</table>
How to use this list:

1. Pick two primary care providers (PCPs). One will be your first choice and the other will be your second choice. We ask you to pick a second choice in case your first choice is not available.

2. Write the names and the provider numbers of the primary care providers that you picked on the enclosed Primary Care Provider Selection Form. Call our Members Services Department to make sure the doctor or medical group is available.

3. Return the Primary Care Selection Form to the HealthPlan using the enclosed postage paid return envelope.

4. You can access some Medi-Cal benefits without an authorization from your PCP. Please refer to your Member Handbook or call the PHC Member Services Department for more information about these services.

5. Some hospitals and/or primary care providers may not provide one or more of the following services that are covered benefits: family planning contraceptive services, including emergency contraception; sterilization, including tubal ligation or abortion. You can obtain more information about these services before you choose your PCP by calling your prospective primary care provider or by calling the PHC’s Member Services Department at (707) 863-4120 or (800) 863-4155.

6. Members are encouraged to pick a Primary Care Provider (PCP) that is closest to their home. However, members can choose any PCP in their County that is available in this Provider Directory.

If you need help filling out the Primary Care Selection Form or if you have any questions about choosing a primary care provider, please call our Member Services Department at (707) 863-4120 or (800) 863-4155.

If you have any questions concerning handicapped accessibility, please call our Member Services Department at (707) 863-4120 or (800) 863-4155.
Para usar esta lista:

1. Escoga dos doctores principales. Uno de ellos es el médico que usted prefiere, y el segundo nombre es del doctor que prefiere en segundo lugar. Le pedimos que nos dé dos nombres por si el doctor que prefiere no puede darle servicios médicos.

2. Escriba los nombres y el número de teléfono de cada uno de los dos médicos que escogió en el formulario que se llama "Primary Care Provider Selection Form". Llame a Nuestro Departamento de Servicio al Miembro para asegurarse de que el doctor o el grupo médico está disponible.

3. Mande ese formulario por correo al Plan de Salud: póngalo en el sobre con sello que le adjuntamos.

4. Usted puede recibir beneficios de Medi-Cal sin ninguna autorización de su doctor primario. Por favor de referir a su manual de miembros o llame a PHC departamento de servicios para miembros para mas información sobre estos servicios.

5. Algunos hospitales o doctores primarios no ofrecen los siguientes beneficios que estan cubiertos, como: planificación familiar, servicios contraceptivos, incluyendo contraceptivos de emergencia; esterilización, ligadura de las trompas o aborto. Usted puede recibir mas información de estos servicios antes de escoger su doctor primario si llama a su prospectivo doctor primario o si llama al Departamento de Servicios para Miembros de PHC al (707) 863-4120 o (800) 863-4155.

6. Miembros son animados a escoger un proveedor primario (PCP) que este mas cerca de su casa. Sin embargo Miembros pueden escoger cualquier PCP en su Condado que este disponible en el directorio de proveedores.

Si necesita ayuda para completar el formulario, o si necesita más información sobre cómo escoger un proveedor médico principal, por favor llame al Departamento de Servicios para Miembros al (707) 863-4120, o al (800) 863-4155.

Si quiere más información sobre acceso para incapacitados, por favor llame al Departamento de Servicios para Miembros al (707) 863-4120, o al (800) 863-4155.
Accessibility Standards for Seniors and Persons with Disabilities

This directory now lists codes to define “accessibility” standards. These standards are meant to help seniors and persons with disabilities. The intent is that members can get in and around offices safely and without help from others. These codes are not yet listed for all providers. If you do not see these codes listed under a certain provider’s name, just call the office. You can ask if they have the type of access that you need.

Levels of Access

Basic Access
The office meets the standards below for parking, interior and exterior building, exam rooms, and restrooms (P, EB, IB, R, and E).

Limited Access
The office does not meet one or more of the standards below for parking, interior and exterior building, exam rooms, and restrooms (P, EB, IB, R, and E).

Medical Equipment Access
The office meets the standard below for exam tables and scales (T).

Accessibility Codes

P = Parking
Accessible parking spaces, including van accessible spaces(s), are present. Pathways have curb ramps between the parking lot, office, and at drop off areas.

EB = Exterior Building
Curb ramps and other ramps to the building are not too long. Ramps are wide enough for a wheelchair or scooter. Handrails are on both sides of the ramp. There is an "accessible" entrance to the building. Doors open wide enough for a wheelchair or scooter, and have handles that are easy to use.

IB = Interior Building
Pathways are wide enough for a wheelchair or scooter. Stairs, if present, have handrails. If there is an elevator, it can be used at all times the building is open. The elevator has easy to hear sounds and Braille buttons within reach. The elevator has enough room for a wheelchair or scooter to turn around. If there is a platform lift, it can be used without help.

R = Restroom
The restroom doors are wide enough for a wheelchair or scooter. The restroom has enough room for a wheelchair or scooter to turn around and close the door. There are grab bars which allow easy transfer from wheelchair to toilet. The sink is easy to get to and the faucets, soap, and toilet paper are easy to reach and use.

E = Exam Room
The doors to the exam rooms open wide enough for a wheelchair or scooter. The exam room has enough room for a wheelchair or scooter to turn around.

T = Exam Table/Scale
The exam table moves up and down and has space next to it for a wheelchair or scooter. The weight scale can be used by patients with wheelchairs or scooters.
Normas de accesibilidad para personas mayores y personas con discapacidades

Este directorio enumera los códigos para definir las normas de “accesibilidad”. Estas normas pretenden ayudar a personas mayores y a personas con discapacidades. La intención es que los miembros puedan entrar y desplazarse por las oficinas de manera segura y sin ayuda de otros. Estos códigos todavía no se encuentran enumerados para todos los proveedores. Si no ve estos códigos enumerados bajo el nombre de cierto proveedor, llame a la oficina del proveedor. Puede preguntar si tienen el tipo de acceso que usted necesita.

Niveles de acceso

Acceso básico
La oficina cumple con las normas de estacionamiento, interior y exterior del edificio, salas de examen y baños (P, EB, IB, R y E).

Acceso limitado
La oficina no cumple con una o más de las normas de estacionamiento, interior y exterior del edificio, salas de examen y baños (P, EB, IB, R y E).

Acceso de equipo médico
La oficina cumple con la norma para camillas de examen y básculas (T).

Códigos de accesibilidad

P = Estacionamiento (Parking)
Se cuenta con espacios de estacionamiento de fácil acceso, incluyendo espacios accesibles para van. Las entradas tienen rampas de acceso en las aceras entre el estacionamiento, la oficina y las áreas para dejar a las personas.

EB = Exterior del edificio (Exterior Building)
Las rampas en las aceras y otras rampas hacia el edificio no son demasiado largas; son suficientemente anchas para permitir el acceso de una silla de ruedas o un scooter. Los pasamanos se encuentran en ambos lados de la rampa. El edificio tiene una entrada “accesible”. La abertura de las puertas es suficientemente ancha como para permitir el acceso de una silla de ruedas o un scooter, y tienen asas que son fáciles de usar.

IB = Interior del edificio (Interior Building)
Los pasillos son lo suficientemente anchos como para una silla de ruedas o un scooter. Las escaleras, si las hay, tienen pasamanos. Si hay ascensor, puede usarse en todo momento en que el edificio esté abierto. El ascensor tiene sonidos fáciles de oír y botones Braille fáciles de alcanzar. El ascensor tiene espacio suficiente como para que una persona en silla de ruedas o scooter se dé vuelta. Si hay ascensor con plataforma, se puede usar sin ayuda.

R = Baño (Restroom)
Las puertas del baño son lo suficientemente anchas como para una silla de ruedas o un scooter. El baño tiene suficiente espacio para que una persona en silla de ruedas o scooter se dé vuelta y cierre la puerta. Hay pasamanos que permiten trasladarse fácilmente de la silla de ruedas al inodoro. Es fácil llegar al lavamanos, y las llaves, jabón y papel higiénico son fáciles de alcanzar y usar.

E = Sala de examen (Exam Room)
La abertura de las puertas que llevan hacia las salas de examen son lo suficientemente anchas como para una silla de ruedas o un scooter. La sala de examen tiene suficiente espacio como para que una persona en silla de ruedas o scooter se dé vuelta.

T = Camilla de examen/Báscula (Exam Table/Scale)
La camilla de examen se mueve hacia arriba y hacia abajo, y tiene espacio a un lado como para una silla de ruedas o scooter. Los pacientes en sillas de ruedas o scooters pueden usar la báscula.
## Physician Listing Information
