Made with two layers of steel, polyurethane foam insulation and DecaTrim™ II Overlay, the Model 6600 is not only durable, but a unique way to add style and curb appeal to your home.

**Insulation**
Model 6600 comes with foamed-in-place polyurethane insulation with an R-value of 12.12*, which can improve the thermal efficiency of your garage space, reduce street noise and make the door operate more quietly.

**Durable DecaTrim™ II Overlays**
These overlay boards are specially treated to resist termites, weather and fungal decay.

**Joint Seals**
Snug fitting tongue-and-groove section joints reduce wind and weather from entering the garage.

**Heavy Duty Hinges**
Attractive 14-gauge heavy duty hinges provide maximum strength between sections, stability and smoother door operation.

**Quiet Rollers**
Ball-bearing rollers with nylon wheels and solid steel shafts provide years of smooth, quiet and dependable service.

**Windsafe™**
Available with optional hardware and reinforcement for high-wind regions. Please consult your dealer for details.

---

**Model 6600 Series**

An insulated steel door available in a variety of sophisticated Carriage House designs.

---

**Warranty**

Model 6600 offers a Limited Lifetime Warranty on the steel skin. Two year warranty against delamination on factory attached overlay material. Warranties vary by model, and are available upon request. See full text of warranty for details.

---

*Wayne Dalton uses a calculated door section R-value for our insulated doors.
All door top sections are available in arched or square designs. Double car door designs are equivalent to 2 single-car doors side by side.

**Choose your style:**

- Square Top
- Arched Top (windows not available with arched top overlay designs)

**Choose your color:**

DecaTrim™ II overlays are provided in White only. For a two-toned look, choose from: Almond, Taupe, Brown or Black as shown below.

- White/White
- Almond/White
- Taupe/White
- Brown/White
- Black/White

Actual colors may vary from brochure due to fluctuations in the printing process. Always request a color sample from your Dealer for accurate color matching.

**Choose your windows:**

Window patterns are shown for a typical single-car door. Spacing of windows may change depending on door size. Not all windows are available in all door sizes.

DecaTrim™ II Smooth Overlay windows

The following standard window options feature a smooth DecaTrim™ II overlay board to match the door’s design.

- Clear II
- Cascade II
- Stockbridge
- Stockton II
- Stockton III

DecaTrim™ II Wood Grain Overlay windows

For doors ordered with wood grain overlays, the following windows are available.

- Clear Long
- Stockbridge
- Stockton
- Stockton Arch
- Wyndbridge

Cold Environment windows

For northern regions with extreme cold environments, the following-upgraded windows are strongly recommended. These windows include two plastic frames that provide an extra seal to protect the door section from harsh weather conditions. Optional 1/2" insulated glass is also available.

- Clear II
- Cascade II
- Stockbridge
- Stockton II
- Stockton III

Window Comparison

Doors built with the DecaTrim™ II Smooth Overlay windows use a cleaner looking top section design where the wood overlay is routed from a wood face panel.

Doors with Cold Environment and DecaTrim™ II Wood Grain Overlay windows use a classic wood door design with the top section constructed from wood overlay boards.

**Choose your hardware:**

- Two Spear pull handles and one bottom lift handle are included for single-car doors.
- Double car doors come with two sets of decorative hardware (four Spear pull handles and two bottom lift handles). Decorative hinges are also available, please see dealer for details.

Additional hardware designs are shown below.

- Belview
- Arched Top panel, Brown/White finish, decorative hardware
Two Spear pull handles and one bottom lift handle are included for single car doors. Double car doors come with two sets of decorative hardware (four Spear pull handles and two bottom lift handles). Decorative hinges are also available, please see dealer for details.

Square Top
- Ashburn
- Richmond
- Arlington
- Savannah
- Bellview

Arched Top
- Lexington
- Somerset
- Brunswick
- Savannah
- Bellview

DecaTrim™ II Overlay Design Options
- Smooth
- Wood Grain

1. Choose your style: All door top sections are available in arched or square designs. Double car door designs are equivalent to 2 single-car doors side by side.
2. Choose your color:
- White/White
- Almond/White
- Taupe/White
- Brown/White
- Black/White

3. Choose your windows:

DecaTrim™ II Smooth Overlay windows
- The following standard window options feature a smooth DecaTrim™ II overlay board to match the door’s design.

Clear II
- Cascade II

Deca Trim™ II Wood Grain Overlay windows
- For doors ordered with wood grain overlay, the following windows are available.

Clear Long
- Stockbridge
- Somerton

Cold Environment windows
- For northern regions with extreme cold environments, the following upgraded windows are strongly recommended. These windows include two plastic frames that provide an extra seal to protect the door section from harsh weather conditions. Optional 1/2” insulated glass is also available.

Clear II
- Cascade II

4. Choose your hardware:
Two Spear pull handles and one bottom lift handle are included for single car doors. Double car doors come with two sets of decorative hardware (four Spear pull handles and two bottom lift handles). Decorative hinges are also available, please see dealer for details.
