PLEASE NOTE

1. Although the information in this Prospectus has been compiled as accurately as possible, the Council accepts no responsibility for any inaccuracies in this publication. This Prospectus is valid for 2012 only.

2. Life Orientation and an achievement level of 1 in a subject is not considered in the calculation of the Admission Point Score (APS).

3. Prospective students will not be admitted to any qualification without prior evaluation.

4. The indicated non-refundable administration fee and certified copies of your identity document, Senior Certificate/National Senior Certificate and all other relevant documents must accompany the completed application form or online application.

5. The closing date for applications for admission to first-semester and year courses is 15 August of the preceding year, except for certain courses and International applicants of which the closing date is 15 June. The closing date for selected second-semester courses is 15 May of the year concerned.

Important:

TUT admission requirements for entry-level programmes adhere to national legislation and therefore the following are required:

• BEd degrees: at least four subjects at a performance level 4.
• National Diplomas: at least four subjects at performance level 3.

Please verify specific and additional requirements per programme as indicated in the prospectus.

ACCEPTANCE IS SUBJECT TO AVAILABLE CAPACITY ACCORDING TO THE STUDENT ENROLMENT PLAN (SEP)

Alternative and international qualifications (e.g. HIGSCE, IGCSE, NSSCA&O Level, IB Higher and Standard Level, etc) are dealt with in a specific manner:

• While there is a legal imperative to submit the certificate of equivalence (issued by SAQA or the CHE) it is recommended that the application process be initiated while the application for certificate is in process.
• The Tshwane University of Technology cannot obtain this certificate on your behalf.
CONVERSION OF ALTERNATIVE/EQUIVALENT RECOGNISED CERTIFICATES

The following provides a guideline on how the University will evaluate the various certificates that may be offered as equivalent to the National Senior Certificate (SA). Where possible, the University will evaluate the listed qualifications as indicated, however the University retains the right to refer any application to the formal application processes through Senate.

RECOGNITION OF PRIOR LEARNING, STATUS AND EQUIVALENCE

Candidates may also apply for recognition of prior learning or for admission via the Senate’s discretionary route at the Office of the Registrar. The specific relevant documentation will be requested from these applicants, and these cases will be handled on an individual basis (refer to details on these options in the section on RPL in Part 1 of the Prospectus).

1.1 DEPARTMENT OF SAFETY AND SECURITY MANAGEMENT ................................................... 169

SECTION C: SUBJECT INFORMATION (OVERVIEW OF SYLLABUS) .................................................. 170
1. POST-DIPLOMA AND POSTGRADUATE STUDENTS

1.1 ONE-YEAR POST-DIPLOMA QUALIFICATIONS

Certain bachelor’s degrees in technology with a minimum duration of one year, the Bachelor of Education (Honours) (BEd (Hons)), the Advanced Certificate in Education (ACE), the Post Graduate Certificate in Education (PGCE) and the Higher Diploma: Higher Education and Training are currently presented in a number of academic departments as post-diploma qualifications.

1.2 POSTGRADUATE STUDIES

It is the policy of Tshwane University of Technology to:
Ensure that effective and quality supervision at postgraduate level is provided by qualified supervisors.

The Tshwane University of Technology (TUT) offers the following master’s and doctorate programmes:
- Master’s Degree in Technology (Magister Technologiae)
- Master’s Degree in Education (MEd)
- Master’s Degree in Business Administration (MBA)
- Doctorate in Technology (Doctor Technologiae)
- Doctorate in Education (DEd)

1.3 ADMISSION REQUIREMENTS

1.3.1 One-year post-diploma qualifications

A student will not be admitted to a one-year post-diploma qualification unless he or she is the holder of a suitable national diploma or an equivalent qualification in an applicable field.

1.3.2 Master’s degrees

A student will not be admitted to enrol for a master’s degree unless he or she is already in possession of a suitable bachelor’s degree in technology or an equivalent qualification in a relevant study field.

1.3.3 Doctorates

A student will not be permitted to enrol for a doctorate unless he or she is already in possession of a master’s degree or an equivalent qualification in a relevant study field.

Please note: Prospective students must consult the relevant section of the latest Prospectus, as well as the publication, ‘Students’ guidelines for postgraduate study.

1.4 DURATION OF QUALIFICATION

1.4.1 Unless explicitly stated otherwise, the minimum period of study for one-year post-diploma programmes, one-year B Tech programmes and BEd (Honours) programmes is one (1) academic year and the maximum is two (2) academic years, if offered to day-class students. The maximum period for distance education and evening-class students is three (3) years.

1.4.2 The period of study allowed for a master’s degree is a minimum of one (1) and a maximum of three (3) academic years.

1.4.3 The period of study for a doctorate is a minimum of two (2) and a maximum of five (5) academic years.
1.4.4 The readmission of a student who has already been registered for the maximum number of years and who has not yet completed his or her studies will be permitted only after the Head of the Department has interviewed the student, and the dean has given written permission for further registration. After approval of extension, one third of the fixed class fees is payable annually by postgraduate students. The stipulations of rules 1.5.5 and 1.5.6 (of this chapter) also apply.

1.5 APPLICATION FOR ADMISSION AND REGISTRATION

1.5.1 Admission to all programmes is subject to evaluation. No prospective student will be allowed to register for any programmes without prior evaluation.

1.5.2 Registration for post-diploma qualifications, with the exception of postgraduate qualifications, takes place simultaneously with registration for the four-year B Tech degrees, and national diplomas.

1.5.3 Prospective students for postgraduate studies must apply for admission to the relevant programmes and academic departments on the required application form before the official closing date. (Also see the publication: Students’ guidelines for postgraduate study.)

1.5.4 Registration for a postgraduate degree takes place throughout the academic year.

1.5.5 All students must register for each academic term within the registration period, and must make the required initial payment.

1.5.6 Registration as a student is valid for one (1) academic year only. Should a student fail to register for the subsequent academic year, he or she has to apply for admission, register and pay the full amount required again.

1.5.7 An annual administration fee is payable in respect of each period of registration until the student has completed his or her programme.

1.5.8 It is a student’s own responsibility to register each year. Only registered students may receive guidance from their supervisors.

1.6 THE GRANTING OF STATUS

1.6.1 DEFINITIONS

In this chapter, unless otherwise indicated -

“status” means the recognition granted to a person who registers for an accredited programme if the person is not the holder of the required admission qualification or an equivalent qualification, but is the holder of a qualification on the same NQF level of the prerequisite qualification, the person is thus required to supplement pre(foundational) knowledge by means of completing additional instructional offerings relevant to the field of specialisation or by means of recognition of prior learning (RPL) (please note: full status can be achieved through RPL);

“equivalent qualification” means a qualification completed at an accredited institution of higher education which is not identical to the set entry programme (e.g. BCom versus N Dip), but which is evaluated on the same NQF level, and of which the study content overlaps with at least 70% with that of the set entry qualification; and

“Accredited institution of higher education” means one of the following:

• A South African public institution of higher education
• A private provider of higher education, registered with the Registrar of Private Higher Education Institutions
• An internationally accredited institution of higher education, accredited by its government as an institution of higher education
1.6.2 RULES

1.6.2.1 Diplomates and graduates from other recognised higher educational institutions who do not comply with the entry requirements for the relevant programmes, must obtain status equivalents to the prerequisite qualifications at TUT before being permitted to study at this institution.

1.6.2.2 Applications for status are approved by the Senate.

1.6.2.3 Applications for status must be made on the required form.

1.6.2.4 In cases where certain subjects are required for a master's degree, the student must first pass the subjects before he or she will be permitted to register a project, or where subjects are required or conditions have been set for approval of status, these subjects must be passed or the conditions be complied with prior to registration for the intended programme.

1.6.2.5 Equivalent qualifications that were obtained at accredited institutions of higher education, and which are not identical to the set entry qualification (e.g. BSc versus N Dip), but which are evaluated on the same NQF level, and of which the study content overlaps with at least 70% with that of the required entry qualification, are approved by the relevant Faculty Executive Committee.

1.6.2.6 RPL applications submitted for status should follow the RPL assessment route (see Chapter 30).

1.7 APPROVAL AND REGISTRATION OF A PROJECT

Please note: The relevant instructions and procedures are contained in the publication, Students' guidelines for postgraduate study, which is available on request.

1.7.1 For postgraduate degrees, prospective students must first apply to the academic department concerned for approval of the draft project proposal.

1.7.2 After the study panel of an academic department has accepted a provisional project, the student may register, keeping in mind the provisions of rule 1.5.3 (of this chapter).

1.7.3 Registered students who have not yet passed the subject, Research Methodology, will have to complete it, in consultation with the Head of the Department.

1.7.4 The student must submit the research proposal to the head of the relevant academic department within six (6) months of the date of registration. His or her registration will be cancelled if he or she fails to do so.

1.8 DISSERTATION OR THESIS

1.8.1 When the student has progressed with the project to the satisfaction of his or her supervisor, he or she must present the research results at a colloquium, as arranged.

1.8.2 After the colloquium has been completed successfully, the final copy of the thesis or dissertation must be prepared. The dissertation or thesis must be typed and the layout must be the final version, which must comply with the set guidelines.

1.8.3 The editing and the technical standard of the dissertation are the responsibility of the student and must comply with the norms contained in the publication, Guidelines for the preparation of dissertations and theses.

1.8.4 The student must complete all corrections and improvements before preparing a sufficient number of soft-cover copies of the dissertation or thesis for assessment, which he or she must then submit to the supervisor.

Closing dates: 31 March for the September graduation ceremonies
31 October for the April graduation ceremonies
1.8.5 After assessment, the student must make the corrections as required by the supervisor and then prepare five (5) hard-cover copies. All the copies, accompanied by the declaration of completion of studies, one (1) electronic copy, and a draft scholarly article for publication in a peer-reviewed journal (master's) or copies of two (2) scholarly articles that have already been submitted for publication in a peer-reviewed journal (doctorate) must be handed in at Student Administration or the administrator of the faculty concerned.

1.8.6 These copies must be handed in before one of the following dates in order for the qualification to be conferred at the next graduation ceremony:

- Before 31 July for the September graduation ceremonies
- Before 28 February for the April graduation ceremonies

1.9 PASS REQUIREMENTS

1.9.1 A student will pass a subject that has been set for a one-year post-diploma or postgraduate programme by obtaining a pass mark, or a final mark of 50% or more for that subject, subject to the provisions of rules 4.1.3 (as published in Part 1) and 1.9.2 (of this chapter), and by obtaining a final mark of 50% or more for a module with its own alphanumeric code, subject to the provisions of rule 4.1.3 (as published in Part 1): Provided that he or she should obtain the required subminimum of 40% in the assessment, or according to faculty specifications for the MBA degree.

1.9.2 A student must obtain a subminimum mark of at least 40% in an assessment in order to pass, and if the assessment in a subject comprises two or more question papers, a subminimum mark of at least 40% must be obtained for each paper. A subminimum pass mark of 50% is required in the case of practical question papers and practical assessment. See faculty specifications (part 6 of the prospectus) for the MBA degree.

1.9.3 Rules (as published in part 1) 4.1.12.3, 4.1.12.4, 4.1.12.5, 4.1.12.6, 4.1.12.7, 4.1.12.9, 4.1.12.11, 4.1.12.12, 4.3, 4.4, 4.5, 4.6, 4.7.3, 4.7.4, 4.7.5, 4.7.7, 4.8, 4.9, 4.10, 4.12, 4.13 and 9.1 apply mutatis mutandis.

1.9.4 A student will pass a subject with distinction by obtaining a final mark of at least 75% in that subject. This implies that each separate module should also have been passed with a mark of at least 75% (see rule 9.4 as published in Part 1).

1.9.5 Students must obtain a pass mark in a research report, dissertation or thesis.

Please note: The format of a dissertation or thesis must be according to the guidelines, the language must be edited, and it must be compiled and produced in accordance with the guidelines contained in the publication, Guidelines for the preparation of dissertations and theses.

1.9.6 See rule 4.1.12 (as published in Part 1).

1.10 REQUIREMENTS FOR GRADUATION

1.10.1 RESEARCH BASED MASTER'S DEGREES

In order to be awarded a research based master's degree, a student has to comply with the following requirements:

- A colloquium.
- A draft of at least one (1) scholarly article, ready for submission for publication in a peer-reviewed journal, preferably accredited (to be handed in with the final dissertation).
- A dissertation to be assessed by two (2) external assessors.

1.10.2 STRUCTURED MASTER'S DEGREES

In order for a student to pass the mini-dissertation, it has to be examined by two external assessors.
1.10.3 DOCTORATES

In order to be awarded a doctorate degree, a student has to comply with the following requirements:

- A colloquium.
- Copies of at least two (2) scholarly articles that have already been submitted for publication in an accredited or peer reviewed journal (proof that the journal has received these must be handed in with the copies of the final version or legal deposit copy of the thesis). (Please Note: Faculties may add own requirements but these must be submitted to Senate for approval. All requirements must be clearly stated in the Prospectus of each Faculty).
- A thesis to be assessed by two (2) external assessors.
- A successful defence of the thesis.

1.11 CESSION OF COPYRIGHT AND PUBLICATION OF DISSERTATION OR THESIS

The copyright on a dissertation or thesis that is submitted to TUT in fulfilment or partial fulfilment of the requirements for a master's degree or doctorate shall vest in the University, irrespective of whether such dissertation or thesis is accepted or not.

(a) The copyright should therefore be ceded. On registration, it is pointed out to the student that, on signing the form (PGS010), the entire copyright is ceded to TUT, unless if, in exceptional circumstances, exemption from cession of copyright is applied for and granted. Fully substantiated reasons must be submitted with applications for exemption.

If a dissertation or thesis is not accepted, the student may apply to the University for the ceding of copyright back to him or her.

(b) No dissertation or thesis or any part thereof, including any summary of the dissertation or any part thereof, shall be printed or published without the permission of the Registrar. Such permission may be granted, subject to –

• reference being made in the published work to it having been submitted to TUT in the form of a dissertation or thesis;
• one or more copies of the published work being handed in at the University; and
• such changes being effected as may be recommended by the supervisor, examiners or others, and such other conditions being met as the University may deem fit from time to time.

If permission is granted to a student to publish his or her dissertation or thesis, the publication of the work must be carried out in consultation with his or her supervisor.

Please note: Exemption from the application of rule 1.10 (of this chapter) will be granted in exceptional circumstances only.

1.12 RIGHT TO APPEAL

1.12.1 Postgraduate candidates who are not satisfied with the outcome of the final marks for their research reports, dissertations or theses, may submit written appeals to the executive dean of the faculty concerned.

1.12.2 The dean and relevant head of the department will decide on the merit of an additional assessment option. Where an additional assessment is introduced, no further assessments will be conducted after the calculation of a new fixed mark.
1. FACULTY OF ECONOMICS AND FINANCE

1.1 DEPARTMENT OF AUDITING

1.1.1 MAGISTER TECHNOLOGIAE: INTERNAL AUDITING
Qualification code: MTIA95
Campus where offered: Ga-Rankuwa Campus

REMARKS

a. Admission requirement(s):
A Baccalaureus Technologiae: Internal Auditing or an equivalent qualification, with a 60% pass mark for Internal Auditing IV. A student should preferably have passed Research Methodology before registration, and if not, should definitely pass that subject before their dissertation will be accepted.

b. Selection criteria:
A structured interview with the supervisor.

c. Duration:
A minimum of one year and a maximum of three years.

d. Presentation:
Research

e. Subject credits:
Subject credits are shown in brackets after each subject.

1.1.2 DOCTOR TECHNOLOGIAE: INTERNAL AUDITING
Qualification code: DTIA96
Campus where offered: Ga-Rankuwa Campus

REMARKS

a. Admission requirement(s):
A Magister Technologiae: Internal Auditing or an equivalent qualification.

b. Selection criteria:
A structured interview with a supervisor.

c. Duration:
A minimum of two years and a maximum of five years.

d. Presentation and campus:
Research

TOTAL CREDITS FOR THE QUALIFICATION: 2,000

1.2 DEPARTMENT OF ECONOMICS

1.2.1 MAGISTER TECHNOLOGIAE: COMPARATIVE LOCAL DEVELOPMENT (Structured)
Qualification code: MTCVS0

Campus where offered: Pretoria Campus (Metro Skinner Street)

THIS QUALIFICATION IS PRESENTED UNDER THE AUSPICES OF THE INSTITUTE FOR ECONOMIC RESEARCH ON INNOVATION (IERI).

REMARKS

a. Admission requirement(s):
   Applicants should –
   • be in possession of any four-year university degree in Economics, Law, Political Science, Sociology or an equivalent qualification;
   • be fluent in English and computer literate;
   • present a project work proposal; and
   • demonstrate congruence of experience and motives with the nature of the programme.

b. Selection criteria:
   Admission is subject to selection. Priority will be given to candidates who are employed.

c. Duration:
   A minimum of two years and a maximum of three years. Students have to re-register annually for this qualification.

d. Presentation:
   Block-based classes

   (Please note: The sequence in which subjects are presented may be altered due to various reasons and due to the international character of the programme. The responsibility for specific subjects may be allocated to different partners in the international Joint African Masters Programme (JAMP) consortium.)

e. Research Project:
   The evaluation of the Research Project constitutes 25% of the total evaluation of the qualification. Participants will be presenting and defending the results in an open discussion.

f. Subject credits:
   Subject credits are shown in brackets after each subject.
Key to asterisks
* Attendance of both the pre-programme and the introductory course is compulsory, although they do not carry any credits. The purpose of the pre-programme is to introduce students to the programme and course supervisors, and to arrange course logistics. The aim of the introductory course is to provide solid baseline knowledge in the three core disciplines of economics, law and sociology.
** In cases where a student lacks proficiency in the English language the course, Introduction to English has to be attended.

SUBJECTS ARE OFFERED AS DETERMINED BY THE DEPARTMENT.

1.3 DEPARTMENT OF MANAGERIAL ACCOUNTING AND FINANCE

1.3.1 MAGISTER TECHNOLOGIAE: COST AND MANAGEMENT ACCOUNTING
Qualification code: MTCM95

Campus where offered: Ga-Rankuwa Campus

REMARKS

a. Admission requirement(s):
   A Baccalaureus Technologiae: Cost and Management Accounting or an equivalent qualification and an interview with the supervisor. A student should preferably have passed Research Methodology before registration, and if not, should definitely pass that subject before their dissertation will be accepted.

b. Selection criteria:
   All applications are subject to selection.

c. Duration:
   A minimum of one year and a maximum of three years.

d. Presentation:
   Research

e. Subject credits:
   Subject credits are shown in brackets after each subject.

2. FACULTY OF ENGINEERING AND THE BUILT ENVIRONMENT
(Please see Part 3 of the Prospectus for generic requirements for all qualifications offered by this faculty)

2.1 DEPARTMENT OF ARCHITECTURE

2.1.1 MAGISTER TECHNOLOGIAE: ARCHITECTURE: PROFESSIONAL
(Structured)
Qualification code: MTPSS0

Campus where offered: Pretoria Campus

Purpose of the qualification:
To provide the student with the skills, knowledge and understanding necessary to follow a career as a competent Professional Architect.

REMARKS

a. Admission requirement(s):
   A Baccalaureus Technologiae: Architecture: Professional or an NQF Level 7 bachelor’s/honours (Professional) degree in Architecture obtained from a South African university.

   Holders of any other equivalent South African or foreign qualifications may also be considered. Foreign students will be required to submit an evaluation by the South African Qualifications Authority (SAQA) of their qualifications with their application forms for admission. The Faculty reserves the right to assess these qualifications and the applicant’s suitability for admission to the programme.

   Depending on the nature of such an equivalent qualification, the completion of certain additional subjects may be required.

b. Selection criteria:
   Admission is subject to selection.

c. Duration:
   A minimum of two years and a maximum of three years.

d. Presentation:
   Day and block-based classes.

e. Intake for the qualification:
   January and July

f. Accreditation by professional body:
   This qualification has been accredited by the South African Council for the Architecture Profession (SACAP).

g. Subject credits:
   Subject credits are shown in brackets after each subject.

FIRST YEAR

Subjects must be taken in combinations and in the sequence indicated. The following rules will apply to the first year:

* CHH500T and NSY500T must be taken concurrently.
** CSM500T and KME500T must be taken concurrently.
*** ACH500T and THD500T must be taken concurrently.

RMD500D Research Methodology** (0,020)
SFN500T Specification V* (0,020)
SFN500R Specification V (re-registration)* (0,000)

TOTAL CREDITS FOR THE SECOND YEAR: 0,600

TOTAL CREDITS FOR THE QUALIFICATION: 1,000

2.1.2 MAGISTER TECHNOLOGIAE: ARCHITECTURAL TECHNOLOGY
(Field of specialisation: Technology)
(Structured)
Qualification code: MTAD96

Purpose of the qualification:
To provide the student who wishes to specialise in the technological aspects of architecture with the skills, knowledge and understanding necessary to follow a career as a competent Architectural Technologist.

REMARKS
a. Admission requirement(s):
A Baccalaureus Technologiae: Architectural Technology or an NQF Level 7 bachelor’s or honours degree in Architecture obtained from a South African university.
Holders of any other equivalent South African or foreign qualifications may also be considered. Foreign students will be required to submit an evaluation by the South African Qualifications Authority (SAQA) of their qualifications with their application forms for admission. The Faculty reserves the right to assess these qualifications and the applicant’s suitability for admission to the programme.

Depending on the nature of such an equivalent qualification, the completion of certain additional subjects may be required.

b. **Duration:**
A minimum of one year and a maximum of three years.

c. **Presentation:**
Day and block-based classes

d. **Intake for the qualification:**
January and July

e. **Subject credits:**
Subject credits are shown in brackets after each subject.

**SUBJECTS PRINTED IN BOLD ARE NOT FOR REGISTRATION PURPOSES.**

**YEAR SUBJECTS**

Subjects must be taken in the combinations and in the sequence indicated. ATG50PT must precede ATG50QT and the following rule will apply to the qualification:

* ARM50PT and ARM50QT must be taken concurrently.

2.2 DEPARTMENT OF BUILDING SCIENCES

2.2.1 MAGISTER TECHNOLOGIAE: CONSTRUCTION MANAGEMENT

Qualification code: MTCUS0/MTCU95

Campus where offered: Pretoria Campus

REMARKS

a. Admission requirement(s):
A Baccalareus Technologiae: Construction Management or an NQF Level 7 qualification from an accredited South African university.

Holders of any other equivalent South African or foreign qualifications may also be considered. Foreign students will be required to submit an evaluation by the South African Qualifications Authority (SAQA) of their qualifications with their application forms for admission. The Faculty reserves the right to assess these qualifications and the applicant’s suitability for admission to the programme.

Depending on the nature of such an equivalent qualification, the completion of certain additional subjects may be required.

b. Selection criteria:
All applications are subject to selection and may include a personal interview with a departmental selection panel.

c. Duration:
A minimum of one year and a maximum of three years.

d. Presentation:
Research or day classes (for structured option only). The structured option will only be offered if there are sufficient students.

e. Intake for the qualification:
January and July

f. Dissertation:
This instructional programme comprises a research project with a dissertation. In the dissertation, the candidates should prove that they understand a particular problem in the industry in which they have completed research, are able to analyse it and set it out logically to arrive at logical conclusions or a diagnosis, and to make proposals for solutions to the problem or for the elimination of the problem. The dissertation should comply with the usual general technical requirements and rules regarding scope, quality and layout.

g. Subject credits:
Subject credits are shown in brackets after each subject.

2.4 DEPARTMENT OF CIVIL ENGINEERING

2.4.1 MAGISTER TECHNOLOGIAE: ENGINEERING: CIVIL
Qualification code: MTCI95
Campus where offered: Pretoria Campus

REMARKS

a. Admission requirement(s):
A Baccalaureus Technologiae: Engineering: Civil or an NQF Level 7 qualification in Civil Engineering (or a related field) obtained from a South African university.

Holders of any other equivalent South African or foreign qualifications may also be considered. Foreign students will be required to submit an evaluation by the South African Qualifications Authority (SAQA) of their qualifications with their application forms for admission. The Faculty reserves the right to assess these qualifications and the applicant’s suitability for admission to the programme.

Depending on the nature of such an equivalent qualification, the completion of certain additional subjects may be required.

b. Selection criteria:
All applications are subject to selection and may include a personal interview with a departmental selection panel.

c. Duration:
A minimum of one year and a maximum of three years.

d. Presentation:
Research

e. Intake for the qualification:
January and July

f. Content:
This programme comprises a research project with a dissertation, subject to the candidate having already passed Research Methodology. In the dissertation, the candidates should prove that they understand a particular problem in the industry to which their research applies and are able to analyse it, set it out logically, arrive at logical conclusions or a diagnosis and make proposals for improvements or the elimination of the problem. The dissertation should comply with the usual general technical requirements and rules regarding scope, quality and layout.

g. Other requirement(s):
Candidates who apply for admission to this qualification must provide the Head of the Department with a protocol (research proposal) for discussion.

h. Subject credits:
Subject credits are shown in brackets after each subject.

   All applications are subject to selection and may include a personal interview with a departmental selection panel.

c. **Duration:**
   A minimum of two years and a maximum of five years.

d. **Presentation:**
   Research

e. **Intake for the qualification:**
   January and July

f. **Content:**
   This programme comprises an advanced research project with a thesis. The thesis should provide proof of the students’ original creative thinking and problem-solving abilities, and prove that they can make a real contribution in solving a particular problem in the industry to which the research applies. The dissertation should comply with the usual general technical requirements and rules regarding scope, quality and layout.

g. **Other requirement(s):**
   Candidates who apply for admission to this qualification must provide the Head of the Department with a protocol (research proposal) for discussion.

**TOTAL CREDITS FOR THE QUALIFICATION:** 2,000
REMARKS

a. Admission requirement(s):
A Baccalaureus Technologiae: Engineering: Electrical with an aggregate of 60% for the final year of study with Engineering Mathematics IV and at least one of the following subjects: Signal Processing IV, and/or Control Systems IV, or an NQF Level 7 qualification in Electrical Engineering (or a related field) with an aggregate of 60% for the final year of study obtained from an accredited South African university.

Holders of any other equivalent South African or foreign qualifications may also be considered. Foreign students will be required to submit an evaluation by the South African Qualifications Authority (SAQA) of their qualifications with their application forms for admission. The Faculty reserves the right to assess these qualifications and the applicant's suitability for admission to the programme.

Depending on the nature of such an equivalent qualification, the completion of certain additional subjects may be required.

b. Recommended subject(s):
Software Engineering IV and at least two specialisation subjects.

c. Selection criteria:
All applications are subject to selection and may include a personal interview with a departmental selection panel.

d. Minimum duration:
A minimum of one year and a maximum of three years.

e. Presentation:
Block-based classes

f. Intake for the qualification:
January and July

g. Subject groups (fields of specialisation):
Students will be given a choice of one of the following subject groups:

- Control and image Processing
- Power Engineering
- Telecommunication Technology

h. Subject credits:
Subject credits are shown in brackets after each subject.

i. Articulation to MSc qualifications:
Articulation to the MSc programme offered in partnership with ESIEE (France) and Managed by F’SATIE at the Tshwane University of Technology may be done. Please contact the Head of the Department for further details.

2.5.2 MAGISTER TECHNOLOGIAE: ENGINEERING: ELECTRICAL
Qualification code: MTEE95

Campus where offered: Pretoria Campus

REMARKS

a. Admission requirement(s):
A Baccalaureus Technologiae: Engineering: Electrical or an NQF Level 7 qualification in Electrical Engineering (or related field) obtained from a South African university.

Holders of any other equivalent South African or foreign qualifications may also be considered. Foreign students will be required to submit an evaluation by the South African Qualifications Authority (SAQA) of their qualifications with their application forms for admission. The Faculty reserves the right to assess these qualifications and the applicant’s suitability for admission to the programme.

Depending on the nature of such an equivalent qualification, the completion of certain additional subjects may be required.

b. Selection criteria:
All applications are subject to selection and may include a personal interview with a departmental selection panel.

c. Duration:
A minimum of one year and a maximum of three years.

d. Presentation:
Research
e. **Dissertation:**
A student who applies for the Magister Technologiae: Engineering: Electrical has to submit a dissertation with a limited scope on an approved subject.

Research will be done in the following niche areas in Electrical Engineering:
- Clinical Engineering
- Control Engineering
- Electronics
- Power Engineering
- Telecommunication Engineering

f. **Subject credits:**
Subject credits are shown in brackets after each subject.

### 2.5.4 MSc (ELECTRONIC ENGINEERING)
**Qualification code:** PGEE04

**Campus where offered:** Pretoria Campus

**REMARKS**
**Please note:** This qualification is offered in partnership with the ESIEE (France) and is managed by F’SATIE at the Tshwane University of Technology. The degree is conferred by the ESIEE (France). The rules of the ESIEE thus apply to this qualification. Students are required to accumulate 90 ECTS (European Credit Transfer System) credits. Thirty ECTS credits are awarded for a research Magister Technologiae: Engineering: Electrical, which the student has to complete before the MSc can be conferred.

a. **Admission requirement(s):**
A Baccalaureus Technologiae: Engineering: Electrical with an aggregate of 60% for the final year of study with Engineering Mathematics IV and at least two of the following subjects: Signal Processing IV, Control Systems IV, Digital Control Systems IV and Digital Signal Processing IV, or an NQF Level 7 qualification in Electrical Engineering (or a related field) with an aggregate of 60% for the final year of study obtained from an accredited South African university.

Holders of any other equivalent South African or foreign qualifications may also be considered. Foreign students will be required to submit an evaluation by the South African Qualifications Authority (SAQA) of their qualifications with their application forms for admission. The Faculty of Engineering and the Built Environment reserves the right to assess these qualifications and the applicant's suitability for admission to the programme.

b. **Recommended subject(s):**
Software Engineering IV and at least two specialisation subjects.

c. **Selection criteria:**
Prospective students may be requested to pass an admission test. Admission depends on available space.
d. **Minimum duration:**
   Two years

e. **Subject credits:**
   Subject credits are shown in brackets after each subject.

### 2.6 DEPARTMENT OF INDUSTRIAL ENGINEERING

#### 2.6.1 MAGISTER TECHNOLOGIAE: ENGINEERING: INDUSTRIAL

*Field of specialisation: Technology Management*

*(Structured)*

**Qualification code: MTEIS0**

Campus where offered: Pretoria Campus

### REMARKS

a. **Admission requirement(s):**
   A Baccalaureus Technologiae: Engineering or an NQF Level 7 qualification in Engineering (or a related field) obtained from a South African university.

   Holders of any other equivalent South African or foreign qualifications may also be considered. Foreign students will be required to submit an evaluation by the South African Qualifications Authority (SAQA) of their qualifications with their application forms for admission, at least six months before actual enrolment, to the Department or Registrar to obtain the required approval by Senate. The Faculty reserves the right to assess these qualifications and the applicant’s suitability for admission to the programme.

   Depending on the nature of such an equivalent qualification, the completion of certain additional subjects may be required.

b. **Selection criteria:**
   All applications are subject to selection and may include a personal interview with a departmental selection panel.

c. **Duration:**
   A minimum of eighteen months and a maximum of three years.
d. Presentation: Block-based classes

e. Intake for the qualification: January and July

f. Subject credits: Subject credits are shown in brackets after each subject.

### 2.6.2 MAGISTER TECHNOLOGIAE: ENGINEERING: INDUSTRIAL

**Qualification code: MTEI95**

Campus where offered: Pretoria Campus

### REMARKS

a. Admission requirement(s):

A Baccalaureus Technologiae: Engineering: Industrial or an NQF Level 7 qualification in Industrial Engineering (or a related field) obtained from a South African university.

Holders of any other equivalent South African or foreign qualifications may also be considered. Foreign students will be required to submit an evaluation by the South African Qualifications Authority (SAQA) of their qualifications with their application forms for admission. The Faculty reserves the right to assess these qualifications and the applicant’s suitability for admission to the programme.

Depending on the nature of such an equivalent qualification, the completion of certain additional subjects may be required.
b. **Selection criteria:**
All applications are subject to selection and may include a personal interview with a departmental selection panel.

c. **Duration:**
A minimum of one year and a maximum of three years.

d. **Presentation:**
Research

e. **Intake for the qualification:**
January and July

f. **Dissertation:**
In the dissertation, the candidates must prove that they understand a particular problem in the industry in which they have done research, are able to analyse and set it out logically, arrive at logical conclusions or a diagnosis, and are then able to make proposals for the solution or the elimination of the problem. The dissertation must comply with the usual general technical requirements and rules regarding scope, quality and layout. The chosen research theme must be based on one or more prerequisite Level IV subjects.

g. **Subject credits:**
Subject credits are shown in brackets after each subject.

   TOTAL CREDITS FOR THE QUALIFICATION: 2,000

2.7 **DEPARTMENT OF MECHANICAL ENGINEERING**

2.7.1 **MAGISTER TECHNOLOGIAE: ENGINEERING: MECHANICAL**
   Qualification code: MTME95
   Campus where offered: Pretoria Campus

**REMARKS**

a. **Admission requirement(s):**
   A Baccalaureus Technologiae: Engineering: Mechanical or an NQF Level 7 qualification in Mechanical Engineering (or a related field) obtained from a South African university.

   Holders of any other equivalent South African or foreign qualifications may also be considered. Foreign students will be required to submit an evaluation by the South African Qualifications Authority (SAQA) of their qualifications with their application forms for admission. The Faculty reserves the right to assess these qualifications and the applicant’s suitability for admission to the programme.

   Depending on the nature of such an equivalent qualification, the completion of certain additional subjects may be required.

b. **Selection criteria:**
   All applications are subject to selection and may include a personal interview with a departmental selection panel.

c. **Duration:**
   A minimum of one year and a maximum of three years.

d. **Presentation:**
   Research

e. **Intake for the qualification:**
   January and July

f. **Subject credits:**
   Subject credits are shown in brackets after each subject.
REMARKS

a. Admission requirement(s):
A Magister Technologiae: Engineering: Mechanical or an NQF Level 8 qualification in Mechanical Engineering (or a related field) obtained from a South African university.

Holders of any other equivalent South African or foreign qualifications may also be considered. Foreign students will be required to submit an evaluation by the South African Qualifications Authority (SAQA) of their qualifications with their application forms for admission. The Faculty reserves the right to assess these qualifications and the applicant’s suitability for admission to the programme.

b. Selection criteria:
All applications are subject to selection and may include a personal interview with a departmental selection panel.

c. Duration:
A minimum of two years and a maximum of five years.

d. Presentation:
Research

e. Intake for the qualification:
January and July

f. Subject credits:
Subject credits are shown in brackets after each subject.
Purpose of the qualification:
The purpose of this degree is to train polymer technologists to be versatile enough to fit in the industries (if they want to make their careers in the cooperate world) and to build high-level technological capacity to train the youth if, at the end of their studies, they pursue careers in the academic or research, development and innovation environments.

REMARKS

a. Admission requirement(s):
A Baccalaureus Technologiae: Polymer Technology or an NQF Level 7 qualification in Polymer or Plastics Technology or Sciences (or a related field) obtained from a South African university.

Holders of any other equivalent South African or foreign qualifications may also be considered. Foreign students will be required to submit an evaluation by the South African Qualifications Authority (SAQA) of their qualifications with their application forms for admission. The Faculty reserves the right to assess these qualifications and the applicant's suitability for admission to the programme.

Depending on the nature of such an equivalent qualification, the completion of certain additional subjects may be required.

b. Selection criteria:
All applications are subject to selection and may include a personal interview with a departmental selection panel.

c. Duration:
A minimum of one year and a maximum of three years.

d. Presentation:
Research.

e. Intake for the qualification:
January and July

f. Content:
This programme comprises a research project with a dissertation, provided the student passes Research Methodology first. In the dissertation, the candidates must prove that they understand a particular problem in the industry in which they have done research and are able to analyse it, set it out logically, arrive at logical conclusions or a diagnosis, and make proposals for the solution or elimination of the problem. The dissertation should comply with the usual general technical requirements and rules relating to scope, quality and layout.

g. Subject credits:
Subject credits are shown in brackets after each subject.

TOTAL CREDITS FOR THE QUALIFICATION: 1,000
2.7.4 DOCTOR TECHNOLOGIAE: POLYMER TECHNOLOGY
Qualification code: DTPY01

Campus where offered: Pretoria Campus

Purpose of the qualification:
The purpose of this degree is to train polymer technologists to be versatile enough to fit in the industries (if they want to make their careers in the cooperate world) and to build high-level technological capacity to train the youth if, at the end of their studies, they pursue careers in the academic or research, development and innovation environments.

REMARKS

a. Admission requirement(s):
A Magister Technologiae: Polymer Technology or an NQF Level 8 qualification in Polymer or Plastics Technology or Sciences (or a related field) obtained from a South African university.

Holders of any other equivalent South African or foreign qualifications may also be considered. Foreign students will be required to submit an evaluation by the South African Qualifications Authority (SAQA) of their qualifications with their application forms for admission. The Faculty reserves the right to assess these qualifications and the applicant’s suitability for admission to the programme.

Depending on the nature of such an equivalent qualification, the completion of certain additional subjects may be required.

b. Selection criteria:
All applications are subject to selection and may include a personal interview with a departmental selection panel.

c. Duration:
A minimum of two years and a maximum of five years.

d. Presentation:
Research

e. Intake for the qualification:
January and July

f. Content:
This programme comprises an advanced research project with a thesis. In the thesis, the candidates must provide proof of original, creative thinking and problem-solving skills, and prove that they can make a real contribution to the solution of a particular problem in the industry to which the research applies. The thesis should comply with the usual general technical requirements and rules relating to scope, quality and layout.

g. Subject credits:
Subject credits are shown in brackets after each subject.

3. FACULTY OF HUMANITIES

3.1 DEPARTMENT OF APPLIED LANGUAGES

3.1.1 MAGISTER TECHNOLOGIAE: LANGUAGE PRACTICE
(Field of specialisation: Computer-Assisted Language Teaching)
(Structured)
Qualification code: MTLPS0

Campus where offered: Soshanguve South Campus

REMARKS

a. Admission requirement(s):
   A Baccalaureus Technologiae: Language Practice, BA (Hons) (Languages), or an equivalent qualification. Candidates should preferably have passed Research Methodology before registration, and if not, should definitely pass the subject before their Research Report will be accepted.

b. Selection criteria:
   Departmental selection is required prior to registration. Additional requirements may be set to obtain the required status. Preliminary examinations may be set.

c. Duration:
   A minimum of one year and a maximum of three years.

d. Presentation:
   Block-based classes. Subjects are offered at the location (Soshanguve North or Pretoria campuses) as determined by the Head of the Department.

   A candidate for the Magister Technologiae: Language Practice also has to submit a research report on a language-related topic approved by the Faculty Board on recommendation of the Head of the Department. The method of instruction will be determined by the Head of the Department.

e. Subject credits:
   Subject credits are shown in brackets after each subject.

### 3.2 DEPARTMENT OF EDUCATIONAL STUDIES

#### 3.2.1 MASTERS IN EDUCATION

**Qualification code:** MEED05

**Campus where offered:** Soshanguve North Campus

**REMARKS**

a. **Admission requirement(s):**
A Bachelor of Education (Hons) or an equivalent qualification, which should have been passed with an average of 60% to be considered for selection.

Each candidate has to submit the following to the Department before 30 September of the applicable year:
- An updated curriculum vitae, including all contact details
- A typed motivation for wishing to study for the Masters in Education
- A short description of the research topic
- An academic record that includes the marks obtained in the BEd (Hons) examination

In addition, students should successfully complete Research Methodology in the first year of study if it was not taken for a previous qualification. Postgraduate Workshops will be available and students must attend.

b. **Selection criteria:**
Candidates who are selected on the strength of their written motivations will be invited for interviews. Candidates who succeed in their interviews will be informed during October to register.

c. **Applications:**
Prospective students who wish to enrol for the Masters in Education should submit the required documentation before the end of September of the year preceding their studies.

Any prospective student, who has not completed their previous qualification at TUT, should submit an application form to Student Administration in order to obtain a student number.

Prospective students should understand that neither an average of 60%, nor the submission of the portfolio, automatically gives them admission to the Masters in Education. If a prospective student’s portfolio is accepted, they will be invited to an interview. During this interview, a final decision will be taken about his or her admission.

d. **Duration:**
A minimum of one year and a maximum of three years.
e. *Presentation:*

Research

f. *Subject credits:*

**TOTAL CREDITS FOR THE QUALIFICATION:** 1,000

### 3.2.2 MASTERS IN EDUCATION: EDUCATIONAL TECHNOLOGY

**Qualification code:** MEEY05

**Campus where offered:** Soshanguve North Campus

**REMARKS**

a. *Admission requirement(s):*

A Bachelor of Education (Hons) or an equivalent qualification, which should have been passed with an average of 60% for the honours degree to be considered for selection; or

- an M+4 qualification, which should have been passed with a programme average of 60% to be considered for selection, plus an additional professional education qualification of at least 120 credits; or

- a Bachelor of Education with an average of 60% or more. A portfolio of evidence should be submitted and an interview will be conducted.

Each candidate has to submit the following to the Department before 30 September:

- An updated curriculum vitae, including all contact details
- A typed motivation for wishing to study for the Masters in Education: Educational Technology
- A short description of the research topic
- An academic record that includes the marks obtained in the BEd (Hons) examination

In addition, students should successfully complete Research Methodology in the first year of study if it was not taken for a previous qualification. Postgraduate Workshops will be available and students must attend.

b. *Selection criteria:*

Candidates who are selected on the strength of their written motivations will be invited for interviews during October. Candidates who succeed in their interviews will be informed in November to register.

c. *Applications:*

Prospective students who wish to enrol for the Masters in Education: Educational Technology should submit the required documentation before the end of September of the year preceding their studies.

Prospective students should understand that a final decision about their admission will only be made during the interview.

d. *Other requirement(s):*

Prospective students who wish to register for this programme should have access to the Internet, since interaction, mainly online, between facilitators and students will be encouraged.
e. **Duration:**
   A minimum of two years and a maximum of three years.

f. **Presentation:**
   Research

g. **Subject credits:**
   Subject credits are shown in brackets after each subject.

### 3.2.3 DOCTORATE IN EDUCATION

**Qualification code:** DEED05

**Campus where offered:** Soshanguve North Campus

#### REMARKS

**a. Admission requirement(s):**
A Masters in Education or an equivalent qualification.

**b. Selection criteria:**
Each candidate has to submit the following to the Department:
- An updated curriculum vitae, including all contact details
- A typed motivation for wishing to study for the Doctorate in Education
- A short description of the research topic
- An academic record that includes the marks obtained for the Masters in Education

After submitting these documents, prospective students will be requested to prepare a proposal based on a study theme to be provided by the Department of Educational Studies. Candidates will be invited for an interview in January, during which they also have to present their proposals to the Departmental Research and Innovation Committee and supervisors.

Candidates will be informed of the outcome of their application within a week.

**c. Duration:**
A minimum of two years and a maximum of five years.

3.3 DEPARTMENT OF JOURNALISM

3.3.1 MAGISTER TECHNOLOGIAE: JOURNALISM
Qualification code: MTJR96

Campus where offered: Soshanguve North Campus

REMARKS

a. Admission requirement(s):
   A National Higher Diploma: Journalism, or a Baccalaureus Technologiae: Journalism, or
   another appropriate equivalent qualification, as well as proven media experience. In the
   case of an equivalent qualification, candidates should possess adequate professional
   knowledge and skills for admission to the qualification. Students should also apply for the
   granting of status.

   In addition students should successfully complete Research Methodology in the first year of
   study if it was not taken for a previous qualification.

b. Selection criteria:
   Admission is subject to selection.

3.5 DEPARTMENT OF PUBLIC MANAGEMENT

3.5.1 MAGISTER TECHNOLOGIAE: PUBLIC MANAGEMENT
(Structured)
Qualification code: MTPAS2/MTLGS0

Campus where offered: Soshanguve South Campus

REMARKS

a. Admission requirement(s):
Any Baccalaureus Technologiae or honours degree with a management component,
subject to the student being employed in the public sector and having relevant public
sector work experience. Students have to pass Research Methodology before they will be
admitted to study for the Magister Technologiae: Public Management.

b. Selection criteria:
Admission is subject to a structured interview with a selection committee. The candidate will
be evaluated on the following criteria:
• Previous academic achievement
• Reasons for continuing with studies
• Record of conduct
• Research topic proposal
• Work experience

c. Presentation:
Block-based classes

d. Minimum duration:
A minimum of two years, and a maximum of three years.

e. Subjects:
- The six subjects are presented in a block format during the first 18 months.
- Teaching methods are a combination of lectures, case studies, group work, project
work and independent research. Sustained participation is required throughout the
programme.
- The second part of the Magister Technologiae comprises the research report, which
carries a weight of 50% of the degree. Tutors will guide students for the duration
of the qualification on how to plan, research and draw up their dissertations. The
dissertations may cover any approved research topic. Students may choose topics
that are directly related to their own professional responsibilities.

f. Subject credits:
Subject credits are shown in brackets after each subject.

3.6 DEPARTMENT OF PUBLIC RELATIONS AND BUSINESS COMMUNICATION

3.6.1 MAGISTER TECHNOLOGIAE: PUBLIC RELATIONS MANAGEMENT
Qualification code: MTPR95

Campus where offered: Soshanguve North Campus

REMARKS

a. Admission requirement(s):
A Baccalaureus Technologiae: Public Relations Management, or a BA Honours degree in Communication Science, or a relevant equivalent qualification with five years of suitable experience.

In addition, students should successfully complete Research Methodology in the first year of study if it was not taken for a previous qualification.

b. Selection criteria:
All prospective students are subject to selection. Selection is based on a written test and an interview. General knowledge, language proficiency and critical disposition are of the utmost importance in the communication industry. These aspects will consequently feature prominently in the evaluation process. Factors such as academic and practical performance, personal drive and motivation, attitude and outlook, potential, readiness to benefit from advanced training, and career suitability will be taken into consideration.

A Magister Technologiae: Strategic Communication or a Magister Technologiae: Communication Science or a relevant equivalent qualification.

b. Selection criteria:
All prospective students have to present themselves for evaluation. Selection is based on a written test and an interview. General knowledge, language proficiency and critical disposition are of the utmost importance in the communication industry. These aspects will consequently feature prominently in the evaluation process. Factors such as academic and practical performance, personal drive and motivation, attitude and outlook, potential, readiness to benefit from advanced training, and career suitability will be taken into consideration.

c. Duration:
A minimum of two years and a maximum of five years.

d. Presentation:
Research

e. Subject credits:
Subject credits are shown in brackets after each subject.

TOTAL CREDITS FOR THE QUALIFICATION: 2,000

3.7 DEPARTMENT OF SAFETY AND SECURITY MANAGEMENT

3.7.1 MAGISTER TECHNOLOGIAE: POLICING
(Structured)
Qualification code: MTPOST

Campus where offered: Soshanguve South Campus and Distance Education service points

REMARKS

a. Admission requirement(s):
A Baccalaureus Technologiae: Policing or an equivalent qualification. In addition, the student should successfully complete Research Methodology in the first year of study if it was not taken for a previous qualification.

b. Selection criteria:
Admission is subject to selection.
c. **Duration:**
- A minimum of two years and a maximum of three years. The six subjects are presented during the first 18 months in evening or block-based classes (2 x 2 weeks during the first and second parts of the year).
- Teaching methods are based on a combination of lectures, case studies, group work, project work and independent research. Sustained participation is required throughout the programme.
- The second part of the Magister Technologiae (the last six months) comprises the dissertation (Research Report: Policing V), which carries a weight of 50% of the degree.

d. **Presentation:**
Soshanguve South Campus (evening or block-based classes) and Distance education with limited contact classes per subject per semester, at the Cape Town or Durban service points.

e. **Subject credits:**
Subject credits are shown in brackets after each subject.

- THE SUBJECT CODES OF THE DISTANCE EDUCATION SUBJECTS DIFFER FROM THE CODES INDICATED BELOW. PLEASE CONSULT THE DISTANCE EDUCATION PROSPECTUS FOR THESE CODES.
- SUBJECTS ARE OFFERED AS DETERMINE BY THE HEAD OF THE DEPARTMENT.

Total credits for the qualification: 2,000
4. FACULTY OF INFORMATION AND COMMUNICATION TECHNOLOGY

4.1 DEPARTMENT OF COMPUTER SCIENCE

4.1.1 MAGISTER TECHNOLOGIAE: INFORMATION NETWORKS (Structured)
Qualification code: MTINS0

Campus where offered: Soshanguve South Campus

**Description of the qualification:**
This programme is designed to focus on the topic of Enterprise Architecture (EA). Although you will not qualify as an architect, you will gain sufficient exposure to the main themes and topics in this field to start your journey towards such a goal. In particular, your focus will be on the technical perspective of EA with a view to equipping you to take part in architectural work with a more pronounced technical focus. In addition, you will be exposed to knowledge that will help you in the management of projects.

**REMARKS**

a. **Admission requirement(s):**
   Any four-year Baccalaureus Technologiae degree in Information Technology or an equivalent qualification. A student should preferably have passed Principles of Research IV or a Research Methodology subject before registration, and if not, should definitely pass that subject before their dissertation is accepted.

   It is compulsory for all English second-language speakers to take an English proficiency test. If a candidate's results for that test are unsatisfactory, they will have to take an advanced short programme in English. Candidates have to pay for the programme themselves. A scientific writing programme, which forms part of the research report, will also be presented at the University.

b. **Selection criteria:**
   Selection is based on a personal interview with a departmental selection panel, and the approval of a study field with acceptable research proposal idea, following the guidelines of the Postgraduate Policy and Procedures. These procedures will be fully explained to the prospective student during the personal interview.

c. **Duration:**
   A minimum of one year and a maximum of three years.

d. **Presentation:**
   Evening or block-based classes. If fewer than 15 students are enrolled for a specific subject, the Department may decide not to offer the subject.

e. **Rules:**
   See the rules on postgraduate studies in the Students' Rules and Regulations.

f. **Subject credits:**
   Subject credits are shown in brackets after each subject.
**FIRST OR SECOND SEMESTER**

### 4.1.6 MAGISTER TECHNOLOGIAE: PROFESSIONAL PRACTICE IN INFORMATION TECHNOLOGY

*(Structured)*

**Qualification code: MTPFS1**

Campus where offered: Soshanguve South Campus

**Description of the qualification:**
This programme is designed to focus on the topic of Enterprise Architecture (EA). Although you will not qualify as an architect, you will gain sufficient exposure to the main themes and topics in this field to start your journey towards such a goal. In particular, your focus will be on the management of architectural teams as well as architectural projects. The exposure to the technical aspects of EA and the strategic level of business, coupled with project management, will make you an asset in the planning and execution of EA projects.

**REMARKS**

Please note: A moratorium has been placed on new intakes as from 2012 until further notice.

a. **Admission requirement(s):**
- Any four-year Baccalaureus Technologiae degree in Information Technology or an equivalent qualification.
  - or
- A non-information technology three-year degree, but with at least five years’ practical experience in an information technology environment, coupled with some management or supervisory experience.
  - or
- At least ten years’ practical experience in a technical information technology environment, coupled with some management or supervisory experience. (It is acknowledged that many experienced information technology professionals who work in the industry do not have degrees. Therefore, if an information technology professional has a minimum of seven years’ relevant practical experience and is able to prove their suitability (via an RPL procedure, as set out by this University and approved by the Head of the Department), they may be accepted for this programme.)
A student should preferably have passed Principles of Research IV or a Research Methodology subject before registration, and if not, should definitely pass that subject before their dissertation is accepted.

It is compulsory for all English second-language speakers to complete an English proficiency test. If a candidate’s results for this test are unsatisfactory, they will have to complete an advanced short programme in English. Candidates have to pay for the programme themselves. A scientific writing programme, which forms part of the research report, will also be presented at the University.

b. **Selection criteria:**
Selection is based on a personal interview with a departmental selection panel, and the approval of a study field with acceptable research proposal idea, following the guidelines of the Postgraduate Policy and Procedures. These procedures will be fully explained to the prospective student during the personal interview.

c. **Duration:**
A minimum of one year and a maximum of three years.

d. **Presentation:**
Evening classes. Promotion is based on the assessment of taught subjects through practical work and an examination. If fewer than 15 students are enrolled for a specific subject, the Department may decide not to offer the subject.

e. **Rules:**
See the rules on postgraduate studies in the Students’ Rules and Regulations.

f. **Class attendance:**
Subjects are offered on location (Soshanguve South or Pretoria campuses) as determined by the Head of the Department.

g. **Subject credits:**
Subject credits are shown in brackets after each subject.

### 4.3 DEPARTMENT OF INFORMATICS

#### 4.3.1 MAGISTER TECHNOLOGIAE: BUSINESS INFORMATION SYSTEMS
(Structured)

**Qualification code:** MTBIS1

Campus where offered: Soshanguve South Campus

**Remarks**

**a. Admission requirement(s):**
Any four-year bachelor’s degree or honours degree in information systems or related discipline.
b. Selection criteria:  
Selection is based on a personal interview with a departmental selection panel, and the approval of a study field with acceptable research proposal idea, following the guidelines of the Postgraduate Policy and Procedures. These procedures will be fully explained to the prospective student during the personal interview.

c. Duration:  
A minimum of one year and a maximum of three years.

d. Presentation:  
Day classes on Saturdays. The qualification consists of structured semester subjects and a research report. The six subjects are presented during the first 12 months through part-time study (on Saturdays). The second part of the Magister Technologiae (minimum of six months) comprises the research report, which carries a weight of 50% of the degree.

e. Rules:  
See the rules on postgraduate studies in the Students’ Rules and Regulations.

f. Subject credits:  
Subject credits are shown in brackets after each subject.

5. FACULTY OF MANAGEMENT SCIENCES

5.1 BUSINESS SCHOOL

5.1.1 MASTER’S DEGREE IN BUSINESS ADMINISTRATION (MBA)

Qualification code: MTMB02

Campus where offered: Pretoria Campus (Metro Skinner Street)

REMARKS

a. Admission requirement(s):
An applicant should -
• be in possession of a National Diploma that can be followed by studies for a Baccalaureus Technologiae; or
• should be in possession of any three-year bachelor’s degree; or
• be in possession of any other M+3 qualification or combination of qualifications that has been evaluated by the University to be the equivalent of the former; and
• have successfully completed a compulsory psychometric test;
• have been successful in his or her personal interview;
• have had a minimum of five years of relevant working experience in a business-related environment; and
• be at least 25 years old.

b. Selection criteria:
Psychometric tests and assessment. Non-refundable fee is applicable.

c. Duration:
A minimum of three years and a maximum of five years.

d. Presentation:
Compulsory workshops. Classes are held from 07:00 to 14:15 on Saturdays. Specific electives may be presented on a block basis during weekdays.

e. Electives:
The offering of specific electives will be determined by the School.

f. Research Methodology:
Students have to pass all the subjects in the first year and any two subjects in the second year before they will be permitted to register for Research Methodology.

g. Dissertation:
Students have to pass the prerequisite subjects before they may submit their dissertations.

h. Subject credits:
Subject credits are shown in brackets after each subject.

TOTAL CREDITS FOR THE THIRD YEAR: 0,700

TOTAL CREDITS FOR THE QUALIFICATION: 2,000

5.1.2 DOCTOR TECHNOLOGIAE: BUSINESS ADMINISTRATION

Qualification code: DTBA96

Campus where offered: Pretoria Campus (Metro Skinner Street)

REMARKS

a. Admission requirement(s):
   A Magister Technologiae: Business Administration, an MBA or an equivalent qualification.

b. Selection criteria:
   1. A recognised Magister Technologiae conferred by a tertiary institution registered with the Department of Education. Provisionally registered institutions must be scrutinised for their standards.
   2. Submission of a preliminary doctoral proposal that complies with the protocol set by the University and the Business School.
3. An Average of at least 60% for the class work and the Magister Technologiae dissertation.
4. At least 60% for the subject, Research Methodology.
4.1 If the candidate did not obtain these marks, the following procedures may be followed:
4.1.1 The candidate has to complete the subjects, Research Methodology and Statistics, to be able to apply for admission to doctoral studies again.
4.1.2 On completion of the above subjects, the student has to sit for an oral examination to establish their abilities in both Research Methodology and Statistics.
4.1.3 The successful student may then be admitted to the next phase of selection, the doctoral proposal.
4.2 If the candidate did obtain at least 60% for the subject, Research Methodology, but their abilities are in doubt, the procedure in 4.1.1 must also be followed.
5. Admission to doctoral studies rests with the Faculty of Management Sciences and the Director of the Business School.
6. If the doctoral candidate has completed a full dissertation for their Magister Technologiae, items 3 and 4 do not apply.

c. Duration:
A minimum of two years and a maximum of five years.

d. Structure:
This qualification consists of a research project that has to be recorded in the form of a thesis. Before the dissertation is accepted, articles based on the research and approved by the supervisor, should have been submitted to a peer-evaluated accredited journal and accepted for publication. A draft version of the article, with acknowledgement of receipt by the journal, should be submitted with the thesis.

e. Presentation:
Research

### 5.1.4 MAGISTER TECHNOLOGIAE: ORGANISATIONAL LEADERSHIP

**Qualification code: MTOL01**

**Campus where offered:** Pretoria Campus (Metro Skinner Street)

**REMARKS**

a. **Admission requirement(s):**
   A Baccalaureus Technologiae: Organisational Leadership or an equivalent qualification. A student must have passed Research Methodology before registration.

b. **Selection criteria:**
   Admission is subject to selection. All the candidates must submit a proposed research proposal to the Business School. The proposal will be evaluated by a panel for admission to the Magister Technologiae: Organisational Leadership.

   Registration prior to the approval of a research proposal is provisional and will be made official only if the research proposal is approved by the Faculty Higher Degrees Committee. These procedures will be fully explained to prospective students during their application to the programme.

c. **Duration:**
   A minimum of one year and a maximum of three years.

d. **Presentation:**
   Research

e. **Structure:**
   This qualification consists of a research project that has to be recorded in the form of a dissertation. Before the dissertation is accepted, articles based on the research and approved by the supervisor, should have been submitted to a peer-evaluated accredited journal and accepted for publication. A draft version of the article, with acknowledgement of receipt by the journal, should be submitted with the dissertation.

f. **Subject credits:**
   Subject credits are shown in brackets after each subject.

5.2 DEPARTMENT OF HOSPITALITY MANAGEMENT

5.2.1 MAGISTER TECHNOLOGIAE: FOOD AND BEVERAGE MANAGEMENT
Qualification code: MTFB01

Campus where offered: Pretoria campus

REMARKS

a. Admission requirement(s):
A Baccalaureus Technologiae: Food and Beverage Management or an equivalent qualification. A student must have passed Research Methodology before registration.

b. Selection criteria:
Selection is based on a personal interview with the departmental selection panel. Registration prior to the approval of a protocol is provisional and will be made official only if the protocol is approved by the Faculty Higher Degrees Committee. These procedures will be fully explained to prospective students during their personal interview.

c. Duration:
A minimum of one year and a maximum of three years. Students must re-register each year for this qualification.

d. Presentation:
Research

e. Structure:
This qualification consists of a research project that has to be recorded in the form of a dissertation. Before the dissertation is accepted for examination, an article, based on the research and approved by the supervisor, should have been submitted to a peer-evaluated, accredited journal and accepted. A draft version of the article, with acknowledgement of receipt by the journal, should be submitted with the dissertation.

5.3 DEPARTMENT OF MANAGEMENT AND ENTREPRENEURSHIP

5.3.1 MAGISTER TECHNOLOGIAE: ENTREPRENEURSHIP
(Structured)
qualification code: MTEU02

Campus where offered: Pretoria Campus

REMARKS

a. Admission requirement(s):
Any Baccalaureus Technologiae or an equivalent qualification. Prospective students who do not possess the necessary academic qualifications but have relevant work experience, may be still admitted based on the principle of recognition of prior learning (RPL). Information about this may be obtained from the Head of the Department.
b. **Selection criteria:**
Admission is subject to selection. It should be clearly understood that possession of the required qualifications does not guarantee acceptance for the Magister Technologiae. Students may be required to meet additional requirements, e.g. obtain additional subjects, take bridging programmes, do assignments, or take an oral or written examination before being admitted. The University reserves the right to request applicants to write a proficiency test. Computer literacy and access to the Internet are essential.

c. **Duration:**
A minimum of eighteen months and a maximum of three years.

d. **Presentation:**
Evening classes

e. **Subject credits:**
Subject credits are shown in brackets after each subject.

5.6.1 MAGISTER TECHNOLOGIAE: OPERATIONS MANAGEMENT
Qualification code: MTOS04
Campus where offered: Pretoria Campus

REMARKS

a. Admission requirement(s):
   A Baccalaureus Technologiae: Operations Management or an equivalent qualification. A student must have passed Research Methodology before registration.

b. Selection criteria:
   Admission is subject to selection.

c. Duration:
   A minimum of one year and a maximum of three years.

d. Presentation:
   Research. In the dissertation, the student has to prove that they understand a particular problem in the industry in which they have done research that they can analyse and set it out logically, arrive at logical conclusions or a diagnosis, and make proposals for the solution or the elimination of the problem. The dissertation has to comply with the usual general technical requirements and rules regarding scope, quality and layout. The chosen research theme should be based on one or more of prerequisite Level IV subjects.

**5.8.3 MAGISTER TECHNOLOGIAE: ECOTOURISM MANAGEMENT**

Qualification code: MTEK01

- Campus where offered: Pretoria Campus

**REMARKS**

a. **Admission requirement(s):**
A Baccalaureus Technologiae: Ecotourism Management or an NQF level 7 bachelor’s or honours degree in Ecotourism Management from a South African university.

Holders of any other equivalent South African or foreign qualifications may also be considered, but will have to apply in advance (± six months) for recognition of such qualifications. Foreign students will be required to submit an evaluation of their qualifications by the South African Qualifications Authority (SAQA). The Faculty reserves the right to assess these qualifications and the applicant’s suitability/competence for admission to the programme. Proof of English proficiency may be required.

Depending on the nature of such an equivalent qualification, the completion of certain additional subjects may be required.

In addition, a prospective student should successfully complete Research Methodology in the first year of study if it was not included in a previous qualification.

b. **Selection criteria:**
Selection is based on a personal interview with the departmental selection panel.
Registration prior to the approval of a research proposal is provisional and will be made official only when the proposal is approved by the Faculty Higher Degrees Committee.

These procedures will be fully explained to each prospective student during their personal interview.

c. **Duration:**
A minimum of one year and a maximum of three years. Students have to re-register annually for this qualification.

d. **Presentation:**
Research

e. **Structure:**
This qualification consists of a research project in the form of a dissertation. Before the final assessment report of the dissertation will be considered, the manuscript of at least one scientific paper, which is a requirement for the degree, has to be handed in. It has to be ready for submission for publication in a peer-reviewed journal (preferably accredited). The student has to present a colloquium before submitting the dissertation.

Holders of any other equivalent South African or foreign qualifications may also be considered, but will have to apply in advance (± six months) for recognition of such qualifications. Foreign students will be required to submit an evaluation of their qualifications by the South African Qualifications Authority (SAQA). The Faculty reserves the right to assess these qualifications and the applicant’s suitability/competence for admission to the programme. Proof of English proficiency may be required.

Depending on the nature of such an equivalent qualification, the completion of certain additional subjects may be required.

In addition, a candidate should successfully complete Research Methodology in the first year of study if it was not included in a previous qualification.

b. **Selection criteria:**
   Selection is based on a personal interview with a departmental selection panel. Registration prior to the approval of a research proposal is provisional and will be made official only when the proposal is approved by the Faculty Higher Degrees Committee.

   These procedures will be fully explained to each prospective student during his or her personal interview.

c. **Duration:**
   A minimum of one year and a maximum of three years. Students have to re-register annually for this qualification.

d. **Presentation:**
   Research

e. **Structure:**
   This qualification consists of a research project in the form of a dissertation. Before the final assessment report of the dissertation is considered, a manuscript of at least one scientific paper, which is a requirement for the degree, has to be handed in. It has to be ready for submission for publication in a peer-reviewed journal (preferably accredited). The student has to present a colloquium before submitting the dissertation.

f. **Subject credits:**
   Subject credits are shown in brackets after each subject.

6.8 DEPARTMENT OF ENVIRONMENTAL, WATER AND EARTH SCIENCES

6.8.1 MAGISTER TECHNOLOGIAE: ENVIRONMENTAL MANAGEMENT
(Structured)
Qualification code: MTEVS0

Campus where offered: Arcadia Campus

REMARKS
Please note: A moratorium was placed on new intakes as from 2008 until further notice.

a. Admission requirement(s):
Any relevant four-year tertiary qualification. A student has to apply in advance for status to
be granted or an equivalent qualification to be recognised. Depending on the nature of such
equivalent qualification, completion of certain additional subjects may be required.

In addition, the student should successfully complete Research Methodology in the first
year of study if it was not taken for a previous qualification.

Please note: This qualification is recommended for students with a relevant four-
year tertiary qualification, other than the Baccalaureus Technologiae: Environmental
Management or the Baccalaureus Technologiae: Environmental Sciences.

b. Selection criteria:
Selection is based on a personal interview with a departmental selection panel. These
procedures will be fully explained to each prospective student at his or her personal
interview.

c. Recommended subjects:
It is highly recommended that the student should have passed relevant environmental
subjects during undergraduate studies and/or completed an environmental-related short
learning programme beforehand.

d. Duration:
A minimum of one year and a maximum of three years. Students have to re-register
annually for this qualification.

e. Presentation:
Block-based classes

f. Structure:
This programme consists of subjects offered on a block-basis and a research project in
the form of a mini-dissertation (research report). In order to obtain a structured magister
technologiae, the student has to pass all the relevant subjects and the mini-dissertation
(research report) has to be accepted. The student has to present a colloquium before
submitting the dissertation.

g. Subject credits:
Subject credits are shown in brackets after each subject.

TOTAL CREDITS FOR THE QUALIFICATION: 1,000

6.8.2 MAGISTER TECHNOLOGIAE: ENVIRONMENTAL MANAGEMENT
Qualification code: MTEV99
Campus where offered: Arcadia Campus

REMARKS

a. Admission requirement(s):
A Baccalaureus Technologiae: Environmental Sciences or Environmental Management or
an NQF level 7 bachelor’s or honours degree in Environmental Sciences, Environmental
Management, Chemistry, Biotechnology, Eclogy, Botany or Zoology from a South African
university.

Holders of any other equivalent South African or foreign qualifications may also be
considered, but will have to apply in advance (± six months) for recognition of such
qualifications. Foreign students will be required to submit an evaluation of their
qualifications by the South African Qualifications Authority (SAQA). The Faculty reserves
the right to assess these qualifications and the applicant’s suitability/competence for
admission to the programme. Proof of English proficiency may be required.

Depending on the nature of such an equivalent qualification, the completion of certain
additional subjects may be required.

In addition, the prospective student should successfully complete Research Methodology in
the first year of study if it was not included in a previous qualification.

b. Selection criteria:
Selection is based on a personal interview with a departmental selection panel. Registration
prior to the approval of a research proposal is provisional and will be made official only
when the proposal is approved by the Faculty Higher Degrees Committee.

These procedures will be fully explained to each prospective student during their personal
interview.

c. Duration:
A minimum of one year and a maximum of three years. Students have to re-register
annually for this qualification.

d. Presentation:
Research

e. Structure:
This qualification consists of a research project in the form of a dissertation. Before the final
assessment report of the dissertation is considered, a manuscript of at least one scientific
paper, which is a requirement for the degree, has to be handed in. It has to be ready for
submission for publication in a peer-reviewed journal (preferably accredited). The student
has to present a colloquium before submitting the dissertation.

f. Subject credits:
Subject credits are shown in brackets after each subject.
Glory to God in the highest, and on earth peace, goodwill toward men. Luke 2:14

6.8.3 DOCTOR TECHNOLOGIAE: ENVIRONMENTAL MANAGEMENT
Qualification code: DTEV99
Campus where offered: Arcadia Campus

REMARKS

a. Admission requirement(s):
A Magister Technologiae: Environmental Sciences or Environmental Management or an NQF level 8 Master’s degree in Environmental Sciences, Environmental Management, Chemistry, Biotechnology, Ecology, Botany or Zoology, from a South African university.

Holders of any other equivalent South African or foreign qualifications may also be considered, but will have to apply in advance (± six months) for recognition of such qualifications. Foreign students will be required to submit an evaluation of their qualifications by the South African Qualifications Authority (SAQA). The Faculty reserves the right to assess these qualifications and the applicant’s suitability/competence for admission to the programme. Proof of English proficiency may be required.

Depending on the nature of such an equivalent qualification, completion of certain additional subjects may be required.

b. Selection criteria:
Selection is based on a personal interview with a departmental selection panel. Registration prior to the approval of a research proposal is provisional and will be made official only when the proposal is approved by the Faculty Higher Degrees Committee.

These procedures will be fully explained to each prospective student during their personal interview.

c. Duration:
A minimum of two years and a maximum of five years. Students have to re-register annually for this qualification.

d. Presentation:
Research

e. Structure:
This qualification consists of a research project in the form of a thesis. Before the final assessment report of the thesis is considered, at least two scientific articles, based on the research and approved by the supervisor, should have been submitted for publication to peer-reviewed journals (preferably accredited). Written proof that the journals have received the article(s) has to be handed in as part of the requirements for the degree. The student has to present a colloquium before submitting the thesis. Students should also successfully defend the thesis before the degree will be conferred.

f. Subject credits:
Subject credits are shown in brackets after each subject.

REMARKS

a. Admission requirement(s):
Any NQF level 7 bachelor’s degree with a subject in Mathematical Sciences at level IV from a South African university.

Holders of any other equivalent South African or foreign qualifications may also be considered, but will have to apply in advance (± six months) for recognition of such qualifications. Foreign students will be required to submit an evaluation of their qualifications by the South African Qualifications Authority (SAQA). The Faculty reserves the right to assess these qualifications and the applicant’s suitability/competence for admission to the programme. Proof of English proficiency may be required.

Depending on the nature of such an equivalent qualification, completion of certain additional subjects may be required.

In addition, a prospective student should successfully complete Research Methodology in the first year of study if it was not included in a previous qualification.

b. Selection criteria:
Selection is based on a personal interview with a departmental selection panel. Registration prior to the approval of a research proposal is provisional and will be made official only when the proposal is approved by the Faculty Higher Degrees Committee.

These procedures will be fully explained to each prospective student during their personal interview.

c. Recommended subjects:
It is highly recommended that the student should have passed relevant mathematical subjects during undergraduate studies and/or completed a mathematical-related short learning programme beforehand.

d. Duration:
A minimum of one year and a maximum of three years. Students have to re-register annually for this qualification.

e. Presentation:
Block-based classes as arranged by the department.

f. Structure:
This programme consists of subjects offered on a block basis and a research project in the form of a mini-dissertation (research report). In order to obtain a structured magister technologiae, the student has to pass all the relevant subjects and the mini-dissertation (research report) has to be accepted. The student has to present a colloquium before submitting the dissertation.

Please note: Before the research report will be accepted for assessment, a draft scientific paper, based on the research and approved by the supervisor, has to be ready for submission to a peer-reviewed journal (preferably accredited). Research findings should have been presented at a regional symposium or conference.

### 6.10.5 DOCTOR TECHNOLOGIAE: MATHEMATICAL TECHNOLOGY

**Qualification code:** DTMN00

**Campus where offered:** Arcadia Campus

#### REMARKS

a. **Admission requirement(s):**

A Magister Technologiae: Mathematical Technology or an NQF level 8 master’s degree in any one of the Mathematical Sciences from a South African university or a Master of Science degree from the University of Southern Mississippi.

Holders of any other equivalent South African or foreign qualifications may also be considered, but will have to apply in advance (+ six months) for recognition of such qualifications. Foreign students will be required to submit an evaluation of their qualifications by the South African Qualifications Authority (SAQA). The Faculty reserves the right to assess these qualifications and the applicant’s suitability/competence for admission to the programme. Proof of English proficiency may be required.

Depending on the nature of such an equivalent qualification, completion of certain additional subjects may be required.

b. **Selection criteria:**

Selection is based on a personal interview with a departmental selection panel. Registration prior to the approval of a research proposal is provisional and will be made official only when the proposal is approved by the Faculty Higher Degrees Committee.

These procedures will be fully explained to each prospective student during their personal interview.

c. **Duration:**

A minimum of two years and a maximum of five years. Students have to re-register annually for this qualification.

d. **Presentation:**

Research

e. **Structure:**

This qualification consists of a research project in the form of a thesis. Before the final assessment report of the thesis is considered, at least two scientific articles, based on the research and approved by the supervisor, should have been submitted for publication to peer-reviewed journals (preferably accredited). Written proof that the journals have received the article(s) has to be handed in as part of the requirements for the degree. The student has to present a colloquium before submitting the thesis. Students should also successfully defend the thesis before the degree will be conferred.
f. **Subject credits:**
Subject credits are shown in brackets after each subject.

6.12 DEPARTMENT OF PHARMACEUTICAL SCIENCES

6.12.1 MAGISTER TECHNOLOGIAE: PHARMACEUTICAL SCIENCES (Structured)
Qualification code: MTPLS0

Campus where offered: Arcadia Campus

REMARKS
Please note: A moratorium was placed on new intakes as from 2008 until further notice.

a. Admission requirement(s):
Any relevant four-year tertiary qualification. A student has to apply in advance for status to be granted or an equivalent qualification to be recognised. Depending on the nature of such equivalent qualification, the completion of certain additional subjects may be required.

b. Selection criteria:
Selection is based on a personal interview with a departmental selection panel. These procedures will be fully explained to each prospective student at his or her personal interview.

It is highly recommended that the student should have passed relevant pharmaceutical subjects during undergraduate studies and/or completed a pharmaceutical-related short learning programme beforehand.

c. Duration:
A minimum of one year and a maximum of three years. Students have to re-register annually for this qualification.

d. Presentation:
Block-based classes

e. Structure:
This programme consists of subjects offered on a block basis and a research project in the form of a mini-dissertation (research report). In order to obtain a structured magister technologiae, the student has to pass all the relevant subjects and the mini-dissertation (research report) has to be accepted. The student has to present a colloquium before submitting the dissertation.

f. Subject credits:
Subject credits are shown in brackets after each subject.

7. FACULTY OF THE ARTS

7.1 DEPARTMENT OF DRAMA AND FILM

7.1.1 MAGISTER TECHNOLOGIAE: DRAMA
Qualification code: MTDRS1/MTDR96

Campus where offered: Arts Campus

REMARKS

a. Admission requirement(s):
A Baccalaureus Technologiae: Drama, National Higher Diploma: Drama or an equivalent qualification. A candidate should preferably have passed the subject, Research Methodology, before registering, but must definitely do so before the dissertation will be accepted.

b. Selection criteria:
Submission of an acceptable research proposal for approval by the Faculty Higher Degrees Committee. The framework for research proposals is available from the Head of the Department.

c. Duration:
A minimum of one year and a maximum of three years.

d. Presentation:
Research or block-based classes (for structured option only).

e. Subject credits:
Subject credits are shown in brackets after each subject.

REMARKS

a. Admission requirement(s):
   An applicable Baccalaureus Technologiae or an equivalent qualification. A candidate should
   preferably have passed the subject, Research Methodology, before registering, but must
   definitely do so before the dissertation will be accepted.

b. Selection criteria:
   Submission of an acceptable research proposal for approval by the Faculty Higher Degrees
   Committee. The framework for research proposals is available from the Head of the
   Department.

c. Duration:
   A minimum of one year and a maximum of three years.

d. Presentation:
   Research

e. Subject credits:
   Subject credits are shown in brackets after each subject.
Glory to God in the highest, and on earth peace, goodwill toward men. Luke 2:14

</tbody>
</table>
ADVANCED STRATEGIC MANAGEMENT V (AST500T) 1 X 4-HOUR PAPER (OPEN BOOK)
(Subject custodian: Department of People Management and Development)
The development of strategic management functions with the emphasis on corporate, international and 
applied principles. (Total tuition time: ± 30 hours)

ARCHITECTURAL DESIGN V (ACH500T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Architecture)
Design exercises pertaining specifically to housing and community in urban and rural context. Community 
and building visits (precedent studies). Housing design based on mass-production systems and technology. 
Research paper relating to a specific field of interest. (Total tuition time: not available)

ARCHITECTURAL MANAGEMENT: CONSTRUCTION CONTINUOUS ASSESSMENT
MATERIALS V (ARM50QT)
(Subject custodian: Department of Architecture)
Metals: steel, stainless steel, titanium, copper, chrome, nickel and their finishes as hi-tech materials. 
Composite materials: carbon fibre, GRP, etc. Timber: timbers and laminates as both hi-tech and low-
tech materials. Membranes: Teflon and fibre-reinforced plastics. Cables and fasteners: cables and 
accessories for tensile structures and glazing systems. Adhesives: for specialised applications. Earth: 
PISE (pneumatically impacted stabilised earth). Stone: use as a structural material. (Total tuition time: not 
available)

ARCHITECTURAL MANAGEMENT: CONSTRUCTION CONTINUOUS ASSESSMENT
METHODS V (ARM50PT)
(Subject custodian: Department of Architecture)
Post-construction analyses: how well a building performs and post-occupancy, user satisfaction surveys. 
Detailing: performance criteria, evaluation of existing details and generation of model details. Deterioration 
of buildings: performance criteria, evaluation of details and case studies. Structures: tensile, flat-plate, 
composite structures, performance during fires and innovative reinforced concrete. Intelligent building: 
automation and buildings that “learn”. Systems of building: certification, standards, etc. Concepts of quality 
(Total tuition time: not available)

ARCHITECTURAL PRACTICE V (AHC500T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Architecture)
The profession: the council and institutes, legislation, scale of fees, copyright of building plans, ethics and 
professional conduct. Architectural services and duties: pre-project studies, appraisal and definition of the 
project, design concept, design development, approval and technical documentation, contract administration 
and inspection, supplementary services. Managing projects and clients: agreements with clients, agreeing 
on fees, presenting accounts for services rendered, the architect as the client’s principal agent, project 
programming and familiarisation, directing and reviewing the project, cost-saving techniques, project control 
and systems, coordination of consultants, keeping in touch, developing client relationships, the second sell. 
The process of architecture: design and construction documentation, writing effective reports and letters, 
concept presentation, developing the design, management and documentation, common deficiencies in 
working drawings, agendas, minutes and meetings. Approvals and applications for relaxation, rezoning and 
special consent: relationship with statutory authorities, quality of documentation, keeping informed. Post-
completion responsibilities: debriefing and job history, the owner’s maintenance manual, as-built drawings, 
post-occupation user satisfaction surveys. (Total tuition time: not available)

BUSINESS ANALYSIS V (BUA501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Informatics)
Analysis of different business information systems in companies and the application of different business 
models in an IT environment. (Total tuition time: not available)

BUSINESS INFORMATION SYSTEMS V (BIF501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Informatics)
Exploring the context of information system applications in IT environments. (Total tuition time: not available)
BUSINESS LAW V (BNL501T)  
(Subject custodian: Department of Industrial Engineering)  
CONTINUOUS ASSESSMENT  
Labor law, contracts, the law of corporations and other business organisations, securities law, antitrust, secured transactions, commercial paper, income tax, pensions and benefits, trusts and estates, immigration law, employment law and bankruptcy. (Total tuition time: ± 80 hours)

BUSINESS MANAGEMENT V (BMN500T)  
(Subject custodian: Department of Architecture)  
CONTINUOUS ASSESSMENT  
Organisational structures: fundamental principles and strategy, partners and philosophy, potential business, strengths and weaknesses, types of organisations, the business plan. Office accommodation: address and locality, space requirements, equipment requirements and layout, image. Office organisation: communications, stationery, library, administrative files, job files. Managing the business: financial planning and budgets, overheads, finance, value-added tax (VAT), PAYE, personal tax, pensions, etc. Insurance, project control and systems, suppliers, employing staff, the unforeseen and the unfortunate, critical management information. Larger companies: communications and structure, specialisation in design, specialisation in marketing, divisionalisation, losing the spice of life. Managing oneself and one’s team: self-management, goal setting, team management and leadership, development of individuals. Time management: attitudes, tools, techniques. Marketing and generating new business: essentials of marketing, targeting by sector, building on one’s strengths, filling the gaps, being prepared, selling techniques, indirect promotion, building up one’s portfolio. (Total tuition time: not available)

BUSINESS MANAGEMENT V (BUG500T)  
(Subject custodian: Department of People Management and Development)  
1 X 3-HOUR PAPER  
Business management principles, including international management, financial management, quality and managerial economics. (Total tuition time: ± 200 hours)

BUSINESS STATISTICS (BUS501T)  
(Subject custodian: Business School)  
1 X 4-HOUR PAPER (OPEN BOOK)  
Quantitative methods of data analysis such as descriptive statistics, graphical methods for raw and grouped data, one-sample and two-sample tests and confidence intervals, probability theory and distributions, Pearson’s chi-square tests of association, simple and multiple linear regression and correlation analysis, binary logistic regression analysis, the one-way Analysis of Variance, index numbers, financial calculations, and time series analysis will be introduced. Wherever possible, practical demonstrations shall be provided as part of theoretical lessons with the statistical packages Excel, SPSS and STATA. (Total tuition time: ± 36 hours)

BUSINESS STRATEGY (BUT501T)  
(Subject custodian: Business School)  
1 X 4-HOUR PAPER (OPEN BOOK)  
Overview of management principles, nature and value of strategic management, the strategic management process, defining the business, analysis of external environment, industry and competitive analysis, internal analysis and company profiles, generic business strategies and industrial environments, strategic analysis and choice. (Total tuition time: ± 36 hours)

CAPITA SELECTA V (CEL500T)  
(Subject custodian: Department of People Management and Development)  
1 X 3-HOUR PAPER (OPEN BOOK)  
Contemporary burning issues. (Total tuition time: ± 200 hours)

CHANGE MANAGEMENT (CGE501T)  
(Subject custodian: Business School)  
1 X 4-HOUR PAPER (OPEN BOOK)  
Application of management principles, business information, the latest technologies, software applications, problem-solving and decision-making, data warehousing, information systems, e-commerce. (Total tuition time: ± 36 hours)

CLINICAL RESEARCH (CRH500T)  
(Subject custodian: Department of Pharmaceutical Sciences)  
CONTINUOUS ASSESSMENT  
Study design in clinical trials. Biopharmaceutics. Case reports. Good clinical practice (GCP) and good laboratory practice (GLP). (Total tuition time: not available)
COLLOQUIUM V (CQM500T)  CONTINUOUS ASSESSMENT  
*(Subject custodian: Department of Mathematics and Statistics)*
Students take turns to present lectures on the theory and applications of real analyses with the aid of algebraic manipulators. (Total tuition time: not available)

COMMUNICATION NETWORKS V (COB501T)  CONTINUOUS ASSESSMENT  
*(Subject custodian: Department of Information Technology)*
A study of advanced communication networks. (Total tuition time: not available)

COMMUNITY PHARMACY (CYH500T)  CONTINUOUS ASSESSMENT  
*(Subject custodian: Department of Pharmaceutical Sciences)*
Principles of pharmaceutical care. Drug information. Human resource management. (Total tuition time: not available)

COMPUTER HARDWARE V (CHH500T)  CONTINUOUS ASSESSMENT  
*(Subject custodian: Department of Architecture)*
An overview of all the current important terminology, concepts and basics of computing hardware. Hardware support based on MCSE A+ certification. Software support skills relating to the Windows operating system. (Total tuition time: not available)

CONTROL SYSTEMS V (CSY501T)  CONTINUOUS ASSESSMENT  
*(Subject custodian: Department of Electrical Engineering)*
System modelling, discrete-time analysis and digital controller design. (Total tuition time: ± 90 hours)

CONSTRUCTION ECONOMICS V (CEC500T)  1 X 4-HOUR PAPER (OPEN BOOK)  
*(Subject custodian: Department of Building Sciences)*
South African property law and taxation, property and facilities management, asset management, investment in capital projects, financing decisions, dividend decisions, property valuation and development. (Total tuition time: ± 180 hours)

CONSTRUCTION MANAGEMENT V (CMN520T)  1 X 4-HOUR PAPER (OPEN BOOK)  
*(Subject custodian: Department of Building Sciences)*
Introduction to human resource management strategy, environmental issues, affirmative action, human resource development, productivity, creating a strategic organisation, creating a learning organisation. Human resource development and training, strategic industrial relations management, key success factors and measures, implementation of strategies, performance management. (Total tuition time: ± 180 hours)

CONSTRUCTION MATERIALS V (CSM500T)  CONTINUOUS ASSESSMENT  
*(Subject custodian: Department of Architecture)*

CONSTRUCTION METHODS V (KME500T)  CONTINUOUS ASSESSMENT  
*(Subject custodian: Department of Architecture)*

CONTEMPORARY APPROACHES AND ISSUES IN LOCAL GOVERNMENT V (CIL501T)  1 X 4-HOUR PAPER (OPEN BOOK)  
*(Subject custodian: Department of Public Management)*
Various selected contemporary issues, such as local economic development, key performance indicators and targeted procurement, are studied. (Total tuition time: ± 100 hours)
<table>

<tr>
<td><strong>CONTEMPORARY POLICING APPROACHES AND ISSUES V (CYI501T)</strong></td>
<td>1 x 4-hour paper (open book)</td>
<td>(Subject custodian: Department of Safety and Security Management)</td>
</tr>
<tr>
<td>The impact of change on functional policing is investigated. The Police Service is not an island and policing is not performed in an insular fashion. Constitutionalism, politics, the judiciary, economics and social factors (such as crime tendencies) all play a part in transforming the police. All these factors have an effect on organisational ideology, the individual police officer’s occupational personality and, ultimately, on the relations between the police and the public. (Total tuition time: not available)</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>CONTRACT DOCUMENTATION V (CDO500T)</strong></td>
<td>Continuous assessment</td>
<td>(Subject custodian: Department of Architecture)</td>
</tr>
<tr>
<td>No set syllabus, but this subject is based on the design thesis. It is integrated with Construction Methods V and Construction Materials V to produce a complete set of related working drawings. (Total tuition time: not available)</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>CONVERSION SYSTEMS V (CVS501T, ESI5027)</strong></td>
<td>Continuous assessment</td>
<td>(Subject custodian: Department of Electrical Engineering)</td>
</tr>
<tr>
<td>Converter theory, electromechanical systems, electric materials, EM field calculation, distribution (non-linear and transient problems, numerical methods, applications), transmission, planning and design. (Total tuition time: ± 90 hours)</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>DATA ENGINEERING V (DEG501T)</strong></td>
<td>Continuous assessment</td>
<td>(Subject custodian: Department of Software Engineering)</td>
</tr>
<tr>
<td>AIM/PURPOSE: To introduce the students to the tools and techniques of Data mining, Data warehousing and Knowledge engineering. OBJECTIVES: On completion of the module, the students should be able to apply the various tools and techniques of Data mining, Data warehousing and Knowledge engineering. Introduction to Cloud concepts. KEY TOPICS: Data sampling, modelling, processing, Decision tree induction, Model evaluations, classification tools, Clustering tools association tools, Genetic algorithm, customer-relationship management. (Total tuition time: ± 20 hours)</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>DEVELOPMENT MANAGEMENT V (DLM500T)</strong></td>
<td>1 x 4-hour paper (open book)</td>
<td>(Subject custodian: Department of Building Sciences)</td>
</tr>
<tr>
<td>External environment and stakeholders, the logistics concept, strategic approaches to logistics, operations and material flow, elements of a supply chain, in-bound logistics, production requirements through purchasing, the production system, design and productivity, production planning and control, the impact of inventory on production, inventory management, out-bound logistics, operations management in service industries. (Total tuition time: ± 180 hours)</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>DIGITAL COMMUNICATION V (ESI5001)</strong></td>
<td>Continuous assessment</td>
<td>(Subject custodian: Department of Electrical Engineering)</td>
</tr>
<tr>
<td>Fourier analysis and filtering, probability and stochastic processes, information theory and entropy, advanced modulation techniques, block and convolutional coding, performance analysis, networking fundamentals, system modelling. (Total tuition time: ± 90 hours)</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>DIGITAL COMMUNICATIONS V (DCO501T)</strong></td>
<td>Continuous assessment</td>
<td>(Subject custodian: Department of Electrical Engineering)</td>
</tr>
<tr>
<td>Spectral analysis of common electronic signals: Fourier series and Fourier transform application. Source coding. Channel effect on symbol transmission and inter-symbol interference (ISI) control. Bandpass and multi-level digital modulation: generation, detection, probability of error, bandwidth efficiency, and applications. Channel coding and coding for reliable transmission over the channel. (Total tuition time: ± 90 hours)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
DIGITAL CONTROL V (ESI5003) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
System modelling, discrete-time analysis and digital controller design. (Total tuition time: ± 90 hours)

DIGITAL ELECTRONICS V (ESI5002) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Analysis of advanced digital electronic circuits, best practice design and prototyping principles. (Total tuition time: ± 90 hours)

DIGITAL ENTERPRISE V (DEV501T, DEV511T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Informatics)
An analysis of how businesses are changing in the digital era. (Total tuition time: not available)

DISSERTATION: FASHION (FAS500T) RESEARCH
(Subject custodian: Department of Fashion Design and Technology)
The candidate should produce research in a chosen field that is in, about, or through fashion and related fashion areas, and should contribute to knowledge production in that field. The research problem, its justification, process and outcome are reported in a dissertation. Should the candidate choose to include a practical component, the outcome of the practical component must be exhibited or presented in a public forum and should comply with the generally accepted norms of research at that level. The research protocol is controlled by an internal supervisor with whom weekly contact is encouraged. In addition, a co-supervisor with expertise in the chosen field of study may be appointed, if necessary. (No formal tuition)

DISSERTATION: FINE ART (FAR500T) RESEARCH
(Subject custodian: Department of Fine and Applied Arts)
The candidate should produce research in a chosen field that is in, about, or through art or related fields and should contribute to knowledge production in that field. The research problem, its justification, process and outcome are reported in a dissertation. Should the candidate choose to include a practical component, the outcome of the practical component must be exhibited or presented in a public forum and should comply with the generally accepted norms of research at that level. Research protocol is controlled by an internal supervisor with whom weekly contact is encouraged. In addition, a co-supervisor with expertise in the chosen field of study may be appointed, if necessary. (No formal tuition)

DISSERTATION: GRAPHIC DESIGN (GRD500T) RESEARCH
(Subject custodian: Department of Visual Communication)
The candidate should produce research in a chosen field that is in, about, or through Visual Communication, and should contribute to knowledge production in that field. The research problem, its justification, process and outcome are reported in a dissertation. Should the candidate choose to include a practical component, the outcome of the practical component must be exhibited or presented in a public forum and should comply with the generally accepted norms of research at that level. The research protocol is controlled by an internal supervisor with whom weekly contact is encouraged. In addition, a co-supervisor with expertise in the chosen field of study may be appointed, if necessary. (No formal tuition)

DISSERTATION: INTERIOR DESIGN (IND500T) RESEARCH
(Subject custodian: Department of Visual Communication)
The candidate should produce research in a chosen field that is in, about, or through interior design and related interior design areas, and should contribute to knowledge production in that field. The research problem, its justification, process and outcome are reported in a dissertation. Should the candidate choose to include a practical component, the outcome of the practical component must be exhibited or presented in a public forum and should comply with the generally accepted norms of research at that level. The research protocol is controlled by an internal supervisor with whom weekly contact is encouraged. In addition, a co-supervisor with expertise in the chosen field of study may be appointed, if necessary. (No formal tuition)

DISSERTATION: PHOTOGRAPHY (PHT500T) RESEARCH
(Subject custodian: Department of Visual Communication)
The candidate should produce research in a chosen field that is in, about, or through photography and related photographic areas, and should contribute to knowledge production in that field. The research problem, its justification, process and outcome are reported in a dissertation. Should the candidate choose to include a practical component, the outcome of the practical component must be exhibited or presented in a public forum and should comply with the generally accepted norms of research at that level. The research protocol is controlled by a supervisor. In addition, a co-supervisor with expertise in the chosen field of study may be appointed, if necessary. (No formal tuition)
DISSECTATION: TEXTILE DESIGN AND TECHNOLOGY (TDE500T) RESEARCH
(Subject custodian: Department of Fine and Applied Arts)
The candidate should produce research in a chosen field that is in, about, of or through textile design or related fields and should contribute to knowledge production in that field. The research problem, its justification, process and outcome are reported in a dissertation. Should the candidate choose to include a practical body of work and thus produce practice-based research, the outcome of the practical component must be exhibited or presented in a public forum and should comply with the generally accepted norms of research at that level. Research protocol is controlled by an internal supervisor with whom weekly contact is encouraged. In addition, a co-supervisor with expertise in the chosen field of study may be appointed, if necessary. (No formal tuition)

E

ECONOMIC APPROACHES TO LOCAL DEVELOPMENT (EAL501T) 1 X 3-HOUR PAPER
(Subject custodian: Department of Economics)
Exploring the conditions for economic development, focusing on innovation systems theory. (Total tuition time: ± 34 hours)

ELECTRICAL MACHINES AND DRIVES V (EEM501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Electrical machines modelling and analysis, dynamic and transient analysis of electrical machines, design of electrical machines, vector control of asynchronous machines, electronically commutated machines, special electrical machines (switch reluctance motors, permanent magnet machines, electrical actuators, etc.). (Total tuition time: ± 90 hours)

EMBEDDED SYSTEMS V (EDD501T, ESI5004) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
VHDL and FPGA design and real-time DSP implementation. (Total tuition time: ± 90 hours)

ENERGY SYSTEMS AND TECHNOLOGY V (EGS501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Modelling of alternative energy sources and corresponding technological options. (Total tuition time: ± 90 hours)

ENGINEERING ANALYSIS V (EAN501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Signal spaces, mappings, deterministic signal theory, stochastic signal theory. (Total tuition time: ± 90 hours)

ENGINEERING BUSINESS DYNAMICS V (EBU501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Industrial Engineering)
Fundamentals of system dynamics, system thinking, and utilisation of stock’s, flows and causal loops diagram when drawing a system dynamics module. Stella software is used to draw the module. (Total tuition time: ± 80 hours)

ENGINEERING DATA ANALYSIS V (EDY501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Industrial Engineering)
Innovation, decision making and engineering data analysis tools are discussed to ensure effective problem solving skills. (Total tuition time: ± 80 hours)

ENTREPRENEURSHIP TECHNIQUES VA (ETQ50AT) 1 X 4-HOUR PAPER (OPEN BOOK
(Subject custodian: Department of Management and Entrepreneurship)
The integration of entrepreneurship techniques to identify and establish general postulates or principles underlying the enabling business environment. Specific topics of interest include entrepreneurial education and research, network management, ownership and entrepreneurial qualities, entrepreneurship ranking, entrepreneurial behaviour and motivation, and information processing. (Total tuition time: ± 54 hours)
ENTREPRENEURSHIP TECHNIQUES VB (ETQ50BT)  
**PROJECT**  
*Subject custodian: Department of Management and Entrepreneurship*  
Compare and integrate various entrepreneurial processes and theories that surround an entrepreneurial initiative and apply it to different business contexts. The content includes entrepreneurial relationship, resource-based, and cognitive theories. The theories are synthesised and applied to the process of entrepreneurial behaviour and innovation, business clustering, business planning and business development. (Total tuition time: ± 54 hours)

ENVIRONMENTAL ACCOUNTING V (ECC500T)  
*1 X 4-HOUR PAPER*  
*Subject custodian: Department of Environmental, Water and Earth Sciences*  
Accounting theories. Cost-benefit analysis. Application in terms of life cycles. (Total tuition time: not available)

ENVIRONMENTAL CHEMISTRY V (ENC500T)  
*1 X 4-HOUR PAPER*  
*Subject custodian: Department of Environmental, Water and Earth Sciences*  
Environmental engineering. Soil chemistry. Advanced atmospheric and water chemistry. Advanced hazardous waste and legislation. (Total tuition time: not available)

ENVIRONMENTAL LEGISLATION V (ELE500T)  
*1 X 4-HOUR PAPER*  
*Subject custodian: Department of Environmental, Water and Earth Sciences*  
Application of environmental legislation. Advanced environmental impact study. Environmental management programmes and applied case studies. (Total tuition time: not available)

ENVIRONMENTAL MANAGEMENT (EMG511T)  
*1 X 4-HOUR PAPER (OPEN BOOK)*  
*Subject custodian: Business School*  
Introduction to environmental management; Environmental legislation; ISO14000; Environmental Impact assessment; risk assessment; cleaner production; environmental auditing; responsible care; Environmental training and awareness; and Environmental ethics. (Total tuition time: ± 36 hours)

ENVIRONMENTAL MANAGEMENT V (EMG500T)  
*1 X 4-HOUR PAPER*  
*Subject custodian: Department of Environmental, Water and Earth Sciences*  
Applied environmental management concepts and applications. (Total tuition time: not available)

ENVIRONMENTAL RISK ASSESSMENT V (ERA500T)  
*1 X 4-HOUR PAPER*  
*Subject custodian: Department of Environmental, Water and Earth Sciences*  
Assessment of risk, hazard identification, risk characterisation. Management of risk, consideration of management option, risk communication, control decision, monitoring. (Total tuition time: not available)

EVALUATION AND APPLICATION OF CALT PROGRAMMES V (EAS500T)  
*CONTINUOUS ASSESSMENT*  
*Subject custodian: Department of Applied Languages*  
Evaluation categories and principles, learning principles in CALT, types of programmes (drills, tutorials, simulations, games, hybrids), cooperative learning and CALT strategies, multimedia and hypermedia. (Total tuition time: not available)

FINANCE FOR ENTREPRENEURS V (FFE501T)  
*1 X 3-HOUR PAPER (OPEN BOOK)*  
*Subject custodian: Department of Management and Entrepreneurship*  
Students acquire the skills to evaluate the financial sustainability of a business. (Total tuition time: not available)

FINANCIAL ASPECTS OF LOCAL DEVELOPMENT (FLD501T)  
*1 X 3-HOUR PAPER*  
*Subject custodian: Department of Economics*  
The role of the financial system in the process of local economic development. Policy instruments used to strengthen the financial support to the development process. (Total tuition time: ± 34 hours)

FINANCIAL MANAGEMENT (FMN511T)  
*1 X 3-HOUR PAPER (OPEN BOOK)*  
*Subject custodian: Business School*  
South African taxation system, time value of money, financial statement analysis and interpretation, working capital management, investment in capital projects, financing decisions, dividend decisions, business valuation, mergers and take-overs. (Total tuition time: ± 36 hours)
FINANCIAL MANAGEMENT FOR THE PUBLIC SECTOR V (FMF501T)  CONTINUOUS ASSESSMENT
(Subject custodian: Department of Public Sector Finance)
The implications for and the responsibilities of the public manager in terms of the Public Finance Management Act, including the compilation and management of budgets. The particular aim is to enable students to manage their areas of responsibility in order to reach higher levels of efficiency and effectiveness. (Total tuition time: ± 100 hours)

FOUNDATION OF LABOUR RELATIONS THEORY V (FLR500T) 1 X 3-HOUR PAPER
(Subject custodian: Department of People Management and Development)
Free enterprise, Dunlop, Chamberlain, Marxism, socialism, democracy and ILO objectives. (Total tuition time: ± 160 hours)

FRENCH LANGUAGE SKILLS (ESI5007)  CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Conversational French for beginners. (Total tuition time: ± 80 hours)

GEOHYDROLOGY V (GEH500T) 1 X 4-HOUR PAPER
(Subject custodian: Department of Environmental, Water and Earth Sciences)
Advanced hydrochemistry, analysis of the appearance and movement of groundwater. Seminars and self-study. (Total tuition time: not available)

HIGH-FREQUENCY SYSTEMS V (ESI5005, HFS501T)  CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
HF system fundamentals and analysis, measurement principles and propagation models. (Total tuition time: ± 90 hours)

HUMAN COMPUTER INTERACTION V (HCA501T)  CONTINUOUS ASSESSMENT
(Subject custodian: Department of Web and Multimedia Computing)
The aim of this subject is to gain advanced knowledge of Human Computer Interaction design and development. Contents include usability goals, usability design and principles, the process of interaction design, prototypes, usability engineering life-cycle model, data gathering, understanding users, activity, designing for collaboration and communication, affective aspects, persuasive technologies, identifying needs and establishing requirements, design, prototyping and construction, introducing evaluation, usability testing and field studies. (Total tuition time: ± 20 hours)

HUMAN RESOURCE MANAGEMENT FOR THE PUBLIC SECTOR V (RES501T) 1 X 3-HOUR PAPER
(Subject custodian: Department of Public Management)
The strategic approach to public personnel management and the effect of external and global environments, human resource planning, job analysis and job design. Affirmative action, equity and performance management are some of the key issues. (Total tuition time: ± 100 hours)

HUMAN RESOURCE MANAGEMENT IN POLICING V (PUG511T) 1 X 4-HOUR PAPER (OPEN BOOK)
(Subject custodian: Department of Safety and Security Management)
A study of the strategic approach to public personnel management and the effect of external and global environments, human resource planning, job analysis and job design. Affirmative action, equity and performance management are some of the key issues. (Total tuition time: not available)

HUMAN RESOURCES MANAGEMENT (HRM511T) 1 X 4-HOUR PAPER (OPEN BOOK)
(Subject custodian: Business School)
Introduction to human resource management strategy, environmental issues, affirmative action, human resource development, productivity, creating a strategic organisation, creating a learning organisation. Human resource development and training, strategic industrial relations management, key success factors and measures, implementation of strategies, performance management. (Total tuition time: ± 36 hours)
IMAGE ANALYSIS V (ESI5012) 
*Subject custodian: Department of Electrical Engineering*
Image formation, frequency domain analysis, neighbourhood processing, texture, segmentation, shape, feature extraction, transformation and classification. (Total tuition time: ± 90 hours)

IMAGE ANALYSIS SYSTEMS V (IAS501T) 
*Subject custodian: Department of Electrical Engineering*
Image formation, frequency domain analysis, neighbourhood processing, texture, segmentation, shape, feature extraction, transformation and classification. (Total tuition time: not available)

INDUSTRIAL MATHEMATICS V (ILM500T) 
*Subject custodian: Department of Mathematics and Statistics*
The contents depend on the availability of instructors and demand from regional industry (such as wavelets, futures and derivatives, applied graph theory or calculus of variations, etc). (Total tuition time: not available)

INFORMATION SECURITY V (ITU501T) 
*Subject custodian: Department of Information Technology*
Advanced network security is covered in this subject. (Total tuition time: not available)

INFORMATION STUDIES FOR THE PUBLIC SECTOR V (IFU501T) 1 X 3-HOUR PAPER 
*Subject custodian: Department of Public Management*
The emphasis is on obtaining, processing and analysing data, the processing of data in various systems, and the interaction that takes place between such systems. (Total tuition time: ± 100 hours)

INFORMATION STUDIES IN POLICING V (IFT511T) 1 X 4-HOUR PAPER (OPEN BOOK) 
*Subject custodian: Department of Safety and Security Management*
The emphasis is on obtaining, processing and analysing data, the processing of data in various systems and the interaction that takes place between such systems. (Total tuition time: not available)

INNOVATION IN IT V (III501T) 
*Subject custodian: Department of Computer Science*
Principles of innovation in organisations. Application of IT for effective innovation. Principles of standardisation in IT. Innovation in relation to standardisation. (Total tuition time: not available)

INTELLECTUAL PROPERTY MANAGEMENT V (IMP501T) 
*Subject custodian: Department of Industrial Engineering*
Intellectual property development, protection, marketing and exchange are discussed. These aspects are linked to business success. In order for business to achieve growth plans, business should have a strong IP Portfolio. (Total tuition time: ± 80 hours)

INTERNATIONAL FINANCING (INF501T) 1 X 4-HOUR PAPER (OPEN BOOK) 
*Subject custodian: Business School*
Overview and structure, harmonisation of financial reporting, international financial systems, spot planning and forward planning, trade finance, forex risk management, international trade and investment, structuring offshore operations, joint ventures, accounting and tax perspectives, evaluation of direct overseas investment opportunities, financial management of multinationals. (Total tuition time: ± 36 hours)

INTERNATIONAL MANAGEMENT (INM501T) 1 X 4-HOUR PAPER 
*Subject custodian: Business School*
Differences between countries, international trade, foreign direct investment, economic integration, global monetary systems, international strategy and structure, multinationals and global alliances, importing, exporting and international marketing, global human resource management and global financial management. (Total tuition time: ± 36 hours)

INTERNERSHIP (IER501T) 1 X 3-HOUR PAPER 
*Subject custodian: Department of Economics*
Practical exposure to policy design and implementation in relevant government departments or NGOs. This will enable students to bring the theoretical aspects of the programme to an unfamiliar workplace and to critically assess current practices. (Total tuition time: ± 34 hours)
INTRODUCTION TO ENGLISH (TTE501T) 1 X 3-HOUR PAPER  
*(Subject custodian: Department of Economics)*

The main aim of this course is to ensure that students are sufficiently proficient in English so as to be able to follow lectures, read prescribed and recommended material and write exams and reports. (Total tuition time: not available)

INTRODUCTORY COURSE (TRO501T) 1 X 3-HOUR PAPER  
*(Subject custodian: Department of Economics)*

This part of the programme consists of an introduction to the programme in order to ensure that students enter the programme fully aware of its requirements and are well prepared. (Total tuition time: not available)

IT LAW V (ITW501T) CONTINUOUS ASSESSMENT  
*(Subject custodian: Department of Informatics)*

Interpretation and implementation of Bills and Acts relevant to the IT industry, e.g. Electronic Communication and Transaction Act and Access to Information and Privacy Acts. (Total tuition time: not available)

IT SERVICES AND PROJECTS V (SPV501T, SPV511T) CONTINUOUS ASSESSMENT  
*(Subject custodian: Department of Informatics)*

Understanding the character of managing IT department offerings. (Total tuition time: not available)

KNOWLEDGE TECHNOLOGIES V (KNT501T, KNT511T) CONTINUOUS ASSESSMENT  
*(Subject custodian: Department of Informatics)*

Knowledge engineering and technologies underpinning knowledge systems, such as decision support systems, group support systems, expert systems, data warehousing, data mining, document management and information searches. (Total tuition time: not available)

LEGAL APPROACHES TO LOCAL DEVELOPMENT (LAL501T) 1 X 3-HOUR PAPER  
*(Subject custodian: Department of Economics)*

Underlying legal concepts in local development and laying the foundation for exploring the organisation and functions of the different levels of government and administration. Focus on the organisation of local government from a comparative perspective, with particular focus on the constitutional frameworks and institutions of the countries of southern Africa as re-shaped in the transitional period of the 1990s. The legal basis for trans-border cooperation in the southern Africa region and the outlook of the progressive embodiment of traditional law in modern constitutional systems will be studied. (Total tuition time: ± 34 hours)

LIFE CYCLE MANAGEMENT V (LCY501T) CONTINUOUS ASSESSMENT  
*(Subject custodian: Department of Industrial Engineering)*

Total quality, asset and environmental management integration in managing the organisation effectively (Total tuition time: ± 80 hours)

LOCAL DEVELOPMENT AND ENTREPRENEURSHIP POLICIES (DEP501T) 1 X 3-HOUR PAPER  
*(Subject custodian: Department of Economics)*

Definition of the concept of entrepreneurship by paying special attention to the specificity of contexts within which entrepreneurship becomes manifest, the different types and roles of entrepreneurship and the role of institutions in determining which features prevail. Barriers to entrepreneurship and the relevant policy implications. Distribution of SMMEs. Underground economy and organised criminality. (Total tuition time: ± 34 hours)

MACHINE INTELLIGENCE V (ESI5013, MII501T) CONTINUOUS ASSESSMENT  
*(Subject custodian: Department of Electrical Engineering)*

Supervised learning (Bayesian classification, linear classifiers, non-linear classifiers, including neural networks and support vector machines), unsupervised learning and special topics, such as genetic algorithms and swarms and ants optimisation. (Total tuition time: ± 90 hours)
MANAGEMENT V (ESI5006) CONTINUOUS ASSESSMENT

(Subject custodian: Department of Electrical Engineering)
Project management, marketing, business strategies, financial planning, new product development and engineering research methodology. (Total tuition time: ± 90 hours)

MANAGEMENT OF DIVERSITIES IN SOCIETIES (MVS501T) 1 X 3-HOUR PAPER

(Subject custodian: Department of Economics)
Examining the challenges of the pluralistic society for local development. Regulation and management of diversities and relations in plural societies with an emphasis on the regulation and management of ethnic relations and the prevention, management and resolution of conflicts. Concepts related to identifying difference and diversity and their implications for local development. Students will be equipped with conceptual frameworks, skills and strategies for managing these differences to create opportunities for local development. (Total tuition time: ± 34 hours)

MANAGEMENT OF TECHNOLOGY (MTH501T) 1 X 4-HOUR PAPER (OPEN BOOK)

(Subject custodian: Business School)
Introduction to the management of technology, managing technology, technology strategy, innovation and creativity, technology planning and project management, research and development, transfer of technology, entrepreneurship, information management, international trends. (Total tuition time: ± 36 hours)

MANAGERIAL ECONOMICS (MNE501T) 1 X 4-HOUR PAPER (OPEN BOOK)

(Subject custodian: Business School)
Economic model of the firm, revenue and demand analysis, elasticity, production cost and analysis, estimation demand and cost, profitability analysis, profit maximisation, market structure and competition, pricing strategies, decision and risk analysis. (Total tuition time: ± 36 hours)

MANAGERIAL FINANCE (MGF501T) 1 X 4-HOUR PAPER (OPEN BOOK)

(Subject custodian: Business School)
Objectives of managerial finance, cost analysis and behaviour patterns, costing systems and cost allocation, budget planning and control, decision-making, performance budget planning and control, performance appraisal through statement analysis, activity-based accounting, strategic management accounting and control. (Total tuition time: ± 36 hours)

MARKETING MANAGEMENT (MMB501T) 1 X 4-HOUR PAPER (OPEN BOOK)

(Subject custodian: Business School)
Overview, market segmentation, market information and research, product strategy, pricing strategy, distribution strategy, sales and selling, promotion strategy, planning and strategies. (Total tuition time: ± 36 hours)

MATHEMATICAL TECHNOLOGY: LABORATORY PROJECT (A) V (MTP50AT) PROJECT

(Subject custodian: Department of Mathematics and Statistics)
This practical subject must be undertaken simultaneously with any two of the theoretical subjects stated above. Experiments employing both numeric and symbolic computation and using software such as Derive, MATLAB, Mathematica, Scientific Workplace, etc. are carried out, which demonstrate investigations of a deeper nature than would be possible in either of the two subjects. A project report is to be submitted for examination. (Total tuition time: not available)

MATHEMATICAL TECHNOLOGY: LABORATORY PROJECT (B) V (MTP50BT) PROJECT

(Subject custodian: Department of Mathematics and Statistics)
This practical subject is to be taken simultaneously with any two of the theoretical subjects not covered in Laboratory Project (A). Experiments employing both numeric and symbolic computation and using software, such as Derive, MATLAB, Mathematica, Scientific Workplace, etc., are carried out, which demonstrate investigations of a deeper nature than would be possible in either of the two subjects. A project report of a deeper nature than that of “Mathematical Technology: Laboratory Project (A) V” is to be submitted for examination. (Total tuition time: not available)

MEDICINE GOVERNANCE (MGE500T) CONTINUOUS ASSESSMENT

(Subject custodian: Department of Pharmaceutical Sciences)
National drug policies. Drug regulation in South Africa. Regulation of complementary medicines, veterinary medicines and medical devices. (Total tuition time: not available)
NETWORK SYSTEMS V (NSY500T) CONTINUOUS ASSESSMENT  
(Subject custodian: Department of Mechanical Engineering)  
Networking hardware basics and terminology. Operating system set-up for networking. Data security.  
Maintaining networks. Software support skills (network-related) for Windows 2000 Professional and  
Windows XP. (Total tuition time: not available)

NEURAL NETWORKS V (NEU501T) CONTINUOUS ASSESSMENT  
(Subject custodian: Department of Computer Systems Engineering)  
Genetic algorithms and the application of neural networks in different environments. (Total tuition time: not available)

NUMERICAL ANALYSIS V (NAS500T) CONTINUOUS ASSESSMENT  
(Subject custodian: Department of Mathematics and Statistics)  
Interpolation polynomials, numerical differentiation and integration, Runge-Kutta type methods, error  
analysis. (Total tuition time: not available)

NUMERICAL LINEAR ALGEBRA V (NLA500T) CONTINUOUS ASSESSMENT  
(Subject custodian: Department of Mathematics and Statistics)  
Methods of solving systems of not necessarily linear equations, error analysis, difference equations and  
fine element methods. (Total tuition time: not available)

OPERATIONS MANAGEMENT (OPE501T) 1 X 4-HOUR PAPER (OPEN BOOK)  
(Subject custodian: Business School)  
External environment and stakeholders, the logistics concept, strategic approaches to logistics, operations  
and material flow, elements of a supply chain, inbound logistics, production requirements through  
purchasing, the production system, design and productivity, production planning and control, the impact  
of inventory on production, inventory management, outbound logistics, operations management in service  
industries. (Total tuition time: ± 36 hours)

ORDINARY NONLINEAR DIFFERENTIAL EQUATIONS V (ONL500T) CONTINUOUS ASSESSMENT  
(Subject custodian: Department of Mathematics and Statistics)  
Not necessarily linear ordinary differential equations are studied. (Total tuition time: not available)

ORGANISATIONAL BEHAVIOUR (OBE501T) 1 X 4-HOUR PAPER (OPEN BOOK)  
(Subject custodian: Business School)  
Introduction and organisational behaviour concepts, communication, leadership, conflict, problem-  
solving and decision-making, performance management, job and organisational design, organisational  
development. (Total tuition time: ± 36 hours)

ORGANISATIONAL LEADERSHIP V (OHI500T) 1 X 3-HOUR PAPER  
(Subject custodian: Department of People Management and Development)  
Leading of organisational behaviour. Leading of effective organisations. Integration and analysis of  
organisational behaviour. (Total tuition time: ± 175 hours)

ORGANISATION DEVELOPMENT FOR THE PUBLIC SECTOR V (ODV501T) 1 X 3-HOUR PAPER  
(Subject custodian: Department of Public Management)  
South African managers often lack critical knowledge of the behavioural dynamics that exist in  
organisations. One of the most important reasons for this is the inability to present subject matter  
holistically; in other words, to create an understanding of the interrelated nature and need for support  
between the different components and the modules of which they form part. The approach in this module  
is to present and explain the dynamics in organisations, while allowing students to apply those dynamics in  
their own organisations. (Total tuition time: ± 100 hours)
ORGANISATION DEVELOPMENT IN POLICING V (ODP511T)  1 X 4-HOUR PAPER (OPEN BOOK)  
(*Subject custodian: Department of Safety and Security Management* )

South African managers often have a critical lack of knowledge of the behavioural dynamics that exist in organisations. One of the most important reasons for this is an inability to present subject matter holistically; in other words, to create an understanding of the interrelated nature and need for support between the different components and the department of which they form a part. The approach in this module is to present and explain the dynamics in organisations, while allowing students to apply those dynamics in their own organisations. (Total tuition time: not available)

Power flow analysis, stability analysis of power systems, control of power systems. (Total tuition time: ± 90 hours)
POWER SYSTEMS V (PWS501T)  
*Subject custodian: Department of Electrical Engineering*
Generation theory, transmission and distribution theory, interconnection of power systems. (Total tuition time: ± 90 hours)

PRE-PROGRAMME (RAM501T)  
*Subject custodian: Department of Economics*
It is assumed that entrants to this programme will usually be proficient in only one of the foundation disciplines. The aim of this component of the qualification is therefore to train students in the fundamentals of the four foundation disciplines so as to ensure that a common disciplinary language base exists prior to entering the core programme. (Total tuition time: not available)

PROFESSIONAL SYSTEMS ENGINEERING V (PRV511T)  
*Subject custodian: Department of Computer Science*
Knowledge and skills required to manage the development of IS by using workgroup products, ERP systems, customer relations, supply chain and quality management. (Total tuition time: not available)

PROJECT MANAGEMENT (PJG511T)  
*Subject custodian: Department of Economics*
Objectives of project management, planning projects, estimating for control, project organisation, project control. (Total tuition time: ± 36 hours)

PROJECT MANAGEMENT (PJG521T)  
*Subject custodian: Department of Economics*
Designing, developing and evaluating programmes and presenting them effectively orally and in writing. (Total tuition time: ± 34 hours)

PROJECT MANAGEMENT V (PJG501T)  
*Subject custodian: Department of Safety and Security Management*
Outcomes of programme and project management with the emphasis on planning programmes and projects, estimating for control, programme and project organisation and programme and project control, with the emphasis on applying programme and project management in the public sector. (Total tuition time: not available)

PROJECT MANAGEMENT FOR THE PUBLIC SECTOR V (POJ501T)  
*Subject custodian: Department of Public Management*
The outcomes of programme and project management focus on planning programmes and projects, estimating for control, programme and project organisation, and programme and project control, with the emphasis on applying programme and project management in the public sector. (Total tuition time: ± 100 hours)

PUBLIC FINANCIAL MANAGEMENT V (PFN501T)  
*Subject custodian: Department of Public Sector Finance*
A study of the implications for and the responsibilities of the public manager in terms of the Public Finance Management Act, including the compilation and management of budgets. The particular aim is to enable students to manage their areas of responsibility to reach higher levels of efficiency and effectiveness. (Total tuition time: not available)

QUALITY MANAGEMENT (QMG501T)  
*Subject custodian: Business School*
The challenge of quality, management vs. quality management, total quality management, improvement: steps, techniques and philosophies. Statistical principles and techniques, documentation systems, enhancing management for quality (planning, organising, leading, controlling), growth, technology and innovation, process and document ownership, ISO 900. (Total tuition time: ± 36 hours)
QUANTITY SURVEYING V (QSU510T) 2 X 4-HOUR PAPER (PRESCRIBED OPEN BOOK)
(Subject custodian: Department of Building Sciences)
Objectives of project management, planning projects, estimating for control, project organisation, project control. Project management services in the context of a professional quantity surveying practice, construction management, project administration, project monitoring and quality inspection of construction works. (Total tuition time: ± 180 hours)

REAL-TIME SIGNAL PROCESSING V (ESI5014) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Advanced signal processing concepts (adaptive filtering, multirate processing and wavelets, filter banks etc.) with the emphasis on real-time DSP implementation. (Total tuition time: ± 90 hours)

REAL-TIME SYSTEMS V (RTS501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Advanced signal processing concepts (adaptive filtering, multirate processing and wavelets, filter banks, etc.) with the emphasis on real-time DSP implementation. (Total tuition time: ± 90 hours)

REGIONAL INTEGRATION AND MULTILEVEL GOVERNANCE (RIG501T) 1 X 3-HOUR PAPER
(Subject custodian: Department of Economics)
Evaluating and understanding the economic, legal, political and social implications and the contributions of the process of regional integration and multi-level governance to local development. (Total tuition time: ± 34 hours)

RESEARCH DISSERTATION (DIS501T) DISSERTATION
(Subject custodian: Business School)
Writing the dissertation. The foundation of the dissertation is the Research Methodology module. (Total tuition time: no formal tuition)

RESEARCH IN BUSINESS INFORMATION SYSTEMS V (RMD511B) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Informatics)
It covers the basics of paradigms, methodologies, and techniques of research. Also how to conceptualise and plan research, and structure and complete a research-based project in the form of a dissertation or thesis. It provides a holistic overview of the research process and practical methods of implementing the knowledge obtained in the business information systems industry or environment. (Total tuition time: not available)

RESEARCH IN INFORMATION NETWORKS V (RMD511C) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Computer Science)
AIM/PURPOSE: To introduce the basics of paradigms, methodologies, and techniques of scientific research. OBJECTIVES: To provide a holistic overview of the research processes, be able to write a good research proposal and to implement it into a form of a dissertation. (Total tuition time: ± 20 hours)

RESEARCH IN PROFESSIONAL PRACTICE IN INFORMATION TECHNOLOGY V (RMD511D)
(Subject custodian: Department of Computer Science)
It covers the basics of paradigms, methodologies, and techniques of research. Also how to conceptualise and plan research, and structure and complete a research-based project in the form of a dissertation or thesis. It provides a holistic overview of the research process and practical methods of implementing the knowledge obtained in the information technology industry or environment. (Total tuition time: not available)

RESEARCH METHODOLOGY (RMD100T) 1 X 3-HOUR PAPER
(Subject custodians: Departments of People Management and Development)
Students acquire the skills to use research statistics and complete research projects. (Total tuition time: ± 64 hours)
RESEARCH METHODOLOGY (RMD101C)  1 X 3-HOUR PAPER  
(Subject custodian: Business School) 
Research in business, scientific thinking, the research process, the research proposal, ethics in research, 
design strategies, measurement, scaling design, sampling design, secondary data sources. Surveying 
methods: communication with respondents, instruments for respondents, communication, observational 
studies, experimentation, data preparation and preliminary analysis, hypothesis testing, measures of 
association, multivariate analysis. Presenting results: written and oral reports. (Total tuition time: ± 36 
hours).

RESEARCH METHODOLOGY (RMD110H) CONTINUOUS ASSESSMENT  
(Subject custodian: Department of Building Sciences) 
Study designs, proposal writing, sample size and power calculations, descriptive and univariate methods 
of data analysis such as descriptive statistics and graphs, one-sample tests and confidence intervals, two-

sample tests and confidence intervals, Pearson’s chi-square tests of association, multivariate methods of 
data analysis such as simple and multiple linear regression analysis, logistic regression analysis, qualitative 
research methods, use of commonly used statistical packages such as STATA, SPSS, NVIVO and ATLAS 
for quantitative and qualitative data analysis. (Total tuition time: ± 36 hours)

RESEARCH METHODOLOGY (RMD500C) CONTINUOUS ASSESSMENT  
(Subject custodian: Department of Pharmaceutical Sciences) 
Qualitative and quantitative research. Protocol writing. Report writing. Basic statistics. (Total tuition time: not 
available)

RESEARCH METHODOLOGY (RMD500D) CONTINUOUS ASSESSMENT  
(Subject custodian: Department of Architecture) 
Research methodology: scope and nature of the dissertation, administrative procedures, research topics, 
the problem and its setting, research proposals, applications for funding, research protocols and research 
planning. Design as a problem-solving process: formulation of design principles, solving conflicting 
requirements, precedent studies, design thinking and the evaluation of design. Technical structure of a 
dissertation: format, layout, numbering system, typography, bibliography and referencing. (Total tuition time: 
not available)

RESEARCH METHODOLOGY (RMD501C) CONTINUOUS ASSESSMENT  
(Subject custodian: Department of Electrical Engineering) 
Research methods and approaches, information-gathering approaches, writing research reports. (Total 
tuition time: ± 45 hours)

RESEARCH METHODOLOGY A (RMD50AE)  1 X 4-HOUR PAPER (OPEN BOOK)  
(Subject custodian: Department of Management and Entrepreneurship) 
The purpose of this instructional offering is to prepare students to write dissertations. (Total tuition time: not 
available)

RESEARCH METHODOLOGY B (RMD50BE)  1 X 4-HOUR PAPER (OPEN BOOK)  
(Subject custodian: Department of Management and Entrepreneurship) 
The purpose of this instructional offering is to prepare students to write dissertations. (Total tuition time: not 
available)

RESEARCH METHODOLOGY V (RMD500B)  1 X 3-HOUR PAPER  
(Subject custodian: Department of People Management and Development) 
Methodology of research, strategies, specialist research. (Total tuition time: ± 200 hours)

RESEARCH METHODS IN LOCAL GOVERNMENT V (RML500T) CONTINUOUS ASSESSMENT  
(Subject custodian: Department of Public Management) 
An extension of the methodology that was covered in the Baccalauraeus Technologiae studies pertaining 
to topics, such as concepts and processes, quantitative and qualitative approaches, and observation and 
survey techniques. This will equip students with the necessary skills to submit research proposals and write 
research reports in the context of local government. (Total tuition time: ± 200 hours)
RESEARCH METHODS IN POLICING II (RMP200T)  CONTINUOUS ASSESSMENT
(Subject custodian: Department of Safety and Security Management)
The objective is to expand the methodology covered during the Baccaleureus Technologiae studies in topics, such as concepts and processes, quantitative and qualitative approaches, and observation and survey techniques. This will equip students with the necessary skills to submit research proposals and write research reports. (Total tuition time: not available)

RESEARCH METHODS IN PUBLIC MANAGEMENT V (RMI500T)  CONTINUOUS ASSESSMENT
(Subject custodian: Department of Public Management)
An extension of the methodology that was covered in the Baccaleureus Technologiae studies pertaining to topics, such as concepts and processes, quantitative and qualitative approaches, and observation and survey techniques. This will equip students with the necessary skills to submit research proposals and write research reports in the context of local government. (Total tuition time: ± 100 hours)

RESEARCH PROJECT (CLD501T)  PROJECT
(Subject custodian: Department of Economics)
Analysis, research and experience are combined to produce an original and innovative project for local development in southern Africa or other areas in transformation. The students’ ability to research, apply and elaborate on the knowledge and technical expertise they acquired during the taught component of the programme is developed. (Total tuition time: not available)

RESEARCH REPORT: ARCHITECTURAL TECHNOLOGY: RESEARCH METHODOLOGY V (ATG50PT)  CONTINUOUS ASSESSMENT
(Subject custodian: Department of Architecture)
Research methodology: scope and nature of the dissertation, administrative procedures, research topics, the problem and its setting, research proposals, applications for funding, research protocols and research planning. Technical structure of a dissertation, format, layout, numbering system, typography, bibliography and referencing. (Total tuition time: not available)

RESEARCH REPORT: ARCHITECTURAL TECHNOLOGY: TECHNOLOGY V (ATG50QT)  CONTINUOUS ASSESSMENT
(Subject custodian: Department of Architecture)
The dissertation involves the investigation of a relevant research problem. (Total tuition time: not available)

RESEARCH REPORT: ARCHITECTURE: PROFESSIONAL V (ATG510T)  CONTINUOUS ASSESSMENT
(Subject custodian: Department of Architecture)
Appraisal and definition: clarifying the problem statement and design objectives, formulating functional relationships, collecting information on the state of the art, formulating requirements and needs. Design concept: searching for conceptual solutions, producing alternative concepts, evaluating alternative solutions, determining the final conceptual form. Building design: producing a refined design, producing alternatives, technical evaluation, selecting the final design for detailed formulation. (Total tuition time: not available)

RESEARCH REPORT: MATHEMATICAL TECHNOLOGY V (MAY501T)  RESEARCH
(Subject custodian: Department of Mathematics and Statistics)
This could, for example, cover work extending results from the respective laboratory projects or it could be a completely new project incorporating the use of available technology, such as Derive, MATLAB, Mathematica and Scientific Workplace. The project must demonstrate the student’s ability to produce publishable research articles and/or artefacts in mathematical technology. It may be undertaken only on successful completion of four of the six theoretical subjects and the two laboratory projects listed above. (Total tuition time: not available)

RF DESIGN V (ESI5009)  CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
RF component design principles and analysis. (Total tuition time: ± 90 hours)

SCIENTIFIC COMPUTING V (ESI5026, SII501T)  CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Scientific computing fundamentals, simulation, C++, Matlab, Simulink and Scilab. (Total tuition time: not available)
SIGNAL THEORY V (ESI5021) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Signal spaces, mappings, deterministic signal theory and stochastic signal theory. (Total tuition time: ± 90 hours)

SOCIO-POLITICAL APPROACHES TO LOCAL DEVELOPMENT (SAL501T) 1 X 3-HOUR PAPER
(Subject custodian: Department of Economics)
An orientation to the alternative socio-political theoretical and conceptual explanations of the process of development and the differing international, national and regional factors affecting local development. (Total tuition time: ± 34 hours)

SOFTWARE ENGINEERING V (ESI5022) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Software engineering fundamentals, UML design principles and operating system basics. (Total tuition time: ± 90 hours)

SOFTWARE ENGINEERING V (SFE501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Software Engineering)
Development of high-level business processes by using UML, cost and risk management and team organisation. (Total tuition time: not available)

SPECIAL TOPICS I (ESI5023, SEI501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Special topics based on a selection of seminal research papers from a chosen field. (Total tuition time: ± 90 hours)

SPECIAL TOPICS II (ESI5024) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Special topics based on a selection of seminal research papers from a chosen field. (Total tuition time: ± 90 hours)

SPECIAL TOPICS III (ESI5025) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Special topics based on a selection of seminal research papers from a chosen field. (Total tuition time: ± 90 hours)

SPECIFICATION V (SFN500T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Architecture)
Purpose and use of specifications. Formats of specifications. Compilation of a specification document from standard clauses. Writing specification clauses. Specification as part of the legal framework. (Total tuition time: not available)

STRATEGIC BUSINESS ANALYSIS AND MODELLING V (SBG500T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Informatics)
Exploring issues surrounding the application of IT in order to define and implement strategic objectives. Reflecting on the purpose of strategic analysis, strategic planning and the application of tools and techniques during this process. (Total tuition time: not available)

STRATEGIC LABOUR RELATIONS MANAGEMENT V (SLT500T) 1 X 3-HOUR PAPER
(Subject custodian: Department of People Management and Development)
Environmental influences, politics, union ideologies, globalisation, workforce shifts and HIV/AIDS. (Total tuition time: ± 40 hours)

STRATEGIC LEADERSHIP V (SHI500T) 1 X 3-HOUR PAPER
(Subject custodian: Department of People Management and Development)
Incorporating personal leadership, strategic management and the principles of change management to facilitate the emergence of true strategic leadership. Concepts are explored, such as the nature of strategic and organisational change, uncertainty, the learning organisation and complexity. (Total tuition time: ± 175 hours)
SUPPLY CHAIN MANAGEMENT V (SPP501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Industrial Engineering)
This is about engineering inventory planning and control, linking materials requirement planning and entity resource planning with increasing customer service excellence. Integrating just in time, warehousing and technology with supplier management to optimise logistics engineering and taking care of risks. (Total tuition time: ± 80 hours)

SUSTAINABLE LOCAL DEVELOPMENT (SLV501T) 1 X 3-HOUR PAPER
(Subject custodian: Department of Economics)
Highlighting the basic concepts in sustainable development by drawing out certain policy implications. Special attention is devoted to the general concepts and methodological issues, but empirical examples will also be discussed. (Total tuition time: ± 34 hours)

SUSTAINABILITY DEVELOPMENT V (SUV501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Industrial Engineering)
Introduction of sustainability in the engineering environment, matching of finance and technology to sustainability, profitable and environmentally friendly technologies and alternative energy systems, incorporating ethical dimensions and social awareness. Efficient design of products and services, with case studies and exercises. (Total tuition time: ± 80 hours)

SYSTEMS ENGINEERING SOLUTIONS V (SOL501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Computer Science)
AIM/PURPOSE: To introduce students to the various aspects of SOA. OBJECTIVE: On completion of the module, the students should acquire the knowledge and skills required to manage an SOA project. Have an understanding of the security concerns, activity management, composition, transaction management, and Service modelling. (Total tuition time: ± 20 hours)

TASK MANAGEMENT V (TKM501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Informatics)
Students acquire the knowledge and skills to handle the uncertainty of task management with specific reference to the features of information systems projects. Assessment of human behaviour and communication. (Total tuition time: not available)

TECHNOLOGICAL ENTREPRENEURSHIP (TNO501T) 1 X 4-HOUR PAPER (OPEN BOOK)
(Subject custodian: Business School)
Entrepreneurship in context, the entrepreneur, creativity, ideas, feasibility, growth strategies, electronics and the entrepreneur, family businesses, Entrepreneurship Day. (Total tuition time: ± 36 hours)

TECHNOLOGICAL ENTREPRENEURSHIP AND INNOVATION V (TEI501T) 1 X 4-HOUR PAPER (OPEN BOOK)
(Subject custodian: Department of Management and Entrepreneurship)
Entrepreneurship in context; the entrepreneur; creativity; ideas to innovation; opportunity identification and assessment; leadership and entrepreneurial teams; new venture resources requirements and business feasibility; legal issues and start-p entities; growth and exit strategies; technology and the entrepreneur; business planning and business finance; marketing and operations; family business and financing. (Total tuition time: not available)

TECHNOLOGY VENTURE CREATION V (TVC501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Industrial Engineering)
Translation of ideas into commercially viable high technology venture. Development of business plan and funding strategies are discussed. To elucidate the role of creativity, entrepreneurial and innovative business activities, and their management, within a global environment, and also of gender and ethnic diversity. (Total tuition time: ± 80 hours)

TELECOMMUNICATION NETWORKS V (ESI5008) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Fixed networks, mobile networks, RF and optical networks. (Total tuition time: ± 90 hours)
TELECOMMUNICATIONS V (TMM501T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Electrical Engineering)
Fixed networks, mobile networks, RF and optical networks. (Total tuition time: ± 90 hours)

THEORY OF DESIGN V (THD500T) CONTINUOUS ASSESSMENT
(Subject custodian: Department of Architecture)
Weekly seminars dealing with aspects such as social conditions, politics and policies that influence the provision of housing in theory and practice. Participation in Community Planning Forum activities. Research paper relating to a specific field of interest. (Total tuition time: not available)

TRAINING AND DEVELOPMENT STRATEGIES V (TDG500T) 1 X 3-HOUR PAPER
(Subject custodian: Department of People Management and Development)
International training strategies, strategic positioning of training, policy, planning. (Total tuition time: ± 40 hours)
