to act on the part of such organizations. It is especially noted that the University is not responsible for bodily harm or death to participants in voluntary organizations or activities including athletics, hiking, karate, judo or other such organizations in which risk is incurred.

Types of Status for Student Organization(s)
With the exception of social Greek letter organizations whose relationship with the institution requires a more detailed and exacting peer and administrative review, any group of students may seek to register their organization as an official student organization of UT Martin.

Continuing Registered Student Organizations (RSO)
Any group of at least 10 students meeting the requirements contained herein whose purpose for existing is presumed to endure beyond a given academic semester is considered a Continuing Registered Student Organization.

Temporary Registered Student Organizations
Any group of at least 10 students meeting the requirements contained herein whose purpose for existing is presumed to be less than 90 days is considered to be a Temporary Registered Student Organization.
Inactive Student Organizations
Any organizations which have discontinued activity or failed to complete the required annual update. Inactive status can be granted for two (2) consecutive academic years, and then any additional inactivity will warrant the organization being removed from the UTM student organization roster maintained in the Office of Student Organizations.

Sororities and Fraternities
Any group seeking to establish a social fraternal organization on campus must contact the Office of Greek Life for procedures and policies relative to this action. Registration is granted by the University Council on the recommendation of the Student Life staff. Withdrawal of registration of social fraternal organizations may be initiated by the University administration or the respective governing body with the final decision being the responsibility of the University administration. Social fraternities and sororities shall not be required to reveal their secret rituals provided these rituals do not conflict with local, state, or federal law or with University regulations.

Registration Policy
Although the primary purpose of the University is academic, voluntary associations of students are an important part of the educational process. The University has a positive responsibility to encourage such associations as a means by which students can develop full civic and social awareness. In doing so it neither endorses nor disclaims any particular idea, system of thought, or point of view. The ultimate testing place for all of these is not in any one office or council, but in the minds of responsible citizenry.

When groups of students wish to have a continuous association causing them to congregate for activities on the campus, requiring from time to time the use of University facilities, and holding themselves out of the general public as a group centered on campus, it is proper that they be registered by the University. All registered associations shall be accorded the same privileges and bound by the same obligations. Registration by the University does not constitute endorsement of the purposes or activities of an association by the faculty, administration, or student body.

Student Organization Review Board
The Office of Student Organizations shall utilize an advisory committee for new organization registrations called the Student Organization Review Board (SORB). The review board will consist of the following: the Coordinator of Student Organizations, the University Center Director, a representative from the Office of Public Safety, a Student Government Association representative, a current Student Organization President, and a current Student Organization Advisor. The SORB will review all registration documentation and will render a decision to either “recommend” or “not recommend” the petitioning for approval to the University Council.

New Organization Registration
Any student group may apply for registration by submitting an application packet to the Office of Student Life. All registration forms can be obtained in the Office of Student Organizations.
Application packets for new organizations may be turned in throughout the academic year. Application packets will be reviewed by the Student Organization Review Board (SORB) once each semester. The SORB will meet around fall break during the fall semester and around spring break in the spring semester. Recommendations from the SORB are forwarded to the University Council for action and then to the Vice Chancellor for Student Affairs for disposition.

Registration Process
Step 1:
New organizations begin the process by submitting a Development Intent Form to the Office of Student Life. The Development Intent Form identifies the interest of forming a new student organization and prompts the Coordinator of Student Organizations to schedule a meeting with the interested students. Prior to beginning the registration process to form a new student organization, interested students are required to schedule a meeting with the Coordinator of Student Organizations. The purpose of the meeting is to fully inform students of the University policies and procedures pertaining to student organizations, as well as to discuss the registration and approval process.

Step 2:
New organizations are required to prepare an application packet, which must consist of the following:

1. **Student Organization Information Sheet and Petition** – This document provides the contact information for the interested student leaders and faculty/staff advisor of the proposed organization. A petition must also be included with a minimum of 10 signatures of students interested in joining the proposed organization. All interested students must be in good standing with the University.

2. **Constitution** – Organizations are required to submit a constitution along with their application. Local chapters of regional or national organizations will be required to submit their local constitution and, in addition, any statements of their parent organization to which their local constitution refers or which determine local policy above and beyond that which is stated in the local constitution. The local constitution must contain the following:
   a. The Name of the Organization:
      i. The phrase “The University of Tennessee” is regarded as a trademark and consequently cannot precede the name of a campus organization; however, the phrase may follow the name, e.g., Chess Club at The University of Tennessee.
   b. Statement of Purpose:
      i. Said purpose must include aims and activities legal under local, state, and federal law, and this statement of purpose must be in conformity with written University regulations. It is required that the actual purpose of a student organization conform within the purposes stated within the organization’s constitution.
c. Membership Eligibility Requirements:
   i. Registered student organizations, including those affiliated with an extramural organization shall be open to all students – unless the organization, by its nature, exists explicitly for a certain subgroup – in selecting its membership.
   ii. The organization will not discriminate against any person for reasons which are illegal. This statement must appear verbatim in the organization’s constitution.
   iii. Voting membership in a registered student organization(s) is limited to full-time students of the University, except where membership of faculty or other University staff is consistent with the structure and purpose stated in the constitution.

d. Officers:
   Officers must be full-time students, except for organizations where membership is composed of both faculty and student members, and a faculty member may serve as an officer. To be eligible to serve as an officer of a registered student organization, a student must be in good academic standing at the time of his/her election or appointment and during his/her term of office. In addition, a student may be judged ineligible for the office if found responsible for violating a University Standard of Conduct. When an election is held in a registered student organization, the names of the new officers must be updated online in the Student Organization System (OrgSync) within two weeks.

e. Statement of the Terms of Officers and the Time and Method of Selection:
   i. Officers must be listed by title and function.
   ii. Must include a statement of their terms in office and the time and method of selection.
   iii. Must include the process and under what circumstances that officers can be removed from office.

f. A statement that the president will submit to the Office of Student Organizations an updated list of officers within two weeks of their election and will comply with requests to provide a brief report of their year’s activity.

g. Frequency of Meetings
   i. Must include a statement pertaining to the frequency of meetings and how they will be conducted.
   ii. All meetings should be conducted in an orderly fashion, and members of registered student organizations are expected to conduct themselves in an orderly fashion when attending meetings other than their own. When an organization opens a meeting to the public, it has the obligation to see that any portion of the meeting given over to audience discussion is open to all present, so far as time permits.
iii. Registered student organizations are encouraged to hold their meetings on campus, and University facilities will be made available to them for this purpose whenever possible.

h. Financial Statement:
   i. A statement of any membership dues, including amount and frequency of payment.
   ii. A provision for the disposition of funds remaining in the event of the dissolution of the group must be included.

i. Provisions for a Faculty or Staff Advisor:
   i. All registered student organizations must choose one or more advisors, and a provision for this selection must be included in the constitution, but the name of the advisor(s) should not be listed. Except for local chapters of national social fraternities and sororities, which may have alumni advisors, the advisor shall be a fulltime faculty or staff member. In procuring an advisor, questions regarding faculty or staff status should be referred to the Office of Student Organizations.

j. Constitutional Amendments:
   i. This section must describe the process of how the organization can amend its constitution.
   ii. Any constitutional changes must be reported to the Office of Student Life within two weeks of the organization adopting the changes.

Other information may be required if determined to be necessary by the University Council or the Office of Student Life to facilitate the registration process.

Step 3:
New organizations submit their application packet to the Office of Student Organizations. The packet is reviewed by the Coordinator of Student Organizations. The Coordinator will work directly with the petitioning organization to correct any documentation issues.

Step 4:
The application packet is reviewed by the SORB. A meeting will be scheduled between the petitioning organizations and the SORB. The petitioning organization will have the opportunity to directly answer any questions presented by the SORB. The Coordinator of Student Organizations will communicate the date, time, and location of the meeting to the SORB and the petitioning organizations members.

After review of the organization packet and the student presentation, the SORB will deliberate and issue either a “recommended for approval” or “not recommended for approval” decision.

Step 5:
The petitioning organization packet and the results of the SORB review are forwarded to the University Council for a final decision.
Denied organizations will be informed in writing with rationale for their denial by the Coordinator of Student Organizations.

Approved organizations will be informed in writing of their approval by the Coordinator of Student Organizations.

Step 6:
The Coordinator of Student Organizations will schedule a training session with the leadership of the new organization(s).

- Organizations will not be allowed to begin functioning or use University facilities until the training session has been completed.
- Upon completion of the training session, the Coordinator of Student Organizations will inform the campus facility managers of the newly approved Student Organization.

Denial of Registration
Negative recommendations or denial by the University Council of a student organization may be based on one or more of the following grounds:

1. If the statement of purpose or the proposed activities are illegal under local, state, or federal laws or does not conform with written University regulations.
2. If the organization would, in the opinion of any appropriate University official, constitute clear and present danger to the continued or proper functioning of the University.
3. If the proposed organization duplicates the functions of an existing registered student organization.
4. If any aspect of the registration forms have been found to be fraudulent.
5. If the proposed organization has been recognized as an organization previously but their campus status was revoked for disciplinary reasons, and such time has not passed so that all those involved in the infraction have graduated or left the University.

Appeals
Any decision refusing to register an organization may be appealed to the Vice Chancellor for Student Affairs in writing by the affected organization. When a decision by the University Council is appealed, the Vice Chancellor for Student Affairs shall abide by the following procedures in hearing the appeal:

1. The University Council has the burden of proving the charges against the organization, including the presentation of a detailed statement of why the organization should be denied registration or registration should be withdrawn under the University’s policy governing student organizations.
2. The organization may be represented by an advisor of its choice.
3. The organization may present a defense against the charges. A copy of the charges must have been provided to the organization a reasonable time in advance of the hearing, along with all information available to the University Council in rendering their denial.

It is recognized that the By-Laws of The University of Tennessee as adopted by the Board of Trustees require the approval of the Chancellor on any action of the University Council.
Student Organization Policies

OrgSync
The University provides an online management system for all organizations called OrgSync. OrgSync can be accessed via the UT Martin portal. OrgSync provides a wide range of management tools to assist organizations in their operations. OrgSync is the official method in which student organizations will update their information with the Office of Student Organizations.

At a minimum, all student organizations will be required to maintain the following information in OrgSync:

1. The organization mission, basic contact information, and organization constitution.
2. The organization profile must be updated each year between January 1 and the last day of classes of the spring semester to continue active status.
3. Organizations are required to input their meetings and programming via the Event Request Process available in OrgSync via the organizations OrgSync portal, located under the events tool.
4. The current organization membership (roster) must be maintained in OrgSync.

OrgSync offers many more applications and benefits to assist student organizations. Please contact the Office of Student Organizations to learn about the many other features of OrgSync.

Terms of Registration
Organizations must update their information in the Student Organization System (OrgSync) each year between January 1 and last day of spring semester classes to continue their status as a registered organization. Failing to update information with the Office of Student Organizations may result in a student organization losing its active status and all rights and privileges such status entails. A student organization may be removed from the list of registered student organizations if:

1. The organization does not show a reasonable amount of activity in promoting the ends and purposes specified in its constitution, as evidenced by membership meetings and other activities. Student organizations are expected to comply when requested to provide a brief report on their year’s activities.
2. The organization violates University regulations, including those governing student organizations, or local, state, or federal laws.

Student Eligibility:
Students must maintain a minimum 2.0 GPA to participate in the activities of student organizations. Individual organizations may require stricter GPA requirements if stated in their constitution.

Student Organization Programming:
Student organizations should recognize the importance of the education program of the University and should plan their activities in such a manner as to complement this program. So far as possible, conflicts with major events in the educational program and with scheduled activities of other registered student organizations should be avoided. Activities should not be scheduled during final examination week or on study days.
All student organization programming/events should be registered via the Event Registration Form available in OrgSync via the organizations OrgSync portal.

**Requirement of an Advisor:**
All student organizations must have at least one qualified faculty/staff advisor. Except for local chapters of national social fraternities and sororities, which may have alumni advisors, the advisor shall be a fulltime faculty or staff member. Any full-time member of the University faculty or full-time professional administrator may serve as faculty/staff advisor to a student organization provided he or she has completed one year of service at UT Martin. Those persons not having one year of service must be approved by the University Council. A faculty/staff member who agrees to the request of a student organization to serve as its faculty advisor accepts responsibility for encouraging the organization in its purposes and activities within the limits of University policy. Faculty/staff advisors are responsible for being familiar with the following:

- This policy and other University regulations pertaining to student organizations and speakers.
- The constitution and purposes of the student organization they are advising.
- The activities and projects of their organizations.

The advisor should always be fully informed of any policy or program decisions reached at meetings at which the advisor is not present. Advisors may counsel their organization in the exercise of responsibility, but they do not have the authority to control the policy of the organization. The officers of the organization are responsible for keeping their advisors aware of the policies and actions of their organization. Financial records must be available to the organization’s advisors at all times.

**Non-University Employee Advisors:**
Non-University employees with special interests or talents are permitted to serve as additional advisors to various student organizations with the approval of the Office of Student Life. These individuals will be required to register as a Volunteer/Friend of the University.

**Change of Advisor:**
Organizations should notify the Office of Student Life immediately upon the changing of an organization advisor.

**Transition of Organizations’ Officers:**
Organizations must notify the Office of Student Life within two weeks of new officers being elected. New organization presidents will be required to complete an online training course within two weeks of the notification of their election.

**Affiliations**
Registered student organizations may be affiliated with an organization off the campus where such affiliation is:

1) Clearly indicated by the title of the organization or through its constitution.
2) Consistent with the purposes set forth in the constitution.
3) Not such as to change significantly the nature of the organization as an association of students with primary interest on campus. Affiliation with an extramural organization does not of itself affect the right of a student organization to operate on the campus. When seeking registration, the student organization must make clear those obligations imposed on the local chapter by extramural affiliation.

4) When there is a conflict between the policies and procedures of the extramural organization and those of the University (e.g., policies pertaining to membership eligibility or voting privileges), the obligation of the student organization is to the University and its policies.

Disciplinary Actions and Penalties
Student organizations should respect the rights of all members of the University community. The following categories of conduct subject organizations to disciplinary action by University officials ranging from disciplinary warnings to withdrawal of charters. This list includes, but is not limited to: hazing, disorderly conduct, interference with activities of the University or other organizations of individuals, poor academic performance or social misconduct, and improper discrimination.

Change or Amendment Affecting the Nature or Purpose of an Organization
Any change or amendment affecting the nature or purpose of the organization as originally approved must also be approved by the University Council, and a current copy of the constitution must be on file in the Office of Student Life.

Organizations wanting to change the organization name only (purpose and function must remain the same), can do so by submitting an updated constitution to the Office of Student Life.

Alcoholic Beverages
University policy prohibits any student organization from serving or permitting the consumption, possession or display of any alcoholic beverage or containers at any time, or by anyone on University premises. Student organization officers are responsible for refusing admission to their social gatherings of persons under the influence of alcoholic beverages. Student organizations sponsoring any social affairs are responsible for the general decorum of the event. Any student and/or organization can be sanctioned for any UTM Standards of Conduct violations whether on or off campus if the Office of Student Affairs is notified or contacted.

Fraternity and Sorority Regulations
The following regulations are set forth as guidelines for active fraternity and sorority chapters duly registered as campus organizations:

Pledging and Initiation
First-Year students may pledge and be initiated under the following conditions:

1. A first-year student of full-time status at the University of Tennessee at Martin may pledge an IFC fraternity or NPC Sorority during his/her first semester as a student if allowed by the group’s constitution or new member policy. NPHC organizations usually only intake students with at least a sophomore standing.
2. First-Year students pledged to be initiated must be full-time students and have on record twelve semester hours of passing work with twenty-four quality points passed during the immediately preceding semester or summer school, unless the organization’s National Constitution contains a program for earlier membership.

3. Full-time students of sophomore, junior or senior classifications may be pledged and initiated during the same semester if they have a cumulative grade point average of 2.00.

4. To be initiated, a student at the University of Tennessee at Martin must be in good standing with the University free of academic or disciplinary probation.

Chapter Status, Initiation
1. All candidates must have at least a 2.00 cumulative grade point average before initiation into a fraternity or sorority.

2. When an IFC, NPC, or NPHC fraternity or sorority’s GPA falls below a 2.00 for two consecutive semesters, that group becomes ineligible to participate in intramural sports competition; to sponsor parties or socials; and the right to participate or sponsor other activities as deemed appropriate by the Coordinator of Greek Life or until such time that the semester GPA rises to a 2.00 or better.

3. All activities of fraternities or sororities, including recruitment, intake, pledging, initiation, chapter houses, housemothers, social functions, NPHC, NPC, and IFC are under the jurisdiction of the Office of Student Affairs and the Coordinator of Greek Life.

4. No hazing in any form is permitted. “Hazing” means any intentional or reckless act, on or off the University property, by one student, acting alone or with others, which is directed against any other student or students, that endangers the mental or physical health or safety of that student(s), or which induces or coerces a student to endanger him or her mental or physical safety, and includes treatment of a violent, abusive, shameful, insulting, or humiliation nature. All Greek organizations are required to sign an anti-hazing contract at the beginning of each semester. Such action is prohibited when connected with initiation into or affiliation with an organization and does not include participation in customary athletic events or similar competition. Emphasis is placed instead on instruction in the ideals of the fraternity and service to the University and community.

Intercollegiate Athletics
The UT Martin Intercollegiate Athletics program consists of 17 sports. The NCAA men’s sports are: football, basketball, baseball, golf, rifle, and cross-country. The NCAA women’s sports are: basketball, volleyball, softball, tennis, cross-country, soccer, rifle, and equestrian. Non-NCAA sports include: men’s & women’s rodeo and cheerleading.

The UT Martin Skyhawks participate in Division I of the NCAA and are members of the Ohio Valley Conference. The rodeo team competes in the Ozark Region of the National Intercollegiate Rodeo Association.

Opportunities in ROTC

**Cadet Professional Development Training (CPDT)** – Annually, the Department of Military Science and Leadership coordinates training opportunities for cadets to attend Airborne, Air Assault or Mountain Warfare School. Given the difficulty and physical rigor associated with these Army schools, opportunities are limited to cadets who are physically fit and capable of executing all course tasks. Course graduates obtain a training diploma and are eligible to wear the associated skill badge on their uniform. For more information, refer to the ROTC website.

**Cadet Troop Leadership Training (CTLT)** – CTLT is an internship program which attaches individual cadets to an active Army unit for a period of three weeks. In addition to exposing cadets to the Army, they also become familiar with the duties and responsibilities of junior officers. Cadets must complete the Leader Development and Assessment Course at Fort Lewis as a prerequisite to this internship.

**UT Martin Rangers** – The Rangers are a highly trained, elite and motivated organization under the direction of advanced-course ROTC students and are supervised by the Department of Military Science and Leadership cadre. Membership in the Rangers is limited to students who are enrolled in military science and interested in developing skills associated with patrolling, mountaineering, survival training, weapons and similar activities. Members must meet medical standards required of contracted ROTC cadets and maintain a GPA of 2.0 or higher.

**ROTC Color Guard** – The Color Guard presents the national colors, state flag and University flag at intercollegiate athletic, University and community events.

**Fine and Performing Arts Opportunities**

**Accompanying** offers opportunities for performance with vocal and instrumental soloists, as well as with instrumental ensembles. One credit hour. Opportunity to accompany on a non-credit basis is also available.
