Section 1. Chemical Product and Company Identification

Product name: JACAAB-ARMEEN CD

Material Uses: Surfactant.

Supplier/Manufacturer:
- JACAAB LLC
  4155 Manchester Ave
  St. Louis, MO 63110
- AKZO NOBEL CHEMICALS INC.
  525 West Van Buren
  Chicago, IL 60607-3823

In Case of Emergency:
- CHEMTREC: 800-424-9300
- CANUTEC: 613-996-6666
- Medical/Handling: 914-693-6946
- Product/Technical: 314-652-5400

Section 2. Composition, Information on Ingredients

<td>0.001-2</td>
</tr>
</tbody>
</table>

Section 3. Hazards Identification

Physical State: Liquid.
Color: Colorless to light yellow.
Odor: Ammoniacal.

Emergency Overview:
DANGER!
CAUSES SKIN BURNS.
VERY TOXIC TO AQUATIC ORGANISMS.
CAUSES SEVERE EYE IRRITATION.
MAY BE HARMFUL IF SWALLOWED.

Do not get on skin or clothing. Avoid contact with eyes. Do not ingest. Avoid breathing vapor or mist. Keep container closed. Use only with adequate ventilation. Wash thoroughly after handling. Avoid contact of spilled material and runoff with soil and surface waterways.

Possible Carcinogenic Effects:
- Amines, coco alkyl: IARC, NTP, OSHA, ACGIH: Not listed.

Routes of Entry: Absorbed through skin. Dermal contact. Eye contact.

See Toxicological Information (section 11)

Section 4. First Aid Measures

Eye Contact: Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Cold water may be used. Get medical attention immediately.

Skin Contact: In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention immediately.

Continued on Next Page
Inhalation

If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

Ingestion

Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If large quantities of this material are swallowed, call a physician immediately. Loosen tight clothing such as a collar, tie, belt or waistband.

Medical Conditions

Repeated or prolonged contact with spray mist may produce chronic eye irritation and severe skin irritation. Repeated or prolonged exposure to spray mist may produce respiratory tract irritation leading to frequent attacks of bronchial infection.

Section 5. Fire Fighting Measures

Flammability of the Product

May be combustible at high temperature.

Flash Points

Closed cup: >150°C (302°F). (Pensky-Martens.)

Products of Combustion

These products are nitrogen oxides (NO, NO₂...).

Fire Fighting Media and Instructions

SMALL FIRE: Use DRY chemical powder.

LARGE FIRE: Use water spray, fog or foam. Do not use water jet.

Protective Clothing (Fire)

Be sure to use an approved/certified respirator or equivalent.

Section 6. Accidental Release Measures

Small Spill and Leak

Absorb with an inert material and put the spilled material in an appropriate waste disposal. If necessary: Use suitable protective equipment (Section 8).

Large Spill and Leak

Stop leak if without risk. If the product is in its solid form: Use a shovel to put the material into a convenient waste disposal container. If the product is in its liquid form: Absorb with DRY earth, sand or other non-combustible material. Do not get water inside container. Absorb with an inert material and put the spilled material in an appropriate waste disposal. Do not touch spilled material. Use water spray curtain to divert vapor drift. Prevent entry into sewers, basements or confined areas; dike if needed. Eliminate all ignition sources. Call for assistance on disposal. Use suitable protective equipment (Section 8).

Section 7. Handling and Storage

Handling

Avoid contact with eyes. Do not ingest. Avoid breathing vapors or spray mists. Do not get on skin or clothing. Keep container closed. Use only with adequate ventilation. Wash thoroughly after handling. Avoid contact of spilled material and runoff with soil and surface waterways.

Storage

Keep container tightly closed. Keep container in a cool, well-ventilated area.

Section 8. Exposure Controls, Personal Protection

Engineering Controls

Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective occupational exposure limits. Ensure that eyewash stations and safety showers are proximal to the work-station location.

Personal Protection

Eye

Face shield.

Body

Full suit.

Respiratory

Wear appropriate respirator when ventilation is inadequate.

Hands

Gloves.

Feet

Boots.

Continued on Next Page
Protective Clothing (Pictograms)

Personal Protection in Case of a Large Spill
Splash goggles. Full suit. Boots. Gloves. Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product.

### Section 10. Stability and Reactivity

Stability and Reactivity
The product is stable.

Incompatibility with Various Substances
Reactive with OXIDIZING AGENTS, acids, alkalis.

Hazardous Polymerization
Will not occur.

Special Remarks on Toxicity to Animals

Amines, coco alkyl: INHALATION LC50 > 0.099 mg/L, 1 hour(s) Rat
Amines, dicoco alkyl: ORAL (LD50) based on data for: (similar material)

Acute Effects: Skin
Corrosive to the skin. Practically non-toxic in contact with skin.

Acute Effects: Eyes
Severely irritating to the eyes.

Section 12. Ecological Information

Biodegradability and Ecotoxicity Remarks

Amines, coco alkyl: 56% @ 28 day(s) CBT 74% @ 42 day(s) CBT
Amines, dicoco alkyl: 20% @ 28 day(s) CBT based on data for: (similar material)

Biodegradable/OECD
Readily biodegradable.

Products of Degradation
These products are nitrogen oxides (NO, NO₂...).

Section 13. Disposal Considerations

Waste Information
Waste must be disposed of in accordance with federal, state and local environmental control regulations.

Consult your local or regional authorities.

Notice to Reader

The information in the material safety data sheet should be provided to all who will use, handle, store, transport or otherwise be exposed to this product. All information concerning this product and/or suggestions for handling and use contained herein are offered in good faith and are believed to be reliable as of the date of publication. However, no warranty is made as to the accuracy of and/or sufficiency of such information and/or suggestions or as to the product’s merchantability or fitness for any particular purpose, or that any suggested use will not infringe any patent. Nothing contained herein shall be construed as granting or extending any license under any patent. Buyer must determine for himself, by preliminary tests or otherwise, the suitability of this product for his purposes, including mixing with other products. The information contained herein supersedes all previously issued bulletins on the subject matter covered. If the date on this document is more than three years old, call to make certain that this sheet is current.
