By: LEE NEWGENT Chair of Council
     By: ELIZABETH SMITH Secretary of Council
INTRODUCTORY STATEMENT

The director of the Department of Labor and Industries appointed the Washington State Apprenticeship and Training Council (WSATC) as the regulatory body responsible for developing, administering, and enforcing apprenticeship program standards (Standards) for the operation and success of apprenticeship and training programs in the State of Washington. Apprenticeship program sponsors function, administer, or relinquish authority only with the consent of the WSATC. Furthermore, only apprentices registered with the supervisor or recognized under the terms and conditions of a reciprocal agreement will be recognized by the WSATC. Parties signatory to these standards of apprenticeship declare their purpose and policy is to establish and sponsor an organized system of registered apprenticeship training and education.

These Standards are in conformity and are to be used in conjunction with the Apprenticeship Rules, chapter 296-05 WAC (Washington Administrative Code); Apprenticeship Act, chapter 49.04 RCW (Revised Code of Washington); The National Apprenticeship Act, 29 U.S.C. (United States Code) 50; Apprenticeship Programs, Title 29 Part 29 CFR (Code of Federal Regulations); and Equal Employment Opportunity in Apprenticeship and Training, Title 29 Part 30 CFR which govern employment and training in apprenticeable occupations. They are part of this apprenticeship agreement and bind all signers to compliance with all provisions of registered apprenticeship. Additional information may need to be maintained by the program sponsor that is supplemental to these apprenticeship standards. This information is for purposes of ensuring compliance with decisions of the WSATC and the apprenticeship laws identified above.

If approved by the council, such amendment/s and such changes as adopted by the council shall be binding to all parties. Program sponsors shall notify apprentices and employer training agents (if applicable) of changes when they are adopted by the council. If and when any part of these Standards becomes illegal, as pertains to federal and/or state law, that part and that part alone will become inoperative and null and void, and the Department of Labor and Industries (Department) may adopt language that will conform to applicable law. The remainder of the Standards will remain in full force and effect.

Sections of these standards identified as bold “insert text” fields are specific to the individual program standards and may be modified by a sponsor submitting a revised standard for approval by the WSATC. All other sections of the standards are boilerplate and may only be modified by the WSATC.

See WAC 296-05-003 for the definitions necessary for use with these Standards.

Sponsor Introductory Statement (Optional):

All functions of the JATC shall be on the basis of non-profit endeavor for the good and welfare of the apprenticeship and training for the industry and for the best interest of the apprentice, management, labor and the public.
I. GEOGRAPHIC AREA COVERED:

The sponsor has no authority to conduct training outside of the geographical area covered by these Standards. The sponsor may enter into an agreement [portability agreements – see WAC 296-05-303(4)(g)] with other sponsors for the use of apprentices by training agents that are working outside of their approved geographic area. Also, the WSATC may recognize and approve out-of-state apprenticeship programs and standards if certain conditions are met and the out-of-state sponsoring entity requests it (see WAC 296-05-327). Apprenticeship program sponsors will ensure compliance with the provisions of any agreement recognized by the WSATC.

The area which these Standards cover shall be King, Jefferson, Kitsap, and Clallam Counties.

The first one thousand-two hundred (1,200) hours of employment after signing the Apprenticeship Agreement shall be the initial probationary period or one year in the program, whichever occurs first.

E. Electrician Technician (City of Seattle):

Due to City of Seattle requirement of one year probation for new employees; the initial apprenticeship probation is not to exceed two thousand (2,000) hours of employment.

F. Residential Wireman and Maintenance Electrician:

The first eight hundred (800) hours of employment after signing of the Agreement shall be the initial probationary period or one year in the program, whichever occurs first.

VI. RATIO OF APPRENTICES TO JOURNEY LEVEL WORKERS:

Supervision is the necessary education, assistance, and control provided by a journey-level employee that is on the same job site at least seventy-five percent of each working day, unless otherwise approved by the WSATC. The sponsor will assure that apprentices are under the supervision of competent and qualified journey-level workers on the job who are responsible for the work being performed, to ensure safety and training in all
phases of the work. Apprentices will work the same hours as journey-level workers, EXCEPT where such hours may interfere with related/supplemental instruction [WAC 296-05-316(5)].

Apprentices shall at all times work under the direct and personal supervision of a journey-level worker.

Apprentices shall at all times work under the direct and personal supervision of a journey-level worker. The only exception is for an Inside Wireman apprentice who has a current training card, who has successfully completed the first four (4) years of classroom related ETA training, has accumulated a minimum of seven thousand (7,000) on-the-job training hours, and has been issued a six-month unsupervised electrical training certificate from the Washington State Department of Labor and Industries. This certificate will allow the apprentice to work without supervision. At no time shall an apprentice supervise another apprentice.

(April 18, 2013) The addition of the above paragraph is for a three (3) year trial period. At the end of the three years, the Department will report to the WSATC any adverse impacts on apprenticeship training.

A. Inside Wireman and "Electrician Technician (City of Seattle)"

The JATC shall allow each qualified employer a ratio of one (1) first (1st) year apprentice to one (1) apprentice to three (3) journey-level workers in any shop as shown below. (Exceptions may be made of the availability of 1st year apprentices is not sufficient.)

The employer is allowed a ratio of one (1) apprentice to one (1) journey-level worker per job site.

At no time shall the ratio of apprentices to journey-level workers exceed 1:1.

B. Maintenance Electrician:

One (1) apprentice may be employed for each one (1) journey-level worker steadily employed. At no time shall the ratio exceed one (1) apprentice to one (1) journey-level worker. Ratio is applied to each job site or contract.

C. Outdoor Lighting and Traffic Signal Installer:
At no time shall the ratio exceed one (1) apprentice employed after one (1) journey-level worker is employed, and one (1) additional apprentice may be employed for each three (3) journey-level workers steadily employed thereafter. Ratio is applied to each job site or contract.

D. Neon and Electrical Sign Installer:

E. Residential Wireman: (January 16, 2009 - Final approval of 2:1 Ratio exception)

Two (2) apprentices may be employed for each one (1) journey-level worker as is consistent with the Department of Labor and Industries Electrical Licensing Section. At no time shall the ratio exceed two (2) apprentices to one (1) journeyman on each jobsite or contract.

F. Limited Energy/Sound and Communications Technician: (July 19, 2012 - Final approval of 2:1 ratio exception)

Two (2) apprentices may be employed for each one (1) journey-level worker as is consistent with the Department of Labor and Industries Electrical Licensing Section. At no time shall the ratio exceed two (2) apprentices to one (1) journeyman on each jobsite or contract.

VII. APPRENTICE WAGES AND WAGE PROGRESSION:

The apprentice will be paid a progressively increasing schedule of wages based on specified percentages of journey-level wage consistent with skills acquired [WAC 296-05-316(27)]. These may be indicated in hours or monthly periods set by the sponsor. The entry wage will not be less than the minimum wage prescribed by the Fair Labor Standards Act, where applicable, unless a higher wage is required by other applicable federal law, state law, respective regulations, or by collective bargaining agreement.

The sponsor may accelerate, by an evaluation process, the advancement of apprentices who demonstrate abilities and mastery of the occupation to the level for which they are qualified. When the apprentice is granted advanced standing the sponsor must notify the employer/training agent of the appropriate wage per the wage progression schedule specified in these Standards.

WAGE EXCEPTIONS: ALL TRADES

Any apprentice may volunteer to take or refuse a dispatch opportunity on all Market Recovery jobs where the wage/fringe benefits package is less than the
current Collective Bargaining Agreement (CBA) rate. Apprentices accepting market recover jobs voluntarily are allowed to remain on the out-of-work book for up to six (6) months before being removed.

IX. RELATED/SUPPLEMENTAL INSTRUCTION:

The apprentice must attend related/supplemental instruction (RSI). Time spent in related/supplemental instruction shall not be considered as hours of work and the apprentice is not required to be paid for time spent in related/supplemental instruction.

The sponsor and training agent must provide for instruction of the apprentice during the related/supplemental instruction in safe and healthful work practices in compliance with the Washington Industrial Safety and Health Act, and applicable federal and state regulations.

Clock hours of actual attendance by the apprentice in related/supplemental instruction classes at the community/technical college or other approved training locations shall be reported to the Department on a quarterly basis. Such reports will clearly identify paid versus unpaid and supervised versus unsupervised RSI time for industrial insurance purposes.

For industrial insurance purposes, the WSATC will be considered as the employer should any supervised apprentice, not being paid to attend RSI, sustain an injury while participating in related/supplemental classroom activity, or other directly related activity outside the classroom. The activities must be at the direction of the instructor.

In case of failure on the part of any apprentice to fulfill the obligation to attend RSI, the sponsor has authority to take disciplinary action (see Administrative/Disciplinary Procedures section).

The methods of related/supplemental training must consist of one or more of the following (please indicate by checking those that apply):

(X) Supervised field trips

(X) Approved training seminars (specify): Provided by vendors, manufacturers and other industry experts as available.

( ) A combination of home study and approved correspondence courses (specify)

(X) State Community/Technical college: South Seattle Community College

( ) Private Technical/Vocational college

(X) Training trust

(X) Other (specify):
1. Inside Wireman and Outdoor Lighting and Traffic Signal Installer - ETA Five-Year Inside Wireman Apprenticeship Course

2. Limited Energy/Sound and Communication Technician - ETA Telecommunications Installer-Technician Apprenticeship Course Material

3. Residential Wireman and Maintenance Electrician - A combination of approved ETA courses.

4. Electrician Technician (City of Seattle): Year 1-4 of ETA Inside Wireman Apprenticeship course.

Residential Wireman: **144** Minimum RSI hours per year defined per the following (see WAC 296-05-316(6)).

Inside Wireman, Limited Energy/Sound Communication Technician, Maintenance Electrician, Outdoor Lighting and Traffic Signal Installer and Electrician Technician (City of Seattle): **200** Minimum RSI hours per year defined per the following (see WAC 296-05-316(6)).

( ) twelve-month period from date of registration.*

(X) defined twelve-month school year: **mid-September** through **mid-September**.

( ) two-thousand hours of on the job training.

*If no selection is indicated above, the WSATC will define RSI hours per twelve-month period from date of registration.

Additional Information:

A. The JATC shall secure such course material and equipment as may be necessary.

B. The instructors shall give periodic examinations and report the results to the JATC so that the apprentices’ progress may be checked and corrective measures applied where necessary.

C. Failure of an apprentice to maintain a 75% grade average throughout each year or receiving a failing grade on any three (3) tests during any one year (75% is a passing score) in related training shall be considered as just cause for cancellation of the Apprenticeship Agreement.

D. Should an apprentice fall below an 84% G.P.A., the JATC may require attendance at special tutoring classes.

E. **CHALLENGE OR ACCELERATION OF RSI:**
Selected applicants that were granted credit for previous experience by the JATC per Section III.A.3., once registered, may start or continue challenging RSI modules based on the amount of credit granted, and schedule by trade of the number of hours to challenge a module and maximum of successful challenges permitted.

F. Books and lesson material for the apprentice:

1. The JATC will purchase all lesson material and required textbooks and materials and arrange for their issue to the apprentice at cost.

2. The JATC will supply all textbooks and materials required for each instructor at no charge.

G. Inside Wireman apprentices who are registered after January 16, 2014, will need to have a laptop computer with a currently supported version of Windows operating system to bring to classes, possess basic computer skills and must be able to access the internet while away from the JATC training center, in order to be able to access and complete the web-based learning components of their related classroom training.

H. Apprentices who begin their apprenticeship after the start of the current school year, and when it is deemed unfeasible to enroll in the current year's class by the JATC, will be enrolled in classes at the beginning of the next school year.

I. In the event an apprentice has completed or completes all of their required RSI, but has less than the required OJT, the apprentice will not be required to attend further classes unless otherwise directed by the JATC.

(RSI Variance cap approved 01/15/2015)

X. ADMINISTRATIVE/DISCIPLINARY PROCEDURES:

Sponsors may include in this section requirements and expectations of the apprentices and training agents and an explanation of disciplinary actions that may be imposed for noncompliance. The sponsor has the following disciplinary procedures that they may impose: Disciplinary Probation, Suspension, or Cancellation.

Disciplinary Probation: A time assessed when the apprentice's progress is not satisfactory. During this time the program sponsor may withhold periodic wage advancements, suspend or cancel the apprenticeship agreement, or take further disciplinary action. A disciplinary probation may only be assessed after the initial probation is completed. During the disciplinary probation, the apprentice has the right to file an appeal of the sponsor's action with the WSATC (as described in WAC 296-05-009).
Suspension: A suspension is a temporary interruption in progress of an individual's apprenticeship program that may result in the cancellation of the Apprenticeship Agreement. Could include temporarily not being allowed to work, go to school or take part in any activity related to the Apprenticeship Program until such time as the sponsor takes further action.

Cancellation: Refers to the termination of an apprenticeship agreement at the request of the apprentice, supervisor, or sponsor. [as described in WAC 296-05-316(22)].

A. General Procedures

The Training Director will act for and under the direction of the JATC in carrying out the terms and conditions as established in the Standards and published policies of the JATC.

1. The groups cooperating in these Standards shall refer all problems pertaining to apprenticeship to the JATC for action and disposal before action is reported to the sponsoring organizations.

   a. For City of Seattle apprentices only: The Puget Sound Electrical JATC delegates the day-to-day operations that includes administrative/disciplinary responsibilities to the City of Seattle subcommittee with assurance that the PSE JATC will review all actions that are required by the Washington State Apprenticeship and Training Council to be reported to the Department of Labor and Industries.

      Failure to maintain employment as an apprentice with the City of Seattle will result in cancellation of the apprenticeship program.

2. In the event the employer and employee representatives cannot mutually agree on the administration of the program, any matter in dispute shall be referred to the sponsoring parties for settlement.

3. All funds for the operation of the apprenticeship and training program shall be held in a trust fund. The JATC shall initiate and certify all expenditures to the trustees of the trust fund.

4. The JATC shall prepare a written policy statement, which sets forth the current rules and regulations for the conduct of the local program. Such a policy statement shall be subject to revision by the JATC.

5. Training Agent Responsibilities and Duties.
a. An employer who is eligible to train apprentices shall comply with the qualifying requirements as set forth in the Collective Bargaining Agreement (CBA) and be able to provide the necessary work experience for training as determined by the JATC. Participating employers must comply with all provisions of the apprenticeship program. This includes the Equal Employment Opportunity Plan and Selection Procedures, and the JATC’s policies and rules. The employer shall only secure apprentices through the JATC. Qualifying employers shall contribute to the JATC trust fund at the rate established by the joint sponsors of the JATC and/or as stipulated in the local JATC Trust Agreement.

Note: (a) above, does not pertain in any way to non-signatory employers participating in apprenticeship training, pursuant to WAC 296-05-303 (5).

b. At the jobsite it shall be the responsibility of the employer to provide to the apprentice a safe and healthful workplace. Employer is to provide conditions of employment and work assignments that the apprentice can safely perform.

c. The Employer will determine the ability of its journey-level workers to adequately train and supervise the on-the-job training of the apprentice based upon the work process being learned, and assign apprentices accordingly.

6. Re-Application timeline:

a. Apprentices whose Apprenticeship Agreement is cancelled for substance abuse are not eligible to re-apply for admission to the PSE JATC apprenticeship program for twelve (12) months. Those that provide proof of completion of the recommended treatment plan by the EAP may reapply in six (6) months.

b. Apprentices whose Apprenticeship Agreement is cancelled for cause (non-compliance) other than substance abuse are not eligible to re-apply for admission to the PSE JATC apprenticeship program for six (6) months.

7. Advancement of Apprentices:

a. The JATC shall examine the progress of the apprentice on the job and in related instruction on a regular basis. A performance evaluation form shall be used.
b. The JATC shall evaluate the apprentice's overall performance and accomplishments at the end of each period. Action must be taken on each apprentice to approve advancement, extend present rating for a specified probationary period, or cancel the Apprenticeship Agreement with due notice to the apprentice and a reasonable opportunity for corrective action. Proper documentation shall be maintained of all action taken by the JATC.

8. Local JATC Rules and Policies:

The apprentice will be provided with a copy of written Rules and Policies and will sign an acknowledgment receipt of the same. This procedure will be followed whenever revisions or modifications are made to the Rules and Policies. Failure to follow these rules and policies may be grounds for disciplinary action, suspension, or cancellation from the program. See Attachment A - Rules, Policies & Advancement for all Apprentices Procedures (Under Section X.B of these Standards).

9. Adjustment of Differences: Cancellation of Registration:

a. The JATC may cancel the Apprenticeship Agreement and remove the apprentice from the apprenticeship program for cause. Such removal by the JATC shall cancel his/her classification of apprentice and his/her opportunity to complete his/her training.

b. Any apprentice shall have the right to appear before the JATC if the initial probationary period is completed.

c. The Apprenticeship Agreement may also be canceled by mutual consent of all parties of the agreement.

d. The Washington State Apprenticeship and Training Council shall be notified of all such cancellations.

e. The apprentice will be notified in writing of cancellation and given the Department of Labor and Industries Apprenticeship Consultant contact information.

10. Complaint Procedure: Refer to WAC 296-05-009 or Section X.C. of these Standards.

11. Safety and Health Training:

a. The employer shall instruct the apprentice in safe and healthful work practices and shall ensure that the apprentice is trained in facilities and other environments that are in compliance with either the
Occupational Safety and Health Act standards promulgated by the Secretary of Labor and under Public Law 91-596, dated December 29, 1970 as amended by Public Law 101-552, dated November 5, 1990, or State or local standards that have been found to be at least as effective as the Federal standards.

b. While on the job site, it shall be the responsibility of the Employer to provide the apprentice a safe and healthful workplace and conditions of employment, and work assignments that the apprentice can safely perform.

c. The JATC shall see that all apprentices complete CPR/First Aid training and maintain possession of a current First Aid card during their apprenticeship.

12. Statement of Policy:

a. Apprentice Job Assignment:

(1) Employers shall advise the Training Director in writing of the number of apprentices needed. The referral of apprentices to fill such vacancies shall be made by the referral office upon receipt of an assignment by the Training Director.

(2) When an apprentice becomes unemployed for any reason, he/she shall sign the out-of-work book no later than the third working day after termination.

(3) The JATC shall have full authority, as provided in the Standards of apprenticeship training and as agreed to by Labor and Management, to transfer or rotate an apprentice from one employer to the other to provide diversity of training or work opportunity. The arrangement of these transfers shall be made by the Training Director in cooperation with all parties concerned.

(4) No apprentice will have the right to refuse a job referral within the geographical area covered by these Standards, with the exception of Market Recovery jobs as defined in Section VII. Each apprentice shall maintain regular on-the-job attendance. Absences and/or tardiness will not be tolerated. Failure to comply with the above could be cause for termination of the individual's Apprenticeship Agreement. No apprentice shall quit a job (with the exception of Market Recovery jobs as defined in Section VII) nor shall an employer fire an apprentice without either party first notifying the Training Director to
allow the Training Director the opportunity to resolve the issue. Failure to do so could be cause for the apprentice to be terminated from the apprenticeship or the employer to be decertified as an Approved Training Agent.

(5) Apprentices may be permitted to receive OJT and related training on a temporary basis with another IBEW/NECA JATC, provided the two JATCs, their respective parent organizations and the apprentice agree on such assignment. Before apprentices are given a temporary OJT assignment, they must supply the host JATC with an official copy of their apprenticeship agreement, clearly indicating that it has been properly registered with the applicable Registration Agency. Apprentices shall remain subject to reassignment by the JATC with whom they are registered. Failure to immediately comply with such instruction to return to the JATC with whom they are registered may result in the termination of the apprentice's apprenticeship agreement.

b. Periodic Advancement of Apprentices:

(1) Prior to each advancement the Training Director will check the apprentice's progress on the job by contacting the proper supervisory personnel and/or review on-the-job evaluation scores.

(2) Requirement for Advancement:

(a) Full attendance at school. There will be no excused late arrivals, absences, or early dismissals from class.

(b) Satisfactory grades in school (75% average minimum grade).

(c) Satisfactory work evaluation reports from both employer and journey-level workers with a minimum of 75% average.

(d) Work experience reports turned in properly and on time.

(e) All fines must be paid.

(3) Each of the requirements will be checked by the Training Director prior to advancement.
(4) Deficiency of any one or more of these requirements shall be cause of deferment of advancement.

(5) Future advancements will be calculated from the new date unless acted upon by the JATC. (Limited Energy/Sound and Communication Technician program only)

(6) In the month that the apprentice has completed his/her period of advancement, the Training Director shall review and act on the following.

(a) Number of hours worked during the period.

(b) Average school grades for the period of work experience.

(c) Work evaluation reports from employers and journey-level workers.

(d) Satisfactory completion of all requirements is reason for advancement to the next period of progression. Employers will be notified to increase the apprentice's wages.

(7) The average number of hours of employment of all apprentices will be reviewed every six (6) months.

(a) A low average employment is sufficient reason to rotate apprentices for more equal employment opportunity.

(b) A low average employment could allow the JATC to set a maximum number of hours of credit which could be granted an apprentice if all other requirements were satisfactory.

c. Completion of Apprenticeship:

(1) Once an apprentice has completed the required related supplemental instruction and the required hours of on-the-job training, the apprentice will have 90 days to provide the appropriate passing State Electrical Certification exam results to the JATC. Failure to provide the appropriate passing exam results within 90 days will result in suspension from the program until the passing exam results are produced. Failure to provide the passing exam results to the JATC within 60 days of the suspension will result in termination from the program. The JATC may elect to require repeat of RSI, re-rating the apprentice to a lesser wage progression or special tutoring.
(2) All apprentices shall have and maintain a current Industrial First Aid card throughout their apprenticeship.

(3) All Inside Wireman apprentices must pass the various levels of the Electrical Craft Certification exams as required.
   - Once a fifth year apprentice has successfully completed the required RSI and has passed the State Electrical Certification exam and is unable to successfully pass the required Electrical Craft Certification exam(s) within twelve (12) months of meeting the completion of apprenticeship requirements, the Electrical Craft Certification completion requirement may be waived and the apprentice may be turned out from the program.

(4) When the above listed requirements are met, the employers and IBEW Local 46 will be notified that the apprentice is to be classified as a journey-level worker and receive the journey-level workers' rate of pay.

d. Apprenticeship School:

(1) Disciplinary problems shall first be handled by the Training Director. Whenever the Training Director is unable to resolve the issue, the matter shall be referred to the JATC for action.

(2) If an instructor removes an apprentice from class for a just cause, the apprentice will not be readmitted until he/she has counseled with the Training Director or Assistant Training Director. The apprentice will have to make up the time missed during this suspended period.

(3) Any apprentice who comes to class or returns from break, and is reasonably suspected of having used alcohol or drugs, will be removed from class with just cause.

(4) Apprentices shall not work overtime to the extent that they would be absent or tardy from school unless approved by the Training Director. Working overtime will not be an excuse for being absent.

(5) An apprentice who has not paid tuition prior to the first day of class after each quarter begins will not be allowed in class. Every class session that is missed because of non-payment of tuition will be an unexcused absence. After three (3) unexcused absences, the apprentice will be required to appear before the
JATC and may have his/her Apprenticeship Agreement terminated.

e. Work Experience Report:

(1) Each apprentice is required to fill out a work experience report monthly. This report shall be due to the JATC office no later than the 10th of the following month.

(2) Each apprentice who is late in returning his/her work experience report will have the following penalties imposed:

First Offense - a monetary fine per JATC policy.
Second Offense - a monetary fine per JATC policy.
Third Offense - a monetary fine per JATC policy.
Fourth Offense - Cause for cancellation of registration or other disciplinary action as deemed by the JATC.

f. Leave of Absence:

(1) Leaves of Absence or vacations must be requested and approved in advance. The JATC shall act on each request in a timely, fair and equitable manner.

(2) Violations of the above may be just cause for cancellation of the Apprenticeship Agreement.

g. Performing electrical work for other than the referred employer, unless it has been specifically approved by the sponsoring parties shall be cause for removal from the job with no future referral unless acted upon by the JATC at the next regular meeting.

h. Apprentices shall be neat and presentable both on the job and in school.

i. Suggestions for improvement of the program or grievance of individuals are always welcomed by the JATC.

j. Disciplinary Action:

Disciplinary action, which may include cancellation of the Apprenticeship Agreement, will be taken by the JATC for the following reasons:

(1) Failure to perform the work on the job in a satisfactory manner.
(2) Failure to attend school regularly as required.
(3) Failure to maintain satisfactory grades as required.
(4) Failure to appear in response to notification.
(5) Failure to notify the Apprenticeship JATC of change of address or phone.
(6) Quitting an employer without cause (after investigation by the JATC). This does not include Market Recovery jobs as defined in Section VII.
(7) Failure to attend special called meetings.
(8) Employment termination for just cause (i.e. attendance or productivity, etc.)
(9) Failure to adhere to the JATC Rules and Policies.
(10) Failure to obtain and maintain a current training certificate.
(11) Failure to respond to JATC communications, including but not limited to: phone calls/messages, emails, and letters sent via email and/or via US Mail.

The apprentice must within 48 hours present to the Training Director documentation of hardship as to the reason for being absent from class on the night of the test (i.e. doctor’s note, missed work due to illness, etc.). XI. COMMITTEE – RESPONSIBILITIES AND COMPOSITION

NOTE: The following is an overview of the requirements associated with administering an apprenticeship committee and/or program. These provisions are to be used with the corresponding RCW and/or WAC.

The sponsor is the policymaking and administrative body responsible for the operation and success of this apprenticeship program. A committee is responsible for the day-to-day operations of the apprenticeship program and they must be knowledgeable in the process of apprenticeship and/or the application of chapter 49.04 RCW and chapter 296-05 WAC. Sponsors must develop procedures for:

A. Committee Operations (WAC 296-05-316): (Not applicable for Plant Programs)
   Convene meetings at least three times per year of the program sponsor and apprenticeship committee attended by a quorum of committee members as defined in the approved Standards. If the committee does not indicate its definition of quorum, the interpretation will be “50% plus 1” of the approved committee members. Conference call meetings may be conducted in lieu of regular meetings but must not exceed the number of attended meetings and no disciplinary action can be taken during conference call meetings.

B. Program Operations (Chapter 296-05 WAC - Part C & D):

   1. The program sponsor will record and maintain records pertaining to the administration of the apprenticeship program and make them available to the WSATC or Department on request.

      Records required by WAC 296-05-400 through 455 (see Part D of chapter 296-05 WAC) will be maintained for five (5) years; all other records will be maintained for three (3) years.

   2. The sponsor will submit to the Department through the assigned state apprenticeship consultant the following list:

      Forms are available on line at http://www.lni.wa.gov/TradesLicensing/Apprenticeship/FormPub/default.asp or from your assigned apprenticeship consultant.
      - Apprenticeship Agreements – within first 30 days of employment
      - Authorization of Signature forms - as necessary
      - Approved Training Agent Agreements (sponsor approving or canceling) – within 30 days
• Minutes of Apprenticeship Committee Meetings – within 30 days of meeting (not required for Plant program)
• Request for Change of Status - Apprenticeship/Training Agreement and Training Agents forms – within 30 days of action by sponsor
• Journey Level Wage Rate – annually, or whenever changed
• Request for Revision of Standards - as necessary
• Request for Revision of Committee - as necessary
• Related Supplemental Instruction (RSI) Hours Reports (Quarterly):
  1st quarter: January through March, by April 10
  2nd quarter: April through June, by July 10
  3rd quarter: July through September, by October 10
  4th quarter: October through December, by January 10
• On-the-Job Work Hours Reports (bi-annual)
  1st half: January through June, by July 30
  2nd half: July through December, by January 31

3. The program sponsor will adopt, as necessary, local program rules or policies to administer the apprenticeship program in compliance with these Standards that must be submitted for Department approval and updating these Standards. The apprenticeship program manager may administratively approve requests for revisions in the following areas of the Standards:
   • Program name
   • Sponsor’s introductory statement (if applicable)
   • Section III: Conduct of Program Under Washington Equal Employment Opportunity Plan
   • Section VII: Apprentice Wages and Wage Progression
   • Section IX: Related/Supplemental Instruction
   • Section XI: Committee - Responsibilities and Composition (including opening statements)
   • Section XII: Subcommittees
   • Section XIII: Training Director/Coordinator

4. The sponsor will utilize competent instructors as defined in WAC 296-05-003 for related/supplemental instruction. Furthermore, the sponsor will ensure each instructor has training in teaching techniques and adult learning styles, which may occur before or within one year after the apprenticeship instructor has started to provide instruction.

C. Management of Apprentices:

1. Each apprentice (and, if under 18 years of age, the parent or guardian) will sign an apprenticeship agreement with the sponsor, who will then register the agreement, with the Department before the apprentice attends the related/supplemental instruction classes, or within the first 30 days of employment as an apprentice. For the purposes of industrial insurance coverage and prevailing wage exemption
under RCW 39.12.021, the effective date of registration will be the date the agreement is received by the Department.

The Department must be notified within 30 days of program approval, of all requests for disposition or modification of agreements, with a copy of the minutes approving the changes, which may be:

- Certificate of completion
- Additional credit
- Suspension (i.e. military service or other)
- Reinstatement
- Cancellation and/or
- Corrections

2. Rotate apprentices in the various processes of the skilled occupation to ensure the apprentice is trained to be a competent journey-level worker.

3. Periodically review and evaluate apprentices before advancement to the apprentice's next wage progression period. The evidence of such advancement will be the record of the apprentice's progress on the job and during related/supplemental instruction.

4. The sponsor has the obligation and responsibility to provide, insofar as possible, continuous employment for all apprentices in the program. The sponsor may arrange to transfer an apprentice from one training agent to another or to another sponsor when the sponsor is unable to provide reasonably continuous employment, or they are unable to provide apprentices the diversity of experience necessary for training and experience in the various work processes as stated in these Standards. The new sponsor or training agent will assume all the terms and conditions of these Standards. If, for any reason, a layoff of an apprentice occurs, the apprenticeship agreement will remain in effect unless canceled by the sponsor.

5. An apprentice who is unable to perform the on-the-job portion of apprenticeship training may, if the apprentice so requests and the sponsor approves, participate in related/supplemental instruction, subject to the apprentice obtaining and providing to the sponsor written requested document/s for such participation. However, time spent will not be applied toward the on-the-job portion of apprenticeship training.

6. Hear and adjust all complaints of violations of apprenticeship agreements.

7. Upon successful completion of apprenticeship, as provided in these Standards, and passing the examination that the sponsor may require, the sponsor will recommend that the WSATC award a Certificate of Completion of Apprenticeship. The program will make an official presentation to the apprentice that has successfully completed his/her term of apprenticeship.
D. Training Agent Management:

1. Offer training opportunities on an equal basis to all employers and apprentices. Grant equal treatment and opportunity for all apprentices through reasonable working and training conditions and apply those conditions to all apprentices uniformly. Provide training at a cost equivalent to that incurred by currently participating employers and apprentices. Not require an employer to sign a collective bargaining agreement as a condition of participation.

2. Determine the adequacy of an employer to furnish proper on-the-job training in accordance with the provisions of these Standards. Require all employers requesting approved training agent status to complete an approved training agent agreement and comply with all federal and state apprenticeship laws and the appropriate apprenticeship Standards.

3. Submit approved training agent agreements to the Department with a copy of the agreement and/or the list of approved training agents within thirty days of committee approval. Submit rescinded approved training agent agreements and/or the list of approved training agents to the Department within thirty days of said action.

E. Composition of Committee: (see WAC 296-05-313)

Apprenticeship committees must be composed of an equal number of management and non-management representatives composed of at least four members but no more than twelve. If the committee does not indicate its definition of a quorum, the interpretation will be "50% plus 1" of the approved committee members.

Apprenticeship committees shall elect a chairperson and a secretary who shall be from opposite interest groups, i.e., chairperson-employers; secretary-employees, or vice versa; EXCEPT, this does not apply where the Registration Agency represents the apprentice(s).

For plant programs the WSATC or the Department designee will act as the employee representative.

The JATC shall be composed of an equal number of members representing the employers and the International Brotherhood of Electrical Workers' Local Union No. 46. The selection of these individual members will be made by the groups they represent.

Quorum: Four (4) members of the JATC, two (2) from each of the sponsoring parties shall be a quorum for the transaction of business, but each party shall have the right to cast the full vote of its membership and it shall be conducted as though all were present and voting.
