Invitation to Participate

Hundreds of years before ‘Riverdance’, an anonymous 14th Century Irish poet invited one and all to “Come Dance With Me in Ireland”.

We offer a similar invitation to FIATA and its member associations, and wish you “Cead Mile Failte” (A Hundred Thousand Welcomes) to this “Island off an Island” on the western edge of Europe.

Freight Forwarding began in Ireland in the mid 1920’s when Lep Transport set up operations in Dublin. There were some further local additions during the 1930’s but it was not until foreign direct investment in the 1960s and 1970s, that an upsurge in the number of freight forwarders took place. To-day, in spite of amalgamations in recent years our association has over 110 full trading members.

Since the late 1970’s training of staff members plays an important part in our activities. In fact, Certificates of Competence in Freight Forwarding were presented to successful participants of our freight forwarding course during the last FIATA Congress held in Dublin, in 1981.

Since 1995 we have been offering the FIATA validated Diploma in Freight Forwarding and our method of delivery has evolved to eLearning. This means that we are not confined to any particular area or time. Our education policy is to stay in line with developments in the cargo sector and developing technological advancements.

In keeping with the theme of the Conference in 2016 - “Ireland: Where Networking Comes Naturally” - we are very keen to generate an enthusiasm for networking amongst freight forwarders who, at the same time, can enjoy the friendly atmosphere of our city and country. To this end we have joined with professional conference organizers, Conference Partners.

Centered around industry expectations and the challenges ahead, the 2016 Congress will focus on latest developments and innovations, new trends in global logistics, regulation, education services, best practice and trading solutions in an ever changing global market. Networking will serve as a core focus prior to and throughout the Congress program, from the exhibition to the tea and coffee breaks and from the gala dinner to the ancillary delegate options.

We look forward to the opportunity to wish you, a “Cead Mile Failte” to Dublin’s Fair City in 2016.

Paddy Kenny
Congress Treasurer
Irish International Freight Association

Colm Walsh
FIATA Coordinator
Irish International Freight Association

“As Minister for Transport, Tourism and Sport I am responsible for supporting the growth of a competitive and sustainable tourism industry and I am, therefore, delighted to support the Irish International Freight Association in its bid to host the International Federation of Freight Forwarders Associations (FIATA) World Congress in Dublin in 2016.”

LEO Varadkar T.D.
Minister for Transport, Tourism & Sport
Department Transport, Tourism & Sport (currently Minister for Health)
“FIATA is the largest non-governmental organisation in the field of transportation. Its influence is worldwide.”

FIATA, a non-governmental organisation, represents today an industry covering approximately 40,000 forwarding and logistics firms, also known as the “Architects of Transport”, employing around 8 - 10 million people in 150 countries.

It is recognised as representing the freight forwarding industry by many other governmental organisations, governmental authorities, private international organisations in the field of transport such as the International Chamber of Commerce (ICC), the International Air Transport Association (IATA), the International Union of Railways (UIC), the International Road Transport Union (IRU), the World Customs Organization (WCO), the World Trade Organization (WTO), etc.

**aims and objectives**

**FIATA’S MAIN OBJECTIVES ARE TO:**

- Unite the freight forwarding industry worldwide
- Represent, promote and protect the interests of the industry by participating as advisors or experts in meetings of international bodies dealing with transportation
- Familiarise trade and industry and the public at large with the services rendered by freight forwarders through the dissemination of information, distribution of publications, etc.
- Improve the quality of services rendered by freight forwarders by developing and assisting with vocational training for freight forwarders, liability insurance problems, tools for electronic commerce including electronic data interchange (EDI) and barcode.

**fiata 2016**

Scheduled to be held in Dublin, Ireland, October 3rd - 8th, 2016, the FIATA World Congress is the event of the year for the international freight forwarding community and for anyone involved in global logistics.

Coinciding with the 90th anniversary of FIATA, this world congress is already gearing up to be an especially important congress with a strong emphasis on global networking and on creating a forum that will also appeal to the next generation of cargo professionals.

Centered around industry expectations and the challenges ahead, the 2016 Congress will focus on latest developments and innovations, new trends in global logistics, regulation, education services, best practice and trading solutions in an ever changing global market.

Among the many important topics planned for the event, FIATA-2016 will cover key topics such as innovation, education, technology, compliance, environment and supply chain management.

“NITL strongly supports the efforts of the IIFA to bring the event back to Ireland. For our part, we will actively support our IIFA colleagues in whatever way we can to make the event a resounding success.”

DR EDWARD Sweeney
National Institute for Transport & Logistics

First organized in the year 1926, the FIATA World Congress has assembled 53 times up until today, bringing the top representatives and decision-makers of the logistics sector under one roof. These Congresses, which are organized in different countries every year, take the pulse of the world logistics sector regarding the issues of international collaboration, information sharing, innovation, and sectoral developments. As one of the largest and most important organizations of the sector, FIATA World Congresses have become an international platform where all actors in global logistics gather to raise their voice and speak for their sector.

The FIATA World congress attracts up to 1,000 plus high profile delegates who are the key decision makers within their companies and who can actively promote change within their organisation. We believe that exposure at this event would be hugely beneficial as this is an ideal setting to network, build and forge new relationships while at the same time creating awareness of your offering to our prestigious attendees.

**FIATA Institutes and Advisory Bodies**

**AIRFREIGHT INSTITUTE**
For over four decades the Air Freight Institute (AFI) has actively pursued its mandate to define, craft and promote the role of the forwarder in international air cargo. To further its mission, the Air Freight Institute has developed ongoing relationships with numerous stakeholders in the air transport industry, beginning with FIATA’s own national forwarding association members, but inclusive of a wide spectrum of others ranging from non-governmental organizations, special interest groups, government bodies, regulators, carriers, shippers, consignors, customs groups, legal specialists, cargo risk underwriters and technology providers.

**CUSTOMS AFFAIRS INSTITUTE**
The strategic CAI Agenda addresses items that are of major concern to the freight forwarding industry by observing, examining and influencing all customs security policies to defend the interests of FIATA members. It aims to leverage a partnership between global customs authorities and FIATA members in protecting trade and industry from customs related fraud and security threats, (e.g. the EU Commission TAXUD Taxation and Customs Union Directorate-General) in order to improve productivity and revenue. Through the WCO, WTO, UN/ECE UNCTAD, ICC, IRU and other relevant bodies, this Institute promotes and encourages closer coordination between customs authorities to secure commercial benefits for FIATA members.

**MULTIMODAL TRANSPORT INSTITUTE**
The purpose of the MTI is to keep freight forwarders advised of legislative developments and their implementation where it may impact their activities. MTI represents the global freight forwarding industry to international organizations and furthermore, keeps the freight forwarding industry up to date concerning ongoing talks with and the decisions of these bodies (e.g. ICC, UN, UIC, IRU). The MTI is also involved in policy making.
“As you are aware, DHL is the global market leader in the logistics industry — leading the way in international express, air, ocean and road freight - rail transportation and contract logistics across 220 Countries. Our local business in Ireland is called upon regularly to host events with visitors coming from all over the globe and the feedback we receive when our own events are facilitated here is always exemplary”

TERESA Tyrrell
Head of Marketing DHL Global Forwarding Ireland

FIATA Advisory Bodies

ADVISORY BODY OF INTERNATIONAL AFFAIRS (ABIA)
The ABIA aims to establish and strengthen FIATA’s relations with International Organizations & Multilateral Institutions such as the United Nations, UN Bodies, the World Bank, Asian Development Bank and other key NGOs, directly or indirectly connected with international trade and the logistics industry. It seeks to increase FIATA’s visibility on the global canvas.

ADVISORY BODY OF INFORMATION TECHNOLOGY (ABIT)
The ABIT is tasked with working closely with UN/CEFACT, ISO and other technology standard setting organizations to ensure that technology used throughout the logistics industry is taken into consideration when new standards are proposed and implemented. ABIT is also involved in the projects undertaken by the UN/CEFACT’s Transport & Logistics Domain (T&L D) and the International Trade Procedures Domain (ITPD).

ADVISORY BODY LEGAL MATTERS (ABLM)
Legal issues are key for those operating in the area of freight forwarding whether in their own jurisdiction or internationally. Keeping forwarders advised of legal developments around the world is therefore of prime importance for this body as is advising the association of action it may take in relation to legal developments to protect the interests of its members.

ADVISORY BODY SAFETY AND SECURITY (ABSS)
In the primary aim of the ABSS is to support the various FIATA institutes with up to date information on the very many international rules and regulations pertaining to security and safety governing the freight forwarding industry as it impacts on aspects including Air freight, Ocean freight, Multi-modal, Dangerous Goods Handling and Training. The Advisory Body Security and Safety is made up of persons within the freight forwarding industry from America, Europe and Asia in order to cover the global impact security has on our industry. In addition the members in their own rights have involvement in other Security and dangerous goods groups, thus enabling the Body to serve as an interface between various organizations related to and working with FIATA members.

ADVISORY BODY VOCATIONAL TRAINING (ABVT)
ABVT is the knowledge centre of professional education within FIATA and has been so since 1996. ABVT has constantly worked to build up a solid reputation as a major contributor to the development of training in the freight forwarding industry. It operates as a knowledge champion in the international freight forwarding and supply chain management fields. ABVT has developed significant tools to maintain and elevate the standards of the industry.

REGIONAL GROUPS
The objective of the Regional Meetings is to bring forward the regional issues, and if necessary submit them to the Institutes and technical bodies of FIATA. The intention being to identify and assist regional members in solving their local industry problems. Another important objective is to gain synergies between the member countries of the region and to import and export these benefits to other associations.

We want our exhibitors to demo their new innovations or launch a product live at the FIATA World Congress. Thus we’ve created the perfect industry platform for them to reserve and pitch their unique offering to our attendees. This is an effective way to create a collaborative environment between the exhibitors and potential new clients. It also gives attendees who are looking to achieve cost efficiencies in their organisation a demo of the latest technology and innovations available to them in the industry. Exhibitors can ensure their target audience attends by inviting them to join their discussion, connecting with them in advance by communicating the date of their presentation thus allowing attendees to plan their visit to FIATA 2016 and take in their presentation.

• Build deeper relationship with both your current and prospects customers
• Gain access to valuable information and knowledge
• Enhance your strategic position in the market
• Maximise your return on investment
• Engage delegates through parallels and workshops

the venue

Prepare to experience a congress location like no other, right in the heart of Dublin! Positioned in Spencer Dock on the banks of the River Liffey, the Convention Centre Dublin (www.theccd.ie) is Ireland’s new world-class, purpose-built international congress and event venue.

Providing an exceptional venue for Irish and International congresses and corporate events, the centre’s iconic status combines spacious, flexible and elegant congress halls, leading-edge technology with expert management and an extensive range of support services. All the halls and meeting rooms are Wi-Fi enabled.

A tram station (Luas) is located at Convention Centre Dublin which allows quick and easy transport to and from the centre of Dublin. The journey is less than 5 minutes from the city centre. There is also easy access from the airport and by road. It is possible to rent meeting rooms.
EXHIBITION OPPORTUNITIES AT THE FIATA 2016, CCD DUBLIN, WEDNESDAY 5TH – FRIDAY 7TH OCTOBER 2016

Department Transport, Tourism and Sport

“I am very pleased that this important meeting will provide Dublin and Ireland with an opportunity to be showcased on an international arena, highlighting the excellent conference and meeting facilities that are available in the city as well as our experience in the industry. The Department is confident that Dublin will provide the backdrop for a memorable and successful event.”

LEO Varadkar T.D.
Minister for Transport, Tourism and Sport
Department Transport, Tourism and Sport
(currently Minister for Health)

Irish Business and Employers Confederation (IBEC)

“We understand that there is already a strong relationship between the IIEA and FIATA and we would welcome the networking opportunities between the broader business community in Ireland and FIATA’s international association members that this Congress would bring to Ireland.”

DR. PAT Ivory
Head of EU and International Development
IBEC Limited

National Institute for Transport & Logistics (NITL)

“From a logistics and freight forwarding perspective, Ireland’s export-orientation and the fact that we are an island nation, has contributed to the development of truly world class capability in this area.”

DR EDWARD Sweeney
National Institute for Transport & Logistics

Aer Lingus Cargo

“Dublin now enjoys some first class conference facilities compared to the last FIATA conference hosted in 1981, and is ideally placed to as a gateway to/from Europe to enable all the FIATA members worldwide to meet here.”
