What separates simple memorization from true understanding? ENGAGEMENT.

Built on principles of learning design and created hand-in-hand with educators, Cengage Learning solutions focus on engagement, taking students through the levels of application, analysis, and critical thinking with depth and context unmatched in the market.

CengageNOW helps elevate student thinking with content that addresses each stage of the learning process from motivation to mastery. For instructors, CengageNOW provides ultimate control over content customization and a clear view into student performance that allows for the opportunity to tailor the learning experience to improve outcomes.

CengageNOW2 helps close the gap between homework and exam performance with a less-leading Blank Sheet of Paper Experience that discourages overreliance on the system, new Multi-Panel View that reduces scrolling and makes it easier to understand the accounting system, and new Adaptive Feedback keeps students checked-in and progressing.

Digital Solutions are available for your course! Look for logo(s) accompanying the cover image of your selected product(s).
