Higher education needs to be viewed as a long-term social investment for the promotion of economic growth, cultural and spiritual development, social cohesion, equity and justice. In order to meet the XII Plan aim of inclusive growth and sustainable development, higher education sector has to play a pivotal role. Rashtriya Uchchatar Shiksha Abhiyan (RUSA) is an endeavour to achieve this end. RUSA, launched by Govt. of India, will cover two plan periods and the cardinal objective of the scheme is to achieve the Gross Enrolment Ratio target of 25.2% by the end of current plan period (XII Plan) and 32% by the end of next five-year plan period (XIII Plan). RUSA would provide funding to the State universities and colleges to address equity, access and quality in an equitable manner. The U.T. Administration, Chandigarh has adopted RUSA under Centrally Sponsored Scheme as its flagship programme. State Higher Education Council (SHEC) has been constituted under the chairmanship of Professor Arun Grover, Vice-Chancellor, Panjab University. The Council would aim to prepare skilled human resource with rich moral and social values so that the youth can give their best for the national development.

Creation of an educational hub emanates from multiple factors like its brand value, employment prospects for the youth and global ranking of the university and colleges. Easy admission to prospective students, especially foreign students is another factor for attracting the youth to Panjab University and its affiliated colleges. Significant changes should usher in all aspects of internationalization. There is, presently, a mismatch between ground realities and unrealistic expectations.
The existing scenario pertaining to educational facilities, curriculum matching with local industries, innovative skills, emphasis on research, enriching faculty and global completion in quality, must be adequately addressed and spur the policy makers for priority action. Even the needs of tri-city in education are not properly considered and addressed. There should be proper dialogue with stakeholders, ensuring absence of Central bias (in matters of grants), adequate and frank participation by domain experts and diminishing bureaucratization in the regulatory framework can justify and possible attract the youth dividend to higher education in Chandigarh.

The State Higher Education Plan amounting to Rs. 218 Crore was submitted to MHRD, New Delhi which was approved by the State Higher Education Council and Chandigarh Administration. The Institutional Development Proposal received from different institutions across the city was integrated into State Higher Education Plan. This plan basically highlights about the strengthening of infrastructure and research and innovation environment in the existing institutions.

A bottom-up approach was adopted for the preparation of State Perspective Plan to address the problems relating to Access, Equity and Quality in Higher Education. Both primary and secondary data have been used to prepare State Prospective Plan and the Annual Plans. The Primary data was collected through Institutional Development Proposal received from all the government and government aided colleges and Panjab University. This information was supplemented by the information provided by the official at the Directorate level. In addition to this, a series of meetings were held with the Heads of these institutions to record the problems existing in their institutions and frame a strategy to solve them. The secondary data was collected from the AISHE, from the official website of Census Directorate, Chandigarh, Statistical & Economics Department, Chandigarh Administration. The data was compiled, tabulated and analyzed and used in the State Perspective Plan.
Hon’ble Supreme Court of India has strictly banned ragging in Educational Institutions as per the UGC letter No. F1-8/2006 (CPP-II) dated February 2008 addressed to the Registrar, Panjab University, Chandigarh,

If any incident of ragging comes to the notice of the authority, the concerned student shall be given liberty to explain and if his/her explanation is not found satisfactory, the authority would expel him/her from the institution.

Ragging includes disorderly conduct whether by words-spoken or written—or by an act which has effect of teasing, treating and handling with rudeness any other student, indulging in rowdy behaviour or indiscipline, which cause or are likely to cause hardship or psychological harm or apprehension to a fresher or any student.

These instructions should be noted for strict compliance.

Anti-Ragging Helplines have been formed in all colleges.

RAGGING IS A CRIME
DO NOT ENGAGE IN IT OR SUPPORT IT

A trained counsellor is readily accessible in the counselling cell for students seeking psychological or emotional support in tackling personal or academic problems. The confidentiality of students is fully maintained.

Career Guidance and Placement Cell:
The Career Guidance and Placement Cell works with Career counselling advisors to assess students’ interests, skills and personality, helping them to explore various career options. Seminars, workshops, group discussions and mock interviews are conducted routinely and experts from professional institutions and companies are invited to interact with students. Placements are arranged in various major multinational companies, which appoint many students of the college every year.

Tutorials:
To maintain close interaction with students through mentoring by teachers, tutorials are designed to inculcate moral values and are held regularly. All the students are divided into groups and each group is under the charge of a faculty member. The students are encouraged to share their views. Motivational speakers are often invited to address students.

Aid for the underprivileged:
PGCG 11 is committed to encouraging social inclusiveness and providing financial and academic support to students from the underprivileged sections of society. Apart from numerous scholarships, text-books are also supplied to those in need.

Facilities for the Physically challenged:
The College offers special support to the physically challenged. A wheel chair is available on campus and ramps have been constructed at entry points to the buildings. A specially fitted washroom offers greater convenience to the students. To aid the visually challenged, special Braille software is available in the Library. Jaws-talking software is also installed in the library.

Nostalgia-Alumni Association:
Once a GCGian, always a GCGian. ‘Nostalgia’, the registered Alumni Association of the College cements the strong bond with its ex-students. The Annual Alumni Meet is a lively, fun-filled event in which ex-students renew old ties and share their success stories. Many of our alumni are highly placed in India and abroad, and remain in touch with their alma mater.
