2012 Recipes of the Month (pages 99-137)
Cranberry Salsa Dip with Cream Cheese

- 1 (12-ounce bag) or 3 cups fresh cranberries, rinsed and drained
- 1/4 cup minced green onions
- 2 small (approximately 2 tablespoons) jalapeno peppers, cored, seeded and minced
- 1/2 cup sugar
- 1/4 cup fresh cilantro leaves, minced
- 2 tablespoons finely grated fresh ginger
- 2 tablespoons fresh lemon juice
- 2 (8-ounce) packages cream cheese
- Cranberries and/or cilantro sprigs for garnish

Rinse, drain, and pick over cranberries, (discarding all that are soft or bruised). Place them in a food processor; pulse until finely chopped but not mushy.

Place crushed cranberries in a bowl; mix together with onions, jalapeno peppers, sugar, cilantro leaves, ginger, and lemon juice. Cover with plastic wrap and refrigerate at least 4 hours so flavors develop (salsa will be too sharp and tart to begin with).

On a serving plate, place cream cheese; cover with the dip. Garnish, if desired, and served with crackers.

Crudites with Savory Cheese Dip

Crudites:
- 4 medium carrots, peeled and cut into sticks
- 4 medium celery ribs, cut into sticks
- 1 large red bell pepper, seeded and cut into strips
- 1 large green bell pepper, seeded and cut into strips
- 2 small zucchini, cut into diagonal slices
- 1 bunch radishes, cleaned, trimmed, and cut in half
- 1 10-ounce bag cocktail cherry tomatoes, rinsed
- 1 medium cucumber, cut into sticks or slices

Savory Cheese Dip:
- 3 cups 1 percent low-fat cottage cheese
- 3 tablespoons reduced-fat mayonnaise
- 1-1/2 tablespoons fresh lemon juice
- 6 scallions, white part plus 2 inches green, thinly sliced
- 2 tablespoons chopped parsley
- 1/4 teaspoon crushed red pepper flakes or to taste
- 3/4 teaspoon salt (optional)
Directions:
Prepare the vegetables. Pack like vegetables in self-sealing plastic bags. Add a few ice cubes and seal. Refrigerate until ready to assemble on a large decorative tray, leaving room for the bowl of dip in the center.
For the dip: Place all dip ingredients in a food processor or blender. Process until smooth using on/off pulses and scraping down the bowl once or twice. Transfer dip to a serving bowl; refrigerate until ready to serve.
To serve, place the dip in the center of the vegetables. Serve at once. (If it's quite hot, place a few ice cubes over the vegetables to keep them cool and crisp.)

Cucumber Almond Dip

Ingredients:
- 1/4 cup plus 1 tablespoon sliced almonds
- 3/4 cup fat-free or light sour cream
- 2/3 cup peeled, seeded, and coarsely chopped cucumber (about 1/2 medium)
- 1 medium green onion, cut into ¼-inch pieces
- 2 teaspoons salt-free tomato, basil, and garlic seasoning blend
- 2 teaspoons red wine vinegar
- ½ teaspoon light brown sugar

In a medium skillet, dry-roast the almonds over medium-heat for 3 to 4 minutes, or until golden brown, stirring occasionally. Put 1 tablespoon almonds in a small bowl. Set aside to use as a garnish.

In a food processor or blender, process the remaining almonds for 3 to 5 seconds, or until coarsely crushed. Transfer to a medium serving bowl.

Process the remaining ingredients until the desired consistency, about 5 seconds if you prefer a chunky texture, 15 to 20 seconds for smooth. Stir into the crushed almonds. Cover and chill if desired.

Crushed toasted almonds provide a nice crunch to this quick and easy appetizer, and the delicate flecks of green onions and seasonings add eye appeal. It's convenient and stress-free for parties--you can make it up to four days in advance and serve it with colorful precut vegetables. To serve, stir the mixture. Sprinkle with the reserved almonds.

Cook's Tip: For a decorative presentation, peel a medium cucumber in lengthwise strips about 1/2 inch wide and 1/2 inch apart, leaving 1/2-inch strips of peel intact. Cut the cucumber crosswise into 3/4-inch slices. Using a melon baller or the tip of a small spoon, partially hollow out the slices, making little cups with enough of one end intact to hold the filling in place. Spoon the filling into the cups. **Mediterranean Chicken Marinade**

This is a quick and easy marinade that uses fresh rosemary and lemon to bring the taste of summer to your grilled chicken. If you can do this early in the day, that's ideal; if not, one hour of marinating can give you that extra flavor.

Ingredients:
- 6 pieces of chicken on the bone (breasts, thighs and/or legs)
- 5 sprigs fresh rosemary (or 2 tsp. dried)
- 1 cup olive oil
- 2 cloves garlic
- 1 lemon
- Salt and pepper to taste

Trim any extra skin or fat off the chicken. Place chicken in a one gallon ziplock bag. Measure out the olive oil and pour into a small bowl. Strip the rosemary leaves off the twigs, and do a "rough chop" (about 1/2-inch in length); set 1 tablespoon of the rosemary aside (1/2 teaspoon if using dried).

Crush the garlic with the side of a knife or the heel of your hand. Grate the lemon on a box- or hand-grater, reserving the rest of the lemon.

Add the rosemary, garlic, and lemon peel to the olive oil, pour in with the chicken, press out air bubbles, and seal bag. Put bag in a small dish with sides and keep in fridge until ready (this minimizes the risk of contaminating the rest of the fridge).

As the grill heats up, mince the reserved rosemary so that it is a little smaller, maybe 1/4 inch.

Take chicken out of marinade and brush off most of the rosemary, garlic and lemon peel, leaving a few pieces clinging to the meat.

Lay the chicken out on a pan and salt and pepper both sides. Cover pan with plastic wrap and microwave the chicken until it just starts to cook (approximately 3 minutes on high)

Take chicken out of the microwave, brush with a little additional marinade, and grill until done, cooking each side twice.

For extra flavor, toss the rosemary twigs onto the fire just before you take the chicken off the grill--the smoke adds a great smell.) Before serving, sprinkle the chopped rosemary and spritz a little lemon juice over the chicken.

**Teriyaki Sauce**
This easy-to-make teriyaki sauce can be paired with chicken, red meat, or a firm-fleshed fish such as Chilean sea bass, tuna or striped bass. Fat-free

Ingredients:
- 6 pieces of boneless, skinless chicken breasts
- 1/2 cup Sugar-Water Simple Syrup (see recipe below)
- 2 cups soy sauce
- 2 tbsp. minced fresh garlic
- 4 tbsp. minced fresh ginger
- 2 green onions (optional)
- Toasted sesame seeds (optional)
- Salt and pepper (to taste)

Mix one part water to one part sugar in a heavy-bottom saucepan and put over a medium-low flame until the sugar has completely dissolved into the water. Don't stir the mixture (or the sugar will crystallize and won't turn into syrup).

Add Simple Syrup, soy sauce, garlic and ginger to a heavy-bottomed saucepan. Set on a medium flame and let it reach a rolling boil, then lower the flame boil for three minutes.

Let cool and transfer half of the sauce to a bowl for seasoning chicken. Reserve other half for table use. (Be sure to keep two portions of the teriyaki separate to avoid contaminating table sauce with bacteria from the raw chicken.)

Season chicken breasts with salt and pepper and set on the hot grill. Turn once, then generously brush the top (cooked) side with teriyaki from the bowl. Repeat so that both sides are slathered and cooked. Heat the reserved teriyaki sauce and serve it in a gravy boat.

Season with salt, pepper and mix.

Beat eggs, season with a pinch of salt and pepper, and pour on top of mixture evenly. Cook on low for another 2 minutes without stirring. Put under broiler in middle of oven, about 7 inches from the heat source, on low, so it has time to cook without the top burning. When it gets firm it is done, about 2-3 minutes. Prep and Cook Time: 20 minutes Serves 2

Healthy Cooking Tips: It is important to chop kale fine so it cooks in a shorter amount of time and integrates with the other flavors. Also, make sure you break up the clumps of meat with a spoon while sautéing. This will also allow the flavor of the meat to seep into the other ingredients. Use a stainless steel skillet as close to 9-10 inches as possible so the vegetables don't over cook and you have some height to your finished frittata.

**Casseroles, Chicken, Fish, Meat Dishes**

**Crustless Smoked Salmon, Leek, and Mushroom Quiche**

**Ingredients:**
- 4 eggs
- 1 and 1/2 cup milk, cream, unsweetened soy milk, or a combination (use lo fat)
- 6 ounces or so smoked salmon
- 1 large leek, with white and light green parts sliced (about 1 cup) or substitute shallots or onions
- 1 small red pepper, chopped (about half a cup)
- 4 oz raw mushrooms (wild or shitake are nice but any will do)
- 3/4 cup shredded cheese - almost any kind or combo is fine, but not too much strong-flavored cheese such as parmesan
- 1 teaspoon dry mustard
- 1/2 teaspoon thyme
- pinch of cayenne pepper or a bit of hot sauce
- paprika, salt, and pepper

**Preparation:**
1. Preheat oven to 375 degrees F.
2. Sauté leeks in a little olive oil. When they begin to soften, add mushrooms. After a minute or two, add the peppers. Add a little salt, and cook for 3-4 minutes. Just before taking off heat, add the thyme.
3. Meanwhile, crumble salmon in pie plate. Cover with vegetables when done, and then sprinkle with the cheese.
4. Also meanwhile, blend eggs, milk (or other), mustard, cayenne or hot sauce, salt (about 1/2 teaspoon, but less if salmon is salty), and pepper. You can use an eggbeater or whisk, but a blender works really well.

5. Pour the egg mixture over the rest of the ingredients, and sprinkle with paprika.

6. Bake for 35-50 minutes. Start checking after half an hour. If it's getting too brown but the middle is too liquid, cover with foil. When done, the center will still be a bit loose. Take it out of the oven or the rest will overcook. In 5 minutes, the center will be done.

Herb-Crusted Turkey Breast with Mushroom-Leek Stuffing

Ingredients:
- 2 TB unsalted butter
- 1 TB chopped garlic
- 4 cups thinly sliced leeks (white and light green parts only, thoroughly rinsed to remove all dirt)
- 3 cups sliced mixed mushrooms (about 8 oz)
- 1/4 cup breadcrumbs
- 1/4 cup pecorino-romano cheese
- 1 1/2 tsp chopped fresh parsley, divided
- 1 1/2 tsp chopped fresh sage, divided
- 1 1/2 tsp chopped fresh rosemary, divided
- 1 1/2 tsp chopped fresh thyme, divided
- 1 TB unsalted butter (at room temperature)
- 1 boneless turkey breast (about 2.5 lbs)
- Butcher's twine for tying up the rolled breast

To make the stuffing, melt the butter over medium-high heat, then add the garlic and quickly sauté (do not burn!). Add the sliced leeks and sauté until soft (about 5 minutes). Add the sliced mushrooms, increase the heat to high, and cook until soft and all liquid has evaporated (about 10 minutes).

Remove from heat and add the breadcrumbs, pecorino-romano cheese, one teaspoon each of parsley, sage, rosemary and thyme, 1 teaspoon salt and 1/2 teaspoon pepper. Set aside.

To make the herb butter, use a fork to combine the tablespoon of softened butter with 1/2 teaspoon each of parsley, sage, rosemary and thyme. Set aside at room temperature.

Preheat the oven to 350°F.
Butterfly the turkey breast open with a sharp boning knife. Place it skin side down on a cutting board, cover it with plastic wrap, then pound it out lightly with a meat mallet to flatten it a bit and make it an even thickness.

Remove the plastic wrap and sprinkle the breast with salt and pepper. Spread the stuffing over the (non-skin) surface of the breast to within 3/4” from the edge. Roll it up as tightly as possible, finishing with the skin side up (towards you).

Rub the entire top surface with the herb butter, placing some butter under the skin, if possible. Using butcher's twine, tie up the turkey breast to keep its shape while roasting. Place the stuffed turkey breast on a buttered or oiled roasting pan (or on a baking rack in a pan).

Roast, uncovered, until the stuffed turkey reaches an internal temperature of 165°F, about 1 1/2 hours. Cover the turkey if the top begins to get too brown. Remove from the oven and let it sit, covered, for about 15–20 minutes to let it set before slicing. Snip off the butcher's twine, and serve.

Roasted Butternut Squash Soup

Ingredients:
- 3 cups butternut squash, 1/2" pieces roasted
- 2 tablespoons butter
- 1 large onion, chopped
- 3 medium garlic cloves, minced
- 1 tablespoon ginger root, grated
- 1 teaspoon turmeric
- 1 teaspoon curry powder
• 2 3/4 cups Lo sodium vegetable broth
• 1 tablespoons Lo sodium vegetable broth
• 6 ounces Lo fat coconut milk
• 2 tablespoons cilantro, fresh

Directions:
Peel squash and cut into pieces. Place the squash in a bowl and toss very lightly with Sage (fresh if possible but dry will work), salt and pepper and a little EVO or Canola oil. Line a cookie sheet with parchment paper or foil (to help with clean-up) and turn out the squash on to the cookie sheet. Roast at 450 degrees F for about 30 minutes. You want the squash to brown (caramelize) well. Time saving hint . . . If you don’t have time to roast the squash, you can use frozen squash that has thawed . . . but the roasting can be done ahead of time and will add so much flavor to the soup.

Heat 2 TBS butter and 1 TBS broth in medium soup pot. Sauté onion in butter and broth over medium heat for about 5 minutes, stirring frequently, until translucent. Add garlic, ginger, and continue to sauté for another minute. Add turmeric, curry powder, and mix well. Add squash and broth, and mix. Bring to a boil on high heat. Once it comes to a boil reduce heat to medium low and simmer uncovered until squash is tender, about 10 minutes.

Place in blender and blend with coconut milk. Make sure you blend in batches filling lender only half full. Start on low speed, so hot soup does not erupt and burn you. Blend until smooth, about 1 minute. Thin with a little broth if needed. Season to taste with salt and white pepper. Reheat, and add cilantro.

Winter Squash Soup

Ingredients:
- 1 teaspoon butter
- 1 medium onion, chopped
- 4 pounds winter squash, such as butternut or buttercup, peeled, seeded and cubed
- 4 cups of chicken broth
- 2 cups 1 percent low-fat milk
- 1 handful mint sprigs or rosemary
- 1 cinnamon stick
- 6 whole cloves
- 1/4 teaspoon whole peppercorns
- 1/4 teaspoon whole coriander seed
- 1/4 teaspoon crushed red pepper flakes
- Salt to taste
- Sour cream for garnish
- Mint or rosemary sprigs for garnish

Directions:
Melt the butter in a large saucepan. Add the onion and cook slowly over low heat until tender but not brown. (Keeping the pot covered will cause the onion to "sweat," creating moisture and cooking without burning.) Add squash and broth, and then heat the mixture to boiling over high heat. Reduce heat to low; cover and simmer 20 minutes or until squash is tender.

Meanwhile, in a medium saucepan, heat the milk, with mint or rosemary, cloves, peppercorns, coriander, and pepper flakes, to boiling. Remove from heat and set aside. When squash is fork-tender, puree it in a blender or food processor until smooth. Return to heat. Pour the infused milk through a fine strainer into the pureed squash. Taste and adjust salt as needed. Heat through.

Serve with a garnish of mint sprigs and a dollop of sour cream.

- 3 cups + 1 TBS chicken, or vegetable broth
- 1 small to medium green bell pepper diced, 1/4 inch pieces
- 1 small zucchini diced, 1/4 inch pieces
- 1 cup finely chopped collard greens
- 1 15oz can diced tomatoes
- 1 15oz can rinsed black beans
- 1 cup frozen yellow corn
- 1 4oz can diced green chili
- 1 tsp dried oregano
- 1 tsp cumin
- 1/4 cup chopped pumpkin seeds
- 1/2 cup chopped fresh cilantro
- salt and pepper to taste

Directions:
1. Heat 1 TBS broth in a medium soup pot. Healthy Sauté onion, garlic, and green peppers in broth over medium heat for about 5 minutes, stirring often.
2. Add red chili powder, mix in well and add broth, zucchini, collard greens and tomatoes. Cook for another 5 minutes and add beans, corn, green chili, oregano, and cumin.
3. Bring to a boil on high heat. Once it begins to boil, reduce heat to medium low and simmer uncovered for 15 minutes longer. (Simmering uncovered enhances the flavor) Add chopped cilantro, pumpkin seeds, salt and pepper.

Prep and Cook Time: 40 minutes . Serves 6

Healthy Cooking Tip: For the best flavor it's important to chop the collard greens very fine. In doing so, their flavors blend better with the other ingredients and are easier to eat. If they are too big, they may taste too bitter.

Desserts

Apple Tarts
"This is not your normal apple tart. The healthy date, nut crust allows you to indulge without guilt or compromising flavor."
Ingredients:
• 2½ cups walnuts
• 1½ cups dates
• 3 green apples, such as Granny Smith
• juice of 1 lemon in 2 cups water
• ¼ tsp cinnamon
• 1/8 tsp allspice
• 1/8 tsp ground clove
• 2 TBS honey
• ½ cup apple juice
• ¼ cup raisins

Directions:
Combine walnuts and dates in food processor. Make sure you remove pits if dates have them and cut off end where stem was. Process until well mixed and ground, but not smooth. About 40 seconds. It should be a coarse texture when done. Press evenly into a 9 inch tart pan. Set in refrigerator while making the filling.
Slice apples by cutting into quarters. Cut out core and slice crosswise in ¼ inch thick slices. Put into lemon water while you finish cutting apples. Drain well in colander when done. Place apples in a large skillet with rest of the ingredients and cook for about 10 minutes, stirring frequently on medium heat. Remove apples with a slotted spoon from hot pan to a bowl and cool completely.
Reduce liquid to about half the volume and cool separately. Spread apples evenly over crust. Brush syrup over apples. Can be served right away or will keep in refrigerator until needed. Keep tart covered in refrigerator so it doesn't pick up moisture. Top with a little vanilla yogurt if desired.

This crust is fantastic if done right. First of all, it is important to choose dates that are firm and not too gooey. Zahidi dates are usually good for this. When processing your crust you may have to do it in 2 batches. Combine half the dates and half the walnuts in each batch. Process well, but not too smooth. You should not process more than 40 seconds for each batch. You want to have a coarse texture that is still ground enough to hold together when pressed. Take a pinch of crust between your fingers and press it together. If it is over processed the crust will end up pasty and will not be good. If it is not quite ground enough it won't hold together.

Chocolate Covered Strawberries

Ingredients:
- 60 large fresh strawberries, with stems left intact
- 1 (12-ounce) package semisweet or bittersweet chocolate chips
- 3/4 cup half and half cream
- 1 to 2 tablespoons brandy, your favorite liqueur, or 2 teaspoons prepared coffee

Directions:
Line a baking sheet or cookie pan with waxed paper.

Wash the strawberries and pat dry with paper towels; set aside. NOTE: Make sure the strawberries are completely dry. Even a drop of water in the melted chocolate can cause it to "seize" and turn the entire mixture into a grainy mess.

Methods of Melting Chocolate:

Double Boiler: In the top of a double boiler over hot water, not boiling water (don't let the bottom of the bowl touch the water, melt chocolate; add cream, stirring until smooth. NOTE: Be careful boiling water may cause steam droplets to get into chocolate which can result in "seizing," when the chocolate becomes stiff and grainy. NOTE: If you don't have a double boiler you can improvise one by placing a glass or stainless steel bowl over a pot of simmering water.

Remove from heat and blend in brandy, liqueur, or coffee. Let the chocolate cool slightly, but it should not set.

Microwave Melting Chocolate: In a microwave-safe bowl, melt chocolate chips using either the defrost setting or 10-percent power in the microwave. Microwave for 1 minute, then check and stir. If you need more time, do it in 10-20 seconds intervals and check and stir after each addition of microwave time. Remove the container from the microwave and stir the chocolate until completely melted. Baking chips and baking chocolate may appear formed and un-melted after heating but will become fluid after stirring. Blend in cream, brandy, liqueur, or coffee.

HOW TO DIP: Grasp the stem or green leaves of the strawberry and dip into the chocolate and swirl in chocolate to partially cover. Give the strawberry a little shake as you withdraw it from the chocolate (this will fill in all the cracks and leave a nice even line of of chocolate at the base.) When the strawberry is completely withdrawn from the chocolate, swirl it in a quick, clockwise motion to let the excess chocolate drip off. Place on the prepared cookie sheet. Repeat with the rest of the strawberries.
Either place strawberries into refrigerator or set aside to allow the chocolate to harden, about 30 minutes. Transfer fruit onto a serving platter to serve.

NOTE: The chocolate dipped strawberries are best if eaten within 24 hours - refrigerate for longer storage, but serve at room temperature for greatest flavor.

Easy on the chocolate! Not all "chocolates" are heart healthy; but go ahead and enjoy a little dark chocolate once in a while. Remember: It's the antioxidants in the cocoa that are supposed to be healthy, not the sugar and fat. e

Thai Pasta Salad

Ingredients:

Salad
- 1 package (10-12 oz.) vermicelli rice noodles ("rice stick")
- 2 tomatoes, cut into small slices
- 5 green onions, sliced finely
- 1 can miniature corn cobs, drained and chopped into bite-size pieces
- 1-2 cups snow peas, steamed and then "shocked" (place in cold water
immediately after steaming)

- 1 cup bean sprouts
- 1 cup fresh coriander, roughly chopped
- 1 can cooked shrimp / Or for vegetarians: 1/2 cup deep-fried tofu, cut into small cubes

**Garnish**

- 1 handful each of fresh basil
- fresh coriander
- chopped peanuts

**Dressing**

- 1 cup fresh basil
- 1/4 cup dry-roasted peanuts, unsalted
- 1 Tbsp. olive oil
- 1 tsp. sesame oil
- 2 Tbsp. fish sauce or vegetarian fish sauce (if unavailable, substitute tamari sauce)
- 5 Tbsp. naturally-brewed tamari sauce (If you aren't sensitive to gluten/wheat, you can use soy sauce)
- 1 fresh red chilli, de-seeded, or 1 tsp. chilli sauce (or more if you prefer it extra spicy)
- 1 tsp. brown sugar
- Juice of 2 limes
- 3 cloves garlic

Place noodles in a pot of boiling water. Using a wooden spoon, "push" noodles down into the pot until they are covered by the water. Turn off heat and place a lid on the pot, allowing the noodles to soften in the hot water for 10-15 minutes.

Cooking Tip: vermicelli rice noodles do not need to be cooked like other noodles. If they are boiled, they will lose their consistency and flavor.

While noodles are softening, place all the dressing ingredients in a food processor. Process well to form a paste-like dressing. Set aside. Taste test the noodles to make sure they are soft enough to eat. When ready, drain remaining water from the noodles. Then tip noodles into a large mixing bowl. Add the bean sprouts while noodles are still hot and gently toss (the residual heat from the noodles is enough to lightly cook the sprouts).

Add to the mixing bowl the tomatoes, green onion, corn cobs, shrimp or tofu, and fresh coriander. Toss to mix. Tip: If you're having trouble combining the noodles with the other ingredients (because the noodles are too long and tangled), cut the noodles several times with a large pair of clean scissors. Now add the dressing, tossing well to incorporate.

Taste test the noodle salad. If not salty enough, add more fish sauce or soy sauce. If not spicy enough, add more chilli sauce. If too salty, add more lime juice.

Eat immediately, or cover and allow to sit in the refrigerator for an hour. Place on a serving platter or in a salad dish and sprinkle with fresh basil, coriander and peanuts. Serve with wedges of lime and additional Thai chilli sauce on the side. Note: this dish

Greek Stuffed Vegetables

**Ingredients**
- 3/4 cups short-grain brown rice, rinsed and drained
  (or 1 1/2 cups long-grain brown rice)
- 6 small green bell peppers
- 6 small tomatoes
- 1 medium onion, finely chopped, about 1 cup
- 1/3 cup snipped fresh dill
- 1/3 cup finely chopped flat-leaf parsley
- 1/4 cup feta cheese, crumbled
- 1 Tbsp. fresh lemon juice
- Salt and freshly ground black pepper, to taste
- 1 cup fat-free, reduced-sodium chicken broth

**Directions:**
Cook rice according to package directions. Turn rice into mixing bowl and let sit 15 minutes to cool slightly.

Preheat oven to 350 degrees.

Slice tops off peppers and tomatoes and set tops aside. Remove seeds and membranes from peppers. Using a melon baller or small spoon, scoop out tomato flesh and reserve. Discard seeds from tomato flesh and chop the meat into 1/4-inch pieces.

Add tomato, onion, dill, parsley and cheese to rice. Use a fork to mix together, taking care not to mush rice or cheese. Mix lemon juice into rice, and season to taste with salt and pepper.

Stuff peppers and tomato shells loosely with rice mixture, using about 1/2 cup each. Arrange stuffed vegetables in a baking dish just large enough to hold them (9x13-inch or bigger). Replace tops on stuffed tomatoes and peppers. Pour chicken broth into pan. Bake about 1 1/4 hours, until vegetables are soft but still hold their shape.

Serve lukewarm or at room temperature. Vegetables are best when made the day they are served, as rice turns hard when refrigerated.

Makes 6 main-course or 12 side-dish servings.

From the ACS Cookbook, Celebrate! Healthy Entertaining for Any Occasion
www.cancer.org/Healthy/EatHealthyGetActive/EatHealthy/FindHealthyRecipes/AppetizersandSideDishes/crispy-shrimp-sensations

Shrimp is "low in Saturated Fat. It is also a good source of Niacin, Iron, Phosphorus and Zinc, and a very good source of Protein, Vitamin B12 and Selenium.”

According to the World's Healthiest Foods:
"Many people are confused about the fat and cholesterol content of shrimp. Shrimp is very low in total fat, yet it has a high cholesterol content (about 200 milligrams in 3.5 ounces, or 12 large boiled shrimp). Some people have avoided eating shrimp precisely because of its high cholesterol content. However, based on research involving shrimp and blood cholesterol levels, avoidance of shrimp for this reason does not seem justified."

"In a peer-reviewed scientific study, researchers looked at the effect of two diets, one which contained shrimp and the other eggs, on the cholesterol levels of people with normal lipid levels. In this randomized crossover trial, people ate either 300 grams of shrimp per day or two large eggs. (A randomized crossover trial is one in which groups cross over, trying out both possible protocols.) The shrimp diet did raise LDL levels (bad cholesterol) by 7%, but also raised HDL levels (good cholesterol) by 12%. In contrast, the egg diet raised LDL levels by 10% and HDL by 7%. The results then showed that the shrimp diet produced significantly lower ratios of total to HDL ("good") cholesterol and lower ratios of LDL ("bad" cholesterol) to HDL cholesterol than the egg diet. In addition, in people who ate the shrimp diet, levels of triglycerides (a form in which fat is carried in the blood) decreased 13%.”

### Strawberry Balsamic Chicken

**Ingredients**
- 4 (8 ounce) containers strawberry yogurt
- 1/2 cup balsamic vinegar
- 1 tablespoon white sugar
- 1 tablespoon ground black pepper
- 1 teaspoon ground cinnamon
- 1 teaspoon kosher salt
- 4 skinless, boneless chicken breast halves
- 2 tablespoons olive oil
- 1 teaspoon lemon juice
- 4 large strawberries
- 2 teaspoons minced fresh parsley
- 1 teaspoon minced fresh mint leaves
- 1 tablespoon balsamic vinegar (optional)

**Directions**
In a medium bowl, stir together the yogurt, 1/2 cup balsamic vinegar, sugar, pepper, cinnamon and salt. Place chicken breast halves in a shallow baking dish, and pour the sauce over them. Refrigerate for 1 hour, turning chicken over half way through.

Heat the olive oil in a large skillet over medium-high heat. Scrape the marinade off of the chicken breasts, and place them into the hot oil. Quickly brown the chicken on both sides, then reduce the heat to medium-low, cover, and cook until chicken is no longer pink and juices run clear, about 15 minutes. Remove from heat, and let rest for 3 minutes.

While the chicken is cooking, transfer the marinade to a saucepan. Bring to a low simmer over medium heat. Remove stems from strawberries, and slice thinly so they will fan nicely. Set aside.

Slice chicken breasts on the diagonal into 1/2 inch thick slices. Place on serving plates, and sprinkle with lemon juice. Spoon about 2 tablespoons of the marinade over each chicken breast, and fan one sliced strawberry over the top. Garnish with a sprinkle of fresh mint and parsley. If you really love balsamic vinegar, finish the dish off with an artful drizzle.

• 2 teaspoons unflavored gelatin

Crust
• 1/2 cup all-purpose flour
• 1/4 cup cornmeal
• 2 tablespoons sugar
• 3/4 teaspoon baking powder
• 1/4 teaspoon salt
• 2 tablespoons cold butter, cut into pieces
• 3 tablespoons low-fat milk

Preparation:
1. To prepare filling: Choose 2 cups of strawberries as close to the same size as possible; hull and set aside. Hull and dice the remaining berries.
2. Mix the diced berries, 3/4 cup sugar and lemon juice in a bowl. Let stand for 20 minutes. Drain the berries well in a sieve set over a medium saucepan. Return the berries to the bowl and set aside.
3. Add water and gelatin to the strawberry liquid in the saucepan and heat over medium heat, stirring, until the gelatin is completely dissolved. Remove from the heat and stir into the reserved diced berries. Refrigerate, stirring occasionally, until the filling has thickened slightly and mounds when dropped from a spoon, 3 to 4 hours.
4. To prepare crust: Preheat oven to 350°F.
5. Stir together flour, cornmeal, 2 tablespoons sugar, baking powder and salt in a large bowl. Cut butter into dry ingredients using a pastry cutter, 2 forks or your fingers until crumbly. Stir in milk with a fork, 1 tablespoon at a time, just until dough comes together.
6. Turn dough out onto a floured surface and knead 7 to 8 times. Roll out into an 11-inch circle with a floured rolling pin. Drape dough over rolling pin and fit into a 9-inch pie pan. Fold edges under and crimp with the tines of a fork.
7. Prick bottom of crust with a fork and line with foil or parchment paper. Fill with pie weights (or use rice or dried beans). Bake for 10 minutes. Remove foil and weights and bake until lightly browned, 8 to 10 minutes more. Place on a wire rack to cool.
8. To assemble pie: Arrange reserved whole berries, pointed ends up, in crust. Spoon filling over whole berries. Refrigerate until firm, at least 2 hours, before slicing.

Apple-Shallot Roasted Turkey

Roasting the herb-rubbed turkey with apples and shallots is the secret to flavorful meat. Extra shallots in the roasting pan give the gravy a rich, caramelized shallot flavor.

www.eatingwell.com/recipes/apple_shallot_roasted_turkey.html

12 servings, 3 ounces each, plus plenty of leftovers

Active Time: 45 minutes
Total Time: 3 1/2 hours

Ingredients

- 1 10- to 12-pound turkey
- 2 tablespoons canola oil
- 2 tablespoons chopped fresh parsley, plus 3 sprigs
- 1 tablespoon chopped fresh sage, plus 3 sprigs
- 1 tablespoon chopped fresh thyme, plus 3 sprigs
- 1 teaspoon kosher salt
- 1 teaspoon freshly ground pepper
- 1 1/2 pounds shallots, peeled and halved lengthwise, divided
- 1 tart green apple, quartered
- 3 cups water, plus more as needed

Preparation

1. Position rack in lower third of oven; preheat to 475°F.
2. Remove giblets and neck from turkey cavities and reserve for making Turkey Giblet Stock. Place the turkey, breast-side up, on a rack in a large roasting pan; pat dry with paper towels.
3. Combine oil, chopped parsley, sage, thyme, salt and pepper in a small bowl. Rub the herb mixture all over the turkey, under the skin and onto the breast meat. Place herb sprigs, 6 shallot halves and apple in the cavity. Tuck the wing tips under the turkey. Tie the legs together with kitchen string. Add 3 cups water to the pan.
4. Roast the turkey until the skin is golden brown, 45 minutes. Remove the turkey from the oven. If using a remote digital thermometer, insert it into the deepest part of the thigh, close to the joint. Cover just the breast with a double layer of foil, cutting as necessary to fit. Scatter the remaining shallots in the pan around the turkey. Reduce oven temperature to 350° and continue roasting until the thermometer (or an instant-read thermometer inserted into the thickest part of the thigh without touching bone) registers 165°F, 1 to 1 3/4 hours more. If the pan dries out, tilt the turkey to let juices run out of the cavity into the pan and add 1 cup water.
5. Transfer the turkey to a serving platter (reserve pan juices and shallots) and tent with foil. Make Cider Gravy (recipe follows). Let the turkey rest for 20 minutes. Remove the string and carve.

Cider Gravy
Make this low-fat gravy in the roasting pan while the turkey rests. Apple cider adds rich fall flavor.
www.eatingwell.com/recipes/cider_gravy.html

About 2 1/4 cups
Active Time: 20 minutes
Total Time: 20 minutes

Ingredients
- 4 cups Turkey Giblet Stock, (recipe follows) or reduced-sodium chicken broth, divided
- 3 tablespoons all-purpose flour
- 1 1/4 cups apple cider
- 2 tablespoons cider vinegar
- 1/4 teaspoon salt
- Freshly ground pepper, to taste

Preparation
1. When you remove the turkey from the roasting pan, leave the roasted shallots behind. Skim off any visible fat from the pan juices.
2. Whisk 1/2 cup Turkey Giblet Stock (or chicken broth) and flour in a small bowl until smooth; set aside.
3. Set the roasting pan over two burners on medium-high heat. Add cider and vinegar; bring to a boil and cook, scraping up the browned bits from the pan, until the liquid is reduced by about half, 6 to 8 minutes. Add the remaining 3 1/2 cups stock (or broth). Increase heat to high; return to a boil, whisking often. Boil until the liquid is reduced by about half, 8 to 12 minutes.
4. Whisk the reserved flour mixture into the pan. Boil, whisking constantly, until the gravy is thickened, 1 to 3 minutes. Remove from the heat and pour the gravy through a fine sieve into a large measuring cup. (Discard the solids.) Season with salt and pepper.

Mashed Roots with Buttermilk & Chives
Plain mashed potatoes may seem a bit tame after you've tried this flavorful version, full of celery root, rutabaga and Yukon Gold potatoes and mashed with sweet garlic and tangy buttermilk. Finish the dish with a handful of snipped fresh chives.
www.eatingwell.com/recipes/mashed_roots_with_buttermilk_chives.html

8 servings, 3/4 cup each
Active Time: 20 minutes
Total Time: 1 hour

Ingredients
• 2 pounds celery root, (celeriac), peeled (see Tip) and cut into 1-inch pieces
• 1 pound rutabaga, peeled (see Tip) and cut into 1-inch pieces
• 1 pound Yukon Gold potatoes, peeled and cut into 1-inch pieces
• 5 cloves garlic, peeled
• 4 tablespoons unsalted butter, divided
• 3/4 cup nonfat buttermilk, (see Tip)
• 1/2 teaspoon salt
• 1/4 teaspoon freshly ground pepper
• 1/4 teaspoon ground nutmeg
• 1/3 cup snipped fresh chives

Preparation
Bring 1 inch of water to a simmer in a large pan or Dutch oven. Place celery root, rutabaga and potatoes in a large steamer basket over the water, cover and steam over medium-low heat for 20 minutes. Add garlic and continue steaming checking the water level and replenishing as necessary until the vegetables are fall-apart tender, 20 minutes more.

Remove the vegetables, drain the cooking liquid and return the vegetables to the pan. Add 2 tablespoons butter and mash until chunky-smooth. Gradually stir in buttermilk, salt, pepper and nutmeg.

Just before serving, stir in the remaining 2 tablespoons butter and chives.

Tips:
To peel celery root and rutabaga, cut off one end to create a flat surface to keep it steady. Cut off the skin with your knife, following the contour of the root; or use a vegetable peeler and peel around the root at least three times to ensure all the fibrous skin has been removed.

No buttermilk? You can use buttermilk powder prepared according to package directions. Or make “sour milk”: mix 1 tablespoon lemon juice or vinegar to 1 cup milk.

Five-Spice Roasted Duck Breasts

Make these roasted duck breasts, seasoned with five-spice powder and redolent with aromatic oranges, the centerpiece of a chic dinner. You may be surprised to know that without the skin, duck is a great healthy choice, with no saturated fat in a 3-ounce serving. Starting duck breasts in a cool skillet, then heating, renders off most of the fat with less mess.

www.eatingwell.com/recipes/five_spice_roasted_duck_breasts.html

4 servings
Active Time: 30 minutes
Total Time: 45 minutes

Ingredients

- 2 pounds boneless duck breast, (see Note)
- 1 teaspoon five-spice powder, (see Note)
- 1/2 teaspoon kosher salt
- Zest & juice of 2 oranges
- 2 teaspoons honey
- 1 tablespoon reduced-sodium soy sauce
- 1/4 teaspoon cornstarch, dissolved in 1 teaspoon water

Preparation

1. Preheat oven to 375°F.
2. Place duck skin-side down on a cutting board. Trim off all excess skin that hangs over the sides. Turn over and make three parallel, diagonal cuts in the skin of each breast, cutting through the fat but not into the meat. Sprinkle both sides with five-spice powder and salt.
3. Place the duck skin-side down in an ovenproof skillet over medium-low heat. Cook until the fat is melted and the skin is golden brown, about 10 minutes. Transfer the duck to a plate; pour off all the fat from the pan. Return the duck to the pan skin-side up and transfer to the oven.
4. Roast the duck for 10 to 15 minutes for medium, depending on the size of the breast, until a thermometer inserted into the thickest part registers 150°F. Transfer to a cutting board; let rest for 5 minutes.
5. Pour off any fat remaining in the pan (take care, the handle will still be hot); place the pan over medium-high heat and add orange juice and honey. Bring to a simmer, stirring to scrape up any browned bits. Add orange zest and soy sauce and continue to cook until the sauce is slightly reduced, about 1 minute. Stir cornstarch mixture then whisk into the sauce; cook, stirring, until slightly thickened, 1 minute. Remove the duck skin and thinly slice the breast meat. Drizzle with the orange sauce.

Tips & Notes

Boneless duck breast halves range widely in weight, from about 1/2 to 1 pound, depending on the breed of duck. Often a blend of cinnamon, cloves, fennel seed, star anise and Szechuan peppercorns, five-spice powder was originally considered a cure-all miracle blend encompassing the five elements (sour, bitter, sweet, pungent, salty). Look for it in the supermarket spice section.

Barley & Wild Rice Pilaf with Pomegranate Seeds

This pilaf melds the chewy texture of barley and wild rice with the richness of toasted pine nuts and the sweet-sour crunch of pomegranate seeds.

www.eatingwell.com/recipes/barley_wild_rice_pilaf_with_pomegranate_seeds.html

6 servings, 3/4 cup each
Active Time: 20 minutes
Total Time: 1 hour

Ingredients
- 2 teaspoons extra-virgin olive oil
- 1 medium onion, finely chopped
- 1/2 cup wild rice, rinsed
- 1/2 cup pearled barley
- 3 cups reduced-sodium chicken broth, or vegetable broth
- 1/3 cup pine nuts
- 1 cup pomegranate seeds, (1 large fruit; see Tip)
- 2 teaspoons freshly grated lemon zest
- 2 tablespoons chopped flat-leaf parsley

Preparation
Heat oil in a large saucepan over medium heat. Add onion and cook, stirring often, until softened. Add wild rice and barley; stir for a few seconds. Add broth and bring to a simmer. Reduce heat to low, cover and simmer until the wild rice and barley are tender and most of the liquid has been absorbed, 45 to 50 minutes.

Meanwhile, toast pine nuts in a small, dry skillet over medium-low heat, stirring constantly, until light golden and fragrant, 2 to 3 minutes. Transfer to a small bowl to cool.

Add pomegranate seeds, lemon zest, parsley and the toasted pine nuts to the pilaf; fluff with a fork. Serve hot.

Tip: To seed a pomegranate and avoid the enduring stains of pomegranate juice, work under water. Fill a large bowl with water. Hold the pomegranate in the water and slice off the crown. Lightly score the fruit into quarters, from crown to stem end. Keeping the fruit under water, break it apart, gently separating the plump seeds from the outer skin and white pith. The seeds will drop to the bottom of the bowl and the pith will float to the surface. Discard the pith. Pour the seeds into a colander. Rinse and pat dry.

Note: Baby spinach is immature or young spinach—it's harvested earlier than large-leaved mature spinach. We like the sturdy texture of mature spinach in cooked dishes and serve tender, mild-flavored baby spinach raw or lightly wilted. Creole-style Black-eyed Peas

Dietitian's tip: Most dried peas and beans, including black-eyed peas, are an excellent source of folate. One serving of this dish provides 70 percent of the daily recommended amounts.

By Mayo Clinic staff

Serves 8

Ingredients:

- 3 cups water
- 2 cups dried black-eyed peas
- 1 teaspoon low-sodium chicken-flavored bouillon granules
- 2 cups canned unsalted tomatoes, crushed
- 1 large onion, finely chopped
- 2 stalks celery, finely chopped
- 3 teaspoons minced garlic
- 1/2 teaspoon dry mustard
- 1/4 teaspoon ground ginger
- 1/4 teaspoon cayenne pepper
- 1 bay leaf
- 1/2 cup chopped parsley

Directions:

In a medium saucepan over high heat, add 2 cups of the water and black-eyed peas. Bring to a boil for 2 minutes, cover, remove from heat and let stand for 1 hour.

Drain the water, leaving the peas in the saucepan. Add the remaining 1 cup of water, bouillon granules, tomatoes, onion, celery, garlic, mustard, ginger, cayenne pepper and bay leaf. Stir together and bring to a boil. Cover, reduce heat and simmer slowly for 2 hours, stirring occasionally. Add water as necessary to keep the peas covered with liquid.

Remove the bay leaf, pour into a serving bowl and garnish with parsley. Serve immediately.

Black-Eyed Peas in a Spicy Goan Curry
From the book 5 Spices, 50 Dishes by Ruta Kahate
Serves 4 to 6

Ingredients:
• 1 cup dried black-eyed peas or two 15-ounce cans, drained
• 2 Tbsp. canola oil
• 1 small yellow onion, minced (about 1 cup)
• 1 tsp. coriander seeds, finely ground
• ½ tsp. finely grated garlic (about 1 large clove)
• ½ tsp. finely grated fresh ginger (a 1-inch piece)
• ½ tsp. ground turmeric
• ½ tsp. cayenne
• ½ tsp. cumin seeds, finely ground
• ¼ cup minced tomato (1 small tomato)
• 2 cups (or 1 cup if using canned peas) hot water
• ½ tsp. salt, or to taste if using canned peas
• ½ tsp. sugar
• 1 cup canned coconut milk
• 2 Tbsp. minced cilantro leaves
• 1 Tbsp. lemon juice

Directions:
If using dried black-eyed peas, soak them in water to cover for 6 to 8 hours. Drain.

In a large saucepan, heat the oil over medium-low heat and sauté the onion until it turns dark brown, about 8 minutes. Add the coriander, garlic, ginger, turmeric, cayenne, and cumin, and stir for 2 minutes. Add the tomato and stir over low heat until it disintegrates.

Add the peas and mix well. Pour in the water, add the salt and sugar, and bring to a boil. Turn the heat down to low, cover, and simmer until the peas are cooked through, about 20 minutes. If using canned peas, simmer for only 10 minutes (it is essential to simmer the canned peas too so that the flavors blend better). Stir in the coconut milk and simmer for another 8 to 10 minutes, again allowing the flavors to come together.

Add the cilantro and lemon juice, simmer for 1 minute more, and remove from the heat. Serve immediately.

WOW TIP: Substitute the coconut milk by using 3 tablespoons canned cream of coconut plus hot water or warm low-fat milk to equal 1 cup; OR 1 cup whole milk plus 1 teaspoon coconut extract

(Black Eyed Peas and Rice)

Ingredients:
- 1 pound dried black-eyed peas
- 2 small smoked ham hocks or meaty ham bone
- 2 medium onions, divided
- 3 large cloves garlic, halved
- 1 bay leaf
- 1 cup long-grain white rice
- 1 medium red bell pepper, chopped

Drain the peas and set aside. Remove and discard the bay leaf, onion pieces, and garlic.

Add 2 1/2 cups of water to the pot and bring to a boil. Add the rice, cover, and simmer until the rice is almost tender, about 10 to 12 minutes.

Cook until the rice is tender, 5 to 8 minutes. Stir in the sliced green onions and the reserved diced ham. Serve with hot sauce and freshly baked cornbread.

Terry’s Barbecued Ribs

Ingredients

- 1/4 cup chili powder
- 1 tablespoon garlic powder
- 2 teaspoons ground cumin
- 1 1/2 teaspoons dried oregano
- 1 1/2 teaspoons dried thyme
- 3/4 teaspoon hot dry mustard
- 3/4 teaspoon salt
- 1/4 teaspoon black pepper
- 1/8 teaspoon ground cloves
- 1 rack pork back ribs (2 ¼ to 2 ½ lb), fat trimmed, cut in half lengthwise
- 2 limes, quartered

1. In a bowl, mix chili powder, garlic powder, cumin, oregano, thyme, mustard, salt, pepper, and cloves. Rinse ribs and pat dry. Rub ribs all over with spice mixture. Wrap airtight and chill 8 hours or overnight.
2. If using charcoal briquets, mound and ignite 50 briquets on the fire grate of a barbecue with a lid. When briquets are dotted with gray ash, in 15 to 20 minutes, push equal amounts to opposite sides of fire grate. Set a drip pan on fire grate between coals. If using a gas barbecue, turn all burners to high and close lid for 10 minutes. Adjust burners for indirect cooking (no heat down center) and lower side burners to medium heat.
3. Lay ribs along center of the grill (not directly over heat).
4. Cover the barbecue (if using charcoal, open vents) and cook, turning once midway through cooking time, until meat is browned, about 15 minutes.
5. Wrap ribs in foil and return to grill. Cook until meat is tender when pierced, about 30 minutes longer.
6. Transfer ribs to a platter and cut apart between bones. Garnish with lime wedges to squeeze over portions to taste.

- 2 jalapeno peppers, seeded and minced (see Ingredient note)
- 1/3 cup chopped cilantro, (about 1/2 bunch)
- 1/4 cup lime juice
- 1/4 cup minced red onion, (about 1/2 small)
- 1/4 teaspoon salt, or to taste

Preparation
1. Place watermelon, jalapenos, cilantro, lime juice and onion in a medium bowl; stir well to combine. Season with salt. Serve at room temperature or chilled.

Nutrition per serving: 26 calories; 0 g fat (0 g sat, 0 g mono); 0 mg cholesterol; 7 g carbohydrates; 1 g protein; 1 g fiber; 75 mg sodium; 122 mg potassium. Nutrition Bonus: Vitamin C (60% daily value).

Make Ahead Tip: Cover and refrigerate for up to 1 day.

Tip: Melon selection & storage: Look for symmetrical unblemished melons, without flat sides, that have a creamy yellow spot on the bottom indicating ripeness. At 92% water, this fruit should feel heavy when you heft it. Precut melon flesh should be dense, firm and appear moist. Store in the refrigerator for up to a week or keep in a cool, dark spot. Cover the cut surface of melon with plastic wrap and refrigerate.

Ingredient Note: The seeds and surrounding membrane are the spiciest part of the chile pepper. To increase the heat of the salsa, use some or all of the seeds, depending on your preference, along with the flesh of the pepper.

Asian Chicken and Vegetable Stew

"With this easy recipe, you can make a healthy entrée that has that great take-out flavor—and in next to no time at all. Another time, leave out the chicken and you'll have a first-course or side soup."

Serves 4 (1 ¼ cups per serving)

Ingredients:

- 1 teaspoon toasted sesame oil
- 1 lb. boneless, skinless chicken breasts, all visible fat discarded, cut into ¾-inch cubes
- 1 14-oz. can fat-free, low-sodium chicken broth
- 1 8-oz. can bamboo shoots, rinsed and drained
- 4 oz. (about 1 cup) fresh snow peas, trimmed
- ¼ cup water and 1 tablespoon water, divided use
- 4 medium green onions, sliced
- 3 tablespoons plain rice vinegar
- 2 tablespoons soy sauce (lowest sodium available)
- 1 tablespoon light brown sugar
- ¼ teaspoon crushed red pepper flakes
- ¼ teaspoon pepper
- 1 tablespoon cornstarch

Directions:

1. Heat a large nonstick saucepan over medium-high heat. Pour in the oil, swirling to coat the bottom. Cook the chicken for 6 to 8 minutes, or until no longer pink in the center, stirring frequently.

2. Stir in the broth, bamboo shoots, snow peas, ¼ cup water, green onions, vinegar, soy sauce, gingerroot, brown sugar, red pepper flakes, and pepper. Bring to a boil over high heat, stirring occasionally. Reduce the heat and simmer for 6 to 8 minutes, stirring occasionally.

3. Put the cornstarch in a cup. Add the remaining 1 tablespoon water, stirring to dissolve. Stir into the soup. Increase the heat to medium high and bring to a boil. Boil for 1 to 2 minutes, or until thickened, stirring occasionally.

Cook's Tip: Toasted sesame oil provides the authentic Asian flavor in this recipe. Also known as Asian sesame oil, it is darker and has a stronger flavor than regular sesame oil, which is virtually flavorless.

- 1 tablespoon butter
- 1 cup brown basmati or brown jasmine rice
- 4 1/4 cups water
- 1 cup brown lentils
- 4 cloves garlic, peeled
- 1 cinnamon stick
- 4 1/8-1-inch-p peeled fresh ginger
- 1-2 teaspoons red curry paste, (see Note) or 1 tablespoon curry powder
- 1/2 teaspoon salt
- 4 scallions, trimmed and sliced

Directions
Step 1
Place rack in lower third of oven; preheat to 350ºF.

Step 2
Melt butter over medium-high heat in a large ovenproof Dutch oven; add rice and cook, stirring, until lightly toasted, about 1 1/2 minutes. (If using curry powder, add it now and cook, stirring, until fragrant, about 15 seconds.) Add water. Oven-Roasted Lamb Kebabs with Tzatziki Sauce

“Oven roasted for a succulent and tender bite, these delicious lamb and vegetable kebabs are easy to prepare and full of flavor. Serve with the tangy tzatziki sauce and a simple cucumber, tomato and olive salad with feta cheese and warm pita bread for a traditional Greek delight.”

Ingredients
- 2 cups plain Greek-style yogurt
- 1 cucumber, peeled, halved and thinly sliced
- 1 clove garlic, finely chopped
- 1 1/4 red onions (1/4 finely chopped, 1 thickly sliced)
- Juice of half a lemon
- 6 bamboo skewers, soak in water for 30 minutes
- 1 pound thick-cut boneless lamb chops, cut into 1/2-inch cubes
- 10 cremini mushrooms, thickly sliced
- 1 red bell pepper, cored, seeded, and cut into 1/2-inch pieces
- 1 yellow bell pepper, cored, seeded, and cut into 1/2-inch pieces
- Salt and pepper to taste
- 1/4 cup olive oil

Method
To prepare the tzatziki sauce, put yogurt, cucumbers, garlic, chopped onions, and lemon juice into a medium bowl and stir well. Cover and refrigerate for 1 hour.

Preheat the oven to 350°F. Assemble kebabs by threading lamb, mushrooms, peppers, and sliced onions onto the skewers, alternating them as you go so that each kebab has a bit of each. Place all kebabs on a baking sheet and season generously with salt and pepper, turning skewers around to season all sides. Drizzle with oil, once again turning the skewers to evenly coat all of the meat and vegetables.

Bake about 12 minutes for medium rare or 15 minutes for medium to medium well. Alternately, grill at high heat, turning and browning all sides until cooked through. Transfer kebabs to a platter and serve with tzatziki sauce on the side.

Herb-Roasted Turkey

12 servings, 3 ounces each, plus plenty of leftovers
Active Time: 30 minutes
Total Time: 3 1/2 hours

Ingredients
- 1 10-12-pound turkey
- ¼ cup fresh herbs, plus 20 whole sprigs, such as thyme, rosemary, sage, oregano and/or marjoram, divided
- 2 tablespoons canola oil
- 1 teaspoon salt
- 1 teaspoon freshly ground pepper
- Aromatics, onion, apple, lemon and/or orange, cut into 2-inch pieces (1 1/2 cups)
- 3 cups water, plus more as needed

Preparation
1. Position a rack in the lower third of the oven; preheat to 475°F.
2. Remove giblets and neck from turkey cavities and reserve for making gravy. Place the turkey, breast-side up, on a rack in a large roasting pan; pat dry with paper towels. Mix minced herbs, oil, salt and pepper in a small bowl. Rub the herb mixture all over the turkey, under the skin and onto the breast meat. Place aromatics and 10 of the herb sprigs in the cavity. Tuck the wing tips under the turkey. Tie the legs together with kitchen string. Add 3 cups water and the remaining 10 herb sprigs to the pan.
3. Roast the turkey until the skin is golden brown, 45 minutes. Remove the turkey from the oven. If using a remote digital thermometer, insert it into the deepest part of the thigh, close to the joint. Cover the breast with a double layer of foil, cutting as necessary to conform to the breast. Reduce oven temperature to 350° and continue roasting for 11/4 to 13/4 hours more. If the pan dries out, tilt the turkey to let juices run out of the cavity into the pan and add 1 cup water. The turkey is done when the thermometer (or an instant-read thermometer inserted into the thickest part of the thigh without touching bone) registers 165°F.
4. Transfer the turkey to a serving platter and cover with foil. Let the turkey rest for 20 minutes. Remove string and carve.

- 1/4 teaspoon salt, or to taste
- 2/3 cup dried cranberries
- 1/4 cup orange juice
- 2/3 cup chopped hazelnuts, (2 ounces)
- 1/2 cup chopped fresh parsley
- Freshly ground pepper, to taste

Preparation
1. Heat oil in a Dutch oven over medium heat. Add onions and celery; cook, stirring often, until softened, 5 to 8 minutes. Add garlic, cinnamon and allspice; cook, stirring, for 1 minute. Add bulgur and stir for a few seconds. Add broth, bay leaf and salt; bring to a simmer. Reduce heat to low, cover and simmer until the bulgur is tender and liquid has been absorbed, 15 to 20 minutes.
2. Meanwhile, combine dried cranberries and orange juice in a small microwave-safe bowl. Cover with vented plastic wrap and microwave on high for 2 minutes. (Alternatively, bring dried cranberries and orange juice to a simmer in a small saucepan on the stovetop and remove from heat.) Set aside to plump.
3. Toast hazelnuts in a small dry skillet over medium-low heat, stirring constantly, until light golden and fragrant, 2 to 3 minutes. When the bulgur is ready, discard the bay leaf. Add the cranberries, toasted hazelnuts, parsley and pepper; fluff with a fork.

Tips & Notes
- **Ingredient note:** Fiber-rich bulgur is made from whole-wheat kernels that are precooked, dried and cracked. Virtually a whole-grain convenience food, bulgur cooks in less than 20 minutes. You can find it in health-food stores and some large supermarkets.
- To stuff a turkey, prepare the recipe and let cool completely. Place about 5 cups of the stuffing loosely in turkey cavities; heat the remainder separately.

Rack of Lamb with Warm Apple & Lentil Salad

4 servings  
Active Time: 40 minutes  
Total Time: 40 minutes

Ingredients  
- 2 tablespoons coarse dry breadcrumbs, preferably whole-wheat (see Note)  
- 1 1/2 teaspoons extra-virgin olive oil, divided  
- 1 teaspoon chopped fresh rosemary, divided  
- 3/4 teaspoon kosher salt, divided  
- 1/4 teaspoon freshly ground pepper, divided  
- 1 1/2-pound rack of lamb, Frenched and trimmed (see Tip)  
- 3 teaspoons Dijon mustard, divided  
- 2 shallots, finely chopped  
- 1 15-ounce can lentils, rinsed, or 1 1/3 cups cooked lentils  
- 1 Granny Smith apple, finely chopped  
- 2 stalks celery with leaves, finely chopped  
- 3/4 cup reduced-sodium chicken broth, or water  
- 2 teaspoons sherry vinegar, or cider vinegar

Preparation  
1. Preheat oven to 450°F.  
2. Mix breadcrumbs, 1/2 teaspoon oil, 1/2 teaspoon rosemary, 1/2 teaspoon salt and 1/8 teaspoon pepper in a small bowl.  
3. Heat the remaining 1 teaspoon oil in a large ovenproof skillet over medium-high heat. Add lamb, meat-side down, and sear until browned, about 1 1/2 minutes. Turn it over and spread 2 teaspoons mustard over the meat. Sprinkle the breadcrumb mixture over the mustard. Transfer the lamb to the oven and roast until a thermometer inserted in the center registers 140°F for medium-rare, 15 to 20 minutes. Transfer to a plate and tent with foil to keep warm.  
4. Return the pan to medium-high heat (be careful: the handle will still be hot). Add shallots, the remaining 1/2 teaspoon rosemary, 1/4 teaspoon salt and 1/8 teaspoon pepper and cook, stirring constantly, until starting to soften, about 1 minute. Stir in lentils, apple, celery, broth (or water), vinegar and the remaining 1 teaspoon mustard; bring to a lively simmer. Cook, stirring occasionally, until the liquid is slightly reduced and the celery and apple are starting to soften, about 4 minutes. Cut the lamb into 8 chops and serve over the lentils.

Tips & Notes  
- Note: (To) make your own breadcrumbs: Trim crusts from firm sandwich bread. Tear the bread into pieces and process in a food processor until coarse crumbs form. One slice makes about 1/3 cup. Spread the breadcrumbs on a baking sheet and bake at 250°F until dry and crispy, about 15 minutes.  
- Tip: To serve 4 people, look for a rack of lamb that has 8 chops. If you can find one that’s been “Frenched” (meat cut away at the tips, exposing the bone) and trimmed, you will only need a 1-pound rack. Otherwise, look for a 1 1/2-pound rack and ask your butcher to prepare it for you.

Winter Salad with Roasted Squash & Pomegranate Vinaigrette

6 servings, about 1 3/4 cups each  
Active Time: 45 minutes  
Total Time: 1 hour

Pomegranate Vinaigrette

- 1 tablespoon minced shallot  
- 1 tablespoon pomegranate molasses (see Note)  
- 1 tablespoon balsamic vinegar  
- 2 teaspoons lemon juice  
- 2 teaspoons chopped fresh thyme or finely chopped tarragon  
- 1/4 teaspoon kosher salt  
- 1/4 cup extra-virgin olive oil  
- 2 teaspoons water

Squash & Salad

- 11/2-2 pounds winter squash, such as butternut or buttercup, peeled, seeded and cut into 1/2-inch pieces  
- 2 teaspoons extra-virgin olive oil  
- 2 teaspoons fresh thyme leaves  
- 1/2 teaspoon kosher salt  
- Freshly ground pepper to taste  
- 6 cups torn frisée or curly endive  
- 6 cups torn radicchio  
- 1/2 cup pomegranate seeds (see Tips)  
- 1/3 cup pistachios or walnuts, toasted (see Tips) and coarsely chopped

Preparation

1. Preheat oven to 375°F.
2. To prepare vinaigrette: Mix shallot, pomegranate molasses, vinegar, lemon juice, thyme (or tarragon) and salt in a small bowl. Whisk in 1/4 cup oil, then water.
3. To prepare squash: Place squash on a baking sheet, drizzle with 2 teaspoons oil and toss to coat. Spread in a single layer and sprinkle with thyme, salt and pepper. Roast, stirring once or twice, until fork-tender, 15 to 25 minutes (depending on the type of squash). Let cool.
4. To prepare salad: Place frisée (or endive), radicchio and the squash in a large bowl. Add the vinaigrette and gently toss to coat. Divide the salad among 6 plates and sprinkle with pomegranate seeds and pistachios (or walnuts).

Tips & Notes

- **Make Ahead Tip:** Refrigerate the vinaigrette (Step 2) for up to 1 day.
- **Note:** Pomegranate molasses has a bright, tangy flavor. (Don’t confuse it with grenadine syrup, which contains little or no pomegranate juice.) Find it in Middle Eastern markets and some large supermarkets near the vinegar or molasses. To make your own: Simmer 4 cups pomegranate juice, uncovered, in a medium nonreactive saucepan over medium heat until thick enough to coat the back of a spoon, 45 to 50 minutes. (Do not let the syrup reduce too much or it will darken and become very sticky.) Makes about 1/2 cup. Refrigerate in an airtight container for up to 3 months.
- **Tips:** To seed a pomegranate, fill a large bowl with water. Lightly score the fruit into quarters from crown to stem end, cutting through the skin but not into the interior of the fruit. Hold the fruit under water, break it apart and use your hands to gently separate the plump seeds (arils) from the outer skin and white pith. The seeds will drop to the bottom of the bowl and the pith will float to the surface.
Discard the pith. Pour the seeds into a colander. Rinse and pat dry. Seeds can be frozen for up to 3 months.

- To toast whole nuts, spread on a baking sheet and bake at 350°F, stirring once, until fragrant, 7 to 9 minutes.

**Cranberry, Cherry & Walnut Marmalade**

4 cups

Active Time: 10 minutes

Total Time: 2 hours (including cooling time)

**Ingredients**

- 3/4 cup sugar
- 1 cup water
- 1/2 cup port, or other sweet red wine
- 1/4 teaspoon ground cinnamon
- 1/8 teaspoon freshly grated nutmeg
- 1/2 cup dried tart cherries
- 1 12-ounce package fresh or frozen cranberries
- 2/3 cup chopped walnuts, toasted (see Tip)
- 1/2 teaspoon freshly grated orange zest

**Preparation**

1. Combine sugar, water, port (or wine), cinnamon and nutmeg in a medium nonreactive saucepan (see Note); bring to a boil. Add cherries and cook for 1 minute. Stir in cranberries; return to a boil. Reduce heat and simmer until about half the cranberries pop, 10 to 12 minutes. Remove from the heat.
2. Stir in walnuts and orange zest. Let cool completely. (The marmalade will thicken as it cools.) Serve at room temperature or chilled.

**Tips & Notes**

- **Make Ahead Tip:** Cover and refrigerate for up to 3 days.
- **Tip:** To toast chopped walnuts, place in a small dry skillet and cook over medium-low heat, stirring constantly, until fragrant and lightly browned, 2 to 4 minutes.
- **Note:** A nonreactive pan—stainless steel, enamel-coated or glass—is necessary when cooking acidic foods, such as tomato or lemon, to prevent the food from reacting with the pan. Reactive pans, such as aluminum and cast-iron, can impart an off color and/or off flavor in acidic foods.

Pear & Ginger Cheesecake

12 servings
Active Time: 40 minutes
Total Time: 2 hours 40 minutes (plus 5 hours cooling/chilling time)

Ingredients:
- 6 dried pear halves, chopped
- 1/3 cup crystallized ginger
- 1/2 cup water
- 1 cup low-fat granola, (without dried fruit)
- 16 ounces nonfat or low-fat cottage cheese, (1 3/4 cups)
- 16 ounces nonfat cream cheese
- 1/2 cup granulated sugar
- 1/4 cup packed light brown sugar
- 3 large eggs
- 1/3 cup all-purpose flour
- 2 teaspoons vanilla extract

Preparation:
1. Preheat oven to 325 degrees F. Coat a 9-inch springform pan with cooking spray.
2. Place pears, ginger and water in a medium saucepan; bring to a simmer over medium heat. Reduce heat to a gentle simmer, cover and cook until the liquid has been absorbed and the fruit is softened, 10 to 14 minutes.
3. Meanwhile, process granola in a food processor or blender until finely ground. Pour it into the prepared pan; turn and tilt the pan to coat the sides and press down into the bottom to make an even layer.
4. Transfer the pear mixture to a food processor; process until a coarse paste forms, scraping the sides of the bowl as necessary. Let cool for 10 minutes. Add cottage cheese and cream cheese; process until combined. Add granulated and brown sugars; process until smooth, scraping the sides as necessary. With the processor running, add eggs one at a time. Add flour and vanilla; process until creamy. Pour the batter into the prepared pan. Rap the pan against the counter a few times so the granola on the sides falls onto the batter, forming a decorative edge.
5. Bake the cheesecake until set, without a jiggle at the center when the pan is tapped, about 50 minutes. Turn the oven off. Let the cheesecake stand in the oven, with the door ajar, for 1 hour.
6. Transfer the cheesecake to a wire rack to cool for 1 hour. Cover with plastic wrap and refrigerate for at least 4 hours before serving.
