Welcome to ICE WaRM's 2016 Short Courses Programme. ICE WaRM offers leading water management training courses to Australian and international water-focused organisations. We are delighted to host this demand driven programme, supported by a team of trainers drawn from industry, academia and government. ICE WaRM has brought together leading thinkers and experts nationally to deliver this relevant and stimulating training. We hope your organisation can make use of these short courses for new starters and experienced staff alike.

Global Water Distribution

- 97% Ocean
- 2.2% Ice
- <0.1% Surfacewater
- 0.7% Groundwater

Source: Shiklomanov, 2003, UNESCO

2016 Short Courses

Richard Hopkins,
CEO ICE WaRM

Attendees

Come from a broad range of public and private organisations including:

- AECOM
- Aurecon
- Australian Water Association
- BHP Billiton
- Brisbane City Council
- Bureau of Meteorology
- Centennial Coal
- DEWNR SA
