FN-2 SITKA GEAR – 90% JACKET and PANT SET
Since inception, Sitka has stood behind conservation organizations that make a difference. We believe in them and support them actively and wholeheartedly. There are very few conservation organizations, or maybe none for that matter, quite like the Wild Sheep Foundation - Midwest Chapter. This auction is for a 90% Jacket and Pants. This is the idea that launched Sitka: a lightly insulated, highly breathable soft shell built to keep you charging in 90% of mountain conditions. It's the foundation of 'Turning Clothing Into Gear'.

**FN-21 CABIN RENTAL IN COLORADO**

Wild Skies Cabin Rental

Perfect for family, friends or clients. This donation can be used during non-holiday dates from November 16-May 20, 2016 for a four day snowmobile, snowshoe, or cross-country skiing vacation for up to four people. Extra non-holiday days may be added for $550 a night plus taxes and extra people may be added for $50 per person, per night.

You would be staying in an upscale, 4 bedroom, 3.5 bath, 3500 SF mountain home with radiant in floor heat. The cabin offers ½ mile of river frontage where some of the purest species of cutthroat trout can be found along with excellent brook and rainbow trout.

The cabin is centrally located on the northern end of the Flat Tops: one hour from Steamboat Springs Resort - world renowned for skiing, spas, restaurants and festivals (especially in the winter).

The cabin offers ride in/out snowmobiling, cross-country skiing and snowshoeing in additional to ice fishing. Yearly, on average, between 20-25 feet of snow falls however in 2014 we exceeded 430” and in 2015 we exceeded 330” when most others had no snow. Local snowmobiling clubs maintain over 178 miles of trail and groom 20 miles of the Nat’l Scenic Byway. The terrain is varied and contains wide groomed trails along with steeps and powder meadows. During the weekdays in the winter you might have the entire area to yourself and on the weekends you might not see more than 2-4 snowmobilers on average.

You can fly directly into the Steamboat Springs, CO airport (Yampa Regional Airport) and rent a car. There is a local snowmobile rental company or you can drive out with your trailer and sleds. Your trailer or vehicle will be parked 2.5 miles from the cabin and you may either ride your snowmobiles in or hitch a ride on our snowcat. You can be driven in by snowcat with your equipment/supplies if you are not snowmobiling or you can choose to snowshoe or cross-country ski in.

Vacationer is responsible for all taxes, travel, meals, equipment rental etc.

Value: $2,200

SN-14 SITKA GEAR CLOUDBURST JACKET and PANT Set
Since inception, Sitka has stood behind conservation organizations that make a difference. We believe in them and support them actively and wholeheartedly. There are very few conservation organizations, or maybe none for that matter, quite like the Wild Sheep Foundation - Midwest Chapter. This auction is for a Cloudburst Jacket and Pants. Sitka designed the Cloudburst Jacket with a single philosophy in mind: Miserable weather should never turn hunting into a miserable experience. Sitka spared no detail in developing a jacket that maximizes comfort and ease of use for dedicated big game hunters. The lightweight, 2-way stretch GORE-TEX® Fabric is Guaranteed to Keep You Dry®. The
face fabric, an abrasion resistant 2-way stretch polyester weave, is durable and allows the jacket to move with you as you push through the torrent.

All zippers are welded and watertight, which is significant, since there are a lot of them on the Cloudburst Jacket. The full front zipper makes for easy on and off in rapidly changing conditions. Two zippered hand pockets, two zippered chest pockets, and a zippered upper arm pocket cache everything you need quick access to. Pit zips open to create efficient convective cooling when it’s time to move fast. An articulated, four-panel hood fits snugly around your head and moves with you as you turn, maximizing visibility. And when the action heats up, the hood tucks into a zippered pocket on the collar to keep your ears clear and the noise down. Adjustable cuffs seal out the elements. With it’s full array of functional features, the Cloudburst Jacket remains incredibly light and packable, so you don’t have to second guess whether to bring it along.

SN-17 ALBERTA SPRING BEAR/WOLF/COYOTE HUNT

Sherwood Outfitters

If you’re looking for extreme spring time black bear hunting action, come bear hunting with us! Our guided spring black bear hunts run for the month of May and produce some of Alberta’s biggest trophy spring black bear. This area has been managed as a trophy area for over twenty years. We welcome both rifle and archery hunters. All of our hunting is done from baited stands (it’s your preference to tree stand or ground blind). Alberta is one of the few Canadian provinces where baiting black bears is allowed. Our spring season is the ideal way to get back in the woods after a long winter, and it is when the hair on a bear is over 6 inches long making it an excellent mount.

We target big mature boars in the 6 foot plus range. During your week of spring bear hunting you can expect to see numerous bears, and you have great opportunity for a colored bear. Our area has all the color phases of the black bear species, and we take an astonishing number of colored bears every year! Since we have a 2 bear limit you can double your chance at taking a real trophy black bear. Success rate on the first bear has typically been 100%. Wolf and Coyote will be hunted as animals of opportunity. Expect a very high success rate on excellent bears!

Hunt dates May 15-21 2016 and may be taken in 2017. Hunt Arrival & Departure Point is Edmonton Alberta Canada.

License fee: $250. Extra hunters will cost $4,500, non-hunters can be included for $1,000.

Value: $4,500

SN-18 CUSTOM FITTED RUSSELL MOCCASIN HIGH COUNTRY EXTREME HUNTER BOOTS

Russell Moccasin
Joe Gonyo

The High Country Hunter Extreme is equipped with a new single piece Air Bob Sole that bridges the gap between the arch and the ball of the foot for added support and vastly improved longevity, plus an outside cleat pattern that helps stick to the mountain when side hilling. The Extreme is built with a True-Fit® fiberglass shank, (68% lighter than steel but equally strong), that solidifies the arch area and makes the boot more rigid for sure-footed traction. If you have ever stood on a 12” wide ledge at 14,000 feet and looked down...seeing that the first time you would bounce is 5,000 feet below...you will immediately understand the “walk anywhere, sure-footed traction” provided by the combination of the Air Bob sole and a rigid walking platform. For significantly more walking comfort during long tough during days in the mountains, a thick layer of Poron Technical Foam, (that doesn’t compress under walking pressure), is built into the bottom of the boot. The uppers of the High Country Hunter Extreme are lined in Turtleskin and leather...providing superb lower leg and ankle support and protection from jagged rocks. Double vamp, made in a fine grained wear resistant Ebbtide leather. Available in women’s sizes too. Value $567.00

SN-40 NORTH DAKOTA GOVERNOR’S ROCKY MOUNTAIN BIGHORN SHEEP LICENSE  
North Dakota Game & Fish Department  
100% of the proceeds being returned to the ND Game & Fish Department for bighorn sheep management. The statewide license is open to residents and non-residents, non-transferable, and valid only during the 2016 season, which runs from October 28 – December 31. Success rates are typically 100%, but hunters should be aware that guiding and outfitting are prohibited on all public lands in the state. Therefore, hunters should plan on several days of scouting prior to their hunt. This year’s fortunate hunter will follow in the footsteps of Theodore Roosevelt as he or she pursues a bighorn sheep in the badlands of North Dakota. Harvesting a ram in the 160s to 170s is typical. A 5% buyer’s premium will applied to the auction price by WSF – Midwest for wild sheep management initiatives.

SN-43 2016 WYOMING GOVERNOR’S ROCKY MOUNTAIN BIGHORN SHEEP LICENSE

Wyoming Governor Matt Mead, the Wyoming Game and Fish Commission & Department, the Wyoming Governor’s Big Game License Coalition and the Wyoming Wild Sheep Foundation
The 2016 Wyoming Governor’s Bighorn Sheep License is valid in any open hunt area having more than eight ram licenses issued. The number of licenses issued per hunt area may change from year to year. Seasons and license numbers for fall 2016 will be finalized in April 2016. In 2014, this license was valid in seven hunt areas: #1, 2, 3, 4, 5 and 8/23. These hunt areas account for over 80% of Wyoming’s annual Rocky Mountain sheep harvest. Successful purchaser may hunt any open hunt area that qualifies in accordance with the above. The purchaser does not have to pick a specific hunt area and may hunt different hunt areas. The five-year waiting period between bighorn sheep licenses does not affect the ability to purchase a Governor’s bighorn sheep license, and purchasing this license is
independent of applying for a bighorn sheep license through the draw system. The license fee ($122 for resident, $2,266 for non-resident) is waived. Preference pints are not affected by purchase of a WY Governor’s Bighorn Sheep License. 90% of the auction proceeds provide funding for Wyoming bighorn sheep projects via the Wyoming Governor’s Big Game License Coalition. SN-44 LONG RANGE SHOOTING SCHOOL
Mike Colpo, Lazy J Bar O Outfitters and Scott Olson
Dates June 22-24, 2015 This 3 day shooting school will not only help give you good insight into long range hunting, it will also make you a better short range shooter too. You will also learn from the outfitter’s perspective what is expected of you, the hunter, for your next big game hunt. Your lead instructor is Alaska Master Guide, Mike Colpo, formerly of the US Army Marksmanship Unit, Army Sniper School Instructor, US Team Member and winner of many shooting disciplines. Our other instructors include NRA High Master competitive shooters who have championship experience in the “Long Range Game”. This school will teach you the skills to accurately make long range shots. By gaining the knowledge of today’s science and technology, you will have the confidence necessary to accurately make the long range shot if needed. Our goal is not to make you a “Long Range Hunter”, our goal is to give you another tool on your hunt to help take that trophy of a lifetime. The school takes place at the Shiloh Sharps Range, east of Big Timber, MT for the first 2 days. The third day will be a field day where we will go into the hills and put those new skills to work. Students will be shooting at targets under realistic hunting conditions up to 1000 yards away. There will also be a special opportunity to shoot the instructors’ specialized rifles at targets beyond a mile away. Lunch at the range will be included every day and an evening cookout at Mike’s home south of Big Timber. Lodging is available in Big Timber. An accurate rifle with a turret type scope and at least a 100 rounds of ammo is needed. Extra shooters are welcome at $1500 per shooter, space is limited.

SN-48 AZERBAIJAN TUR HUNT
Asian Mountain Outfitters
Travel to Azerbaijan to hunt Eastern (Dagestan) Tur with Asian Mountain Outfitters. Travel to Azerbaijan to hunt Eastern (Dagestan) Tur with Asian Mountain Outfitters. Hunt dates are July thru November. The winning bidder need to coordinate their hunt dates with one or two of our other clients or you can bring a friend who books a Tur hunt. Mid-August through early October are best times for good capes, great trophy quality and small chance for snow. If the winning bidder cannot hunt during a time one of our other clients is going, additional fees will apply (approximately $1,000) to hunt a different date as it's expensive to accommodate and host just one hunter. Also, arrangements can be made to postpone hunt until the following year (also with possible an extra cost (500 USD max) and with approval from Asian Mountain Outfitters). Hunter is responsible for the flights to and from Baku, Azerbaijan (travel is thru Istanbul Turkey via LAX, Houston, San Fran, Chicago or JFK on Turkish Airlines), Visa (completed before hunters leaves), lodging after hunt (1-2 nights in hotel at $70-150/night) and staff tips (about $1,000) and $100 for expedited boiling and trophy care so hunter can take their trophy home with them. The license, Vet Certificate and trophy fees for one Tur are included and there are no other hidden fees. If the hunter does not have an opportunity to harvest a Tur, there is a $2,000 refund or credit, which can be applied to a future hunt. A non-hunting companion is welcome for $2,500. A second Tur can be added for $4,000 USD. If hunt space is available for additional hunters, on the same hunt date, the cost is $9,000-10,500 depending on the number of hunters coming. If there are two hunters who want to book/buy this hunt and hunt together, second hunter is $8,250 Net to AMO.
