Curriculum Standards: (CAPS) Grade 5 English Home Language Term 21 Weeks 1 & 2

#### Summary of the unit

In this unit, we will be looking at stories about wild animals. In South Africa we are fortunate to have the world-famous Kruger National Park right here. Visitors come from across the globe to visit this park, famous for all the wild animals that it provides a home to. It is not surprising that we find many African stories about wild animals in circulation. In this unit we’ll be reading and discussing some of these stories. As we read the story, try to notice the story elements. A story has five basic but important elements. These five elements are: the characters, the setting, the plot, the conflict, and the resolution. These essential elements keep the story running smoothly and allow the action to develop in a logical way that the reader can follow. We’ll introduce three short stories. (A short story is a story that can be read in a single sitting.) One will be a listening skill, while the other two make up reading activities. In the writing activity, the learners will read and write a book review about an animal; they will write a summary of a story about a wild animals and they will create a story about a wild animal. In language activities, the learners will explore nouns, synonyms, simple present tense, suffixes, prefixes and punctuation.

**Educator preparation for the whole unit before starting**

1. Read through the activities in this unit and familiarise yourself with them and what resources they require so that you can be totally prepared before the unit begins.
2. Identify some of the necessary vocabulary for this unit and write the words onto wordlists. Constantly revise the vocabulary and ensure that the learners’ understanding of the terminology is consolidated. Try to include two spelling tests over the two week period.
3. Note that this unit does not include any reading activities based on the Graded Readers used by the class or the Grade 5 Home Language Reader used by the class.
4. Note who might need remediation and extension and plan accordingly by finding relevant activities for learners who come to your notice.
5. Try to include other interesting language games that the learners will enjoy over this two week period.

Assessment

Assessment in Unit 1 is Informal Baseline Assessment. For the majority of the activities, the educator keeps a record of the learners’ general progress in acquiring the prescribed listening and speaking, reading, writing and language convention skills. Choose your own form of informal assessment. Note the marking memo guide for the activities under the relevant activities for each skill. The rating scale below, in the Formal Assessment section could also be used.

Listening and Speaking: Stories about wild animals

In this unit, we will be working with stories about wild animals. Place the learners in groups so that they can easily discuss the questions posed about the unit content:
- Have you ever visited the Kruger National Park or another wild animal park? If so, tell your group about it.
- What are your favourite stories about wild animals?

Ensure that the group members have roles such as Organiser (keeps the group together), Time keeper (keeps the group on time, a Recorder (writes down any necessary information brought to light by the group) and a Reporter (reports back to the rest of the class.) Other roles can also be encouraged such as an Encourager who makes everyone feel that their contribution is worthwhile. Learners take turns when discussing questions. Let the groups report back their findings to the rest of the class.
Informal assessment
Walk around as the learners are discussing the questions and make general notes about each learner's oral communication progress.
