CORRECTIONS INTERNAL AFFAIRS SPECIALIST

JOB DESCRIPTION

Employees in this job function as professional specialists, with responsibility for an internal affairs investigative program or specialty area, or as an administrative assistant to a manager, administrator, or executive. Such positions, designated as specialists by the appointing authority and accepted and classified as such by Civil Service, require advanced knowledge in the field of work. In addition, the positions are responsible for highly complex assignments, the scope of responsibility is significant, and the job functions have considerable impact within the department. Positions in this job typically do not supervise.

There is one classification in this job.

Position Code Title - Corrctns Intrnl Affrs Spl-2
Corrections Internal Affairs Specialist 13

The employee functions as a second-level specialist or as an administrative assistant to an office director, division director, or equivalent-level administrator.

NOTE: There are two professional specialist concepts:

Specialty Area: Functions administered by an agency to provide a product or service to the agency’s constituency. Specialty areas must be of significant breadth, depth, complexity, and importance to the agency. Such positions are typically responsible for providing expert advice in the area of specialty to department management, outside entities, and/or the public: directing and conducting highly complex studies and analyses without technical direction; and developing and monitoring procedures, guidelines, and policies that are the foundation of the program or specialty area.

Appointing Authority designation as a specialist is required at all levels for positions assigned a specialty area. To determine if the specialist job exceeds the 13-level, the position must be evaluated by the Appointing Authority using the Professional Specialist Position Evaluation System factors to recommend the appropriate classification level.

Administrative Assistant: Professional positions that have as their predominant and essential function the responsibility to advise and assist a manager, administrator, or executive in all areas for which the official is responsible. Typically, the position does not have supervisory responsibility, but participates in a staff capacity in budget development, personnel matters, program planning, policy and procedure development, meetings on behalf of the supervisor, and other areas of the supervisor’s responsibility.

Appointing Authority designation as the Administrative Assistant is required at all levels. Determination of classification levels for administrative assistant positions is based upon the duties assigned and the reporting relationship.
