III. FUNDING:
For Fiscal Intermediaries (FIs), Regional Home Health Intermediaries (RHHIs) and/or Carriers: No additional funding will be provided by CMS; contractor activities are to be carried out within their operating budgets.

For Medicare Administrative Contractors (MACs): The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined
in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

SUBJECT: Medicare Fee-For-Service Emergency Policies and Procedures: Questions and Answers For All Types of Emergencies and Disasters; Rescission of Change Requests (CRs) 5099, 6146, 6164, 6209, 6256, 6280, 6284, and 6378.

Effective Date: November 22, 2010

Implementation Date: November 22, 2010

I. GENERAL INFORMATION

A. Background:

CRs, 5099, 6146, 6164, 6174, 6209, 6256, 6280, and 6378 were developed by the Centers for Medicare & Medicaid Services (CMS) as part of its preparedness efforts for an influenza pandemic. These CRs contained certain emergency guidance and procedures, usually in the form of an attachment of questions and answers (Q&As), that may be implemented in the event of a pandemic. The influenza-specific Q&As issued under the CRs noted above are not useful for the purpose of addressing other types of emergencies and they are being retired and replaced with generic, emergency/disaster-related Q&As. Therefore, the CRs issued to implement the influenza-specific Q&As are being rescinded.

CMS has developed, and posted to its Web site, Q&As that contain general emergency/disaster policies, procedures, and guidance for the Medicare fee-for-service (FFS) program. These Q&As supersede all previous Q&As issued pursuant to the above-cited CRs, and are written to be applicable to any declared emergency or disaster. One file contains Q&As that may be applied in any declared emergency or disaster and reflect policies and procedures that are valid under current rules. The other file contains Q&As that discuss policies and procedures that are valid only if waivers or modifications under § 1135 of the Social Security Act have been authorized and then only to the extent such waiver or modification has been granted by CMS. These Q&As retain certain emergency-specific policies and procedures for current and recent emergencies, e.g., the H1N1 influenza pandemic, but are otherwise written in generic terms.

These Q&As are located at the CMS “Emergency” Web page. The URL for that Web page is: http://www.cms.gov/Emergency/. For Q&As that may be applied in any declared emergency or disaster, the filename is – “Emergency Q&As – no 1135 waivers required”. For Q&As that may be applied only if waivers or modifications have been granted under § 1135, the filename is – “Emergency Q&As – applicable only when an applicable 1135 waiver has been granted”.

Contractors will receive notice of future emergencies where 1135 waivers are in effect.

B. Policy:

1. CRs 5099, 6146, 6164, 6174, 6209, 6256, 6280, 6284, and 6378 are hereby rescinded.
2. The Q&As implemented by the aforementioned CRs are no longer in effect.
3. The Q&As posted to the CMS Web site at http://www.cms.gov/Emergency/ replace all prior versions of Medicare FFS Q&As with respect to emergency/disaster policies and procedures.
4. The Q&As in the file entitled “Emergency Q&As – no 1135 waivers required” are effective in any declared emergency or disaster whether or not an 1135 waiver has been granted.
   a. Policies and procedures in this file represent standard Medicare policy and should not require additional action by contractors to implement them.
5. The Q&As in the file entitled “Emergency Q&As – applicable only when an applicable 1135 waiver has been granted” are effective only if waivers or modifications have been authorized under § 1135, an applicable waiver or modification has
been granted to the billing provider or supplier, and the date of service to which the waiver or modification applies is within the effective dates of such waiver or modification.

a. Contractors shall implement the policies and procedures specified in the Emergency Q&As during a declared emergency or disaster where an 1135 waiver has been granted, in areas affected by such emergency or disaster, in accordance with the requirements of the Transmittal and subject to such further instructions as may be issued, including but not limited to instructions specific to each emergency or disaster.

**NOTE:** For the purpose of this CR, each contractor shall utilize and/or implement only those policies or instructions that are consistent with the nature of the contractor’s work (e.g., a policy relating to institutional provider billing would apply to fiscal intermediaries (FI) or to the respective component of Medicare Administrative Contractors (MAC) rather than to carriers or to the respective component of MACs).

### IV. SUPPORTING INFORMATION

**Section A:** For any recommendations and supporting information associated with listed requirements, use the box below: N/A
V. CONTACTS

**Pre-Implementation Contact(s):** Felicia Rowe at felicia.rowe@cms.hhs.gov or 410-786-5655

**Post-Implementation Contact(s):** Your appropriate Contractor Manager or Project Officer (PO). Contractor Managers and POs shall notify the pre-implementation contact concerning contractors who have issues with any of the following: the implementation of any policy, instruction, or further instruction as discussed in 6387.4.4; any apparent policy conflict as discussed in 6837.4.3; or any other issue related to utilization and/or implementation of the policies and instructions given in the Q&A documents referenced in 6837.3 and 6837.4.

VI. FUNDING

**Section A: For Fiscal Intermediaries (FIs), Regional Home Health Intermediaries (RHHIs), and/or Carriers:**

No additional funding will be provided by CMS; contractor activities are to be carried out within their operating budgets.

**Section B: For Medicare Administrative Contractors (MACs):**

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.
