The Contractor agrees to the terms and conditions set forth in the Centralized Contract and the Contractor is willing to provide such services as set forth therein to Authorized Users, on a statewide basis.

The New York State preferred sources include: Corcraft; New York State Preferred Source Program for People who are Blind (NYSPSP) and the New York State Industries for the Disabled (NYSID). These requirements apply to Authorized Users, including, but not limited to, State Agencies, political subdivisions and public benefit corporations (including most public authorities).

**Preferred Source Supplemental Products** refers to the identified supplemental Core List Products Contractor agreed to purchase from designated preferred source organizations and sell to Authorized Users through the Contractor’s NYS dedicated website under this Contract at the prices identified on the Contract Pricelist attached as Appendix C and as may be updated in accordance with the terms and conditions referenced herein and approved by OGS.

In addition, upon mutual agreement of the Contractor and OGS, delivery locations may be expanded per the "Extension of Use" clause.

(continued)
CONTRACT PRICELIST
The Core List Pricelist is published on Contractor’s website and provides Authorized Users with the greatest discounts for items offered under the Contract as well as discounted Preferred Source items. Authorized Users are encouraged to click on the items in the Core List that will open the page within Contractor’s on-line catalog displaying the Product and ordering information for each such Product.

The Non-Core Pricelist includes the price for each such Non-Core Product offered at the discount structure consistent with the applicable Non-Core List subcategory in which the Product falls.

USE OF MWBE RESELLERS
All MWBE Resellers used by Contractor will offer the Office Supply Products at the same price as Contractor. The Authorized User, when purchasing from Resellers, should hold the Reseller accountable for Contract compliance and meeting the Contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, Authorized Users are encouraged to seek improved pricing whenever possible.

All Resellers are required to maintain a web-based ordering system that mirrors that of the Contractor. The web-based ordering system must provide the same functionality, ease of use, and identical pricing as the Contractor’s web-based ordering system. Resellers are also required to provide Authorized Users with copies of catalogs and Contract Pricelist upon request.

Product ordered directly through Resellers shall be limited to Products currently approved for inclusion under this Contract and shall be subject to all terms and conditions of this Contract as a condition of Reseller’s participation.

PREFERRED SOURCE PRODUCTS
Section 162 of the State Finance Law requires that Authorized Users afford first priority to the Products of preferred source suppliers such as Corcraft (the marketplace name for the NYS Department of Corrections and Community Supervision, Division of Industries), New York State Preferred Source Program for People who are Blind (NYSPSP), and New York State Industries for the Disabled (NYSID), and others determined by law, when such Products meet the form, function and utility of the Authorized User. Some Products in this Contract are available from one or more Preferred Sources.

OGS is supporting the Preferred Source Program by including on the Core List, Preferred Source Core List Products and Preferred Source Supplemental Products sold by NYSPSP and NYSID. Contractor and Resellers are precluded from selling essentially the same Products of a different manufacturer/brand from the Preferred Source Core List Products identified by OGS under this Contract. Should an Authorized User attempt to purchase a Product OGS deems to be essentially the same as a Preferred Source Core List Product, Contractor and Reseller will identify such Products as blocked from sale under this Contract and refer the user to the replacement Preferred Source Product that will be shipped. For example, if an Authorized User attempts to purchase a product offered by Contractor that is essentially the same as a Preferred Source Core List Product offered by a Preferred Source on the Core List, a pop-up window in the web-based ordering system must display the Preferred Source Product information and advise the Authorized User that it cannot purchase the Contractor’s similar Product and must instead purchase the Preferred Source Product.

The Core List also includes Products offered by NYSPSP and NYSID under the heading of Preferred Source Supplemental Products. When an Authorized User orders a Product that is similar to a Preferred Source Supplemental Product through Contractor’s and Reseller’s NYS dedicated website, a pop-up window will be displayed containing the Preferred Source Product information and indicate that consideration should be given to purchasing the Preferred Source Supplemental Product in place of the Contractor’s original Product.

ORDERS
Contractor agrees it, and all approved Resellers, will accept orders between the hours of 8:00 a.m. through 5:00 p.m. ET, Monday through Friday, except NYS Holidays. Orders will be accepted verbally via toll-free numbers; manually, via facsimile; and electronically via the Internet through a web-based ordering system on a NYS dedicated website. All orders (verbal, fax, electronic) shall reference the Contract number, requisition and/or Purchase Order number and all other information as required to track the order. Contractor agrees that for all orders that cannot be fully delivered in compliance with the terms of Section titled, Delivery, the Contractor (and any approved Resellers) shall inform the ordering Authorized User, within 48 hours (excluding Saturday, Sunday and NYS legal holidays) after receipt of the order(s), of the date when such order(s) will be fully delivered. Contractor confirms that it will not refuse to fulfill orders based upon allegations, including but not limited to, that the quantities being ordered exceed Contractor’s
expectations or that the volume of orders are disproportionate or unreasonable to prior contracts, estimates, understandings or expectations Contractor had when it participated in the Reverse Auction.

MINIMUM ORDER AMOUNT IS $20.00 DOLLARS.

ORDERING AND INVOICING

The State is implementing an eProcurement application that supports the requisitioning process for State Agencies to procure goods and services in the Statewide Financial System. This application provides catalog capabilities in which vendors with centralized contracts have the ability to provide a “hosted” or “punch-out” catalog that integrates with SFS and is available to Authorized Users via a centralized eMarketplace website. Upon completion and activation of Contractor’s on-line catalog, State agencies will process their orders through the SFS functionality and other Authorized Users can access the catalog site to fulfill orders directly.

PROVISION OF CATALOGS

The Contractor shall provide, upon request and at no charge, sufficient hard copies of the Prequalified Catalog to service all Authorized Users.

TOLL-FREE NUMBERS

Contractor and all Resellers have a toll-free number that is staffed at a minimum from 8:00am to 5:00pm ET Monday through Friday, except NYS Holidays.

NEW ACCOUNTS

Contractor may ask State Agencies and other Authorized Users to provide information, such as documentation of eligibility to use New York State Contracts, agency code, name, address and contact person in order to facilitate the opening of a customer account. An Authorized User shall not be required to provide credit references.

METHOD OF PAYMENT AND INVOICING

Cost centers or branch offices within an Authorized User may require separate invoicing as specified by each Authorized User. Contractor agrees that its billing system will meet the needs of varying ordering systems in use by different Authorized Users. Invoicing and payment shall be made in accordance with the terms set forth in Appendix B, §48, Contract Invoicing.

DELIVERY

Contractor agrees to complete delivery within 72 hours (excluding Saturday, Sunday and NYS legal holidays) after receipt of order. If Contractor (and any approved Resellers) determines the order cannot be fully delivered in compliance with this section within 72 hours, the Contractor (and any approved Resellers) shall contact the ordering Authorized User within 48 hours (excluding Saturday, Sunday and NYS legal holidays) after receipt of the order and advise when the order will be fully delivered. If Contractor (and any approved Resellers) fails to make contact and provide a certain delivery date, the Contractor (and any approved Resellers) must deliver the full order within 72 hours to avoid breaching the Contract terms and conditions.

Contractor agrees to offer (a) inside storeroom delivery, (b) inside desk delivery and (c) single dock delivery and to deliver to either an inside storeroom, inside desk or a single dock based upon the needs of the Authorized User.

If an Authorized User requires an inside delivery (storeroom or desk), it must be clearly indicated on the Purchase Order what inside delivery is required and the specific location where inside delivery is required to be made. (Authorized Users should use terminology such as "INSIDE DELIVERY TO ROOM [number] LOCATED ON [number] FLOOR," etc., when inside delivery is required.)

Delivery shall be made in accordance with the instructions on the Purchase Order from each Authorized User and in accordance with Authorized User’s security rules, which will be communicated during purchase ordering process. If there is a discrepancy between the Purchase Order and what is listed on the Contract, it is the Contractor’s (and all approved Resellers) obligation to seek clarification from the Authorized User and, if applicable, from OGS.

Contractor and all approved Resellers are required to fully deliver 95% of each and all orders within the time frames set forth herein.
PURCHASING CARD
Contractor and all approved Resellers agree to accept the NYS Purchasing Card for orders up to $50,000.00. See Appendix B, § 18, Purchasing Card. For all purchases executed using a NYS Purchasing Card, Contractor or approved Reseller shall provide an itemized receipt with each delivery, identifying each Product shipped and price charged.

BULK DELIVERY AND ALTERNATE PACKAGING
New York State encourages the use of innovative packaging that reduces the weight of packaging and the generation of packaging waste. Contractor (and any authorized Reseller) is encouraged to use reusable materials and containers and to utilize packaging configurations that take advantage of storage containers designed to be part of the Product for the shipment of multi-unit purchases. New York State recognizes that these packaging methods are in the development stage and may not be currently available. Authorized Users are urged to inquire about these programs at the time of purchase and determine the best solution for their needs.

APPENDIX B AMENDMENTS
A. Appendix B, § 32, Product Delivery, is deleted and replaced in its entirety by Section titled, Delivery herein.

B. Appendix B, § 35, Title and Risk of Loss, is hereby deleted and replaced with the following:

Title and Risk of Loss
Notwithstanding the form of shipment, title or other property interest, risk of loss shall not pass from the Contractor to the Authorized User until the Products have been received by the Authorized User.

C. Appendix B, § 60, Indemnification, is hereby deleted and replaced with the following:

Indemnification
Contractor shall be fully liable for the actions of its agents, employees, partners or Subcontractors and shall fully defend, indemnify and hold harmless the Authorized Users from suits, actions, damages and costs of every name and description relating to personal injury and damage to real or personal tangible property caused by any intentional act or negligence of Contractor, its agents, employees, partners or Subcontractors, which shall arise from or result directly or indirectly from this Contract, withoout limitation; provided, however, that the Contractor shall not indemnify to the extent any claim, loss or damage arising hereunder is due to the negligent act, failure to act, gross negligence or willful misconduct of the Authorized Users.

The Authorized User shall give Contractor: (i) prompt written notice of any action, claim or threat of suit, or other suit for which Contractor is required to fully indemnify an Authorized User, (ii) the opportunity to take over, settle or defend such action, claim or suit at Contractor's sole expense, and (iii) assistance in the defense of any such action, claim or suit at the expense of Contractor. Notwithstanding the foregoing, the State reserves the right to join such action, at its sole expense, if it determines there is an issue involving a significant public interest.

In the event that an action or proceeding at law or in equity is commenced against the Authorized User arising out of a claim for death, personal injury or damage to real or personal tangible property caused by any intentional or willful act, gross negligence, or negligence of Contractor, its agents, employees, partners or Subcontractors, which shall arise from or result directly or indirectly from the Products supplied under this Contract, and Contractor is of the opinion that the allegations in such action in whole or in part are not covered by the indemnification and defense provisions set forth in the Contract, Contractor shall immediately notify the Authorized User and the New York State Office of the Attorney General in writing and shall specify to what extent Contractor believes it is obligated to defend and indemnify under the terms and conditions of the Contract and to what extent it is not so obligated to defend and indemnify. Contractor shall in such event attempt to secure a continuance to permit the State and the Authorized User to appear and defend their interests in cooperation with Contractor, as is appropriate, including any jurisdictional defenses the State and Authorized User may have. In the event of a dispute regarding the defense, the Contractor and the Attorney General shall try to reach an amicable resolution, but the Attorney General shall have the final determination on such matters.

CONTRACT ADVERTISING
In addition to the requirements set forth in Appendix B, §11, Advertising Results, any Contractor and any approved Reseller advertisements, promotional literature and/or Contract description(s) of Contract awards must be reviewed and approved by Procurement Services prior to issuance.

"OGS OR LESS" GUIDELINES APPLY
Purchases of the Products included in the Contract are subject to the "OGS or Less" provisions of New York State Finance Law § 163(3)(a)(v). This means that State Agencies can purchase Products from sources other than the
Contractor provided that such Products are substantially similar in form, function or utility to the Products herein and are:

i. lower in price; and/or

ii. available under terms which are more economically efficient to the State Agency (e.g. delivery terms, warranty terms, etc.).

State Agencies are reminded that they must provide the Contractor an opportunity to match the non-Contract savings at least two business days prior to purchase. In addition, purchases made under "OGS or Less" flexibility must meet all requirements of law including, but not limited to, advertising in the New York State Contract Reporter, prior approval of the Comptroller's Office and competitive bidding of requirements exceeding the discretionary bid limit, as applicable. State Agencies should refer to the “OGS or Less” section of the New York State Procurement Guidelines for complete procedural and reporting requirements: http://www.ogs.state.ny.us/procurecounc/pdfdoc/guidelines.pdf.

SURPLUS/TAKE-BACK/RECYCLING

1. A State agency is reminded of its obligation to comply with the NY State Finance Law §§ 167, Transfer and Disposal of Personal Property, and 168, The Management of Surplus Computer Equipment, regarding transfer and disposal of surplus personal property before utilizing take-back, recycling, or other options for disposition of equipment that is still in operable condition.

2. If Contractor offers a take-back/recycling program, then Contractor shall provide a record of disposition to each Authorized User who participates in the take-back/recycling program for units transferred for disposition. Contractor shall provide documentation that the units were disposed of in an environmentally sound manner in compliance with applicable local, state and federal laws. See Section 3 below for specific requirements governing electronic equipment recycling.

3. The NYS Department of Environmental Conservation (DEC) Electronic Equipment Recycling and Reuse Act (“Act”) (Environmental Conservation Law, Article 27, Title 26, Electronic Equipment Recycling and Reuse), requires manufacturers to establish a convenient system for the collection, handling, and recycling or reuse of electronic waste. If Contractor is a manufacturer of electronic equipment covered by the Act, Contractor agrees to comply with the requirements of the Act. More information regarding the Act can be found on the DEC website at: http://www.dec.ny.gov/chemical/65583.html.

4. If a Contractor offers a take-back/recycling program or offers an electronic equipment recycling program pursuant to the Act, and an Authorized User participates in same, then the Authorized User shall ensure the destruction of all data from any hard drives surrendered with the machines/covered electronic equipment. Contractor shall not require an Authorized User to surrender the hard drive, as an Authorized User may wish to retain the hard drive for security purposes. Contractor shall advise the Authorized User in advance if the retention of the hard drive results in additional fees or reduction in trade-in value. It is recommended that an Authorized User use a procedure for ensuring the destruction of confidential data stored on hard drives or other storage media that meets or exceeds the National Institute of Standards and Technology (NIST) Guidelines for Media Sanitation as found in NIST Special Publication 800-88.
