Government of India
Ministry of Health & Family Welfare
Department of AIDS Control
(National AIDS Control Organization)

Applications are invited for the appointment of Program Officer (National Procurement & Logistics Coordination-NPLC) in the Procurement Division, Department of AIDS Control, New Delhi on contract basis.

Duties and responsibilities

PO (NPLC) will work under the supervision of Deputy Secretary (Administration) at DAC and work in close coordination with Project Director of State AIDS Control Societies (SACSs) and Regional Procurement & Logistic Coordinators and perform the following tasks:

1. To provide support to efforts of DAC/ SACS in capacity building of SACS.
2. Build capacity of SACS and peripheral staff on forecasting, allocation & procurement.
3. Conducting training for SACS procurement and stores officials in procurement and inventory management function in coordination with Regional Coordinators.
4. Prepare procurement plan and Annual Action Plans (AAPs).
5. Provide guidance to Programme Division of ‘Information, Education and Communication’ (IEC) and ‘Targeted Intervention’ (TI) division in preparing TOR, performance requirements for consulting and non-consulting services required as per AAPs.
6. Assess storage/ warehousing requirements of the supplies procured centrally by DAC.
7. Maintaining list of drugs, kits and other medical supplies delivered for use at various units (ICTC / PPTCTC / Blood Banks / ART Centers).
8. To monitor, report and provide oversight to the stock position of various items including indication of under-stocking / overstocking / expiry of goods to SACS based on the consumption pattern.
9. Acting as link between Procurement Agent/ Logistic Agency, Regional PLCs and SACSs for inventory management and relocation of goods wherever required.
10. Assist Procurement Agent in conducting post delivery inspection of drugs / Kits at regular intervals.
11. to gather and compile data of stock items from all the peripheral units (ICTCs, ARTCs, Blood Banks etc.) and SACS in all the 38 States / UTs.
12. To gather information and monitor the inventory data regarding items where the expiry date is approaching (e.g. 4 months).
13. To compile data of actual consumption of various items from the centers and help SACS/ DAC in forecasting the annual requirements.
14. Based on the information collected, coordinate to divert, in consultation with the concerned Project Directors, the stocks from the centers which have excess material to the centers where there is shortage. Similarly arrange to divert, in consultation with the concerned Project
Directors, items with expiry date approaching to such centers where there is immediate or higher requirement for consumption.

15. To liaise with the Procurement agent/ Inspection Agency / and SACS regarding Supply Chain Management to coordinate and facilitate delivery, receipt and distribution of supplies.

16. To perform other related tasks as required.

Qualification and Experience

Essential:

1. University PG degree in commerce / Science/ Pharmacy/ engineering / management. Diploma in material management will be added advantage.
2. Minimum 7 years experience in procurement and logistics / supply chain management at senior level. Experience in supply chain management of health products would be an added advantage.
3. Proficiency in the usage of computer (MS-Word, MS-Excel, MS Access)
4. Written and spoken proficiency in Hindi and English.

Remuneration: Rs. 76000 /- per month consolidated.

Duration: Initially the contract shall be till 31\textsuperscript{st} March 2015. Subsequent re-contracting will be based on performance assessment.
