Wayne Dalton uses a calculated door section R-value for our insulated doors.

Pinch-Resistant Door Panels
Designed with award-winning safety and technology features including pinch-resistant door panels.

Detailed Construction
Three-section styling on 7’ high doors gives a custom design look. Our 8’ high doors have four-section styling. All panels have finished interiors and low-profile hinges.

Insulation
Model 9700 comes with foamed-in-place polyurethane insulation with an R-value of 10*, which can improve the thermal efficiency of your garage space, help block street noise and make the door operate more quietly.

Windsafe™
Model 9700 is available with hardware and reinforcements to comply with building codes in regions with high winds.

Pinch-Resistant Door Panels
Designed with award-winning safety and technology features including pinch-resistant door panels.

TorqueMaster® Plus Counterbalance
Wayne Dalton’s exclusive counterbalance system safely and cleanly contains the springs inside a steel tube.

Detailed Construction
Three-section styling on 7’ high doors gives a custom design look. Our 8’ high doors have four-section styling. All panels have finished interiors and low-profile hinges.

Make your home the envy of the neighborhood.

The Model 9700 garage door adds the final touch to the design of your home. It comes in a wide variety of styles, finishes and options to make your home stand out from the rest.
