Official Election Mail Logo

The Official Election Mail™ logo is a unique registered trademark designed exclusively for inclusion in the design of Official Election Mail. The United States Postal Service® created the logo in cooperation with the Joint Election Official Liaison Committee to help federal, state, and local government election officials carry out their responsibilities under the National Voter Registration Act of 1993. The logo design features an interpretation of the stars and stripes of the American flag, and the words “Official Election Mail,” clearly visible over the designation — “Authorized by the U.S. Postal Service.”

We intend for this guide to provide information regarding the proper usage of the Official Election Mail logo in accordance with Postal Service™ rules and regulations, and to ensure mail containing the logo can be processed in an efficient and cost-effective manner. Correct usage of the logo by election officials helps to ensure the intent and credibility of this symbol remain intact.

The Official Election Mail logo should be used on any mailpiece created by an election official that is mailed to or from a citizen of the United States for the purpose of participating in the voting process. This includes balloting materials, voter registration cards, absentee applications, polling place notifications, and voter reply mail. The logo should be used on all classes of mail and all processing categories however, it is not intended to upgrade service or substitute for postage.

When the Official Election Mail logo appears on a mailpiece, voters recognize the mail as important and distinct from partisan political mailings. Additionally, the logo serves to identify Official Election Mail for Postal Service workers and distinguish it from the thousands of other mailpieces that are processed daily.

Since this logo is a registered trademark, it is important for election officials to:

- Read and comply with the requirements for its use.
- Call 855-593-6093 to consult with a Postal Service Mailpiece Design Analyst to determine how to incorporate the logo into the design of Official Election Mail. Or you can send your request or questions to mda@usps.gov.

- Avoid having the logo encroach upon the the address area and the area for the indicia or postage stamp and the exclusion zone (shown in gray in the graphics). The exclusion zone, which establishes a clear area for a USPS cancellation mark, is 44 mm in length, with its right edge placed 72 mm from the mailpiece’s right edge and its bottom edge placed 23 mm from the top of the mailpiece.
- Except for the indicia and the USPS FIM mark, avoid placing graphics or print in the exclusion zone, because they might obscure the legibility of the USPS-applied cancellation mark if used.
