Maintenance Made Easy
Our **Pro Series** Peristaltic pumps deliver professional quality as well as features that make operation and maintenance simple. The quality is easily seen in the **Pro Series’** durable plastic construction that is resistant to swimming pool, spa and hot tub chemicals.

Some other features you will enjoy include:
- A quick release cover for fast tubing access
- Electronic controls for extended motor life
- A three-way switch control for priming, shock feeding or stopping feed without disturbing your feed-rate setting
- Self-priming pump
- Includes Clear Tygon (Chlorine) and Black Norprene (Acid or Chlorine) Tubes
- 30 psi rating
- 18-ft. suction lift
- Pumps operate on 9-minute cycles
- Available in 120V or 240V corded or permanent wire
- Maximum amps – 2.5
- One-year limited warranty (tubing not included)

DIGITAL ORP/pH CONTROLLER WALL SYSTEM

554000
Digital ORP/pH Controller
INCLUDES:
Controller, flow cell with flow switch, probes, 3/8" tubing, fittings.

TECHNICAL SPECIFICATIONS:
- Factory Setting: 7.4 650 mV .6 sec.
- Display Range: 6.8 – 8.2 0 – 995 mV
- Setpoint Range: 7.0 – 8.0 400 – 900 mV
- Feed Cycles: .6 to 900 sec with 5-minute analysis periods
- Power: 120V corded
- Feed: Automatic or manual
- Maximum Amps: 5 Amps
- Probes: One-year limited warranty
- Controller: One-year limited warranty on electronics

DIGITAL ORP/pH CONTROLLER FEATURES:
- Digital readouts
- ORP technology
- Redox sensor
- Proportional feed or continuous feed
- Dip switch programmable settings
- Flow switch included
- Lockout security feature
- Built-in out-of-range safety timeouts
- pH calibration
- Acid or base feed
- Microprocessor logic
- Globe flow cell with flow switch
- Compatible with most peristaltic pumps
- Can also be used with erosion feeder/solenoid applications
- Manufactured in the USA

Ready-To-Mount Wall System
INCLUDES:
Controller, flow cell with flow switch, probes, 40’ of 3/8” tubing, fittings and 2 peristaltic pumps.
- Mounting board is pre-drilled and ready to mount on wall
- NOTE: when ordering the Ready-To-Mount Wall System, it is necessary to order the individual component part numbers.
- NOTE: It is recommended that an in-line filter system be used before the flow cell.

550158 Mounting Board ONLY
**DIGITAL pH CONTROLLER WALL SYSTEM**

**RECOMMENDED FOR USE WITH CHLORINE (SALT) GENERATORS**

**DIGITAL pH CONTROLLER FEATURES:**

- pH Monitoring from 6.8 pH to 8.2 pH with 0.1 pH Resolution
- Set Level from 7.0 pH to 8.0 pH
- Dosing Options from Continuous to up to 15 Minutes
- Factory Set 5 Minute Delay in Timed Feed Mode
- Factory Set High (8.0 pH) and Low (7.0 pH) Alert Levels
- Single Button Calibration
- Overfeed Alert after 30 Minutes in Continuous Feed and 30 Feed Cycles in Timed Feed Mode (Requires Hard Reset)
- Easy to Read, Sun-Bright LED Display
- Configure for Acid or Base (Jumper)
- Compact Package (Approx. 7” x 5” x 3”)
- Configured for 120 VAC (Input/Output)
- Flow Switch Compatible
- Bright LED Indicators for Feed, Alert and Flow
- Manufactured in the USA

---

**Digital pH Controller**

Designed to be used for pH control where Chlorine Generator (Salt System) is installed.

**INCLUDED:**
- Controller, flow cell with flow switch, pH probe, 3/8” tubing, fittings.

**Ready-To-Mount Wall System**

**INCLUDES:**
- Controller, flow cell with flow switch, pH probe, 40’ of 3/8” tubing, fittings and peristaltic pump.

**NOTE:**
- Mounting board is pre-drilled and ready to mount on wall
- When ordering the Ready-To-Mount Wall System it is necessary to order the individual component part numbers
- It is recommended that an in-line filter system be used before the flow cell

**550158 Mounting Board ONLY**

**554200 Digital pH Controller**

Designed to be used for pH control where Chlorine Generator (Salt System) is installed.

**INCLUDED:**
- Controller, flow cell with flow switch, pH probe, 3/8” tubing, fittings.

**Probes:** One-year limited warranty

**Controller:** One-year limited warranty on electronics

**NOTE:** It is recommended that an in-line filter system be used before the flow cell

NO MORE CLOGGED FLOWMETERS!
ROLA-CHEM’S FLOWMETERS HAVE A WIDE CHAMBER THAT GREATLY REDUCES MINERAL DEPOSITS BY ALLOWING HIGHER FLOW VOLUME.

They have been designed to be compatible with practically every existing flowmeter, so you can replace your old clogged flowmeters with these accurate, easily serviced units from Rola-Chem. Rola-Chem flowmeters are built to withstand water temperatures up to 200°F and are manufactured to work with schedule 40 PVC pipe.

ACCURATE READINGS
- Our heavy-duty gasket ensures airtight seals

VISUAL INDICATOR
- Calibrated on both sides in gallons and liters per minute

Rola-Chem offers a range of heavy-duty tanks and covers available in 5, 15, 30, and 55 gallon sizes. They are precision molded of high-density polyethylene polymer which is highly resistant to corrosive solutions. For your convenience, tanks and lids are sold separately.

**FEATURES:**
- Heavy-Duty Construction - formed from high-density polyethylene
- Translucent - allows visual check of chemical level
- UV Protected - solar rays will not damage chemicals

The **Power Spa Vac** makes cleaning easy. The body is made from high-impact polymer resin. The aluminum telescopic pole allows the vacuum to be adjusted to lengths that are suitable for different height spas and pools. The DC motor operates on eight AA size batteries (batteries not included).

**FEATURES:**
- Easy to operate
- AA battery powered
- Quick removable filter with ultra fine stainless steel screen
- Detachable scrubbing brush
- The telescopic pole is extruded aluminum

**SET-UP**
- Remove Handle Cap and carefully slide battery holder out of handle to access batteries. Place batteries into holder – note positive and negative on batteries (negative side of battery toward spring).
- Check Nozzle to see that it is secure. To remove, twist and pull.
- Check Filter, Tube and Check Valve. To remove, twist and pull.

**USING POWER SPA VAC**
Push the Power Switch to “ON” and submerge the nozzle into water. Avoid putting the Switch below water (although it is water resistant). After cleaning, remove the filter and clean. For larger cleaning jobs you may need to clean filter before cleaning is completed (suction will be reduced as filter fills up). Replace filter and continue cleaning or store Power Spa Vac for next use.

PARADISE SPA VAC™
DESIGNED TO BE A SIMPLE, INEXPENSIVE SOLUTION FOR CLEANING YOUR SPA OR POOL.

FEATURES:
• Self-contained spa vacuum
• NO pumping
• NO batteries
• NO water hook-up
• Aluminum telescopic pole extends to over 7 feet
• Picks up rocks, pennies, marbles, beach sand, etc.

The PARADISE SPA VAC™ is available in Blister Pack, Single Box, 6-pk. Display or 12-pk. Display configurations.
PARADISE SPA VAC™ - HOW IT WORKS...

STEP 1:
Place your thumb over the end cap hole, put the Paradise Spa Vac™ into your spa or pool...

STEP 2:
... release your thumb from the end cap...

STEP 3:
... and watch the sand, pennies, and even small pebbles easily enter the clear polycarbonate chamber.

PARADISE SPA VAC™ IS CONSTRUCTED WITH STATE-OF-THE-ART MATERIALS AND IS LIGHT, PORTABLE, EASY TO USE AND LONG LASTING.

STEP 4:
When you are finished cleaning, remove the lower cup assembly and empty the contents. Rinse out filter area. It’s that easy!

THE PARADISE SPA VAC™ IS CONSTRUCTED WITH STATE-OF-THE-ART MATERIALS AND IS LIGHT, PORTABLE, EASY TO USE AND LONG LASTING.

POOL SENTRY

M-3000 POOL SENTRY™
IT KEEPS AN EYE ON YOUR WATER LEVEL SO YOU DON’T HAVE TO.

THE POOL SENTRY™ is used to maintain the water level of a pool, spa or pond automatically and unattended. When the Pool Sentry is removed from the box, it is easily assembled by threading the fill tube into the float valve. Snap the fill tube and float valve into the base and fill the base with small rocks or pea gravel. Next, snap the top cover onto the base and attach the garden hose (not included). Finally, adjust the float to the desired position.

The supply water stays on at all times when the Pool Sentry is in the pool. As the float drops, the water turns on. When the float reaches its set height, the water shuts off. The customer can adjust the float to any desired level, usually a point halfway on the tile line or skimmer.

Because the hose is under constant water pressure, it is essential that the customer uses a heavy-duty, reinforced hose. With a flyer in each box, we offer an aftermarket hose to the customers. It is rated to 200 psi working pressure and 750 psi burst strength.

FEATURES:
• Protects pool pump against burnout
• Maintains water level while on vacation
• Use for rental or vacant homes
• Fills pool after acid wash
• No tools required – simply attach hose
• Controls level in leaking pools, ponds or spas
• Unattached operation
• COMPLETELY PORTABLE!

## Turbo Brush

**A MUST FOR HOMEOWNERS AND POOL PROFESSIONALS**

**Features:**
- Effortless one-handed brushing
- 18” curved brush with synthetic bristles or combo bristles (synthetic & stainless steel mixed)
- Fin holds brush against pool wall and floor
- Slotted design reduces drag when pulling up

**Turbo Brush Fin** is also sold separately and fits most ordinary pool brushes.

## Corner Brushes

**Cleaning Power Where You Need It**

**Features:**
- Easily cleans corners, crevices, ledges & other hard-to-reach areas
- Available with synthetic or stainless steel bristles
- Fits pool pole or threaded broom handle
- Unique pointed bristle design
- Use for pool and spa steps, jets and lights

Ultrashine Vinyl & Leather Cleaner™ cleans, conditions and protects vinyl and leather; is excellent for spa covers, boat and auto upholstery, furniture and shoes. Simply spray on and wipe off with a soft cloth. With a fresh new leather scent, Ultrashine Vinyl & Leather Cleaner™ is available in 24-oz. pump and handy 2-oz. spray.

Ultrashine Plus™ cleans, polishes and protects many types of plastic. Simply spray on, wipe off and lightly buff with a soft cloth. It can also be used on glass, chrome, marble, stainless steel and porcelain. It’s great on spas, boats, personal watercraft and computer screens. Available in 24-oz. pump and handy 2-oz. spray.

PERFECT FOR:
- **SPA/POOLS** – spa covers, pillows, pool covers, inflatable toys
- **Automobiles** – leather seats, floor mats, side moldings & trim, dashboards, vinyl tops, tires
- **Marine & RV** – upholstery, vinyl covers, vinyl window, motorcycle & personal watercraft seats
- **Household** – vinyl & leather furniture, handbags, shoes, patio furniture

PERFECT FOR:
- **SPA/POOLS** – fiberglass or acrylic spas, chrome & plastic plumbing fittings
- **Marine & RV** – fiberglass boats, personal watercraft, chrome trim, windshields, motor home/trailer siding
- **Household** – kitchen/bath sinks and countertops, eyeglasses, camera lenses, appliances, chrome fixtures

Scumbug™ is insatiable! When placed in a clear pool or spa, it eliminates the formation of scumlines. Capable of absorbing up to 40 times its weight in body oils and lotions, Scumbug™ provides 300% more surface area than the ball and will not get clogged in water lines. When saturated, simply squeeze out, clean and reuse. Under normal conditions, Scumbug™ should last an average season.

Ultra Mitt is infallible! Featuring a lightly abrasive open-hand surface permanently bonded to a durable, waterproof latex glove, Ultra Mitt provides the user with the largest scrubbing surface possible to remove even the toughest scum, slime and grime deposits. Ultra Mitt is ideal for use on fiberglass, acrylic, vinyl and tile.

Ultra Screen is incredible! Simply stretch Ultra Screen over the rim of the skimmer basket. Consisting of an extremely fine mesh material bound to a durable elastic ring, Ultra Screen prevents debris, scum and bugs from clogging the filtering system, thereby allowing for maximum water flow and extending filter life. When dirty, Ultra Screen may be removed, cleaned and reused.

Ultra Net is instantaneous. So simple yet totally unique. Collects pollen, foam, minute insects & surface oils. Simply slide Ultra Net over skimming net and use in the normal manner. May be rinsed out and reused. Will fit all skimming nets measuring approximately 1 sq. ft.

**Ultra Screen**
- Traps debris, scum and bugs

**Ultra Net**
- Collects pollen, foam, minute insects & surface oils
