other charges in the event the student does not enter the course, or withdraws, or is
discontinued therefrom;
(10) A description of the available space, facilities, and equipment;
(11) A course outline for each course for which approval is requested, showing subjects
or units in the course, type of work, or skill to be learned, and approximate time and
clock hours to be spent on each subject or unit; and
(12) Policy and regulations relative to granting credit for previous education and training.
(Authority: 38 U.S.C. 3676(b))
(c) Approval criteria. The appropriate State approving agency may approve the

investigation to have met the following criteria:
(1) The courses, curriculum, and instruction are consistent in quality, content, and length
with similar recognized accepted standards.
(2) There is in the school adequate space, equipment, instructional material, and
instructor personnel to provide training of good quality.
(3) Educational and experience qualifications of directors, administrators, and instructors

the veteran or eligible person and the Department of Veterans Affairs so notified.
(5) A copy of the course outline, schedule of tuition, fees, and other charges, regulations
pertaining to absences, grading policy, and rules of operation and conduct will be
furnished the veteran or eligible person upon enrollment.
(6) Upon completion of training, the veteran or eligible person is given a certificate by the school indicating the approved course and indicating that training was satisfactorily completed.
(7) Adequate records as prescribed by the State approving agency are kept to show attendance and progress or grades, and satisfactory standards relating to attendance, progress, and conduct are enforced.

(9) The school is financially sound and capable of fulfilling its commitments for training.
(10) The school does not utilize advertising of any type which is erroneous or misleading, either by actual statement, omission, or intimation. The school will not be deemed to have met this requirement until the State approving agency:
   (i) Has ascertained from the Federal Trade Commission whether the Commission has issued an order to the school to cease and desist from any act or practice, and
   (ii) Has, if such an order has been issued, given due weight to that fact.
(11) The school does not exceed its enrollment limitations as established by the State approving agency.
(12) The school administrators, directors, owners, and instructors are of good reputation and character.
(13) The school either: (i) Has and maintains a policy for the pro rata refund of the unused portion of tuition, fees and charges if the veteran or eligible person fails to enter the course or withdraws or is discontinued from it before completion, or (ii) Has obtained a waiver of this requirement. See § 21.4255.
(Authority: 38 U.S.C. 3676)
(14) Such additional reasonable criteria as may be deemed necessary by the State approving agency.

[EFFECTIVE DATE NOTE: 61 FR 6780, 6783, Feb. 22, 1996, which added paragraph (d) and its authority citation, became effective Feb. 22, 1996.]

§ 21.4255 Refund policy; nonaccredited courses.
(a) Acceptable refund policy. A refund policy meets the requirements of § 21.4254(c)(13), if it provides that the amount charged for tuition, fees, and other charges for a portion of the course does not exceed the approximate pro rata portion of the total charges for tuition, fees, and other charges that the length of the completed portion of the course bears to the total length. The school may make provision for refund within the following limitations:
(1) Registration fee. An established registration fee in an amount not to exceed $10 need not be subject to proration. Where the established registration fee is more than $10, the amount in excess of $10 will be subject to proration.

(2) Breakage fee. Where the school has a breakage fee, it may provide for the retention of only the exact amount of the breakage, with the remaining part, if any, to be refunded.

(3) Consumable instructional supplies. Where the school makes a separate charge for consumable instructional supplies, as distinguished from laboratory fees, the exact amount of the charges for supplies consumed may be retained but any remaining part must be refunded.

(4) Books, supplies and equipment. (i) A veteran or eligible person may retain or dispose of books, supplies and equipment at his or her discretion when:
(A) He or she purchased them from a bookstore or other source, and
(B) Their cost is separate and independent from the charge made by the school for tuition and fees.
(ii) The school will make a refund in full for the amount of the charge for unissued books, supplies and equipment when:
(A) The school furnishes the books, supplies and equipment.
(B) The school includes their cost in the total charge payable to the school for the course.
(C) The veteran or eligible person withdraws or is discontinued before completing the course.
(iii) The veteran or eligible person may dispose of issued items at his or her discretion even if they were included in the total charges payable to the school for the course.

(5) Tuition and other charges. Where the school either has or adopts an established policy for the refund of the unused portion of tuition, fees, and other charges subject to proration, which is more favorable to the veteran or eligible person than the approximate pro rata basis as provided in this paragraph, such established policy will be applicable. Otherwise, the school may charge a sum which does not vary more than 10 percent from the exact pro rata portion of such tuition, fees, and other charges that the length of the completed portion of the course bears to its total length. The exact proration will be determined on the ratio of the number of days of instruction completed by the student to the total number of instructional days in the course.

(6) Prompt refund. In the event that the veteran, spouse, surviving spouse or child fails to enter the course or withdraws or is discontinued therefrom at any time prior to completion of the course, the unused portion of the tuition, fees and other charges paid by the individual shall be refunded promptly. Any institution which fails to forward any refund due within 40 days after such a change in status, shall be deemed, prima facie, to have failed to make a prompt refund, as required by this paragraph.

(b) Waiver. (1) An educational institution may apply through the appropriate State approving agency to the Director of the VA facility of jurisdiction for a waiver of the requirements of paragraph (a) of this section as they apply to a veteran or eligible person. The State approving agency shall forward the application to the Director along with its recommendations. The Director shall consider the recommendations and shall grant a waiver only when he or she finds that the educational institution:
(i) Is a college, university, or similar institution offering post-secondary level academic instruction leading to an associate or higher degree;
(ii) Is operated by an agency of a State or a unit of local government;
§ 21.4256 Correspondence programs and courses.

(a) Approval of correspondence programs and courses. (1) An educational institution desiring to enroll veterans under 38 U.S.C. chapter 30 or 32, spouses and/or surviving spouses under 38 U.S.C. chapter 35, and/or reservists under 10 U.S.C. chapter 1606 in a program of education to be pursued exclusively by correspondence, or in the correspondence portion of a combination correspondence-residence course, may have the program or course approved only when the educational institution meets the requirements of §§ 21.4252(e), 21.4253, and 21.4279, as applicable.

(The information collection requirements in this section have been approved by the Office of Management and Budget under control number 2900-0575)

(Authority: 38 U.S.C. 3672(e))

(2) The application of an educational institution for approval of a program of education to be pursued exclusively by correspondence or the correspondence portion of a combined correspondence-residence course must demonstrate that the program or course is satisfactory in all elements. The educational institution must certify to the State approving agency that at least 50 percent of those pursuing the program or course require six months or more to complete it. For applications for approval that are pending approval by the State approving agency on February 2, 1995, and for applications received by the State approving agency after that date, the required certification shall be based on the experience of students who completed the program or course during the six-month period immediately preceding the educational institution's application for approval.

(Authority: 38 U.S.C. 3672(e))

(3) State approving agencies have the authority to review periodically the length of time needed to complete each approved correspondence program or approved correspondence-residence course in order to determine whether the program or course should continue to be approved. In implementing this authority, a State approving agency will examine the results over a prior two-year period reasonably related to the date on which such a review is conducted.

(Authority: 38 U.S.C. 3672(e))
(b) Enrollment agreement. (1) An educational institution offering a program of education to be pursued exclusively by correspondence must enter into an enrollment agreement with the veteran, spouse, surviving spouse, or reservist who wishes to receive educational assistance from VA while pursuing the program. The enrollment agreement shall disclose fully the obligations of the institution and the veteran, spouse, surviving spouse, or reservist, and shall display in a prominent place on the agreement the conditions for affirmance, termination, refund, and payment of the educational assistance by VA.  

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3686(a)(1), 3686(b))

(2) A copy of the agreement shall be given to the veteran, spouse, surviving spouse, or reservist when it is signed.  

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3686(b))

(3) The agreement shall not be effective unless the veteran, spouse, surviving spouse, or reservist after the expiration of 10 days after the agreement is signed, shall have signed and submitted to VA a written statement, with a signed copy to the institution, specifically affirming the agreement.  

(The information collection requirements in this section have been approved by the Office of Management and Budget under control number 2900-0576)

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3686(b))

(c) Mandatory refund policy. (1) Upon notification of the educational institution by the veteran, spouse, surviving spouse, or reservist of an intention not to affirm the enrollment agreement, any fees paid by the individual shall be returned promptly in full to him or her.  

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3686(c))

(2) Upon termination of enrollment under an affirmed enrollment agreement for training in the accredited course by the veteran, spouse, surviving spouse, or reservist, without having completed any lessons, a registration fee not in excess of 10 percent of the tuition for the course or $50, whichever is less, may be charged him or her. When the individual terminates the agreement after completion of less than 25 percent of the lessons of the course, the institution may retain the registration fee plus 25 percent of the tuition. When the individual terminates the agreement after completing 25 percent but less than 50 percent of the lessons, the institution may retain the registration fee plus 50 percent of the tuition. If 50 percent or more of the lessons are completed, no refund of tuition is required.  

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3686(c))

(3) Where the school either has or adopts an established policy for the refund of the unused portion of tuition, fees, and other charges subject to proration, which is more favorable to the veteran, spouse, surviving spouse, or reservist than the pro rata basis as provided in paragraph (b)(2) of this section, such established policy will be applicable.  

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3686(c))

(4) Any institution that fails to forward any refund due to the veteran, spouse, surviving spouse, or reservist within 40 days after receipt of a notice of termination or disaffirmance, shall be deemed, prima facie, to have failed to make a prompt refund as required by this section.  

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3686(c))

(Authority: 38 U.S.C. 3678)
(b) For institutions of higher learning, the letter of approval may identify approved courses and subjects by reference to page numbers in the school catalog or bulletin in lieu of a listing by name as required in paragraph (a)(4) of this section.
(c) For apprentice and other on-the-job training, the provisions of paragraph (a) of this section are applicable to approval of courses pursued in training establishments. § 21.4259 Suspension or disapproval.
(a) The appropriate State approving agency, after approving any course:
(1) May suspend the approval of the course for new enrollments for a period not to
exceed 60 days to allow the institution to correct any deficiencies, if the evidence of
record establishes that the course fails to meet any of the requirements for approval.
(2) Will immediately disapprove the course, if any of the requirements for approval are
not being met and the deficiency cannot be corrected within a period of 60 days.
(3) Upon suspension or disapproval, the State approving agency will notify the school by

degree when the program leading to the degree has the same entrance requirements as
one leading to a degree granted by a public degree-granting institution of higher learning
in that country.
(b) Approval of courses offered by a foreign medical school. In addition to meeting all the criteria stated in paragraph (a) of this section, a course offered by a foreign medical school (other than one located in Canada) must also meet all of the following criteria:

6. In making the decisions required by this paragraph, the Director, Education Service, may consult with the Secretary of Education. The Director may review any information about a foreign medical school which the Secretary may make available.

§ 21.4261 Apprentice courses.

(a) General. An apprentice course is any training on-the-job course which has been established as an apprentice course by a training establishment as defined in § 21.4200(c) and which has been approved as an apprentice course by the State approving agency.

(b) Application. Any training establishment desiring to furnish a course of apprentice training will submit a written application to the appropriate State approving agency setting forth the following:

1. Title and description of the specific job objective for which the veteran or eligible person is to be trained;
2. The length of the training period;
3. A schedule listing various operations for major kinds of work or tasks to be learned and showing for each job operations or work, tasks to be performed, and the approximate length of time to be spent on each operation or task;
4. The number of hours of supplemental related instruction required; and
5. Any additional information required by the State approving agency.

(c) Approval criteria. The appropriate State approving agency may approve a course of apprentice training when the training establishment and its apprentice courses are found upon investigation to have met the following criteria:

1. The standards of apprenticeship published by the Secretary of Labor pursuant to 29 U.S.C. 50a;
2. (d) Promotion. As funding permits, Department of Veterans Affairs employees will promote the development of apprenticeships. They will:

1. Visit employers and joint apprenticeship committees,
2. Coordinate their efforts with activities of any State approving agencies that may choose to promote the development of apprenticeships, and
3. Avoid duplicating the efforts of others by coordinating their promotional efforts with similar activities of the Department of Labor and State employment security agencies as
provided by written agreements covering these activities, including utilization of disabled veterans' outreach program specialists.

(38 U.S.C. 3672(d))

§ 21.4262 Other training on-the-job courses.
(a) General. An "other training on-the-job" course is any training on the job which does not qualify as an apprentice course, as defined in § 21.4261, but which otherwise meets the requirements of paragraph (c) of this section.
(b) Application. Any training establishment desiring to furnish a course of other training on-the-job will submit to the appropriate State approving agency a written application setting forth the following:
(1) Title and description of the specific job objective for which the veteran or eligible person is to be trained;
(2) The length of the training period;
(3) A schedule listing various operations for major kinds of work or tasks to be learned and showing for each job operations or work, tasks to be performed, and the approximate length of time to be spent on each operation or task;
(4) The number of hours of supplemental related instruction required;
(5) The entrance wage or salary paid by the training establishment to employees already trained in the kind of work for which the veteran or eligible person is to be trained;
(6) A certification that the wages to be paid the veteran or eligible person upon entrance into training are not less than wages paid nonveterans in the same training position and are at least 50 percent of the wages paid for the job for which he or she is to be trained, and will be increased in regular periodic increments until, not later than the last full month of the scheduled training period they will be at least 85 percent of the wages paid for the job for which the veteran or eligible person is being trained;
(7) A certification that there is reasonable certainty that the job for which the veteran or eligible person is to be trained will be available to him or her at the end of the training period; and
(8) Any additional information required by the State approving agency.
(c) Approval criteria. The appropriate State approving agency may approve the application submitted under paragraph (b) of this section, when the training establishment and its courses are found upon investigation to have met the criteria outlined in this paragraph. Approval will not be granted for training in occupations which require a relatively short period of experience for a trainee to obtain and hold employment at the market wage in the occupation. This includes occupations such as automobile service station attendant or manager, soda fountain attendant, food service worker, salesman, window washer, building custodian or other unskilled or common labor positions as well as clerical positions for which on-the-job training is not the normal method of procuring qualified personnel.
(1) The job which is the objective of the training is one in which progression and appointment to the next higher classification are based upon skills learned through organized and supervised training on-the-job and not on such factors as length of service and normal turnover;
(2) The training content of the course is adequate to qualify the veteran or eligible person for appointment to the job for which he or she is to be trained;
(3) The job customarily requires a period of training of not less than 6 months and not more than 2 years of full-time training;
(4) The length of the training period is not longer than that customarily required by the training establishments in the community to provide the veteran or eligible person with the required skills, arrange for the acquiring of job knowledge, technical information, and other facts which the veteran or eligible person will need to learn in order to become competent on the job for which he or she is being trained;

(11) The course meets such other reasonable criteria as may be established by the State approving agency.

(Authority: 38 U.S.C. 3677)

(d) Promotion. As funding permits, Department of Veterans Affairs employees will promote the development of on-the-job training courses. They will:
(1) Visit employers,
(2) Coordinate their efforts with activities of any State approving agencies that may choose to promote the development of on-the-job training courses, and
(3) Avoid duplicating the efforts of others by coordinating their promotional efforts with similar activities of the Department of Labor and State employment security agencies as provided by written agreements covering these activities, including utilization of disabled veterans’ outreach program specialists.

(38 U.S.C. 3672(d))

§ 21.4263 Approval of flight training courses.
(a) A flight school or institution of higher learning are the only entities that can offer flight courses. A State approving agency may approve a flight course only if a flight school or an institution of higher learning offers the course. A State approving agency may not approve a flight course if an individual instructor offers it. The provisions of § 21.4150 shall determine the proper State approving agency for approving a flight course.

(Authority: 10 U.S.C. 16136(c); 38 U.S.C. 3032(d), 3241(b), 3671, 3672, 3676)
(b) Definition of flight school. A flight school is a school, other than an institution of higher learning, or is an entity, such as an aero club; is located in a State; and meets one of the following sets of requirements:

(1) The Federal Aviation Administration has issued the school or entity either a pilot school certificate or a provisional pilot school certificate specifying each course the school is approved to offer under 14 CFR part 141;

(2) The entity is either a flight training center or an air carrier that does not have a pilot school certificate or provisional pilot school certificate issued by the Federal Aviation Administration under 14 CFR part 141, but pursuant to a grant of exemption letter issued by the Federal Aviation Administration under 14 CFR part 61 is permitted to offer pilot training by a flight simulator instead of an actual aircraft; or

(3) The Federal Aviation Administration has issued the school or entity a training center certificate under 14 CFR part 142.

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3034(a), 3241(a), 3452(c))

(c) Aero club courses. An aero club, established, formed, and operated under authority of service department regulations as a nonappropriated sundry fund activity, is an instrumentality of the Federal government. Consequently, VA has exclusive jurisdiction over approval of flight courses offered by such aero clubs.

(Authority: 38 U.S.C. 3671, 3672)

(d) Approval of flight training as part of a degree program. A State approving agency may approve a flight training course that is part of a program of education leading to a standard college degree provided the course and program meet the requirements of § 21.4253 or § 21.4254, as appropriate. The institution of higher learning offering the course need not be a flight school.

(Authority: 38 U.S.C. 3675, 3676)

(e) Approval of flight training courses that are not part of a degree program. A flight course is subject to the same approval requirements as any other course. In addition, the State approving agency must apply the following provisions to the approval of flight courses:

(1) The Federal Aviation Administration must approve the course; and

(2)(i) The course must meet the requirements of 14 CFR part 63 or 141, and a flight school described in paragraph (b)(1) or (b)(3) of this section must offer it; or

(ii) The course must meet the requirements of 14 CFR part 61, and either be offered --

(A) By a flight school described in paragraph (b)(3) of this section; or

(B) In whole or in part by a flight simulator pursuant to a grant of exemption letter issued by the Federal Aviation Administration to the flight school offering the course.

(Authority: 10 U.S.C. 16136(c); 38 U.S.C. 3034(d), 3241(b), 3676, 3680A)

(f) Application of 38 U.S.C. 3680A(e)(2) to flight training. Notwithstanding the fact that the Federal Aviation Administration will permit flight schools to conduct training at a base other than the main base of operations if the requirements of either 14 CFR 141.91 or 14 CFR 142.17 are met, the satellite base is considered under 38 U.S.C. 3680A(e)(2) to be a branch of the principal school, and must meet the requirements of 38 U.S.C. 3680A(e)(2).

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3034(a), 3241(a), 3241(b), 3680A)
(g) Providing a flight course under contract between schools or entities. When a school or entity offers all or part of a flight course under a contract with another school or entity, the State approving agency must apply § 21.4233 in the following manner:

1. The requirements of § 21.4233(c) must be met for all contracted flight instruction, instruction by flight training device, flight simulator instruction, and ground school training. Ground school training may be given through a ground school facility operated jointly by two or more flight schools in the same locality; and

2. The responsibility for providing the instruction lies with the flight school. The degree of affiliation between the flight school and the entity or other school that actually does the instructing must be such that all charges for instruction are made by, and paid to, one entity having jurisdiction and control over both the flight and ground portions of the program.

(Authority: 10 U.S.C. 16136(c); 38 U.S.C. 3032(d), 3241(b))

(h) Nonaccredited courses. (1) Application of § 21.4254 to flight training. The provisions of § 21.4254 are applicable to approval of flight training courses.

2. Additional instruction requirements. The State approving agency will apply the following additional requirements to a flight course:

   (i) All flight instruction, instruction by flight training device, flight simulator instruction, preflight briefings and postflight critiques, and ground school training in a course must be given by the flight school or under suitable arrangements between the school and another school or entity such as a local community college.

   (ii) All ground school training connected with the course must be in residence under the direction and supervision of a qualified instructor providing an opportunity for interaction between the students and the instructor. Simply making provision for having an instructor available to answer questions does not satisfy this requirement.

3. A flight school must keep at a minimum the following records for each eligible veteran, servicemember, or reservist pursuing flight training:

   (i) A copy of his or her private pilot certificate;

   (ii) Evidence of completion of any prior training that may be a prerequisite for the course;

   (iii) A copy of the medical certificate required by paragraph (a)(2) of this section for the courses being pursued and copies of all medical certificates (expired or otherwise) needed to support all periods of prior instruction received at the current school;

   (iv) A daily flight log or copy thereof;

   (v) A permanent ground school record;

   (vi) A progress log;

   (vii) An invoice of flight changes for individual flights or flight lessons for training conducted on a flight simulator or advanced flight training device;

   (viii) Daily flight sheets identifying records upon which the 85-15 percent ratio may be computed;

   (ix) A continuous meter record for each aircraft;

   (x) An invoice or flight tickets signed by the student and instructor showing hour meter reading, type of aircraft, and aircraft identification number;

   (xi) An accounts receivable ledger;

   (xii) Individual instructor records;

   (xiii) Engine log books;
(xiv) A record for each student above the private pilot level stating the name of the course in which the student is currently enrolled and indicating whether the student is enrolled under 14 CFR part 61, part 63, part 141, or part 142;
(xv) Records of tuition and accounts which are evidence of tuition charged and received from all students; and
(xvi) If training is provided under 14 CFR part 141, the records required by that part, or if training is provided under 14 CFR part 142, the records required by that part.

(Authority: 38 U.S.C. 3671, 3672, 3676, 3690(c))

(i) Hourly limitations. A flight course approved pursuant to paragraph (e) of this section shall be approved only for those hours of instruction generally considered necessary for a student to obtain an identified vocational objective. This requirement is met only if the number of hours approved does not exceed the maximum set forth in paragraph (i)(1) through (3) of this section. Flight instruction may never be substituted for ground training.

(Authority: 10 U.S.C. 16136(c); 38 U.S.C. 3002(3), 3202(2), 3452(b))

(1) Flight or flight simulator instruction. Except as provided in paragraph (i)(4) of this section, the maximum number of hours of flight instruction or flight simulator instruction which may be approved for a flight course shall not exceed the number determined by this paragraph.

(i) The maximum number of hours of solo flight instruction shall not exceed the minimum number of hours required for the course provided by FAA regulations.

(ii) The maximum number of hours of dual flight instruction shall not exceed the lesser of

(A) The number of hours of dual flight instruction in the course outline approved by the FAA, or
(B) 120% of the minimum number of hours of dual flight instruction required for the course by FAA regulations.

(iii) The maximum number of hours of instruction by flight simulator or flight training device that a State approving agency may approve is the maximum number of hours of instruction by flight simulator or flight training device permitted by 14 CFR part 61 for that course when:

(A) A course is offered in whole or in part by flight simulator or flight training device conducted by a training center certificated under 14 CFR part 142; and
(B) 14 CFR part 61 contains a maximum number of hours of instruction by flight simulator or flight training device that may be credited toward the requirements of the rating or certificate that is the objective of the course.

(iv) If a course is offered in whole or in part by flight simulator or flight training device, and the course is not described in paragraph (i)(1)(iii) of this section, either because the course is offered by a flight training center with a grant of exemption letter, or because 14 CFR part 61 does not contain a maximum number of hours of instruction by flight simulator or flight training device, the maximum number of hours of instruction by flight simulator or flight training device that may be approved may not exceed the number of hours in the Federal Aviation Administration-approved outline.

(Authority: 10 U.S.C. 16131(g); 38 U.S.C. 3032(f), 3231(f))

(2) Ground school. The ground training portion of a flight course may include two forms of ground training instruction, ground school and preflight briefings and postflight
critiques. The minimum hours for ground training, as specified in 14 CFR part 141, appendices C through J refer only to ground school and not to preflight briefings and postflight critiques. If the ground school training consists of units using kits containing audiovisual equipment, quizzes and examinations, the maximum number of units approved shall not exceed the number on the course outline approved by the FAA. For all other ground school training, the number of hours of training shall not exceed the number of hours on the course outline approved by the FAA.

(Authority: 10 U.S.C. 16136(c); 38 U.S.C. 3002(3), 3202(2), 3452(b))

(3) Preflight briefings and postflight critiques. Hours spent in preflight briefings and postflight critiques need not be approved by the FAA.

(i) If these hours are on the FAA-approved outline, the maximum number of hours of preflight briefings and postflight critiques shall not exceed the number of hours on the outline exclusive of the preflight briefings and post-flight critiques which are attributable to solo flying hours that exceed the minimum number of solo flying hours for the course in 14 CFR part 141.

(ii) If these hours are not on the FAA-approved outline, they may not be approved unless the State approving agency finds that the briefings and critiques are an integral part of the course and do not precede or follow solo flying hours which exceed the minimum number of solo flying hours for the course in 14 CFR part 141. The maximum number of hours of preflight briefings and postflight critiques which may be approved for these courses may not, when added together, exceed 25 percent of the approved hours of flight instruction.

(Authority: 10 U.S.C. 16131(f)(4); 16136(c), 38 U.S.C. 3002(3), 3032(f)(4), 3202(2), 3231(f)(4), 3452(b))

(4) Waiver of limitation in approvable course hours. (i) Flight schools that wish to have a greater number of hours of dual flight instruction approved than are permitted by paragraph (i)(1)(ii) of this section, may seek an administrative review of their approval by the Director, Education Service. Requests for such a review should be made in writing to the Director of the VA facility having jurisdiction over the flight school. The request should --

(A) State the reasons why the flight school believes that the approval should extend to a greater number of hours, and

(B) Include any evidence tending to show that the greater number of hours should be approved.

(ii) The Director, Education Service shall base her or his decision upon the evidence submitted, the recommendation of the Director of the VA facility, and, if appropriate, the recommendation of the State approving agency having jurisdiction over the flight school.

(iii) The limit on the number of hours of solo flight instruction found in paragraph (i)(1)(i) of this section may not be waived.

(j) Charges. The appropriate State approving agency shall approve charges for tuition and fees for each flight course exclusive of charges for tuition and fees for solo flying hours which exceed the maximum permitted under paragraph (i)(1)(i) of this section and for preflight briefings and postflight critiques which precede or follow the excess solo hours.

(Authority: 38 U.S.C. 3672)
(1) The approved charges for tuition and fees shall be based upon the charges for tuition and fees which similarly circumstanced nonveterans enrolled in the same flight course are required to pay. Charges for books, supplies and lodging may not be reimbursed.

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3034(d), 3241(c), 3690(a)(1))

(2) For the ground school portion of ground training, the State approving agency should approve group charges or unit prices if audio-visual equipment is used. For the preflight briefings and postflight critiques, the State approving agency should approve individual instructor rates for individual training flights. An average charge per hour based upon total hours and cost of all training given on the ground may not be approved.

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3034(d), 3241(c), 3690(a)(1))

(3) A veteran, servicemember or reservist or group (all or part of whom are veterans, servicemembers or reservists) owning an airplane may lease it to an approved flight school and have exclusive use of the aircraft for flight training. The aircraft should meet the requirements prescribed for all airplanes to be used in the course, and should be shown in the approval by the State approving agency. The leasing arrangement should not result in charges for flight instruction for those owning the airplane greater than charges made to others not leasing an aircraft to the school.

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3034(d), 3241(c), 3690(a)(1))

(4) If membership in a flight club entitles a veteran, servicemember or reservist to flight training at less than the standard rate, his or her educational allowance will be based on the reduced rate. No payments will be made for the cost of joining the flight club, since it is not a charge for the flight course.

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3034(d), 3241(c), 3690(a)(1))

(k) Substitute aircraft. Except for minor substitutions a veteran, servicemember or reservist enrolled in a flight course may train only in the aircraft approved for that course. If a particular aircraft is not available for some compelling reason, the veteran, servicemember or reservist may be permitted to train in an aircraft different from that approved for the particular course, provided the aircraft substituted will adequately meet the training requirements for this particular phase of the course. Substitutions should be explained on the monthly certifications of flight training. If this shows that the charge for the substituted aircraft is different from the charge approved for the regular aircraft, the reimbursement will be based on the lesser charge. When substitution becomes the practice rather than the exception, VA will suspend payments and notify the veterans, servicemembers, reservists and the school. VA will refer the matter to the State approving agency for appropriate action.

(Authority: 10 U.S.C. 16136(b), 16136(c); 38 U.S.C. 3034(d), 3672(a))

(l) Enrollment limitations. A flight course must meet the 85-15 percent ratio requirement set forth in § 21.4201 before VA may approve new enrollments in the course. The contracted portion of a flight course must meet all the requirements of § 21.4201 for each subcontractor.

§ 21.4264 Farm cooperative courses.

(a) Description of a farm cooperative course. A farm cooperative course is an institutional agricultural course. It provides training on a reduced basis to those engaged in farming, compared to other types of training. Part-time benefits are provided for students whose farming operation will not permit them to attend class at least 10 hours per week.

(b) Farm cooperative students must be farmers. In order to receive educational assistance allowance an eligible person must be engaged concurrently in agricultural employment for an average of at least 40 hours per week. This agricultural employment must be relevant to the farm cooperative course.

(c) Acceptable class schedules. (1) The institutional portion of a farm cooperative course: 
   (i) May be on a term, quarter or semester basis, or
   (ii) May consist of courses which:
       (A) Are offered during at least 44 weeks of the year, and
       (B) Require a minimum of 5 clock hours per week.

   (2) The time involved in field trips and individual and group instruction, sponsored and conducted by the educational institution offering farm cooperative courses may be counted toward meeting the clock-hour requirements. See § 21.4270(c) of this part for measurement of farm cooperative courses.

   (Authority: 38 U.S.C. 3482, 3532)

(d) Application. (1) Any school desiring to enroll spouses or children in farm cooperative courses:
   (i) Will submit to the appropriate State approving agency a written application for approval in accordance with § 21.4253 or § 21.4254 as appropriate; and
   (ii) Must submit statements of fact showing at least the following:
       (A) That the course is set up in the school catalog or other literature of the school;
       (B) That the agricultural course is offered concurrently with agricultural employment; and
       (C) That the school itself verifies on a continuing basis that students are engaged for an average of at least 40 hours per week in suitable agricultural employment which is relevant to the institutional agricultural course offered by the school and is in an area consistent with their institutional training program.

   (2) For the purposes of this paragraph suitable agricultural employment must include employment on a farm or other agricultural establishment where the basic activity is either:
       (i) The cultivation of the ground such as the raising and harvesting of crops including fruits, vegetables and pastures, or
       (ii) The feeding, breeding and managing of livestock, including poultry and other specialized farming.

   (3) The Department of Veterans Affairs does not consider employment in training establishments which are engaged primarily in the processing, distribution or sale of agricultural products or combinations thereof, such as dairy processing plants, grain
§ 21.4253 Accredited courses or programs.

(a) Accreditation of courses. (1) An affiliation agreement must be entered into by the educational institution and the appropriately accredited institution or agencies prior to the institution's approval for the training program. The agreement must describe the means by which the educational institution will meet the applicable requirements of paragraph (b) of this section.

(b) Requirements of programs.

(1) The criteria specified in § 21.4254 or § 21.4255, as appropriate; and

(2) The requirements of paragraph (d) of this section.

(38 U.S.C. 3482, 3532)

[EFFECTIVE DATE NOTE: 61 FR 26107, 26115, May 24, 1996, which substituted "an" for "a veteran or" in paragraph (b) and removed "veterans" from the introductory text of paragraph (d)(1), became effective May 24, 1996.]

§ 21.4265 Practical training approved as institutional training or on-job training.

(a) Medical-dental internships and residencies. (1) Medical residencies (other than residencies in podiatric medicine), dental residencies, and osteopathic internships and residencies may be approved and recognized as institutional courses only when an appropriate accrediting agency accredits and approves them as leading to certification for a recognized professional objective.

(2) The appropriate accrediting agencies are:

(i) The Accreditation Council for Graduate Medical Education, or where the Accreditation Council for Graduate Medical Education has delegated accrediting authority, the appropriate Residency Review Committee,

(ii) The American Osteopathic Association, and

(iii) The Commission on Dental Accreditation of the American Dental Association.

(3) These residency programs --

(i) Must lead to certification by an appropriate Specialty or Subspecialty Board, the American Osteopathic Association, or the American Dental Association; and

(ii) Will not be approved to include a period of practice following completion of the education requirements even though the accrediting agency requires the practice.

(4) Except as provided in paragraph (a)(5) of this section, no other medical or dental residency or osteopathic internship or residency will be approved or recognized as institutional training.

(5) A residency in podiatric medicine may be approved and recognized as institutional training only when it has been approved by the Council on Podiatry Education of the American Podiatry Association.

(Authority: 38 U.S.C. 3688(b))

(b) Nursing courses. (1) Courses for the objective of registered nurse or registered professional nurse will be assessed as institutional training when they are provided in autonomous schools of nursing, hospital schools of nursing, or schools of nursing established in other schools or departments of colleges and universities, if they are accredited by a nationally recognized accrediting agency or if they meet the requirements of the licensing body of the State in which the school is located. The hospital or fieldwork phase of a nursing course, including a course leading to a degree in nursing,
will be assessed as an institutional course when the hospital or fieldwork phase is an integral part of the course, the completion thereof is a prerequisite to the successful completion of the course, the student remains enrolled in the school during the period, and the training is under the direction and supervision of the school.

(2) Courses offered by schools which lead to the objective of practical nurse, practical trained nurse, or licensed practical nurse will be assessed as institutional training including both the academic subjects and the clinical training if the clinical training is offered by an affiliated or cooperating hospital and the student is enrolled in and supervised by the school during the period of such clinical training. Also they must be accredited by a nationally recognized accrediting agency or meet the requirements of the licensing body of the State in which the school is located.

(3) Except for enrollment in a nurse's aide course approved pursuant to § 21.4253(a)(5), VA shall not approve an enrollment in a nonaccredited nursing course which does not meet the licensing requirements of the State where the course is offered.

(Authority: 38 U.S.C. 3452, 3688)

c) Medical and dental specialty courses. (1) Required clinical training included in a school course given in an affiliated hospital, clinic, laboratory, or medical center as a part of a medical or dental specialty course whether accredited or nonaccredited offered by a school such as X-ray technician, medical technician, medical records administrator, physical therapist or dental technician shall be assessed as institutional training provided:
   (i) The student remains enrolled in the course during the clinical period;
   (ii) The clinical training is;
      (a) An integral part of the course;
      (b) A prerequisite to the successful completion of the course; and
      (c) Under the direction and supervision of the school; and
   (iii) The course includes substantial technical or professional training and does not consist of training preliminarily directed to clerical, administrative, secretarial, or receptionist duties.
(2) Medical and dental specialty courses offered in hospitals, clinics, laboratories, or medical centers which are accredited as institutional courses by a nationally recognized accrediting agency will be assessed as institutional training.

(3) Clinical training included in a school course given in a physician's office or a dentist's office, also called externship, will be recognized as part of the institutional training if the course is accredited by a nationally recognized accrediting agency and meets the other requirements of paragraph (c)(1) of this section. If the course is not so accredited such practical or on-the-job training or experience in a physician's office may not be included unless the program is approved as a cooperative course.

(4) Nonaccredited courses offered in hospitals, clinics, laboratories, or medical centers will be considered on-the-job training when the courses meet the requirements of § 21.4262.

d) Medical and dental assistants courses for the Department of Veterans Affairs. A course prescribed by the Secretary for full-time physicians' assistants or for full-time expanded-function auxiliaries (formerly referred to as dentists' assistants) may be approved as institutional training, if the course is conducted at Department of Veterans Affairs facilities or in facilities operated by hospitals, medical schools, or medical installations pursuant to a contract with the Department of Veterans Affairs.
(Authority: 38 U.S.C. 7407)

(e) Professional training courses. (1) Any non-medically related professional internship program, such as a clinical pastoral course, will be recognized as an institutional course when it is accredited as an institutional course by a nationally recognized accrediting agency, and

(2) The approved facility for such a course must be the institution or other facility where the training is given.

(f) Other practical training courses. (1) Other off-campus job experience included in a school course, variously described by schools as internship, residency, practicum, externship, et cetera, may be included as a part of a cooperative program when the course meets the requirements of § 21.4233(a).

(2) However, such off-campus courses may be considered as resident institutional training only if all of the following conditions are met. The course is:

(i) Accredited by a nationally recognized accrediting agency or is offered by a school that is accredited by one of the regional accrediting associations;

(ii) A part of the approved curriculum of the school;

(iii) Directly supervised by the school;

(iv) Measured in the same unit as other courses;

(v) Required for graduation; and

(vi) Has a planned program of activities described in the school's official publication which is approved by the State approving agency and which is institutional in nature as distinguished from training on-the-job. The description shall include at least:

(A) A unit subject description;

(B) A provision for an assigned instructor;

(C) A statement that the planned program of activities is controlled by the school, not by the officials of the job establishment;

(D) A requirement that class attendance on at least a weekly basis be regularly scheduled to provide for interaction between instructor and student;

(E) A statement that appropriate assignments are required for completion of the course;

(F) A grading system similar to the system used for other resident subjects offered by the school; and

(G) A schedule of time required for the training which demonstrates that the student shall spend at least as much time in preparation and training as is normally required by the school for its other resident courses.

(g) Nonaccredited courses. Any nonaccredited internship program not given in a school will be recognized as other on-the-job training when it meets the requirements of § 21.4262 and when the program is required for licensure by the State in which it is offered. (See § 21.4275 for measurement.)

[EFFECTIVE DATE NOTE: 61 FR 6780, 6783, Feb. 22, 1996, which revised paragraph (b)(3) and added added its authority citation, became effective Feb. 22, 1996.]

§ 21.4266 Courses offered at subsidiary branches or extensions.

(a) General. A State approving agency in approving a course offered at a subsidiary branch or extension of an educational institution may either approve the course separately
from the course approved for the educational institution's parent facility (either its main
campus or its principal teaching location in a State), or it may combine the approval for
courses offered at the branch or extension with that for the courses offered at the
educational institution's parent facility. The choice made by the State approving agency
shall be governed by the provisions of this section.
(b) Combined approval. If the approval for the courses offered at a branch or extension is
combined with the approval for the courses offered at the educational institution's parent
facility, the branch or extension does not need to have its own administrative capability.
In these cases the State approving agency will list the branches or extensions and the
courses approved at each on the notice of approval sent to the educational institution
pursuant to § 21.4258. The approval of courses offered at a branch or extension may be
combined with the approval of courses offered at a parent facility only when the branch
or extension is located in the same State as the parent facility and one of the following
conditions exist:
(1) The course offering at the branch or extension consists of a small number of unit
subjects which do not comprise a program of education or a set curriculum large enough
to allow pursuit on a continuing basis;
(2) The course offering at the branch or extension is being given on a temporary basis
(the educational institution is contemplating no more than a few cycles of training);
(3) The facilities at the branch or extension contain insufficient space for an
administrative capability to be developed.
(c) Separate approval. If the course offered at a subsidiary branch or extension cannot
qualify under paragraph (b) of this section for a combined approval with the courses
offered at the educational institution's parent facility, the State approving agency can only
approve the courses separately. Such a course may not be approved if the branch or
extension neither has administrative capability nor can qualify for an exception to having
administrative capability.
(1) A branch or extension is considered to have an administrative capability when:
(i) The branch or extension maintains all records and accounts required by § 21.4209;
(ii) The branch or extension designates a named certifying official;
(iii) The branch or extension is able to furnish to the Department of Veterans Affairs
without resort to the parent school all reports and certifications required by §§ 21.4203
and 21.4204;
(iv) The branch or extension maintains a local mailing address.
(2) Notwithstanding any other provisions of this paragraph courses may be approved
separately at a branch or extension without administrative capability if the parent facility
within the same State:
(i) Maintains a centralized recordkeeping system;
(ii) Can identify the records of students at each branch;
(iii) Specifies the branch location when certifying enrollments.

(38 U.S.C. 3672, 3689(c))
§ 21.4267 Approval of independent study.

(a) Overview. Except as provided in §§ 21.4252(g), 21.7120(c), and 21.7622(f), VA may not pay educational assistance for a nonaccredited course which is offered in whole or in part by independent study. Hence, it is necessary to differentiate independent study from similar courses.

(b) Definition of independent study. (1) VA considers a course to be offered entirely by independent study when --
   (i) It consists of a prescribed program of study with provision for interaction between the student and the regularly employed faculty of the institution of higher learning. The interaction may be personally or through use of communications technology, including mail, telephone, videoconferencing, computer technology (to include electronic mail), and other electronic means;
   (ii) It is offered without any regularly scheduled, conventional classroom or laboratory sessions; and
   (iii) It is not a course listed in paragraph (c), (d), or (e) of this section.

   (2) VA considers a course to be offered in part by independent study when --
       (i) It is an undergraduate course;
       (ii) It is not classified as one of the three types of courses listed in paragraph (c) of this section;
       (iii) It has some weeks when standard class sessions are scheduled; and
       (iv) It consists of independent study as defined in paragraph (b)(1) of this section during those weeks when there are no regularly scheduled class sessions.

(c) Scope of independent study. VA does not consider any of the following courses to be courses offered by independent study.

   (1) A cooperative course as defined in § 21.4233(a);
   (2) A farm cooperative course; or
   (3) A course approved as a correspondence course.

(d) Undergraduate resident training. VA considers the following undergraduate courses to be resident training.

   (1) A course which meets the requirements for resident institutional training found in § 21.4265(f);
   (2) A course which requires regularly scheduled, standard class sessions at least once every two weeks and which has a total number of class sessions equal to the number of credit hours awarded for the course, times the number of weeks in a standard quarter or semester, as applicable;
   (3) A course of student teaching; and
   (4) Flight training which is an integral part of a standard undergraduate college degree.

(e) Graduate resident training. VA considers a graduate course to be resident training if the course --
(1) Is offered through regularly scheduled, conventional classroom or laboratory sessions; or
(2) Consists of research (either on campus or in absentia) necessary for the preparation of the student's --
   (i) Master's thesis,
   (ii) Doctoral dissertation, or

§ 21.4270 Measurement of courses.
(a) Measurement of trade, technical, and high school courses. Trade, technical, high school, and high school preparatory courses shall be measured as stated in this paragraph.
(1) Trade and technical courses. (i) Except as provided in paragraph (b) of this section, if shop practice is an integral part of a trade or technical course not leading to a standard college degree --
   (A) A full-time enrollment is 22 clock hours per week (exclusive of supervised study) with not more than 2 1/2 hours rest period allowance;
   (B) A three-quarter-time enrollment is 16 through 21 clock hours per week (exclusive of supervised study) with not more than 2 hours rest period allowance;
   (C) A one-half-time enrollment is 11 through 15 clock hours per week (exclusive of supervised study) with not more than 1 1/4 hours rest period allowance;
   (D) A less than one-half-time but more than one-quarter-time enrollment is 6 through 10 clock hours per week (exclusive of supervised study) with not more than 3/4 hour rest period allowance; and
   (E) A quarter-time enrollment is 1 through 5 clock hours per week (exclusive of supervised study).
   (ii) Except as provided in paragraph (b) of this section, if theory and class instruction constitute more than 50 percent of the required hours in a trade or technical course not leading to a standard college degree, enrollments will be measured as follows. In measuring net instruction there will be included customary intervals not to exceed 10 minutes between classes. Shop practice and rest periods are excluded. Supervised instruction periods in a school's shops and the time involved in field trips and group instruction may be included in computing the clock hour requirements.
   (A) A full-time enrollment is 18 clock hours net instruction per week (exclusive of supervised study);
   (B) A three-quarter-time enrollment is 13 through 17 clock hours net instruction per week (exclusive of supervised study);
   (C) A one-half-time enrollment is 9 through 12 clock hours net instruction per week (exclusive of supervised study);
   (D) A less than one-half-time but more than one-quarter-time enrollment is 5 through 8 clock hours net instruction per week (exclusive of supervised study); and
(E) A quarter-time enrollment is 1 through 4 clock hours net instruction per week (exclusive of supervised study).

(2) High school courses. If a student is pursuing high school courses at a rate which would result in an accredited high school diploma in four ordinary school years, VA considers him or her to be enrolled full time. Otherwise, for high school enrollments, training time will be determined as follows. (For the purpose of this paragraph, a unit is not less than one hundred and twenty 60-minute hours or the equivalent of study in any subject in one academic year.)

(i) A full-time enrollment is 18 clock hours net instruction per week or four units per year or the equivalent;
(ii) A three-quarter-time enrollment is 13 through 17 clock hours net instruction per week or three units per year or the equivalent;
(iii) A one-half-time enrollment is 9 through 12 clock hours net instruction per week or two units per year or the equivalent;
(iv) A less than one-half-time but more than one-quarter-time enrollment is 5 through 8 clock hours net instruction per week or one unit per year or the equivalent; and
(v) A one-quarter-time enrollment is 1 through 4 clock hours net instruction per week.

(3) Elementary school. For a high school preparatory course pursued at the elementary school level-

(i) A full-time enrollment is 18 clock hours net instruction per week;
(ii) A three-quarter-time enrollment is 13 through 17 clock hours net instruction per week;
(iii) A one-half-time enrollment is 9 through 12 clock hours net instruction per week;
(iv) A less than one-half-time but more than one-quarter-time enrollment is 5 through 8 clock hours net instruction per week; and

(Authority: 38 U.S.C. 3688(a))

(b) Measurement of non-college degree courses offered by institutions of higher learning.

(1) Notwithstanding the provisions of paragraph (a)(1) of this section, if a student is enrolled in a course which is not leading to a standard college degree and which is offered by an institution of higher learning, VA will measure his or her enrollment in the same manner as collegiate undergraduate courses are measured according to the provisions of paragraph (c) of this section.

(2) Notwithstanding the provisions of paragraph (a)(1) of this section, if a student is enrolled in a course not leading to a standard college degree which is offered on a standard quarter- or semester-hour basis by an educational institution which is not an institution of higher learning, VA shall measure his or her enrollment in the same manner as collegiate undergraduate courses are measured according to the provisions of paragraph (c) of this section, provided that the educational institution requires at least the same minimum number of hours of weekly attendance as are required by paragraph (a)(1) of this section for courses offered on a clock-hour basis. If the educational institution does not require at least the same minimum number of hours of weekly attendance as are required in paragraph (a)(1) of this section, VA will not apply the provisions of paragraph (c) of this section, but will measure the course according to the criteria in paragraph (a)(1) of this section.

(Authority: 38 U.S.C. 3688(a)(7))
(c) Undergraduate, graduate, professional, and on-the-job training courses. Collegiate graduate, professional and on-the-job training courses shall be measured as stated in this table. This shall be used for measurement of collegiate undergraduate courses subject to all the measurement criteria of § 21.4272. Clock hours and sessions mentioned in this table mean clock hours and class sessions per week.

fn1 Cooperative courses may be measured on a full-time basis only.

fn2 When the institution certifies that all undergraduate students enrolled for a minimum of 12 or 13 semester hours or the equivalent are charged full-time tuition, or considered full time for other administrative purposes, such minimum hours will establish the criteria for full-time measurement. When 12 hours is properly certified as full time, VA will measure 9 through 11 hours as 3/4 time, 6 through 8 hours as 1/2 time, 4 through 5 hours as less than 1/2 time and more than 1/4 time, and 1 through 3 hours as 1/4 time or less. VA will measure all other undergraduate courses as indicated in the table for undergraduate or professional courses, as appropriate, but when 13 credit hours or the equivalent is certified as full time, 3/4 time will be 10 through 12 hours. When, in accordance with § 21.4273(a), a responsible official of a school certifies that a lesser number of hours constitute full time, 3/4 time, 1/2 time, less than 1/2 time and more than 1/4 time, or 1/4 time or less, VA will accept the certification for measurement purposes.

To meet criteria for full-time measurement in standard collegiate courses which include required noncredit deficiency courses, in the absence of a certification under § 21.4272(k), VA will convert the noncredit deficiency courses on the basis of the applicable measurement criteria, as follows: 18 or 22 clock hours, 4 "Carnegie Units," or 12, 13, or 14 (as appropriate) semester hours equal full time. The credit-hour equivalent of such noncredit courses may constitute any portion of the required hours for full-time measurement.

fn3 Class sessions measured on basis of not less than 50 minutes of classroom instruction. Supervised study periods, class breaks and rest periods are excluded.

fn4 Supervised study must be excluded.
fn5 Full-time training will consist of the number of hours which constitute the standard workweek of the training establishment, but not less than 30 hours unless a lesser number of hours is established as the standard workweek for the particular establishment through bona fide collective bargaining between employers and employees.

fn6 In measuring net instruction there will be included customary intervals not to exceed 10 minutes between classes. Shop practice and rest periods are excluded. Supervised instruction periods in school's shops in farm cooperative programs and the time involved in field trips and individual and group instruction may be included in computing the clock hour requirements.

fn7 For full-time training the 440 clock hours a year may be prescheduled to provide not less than 80 clock hours in any 3-month period.

§ 21.4271 [Reserved]

§ 21.4272 Collegiate course measurement.
VA will measure a college level course in an institution of higher learning on a credit-hour basis provided all the conditions under paragraph (a) or (b) of this section are met. See also § 21.4273. (Authority: 38 U.S.C. 3688)
(a) Degree courses -- accredited or candidate. VA will measure a degree course on a credit-hour basis when --
(1) An institution of higher learning offers the course; and
(2) A nationally recognized accrediting association either --
(i) Accredits the institution of higher learning, or
(ii) Recognizes the institution as a candidate for accreditation; and
(3) The credits earned in the course can be applied towards an associate, baccalaureate or higher degree which is --
(i) Appropriate to the level of the institution of higher learning's accreditation, or
(ii) Appropriate to the level of the institution of higher learning's candidacy for accreditation; and
(4) The course is offered on a semester-hour or quarter-hour basis, and
(5) The degree to which the course credits are applicable either --
(i) Is granted by the institution of higher learning offering the course,
(ii) Is a part of a concurrent enrollment as described in § 21.4233(b), or
(iii) Is being pursued by a nonmatriculated student as provided in § 21.4252 (1), (2) or (3).

(b) Degree courses -- nonaccredited. VA will measure on a credit-hour basis a degree course which does not meet the requirements of paragraph (a) of this section when --

(1) The course is offered on a semester- or quarter-hour basis, and
(2) The course leads to an associate, baccalaureate, or higher degree, which is granted by the school offering the degree under authority specifically conferred by a State education agency, and
(3) The school will furnish a letter from a State university or letters from three schools that are full members of a nationally recognized accrediting association. In each letter the State university or accredited school must certify either:
   (i) That credits have been accepted on transfer at full value without reservation, in partial fulfillment of the requirements for a baccalaureate or higher degree for at least three students within the last 5 years, and that at least 40 percent of the subjects within each curriculum, for which credit-hour measurement is sought, has been accepted without reservation by the certifying State university or accredited school, or
   (ii) That in the last 5 years at least three students, who have received a baccalaureate or higher degree as a result of having completed the nonaccredited course, have been admitted without reservation into a graduate or advanced professional program offered by the certifying State university or accredited school.

(Authority: 38 U.S.C. 3688(b))

(c) [Reserved]

(d) Course measurement general. When an undergraduate course qualifies for credit-hour measurement, VA will measure it according to the table contained in § 21.4270(c) of this part.

(Authority: 38 U.S.C. 3688(a); Pub. L. 99-576)

(e) [Removed and reserved. See 61 FR 6780, 6784, Feb. 22, 1996.]

(f) [Removed and reserved. See 61 FR 6780, 6784, Feb. 22, 1996.]

(g) Course measurement; nonstandard terms. (1) When a term is not a standard semester or quarter as defined in § 21.4200(b), the Department of Veterans Affairs will determine the equivalent for full-time training by:
   (i) Multiplying the credits to be earned in the term by 18 if credit is granted in semester hours, or by 12 if credit is granted in quarter hours, and
   (ii) Dividing the product by the number of whole weeks in the term.

(2) In determining whole weeks for this formula VA will --
   (i) Determine the number of days from the beginning to the end of the term as certified by the educational institution, subtracting any vacation period of 7 days or more;
   (ii) Divide the number of days in the term by 7;
   (iii) Disregard a remainder of 3 days or less, and
   (iv) Consider 4 days or more to be a whole week.

(Authority: 38 U.S.C. 3688(b))

(3) The quotient resulting from the use of the formula is called equivalent credit hours. VA treats equivalent credit hours as credit hours for measurement purposes.

(Authority: 38 U.S.C. 3688(b))

(h) [Removed and reserved. See 61 FR 6780, 6784, Feb. 22, 1996.]

(i) [Removed and reserved. See 61 FR 6780, 6784, Feb. 22, 1996.]
(j) Course measurement; credit course taken under special circumstances. If a course is acceptable for credit, but the educational institution does not award credit to the veteran or eligible person because he or she has not met college entrance requirements or for some other valid reason, the Department of Veterans Affairs will measure the course as though it were pursued for credit, provided the veteran or eligible person performs all of the work prescribed for other students who are enrolled for credit.

(Authority: 38 U.S.C. 3688(b))

(k) Course measurement; noncredit courses. (1) Except for courses leading to a secondary school diploma or equivalent, the Department of Veterans Affairs will measure noncredit courses given by an institution of higher learning on a quarter- or semester-hour basis if the institution considers them to be the equivalent, for other administrative purposes, of undergraduate courses that lead to a standard college degree at the institution of higher learning.

(2) The Department of Veterans Affairs shall measure other noncredit courses under the appropriate criteria of §21.4270.

(3) Where a school requires a veteran or eligible person to pursue noncredit deficiency, remedial or refresher courses in order to meet scholastic or entrance requirements, the school will certify the credit-hour equivalent of the noncredit deficiency, remedial or refresher courses in addition to the credit hours for which the veteran or eligible person is enrolled. The Department of Veterans Affairs will measure the course on the total of the credit hours and credit-hour equivalency.

(38 U.S.C. 3688)

[EFFECTIVE DATE NOTE: 61 FR 6780, 6784, Feb. 22, 1996, which removed and reserved paragraphs (e), (f), (h) and (i), and revised the introductory text and paragraph (g)(3), became effective Feb. 22, 1996.]

§21.4273 Collegiate graduate.

(a) In residence. (1) The Department of Veterans Affairs will measure a nonaccredited graduate or advanced professional course (other than a law course) as provided in §21.4272. The Department of Veterans Affairs will measure a nonaccredited law course as stated in §21.4274.

(2) An accredited graduate or advanced professional course, including law as specified in §21.4274, pursued in residence at an institution of higher learning will be measured in accordance with §21.4272 unless it is the established policy of the school to consider less than 14 semester hours or the equivalent as full-time enrollment, or the course includes research, thesis preparation, or a comparable prescribed activity beyond that normally required for the preparation of ordinary classroom assignments. In either case a responsible official of the school will certify that the veteran or eligible person is pursuing the course full, three-quarter, one-half, less than one-half but more than one-quarter, or one quarter or less time.

(Authority: 38 U.S.C. 3688(b))
(b) In absentia. A responsible official of the school will certify a program of research pursued by a veteran or eligible person in absentia as full, three-fourths, one-half, less than one-half but more than one-quarter, or one-quarter or less time, and the activity will be assessed by the Department of Veterans Affairs accordingly when:

1. The research activity is defined and organized so as to enable the certifying official to evaluate the time required for its successful pursuit, and
2. The time certified for the research activity is independent of the time devoted to any employment situation in which the veteran or eligible person might be engaged.

(c) Undergraduate or combination. If a graduate student is enrolled in both graduate and undergraduate courses concurrently, or solely in undergraduate courses, VA will measure such an enrollment using the provisions of § 21.4272 or the graduate school's assessment of training time, whichever will result in a higher monthly rate for the veteran.

(Authority: 38 U.S.C. 3668(b); Pub. L. 102-568)

[EFFECTIVE DATE NOTE: 61 FR 28755, June 6, 1996, which substituted "measured" for "assessed" in paragraph (a)(2), revised paragraph (c) and added an authority citation, became effective June 6, 1996.]

§ 21.4274 Law courses.

(a) Accredited. A law course in an accredited law school leading to a standard professional law degree will be assessed as provided in § 21.4273(a).

(b) Nonaccredited. A law course leading to a professional law degree, completion of which will satisfy State educational requirements for admission to legal practice, pursued in a nonaccredited law school which requires for admission to the course at least 60 standard semester units of credit or the equivalent in quarter units of credit, will be assessed on the basis of 12 class sessions per week for full-time attendance. If the course does not meet these requirements it will be assessed on the basis of clock hours of attendance per week.

§ 21.4275 Practical training courses; measurement.

(a) Medical and dental residencies and osteopathic internships and residencies. VA will measure medical and dental residencies, and osteopathic internships and residencies as provided in § 21.4270(c) of this part if they are accredited and approved in accordance with § 21.4265(a) of this part.

(Authority: 38 U.S.C. 3688(b); Pub. L. 99-576)

(b) Nursing courses. (1) Courses for the objective of registered nurse or registered professional nurse will be measured on the basis of credit hours or clock hours of attendance, whichever is appropriate. The clock hours of attendance may include academic class time, clinical training, and supervised study periods.

(2) Courses offered by schools which lead to the objective of practical nurse, practical trained nurse, or licensed practical nurse will be measured on credit hours or clock hours of attendance per week whichever is appropriate.

(c) Medical and dental specialty courses. (1) Medical and dental specialty courses offered by a school whether accredited or nonaccredited, shall be measured on the basis of credit hours or clock hours of attendance, whichever is appropriate.
(2) Medical and dental specialty courses offered in hospitals, clinics, laboratories or medical centers which are accredited by a nationally recognized accrediting agency shall be measured on the basis of clock hours of attendance per week.
(d) Medical and dental assistants courses for the Department of Veterans Affairs. Programs approved in accordance with the provisions of §21.4265(d) will be measured on a clock-hour basis as appropriate in accordance with §21.4270, however, the program will be regarded as full-time instructional training: Provided, The combined total of the classroom and other formal instruction portion of the program and on-job-training portion of the program requires 30 or more clock hours of attendance per week.
(e) Professional training courses. Nonmedically related professional training courses, such as the clinical pastoral course, shall be measured in semester hours of attendance or clock hours of attendance per week, whichever is appropriate.
(f) Other practical training courses. These courses will be measured in semester hours of credit or clock hours of attendance per week, whichever is appropriate, if approved under §21.4265(f). (See §21.4265 for approval.)

§21.4277 Discontinuance: unsatisfactory progress, conduct and attendance.
(a) Satisfactory pursuit of program. Entitlement to benefits for a program of education is subject to the requirement that the veteran or eligible person, having commenced the pursuit of such program, continues to maintain satisfactory progress. If the veteran or eligible person does not maintain satisfactory progress, educational benefits will be discontinued by the Department of Veterans Affairs. Progress is unsatisfactory if the veteran or eligible person does not satisfactorily progress according to the regularly prescribed standards and practices of the institution he or she is attending.
(b) Satisfactory conduct. Entitlement to a program of education is subject to the requirement that the veteran or eligible person, having commenced the pursuit of such program, continues to maintain satisfactory conduct in accordance with the regularly prescribed standards and practices of the institution in which he or she is enrolled. If the veteran or eligible person will no longer be retained as a student or will not be readmitted as a student by the institution in which he or she is enrolled, educational benefits will be discontinued, unless further development establishes that the action of the school is of a retaliatory nature. See §21.4253.
(c) Satisfactory attendance. Entitlement to benefits for a program of education is subject to the requirement that the veteran or eligible person, having commenced the pursuit of such program, continues to maintain satisfactory attendance in accordance with the regularly prescribed standards and practices of the institution in which he or she is enrolled. If the veteran or eligible person will no longer be retained as a student or will not be readmitted as a student by the institution in which he or she is enrolled, educational benefits will be discontinued.
§ 21.4278 Reentrance after discontinuance.
(a) Conditions permitting reentrance after discontinuance. A veteran or eligible person may be reentered following discontinuance because of unsatisfactory conduct, progress or attendance only when either of the following sets of conditions exist:
   (1) The veteran or eligible person is resuming enrollment at the same educational institution in the same program of education and the educational institution has--
      (i) Approved the veteran's or eligible person's reenrollment, and
      (ii) Certified it to the Department of Veterans Affairs; or
   (2) All of the following exist:
      (i) The cause of unsatisfactory conduct, progress or attendance has been removed,
      (ii) VA determines that the program which the veteran or eligible person now proposes to pursue is suitable to his or her aptitudes, interests and abilities, and
      (iii) If a proposed change of program is involved, the change meets the requirements for approval under §§ 21.4234, 21.5232, 21.7114 and 21.7614 of this part.

(b) Programs which may be reentered after discontinuance. Reentrance may be for the same program, for a revised program or for an entirely different program depending on the cause of the discontinuance and the removal of that cause.

§ 21.4279 Combination correspondence-residence program.
(a) Requirements for pursuit. A program of education may be pursued partly in residence and partly by correspondence for the attainment of a predetermined and identified objective under the following conditions:
   (1) The correspondence and residence portions are pursued sequentially; that is, not concurrently.
   (2) It is the practice of the institution to permit a student to pursue a part of his or her course by correspondence in partial fulfillment of the requirements for the attainment of the specified objective.
   (3) The total credit established by correspondence does not exceed the maximum for which the institution will grant credit toward the specified objective.
   (4) The educational institution offering the course is accredited by an agency recognized by the Secretary of Education; and
   (5) The State approving agency has approved the correspondence-residence course and has verified compliance with the requirement of 38 U.S.C. 3672(e) and § 21.4256(a) that at least 50 percent of those pursuing the correspondence-residence course require six months or more to complete it.

(The information collection requirements in this section have been approved by the Office of Management and Budget under control number 2900-0575.)

(Authority: 38 U.S.C. 3672(e))

Chapter 35 for the residence portion of a correspondence-residence course or program shall be computed as set forth in §§ 21.3131(a) and 21.4270.

(1) The charges for that portion of the course or program pursued exclusively by correspondence will be in accordance with § 21.3131(a) with 1 month entitlement charged for each $404 of cost reimbursed.

(Authority: 38 U.S.C. 3534)

(2) The charges for the residence portion of the program must be separate from those for the correspondence portion.

(2) Subtracting the available resources determined in paragraph (a)(1) of this section from the actual cost of attendance, as defined in § 21.4500(f), to obtain the net amount by which costs exceed the resources available for education needs. If the available resources and the costs are equal, or if the resources exceed the costs, no loan will be authorized.
(b) Amount. A loan shall be authorized in the amount of the excess of cost over available resources as determined in paragraph (a) of this section subject to the following limitations:

(1) If the costs exceed the available resources by $ 50 or less no loan shall be granted.
(2) The aggregate of the amounts any eligible spouse or surviving spouse may borrow for an education loan may not exceed $ 2,500 in any one academic year. It also may not exceed an amount determined by multiplying the number of months of educational assistance to which the eligible spouse or surviving spouse would be entitled were it not for the expiration of his or her delimiting period under 38 U.S.C. 3511 times $ 376.
(Authority: 38 U.S.C. 3512(f), 3698)
(3) If a student is enrolled in a course organized on a term, quarter or semester basis, no single loan shall be authorized at one time for a period that is longer than two consecutive quarters. If a student is enrolled in a course not organized on a term, quarter or semester basis, no single loan shall be authorized at one time for a period that is longer than 6 months.
(4) The Department of Veterans Affairs shall pay the following maximum amounts for these loan periods:
   (i) $ 1,250 for any semester.
   (ii) $ 830 for any term of 8 weeks or more leading to a standard college degree which is not part of the normal academic year or for a quarter.
   (iii) $ 1660 for two consecutive quarters.
   (iv) $ 270 per month for a course not leading to a standard college degree if less than 6 months long.
   (v) $ 1660 for a 6-month loan period based on a course not leading to a standard college degree which is 6 or more months long.
   (vi) $ 270 per month for a loan period of less than 6 months based on a course not leading to a standard college degree which is 6 or more months long.
(Authority: 38 U.S.C. 3512(f), 3698(b))
(5) No amount authorized will be paid by the Department of Veterans Affairs until the eligible spouse or surviving spouse is certified as being enrolled and actually pursuing the course.
(6) An eligible spouse or surviving spouse may receive more than one loan covering separate loan periods, subject to paragraphs (b)(3) and (b)(7) of this section.
(7) If the eligible spouse or surviving spouse has a material change in economic circumstances subsequent to the original application for a loan, he or she may reapply for an increase in an authorized loan or for a loan, if otherwise qualified, if no loan was originally granted. However, the Department of Veterans Affairs will not decrease or revoke a loan once granted, absent fraud in the application.

(38 U.S.C. 3698(a))
§ 21.4504 Promissory note.

(a) General. The agreement by VA to loan money pursuant to 38 U.S.C. 3512(f) and 3698 to any eligible spouse or surviving spouse shall be in the form of a promissory note which shall include:

(1) The full amount of the loan.
(2) Agreement to pay a fee not to exceed 3 percent for an insurance fund against defaults.
(3) A note or other written obligation providing for repayment of the principal amount, and interest on the loan in annual installments over a period beginning 9 months after the date on which the borrower first ceases to be at least a half-time student and ending:

(i) For loans of $600 or more, 10 years and 9 months after such date, or
(ii) For loans of less than $600, 1 year and 7 months after such date for the first $50 of the loan plus 1 additional month for each additional $5 of the loan.
(4) A provision for prepayment of all or part of the loan, without penalty, at the option of the borrower.

(b) Interest. The promissory note shall advise the student that the loan shall bear interest on the unpaid balance of the loan at a rate comparable to, but not in excess of, the rate of interest charged students at such time on loans insured by the Secretary of Education, Department of Education, under part B of Title IV of the Higher Education Act of 1965. The rate shall be determined as of the date the agreement is executed and shall be a fixed amount.

(c) Security. The loan shall be made without security and without endorsement.

(d) Default. Whenever VA determines that a default, in whole or in part, has occurred on any such loan the eligible spouse or surviving spouse shall be notified that the amount of the default shall be recovered from the eligible spouse or surviving spouse concerned in the same manner as other debt due the United States. Once a default has occurred, the eligible spouse's or surviving spouse's subsequent reentrance into training at the half-time or greater rate shall not be the basis for rescinding the default. A default may only be rescinded when VA has been led to create the default as a result of a mistake of fact or law.

(e) Death or disability. If the eligible spouse or surviving spouse dies or becomes permanently and totally disabled, even though he or she ceases to be permanently and totally disabled subsequent to the granting of the loan, the remaining liability of such person for an educational loan shall be discharged.

(f) Fraud. Material misrepresentation of fact by the eligible spouse or surviving spouse, including omissions of relevant information, shall render the loan agreement null and void. The deferred payment provisions of the agreement shall not apply in such a case and the full amount of any loan balance shall become due and payable immediately. The amount due shall be recovered from the eligible spouse or surviving spouse in the same manner as any other debt due the United States.

(g) Signature. An eligible spouse or surviving spouse may sign both the loan application and the promissory note required and payment of the amounts authorized will be made to
such person, notwithstanding his or her minority, unless the person has a legal guardian. In such cases the legal guardian must sign and will be paid the loan amounts.

[EFFECTIVE DATE NOTE; 61 FR 26107, 26116, May 24, 1996, which revised the introductory text of paragraph (a), and paragraph (a)(3)(ii), and amended paragraphs (d), (e), (f), and (g), became effective May 24, 1996.]

(b) Delivery and certification. (1) The educational institution, electing to participate in this program, shall deliver an education loan check to the eligible spouse or surviving spouse and shall certify the fact of delivery to the Department of Veterans Affairs immediately upon delivery. If the delivery is not made within 30 days after the institution receives the check, it shall return the check to the Department of Veterans Affairs.
(2) The Director of the Department of Veterans Affairs facility of jurisdiction may direct that education loan checks be sent directly to spouses or surviving spouses when:
   (i) The educational institution demonstrates an inability to comply with these requirements; or
   (ii) The educational institution fails to provide adequately for the safekeeping of the checks prior to the delivery to the student or return to the Department of Veterans Affairs; or
   (iii) The educational institution elects not to participate in this program; or
   (iv) There is compelling evidence that the institution is unable to discharge its responsibilities under this program.

ELIGIBILITY

§ 21.5040 Basic eligibility.
§ 21.5041 Periods of entitlement.
§ 21.5042 Extended period of eligibility.

§ 21.5040 Basic eligibility.

(a) Individuals not on active duty. Whether an individual has basic eligibility under 38 U.S.C. Chapter 32 for educational assistance depends upon when he or she entered the military service, the length of that service, and the character of that service.

(b) Service requirements for all individuals not on active duty. (1) An individual not on active duty:

(i) Must have entered the military service after December 31, 1976, and before July 1, 1985;

(ii) Must not have had basic eligibility under 38 U.S.C. Chapter 34;

(iii) Must have received an unconditional discharge or release from any period of service upon which eligibility is based;

(iv) Must either have:

(A) Served on active duty for at least 181 continuous days, or

(B) Been discharged or released from active duty for a service-connected disability.

(2) The Department of Veterans Affairs will consider that the veteran has an unconditional discharge or release if:

(i) The individual was eligible for complete separation from active duty on the date a discharge or release was issued to him or her, or

(ii) The provisions of § 3.13(c) of this chapter are met.

(3) The provisions of § 3.12 of this chapter as to character of discharge and § 3.13 of this chapter as to conditional discharges are applicable.

(c) Additional active duty service requirements for some individuals not on active duty--Chapter 32. (1) Unless exempted by paragraph (d) of this section, persons who originally enlist in a regular component of the Armed Forces after September 7, 1980, or who enter on active duty after October 16, 1981 (either as an enlisted member or an officer) to be eligible under 38 U.S.C. Chapter 32, must first complete the shorter of:

(i) 24 continuous months of active duty, or

(ii) The full period for which the individual was called or ordered to active duty.

(2) For the purpose of paragraph (c)(1) of this section the Department of Veterans Affairs considers that an enlisted person originally enlisted in a regular component of the Armed Forces on the date he or she entered on active duty even through he or she may have signed a delayed-entry contract on an earlier date.

(3) In computing time served for the purpose of this paragraph, the Department of Veterans Affairs will exclude any period during which the individual is not entitled to...
(d) Individuals exempt from additional active duty requirements. (1) An individual who originally enlists in a regular component of the Armed Forces after September 7, 1980, or who enters on active duty after October 16, 1981 (either as an enlisted member or officer), will be eligible to receive benefits under 38 U.S.C. Chapter 32 based upon the ensuing period of active duty, and is exempt from the provisions of paragraph (c) of this section if he or she subsequently:

(i) Is discharged or released from active duty:
(A) Under 10 U.S.C. 1173 (hardship discharge), or
(B) Under 10 U.S.C. 1171 (early-out discharge), or
(C) For a disability incurred in or aggravated in line of duty; or

(ii) Is found by Department of Veterans Affairs to have a service-connected disability which gives the individual basic entitlement to disability compensation as described in § 3.4(b) of this chapter. Once the Department of Veterans Affairs makes this finding, the exemption will continue to apply even if the disability subsequently improves and becomes noncompensable.

(2) An individual who enters on a period of active duty after October 16, 1981, is also exempt from the provisions of paragraph (c) of this section if he or she:

(i) Previously completed a continuous period of active duty of at least 24 months, or

(ii) Was discharged or released from a previous period of active duty under 10 U.S.C. 1171 (early-out discharge).

(3) In computing time served for the purpose of this paragraph, the Department of Veterans Affairs will exclude any period during which the individual is not entitled to credit for service as specified in § 3.15 of this chapter. However, those periods will be included in determining if the service was continuous.

(e) Savings provision. An individual may become a participant and establish basic eligibility under the provisions of this section based upon a period of active duty service which began before October 16, 1981. He or she would not lose the basic eligibility based upon that period of service if, following a release from active duty, the individual reenters on active duty after October 16, 1981, and fails to meet the requirements of paragraph (c) of this section or qualify for an exemption under paragraph (d) of this section. He or she will receive a refund of any contributions he or she may make to the fund during the second period of active duty. See § 21.5065.

(Authority: 38 U.S.C. 3202, 5303A)

(f) Individuals on active duty. To establish basic eligibility under 38 U.S.C. Chapter 32 for educational assistance an individual on active duty:

(1) Must have entered into military service after December 31, 1976, and before July 1, 1985.

(2) Must have served on active duty for a period of 181 or more continuous days after December 31, 1976, and

(3) If not enrolled in a course, courses or a program of education leading to a secondary school diploma or equivalency certificate, must have completed the lesser of the following two periods of active duty:

(Authority: 38 U.S.C. 3231(b), 10 U.S.C. 977)
(g) Election to receive educational assistance allowance under 38 U.S.C. chapter 32 instead of 10 U.S.C. chapter 1606. An individual who serves in the Selected Reserves may not receive credit for that service under both 38 U.S.C. Chapter 32 and 10 U.S.C. Chapter 1606. If he or she wishes to receive educational assistance based upon this service, the veteran must elect the chapter under which he or she will receive benefits.
(1) This election must be in writing and submitted to VA.
(2) If a veteran elects to receive educational assistance under 38 U.S.C. Chapter 32, and negotiates an educational assistance check which is based upon the period of service for which the election was made, the election is irrevocable. Negotiation of an educational assistance check provided under either 38 U.S.C. chapter 32 or 10 U.S.C. chapter 1606, but based upon a period of service which preceded the period for which an election was made, will not serve to make the election irrevocable.

[EFFECTIVE DATE NOTE: 61 FR 20727, 20728, May 8, 1996, which substituted "1606" for "106" in the heading of paragraph (h), the introductory text of paragraph (h) and paragraph (h)(2), became effective May 8, 1996; 61 FR 29028, 29029, June 7, 1996, which removed paragraph (g) and redesignated paragraph (h) as paragraph (g), became effective June 7, 1996.]

§ 21.5041 Periods of entitlement.
(a) Ten-year delimiting period. Except as provided in § 21.5042 no educational assistance shall be afforded an eligible individual under chapter 32 beyond the date of 10 years after the later of the following:
(1) His or her last discharge or release from a period of active duty of 90 days or more of continuous service; or
(2) His or her last discharge or release from a period of active duty of any length when the eligible individual is discharged or released--
(i) For a service-connected disability;
(ii) For a medical condition which preexisted such service and which VA determines is not service-connected;
(iii) For hardship; or
(iv) Involuntarily for convenience of the government after October 1, 1987, as a result of a reduction in force, as determined by the Secretary of the military department concerned in accordance with regulations prescribed by the Secretary of Defense or by the Secretary of Transportation with respect to the Coast Guard when it is not operating as a service in the Navy.

(b) Use of entitlement. The individual--
(1) May use his or her entitlement at anytime during the 10-year period after the last discharge or release from active duty or other period as provided pursuant to § 21.5042 of this part;
(2) Is not required to use his or her entitlement in consecutive months.

§ 21.5042 Extended period of eligibility.
(a) General. A veteran shall be granted an extension of the applicable delimiting period, as otherwise determined by § 21.5041 of this part provided--
(1) The veteran applies for an extension.
(2) The veteran was prevented from initiating or completing the chosen program of education within the otherwise applicable delimiting period because of a physical or mental disability that did not result from the willful misconduct of the veteran. VA will not consider the disabling effects of chronic alcoholism to be the result of willful misconduct. See § 21.5021(v).

(b) Application. The veteran must apply for the extended period of eligibility in time for VA to receive the application by the later of the following dates:
(1) One year from the last date of the delimiting period otherwise applicable to the veteran under § 21.5401 of this part, or
(2) One year from the termination date of the period of the veteran's mental or physical disability.

(c) Qualifying period of disability. (1) A veteran's extended period of eligibility shall be based on the period of time that the veteran himself or herself was prevented by reason of physical or mental disability, not the result of the veteran's willful misconduct, from initiating or completing his or her chosen program of education.
(2) VA will not consider the disabling effects of chronic alcoholism to be the result of willful misconduct provided the last date of the time limit for filing a claim for the extension determined under § 21.5030(c)(3) of this part occurs after November 17, 1988.
(Authority: 38 U.S.C. 105; Pub. L. 100-689)

(3) Evidence must be presented which clearly establishes that the veteran's disability made pursuit of his or her program medically infeasible during the veteran's original period of eligibility as determined by § 21.5041 of this part. A period of disability following the end of the original disability period will not be a basis for extension.
(4) VA will not consider a veteran who is disabled for a period of 30 days or less as having been prevented from enrolling or reenrolling in the chosen program of education or was forced to discontinue attendance, because of the short disability.

d) Commencing date. The veteran shall elect the commencing date of an extended period of eligibility. The date chosen--
(1) Must be on or after the original date of expiration of eligibility as determined by § 21.5041 of this part, and
(2) Must be on or before the 90th day following the date on which the veteran's application for an extension was approved by VA, if the veteran is training during the extended period of eligibility in a course not organized on a term, quarter or semester basis, or
(3) Must be on or before the first day of the first ordinary term, quarter or semester following the 90th day after the veteran's application for an extension was approved by VA if the veteran is training during the extended period of eligibility in a course organized on a term, quarter or semester basis.

(4) For a veteran whose entitlement to an extended period of eligibility is dependent upon the disabling effects of chronic alcoholism, may not begin before November 18, 1988.
(Authority: 38 U.S.C. 105, 3232; Pub. 99-576; Pub. L. 100-689)

e) Determining the length of extended periods of eligibility. A veteran's extended period of eligibility shall be based upon the qualifying period of disability, and determined as follows:
(1) If the veteran is in training in a course organized on a term, quarter or semester basis, his or her extended period of eligibility shall contain the same number of days as the number of days from the date during the veteran's original delimiting period that his or her training became medically infeasible to the earliest of the following dates:
   (i) The commencing date of the ordinary term, quarter or semester following the day the veteran's training became medically feasible,
   (ii) The veteran's delimiting date as determined by § 21.5041 of this part, or
   (iii) The date the veteran resumed training.
(2) If the veteran is training in a course not organized on a term, quarter or semester basis, his or her extended period of eligibility shall contain the same number of days as the number of days from the date during the veteran's original delimiting period that his or her training became medically infeasible to the earlier of the following dates:
   (i) The date the veteran's training became medically feasible, or
   (ii) The veteran's delimiting date as determined by § 21.5041 of this part.

(f) Discontinuance. If the veteran is pursuing a course on the date an extended period of eligibility expires (as determined under this section), VA will discontinue the educational assistance allowance effective the day before the end of the extended period of eligibility.

   (i) No lower than $25 per month,
   (ii) No higher than $100 per month, and
   (iii) Evenly divisible by five.
(3) If otherwise eligible to make contributions, a participant:
   (i) May make a lump-sum contribution to cover any period of his or her active duty. This may entail a retroactive period, including one which--
      (A) Begins after December 31, 1976, and before October 1, 1980, or
      (B) Although made after October 27, 1986, includes all or part of the period beginning on July 1, 1985, and ending on October 27, 1986.
      (Authority: Pub. L. 99-576, sec. 309(c))
   (ii) May make a lump-sum contribution which has the effect of increasing the amount of a monthly contribution the participant made previously, but the payment cannot have the effect of increasing the monthly contribution to an amount greater than $100;
   (iii) May make a lump-sum payment to cover a period for which he or she previously obtained a refund;
   (iv) May not make a lump-sum payment to cover a period during which the participant was not on active duty or will not be on active duty.
(4) A participant may make as many lump-sum contributions as he or she desires, but he or she may not make more than one lump-sum contribution per month.

(38 U.S.C. 3222(d))

§ 21.5053 Restoration of contributions (Persian Gulf War).
(a) Restoration of contributions when no entitlement is charged. If the provisions of § 21.5072(i) require that a veteran's entitlement not be charged for a payment or payments he or she received, the amount of the veteran's contributions which were included in the payment or payments will be restored to the fund by the Department of Defense.
(b) Restored contributions are treated like other contributions. VA will treat contributions which have been restored under paragraph (a) of this section as though the veterans had contributed them for all purposes including--
(1) Computing the veteran's monthly rates and benefit payments under § 21.5138, and
(2) Determining any refund which may become due the veteran under §§ 21.5064 and 21.5065.
[58 FR 34369, June 25, 1993]

§ 21.5054 Dates of participation.
(a) General. An individual may participate after December 31, 1976. An individual was not eligible for benefits before July 1, 1977, unless discharged after January 1, 1977, for a service-connected condition. The first date on which an individual on active duty enrolled in a course, courses or a program of education leading to a secondary school diploma or equivalency certificate may receive benefits is subject to the eligibility requirements of § 21.5040(f)(4) and (5).
(Authority: 38 U.S.C. 3231(a) and (b))
(b) Termination of right to begin participation. (1) Except as provided in paragraph (b)(3) of this section, no individual on active duty in the Armed Forces may initially enroll after June 30, 1985.
(2) An initial enrollment occurs when a serviceperson who has never contributed to the fund--
(i) First makes a lump-sum payment to the fund, or
(ii) First authorizes an allotment to VA for deposit in the fund. See 32 CFR 59.3(b)(10).
(3) Notwithstanding the provisions of paragraph (b)(1) of this section, any individual on active duty in the Armed Forces who was eligible to enroll on June 30, 1985, may enroll at any time during the period beginning on October 28, 1986, and ending on March 31, 1987.

§ 21.5058 Resumption of participation.
(a) General. An eligible individual, who remains otherwise eligible, may resume active contribution to the fund, if he or she has:
(1) Voluntarily elected to suspend following completion of minimum participation;
(2) Suspended at any time for reasons of hardship; or
(3) Received a discharge or release from active duty after participation and reenlisted.
(Authority: 38 U.S.C. 3221)
(b) Disenrollment in order to participate in other educational programs. A person who elects to disenroll in order to receive educational assistance allowance under 38 U.S.C. chapter 34 or to receive an officer adjustment benefit payable under sec. 207 Pub. L. 101-366, 104 Stat. 442, may not reenroll if he or she has negotiated a check under the provisions of law governing the program elected in lieu of the Post-Vietnam Era Veterans' Educational Assistance Program. A person who elects to disenroll in order to
receive educational assistance under the Montgomery GI Bill-Active Duty, as provided in § 21.7045, may not reenroll.  
(Authority: 38 U.S.C. 3018A, 3018B, 3018C, 3202(l), 3222)  
(c) Reenrollment permitted following some disenrollments. (1) Except as provided in paragraph (b) of this section, a person who has disenrolled may reenroll, but will have to qualify again for minimum participation as described in § 21.5052(a).  
(2) If a person does reenroll, he or she may "repurchase" entitlement by tendering previously refunded contributions which he or she received upon disenrollment, subject to the conditions of § 21.5052(f).  
(Authority: 38 U.S.C. 3221, 3222)

§ 21.5060 Disenrollment.  
(a) Voluntary disenrollment. (1) An individual may disenroll at anytime after the initial 12 months of participation.  
(2) At any time within the initial 12 months of participation, an individual may elect to disenroll for reasons of personal hardship only.  
(Authority: 38 U.S.C. 3221(a), (b))  
(b) Nonvoluntary disenrollment. The Department of Veterans Affairs shall disenroll automatically an individual who meets any of the following sets of conditions:  
(1) The individual is discharged or released from his or her initial obligated period of active service and:  
(i) The discharge or release is under dishonorable conditions, or  
(ii) A statutory bar to benefits administered by the Department of Veterans Affairs exists for the individual;  
(2) The individual participated only after completion of the initial or subsequent period of active service; is discharged or released and:  
(i) The discharge or release is under dishonorable conditions, or  
(ii) A statutory bar to benefits exists for the individual; or  
(3) The individual has not utilized all of his or her entitlement to benefits within the 10-year period stated in § 21.5041, and at the end of one year thereafter has not filed a claim for educational assistance allowance as provided in § 21.5030(c).

(b) The date the individual negotiates the check which represents a refund of his or her remaining contributions to the fund, whichever is earlier.

(38 U.S.C. 3221(d))

§ 21.5064 Refund upon disenrollment.
(a) General. A disenrolled individual will be refunded all contributions made by him or her to the fund. He or she will be ineligible to receive benefits under §§ 21.5130 and 21.5138, unless the individual reenrolls as a participant and agrees to participate in a new period of 12 consecutive months as provided in § 21.5058. The amount of the contributions refunded upon disenrollment shall be limited to the amount of his or her contributions not utilized to receive benefits as of the date of disenrollment, less any outstanding debts resulting from overpayments of educational assistance allowance.
(Authority: 38 U.S.C. 3223)
(b) Effective date of refund. The date upon which the refund of contributions, if any, will be made shall be determined as follows:
(1) If an individual voluntarily disenrolls from the program before discharge or release from active duty, VA will refund the individual's unused contributions:
(i) On the date of the participant's discharge or release from active duty; or
(ii) Within 60 days of VA's receipt of notice of the individual's discharge or disenrollment; or
(iii) As soon as possible after VA's receipt of notice indicating that an earlier refund is needed due to hardship or for other good reasons.
(Authority: 38 U.S.C. 3223(b), 3232)
(2) If an individual voluntarily disenrolls from the program after discharge or release from active duty under other than dishonorable conditions, his or her contributions shall be refunded within 60 days of receipt by VA of an application for a refund from the individual.
(Authority: 38 U.S.C. 3202(1)(A), 3223(c), 3232(b))
(3) If an individual is disenrolled because he or she is discharged or released from active duty under dishonorable conditions, the individual's contributions remaining in the fund shall be refunded:
(i) On the date of the individual's discharge or release from active duty; or
(ii) Within 60 days of receipt of notice by the Department of Veterans Affairs of the individual's discharge or release, whichever is the later.
(4) If an individual is disenrolled because he or she has not utilized all of his or her entitlement to benefits within the 10-year delimiting period, the individual's contributions remaining in the fund shall be refunded.
(i) The Department of Veterans Affairs shall notify the individual that the delimiting period has expired and shall state the amount of unused contributions.
(ii) The Department of Veterans Affairs shall make the refund only if the individual requests it.
(iii) If VA does not receive a request within 1 year from the date that the individual is notified of his or her entitlement to a refund, VA will presume that the individual's whereabouts is unknown. The funds on deposit for that individual will be transferred in accordance with the provisions of section 1322(a), Title 31, United States Code. (Authority: 38 U.S.C. 101, 3223, 3232; Pub. § 21.5065 Refunds without disenrollment.
(a) Refunds made without disenrollment following a discharge or release under dishonorable conditions -- (1) A discharge or release under dishonorable conditions may result in a partial refund of contributions. If an individual who would have been eligible, but for the fact of his or her reenlistment, for the award of a discharge or release under conditions other than dishonorable at the time he or she completed an obligated period of service, later receives a discharge or release under dishonorable conditions, the Department of Veterans Affairs may refund a portion of his or her contribution. (Authority: 38 U.S.C. 101, 3223)

(2) Amount of refund. The Department of Veterans Affairs shall refund to the individual all of his or her remaining contributions made to the fund after the individual completed the obligated period of service. (Authority: 38 U.S.C. 101, 3223)

(3) Date of refund. The Department of Veterans Affairs shall refund all monies due the individual:
   (i) On the date of the individual's discharge or release from active duty; or
   (ii) Within 60 days of receipt by the Department of Veterans Affairs of notice of the individual's discharge or release, whichever is later. (Authority: 38 U.S.C. 101, 3223, 3232)

(b) Refunds made without disenrollment following a short period of active duty. (1) An individual who has contributed to the fund during more than one period of active duty may be required to receive a refund of those contributions made during the most recent period of active duty. When an individual who meets all the criteria in paragraph (b)(2) of this section is discharged, the Department of Veterans Affairs will refund all contributions he or she made during the most recent period of active duty unless the individual meets one or more of the criteria stated in either paragraph (b)(4) or (5) of this section. If he or she meets one of those criteria, the contributions will not be refunded unless the individual voluntarily disenrolls.

(2) Unless a compulsory refund is prohibited by paragraph (b)(4) or (5) of this section, the Department of Veterans Affairs will refund all contributions made by an individual during the most recent period of active duty when the individual:
   (i) Completed at least one period of active duty before the most recent one during which he or she established entitlement to Post-Vietnam Era Veterans' Educational Assistance;
   (ii) Reentered on his or her most recent period of active duty after October 16, 1981;
   (iii) Contributed to the fund during his or her most recent period of active duty; and
(iv) Is discharged.
(3) The circumstances which prohibit an automatic refund of monies contributed during the individual's most recent period of active duty do not relate only to the most recent period of active duty which began after October 16, 1981, but also the individual's prior periods of active duty regardless of whether they began before, after or on October 16, 1981.
(4) Meeting one or more of the following criteria concerning periods of active duty before the most recent one will be sufficient to prohibit a compulsory refund of contributions made during the most recent period of active duty. The individual:
   (i) Before the most recent period of active duty began, completed at least one continuous period of active duty of at least 24 months, or
   (ii) Was discharged or released under 10 U.S.C. 1171 (early-out discharge) from any period of active duty before the most recent one.
(5) Meeting one or more of the following criteria concerning the most recent period of active duty will be sufficient to prohibit a compulsory refund of contributions made during the most recent period of active duty. The individual:
   (i) For the most recent period of active duty completes 24 months of continuous active duty, or the full period for which the individual was called or ordered to active duty, whichever is shorter; or
   (ii) Is discharged or released from the most recent period of active duty under 10 U.S.C. 1171 (early-out discharge) or 1173 (hardship discharge); or
   (iii) Is discharged or released from the most recent period of active duty for a disability incurred or aggravated in line of duty; or
   (iv) Has a service-connected disability which give him or her basic entitlement to disability compensation as described in § 3.4(b) of this chapter.
(6) In computing time served for the purpose of this paragraph, the individual is not entitled for credit for service as specified in § 3.15 of this chapter. However, those periods will be included in determining if the service was continuous.
(7) The Department of Veterans Affairs shall refund all monies due the individual:
   (i) On the date of the individual's discharge or release from active duty; or
   (ii) Within 60 days of receipt of notice by the Department of Veterans Affairs of the individual's discharge or release, whichever is later.
(Authority: 38 U.S.C. 3202, 3223, 3232, 5303(A)
(c) Refunds following an election under § 21.5040(b). If a veteran described in § 21.5040(h) makes an election to have a period of service credited toward his or her eligibility and entitlement under 10 U.S.C. Chapter 1606, he or she will be required to receive a refund of any contributions he or she made to the fund during that period of service.
(38 U.S.C. 3221(f); Pub. L. 101-237)
[EFFECTIVE DATE NOTE: 61 FR 20727, 20728, May 8, 1996, which substituted "1606" for "106" in paragraph (c), became effective May 8, 1996.]

§ 21.5066 Suspension of participation.
An individual may suspend participation in the program without disenrolling. If the individual suspends participation, he or she may resume participation at any time thereafter while on active duty.
(a) An individual may suspend participation any time after 12 months of participation.
(b) An individual who has participated for less than 12 consecutive months may not suspend unless the Secretary of Defense determines that the reason for the suspension is due to a personal hardship.

(38 U.S.C. 3221)

§ 21.5067 Death of participant.
(a) Disposition of unused contributions. If an individual dies, the Department of Veterans Affairs shall pay the amount of his or her unused contributions to the fund to the living person or persons in the order listed in this paragraph.
(1) The beneficiary or beneficiaries designated by the individual under the individual's Servicemen's Group Life Insurance policy;
(2) The surviving spouse of the individual;
(3) The surviving child or children of the individual, in equal shares;
(4) The surviving parent or parents of the individual in equal shares.
(b) Payments to the individual's estate. If none of the persons listed in paragraph (a) of this section is living, the Department of Veterans Affairs shall pay the amount of the individual's unused contributions to the fund to the individual's estate.
(Authority: 38 U.S.C. 3224)
(c) Payments of accrued benefits. Educational assistance remaining due and unpaid at the date of the veteran's death is payable under the provisions of § 3.1000 of this chapter. For this purpose accrued benefits include the portion of the benefit represented by the individual's contribution as well as the portion included by the Department of Veterans Affairs and the Department of Defense.

ENTITLEMENT

§ 21.5070 Entitlement.
§ 21.5071 Months of entitlement allowed.
§ 21.5072 Entitlement charge.
§ 21.5076 Entitlement charge -- overpayment cases.
§ 21.5078 Interruption to conserve entitlement.

§ 21.5070 Entitlement.
A participant is entitled to a monthly benefit for periods of time during which the individual is enrolled in, and satisfactorily pursuing, an approved program of education. The amount of the benefit will vary from individual to individual and, in some instances, from month to month as provided in § 21.5138.

(38 U.S.C. 3231)

§ 21.5071 Months of entitlement allowed.
(a) Entitlement based on monthly contributions. The Department of Veterans Affairs will credit an individual with 1 month of entitlement for each month he or she contributes to the fund up to a maximum of 36 months or its equivalent in part-time training.
(Authority: 38 U.S.C. 3231)
(b) Entitlement based on lump-sum contributions. If an individual elects to make a lump-sum contribution, the Department of Veterans Affairs will credit an individual with 1 month of entitlement for:
(1) Every $100 included in the lump sum, or
(2) Every amount included in the lump sum which:
(i) Is at least $25 but no more than $100,
(ii) Is evenly divisible by five, and
(iii) Is specifically designated by the individual at the time he or she makes the contribution.
(Authority: 38 U.S.C. 3222(D))
(c) Entitlement based on both monthly and lump-sum contributions. (1) If the individual makes both monthly and lump-sum contributions, the Department of Veterans Affairs will:
(i) Compute the entitlement due to each type of contribution separately under paragraphs (a) and (b) of this section, and
(ii) Will combine the results of the computations to determine the individual's total entitlement.
(2) In no event will an individual's entitlement exceed 36 months or its equivalent in part-time training.

(38 U.S.C. 3222(d), 3231)

§ 21.5072 Entitlement charge.
The Department of Veterans Affairs shall determine the entitlement charge for each payment in the same manner for all individuals regardless of whether they are on active duty. Unless the circumstances described in paragraph (i) of this section apply to a servicemember or veteran, VA will use paragraphs (a) through (h) of this section to determine an entitlement charge.

(a) General. Except as provided in paragraphs (b) through (i) of this section, VA will make a charge against entitlement as follows:

(i) The Department of Veterans Affairs will charge an individual who is a full-time student 1 month's entitlement for each monthly benefit paid to him or her.

(ii) The Department of Veterans Affairs will charge an individual who is other than a full-time student 1 month's entitlement for each sum of money paid equivalent to what the individual would have been paid had he or she been a full-time student for 1 month.

(2) When the computation results in a period of time other than a full month, the entitlement charge will be prorated.

(b) Secondary school program. (1) The Department of Veterans Affairs will make no charge against the entitlement of an individual:

(i) Who is pursuing a course, courses or a program of education leading to a secondary school diploma or an equivalency certificate, and

(ii) Whose educational assistance allowance is the monthly rate of the tuition and fees being charged to him or her for the course.

(2) The Department of Veterans Affairs will make a charge (in the same manner as for any other residence training) against the entitlement of an individual who:

(i) Is pursuing a course, courses or a program of education leading to a secondary school diploma or an equivalency certificate, and

(ii) Elects to receive educational assistance allowance calculated according to § 21.5136.

(c) Correspondence training courses. (1) A charge against the period of entitlement for a program consisting exclusively of correspondence training will be made on the basis of 1 month for each sum of money paid equivalent to the dollar value of a month of entitlement as determined under § 21.5138(a)(2)(viii), which is paid to the individual as an educational assistance allowance for this training. When computation results in a period of time other than a full month, the charge will be prorated.

(2) If the individual is contributing to the fund at the same time that benefits are being used or subsequently contributes a sum or sums, the entitlement charges will not be recomputed. Thus, if the monthly rate arrived at by applying the formula is determined to be $150 at the time a benefit program for correspondence training is computed, the individual will be charged 1 month of entitlement for each $150 paid. If a different monthly rate is computed at the time of a subsequent payment for such training, no adjustment will be made in the entitlement charged for the previous payment(s) even though the value of each month's entitlement may vary from payment to payment.

(d) Apprenticeship or other on-job training. (1) The VA will determine the entitlement charge for a veteran in apprenticeship or other on-job training as stated in this paragraph.

(2) The entitlement charge will be--

(i) 75 percent of a month for those months for which the veteran's monthly payment is based upon 75 percent of the monthly benefit otherwise payable to him or her;

(ii) 55 percent of a month for those months for which the veteran's monthly payment is based upon 55 percent of the monthly benefit otherwise payable to him or her; and
(iii) 35 percent of a month for those months for which the veteran's monthly payment is based upon 35 percent of the monthly benefit otherwise payable to him or her.

(3) The charge against the veteran's entitlement will be prorated if
(i) The veteran enrollment period ends in the middle of a month,
(ii) The veteran's monthly rate is reduced in the middle of a month, or
(iii) The veteran's monthly payment is reduced because he or she worked less than 120 hours during the month. In this instance the number of hours worked will be rounded to the nearest multiple of eight, and the entitlement charge will be reduced proportionately.

(e) Cooperative training. VA will make a charge against entitlement of 80 percent of a month for each month for which a veteran is paid educational assistance allowance at the cooperative training rate as provided in § 21.5138(a). If the veteran is paid for a partial month of training, the entitlement charge will be prorated.

(f) Training while the veteran is incarcerated. If the veteran must be paid educational assistance allowance at a reduced rate because he or she is incarcerated as provided in § 21.5139 of this part, VA will make a charge against entitlement of one month for each amount of educational assistance allowance paid to the veteran which is the equivalent of one month's benefits as provided in § 21.5138 of this part for the appropriate type of training pursued.

(g) Tutorial assistance. If an individual is paid tutorial assistance as provided in § 21.5141 of this part, the following provisions will apply.
(1) There will be no charge to entitlement for the first $600 of tutorial assistance paid to an individual.
(2) VA will make a charge against the period of entitlement for each amount of tutorial assistance paid to the individual in excess of $600 that is equal to the amount of monthly educational assistance the individual is otherwise eligible to receive for full-time pursuit of a residence course as provided in § 21.5138(c) of this part. When the amount of tutorial assistance paid to the individual in excess of $600 is less than the amount of monthly educational assistance the individual is otherwise eligible to receive, the entitlement charge will be prorated.

(h) Flight training courses. (1) A charge against the period of entitlement for pursuit of a flight training course will be one month for each sum of money paid equivalent to the dollar value of a month of entitlement as determined under § 21.5138(a)(5)(viii). When this computation results in a period of time other than a full month, the charge will be prorated.
(2) If the individual is contributing to the fund at the same time that benefits are being used or subsequently contributes a sum or sums, the entitlement charges will not be recomputed. Thus, if the monthly rate arrived at under § 21.5138(a)(5)(viii) is $150 at the time educational assistance allowance is paid for a period of flight training, the individual will be charged one month of entitlement for each $150 paid. If a different monthly rate is computed at the time of a subsequent payment for such training, no adjustment will be made in the entitlement charged for the previous payment(s) even though the value of each month's entitlement may vary from payment to payment.
(i) Entitlement charge may be omitted for course discontinuance (Persian Gulf War). VA will make no charge against the entitlement of a servicemember or veteran for a payment of educational assistance allowance when--
(1) A veteran not serving on active duty had to discontinue course pursuit as a result of being ordered, in connection with the Persian Gulf War, to serve on active duty under section 672 (a), (d), or (g), 673, 673b, or 688 of title 10; or (2) A servicemember serving on active duty had to discontinue course pursuit as a result of being ordered, in connection with the Persian Gulf War, to a new duty location or assignment or to perform an increased amount of work; and (3) The veteran or servicemember failed to receive credit or lost training time toward completion of his or her educational, professional or vocational objective as a result of having to discontinue course pursuit, as described in paragraphs (i)(1) or (i)(2) of this section.

§ 21.5076 Entitlement charge -- overpayment cases.

(a) Overpayment cases. VA will make a charge against an individual's entitlement of an overpayment of educational assistance allowance only if: (1) The overpayment is discharged in bankruptcy; or (2) VA waives the overpayment and does not recover it; or (3) The overpayment is compromised. (Authority: 38 U.S.C. 3231)

(b) Debt discharged in bankruptcy or is waived. If the overpayment is discharged in bankruptcy or is waived and is not recovered, the entitlement charge will be at the appropriate rate for the elapsed period covered by the overpayment (exclusive of interest, administrative costs of collection, court costs and marshal fees). (Authority: 38 U.S.C. 3231; Pub. L. 94-502)

(c) Overpayment is compromised. (1) If the overpayment is compromised and the compromise offer is less than the amount of interest, administrative costs of collection, court costs and marshal fees, the charge against entitlement will be at the appropriate rate for the elapsed period covered by the overpayment (exclusive of interest, administrative costs of collection, court costs and marshal fees). (2) If the overpayment is compromised and compromise offer is equal to or greater than the amount of interest, administrative costs of collection, court costs and marshal fees, the charge against entitlement will be determined by-- (i) Subtracting from the sum paid in the compromise offer the amount attributable to interest, administrative costs of collection, court costs and marshal fees. (ii) Subtracting the remaining amount of the overpayment balance determined in paragraph (c)(2)(i) of this section from the amount of the original overpayment (exclusive of interest, administrative costs of collection, court costs and marshal fees), (iii) Dividing the result obtained in paragraph (c)(2)(ii) of this section by the amount of the original debt (exclusive of interest, administrative costs of collection, court costs and marshal fees), and
(iv) Multiplying the percentage obtained in paragraph (c)(2)(iii) of this section by the amount of the entitlement otherwise chargeable for the period of the original overpayment.

(38 U.S.C. 3231)

§ 21.5078 Interruption to conserve entitlement.

(a) Interruption to conserve entitlement generally prohibited. No one may interrupt a certified period of enrollment for the purpose of conserving entitlement. A school may not certify a period of enrollment for a fractional part of the normal term, quarter or semester if the individual actually is enrolled and is pursuing his or her program of education for the entire term, quarter or semester.

(b) Exceptions. The Department of Veterans Affairs will charge entitlement for the entire period of enrollment certified if the individual otherwise is eligible for benefits, except when benefits are interrupted under any of the following conditions:

(1) Enrollment actually is terminated.

(2) Enrollment is canceled and the individual has not negotiated an educational benefits check for any part of the certified period of enrollment.

(3) The individual:

(i) Interrupts his or her enrollment at the scheduled end of any term, quarter, semester or school year within the certified period of enrollment; and

(ii) Has not negotiated any check for educational benefits for the succeeding term, quarter, semester or school year.

(2) The following sections apply to this portion of the pilot program with amendments as noted:

(i) In § 21.5022 the entitlement used by the spouse or child counts toward the 48-month limitation on receiving benefits under more than one program which is imposed on the individual.

(Sec. 903, Pub. L. 96-342, 94 Stat. 1115)

§ 21.5296 Extended period of eligibility.

(a) General. A veteran shall be granted an extension of the applicable delimiting period, as otherwise determined by §21.5041 provided--

(1) The veteran applies for an extension.

(2) The veteran was prevented from initiating or completing the chosen program of education within the otherwise applicable delimiting period because of a physical or mental disability that did not result from the willful misconduct of the veteran. VA will not consider the disabling effects of chronic alcoholism to be the result of willful misconduct.

(b) Application. (1) Only the veteran may apply for an extended period of eligibility pursuant to this section. A spouse or child to whom entitlement may be or has been transferred may not apply for, nor receive, an extension based upon disability of either the veteran or the spouse or child.

(2) The veteran must apply for the extended period of eligibility in time for VA to receive the application by the later of the following dates:

(i) One year from the last date of the delimiting period otherwise applicable to the veteran under §21.5041, or

(ii) One year from the termination date of the period of the veteran's mental or physical disability.

(3) No application for an extended period of eligibility should be submitted and none will be processed during any period when the veteran has transferred entitlement to a spouse or child, since eligibility cannot be fully determined as provided in paragraph (c)(4)(ii) of this section.

(c) Qualifying period of disability. A veteran's extended period of eligibility shall be based on the period of time that the veteran himself or herself was prevented by reason of physical or mental disability, not the result of the veteran's willful misconduct, from initiating or completing his or her chosen program of education. VA will not consider the disabling effects of chronic alcoholism to be the result of willful misconduct.

(1) Evidence must be presented which clearly establishes that the veteran's disability made pursuant of his or her program medically infeasible during the veteran's original period of eligibility as determined by §21.5041. A period of disability following the end of the original disability period will not be a basis for extension.

(2) VA will not consider a veteran who is disabled for a period of 30 days or less as having been prevented from enrolling or reenrolling in the chosen program of education or was forced to discontinue attendance, because of the short disability.

(3) Except as provided in paragraph (c)(4) of this section, a veteran's transfer of entitlement to a spouse or child during a period for which the veteran's disability
prevented his or her pursuit of a program of education will not affect the veteran's entitlement to an extension of eligibility under this section.

(4) Since the act of entitlement transfer to a spouse or child indicates that the veteran did not intend to personally use his or her educational assistance during the specified transfer period, a veteran who becomes disabled after transferring entitlement will not be entitled to an extended period of eligibility based on any period of the disability which coincides with the specified transfer period unless--

(i) The transferee or transferees did not use any entitlement during this period, and

(ii) The veteran can clearly demonstrate that, notwithstanding his or her decision to transfer entitlement, the veteran would have used the entitlement during all or part of the transfer period and was prevented from doing so solely by reason of his or her disability.

(d) Commencing date. The veteran shall elect the commencing date of an extended period of eligibility. The date chosen--

(1) Must be on or after the original date of expiration of eligibility as determined by §21.5041 of this part, and

(2) Must be on or before the 90th day following the date on which the veteran's application for an extension was approved by VA, if the veteran is training during the extended period of eligibility in a course not organized on a term, quarter or semester basis, or

(3) Must be on or before the first day of the first ordinary term, quarter or semester following the 90th day after the veteran's application for an extension was approved by VA if the veteran is training during the extended period of eligibility in a course organized on a term, quarter or semester basis.

(e) Determining the length of extended periods of eligibility. A veteran's extended period of eligibility shall be based on the qualifying period of disability, and determined as follows:

(1) If the veteran is in training in a course organized on a term, quarter or semester basis, his or her extended period of eligibility shall contain the same number of days as the number of days from the date during the veteran's original delimiting period that his or her training became medically infeasible to the earliest of the following dates:

(i) The commencing date of the ordinary term, quarter or semester following the day the veteran's training became medically feasible,

(ii) The veteran's delimiting date as determined by § 21.5041 of this part, or

(iii) The date the veteran resumed training.

(2) If the veteran is training in a course not organized on a term, quarter or semester basis, his or her extended period of eligibility shall contain the same number of days as the number of days from the date during the veteran's original delimiting period that his or her training became medically infeasible to the earliest of the following dates:

(i) The date the veteran's training became medically feasible, or

(ii) The veteran's delimiting date as determined by §21.5041 of this part.

(f) Discontinuance. If the veteran is pursuing a course on the date an extended period of eligibility expires (as determined under this section), VA will discontinue the educational assistance allowance effective the day before the end of the extended period of eligibility.
(g) No transfer of entitlement for use during the extended period of eligibility. (1) The veteran may only transfer entitlement to a spouse or child for use during the original period of eligibility as determined by § 21.5041 of this part.
(2) If the veteran has established an extended period of eligibility with VA, only the veteran may use remaining entitlement during that period.
(3) If the veteran transfers his or her entitlement after having received an extension of eligibility, but before the last day of the delimiting period as determined by § 21.5041 of this part, the eligibility of the spouse or child to use entitlement ends on the veteran's otherwise applicable delimiting date as determined by § 21.5041 of this part.

(1) VA shall determine the number of years, months and days in the veteran's qualifying period of service by subtracting the entry on duty date from the release from active duty date. Any deductible time under § 3.15 of this chapter (during the period of service on which eligibility is based) will be excluded from the calculation.

(2) VA shall convert the number of years determined in paragraph (a)(1) of this section to months by multiplying them by 12.

(3) VA shall convert the number of days determined in paragraph (a)(1) of this section to 0 months if there are 14 days or less, and to 1 month if there are more than 14 days.
(4) VA shall determine the number of total months by adding the number of months
determined in paragraph (a)(1) of this section (exclusive of years and days) to the number
of months determined in paragraph (a)(2) of this section, and the number of months in
paragraph (a)(3).
(5) VA shall multiply the number of total months in paragraph (a)(4) of this section

(h) Divorce. If entitlement has been transferred to the veteran's or servicemember's spouse, and the spouse is subsequently divorced from the veteran or servicemember, the spouse's award of educational assistance and subsistence allowance will end on the last date of attendance before the divorce decree becomes final. (Authority: 10 U.S.C. 2147(d))

(i) Revocation of transfer. If a veteran or servicemember revokes a transfer of entitlement, the spouse's or dependent child's award of educational assistance will end on the effective date of the revocation. See § 21.5743(e). (Authority: 10 U.S.C. 2147)

(j) Dependent child ceases to be dependent: veteran or servicemember living. If a veteran or servicemember is living and has transferred entitlement to his or her dependent child who is not incapable of self support due to physical or mental incapacity, VA will discontinue the dependent child's award of educational assistance and subsistence allowance whenever the child does not meet the definition of a dependent child found in § 21.5720(c). The effective date of discontinuance is the earliest of the following:

(1) The child's 21st birthday, if on that date --
   (i) The veteran or servicemember is not providing over one-half the child's support, or
   (ii) The child is not enrolled in a full-time course of study in an institution of higher learning approved by the Secretary of Defense or the Secretary of Education, as the case may be;

(2) The date, following the child's 21st birthday, on which the veteran or servicemember stops providing over one-half the child's support;

(4) The child's 23rd birthday;

(5) the date the child marries. (Authority: 10 U.S.C. 2147(d))

(k) Dependent child ceases to be dependent: veteran or servicemember deceased. If a veteran or servicemember is deceased and his or her dependent child is not incapable of self support due to physical or mental incapacity, VA will discontinue the dependent child's award of educational assistance whenever the child does not meet the definition of a dependent child found in § 21.5720(c). The effective date of discontinuance is the earliest of the following:

(1) The day after the child's 21st birthday, if on that date the child is not enrolled in a full-time course of study in an institution of higher learning approved by the Secretary of Defense or the Secretary of Education, as the case may be;

(a) Educational assistance. If an individual receives educational assistance but the educational assistance must be discontinued according to § 21.5835, the amount of educational assistance attributable to the portion of the term, quarter or semester following the effective date of discontinuance shall constitute a debt due the United States.

(1) The amount of the debt is equal to the product of--
(i) The number of days the individual was entitled to receive subsistence allowance during the enrollment period for which educational assistance was paid, divided by the total number of days in that enrollment period, and
(ii) The amount of educational assistance provided for that enrollment period.
(2) Nothing in this method of calculation shall change the fact that the number of months of educational assistance to which the individual remains entitled shall always be the same as the number of months of subsistence allowance to which the individual is entitled.
(Authority: 10 U.S.C. 2143)

(b) Subsistence allowance. If an individual receives subsistence allowance under any of the following conditions, the amount of that subsistence allowance shall constitute a debt due the United States unless the debt is waived as provided by §§ 1.955 through 1.970 of this chapter.

(1) Subsistence allowance received for courses pursued while on active duty;

(10 U.S.C. 2144)
MEASUREMENT OF COURSES

§ 21.5870 Measurement of courses.

(a) Credit hour measurement: undergraduate, standard term. An individual who enrolls in a standard quarter or semester for 12 undergraduate credit hours is a full-time student. An individual who enrolls in a standard quarter or semester for less than 12 undergraduate credit hours is a part-time student.
(Authority: 10 U.S.C. 2144(c))

(b) Credit hour measurement: Undergraduate, nonstandard term. (1) If an individual enrolls in a nonstandard term, quarter or semester, and the school measures the course on a credit-hour basis, VA will determine whether that individual is a full-time student by--
   (i) Multiplying the credits earned in the term by 18 if credit is granted in semester hours, or by 12 if credit is granted in quarter hours, and
   (ii) Dividing the product by the number of whole weeks in the term.
   (2) In determining whole weeks VA will--
      (i) Divide the number of days in the term by 7;
      (ii) Disregard a remainder of 3 days or less, and
      (iii) Consider 4 days or more to be a whole week.
   (3) If the number obtained by using the formula in paragraphs (b)(1) and (2) of this section is 12 or more, the individual is a full-time student. If that number is less than 12, the individual is a part-time student.
   (c) Credit hour measurement: graduate. (1) If it is the established policy of a school to consider less than 12 credit hours to be full-time for graduate students, VA will accept the statement of a responsible school official as to whether the student is a full-time or part-time student. If the school does not have such a policy, VA will measure the student's enrollment according to the provisions of paragraphs (a) and (b) of this section.
   (2) VA will measure undergraduate courses required by the school according to the provisions of paragraphs (a) and (b) of this section, even though the individual is enrolled as a graduate student. If the individual is taking both graduate and undergraduate courses, the school will report the credit-hour equivalent of the graduate work. VA will first measure the undergraduate courses according to the provisions of paragraphs (a) and (b) of this section and combine the result with the credit-hour equivalent of the graduate work in order to determine the extent of training.
   (d) Clock hour measurement. (1) If an individual enrolls in a course measured in clock hours and shop practice is an integral part of the course, he or she is a full-time student when enrolled in 22 clock hours or more per week with not more than a 2 1/2 hour rest period allowance per week. For all other enrollments the individual is a part-time student. VA will exclude supervised study in determining the number of clock hours in which the individual is enrolled.
   (2) If an individual enrolls in a course measured in clock hours and theory and class instruction predominate in the course, he or she is a full-time student enrolled in 18 clock hours or more per week. He or she is a part-time student when enrolled in less than 18 clock hours per week. Customary intervals not to exceed 10 minutes between classes will be included in measuring net instruction. Shop practice, rest periods, and supervised
study are excluded. Supervised instruction periods in schools' shops and the time involved in field trips and individual and group instruction may be included in computing the clock hour requirements.

[55 FR 17271, Apr. 24, 1990]

§ 21.6005 Definitions.

(a) Temporary program. The term temporary program means the program of vocational training for certain pension recipients authorized by section 1524, chapter 15, title 38 U.S.C.

(1) A veteran awarded disability pension during the program period; or

(2) A veteran who was awarded disability pension prior to the beginning of the program period on February 1, 1985, has been continuously in receipt of pension since that time, and is in receipt of pension on the date his or her claim for assistance under the vocational training program is received by VA.

(d) Program participant. The term program participant means a qualified veteran as defined in paragraph (c) of this section who, following an evaluation in which VA finds achievement of a vocational goal is reasonably feasible for the veteran, elects to participate in a vocational training program.

(e) Vocational training program. The term vocational training program means vocationally oriented services and assistance of the kind provided under chapter 31 of the title 38 U.S.C. and such other services and assistance of the kind provided under that chapter as are necessary to enable the veteran to prepare for, and participate in, vocational training or employment.

(f) Employment assistance. The term employment assistance means employment counseling and placement and postplacement services, and personal and work adjustment training.
(Authority: 38 U.S.C. 1524(b)(3))
(g) Program of employment services. The term program of employment services is used when the veteran's entire program is limited to employment assistance as that term is defined in paragraph (f) of this section.
(Authority: 38 U.S.C. 1524(b)(4))
(h) Job development. The term job development means comprehensive professional services to assist the individual veteran to actually obtain a suitable job, and not simply the solicitation of jobs on behalf of the veteran.

(Authority: 38 U.S.C. 1524(B)(2)(A))
(b) Applicable chapter 31 rules--general. The rules and procedures in force for administration of the chapter 31 program (§ 21.1-§ 21.430) are deemed to be applicable to administration of this program in so far as their use shall not conflict with 38 U.S.C. 1524 or the rules under this subpart. Where a particular grouping of chapter 31 rules are generally applicable, without modification, the rules under this subpart will be deemed to incorporate the chapter 31 rules. The chapter 31 rules may be read as written, but terms such as chapter 31 and service-connected disability shall be understood to read chapter 15 and disabilities whenever used. References in the chapter 31 rules to benefits (subsistence allowances, loans) or eligibility (dependents, service-connection, serious employment handicap) are to be considered inapplicable to this program and do not confer benefits or rights not provided by 38 U.S.C. 1524.
§ 21.6015 Claims and elections.
(a) Claims by veterans under age 45 for whom participation in an evaluation is required. A veteran under age 45 who is awarded pension during the program period will be scheduled for an evaluation to determine whether achievement of a vocational goal is reasonably feasible, unless it is determined that the veteran is unable to participate in an evaluation for reasons beyond his or her control. If VA, as a result of the evaluation, determines that achievement of a vocational goal is reasonably feasible, the veteran may elect to pursue a vocational training program. To make this election, the veteran must file a claim, in a form prescribed by VA, for services under this temporary program. (Authority: 38 U.S.C. 1524(b); Pub. L. 100-687, Pub. L. 100-687, Pub. L. 101-237)
(b) Claims by qualified veterans for whom participation in an evaluation is not required. Qualified veterans in the following categories will be provided an evaluation if they request assistance under the temporary program, and are found to have good employment potential. These veterans include:
(1) Veterans age 45 and more who are awarded pension during the program period;
(2) Veterans awarded pension prior to the beginning of the program period on February 1, 1985, who meet the conditions contained in § 21.6005(c) of this part. (Authority: 38 U.S.C. 1524(b), Pub. L. 100-687, Pub. L. 101-237).
(c) Filing a claim. A veteran in one of the categories identified in paragraph (b) of this section must file a claim in the form prescribed by VA in order to be considered for an evaluation of his or her ability to achieve a vocational goal through participation in this temporary program. The veteran's claim is considered a request for both the evaluation, and if achievement of a vocational goal is found reasonably feasible, for participation in the vocational training program. (Authority: 38 U.S.C. 1524, Pub. L. 100-687)
(d) Claims following failure to timely pursue a vocational training program. (1) If a veteran for whom achievement of a vocational goal is found reasonably feasible does not undertake a vocational training program within the time limits specified in § 21.32, he or she must file an original or reopened claim, as appropriate, in a form prescribed by VA in order to be considered for such services to determine if achievement of the previous vocational goal or a new vocational goal is reasonably feasible.
(2) If a veteran has been placed in discontinued case status by the VA, he or she must file a new claim in a form prescribed by the VA to reopen the case. (Authority: 38 U.S.C. 1524(b))
(e) Informal claims. Informal claims shall be governed by § 21.31 of this part. (Authority: 38 U.S.C. 1524(a))

(c) Prior training under VA programs. If a veteran has pursued an educational or training program under chapter 30, 32, 34 or 35, or a vocational rehabilitation program under chapter 31, the training received in the earlier program shall be considered, to the extent feasible, in determining the character and duration of the services to be furnished under this program.

(Authority: 38 U.S.C. 1524(b)(1))

(d) Other prior training. If a veteran has pursued other significant training under non-VA programs or on his or her own, such training will be considered in determining the character and duration of services to be furnished.

(Authority: 38 U.S.C. 1524(b)(1))

§ 21.6040 Eligibility for vocational training and employment assistance.

(a) Basic eligibility requirements. A veteran may be provided vocational training, employment assistance and related services to achieve a vocational goal under this program, if the following basic requirements are met:

(Authority: 38 U.S.C. 1524(b)(3))

(iii) Does not require a vocational training program because VA determines as a result of an evaluation that he or she already possesses the training necessary for suitable employment and is able to achieve a vocational goal without further training; and

(Authority: 38 U.S.C. 1524(b)(2))

(iv) Has been a prior participant in a vocational training program, is currently employable, but needs employment assistance to obtain employment in a suitable occupation.

(Authority: 38 U.S.C. 1524(b)(2))

(3) The 18-month period of employment services allowed under this section shall begin upon the date that a veteran under paragraph (b)(2)(i) of this section completes the vocational training program or in the case of a veteran under paragraphs (b)(2)(ii), (iii),
and (iv) of this section is found to be employable. If a veteran has been provided such services and obtains suitable employment, but is later found to require additional services of this kind, the veteran may be provided such additional services during any portion of the original 18-month period remaining.

(Authority: 38 U.S.C. 1524(b); Pub. L. 100-687).

(c) Eligibility if pension is terminated. A qualified veteran for whom a program of vocational training has been found reasonably feasible shall remain eligible for the temporary program, subject to the rules of this subpart and section 1524 of 38 U.S.C. ch. 15, even if his or her pension award is subsequently terminated, except when the veteran's award of VA pension was the result of fraud or administrative error.

(38 U.S.C. 1524(a); Pub. L. 100-687).

§ 21.6042 Entry, reentry and completion.

(a) Dates of entry. A veteran found eligible under the provisions of § 21.6040 of this part may not begin pursuit of a vocational training program before February 1, 1985, or later than December 31, 1992, except under the following circumstances:

See § 21.6056.
(b) Evaluating other qualified veterans. An evaluation shall be accorded each qualified veteran as described in § 21.6005(c) of this part who seeks to become a program participant provided VA first determines the veteran has good potential for achieving employment. Failure to choose to participate in an evaluation shall have no adverse effect upon the veteran's continued receipt of pension under § 3.342 of this chapter.
(Authority: 38 U.S.C. 1524(a)(2); Pub. L. 100-687)
(c) Notice to eligible veteran. The notice will inform the veteran of the provisions of this temporary program, the conditions under which participation in an evaluation is required, and the consequences of nonparticipation.
(2) A qualified veteran age 45 or older awarded pension during the program period will be informed of the provisions of this temporary program and the procedure for requesting an evaluation.

(Authority: 38 U.S.C. 1524(a); Pub. L. 100-687, Pub. L. 202-237)
(f) Limitation on the number of evaluations. Notwithstanding the provisions of paragraphs (a) through (e) of this section, the number of evaluations which may be provided under this temporary program is subject to the limitations contained in § 21.6059 of this part.

(38 U.S.C. 1524(a)(3))

(38 U.S.C. 1524(b))

§ 21.6054 Criteria for determining good employment potential.

(a) Determining good employment potential. Before scheduling an evaluation of feasibility to pursue a vocational goal for a qualified veteran under § 21.6005(c)(2), VA will first determine whether the veteran has good potential for achieving employment if provided a vocational training or employment program. This determination shall be made on the basis of the information of record, including information submitted by the veteran at the time of the veteran's request to participate in this temporary program.

(Authority: 38 U.S.C. 1524(a)(2); Pub. L. 100-687).

(b) Criteria. The criteria contained in paragraphs (c) and (d) of this section are to be applied by Vocational Rehabilitation and Employment professional staff members to determine whether information of record supports a determination that a veteran age 50 or older has good potential for employment. Any reasonable doubt shall be resolved in the veteran's favor.

(c) Indicators of good potential for employment. Indicators of good potential for employment include one or more of the following:
(1) A period of stable employment prior to the onset of disability.
(2) Strong motivation to return to the work force.
(3) Successful pursuit of education or training.
(4) Cooperation in treatment of disabling conditions.
(5) Stabilization of medical conditions or substance abuse problems.
(6) Participation in therapeutic work programs.
(7) Evidence of recent sustained job-seeking.
(Authority: 38 U.S.C. 1524(b)(1))

(d) Contraindications of good potential for employment. Contraindications of good potential for employment include one or more of the following:
(1) A lifelong history of unstable employment with long periods of employment before the onset of disability.
(2) Being out of the labor market for five years or more preceding the evaluation.
(3) Unsuccessful pursuit of education or training.
(4) Noncooperation in the treatment of disability.
(5) Need for an additional period of medical care or treatment before training would be feasible.
(6) Nonparticipation in prescribed or recommended therapeutic work programs.
(7) Failure of previous vocational rehabilitation programs to achieve employability.
(Authority: 38 U.S.C. 1524(a)(2))

(e) Negative determinations. If VA does not find good employment potential, VA will notify the veteran that he or she is not eligible to receive an evaluation. Since this finding will preclude program participation, the veteran will be informed of his or her appellate rights as described in § 21.59 of this part.
(1) If the determination cannot be made on the evidence of record, VA shall advise the veteran and may provide him or her with an opportunity to submit additional information within a reasonable time.
(2) A veteran's disagreement with a negative finding shall be considered evidence of motivation for employment, and may, when considered in relation to other information, provide a basis for finding that good employment potential exists;
(3) If the final VA determination, following a review of a contested negative finding, is that good potential for achieving employment does not exist, a personal interview will be scheduled, and the reasons for VA's determination shall be discussed with the veteran.

(38 U.S.C. 1524(a)(2))

§ 21.6056 Cooperation of the veteran in an evaluation.
(a) Cooperation of the veteran. The cooperation of the veteran is essential to a successful evaluation. The purpose of the evaluation and the steps in the process shall be explained to the veteran, and the importance of his or her cooperation shall be stressed. If the veteran does not cooperate in the initiation or completion of the evaluation, the counseling psychologist shall make a reasonable effort through counseling to secure the veteran's cooperation.
(Authority: 38 U.S.C. 1524(a)(3))
(b) Consequences of noncooperation when evaluation is required. If the veteran fails to report for or cooperate in a required evaluation and the counseling psychologist has made a reasonable effort to secure his or her participation, VA shall take appropriate action, including discontinuance of the evaluation under the provisions of § 21.364 of this part. If the veteran's case is discontinued under § 21.364 of this part, the Veterans Service Center will be notified. The Veterans Service Center also will be informed if the reason for discontinuance is subsequently removed and the evaluation process is resumed.  
(Authority: 38 U.S.C. 1524(a)(1))

(c) Consequences of noncooperation when evaluation is not required. If the veteran fails to report for or cooperate in an optional evaluation and the counseling psychologist has made a reasonable effort to secure the veteran's participation, VA shall take appropriate action, including discontinuance of the evaluation under the provisions of § 21.364 of this part. The evaluation may be resumed if the reason for the discontinuance is removed and the veteran is otherwise eligible.  

§ 21.6058 Consequences of evaluation.
(a) Eligible veteran may choose to participate. If VA finds, based on the evaluation, that achievement of a vocational goal by the veteran is reasonably feasible, the veteran shall be offered and may elect to pursue a vocational training program. If the veteran elects to pursue such a program, the program shall be designed in consultation with the veteran in order to meet the veteran's individual needs, and shall be set forth in an Individualized Written Rehabilitation Plan (IWRP) under the provisions of § 21.84 of this part or an Individualized Employment Assistance Plan (IEAP) under § 21.88 of this part.  
(Authority: 38 U.S.C. 1524(b)(1))

(b) Veteran ineligible to participate. A veteran for whom achievement of a vocational goal is not found reasonably feasible shall be notified of this finding and be informed of his or her appellate rights as described in § 21.59 of this part. The veteran shall be provided the assistance described in § 21.50(b)(9) of this part.  

§ 21.6059 Limitations on the number of evaluations.
(a) Number of evaluations. No more than 3,500 evaluations of the reasonable feasibility of achieving a vocational goal may be given during any 12-month period, beginning on February 1, 1985, and each subsequent February 1 during the program period.  
(Authority: 38 U.S.C. 1524(a)(3); Pub. L. 100-227)

(b) Cases counted as evaluation. An evaluation is deemed to be countable against the 3,500 limit permitted during each 12-month period when the following conditions are met:
(1) The veteran is provided one or more personal interviews by a counseling psychologist; and
(2) A determination of the reasonable feasibility of achieving a vocational goal is made by the counseling psychologist.
(Authority: 38 U.S.C. 1524(a)(3); Pub. L. 100-227)
(c) Cases not counted as evaluations. Computation of the number of evaluations which may be provided in a 12-month period shall exclude cases in which:
(1) The veteran under age 45 awarded pension during the program period is unable to participate for reasons beyond his or her control;
(2) Review of available information does not indicate a good potential for employment of other qualified veterans.
(3) The veteran either fails to keep a scheduled appointment to complete the evaluation or withdraws the claim for an evaluation, or
(4) The veteran who has completed an evaluation requires or requests a reevaluation.
(d) Priority. If a veteran below age 45 for whom an evaluation is required cannot be provided an evaluation during a particular 12-month period because of the limitation on the number of evaluations, the veteran will be given first priority for evaluation during the following 12-month period, or first available subsequent 12-month period, if otherwise eligible.

SERVICES AND ASSISTANCE TO PROGRAM PARTICIPANTS

§ 21.6060 Services and assistance.

§ 21.6060 Services and assistance.
(a) General. VA may provide to program participants:
(1) Vocationally oriented services and assistance of the kind provided veterans under chapter 31, title 38 U.S.C.;
(2) Employment assistance during the 18 month period following completion of a vocational training program, including:
(i) Educational, vocational, psychological, employment and personal adjustment counseling;
(ii) Placement services to effect suitable placement in employment, and post-placement services to attempt to insure satisfactory adjustment in employment; and
(iii) Personal adjustment and work adjustment training.
(Authority: 38 U.S.C. 1524(b))
(3) Such other services and assistance of the kind provided veterans under chapter 31, except as provided in paragraph (b) of this section, as are necessary to enable the veteran to prepare for, and participate in, vocational training or employment.
(b) Services and assistance not provided. VA will not provide to a participant under this program any:
(1) Loan;
(2) Subsistence allowance;
(3) Automobile adaptive equipment of the kind provided eligible veterans under 38 U.S.C., chapter 39 or chapter 31;
(4) Training at an institution of higher learning in a program of education that is not predominantly vocational in content;
(5) Employment adjustment allowance;
(6) Room and board in a special rehabilitation facility for a period in excess of 30 days;
(7) Independent living services, except those which are indispensable to the pursuit of the vocational training program during the period of rehabilitation to the point of employability under § 21.6160 of this part; or
(8) Period of extended evaluation under 38 U.S.C. 3106(e).

(38 U.S.C. 1524(b))
DURATION OF TRAINING

§ 21.6070 Basic duration of a vocational training program.
§ 21.6072 Extending the duration of a vocational training program.
§ 21.6074 Computing the period of vocational training program participation.

§ 21.6070 Basic duration of a vocational training program.
(a) Basic duration of a vocational training program. The duration of a vocational training program may not exceed 24 calendar months of full-time training except as provided in § 21.6072 of this part.
(Authority: 38 U.S.C. 1524(b)(2))
(b) Responsibility for estimating the duration of a vocational training program. The counseling psychologist is responsible for estimating the time needed by the veteran to complete a vocational training program. The estimate is made in consultation with the veteran and the vocational rehabilitation specialist during the preparation of the IWRP.
(Authority: 38 U.S.C. 1524(b)(1))
(c) Duration of training prescribed must meet general requirements for entry into the occupation selected. The veterans will be provided training for a period sufficient for the veteran to reach the level generally recognized as necessary for entry into employment in a suitable occupational objective. Where a particular degree, diploma or certificate is generally necessary for entry into employment, the veteran may be trained to that level.
(Authority: 38 U.S.C. 1524(b))
(d) When duration of the training period may be expanded beyond the entry level. If the amount of training the particular veteran needs in order to qualify for employment in a particular occupation will exceed the amount generally needed for employment in that occupation, VA may provide the necessary additional training under one or more of the following conditions:
(1) Training requirements for employment in the area in which the veteran lives or will seek employment exceed those generally needed for employment;
(2) The veteran is preparing for a type of work in which he or she will be at a definite disadvantage in competing with nondisabled persons for a job or business, and the additional training will offset the competitive disadvantage;
(3) The choice of a feasible occupation is limited and additional training will enhance the veteran's employability in one of the feasible occupations; or
(4) The number of employment opportunities within a feasible occupation is restricted.
(Authority: 38 U.S.C. 1524(b)(2))
(e) Estimating the duration of the training period needed. The counseling psychologist, in estimating duration of the training period needed, must determine that:
(1) The proposed vocational training program must be one which, when pursued full-time by a nondisabled person, would not normally require more than 24 calendar months of pursuit for successful completion;
(2) The program of training and other services needed by the veteran, based upon VA's evaluation, will not exceed 24 calendar months, if training is pursued on a full-time basis, or 36 calendar months if pursued on a less than full-time basis. In making this determination the following criteria will be applied:
(i) The number of actual months and days of the period during which the veteran will pursue the training program will be counted;
(ii) Days of authorized leave and other periods during which the veteran will not be pursuing training, such as periods between terms will also be counted;
(iii) The period of evaluation prior to determination of reasonable feasibility will be excluded but the actual number of months and days needed to evaluate and improve rehabilitation potential during the training program will be included;
(iv) The time required, as determined in months and days under paragraph (e)(2)(i) through (iii) of this section, will be the total period that would be required for the veteran to accomplish the vocational program under consideration;
(v) If the total period the veteran requires exceeds 24 calendar months, when pursued on a full-time basis, and an extension of the basic training period may not be approved under § 21.6072 of this part, another suitable vocational goal must be selected for which training can be completed within that period.
(3) If the veteran's vocational training program would require more than 36 calendar months when pursued on a less than full-time basis, the program must be reevaluated to select a vocational goal for which a suitable vocational training program can be completed within that period.
(Authority: 38 U.S.C. 1524(b)(2))

(f) Effect of change in the vocational goal on duration of training period. The veteran's vocational goal may be changed during the program in accordance with § 21.94 (a) through (d) of this part. The extent to which such changes may be made is limited by the following considerations:
(1) A change of the vocational goal from one field or occupational family to another field or occupational family may only be approved before the end of the first 24 months of training, whether training is pursued on a full-time or a less than full-time basis; and
(2) A change from one occupational objective to another within the same field or occupational family shall not be considered a change in the vocational goal identified in the veteran's IWRP.

(38 U.S.C. 1524(b)(2))

§ 21.6072 Extending the duration of a vocational training program.
(a) Extension of the duration of a vocational training program. An extension of a vocational training program as formulated in the IWRP may only be approved to enable the veteran to achieve a vocational goal identified before the end of the first 24 calendar months of the program.
(Authority: 38 U.S.C. 1524(b)(2))

(b) Maximum number of months for which a program for new participants may be approved. If a veteran had never participated in this temporary program of vocational training, the originally planned period of training may be extended to a total period consisting of the number of months necessary to attain the vocational goal, but in no case will a program be extended for:
(1) More than 24 calendar months beyond the originally planned period; or
(2) A period which, when added to the originally planned period, totals more than 48 months, as provided in § 21.6074(c) of this part.
(Authority: 38 U.S.C. 1524(b))

(c) Maximum number of months by which a program may be extended for prior participants in the temporary program. (1) A veteran who has previously participated in this program, but who was not rehabilitated to the point of employability, may be provided additional training under this program to complete the prior vocational goal or a different vocational goal, subject to the same provisions as apply to new participants; (2) If a finding of prior rehabilitation to the point of employability is set aside to enable a veteran to pursue a program of on-job training or work experience, including the provision of employer incentives under § 21.256 of this part, the number of months for which assistance may be authorized under this program shall be established as provided in § 21.256 of this part to the extent consistent with the rules of this section; (3) If the determination of rehabilitation to the point of employability has been set aside under § 21.6284 (a) or (b) of this part, additional training may be provided subject to the same provisions as apply to new participants.

(Authority: 38 U.S.C. 1524(b))

(d) Who may authorize an extension to a vocational training program. (1) The Vocational Rehabilitation Specialist (VRS) may authorize an extension of up to 3 calendar months of full-time or up to 6 calendar months of less than full-time training to the period of an existing vocational training program, if the VRS determines that the additional time is needed to successfully complete training and the following conditions are met: (i) The veteran is in rehabilitation to the point of employability status under § 21.190 of this part; (ii) The veteran has completed more than half of the prescribed training; (iii) The veteran is making satisfactory progress; (iv) The extension is necessary to complete training; (v) Training can be completed with 3 months of full-time training or not more than 6 calendar months of less than full-time training; and (vi) The extension plus the original program period will not result in a program of vocational training greater than 36 total calendar months; (2) The counseling psychologist may approve any other extensions of the vocational training program, except as provided in paragraph (d)(3) of this section, if it is determined that the additional time is needed and the conditions for extension under paragraphs (a) and (b) of this section are met; (3) The VR&E Officer must also concur in an extension of the vocational training program beyond 24 months when paragraphs (a) through (c) of this section are met. [53 FR 4397, Feb. 16, 1988]

(38 U.S.C. 1524(b)(2))

§ 21.6074 Computing the period of vocational training program participation.
(a) Computing the participation period. The number of months and days used in a vocational training program shall be computed on the basis of calendar months and days during which the program participant is receiving services under the plan developed in accordance with § 21.6080 of this part, whether training is pursued on a full-time or less than full-time basis. Leaves of absence during a period of instruction and periods in which the veteran does not pursue actual training, such as breaks between periods of instruction, are included.

(b) Period of employment services separate. The period during which employment services may be provided pursuant to §21.6040(b) of this part is not included in computing the period used for vocational training under this program.

(Authority: 38 U.S.C. 1524(b))

(c) Limitations. (1) A program participant may receive the services necessary to carry out the vocational training program during a maximum period of 48 months. The 48-month period begins to run on the day the veteran begins to receive the services needed to carry out the vocational training program as specified in the IWRP, and ends 48 months from that date.

(2) Employment services which begin before the end of the 48-month period may be continued for the period specified in the IEAP, or may be provided after the end of the 48 month period if so specified in the IWRP or IEAP, subject to the provisions of §21.6040(b) of this part.

(38 U.S.C. 1524(b)(2), (3))
§ 21.6080 Requirement for an individualized written rehabilitation or employment assistance plan.
§ 21.6082 Completing the plan.

§ 21.6080 Requirement for an individualized written rehabilitation or employment assistance plan.

(a) General. An Individualized Written Rehabilitation Plan (IWRP) and/or Individualized Employment Assistance Plan (IEAP) will be developed for each program participant for services under 38 U.S.C. 1524. These plans shall be developed in the same manner as for chapter 31 purposes. See §§ 21.80, 21.84, 21.88, 21.90, 21.92, 21.94 (a) through (d), 21.96 and 21.98.

(Authority: 38 U.S.C. 1524(b)(2))

(b) Selecting the type of training to include in the plan. The use of on-job training, including non-pay training, a combination of on-job and institutional training, or institutional training to accomplish the goals of the program should be explored in each case. On-job training, or a combination of on-job and institutional training, should generally be used:

(1) When these options are available;
(2) When these options are as suitable as institutional training for accomplishing the goals of the program; and
(3) The veteran agrees that such training will meet his or her needs.

(Authority: 38 U.S.C. 1524(b))

(c) Changes in the plan. Any change amending the duration of a veteran's plan is subject to provisions governing duration of a vocational training program described in § 21.6070 and § 21.6072 of this part.

(Authority: 38 U.S.C. 1524(b)(1))

(d) Change in the vocational goal after 24 months of training. If a veteran seeks to change the vocational goal after receipt of 24 months of training and the change is not permitted under § 21.6070(f) of this part, the counseling psychologist shall inform the veteran that:

(1) No change of goal may be authorized but training for the vocational goal previously established may be continued, if it is still reasonably feasible for the veteran to pursue the training under appropriate extensions of the program pursuant to § 21.6072 of this part;
(2) If the veteran elects to terminate the planned vocational training program, he or she shall be provided assistance, to the extent provided under § 21.80(d) of this part, in identifying other resources through which the training desired may be secured;
(3) If the veteran disagrees with the decision, the veteran's case shall be considered under the provisions of § 21.98 of this part.

(38 U.S.C. 1524(b)(2))

§ 21.6082 Completing the plan.

(a) Completing the plan. If the VA determines that the veteran is unable to complete the program within the time limits of the plan after training has begun and the conditions for
extension are not met, the long-range vocational goal of the veteran must be reevaluated, and another vocational goal selected which can be completed within the limits prescribed in § 21.6054 and § 21.6072 of this part.

(Authority: 38 U.S.C. 1524(b)(1))

(b) Employment assistance when training is not completed under 38 U.S.C. chapter 15. A plan for employment assistance may be implemented under § 21.6040(b) of this part even though the veteran's vocational training program has not been, or will not be, completed under this temporary program, provided the other requirements for participation in the program are met.

§ 21.6100 Counseling.

§ 21.6100 Counseling.
General. EDUCATIONAL AND VOCATIONAL TRAINING SERVICES

§ 21.6120 Educational and vocational training services.

§ 21.6120 Educational and vocational training services.

(a) Purposes. Educational and vocational training services are to be provided to a veteran eligible for services and assistance under this temporary program to enable the veteran to:
(1) Become employable in the occupational objective established in an IWRP; and
(2) Receive incidental training necessary to achieve the employment objective established in an IEAP.

(Authority: 38 U.S.C. 1524(b)(1))

(b) Selection of courses. VA and the veteran will select vocationally oriented courses of study and training, completion of which usually results in a diploma, certificate, degree, qualification for licensure, or employment. The educational and training services to be provided include:
(1) Remedial, deficiency and refresher training; and
(2) Training which leads to a vocational objective. All of the forms of program pursuit presented in § 21.122 through § 21.132 of this part may be authorized. Education and training programs in institutions of higher learning are authorized provided the courses are part of a program which is predominantly vocational in content. The program of education and training shall be considered to be predominantly vocational in content if the majority of the instruction offered provides the technical skills and knowledge generally regarded as specific to, and required for, entry into the vocational goal approved for the veteran. Such education and training may generally be authorized at an undergraduate or advanced degree level. However the following are excluded:
(i) An associate degree program in which the content of the majority of the instruction provided is not vocationally oriented;
(ii) The first two years of a 4-year baccalaureate degree program;
(iii) The last two or more years of a 4-year baccalaureate degree program except in degree programs with majors in engineering, teaching, or other similar degree programs with vocational content which ordinarily lead directly to employment in an occupation that is usually available to persons holding such a degree; or
(iv) An advanced degree program, except for a degree program required for entry into the veteran's employment objective, such as a master's degree in social work.

(Authority: 38 U.S.C. 1524(b))

(c) Charges for education and training services. The cost of education and training services will be considered in selecting a facility when:
(1) There is more than one facility in the area in which the veteran resides which:
(i) Meets the requirements for approval under § 21.290 through § 21.299 of this part;
(ii) Can provide the education and training services and other supportive services specified in the veteran's plan; and
(iii) Is within reasonable commuting distance; or
(2) The veteran wishes to train at a suitable facility in another area, even though training can be provided at a suitable facility in the area in which the veteran resides. See §§ 21.120, 21.370, 21.372.

(Authority: 38 U.S.C. 1524(b)(2))
(d) Courses not available. If suitable educational and training courses are not available in the area in which the veteran resides, or if they are available but not accessible to the veteran, other arrangements may be made. Such arrangements may include, but are not limited to:
(1) Relocation of the veteran to another area in which necessary services are available, or
(2) Use of an individual instructor to provide necessary training as provided under §21.146 of this part.

(1) Evaluate rehabilitation potential;
(2) Provide a basis for planning:
   (i) A program of services and assistance to improve the veteran's potential for vocational rehabilitation; or
   (ii) A vocational training program; and
(3) Reevaluate the vocational training potential of a veteran participating in a rehabilitation program.
   (Authority: 38 U.S.C. 1524(a))
(b) Periods during which evaluation and improvement services may be provided. Services described in paragraph (d) of this section may be provided during:
(1) An evaluation or reevaluation;

(c) Duration of services. The duration of services needed to improve rehabilitation potential, furnished on a full-time basis either as a preliminary part of the period of rehabilitation to the point of employability or as the total program, may not exceed 9 months. If these services are furnished on a less than full-time basis the duration will be for the period necessary, but may not exceed the equivalent of 9 months of full-time training. See § 21.6310.
   (Authority: 38 U.S.C. 1524(b)(2))

§ 21.6160 Independent living services.

§ 21.6160 Independent living services.
(a) Services must be part of a vocational training program. Independent living services may be provided as part of a veteran's IWRP when such services are indispensable to the achievement of the vocational goal, but may not be provided as the sole program of rehabilitation for the veteran, since a vocational training program for the veteran must be found reasonably feasible before the IWRP is prepared.

(b) Independent living services which may be furnished under this program. The independent living services which may be furnished include:
(1) Training in independent living skills;
(2) Health management programs;
(3) Identification of appropriate housing accommodations; and
(4) Personal care service for a transitional period not to exceed two months.

(c) Coordination with other VA elements and other Federal, State, and local programs. Provision of independent living services and assistance will generally require extensive coordination with other VA and non-VA programs. The resources of VA medical centers shall be utilized as prescribed in § 21.6242 of this part. If appropriate arrangements cannot be made to provide these services through VA medical centers, other governmental and private nonprofit programs may be used to secure necessary services if the facility or individual providing services meets the requirements of § 21.294 of this part.

(d) Applicability of chapter 31 rules. Neither § 21.160 nor § 21.162 of this part are applicable to provision of independent living services under this program.

§ 21.7042 Basic eligibility requirements.

An individual must meet the requirements of this section, § 21.7044, or § 21.7045 in order to be eligible for basic educational assistance. This section requires an individual to complete certain academic requirements before applying for educational assistance. If the individual applies before completing those requirements, VA will disallow the application. In determining whether an individual has met the service requirements of this section, VA will exclude any period during which the individual is not entitled to credit for service for the periods of time specified in § 3.15.

(1) An individual who has established eligibility under paragraph (a) of this section through serving at least two years of continuous active duty of an obligated period of active duty of less than three years, as provided in paragraph (a)(2) of this section, may attempt to establish eligibility under paragraph (b) of this section through service in the Selected Reserve. If this veteran fails to establish eligibility under paragraph (b) of this section, he or she will retain eligibility established under paragraph (a) of this section.

(2) An individual must elect, in writing, whether he or she wishes service in the Selected Reserve to be credited towards establishing eligibility under 38 U.S.C. chapter 30 or under 10 U.S.C. chapter 1606 when:

(3) An election under this paragraph (d) to have Selected Reserve service credited towards eligibility for payment of educational assistance under 38 U.S.C. chapter 30 or under 10 U.S.C. chapter 1606 is irrevocable when the veteran either negotiates the first check or receives the first payment by electronic funds transfer of the educational assistance elected.

(4) If a veteran is eligible to receive educational assistance under both 38 U.S.C. chapter 30 and 10 U.S.C. chapter 1606, he or she may receive educational assistance alternately or consecutively under each of these chapters to the extent that the educational assistance is based on service not irrevocably credited to one or the other chapter as provided in paragraphs (d)(1) through (d)(3) of this section.

(Authority: 10 U.S.C. 16132, 38 U.S.C. 3033(c))

(e) Eligibility to receive educational assistance while serving a qualifying period of active duty.

(Authority: 38 U.S.C. 3011, 3012, 3016)

(3) An individual who establishes basic eligibility under this paragraph shall lose that eligibility if, upon discharge or release from active duty, he or she is unable to establish eligibility under any of the other paragraphs of this section. The effective date for that loss of eligibility is the date the veteran was discharged or released from active duty.

(Authority: 38 U.S.C. 3011, 3012, 3016; Pub. L. 98-525)

(f) Restrictions on establishing eligibility. (1) An individual who, after June 30, 1985, first becomes a member of the Armed Forces or first enters on active duty as a member of the Armed Forces, may elect not to receive educational assistance under 38 U.S.C. ch. 30. This election must be made at the time the individual initially enters on active duty as a member of the Armed Forces. An individual who makes such an election is not eligible for educational assistance under 38 U.S.C. ch. 30 unless he or she withdraws the election as provided in paragraph (c) of this section or in § 21.704(b) or (c) of this part.

(2) Except as provided in paragraph (f)(4) of this section, an individual is not eligible for educational assistance under 38 U.S.C. chapter 30 if after December 31, 1976, he or she

(3) Except as provided in paragraph (f)(4) of this section, an individual who after December 31, 1976, receives a commission as an officer in the Armed Forces upon completion of a program of educational assistance under 10 U.S.C. 2107 is not eligible for educational assistance under 38 U.S.C. chapter 30, if the individual enters on active duty --

(i) Before October 1, 1996; or
(ii) After September 30, 1996, and while participating in that program received more than $2,000 for each year of participation.

(Authority: 38 U.S.C. 3011(c), 3012(d))

(4) Paragraphs (f)(2) and (f)(3) of this section do not apply to a veteran who has met the requirements for educational assistance under paragraph (a), (b) or (c) of this section.
before receiving a commission in the Armed Forces upon graduation from the United States Military Academy, the United States Naval Academy, the United States Air Force Academy, the United States Coast Guard Academy; or upon completion of a program of educational assistance under 10 U.S.C. 2107 (the Senior Reserve Officers Training Corps Scholarship Program).

(Authority: 38 U.S.C. 3011, 3012, 3018)

(g) Reduction in basic pay. (1) Except as elsewhere provided in this paragraph, the basic pay of any individual described in paragraph (a), (b), or (c) of this section shall be reduced by $100 for each of the first 12 months that the individual is entitled to basic pay. If the individual does not serve 12 months, it shall be reduced by $100 for each month that the individual is entitled to basic pay.

(2) The basic pay of an individual who withdraws an election not to receive educational assistance under 38 U.S.C. ch. 30 as described in paragraph (c) of this section shall be reduced by

(i) $1,200, or
(ii) In the case of an individual whose discharge or release from active duty prevents the reduction of the individual's basic pay by $1,200, an amount less than $1,200.

(3) The basic pay of any individual who makes the election described in paragraph (e)(1) of this section and who does not withdraw that election will not be subject to the reduction described in either paragraph (g)(1) or paragraph (g)(2) of this section.

(4) The individual who makes the election described in either paragraph (a)(7) or (b)(10) of this section shall have his or her basic pay reduced by $1,200 in a manner prescribed by the Secretary of Defense. To the extent that basic pay is not so reduced before the individual's discharge or release from active duty, VA will collect from the individual an amount equal to the difference between $1,200 and the total amount of the reductions described in this paragraph. If the basic pay of an individual is not reduced and/or VA does not collect from the individual an amount equal to the difference between $1,200 and the total amount of the pay reductions, that individual is ineligible for educational assistance.

(Authority: Sec. 107(b)(3), Pub. L. 104-275, 110 Stat. 3329-3330)

(5) If through administrative error, or other reason --

(i) The basic pay of an individual described in paragraph (a)(1) through (a)(6), (b)(1) through (b)(9), (c), or (d) of this section is not reduced as provided in paragraph (g)(1) or (g)(2) of this section, the failure to make the reduction will have no effect on his or her eligibility, but will negate or reduce the individual's entitlement to educational assistance under 38 U.S.C. chapter 30 determined as provided in § 21.7073 for an individual described in paragraph (c) of this section;

(ii) The basic pay of an individual, described in paragraph (a)(7) or (b)(10) of this section, is not reduced as described in paragraph (g)(4) of this section and/or VA does not collect from the individual an amount equal to the difference between $1,200 and the total amount of the pay reductions described in paragraph (g)(4) of this section, that individual is ineligible for educational assistance. If the failure to reduce the individual's basic pay and/or the failure to collect from the individual was due to administrative error on the part of the Federal government or any of its employees, the individual may be considered for equitable relief depending on the facts and circumstances of the case. See § 2.7 of this chapter.

Certain individuals with 38 U.S.C. chapter 34 eligibility may establish eligibility for educational assistance under 38 U.S.C. chapter 30. This section requires an individual to complete certain academic requirements before applying for educational assistance. If the individual applies before completing those requirements, VA will disallow the application. However, the individual's premature application will not prevent the individual from establishing eligibility at a later time by applying for educational assistance again after having completed those academic requirements. In determining whether an individual has met the service requirements of this section, VA will exclude any period during which the individual is not entitled to credit for service for periods of time specified in § 3.15.

(a) Eligibility based solely on active duty. An individual may establish eligibility for basic educational assistance based on service on active duty under the following terms, conditions, and requirements --

(4) After June 30, 1985 --

(i) The individual must serve at least three years continuous active duty in the Armed Forces, or

(ii) The individual must be discharged or released from active duty --

(A) For a service-connected disability, or

(B) For a medical condition which preexisted the individual's service on active duty and which VA determines is not service connected, or

(C) Under 10 U.S.C. 1173 (Hardship discharge), or
(D) For the convenience of the Government provided the individual completes at least 30 months of active duty, or
(E) Involuntarily for convenience of the government as a result of a reduction in force, as determined by the Secretary of the military department concerned in accordance with regulations prescribed by the Secretary of Defense or by the Secretary of Transportation with respect to the Coast Guard when it is not operating as a service in the Navy, or
(F) For a physical or mental condition that was not characterized as a disability and did not result from the individual's own willful misconduct but did interfere with the individual's performance of duty, as determined by the Secretary of each military department in accordance with regulations prescribed by the Secretary of Defense or by the Secretary of Transportation with respect to the Coast Guard when it is not operating as a service in the Navy;
(5) Upon completion of the requisite active duty service the individual must either --
(i) Continue on active duty, or
(ii) Be discharged from active duty with an honorable discharge, or
(iii) Be released after service on active duty characterized by the Secretary concerned as honorable service and
(A) Be placed on the retired list, or

(C) Be placed on the temporary disability retired list, or
(iv) Be released from active duty for further service in a reserve component of the Armed Forces after service on active duty characterized by the Secretary concerned as honorable service; and
(6) The individual must have been on active duty at any time during the period beginning on October 19, 1984, and ending on July 1, 1985, and continued on active duty without a break in service.
(Authority: 38 U.S.C. 3011)
(b) Eligibility based on combined active duty service and service in the Selected Reserve.
An individual may establish eligibility for basic educational assistance based on a combination of service on active duty and service in the Selected Reserve under the following terms, conditions and requirements.

(ii) The individual is obligated at the beginning of the two years active duty described in paragraph (b)(3) of this section to serve the four years in the Selected Reserve as described in paragraph (b)(5) of this section, and during the two years of active duty service he or she is discharged or released from active duty in the Armed Forces --

(A) For a service-connected disability, or

(B) For a medical condition which preexisted that period of active duty and which VA determines is not service connected, or

(iii) Before completing four years service in the Selected Reserve the individual ceases to be a member of the Selected Reserve during the period beginning on October 1, 1991, and ending on September 30, 1999, by reason of the inactivation of the individual's unit of assignment or by reason of involuntarily ceasing to be designated as a member of the Selected Reserve pursuant to 10 U.S.C. 268(b). However, this exemption from the four years service requirement does not apply to a reservist who ceases to be a member of the Selected Reserve under adverse conditions as characterized by the Secretary of the military department concerned, or to a reservist who after having involuntarily ceased to be a member of the Selected Reserve is involuntarily separated from the Armed Forces under adverse conditions as characterized by the Secretary of the military department concerned.

(Authority: 10 U.S.C. 16133(b)(1); sec. 4421(b) and (c), Pub. L. 102-484, 106 Stat. 2718)

(9) A veteran who has completed the active duty service required by this paragraph and has made a commitment (as determined by the Secretary concerned) to serve four continuous years in the Selected Reserve may pursue a program of education with basic educational assistance while performing the required Selected Reserve service.

(10) For the purpose of determining continuity of Selected Reserve service, the Secretary concerned may prescribe by regulation a maximum period of time during which the individual is considered to have continuous service in the Selected Reserve even through he or she --

(i) Is unable to locate a unit of the Selected Reserve of the individual's Armed Force that the individual is eligible to join or that has a vacancy, or
(ii) Is not attached to a unit of the Selected Reserve for any reason prescribed by the Secretary concerned by regulation other than those stated in subdivision (i) of this subparagraph.

(11) Any decision as to the continuity of an individual's service in the Selected Reserve made by the Department of Defense or the Department of Transportation under regulations described in paragraph (b) (9) or (10) of this section shall be binding upon VA.

(12) The individual must have been on active duty at any time during the period beginning on October 19, 1984, and ending on July 1, 1985, and continued on active duty without a break in service.

(c) Restrictions on establishing eligibility. Except as provided in paragraph (d) of this section, an individual, who would otherwise be eligible for educational assistance under paragraphs (a) or (b) of this section, is not eligible for educational assistance under 38 U.S.C. ch. 30, if after December 31, 1976, he or she receives a commission as an officer in the Armed Forces --

(1) Upon graduation from --

(i) The United States Military Academy, or
(ii) The United States Naval Academy, or
(iii) The United States Air Force Academy, or

(2) Upon completion of a program of educational assistance under 10 U.S.C. 2107 (the Reserve Officers Training Corps Scholarship Program).

(d) Exception to restrictions on establishing eligibility. Paragraph (c) of this section does not apply to a veteran who has met the requirements for educational assistance under paragraph (a) or (b) of this section before receiving a commission as an officer in the Armed Forces upon graduation from the United States Military Academy, the United States Naval Academy, the United States Air Force Academy, or the Coast Guard Academy; or upon completion of a program of educational assistance under 10 U.S.C. 2107 (the Reserve Officers Training Corps Scholarship Program).

§ 21.7045 Eligibility based on involuntary separation, voluntary separation, or participation in the Post-Vietnam Era Veterans’ Educational Assistance Program.

An individual who fails to meet the eligibility requirements found in § 21.7042 or § 21.7044 nevertheless will be eligible for educational assistance as provided in this section.
subpart if he or she meets the requirements of paragraphs (a) and (b) of this section; paragraphs (a) and (c) of this section; or paragraph (d) or (e) of this section.

(a) Service requirements. The individual must meet one of the following sets of service requirements.

(1) The individual --
(i) If not a member of the Coast Guard, must be on active duty or full-time National Guard duty either on September 30, 1990, or after November 29, 1993, or if a member of the Coast Guard, must be on active duty after September 30, 1994, and
(ii) After February 2, 1991, must be involuntarily separated, as that term is defined in 10 U.S.C. 1141, with an honorable discharge; or

(2) The individual must --
(i) Be separated from active military, naval, or air service with an honorable discharge, and
(ii) Receive voluntary separation incentives under 10 U.S.C. 1174a or 1175.

(Authority: 10 U.S.C. 1141; 38 U.S.C. 3018A)

(b) Additional requirements for those individuals voluntarily separated after October 23, 1992, or involuntarily separated. An individual who meets the requirements of paragraph (a)(1) of this section; or an individual who meets the requirements of paragraph (a)(2) of this section and who either was not a member of the Coast Guard and was separated after October 22, 1992, or who was a member of the Coast Guard and was separated after September 30, 1994, must meet the following additional requirements in order to establish eligibility for educational assistance:

(1) Required election. (i) If, under § 21.7042(f), the individual elected not to receive educational assistance under 38 U.S.C. ch. 30, he or she must irrevocably withdraw that election and make an election to receive educational assistance under 38 U.S.C. ch. 30. The withdrawal and the election must be made:
(A) Before the involuntary or voluntary separation as the case may be, and
(B) Pursuant to procedures which the Secretary of the military department concerned provides in accordance with regulations prescribed by the Secretary of Defense or which the Secretary of Transportation provides with respect to the Coast Guard when it is not operating as a service in the Navy; and

(ii) If the individual is a participant (as defined in § 21.5021(e)) in the educational program provided in 38 U.S.C. ch. 32, the individual must make an irrevocable election to receive educational assistance under 38 U.S.C. ch. 30 rather than under 38 U.S.C. ch. 32. Such an election must be made:
(A) Before the individual is involuntarily or voluntarily separated as the case may be, and
(B) Pursuant to procedures which the Secretary of the military department concerned provides in accordance with regulations prescribed by the Secretary of Defense or which the Secretary of Transportation provides with respect to the Coast Guard when it is not operating as a service in the Navy; or

(iii) If the individual is not described in either paragraph (b)(1)(i) or (b)(1)(ii) of this section, he or she must make an irrevocable election to receive educational assistance under 38 U.S.C. ch. 30. This election must be made:
(A) Before the individual is involuntarily or voluntarily separated as the case may be, and
(B) Pursuant to procedures which the Secretary of the military department concerned provides in accordance with regulations prescribed by the Secretary of Defense or which
the Secretary of Transportation provides with respect to the Coast Guard when it is not operating as a service in the Navy.

(2) Reduction in basic pay. The basic pay of anyone who makes one of the irrevocable elections described in paragraph (b)(1) of this section is required by 38 U.S.C. 3018B to be reduced by $1,200.

(i) If for any reason the basic pay of an individual who received an involuntary separation is not so reduced by $1,200, the failure to make the reduction will not affect the individual's eligibility for educational assistance under 38 U.S.C. ch. 30.

(ii) If the individual is voluntarily separated, such reduction of the individual's basic pay by $1,200 is a precondition to establishing eligibility. Hence, educational assistance under 38 U.S.C. ch. 30 may not be paid to such an individual when the reduction does not occur.

(3) Educational requirement. (i) Before the date on which VA receives the individual's application for educational assistance under subpart K of this part, the individual must have:

(A) Successfully completed the requirements of a secondary school diploma (or equivalency certificate); or

(B) Successfully completed (or otherwise received academic credit for) 12 semester hours (or the equivalent) in a program of education leading to a standard college degree.

(ii) If a veteran's application for educational assistance is denied due to failure to meet the requirements of paragraph (b)(3)(i) of this section at the time of his or her application for educational assistance, the veteran may reapply if the requirements are subsequently met.

(Authority: 38 U.S.C. 3018B)

(c) Additional requirements for individuals who are voluntarily discharged before October 23, 1992. If an individual meets the requirements of paragraph (a)(2) of this section and is voluntarily discharged before October 23, 1992, he or she must also meet the following requirements in order to establish eligibility for educational assistance.

(1) Required election. (i) If, under §21.7042(f), the individual elected not to receive educational assistance under 38 U.S.C. ch. 30, he or she must irrevocably withdraw that election and make an election to receive educational assistance under 38 U.S.C. ch. 30. The withdrawal and the new election must be made:

(A) Before October 23, 1993, and

(B) In the form and manner prescribed by the Secretary of Veterans Affairs; and

(ii) If the individual is a participant (as defined in §21.5021(e)) in the educational program provided in 38 U.S.C. ch. 32, the individual must make an irrevocable election to receive educational assistance under 38 U.S.C. ch. 30 rather than under 38 U.S.C. ch. 32. Such an election must be made:

(A) Before October 23, 1993, and

(B) In the form and manner prescribed by the Secretary of Veterans Affairs.

(iii) If the individual is not described in either paragraph (c)(1)(i) or (ii) of this section, he or she must make an irrevocable election to receive educational assistance under 38 U.S.C. ch. 30. This election must be made:

(A) Before October 23, 1993, and

(B) In the form and manner prescribed by the Secretary of Veterans Affairs.
(2) $1,200 collection. VA must collect $1,200 from the individual before awarding educational assistance under 38 U.S.C. ch. 30. Collection of $1,200 is a precondition to establishing eligibility.

(3) Educational requirement. (i) Before the date on which VA receives the individual's application for educational assistance under subpart K of this part, the individual must have:
(A) Successfully completed the requirements of a secondary school diploma (or equivalency certificate); or
(B) Successfully completed (or otherwise received academic credit for) 12 semester hours (or the equivalent) in a program of education leading to a standard college degree.
(ii) If a veteran's application for educational assistance under subpart K of this part is denied due to failure to meet the requirements of paragraph (c)(3)(i) of this section at the time of his or her application for educational assistance, the veteran will be permitted to apply at a later date.

(Authority: 38 U.S.C. 3018B)

(d) Alternate eligibility requirements for participants in the Post-Vietnam Era Veterans' Educational Assistance Program. -- (1) Making an election. To receive educational assistance under the authority of paragraph (d) of this section, a veteran or servicemember must --
(i) Have elected to do so before October 9, 1997;
(ii) Have been a participant (as that term is defined in §21.5021(e)) in the Post-Vietnam Era Veterans' Educational Assistance Program on October 9, 1996;
(iii) Have been on active duty on October 9, 1996; and
(iv) Receive an honorable discharge.

(2) Election. The election to receive educational assistance payable under this subpart in lieu of educational assistance payable under the Post-Vietnam Era Veterans' Educational Assistance Program is irrevocable. The election must have been made before October 9, 1997, pursuant to procedures provided by the Secretary of the military department concerned in accordance with regulations prescribed by the Secretary of Defense or provided by the Secretary of Transportation with respect to the Coast Guard when it is not operating as a service in the Navy.

(3) $1,200 collection. An individual who has made the election described in paragraph (d)(2) of this section shall have his or her basic pay reduced by $1,200 in a manner prescribed by the Secretary of Defense. To the extent that basic pay is not so reduced before the individual's discharge or release from active duty, VA will collect from the individual an amount equal to the difference between $1,200 and the total amount of the reductions. Reduction in basic pay by $1,200 or collection of $1,200 is a precondition to establishing eligibility.

(4) Educational requirement. Before applying for benefits that may be payable as the result of making a valid election, an individual must have --
(i) Completed the requirements of a secondary school diploma (or equivalency certificate); or
(ii) Successfully completed the equivalent of 12 semester hours in a program of education leading to a standard college degree.

(Authority: 38 U.S.C. 3018C)
(e) Alternate eligibility requirements for former participants in the Post-Vietnam Era Veterans' Educational Assistance Program. (1) Definition. For the purpose of this paragraph a participant is a veteran or servicemember who:

(i) Had enrolled in the Post-Vietnam Era Veterans' Educational Assistance Program, contributed to the fund described in § 21.5021(f), and either --

(A) Is making contributions by monthly payroll deduction to that fund;
(B) Has some or all of the contributions remaining in that fund;
(C) Has disenrolled, and received a refund of contributions; or
(D) Has used all of his or her entitlement to benefits under the Post-Vietnam Era Veterans' Educational Assistance Program; or

(ii) Had enrolled in the Post-Vietnam Era Veterans' Educational Assistance Program, and has had the Secretary of Defense make contributions to the fund described in § 21.5021(f) for him or her.

(2) Making an election. To receive educational assistance under authority of this paragraph, a veteran or servicemember must:

(i) Have elected before November 1, 2001, to receive educational assistance payable under 38 U.S.C. chapter 30 in lieu of educational assistance payable under the Post-Vietnam Era Veterans' Educational Assistance Program;
(ii) Have been a participant in the Post-Vietnam Era Veterans' Educational Assistance Program on or before October 9, 1996;
(iii) Have served continuously on active duty since October 9, 1996, through at least April 1, 2000;
(iv) Receive an honorable discharge when discharged or released from the period of active duty during which the servicemember made the election described in paragraph (e)(3) of this section.

(3) Election. The election to receive educational assistance payable under 38 U.S.C. chapter 30 in lieu of educational assistance payable under the Post-Vietnam Era Veterans' Educational Assistance Program is irrevocable. The election must have been made before November 1, 2001, pursuant to procedures provided by the Secretary of the military department concerned.

(4) $2,700 collection. (i) An individual who has made the election described in paragraph (e)(3) of this section must have his or her basic pay reduced by $2,700 in a manner prescribed by the Secretary of the military department concerned. To the extent that basic pay is not so reduced before the individual's discharge or release from active duty, the Secretary of the military department concerned will collect from the individual an amount equal to the difference between $2,700 and the amount that the individual's basic pay has been reduced. The individual may choose how the $2,700 is to be collected. The Secretary of the military department concerned, according to the choice the individual makes, will collect this amount --

(A) From the individual; or
(B) By reducing the individual's retired or retainer pay.

(ii) The individual must pay $2,700 to the Secretary of the military department concerned, as provided for by that Secretary, during an 18-month period beginning on the date the individual made the election described in paragraph (e)(3) of this section.

(iii) Educational assistance under authority of paragraph (e) of this section to an individual who was discharged or released from active duty before the Secretary of the
military department concerned had collected the full $2,700 described in paragraph (e)(4) of this section is not payable until that Secretary either --

(A) Collects in full the $2,700; or
(B) Has made the first reduction in retired or retainer pay for the purpose of the $2,700 payment described in paragraph (e)(4) of this section. Thus, a veteran who is making the $2,700 payment through having retired or retainer pay reduced may be eligible before the Secretary of the military department concerned collects the full $2,700.

(5) Educational requirement. Before applying for benefits that may be payable as the result of making a valid election, an individual must have --

(i) Completed the requirements of a secondary school diploma (or equivalency certificate); or
(ii) Successfully completed the equivalent of 12 semester hours in a program of education leading to a standard college degree.

(b) Service requirements: eligibility based on service in the Selected Reserve. The Secretary concerned (pursuant to regulations which he or she may prescribe) has the discretion to authorize supplemental educational assistance to an individual who is

4. The Secretary concerned may prescribe by regulation a maximum period of time during which the individual is considered to have continuous service in the Selected Reserve even though he or she is not attached to a unit of the Selected Reserve for any reason (also to be prescribed by the Secretary concerned by regulation) other than those stated in paragraph (b)(3) of this section.

5. Any decision as to the continuity of an individual's service in the Selected Reserve made by the Department of Defense or the Department of Transportation under regulations described in paragraph (b)(3) or (4) of this section shall be binding upon VA.

(iii) The date on which the veteran meets the requirement for four years service in the Selected Reserve found in § 21.7042(b) and § 21.7044(b).

(Authority: 38 U.S.C. 3031(a), 3031(g))

(b) Reduction of ten-year eligibility period. (1) Except as provided in paragraph (b)(2) of this section, a veteran who had eligibility for educational assistance under 38 U.S.C. ch. 34 and who is eligible for educational assistance under 38 U.S.C. ch. 30 as provided in § 21.7044 of this part shall have his or her ten-year period of eligibility reduced by the number of days he or she was not on active duty during the period beginning on January 1, 1977, and ending on June 30, 1985.

(2) A veteran's ten-year period of eligibility shall not be reduced by any period in 1977 before the veteran began serving on active duty when the veteran qualified for educational assistance under 38 U.S.C. ch. 34 through service on active duty which --

(i) Commenced within 12 months of January 1, 1977, and

(ii) Resulted from a contract with the Armed Forces in a program such as the DEP (Delayed Enlistment Program) or an ROTC (Reserve Officers' Training Corps) program for which a person enlisted in, or was assigned to, a reserve component before January 1, 1977.

(c) Time limit for some members of the Army and Air National Guard. (1) If a veteran or servicemember establishes eligibility for the educational assistance payable under this subpart by making the election described in § 21.7042(a)(7) or (b)(10), VA will not provide basic educational assistance or supplemental educational assistance to that veteran or servicemember beyond 10 years from the later of:

(i) The date determined by paragraph (a) or (b) of this section, as appropriate; or

(ii) The effective date of the election described in § 21.7042(a)(7) or (b)(10), as appropriate.

(2) The effective date of election is the date on which the election is made pursuant to the procedures described in § 21.7045(d)(2).

(d) Individual is eligible due to combining active duty as an enlisted member or warrant officer with active duty as a commissioned officer. If a veteran would not be eligible but for the provisions of § 21.7020(b)(6)(v), VA will not pay basic educational assistance or supplemental educational assistance to that veteran beyond 10 years after the veteran's last discharge or release from a period of active duty of 90 days or more of continuous service, or November 30, 2009, whichever is later.

(Authority: 38 U.S.C. 3011(f), 3031(a)).

(e) Some veterans have a later ending date. (1) The ending date of the eligibility period of a veteran described in paragraph (e)(2) of this section is the later of:
(i) November 1, 2010; or
(ii) 10 years after the date of the veteran's last discharge from a period of active duty of 90 days or more.

(2) The ending date of a veteran's eligibility period will be the date described in paragraph (e)(1) of this section if the veteran would have been prevented from establishing eligibility by one or more of the former requirements described in paragraphs (e)(2)(i) through (e)(2)(iv) of this section and the veteran is enabled to establish eligibility by the removal of the statutory bases for those requirements. (For the purposes of this paragraph, the applicable provisions of those former requirements appear in the July 1, 2002 revision of the Code of Federal Regulations, title 38.)

(i) A period of active duty other than the initial period was used to establish eligibility. The veteran was enabled to establish eligibility by the removal of the former eligibility requirement in 38 CFR 21.7042(a)(2)(ii), 21.7042(a)(5)(iv)(A), and 21.7042(a)(5)(iv)(B), revised as of July 1, 2002, that a veteran had to use his or her initial period of active duty to establish eligibility for educational assistance;
(ii) High school education eligibility criterion met after the qualifying period of active duty. The veteran was enabled to establish eligibility by the removal of the former eligibility requirement in 38 CFR 21.7042(a)(3), 21.7042(b)(2), and 21.7042(c)(4), revised as of July 1, 2002, that before completing the period of active duty used to establish eligibility for educational assistance, a veteran had to complete the requirements for a secondary school diploma (or an equivalency certificate) or successfully complete (or otherwise receive academic credit for) 12 semester hours (or the equivalent) in a program of education leading to a standard college degree;
(iii) High school education eligibility criterion met after October 29, 1994. The veteran was enabled to establish eligibility by the removal of the former eligibility requirement in 38 CFR 21.7042(a)(6), 21.7042(b)(11), and 21.7044(b)(13), revised as of July 1, 2002, that certain veterans meet the requirements for a secondary school diploma (or an equivalency certificate) before October 29, 1994, in order to establish eligibility for educational assistance;
(iv) High school education eligibility criterion for veterans formerly eligible under 38 U.S.C. chapter 34 met after January 1, 1990. The veteran was enabled to establish eligibility by the removal of the former eligibility requirement in 38 CFR 21.7044(a)(3) and 21.7044(b)(3), revised as of July 1, 2002, that, as one of the two ways that certain veterans could meet the educational criteria for establishing eligibility for educational assistance, the veteran must before January 1, 1990, meet the requirements for a secondary school diploma (or equivalency certificate).

(f) Correction of military records. A veteran may become eligible for educational assistance as the result of a correction of military records under 10 U.S.C. 1552, or change, correction or modification of a discharge or dismissal under 10 U.S.C. 1553, or other corrective action by competent military authority. When this occurs, the VA will not provide educational assistance later than 10 years from the date his or her dismissal or discharge was changed, corrected or modified (except as provided in § 21.7051 of this part).

(Authority: 38 U.S.C. 3031(b); Pub. L. 98-525)
(g) Periods excluded. VA will not include in computing the 10-year period of eligibility for educational assistance under this section, any period during which the veteran after his or her last discharge or release from active duty --

(2) Immediately following the veteran's release from this detention during which he or she was hospitalized at a military, civilian or VA medical facility.

§ 21.7051 Extended period of eligibility.
(a) Period of eligibility may be extended. VA shall grant an extension of the applicable delimiting period, as otherwise determined by § 21.7050 of this part provided:
(1) The veteran applies for an extension within the time specified in § 21.1032(c).
(2) The veteran was prevented from initiating or completing the chosen program of education within the otherwise applicable eligibility period because of a physical or mental disability that did not result from the veteran's willful misconduct. VA will not consider the disabling effects of chronic alcoholism to be the result of willful misconduct. (See § 21.7020(b)(38)) It must be clearly established by medical evidence that such a program of education was medically infeasible. VA will not consider a veteran who is disabled for a period of 30 days or less as having been prevented from initiating or completing a chosen program, unless the evidence establishes that the veteran was prevented from enrolling or reenrolling in the chosen program or was forced to discontinue attendance, because of the short disability.
(b) Commencing date. The veteran shall elect the commencing date of an extended period of eligibility. The date chosen --
(1) Must be on or after the original date of expiration of eligibility as determined by § 21.7050 of this part, and
(2) Must either be --
(i) On or before the 90th day following the date on which the veteran's application for an extension was approved by VA, if the veteran is training during the extended period of eligibility in a course not organized on a term, quarter or semester basis, or
(ii) On or before the commencing date of the first ordinary term, quarter or semester following the 90th day after the veteran's application for an extension was approved by VA, if the veteran is training during the extended period of eligibility in a course organized on a term, quarter or semester basis.
(Authority: 38 U.S.C. 3031(d); Pub. L. 98-525)
(c) Length of extended periods of eligibility. A veteran's extended period of eligibility shall be for the length of time that the individual was prevented from initiating or completing his or her chosen program of education. This shall be determined as follows:
(1) If the veteran is in training in a course organized on a term, quarter or semester basis, his or her extended period of eligibility shall contain the same number of days as the number of days from the date during the veteran's original eligibility period that his or her training became medically infeasible to the earliest of the following date:
   (i) The commencing date of the ordinary term, quarter or semester following the day the veteran's training became medically infeasible,
   (ii) The last date of the veteran's delimiting date as determined by § 21.7050 of this part, or
   (iii) The date the veteran resumed training.
(2) If the veteran is training in a course not organized on a term, quarter or semester basis, his or her extended period of eligibility shall contain the same number of days as the number of days from the date during the veteran's original delimiting period that his or her training became medically infeasible to the earlier of the following dates:
   (i) The date the veteran's training became medically feasible, or
   (ii) The veteran's delimiting date as determined by § 21.7050 of this part.

§ 21.7076 Entitlement charges.

§ 21.7070 Entitlement.
An eligible servicemember or veteran is entitled to a monthly benefit for periods of time during which he or she is enrolled in, and satisfactorily pursuing, an approved program of education.

§ 21.7072 Entitlement to basic educational assistance.
The provisions of this section apply to all veterans and servicemembers except to those to whom § 21.7073 applies.
(a) Most individuals are entitled to 36 months of assistance. Except as provided in paragraphs (b), (c), and (d) of this section and in § 21.7073, a veteran or servicemember who is eligible for basic educational assistance is entitled to 36 months of basic educational assistance (or the equivalent thereof in part-time educational assistance).
(b) Entitlement: individual discharged for service-connected disability, a medical condition which preexisted service, hardship, or involuntarily for the convenience of the Government as a result of a reduction in force. (1) Except as provided in § 21.7073, when the provisions of paragraph (b) of this section are met, an eligible individual is entitled to one month of basic educational assistance (or equivalent thereof in part-time basic educational assistance) for each month of the individual's continuous active duty service that is after June 30, 1985, and that, in the case of an individual who had no previous eligibility under 38 U.S.C. ch. 34, is part of the individual's qualifying obligated period of active duty. In the case of a veteran to whom the definition of continuous active duty found in either § 21.7020(b)(6)(iii) or § 21.7020(b)(6)(iv) applies, the length of the continuous active duty will be the aggregate length of the periods of active duty referred to in those paragraphs. Except as provided in § 21.7073, VA will apply paragraph (b) of this section when the individual:
(i) Establishes eligibility through meeting the eligibility requirements of § 21.7042 or § 21.7044,
(ii) Serves less than 36 months of continuous active duty service after June 30, 1985 (or less than 24 continuous months of a qualifying obligated period of active duty service after June 30, 1985, if his or her qualifying obligated period of active duty is less than 3 years), and
(iii) Is discharged or released from active duty either --
(A) For a service-connected disability, or
(B) For a medical condition which preexisted the individual's service on active duty and which VA determines is not service connected,
(C) Under 10 U.S.C. 1173 (hardship discharge), or
(D) Involuntarily for convenience of the government as a result of a reduction in force, as determined by the Secretary of the military department concerned in accordance with regulations prescribed by the Secretary of Defense or by the Secretary of Transportation with respect to the Coast Guard when it is not operating as a service in the Navy, or;
(E) For a physical or mental condition that was not characterized as a disability and did not result from the individual's own willful misconduct but did interfere with the individual's performance of duty, as determined by the Secretary of each military department in accordance with regulations prescribed by the Secretary of Defense or by the Secretary of Transportation with respect to the Coast Guard when it is not operating as a service in the Navy.

(Authority: 38 U.S.C. 3011(f), 3013(a))

(2) Entitlement will be calculated in whole months.

(3) The following types of time lost are not countable in determining the extent of a veteran's or servicemember's entitlement:
(i) Excess leave,
(ii) Noncreditable time, and
(iii) Not-on-duty time.

(Authority: 38 U.S.C. 3011(f), 3013(a))

(c) Entitlement based on service in the Selected Reserve. (1) Except as provided in § 21.7073, when the provisions of paragraph (c) of this section are met, an individual is entitled to one month of basic educational assistance (or the equivalent thereof in part-time basic educational assistance) for each month of the individual's active duty service that is after June 30, 1985, and that, in the case of an individual who had no previous eligibility under 38 U.S.C. chapter 34, is part of the individual's qualifying obligated period of active duty. An individual is entitled to one month of basic educational assistance (or the equivalent thereof in part-time basic educational assistance) for each four months served by the individual in the Selected Reserve after June 30, 1985 (other than a month in which the individual serves on active duty). Except as provided in § 21.7073, VA will apply the provisions of paragraph (c) of this section when the individual --
(i) Establishes eligibility through meeting the eligibility requirements of § 21.7042 or § 21.7044, and
(ii) Bases his or her eligibility upon a combination of service on active duty and service in the Selected Reserve as described in § 21.7042(b) and § 21.7044(b).

(Authority: 38 U.S.C. 3013(b))

(2) Entitlement will be calculated in whole months.

(3) The following types of time lost are not countable in determining the extent of a veteran's or servicemember's entitlement:
(i) Excess leave,
(ii) Noncreditable time, and
(iii) Not-on-duty time.
(4) A veteran described in this paragraph is not entitled to any basic educational assistance for service in the Selected Reserve in excess of the number of months of service in the Selected Reserve which is evenly divisible by four.

(5) VA will consider a veteran to be entitled to 36 months of basic educational assistance when he or she --
   (i) Initially enters on active duty after June 30, 1985;
   (ii) Is attempting to establish eligibility through service in the Selected Reserve;
   (iii) Has completed the active duty service required in § 21.7042 of this part; and
   (iv) Is participating in the Selected Reserve, but has not participated for the length of time required in § 21.7042 of this part.

(Authority: 38 U.S.C. 3011, 3012; Pub. L. 98-525)

(d) Entitlement affected by failure to complete required Selected Reserve service. If a veteran attempts to establish eligibility through a combination of active duty service and service in the Selected Reserves, but fails to do so, his or her entitlement shall be the number of months to which he or she is entitled on the basis of his or her active duty service.

(Authority: 38 U.S.C. 3011, 3012; Pub. L. 98-525)

(e) Repayment of an education loan affects entitlement. A period of service counted for the purpose of repayment under section 902 of the Department of Defense Authorization Act, 1981, of an education loan may not also be counted for the purposes of determining the number of months of the veteran's or servicemember's entitlement to basic educational assistance. Therefore, in determining a veteran's or servicemember's entitlement, VA will --
   (1) Determine his or her entitlement as provided in paragraph (a), (b), (c) or (d) of this section, as appropriate, and
   (2) Subtract from the figure determined in paragraph (e)(1) of this section the number of months of service counted for the purposes of repayment of an educational loan under section 902 of the Department of Defense Authorization Act, 1981.

(Authority: 38 U.S.C. 3033(b); Pub. L. 98-525)

(f) Limitation on entitlement. Except as provided in § 21.7076(e) and § 21.7135(s) of this part no one is entitled to more than 36 months of full-time basic educational assistance (or its equivalent in part-time educational assistance).

§ 21.7073 Entitlement for some individuals who establish eligibility during the open period or who establish eligibility before involuntary separation.

(a) Individuals who establish eligibility during the open period. (1) The provisions of this paragraph apply to a veteran or servicemember who:
   (i) Establishes eligibility by withdrawing an election not to enroll as provided in § 21.7042(c);
   (ii) Has less than $ 1,200 deducted from his or her military pay; and
(iii) Before completing the period of service which the individual was obligated to serve on December 1, 1988, the individual:

(A) Is discharged or released from active duty for a service-connected disability, a medical condition which preexisted that service, or hardship; or

(B) For a physical or mental condition that was not characterized as a disability and did not result from the individual's own willful misconduct but did interfere with the individual's performance of duty, as determined by the Secretary of each military department in accordance with regulations prescribed by the Secretary of Defense or by the Secretary of Transportation with respect to the Coast Guard when it is not operating as a service in the Navy.

(C) Is discharged or released from active duty for the convenience of the Government after completing not less than 20 months of that period of service, if that period was less than three years, or 30 months, if that period was at least three years; or

(D) Is involuntarily discharged or released from active duty for convenience of the Government as a result of a reduction in force, as determined by the Secretary concerned in accordance with regulations prescribed by the Secretary of Defense or by the Secretary of Transportation with respect to the Coast Guard when it is not operating as a service in the Navy.

(Authority: 38 U.S.C. 3018(b)(3))

(2) A veteran described in paragraph (a)(1) of this section is entitled to a number of months of basic educational assistance (or equivalent thereof in part-time basic educational assistance) equal to the lesser of:

(i) A number of months determined by multiplying 36 by a fraction the numerator of which is the amount by which the basic pay of the individual has been reduced as provided in § 21.7042(e)(2) and the denominator of which is $1,200, or

(ii) The number of months the veteran has served on continuous active duty after June 30, 1985.

(Authority: 38 U.S.C. 3013(c))

(b) Individuals who establish eligibility following involuntary separation. (1) The provisions of this paragraph apply to a veteran who establishes eligibility by meeting the provisions of § 21.7045 of this part.

(Authority: 38 U.S.C. 3018A)

(2) A veteran described in paragraph (b)(1) of this section is entitled to a number of months of basic educational assistance (or equivalent thereof in part-time basic educational assistance) equal to the lesser of --

(i) 36 months, or

(ii) The number of months the veteran served on active duty.

§ 21.7074 Entitlement to supplemental educational assistance.

In determining the entitlement of a veteran or servicemember who is eligible for supplemental educational assistance VA shall --
(a) Calculate the veteran's or servicemember's entitlement to basic educational assistance on the day he or she establishes eligibility for supplemental educational assistance, and
(b) Credit the veteran or servicemember with the same number of months and days entitlement to supplemental educational assistance as the number calculated in paragraph (a) of this section.

(Authority: 38 U.S.C. 3023; Pub. L. 98-525)

§ 21.7076 Entitlement charges.

(a) Overview. VA will make charges against entitlement as stated in this section.
(1) Charges will be made against the entitlement the veteran or servicemember has to educational assistance under 38 U.S.C. chapter 30 as the assistance is paid.
(2) There will be a charge (for record purposes only) against the remaining entitlement, under 38 U.S.C. chapter 34, of an individual who is receiving the educational assistance under § 21.7137 of this part. The record-purpose charges against entitlement under 38 U.S.C. chapter 34 will not count against the 48 months of total entitlement under both 38 U.S.C. chapters 30 and 34 to which the veteran or service member may be entitled. (See § 21.4020(a) of this part).
(3) Generally, VA will base those entitlement charges on the principle that a veteran or service member who trains full time for one day should be charged one day of entitlement. However, this general principle does not apply to a veteran or servicemember who:
   (i) Is pursuing correspondence training;
   (ii) Is pursuing flight training;
   (iii) Is pursuing an apprenticeship or other on-job training; or
   (iv) Is paid an accelerated payment.
(4) The provisions of this section apply to:
   (i) Veterans and service members training under 38 U.S.C. chapter 30; and
   (ii) Veterans training under 38 U.S.C. chapter 31 who make a valid election under § 21.21 of this part to receive educational assistance equivalent to that paid to veterans under 38 U.S.C. chapter 30.

(Authority: 38 U.S.C. 3013, 3014(A), 3014(b))

(b) Determining entitlement charge. This paragraph states how VA generally will determine the charge against the entitlement of a servicemember or veteran who is receiving educational assistance. However, when the circumstances described in paragraph (e) apply to a servicemember or veteran, VA will use that paragraph to determine an entitlement charge instead of this paragraph.
(1) Except for those pursuing correspondence training, flight training, apprenticeship or other on-the-job training, those who are receiving tutorial assistance, and those who receive an accelerated payment, VA will make a charge against entitlement:
   (i) On the basis of total elapsed time (one day for each day of pursuit) if the servicemember or veteran is pursuing the program of education on a full-time basis,
   (ii) On the basis of a proportionate rate of elapsed time, if the veteran or servicemember is pursuing the program of education on a three-quarter, one-half or less than one-half time basis. For the purpose of this computation, training time which is less than one-half,
but more than one-quarter time, will be treated as though it were one-quarter time training.

(2) VA will compute elapsed time from the commencing date of the award to date of discontinuance. If the veteran or servicemember changes his or her training time after the commencing date of the award, VA will --

(i) Divide the enrollment period into separate periods of time during which the veteran's or servicemember's training time remains constant, and.

(ii) Compute the elapsed time separately for each time period.

(Authority: 38 U.S.C. 3013; Pub. L. 98-525)

(3) For each month that a veteran is paid a monthly educational assistance allowance while undergoing apprenticeship or other on-job training, VA will make a charge against chapter 30 entitlement of --

(i) .75 of a month in the case of payments made during the first six months of the veteran's pursuit of the program of apprenticeship or other on-job training,

(ii) .55 of a month in the case of payments made during the second six months of the veteran's pursuit of the program of apprenticeship or other on-job training, and

(iii) .35 of a month in the case of payments made following the first twelve months of the veteran's pursuit of apprenticeship or other on-job training.

(4) For each month that a veteran is paid a monthly educational assistance allowance while undergoing apprenticeship or other on-job training, VA will make a record purpose charge against chapter 34 entitlement, if any, of one month for each month of benefits paid to him or her.

(5) When a veteran or servicemember is pursuing a program of education by correspondence, VA will make a charge against entitlement for each payment made to him or her. The charge --

(i) Will be made in months and decimal fractions of a month, and

(ii) Will be determined by dividing the amount of the payment by an amount equal to the rate of educational assistance otherwise applicable to him or her for full-time training (disregarding in the case of a servicemember the cost of course comparison).

(6) When a veteran or servicemember is pursuing a program of education partly in residence and partly by correspondence, VA will make a charge against entitlement --

(i) For the residence portion of the program as provided in paragraphs (b) (1) and (2) of this section, and

(ii) For the correspondence portion of the program as provided in paragraph (b)(5) of this section.

(Authority: 38 U.S.C. 3032(c), 3034(c); Pub. L. 99-576)

(7) When a veteran or servicemember is paid an accelerated payment, VA will make a charge against entitlement for each accelerated payment made to him or her. The charge --

(i) Will be made in months and decimal fractions of a month; and

(ii) Will be determined by dividing the amount of the accelerated payment by an amount equal to the rate of basic educational assistance otherwise applicable to him or her for full-time institutional training. If the rate of basic educational assistance increases during the enrollment period, VA will charge entitlement for the periods covered by the initial rate and the increased rate, respectively.

(Authority: 38 U.S.C. 3014A)
(8) If an individual is paid tutorial assistance as provided in § 21.7141, the following provisions will apply.
(i) There will be no charge to entitlement for the first $600 of tutorial assistance paid to an individual under 38 U.S.C. ch. 30.
(ii) VA will make a charge against the period of entitlement of one month for each amount of tutorial assistance paid under 38 U.S.C. ch. 30, to the individual in excess of $600 that is equal to the amount of monthly educational assistance the individual is otherwise eligible to receive for full-time pursuit of a residence course as provided in §§ 21.7136, 21.7137 and 21.7138, as appropriate. When the amount of tutorial assistance paid to the individual in excess of $600 is less than the amount of monthly educational assistance the individual is otherwise eligible to receive, the entitlement charge will be prorated.

(Authority: 38 U.S.C. 3019; Pub. L. 100-689) (Nov. 18, 1988)

(9) When a veteran or servicemember is pursuing a program of education through flight training, VA will make a charge against entitlement for each payment made to him or her. The charge --
(i) Will be made in months and decimal fractions of a month, and
(ii) Will be determined by dividing the amount of the payment by an amount equal to the rate of basic educational assistance otherwise applicable to him or her for full-time institutional training.

(Authority: 38 U.S.C. 3031(f))

(c) Overpayment cases. VA will make a charge against entitlement for an overpayment only if the overpayment is discharged in bankruptcy; is waived, and is not recovered; or is compromised.
(1) If the overpayment is discharged in bankruptcy or is waived and is not recovered, the charge against entitlement will be at the appropriate rate for the elapsed period covered by the overpayment (exclusive of interest, administrative costs of collection, court costs and marshal fees).
(2) If the overpayment is compromised and the compromise offer is less than the amount of interest, administrative costs of collection, court costs and marshal fees, the charge against entitlement will be at the appropriate rate for the elapsed period covered by the overpayment (exclusive of interest, administrative costs of collection, court costs and marshal fees).
(3) If the overpayment is compromised and the compromise offer is equal to or greater than the amount of interest, administrative costs of collection, court costs and marshal fees, the charge against entitlement will be determined by --
(i) Subtracting the portion of the debt attributable to interest, administrative costs of collection, court costs and marshal fees from the compromise offer,
(ii) Subtracting the amount determined in paragraph (c)(3)(i) of this section from the amount of the original debt (exclusive of interest, administrative costs of collection, court costs and marshal fees),
(iii) Dividing the result obtained in paragraph (c)(3)(ii) of this section by the amount of the original debt (exclusive of interest, administrative costs of collection, court costs and marshal fees), and
(iv) Multiplying the percentage obtained in paragraph (c)(3)(iii) of this section by the amount of the entitlement which represents the whole overpaid period.
(Authority: 38 U.S.C. 3013; Pub. L. 98-525)

(d) Interruption to conserve entitlement. A veteran may not interrupt a certified period of enrollment for the purpose of conserving entitlement. An educational institution may not certify a period of enrollment for a fractional part of the normal term, quarter or semester, if the veteran or servicemember is enrolled for the entire term, quarter or semester. VA will make a charge against entitlement for the entire period of certified enrollment, if the veteran or servicemember is otherwise eligible for educational assistance, except when educational assistance is interrupted under any of the following conditions:

(1) Enrollment is terminated;
(2) The veteran or servicemember cancels his or her enrollment, and does not negotiate an educational assistance check for any part of the certified period of enrollment;
(3) The veteran or servicemember interrupts his or her enrollment at the end of any term, quarter or semester within the certified period of enrollment, and does not negotiate a check for educational assistance for the succeeding term, quarter or semester;
(4) The veteran or servicemember requests interruption or cancellation for any break when a school was closed during a certified period of enrollment, and VA continued payments under an established policy based upon an Executive Order of the President or an emergency situation. Whether the veteran or servicemember negotiated a check for educational assistance for the certified period is immaterial.

(Authority: 38 U.S.C. 3013; Pub. L. 98-525)

(e) No entitlement charge for some individuals. When the criteria described in this paragraph are met, VA will make no charges against entitlement as described in paragraph (b) of this section.

(1) VA will make no charge against an individual's entitlement when the individual --
   (i) Either --
      (A) While not serving on active duty, had to discontinue pursuit of a course or courses as a result of being ordered, in connection with the Persian Gulf War, to serve on active duty under section 672 (a), (d), or (g), 673, 673b, or 688 of title 10, U.S. Code; or
      (B) While serving on active duty, had to discontinue pursuit of a course or courses as a result of being ordered, in connection with the Persian Gulf War, to a new duty location or assignment or to perform an increased amount of work.
   (ii) Failed to receive credit or lost training time toward completion of the individual's approved educational, professional or vocational objective as a result of having to discontinue his or her course pursuit.
(2) The period for which receipt of educational assistance allowance is not charged against the entitlement of an individual described in paragraph (e)(1) of this section shall not exceed the portion of the period of enrollment in the course or courses for which the individual failed to receive credit or with respect to which the individual lost training time.

[EFFECTIVE DATE NOTE: 68 FR 35177, 35179, June 12, 2003, revised paragraph (a), the introductory text of paragraph (b)(1), and paragraph (b)(7), effective June 12, 2003.]
§ 21.7100 Counseling.

A veteran or servicemember may receive counseling from VA before beginning training and during training.

(a) Purpose. The purpose of counseling is

(1) To assist in selecting an objective;
(2) To develop a suitable program of education;
(3) To select an educational institution appropriate for the attainment of the educational objective;
(4) To resolve any personal problems which are likely to interfere with the successful pursuit of a program; and

When the standards for measurement of the courses pursued concurrently in the two educational institutions are different, the concurrent enrollment shall be measured by converting the measurement of courses being pursued at the second educational institution under the standard applicable to such institution to its equivalent measurement under the standard required for full-time courses applicable to the primary educational institution. (1) Is enrolled in a correspondence course;

(2) Has received a lump-sum payment for the training completed during a month; or
(3) Has received an advance payment for the training completed during a month.
(4) Has received an accelerated payment for the enrollment period.
(Authority: 38 U.S.C. 3014A, 3034, 3684)
(b) Items to be reported on all monthly verifications. (1) The monthly verification for all veterans and servicemembers will include a report on the following items when applicable:
   (i) Continued enrollment in and actual pursuit of the course;
   (ii) The individual's unsatisfactory conduct, progress, or attendance;

   (i) Contain the information required for release of payment;
   (ii) If required or permitted by the Secretary to be submitted on paper, be signed by the veteran or servicemember on or after the final date of the reporting period, or if permitted by the Secretary to be submitted by telephone in a manner designated by the Secretary, be submitted in the form and manner prescribed by the Secretary on or after the final date of the reporting period; and
   (iii) If submitted on paper, clearly show the date on which it was signed.
(c) Additional requirements for apprenticeships and other on-job training programs.
(1) When a veteran is pursuing an apprenticeship or other on-job training he or she must certify training monthly by reporting the number of hours worked.

(1) When an individual receives an accelerated payment as provided in § 21.7151(c) and (d), he or she must certify the following information within 60 days of the end of the term, quarter or semester (or entire program when the program is not offered on a term, quarter, or semester basis) for which the accelerated payment was made:
   (i) The course or program was successfully completed, or if the course was not completed --
      (A) The date the veteran or servicemember last attended; and
      (B) An explanation why the course was not completed;

(2) VA will establish an overpayment equal to the amount of the accelerated payment if the required certifications in paragraph (c)(1) of this section are not timely received.
(3) VA will determine the amount of the overpayment of benefits for courses not completed in the following manner --
(i) For a veteran or servicemember who does not complete the full course, courses, or program for which the accelerated payment was made, and who does not substantiate mitigating circumstances for not completing, VA will establish an overpayment equal to the amount of the accelerated payment.

(ii) For a veteran or servicemember who does not complete the full course, courses, or program for which the accelerated payment was made, but who substantiates mitigating circumstances for not completing, VA will prorate the amount of the accelerated payment to which he or she is entitled based on the number of days from the beginning date of the enrollment period through the date of last attendance. VA will determine the prorated amount by dividing the accelerated payment amount by the number of days in the enrollment period, and multiplying the result by the number of days from the beginning date of the enrollment period through the date of last attendance. The result of this calculation will equal the amount the individual is due. The difference between the accelerated payment and the amount the individual is due will be established as an overpayment.

(i) Interrupts or terminates his or her training for any reason; or

(ii) Changes his or her credit hours or clock hours of attendance.

(2) An educational institution does not need to report a change in a veteran's or servicemember's hours of credit or attendance when:

(ii) The veteran or servicemember continues to be enrolled full time after the change; and
(iii) The tuition and fees charged to the servicemember have not been adjusted as a result of the change.

(Authority: 38 U.S.C. 3034, 3684)

(3) If the change in status or change in number of credit hours or clock hours of attendance occurs on a day other than one indicated by paragraph (b)(4) or (b)(5) of this section, the educational institution will initiate a report of the change in time for VA to receive it within 30 days of the date on which the change occurs.

(4) If the educational institution has certified the veteran's or servicemember's enrollment for more than one term, quarter or semester and the veteran or servicemember interrupts his or her training at the end of a term, quarter or semester within the certified enrollment period, the educational institution shall report the change in status to VA in time for VA to receive the report within 30 days of the last officially scheduled registration date for the next term, quarter or semester.

(2) If the veteran or servicemember is enrolled in a course which does not lead to a standard college degree and for which a monthly certification of attendance is required, the educational institution may use the monthly certification of attendance to report nonpunitive grades provided VA will receive the report within the time period stated in paragraph (c)(1) of this section.

(Authority: 38 U.S.C. 3034, 3684)

(a) Veteran. Payments may not be based on false or misleading statements, claims or reports. VA will apply the provisions of §§ 21.4006 and 21.4007 of this part to a veteran or servicemember or any other person who submits false or misleading claims, statements or reports in connection with benefits payable under 38 U.S.C. chapter 30 in the same manner as they are applied to people who make similar false or misleading claims for benefits payable under 38 U.S.C. chapter 34 or 36.

(b) Educational institution or training establishment.
(1) VA may hold an educational institution or training establishment liable for overpayments which result from the educational institution's or training establishment's willful or negligent failure to report excessive absences from a course or discontinuance or interruption of a course by a veteran or servicemember or from willful or negligent false certification by the educational institution or training establishment. See § 21.7144(b).
(2) If an educational institution or training establishment willfully and knowingly submits a false report or certification, VA may disapprove that institution's or establishment's courses for further enrollments and may discontinue educational assistance to veterans and servicemembers already enrolled. § 21.7170 Course measurement.

§ 21.7170 Course measurement.
In administering benefits payable under 38 U.S.C. chapter 30, VA will apply the following sections:
(a) § 21.4270 (except paragraphs (a)(2) and (a)(3) and those portions of paragraph (c) and footnotes dealing with farm cooperative training) -- Measurement of courses;
(b) § 21.4272 -- Collegiate course measurement;
(c) § 21.4273 -- Collegiate graduate;
(d) § 21.4274 -- Law courses; and
(e) § 21.4275 -- Practical training courses; measurement.
(Authority: 38 U.S.C. 3034, 3688)

(a) Conversion of units of measurement required. Where a veteran enrolls concurrently in courses offered by two schools and the standards for the measurement of the courses pursued concurrently in the two schools are different, VA will measure the veteran's enrollment by converting the units of measurement for courses in the second school to their equivalent in units of measurement required for the courses in the program of education which the veteran is pursuing at the primary institution. This conversion will be accomplished as follows:
(1) If VA measures the courses at the primary institution on a credit-hour basis (including a course which does not lead to a standard college degree, which is being measured on a credit-hour basis), and VA measures the courses at the second school on a clock-hour basis, the clock hours will be converted to credit hours.
(2) If VA measures the courses pursued at the primary institution on a clock-hour basis, and VA measures the courses pursued at the second school on a credit-hour basis, VA will convert the credit hours to clock hours to determine the veteran's training time.
(3) If VA measures the courses pursued at the primary institution on a clock-hour basis, and
   (i) VA measures the courses pursued at the second school on a mixed basis, the courses pursued at the second school which VA can measure on credit-hour basis for at least one program at the second school will be converted to clock hours and the resulting clock hours added to determine the veteran's training time; or
   (ii) VA measures the courses pursued at the second school on a credit-hour basis, VA will convert the credit hours to clock hours to determine the veteran's training time.
(Authority: 38 U.S.C. 3034, 3688)
(b) Conversion of clock hours to credit hours. If the provisions of paragraph (a) of this section require VA to convert clock hours to credit hours, it will do so by --
(1) Dividing the number of credit hours which VA considers to be full-time at the educational institution whose courses are measured on a credit-hour basis by the number of clock hours which are full-time at the educational institution whose courses are measured on a clock-hour basis; and
(2) Multiplying each clock hour of attendance by the decimal determined in paragraph (b)(1) of this section. VA will drop all fractional hours.

(Authority: 38 U.S.C. 3034, 3688)

(c) Conversion of credit hours to clock hours. If the provisions of paragraph (a) of this section require VA to convert credit hours to clock hours, it will do so by --
(1) Dividing the number of clock hours which VA considers to be full-time at the educational institution whose courses are measured on a clock-hour basis by the number of credit hours which are full-time at the educational institution whose courses are measured on a credit-hour basis; and
(2) Multiplying each credit hour by the number determined in paragraph (c)(1) of this section. VA will drop all fractional hours.

(Authority: 38 U.S.C. 3034, 3688)

(d) Both courses measured on a credit hour basis or both courses measured on a clock hour basis. If VA measures the courses pursued at both institutions on a credit hour basis or on a clock hour basis, VA will measure the veteran's enrollment by adding together the units of measurement for the courses at the second school and the units of measurement for the courses at the primary institution. The standard for full time will be the full-time standard for the courses at the primary institution.

(See § 21.7520(b)(29)). Evidence must establish that such a program of education was medically infeasible. VA will not grant a reservist an extension for a period of disability which was 30 days or less unless the evidence establishes that the reservist was prevented from enrolling or reenrolling in the chosen program, or was forced to discontinue attendance, because of the short disability.

(b) Commencing date. The reservist shall elect the commencing date of an extended period of eligibility. The date chosen --

(c) Length of extended period of eligibility. A reservist's extended period of eligibility shall be for the length of time that the reservist was prevented from initiating or completing his or her chosen program of education, except that it must end when the reservist is separated from the Selected Reserve. VA shall determine the length of time the reservist was prevented from initiating or completing his or her chosen program of education as follows:
(1) If the reservist is in training in a course organized on a term, quarter or semester basis, his or her extended period of eligibility shall contain the same number of days as the number of days from the date during the reservist's original eligibility period that his or her training became medically infeasible to the earliest of the following dates:
(i) The commencing date of the ordinary term, quarter or semester following the day the reservist's training became medically infeasible,
(ii) The last date of the reservist's delimiting date as determined by § 21.7550(a) of this part, or
(iii) The date the reservist resumed training.
(2) If the reservist is training in a course not organized on a term, quarter or semester basis, his or her extended period of eligibility shall contain the same number of days as the number of days from the date during the reservist's original delimiting period that his or her training became medically infeasible to the earlier of the following dates:

(b) Determining entitlement charge. This paragraph states how VA will generally determine the charge against the entitlement of a reservist who is receiving educational assistance. However, when the circumstances described in paragraph (e) of this section apply to a reservist, VA will use that paragraph to determine an entitlement charge instead of this paragraph.
(1) Except for those pursuing flight training, correspondence training, cooperative training, apprenticeship or other on-job training, VA will make a charge against entitlement --
(i) On the basis of total elapsed time (one day for each day of pursuit for which the reservist is paid educational assistance) if the reservist is pursuing the program of education on a full-time basis; or
(ii) On the basis of a proportionate rate of elapsed time, if the reservist is pursuing the program of education on a three-quarter, one-half, or one-quarter-time basis.
(2) VA will compute elapsed time from the commencing date of the award of educational assistance to the date of discontinuance. If the reservist changes his or her training time after the commencing date of the award, VA will --
(i) Divide the enrollment period into separate periods of time during which the reservist's training time remains constant; and
(ii) Compute the elapsed time separately for each time period.
(3) For each month that a reservist is paid a monthly educational assistance allowance while undergoing apprenticeship or other on-job training, VA will make a charge against entitlement of --
(i) .75 of a month in the case of payments made during the first six months of the reservist's pursuit of the program of apprenticeship or other on-job training;
(ii) .55 of a month in the case of payments made during the second six months of the reservist's pursuit of the program of apprenticeship or other on-job training; and
(iii) .35 of a month in the case of payments made following the first twelve months of the reservist's pursuit of the program of apprenticeship or other on-job training.

(4) When a reservist is pursuing a program of education by correspondence, VA will make a charge against entitlement for each payment made to him or her. The charge will be made in months and decimal fractions of a month, as determined by dividing the amount of the payment by an amount equal to the rate stated in § 21.7636(a)(1) as the rate otherwise applicable to the reservist for full-time training.

(5) When a reservist is pursuing a program of education partly in residence and partly by correspondence, VA will make a charge against entitlement --
(i) For the residence portion of the program as provided in paragraphs (b)(1) and (b)(2) of this section; and
(ii) For the correspondence portion of the program as provided in paragraph (b)(4) of this section.

(6) When a reservist is pursuing a program of education through cooperative training, VA will make a charge against entitlement of .8 of a month for each month in which the reservist is receiving payment at the rate for cooperative training. If the reservist is pursuing cooperative training for a portion of a month, VA will make a charge against entitlement on the basis of total elapsed time (.8 of a day for each day of pursuit).

(7) When a reservist is pursuing a program of education through flight training, VA will make a charge against entitlement at the rate of one month for each amount equal to the monthly rate stated in § 21.7636(a)(1) as applicable for the month in which the training occurred.

(c) Overpayment cases. VA will make a charge against entitlement for an overpayment only if the overpayment is discharged in bankruptcy; is waived and is not recovered; or is compromised.

(1) If the overpayment is discharged in bankruptcy or is waived and is not recovered, the charge against entitlement will be at the appropriate rate for the elapsed period covered by the overpayment (exclusive of interest, administrative costs of collection, court costs and marshal fees).

(2) If the overpayment is compromised and the compromise offer is less than the amount of interest, administrative costs of collection, court costs and marshal fees, the charge against entitlement will be at the appropriate rate for the elapsed period covered by the overpayment (exclusive of interest, administrative costs of collection, court costs and marshal fees).

(3) If the overpayment is compromised and the compromise offer is equal to or greater than the amount of interest administrative costs of collection, court costs and marshal fees, the charge against entitlement will be determined by --

(i) Subtracting from the sum paid in the compromise offer the amount attributable to interest, administrative costs of collection, court costs and marshal fees,
(ii) Subtracting the remaining amount of the overpayment balance determined in paragraph (c)(3)(i) of this section from the amount of the original overpayment (exclusive of interest, administrative costs of collection, court costs and marshal fees),

(iii) Dividing the result obtained in paragraph (c)(3)(i) of this section by the amount of the original overpayment (exclusive of interest, administrative costs of collection, court costs and marshal fees), and

(iv) Multiplying the percentage obtained in paragraph (c)(3)(iii) of this section by the amount of the entitlement otherwise chargeable for the period of the original overpayment.

(Authority: 10 U.S.C. 16133(c); Pub. L. 98-525)

(d) Interruption to conserve entitlement. A reservist may not interrupt a certified period of enrollment for the purpose of conserving entitlement. An institution of higher learning may not certify a period of enrollment for a fractional part of the normal term, quarter or semester if the reservist is enrolled for the entire term, quarter or semester. VA will make a charge for the entire period of certified enrollment, if the reservist is otherwise eligible for educational assistance, except when educational assistance is interrupted under any of the following conditions:

(1) Enrollment is terminated;
(2) The reservist cancels his or her enrollment, and does not negotiate an educational assistance check for any part of the certified period of enrollment;
(3) The reservist interrupts his or her enrollment at the end of any term, quarter or semester within the certified period of enrollment, and does not negotiate a check for educational assistance for the succeeding term, quarter or semester; and
(4) The reservist requests interruption or cancellation for any break when an institution of higher learning was closed during a certified period of enrollment, and VA continued payments under an established policy based upon an Executive Order of the President or an emergency situation. In such a case entitlement will be restored unless the reservist negotiated a check for educational assistance for the certified period and does not repay the amount received.

(Authority: 10 U.S.C. 16133(c); Pub. L. 98-525)

(e) No entitlement charge for some reservists. When the criteria described in this paragraph are met, there is an exception to the charges against entitlement described in paragraph (b) of this section.

(1) VA will make no charge against a reservist's entitlement when the reservist --

(i) While not serving on active duty, had to discontinue pursuit of a course or courses as a result of being ordered to serve on active duty under sections 12301(a),(d),(g), 12302, or 12304 of title 10, U. S. Code; and

(ii) Failed to receive credit or lost training time toward completion of the reservist's approved educational, professional or vocational objective as a result of having to discontinue his or her course pursuit.

(2) The period for which receipt of educational assistance allowance is not charged against a reservist's entitlement shall not exceed the portion of the period of enrollment in the course or courses for which the reservist failed to receive credit or with respect to which the reservist lost training time.

(ii) Fails to cooperate in the counseling process; or
(iii) Does not complete counseling to the extent required under paragraph (b)(1) of this section.
(c) Availability of counseling. Counseling is available for

§ 21.7612 Programs of education combining two or more types of courses.
An approved program may consist of courses offered by two educational institutions
concurrently, or courses offered through class attendance and by television concurrently.
An educational institution may contract the actual training to another educational
institution, provided the course is approved by the State approving agency having
approval jurisdiction over the educational institution actually providing the training.
(a) Concurrent enrollment. When a reservist cannot schedule his or her complete program
at one educational institution, VA may approve a program of concurrent enrollment.
When requesting such a program, the reservist must show that his or her complete
program of education is not available at the educational institution in which he or she will
pursue the major portion of his or her program (the primary educational institution), or
that it cannot be scheduled within the period in which he or she plans to complete his or
her program. A reservist who is limited in the types of courses he or she may pursue, as
provided in § 21.7540 (b)(2) and (b)(3), may pursue courses only at an institution of
higher learning. If such a reservist cannot complete his or her program at one institution
of higher learning, VA may approve a concurrent enrollment only if both the educational
institutions the reservist enrolls in are institutions of higher learning.
(Authority: 10 U.S.C. 2131(c), 2136(b); 38 U.S.C. 3680(g); sec. 705(a)(1), Pub. L.
(b) Television. In determining whether a reservist may pursue all or part of a program of education by television, VA will apply the provisions of § 21.4233(c).

(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3680A)

§ 21.7614 Changes of program.

COURSES

§ 21.7620 Courses included in programs of education.
§ 21.7622 Courses precluded.
§ 21.7624 Overcharges and restrictions on enrollments.

§ 21.7620 Courses included in programs of education.

(a) General. Generally, VA will approve, and will authorize payment of educational assistance for the reservist's enrollment in any course or subject which a State approving agency has approved as provided in § 21.7720 of this part, and which forms a part of a program of education as defined in § 21.7520(b)(17) of this part. Restrictions on this general rule are stated in the other paragraphs in this section and in § 21.7722(b) of this part, however.

(b) Flight training. (1) VA may pay educational assistance for an enrollment in a flight training course when --

(i) An institution of higher learning offers the course for credit toward the standard college degree the reservist is pursuing; or

(ii) When:

(A) The reservist is eligible to pursue flight training as provided in § 21.7540(b)(1) and (b)(3);

(B) The State approving agency has approved the course;

(C) A flight school is offering the course;

(D) The reservist's training meets the requirements of § 21.4263(b)(1);

(E) The reservist meets the requirements of § 21.4263(a); and

(F) The training for which payment is made occurs after September 29, 1990.

(2) VA will not pay educational assistance for an enrollment in a flight training course when the reservist is pursuing an ancillary flight objective.

(c) Independent study. (1) VA will pay educational assistance to a reservist who is limited in the types of courses he or she may pursue, as provided in § 21.7540(b)(2) and (b)(3), for an enrollment in any course or unit subject offered by independent study only when the reservist is enrolled concurrently in one or more courses or unit subjects offered by resident training.

(2) Only a reservist who meets the requirements of § 21.7540(b)(1) may be paid educational assistance for an enrollment in an independent study course or unit subject without a simultaneous enrollment in a course or unit subject offered by resident training. The independent study course or unit subject must be accredited and lead to a standard college degree. Beginning with enrollments on or after December 27, 2001, a reservist may receive educational assistance for an independent study course that leads to a certificate. The certificate must reflect educational attainment and must be offered by an institution of higher learning.

(3) Except as provided in paragraph (c)(4) of this section and subject to the restrictions found in paragraph (c)(1) of this section, effective October 29, 1992, VA may pay
Section 21.7622 Courses precluded.

(a) Unapproved courses. VA will not pay educational assistance for an enrollment in any course which has not been approved by a State approving agency or by VA when that agency acts as a State approving agency. VA will not pay educational assistance for a new enrollment in a course when a State approving agency has suspended the approval of the course for new enrollments, nor for any period within any enrollment after the date that the State approving agency disapproves a course. See § 21.7720 of this part.

(b) Courses not part of a program of education. VA will not pay educational assistance for an enrollment in any course which is not part of a program of education.

(c) Erroneous, deceptive, misleading practices. VA will not pay educational assistance for an enrollment in any course offered at an educational institution that uses advertising, sales, or enrollment practices that are erroneous, deceptive, or misleading by actual statement, omission, or intimation. VA will apply the provisions of § 21.4252(h) in making these decisions with regard to enrollments under 10 U.S.C. chapter 1606.

(d) Avocational and recreational. (1) VA will not pay educational assistance for an enrollment in any course --
(i) Which is avocational or recreational in character, or
(ii) The advertising for which contains significant avocational or recreational themes.
(2) VA presumes that the following courses are avocational or recreational in character unless the reservist justifies their pursuit to VA as provided in paragraph (3) of this section. The courses are:
(i) Any photography course or entertainment course; or
(ii) Any music course, instrumental or vocal, public speaking course, or course in dancing, sports or athletics, such as horseback riding, swimming, fishing, skiing, golf, baseball, tennis, bowling, sports officiating, or other sport or athletic courses, except courses of applied music, physical education, or public speaking which are offered by institutions of higher learning for credit as an integral part of a program leading to an educational objective; or
(iii) Any other type of course which VA determines to be avocational or recreational.
(3) To overcome a presumption that a course is avocational or recreational in character, the reservist must establish that the course will be of bona fide use in the pursuit of his or her present or contemplated business or occupation.
(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3473(d); Pub. L. 98-525)
(e) Mitigating circumstances. The reservist is not entitled to receive payment of educational assistance from VA for a course from which the reservist withdraws or receives a nonpunitive grade which is not used in computing the requirements for graduation unless --
(1) There are mitigating circumstances, and
(2) The reservist submits the circumstances in writing to VA within 1 year from the date VA notifies the reservist that he or she must submit the mitigating circumstances.
(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3680(a); Pub. L. 98-525)
(f) Other courses. (1) A reservist who is limited in the types of courses he or she may pursue, as provided in § 21.7540(b)(2) and (b)(3), may not receive any educational assistance for pursuit of any of the types of training listed in § 21.7540(b)(3).
(2) VA will not consider the hospital or field work phase of a nursing course, including a course leading to a degree in nursing, to be provided by an institution of higher learning unless --
(i) The hospital or fieldwork phase is an integral part of the course;
(ii) Completion of the hospital or fieldwork phase of the course is a prerequisite to the successful completion of the course;
(iii) The student remains enrolled in the institution of higher learning during the hospital or fieldwork phase of the course; and
(iv) The training is under the direction and supervision of the institution of higher learning.
(3) A reservist who is limited in the types of courses he or she may pursue, as provided in § 21.7540(b)(2) and (b)(3), may not receive educational assistance for an enrollment in a course pursued after the reservist has completed the course of instruction required for the award of a baccalaureate degree or the equivalent evidence of completion of study, unless the reservist is pursuing a course or courses leading to a graduate degree or graduate certificate. Such a reservist may receive educational assistance while pursuing a course or courses leading to a graduate degree or graduate certificate (subject to the restrictions in § 21.7620(d)). Equivalent evidence of completion of study may include, but is not limited
to, a copy of the reservist's transcript showing that he or she has received passing grades in all courses needed to obtain a baccalaureate degree at the institution of higher learning which he or she has been attending.

(4) No reservist may receive payment of educational assistance from VA for:
   (i) An audited course (see § 21.4252(i));
   (ii) A new enrollment in a course during a period when approval has been suspended by a State approving agency or VA;
   (iii) Pursuit of a course by a nonmatriculated student except as provided in § 21.4252(l);
   (iv) An enrollment in a course at an educational institution for which the reservist is an official of such institution authorized to sign certificates of enrollment under 10 U.S.C. chapter 1606;
   (v) A new enrollment in a course which does not meet the veteran-nonveteran ratio requirement as computed under § 21.4201;
   (vi) Except as provided in § 21.7620(c), an enrollment in a nonaccredited independent study course; or
   (vii) An enrollment in a course offered under contract for which VA approval is prohibited by § 21.4252(m).

(Authority: 10 U.S.C. 16131(c), 16136(b); 38 U.S.C. 3672(a), 3676, 3680(a), 3680A(f), 3680A(g); § 642, Public Law 101-189, 103 Stat. 1458)

§ 21.7624 Overcharges and restrictions on enrollments.

(a) Overcharges. VA may disapprove an educational institution for further enrollments when the educational institution charges or receives from a reservist tuition and fees that exceed the established charges which the educational institution requires from similarly circumstanced nonreservists enrolled in the same course.

(b) Restriction on enrollments. The provisions of § 21.4210(b) apply to any determination by VA as to whether to impose restrictions on approval of enrollments and whether to discontinue payments to reservists already enrolled at an educational institution.

§ 21.7630 Educational assistance.

VA will pay educational assistance pursuant to 10 U.S.C. chapter 1606 to an eligible reservist while he or she is pursuing approved courses in a program of education at the rates specified in § 21.7636 and § 21.7639.

As stated in § 21.7640 of this part, the educational institution must certify the reservist's enrollment before he or she may receive educational assistance. Nothing in this section or in any section in Part 21 shall be construed as requiring any institution of higher learning to maintain daily attendance records for any course leading to a standard college degree.

(a) Content of certification of entrance or reentrance. The certification of entrance or reentrance must clearly specify:

1. The course;
2. The starting and ending dates of the enrollment period;
3. The credit hours or clock hours being pursued by the reservist;
4. The amount of tuition, fees and the cost of books, supplies and equipment charged to a reservist who is incarcerated in a Federal, State or local prison or jail for conviction of a felony; and

(b) Length of the enrollment period covered by the enrollment certification. (1)

Educational institutions organized on a term, quarter or semester basis generally shall report enrollment for the term, quarter, semester, ordinary school year or ordinary school year plus summer term. If the certification covers two or more terms, the educational institution will report the dates for the break between terms if a term ends and the following term does not begin in the same or the next calendar month, or if the reservist elects not to be paid for the intervals between terms. The educational institution must submit a separate enrollment certificate for each term, quarter or semester when the certification is for a reservist who is incarcerated in a Federal, State or local prison or jail for conviction of a felony.

(2) Educational institutions organized on a year-round basis will report enrollment for the length of the course. The certification will include a report of the dates during which the
educational institution closes for any interval designated in its approval data as breaks between school years.

(3) When a reservist enrolls in independent study leading to a standard college degree concurrently with resident training, the educational institution's certification will include --

   (i) The enrollment date, and
   (ii) The ending date for the period being certified. If the educational institution has not prescribed maximum time for completion of the independent study portion of the enrollment, the certification must include an ending date for the independent study based on the educational institution's estimate for completion.

(Authority: 10 U.S.C. 16136(b) 38 U.S.C. 3684; Pub. L. 98-525)

(c) Verification of pursuit. (1) A reservist who is pursuing a course leading to a standard college degree must have his or her continued enrollment in and pursuit of the course verified for the entire enrollment period. Verification of continued enrollment will be made at least once a year and in the last month of enrollment if the enrollment period ends more than 3 months after the last verification. In the case of a reservist who completed, interrupted or terminated his or her course, any communication from the reservist or other authorized person notifying the VA of the reservist's completion of a course as scheduled or an earlier termination date, will be accepted to terminate payments accordingly.

   (2) The verification of pursuit will also include a report on the following items when applicable:

   (i) Continued enrollment in and pursuit of the course,
   (ii) Conduct and progress (See § 21.7653(c)),
   (iii) Date of interruption or termination of training (See § 21.7656(a)),

If this occurs, the interruption or termination shall be reported in accordance with § 21.7656(a). If the reservist continues in training despite making unsatisfactory progress, the fact of his or her unsatisfactory progress must be reported to VA within the time allowed by paragraphs (d)(1), (d)(2), and (d)(3) of this section.

(1) A reservist's progress may become unsatisfactory as a result of the grades he or she receives. The educational institution shall report such unsatisfactory progress to VA in time for VA to receive it before the earlier of the following dates is reached:

(ii) Sixty days from the last day of the enrollment period during which the reservist earned the grades that caused him or her to meet the unsatisfactory progress standards.

(2) If the unsatisfactory progress of the reservist is caused solely by any factors other than the grades which he or she receives, the educational institution shall report the unsatisfactory progress in time for VA to receive it within 30 days of the date on which the progress of the reservist becomes unsatisfactory.

(3) The educational institution shall report the unsatisfactory conduct or attendance of the reservist to VA in time for VA to receive it within 30 days of the date on which the conduct or attendance of the reservist becomes unsatisfactory.

(Nov. 18, 1988)
(b) Thirteen semester hours are full time. (1) VA will consider that 13 semester hours or the equivalent are full-time training when the educational institution certifies that all undergraduate students enrolled for 13 semester hours or the equivalent are

Factors which the Department of Veterans Affairs must include in determining the proper basis for measurement include whether the courses are accredited; whether the course could be credited toward a standard college degree; and whether the course is offered on a standard quarter or semester-hour basis.
(2) In determining which is the correct basis for measuring a reservist's enrollment, VA will first examine whether credit-hour measurement is appropriate, as provided in paragraph (b) of this section.
(3) If it is not appropriate to measure a reservist's enrollment on a credit-hour basis, VA will measure the enrollment on a clock-hour basis as described in paragraph (c) of this section.

Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3688(b)

   (ii) Apply the provisions of § 21.4272(g) if one or more of the reservist's courses are offered during a nonstandard term.

Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3688
(2) For new enrollments beginning on or after July 1, 1993, when a course is offered by an institution of higher learning in residence on a standard quarter- or semester-hour basis, VA will measure a reservist's enrollment in a course not leading to a standard college degree on the same credit-hour basis as courses leading to a standard undergraduate degree, as provided in § 21.7670.
(3) For new enrollments beginning on or after July 1, 1993, when a course is offered in residence on a standard quarter- or semester-hour basis by an educational institution which is not an institution of higher learning, VA also will measure on a credit-hour basis as provided in § 21.7670 a reservist's enrollment in a course not leading to a standard college degree, provided that the educational institution requires at least the same number of clock-hours of attendance as required in paragraph (c) of this section. If the educational institution does not require at least the same number of clock-hours of attendance as required in paragraph (c) of this section, VA will not apply the provisions of § 21.7670, but will measure the course according to paragraph (c) of this section.
(4) VA will apply the provisions of § 21.4272(g) to new enrollments beginning on or after July 1, 1993, if one or more of the reservist's courses are offered during a nonstandard term.
(Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3688(a)(7))

(c) Clock-hour measurement. The provisions of this paragraph apply to all enrollments in courses not leading to a standard college degree. If VA concludes that the courses in which a reservist is enrolled do not qualify for credit-hour measurement, VA shall measure those courses as follows. (Supervised study shall be excluded from measurement of all courses to which this paragraph applies).

(1) If shop practice is an integral part of the course --
   (i) Full-time training shall be 22 clock hours attendance with not more than 2 1/2 hours rest period allowance;
   (ii) Three-quarter-time training shall be 16 through 21 clock hours attendance with not more than 2 hours rest period allowance;
   (iii) Half-time training shall be 11 through 15 clock hours attendance with not more than 1 1/4 hours rest period allowance; and
   (iv) One-quarter-time training shall be 1 through 10 clock hours attendance. For attendance of 6 through 10 clock hours, there shall be not more than one quarter hour rest period allowance. For attendance of 1 through 5 clock hours, there shall be no rest period allowance.

(2) If theory and class instruction predominates --
   (i) Full-time training is 18 clock hours net instruction;
   (ii) Three-quarter-time training is 13 through 17 clock hours net instruction;
   (iii) Half-time training is 9 through 12 clock hours net instruction; and
   (iv) Less than half-time training is 1 through 8 clock hours net instruction. In measuring net instruction for this paragraph there will be included customary intervals not to exceed 10 minutes between classes: however, supervised study must be excluded.

[EFFECTIVE DATE NOTE: 61 FR 29481, 29482, June 11, 1996, amended this section, effective June 11, 1996.]

(a) Conversion of units of measurement required. Where a reservist enrolls concurrently in courses offered by two schools and the standards for measurement of the courses pursued concurrently in the two schools are different, the Department of Veterans Affairs will measure the reservist's enrollment by converting the units of measurement for courses in the second school to their equivalent in units of measurement required for the courses in the program of education which the reservist is pursuing at the primary institution. This conversion will be accomplished as follows:

(1) If VA measures the course at the primary institution on a credit-hour basis (including a course which does not lead to a standard college degree, which is being measured on a credit-hour basis as provided in § 21.7672(b)), and VA measures the courses at the second school on a clock-hour basis, the clock hours will be converted to credit hours.
(2) If VA measures the courses pursued at the primary institution on a clock-hour basis, and VA measures the courses pursued at the second school on a credit-hour basis, including courses which qualify for credit-hour measurement on the basis of § 21.7672(b), VA will convert the credit hours to clock hours to determine the reservist's training time. (Authority: 10 U.S.C. 16136(b); 38 U.S.C. 3688)

(3) [Redesignated as paragraph (a)(2). See 61 FR 29297, 29310, June 10, 1996.]

(b) Conversion of clock hours to credit hours. If the provisions of paragraph (a) of this section require the Department of Veteran Affairs to convert clock hours, it will do so by --

(1) Dividing the number of clock hours which the Department of Veterans Affairs considers to be full-time at the educational institution whose courses are measured on a clock-hour basis by the number of clock hours which are full-time at the educational institution whose courses are measured on a clock-hour basis; and

(2) Multiplying each clock hour of attendance by the decimal determined in paragraph (b)(1) of this section. The Department of Veterans Affairs will drop all fractional hours. (Authority: 10 U.S.C. 16136(b) 38 U.S.C. 3688)

(c) Conversion of credit hours to clock hours. If the provisions of paragraph (a) of this section require the Department of Veteran Affairs to convert credit hours to clock hours, it will do so by --

(1) Dividing the number of clock hours which the Department of Veterans Affairs considers to be full-time at the educational institution whose courses are measured on a clock-hour basis by the number of credit hours which are full-time at the educational institution whose courses are measured on a credit-hour basis; and

(2) Multiplying each credit hour by the number determined in paragraph (b)(1) of this section. The Department of Veterans Affairs will drop all fractional hours. (Authority: 10 U.S.C. 16136(b) 38 U.S.C. 3688)

(d) Standards for measurement the same. If VA measures the courses pursued at both institutions on either a clock-hour basis or a credit-hour basis, VA will measure the reservist's enrollment by adding together the units of measurement for the courses in the second school and the units of measurement for courses in the primary institution. The standard for full time will be the full-time standard for the courses at the primary institution. (Authority 10 U.S.C. 16136(b); 38 U.S.C. 3688)

[EFFECTIVE DATE NOTE: 61 FR 29297, 29310, June 10, 1996, which removed paragraph (a)(2), redesignated paragraph (a)(3) as (a)(2), and revised paragraphs (a)(1), newly redesignated (a)(2), and (d), became effective June 10, 1996.]

§ 21.7674 Measurement of practical training courses.

(a) Nursing courses. (1) Courses for the objective of registered nurse or registered professional nurse will be measured on the basis of credit hours or clock hours of attendance, whichever is appropriate. The clock hours of attendance may include academic class time, clinical training, and supervised study periods.
(2) Courses offered by institutions of higher learning which lead to the objective of practical nurse, practical trained nurse, or licensed practical nurse will be measured on credit hours or clock hours of attendance per week whichever is appropriate.
(Authority: 10 U.S.C. 16136(b) 38 U.S.C. 3688; Pub. L. 98-525)
(b) Medical and dental assistants courses for VA. Programs approved in accordance with the provisions of § 21.7720(b)(9) will be measured on a clock-hour basis as provided in § 21.7672. However, the program will be regarded as full-time institutional training, provided the combined total of the classroom and other formal instruction portion of the program and the on-the-job portion of the program requires 30 or more clock hours of attendance per week.
(Authority: 10 U.S.C. 16136(b) 38 U.S.C. 3688; Pub. L. 98-525)
(c) Other practical training courses. These courses will be measured in semester hours of credit or clock hours of attendance per week, whichever is appropriate.

General

§ 21.8010 Definitions and abbreviations.
§ 21.8012 Vocational training program for certain children of Vietnam veterans --
spina bifida and covered birth defects.
§ 21.8014 Application.
§ 21.8016 Nonduplication of benefits.

§ 21.8010 Definitions and abbreviations.

(a) Program-specific definitions and abbreviations. For the purposes of this subpart:
Covered birth defect means the same as defined at § 3.815(c)(3) of this title.
Eligible child means, as appropriate, either an individual as defined at § 3.814(c)(2) of
this title who suffers from spina bifida, or an individual as defined at § 3.815(c)(2) of this
title who has a covered birth defect other than a birth defect described in § 3.815(a)(2).
Employment assistance means employment counseling, placement and post-placement
services, and personal and work adjustment training.
Institution of higher education has the same meaning that § 21.4200 provides for the term
institute of higher learning.
Program of employment services means the services an eligible child may receive if the
child's entire program consists only of employment assistance.
Program participant means an eligible child who, following an evaluation in which VA
finds the child's achievement of a vocational goal is reasonably feasible, elects to
participate in a vocational training program under this subpart.
Spina bifida means the same as defined at § 3.814(c)(3) of this title.
Vietnam veteran means, in the case of a child suffering from spina bifida, the same as
defined at § 3.814(c)(1) or § 3.815(c)(1) of this title and, in the case of a child with a
covered birth defect, the same as defined at § 3.815(c)(1) of this title.
Vocational training program means the vocationally oriented training services, and
assistance, including placement and post-placement services, and personal and
work-adjustment training that VA finds necessary to enable an eligible child to prepare
for and participate in vocational training or employment. A vocational training program
may include a program of education offered by an institution of higher education only if
the program is predominantly vocational in content.
VR&E refers to the Vocational Rehabilitation and Employment activity (usually a
division) in a Veterans Benefits Administration regional office, the staff members of that
activity in the regional office or in outbased locations, and the services that activity
provides.
(Authority: 38 U.S.C. 101, 1801, 1802, 1804, 1811-1812, 1814, 1821)
(b) Other terms and abbreviations. The following terms and abbreviations have the same
meaning or explanation that § 21.35 provides:
(1) CP (Counseling psychologist);
(2) Program of education;
(3) Rehabilitation facility;
(4) School, educational institution, or institution;
(5) Training establishment;

VA will provide an evaluation to an eligible child to determine the child's potential for achieving a vocational goal. If this evaluation establishes that it is feasible for the child to achieve a vocational goal, VA will provide the child with the vocational training, employment assistance, and other related rehabilitation services authorized by this subpart that VA finds the child needs to achieve a vocational goal, including employment.

§ 21.8014 Application.
(a) Filing an application. To participate in a vocational training program, the child of a Vietnam veteran (or the child's parent or guardian, an authorized representative, or a Member of Congress acting on behalf of the child) must file an application. An application is a request for an evaluation of the feasibility of the child's achievement of a vocational goal and, if a CP or VRC determines that achievement of a vocational goal is feasible, for participation in a vocational training program. The application may be in any form, but it must:
(1) Be in writing over the signature of the applicant or the person applying on the child's behalf;
(2) Provide the child's full name, address, and VA claim number, if any, and the parent Vietnam veteran's full name and Social Security number or VA claim number, if any; and
(3) Clearly identify the benefit sought.

§ 21.8016 Nonduplication of benefits.
(a) Election of benefits -- chapter 35. An eligible child may not receive benefits concurrently under 38 U.S.C. chapter 35 and under this subpart. If the child is eligible for both benefits, he or she must elect in writing which benefit to receive.
(Authority: 38 U.S.C. 1804(e)(1), 1814, 1824)
(b) Reelections of benefits -- chapter 35. An eligible child receiving benefits under this subpart or under 38 U.S.C. chapter 35 may change his or her election at any time. A reelection between benefits under this subpart and under 38 U.S.C. chapter 35 must be prospective, however, and may not result in an eligible child receiving benefits under both programs for the same period of training.
(Authority: 38 U.S.C. 1804(e)(1), 1814, 1824)
(c) Length of benefits under multiple programs -- chapter 35. The aggregate period for which an eligible child may receive assistance under this subpart and under 38 U.S.C. chapter 35 together may not exceed 48 months of full-time training or the part-time equivalent.
(Authority: 38 U.S.C. 1804(e)(2), 1814)
(d) Nonduplication of benefits under 38 U.S.C. 1804 and 1814. An eligible child may only be provided one program of vocational training under this subpart.
(Authority: 38 U.S.C. 1804, 1814, 1824)
Basic Entitlement Requirements

§ 21.8020 Entitlement to vocational training and employment assistance.
§ 21.8022 Entry and reentry.

§ 21.8020 Entitlement to vocational training and employment assistance.

(a) Basic entitlement requirements. Under this subpart, for an eligible child to receive vocational training, employment assistance, and related rehabilitation services and assistance to achieve a vocational goal (to include employment), the following requirements must be met:

(1) A CP or VRC must determine that achievement of a vocational goal by the child is reasonably feasible; and

(2) The child and VR&E staff members must work together to develop and then agree to an individualized written plan of vocational rehabilitation identifying the vocational goal and the means to achieve this goal.

(Authority: 38 U.S.C. 1804(b), 1814)

(b) Services and assistance. An eligible child may receive the services and assistance described in § 21.8050(a). The following sections in subpart A of this part apply to the provision of these services and assistance in a manner comparable to their application for a veteran under the 38 U.S.C. chapter 31 program:

(1) Section 21.250(a) and (b)(2);
(2) Section 21.252;
(3) Section 21.254;
(4) Section 21.256 (not including paragraph (e)(2));
(5) Section 21.257; and
(6) Section 21.258.

(Authority: 38 U.S.C. 1804, 1814)

(c) Requirements to receive employment services and assistance. VA will provide employment services and assistance under paragraph (b) of this section only if the eligible child:

(1) Has achieved a vocational objective;

(2) Has voluntarily ceased vocational training under this subpart, but the case manager finds the child has attained sufficient skills to be employable; or

(3) VA determines during evaluation that the child already has the skills necessary for suitable employment and does not need additional training, but to secure suitable employment the child does need the employment assistance that paragraph (b) of this section describes.

(Authority: 38 U.S.C. 1804, 1814)

(d) Additional employment services and assistance. If an eligible child has received employment assistance and obtains a suitable job, but VA later finds the child needs additional employment services and assistance, VA may provide the child with these services and assistance if, and to the extent, the child has remaining program entitlement.

(Authority: 38 U.S.C. 1804, 1814)

(e) Program entitlement usage. -- (1) Basic entitlement period. An eligible child will be entitled to receive 24 months of full-time training, services, and assistance (including
employment assistance) or the part-time equivalent, as part of a vocational training program.

(2) Extension of basic entitlement period. VA may extend the basic 24-month entitlement period, not to exceed another 24 months of full-time program participation, or the part-time equivalent, if VA determines that:
(i) The extension is necessary for the child to achieve a vocational goal identified before the end of the basic 24-month entitlement period; and
(ii) The child can achieve the vocational goal within the extended period.

(3) Principles for charging entitlement. VA will charge entitlement usage for training, services, or assistance (but not the initial evaluation, as described in § 21.8032) furnished to an eligible child under this subpart on the same basis as VA would charge for similar training, services, or assistance furnished a veteran in a vocational rehabilitation program under 38 U.S.C. chapter 31. VA may charge entitlement at a half-time, three-quarter-time, or full-time rate based upon the child's training time using the rate-of-pursuit criteria in § 21.8310. The provisions concerning reduced work tolerance under § 21.312, and those relating to less-than-half-time training under § 21.314, do not apply under this subpart.

§ 21.8022 Entry and reentry.
(a) Date of program entry. VA may not enter a child into a vocational training program or provide an evaluation or any training, services, or assistance under this subpart before the date VA first receives an application for a vocational training program filed in accordance with § 21.8014.

(Authority: 38 U.S.C. 1151 note, 1804, 1811, 1811 note, 1812, 1814)

(b) Reentry. If an eligible child interrupts or ends pursuit of a vocational training program and VA subsequently allows the child to reenter the program, the date of reentrance will accord with the facts, but may not precede the date VA receives an application for the reentrance.

Evaluation

§ 21.8030 Requirement for evaluation of child.
§ 21.8032 Evaluations.

§ 21.8030 Requirement for evaluation of child.
(a) Children to be evaluated. The VR&E Division will evaluate each child who:
(1) Applies for a vocational training program; and
(2) Has been determined to be an eligible child as defined in § 21.8010.
(Authority: 38 U.S.C. 1804(a), 1814)
(b) Purpose of evaluation. The evaluation has two purposes:
(1) To ascertain whether achievement of a vocational goal by the child is reasonably feasible; and
(2) If a vocational goal is reasonably feasible, to develop an individualized plan of integrated training, services, and assistance that the child needs to prepare for and participate in vocational training or employment.
(Authority: 38 U.S.C. 1804, 1814)

§ 21.8032 Evaluations.
(a) Scope and nature of evaluation. The scope and nature of the evaluation under this program will be comparable to an evaluation of the reasonable feasibility of achieving a vocational goal for a veteran under 38 U.S.C. chapter 31 and §§ 21.50(b)(5) and 21.53(b) and (d).
(Authority: 38 U.S.C. 1804(a), 1814)
(b) Specific services to determine the reasonable feasibility of achieving a vocational goal. As a part of the evaluation of reasonable feasibility of achieving a vocational goal, VA may provide the following specific services, as appropriate:
(1) Assessment of feasibility by a CP or VRC;
(2) Review of feasibility assessment and of need for special services by the Vocational Rehabilitation Panel;
(3) Provision of medical, testing, and other diagnostic services to ascertain the child's capacity for training and employment; and
(4) Evaluation of employability by professional staff of an educational or rehabilitation facility, for a period not to exceed 30 days.
(Authority: 38 U.S.C. 1804(a), 1814)
(c) Responsibility for evaluation. A CP or VRC will make all determinations as to the reasonable feasibility of achieving a vocational goal.

§ 21.8050 Scope of training, services, and assistance.

(a) Allowable training, services, and assistance. VA may provide to vocational training program participants:

1. Vocationally oriented training, services, and assistance, to include:
   i. Training in an institution of higher education if the program is predominantly vocational; and
   ii. Tuition, fees, books, equipment, supplies, and handling charges.

2. Employment assistance including:
   i. Vocational, psychological, employment, and personal adjustment counseling;
   ii. Services to place the individual in suitable employment and post-placement services necessary to ensure satisfactory adjustment in employment; and
   iii. Personal adjustment and work adjustment training.

3. Vocationally oriented independent living services only to the extent that the services are indispensable to the achievement of the vocational goal and do not constitute a significant portion of the services to be provided.

4. Other vocationally oriented services and assistance of the kind VA provides veterans under the 38 U.S.C. chapter 31 program, except as paragraph (c) of this section provides, that VA determines the program participant needs to prepare for and take part in vocational training or in employment.

(b) Vocational training program. VA will provide either directly or by contract, agreement, or arrangement with another entity, and at no cost to the beneficiary, the vocationally oriented training, other services, and assistance that VA approves for the individual child's program under this subpart. Authorization and payment for approved services will be made in a comparable manner to that VA provides for veterans under the 38 U.S.C. chapter 31 program.

(c) Prohibited services and assistance. VA may not provide to a vocational training program participant any:

1. Loan;

2. Subsistence allowance;

3. Automobile adaptive equipment;

4. Training at an institution of higher education in a program of education that is not predominantly vocational in content;

5. Employment adjustment allowance;

6. Room and board (other than for a period of 30 days or less in a special rehabilitation facility either for purposes of an extended evaluation or to improve and enhance vocational potential);

7. Independent living services, except those that are incidental to the pursuit of the vocational training program.

Duration of Vocational Training

§ 21.8070 Basic duration of a vocational training program.
§ 21.8072 Authorizing training, services, and assistance beyond the initial individualized written plan of vocational rehabilitation.
§ 21.8074 Computing the period for vocational training program participation.

§ 21.8070 Basic duration of a vocational training program.

Discussion and Analysis in the Veterans Benefits Manual
(a) Basic duration of a vocational training program. The duration of a vocational training program, as paragraphs (e)(1) and (e)(2) of § 21.8020 provide, may not exceed 24 months of full-time training, services, and assistance or the part-time equivalent, except as § 21.8072 allows.
(Authority: 38 U.S.C. 1804(d), 1814)
(b) Responsibility for estimating the duration of a vocational training program. While preparing the individualized written plan of vocational rehabilitation, the CP or VRC will estimate the time the child needs to complete a vocational training program.
(Authority: 38 U.S.C. 1804(c), 1814)
(c) Duration and scope of training must meet general requirements for entry into the selected occupation. The child will receive training, services, and assistance, as § 21.8120 describes, for a period that VA determines the child needs to reach the level employers generally recognize as necessary for entry into employment in a suitable occupational objective.
(Authority: 38 U.S.C. 1804(c), 1814)
(d) Approval of training beyond the entry level. To qualify for employment in a particular occupation, the child may need training that exceeds the amount a person generally needs for employment in that occupation. VA will provide the necessary additional training under one or more of the following conditions:
(1) Training requirements for employment in the child's vocational goal in the area where the child lives or will seek employment exceed those job seekers generally need for that type of employment;
(2) The child is preparing for a type of employment in which he or she will be at a definite disadvantage in competing with nondisabled persons and the additional training will offset the competitive disadvantage;
(3) The choice of a feasible occupation is limited, and additional training will enhance the child's employability in one of the feasible occupations; or
(4) The number of employment opportunities within a feasible occupation is restricted.
(Authority: 38 U.S.C. 1804(c), 1814)
(e) Estimating the duration of the training period. In estimating the length of the training period the eligible child needs, the CP or VRC must determine that:
(1) The proposed vocational training would not normally require a person without a disability more than 24 months of full-time pursuit, or the part-time equivalent, for successful completion; and
(2) The program of training and other services the child needs, based upon VA's evaluation, will not exceed 24 months or the part-time equivalent. In calculating the proposed program's length, the CP or VRC will follow the procedures in § 21.8074(a).
§ 21.8072 Authorizing training, services, and assistance beyond the initial individualized written plan of vocational rehabilitation.

(a) Extension of the duration of a vocational training program. VA may authorize an extension of a vocational training program when necessary to provide additional training, services, and assistance to enable the child to achieve the vocational or employment goal identified before the end of the child's basic entitlement period, as stated in the individualized written plan of vocational rehabilitation under § 21.8080. A change from one occupational objective to another in the same field or occupational family meets the criterion for prior identification in the individualized written plan of vocational rehabilitation.

(b) Extensions for prior participants in the program. (1) Except as paragraph (b)(2) of this section provides, VA may authorize additional training, limited to the use of remaining program entitlement including any allowable extension, for an eligible child who previously participated in vocational training under this subpart. The additional training must:
   (i) Be designed to enable the child to complete the prior vocational goal or a different vocational goal; and
   (ii) Meet the same provisions as apply to training for new participants.
(2) An eligible child who has previously achieved a vocational goal in a vocational training program under this subpart may not receive additional training under paragraph (b)(1) of this section unless a CP or VRC sets aside the child's achievement of that vocational goal under § 21.8284.

(c) Responsibility for authorizing a program extension. A CP or VRC may approve extensions of the vocational training program the child is pursuing up to the maximum program limit of 48 months if the CP or VRC determines that the child needs the additional time to successfully complete training and obtain employment, and the following conditions are met:
   (1) The child has completed more than half of the planned training; and
   (2) The child is making satisfactory progress.

[EFFECTIVE DATE NOTE: 67 FR 72563, 72568, Dec. 6, 2002, revised Subpart M, effective Dec. 6, 2002.]
§ 21.8074 Computing the period for vocational training program participation.

(a) Computing the participation period. To compute the number of months and days of an eligible child's participation in a vocational training program:

(1) Count the number of actual months and days of the child's:
   (i) Pursuit of vocational education or training;
   (ii) Receipt of extended evaluation-type services and training, or services and training to enable the child to prepare for vocational training or employment, if a veteran in a 38 U.S.C. chapter 31 program would have received a subsistence allowance while receiving the same type of services and training; and
   (iii) Receipt of employment and post-employment services (any period of employment or post-employment services is considered full-time program pursuit).

(2) Do not count:
   (i) The initial evaluation period;
   (ii) Any period before the child enters a vocational training program under this subpart;
   (iii) Days of authorized leave; and
   (iv) Other periods during which the child does not pursue training, such as periods between terms.

(3) Convert part-time training periods to full-time equivalents.

(4) Total the months and days under paragraphs (a)(1) and (a)(3) of this section. This sum is the period of the child's participation in the program.

(Authority: 38 U.S.C. 1804(d), 1814)

(b) Consistency with principles for charging entitlement. Computation of the program participation period under this section will be consistent with the principles for charging entitlement under § 21.8020.

Individualized Written Plan of Vocational Rehabilitation

§ 21.8080 Requirement for an individualized written plan of vocational rehabilitation.
§ 21.8082 Inability of child to complete individualized written plan of vocational rehabilitation or achieve vocational goal.

§ 21.8080 Requirement for an individualized written plan of vocational rehabilitation.
(a) General. A CP or VRC will work in consultation with each child for whom a vocational goal is feasible to develop an individualized written plan of vocational rehabilitation services and assistance to meet the child's vocational training needs. The CP or VRC will develop this individualized written plan of vocational rehabilitation in a manner comparable to the rules governing the development of an individualized written rehabilitation plan (IWRP) for a veteran for 38 U.S.C. chapter 31 purposes, as §§ 21.80, 21.84, 21.88, 21.90, 21.92, 21.94 (a) through (d), and 21.96 provide.
(Authority: 38 U.S.C. 1804(b), 1814)
(b) Selecting the type of training to include in the individualized written plan of vocational rehabilitation. If training is necessary, the CP or VRC will explore a range of possibilities, to include paid and unpaid on-job training, institutional training, and a combination of on-job and institutional training to accomplish the goals of the program. Generally, an eligible child's program should include on-job training, or a combination of on-job and institutional training, when this training:
(1) Is available;
(2) Is as suitable as using only institutional training for accomplishing the goals of the program; and
(3) Will meet the child's vocational training program needs.
(Authority: 38 U.S.C. 1804(b), (c), 1814)

[EFFECTIVE DATE NOTE: 67 FR 72563, 72569, Dec. 6, 2002, revised Subpart M, effective Dec. 6, 2002.]

§ 21.8082 Inability of child to complete individualized written plan of vocational rehabilitation or achieve vocational goal.
(a) Inability to timely complete an individualized written plan of vocational rehabilitation or achieve identified goal. After a vocational training program has begun, the VR&E case manager may determine that the eligible child cannot complete the vocational training program described in the child's individualized written plan of vocational rehabilitation within the time limits of the individualized written plan of vocational rehabilitation or cannot achieve the child's identified vocational goal. Subject to paragraph (b) of this section, VR&E may assist the child in revising or selecting a new individualized written plan of vocational rehabilitation or goal.
(b) Allowable changes in the individualized written plan of vocational rehabilitation or goal. Any change in the eligible child's individualized written plan of vocational rehabilitation or vocational goal is subject to the child's continuing eligibility under the
vocational training program and the provisions governing duration of a vocational training program in §§ 21.8020(e) and 21.8070 through 21.8074.

(Authority: 38 U.S.C. 1804(d), 1804(e), 1814)

(c) Change in the individualized written plan of vocational rehabilitation or vocational goal. (1) The individualized written plan of vocational rehabilitation or vocational goal may be changed under the same conditions as provided for a veteran under § 21.94 (a) through (d), and subject to § 21.8070 (d) through (f), if:
   (i) The CP or VRC determines that achievement of a vocational goal is still reasonably feasible and that the new individualized written plan of vocational rehabilitation or goal is necessary to enable the eligible child to prepare for and participate in vocational training or employment; and
   (ii) Reentrance is authorized under § 21.8284 in a case when the child has completed a vocational training program under this subpart.

(2) A CP or VRC may approve a change of vocational goal from one field or occupational family to another field or occupational family if the child can achieve the new goal:
   (i) Before the end of the basic 24-month entitlement period that § 21.8020(e)(1) describes; or
   (ii) Before the end of any allowable extension under §§ 21.8020(e)(2) and 21.8072 if the new vocational goal in another field or occupational family was identified during the basic 24-month entitlement period.

(3) A change from one occupational objective to another in the same field or occupational family does not change the planned vocational goal.

(4) The child must have sufficient remaining entitlement to pursue the new individualized written plan of vocational rehabilitation or goal, as § 21.8020 provides.

(Authority: 38 U.S.C. 1804(d), 1814)

(d) Assistance if child terminates planned program before completion. If the eligible child elects to terminate the planned vocational training program, he or she will receive the assistance that § 21.80(d) provides in identifying other resources through which to secure the desired training or employment.

§ 21.8100 Counseling.

§ 21.8100 Counseling.
An eligible child requesting or receiving services and assistance under this subpart will receive professional counseling by VR&E and other qualified VA staff members, and by contract counseling providers, as necessary, in a manner comparable to VA's provision of these services to veterans under the 38 U.S.C. chapter 31 program, as §§ 21.100 and 21.380 provide.
(Authority: 38 U.S.C. 1803(c)(8), 1804(c), 1814)

Vocational Training, Services, and Assistance

§ 21.8120 Vocational training, services, and assistance.

(a) Purposes. An eligible child may receive training, services, and assistance to enable the child to prepare for and participate in vocational training or employment.

(Authority: 38 U.S.C. 1804(b), (c), 1814)

(b) Training permitted. VA and the child will select vocationally oriented courses of study and training, completion of which usually results in a diploma, certificate, degree, qualification for licensure, or direct placement in employment. The educational and training services to be provided include:

1. Remedial, deficiency, and refresher training; and
2. Training that leads to an identifiable vocational goal. Under this program, VA may authorize all forms of programs that §§ 21.122 through 21.132 describe. This includes education and training programs in institutions of higher education. VA may authorize the education and training at an undergraduate or graduate degree level, only if the degree program is predominantly vocational in nature. For an eligible child to participate in a graduate degree program, the graduate degree must be a requirement for entry into the child's vocational goal. For example, a master's degree is required to engage in social work. The program of training is predominantly vocational in content if the majority of the instruction provides the technical skills and knowledge employers generally regard as specific to, and required for, entry into the child's vocational goal.

(c) Cost of education and training services. The CP or VRC will consider the cost of training in selecting a facility when:

1. There is more than one facility in the area in which the child resides that:
   (i) Meets the requirements for approval under §§ 21.290 through 21.298 (except as provided by § 21.8286(b)),
   (ii) Can provide the training, services and other supportive assistance the child's individualized written plan of vocational rehabilitation specifies, and
   (iii) Is within reasonable commuting distance; or
2. The child wishes to train at a suitable facility in another area, even though a suitable facility in the area where the child lives can provide the training. In considering the costs of providing training in this case, VA will use the provisions of § 21.120 (except 21.120(a)(3)), § 21.370 (however, the words "under § 21.282" in § 21.370(b)(2)(iii)(B) do not apply), and § 21.372 in a manner comparable to that for veterans under the 38 U.S.C. chapter 31 program.

(Authority: 38 U.S.C. 1804(b), (c), 1814)

d) Accessible courses not locally available. If suitable vocational training courses are not available in the area in which the child lives, or if they are available but not accessible to the child, VA may make other arrangements. These arrangements may include, but are not limited to:

1. Transportation of the child, but not the child's family, personal effects, or household belongings, to another area where necessary services are available; or
(2) Use of an individual instructor to provide necessary training in a manner comparable to that for veterans under the 38 U.S.C. chapter 31 program, as § 21.146 describes. (Authority: 38 U.S.C. 1804(b), (c), 1814) [62 FR 51286, 51293, Sept. 30, 1997; 67 FR 72563, 72569, Dec. 6, 2002]

§ 21.8140 Evaluation and improvement of vocational potential.

§ 21.8140 Evaluation and improvement of vocational potential.

CCXIV Discussion and Analysis in the Veterans Benefits Manual

(a) General. A CP or VRC may use the services that paragraph (d) of this section describes to:

(1) Evaluate vocational training and employment potential;
(2) Provide a basis for planning:
   (i) A program of services and assistance to improve the eligible child's preparation for vocational training and employment; or
   (ii) A vocational training program;
(3) Reevaluate the vocational training feasibility of an eligible child participating in a vocational training program; and
(4) Remediate deficiencies in the child's basic capabilities, skills, or knowledge to give the child the ability to participate in vocational training or employment.

(Authority: 38 U.S.C. 1804(b), 1814)

(b) Periods when evaluation and improvement services may be provided. A CP or VRC may authorize the services described in paragraph (d) of this section, except those in paragraph (d)(4) of this section, for delivery during:

(1) An initial or extended evaluation; or
(2) Pursuit of a vocational training program.

(Authority: 38 U.S.C. 1804(c), 1814)

(c) Duration of services. The duration of services needed to improve vocational training and employment potential, furnished on a full-time basis either as a preliminary part or all of a vocational training program, may not exceed 9 months. If VA furnishes these services on a less than full-time basis, the duration will be for the period necessary, but may not exceed the equivalent of 9 months of full-time training.

(Authority: 38 U.S.C. 1804(c), 1814)

(d) Scope of services. Evaluation and improvement services include:

(1) Diagnostic services;
(2) Personal and work adjustment training;
(3) Referral for medical care and treatment pursuant to §§ 17.900 through 17.905 of this title for the spina bifida, covered birth defects, or related conditions;
(4) Vocationally oriented independent living services indispensable to pursuing a vocational training program;
(5) Language training, speech and voice correction, training in ambulation, and one-hand typewriting;
(6) Orientation, adjustment, mobility and related services; and
(7) Other appropriate services to assist the child in functioning in the proposed training or work environment.

(Authority: 38 U.S.C. 1804(c), 1814)

(e) Applicability of chapter 31 rules on special rehabilitation services. The provisions of § 21.140 do not apply to this subpart. Subject to the provisions of this subpart, the following provisions apply to the vocational training program under this subpart in a
manner comparable to that for veterans under the 38 U.S.C. chapter 31 program: §
21.142(a) and (b); § 21.144; § 21.146; § 21.148(a) and (c); § 21.150 other than paragraph
(b); § 21.152 other than paragraph (b); § 21.154 other than paragraph (b); and § 21.156.

§ 21.8210 Supplies.

§ 21.8210 Supplies. (a) Purpose of furnishing supplies. VA will provide the child with the supplies that the child needs to pursue training, to obtain and maintain employment, and otherwise to achieve the goal of his or her vocational training program. (Authority: 38 U.S.C. 1804(c), 1814)

(b) Types of supplies. VA may provide books, tools, and other supplies and equipment that VA determines are necessary for the child's vocational training program and are required by similarly circumstanced veterans pursuing such training under 38 U.S.C. chapter 31. (Authority: 38 U.S.C. 1804(c), 1814)

(c) Periods during which VA may furnish supplies. VA may provide supplies to an eligible child receiving:

(1) An initial or extended evaluation;
(2) Vocational training, services, and assistance to reach the point of employability; or
(3) Employment services. (Authority: 38 U.S.C. 1804(c), 1814)

(d) Other rules. The provisions of §§ 21.212 through 21.224 apply to children pursuing a vocational training program under this subpart in a comparable manner as VA provides supplies to veterans under 38 U.S.C. chapter 31, except the following portions:

(1) Section 21.216(a)(3) pertaining to special modifications, including automobile adaptive equipment;
(2) Section 21.220(a)(1) pertaining to advancements from the revolving fund loan;
(3) Section 21.222(b)(1)(x) pertaining to discontinuance from an independent living services program. (Authority: 38 U.S.C. 1804(c), 1814)

§ 21.8286 Training resources.

§ 21.8280 Effective date of induction into a vocational training program.
Subject to the limitations in § 21.8022, the date an eligible child is inducted into a vocational training program will be the date the child first begins to receive training, services, or assistance under an individualized written plan of vocational rehabilitation. (Authority: 38 U.S.C. 1804(c), (d), 1814) [62 FR 51286, 51294, Sept. 30, 1997; 67 FR 72563, 72571, Dec. 6, 2002]

§ 21.8282 Termination of a vocational training program.
A case manager may terminate a vocational training program under this subpart for cause, including lack of cooperation, failure to pursue the individualized written plan of vocational rehabilitation, fraud, administrative error, or finding that the child no longer has a covered birth defect. An eligible child for whom a vocational goal is reasonably feasible remains eligible for the program subject to the rules of this subpart unless the child's eligibility for or entitlement to a vocational training program under this subpart resulted from fraud or administrative error or unless VA finds the child no longer has a covered birth defect. The effective date of termination will be the earliest of the following applicable dates:
(a) Fraud. If an eligible child establishes eligibility for or entitlement to benefits under this subpart through fraud, VA will terminate the award of vocational training and rehabilitation as of the date VA first began to pay benefits.
(b) Administrative error. If an eligible child who is not entitled to benefits under this subpart receives those benefits through VA administrative error, VA will terminate the award of benefits as of the first day of the calendar month beginning at least 60 days after notifying the child of the proposed termination. This 60-day period may not result in the entrance of the child into a new quarter, semester, or other term of training unless VA has already obligated payment for the training.
(c) Change in status as an eligible child with a covered birth defect. If VA finds that a child no longer has a covered birth defect, VA will terminate the award of benefits effective the last day of the month in which such determination becomes final.
(d) Lack of cooperation or failure to pursue individualized written plan of vocational rehabilitation. If reasonable VR&E efforts to motivate an eligible child do not resolve a lack of cooperation or failure to pursue an individualized written plan of vocational rehabilitation, VA will terminate the award of benefits as of the first day of the calendar month beginning at least 60 days after notifying the child of the proposed termination. This 60-day period may not result in the entrance of the child into a new quarter,
semester, or other term of training. VA will deobligate payment for training in the new quarter, semester, or other term of training.

(c) The vocational training program services and assistance the child originally received are now inadequate to make the child employable in the occupation which he or she sought to achieve;
(d) Experience has demonstrated that VA should not reasonably have expected employment in the objective or field for which the child received vocational training program services and assistance; or
(e) Technological change that occurred after the child achieved a vocational goal under this subpart now prevents the child from:

(Authority: 38 U.S.C. 1804(c), 1814)
(c) Responsibility for determining the rate of pursuit. VR&E staff members will consult with the child when determining the rate and continuity of pursuit of a vocational training program. (Authority: 38 U.S.C. 1804(c), 1814)
(b) Basis for leave of absence. The VR&E case manager may grant the child leaves of absence for periods during which the child fails to pursue a vocational training program. § 21.8370 Authorization of transportation services.

§ 21.8370 Authorization of transportation services.
(a) General. VA authorizes transportation services necessary for an eligible child to pursue a vocational training program. The sections in subpart A of this part that are referred to in this paragraph apply to children under this subpart in a manner comparable to the way they apply to veterans under the 38 U.S.C. chapter 31 program. Transportation services include:
(1) Transportation for evaluation or counseling under § 21.376;

(3) Special transportation allowance under § 21.154; and
(4) Commuting to and from training and while seeking employment, subject to paragraphs (c) and (d) of this section.

(Authority: 38 U.S.C. 1804(c), 1814)

VA may pay for transportation during the period of vocational training and the first 3 months the child receives employment services. VA may reimburse the child's costs, not to exceed $ 200 per month, of commuting to and from training and seeking employment if he or she requests this assistance and VA determines, after careful examination of the child's situation and subject to the limitations in paragraph (d) of this section, that the child would be unable to pursue training or employment without this assistance. VA may:
(1) Reimburse the facility at which the child is training if the facility provided transportation or related services; or
(2) Reimburse the child for his or her actual commuting expense if the child paid for the transportation.
(Authority: 38 U.S.C. 1804(c), 1814)

(d) Limitations. Payment of commuting expenses under paragraph (a)(4) of this section may not be made for any period when the child:
(1) Is gainfully employed;
(2) Is eligible for, and entitled to, payment of commuting costs through other VA and non-VA programs; or
(3) Can commute to school with family, friends, or fellow students.
(Authority: 38 U.S.C. 1804(c), 1814)

(a) Remedial action. If the designated agency official finds that a recipient has discriminated against persons on the basis of sex in an education program or activity, such recipient shall take such remedial action as the designated agency official deems necessary to overcome the effects of such discrimination.

(b) Affirmative action. In the absence of a finding of discrimination on the basis of sex in an education program or activity, a recipient may take affirmative action consistent with law to overcome the effects of conditions that resulted in limited participation therein by persons of a particular sex. Nothing in these Title IX regulations shall be interpreted to alter any affirmative action obligations that a recipient may have under Executive Order 11246, 3 CFR, 1964-1965 Comp., p. 339; as amended by Executive Order 11375, 3 CFR, 1966-1970 Comp., p. 684; as amended by Executive Order 11478, 3 CFR, 1966-1970 Comp., p. 803; as amended by Executive Order 12086, 3 CFR, 1978 Comp., p. 230; as amended by Executive Order 12107, 3 CFR, 1978 Comp., p. 264.

§ 23.115 Assurance required.
(a) General. Either at the application stage or the award stage, Federal agencies must ensure that applications for Federal financial assistance or awards of Federal financial assistance contain, be accompanied by, or be covered by a specifically identified assurance from the applicant or recipient, satisfactory to the designated agency official, that each education program or activity operated by the applicant or recipient and to which these Title IX regulations apply will be operated in compliance with these Title IX regulations. An assurance of compliance with these Title IX regulations shall not be satisfactory to the designated agency official if the applicant or recipient to whom such assurance applies fails to commit itself to take whatever remedial action is necessary in accordance with § 23.110(a) to eliminate existing discrimination on the basis of sex or to eliminate the effects of past discrimination whether occurring prior to or subsequent to the submission to the designated agency official of such assurance.
(b) Duration of obligation. (1) In the case of Federal financial assistance extended to provide real property or structures thereon, such assurance shall obligate the recipient or, in the case of a subsequent transfer, the transferee, for the period during which the real property or structures are used to provide an education program or activity.
(2) In the case of Federal financial assistance extended to provide personal property, such assurance shall obligate the recipient for the period during which it retains ownership or possession of the property.
(3) In all other cases such assurance shall obligate the recipient for the period during which Federal financial assistance is extended.
(c) Form. (1) The assurances required by paragraph (a) of this section, which may be included as part of a document that addresses other assurances or obligations, shall include that the applicant or recipient will comply with all applicable Federal statutes relating to nondiscrimination. These include but are not limited to: Title IX of the Education Amendments of 1972, as amended (20 U.S.C. 1681-1683, 1685-1688).
(2) The designated agency official will specify the extent to which such assurances will be required of the applicant's or recipient's subgrantees, contractors, subcontractors, transferees, or successors in interest.
[65 FR 52858, 52889, Aug. 30, 2000]

§ 23.120 Transfers of property.
If a recipient sells or otherwise transfers property financed in whole or in part with Federal financial assistance to a transferee that operates any education program or activity, and the Federal share of the fair market value of the property is not upon such
sale or transfer properly accounted for to the Federal Government, both the transferor and the transferee shall be deemed to be recipients, subject to the provisions of §§ 23.205 through 23.235(a).
[65 FR 52858, 52889, Aug. 30, 2000]

§ 23.125 Effect of other requirements.
(b) Effect of State or local law or other requirements. The obligation to comply with these Title IX regulations is not obviated or alleviated by any State or local law or other requirement that would render any applicant or student ineligible, or limit the eligibility of any applicant or student, on the basis of sex, to practice any occupation or profession.
(c) Effect of rules or regulations of private organizations. The obligation to comply with these Title IX regulations is not obviated or alleviated by any rule or regulation of any organization, club, athletic or other league, or association that would render any applicant or student ineligible to participate or limit the eligibility or participation of any applicant or student, on the basis of sex, in any education program or activity operated by a recipient and that receives Federal financial assistance.
[65 FR 52858, 52889, Aug. 30, 2000]

§ 23.130 Effect of employment opportunities.
The obligation to comply with these Title IX regulations is not obviated or alleviated because employment opportunities in any occupation or profession are or may be more limited for members of one sex than for members of the other sex.
[65 FR 52858, 52889, Aug. 30, 2000]

§ 23.135 Designation of responsible employee and adoption of grievance procedures.
(a) Designation of responsible employee. Each recipient shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under these Title IX regulations, including any investigation of any complaint communicated to
such recipient alleging its noncompliance with these Title IX regulations or alleging any actions that would be prohibited by these Title IX regulations. The recipient shall notify all its students and employees of the name, office address, and telephone number of the employee or employees appointed pursuant to this paragraph.

(b) Complaint procedure of recipient. A recipient shall adopt and publish grievance procedures providing for prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited by these Title IX regulations.

[65 FR 52858, 52889, Aug. 30, 2000]

§ 23.140 Dissemination of policy.
(a) Notification of policy. (1) Each recipient shall implement specific and continuing steps to notify applicants for admission and employment, students and parents of elementary and secondary school students, employees, sources of referral of applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with the recipient, that it does not discriminate on the basis of sex in the educational programs or activities that it operates, and that it is required by Title IX and these Title IX regulations not to discriminate in such a manner. Such notification shall contain such information, and be made in such manner, as the designated agency official finds necessary to apprise such persons of the protections against discrimination assured them by Title IX and these Title IX regulations, but shall state at least that the requirement not to discriminate in education programs or activities extends to employment therein, and to admission thereto unless §§ 23.300 through 23.310 do not apply to the recipient, and that inquiries concerning the application of Title IX and these Title IX regulations to such recipient may be referred to the employee designated pursuant to § 23.135, or to the designated agency official.

(2) Each recipient shall make the initial notification required by paragraph (a)(1) of this section within 90 days of September 29, 2000 or of the date these Title IX regulations first apply to such recipient, whichever comes later, which notification shall include publication in:

(i) Newspapers and magazines operated by such recipient or by student, alumnae, or alumni groups for or in connection with such recipient; and

(ii) Memoranda or other written communications distributed to every student and employee of such recipient.

(b) Publications. (1) Each recipient shall prominently include a statement of the policy described in paragraph (a) of this section in each announcement, bulletin, catalog, or application form that it makes available to any person of a type, described in paragraph (a) of this section, or which is otherwise used in connection with the recruitment of students or employees.

(2) A recipient shall not use or distribute a publication of the type described in paragraph (b)(1) of this section that suggests, by text or illustration, that such recipient treats applicants, students, or employees differently on the basis of sex except as such treatment is permitted by these Title IX regulations.

(c) Distribution. Each recipient shall distribute without discrimination on the basis of sex each publication described in paragraph (b)(1) of this section, and shall apprise each of its
admission and employment recruitment representatives of the policy of nondiscrimination described in paragraph (a) of this section, and shall require such representatives to adhere to such policy.

(5) Include estimates of the number of students, by sex, expected to apply for, be admitted to, and enter each class during the period covered by the plan.
(c) Nondiscrimination. No policy or practice of a recipient to which § 23.225 applies shall result in treatment of applicants to or students of such recipient in violation of §§ 23.300 through 23.310 unless such treatment is necessitated by an obstacle identified in paragraph (b)(3) of this section and a schedule for eliminating that obstacle has been provided as required by paragraph (b)(4) of this section.
(d) Effects of past exclusion. To overcome the effects of past exclusion of students on the basis of sex, each educational institution to which § 23.225 applies shall include in its transition plan, and shall implement, specific steps designed to encourage individuals of the previously excluded sex to apply for admission to such institution. Such steps shall include instituting recruitment programs that emphasize the institution’s commitment to enrolling students of the sex previously excluded.

   (iii) Otherwise treat one individual differently from another on the basis of sex.
(2) A recipient shall not administer or operate any test or other criterion for admission that has a disproportionately adverse effect on persons on the basis of sex unless the use of such test or criterion is shown to predict validly success in the education program or activity in question and alternative tests or criteria that do not have such a disproportionately adverse effect are shown to be unavailable.

(2) Such recipient:
(i) Shall develop and implement a procedure designed to assure itself that the operator or sponsor of such other education program or activity takes no action affecting any applicant, student, or employee of such recipient that these Title IX regulations would prohibit such recipient from taking; and
(ii) Shall not facilitate, require, permit, or consider such participation if such action occurs.

(ii) Comparable in quality and cost to the student.

(c) Other housing. (1) A recipient shall not, on the basis of sex, administer different policies or practices concerning occupancy by its students of housing other than that provided by such recipient.

(2)(i) A recipient which, through solicitation, listing, approval of housing, or otherwise, assists any agency, organization, or person in making housing available to any of its students, shall take such reasonable action as may be necessary to assure itself that such housing as is provided to students of one sex, when compared to that provided to students of the other sex, is as a whole:
(A) Proportionate in quantity; and
(B) Comparable in quality and cost to the student. 
(ii) A recipient may render such assistance to any agency, organization, or person that provides all or part of such housing to students of only one sex.

(b)(1) With respect to classes and activities in physical education at the elementary school level, the recipient shall comply fully with this section as expeditiously as possible but in no event later than one year from September 29, 2000. With respect to physical education classes and activities at the secondary and post-secondary levels, the recipient shall comply fully with this section as expeditiously as possible but in no event later than three years from September 29, 2000.

(3) This section does not prohibit separation of students by sex within physical education classes or activities during participation in wrestling, boxing, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact. 
(4) Where use of a single standard of measuring skill or progress in a physical education class has an adverse effect on members of one sex, the recipient shall use appropriate standards that do not have such effect. 
(5) Portions of classes in elementary and secondary schools, or portions of education programs or activities, that deal exclusively with human sexuality may be conducted in separate sessions for boys and girls.

§ 23.425 Counseling and use of appraisal and counseling materials.
(a) Counseling. A recipient shall not discriminate against any person on the basis of sex in the counseling or guidance of students or applicants for admission.
(b) Use of appraisal and counseling materials. A recipient that uses testing or other materials for appraising or counseling students shall not use different materials for students on the basis of their sex or use materials that permit or require different treatment of students on such basis unless such different materials cover the same occupations and interest areas and the use of such different materials is shown to be essential to eliminate sex bias. Recipients shall develop and use internal procedures for ensuring that such materials do not discriminate on the basis of sex. Where the use of a counseling test or other instrument results in a substantially disproportionate number of members of one sex in any particular course of study or classification, the recipient shall take such action as is necessary to assure itself that such disproportion is not the result of discrimination in the instrument or its application.
(c) Disproportion in classes. Where a recipient finds that a particular class contains a substantially disproportionate number of individuals of one sex, the recipient shall take such action as is necessary to assure itself that such disproportion is not the result of discrimination on the basis of sex in counseling or appraisal materials or by counselors.

§ 23.430 Financial assistance.
(a) General. Except as provided in paragraphs (b) and (c) of this section, in providing financial assistance to any of its students, a recipient shall not:
(1) On the basis of sex, provide different amounts or types of such assistance, limit eligibility for such assistance that is of any particular type or source, apply different criteria, or otherwise discriminate;
(2) Through solicitation, listing, approval, provision of facilities, or other services, assist any foundation, trust, agency, organization, or person that provides assistance to any of such recipient's students in a manner that discriminates on the basis of sex; or
(3) Apply any rule or assist in application of any rule concerning eligibility for such assistance that treats persons of one sex differently from persons of the other sex with regard to marital or parental status.

(b) Financial aid established by certain legal instruments. (1) A recipient may administer or assist in the administration of scholarships, fellowships, or other forms of financial assistance established pursuant to domestic or foreign wills, trusts, bequests, or similar legal instruments or by acts of a foreign government that require that awards be made to members of a particular sex specified therein; Provided, that the overall effect of the award of such sex-restricted scholarships, fellowships, and other forms of financial assistance does not discriminate on the basis of sex.

(2) To ensure nondiscriminatory awards of assistance as required in paragraph (b)(1) of this section, recipients shall develop and use procedures under which:

(i) Students are selected for award of financial assistance on the basis of nondiscriminatory criteria and not on the basis of availability of funds restricted to members of a particular sex;

(ii) An appropriate sex-restricted scholarship, fellowship, or other form of financial assistance is allocated to each student selected under paragraph (b)(2)(i) of this section; and

(iii) No student is denied the award for which he or she was selected under paragraph (b)(2)(i) of this section because of the absence of a scholarship, fellowship, or other form of financial assistance designated for a member of that student's sex.

(c) Athletic scholarships. (1) To the extent that a recipient awards athletic scholarships or grants-in-aid, it must provide reasonable opportunities for such awards for members of each sex in proportion to the number of students of each sex participating in interscholastic or intercollegiate athletics.

(2) A recipient may provide separate athletic scholarships or grants-in-aid for members of each sex as part of separate athletic teams for members of each sex to the extent consistent with this paragraph (c) and § 23.450.

(1) Shall assure itself that such employment is made available without discrimination on the basis of sex; and

(2) Shall not render such services to any agency, organization, or person that discriminates on the basis of sex in its employment practices.

(b) Employment of students by recipients. A recipient that employs any of its students shall not do so in a manner that violates §§ 23.500 through 23.550.

[65 FR 52858, 52889, Aug. 30, 2000]

§ 23.440 Health and insurance benefits and services.
Subject to § 23.235(d), in providing a medical, hospital, accident, or life insurance benefit, service, policy, or plan to any of its students, a recipient shall not discriminate on the basis of sex, or provide such benefit, service, policy, or plan in a manner that would violate §§ 23.500 through 23.550 if it were provided to employees of the recipient. This section shall not prohibit a recipient from providing any benefit or service that may be used by a different proportion of students of one sex than of the other, including family planning services. However, any recipient that provides full coverage health service shall provide gynecological care.
[65 FR 52858, 52889, Aug. 30, 2000]

§ 23.445 Marital or parental status.
(a) Status generally. A recipient shall not apply any rule concerning a student's actual or potential parental, family, or marital status that treats students differently on the basis of sex.
(b) Pregnancy and related conditions. (1) A recipient shall not discriminate against any student, or exclude any student from its education program or activity, including any class or extracurricular activity, on the basis of such student's pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom, unless the student requests voluntarily to participate in a separate portion of the program or activity of the recipient.
(2) A recipient may require such a student to obtain the certification of a physician that the student is physically and emotionally able to continue participation as long as such a certification is required of all students for other physical or emotional conditions requiring the attention of a physician.
(3) A recipient that operates a portion of its education program or activity separately for pregnant students, admittance to which is completely voluntary on the part of the student as provided in paragraph (b)(1) of this section, shall ensure that the separate portion is comparable to that offered to non-pregnant students.
(4) Subject to § 23.235(d), a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy and recovery therefrom in the same manner and under the same policies as any other temporary disability with respect to any medical or hospital benefit, service, plan, or policy that such recipient administers, operates, offers, or participates in with respect to students admitted to the recipient's educational program or activity.
(5) In the case of a recipient that does not maintain a leave policy for its students, or in the case of a student who does not otherwise qualify for leave under such a policy, a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom as a justification for a leave of absence for as long a period of time as is deemed medically necessary by the student's physician, at the conclusion of which the student shall be reinstated to the status that she held when the leave began.
[65 FR 52858, 52889, Aug. 30, 2000]

§ 23.450 Athletics.

(a) General. No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be treated differently from another person, or otherwise be discriminated against in any interscholastic, intercollegiate, club, or intramural athletics offered by a recipient, and no recipient shall provide any such athletics separately on such basis.

(b) Separate teams. Notwithstanding the requirements of paragraph (a) of this section, a recipient may operate or sponsor separate teams for members of each sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport. However, where a recipient operates or sponsors a team in a particular sport for members of one sex but operates or sponsors no such team for members of the other sex, and athletic opportunities for members of that sex have previously been limited, members of the excluded sex must be allowed to try out for the team offered unless the sport involved is a contact sport. For the purposes of these Title IX regulations, contact sports include boxing, wrestling, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.

(c) Equal opportunity. (1) A recipient that operates or sponsors interscholastic, intercollegiate, club, or intramural athletics shall provide equal athletic opportunity for members of both sexes. In determining whether equal opportunities are available, the designated agency official will consider, among other factors:

(i) Whether the selection of sports and levels of competition effectively accommodate the interests and abilities of members of both sexes;
(ii) The provision of equipment and supplies;
(iii) Scheduling of games and practice time;
(iv) Travel and per diem allowance;
(v) Opportunity to receive coaching and academic tutoring;
(vi) Assignment and compensation of coaches and tutors;
(vii) Provision of locker rooms, practice, and competitive facilities;
(viii) Provision of medical and training facilities and services;
(ix) Provision of housing and dining facilities and services;
(x) Publicity.

(2) For purposes of paragraph (c)(1) of this section, unequal aggregate expenditures for members of each sex or unequal expenditures for male and female teams if a recipient operates or sponsors separate teams will not constitute noncompliance with this section, but the designated agency official may consider the failure to provide necessary funds for teams for one sex in assessing equality of opportunity for members of each sex.

(d) Adjustment period. A recipient that operates or sponsors interscholastic, intercollegiate, club, or intramural athletics at the elementary school level shall comply fully with this section as expeditiously as possible but in no event later than one year from September 29, 2000. (e) When VA grant funds are requested by a State agency, VA element affected will initiate the NEPA process and ensure compliance with VA environmental program. The environmental documents prepared by the grant applicant shall assure full compliance with State and local regulations as well as NEPA before the proposed action is approved.

GENERAL PROVISIONS

§ 36.4203 Eligibility of the veteran for the manufactured home loan benefit under 38 U.S.C. 3712.

(a) To be eligible for the manufactured home loan benefit a veteran must have loan guaranty entitlement for manufactured home purposes available for use. Notwithstanding the provisions of § 36.4205(e), the Secretary may exclude the amount of guaranty entitlement used for any guaranteed manufactured home loan provided:

(1) The property which served as security for the loan has been disposed of by the veteran, or has been destroyed by fire or other natural hazard; and

(2)(i) The loan has been repaid in full or the Secretary has been released from liability as to the loan, or if the Secretary has suffered a loss on said loan, such loss has been paid in full; or

(ii) A veteran-transferee has agreed to assume the outstanding balance on the loan and consented to the use of his or her entitlement to the extent the entitlement of the veteran-transferor had been used originally, and the veteran-transferee otherwise meets the requirements of 38 U.S.C. chapter 37.

(3) In a case in which the veteran still owns a property purchased with a VA-guaranteed loan, the Secretary may, one time only, restore entitlement if:
(i) The loan has been repaid in full, or, if the Secretary has suffered a loss on the loan, the loss has been paid in full; or
(ii) The Secretary has been released from liability as to the loan and, if the Secretary has suffered a loss on the loan, the loss has been paid in full.

(4) The Secretary may, in any case involving circumstances deemed appropriate, waive either or both of the requirements set forth in paragraphs (a)(1) and (a)(2)(i) of this section.

(b) A veteran may use his or her remaining home loan guaranty entitlement for any purpose authorized by 38 U.S.C. 3710, 3711, or 3712 except that a veteran who has purchased a manufactured home unit may not purchase a second manufactured home unit until the unit which secured the first loan has been disposed of by the veteran or has been destroyed by fire or other natural hazard.

(c) The available entitlement of a veteran will be determined by the Secretary as of the date of receipt of an application for guaranty of a manufactured home loan or loan report. Such date of receipt shall be the date the application or loan report is date stamped into the Department of Veterans Affairs. Eligibility derived from the most recent period of service (1) shall cancel any unused entitlement derived from any earlier period of service, and (2) shall be reduced by the amount by which entitlement from service during any earlier period has been used to obtain a direct, guaranteed, or insured loan:
(i) On property which the veteran owns at the time of application; or
(ii) As to which the Secretary has incurred actual liability or loss, unless in the event of loss or the incurrence and payment of such liability by the Secretary the resulting indebtedness of the veteran to the United States has been paid in full.

Provided, That if the Secretary issues or has issued a certificate of commitment covering the loan described in the application for guaranty or in the loan report, the amount and percentage of guaranty contemplated by the certificate of commitment shall not be subject to reduction if the loan has been or is closed on a date which is not later than the expiration date of the certificate of commitment, notwithstanding that the Secretary in the meantime and prior to the issuance of the evidence of guaranty shall have incurred actual liability or loss on a direct, guaranteed, or insured loan previously obtained by the borrower. For the purposes of this paragraph, the Secretary will be deemed to have incurred actual loss on a guaranteed or insured loan if the Secretary has paid a guaranty or insurance claim thereon and the veteran's resultant indebtedness to the Government has not been paid in full, and to have incurred actual liability on a guaranteed or insured loan if the Secretary is in receipt of a claim on the guaranty or insurance or is in receipt of a notice of default. In the case of a direct loan, the Secretary will be deemed to have incurred an actual loss if the loan is in default.

       (A) The loan application is submitted to the Secretary for prior approval;
       (B) The amount of discount is disclosed to the Secretary and the veteran prior to the issuance of the certificate of commitment by the Secretary. This certificate of commitment shall specify the discount to be paid by the veteran, and this discount may not be increased once the commitment has been issued without the approval of the Secretary;
       (C) The discount has been determined by the Secretary to be reasonable in amount; and

Except for interest rate reduction refinancing loans pursuant to paragraph (a)(7) of this section or loans to refinance a manufactured home and to buy a lot pursuant to paragraph (a)(8) of this section, closing costs and prepaid items incident to the real estate portion of any manufactured home loan must be paid in cash and may not be included in the loan amount.

§ 36.4205 Computation of guaranty.

(a) The amount of guaranty in respect to a loan guaranteed under 38 U.S.C. 3712 shall be forty (40) percent of the original principal amount of the loan or $20,000, whichever is less. With respect to a loan guaranteed under 38 U.S.C. 3712(a)(1)(F), the dollar amount of guaranty may not exceed the original dollar amount of guaranty on the loan being refinanced. With respect to a loan guaranteed under 38 U.S.C. 3712(a)(1)(G), the dollar amount of guaranty previously used to obtain a manufactured unit loan may be transferred pursuant to § 36.4224(b) for use in refinancing the unit when simultaneously acquiring a lot.

(b) Subject to the provisions of paragraph (c) of § 36.4203, the following formulas will determine the amount of guaranty entitlement which remains available to an eligible veteran after prior use of entitlement:

1. If a veteran previously secured a nonrealty (business) loan, the amount of nonrealty entitlement used is doubled and subtracted from $36,000. The sum remaining is the amount of available entitlement for use not to exceed $20,000 for manufactured home purposes.

2. If a veteran previously secured a realty (home) loan, the amount of realty (home) loan entitlement used is subtracted from $36,000. The sum remaining is the amount of available entitlement for use not to exceed $20,000 for manufactured home purposes.

3. If a veteran previously secured a manufactured home loan, the amount of entitlement used for manufactured home purposes is subtracted from $36,000. The sum remaining is the amount of available entitlement for use for home loan purposes only. To determine

the amount of additional entitlement available for manufactured home purposes, the amount of entitlement previously used for manufactured home purposes is subtracted from $20,000. Except for manufactured home loans to be obtained pursuant to 38 U.S.C. 3712(a)(1)(F) or (G), the sum remaining is the amount of available entitlement for use for manufactured home purposes.

(c) For the purpose of computing the remaining guaranty benefit to which a veteran is entitled, manufactured home and manufactured home lot loans guaranteed prior to October 1, 1978, shall be taken into consideration as if made subsequent thereto, and the veteran's entitlement will be reduced by the amount of the Secretary's guaranty issued in the particular loan transaction.

(d) A guaranty is reduced or increased pro rata with any deduction or increase in the amount of the guaranteed indebtedness, but in no event will the amount payable on a guaranty exceed the amount of the original guaranty or the percentage of the indebtedness corresponding to that of the original guaranty.

(e) The amount of any guaranty for a manufactured home or manufactured home lot loan shall be charged against the original or remainder of the borrower's guaranty benefit available for manufactured home purposes. Complete or partial liquidation, by payment or otherwise, of the veteran's guaranteed indebtedness does not increase the remainder of the guaranty benefit, if any, otherwise available to the veteran. When the maximum guaranty available legally to a veteran for manufactured home purposes shall have been granted, no further guaranty for manufactured home purposes shall be available to the veteran.

(f)(1) The amount of guaranty entitlement, available and unused, of an eligible unremarried surviving spouse (whose eligibility does not result from his or her own service) is determinable in the same manner as in the case of any veteran, and any entitlement which the decedent (who was his or her spouse) used shall be disregarded. A certificate as to the eligibility of such surviving spouse, issued by the Secretary, shall be a condition precedent to the guaranty or insurance of any loan made to a surviving spouse in such capacity.

(Authority: 38 U.S.C. 3701(a)(2), 3712(c)(4))

(2) For the purpose of obtaining an interest rate reduction refinancing loan pursuant to 38 U.S.C. 3712(a)(1)(F), an unmarried surviving spouse who was a co-obligor under an existing Department of Veterans Affairs guaranteed loan shall be considered to be eligible for the 38 U.S.C. 3712(a)(1)(F) benefit.

(Authority: 38 U.S.C. 3712(a)(4)(C))

(g) Any evidence of guaranty issued by the Secretary in respect to such loan shall be conclusive evidence of the eligibility of the loan for guaranty and of the amount of such guaranty. Provided, however, That the Secretary may establish against the original lender, defenses based on fraud or material misrepresentation and that the Secretary may by regulations in force at the date of such issuance establish partial defenses to the amount payable on the guaranty.

§ 36.4206 Underwriting standards, occupancy, and non-discrimination requirements.

(a) Except for refinancing loans pursuant to 38 U.S.C. 3712(a)(1)(F), no loan shall be guaranteed unless the terms of repayment bear a proper relationship to the veteran's present and anticipated income and expenses, and the veteran is a satisfactory credit risk, as determined by use of the standards in § 36.4337 of this part.

(Authority: 38 U.S.C. 3712)

(b) Use of the standards in § 36.4337 of this part for underwriting manufactured home loans will be waived only in extraordinary circumstances.

(Authority: 38 U.S.C. 3712)

(c) The lender responsibilities contained in § 36.4337 of this part and the certification required and penalties to be assessed under § 36.4337A of this part against lenders making false certifications also apply to lenders originating VA guaranteed manufactured home loans under the authority of 38 U.S.C. 3712.

(Authority: 38 U.S.C. 3712)

(d) No loan shall be guaranteed pursuant to 38 U.S.C. 3712(a)(1) unless:

(1) The veteran certifies, in such form as the Secretary shall prescribe, that he or she will personally occupy the property as his or her home or, if the veteran is on active duty status as a member of the Armed Forces and is for that reason unable to occupy the property, the veteran's spouse must certify that he or she will personally occupy the property as his or her home. For the purposes of this section, the words personally occupy the property as his or her home mean that the veteran as of the date of his or her certification actually lives in the property personally as his or her residence or actually intends upon completion of the loan and acquisition of the manufactured home to move into the home personally within a reasonable time and to utilize the home as his or her residence.

(2) The veteran certifies, in such form as the Secretary shall prescribe that:

(i) Neither the veteran, nor anyone authorized to act for the veteran, will refuse to sell or rent, after the making of a bona fide offer, or refuse to negotiate for the sale or rental of, or otherwise make unavailable or deny the dwelling or property covered by this loan to any person because of race, color, religion, sex, handicap, familial status, or national origin;

(ii) The veteran recognizes that any restrictive covenant on the property relating to race, color, religion, sex, handicap, familial status, or national origin is illegal and void and any such covenant is specifically disclaimed; and

(iii) The veteran understands that civil action for preventive relief may be brought by the Attorney General of the United States in any appropriate U.S. district court against any person responsible for a violation of the applicable law.

(Authority: 38 U.S.C. 3712(h)(1))

§ 36.4208 Manufactured home location standards.

(a) Any rental site on which a manufactured home to be purchased with a guaranteed loan will be placed must qualify as an acceptable rental site as follows:

(1) Be located within a manufactured home park or subdivision which is acceptable to the Department of Veterans Affairs; or

(2) Be a site which is not within a manufactured home park or subdivision provided that

(i) the site is determined by the Department of Veterans Affairs to be an acceptable rental site, or

(ii) in the absence of a determination by the Department of Veterans Affairs in respect to such site the manufactured home purchaser and the dealer certify to the Secretary as follows:

(A) Placement of the manufactured home on the site or lot is not a violation of zoning laws or other local requirements applicable to manufactured homes;

(B) The site or lot is served by water and sanitary facilities which are approved by the local public authority and which are acceptable to the Department of Veterans Affairs;

(C) The site or lot is served by an all-weather street or road;

(D) The site or lot is not known to be subject to conditions that may be hazardous to the health or safety of the manufactured home occupants or that may endanger the manufactured home; and

(E) The site is free from, and the location of the manufactured home thereon will not substantially contribute to, adverse scenic or environmental conditions.

(b) No manufactured home purchased with a guaranteed loan may be placed on a lot owned by an eligible veteran or on a lot to be purchased or improved with the proceeds of a guaranteed manufactured home loan unless the lot owned or to be so purchased or improved is determined by the Department of Veterans Affairs to be an acceptable manufactured home site.

(c) A manufactured home park or subdivision which is not approved by the Federal Housing Administration will be acceptable to the Department of Veterans Affairs for the purpose of 38 U.S.C. 3712 if the Secretary determines that the park or subdivision, whether existing or proposed, (1) is designed to encourage the maintenance and development of manufactured home sites which will be free from, and not substantially contribute to, adverse scenic and environmental conditions, and (2) complies otherwise with the applicable standards for planning, construction, and general acceptability prescribed by the Secretary.
§ 36.4209 Reporting requirements.

(a) Each loan proposed for guaranty under 38 U.S.C. 3712 shall, unless otherwise provided in the § 36.4200 series, be submitted to the Secretary for approval prior to closing. The Secretary upon determining any such proposed loan to be eligible for guaranty will issue a certificate of commitment.

(b) Except as provided in paragraph (c) of this section, a certificate of commitment shall entitle the holder to the issuance of the evidence of guaranty upon the ultimate actual payment of the full proceeds of the loan for the purposes described in the original report and upon the submission within 60 days thereafter of a supplemental report showing such fact and:

(1) That the loan conforms to the terms of the certificate of commitment;
(2) The identity of all property purchased therewith, including the itemized list required by § 36.4204(f);
(3) That all property purchased with the proceeds of the loan has been encumbered as required by the § 36.4200 series;
(4) In respect to any property purchased with the loan proceeds as to which the Secretary issued a certificate of reasonable value which was conditioned upon completion of any construction, repairs, alterations or improvements not inspected and approved subsequent to completion by a compliance inspector designated by the Secretary that such construction, repairs, alterations or improvements have been completed according to the plans and specifications upon which such reasonable value was based; and
(5) That the loan conforms otherwise to the applicable provisions of 38 U.S.C. chapter 37 and § 36.4200 series.

(c) A deviation of more than five (5) percent between the estimates upon which the certificate of commitment was issued and the report of final payment of the proceeds of the loan, or a change in the identity of the property acquired by the veteran with the loan proceeds will invalidate the certificate of commitment, unless such deviation or change is approved by the Secretary.

(d) Upon the failure of the lender to report in accordance with paragraph (b) of this section, the certificate of commitment shall have no further effect; Provided, nevertheless, That if the loan otherwise meets the requirements of this section, said certificate of commitment may be given effect by the Secretary, notwithstanding the report is received after the date otherwise required.

(e) Subject to compliance with the regulations concerning guaranty of manufactured home loans to veterans, the Certificate of Guaranty will be issuable within the available entitlement of the veteran on the basis of the loan reported, except for refinancing loans for interest rate reductions. No certificate of commitment shall be issued, and no loan shall be guaranteed, unless the lender, the veteran, and the loan are shown to be eligible; nor shall guaranty be issued on any manufactured home loan unless the Secretary determines that there has been compliance by the veteran with the certification requirements of 38 U.S.C. 3712(e)(5).

(Authority: 38 U.S.C. 3712(a)(4), (c)(2), (e)(5))
(f) Any amount of the loan that is disbursed for an ineligible purpose shall be excluded in computing the amount of guaranty.

(g) Approval by the Secretary pursuant to 38 U.S.C. 3712(c)(1) is required before a lender may close manufactured home loans or manufactured home lot loans on the automatic basis. Evidence of guaranty will be issuable if the loan closed on the automatic basis is reported to the Secretary within 60 days of full disbursement, and upon certification of the lender that no default exists thereunder which has continued for more than 30 days and that the loan complies with paragraphs (b)(2), (3), (4), and (5), (e), and (f) of this section. Upon the failure of the lender to report in accordance with this paragraph the loan will not be eligible for guaranty unless the lender submits with the report a certification that the loan is not in default and an explanation as to why the loan was not timely reported.

(Authority: 38 U.S.C. 3712 (c)(1) and (g))

(h) With respect to any loan for which a commitment was made on or after March 1, 1988, the Secretary must be notified whenever the holder receives knowledge of disposition of a manufactured home and/or lot securing a Department of Veterans Affairs guaranteed loan.

(1) If the seller applies for prior approval of the assumption of the loan, then:

(i) A holder (or its authorized servicing agent) who is an automatic lender must examine the creditworthiness of the purchaser and determine compliance with the provisions of 38 U.S.C. 3714. The creditworthiness review must be performed by the party that has automatic authority. If both the holder and its servicing agent are automatic lenders, then they must decide between themselves which one will make the determination of creditworthiness, whether the loan is current and whether there is a contractual obligation to assume the loan, as required by 38 U.S.C. 3714. If the actual loan holder does not have automatic authority and its servicing agent is an automatic lender, then the servicing agent must make the determinations required by 38 U.S.C. 3714 on behalf of the holder. The actual holder will remain ultimately responsible for any failure of its servicing agent to comply with the applicable law and Department of Veterans Affairs regulations.

(A) If the assumption is approved and the transfer of the security is completed, then the notice required by this paragraph shall consist of the credit package (unless previously provided in accordance with paragraph (h)(1)(i)(B) of this section) and a copy of the executed deed, bill of sale, transfer of equity agreement, and/or assumption agreement as required by the VA office of jurisdiction. The notice shall be submitted to the Department of Veterans Affairs with the Department of Veterans Affairs receipt for the funding fee provided for in §§ 36.4232(e)(3) or 36.4254(d)(3) of this part.

(B) If the application for assumption is disapproved, the holder shall notify the seller and the purchaser that the decision may be appealed to the Department of Veterans Affairs office of jurisdiction within 30 days. The holder shall make available to that Department of Veterans Affairs office all items used by the holder in making the holder's decision in case the decision is appealed to the Department of Veterans Affairs. If the application remains disapproved after 60 days (to allow time for appeal to and review by the Department of Veterans Affairs) then the holder must refund $50 of any fee previously collected under the provisions of § 36.4275(a)(3)(iii) of this part. If the application is subsequently approved and the sale is completed, then the holder (or its authorized
servicing agent) shall provide the notice described in paragraph (h)(1)(i)(A) of this section.
(C) In performing the requirements of paragraphs (h)(1)(i)(A) or (h)(1)(i)(B) of this section the holder must complete its examination of the creditworthiness of the prospective purchaser and advise the seller of its decision no later than 45 days after the date of receipt by the holder of a complete application package for the approval of the assumption. The 45-day period may be extended by an interval not to exceed the time caused by delays in processing of the application which are documented as beyond the control of the holder, such as employers or depositaries not responding to requests for verifications, which were timely forwarded, or followups on those requests.
(ii) If neither the holder nor its authorized servicing agent is an automatic lender, the notice to the Department of Veterans Affairs shall include:
   (A) Advice regarding whether the loan is current or in default;
   (B) A copy of the purchase contract; and
   (C) A complete credit package developed by the holder which the Secretary may use for determining the creditworthiness of the purchaser.
(D) The notice and documents required by this section must be submitted to the Department of Veterans Affairs office of jurisdiction no later than 35 days after the date of receipt by the holder of a complete application package for the approval of the assumption, subject to the same extensions as provided in paragraph (h)(1)(i) of this section. If the assumption is not automatically approved by the holder or its authorized agent pursuant to the automatic authority provisions, § 50 of any fee collected in accordance with § 36.4275(a)(3)(iii) of this part must be refunded. If the Department of Veterans Affairs does not approve the assumption, the holder will be notified and an additional $ 50 of any fee collected under § 36.4275(a)(3)(iii) of this part must be refunded following expiration of the 30-day appeal period set out in paragraph (h)(1)(i)(B) of this section. If such an appeal is made to the Department of Veterans Affairs, then the review will be conducted at the Department of Veterans Affairs office of jurisdiction by an individual who was not involved in the original disapproval decision. If the application for assumption is approved and the transfer of the security is completed, then the holder (or its authorized servicing agent) shall provide the notice required in paragraph (h)(1)(i)(A) of this section.
(2) If the seller fails to notify the holder before disposing of property securing the loan, the holder shall notify the Secretary within 60 days after learning of the transfer. Such notice shall advise whether or not the holder intends to immediately accelerate the loan or whether an opportunity will be extended to the transferor and transferee to apply for retroactive approval of the assumption under the terms of this paragraph
(Authority: 38 U.S.C. 3714)

§ 36.4210 Joint loans.
(a) Except as provided in paragraph (b) of this section, the prior approval of the Secretary is required in respect to any manufactured home loan to be made to two or more borrowers who become jointly and severally liable, or jointly liable therefor, and who
will acquire an undivided interest in the property to be purchased or who will otherwise share in the proceeds of the loan, or in respect to any loan to be made to an eligible veteran whose interest in the property owned, or to be acquired with the loan proceeds, is an undivided interest only. The amount of the guaranty shall be computed in such cases only on that portion of the loan allocable to the eligible veteran which, taking into consideration all relevant factors, represents the proper contribution of the veteran to the transaction. Such loans shall be secured to the extent required by 38 U.S.C. chapter 37 and the regulations concerning guaranty of manufactured home loans to veterans.

(b) Notwithstanding the provisions of paragraph (a) of this section, the joinder of the spouse of a veteran-borrower in the ownership of property shall not require prior approval or preclude the issuance of a guaranty based upon the entire amount of the loan. If both spouses be eligible veterans, either or both, within permissible maxima, may utilize available guaranty entitlement.

(c) For the purpose of determining the rights and the liabilities of the Secretary with respect to a loan subject to paragraph (a) of this section, credits legally applicable to the entire loan shall be applied as follows:

(1) Prepayments made expressly for credit to that portion of the indebtedness allocable to the veteran shall be applied to such portion of the indebtedness. All other payments shall be applied ratably to those portions of the loan allocable respectively to the veteran and to the other debtors.

(2) Proceeds of the sale or other liquidation of the security shall be applied ratably to the respective portions of the loan, such portion of the proceeds as represents the interest of the veteran being applied to that portion of the loan allocable to such veteran.

(Authority: 38 U.S.C. 3703(c)(1))

§ 36.4211 Amortization -- prepayment.

(a) To be eligible for guaranty under 38 U.S.C. 3712 a loan shall be amortized fully within the term of the loan in accordance with any generally recognized plan of amortization requiring approximately equal monthly payments. The loan shall not be payable on demand or at sight or presentation, or at a time not specified or computable from the language in the evidence of indebtedness, or on a renewal basis at the option of the holder. The first payment may be deferred not longer than 2 months from the date the loan is closed.

(b) No guaranteed loan security instrument shall contain any provision giving the holder a right to declare the loan due or otherwise to declare a default if the holder "shall feel insecure" or upon the occurrence of any similar condition at the holder's option, without regard to any act or omission by the debtor.

(c) The debtor shall have the right, without penalty or fee, to prepay all or not less than one installment of the indebtedness at any time. Credit for any partial prepayment made on other than an installment due date may be postponed to the next installment due date. The holder and the debtor may agree at any time that any prepayment not previously applied in satisfaction of matured installments shall be reapplied for the purpose of curing or preventing any subsequent default. Any prepayment in full of the indebtedness (unpaid principal balance plus earned interest) shall be credited on the date received.
(d) Subject to paragraph (a) of this section any amounts which under the terms of a loan do not become due and payable on or before the last maturity date permissible for loans of its class under the limitations contained in § 36.4204 shall automatically fall due on such date.

§ 36.4212 Interest rates and late charges.

(a) In guaranteeing or insuring loans under 38 U.S.C. chapter 37, the Secretary may elect to require that such loans either bear interest at a rate that is agreed upon by the veteran and the lender, or bear interest at a rate not in excess of a rate established by the Secretary. The Secretary may, from time to time, change that election by publishing a notice in the Federal Register. Provided, however, that the interest rate of a loan for the purpose of an interest rate reduction under 38 U.S.C. 3712(a)(1)(F) must be less than the interest rate of the VA loan being refinanced. This paragraph (a) does not apply in the case of an adjustable rate mortgage being refinanced with a fixed rate loan.
(Authority: 38 U.S.C. 3703, 3712)

(b) For loans bearing an interest rate agreed upon by the veteran and the lender, the veteran may pay reasonable discount points in connection with the loan. The discount points may not be included in the loan amount, except for interest rate reduction refinancing loans under 38 U.S.C. 3712(a)(1)(F).
(Authority: 38 U.S.C. 3703, 3712)

(c) The rate of interest in instruments securing the indebtedness for all loans may be expressed in terms of add-on or discount.
(Authority: 38 U.S.C. 3710, 3712)

(d) Interest in excess of the rate reported by the lender when requesting evidence of guaranty or insurance shall not be payable on any advance, or in the event of any delinquency or default; Provided, that a late charge not in excess of an amount equal to 4 percent of any installment paid more than 15 days after due date shall not be considered a violation of this limitation.
(Authority: 38 U.S.C. 3712)

(e) Adjustable rate mortgage loans which comply with the requirements of this paragraph are eligible for guaranty.
(1) Interest rate index. Changes in the interest rate charged on an adjustable rate mortgage must correspond to changes in the weekly average yield on one year (52 week) Treasury bills adjusted to a constant maturity. Yields on one year Treasury bills at "constant maturity" are interpolated by the United States Treasury from the daily yield curve. This curve, which relates the yield on the security to its time to maturity, is based on the closing market bid yields on actively traded one year Treasury bills in the over-the-counter market. The weekly average one year constant maturity Treasury bill yields are published by the Federal Reserve Board of the Federal Reserve System. The Federal Reserve Statistical Release Report H.15 (519) is released each Monday. These one year constant maturity Treasury bill yields are also published monthly in the Federal Reserve Bulletin, published by the Federal Reserve Board of the Federal Reserve System,
as well as quarterly in the Treasury Bulletin, published by the Department of the Treasury.

(2) Frequency of interest rate changes. Interest rate adjustments must occur on an annual basis, except that the first adjustment may occur not sooner than 12 months nor later than 18 months from the date of the borrower's first mortgage payment. The adjusted rate will become effective the first day of the month following the adjustment date; the first monthly payment at the new rate will be due on the first day of the following month. To set the new interest rate, the lender will determine the change between the initial (i.e., base) index figure and the current index figure. The initial index figure shall be the most recent figure available before the date of mortgage loan origination. The current index figure shall be the most recent index figure available 30 days before the date of each interest rate adjustment.

(3) Method of rate changes. Interest rate changes may only be implemented through adjustments to the borrower's monthly payments.

(4) Initial rate and magnitude of changes. The initial contract interest rate of an adjustable rate mortgage shall be agreed upon by the lender and the veteran. The rate must be reflective of adjustable rate lending. Annual adjustments in the interest rate shall be set at a certain spread or margin over the interest rate index prescribed in paragraph (e)(1) of this section. Except for the initial rate, this margin shall remain constant over the life of the loan. Annual adjustments to the contract interest rate shall correspond to annual changes in the interest rate index, subject to the following conditions and limitations:

(i) No single adjustment to the interest rate may result in a change in either direction of more than one percentage point from the interest rate in effect for the period immediately preceding that adjustment. Index changes in excess of one percentage point may not be carried over for inclusion in an adjustment in a subsequent year. Adjustments in the effective rate of interest over the entire term of the mortgage may not result in a change in either direction of more than five percentage points from the initial contract interest rate.

(ii) At each adjustment date, changes in the index interest rate, whether increases or decreases, must be translated into the adjusted mortgage interest rate, rounded to the nearest one-eighth of one percent, up or down. For example, if the margin is 2 percent and the new index figure is 6.06 percent, the adjusted mortgage interest rate will be 8 percent. If the margin is 2 percent and the new index figure is 6.07 percent, the adjusted mortgage interest rate will be 8 1/8 percent.

(5) Pre-loan disclosure. The lender shall explain fully and in writing to the borrower, no later than on the date upon which the lender provides the prospective borrower with a loan application, the nature of the obligation taken. The borrower shall certify in writing that he or she fully understands the obligation and a copy of the signed certification shall be placed in the loan folder and included in the loan submission to VA. Such lender disclosure must include the following items:

(i) The fact that the mortgage interest rate may change, and an explanation of how changes correspond to changes in the interest rate index;

(ii) Identification of the interest rate index, its source of publication and availability;

(iii) The frequency (i.e., annually) with which interest rate levels and monthly payments will be adjusted, and the length of the interval that will precede the initial adjustment; and
(iv) A hypothetical monthly payment schedule that displays the maximum potential increases in monthly payments to the borrower over the first five years of the mortgage, subject to the provisions of the mortgage instrument.

(6) Annual disclosure. At least 25 days before any adjustment to a borrower's monthly payment may occur, the lender must provide a notice to the borrower which sets forth the date of the notice, the effective date of the change, the old interest rate, the new interest rate, the new monthly payment amount, the current index and the date it was published, and a description of how the payment adjustment was calculated. A copy of the annual disclosure shall be made a part of the lender's permanent record on the loan.

(Authority: 38 U.S.C. 3707, 3712 (f) and (g))

§ 36.4213 Capacity of parties.

Nothing in the § 36.4200 series shall be construed to relieve any lender of responsibility for any loss caused by lack of legal capacity of any person to contract, sell, convey or encumber, or by the existence of other legal disability or defects invalidating or rendering unenforceable in whole or in part either the loan obligation or the security therefor.

[36 FR 1253, Jan. 27, 1971]

§ 36.4214 Geographical limits.

The site for any manufactured home purchased with a guaranteed loan must be located within the United States of America, which for the purposes of 38 U.S.C. 3712 comprises the several States, the Territories and possessions of the United States, the District of Columbia, the Commonwealth of Puerto Rico and the Commonwealth of the Northern Mariana Islands.

§ 36.4215 Maintenance of records.

(a) The holder shall maintain a record of the amounts of payments received on the obligation and disbursements chargeable thereto and the dates thereof. This record shall be maintained until the Secretary ceases to be liable as guarantor of the loan. For the purpose of any accounting with the Secretary or computation of claim against the Secretary, any holder who fails to maintain such record shall be presumed to have received on the dates due all sums which by the terms of the contract are payable prior to date of claim, and the burden of going forward with evidence and of ultimate proof of the contrary shall be on such holder.

(b) The lender shall retain copies of all loan origination records on VA guaranteed loan for at least one year from the date of loan closing. Loan origination records include the loan application, including any preliminary application, verifications of employment and deposit, all credit reports, including preliminary credit reports, copies of each sales contract and addendums, letters of explanation for adverse credit items, discrepancies and the like, direct references from creditors, correspondence with employers, appraisal reports, reports on other inspections of the property, and all closing papers and documents.

§ 36.4217 Delivery of notice.
Any notice required by the § 36.4200 series to be given the Secretary must be in writing or such other communications medium as may be approved by an official designated in § 36.4221(b) and delivered, by mail or otherwise, to the VA office at which the guaranty was issued, or to any changed address of which the holder has been given notice. Such notice must plainly identify the case by setting forth the name of the original veteran-obligor and the file number assigned to the case by the Secretary, if available, or otherwise the name and serial number of the veteran. If mailed, the notice shall be by certified mail when so provided by the § 36.4200 series. This section does not apply to legal process. (See § 36.4282.)

§ 36.4218 Payment in full; termination of guaranty.
Upon full satisfaction of a guaranteed loan by payment or otherwise the instrument evidencing the guaranty shall be returned to the Department of Veterans Affairs office issuing the same with the holder's cancellation or endorsement of release thereon. [36 FR 1253, Jan. 27, 1971]

§ 36.4219 Incorporation by reference.
Department of Veterans Affairs regulations issued under 38 U.S.C. 3712, and in effect on the date of any loan which is submitted and accepted or approved for a guaranty thereunder, shall govern the rights, duties, and liabilities of the parties to such loan and any provisions of the loan instruments inconsistent with such regulations are hereby amended and supplemented to conform thereto. [36 FR 1253, Jan. 27, 1971]

§ 36.4220 Substantive and procedural requirements; waiver.
(a) Notwithstanding any requirement, condition, or limitation stated in or imposed by the regulations concerning the guaranty of manufactured home loans to veterans, the Under Secretary for Benefits, or the Director, Loan Guaranty Service, within the limitations and conditions prescribed by the Secretary, is hereby authorized, if the Under Secretary for Benefits or Director, Loan Guaranty Service finds the interests of the Government are not adversely affected, to relieve undue prejudice to a debtor, holder, or other person, which might otherwise result, provided no such action may be taken which would impair the vested rights of any person affected thereby. If such requirement, condition, or limitation
is of an administrative or procedural (not substantive) nature, any employee designated in § 36.4221 is hereby authorized to grant similar relief if the designated employee finds the failure or error of the lender was due to misunderstanding or mistake and that the interests of the Government are not adversely affected. Provisions of the regulations considered to be of an administrative or procedural (nonsubstantive) nature are limited to the following:

(1) The requirement in § 36.4209(b) that a lender originating a loan under a certificate of commitment report the loan for issuance of guaranty evidence within 60 days following actual payment of the full proceeds of the loan. In such cases it is not necessary that a finding be made that the loan is not in default.

(2) The requirements in § 36.4209(h) of this part concerning the giving of notice in assumption cases under 38 U.S.C. 3714.

(Authority: 38 U.S.C. 3714)

(3) The requirement in § 36.4279 that a holder promptly forward an advice of the terms of any agreement effecting a reamortization or extension of a loan.

(4) The requirement in § 36.4280 concerning the giving of notice of default.

(5) The requirement in § 36.4280 that a holder give 30 days advance notice of its intention to foreclose or repossess the security.

(6) The requirement in § 36.4282 that a holder give notice of repossession of personal property within 10 days after such repossession has occurred.

(7) The requirement in § 36.4210(a) that a lender obtain the prior approval of the Secretary before closing a joint loan if the lender or class of lenders is approved by the Secretary to close loans on the automatic basis pursuant to 38 U.S.C. 3712(c)(1).

(Authority: 38 U.S.C. 3712(c)(1))

(a) The holder shall require insurance policies to be procured and maintained in an amount sufficient to protect the security against risks or hazards to which it may be subjected to the extent customary in the locality. The costs of such required insurance coverage may be paid for by the veteran. Only the costs for one year may be included in the loan amount.

(1) Flood insurance will be required on any manufactured home, building or personal property securing a loan at any time during the term of the loan that such security is located in an area identified by the Federal Emergency Management Agency as having special flood hazards and in which flood insurance has been made available under the National Flood Insurance Act, as amended. The amount of flood insurance must be at least equal to the lesser of the outstanding principal balance of the loan or the maximum limit of coverage available for the particular type of property under the National Flood Insurance Act, as amended. The Secretary cannot guarantee a loan for the acquisition or construction of property located in an area identified by the Federal Emergency Management Agency as having special flood hazards unless the community in which such area is situated is then participating in the National Flood Insurance Program.

(2) Broad Lender's Protection Insurance or its equivalent is required to protect against loss for any items missing from the manufactured home at time of repossession and to cover repossession expenses including, but not limited to, breakdown and transport charges, permit and export fees, and an amount, limited by the Secretary, of unpaid park rent.

(b) All monies under such policies covering payment of insured losses shall be applied to restoration of the security or to the loan balance.

§ 36.4223 Interest rate reduction refinancing loan.

(a) A veteran may refinance [38 U.S.C. 3712(a)(1)(F)] an existing Department of Veterans Affairs guaranteed loan to reduce the interest rate payable on the Department of Veterans Affairs loan provided the following requirements are met:

(1) The loan application must be submitted to the Secretary for prior approval unless the veteran is not charged a discount, in which case the loan application may be processed on the automatic basis;

(2) The loan must be secured by the same real property and/or personal property as the loan being refinanced and the veteran must own the manufactured home and/or manufactured home lot securing the loan; and

(i) Presently occupy or have previously occupied the manufactured home, a manufactured home on the lot securing the loan, or the manufactured home and the lot securing the loan as his or her home and must certify in such form as the Secretary shall prescribe that the veteran presently or has previously so occupied the manufactured home or a manufactured home on the lot; or

(ii) When a veteran is on Active Duty status as a member of the Armed Forces and is unable to occupy the manufactured home or a manufactured home on the lot securing the
loan as a home because of such status, the veteran's spouse must occupy or must have previously occupied the manufactured home or a manufactured home on the lot as the spouse's home and must certify such occupancy in such form as the Secretary shall prescribe.

(3) The amount of the refinancing loan may not exceed an amount equal to the sum of the balance of the loan being refinanced and such closing costs as authorized in § 36.4232 or § 36.4254, as appropriate, and a discount not to exceed 2 percent of the loan amount;

(Authority: 38 U.S.C. 3703, 3712)

(4) The dollar amount of the guaranty of the 38 U.S.C. 3712(a)(1)(F) loan may not exceed the greater of the original guaranty amount of the loan being refinanced, or 25 percent of the loan; and

(Authority: 38 U.S.C. 3703, 3712)

(5) The term of the refinancing loan 38 U.S.C. 3712(a)(1)(F) may not exceed the original term of the loan being refinanced.

(b) Notwithstanding any other regulatory provision, the interest rate reduction refinancing loan may be guaranteed without regard to the amount of guaranty entitlement for manufactured home purposes available for use by the veteran, and the amount of the veteran's remaining guaranty entitlement for manufactured home purposes shall not be charged for an interest rate reduction refinancing loan. The interest rate reduction refinancing loan will be guaranteed with the entitlement used by the veteran to obtain the loan being refinanced. The veteran's loan guaranty entitlement used originally for a purpose as enumerated in 38 U.S.C. 3712(a)(1)(A) through (E) or (G) and subsequently transferred for use on an interest rate reduction refinancing loan (38 U.S.C. 3712(a)(1)(F)) shall be eligible for restoration when the interest rate reduction refinancing loan or subsequent interest rate reduction refinancing loan on the same property meets the requirements of § 36.4203(a).

(c) Title to the security which is refinanced for the purpose of an interest rate reduction must be in conformity with § 36.4234, and/or § 36.4253, as appropriate.

(Authority: 38 U.S.C. 3712(a)(1)(F) and (4))

§ 36.4224 Refinancing existing manufactured home loan including purchase of lot.

(a) A veteran may refinance (38 U.S.C. 3712(a)(1)(G)) an existing purchase money lien on a manufactured home owned and occupied by the veteran as his or her home in conjunction with a loan to acquire a suitable lot on which that manufactured home is or will be located provided the following requirements are met.

(1) The loan application must be submitted to the Secretary for prior approval;

(2) The loan must be secured by the same manufactured home which is being refinanced and the real property on which the manufactured home is or will be located.

(3) The amount of the loan may not exceed an amount equal to the sum of the balance of the loan being refinanced; the purchase price, not to exceed the reasonable value of the
lot, as authorized in § 36.4252; the costs of necessary site preparation of the lot as determined by the Secretary; a reasonable discount as authorized in § 36.4204(d)(8) with respect to that portion of the loan used to refinance the existing purchase money lien on the manufactured home, and closing costs as authorized in § 36.4232 or § 36.4254, as appropriate.

(b) If the loan being refinanced was guaranteed by the Department of Veterans Affairs, the portion of the loan made for the purpose of refinancing an existing purchase money manufactured home loan may be guaranteed without regard to the outstanding guaranty entitlement available for use by the veteran, and the veteran's guaranty entitlement shall not be charged as a result of any guaranty provided for the refinancing portion of the loan. For the purposes enumerated in 38 U.S.C. 3702(b) the refinancing portion of the loan shall be considered to have been obtained with the guaranty entitlement used to obtain the VA-guaranteed loan being refinanced. Guaranty for the refinancing loan shall be computed by first applying to the loan a combined total of the guaranty entitlement used to obtain the VA-guaranteed loan being refinanced and second any additional guaranty entitlement available to the veteran for manufactured home purposes, up to a maximum of $20,000 or forty (40) percent of the original principal amount of the loan, whichever is less.

§ 36.4225 Authority to close manufactured home loans on the automatic basis.
(a) Supervised lenders of the classes described in 38 U.S.C. 3702(d) (1) and (2) are authorized by statute to process VA guaranteed manufactured home loans on the automatic basis. This category of lenders includes any Federal land bank, national bank, State bank, private bank, building and loan association, insurance company, credit union or mortgage and loan company that is subject to examination and supervision by an agency of the United States or of any State or by any State.

(b) Nonsupervised lenders of the class described in 38 U.S.C. 3702(d)(3) must apply to the Secretary for authority to process manufactured home loans on the automatic basis. The following minimum requirements must be met:

(1) Minimum assets. A minimum of $50,000 of working capital must be maintained. Working capital is defined as the excess of current assets over current liabilities. Current assets are defined as cash or other assets that could readily be converted into cash within 1 year on the normal accounting or business cycle. Current liabilities are defined as obligations that would be paid within a year on a normal accounting or business cycle. The lender's latest financial statements (profit and loss statements and balance sheets), audited and certified by a CPA (certified public accountant), must accompany the application. If the date of the financial statement precedes that of the application by more than 6 months, the lender-applicant must also attach a copy of its latest internal quarterly report. In addition, the lender-applicant must agree that if the application is approved, the applicant will provide within 120 days following the end of each of its fiscal years an audited financial statement to the Director, Loan Guaranty Service for review.

(2) Experience. The firm must have been actively engaged in originating manufactured home loans for at least the last 2 years. Alternately, each principal officer of the firm who is actively involved in managing origination functions must have a minimum of 2 recent
years' total experience in the field of VA manufactured home mortgages in managerial functions in either the present company of employment or in companies other than that of his or her present employment. In either case, every principal officer (president and vice presidents) must submit a resume of his or her experience in the mortgage lending field. Should the secretary and/or treasurer participate in the management of origination functions, they too must submit a resume and meet the minimum experience requirement if the company does not meet the experience requirement. Should the lender or any of its directors or officers ever have been debarred or suspended by any Federal agency or department or any of its directors or officers have been a director or officer of any other lender or corporation that was so suspended, or if the lender-applicant ever had a servicing contract with an investor terminated for cause, a statement of the facts must also be submitted. Lender-applicants will submit individual requests for each branch office they wish to have approved. The parent organization must agree to accept full responsibility for the actions of branch offices.

(3) Underwriter. If it is proposed that all loans to be made by the lender will be submitted to its home office for approval or rejection, the lender must have at least one full-time designated underwriter in its home office. If the loans will be approved or rejected by branch managers, the lender must have at least one full-time designated underwriter in each branch. In either event, the designated underwriters must be identified and a resume on each submitted to VA. The underwriters should have at least three years of experience in consumer installment finance. If changes in underwriting personnel occur, the lender must notify VA.

(4) Lines of credit. The identity of the source(s) of warehouse lines of credit must be revealed to VA and the applicant must agree that VA may contact the named source(s) for the purpose of verifying the information.

(5) Secondary market. If the lender-applicant customarily sells the manufactured home loans it originates, it must provide a listing of all permanent investors to whom the loans are sold, including the investor's address, telephone number and names of persons to contact.

(6) Liaison. The lender-applicant must designate one employee to act as liaison on its behalf with the VA. If possible, the lender-applicant should select employees other than VA approved underwriters to act as liaison. Officers from branch or regional offices should also be appointed to act as liaison with local VA offices. The lender must notify VA of any changes in liaison personnel.

(7) Courtesy closing. The lender-applicant must certify to VA that it will not close loans on an automatic basis as a courtesy or accommodation for other mortgage lenders whether or not such lenders are themselves approved to close on an automatic basis. The lender must agree that the processing of forms other than the initial credit application will not be delegated to the dealer or developer.

(8) Subsidiaries/affiliates. A lender approved for automatic processing may not close manufactured home loans on the automatic basis involving any dealership or manufacturer in which it has a financial interest or which it owns, is owned by, or with which it is affiliated. This restriction may be eliminated for lenders that can provide documentation which demonstrates to VA's satisfaction that (i) the lender and the manufacturer and/or dealer are separate entities that operate independently for each other, and (ii) the percentage of all VA manufactured home loans originated by the lender
during at least a one-year period on which payments are past due 90 days or more is no higher than the national average for the same period for all mortgage loans.

(9) Lender agents. A lender using an agent to perform a portion of the work involved in originating and closing a VA guaranteed loan on an automatic basis must take full responsibility by certification or corporate resolution for all acts, errors and omissions of the agent and its employees. Any such acts, errors or omissions will be treated as those of the lender and appropriate sanctions may be imposed against the lender and its agent.

(10) Minimum use of automatic authority. If approved, lenders must use their automatic authority to the maximum extent possible. Any lender with automatic authority who submits a loan on the prior approval basis will be required to submit an explanation from the designated underwriter as to why the loan was not closed automatically. Such a statement will not be needed for loans that must be processed on the prior approval basis, e.g., joint loans.

(11) Probation. Lender-applicants meeting the requirements of this section will be approved to close loans on an automatic basis for a 1-year probationary period. Poor underwriting and/or consistently careless processing by the lender during the probationary period will be a basis for withdrawal of automatic authority.

(12) Quality control system. In order to be approved as a nonsupervised lender for automatic processing authority, the lender must implement a written quality control system which ensures compliance with VA requirements. The lender must agree to furnish findings under its system to VA on demand. The elements of the quality control system must include the following:

(i) Underwriting policies. Each office of the lender shall maintain copies of VA credit standards and all available VA underwriting guidelines.

(ii) Corrective measures. The system should ensure the effective corrective measures are taken promptly when deficiencies in loan originations are identified by either the lender or VA. Any cases involving major discrepancies which are discovered under the system must be reported to VA.

(iii) System integrity. The quality control system should be independent of the loan production function.

(iv) Scope. The review of understanding decisions and certifications must include compliance with VA underwriting requirements, sufficiency of documentation and soundness of underwriting judgments.

(c) A lender approved to close loans on the automatic basis who subsequently fails to meet the requirements of this section must report the circumstances surrounding the deficiency and the remedial action to be taken to cure it to VA.

(Authority: 38 U.S.C. 501, 1803(c)(1), and 1812(g))

(d) To participate in VA's automatic program nonsupervised lenders of the class described in paragraph 3702(d)(3) of title 38 U.S. Code shall pay fees as follows:

(1) $ 500 for new applications;

(2) $ 200 for reinstatement of lapsed or terminated automatic authority;

(3) $ 100 for each underwriter approval;

(4) $ 100 for each agent approval;

(5) $ 100 for each regional underwriting office approval;

(6) A minimum fee of $ 100 for any other VA administrative action pertaining to a lender's participation in ALP;
(7) $200 annually for certification of home offices;
(8) $100 annually for certification of regional offices; and
(9) $100 annually for each agent renewal.
(e) Supervised lenders of the classes described in paragraphs (d)(1) and (d)(2) of 38 U.S.
Code 3702 participating in VA's Loan Guaranty Program shall pay fees as follows:
(1) $100 fee for each agent approval; and
(2) $100 annually for each agent renewal.
(Authority: 38 U.S.C. 3712(g))
(f) Lenders participating in VA's Lender Appraisal Processing Program shall pay a fee of
$100 for approval of each staff appraisal reviewer.

§ 36.4226 Withdrawal of authority to close manufactured home loans on the
automatic basis.
(a)(1) As provided in 38 U.S.C. 3702(e), the authority of any lender to close
manufactured home loans on the automatic basis may be withdrawn by the Secretary at
any time upon 30 days notice. The automatic processing authority of both supervised and
nonsupervised lenders may be withdrawn for engaging in practices which are imprudent
from a lending standpoint or which are prejudicial to the interests of veterans or the
Government but are of a lesser degree than would warrant complete debarment or
suspension of the lender from participation in the program.
(2) Automatic processing authority may be withdrawn for failure to meet basic qualifying
criteria. For non-supervised lenders, this includes lack of a designated underwriter, failure
to maintain $50,000 working capital and/or failure to file required financial statements.
For supervised lenders this includes loss of status as an entity subject to examination and
supervision by a Federal or State supervisory agency as required by 38 U.S.C. 3702(d).
During the 1 year probationary period for newly approved automatic lenders, automatic
authority may be withdrawn based upon poor underwriting or consistently careless
processing by the lender, as determined by VA.
(3) Automatic processing authority may also be withdrawn based on any of the causes for
debarment set forth at § 44.305 of this title.
(b) Authority to close manufactured home loans on the automatic basis may also be
temporarily withdrawn for a period of time under the following schedule.
(1) Withdrawal for 60 days:
(i) Automatic loan submissions show deficiencies in credit underwriting, such as use of
unstable sources of income to qualify the borrower, ignoring significant adverse credit
items affecting the applicant's creditworthiness, etc., after such deficiencies have been
repeatedly called to the lender's attention;
(ii) Employment or deposit verifications are handcarried by applicants or otherwise
improperly permitted to pass through the hands of a third party;
(iii) Automatic loan submissions are consistently incomplete after such deficiencies have
been repeatedly called to the lender's attention by VA; or
(iv) There are continued instances of disregard of VA requirements after they have been
called to the lender's attention.
(2) Withdrawal for 180 days:
(i) Loans are closed automatically which conflict with VA credit standards and which would not have been made by a lender acting prudently;
(ii) The lender fails to disclose to VA significant obligations or other information so material to the veteran's ability to repay the loan that undue risk to the Government results;
(iii) Employment or deposit verifications are allowed to be handcarried by applicant or otherwise mishandled, resulting in the submission of significant misinformation to VA;
(iv) Substantiated complaints are received that the lender misrepresented VA requirements to veterans to the detriment of their interests (e.g., veteran was dissuaded from seeking a lower interest rate based on lender's incorrect advice that such options were precluded by VA requirements);
(v) Closing documentation shows instances of improper charges to the veteran after the impropriety of such charges has been called to the lender's attention by Va, or refusal to refund such charges after notification by VA; or
(vi) There are other instances of lender actions which are prejudicial to the interests of veterans, such as deliberate delays in scheduling loan closings.
(3) Withdrawal for a period from one year to three years:
(i) The lender fails to properly disburse loans (e.g., loan disbursement checks returned due to insufficient funds); or
(ii) There is involvement by the lender in the improper use of a veteran's entitlement (e.g., knowingly permitting the veteran to violate occupancy requirements, lender involvement in sale of veteran's entitlement).
(4) A continuation of actions that have led to previous withdrawal of automatic authority justifies withdrawal of automatic authority for the next longer period of time.
(5) Withdrawal of automatic processing authority does not prevent a lender from processing VA guaranteed manufactured home loans on the prior approval basis.
(6) Action by VA to remove a lender's automatic authority does not prevent VA from also taking debarment or suspension action based on the same conduct by the lender.
(7) VA field facilities are authorized to withdraw automatic privileges for 60 days, based on any of the violations set forth in paragraphs (b)(1) through (b)(3) of this section, for nonsupervised lenders without operations in other stations' jurisdictions. All determinations regarding withdrawal of automatic authority for longer periods of time or multi-jurisdictional lenders must be made in Central Office.
(c) VA will provide 30 days notice of withdrawal of automatic authority in order to enable the lender to either close or obtain prior approval for a loan on which processing has begun. There is no right to a formal hearing to contest the withdrawal of automatic processing privileges. However, if within 15 days after receiving notice the lender requests an opportunity to contest the withdrawal, the lender may submit in person, in writing, or through a representative, information and argument in opposition to the withdrawal.
(d) If the lender's submission in opposition raises a dispute over facts material to the withdrawal of automatic authority, the lender will be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witnesses VA presents. The Under Secretary for Benefits will appoint a hearing officer or panel to conduct the hearing.
(e) A transcribed record of the proceedings shall be made available at cost to the lender, upon request, unless the requirement for a transcript is waived by mutual agreement.

(f) In actions based upon a conviction or civil judgment, or in which there is no genuine dispute over material facts, the Under Secretary for Benefits shall make a decision on the basis of all the information in the administrative record, including any submissions made by the lender.

(g) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact will be prepared by the hearing officer or panel. The Under Secretary for Benefits shall base the decision on the facts as found, together with any information and argument submitted by the lender and any other information in the administrative record.

§ 36.4227 Advertising and Solicitation Requirements.

Any advertisement or solicitation in any form (e.g., written, electronic, oral) from a private lender concerning manufactured housing loans to be guaranteed or insured by the Secretary:

(a) Must not include information falsely stating or implying that it was issued by or at the direction of VA or any other department or agency of the United States, and

(b) Must not include information falsely stating or implying that the lender has an exclusive right to make loans guaranteed or insured by VA.

§ 36.4232 Allowable fees and charges; manufactured home unit.
(a) Incident to the origination of a guaranteed loan for the purchase or refinancing of a manufactured home unit only, no charge shall be made against, or paid by, the veteran-borrower without the express prior approval of the Secretary except as provided in paragraph (e) of this section and as follows:
(1) Actual fees or charges for required recordation of documents;
(2) The costs of independent fee inspections for itemized items included in the manufactured home loan, as required by § 36.4204(f);
(3) The amount of any documentary stamp taxes levied on the transaction;
(4) The amount of State and local taxes levied on the transaction;
(5) The premium for customary physical damage insurance and vendor's single interest coverage on the manufactured home for an initial policy term of not to exceed one (1) year;
(6) The premium for insurance against loss for items missing at time of repossession and for repossession expenses, unless State law prohibits charging borrowers for this
coverage, in which case the lender is required to pay for the coverage without reimbursement from the veteran;
(7) For the purposes of obtaining a refinancing loan for interest rate reduction or a refinancing loan to simultaneously refinance a unit and acquire a lot, the cost of a credit report and an appraisal; and
(Authority: 38 U.S.C. 3712 (a)(1)(b), (a)(4)(A) and (g)).
(8) The actual amount charged for flood zone determinations, including a charge for a life-of-the-loan flood zone determination service purchased at the time of loan origination, if made by a third party who guarantees the accuracy of the determination. A fee may not be charged for a flood zone determination made by a Department of Veterans Affairs appraiser or for the lender's own determination.
(Authority: 38 U.S.C. 3712; 42 U.S.C. 4001 note, 4012a)
(b) Any charge against the borrower properly made under paragraph (a) of this section may be included in the loan and paid out of the proceeds of the loan provided the total loan amount does not exceed 145 percent of the manufacturer's invoice.
(Authority: 38 U.S.C. 3712(g))
(c)(1) Costs of a credit report (except for 38 U.S.C. 3712(a)(1)(F) or (G) refinancing loans) such additional insurance as the veteran may desire, and any other expenses normally charged to a manufactured home purchaser under local customs may be paid by the borrower other than from the loan proceeds.
(2) For the purchase of a used manufactured home unit, the fee of a Department of Veterans Affairs appraiser and of compliance inspectors designated by the Department of Veterans Affairs, except appraisal fees incurred for the predetermination of reasonable value requested by others than veteran or lender, may be paid by the borrower from other than the loan proceeds.
(Authority: 38 U.S.C. 3712 (e)(4) and (g))
(d) Subject to the limitations set forth in this section, the following may be included in the loan made for the purchase of a new (not used) manufactured home unit and paid out of the proceeds of the loan:
(1) The actual cost of transportation or freight;
(2) Setup charges for installing the manufactured home on site not to exceed $400 for a single-wide manufactured home or $800 for a double-wide manufactured home.
(Authority: 38 U.S.C. 3712(g))
If the actual costs exceed the limitations in this section, the veteran must certify that any excess cost has been paid in cash from the veteran's own resources without borrowing.
(e)(1) Subject to the limitations set out in paragraph (e)(5) of this section, a fee must be paid to the Secretary. A fee of 1 percent of the total amount must be paid in a manner prescribed by the Secretary before a manufactured home unit loan will be eligible for guaranty. Provided, however, that the fee shall be 0.50 percent of the total loan amount for interest rate reduction refinancing loans guaranteed under 38 U.S.C. 3712(a)(1)(F). All or part of the fee may be paid in cash at loan closing or all or part of the fee may be included in the loan without regard to the reasonable value of the property or the computed maximum loan amount, as appropriate. In computing the fee, the lender shall disregard any amount included in the loan to enable the borrower to pay such fee.
(Authority: 38 U.S.C. 3729(a))
(2) Subject to the limitations set out in paragraph (e)(5) of this section, a fee of one-half of one percent of the loan balance must be paid to the Secretary in a manner prescribed by the Secretary by a person assuming a loan to which section 3714 of chapter 37 of 38 U.S.C. applies. The instrument securing such a loan shall contain a provisions describing the right of the holder to collect this fee as trustee for the Department of Veterans Affairs. The loan holder shall list the amount of this fee in every assumption statement provided and include a notice that the fee must be paid to the holder immediately following loan settlement. The fee must be transmitted to the Secretary within 15 days of receipt by the holder of notice of the transfer.

(Authority: 38 U.S.C. 3714, 3729)

(3) The lender is required to pay to the Secretary the fee described in paragraph (e)(1) of this section within 15 days after loan closing. Any lender closing a loan, subject to the limitations set out in paragraph (e)(5) of this section, who fails to submit timely payment of this fee will be subject to a late charge equal to 4 percent of the total fee due. If payment of the 1 percent fee is more than 30 days after loan closing, interest will be assessed at a rate set in conformity with the Department of Treasury's Fiscal Requirements Manual. This interest charge is in addition to the 4 percent late charge, but the late charge is not included in the amount on which interest is computed. This interest charge is to be calculated on a daily basis beginning on the date of closing, although the interest will be assessed only on funding fee payments received more than 30 days after closing.

(Authority: 38 U.S.C. 501)

(4) The lender is required to pay to the Secretary electronically through the Automated Clearing House (ACH) system the fees described in paragraphs (e)(1) and (e)(2) of this section and any late fees and interest due on them. This shall be paid to a collection agent by operator-assisted telephone, terminal entry, or central processing unit-to-central processing unit (CPU-to-CPU) transmission. The collection agent will be identified by the Secretary. The lender shall provide the collection agent with the following: authorization for payment of the funding fee (including late fees and interest) along with the following information: VA lender ID number; four-digit personal identification number; dollar amount of debit; VA loan number; OJ (office of jurisdiction) code; closing date; loan amount; information about whether the payment includes a shortage, late charge, or interest; veteran name; loan type; sale amount; downpayment; whether the veteran is a reservist; and whether this is a subsequent use of entitlement. For all transactions received prior to 8:15 p.m. on a workday, VA will be credited with the amount paid to the collection agent at the opening of business the next banking day.

(Authority: 38 U.S.C. 3729(a))

(5) The fee described in paragraphs (e)(1) and (e)(2) of this section shall not be collected from a veteran who is receiving compensation (or who but for the receipt of retirement pay would be entitled to receive compensation) or from a surviving spouse described in section 3701(b)(2) of title 38, United States Code.

(Authority: 38 U.S.C. 3729(b))

(The information collection requirements in this section have been approved by the Office of Management and Budget under control numbers 2900-0474 and 2900-0516.)
§ 36.4234 Title and lien requirements.
(a) The interest in the manufactured home acquired by the veteran at the time of purchase shall be either:
(1) Legal title evidenced by such document as is customarily issued to the purchaser of a manufactured home in the jurisdiction in which the manufactured home is initially sited, or
(2) A full possessory interest convertible into a legal title conforming to paragraph (a)(1) of this section upon payment in full of the guaranteed loan.

less than 14 years from the maturity of the loan, or to any earlier date at which the fee
simple title will vest in the lessee, which is assignable or transferable, if the same be
subjected to the lien; however, a leasehold estate which is not freely assignable and
transferable will be considered an acceptable estate if it is determined by the Under
Secretary for Benefits, or the Director, Loan Guaranty Service, (i) that such type of
leasehold is customary in the area where the property is located, (ii) that a veteran or
veterans will be prejudiced if the requirement for free assignability is adhered to and, (iii)
that the assignability and other provisions applicable to the leasehold estate are sufficient
to protect the interests of the veteran and the Government and are otherwise acceptable;
or
(3) A life estate, provided that the remainder and reversionary interests are subjected to

(i) If the property is resold within a time period as established by local law or ordinance,
after the purchaser acquires title, the purchaser must first offer the property to the
government housing agency, or a low- or moderate-income purchaser designated by such
agency, provided the option to purchase is exercised within 90 days after notice by the
purchaser to the agency of intention to sell;
(ii) If the property is resold within a time period as established by local law or ordinance,
after the purchaser acquires title, a governmental agency may specify a maximum price
for the property upon resale; or
(iii) Such other restriction approved by the Secretary designed to insure either that a
property acquired under such program again be made available to low- or
moderate-income purchasers, or to prevent a private purchaser from obtaining a windfall
profit on the resale of such property, while assuring that the purchaser has a reasonable opportunity to dispose of the property without undue difficulty at a reasonable price. The sale price of a property under any of the restrictions of paragraph (b)(6) of this section shall not be less than the lowest of the following: The price designated by the owner as the asking price; the appraised value of the property; or the original purchase price of the property, increased by a factor reflecting all or a reasonable portion of the increased costs of housing or the percentage increase in median income in the area between the date of original purchase and resale, plus the reasonable value or actual costs of any capital improvements made by the owner, plus a reasonable real estate commission less the cost of necessary repairs required to place the property in saleable condition; or other reasonable formula approved by the Secretary. (8) Building and use restrictions whether or not enforceable by a reverter clause if there has been no breach of the conditions affording a right to an exercise of the reverter; (9) Violation of a restriction based on race, color, religion, sex, handicap, familial status, or national origin, whether or not such restriction provides for reversion or forfeiture of title or a lien for liquidated damages in the event of a breach; (10) Any other covenant, condition, restriction, or limitation approved by the Secretary in the particular case. Such approval shall be a condition precedent to the guaranty of the loan; (c) The following limitations on the quantum or quality of the estate or property shall be deemed for the purposes of paragraph (b) of this section to have been taken into account in the appraisal of the manufactured home lot and determined by the Secretary as not materially affecting the reasonable value of such property: (1) Building or use restrictions. Provided, (i) no violation exists, (ii) the proposed use by a veteran does not presage a violation of a condition affording a right of reverter, and (iii) any right of future modification contained in the building or use restrictions is not exercisable, by its own terms, until at least 10 years following the date of the loan. (2) Violations of equal opportunity restrictions. of title or condemnation by municipal authorities or a lien for liquidated damages which may be superior to the lien securing the guaranteed loan.

(4) Easements. (i) Easements for public utilities along one or more of the property lines and easements for drainage or irrigation ditches, provided the exercise of the rights thereof do not interfere with the use of the manufactured home or improvements located on the subject property.

(ii) Mutual easements for joint driveways located partly on the subject property and partly on adjoining property, provided the agreement is recorded in the public records.

(iii) Easements for underground conduits which are in place and which do not extend under any buildings in the subject property.

(5) Encroachments. (ii) By hedges or removable fences belonging to subject or adjoining property.

(iii) Not exceeding 1 foot on adjoining property by driveways belonging to subject property, provided there exists a clearance of at least 8 feet between the buildings on the subject property and the property line affected by the encroachment.

(6) Variations of lot lines. Variations between the length of the subject property lines as shown on the plot plan or other exhibits submitted to the Department of Veterans Affairs and as shown by the record or possession lines, provided such variations do not interfere with the current use of any of the improvements on the subject property including the manufactured home and do not involve a deficiency of more than 2 percent with respect to the length of the front line or more than 5 percent with respect to the length of any other line.

(d) In a combination loan (loan to finance the purchase of a manufactured home and to finance the purchase of a lot and/or necessary site preparation) the total indebtedness of the veteran arising from such combination loan transaction must be secured by a first lien or the equivalent thereof on the estate of the veteran in the manufactured home lot, which real estate security interest shall be in addition to the manufactured home security interest required by § 36.4234.

(e) Tax liens special assessment liens, and ground rents shall be disregarded with respect to any requirement that loans shall be secured by a lien of specified dignity. With the prior approval of the Secretary, Under Secretary for Benefits, or Director, Loan Guaranty Service, liens retained by nongovernmental entities to secure assessments or charges for municipal type services and facilities clearly within the public purpose doctrine may be disregarded. In determining whether a loan for the purchase or improvement of a manufactured home lot is secured by a first lien the Secretary may also disregard a superior lien created by a duly recorded covenant running with the realty in favor of a private entity to secure an obligation to such entity for the homeowner's share of the costs of the management, operation, or maintenance of property, services or programs within and for the benefit of the development or community in which the veteran's realty is located, if the Secretary determines that the interests of the veteran-borrower and of the Government will not be prejudiced by the operation of such covenant. In respect to any such superior lien created after June 6, 1969, the Secretary's determination must have been made prior to the recordation of the covenant.
(f) In the case of a combination loan or a loan to purchase a lot upon which a manufactured home owned by the veteran will be placed it shall be the responsibility of the lender that the veteran initially obtains or has an estate in the land constituting the manufactured home lot meeting the requirements of paragraph (a) of this section and to obtain and retain a security interest thereon meeting the requirements of paragraph (d) of this section.

(g) In the case of a combination loan to purchase a manufactured home lot and to refinance an existing purchase money loan on a manufactured home unit which is or will be located on the lot to be purchased, it shall be the responsibility of the lender to assure that the veteran obtains or retains an estate in the manufactured home and in the land meeting the requirements of paragraph (a) of this section and § 36.4234. The lender must also obtain and retain a first lien or the equivalent thereof on the estate of the veteran in both the manufactured home and in the lot on which the manufactured home is located.

Provided, however, that the fee shall be 0.50 percent of the total loan amount for interest rate reduction refinancing loans guaranteed under 38 U.S.C. 3712(a)(1)(F). All or part of such fee may be paid in cash at loan closing or all or part of the fee may be included in the loan without regard to the reasonable value of the property or the computed maximum loan amount, as appropriate. The loan holder shall list the amount of this fee in every assumption statement provided and include a notice that the fee must be paid to the holder immediately following loan settlement. The fee must be transmitted to the Secretary within 15 days of receipt by the holder of notice of the transfer.

(Authority: 38 U.S.C. 3714, 3729)

(3) The lender is required to pay to the Secretary the fee described in paragraph (d)(1) of this section within 15 days after loan closing. If payment of the 1 percent fee is made more than 30 days after loan closing, interest will be assessed at a rate set in conformity with the Department of Treasury’s Fiscal Requirements Manual. This interest charge is in addition to the 4 percent late charge, but the late charge is not included in the amount on which interest is computed. This interest charge is to be calculated on a daily basis beginning on the date of closing, although the interest will be assessed only on funding fee payments received more than 30 days after closing.

(Authority: 38 U.S.C. 501)

(4) The lender is required to pay to the Secretary electronically through the Automated Clearing House (ACH) system the fees described in paragraphs (d)(1) and (d)(2) of this section and any late fees and interest due on them. This shall be paid to a collection agent by operator-assisted telephone, terminal entry, or CPU-to-CPU transmission. The collection agent will be identified by the Secretary. The lender shall provide the collection agent with the following: authorization for payment of the funding fee
(including late fees and interest) along with the following information: VA lender ID number; four-digit personal identification number; dollar amount of debit; VA loan number; OJ (office of jurisdiction) code; closing date; loan amount; information about whether the payment includes a shortage, late charge, or interest; veteran name; loan type; sale amount; downpayment; whether the veteran is a reservist; and whether this is a subsequent use of entitlement. § 36.4275 Events constituting default and acceptability of partial payments.
(a) Except as provided in paragraphs (a)(1), (a)(2) and (a)(3) of this section, the conveyance of or other transfer of title to property by operation of law or otherwise, after the creation of a lien thereon to secure a loan which is guaranteed in whole or in part by the Secretary, shall not constitute an event of default, or acceleration of maturity, elective or otherwise, and shall not of itself terminate or otherwise affect the guaranty.
(1) The Secretary may issue guaranty on loans in which a State, Territorial, or local governmental agency provides assistance to a veteran for the acquisition of a mobile home or lot. Such loans will not be considered ineligible for guaranty if the State, Territorial, or local authority, by virtue of its laws or regulations or by virtue of Federal law, requires the acceleration of maturity of the loan upon the sale or conveyance of the security property to a person ineligible for assistance from such authority.
(2) At the time of application for a loan assisted by a State, Territorial, or local governmental agency, the veteran-applicant must be fully informed and consent in writing to the housing authority restrictions. A copy of the veteran's consent statement must be forwarded with the loan application or the report of a loan processed on the automatic basis.
(3) Any housing loan which is financed under 38 U.S.C. chapter 37 and to which section 3714 of that chapter applies, shall include a provision in the security instrument that the holder may declare the loan immediately due and payable upon transfer of the property securing such loan to any transferee unless the acceptability of the assumption of the loan is established pursuant to section 3714.
(i) A holder may not exercise its option to accelerate a loan upon:
(A) The creation of a lien or other encumbrance subordinate to the lender's security instrument which does not relate to a transfer of rights of occupancy in the property;
(B) The creation of a purchase money security interest for household appliances;
(C) A transfer by devise, descent, or operation of law on the death of a joint tenant or tenant by the entirety;
(D) The granting of a leasehold interest of three years or less not containing an option to purchase;
(E) A transfer to a relative resulting from the death of a borrower;
(F) A transfer where the spouse or children of the borrower become joint owners of the property with the borrower;
(G) A transfer resulting from a decree of a dissolution of marriage, legal separation agreement, or from an incidental property settlement agreement by which the spouse of the borrower becomes the sole owner of the property. In such a case the borrower shall have the option of applying directly to the Department of Veterans Affairs regional office of jurisdiction for a release of liability in accordance with § 36.4285 of this part; or
(H) A transfer into an inter vivos trust in which the borrower is and remains a beneficiary and which does not relate to a transfer of rights of occupancy in the property.
(ii) Any instrument evidencing the loan (i.e., the retail installment contract, promissory note and/or mortgage or deed of trust) shall bear in a conspicuous position in capital letters on the first page of the document in type at least 2 1/2 times larger in height than the regular type on such page the following warning: "THIS LOAN IS NOT ASSUMABLE WITHOUT THE APPROVAL OF THE DEPARTMENT OF VETERANS AFFAIRS OR ITS AUTHORIZED AGENT." Due to the difficulty in obtaining some commercial type sizes which are exactly 2 1/2 times larger in height than other sizes, minor deviations will be permitted based on commercially available type sizes nearest to 2 1/2 times the size of the print on the document. A similar warning in regular size type must appear on every assumption statement provided on a loan to which this paragraph applies.
(iii) On any loan to which 38 U.S.C. 3714 applies, the holder may charge a reasonable fee, not to exceed the lesser of (A) $300 and the actual cost of any credit report required, or (B) any maximum prescribed by applicable state law, for processing an application for assumption and changing its records. A provision authorizing the collection by the holder of this fee shall be contained in the instrument securing the loan.
(Authority: 38 U.S.C. 3704 and 3714)
(b) The inclusion in the guaranteed obligation of a provision contrary to the provisions of this section or § 36.4211 shall not impair the right of the holder to payment of the guaranty provided that:
(1) Default was declared or maturity was accelerated under some other provision of the note, mortgage, or other loan instrument, or
(2) Activation or enforcement of such provision is warranted under § 36.4280, or
(3) The prior approval of the Secretary was obtained.
(c) If the title to real property or a leasehold interest therein which secures a manufactured home loan guaranteed after December 22, 1970, is restricted against sale or occupancy on the ground of race, color, religion, or national origin, by restrictions created and filed of record by the borrower subsequent to that date, such action, at the election of the holder, shall constitute an event of default entitling the holder to declare the unpaid balance of the loan immediately due and payable.
(d) The holder of any guaranteed obligation shall have the right, notwithstanding the absence of express provision therefor in the instruments evidencing the indebtedness, to accelerate the maturity of such obligation at any time after the continuance of any default for the period specified in § 36.4280.
(e) If sufficient funds are tendered to bring a delinquency current at any time prior to repossession or foreclosure of the manufactured home the holder shall be obligated to
accept the funds in payment of the delinquency, unless the prior approval of the Secretary is obtained to do otherwise.

(f) A partial payment is a remittance on a loan in default (as defined in § 36.4202(c)) of any amount less than the full amount due under the terms of the loan and security instruments at the time the remittance is tendered.

(1) Except as provided in paragraph (f)(2) of this section, or upon the express waiver of the Secretary, the holder shall accept any partial payment and either apply it to the obligor's account or identify it with the obligor's account and hold it in a special account pending disposition. When partial payments held for disposition aggregate a full monthly installment, including escrow, they shall be applied to the obligor's account.

(2) A partial payment may be returned to the obligor within 10 calendar days from date of receipt of such payment, with a letter of explanation only if one or more of the following conditions exist:

(i) The property is wholly or partially tenant-occupied and rental payments are not being remitted to the holder for application to the loan account;
(ii) The payment is less than one full monthly installment, including escrows and late charge, if applicable, unless the lesser payment amount has been agreed to under a written repayment plan;
(iii) The payment is less than 50 percent of the total amount then due, unless the lesser payment amount has been agreed to under a written repayment plan;
(iv) The payment is less than the amount agreed to in a written repayment plan;
(v) The amount tendered is in the form of a personal check and the holder has previously notified the obligor in writing that only cash or certified remittances are acceptable;
(vi) A delinquency of any amount has continued for at least 6 months since the account first became delinquent and no written repayment plan has been arranged;
(vii) Foreclosure and/or repossession has been commenced by the taking of the first action required for foreclosure/repossession under local law;
(viii) The holder's lien position would be jeopardized by acceptance of the partial payment.

(3) A failure by the holder to comply with the provisions of this paragraph may result in a partial or total loss of guaranty or insurance pursuant to § 36.4286(b), but such failure shall not constitute a defense to any legal action to terminate the loan.

(Authority: 38 U.S.C. 501, 3703(c), 3712(g)).

§ 36.4276 Advances and other charges.

(a) A holder may advance any reasonable amount necessary and proper for the maintenance or repair of the security, or for the payment of accrued taxes, special assessments or other charges which constitute prior liens, or premiums on fire or other hazard insurance against loss of or damage to such property and any such advance so made may be added to the guaranteed indebtedness. A holder may also advance the one-half of one percent funding fee due on a transfer under 38 U.S.C. 3714 when this is not paid at the time of transfer. All security instruments for loans to which 38 U.S.C. 3714 applies must include a clause authorizing an advance for this purpose if it is not paid at the time of transfer.
(Authority: 38 U.S.C. 3714)
(b) In addition to advances allowable under paragraph (a) of this section, the holder may charge against the proceeds of the sale of the security; against gross amounts collected; or, in the computation of a claim under the guaranty, if lawfully authorized by the loan agreement and subject to § 36.4284, any of the following items actually paid:
(1) Any expense which is reasonably necessary for preservation of the security,
(2) Court costs in a foreclosure or other proper judicial proceeding involving the security,
(3) Other expenses reasonably necessary for collecting the debt, or repossession or liquidation of the security, including a reasonable sales commission to the dealer or sales broker for resale of the security,
(4) Reasonable trustee's fees or commissions paid incident to the sale of real property,
(5) Reasonable amount for legal services actually performed not to exceed 10 percent of the unpaid indebtedness as of the date of the first uncured default, or $ 850 whichever is less. In no event may the combined total of the amounts claimed for trustee's fees and legal services (paragraphs (b)(4) and (5) of this section) exceed $ 850.
(6) The cost of a credit report(s) on the debtor(s), which is (are) to be forwarded to the Secretary in connection with the claim,
(7) Reasonable and customary costs of property inspections,
(8) Any other expense or fee that is approved in advance by the Secretary.

(Authority: 38 U.S.C. 3720(g))

(c) In claims filed under § 36.4283(f)(4) of this part, the following costs and expenditures actually incurred and paid may be included in the computation of the indebtedness:
(1) Property preservation or repair costs incurred prior to the date of the liquidation appraisal, to the extent that they contributed to the minimum selling price of the property as determined by the Secretary, and subject to the limitation that they do not exceed the actual cost incurred by the holder, and,
(2) Costs of loan termination, including, but not limited to:
(i) The reasonable and customary expense of transporting the home to the site where it will be repaired and/or resold;
(ii) The cost of the liquidation appraisal;
(iii) A reasonable amount for legal services actually performed and trustee fees, not to exceed a total of $ 700;
(iv) Court costs in a foreclosure or other judicial proceeding involving the security;
(v) Any other expenses reasonably necessary for repossession of the security or other termination of the loan; and,
(vi) Any other expense or fee that is approved in advance by the Secretary.

§ 36.4277 Release of security.
(a) Except upon full payment of the indebtedness the holder shall not release a lien or other right in or to property held as security for a guaranteed loan, or grant a fee or other interest in such property, without the prior approval of the Secretary, unless in the opinion of the holder such release does not involve a decrease in the value of the security in excess of $ 500: Provided, That the aggregate of the reduction in the original value of
the security resultant from such releases without the Secretary's prior approval does not exceed $500.

(b) Except upon full payment of the indebtedness or upon the prior approval of the Secretary, the holder shall not release a lien under paragraph (a) of this section unless the consideration received for the release is commensurate with the fair market value of the property released and the entire consideration is applied to the indebtedness, or if encumbrance on other property is accepted in lieu of that released it shall be the holder's duty to acquire such lien on property of substantially equal value which is reasonably capable of serving the purpose for which the property released was utilized.

(c) Failure of the holder to comply with the provisions of this section shall not in itself affect the validity of the title of a purchaser to the property released.

(d) The holder shall notify the Secretary of any such release or substitution of security within 30 days after completion of such transaction.

(e) The release of the personal liability of any obligor on a guaranteed obligation resultant from the act or omission of any holder without the prior approval of the Secretary shall release the obligation of the Secretary as guarantor, except when such act or omission consists of

1. Failure to establish the debt as a valid claim against the assets of the estate of any deceased obligor, provided no lien for the guaranteed debt is thereby impaired or destroyed; or
2. An election and appropriate prosecution of legally available effective remedies with respect to the repossession or the liquidation of the security in any case, irrespective of the identity or the survival of the original or of any subsequent debtor, if holder shall have given such notice as required by §36.4280 and if, after receiving such notice, the Secretary shall have failed to notify the holder within 15 days to proceed in such manner as to effectively preserve the personal liability of the parties liable, or such of them as the Secretary indicates is such notice to the holder; or
3. The release of an obligor, or obligors, from liability on an obligation secured by a lien on property, which release is an incident of and contemporaneous with the sale of such property to an eligible veteran who assumed such obligation, which assumed obligation is guaranteed on his or her account pursuant to 38 U.S.C. 3712; or
4. The release of an obligor or obligors as provided in §36.4279.
5. The release of an obligor, or obligors, incident to the sale of property which the holder is authorized to approve under the provisions of 38 U.S.C. 3714.

§ 36.4278 Servicing procedures for holders.

(a) Establishment of loan servicing program. The holder of a loan guaranteed or insured by the Secretary shall develop and maintain a loan servicing program which follows accepted industry standards for servicing of similar type conventional loans. The loan servicing program established pursuant to this section may employ different servicing approaches to fit individual borrower circumstances and avoid establishing a fixed routine. However, it must incorporate each of the provisions specified in paragraphs (b) through (l) of this section.
(b) Procedures for providing information. (1) Loan holders shall establish procedures to provide loan information to borrowers, arrange for individual loan consultations upon request and maintain controls to assure prompt responses to inquiries. One or more of the following means of making information readily available to borrowers is required:
   (i) An office staffed with trained servicing personnel with access to loan account information located within 200 miles of the property.
   (ii) Toll-free telephone service or acceptance of collect telephone calls at an office capable of providing needed information.
(2) All borrowers must be informed of the system available for obtaining answers to loan inquiries, the office from which the needed information may be obtained, and reminded of the system at least annually.
(c) Statement for income tax purposes. Within 60 days after the end of each calendar year, the holder shall furnish to the borrower a statement of the interest paid and, if applicable, a statement of the taxes disbursed from the escrow account during the preceding year. At the borrower's request, the holder shall furnish a statement of the escrow account sufficient to enable the borrower to reconcile the account.
(d) Change of servicing. Whenever servicing of a loan guaranteed or insured by the Secretary is transferred from one holder to another, notice of such transfer by both the transferor and transferee, the form and content of such notice, the timing of such notice, the treatment of payments during the period of such transfer, and damages and costs for failure to comply with these requirements shall be governed by the pertinent provisions of the Real Estate Settlement Procedures Act as administered by the Department of Housing and Urban Development.
(e) Escrow accounts. A holder of a loan guaranteed or insured by the Secretary may collect periodic deposits from the borrower for taxes and/or insurance on the security and maintain a tax and insurance escrow account provided such a requirement is authorized under the terms of the security instruments. In maintaining such accounts, the holder shall comply with the pertinent provisions of the Real Estate Settlement Procedures Act.
(f) System for servicing delinquent loans. In addition to the requirements of the Real Estate Settlement Procedures Act concerning the duties of the loan servicer to respond to borrower inquiries, to protect the borrower's credit rating during a payment dispute period, and to pay damages and costs for noncompliance, holders shall establish a system for servicing delinquent loans which ensures that prompt action is taken to collect amounts due from borrowers and minimize the number of loans in a default status. The holder's servicing system must include the following:
   (1) An accounting system which promptly alerts servicing personnel when a loan becomes delinquent;
   (2) A collection staff which is trained in techniques of loan servicing and counseling delinquent borrowers to advise borrowers how to cure delinquencies, protect their equity and credit rating and, if the default is insoluble, pursue alternatives to foreclosure;
   (3) Procedural guidelines for individual analysis of each delinquency;
   (4) Instructions and appropriate controls for sending delinquent notices, assessing late charges, handling partial payments, maintaining servicing histories and evaluating repayment proposals;
(5) Management review procedures for evaluating efforts made to collect the delinquency and the response from the borrower before a decision is made to initiate action to liquidate a loan;
(6) Procedures for reporting delinquencies of 90 days or more and loan terminations to major consumer credit bureaus as specified by the Secretary and for informing borrowers that such action will be taken; and,
(7) Controls to ensure that all notices required to be given to the Secretary on delinquent loans are provided timely and in such form as the Secretary shall require.
(g) Collection actions. (1) Holders should employ collection techniques which provide flexibility to adapt to the individual needs and circumstances of each borrower. A variety of collection techniques may be used based on the holder's determination of the most effective means of contact with borrowers during various stages of delinquency. However, at a minimum, the holder's collection procedures must include the following actions:
(i) A written delinquency notice to the borrower(s) requesting immediate payment if a loan installment has not been received within 17 days after the due date. This notice must be mailed no later than the 20th day of the delinquency and state the amount of the payment and of any late charges that are due.
(ii) An effort, concurrent with the written delinquency notice, to establish contact with the borrower(s) by telephone. When talking with the borrower(s), the holder should attempt to determine why payment was not made and emphasize the importance of remitting loan installments as they come due.
(iii) A letter to the borrower(s) if payment has not been received within 30 days after it is due and telephone contact could not be made. This letter should emphasize the seriousness of the delinquency and the importance of taking prompt action to resolve the default. It should also notify the borrower(s) that the loan is in default, state the total amount due and advise the borrower(s) how to contact the holder to make arrangements for curing the default.
(iv) In the event the holder has not established contact with the borrower(s) and has not determined the financial circumstances of the borrower(s) or established a reason for the default or obtained agreement to a repayment plan from the borrower(s), then a face-to-face interview with the borrower(s) or a reasonable effort to arrange such a meeting is required.
(2) The holder must provide a valid explanation of any failure to perform these collection actions when reporting loan defaults to the Secretary. A pattern of such failure may be a basis for sanctions under 38 CFR 36.4216.
(h) Conducting interviews with delinquent borrowers. When personal contact with the borrower(s) is established, the holder shall solicit sufficient information to properly evaluate the prospects for curing the default and whether the granting of forbearance or other relief assistance would be appropriate. At a minimum, the holder must make a reasonable effort to establish the following facts:
(1) The reason for the default and whether the reason is a temporary or permanent condition;
(2) The present income and employment of the borrower(s);
(3) The current monthly expenses of the borrower(s) including household and debt obligations;
(4) The current mailing address and telephone number of the borrower(s); and,
(5) A realistic and mutually satisfactory arrangement for curing the default.

(i) Property inspection. (1) The holder shall make an inspection of the property securing the loan whenever it becomes aware that the physical condition of the security may be in jeopardy. Unless a repayment agreement is in effect, a property inspection shall also be made:

(i) Before the 60th day of delinquency or before initiating action to liquidate a loan, whichever is earlier; and

(ii) At least once each month after liquidation proceedings have been started unless servicing information shows the property remains owner-occupied.

(2) Whenever a holder obtains information which indicates that a property securing a loan is abandoned, it shall make appropriate arrangements to protect the property from vandalism and the elements. Thereafter, the holder shall schedule inspections at least monthly to prevent unnecessary deterioration due to vandalism, or neglect. With respect to any loan more than 30 days delinquent, a property abandonment must be reported to the Secretary and appropriate action initiated under 36.4280(e) within 15 days after the holder confirms the property is abandoned.

(j) Collection records. The holder shall maintain individual file records of collection action on delinquent loans and make such records available to the Secretary for inspection on request. Such collection records shall show:

(1) The dates and content of letters and notices which were mailed to the borrower(s);

(2) Dated summaries of each personal servicing contact and the result of same;

(3) The indicated reason(s) for default; and

(4) The date and result of each property inspection.

(k) Reporting to the Secretary. A summary of collection efforts, the information obtained through such efforts and the holder's evaluation of the reason for the default and prospects for resolution of the default must be included in any notice provided to the Secretary pursuant to § 36.4280.

(l) Quality control procedures. No later than 180 days after the effective date of this regulation, each loan holder shall establish internal controls to periodically assess the quality of the servicing performed on loans guaranteed by the Secretary and ensure that all requirements of this section are being met. Those procedures must provide for a review of the holder's servicing activities at least annually and include an evaluation of delinquency and foreclosure rates on loans in its portfolio which are guaranteed by the Secretary. As part of its evaluation of delinquency and foreclosure rates, the holder shall:

(1) Collect and maintain appropriate data on delinquency and foreclosure rates to enable the holder to evaluate the effectiveness of its collection efforts;

(2) Determine how its VA delinquency and foreclosure rates compare with rates in various reports published by the industry, investors and others; and

(3) Analyze significant variances between its foreclosure and delinquency rates and those found in available reports and publications and take appropriate corrective action.

(m) Holders shall provide available statistical data on delinquency and foreclosure rates and their analysis of such data to the Secretary upon request.

§ 36.4279 Extensions and reamortizations.
(a) Provided the debtor(s) is (are) a reasonable credit risk(s), as determined by the holder based upon review of the debtor's (s') creditworthiness, including a review of a current credit report(s) on the debtor(s), the terms of repayment of any loan may, by written agreement between the holder and debtor(s), be extended in the event of default, to avoid imminent default, or in any other case where the prior approval of the Secretary is obtained. Except with the prior approval of the Secretary, no such extension shall set a rate of amortization less than that sufficient to fully amortize at least 80 percent of the loan balance so extended within the maximum maturity prescribed for loans of its class. 
(b) In the event of a partial prepayment pursuant to § 36.4211, the balance of the indebtedness may, by written agreement between the holder and the debtor(s), be reamortized, provided the reamortization schedule will result in full repayment of the loan within the original maturity, and provided the debtor(s) is (are) a reasonable credit risk(s), as determined by the holder based upon review of the debtor's (s') creditworthiness, including a review of a current credit report(s) on the debtor(s).
(c) Unless the prior approval of the Secretary has been obtained, any extension or reamortization agreed to by a holder which relieves any obligor from liability will release the liability of the Secretary under the guaranty on the entire loan. However, if such release of liability of an obligor results through operation of law by reason of an extension or other act of forbearance, the liability of the Secretary as guarantor will not be affected thereby, Provided, The required lien is maintained and the title holder is and will remain liable for the payment of the indebtedness: And further provided, That if such extension or act of forbearance will result in the release of the veteran, all delinquent installments, plus any foreclosure expenses which may have been incurred, shall have been fully paid.
(d) The holder shall promptly forward to the Secretary an advice of the terms of any agreement effecting a reamortization or extension of a guaranteed loan, together with copy(ies) of the credit report(s) obtained on the debtor(s).

§ 36.4280 Reporting of defaults.
The holder of any guaranteed loan shall give notice to the Secretary within 15 days after any debtor:
(a) Is in default by reason of nonpayment of two full installments; or
(b) Is in default by failing to comply with any other covenant or obligation of such guaranteed loan which failure persists for a continuing period of 60 days after demand for compliance therewith has been made, except that if the default is due to nonpayment of real estate taxes, the notice shall not be required until the failure to pay when due has persisted for a continuing period of 120 days.
(c) In the event any failure of the months or for more than 1 month on an extended loan, the holder may then or thereafter give the notice in the manner described in paragraph (e) of this section.
(d) The notice prescribed in paragraph (e) of this section may be submitted prior to the time prescribed in paragraph (c) of this section in any case where any material prejudice to the rights of the holder or to the Secretary or hazard to the security warrants more prompt action.

(e) Except upon the express waiver of the Secretary, a holder shall not begin proceedings in court or give notice of sale under power of sale, repossess the security, or accelerate the loan, or otherwise take steps to terminate the debtor's rights in the security until the expiration of 30 days after delivery by certified mail to the Secretary of a notice of intention to take such action; provided, that immediate action as required under 38 CFR 36.4278(i) may be taken if the property to be affected thereby has been abandoned by the debtor, or has been or may be otherwise subjected to extraordinary waste or hazard.

(f) The notice required under subparagraph (e) of this paragraph shall also be provided to the original veteran-borrower and any other liable obligors by certified mail within 30 days after such notice is provided to the Secretary in all cases in which the current owner of the property is not the original veteran-borrower. A failure by the holder to make a good faith effort to comply with the provisions of this subparagraph may result in a partial or total loss of guaranty pursuant to VA Regulation 36.4286(b), but such failure shall not constitute a defense to any legal action to terminate the loan. A good faith effort will include:

(1) A search of the holder's automated and physical loan record systems to identify the name and current or last address of the original veteran and any other liable obligors;
(2) A search of the holder's automated and physical loan record systems to identify sufficient information (e.g., Social Security Number) to perform a routine trace inquiry through a major consumer credit bureau;
(3) Conducting the trace inquiry using an in-house credit reporting terminal;
(4) Obtaining the results of the inquiry;
(5) Mailing the required notices and concurrently providing the Secretary with the names and addresses of all obligors identified and sent notice; and
(6) Documentation of the holder's records.

§ 36.4281 Refunding of loans in default.
Upon receiving a notice of default the Secretary may at any time prior to the termination of the borrower's interest in the property require the holder upon penalty of otherwise losing the guaranty to transfer and assign the loan and the security therefor to the Secretary or to another designated by him or her upon receipt of payment of the balance of the indebtedness remaining unpaid to the date of such assignment. Such assignment may be made without recourse but the transferor shall not thereby be relieved from the provisions of § 36.4286.

§ 36.4282 Legal proceedings (notice of repossession).
(a) When the holder institutes suit or otherwise becomes a party in any legal or equitable proceeding brought on or in connection with the guaranteed indebtedness, or involving title to, or other lien on, the security, such holder, within the time that would be required if the Secretary were a party to the proceeding, shall deliver to the Secretary, by mail or otherwise, by making such delivery to the loan guaranty officer at the office which
granted the guaranty, or other office to which the holder has been notified the file is transferred, a copy of every procedural paper filed on behalf of holder, and shall also so deliver, as promptly as possible, a copy of each similar pleading served on holder or filed in the cause by any other party thereto. Notice of, or motion for, continuance and orders thereon are excepted from the foregoing.

(b) A copy of a notice of sale under power by a holder or one acting at his or her behest (e.g., trustee or public official) shall be similarly delivered to the Secretary at or before the date of first publication, posting, or other notice, but in any event, except in emergency or when waived by the Secretary, not less than 10 days prior to date of sale. Copy of any other notice of sale served on the holder or of which he or she has knowledge shall be similarly delivered to the Secretary, including any such notice of sale under tax or other superior lien or any judicial sale.

(c) The procedure prescribed in paragraphs (a) and (b) of this section shall not be applicable in any proceeding to which the Secretary is a party, after the Secretary's appearance shall have been entered therein by a duly authorized attorney.

(d) In any legal or equitable proceeding (including probate and bankruptcy proceedings) to which the Secretary is a party, original process and any other process prior to appearance, proper to be served on the Secretary, shall be delivered to the loan guaranty officer of the office of the Department of Veterans Affairs having jurisdiction of the area in which the court is situated. Within the time required by applicable law, or rule of court, the Secretary will cause appropriate special or general appearance to be entered in the cause by the Secretary's authorized attorney.

(e) After appearance of the Secretary by attorney, all process and notice otherwise proper to serve on the Secretary before or after judgment, if served on the Secretary's attorney of record shall have the same effect as if the Secretary were personally served within the jurisdiction of the court.

(f) If following a default the holder does not begin appropriate action within 30 days after requested in writing by the Secretary to do so, or does not prosecute such action with reasonable diligence, the Secretary shall have the option to intervene in, or begin and prosecute to completion any action or proceeding, in the Secretary's name or in the name of the holder, which the Secretary deems necessary or appropriate, and may fix a date beyond which no further charges may be included in the computation of the guaranty claim. The Secretary shall pay, in advance if necessary, any court costs or other expenses incurred by the Secretary, or properly taxed against the Secretary, in any such action to which the Secretary is a party, but may charge the same, and also a reasonable amount for legal services, against the guaranteed indebtedness, or the proceeds of the sale of the security to the same extent as the holder (see § 36.4276), or otherwise collect from the holder any such expenses incurred by the Secretary because of the neglect or failure of the holder to take or complete proper action. The rights and remedies herein reserved are without prejudice to any other rights, remedies, or defenses, in law or in equity, available to the Secretary.

(g) The holder, no later than 10 days after it has repossessed a property, must advise the Secretary of such repossession. The holder shall proceed thereafter, within a reasonable time after repossession, to terminate the debtors' rights in the property. If it is a legal requirement or if the Secretary requires that the debtors' rights be terminated by public
§ 36.4283 Foreclosure or repossession.
(a) Upon receipt by the Secretary of notice of a judicial or statutory sale, or other public sale under power of sale contained in the loan instruments, to liquidate any security for a guaranteed loan, the Secretary may specify in advance of such sale the minimum amount which shall be credited to the indebtedness of the borrower on account of the value of the security to be sold, subject to the provisions of paragraphs (a)(1), (2), (3), and (4) of this section:

(1) If a minimum amount has been specified in relation to a sale of the property and the holder is the successful bidder at the sale for an amount not in excess of such specified amount the holder shall dispose of the property in the manner set forth in paragraph (f) and the amount realized from the resale of the property shall govern in the final accounting for determining the rights and liabilities of the holder and the Secretary.

(2) If a minimum amount has been specified by the Secretary and:
(i) A third party is the successful bidder at the sale for an amount equal to or in excess of that specified, the holder shall credit to the indebtedness the net proceeds of the sale.
(ii) A third party is the successful bidder at the sale for an amount less than that specified, the holder shall credit to the indebtedness the amount specified less expenses allowable under § 36.4276.
(iii) The holder is the successful bidder at the sale for an amount in excess of the specified amount the indebtedness shall be credited with the net proceeds of the sale or an amount established in accordance with paragraph (f) of this section, whichever is the greater, unless the bid in excess of the specified amount was made pursuant to paragraph (d) of this section.

(3) If a minimum amount has not been specified by the Secretary under paragraph (a)(1) or (2) of this section, and the Secretary advised the holder that it did not intend to specify an amount, and the property is purchased at the sale by a third party, the holder shall credit against the indebtedness the net proceeds of the sale except as provided in paragraph (d) of this section. However, if the property is purchased at the sale by the holder, the indebtedness will be credited with the net proceeds of the sale or an amount established in accordance with paragraph (f) of this section, whichever is greater.

(4) The holder shall notify the Secretary of the results of the sale within 10 days after the sale is completed.

(b) In the event that any real property which is security for a guaranteed loan is to be acquired by a holder in a manner other than as provided in paragraph (a) or (c) of this section (e.g., by strict foreclosure or by the termination without a public sale of the purchaser's interest in a land sale contract), the holder shall notify the Secretary of the acquisition within 15 days thereafter and account to the Secretary for the proceeds of the liquidation of the security in accordance with paragraph (f) of this section.

(c) When a debtor proposes to convey or transfer any property to a holder to avoid foreclosure or other judicial, contractual, or statutory disposition of the obligation or of the security, the consent of the Secretary to the terms of such proposal shall be obtained.
in advance of such conveyance or transfer. If the Secretary consents thereto, the holder may acquire the property and account to the Secretary for the proceeds of the liquidation of the security in accordance with paragraph (f) of this section.

(d) If a minimum bid is required under applicable State law, or decree of foreclosure or order of sale, or other lawful order or decree, the holder may bid an amount not exceeding such amount legally required. If an amount has been specified by the Secretary and the holder is the successful bidder for an amount not exceeding the amount legally required, such specified amount shall govern for the purpose of this section.

(e) If the Secretary has specified an amount as provided in this section, and the holder learns of any material damage to the property occurring prior to the foreclosure sale or to the acceptance of a deed in lieu of foreclosure or prior to any other event to which such specified amount is applicable, the holder shall promptly advise the Secretary of such damage. Also, if the holder acquires or repossesses the property and the holder learns of any material damage to it, the holder shall promptly advise the Secretary of such damage.

(f) When the security for a guaranteed loan is acquired by the holder through foreclosure or otherwise, the holder shall resell the property within a reasonable time and may thereafter submit its claim under the guaranty. The Secretary, upon receipt of a notice of acquisition, shall determine the current reasonable value of the property and advise the holder of the minimum selling price that will be acceptable in any accounting with the Secretary upon liquidation of the security.

(1) If the holder resells the property for an amount at least equal to the minimum selling price, it shall credit the indebtedness with the proceeds of the sale.

(2) If the holder is unable to resell the property for an amount at least equal to the minimum selling price after exposure to the market for a reasonable period of time, the holder may submit to the Secretary a written advice setting forth the price, terms, conditions and expenses of any offer received. The Secretary shall thereupon:

   (i) Assent to the resale of the property upon the terms of such offer, in which event the holder will credit the indebtedness with the proceeds of the sale, or

   (ii) Review the minimum selling price previously established and, if appropriate, provide the holder with a reduced minimum selling price at which the property shall be further exposed to the market.

(3) If the holder resells the property and finances the sale under the terms of a new security agreement and note, the Secretary may, pursuant to paragraph (f)(3)(iv) of this section, agree to indemnify the holder against loss on the new loan.

   (i) The Secretary's maximum liability under the indemnity agreement shall be the percentage of the loan originally guaranteed applied to the indebtedness as of the date of claim computation as set forth in § 36.4284(a), or the amount originally guaranteed, or the amount of the Secretary's liability under a preexisting indemnity agreement, whichever is less.

   (ii) In the event the proceeds of sale are less than the total indebtedness, the Secretary may pay a partial claim for the difference between the indebtedness and the proceeds of sale and thereafter agree to indemnify the holder for the amount of the maximum liability as of the date of claim computation, less the amount of claim paid.

   (iii) Subject to the limitation that the total amount payable under an indemnity agreement shall in no event exceed the Secretary's maximum liability, the remaining liability will be
continued as a percentage of the new loan amount increasing or decreasing pro rata with any increase or decrease in the balance of the loan obligation.

(iv) The Secretary shall execute an indemnity agreement evidencing the amount and terms of the indemnity liability, provided:
(A) The Secretary has determined that resale of the security under an indemnity agreement is in the best interest of the Government, and the holder has obtained the prior approval of the Secretary;
(B) The terms of repayment of the proposed loan bear a proper relationship to the borrower's present and anticipated income and expenses, and the borrower is a satisfactory credit risk;

(D) The term of the proposed loan does not exceed the maximum term allowable under § 36.4204(c)(4);

(Authority: 38 U.S.C. 3712(g))

(4) If the holder has not resold the property, it may elect to submit its claim under Loan Guaranty within 60 days of the date of the Secretary's written advice of the minimum selling price.

(i) For purposes of computation of a claim submitted pursuant to this paragraph, and subject to the limitation that the maximum amount of claim payable shall in no event exceed the amount originally guaranteed, the amount payable on a claim for the guaranty shall be the percentage of the loan originally guaranteed applied to the indebtedness computed as of the date the holder acquired the security. Further:
(A) The minimum selling price determined by the Secretary and provided to the holder shall be credited to the indebtedness as proceeds of sale; or
(B) If no minimum selling price is provided then the current reasonable value of the property as determined by the Secretary and provided to the holder shall be credited to the indebtedness as proceeds of sale; and

The amount payable on the claim shall in no event exceed the remaining balance of the indebtedness.

(ii) Allowable post-acquisition expenditures or costs paid by the holder which may be included in the accounting with the Secretary are limited to those specified in § 36.4276(c).

(g) If at the end of 6 months from the date of acquisition the holder has been unable to resell the property and no claim has been filed pursuant to paragraph (f)(4) of this section, a claim may be submitted under the guaranty and the Secretary will pay to the holder upon submission of such claim:

For loans guaranteed prior to May 8, 1984, the Secretary will also pay
accrued interest at a rate of 6 percent from such cutoff date to the date of claim but not to exceed 60 days. For loans guaranteed on or after May 8, 1984, the Secretary will pay accrued interest at a rate 4.75 percent below the contract interest rate from such cutoff date to the date of claim but not to exceed 90 days.

(Authority: 38 U.S.C. 3712(g))

(2) The amount of the guaranty payable on the total outstanding indebtedness as of the applicable cutoff date set forth in § 36.4284(a), whichever is less.

(h) If the property securing the guaranteed loan is acquired by a holder pursuant to paragraph (a), (b) or (c) of this section, or § 36.4282(g), the following provisions shall apply:

(1) The holder's notice to the Secretary after acquisition shall state the amount of the successful bid at public sale, or in the event of a repossession or a voluntary conveyance, the date of acquisition.

(2) The holder's notice after acquisition shall also provide complete occupancy data. Except with the prior approval of the Secretary the holder shall not rent the property to a new tenant nor extend the terms of an existing tenancy on other than a month-to-month basis.

(3) Except with the prior approval of the Secretary, any taxes or special assessments which constitute prior liens due and payable after acquisition of the property by the holder shall be paid by the holder sufficiently in advance of the payment due dates to avoid penalties and to take advantage of any discounts. The holder also may include in its accounting with the Secretary any expenditures for repairs made that were reasonably necessary to properly maintain or refurbish the security property, not to exceed $ 400. Expenditures in excess of $ 400 shall not be made without the prior approval of the Secretary.

(4) As between the holder and the Secretary, the holder shall be responsible for any loss due to damage to or destruction of the property, ordinary wear and tear excepted, from the date of repossession or acquisition by the holder to the date the property has been liquidated.

(5) The holder shall include as credits in its accounting with the Secretary all rentals and other income collected from the property and insurance proceeds or refunds subsequent to the date of acquisition by the holder.

(i) Definitions: (1) The terms date of sale or date of acquisition as used in this section are defined as the date of the event (e.g., date of repossession, date of sale confirmation when required under local practice, date of acceptance of deed in case of voluntary conveyance, etc.) which fixes the rights of the parties in the property.

(2) The term property or real property as used in this section shall include:

(i) A leasehold estate therein which at the time of closing the loan was of not less duration than that prescribed by § 36.4253, and

(ii) The rights derived by the holder through a foreclosure sale of real estate whether or not such rights constitute an estate in real property under local law.

(j) A claim for the guaranty must include a copy(ies) of a current credit report(s) on the debtor(s).

(Authority: 38 U.S.C. 3712)

(k) The provisions of this section shall not be in derogation of any rights which the Secretary may have under § 36.4286. The Under Secretary for Benefits, or the Director,
Loan Guaranty Service, may authorize any deviation from the provisions of this section, within the limitations prescribed in 38 U.S.C. chapter 37, which may be necessary or desirable to accomplish the objectives of this section if such deviation is made necessary by reason of any laws or practice in any State, Territory, or the District of Columbia: Provided, That no such deviation shall impair the rights of any holder not consenting thereto with respect to loans made or approved prior to the date the holder is notified of such action.

(Information collection requirements contained in paragraph (j) were approved by the Office of Management and Budget under control number 2900-0480)

[EFFECTIVE DATE NOTE: 61 FR 28057, 28058, June 4, 1996, which substituted "Under Secretary for Benefits" for "Chief Benefits Director" in paragraph (k), became effective June 4, 1996.]

§ 36.4284 Computation of guaranty claims.

(a) Subject to the limitation that the maximum amount payable shall in no event exceed the amount originally guaranteed, the amount payable on a claim for the guaranty shall be the percentage of the loan originally guaranteed applied to the indebtedness computed as of the date of claim but not later than (1) the date of judgment or of decree of foreclosure; or (2) in nonjudicial foreclosures, the date of publication of the first notice of sale; or (3) in cases in which the security is repossessed without a judgment, decree, or foreclosure, the date the holder repossesses the security; or (4) if no security is available, the date of claim but not more than 6 months after the first uncured default. Deposits or other credits or setoffs including any escrowed or earmarked funds legally applicable to the indebtedness on the date of the claim computation shall be applied in reduction of the indebtedness upon which the claim is based.

(b) Credits accruing from the proceeds of a sale or other disposition of the security shall be reported to the Secretary incident to such submission, and the amount payable on the claim shall in no event exceed the remaining balance of the indebtedness.

(c) Any allowable expenditures or costs, paid by the holder, and any accrued and unpaid interest to the applicable cutoff date as set forth in paragraph (a) of this section at the maximum rate allowable, may be deducted from the proceeds of the sale of the property, or may be included in the accounting to the Secretary on such loan. For loans guaranteed prior to May 8, 1984, the holder may also either deduct from sales proceeds, or include in the accounting, accrued interest at a rate of 6 percent from such cutoff date to the date of resale or other liquidation but not to exceed 60 days. For loans guaranteed on or after May 8, 1984, the holder may also either deduct from sales proceeds, or include in the accounting, accrued interest at a rate 4.75 percent below the contract interest rate from such cutoff date to the date of resale or other liquidation but not to exceed 90 days.

(Authority: 38 U.S.C. 3712(g))

(d) In computing the indebtedness for the purpose of filing a claim for payment of a guaranty, or in the event of a transfer of the loan under § 36.4281, or other accounting to the Secretary, the holder shall not be entitled to treat repayments theretofore made, as
liquidated damages, or rentals, or otherwise than as payments on the indebtedness, notwithstanding any provision in the note, or mortgage, or otherwise, to the contrary.

(e) Appropriate computation of the guaranty, proceeds of liquidation, and allowable costs for claims filed under § 36.4283(f)(4) are specified in § 36.4276(c).

§ 36.4285 Subrogation and indemnity.
(a) The Secretary shall be subrogated to the contract and the lien or other rights of the holder to the extent of any sum paid on a guaranty, which right shall be junior to the holder's rights as against the debtor or the encumbered property until the holder shall have received the full amount payable under the contract with the debtor except that where the holder has entered into a recourse and/or repurchase or indemnity agreement with a dealer or servicer or other entity and the Department of Veterans Affairs pays a claim under guaranty to the holder the Department of Veterans Affairs will not be subrogated to any rights the holder may have under the recourse and/or repurchase or indemnity agreement. No partial or complete release by a creditor shall impair the rights of the Secretary with respect to the debtor's obligation.

(b) The holder, upon request, shall execute, acknowledge, and deliver an appropriate instrument tendered the holder for that purpose, evidencing any payment received from the Secretary and the Secretary's resulting right of subrogation.

(c) The Secretary may cause the instrument required by paragraph (b) of this section to be filed for record in the Office of the Recorder of Deeds, or other appropriate office of the proper county, town, or State, in accordance with the applicable State law.

(d) Any amounts paid by the Secretary on account of the liabilities of any veteran guaranteed under the provisions of 38 U.S.C. 3712 shall constitute a debt owing to the United States by such veteran.

(e) Whenever any veteran disposes of residential property securing a guaranteed loan obtained under 38 U.S.C. 3712, and for which the commitment to make the loan was made prior to March 1, 1988, the Secretary, upon application made by such veteran, shall issue to the veteran a release relieving him or her of all further liability to the Secretary on account of such loan (including liability for any loss resulting from any default of the transferee or any subsequent purchaser of such property) if the Secretary has determined, after such investigation as the Secretary may deem appropriate, that there has been compliance with the conditions prescribed in 38 U.S.C. 3713(a). The assumption of full liability for repayment of the loan by the transferee of the property must be evidenced by an agreement in writing in such form as the Secretary may require. Release of the veteran from liability to the Secretary will not impair or otherwise affect the Secretary's guaranty on the loan, or the liability of the veteran to the holder. Any release of liability granted to a veteran by the Secretary shall inure to the spouse of such veteran. The release of the veteran from liability to the Secretary will constitute the Secretary's prior approval to a release of the veteran from liability on the loan by the holder thereof. This release will not result in the veteran being entitled to further loan benefits unless the requirements of § 36.4203 are met.

(Authority: 38 U.S.C. 3713, 3714)
(f) If, on or after July 1, 1972, any veteran disposes of residential property securing a guaranteed loan obtained by him or her under 38 U.S.C. 3712, without securing a release from liability with respect to such loan under 38 U.S.C. 3713(a) and a default subsequently occurs which results in liability of the veteran to the Secretary on account of the loan, the Secretary may relieve the veteran of such liability if the Secretary determines that:

(1) A transferee either immediate or remote is legally liable to the Secretary for the debt of the original veteran-borrower established after the termination of the loan, and
(2) The original loan was current at the time such transferee acquired the property, and
(3) The transferee who is liable to the Secretary is found to have been a satisfactory credit risk at the time he or she acquired the property.

(Authority: 38 U.S.C. 3713(b))

(g) If a veteran or any other person disposes of residential property securing a guaranteed or insured loan for which a commitment was made on or after March 1, 1988, and the veteran or other person notifies the loan holder in writing before disposing of the property, the veteran or other person shall be relieved of all further liability to the Secretary with respect to the loan (including liability for any loss resulting from any default of the purchaser or any subsequent owner of the property) and the application for assumption shall be approved if the holder determines that:

(1) The proposed purchaser is creditworthy;
(2) The proposed purchaser is contractually obligated to assume the loan and the liability to indemnify the Department of Veterans Affairs for the amount of any claim paid under the guaranty as a result of a default on the loan, or has already done so; and,
(3) The payments on the loan are current.

Should these requirements be satisfied, the holder may also release the selling veteran or other person from liability on the loan. This does not apply if the approval for the assumption is granted upon special appeal to avoid immediate foreclosure.

(Authority: 38 U.S.C. 3712, 3714)

§ 36.4286 Partial or total loss of guaranty.

(a) There shall be no guaranty liability on the part of the Secretary in respect to any loan as to which a signature to the note, the mortgage or other security instrument is a forgery. Except as to a holder who acquired the loan instrument before maturity, for value, and without notice, and who has not directly or by agent participated in the fraud, or in the misrepresentation hereinafter specified, any willful and material misrepresentation or fraud by the lender, or by a holder, or the agent of either, in procuring the guaranty shall relieve the Secretary of liability, or shall constitute a defense against liability on account of the guaranty of the loan in respect to which the willful misrepresentation, or the fraud, is practiced: Provided, That if a misrepresentation, although material, is not made willfully, or with fraudulent intent, it shall have only the consequences prescribed in paragraphs (b) and (c) of this section.

(b) In taking security required by 38 U.S.C. 3712 and the § 36.4200 series, a holder shall obtain the required lien on real property the title to which is such as to be acceptable to prudent lending institutions, informed buyers, title companies, and attorneys, generally in
the community in which the property is situated: Provided, That a title will not be unacceptable by reason of any of the limitations on the quantum or quality of the property or title stated in § 36.4253. If such holder fails in this respect or fails to comply with any of the requirements of 38 U.S.C. 3712 and the § 36.4200 series with respect to:
(1) Obtaining and retaining a lien of the dignity prescribed on all property upon which a lien is required by 38 U.S.C. 3712 or the § 36.4200 series,
(2) Inclusion of power to substitute trustees,
(3) The procurement and maintenance of insurance coverage,
(4) Advice to Secretary as to default,
(5) Notice of intention to begin action,
(6) Notice to the Secretary in any suit or action, or notice of sale,
(7) The release, conveyance, substitution, or exchange of security,
(8) Lack of legal capacity of a party to the transaction incident to which the guaranty is granted,
(9) Failure of the lender to see that any escrowed or earmarked account is expended in accordance with the agreement,
(10) The taking into consideration of limitations upon the quantum or quality of the estate or property,
(11) Any other requirement of 38 U.S.C. 3712 or the § 36.4200 series which does not by the terms of said section or regulations result in relieving the Secretary of all liability with respect to the loan,
no claim on the guaranty shall be paid on account of the loan with respect to which such failure occurred, or in respect to which an unwillful misrepresentation occurred, until the amount by which the ultimate liability of the Secretary would thereby be increased has been ascertained. The burden of proof shall be upon the holder to establish that no increase of ultimate liability is attributable to such failure or misrepresentation. The amount of increased liability of the Secretary shall be offset by deduction from the amount of the guaranty otherwise payable, or if consequent upon loss of security shall be offset by crediting to the indebtedness the amount of the impairment as proceeds of the sale of security in the final accounting to the Secretary. To the extent the loss resultant from the failure of misrepresentation prejudices the Secretary's right of subrogation acceptance by the holder of the guaranty payment shall subordinate the holder's right to those of the Secretary.
(c) If after the payment of a guaranty, or after a loan is transferred pursuant to § 36.4281, the fraud, misrepresentation, or failure to comply with the regulations concerning guaranty of loans to veterans as provided in this section is discovered and the Secretary determines that an increased loss to the Government resulted therefrom, the transferee or person to whom such payment was made shall be liable to the Secretary for the amount of the loss caused by such misrepresentation or failure.
[Sections 36.4201 through 36.4287 appear at 36 FR 1253, Jan. 27, 1971]

§ 36.4287 Substitution of trustees.
In jurisdictions in which valid, any deed of trust or mortgage securing a guaranteed loan, if it names trustees or confers a power of sale otherwise, shall contain a provision empowering any holder of the indebtedness to appoint substitute trustees or other person
with such power to sell, who shall succeed to all the rights, powers, and duties of the trustees, or other person, originally designated.

The cost factor used will be the most recent percentage of the fair market value that VA calculated and published in the Notices section of the Federal Register (it is intended that this percentage will be calculated annually). In computing this cost factor, VA will determine the average operating expenses and losses (or gains) on resale incurred for properties acquired under § 36.4320 which were sold during the preceding fiscal year and the average administrative cost to VA associated with the property management activity. The final net value derived from this calculation will be stated as a whole dollar amount (any fractional amount will be rounded up to the next whole dollar). The cost items included in the calculation will be:

1. Property operating expenses. All disbursements made for payment of taxes, assessments, liens, property maintenance and related repairs, management broker's fees and commissions, and any other charges to the property account excluding property improvements and selling expenses.

The average administrative costs will be determined by:

(A) Dividing the total cost for VA personnel and overhead salary and benefits costs by the average number of properties on hand and adjusting this figure based on the average holding time for properties sold during the preceding fiscal year; then

(B) Dividing the figure calculated in paragraph (3)(i)(A) of this definition by the VBA ratio of personal services costs to total obligations.

(ii) The three cost averages will be added to the average loss (or gain) on property sold during the preceding fiscal year (based on the average property purchase price) and the sum will be divided by the average fair market value at the time of acquisition for properties which were sold during the preceding fiscal year to derive the percentage to be used in estimating net value.

(Authority: 38 U.S.C. 3732)

(a) With respect to a loan to a veteran guaranteed under 38 U.S.C. 3710 the guaranty shall not exceed the lesser of the dollar amount of entitlement available to the veteran or (1) 50 percent of the original principal loan amount where the loan amount is not more than $45,000; or
(2) $22,500 where the original principal loan exceeds $45,000, but is not more than $56,250; or
(3) Except as provided in subparagraph (4), the lesser of $36,000 or 40 percent of the original principal loan amount where the loan amount exceeds $56,250; or
(4) The lesser of $60,000 or 25 percent of the original principal loan amount where the loan amount exceeds $144,000 and the loan is for the purchase or construction of a home or the purchase of a condominium unit.
(b) With respect to an interest rate reduction refinancing loan guaranteed under 38 U.S.C. 3710(a)(8), (a)(9)(B)(i), or (a)(11), the dollar amount of guaranty may not exceed the greater of the original guaranty amount of the loan being refinanced, or 25 percent of the refinancing loan amount.
Authority: 38 U.S.C. 3703, 3710
(c) With respect to a loan for an energy efficient mortgage guaranteed under 38 U.S.C. 3710(d), the amount of the guaranty shall be in the same proportion as would have been provided if the energy efficient improvements were not added to the loan amount, and there shall be no additional charge to the veteran's entitlement as a result of the increased guaranty amount.
Authority: 38 U.S.C. 3703, 3710
(d) An amount equal to 15 percent of the original principal amount of each insured loan shall be credited to the insurance account of the lender and shall be charged against the guaranty entitlement of the borrower: Provided, That no loan may be insured unless the borrower has sufficient entitlement remaining to permit such credit.
(e) Subject to the provisions of §36.4303(g), the following formulas shall govern the computation of the amount of the guaranty or insurance entitlement which remains available to an eligible veteran after prior use of entitlement:
(1) If a veteran previously secured a nonrealty (business) loan, the amount of nonrealty entitlement used is doubled and subtracted from $36,000. The sum remaining is the amount of available entitlement for use, except that:
   (i) Entitlement may be increased by up to $24,000 if the loan amount exceeds $144,000 and the loan is for purchase or construction of a home or purchase of a condominium; and
   (ii) Entitlement for manufactured home loans that are to be guaranteed under 38 U.S.C. 3712 may not exceed $20,000.
(2) If a veteran previously secured a realty (home) loan, the amount of realty (home) loan entitlement used is subtracted from $36,000. The sum remaining is the amount of available entitlement for use, except that:
   (i) Entitlement may be increased by up to $24,000 if the loan amount exceeds $144,000 and the loan is for purchase or construction of a home or purchase of a condominium; and
   (ii) Entitlement for manufactured home loans that are to be guaranteed under 38 U.S.C. 3712 may not exceed $20,000.
(3) If a veteran previously secured a manufactured home loan under 38 U.S.C. 3712, the amount of entitlement used for that loan is subtracted from $36,000. The sum remaining is the amount of available entitlement for home loans and the sum remaining may be increased by up to $24,000 if the loan amount exceeds $144,000 and the loan is for purchase or construction of a home or purchase of a condominium. To determine the amount of entitlement available for manufactured home loans processed under 38 U.S.C. 3712, the amount of entitlement previously used for that purpose is subtracted from $20,000. The sum remaining is the amount of available entitlement for use for manufactured home loan purposes under 38 U.S.C. 3712.
(Authority: 38 U.S.C. 3703)

(f) For the purpose of computing the remaining guaranty or insurance benefit to which a veteran is entitled, loans guaranteed prior to the effective date of §§ 36.4300 to 36.4393, inclusive, shall be taken into consideration as if made subsequent thereto.

(g) A loan eligible for insurance may be either guaranteed or insured at the option of the borrower and the lender: Provided, That if the Secretary is not advised of the exercise of such option at the time the loan is reported pursuant to § 36.4303 such loan will not be eligible for insurance.

(h) A guaranty is reduced or increased pro rata with any deduction or increase in the amount of the guaranteed indebtedness, but in no event will the amount payable on a guaranty or the percentage of the indebtedness corresponding to that of the original guaranty whichever is less. However, on a graduated payment mortgage loan, the percentage of guaranty applicable to the original loan amount pursuant to paragraph (a) of this section shall apply to the loan indebtedness to the extent scheduled deferred interest is added to principal during the graduation period without regard to the original maximum dollar amount of guaranty.

(i) The amount of any guaranty or the amount credited to a lender's insurance account in relation to any insured loan shall be charged against the original or remainder of the guaranty benefit of the borrower. Complete or partial liquidation, by payment or otherwise, of the veteran's guaranteed or insured indebtedness does not increase the remainder of the guaranty benefit, if any, otherwise available to the veteran. When the maximum amount of guaranty or insurance legally available to a veteran shall have been granted, no further guaranty or insurance is available to the veteran.

(j) Notwithstanding the provisions of paragraph (g) of this section, the Secretary may exclude the amount of guaranty or insurance entitlement used for any guaranteed or insured loan provided:

1. The property which served as security for the loan has been disposed of by the veteran, or has been destroyed by fire or other natural hazard; and
2. (i) The loan has been repaid in full or the Secretary has been released from liability as to the loan, or if the Secretary has suffered a loss on said loan, such loss has been paid in full; or
   (ii) A veteran-transferee has agreed to assume the outstanding balance on the loan and consented to the use of his or her entitlement to the extent the entitlement of the veteran-transferor had been used originally; or
3. The loan has been repaid in full, and the loan for which the veteran seeks to use entitlement is secured by the same property which secured the fully repaid loan; or
4. In a case in which the veteran still owns the property purchased with a VA-guaranteed loan, the Secretary may, one time only, restore entitlement used on that loan if:
   (i) the loan has been repaid in full or, if the Secretary has suffered a loss on the loan, the loss has been paid in full; or
   (ii) the Secretary has been released from liability as to the loan, and, if the Secretary has suffered a loss on the loan, the loss has been paid in full.

(k) The Secretary may, in any case involving circumstances deemed appropriate, waive either or both of the requirements set forth in paragraphs (j)(1) and (j)(2)(i) of this section.

(l)(1) The amount of guaranty entitlement, available and unused, of an eligible unmarried surviving spouse (whose eligibility does not result from his or her own service) is determinable in the same manner as in the case of any veteran, and any entitlement which the decedent (who was his or her spouse) used shall be disregarded. A certificate as to the eligibility of such surviving spouse, issued by the Secretary, shall be a condition precedent to the guaranty or insurance of any loan made to a surviving spouse in such capacity.
(Authority: 38 U.S.C. 3701(a))
(2) An unmarried surviving spouse who was a co-obligor under an existing VA guaranteed, insured or direct loan shall be considered to be a veteran eligible for an interest rate reduction refinancing loan pursuant to 38 U.S.C. 3710(a)(8) or (9)(B)(i).

§ 36.4303 Reporting requirements.
(a) With respect to loans automatically guaranteed under 38 U.S.C. 3703(a)(1), evidence of the guaranty will be issuable to a lender of a class described under 38 U.S.C. 3702(d) if the loan is reported to the Secretary within 60 days following full disbursement and upon the certification of the lender that:
(1) No default exists thereunder that has continued for more than 30 days;
(2) Except for acquisition and improvement loans as defined in § 36.4301, any construction, repairs, alterations, or improvements effected subsequent to the appraisal of reasonable value, and paid for out of the proceeds of the loan, which have not been inspected and approved upon completion by a compliance inspector designated by the Secretary, have been completed properly in full accordance with the plans and specifications upon which the original appraisal was based; and any deviations or changes of identity in said property have been approved as required in § 36.4304 concerning guaranty or insurance of loans to veterans;
(3) The loan conforms otherwise with the applicable provisions of 38 U.S.C. Chapter 37 and of the regulations concerning guaranty or insurance of loans to veterans.
(Authority: 38 U.S.C. 3703(c)(1))
(b) Loans made pursuant to 38 U.S.C. 3703(a), although not entitled to automatic insurance thereunder, may, when made by a lender of a class described in 38 U.S.C. 3702(d)(1), be reported for issuance of an insurance credit.
(Authority: 38 U.S.C. 3702(d), 3703(a)(2))
(c) Each loan proposed to be made to an eligible veteran by a lender not within a class described in 38 U.S.C. 3702(d) shall be submitted to the Secretary for approval prior to closing. Lenders described in 38 U.S.C. 3702(d) shall have the optional right to submit any loan for such prior approval. The Secretary, upon determining any loan so submitted
to be eligible for a guaranty, or for insurance, will issue a certificate of commitment with respect thereto.
(d) A certificate of commitment shall entitle the holder to the issuance of the evidence of guaranty or insurance upon the ultimate actual payment of the full proceeds of the loan for the purposes described in the original report and upon the submission within 60 days thereafter of a supplemental report showing that fact and:
(1) The identity of any property purchased therewith,
(2) That all property purchased or acquired with the proceeds of the loan has been encumbered as required by the regulations concerning guaranty or insurance of loans to veterans,
(3) Except for acquisition and improvement loans as defined in § 36.4301(c), any construction, repairs, alterations, or improvements paid for out of the proceeds of the loan, which have not been inspected and approved subsequent to completion by a compliance inspector designated by the Secretary, have been completed properly in full accordance with the plans and specifications upon which the original appraisal was based; and that any deviations or changes of identity in said property have been approved as required by § 36.4304, and
(4) That the loan conforms otherwise with the applicable provisions of 38 U.S.C. Chapter 37 and the regulations concerning guaranty or insurance of loans to veterans.
(Authority: 38 U.S.C. 3703(c)(1))
(e) Upon the failure of the lender to report in accordance with the provisions of paragraph (d) of this section, the certificate of commitment shall have no further effect, or the amount of guaranty or insurance shall be reduced pro rata, as may be appropriate under the facts of the case: Provided, nevertheless, that if the loan otherwise meets the requirements of this section, said certificate of commitment may be given effect by the Secretary, notwithstanding the report is received after the date otherwise required.
(f) For loans not reported within 60 days, evidence of guaranty will be issued only if the loan report is accompanied by a statement signed by a corporate officer of the lending institution which explains why the loan was reported late. The statement must identify the case or cases in issue and must set forth the specific reason or reasons why the loan was not submitted on time. Upon receipt of such a statement evidence of guaranty will be issued. A pattern of late reporting and the reasons therefore will be considered by VA in taking action under § 36.4349.
(g) Evidence of a guaranty will be issued by the Secretary by appropriate endorsement on the note or other instrument evidencing the obligation, or by a separate certificate at the option of the lender. Notice of credit to an insurance account will be given to the lender. Unused certificates of eligibility issued prior to March 1, 1946, are void. No certificate of commitment shall be issued and no loan shall be guaranteed or insured unless the lender, the veteran, and the loan are shown to be eligible. Evidence of guaranty or insurance will not be issued on any loan for the purchase or construction of residential property unless the veteran, or the veteran's spouse in the case of a veteran who cannot occupy the property because of active duty status with the Armed Forces, certifies in such form as the Secretary shall prescribe that the veteran, or spouse of the active duty veteran, intends to occupy the property as his or her home. Guaranty or insurance evidence will not be issued on any loan for the alteration, improvement, or repair of any residential property or on a refinancing loan unless the veteran, or spouse of an active duty servicemember,
certifies that he or she presently occupies the property as his or her home. An exception to this is if the home improvement or refinancing loan is for extensive changes to the property that will prevent the veteran or the spouse of the active duty veteran from occupying the property while the work is being completed. In such a case the veteran or spouse of the active duty veteran must certify that he or she intends to occupy or reoccupy the property as his or her home upon completion of the substantial improvements or repairs. All of the mentioned certifications must take place at the time of loan application and closing except in the case of loans automatically guaranteed, in which case veterans or, in the case of an active duty veteran, the veterans' spouse shall make the required certification only at the time the loan is closed.

(Authority: 38 U.S.C. 3704(c))

(h) Subject to compliance with the regulations concerning guaranty or insurance of loans to veterans, the certificate of guaranty or the evidence of insurance credit will be issuable within the available entitlement of the veteran on the basis of the loan stated in the final loan report or certification of loan disbursement, except for refinancing loans for interest rate reductions. The available entitlement of a veteran will be determined by the Secretary as of the date of receipt of an application for guaranty or insurance of a loan or of a loan report. Such date of receipt shall be the date the application or loan report is date-stamped into VA. Eligibility derived from the most recent period of service:

(1) Shall cancel any unused entitlement derived from any earlier period of service, and
(2) Shall be reduced by the amount by which entitlement from service during any earlier period has been used to obtain a direct, guaranteed, or insured loan.

(i) On property which the veteran owns at the time of application, or
(ii) As to which the Secretary has incurred actual liability or loss, unless in the event of loss or the incurrence and payment of such liability by the Secretary, the resulting indebtedness of the veteran to the United States has been paid in full. Provided, That if the Secretary issues or has issued a certificate of commitment covering the loan described in the application for guaranty or insurance or in the loan report, the amount and percentage of guaranty or the amount of the insurance credit contemplated by the certificate of commitment shall not be subject to reduction if the loan has been or is closed on a date that is not later than the expiration date of the certificate of commitment, notwithstanding that the Secretary in the meantime and prior to the issuance of the evidence of guaranty or insurance shall have incurred actual liability or loss on a direct, guaranteed, or insured loan previously obtained by the borrower. For the purposes of this paragraph, the Secretary will be deemed to have incurred actual loss on a guaranteed or insured loan if the Secretary has paid a guaranty or insurance claim thereon and the veteran's resultant indebtedness to the Government has not been paid in full, and to have incurred actual liability on a guaranteed or insured loan if the Secretary is in receipt of a claim on the guaranty or insurance or is in receipt of a notice of default. In the case of a direct loan, the Secretary will be deemed to have incurred an actual loss if the loan is in default. A loan, the proceeds of which are to be disbursed progressively or at intervals, will be deemed to have been closed for the purposes of this paragraph if the loan has been completed in all respects excepting the actual "payout" of the entire loan proceeds.

(Authority: 38 U.S.C. 3702(a), 3710(c))

(i) Any amounts that are disbursed for an ineligible purpose shall be excluded in computing the amount of guaranty or insurance credit.
(j) Notwithstanding the lender has erroneously, but without intent to misrepresent, made certification with respect to paragraph (a)(1) of this section, the guaranty or insurance will become effective upon the curing of such default and its continuing current for a period of not less than 60 days thereafter. For the purpose of this paragraph a loan will be deemed current so long as the installment is received within 30 days after its due date.

(k) No guaranty or insurance commitment or evidence of guaranty or insurance will be issuable in respect to any loan to finance a contract that:
(1) Is for the purchase, construction, repair, alteration, or improvement of a dwelling or farm residence;
(2) Is dated on or after June 4, 1969;
(3) Provides for a purchase price or cost to the veteran in excess of the reasonable value established by the Secretary; and
(4) Was signed by the veteran prior to the veteran's receipt of notice of such reasonable value; unless such contract includes, or is amended to include, a provision substantially as follows:

It is expressly agreed that, notwithstanding any other provisions of this contract, the purchaser shall not incur any penalty by forfeiture of earnest money or otherwise or be obligated to complete the purchase of the property described herein, if the contract purchase price or cost exceeds the reasonable value of the property established by the Department of Veterans Affairs. The purchaser shall, however, have the privilege and option of proceeding with the consummation of this contract without regard to the amount of the reasonable value established by the Department of Veterans Affairs.

(Authority: 38 U.S.C. 501, 3703(c)(1))

(l) With respect to any loan for which a commitment was made on or after March 1, 1988, the Secretary must be notified whenever the holder receives knowledge of disposition of the residential property securing a VA-guaranteed loan.

(1) If the seller applies for prior approval of the assumption of the loan, then:
(i) A holder (or its authorized servicing agent) who is an automatic lender must examine the creditworthiness of the purchaser and determine compliance with the provisions of 38 U.S.C. 3714. The creditworthiness review must be performed by the party that has automatic authority. If both the holder and its servicing agent are automatic lenders, then they must decide between themselves which one will make the determination of creditworthiness, whether the loan is current and whether there is a contractual obligation to assume the loan, as required by 38 U.S.C. 3714. If the actual loan holder does not have automatic authority and its servicing agent is an automatic lender, then the servicing agent must make the determinations required by 38 U.S.C. 3714 on behalf of the holder. The actual holder will remain ultimately responsible for any failure of its servicing agent to comply with the applicable law and VA regulations.

(A) If the assumption is approved and the transfer of the security is completed, then the notice required by this paragraph shall consist of the credit package (unless previously provided in accordance with paragraph (k)(1)(i)(B) of this section) and a copy of the executed deed and/or assumption agreement as required by VA office of jurisdiction. The notice shall be submitted to the Department with VA receipt for the funding fee provided for in § 36.4312(e)(3) of this part.

(B) If the application for assumption is disapproved, the holder shall notify the seller and the purchaser that the decision may be appealed to the VA office of jurisdiction within 30
days. The holder shall make available to that VA office all items used by the holder in making the holder's decision in case the decision is appealed to VA. If the application remains disapproved after 60 days (to allow time for appeal to and review by VA), then the holder must refund $50 of any fee previously collected under the provisions of § 36.4312(d)(8) of this part. If the application is subsequently approved and the sale is completed, then the holder (or its authorized servicing agent) shall provide the notice described in paragraph (k)(1)(i)(A) of this section.

(C) In performing the requirements of paragraphs (k)(1)(i)(A) or (k)(1)(i)(B) of this section, the holder must complete its examination of the creditworthiness of the prospective purchaser and advise the seller no later than 45 days after the date of receipt by the holder of a complete application package for the approval of the assumption. The 45-day period may be extended by an interval not to exceed the time caused by delays in processing of the application that are documented as beyond the control of the holder, such as employers or depositories not responding to requests for verifications, which were timely forwarded, or follow-ups on those requests.

(ii) If neither the holder nor its authorized servicing agent is an automatic lender, the notice to VA shall include:

(A) Advice regarding whether the loan is current or in default;

(B) A copy of the purchase contract; and

(C) A complete credit package developed by the holder which the Secretary may use for determining the creditworthiness of the purchaser.

(D) The notice and documents required by this section must be submitted to the VA office of jurisdiction no later than 35 days after the date of receipt by the holder of a complete application package for the approval of the assumption, subject to the same extensions as provided in paragraph (k)(1)(i) of this section. If the assumption is not automatically approved by the holder or its authorized agent, pursuant to the automatic authority provisions, $50 of any fee collected in accordance with § 36.4312(d)(8) of this part must be refunded. If the Department of Veterans Affairs does not approve the assumption, the holder will be notified and an additional $50 of any fee collected under § 36.4312(d)(8) of this section must be refunded following the expiration of the 30-day appeal period set out in paragraph (k)(1)(i)(B) of this section. If such an appeal is made to the Department of Veterans Affairs, then the review will be conducted at the Department of Veterans Affairs office of jurisdiction by an individual who was not involved in the original disapproval decision. If the application for assumption is approved and the transfer of security is completed, then the holder (or its authorized servicing agent) shall provide the notice required in paragraph (k)(1)(i)(A) of this section.

(2) If the seller fails to notify the holder before disposing of property securing the loan, the holder shall notify the Secretary within 60 days after learning of the transfer. Such notice shall advise whether or not the holder intends to exercise its option to immediately accelerate the loan and whether or not an opportunity will be extended to the transferor and transferee to apply for retroactive approval of the assumption under the terms of this paragraph.

(Authority: 38 U.S.C. 3714)

(The Information collection requirements in this section have been approved by the Office of Management and Budget under control number 2900-0516)
A deviation of more than 5 percent between the estimates upon which a certificate of commitment has been issued and the report of final payment of the proceeds of the loan, or a change in the identity of the property upon which the original appraisal was based, will invalidate the certificate of commitment unless such deviation or change be approved by the Secretary. Any deviation in excess of 5 percent or change in the identity of the property upon which the original appraisal was based must be supported by a new or supplemental appraisal of reasonable value: Provided, That substitution of materials of equal or better quality and value approved by the veteran and the designated appraiser shall not be deemed a "change in the identity of the property" within the purview of this section. A deviation not in excess of 5 percent will not require the prior approval of the Secretary.

§ 36.4305 Partial disbursement.
In cases where intervening circumstances make it impracticable to complete the actual paying out of the loan originally proposed, or justify the lender in declining to make further disbursements on a construction loan, evidence of guaranty or of insurance of the loan or the proper pro rata part thereof will be issuable if the loan is otherwise eligible for automatic guaranty or a certificate of commitment was issued thereon: Provided,
(a) A report of the loan is submitted to the Secretary within a reasonable time subsequent to the last disbursement, but in no event more than 90 days thereafter, unless report of the facts and circumstances is made and an extension of time obtained from the Secretary.
(b) There has been no default on the loan, except that the existence of a default shall not preclude issuance of a guaranty certificate or insurance advice if a certificate of commitment was issued with respect to the loan.
(c) The Secretary determines that a person of reasonable prudence similarly situated would not make further disbursements in the situation presented.
(d) There has been full compliance with the provisions of 38 U.S.C. Chapter 37 and of the applicable regulations up to the time of the last disbursement.
(e) In the case of a construction loan when the construction is not fully completed, the amount and percentage of the guaranty and the amount of the loan for the purposes of insurance or accounting to the Secretary shall be based upon such portion of the amount disbursed out of the proceeds of the loan which, when added to any other payments made by or on behalf of the veteran to the builder or the contractor, does not exceed 80 percent of the value of that portion of the construction performed (basing value on the contract price) plus the sum, if any, disbursed by the lender out of the proceeds of the loan for the
land on which the construction is situated: And provided further, That the lender shall certify as follows:
(1) Any amount advanced for land is protected by title or lien as provided in the regulations concerning guaranty or insurance of loans to veterans; and
(2) No enforceable liens, for any work done or material furnished for that part of the construction completed and for which payment has been made out of the proceeds of the loan, exist or can come into existence.
[13 FR 7275, Nov. 27, 1948, as amended at 15 FR 4397, July 12, 1950; 24 FR 2653, Apr. 7, 1959]

§ 36.4306 Refinancing of mortgage or other lien indebtedness.
(a) Any loan for the purpose of refinancing (38 U.S.C. 3710(a)(5)) an existing mortgage loan or other lien indebtedness secured by a lien of record on a dwelling or farm residence owned and occupied or to be reoccupied if the refinancing loan is for the completion of major alterations, repairs or improvements to the property, by an eligible veteran as the veteran's home, or in the case of an eligible veteran unable to occupy the property because of active duty status in the Armed Forces, occupied or to be reoccupied by the veteran's spouse as the spouse's home, shall be eligible for guaranty in an amount as computed under § 36.4302(a) provided that --
(1) The amount of the loan may not exceed an amount equal to 90 percent of the reasonable value of the dwelling or farm residence which will secure the loan, as determined by the Secretary.
(Authority: 38 U.S.C. 3710(e)(1) and 3710(h))
(2) The dollar amount of discount, if any, to be paid by the veteran is reasonable in amount as determined by the Secretary in accordance with § 36.4312(d)(7)(i),
(3) The loan is otherwise eligible for guaranty.
(b) [Reserved]
(c) Nothing shall preclude guaranty of a loan to an eligible veteran having home loan guaranty entitlement to refinance under the provisions of 38 U.S.C. 3710(a)(5) a VA guaranteed or insured (or direct) mortgage loan made to him or her which is outstanding on the dwelling or farm residence owned and occupied or to be reoccupied after the completion of major alterations, repairs, or improvements to the property, by the veteran as a home, or in the case of an eligible veteran unable to occupy the property because of active duty status in the Armed Forces, occupied or to be reoccupied by the veteran's spouse as the spouse's home.
(Authority: 38 U.S.C. 3710(e)(1))
(d) A refinancing loan may include contractual prepayment penalties, if any, due the holder of the mortgage or other lien indebtedness to be refinanced.
(e) [Reserved]
(f) Nothing in this section shall preclude the refinancing of the balance due for the purchase of land on which new construction is to be financed through the proceeds of the loan, or the refinancing of the balance due on an existing land sale contract relating to a veteran's dwelling or farm residence.
(g) A veteran may refinance (38 U.S.C. 3710(a)(9)(B)(ii)) an existing loan that was for the purchase of, and is secured by, a manufactured home in order to purchase the lot on
which the manufactured home is or will be permanently affixed, provided the following requirements are met:
(1) The refinancing of a manufactured home and the purchase of a lot must be considered as one loan;
(2) The manufactured home upon being permanently affixed to the lot will be considered real property under the laws of the State where it is located;
(3) The loan must be secured by the same manufactured home which is being refinanced and the real property on which the manufactured home is or will be located;
(4) The amount of the loan may not exceed an amount equal to the sum of the balance of the loan being refinanced; the purchase price, not to exceed the reasonable value of the lot; the costs of the necessary site preparation of the lot as determined by the Secretary; a reasonable discount as authorized in § 36.4312(d)(6) with respect to that portion of the loan used to refinance the existing purchase money lien on the manufactured home, and closing costs as authorized in § 36.4312.
(5) If the loan being refinanced was guaranteed by VA, the portion of the loan made for the purpose of refinancing an existing purchase money manufactured home loan may be, guaranteed without regard to the outstanding guaranty entitlement available for use by the veteran, and the veteran's guaranty entitlement shall not be charged as a result of any guaranty provided for the refinancing portion of the loan. For the purposes enumerated in 38 U.S.C. 3702(b) the refinancing portion of the loan shall be considered to have been obtained with the guaranty entitlement used to obtain VA-guaranteed loan being refinanced. The total guaranty for the new loan shall be the sum of the guaranty entitlement used to obtain VA-guaranteed loan being refinanced and any additional guaranty entitlement available to the veteran. However, the total guaranty may not exceed the guaranty amount as calculated under § 36.4302(a) of this part.

(Authority: 38 U.S.C. 3703(a))

§ 36.4306a Interest rate reduction refinancing loan.
(a) Pursuant to 38 U.S.C. 3710(a)(8), (a)(9)(B)(i), and (a)(11), a veteran may refinance an existing VA guaranteed, insured, or direct loan to reduce the interest rate payable on the existing loan provided the following requirements are met:
(1) The loan must be secured by the same dwelling or farm residence as the loan being refinanced; and
(2) The veteran must own the dwelling or farm residence securing the loan and
(i) Must occupy the dwelling or residence as his or her home; or
(ii) Must have previously occupied the dwelling or residence as his or her home and must certify, in such form as the Secretary shall require, that he or she has previously occupied the dwelling or residence; or
(iii) In any case in which the veteran is on, or was on, active duty status as a member of the Armed Forces and is unable, or was unable, to occupy the residence or dwelling as a home because of such active duty status, the spouse of the veteran must occupy, or must have previously occupied, such dwelling or residence as the spouse's home and must certify to that occupancy in such form as the Secretary shall require.
(Authority: 38 U.S.C. 3710(e)(1))

(3) The monthly principal and interest payment on the new loan must be lower than the payment on the loan being refinanced, except when the term of the new loan is shorter than the term of the loan being refinanced; or the new loan is a fixed-rate loan that refinances a VA-guaranteed adjustable rate mortgage; or the increase in the monthly payments on the loan results from the inclusion of energy efficient improvements, as provided by § 36.4336(a)(4); or the Secretary approves the loan in advance after determining that the new loan is necessary to prevent imminent foreclosure and the veteran qualifies for the new loan under the credit standards contained in § 36.4337.

(4) The amount of the refinancing loan may not exceed:

(i) An amount equal to the balance of the loan being refinanced, which must not be delinquent, except in cases described in paragraph (a)(5) of this section, and such closing costs as authorized by § 36.4312(d) and a discount not to exceed 2 percent of the loan amount; or

(ii) In the case of a loan to refinance an existing VA-guaranteed or direct loan and to improve the dwelling securing such loan through energy efficient improvements, the amount referred to with respect to the loan under paragraph (a)(4)(i) of this section, plus the amount authorized by § 36.4336(a)(4).

(Authority: 38 U.S.C. 3703, 3710)

(5) If the loan being refinanced is delinquent (delinquent means that a scheduled monthly payment of principal and interest is more than 30 days past due), the new loan will be guaranteed only if the Secretary approves it in advance after determining that the borrower, through the lender, has provided reasons for the loan deficiency, has provided information to establish that the cause of the delinquency has been corrected, and qualifies for the loan under the credit standards contained in § 36.4337. In such cases, the term "balance of the loan being refinanced" shall include any past due installments, plus allowable late charges.

(6) The dollar amount of guaranty on the 38 U.S.C. 3710(a)(8) or (a)(9)(B)(i) loan may not exceed the greater of the original guaranty amount of the loan being refinanced or 25 percent of the loan; and

(7) The term of the refinancing loan (38 U.S.C. 3710(a)(8)) may not exceed the original term of the loan being refinanced plus ten years, or the maximum loan term allowed under 38 U.S.C. 3703(d)(1), whichever is less. For manufactured home loans that were previously guaranteed under 38 U.S.C. 3712, the loan term, if being refinanced under 38 U.S.C. 3710(a)(9)(B)(i), may exceed the original term of the loan but may not exceed the maximum loan term allowed under 38 U.S.C. 3703(d)(1).

(Authority: 38 U.S.C. 3703(c)(1), 3710(e)(1))

(b) Notwithstanding any other regulatory provision, the interest rate reduction refinancing loan may be guaranteed without regard to the amount of guaranty entitlement available for use by the veteran, and the amount of the veteran's remaining guaranty entitlement, if any, shall not be charged for an interest rate reduction refinancing loan. The interest rate reduction refinancing loan will be guaranteed with the lesser of the entitlement used by the veteran to obtain the loan being refinanced or the amount of the guaranty as calculated under § 36.4302(a) of this part. The veteran's loan guaranty entitlement originally used for a purpose as enumerated in 38 U.S.C. 3710(a) (1) through (7) and (9)(A) (i) and (ii) and subsequently transferred to an interest rate reduction refinancing...
loan (38 U.S.C. 3710(a) (8) or (9)(B)(i)) shall be eligible for restoration when the interest rate reduction refinancing loan or subsequent interest rate reduction refinancing loans on the same property meets the requirements of § 36.4302(h).

(Authority: 38 U.S.C. 3703(a))

(c) Title to the estate which is refinanced for the purpose of an interest rate reduction must be in conformity with § 36.4350.

[EFFECTIVE DATE NOTE: 64 FR 19906, 19910, Apr. 23, 1999, amended this section, effective June 7, 1999.]

§ 36.4307 Joint loans.

(a) Except as provided in paragraph (b) of this section, the prior approval of the Secretary is required in respect to any loan to be made to two or more borrowers who become jointly and severally liable, or jointly liable therefor, and who will acquire an undivided interest in the property to be purchased or who will otherwise share in the proceeds of the loan, or in respect to any loan to be made to an eligible veteran whose interest in the property owned, or to be acquired with the loan proceeds, is an undivided interest only, unless such interest is at least a 50 percent interest in a partnership. The amount of the guaranty or insurance credit shall be computed in such cases only on that portion of the loan allocable to the eligible veteran which, taking into consideration all relevant factors, represents the proper contribution of the veteran to the transaction. Such loans shall be secured to the extent required by 38 U.S.C. Chapter 37 and the regulations concerning guaranty or insurance of loans to veterans.

(b) Notwithstanding the provisions of paragraph (a) of this section, the joinder of the spouse of a veteran-borrower in the ownership of residential property shall not require prior approval or preclude the issuance of a guaranty or insurance credit based upon the entire amount of the loan. If both spouses be eligible veterans, either or both may, within permissible maxima, utilize available guaranty or insurance entitlement.

(c) For the purpose of determining the rights and the liabilities of the Secretary with respect to a loan subject to paragraph (a) of this section, credits legally applicable to the entire loan shall be applied as follows:

(1) Prepayments made expressly for credit to that portion of the indebtedness allocable to the veteran (including the gratuity paid pursuant to former provisions of law), shall be applied to such portion of the indebtedness. All other payments shall be applied ratably to those portions of the loan allocable respectively to the veteran and to the other debtors.

(2) Proceeds of the sale or other liquidation of the security shall be applied ratably to the respective portions of the loan, such portion of the proceeds as represents the interest of the veteran being applied to that portion of the loan allocable to such veteran.
§ 36.4308 Transfer of title by borrower or maturity by demand or acceleration.

(a) Except as provided by paragraphs (b) or (c) of this section the conveyance of or other transfer of title to property by operation of law or otherwise, after the creation of a lien thereon to secure a loan which is guaranteed or insured in whole or in part by the Secretary, shall not constitute an event of default, or acceleration of maturity, elective or otherwise, and shall not of itself terminate or otherwise affect the guaranty or insurance.

(b) (1) The Secretary may issue guaranty on loans in which a State, Territorial, or local governmental agency provides assistance to a veteran for the acquisition of a dwelling. Such loans will not be considered ineligible for guaranty if the State, Territorial, or local authority, by virtue of its laws or regulations or by virtue of Federal law, requires the acceleration of maturity of the loan upon the sale or conveyance of the security property to a person ineligible for assistance from such authority.

(2) At the time of application for a loan assisted by a State, Territorial, or local governmental agency, the veteran-applicant must be fully informed and consent in writing to the housing authority restrictions. A copy of the veteran's consent statement must be forwarded with the loan application or the report of a loan processed on the automatic basis.

(c) Any housing loan which is financed under 38 U.S.C. chapter 37, and to which section 3714 of that chapter applies, shall include a provision in the security instrument that the holder may declare the loan immediately due and payable upon transfer of the property securing such loan to any transferee unless the acceptability of the assumption of the loan is established pursuant to section 3714.

(1) A holder may not exercise its option to accelerate a loan upon:

(i) The creation of a lien or other encumbrance subordinate to the lender's security instrument which does not relate to the transfer of rights of occupancy in the property;

(ii) The creation of a purchase money security interest for household appliances;

(iii) A transfer by devise, descent, or operation of law on the death of a joint tenant or tenant by the entirety;

(iv) The granting of a leasehold interest of three years or less not containing an option to purchase;

(v) A transfer to a relative resulting from the death of a borrower;

(vi) A transfer where the spouse or children of the borrower become joint owners of the property with the borrower;

(vii) A transfer resulting from a decree of a dissolution of marriage, legal separation agreement, or from an incidental property settlement agreement by which the spouse of the borrower becomes the sole owner of the property. In such a case the borrower shall have the option of applying directly to the Department of Veterans Affairs regional office of jurisdiction for a release of liability in accordance with § 36.4323 of this part; or

(viii) A transfer into an inter vivos trust in which the borrower is and remains a beneficiary and which does not relate to a transfer of rights of occupancy in the property.
(2) With respect to each such loan at least one of the instruments used in the transaction shall contain the following statement: "This loan is not assumable without the approval of the Department of Veterans Affairs or its authorized agent." This statement must be:

(i) Printed in a font size which is the larger of:
(A) Two times the largest font size contained in the body of the instrument; or
(B) 18 points; and
(ii) Contained in at least one of the following:
(A) The note;
(B) The mortgage or deed of trust; or
(C) A rider to either the note, the mortgage, or the deed of trust.

Authority: (38 U.S.C.3714(d))

(d) The term of payment of any guaranteed or insured obligation shall bear a proper relation to the borrower's present and anticipated income and expenses, (except loans pursuant to 38 U.S.C. 3710(a)(8) or (9)(B)(i)). In addition the terms of payment of any guaranteed or insured obligation shall provide for discharge of the obligation at a definite date or dates or intervals, in amount specified on or computable from the face of the instrument. A loan which is payable on demand, or at sight, or on presentation, or at a time not specified or computable from the language in the note, mortgage, or other loan instrument, or which contemplates periodic renewals at the option of the holder to satisfy the repayment requirements of this section, is not eligible for guaranty or insurance, except as provided in paragraph (f) of this section.

(e) No guaranteed or insured obligation shall contain a provision to the effect that the holder shall have the right to declare the indebtedness due, or to pursue one or more legal or equitable remedies, if holder "shall feel insecure," or upon the occurrence of one or more such conditions optional to the holder, without regard to an act or omission by the debtor, which condition by the terms of the note, mortgage, or other loan instrument would at the option of the holder afford a basis for declaring a default.

(f) Notwithstanding the inclusion in the guaranteed or insured obligation of a provision contrary to the provisions of this section, the right of the holder to payment of the guaranty or insurance shall not be thereby impaired: Provided,

(1) Default was declared or maturity was accelerated under some other provision of the note, mortgage, or other loan instrument, or

(2) Activation or enforcement of such provision is warranted under § 36.4317 (a), or

(3) The prior approval of the Secretary was obtained.

(Authority: 38 U.S.C. 3703(c))

(g) The holder of any guaranteed or insured obligation shall have the right, notwithstanding the absence of express provision therefor in the instruments evidencing the indebtedness, to accelerate the maturity of such obligation at any time after the continuance of any default for the period specified in § 36.4316.

(h) If sufficient funds are tendered to bring a delinquency current at any time prior to a judicial or statutory sale or other public sale under power of sale provisions contained in the loan instruments to liquidate any security for a guaranteed loan, the holder shall be obligated to accept the funds in payment of the delinquency unless:

(1) The prior approval of the Secretary is obtained to do otherwise, or

(2) Reinstatement of the loan would adversely affect the dignity of the lien or be otherwise precluded by law.
A delinquency will include all installment payments (principal, interest, taxes, insurance, advances, etc.) due and unpaid and any accumulated late charges plus any reasonable expenses incurred and paid by the holder if termination proceedings have begun (e.g., advertising costs, foreclosure costs, attorney or trustee fees, recording fees, etc.).

(Authority: 38 U.S.C. 501, 3703(c), 3712(g))

(Approved by the Office of Management and Budget under OMB control number 2900-0516)

§ 36.4309 Amortization.

(a) All loans, the maturity date of which is beyond 5 years from date of loan or date of assumption by the veteran, shall be amortized. Except as provided in paragraph (e) of this section, the schedule of payments thereon shall be in accordance with any generally recognized plan of amortization requiring approximately equal periodic payments and shall require a principal reduction not less often than annually during the life of the loan. The final installment on any loan shall not be in excess of two times the average of the preceding installments, except that on a construction loan such installment may be for an amount not in excess of 5 per centum of the original principal amount of the loan. The limitations imposed herein on the amount of the final installment shall not apply in the case of any loan extended pursuant to § 36.4314(a).

(b) Any plan of repayment on loans required to be amortized which does not provide for approximately equal periodic payments shall not be eligible unless the plan conforms with the provisions of paragraph (e) of this section, or is otherwise approved by the Secretary.

(c) Every guaranteed or insured loan shall be repayable within the estimated economic life of the property securing the loan.

(d) Subject to paragraph (a) of this section, any amounts which under the terms of a loan do not become due and payable on or before the last maturity date permissible for loans of its class under the limitations contained in 38 U.S.C. Chapter 37 shall automatically fall due on such date. (See § 36.4334.)

(e) A graduated payment mortgage loan, providing for deferrals of interest during the first 5 years of the loan and addition of the deferred amounts to principal shall be eligible, Provided:

(1) The loan is for the purpose of acquiring a single-family dwelling unit, including a condominium unit or simultaneously acquiring and improving a previously occupied, existing single-family dwelling unit.

(2)(i) For proposed construction or existing homes not previously occupied (new homes), the maximum loan amount cannot exceed 97.5 percent of the lesser of the reasonable value of the property as of the time the loan is made or the purchase price.

(ii) For previously occupied, existing homes the maximum loan amount must be computed to assure that the principal amount of the loan, including all interest scheduled
to be deferred and added to the loan principal, will not exceed the purchase price or reasonable value of the property, whichever is less, as of the time the loan is made;
(3) The increases in the monthly periodic payment amount occur annually on each of the first five annual anniversary dates of the first loan installment due date, at a rate of 7.5 percent over the preceding year's monthly payment amount;
(4) Beginning with the payment due on the fifth annual anniversary date of the first loan installment due date, all remaining monthly periodic payments are approximately equal in amount and amortize the loan fully in accordance with the requirements of this section, and
(5) The plan is otherwise acceptable to the Secretary.

§ 36.4310 Prepayment.
The debtor shall have the right to prepay at any time, without premium or fee, the entire indebtedness or any part thereof not less than the amount of one installment, or $100, whichever is less. Any prepayment in full of the indebtedness shall be credited on the date received, and no interest may be charged thereafter. Any partial prepayment made on other than an installment due date need not be credited until the next following installment due date or 30 days after such prepayment, whichever is earlier. The holder and the debtor may agree at any time that any prepayment not previously applied in satisfaction of matured installments shall be reapplied for the purpose of curing or preventing any subsequent default.
[38 FR 25678, Sept. 14, 1973]

§ 36.4311 Interest rates.
(a) In guaranteeing or insuring loans under 38 U.S.C. chapter 37, the Secretary may elect to require that such loans either bear interest at a rate that is agreed upon by the veteran and the lender, or bear interest at a rate not in excess of a rate established by the Secretary. The Secretary may, from time to time, change that election by publishing a notice in the Federal Register. However, the interest rate of a loan for the purpose of an interest rate reduction under 38 U.S.C. 3710(a)(8), (a)(9)(B)(i), or (a)(11) must be less than the interest rate of the VA loan being refinanced. This paragraph does not apply in the case of an adjustable rate mortgage being refinanced under 38 U.S.C. 3710(a)(8), (a)(9)(B)(i), or (a)(11) with a fixed rate loan.
(Authority: 38 U.S.C. 3703, 3710)
(b) For loans bearing an interest rate agreed upon by the veteran and the lender, the veteran may pay reasonable discount points in connection with the loan. The discount points may not be included in the loan amount, except for interest rate reduction refinancing loans under 38 U.S.C. 3710(a)(8), (a)(9)(B)(i), and (a)(11). For loans bearing an interest rate agreed upon by the veteran and the lender, the provisions of § 36.4312(d)(6) and (d)(7) do not apply.
(Authority: 38 U.S.C. 3703, 3710)
(c) Interest in excess of the rate reported by the lender when requesting evidence of guaranty or insurance shall not be payable on any advance, or in the event of any delinquency or default: Provided, that a late charge not in excess of an amount equal to 4 percent on any installment paid more than 15 days after due date shall not be considered a violation of this limitation. 

(Authority: 38 U.S.C. 3710)

(d) Effective October 1, 2003, adjustable rate mortgage loans which comply with the requirements of this paragraph (d) are eligible for guaranty.

(1) Interest rate index. Changes in the interest rate charged on an adjustable rate mortgage must correspond to changes in the weekly average yield on one year (52 weeks) Treasury bills adjusted to a constant maturity. Yields on one year Treasury bills at "constant maturity" are interpolated by the United States Treasury from the daily yield curve. This curve, which relates the yield on the security to its time to maturity, is based on the closing market bid yields on actively traded one year Treasury bills in the over-the-counter market. The weekly average one year constant maturity Treasury bill yields are published by the Federal Reserve Board of the Federal Reserve System. The Federal Reserve Statistical Release Report H. 15 (519) is released each Monday. These one year constant maturity Treasury bill yields are also published monthly in the Federal Reserve Bulletin, published by the Federal Reserve Board of the Federal Reserve System, as well as quarterly in the Treasury Bulletin, published by the Department of the Treasury.

(2) Frequency of interest rate changes. Interest rate adjustments must occur on an annual basis, except that the first adjustment may occur no sooner than 36 months from the date of the borrower's first mortgage payment. The adjusted rate will become effective the first day of the month following the adjustment date; the first monthly payment at the new rate will be due on the first day of the following month. To set the new interest rate, the lender will determine the change between the initial (i.e., base) index figure and the current index figure. The initial index figure shall be the most recent figure available before the date of mortgage loan origination. The current index figure shall be the most recent index figure available 30 days before the date of each interest rate adjustment.

(3) Method of rate changes. Interest rate changes may only be implemented through adjustments to the borrower's monthly payments.

(4) Initial rate and magnitude of changes. The initial contract interest rate of an adjustable rate mortgage shall be agreed upon by the lender and the veteran. Annual adjustments in the interest rate shall correspond to annual changes in the interest rate index, subject to the following conditions and limitations:

(i) No single adjustment to the interest rate may result in a change in either direction of more than one percentage point from the interest rate in effect for the period immediately preceding that adjustment. Index changes in excess of one percentage point may not be carried over for inclusion in an adjustment in a subsequent year. Adjustments in the effective rate of interest over the entire term of the mortgage may not result in a change in either direction of more than five percentage points from the initial contract interest rate.

(ii) At each adjustment date, changes in the index interest rate, whether increases or decreases, must be translated into the adjusted mortgage interest rate, rounded to the nearest one-eighth of one percent, up or down. For example, if the margin is 2 percent
and the new index figure is 6.06 percent, the adjusted mortgage interest rate will be 8 percent. If the margin is 2 percent and the new index figure is 6.07 percent, the adjusted mortgage interest rate will be 8 1/8 percent.

(5) Pre-loan disclosure. The lender shall explain fully and in writing to the borrower, at the time of loan application, the nature of the obligation taken. The borrower shall certify in writing that he or she fully understands the obligation and a copy of the signed certification shall be placed in the loan folder and furnished to VA upon request. Such lender disclosure must include the following items:
(i) The fact that the mortgage interest rate may change, and an explanation of how changes correspond to changes in the interest rate index;
(ii) Identification of the interest rate index, its source of publication and availability;
(iii) The frequency (i.e., annually) with which interest rate levels and monthly payments will be adjusted, and the length of the interval that will precede the initial adjustment; and
(iv) A hypothetical monthly payment schedule that displays the maximum potential increases in monthly payments to the borrower over the first five years of the mortgage, subject to the provisions of the mortgage instrument.

(6) Annual disclosure. At least 25 days before any adjustment to a borrower's monthly payment may occur, the lender must provide a notice to the borrower which sets forth the date of the notice, the effective date of the change, the old interest rate, the new interest rate, the new monthly payment amount, the current index and the date it was published, and a description of how the payment adjustment was calculated. A copy of the annual disclosure shall be made a part of the lender's permanent record on the loan.

(Authority: 38 U.S.C. 3707A)

§ 36.4312 Charges and fees.
(a) No charge shall be made against, or paid by, the borrower incident to the making of a guaranteed or insured loan other than those expressly permitted under paragraph (d) or (e) of this section, and no loan shall be guaranteed or insured unless the lender certifies to the Secretary that it has not imposed and will not impose any charges or fees against the borrower in excess of those permissible under paragraph (d) or (e) of this section. Any charge which is proper to make against the borrower under the provisions of this paragraph may be paid out of the proceeds of the loan: Provided, That if the purpose of the loan is to finance the purchase or construction of residential property the costs of closing the loan including the pro rata portion of the ground rents, hazard insurance premiums, current year's taxes, and other prepaid items normally involved in financing such transaction may not be included in the loan.

(b) Except as provided in the regulations concerning the guaranty or insurance of loans to veterans, no brokerage or service charge or their equivalent may be charged against the debtor or the proceeds of the loan either initially, periodically, or otherwise.
(c) Brokerage or other charges shall not be made against the veteran for obtaining any guaranty or insurance under 38 U.S.C. chapter 37, nor shall any premiums for insurance on the life of the borrower be paid out of the proceeds of a loan.
(d) The following schedule of permissible fees and charges shall be applicable to all Department of Veterans Affairs guaranteed or insured loans.
(1) The veteran may pay reasonable and customary amounts for any of the following items:
   (i) Fees of Department of Veterans Affairs appraiser and of compliance inspectors designated by the Department of Veterans Affairs except appraisal fees incurred for the predetermination of reasonable value requested by others than veteran or lender.
   (ii) Recording fees and recording taxes or other charges incident to recordation.
   (iii) Credit report.
   (iv) That portion of taxes, assessments, and other similar items for the current year chargeable to the borrower and an initial deposit (lump-sum payment) for the tax and insurance account.
   (v) Hazard insurance required by § 36.4326.
   (vi) Survey, if required by lender or veteran; except that any charge for a survey in connection with a loan under §§ 36.4356 through 36.4360a (Condominium Loans) must have the prior approval of the Secretary.
   (vii) Title examination and title insurance, if any.
   (viii) The actual amount charged for flood zone determinations, including a charge for a life-of-the-loan flood zone determination service purchased at the time of loan origination, if made by a third party who guarantees the accuracy of the determination. A fee may not be charged for a flood zone determination made by a Department of Veterans Affairs appraiser or for the lender's own determination.
   (ix) Such other items as may be authorized in advance by the Under Secretary for Benefits as appropriate for inclusion under this paragraph as proper local variances.
(2) A lender may charge and the veteran may pay a flat charge not exceeding 1 percent of the amount of the loan, provided that such flat charge shall be in lieu of all other charges relating to costs of origination not expressly specified and allowed in this schedule.
(3) In cases where a lender makes advances to a veteran during the progress of construction, alteration, improvement, or repair, either under a commitment of the Department of Veterans Affairs to issue a guaranty certificate or insurance credit upon completion, or where the lender would be entitled to guaranty or insurance on such advances when reported under automatic procedure, the lender may make a charge against the veteran of not exceeding 2 percent of the amount of the loan for its services in supervising the making of advances and the progress of construction notwithstanding that the "holdback" or final advance is not actually paid out until after the construction, alteration, improvement, or repair is fully completed: Provided, That the major portion (51 percent or more) of the loan proceeds is paid out during the actual progress of the construction, alteration, improvement, or repair. Such charge may be in addition to the 1 percent charge allowed under paragraph (d)(2) of this section.
(4) In consideration, alteration, improvement or repair loans, including supplemental loans made pursuant to § 36.4355, where no charge is permissible under the provisions of paragraph (d)(3) of this section the lender may charge and the veteran may pay a flat sum
not exceeding 1 percent of the amount of the loan. Such charge may be in addition to the 1 percent allowed under paragraph (d)(2) of this section.

(5) The fees and charges permitted under this paragraph are maximums and are not intended to preclude a lender from making alternative charges against the veteran which are not specifically authorized in the schedule provided the imposition of such alternative charges would not result in an aggregate charge or payment in excess of the prescribed maximum.

(6) Allowable discounts. The veteran borrower subject to the limitations set forth in paragraphs (d)(6) and (7) of this section may pay a discount required by a lender when the proceeds of the loan will be used for any of the following purposes:

(i) To refinance existing indebtedness pursuant to 38 U.S.C. 3710(a)(5), (8), (9)(B)(i) or (ii);

(ii) To repair, alter or improve a dwelling owned by the veteran pursuant to 38 U.S.C. 3710(a) (4) or (7) if such loan is to be secured by a first lien;

(iii) To construct a dwelling or farm residence on land already owned or to be acquired by the veteran, provided that the veteran did not or will not acquire the land directly or indirectly from a builder or developer who will be constructing such dwelling or farm residence;

(iv) To purchase a dwelling from a class of sellers which the Secretary determines are legally precluded under all circumstances from paying such a discount if the best interest of the veteran would be so served.

(7) Computation of discounts -- (i) Computation of discount -- loans secured by a first lien. Unless otherwise approved by the Secretary, the discount, if any, to be paid by the borrower may not exceed the difference between the bid price, rounded to the lower whole number, and par value for GNMA (Government National Mortgage Association) 90-day forward bid closing price for pass through securities 1/2 percent less than the face note rate of the loan. Unless the lender and borrower negotiate a firm written commitment for a maximum amount of discount to be paid, the bid price to be used in the computation must be the GNMA 90-day forward bid closing quote for any day 1 to 4 business days prior to loan closing. "Loan closing" is defined for this purpose as the date on which the borrower's 3-day right of rescission commences pursuant to the Truth in Lending Act. If the lender and borrower choose to negotiate a firm discount commitment for a maximum amount of discount to be paid, the bid price to be used in establishing the maximum discount must be the closing quote for the business day prior to the date of the commitment. Lenders negotiating firm commitments must close that loan at a discount no higher than the firm commitment regardless of changes in the maximum allowable Department of Veterans Affairs interest rate. If a lender's commitment expires prior to loan closing, the lender and borrower may negotiate a new firm commitment based on the procedure outlined in this paragraph (d)(7)(i) or may use the procedure for determining the discount based on the GNMA 90-day forward bid closing quote for any day 1 to 4 business days prior to loan closing.

(ii) Computation of discount -- unsecured loans or loans secured by less than a first lien. The borrower, subject to the limitations set forth in paragraphs (d)(6) and (7) of this section, may pay a discount required by the lender when the proceeds of the loan will be used to repair, alter, or improve a dwelling owned by the veteran pursuant to 38 U.S.C.
3710(a)(4) or (7) if such loan is unsecured or secured by less than a first lien. No such discount may be charged unless:
(A) The loan is submitted to the Secretary for prior approval;
(B) The dollar amount of the discount is disclosed to the Secretary and the veteran prior to the issuance by the Secretary of the certificate of commitment. Said certificate of commitment shall specify the discount to be paid by the veteran, and this discount may not be increased once the commitment is issued without the approval of the Secretary;
(C) The discount has been determined by the Secretary to be reasonable in amount.
(iii) A veteran may pay the discount on an acquisition and improvement loan (as defined in § 36.4301 provided:
(A) The veteran pays no discount on the acquisition portion of the loan except in accordance with paragraph (d)(6)(iv) of this section; and
(B) The discount paid on the improvements portion of the loan does not exceed the percentage of discount paid on the acquisition portion of the loan.
Acquisition and improvement loans may be closed either on the automatic or prior approval basis.
(iv) Unless the Under Secretary for Benefits otherwise directs, all powers of the Secretary under paragraphs (d) (6) and (7) of this section are hereby delegated to the officials designated by § 36.4342(b).

(8) On any loan to which section 3714 of 38 U.S.C. chapter 37 applies, the holder may charge a reasonable fee, not to exceed the lesser of (i) $ 300 and the actual cost of any credit report required, or (ii) any maximum prescribed by applicable State law, for processing an application for assumption and changing its records.

(9) On any loan to which section 3714 of 38 U.S.C. chapter 37 applies, the holder may charge a reasonable fee, not to exceed the lesser of (i) $ 300 and the actual cost of any credit report required, or (ii) any maximum prescribed by applicable State law, for processing an application for assumption and changing its records.

(10) On any loan to which section 3714 of 38 U.S.C. chapter 37 applies, the holder may charge a reasonable fee, not to exceed the lesser of (i) $ 300 and the actual cost of any credit report required, or (ii) any maximum prescribed by applicable State law, for processing an application for assumption and changing its records.

(11) On any loan to which section 3714 of 38 U.S.C. chapter 37 applies, the holder may charge a reasonable fee, not to exceed the lesser of (i) $ 300 and the actual cost of any credit report required, or (ii) any maximum prescribed by applicable State law, for processing an application for assumption and changing its records.

(iv) On loans to veterans whose entitlement is based on service in the Selected Reserve under the provisions of 38 U.S.C. 3701(b)(5), the funding fee shall be 2.75 percent of the total loan amount on loans for the purchase or construction of a home on which the veteran does not make a down payment, unless the veteran is using entitlement for a second or subsequent time, in which case the fee shall be 3 percent. On purchase or construction loans on which veterans whose entitlement is based on service in the Selected Reserve make a down payment of 5 percent or more, but less than 10 percent, the amount of the funding fee shall be 2.25 percent of the total loan amount. On purchase or construction loans on which such veterans make a down payment of 10 percent or more, the amount of the funding fee shall be 2 percent of the total loan amount.

(v) All or part of the fee may be paid in cash at loan closing or all or part of the fee may be included in the loan without regard to the reasonable value of the property or the computed maximum loan amount, as appropriate. In computing the fee, the lender will disregard any amount included in the loan to enable the borrower to pay such fee.

(Authority: 38 U.S.C. 3729)

(2) Subject to the limitations set out in this section, a fee of one-half of one percent of the loan balance must be paid to the Secretary in a manner prescribed by the Secretary by a person assuming a loan to which section 3714 of title 38 U.S. Code applies. The instrument securing such a loan shall contain a provision describing the right of the holder to collect this fee as trustee for the Department of Veterans Affairs. The loan holder shall list the amount of this fee in every assumption statement provided and include a notice that the fee must be paid to the holder immediately following loan settlement. The fee must be transmitted to the Secretary within 15 days of the receipt by the holder of the notice of transfer.

(Authority: 38 U.S.C. 3714, 3729(d))

(3) The lender is required to pay to the Secretary the fee described in paragraph (e)(1) of this section within 15 days after loan closing. Any lender closing a loan, subject to the limitations set out in paragraph (e)(4) of this section who fails to submit timely payment of this fee will be subject to a late charge equal to 4 percent of the total fee due. If payment of the fee described in paragraph (e)(1) of this section is made more than 30 days after loan closing, interest will be assessed at a rate set in conformity with the Department of Treasury's Fiscal Requirements Manual. This interest charge is in addition to the 4 percent late charge, but the late charge is not included in the amount on which interest is computed. This interest charge is to be calculated on a daily basis beginning on the date of closing, although the interest will be assessed only on funding fee payments received more than 30 days after closing.

(4) The lender is required to pay to the Secretary electronically through the Automated Clearing House (ACH) system the fees described in paragraphs (e)(1) and (e)(2) of this section and any late fees and interest due on them. This shall be paid to a collection agent by operator-assisted telephone, terminal entry, or CPU-to-CPU transmission. The collection agent will be identified by the Secretary. The lender shall provide the collection agent with the following: authorization for payment of the funding fee (including late fees and interest) along with the following information: VA lender ID number; four-digit personal identification number; dollar amount of debit; VA loan number; OJ (office of jurisdiction) code; closing date; loan amount; information about whether the payment includes a shortage, late charge, or interest; veteran name; loan type;
sale amount; downpayment; whether the veteran is a reservist; and whether this is a subsequent use of entitlement. For all transactions received prior to 8:15 p.m. on a workday, VA will be credited with the amount paid to the collection agent at the opening of business the next banking day.

(Authority: 38 U.S.C. 3729(a))

(5) The fees described in paragraph (e)(1) and (e)(2) of this section shall not be collected from a veteran who is receiving compensation (or who but for the receipt of retirement pay would be entitled to receive compensation) or from a surviving spouse described in section 3701(b) of title 38, United States Code.

§ 36.4313 Advances and other charges.
(a) A holder may advance any amount reasonably necessary and proper for the maintenance or repair of the security, or for the payment of accrued taxes, special assessments, ground or water rents, or premiums on fire or other casualty insurance against loss of or damage to such property and any such advance so made may be added to the guaranteed or insured indebtedness. A holder may also advance the one-half of one percent funding fee due on a transfer under 38 U.S.C. 3714 when this is not paid at the time of transfer. All security instruments for loans to which 38 U.S.C. 3714 applies must include a clause authorizing the collection of an assumption funding fee and an advance for this fee if it is not paid at the time of transfer.

(Authority: 38 U.S.C. 3714)

(b) In addition to advances allowable under paragraph (a) of this section, the holder may charge against the proceeds of the sale of the security; against gross amounts collected; in any accounting to the Secretary after payment of a claim under the guaranty, in the computation of a claim under the guaranty, if lawfully authorized by the loan agreement and subject to § 36.4321(a), or, in the computation of an insurance loss, any of the following items actually paid:

(1) Any expense which is reasonably necessary for preservation of the security,

(2) Court costs in a foreclosure or other proper judicial proceeding involving the security,

(3) Other expenses reasonably necessary for collecting the debt, or repossession or liquidation of the security,

(4) Reasonable trustee's fees or commissions not in excess of those allowed by statute and in no event in excess of 5 percent of the unpaid indebtedness,

(5) Reasonable amount for legal services actually performed not to exceed 10 percent of the unpaid indebtedness as of the date of the first uncured default, or $ 850 whichever is
less. In no event may the combined total of the amounts claimed for trustee's fees and legal services (paragraphs (b)(4) and (5) of this section) exceed $ 850.

(6) The cost of a credit report(s) on the debtor(s), which is (are) to be forwarded to the Secretary in connection with the claim,

(7) Reasonable and customary costs of property inspections,

(8) Any other expense or fee that is approved in advance by the Secretary.

(Authority: 38 U.S.C. 3720(a)(3))

(c) Any advances or charges enumerated in paragraph (a) or (b) of this section may be included as specified in the holder's accounting to the Secretary, but they are not chargeable to the debtor unless he or she otherwise be liable therefor.

(d) Advances of the type enumerated in paragraph (a) of this section and any other advances determined to be necessary and proper in order to preserve or protect the security may be authorized by employees designated in § 36.4342(b) in the case of any property constituting the security for a loan acquired by the Secretary or constituting the security for the unpaid balance of the purchase price owing to the Secretary on account of the sale of such property. Such advances shall be secured to the extent legal and practicable by a lien on the property.

(e) Notwithstanding the provisions of paragraph (a) or (b) of this section, holders of condominium loans guaranteed or insured under 38 U.S.C. 3710(a)(6) shall not pay those assessments or charges allocable to the condominium unit which are provided for in the instruments establishing the condominium form of ownership in the absence of the prior approval of the Secretary.

§ 36.4314 Extensions and reamortizations.

(a) Provided the debtor(s) is (are) a reasonable credit risk(s), as determined by the holder based upon review of the debtor's (s') creditworthiness, including a review of a current credit report(s) on the debtor(s), the terms of repayment of any loan may by written agreement between the holder and the debtor(s), be extended in the event of default, to avoid imminent default, or in any other case where the prior approval of the Secretary is obtained. Except with the prior approval of the Secretary, no such extension shall set a rate of amortization less than that sufficient to fully amortize at least 80 percent of the loan balance so extended within the maximum maturity prescribed for loans of its class.

(b) In the event of a partial prepayment pursuant to § 36.4310, the balance of the indebtedness may, by written agreement between the holder and the debtor(s), be reamortized, provided the reamortization schedule will result in full repayment of the loan within the original maturity, and provided the debtor(s) is (are) reasonable credit risk(s), as determined by the holder based upon review of the debtor's (s') creditworthiness, including a review of a current credit report(s) on the debtor(s).

(c) In the event an additional loan is proposed to be made pursuant to § 36.4351 for the repair, alteration, or improvement of real property on which there is an existing loan guaranteed or insured under 38 U.S.C. chapter 37, the terms of repayment of the prior loan may, by written agreement between the holder and the debtor, be recast to combine
the schedule of repayments on the two loans, provided the entire indebtedness is repayable within the permissible maximum maturity of the original loan.

(d) Unless the prior approval of the Secretary has been obtained, any extension or reamortization agreed to by a holder which relieves any obligor from liability will release the liability of the Secretary under the guaranty or insurance on the entire loan. However, if such release of liability of an obligor results through operation of law by reason of an extension or other act of forbearance, the liability of the Secretary as guarantor or insurer will not be affected thereby, provided the required lien is maintained and the title holder is and will remain liable for the payment of the indebtedness: And further provided, That if such extension or act of forbearance will result in the release of the veteran, all delinquent installments, plus any foreclosure expenses which may have been incurred, shall have been fully paid.

(e) The holder shall promptly forward to the Secretary an advice of the terms of any agreement effecting a reamortization or extension of a guaranteed or insured loan, together with a copy(ies) of the credit report(s) obtained on the debtor(s).

(Authority: 38 U.S.C. 3703(c)(1))

§ 36.4315 Notice of default and acceptability of partial payments.

(a) Reporting of defaults. The holder of any guaranteed or insured loan shall give notice to the Secretary within 45 days after any debtor:
(1) Is in default by reason of nonpayment of any installment for a period of 60 days from the date of first uncured default (see § 36.4301(f)); or
(2) Is in default by failing to comply with any other covenant or obligation of such guaranteed or insured loan which failure persists for a continuing period of 90 days after demand for compliance therewith has been made, except that if the default is due to nonpayment of real estate taxes, the notice shall not be required until the failure to pay when due has persisted for a continuing period of 180 days.

(b) Partial payments. A partial payment is a remittance on a loan in default (as defined in § 36.4301(g)) of any amount less than the full amount due under the terms of the loan and security instruments at the time the remittance is tendered.

(1) Except as provided in paragraph (b)(2) of this section, or upon the express waiver of the Secretary, the mortgage holder shall accept any partial payment and either apply it to the mortgagor's account or identify it with the mortgagor's account and hold it in a special account pending disposition. When partial payments held for disposition aggregate a full monthly installment, including escrow, they shall be applied to the mortgagor's account.

(2) A partial payment may be returned to the mortgagor, within 10 calendar days from date of receipt of such payment, with a letter of explanation only if one or more of the following conditions exist:
(i) The property is wholly or partially tenant-occupied and rental payments are not being remitted to the holder for application to the loan account;
(ii) The payment is less than one full monthly installment, including escrows and late charge, if applicable, unless the lesser payment amount has been agreed to under a written repayment plan;
(iii) The payment is less than 50 percent of the total amount then due, unless the lesser payment amount has been agreed to under a written repayment plan;
(iv) The payment is less than the amount agreed to in a written repayment plan;
(v) The amount tendered is in the form of a personal check and the holder has previously notified the mortgagor in writing that only cash or certified remittances are acceptable;
(vi) A delinquency of any amount has continued for at least 6 months since the account first became delinquent and no written repayment plan has been arranged;
(vii) Foreclosure has been commenced by the taking of the first action required for foreclosure under local law;
(viii) The holder's lien position would be jeopardized by acceptance of the partial payment.
(3) A failure by the holder to comply with the provisions of this paragraph may result in a partial or total loss of guaranty or insurance pursuant to § 36.4325(b), but such failure shall not constitute a defense to any legal action to terminate the loan.

§ 36.4316 Continued default.
(a) In the event any failure of the debtor to discharge the debtor's obligations under the loan continues for a period of 3 months, or for more than 1 month on an extended loan or on a term loan, the holder may at the holder's option then or thereafter give the notice prescribed in § 36.4317.
(b) The notice prescribed in § 36.4317 may be submitted prior to the time prescribed in paragraph (a) of this section in any case where any material prejudice to the rights of the holder or to the Secretary or hazard to the security warrants more prompt action.

§ 36.4317 Notice of intention to foreclose.
(See also § 36.4319.) Except upon the express waiver of the Secretary, a holder shall not begin proceedings in court or give notice of sale under power of sale, or otherwise take steps to terminate the debtor's rights in the security until the expiration of 30 days after delivery by registered mail to the Secretary of a notice of intention to take such action:
Provided, That
(a) Immediate action as required under 38 CFR 36.4346 (i), may be taken if the property to be affected thereby has been abandoned by the debtor or has been or may be otherwise subjected to extraordinary waste or hazard, or if there exist conditions justifying the appointment of a receiver for the property (without reference to any contractual provisions for such appointment);
(b) Any right of a holder to repossess personal property may be exercised without prior notice to the Secretary; but notice of any such action taken shall be given by certified mail to the Secretary within ten days thereafter; and
(c) The notice required under this paragraph shall also be provided to the original veteran-borrower and any other liable obligors by certified mail within 30 days after such notice is provided to the Secretary in all cases in which the current owner of the property is not the original veteran-borrower. A failure by the holder to make a good faith effort to comply with the provisions of this subparagraph may result in a partial or total loss of guaranty or insurance pursuant to VA Regulation 36.4325(b), but such failure shall not constitute a defense to any legal action to terminate the loan. A good faith effort will include, but is not limited to:
(1) A search of the holder's automated and physical loan record systems to identify the name and current or last known address of the original veteran and any other liable obligors;
(2) A search of the holder's automated and physical loan record systems to identify sufficient information (e.g., Social Security Number) to perform a routine trace inquiry through a major consumer credit bureau;
(3) Conducting the trace inquiry using an in-house credit reporting terminal;
(4) Obtaining the results of the inquiry;
(5) Mailing the required notices and concurrently providing the Secretary with the names and addresses of all obligors identified and sent notice; and,
(6) Documentation of the holder's records.

§ 36.4318 Refunding of loans in default.
(a) Upon receiving a notice of default or a notice under § 36.4317, the Secretary may within 30 days thereafter require the holder upon penalty of otherwise losing the guaranty or insurance to transfer and assign the loan and the security therefore to the Secretary or to another designated by the Secretary upon receipt of payment in full of the balance of the indebtedness remaining unpaid to the date of such assignment. Such assignment may be made without recourse but the transferor shall not thereby be relieved from the provisions of § 36.4325.
(b) If the obligation is assigned or transferred to a third party pursuant to paragraph (a) of this section the Secretary may continue in effect the guaranty or insurance issued with respect to the previous loan in such manner as to cover the assignee or transferee.

[EFFECTIVE DATE NOTE: 61 FR 28057, 28058, June 4, 1996, which revised paragraph (a), became effective June 4, 1996.]

§ 36.4319 Legal proceedings.
(a) When the holder institutes suit or otherwise becomes a party in any legal or equitable proceeding brought on or in connection with the guaranteed or insured indebtedness, or involving title to, or other lien on, the security, such holder, within the time that would be
required if the Secretary were a party to the proceeding, shall deliver to the Secretary, by
mail or otherwise, by making such delivery to the loan guaranty officer at the office
which granted the guaranty or the insurance, or other office to which the holder has been
notified the file is transferred, a copy of every procedural paper filed on behalf of holder,
and shall also so deliver, as promptly as possible, a copy of each similar pleading served
on holder or filed in the cause by any other party thereto. Notice of, or motion for,
continuance and orders thereon are excepted from the foregoing.
(b) A copy of a notice of sale shall be similarly delivered by the holder, or the holder's
agent or trustee, to the Secretary at the VA Regional Office of jurisdiction at least 30
days prior to the scheduled liquidation sale, or within 5 days after the date of first
publication of the notice, whichever is later. A copy of any other notice of sale or
acquisition of the property served on the holder or advice of any sale of which the holder
has knowledge shall be similarly delivered to the Secretary, including any such notice of
a tax sale or other superior lien or judicial sale. Such notice shall be accompanied by a
statement of the account indebtedness and a copy of the liquidation appraisal request, if
not previously delivered.
(Authority: 38 U.S.C. 3732)
(c) The procedure prescribed in paragraphs (a) and (b) of this section shall not be
applicable in any proceeding to which the Secretary is a party, after the Secretary's
appearance shall have been entered therein by a duly authorized attorney.
(d) In any legal or equitable proceeding (including probate and bankruptcy proceedings)
to which the Secretary is a party, original process and any other process prior to
appearance, proper to be served on the Secretary, shall be delivered to the loan guaranty
officer of the regional office of the VA having jurisdiction of the area in which the court
is situated. Within the time required by applicable law, or rule of court, the Secretary will
cause appropriate special or general appearance to be entered in the case by an authorized
attorney.
(Authority: 38 U.S.C. 3732)
(e) After appearance of the Secretary by attorney all process and notice otherwise proper
to serve on the Secretary before or after judgment, if served on the attorney of record,
shall have the same effect as if the Secretary were personally served within the
jurisdiction of the court.
(Authority: 38 U.S.C. 3732)
(f) If following a default, the holder does not bring appropriate action within 30 days after
requested in writing by the Secretary to do so, or does not prosecute such action with
reasonable diligence, the Secretary may at the Secretary's option fix a date beyond which
no further charges may be included in the computation of the indebtedness for the
purposes of accounting between the holder and the Secretary. The Secretary may also
intervene in, or begin and prosecute to completion any action or proceeding, in the
Secretary's name or in the name of the holder, which the Secretary deems necessary or
appropriate. The Secretary shall pay, in advance if necessary, any court costs or other
expenses incurred by the Secretary or properly taxed against the Secretary in any such
action to which the Secretary is a party, but may charge the same, and also a reasonable
amount for legal services, against the guaranteed or insured indebtedness, or the proceeds
of the sale of the security to the same extent as the holder (see § 36.4313 of this part), or
otherwise collect from the holder any such expenses incurred by the Secretary because of
§ 36.4320 Sale of security.

(a) Upon receipt by the Secretary of notice of a liquidation sale of any security for a guaranteed or insured loan, the Secretary shall determine the net value of the security and shall notify the holder of the net value and of the regulatory provision which will govern the disposition of the security.

(1) If the net value of the real property securing a guaranteed or insured loan exceeds the unguaranteed portion of the indebtedness, the Secretary shall specify in advance of the liquidation sale the minimum amount which shall be credited to the indebtedness of the borrower on account of the value of the security to be sold, subject to the following:

(i) The specified amount in such cases shall be the lesser of the net value of the property or the total indebtedness.

(ii) If a minimum amount for credit to the indebtedness has been specified in relation to a liquidation sale of real property, and:

(A) The holder acquires the property, or the rights to the property, at the sale for an amount not in excess of such specified amount, the holder shall credit to the indebtedness the amount specified. The holder then may retain the property or, not later than 15 days after the date of sale, advise the Secretary of the holder's election to convey or transfer the property, or the rights to the property, to the Secretary;

(B) The holder acquires the property, or the rights to the property, at the liquidation sale for an amount in excess of the specified amount, the indebtedness shall be credited with the proceeds of the sale. The holder may elect to convey the property to the Secretary under the terms of paragraph (a)(1)(ii)(A) of this section, unless a bid in excess of the specified amount was made pursuant to paragraph (a)(3) of this section.

(C) A third party acquires the property, or the rights to the property, at the liquidation sale for an amount equal to or in excess of that specified, the holder shall credit to the indebtedness the net proceeds of the sale;

(D) A third party acquires the property, or the rights to the property, at the liquidation sale for an amount less than that specified, the holder shall credit to the indebtedness the amount specified.

(iii) If a minimum amount has been specified by the Secretary, the Secretary's liability under loan guaranty shall be the total indebtedness less the amount credited to the indebtedness under paragraph (a)(1)(ii) of this section, not to exceed the Secretary's maximum liability as computed under § 35.4321 of this part.

(2) If the net value of the real property securing a guaranteed or insured loan does not exceed the unguaranteed portion of the indebtedness:

(i) The Secretary shall notify the holder that no minimum amount will be specified for credit to the indebtedness on account of the value of the security to be sold;
(ii) The Secretary may not accept conveyance or transfer of the property;
(iii) The holder shall credit against the indebtedness the net proceeds of the sale, and the Secretary's liability under loan guaranty shall be limited to the total indebtedness less the amount credited to the indebtedness not to exceed the Secretary's maximum liability as computed under § 36.4321 of this part; and
(iv) The liability of the Secretary shall not be subject to adjustment by reason of any subsequent disposition of the property by the holder.

(3) If a minimum bid is required under applicable State law, or decree of foreclosure or order of sale, or other lawful order or decree, and:
(i) Such minimum bid exceeds an amount which has been specified by the Secretary under paragraph (a)(1) of this section; and
(ii) The holder acquires the property at the liquidation sale for an amount not exceeding the amount legally required; the holder may elect to convey the property to the Secretary pursuant to paragraph (a)(1)(ii)(A) of this section. The amount bid at the sale or the total indebtedness, whichever is less, shall govern instead of the specified amount and for the purpose of determining the Secretary's liability under loan guaranty.

(Authority: 38 U.S.C. 3732)

(b) The holder should not carry out a liquidation sale until the Secretary has furnished the notice required under paragraph (a) of this section. In the event the holder carries out a liquidation sale prior to receiving such notice, the holder shall credit against the indebtedness the greater of:
(1) The net proceeds of the sale; or
(2) The amount of the indebtedness or the net value of the property, whichever is less.

The provisions of paragraph (a)(1)(ii)(A) of this section, which extends to the holder the option of conveying or transferring the property to the Secretary, shall not be applicable, and the Secretary's liability under the loan guaranty shall be the total indebtedness less the amount credited to the indebtedness under paragraph (b) (1) or (2) of this section, not to exceed the Secretary's maximum liability as computed under § 36.4321 of this part.

(Authority: 38 U.S.C. 3732)

(c) When a debtor proposes to convey or transfer any real property to a holder to avoid foreclosure or other judicial, contractual, or statutory disposition of the obligation or of the security, the consent of the Secretary to the terms of such proposal shall be obtained in advance of such conveyance or transfer. In consenting to the terms of the debtor’s proposal the Secretary shall furnish the notice required under paragraph (a) of this section.

(Authority: 38 U.S.C. 3732)

(d) Upon receipt by the Secretary of notice of a judicial or statutory sale, or other public sale under power of sale contained in the loan instruments, to liquidate any personal property which is security for a guaranteed or insured loan, the Secretary may specify in advance of such sale the minimum amount which shall be credited to the indebtedness of the borrower on account of the value of the security to be sold.

(1) If a minimum amount has been specified by the Secretary, and

(i) The holder is the successful bidder at the sale for an amount not in excess of such minimum amount, the holder shall sell the property pursuant to paragraph (d)(3) of this section and the amount realized from the resale of the property shall govern, instead of
the specified minimum amount, in the final accounting for determining the rights and liabilities of the holder and the Secretary,
(ii) A third party is the successful bidder at the sale for an amount equal to or in excess of that specified, the holder shall credit to the indebtedness the net proceeds of the sale,
(iii) A third party is the successful bidder at the sale for an amount less than that specified, the holder shall credit to the indebtedness the amount specified,
(iv) The holder is the successful bidder at the sale for an amount in excess of the specified amount, the indebtedness shall be credited with the proceeds of the sale or the amount realized from the resale of the property pursuant to paragraph (d)(3) of this section, whichever is the greater, unless the bid in excess of the specified amount was made pursuant to paragraph (d)(4) of this section.
(2) If a minimum amount has not been specified by the Secretary under paragraph (d)(1) of this section, the holder shall credit against the indebtedness the net proceeds of the sale except as provided in paragraph (d)(4) of this section.
(3) If personal property has been repossessed or otherwise acquired by a holder and no public sale is proposed or required to be held to entitle the holder to effect a further disposition of such property, or if the holder is the successful bidder at the sale of personal property as provided in paragraph (d)(1) of this section, the holder shall sell the property within a reasonable time. The holder shall submit to the Secretary a written advice setting forth the price, terms, conditions and the expenses of the proposed sale at least 10 days in advance, and the Secretary shall either assent to such sale in which event the holder shall credit against the indebtedness the net proceeds of the sale or, upon agreement to indemnify the holder to the extent of any increased or resultant loss, the Secretary may specify the minimum net price for which the security may be sold. If such amount has been specified, the holder shall sell the personal property within a reasonable time in the open market for the best price obtainable: Provided, that the prior approval of the Secretary shall be obtained if the property is to be sold for a net amount less than the specified amount, or if the property is to be sold on terms other than all cash. The ultimate net amount realized by the holder from such sale shall be reported by the holder to the Secretary in an accounting which will determine their respective rights and liabilities.
(4) If a minimum bid is required under applicable State law, or decree of foreclosure or order of sale, or other lawful order or decree, the holder may bid an amount not exceeding such amount legally required. If an amount has been specified by the Secretary and the holder is the successful bidder for an amount not exceeding the amount legally required, such specified amount shall govern for the purposes of this paragraph and for the purpose of computing the ultimate loss under the guaranty or insurance. In the event no amount is specified and the holder is the successful bidder for an amount not exceeding the amount legally required, the amount paid or payable by the Secretary under the guaranty shall not be subject to any adjustment by reason of such bid.
(Authority: 38 U.S.C. 3732)
(e) If the Secretary has specified an amount as provided in this section, and the holder learns of any material damage to the property occurring prior to the foreclosure sale or to the acceptance of a deed in lieu of foreclosure or prior to any other event to which such specified amount is applicable, the holder shall promptly advise the Secretary of such damage.
(f) The holder in accounting to the Secretary in connection with the disposition of any property in accordance with paragraph (a), (b), or (d) of this section, may include as a part of the indebtedness all actual expenses or costs of the proceedings, paid by the holder, within the limits defined in § 36.4313 of this part. In connection with the conveyance or transfer of property to the Secretary the holder may include in accounting to the Secretary the following expense items if actually paid by the holder, in addition to the consideration payable for the property under paragraph (g) of this section:
(Authority: 38 U.S.C. 3732)
(1) State and documentary stamp taxes as may be required.
(2) The customary cost of obtaining evidence of title in favor of the Secretary as specified in paragraph (h)(5) of this section but not including title evidence obtained incident to the making of the loan or any expenses incurred to clear title defects.
(3) Amount expended for taxes, special assessments, including such payments which are specified in paragraph (h)(4) of this section.
(4) Recording fees.
(5) Any other expenditures in connection with the property which are approved by the Secretary.

(g) In the event a holder elects to convey or transfer the property to the Secretary pursuant to paragraph (a), (b), or (c) of this section, the consideration to be paid by the Secretary in return for the property shall be the specified amount: Provided, That if a claim under the guaranty was previously paid, the consideration payable for the property shall be an amount equal to the indebtedness (less the amount previously paid on the guaranty) or the specified amount, whichever is less. If no claim under the guaranty was previously paid, the holder may, pursuant to § 36.4321(b) submit a claim within the maximum guaranty liability for the difference between the specified amount and an amount equal to the indebtedness. In the case of an insured loan, the holder may submit a claim for the difference between an amount equal to the indebtedness and the specified amount pursuant to § 36.4374.

(h) The conveyance or transfer of any property to the Secretary pursuant to paragraphs (a), (b), or (c) of this section shall be subject to the following provisions:
(1) If the holder's notice to the Secretary electing to convey or transfer the property precedes the acquisition of the property by the holder and the holder then acquires the property, the holder shall promptly after such acquisition advise the Secretary of the acquisition. Such advice, or the notice of election if given subsequent to acquisition, shall state the amount of the successful bid (if the property was acquired by the holder at public sale) and shall state the insurance coverage then in force, specifying for each policy, the name of the insurance company, the hazard covered, the amount, and the expiration date.
(2) The holder may cancel any insurance in force when the holder acquires the property, provided the holder has obtained the prior approval of the Secretary. Coincident with the notice of election to convey or transfer the property to the Secretary or with the acquisition of the property by the holder, following such notice, whichever is later, the holder shall obtain endorsements on all such insurance policies naming the Secretary as an assured, as his/her interest may appear. Such insurance policies shall be forwarded to the Secretary at the time of the conveyance or transfer of the property to the Secretary or as soon after that time as feasible.
(3) Occupancy of the property by anyone properly in possession by virtue of and during a period of redemption, or by anyone else unless under a claim of title which makes the title sought to be conveyed by the holder of less dignity or quality than that required by this section, shall not preclude the holder from conveying or transferring the property to the Secretary. Except with the prior approval of the Secretary, the holder shall not rent the property to a new tenant, nor extend the term of an existing tenancy on other than a month-to-month basis.

(4) Any taxes, special assessments or ground rents due and payable within 30 days after date of conveyance or transfer to the Secretary shall be paid by the holder if bills therefor are obtainable before such conveyance or transfer.

(5) Each conveyance or transfer of real property to the Secretary pursuant to this section shall be acceptable if the holder thereby conveys or warrants against the acts of the holder and those claiming under the holder (e.g., by special warranty deed) and if it vests in the Secretary or will entitle the Secretary to such title as is or would be acceptable to prudent lending institutions, informed buyers, title companies, and attorneys, generally, in the community in which the property is situated. Any title so acceptable will not be unacceptable to the Secretary by reason of any of the limitations on the quantum or quality of the property or title stated in § 36.4350(b) of this part:
Provided, That (i) at the time of conveyance or transfer to the Secretary there has been no breach of any conditions affording a right to the exercise of any reverter, except that title will not be unacceptable to the Secretary by reason of a violation of a restriction based on race, color, creed, or national origin, whether or not such restriction provides for reversion or forfeiture of title or a lien for liquidated damages in the event of a breach. (ii) With respect to any such limitations which came into existence subsequent to the making of the loan, full compliance was had with the requirements of § 36.4324 of this part. The acceptability of a conveyance or transfer pursuant to the requirements of this paragraph will be established by delivery to the Secretary of any of the following evidence of title issued by an institution or person satisfactory to the Secretary, in form satisfactory to him/her showing that title to the property of the quality specified in this paragraph is or will be vested in the Secretary:
(A) A title policy insuring the Secretary in an amount approximately equal to the consideration for the property, or a commitment for such title policy; or
(B) A certificate of record title; or
(C) An abstract of title accompanied by a legal opinion as to the quality of such title of record; or
(D) A Torrens or similar title certificate; or
(E) Such other evidence of title as the Secretary may approve.
In lieu of such title evidence, the Secretary will accept a conveyance or transfer with general warranty with respect to the title from a holder described in 38 U.S.C. 3702(d) or from a holder of financial responsibility satisfactory to the Secretary. In any case where the holder does not deliver evidence of title of the character specified in this paragraph, the holder to aid the Secretary in determination of acceptability of title shall without expense to the Secretary furnish such evidence of title, including survey, if any, as may have been obtained by the holder incident to the making of the loan or attendant to the foreclosure.
(6) Except with respect to matters covered by any covenants or warranties of the holder, the acceptance by the Secretary of a conveyance or transfer by the holder shall conclude the responsibility of the holder to the Secretary under the regulations of this subpart with respect to the title and in the event of the subsequent discovery of title defects, the Secretary shall have no recourse against the holder with respect to such title other than by reason of such covenants and warranties.

(7) As between the holder and the Secretary, the responsibility for any loss due to damage to or destruction of the property or due to personal injury sustained in respect to such property shall be governed by the provisions of this paragraph and paragraph (h)(10) of this section. Ordinary wear and tear excepted, the holder shall bear such risk of loss from the date of acquisition by the holder to the date such risk of loss is assumed by the Secretary. Such risk of loss is assumed by the Secretary from the date of receipt of the holder's election to convey or transfer the property to the Secretary or, in the event of receipt of notice of such election prior to acquisition, from the date of the Secretary's receipt of notice of acquisition by the holder:

Provided, That if custody over the property has not been delivered by the holder to the Secretary on the date when the Secretary otherwise would have assumed the risk of loss, the Secretary's assumption of the risk of loss will be deferred until such custody over the property is delivered, or until the property has been conveyed or transferred to the Secretary. The amount of any loss chargeable to the holder may be deducted from the amount payable by the Secretary at the time the property is transferred. In any case where pursuant to the VA regulations rejection of the title is legally proper, the Secretary may surrender custody of the property as of the date specified in the Secretary's notice to the holder. The Secretary's assumption of such risk shall terminate upon such surrender.

(8) The holder shall not be liable to the Secretary for any portion of the paid or unpaid taxes, special assessments, ground rents, insurance premiums, or other similar items.

(9) The Secretary shall be entitled to all rentals and other income collected from the property and to any insurance proceeds or refunds subsequent to the date of acquisition by the holder.

(10) In respect to a property which was the security for a condominium loan guaranteed or insured 38 U.S.C. 3710(a)(6) the responsibility for any loss due to damage to or destruction of the property or due to personal injury sustained in respect to such property shall in no event pass to the Secretary until the Secretary expressly assumes such responsibility or until conveyance of the property to the Secretary, whichever first occurs. The holder shall have the right to convey such property to the Secretary only if the property (including elements of the development or project owned in common with other unit owners) is undamaged by fire, earthquake, windstorm, flooding or boiler explosion. The absence of a right in the holder to convey such property which is so damaged shall not preclude a conveyance, if the Secretary agrees in a given case to such a conveyance upon completion of repairs within a specified period of time and such repairs are so completed and the conveyance is otherwise in order.

(i)(1) The terms "date of sale" or "date of acquisition" as used in this section are defined as the date of the event (e.g., sale, confirmation of sale when required under local practice, delivery of deed in case of voluntary conveyance, etc.) which fixes the rights of the parties in the property.

(2) The term "property" or "real property" as used in this section shall include
(i) A leasehold estate which at the time of closing the loan was not less duration than prescribed by § 36.4350(a)(2) of this part, and
(ii) The rights derived by the holder through a foreclosure sale of real estate whether or not such rights constitute an estate in real property under local law.
(j) Except as provided in paragraph (h)(6) of this section, the provisions of this section shall not be in derogation of any rights which the Secretary may have under § 36.4325 of this part. The Under Secretary for Benefits, or the Director, Loan Guaranty Service, may authorize any deviation from the provisions of this section, within the limitations prescribed in 38 U.S.C. Chapter 37, which may be necessary or desirable to accomplish the objectives of this section if such deviation is made necessary by reason of any laws or practice in any State or Territory or the District of Columbia: Provided, that no such deviation shall impair the rights of any holder not consenting to the deviation with respect to loans made or approved prior to the date the holder is notified of such action.

§ 36.4321 Computation of guaranty claims; Subsequent accounting.
(a) Subject to the limitation that the total amounts payable shall in no event exceed the amount originally guaranteed, the amount payable on a claim for the guaranty shall be the percentage of the loan originally guaranteed applied to the indebtedness computed as of the earliest of the following dates:
(1) The date of the liquidation sale; or,
(2) The cutoff date established under paragraph (f) of § 36.4319 of this part; or,
(3) The cutoff date established under paragraph (b) of this section.
Deposits or other credits or setoffs legally applicable to the indebtedness on the date of computation shall be applied in reduction of the indebtedness on which the claim is based. Any escrowed or earmarked funds not subject to superior claims of third persons must likewise be so applied.
(b) In any case in which there is a delay in the liquidation sale caused by:
(1) The holder of the loan extending forbearance in excess of 30 days at the request of the Secretary, the cutoff date for computation of the indebtedness shall be 30 days after the date the Secretary determines the liquidation sale would have taken place if there had been no such delay, provided: the net value of the real property securing the loan does not exceed the unguaranteed portion of the indebtedness as of the actual liquidation sale date and such net value will exceed the unguaranteed portion of the indebtedness as of the cutoff date;
(2) The Secretary, including the Secretary's failure to provide the holder with advice as to the net value of the security within two working days prior to a scheduled liquidation sale but excluding forbearance exercised at the request of the Secretary, with respect to a holder which has complied with the provisions of § 36.4319(b) of this part, the cutoff
date for computation of the indebtedness shall be the date the liquidation sale would have taken place if there had been no such delay;
(3) A voluntary case commenced under Title 11, United States Code (relating to bankruptcy), the cutoff date for computation of the indebtedness shall be 30 days after the date the Secretary determines the liquidation sale would have taken place if there had been no such delay, provided: the net value of the real property securing the loan does not exceed the unguaranteed portion of the indebtedness as of the actual liquidation sale date and such net value will exceed the unguaranteed portion of the indebtedness as of the cutoff date.
(c) Adjustment of cutoff dates:
(1) Any cutoff date established under § 36.4319(f) of this part or paragraph (b) of this section will be adjusted by a period of months corresponding to the number of installment payments, if any, received by the holder and credited to the indebtedness after the cutoff date is established.
(2) When a cutoff date is established under paragraph (b)(2) of this section, the actual liquidation sale date will be used for purposes of computing the indebtedness in any subsequent accounting between the holder and the Secretary; if an earlier cutoff date is in effect at the time delay in a liquidation sale is caused by the Secretary, such date will not be modified by application of the provisions of paragraph (b)(2) of this section, but will be extended by an interval corresponding to the delay in the liquidation sale caused by the Secretary for purposes of computing the indebtedness in any subsequent accounting between the holder and the Secretary.
(3) Any cutoff date established under § 36.4319 of this part or paragraph (b) of this section will be considered to be the liquidation sale date. Such date will be modified in accordance with paragraph (b) of this section if the provisions of that paragraph are applicable after such date has been established.
(Authority: 38 U.S.C. 501)
(d) Credits accruing from the proceeds of a sale or other disposition of the security subsequent to the date of computation, and prior to the submission of this claim, shall be reported to the Secretary incident to such submission, and the amount payable on the claim shall in no event exceed the remaining balance of the indebtedness.
(Authority: 38 U.S.C. 501)
(e) The claimant shall be deemed to have received as trustee for the benefit of the United States any amounts received on account of the indebtedness after the date of the claim, from the proceeds of a sale of the security or otherwise, to the extent such credits exceed the balance of the indebtedness unsatisfied by the payment of the guaranty. The claimant shall immediately pay such amounts to the Secretary to the extent of the debtor's liability to the Secretary as guarantor.

[PUBLISHER'S NOTE: UNITED STATES SUPREME COURT CASES SIGNIFICANTLY DISCUSSING SECTION -- United States v Shimer (1961) 367 US 374, 6 L Ed 2d 908, 81 S Ct 1554]

§ 36.4322 Computation of indebtedness.
In computing the indebtedness for the purpose of filing a claim for payment of a guaranty or for payment of an insured loss, or in the event of a transfer of the loan under § 36.4318 (a), or other accounting to the Secretary, the holder shall not be entitled to treat repayments theretofore made as liquidated damages, or rentals, or otherwise than as payments on the indebtedness, notwithstanding any provision in the note, or mortgage, or otherwise, to the contrary.

[13 FR 7278, Nov. 27, 1948]

§ 36.4323 Subrogation and indemnity.

(a) The Secretary shall be subrogated to the contract and the lien or other rights of the holder to the extent of any sum paid on a guaranty or on account of an insured loss, which right shall be junior to the holder's rights as against the debtor or the encumbered property until the holder shall have received the full amount payable under the contract with the debtor. No partial or complete release by a creditor shall impair the rights of the Secretary with respect to the debtor's obligation.

(b) The holder, upon request, shall execute, acknowledge and deliver an appropriate instrument tendered for that purpose, evidencing any payment received from the Secretary and the Secretary's resulting right of subrogation.

(c) The Secretary shall cause the instrument required by paragraph (b) of this section to be filed for record in the office of the recorder of deeds, or other appropriate office of the proper county, town or State, in accordance with the applicable State law. The filing or failure to file such instrument for record shall have the legal results prescribed by the applicable law of the State where the real or personal property is situated, with respect to filing or failure to so file mortgages and other lien instruments and assignments thereof. The references herein to "filing for record" include "registration" or any similar transaction, by whatever name designated when title to the encumbered property has been "registered" pursuant to a Torrens or other similar title registration system provided by law.

(d) As a condition to paying a claim for an insured loss the Secretary may require that the loan, including any security or judgment held therefor, be assigned to the extent of such payment, and if any claim has been filed in bankruptcy, insolvency, probate, or similar proceedings such claim may likewise be required to be so assigned.

(e) Any amounts paid by the Secretary on account of the liabilities of any veteran guaranteed or insured under the provisions of 38 U.S.C. chapter 37 shall constitute a debt owing to the United States by such veteran.

(Authority: 38 U.S.C. 3732)

(1) Prior to a liquidation sale, an official authorized to act for the Secretary under provisions of § 36.4342 of this part may approve a complete release of the Secretary's right to collect a debt owing to the United States under this paragraph and/or under paragraph (a) of this section provided such official determines:

(i) The loan default was caused by circumstances beyond the control of the obligor;

(ii) There are no indications of fraud, misrepresentation or bad faith on the part of the obligor in obtaining the loan or in connection with the loan default;

(iii) The obligor cooperated with VA in exploring all realistic alternatives to termination of the loan through foreclosure; and, either
(iv) Review of the obligor's current financial situation and prospective earning potential and obligations indicates there are no realistic prospects that the obligor could repay all or part of the anticipated debt within six years of the liquidation sale while providing the necessities of life for himself or herself and his or her family; or,

(v) In consideration for a release of the Secretary's collection rights the obligor completes, or VA is enabled to authorize, an action which reduces the Government's claim liability sufficiently to offset the amount of the anticipated indebtedness which would otherwise be established pursuant to this paragraph and likely be collectable by VA after foreclosure in view of the obligor's financial situation; such actions would include termination of the loan by means of a deed in lieu of foreclosure, private sale of the property for less than the indebtedness with a reduced claim paid by VA for the balance due the loan holder or enabling VA to authorize the holder to elect a more expeditious foreclosure procedure when such an election would result in the legal release of the obligor's liability; or

(vi) The obligor being released is not the current titleholder to the property and there are no indications of fraud, misrepresentation, or bad faith on the obligor's part in obtaining the loan or disposing of the property or in connection with the loan default.

(2) Prior to a liquidation sale, an official authorized to act for the Secretary under provisions of section 4342 of this part may approve a partial release of the Secretary's right to collect a debt owing to the United States under this paragraph and/or under paragraph (a) of this section provided such official determines:

(i) The loan default was caused by circumstances beyond the control of the obligor;

(ii) There are no indications of fraud, misrepresentation or bad faith on the part of the obligor in obtaining the loan or in connection with the loan default;

(iii) The obligor cooperated with VA in exploring all realistic alternatives to termination of the loan through foreclosure;

(iv) Review of the obligor's current financial situation and prospective earning potential and obligations indicates there are no realistic prospects that the obligor could repay all of the anticipated debt within six years of the liquidation sale while providing the necessities of life for himself or herself and his or her family; and,

(v) The obligor executes a written agreement acknowledging his or her liability to VA under this paragraph and executes a promissory note which provides for regular amortized monthly payments of an amount determined by VA in accordance with paragraph (e)(3) of this section including interest on the total amount payable at the rate in effect for Loan Guaranty liability accounts at the time of execution, or, the obligor agrees to other terms of repayment acceptable to VA including payment of a lump sum in settlement of his or her obligation under this paragraph;

(3) For purposes of this paragraph a review of an obligor's financial situation will take into consideration:

(i) The obligor's current and anticipated family income based on employment skills and experience;

(ii) The obligor's current short-term and long-term financial obligations, including the obligation to repay the Government which must be afforded consideration at least equal to his or her consumer debt obligations;

(iii) A current credit report on the obligor;

(iv) The obligor's assets and net worth; and,
(v) The required balance available for family support used in underwriting VA guaranteed loans in the area.

The amount of indebtedness established will be such that the obligor's financial situation permits repayment of the debt to the Government in regular monthly installments of principal plus interest over a five year period commencing within one year after the date the promissory note is executed, except in those cases in which a lump sum settlement appears to be in the best interest of the Government or in which it appears the obligor may reasonably expect significant changes in his or her financial situation which would permit higher payments to be made during later periods of the life of the note.

(4) Determinations made under paragraphs (e)(1) and (e)(2) of this section are intended for the benefit of the Government in reducing the amount of claim payable by VA and/or avoiding the establishment of uncollectible debts owing to the United States. Such determinations are discretionary on the part of VA and shall not constitute a defense to any legal action to terminate the loan nor vest any appellate right in an obligor which would require further review of the case.

(Authority: 38 U.S.C. 501, 3703(c)(1), 5302)

(f) Whenever any veteran disposes of residential property securing a guaranteed or insured loan obtained by him or her under 38 U.S.C. chapter 37, and for which the commitment to make the loan was made prior to March 1, 1988, the Secretary, upon application made by such veteran, shall issue to the veteran a release relieving him or her of all further liability to the Secretary on account of such loan (including liability for any loss resulting from any default of the transferee or any subsequent purchaser of such property) if the Secretary has determined, after such investigation as may be deemed appropriate, that there has been compliance with the conditions prescribed in 38 U.S.C. 3713. The assumption of full liability for repayment of the loan by the transferee of the property must be evidenced by an agreement in writing in such form as the Secretary may require. Release of the veteran from liability to the Secretary will not impair or otherwise affect the Secretary's guaranty or insurance liability on the loan, or the liability of the veteran to the holder. Any release of liability granted to a veteran by the Secretary shall inure to the spouse of such veteran. The release of the veteran from liability to the Secretary will constitute the Secretary's prior approval to a release of the veteran from liability on the loan by the holder thereof.

(Authority: 38 U.S.C. 3713)

(g) If, on or after July 1, 1972, any veteran disposes of residential property securing a guaranteed or insured loan obtained under 38 U.S.C. Chapter 37, without receiving a release from liability with respect to such loan under 38 U.S.C. 3713 and a default subsequently occurs which results in liability of the veteran to the Secretary on account of the loan, the Secretary may relieve the veteran of such liability if he determines that:

(1) A transferee either immediate or remote is legally liable to the Secretary for the debt of the original veteran-borrower established after the termination of the loan, and

(2) The original loan was current at the time such transferee acquired the property, and

(3) The transferee who is liable to the Secretary is found to have been a satisfactory credit risk at the time he or she acquired the property.

(h) If a veteran or any other person disposes of residential property securing a guaranteed or insured loan for which a commitment was made on or after March 1, 1988, and the veteran or other person notifies the loan holder in writing before disposing of the property,
§ 36.4324 Release of security.
(a) Except upon full payment of the indebtedness the holder shall not release a lien or other right in or to real property held as security for a guaranteed or insured loan, or grant a fee or other interest in such property, without the prior approval of the Secretary, unless in the opinion of the holder such release does not involve a decrease in the value of the security in excess of $2,500: Provided, That the aggregate of the reduction in the original value of the security resultant from such releases without the Secretary's prior approval does not exceed $2,500.
(b) Holder may release from the lien personal property including crops without the prior approval of the Secretary.
(c) Except upon full payment of the indebtedness or upon the prior approval of the Secretary, the holder shall not release a lien under paragraph (a) or (b) of this section unless the consideration received for the release is commensurate with the fair market value of the property released and the entire consideration is applied to the indebtedness, or if encumbrance on other property is accepted in lieu of that released it shall be the holder's duty to acquire such lien on property of substantially equal value which is reasonably capable of serving the purpose for which the property released was utilized.
(d) Failure of the holder to comply with the provisions of this section shall not in itself affect the validity of the title of a purchaser to the property released.
(e) The holder shall notify the Secretary of any such release or substitution of security within 30 days after completion of such transaction.
(f) The release of the personal liability of any obligor on a guaranteed or insured obligation resultant from the act or omission of any holder without the prior approval of

the veteran or other person shall be relieved of all further liability to the Secretary with respect to the loan (including liability for any loss resulting from any default of the purchaser or any subsequent owner of the property) and the application for assumption shall be approved if the holder determines that:
(1) The proposed purchaser is creditworthy;
(2) The proposed purchaser is contractually obligated to assume the loan and the liability to indemnify the Department of Veterans Affairs for the amount of any claim paid under the guaranty as a result of a default on the loan, or has already done so; and,
(3) The payments on the loan are current.
Should these requirements be satisfied, the holder may also release the veteran or other person from liability on the loan. This does not apply if the approval for the assumption is granted upon special appeal to avoid immediate foreclosure.

the Secretary shall release the obligation of the Secretary as guarantor or insurer, except when such act or omission consists of (1) failure to establish the debt as a valid claim against the assets of the estate of any deceased obligor, provided no lien for the guaranteed or insured debt is thereby impaired or destroyed; or (2) an election and appropriate prosecution of legally available effective remedies with respect to the repossesion or the liquidation of the security in any case, irrespective of the identity or the survival of the original or of any subsequent debtor, if holder shall have given such notice as required by § 36.4317 of this part and if, after receiving such notice, the Secretary shall have failed to notify the holder within 15 days to proceed in such manner as to effectively preserve the personal liability of the parties liable, or such of them as the Secretary indicates in such notice to the holder; or (3) the release of an obligor, or obligors, from liability on an obligation secured by a lien on property, which release is an incident of and contemporaneous with the sale of such property to an eligible veteran who assumed such obligation, which assumed obligation is guaranteed on the assuming veteran's account pursuant to 38 U.S.C. chapter 37; or (4) the release of an obligor or obligors as provided in § 36.4314(d) of this part; or, the release of an obligor, or obligors, incident to the sale of property securing the loan which the holder is authorized to approve under the provisions of 38 U.S.C. 3714.

(Authority: 38 U.S.C. 3714)

§ 36.4325 Partial or total loss of guaranty or insurance.

(a) Subject to the incontestable provisions of 38 U.S.C. 3721 as to loans guaranteed or insured on or subsequent to July 1, 1948, there shall be no liability on account of a guaranty or insurance, or any certificate or other evidence thereof, with respect to a transaction in which a signature to the note, the mortgage, or any other loan papers, or the application for guaranty or insurance is a forgery; or in which the certificate of discharge or the certificate of eligibility is counterfeited, or falsified, or is not issued by the Government.

(1) Except as to a holder who acquired the loan instrument before maturity, for value, and without notice, and who has not directly or by agent participated in the fraud, or in the misrepresentation hereinafter specified, any wilful and material misrepresentation or fraud by the lender, or by a holder, or the agent of either, in procuring the guaranty or the insurance credit, shall relieve the Secretary of liability, or, as to loans guaranteed or insured on, or subsequent to July 1, 1948, shall constitute a defense against liability on account of the guaranty or insurance of the loan in respect to which the wilful misrepresentation, or the fraud, is practiced: Provided, That if a misrepresentation, although material, is not made wilfully, or with fraudulent intent, it shall have only the consequences prescribed in paragraphs (b) and (c) of this section.

(b) In taking security required by 38 U.S.C. chapter 37 and the regulations concerning guaranty or insurance of loans to veterans, a holder shall obtain the required lien on property the title to which is such as to be acceptable to prudent lending institutions, informed buyers, title companies, and attorneys, generally, in the community in which the property is situated: Provided, That a title will not be unacceptable by reason of any of
the limitations on the quantum or quality of the property or title stated in § 36.4350(b) and if such holder fails in this respect or fails to comply with 38 U.S.C. chapter 37 and the regulations concerning guaranty or insurance of loans to veterans with respect to:
(1) Obtaining and retaining a lien of the dignity prescribed on all property upon which a lien is required by 38 U.S.C. chapter 37 or the regulations concerning guaranty or insurance of loans to veterans,
(2) Inclusion of power to substitute trustees (§ 36.4327),
(3) The procurement and maintenance of insurance coverage (§ 36.4326),
(4) Advice to Secretary as to default (§ 36.4315),
(5) Notice of intention to begin action (§ 36.4317),
(6) Notice to the Secretary in any suit or action, or notice of sale (§ 36.4319),
(7) The release, conveyance, substitution, or exchange of security (§ 36.4324),
(8) Lack of legal capacity of a party to the transaction incident to which the guaranty or the insurance is granted (§ 36.4328),
(9) Failure of the lender to see that any escrowed or earmarked account is expended in accordance with the agreement,
(10) The taking into consideration of limitations upon the quantum or quality of the estate or property (§ 36.4350(b)),
(11) Any other requirement of 38 U.S.C. chapter 37 or the regulations concerning guaranty or insurance of loans to veterans which does not by the terms of said chapter or the regulations concerning guaranty or insurance of loans to veterans result in relieving the Secretary of all liability with respect to the loan,
no claim on the guaranty or insurance shall be paid on account of the loan with respect to which such failure occurred, or in respect to which an unwillful misrepresentation occurred, until the amount by which the ultimate liability of the Secretary would thereby be increased has been ascertained. The burden of proof shall be upon the holder to establish that no increase of ultimate liability is attributable to such failure or misrepresentation. The amount of increased liability of the Secretary shall be offset by deduction from the amount of the guaranty or insurance otherwise payable, or if consequent upon loss of security shall be offset by crediting to the indebtedness the amount of the impairment as proceeds of the sale of security in the final accounting to the Secretary. To the extent the loss resultant from the failure or misrepresentation prejudices the Secretary's right of subrogation acceptance by the holder of the guaranty or insurance payment shall subordinate the holder's right to those of the Secretary.
(c) If after the payment of a guaranty or an insurance loss, or after a loan is transferred pursuant to § 36.4318 (a), the fraud, misrepresentation or failure to comply with the regulations in this subpart as provided in this section is discovered and the Secretary determines that an increased loss to the government resulted therefrom the transferor or person to whom such payment was made shall be liable to the Secretary for the amount of the loss caused by such misrepresentation or failure.

§ 36.4326 Hazard insurance.
The holder shall require insurance policies to be procured and maintained in an amount sufficient to protect the security against the risks or hazards to which it may be subjected to the extent customary in the locality. All moneys received under such policies covering
payment of insured losses shall be applied to restoration of the security or to the loan balance. Flood insurance will be required on any building or personal property securing a loan at any time during the term of the loan that such security is located in an area identified by the Federal Emergency Management Agency as having special flood hazards and in which flood insurance has been made available under the National Flood Insurance Act, as amended. The amount of flood insurance must be at least equal to the lesser of the outstanding principal balance of the loan or the maximum limit of coverage available for the particular type of property under the National Flood Insurance Act, as amended. The Secretary cannot guarantee a loan for the acquisition or construction of property located in an area identified by the Federal Emergency Management Agency as having special flood hazards unless the community in which such area is situated is then participating in the National Flood Insurance Program. § 36.4327 Substitution of trustees.
In jurisdictions in which valid, any deed of trust or mortgage securing a guaranteed or insured loan, if it names trustees, or confers a power of sale otherwise, shall contain a provision empowering any holder of the indebtedness to appoint substitute trustees, or other person with such power to sell, who shall succeed to all the rights, powers and duties of the trustees, or other person, originally designated. [13 FR 7279, Nov. 27, 1948]

§ 36.4328 Capacity of parties to contract.
Nothing in §§ 36.4300 to 36.4375, inclusive, shall be construed to relieve any lender of responsibility otherwise existing, for any loss caused by the lack of legal capacity of any person to contract, convey, or encumber, or caused by the existence of other legal disability or defects invalidating, or rendering unenforceable in whole or in part, either the loan obligation or the security therefor. [13 FR 7279, Nov. 27, 1948]

§ 36.4329 Geographical limits.
Any real property purchased, constructed, altered, improved, or repaired with the proceeds of a guaranteed or insured loan shall be situated within the United States which for purposes of 38 U.S.C. Chapter 37 is here defined as the several States, Territories and possessions, and the District of Columbia, the Commonwealth of Puerto Rico, and the Commonwealth of the Northern Mariana Islands. [46 FR 43673, Aug. 31, 1981]

§ 36.4330 Maintenance of records.
(a) The holder shall maintain a record of the amounts of payments received on the obligation and disbursements chargeable thereto and the dates thereof. This record shall
be maintained until the Secretary ceases to be liable as guarantor or insurer of the loan. For the purpose of any accounting with the Secretary or computation of a claim, any holder who fails to maintain such record shall be presumed to have received on the dates due all sums which by the terms of the contract are payable prior to date of claim for default, and the burden of going forward with evidence and of ultimate proof of the contrary shall be on such holder.

(b) The lender shall retain copies of all loan origination records on a VA-guaranteed loan for at least two years from the date of loan closing. Loan origination records include the loan application, including any preliminary application, verifications of employment and deposit, all credit reports, including preliminary credit reports, copies of each sales contract and addendums, letters of explanation for adverse credit items, discrepancies and the like, direct references from creditors, correspondence with employers, appraisal and compliance inspection reports, reports on termite and other inspections of the property, builder change orders, and all closing papers and documents.

§ 36.4332 Delivery of notice.
Any notice required by §§ 36.4300 to 36.4375 to be given the Secretary must be in writing or such other communications medium as may be approved by an official designated in § 36.4342 and delivered, by mail or otherwise, to the VA office at which the guaranty or insurance was issued, or to any changed address of which the holder has been given notice. Such notice must plainly identify the case by setting forth the name of the original veteran-obligor and the file number assigned to the case by the Secretary, if available, or otherwise the name and serial number of the veteran. If mailed, the notice shall be by certified mail when so provided by §§ 36.4300 to 36.4375. This paragraph does not apply to legal process.

[58 FR 29117, May 19, 1993]

§ 36.4333 Satisfaction of indebtedness.
Upon full satisfaction of a guaranteed loan by payment or otherwise it shall be the duty of the holder to cancel the endorsement, if any, of the Secretary; and forthwith inform the Secretary of such cancellation. In the event the Secretary's liability thereon is evidenced by an instrument separate from the instrument evidencing the debtor's obligation, the instrument evidencing the obligation of the Secretary shall be returned to the Department of Veterans Affairs office issuing same, or to the central office, with the holder's cancellation or endorsement of release thereon.
§ 36.4334 Incorporation by reference.
Regulations issued under 38 U.S.C. Chapter 37 and in effect on the date of any loan which is submitted and accepted or approved for a guaranty or for insurance thereunder, shall govern the rights, duties, and liabilities of the parties to such loan and any provisions of the loan instruments inconsistent with such regulations are hereby amended and supplemented to conform thereto.

§ 36.4335 Supplementary administrative action.
Notwithstanding any requirement, condition, or limitation stated in or imposed by the regulations concerning the guaranty or insurance of loans to veterans, the Under Secretary for Benefits, or the Director, Loan Guaranty Service, within the limitations and conditions prescribed by the Secretary, is hereby authorized, if he or she finds the interests of the Government are not adversely affected, to relieve undue prejudice to a debtor, holder, or other person, which might otherwise result, provided no such action may be taken which would impair the vested rights of any person affected thereby. If such requirement, condition, or limitation is of an administrative or procedural (not substantive) nature, any employee designated in § 36.4342 is hereby authorized to grant similar relief if he or she finds the failure or error of the lender was due to misunderstanding or mistake and that the interests of the Government are not adversely affected. Provisions of the regulations considered to be of an administrative or procedural (nonsubstantive) nature are limited to the following:
(a) The requirement in § 36.4314(e) that a holder promptly forward an advice of the terms of any agreement effecting a reamortization or extension of a loan.
(b) The 45-day requirement in § 36.4315(a) concerning the giving of notice of default.
(c) The requirement in § 36.4317 that a holder give 30 days advance notice of its intention to foreclose.
(d) The requirement in § 36.4317(b) that a holder give notice of repossession of personal property within 10 days after such repossession has occurred.
(e) The requirement in § 36.4307(a) that a lender obtain in prior approval of the Secretary before closing a joint loan if the lender or class of lenders is eligible or has been approved by the Secretary to close loans on the automatic basis pursuant to 38 U.S.C. 3702(d).
(f) The requirements in § 36.4303(k) of this part concerning the giving of notice in assumption cases under 38 U.S.C. 3714.

§ 36.4336 Eligibility of loans; reasonable value requirements.
(a) Evidence of guaranty or insurance shall be issued in respect to a loan for any of the purposes specified in 38 U.S.C. 3710(a) only if:
(1) The proceeds of such loan have been used to pay for the property purchased, constructed, repaired, altered, or improved and;
(2)(i) Except as to refinancing loans pursuant to 38 U.S.C. 3710(a)(8), (a)(9)(B)(i), (a)(11), or (b)(7) and energy efficient mortgages pursuant to 38 U.S.C. 3710(d), the loan (including any scheduled deferred interest added to principal) does not exceed the reasonable value of the property or projected reasonable value of a new home which is security for a graduated payment mortgage loan, as appropriate, as determined by the Secretary, and
(ii) For the purpose of determining the reasonable value of a graduated payment mortgage loan to purchase a new home, the reasonable value of the property as of the time the loan is made shall be calculated to increase at a rate not in excess of 2.5 percent per year, but in no event may the projected value of the property exceed 115 percent of the initially established reasonable value, and
(Authority: 38 U.S.C. 3703(d)(2))
(3) The veteran has certified, in such form as the Secretary may prescribe, that the veteran has paid in cash from his or her own resources on account of such purchase, construction, alteration, repair, or improvement a sum equal to the difference, if any, between the purchase price or cost of the property and its reasonable value.
(4) A loan guaranteed under 38 U.S.C. 3710(d) which includes the cost of energy efficient improvements may exceed the reasonable value of the property. The cost of the energy efficient improvements that may be financed may not exceed $3,000; provided, however, that up to $6,000 in energy efficient improvements may be financed if the increase in the monthly payment for principal and interest does not exceed the likely reduction in monthly utility costs resulting from the energy efficient improvements.
(Authority: 38 U.S.C. 3710)
(b) Notwithstanding that the aggregate of the loan amount in the case of loans for the purposes specified in paragraph (a) of this section, and the amount remaining unpaid on taxes, special assessments, prior mortgage indebtedness, or other obligations of any character secured by enforceable superior liens or a right to such lien existing as of the date the loan is closed exceeds the reasonable value of such property as of said date and that evidence of guaranty or insurance credit is issued in respect thereof, as between the holder and Secretary (for the purpose of computing the claim on the guaranty or insurance and for the purposes of §36.4320, and all accounting), the indebtedness which is the subject of the guaranty or insurance shall be deemed to have been reduced as of the date of the loan by a sum equal to such excess, less any amounts secured by liens released or paid on the obligations secured by such superior liens or rights by a holder or others without expense to or obligation on the debtor resulting from such payment, or release of lien or right; and all payments made on the loan shall be applied to the indebtedness as so reduced. Nothing in this paragraph affects any right or liability resulting from fraud or willful misrepresentation.

1985; 60 FR 38262, July 26, 1995]
§ 36.4337 Underwriting standards, processing procedures, lender responsibility, and lender certification.

(a) Use of standards. The standards contained in paragraphs (c) through (j) of this section will be used to determine whether the veteran's present and anticipated income and expenses, and credit history are satisfactory. These standards do not apply to loans guaranteed pursuant to 38 U.S.C. 3710(a)(8) except for cases where the Secretary is required to approve the loan in advance under § 36.4306a.

(Authority: 38 U.S.C. 3703, 3710)

(b) Waiver of standards. Use of the standards in paragraphs (c) through (j) of this section for underwriting home loans will be waived only in extraordinary circumstances when
the Secretary determines, considering the totality of circumstances, that the veteran is a satisfactory credit risk.

(c) Methods. The two primary underwriting tools that will be used in determining the adequacy of the veteran's present and anticipated income are debt-to-income ratio and residual income analysis. They are described in paragraphs (d) through (f) of this section. Ordinarily, to qualify for a loan, the veteran must meet both standards. Failure to meet one standard, however, will not automatically disqualify a veteran. The following shall apply to cases where a veteran does not meet both standards:

(1) If the debt-to-income ratio is 41 percent or less, and the veteran does not meet the residual income standard, the loan may be approved with justification, by the underwriter's supervisor, as set out in paragraph (c)(4) of this section.

(2) If the debt-to-income ratio is greater than 41 percent (unless it is larger due solely to the existence of tax-free income which should be noted in the loan file), the loan may be approved with justification, by the underwriter's supervisor, as set out in paragraph (c)(4) of this section.

(3) If the ratio is greater than 41 percent and the residual income exceeds the guidelines by at least 20 percent, the second level review and statement of justification are not required.

(4) In any case described by paragraphs (c)(1) and (c)(2) of this section, the lender must fully justify the decision to approve the loan or submit the loan to the Secretary for prior approval in writing. The lender's statement must not be perfunctory, but should address the specific compensating factors, as set forth in paragraph (c)(5) of this section, justifying the approval of the loan. The statement must be signed by the underwriter's supervisor. It must be stressed that the statute requires not only consideration of a veteran's present and anticipated income and expenses, but also that the veteran be a satisfactory credit risk. Therefore, meeting both the debt-to-income ratio and residual income standards does not mean that the loan is automatically approved. It is the lender's responsibility to base the loan approval or disapproval on all the factors present for any individual veteran. The veteran's credit must be evaluated based on the criteria set forth in paragraph (g) of this section as well as a variety of compensating factors that should be evaluated.

(5) The following are examples of acceptable compensating factors to be considered in the course of underwriting a loan:

(i) Excellent long-term credit;
(ii) Conservative use of consumer credit;
(iii) Minimal consumer debt;
(iv) Long-term employment;
(v) Significant liquid assets;
(vi) Downpayment or the existence of equity in refinancing loans;
(vii) Little or no increase in shelter expense;
(viii) Military benefits;
(ix) Satisfactory homeownership experience;
(x) High residual income;
(xi) Low debt-to-income ratio;
(xii) Tax credits of a continuing nature, such as tax credits for child care; and
(xiii) Tax benefits of home ownership.
(6) The list in paragraph (c)(5) of this section is not exhaustive and the items are not in any priority order. Valid compensating factors should represent unusual strengths rather than mere satisfaction of basic program requirements. Compensating factors must be relevant to the marginality or weakness.

(d) Debt-to-income ratio. A debt-to-income ratio that compares the veteran's anticipated monthly housing expense and total monthly obligations to his or her stable monthly income will be computed to assist in the assessment of the potential risk of the loan. The ratio will be determined by taking the sum of the monthly Principal, Interest, Taxes and Insurance (PITI) of the loan being applied for, homeowners and other assessments such as special assessments, condominium fees, homeowners association fees, etc., and any long-term obligations divided by the total of gross salary or earnings and other compensation or income. The ratio should be rounded to the nearest two digits; e.g., 35.6 percent would be rounded to 36 percent. The standard is 41 percent or less. If the ratio is greater than 41 percent, the steps cited in paragraphs (c)(1) through (c)(6) of this section apply.

(e) Residual income guidelines. The guidelines provided in this paragraph for residual income will be used to determine whether the veteran's monthly residual income will be adequate to meet living expenses after estimated monthly shelter expenses have been paid and other monthly obligations have been met. All members of the household must be included in determining if the residual income is sufficient. They must be counted even if the veteran's spouse is not joining in title or on the note, or if there are any other individuals depending on the veteran for support, such as children from a spouse's prior marriage who are not the veteran's legal dependents. It is appropriate, however, to reduce the number of members of a household to be counted for residual income purposes if there is sufficient verified income not otherwise included in the loan analysis, such as child support being regularly received as discussed in paragraph (e)(4) of this section. In the case of a spouse not to be obligated on the note, verification that he/she has stable and reliable employment as discussed in paragraph (f)(3) of this section would allow not counting the spouse in determining the sufficiency of the residual income. The guidelines for residual income are based on data supplied in the Consumer Expenditure Survey (CES) published by the Department of Labor's Bureau of Labor Statistics. Regional minimum incomes have been developed for loan amounts up to $79,999 and for loan amounts of $80,000 and above. It is recognized that the purchase price of the property may affect family expenditure levels in individual cases. This factor may be given consideration in the final determination in individual loan analyses. For example, a family purchasing in a higher-priced neighborhood may feel a need to incur higher-than-average expenses to support a lifestyle comparable to that in their environment, whereas a substantially lower-priced home purchase may not compel such expenditures. It should also be clearly understood from this information that no single factor is a final determinant in any applicant's qualification for a VA-guaranteed loan. Once the residual income has been established, other important factors must be examined. One such consideration is the amount being paid currently for rental or housing expenses. If the proposed shelter expense is materially in excess of what is currently being paid, the case may require closer scrutiny. In such cases, consideration should be given to the ability of the borrower and spouse to accumulate liquid assets, such as cash and bonds, and to the amount of debts incurred while paying a lesser amount for shelter. For example,
if an application indicates little or no capital reserves and excessive obligations, it may not be reasonable to conclude that a substantial increase in shelter expenses can be absorbed. Another factor of prime importance is the applicant's manner of meeting obligations. A poor credit history alone is a basis for disapproving a loan, as is an obviously inadequate income. When one or the other is marginal, however, the remaining aspect must be closely examined to assure that the loan applied for will not exceed the applicant's ability or capacity to repay. Therefore, it is important to remember that the figures provided below for residual income are to be used as a guide and should be used in conjunction with the steps outlined in paragraphs (c) through (j) of this section. The residual income guidelines are as follows:

fn* For families with more than five members, add $ 80 for each additional member up to a family of seven. "Family" includes all members of the household.

(4) Military adjustments. For loan applications involving an active-duty servicemember or military retiree, the residual income figures will be reduced by a minimum of 5 percent if there is a clear indication that the borrower or spouse will continue to receive the benefits resulting from the use of facilities on a nearby military base. (This reduction applies to tables in paragraph (e) of this section.)

(f) Stability and reliability of income. Only stable and reliable income of the veteran and spouse can be considered in determining ability to meet mortgage payments. Income can be considered stable and reliable if it can be concluded that it will continue during the foreseeable future.

(1) Verification. Income of the borrower and spouse which is derived from employment and which is considered in determining the family's ability to meet the mortgage payments, payments on debts and other obligations, and other expenses must be verified. If the spouse is employed and will be contractually obligated on the loan, the combined income of both the veteran and spouse is considered when the income of the veteran alone is not sufficient to qualify for the amount of the loan sought. In other than community property states, if the spouse will not be contractually obligated on the loan, Regulation B (12 CFR part 202), promulgated by the Federal Reserve Board pursuant to the Equal Credit Opportunity Act, prohibits any request for, or consideration of, information concerning the spouse (including income, employment, assets, or liabilities), except that if the applicant is relying on alimony, child support, or maintenance payments from a spouse or former spouse as a basis for repayment of the loan, information concerning such spouse or former spouse may be requested and considered (see paragraph (f)(4) of this section). In community property states, information concerning a spouse may be requested and considered in the same manner as that for the applicant. The standards applied to income of the veteran are also applicable to that of the spouse. There can be no discounting of income on account of sex, marital status, or any other basis prohibited by the Equal Credit Opportunity Act. Income claimed by an applicant that is not or cannot be verified cannot be considered when analyzing the loan. If the veteran or spouse has been employed by a present employer for less than 2 years, a 2-year history covering prior employment, schooling, or other training must be secured. Any periods of unemployment must be explained. Employment verifications and pay stubs must be no more than 120 days (180 days for new construction) old to be considered valid. For loans closed automatically, this requirement will be considered satisfied if the date of the employment verification is within 120 days (180 days for new construction) of the date the note is signed. For prior approval loans, this requirement will be considered satisfied if the verification of employment is dated within 120 days of the date the application is received by VA.

(2) Active-duty, Reserve, or National Guard applicants. (i) In the case of an active-duty applicant, a military Leave & Earnings Statement is required and will be used instead of an employment verification. The statement must be no more than 120 days old (180 days for new construction) and must be the original or a lender-certified copy of the original. For loans closed automatically, this requirement is satisfied if the date of the Leave & Earnings Statement is within 120 days (180 days for new construction) of the date the note is signed. For prior approval loans, this requirement will be considered satisfied if the verification of employment is dated within 120 days of the date the application is received by VA.
(ii) For servicemembers within 12 months of release from active duty, or members of the Reserves or National Guard within 12 months of release, one of the following is also required:

(A) Documentation that the servicemember has in fact already reenlisted or extended his/her period of active duty or Reserve or National Guard service to a date beyond the 12-month period following the projected closing of the loan.

(B) Verification of a valid offer of local civilian employment following release from active duty. All data pertinent to sound underwriting procedures (date employment will begin, earnings, etc.) must be included.

(C) A statement from the servicemember that he/she intends to reenlist or extend his/her period of active duty or Reserve or National Guard service to a date beyond the 12 month period following the projected loan closing date, and a statement from the servicemember's commanding officer confirming that the servicemember is eligible to reenlist or extend his/her active duty or Reserve or National Guard service as indicated and that the commanding officer has no reason to believe that such reenlistment or extension will not be granted.

(D) Other unusually strong positive underwriting factors, such as a downpayment of at least 10 percent, significant cash reserves, or clear evidence of strong ties to the community coupled with a nonmilitary spouse's income so high that only minimal income from the active duty servicemember or member of the Reserves or National Guard is needed to qualify.

(iii) Each active-duty member who applies for a loan must be counseled through the use of VA Form 26-0592, Counseling Checklist for Military Homebuyers. Lenders must submit a signed and dated VA Form 26-0592 with each prior approval loan application or automatic loan report involving a borrower on active duty.

(3) Income reliability. Income received by the borrower and spouse is to be used only if it can be concluded that the income will continue during the foreseeable future and, thus, should be properly considered in determining ability to meet the mortgage payments. If an employer puts N/A or otherwise declines to complete a verification of employment statement regarding the probability of continued employment, no further action is required of the lender. Reliability will be determined based on the duration of the borrower's current employment together with his or her overall documented employment history. There can be no discounting of income solely because it is derived from an annuity, pension or other retirement benefit, or from part-time employment. However, unless income from overtime work and part-time or second jobs can be accorded a reasonable likelihood that it is continuous and will continue in the foreseeable future, such income should not be used. Generally, the reliability of such income cannot be demonstrated unless the income has continued for 2 years. The hours of duty and other work conditions of the applicant's primary job, and the period of time in which the applicant was employed under such arrangement, must be such as to permit a clear conclusion as to a good probability that overtime or part-time or secondary employment can and will continue. Income from overtime work and part-time jobs not eligible for inclusion as primary income may, if properly verified for at least 12 months, be used to offset the payments due on debts and obligations of an intermediate term, i.e., 6 to 24 months. Such income must be described in the loan file. The amount of any pension or compensation and other income, such as dividends from stocks, interest from bonds,
savings accounts, or other deposits, rents, royalties, etc., will be used as primary income if it is reasonable to conclude that such income will continue in the foreseeable future. Otherwise, it may be used only to offset intermediate-term debts, as described in this paragraph. Also, the likely duration of certain military allowances cannot be determined and, therefore, will be used only to offset intermediate-term debts, as described in this paragraph. Such allowances are: Pro-pay, flight or hazard pay, and overseas or combat pay, all of which are subject to periodic review and/or testing of the recipient to ascertain whether eligibility for such pay will continue. Only if it can be shown that such pay has continued for a prolonged period and can be expected to continue because of the nature of the recipient's assigned duties, will such income be considered as primary income. For instance, flight pay verified for a pilot can be regarded as probably continuous and, thus, should be added to the base pay. Income derived from service in the Reserves or National Guard may be used if the applicant has served in such capacity for a period of time sufficient to evidence good probability that such income will continue beyond 12 months. The total period of active and reserve service may be helpful in this regard. Otherwise, such income may be used to offset intermediate-term debts. There are a number of additional income sources whose contingent nature precludes their being considered as available for repayment of a long-term mortgage obligation. Temporary income items such as VA educational allowances and unemployment compensation do not represent stable and reliable income and will not be taken into consideration in determining the ability of the veteran to meet the income requirement of the governing law. As required by the Equal Opportunity Act Amendments of 1976, Public Law 94-239, income from public assistance programs is used to qualify for a loan if it can be determined that the income will probably continue for 3 years or more.

(4) Tax-exempt income. Special consideration can be given to verified nontaxable income once it has been established that such income is likely to continue (and remain untaxed) into the foreseeable future. Such income includes certain military allowances, child support payments, workers' compensation benefits, disability retirement payments and certain types of public assistance payments. In such cases, current income tax tables may be used to determine an amount which can be prudently employed to adjust the borrower's actual income. This adjusted or "grossed up" income may be used to calculate the monthly debt-to-income ratio, provided the analysis is documented. Only the borrower's actual income may be used to calculate the residual income. Care should be exercised to ensure that the income is in fact tax-exempt.

(5) Alimony, child support, maintenance, workers' compensation, foster care payments. (i) If an applicant chooses to reveal income from alimony, child support or maintenance payments (after first having been informed that any such disclosure is voluntary pursuant to the Federal Reserve Board's Regulation B), such payments are considered as income to the extent that the payments are likely to be consistently made. Factors to be considered in determining the likelihood of consistent payments include, but are not limited to: Whether the payments are received pursuant to a written agreement or court decree; the length of time the payments have been received; the regularity of receipt; the availability of procedures to compel payment; and the creditworthiness of the payor, including the credit history of the payor when available under the Fair Credit Reporting Act or other applicable laws. However, the Fair Credit Reporting Act (15 U.S.C. 1681(b)) limits the permissible purposes for which credit reports may be ordered, in the absence of written
instructions of the consumer to whom the report relates, to business transactions involving the subject of the credit report or extensions of credit to the subject of the credit report.

(ii) If the applicant chooses to reveal income related to workers' compensation, it will be considered as income to the extent it can be determined such income will continue.

(iii) Income received specifically for the care of any foster child(ren) may be counted as income if documented. Generally, however, such foster care income is to be used only to balance the expenses of caring for the foster child(ren) against any increased residual income requirements.

(6) Military quarters allowance. With respect to off-base housing (quarters) allowances for service personnel on active duty, it is the policy of the Department of Defense to utilize available on-base housing when possible. In order for a quarters allowance to be considered as continuing income, it is necessary that the applicant furnish written authorization from his or her commanding officer for off-base housing. This authorization should verify that quarters will not be made available and that the individual should make permanent arrangements for nonmilitary housing. A Department of Defense form, DD Form 1747, Status of Housing Availability, is used by the Family Housing Office to advise personnel regarding family housing. The applicant's quarters allowance cannot be considered unless item b (Permanent) or d is completed on DD Form 1747, dated October 1990. Of course, if the applicant's income less quarters allowance is sufficient, there is no need for assurance that the applicant has permission to occupy nonmilitary housing provided that a determination can be made that the occupancy requirements of the law will be met. Also, authorization to obtain off-base housing will not be required when certain duty assignments would clearly qualify service personnel with families for quarters allowance. For instance, off-base housing authorizations need not be obtained for service personnel stationed overseas who are not accompanied by their families, recruiters on detached duty, or military personnel stationed in areas where no on-base housing exists. In any case in which no off-base housing authorization is obtained, an explanation of the circumstances justifying its omission must be included with the loan application except when it has been established by the VA facility of jurisdiction that the waiting lists for on-base housing are so long that it is improbable that individuals desiring to purchase off-base housing would be precluded from doing so in the foreseeable future. If stations make such a determination, a release shall be issued to inform lenders.

(7) Automobile (or similar) allowance. Generally, automobile allowances are paid to cover specific expenses related to an applicant's employment, and it is appropriate to use such income to offset a corresponding car payment. However, in some instances, such an allowance may exceed the car payment. With proper documentation, income from a car allowance which exceeds the car payment can be counted as effective income. Likewise, any other similar type of allowance which exceeds the specific expense involved may be added to gross income to the extent it is documented to exceed the actual expense.

(8) Commissions. When all or a major portion of the veteran's income is derived from commissions, it will be necessary to establish the stability of such income if it is to be considered in the loan analysis for the repayment of the mortgage debt and/or short-term obligations. In order to assess the value of such income, lenders should obtain written verification of the actual amount of commissions paid to date, the basis for the payment
of such commissions and when commissions are paid; i.e., monthly, quarterly, semiannually, or annually. Lenders should also obtain signed and dated individual income tax returns, plus applicable schedules, for the previous 2 years, or for whatever additional period is deemed necessary to properly demonstrate a satisfactory earnings record. The length of the veteran's employment in the type of occupation for which commissions are paid is also an important factor in the assessment of the stability of the income. If the veteran has been employed for a relatively short time, the income should not normally be considered stable unless the product or service was the same or closely related to the product or service sold in an immediate prior position. Generally, income from commissions is considered stable when the applicant has been receiving such income for at least 2 years. Less than 2 years of income from commissions cannot usually be considered stable. When an applicant has received income from commissions for less than 1 year, it will rarely be possible to demonstrate that the income is stable for qualifying purposes; such cases would require in-depth development.

(9) Self-employment. Generally, income from self-employment is considered stable when the applicant has been in business for at least 2 years. Less than 2 years of income from self-employment cannot usually be considered stable unless the applicant has had previous related employment and/or extensive specialized training. When an applicant has been self-employed less than 1 year, it will rarely be possible to demonstrate that the income is stable for qualifying purposes; such cases would require in-depth development. The following documentation is required for all self-employed borrowers:

(i) A profit-and-loss statement for the prior fiscal year (12-month accounting cycle), plus the period year to date since the end of the last fiscal year (or for whatever shorter period records may be available), and balance sheet based on the financial records. The financial statement must be sufficient for a loan underwriter to determine the necessary information for loan approval and an independent audit (on the veteran and/or the business) by a Certified Public Accountant will be required if necessary for such determination; and

(ii) Copies of signed individual income tax returns, plus all applicable schedules for the previous 2 years, or for whatever additional period is deemed necessary to properly demonstrate a satisfactory earnings record, must be obtained. If the business is a corporation or partnership, copies of signed Federal business income tax returns for the previous two years plus all applicable schedules for the corporation or partnership must be obtained; and

(iii) If the business is a corporation or partnership, a list of all stockholders or partners showing the interest each holds in the business will be required. Some cases may justify a written credit report on the business as well as the applicant. When the business is of an unusual type and it is difficult to determine the probability of its continued operation, explanation as to the function and purpose of the business may be needed from the applicant and/or any other qualified party with the acknowledged expertise to express a valid opinion.

(10) Recently discharged veterans. Loan applications received from recently discharged veterans who have little or no employment experience other than their military occupation and from veterans seeking VA-guaranteed loans who have retired after 20 years of active military duty require special attention. The retirement income of the latter veterans in many cases may not be sufficient to meet the statutory income requirements.
for the loan amount sought. Many have obtained full-time employment and have been employed in their new jobs for a very short time.

(i) It is essential in determining whether veterans in these categories qualify from the income standpoint for the amount of the loan sought, that the facts in respect to their present employment and retirement income be fully developed, and that each case be considered on its individual merits.

(ii) In most cases the veteran's current income or current income plus his or her retirement income is sufficient. The problem lies in determining whether it can be properly concluded that such income level will continue for the foreseeable future. If the veteran's employment status is that of a trainee or an apprentice, this will, of course, be a factor. In cases of the self-employed, the question to be resolved is whether there are reasonable prospects that the business enterprise will be successful and produce the required income. Unless a favorable conclusion can be made, the income from such source should not be considered in the loan analysis.

(iii) If a recently discharged veteran has no prior employment history and the veteran's verification of employment shows he or she has not been on the job a sufficient time in which to become established, consideration should be given to the duties the veteran performed in the military service. When it can be determined that the duties a veteran performed in the service are similar or are in direct relation to the duties of the applicant's present position, such duties may be construed as adding weight to his or her present employment experience and the income from the veteran's present employment thus may be considered available for qualifying the loan, notwithstanding the fact that the applicant has been on the present job only a short time. This same principle may be applied to veterans recently retired from the service. In addition, when the veteran's income from retirement, in relation to the total of the estimated shelter expense, long-term debts and amount available for family support, is such that only minimal income from employment is necessary to qualify from the income standpoint, it would be proper to resolve the doubt in favor of the veteran. It would be erroneous, however, to give consideration to a veteran's income from employment for a short duration in a job requiring skills for which the applicant has had no training or experience.

(iv) To illustrate the provisions of paragraph (f)(10), it would be proper to use short-term employment income in qualifying a veteran who had experience as an airplane mechanic in the military service and the individual's employment after discharge or retirement from the service is in the same or allied fields; e.g., auto mechanic or machinist. This presumes, however, that the verification of employment included a statement that the veteran was performing the duties of the job satisfactorily, the possibility of continued employment was favorable and that the loan application is eligible in all other respects. An example of nonqualifying experience is that of a veteran who was an Air Force pilot and has been employed in insurance sales on commission for a short time. Most cases, of course, fall somewhere between these extremes. It is for this reason that the facts of each case must be fully developed prior to closing the loan automatically or submitting the case to VA for prior approval.

(11) Employment of short duration. The provisions of paragraph (f)(7) of this section are similarly applicable to applicants whose employment is of short duration. Such cases will entail careful consideration of the employer's confirmation of employment, probability of permanency, past employment record, the applicant's qualifications for the position, and
previous training, including that received in the military service. In the event that such considerations do not enable a determination that the income from the veteran's current position has a reasonable likelihood of continuance, such income should not be considered in the analysis. Applications received from persons employed in the building trades, or in other occupations affected by climatic conditions, should be supported by documentation evidencing the applicant's total earnings to date and covering a period of not less than 1 year as well as signed and dated copies of complete income tax returns, including all schedules for the past 2 years or for whatever additional period is deemed necessary to properly demonstrate a satisfactory earnings record. If the applicant works out of a union, evidence of the previous year's earnings should be obtained together with a verification of employment from the current employer.

(12) Rental income -- (i) Multi-unit subject property. When the loan pertains to a structure with more than a one-family dwelling unit, the prospective rental income will not be considered unless the veteran can demonstrate a reasonable likelihood of success as a landlord, and sufficient cash reserves are verified to enable the veteran to carry the mortgage loan payments (principal, interest, taxes, and insurance) without assistance from the rental income for a period of at least 6 months. The determination of the veteran's likelihood of success as a landlord will be based on documentation of any prior experience in managing rental units or other collection activities. The amount of rental income to be used in the loan analysis will be based on 75 percent of the amount indicated on the lease or rental agreement, unless a greater percentage can be documented.

(ii) Rental of existing home. Proposed rental of a veteran's existing property may be used to offset the mortgage payment on that property, provided there is no indication that the property will be difficult to rent. If available, a copy of the rental agreement should be obtained. It is the responsibility of the loan underwriter to be aware of the condition of the local rental market. For instance, in areas where the rental market is very strong the absence of a lease should not automatically prohibit the offset of the mortgage by the proposed rental income.

(iii) Other rental property. If income from rental property will be used to qualify for the new loan, the documentation required of a self-employed applicant should be obtained together with evidence of cash reserves equaling 3 months PITI on the rental property. As for any self-employed earnings (see paragraph (f)(7) of this section), depreciation claimed may be added back in as income. In the case of a veteran who has no experience as a landlord, it is unlikely that the income from a rental property may be used to qualify for the new loan.

(13) Taxes and other deductions. Deductions to be applied for Federal income taxes and Social Security may be obtained from the Employer's Tax Guide (Circular E) issued by the Internal Revenue Service (IRS). (For veterans receiving a mortgage credit certificate (MCC), see paragraph (f)(14) of this section.) Any State or local taxes should be estimated or obtained from charts similar to those provided by IRS which may be available in those states with withholding taxes. A determination of the amount paid or withheld for retirement purposes should be made and used when calculating deductions from gross income. In determining whether a veteran-applicant meets the income criteria for a loan, some consideration may be given to the potential tax benefits the veteran will realize if the loan is approved. This can be done by using the instructions and worksheet.
portion of IRS Form W-4, Employee’s Withholding Allowance Certificate, to compute the total number of permissible withholding allowances. That number can then be used when referring to IRS Circular E and any appropriate similar State withholding charts to arrive at the amount of Federal and State income tax to be deducted from gross income.

(14) Mortgage credit certificates. (i) The Internal Revenue Code (26 U.S.C.) as amended by the Tax Reform Act of 1984, allows states and other political subdivisions to trade in all or part of their authority to issue mortgage revenue bonds for authority to issue MCCs. Veterans who are recipients of MCCs may realize a significant reduction in their income tax liability by receiving a Federal tax credit for a percentage of their mortgage interest payment on debt incurred on or after January 1, 1985.

(ii) Lenders must provide a copy of the MCC to VA with the home loan application. The MCC will specify the rate of credit allowed and the amount of certified indebtedness; i.e., the indebtedness incurred by the veteran to acquire a principal residence or as a qualified home improvement or rehabilitation loan.

(iii) For credit underwriting purposes, the amount of tax credit allowed to a veteran under an MCC will be treated as a reduction in the monthly Federal income tax. For example, a veteran having a $600 monthly interest payment and an MCC providing a 30-percent tax credit would receive a $180 (30 percent x $600) tax credit each month. However, because the annual tax credit, which amounts to $2,160 (12 x $180), exceeds $2,000 and is based on a 30-percent credit rate, the maximum tax credit the veteran can receive is limited to $2,000 per year (Pub. L. 98-369) or $167 per month ($2,000/12). As a consequence of the tax credit, the interest on which a deduction can be taken will be reduced by the amount of the tax credit to $433 ($600-$167). This reduction should also be reflected when calculating Federal income tax.

(iv) For underwriting purposes, the amount of the tax credit is limited to the amount of the veteran's maximum tax liability. If, in the example in paragraph (f)(14)(iii) of this section, the veteran's tax liability for the year were only $1,500, the monthly tax credit would be limited to $125 ($1,500/12).

(g) Credit. The conclusion reached as to whether or not the veteran and spouse are satisfactory credit risks must also be based on a careful analysis of the available credit data. Regulation B (12 CFR part 202), promulgated by the Federal Reserve Board pursuant to the Equal Credit Opportunity Act, requires that lenders, in evaluating creditworthiness, shall consider, on the applicant's request, the credit history, when available, of any account reported in the name of the applicant's spouse or former spouse which the applicant can demonstrate accurately reflects the applicant's creditworthiness. In other than community property states, if the spouse will not be contractually obligated on the loan, Regulation B prohibits any request for or consideration of information about the spouse concerning income, employment, assets or liabilities. In community property states, information concerning a spouse may be requested and considered in the same manner as that for the applicant.

(1) Adverse data. If the analysis develops any derogatory credit information and, despite such facts, it is determined that the veteran and spouse are satisfactory credit risks, the basis for the decision must be explained. If a veteran and spouse have debts outstanding which have not been paid timely, or which they have refused to pay, the fact that the outstanding debts are paid after the acceptability of the credit is questioned or in anticipation of applying for new credit does not, of course, alter the fact that the record...
for paying debts has been unsatisfactory. With respect to unpaid debts, lenders may take into consideration a veteran's claim of bona fide or legal defenses. Such defenses are not applicable when the debt has been reduced to judgment. Where a collection account has been established, if it is determined that the borrower is a satisfactory credit risk, it is not mandatory that such an account be paid off in order for a loan to be approved. Court-ordered judgments, however, must be paid off before a new loan is approved.

(2) Bankruptcy. When the credit information shows that the borrower or spouse has been discharged in bankruptcy under the "straight" liquidation and discharge provisions of the bankruptcy law, this would not in itself disqualify the loan. However, in such cases it is necessary to develop complete information as to the facts and circumstances concerning the bankruptcy. Generally speaking, when the borrower or spouse, as the case may be, has been regularly employed (not self-employed) and has been discharged in bankruptcy within the last one to two years, it probably would not be possible to determine that the borrower or spouse is a satisfactory credit risk unless both of the following requirements are satisfied:

(i) The borrower or spouse has obtained credit subsequent to the bankruptcy and has met the credit payments in a satisfactory manner over a continued period; and
(ii) The bankruptcy was caused by circumstances beyond the control of the borrower or spouse, e.g., unemployment, prolonged strikes, medical bills not covered by insurance. Divorce is not generally viewed as beyond the control of the borrower and/or spouse. The circumstances alleged must be verified. If a borrower or spouse is self-employed, has been adjudicated bankrupt, and subsequently obtains a permanent position, a finding as to satisfactory credit risk may be made provided there is no derogatory credit information prior to self-employment, there is no derogatory credit information subsequent to the bankruptcy, and the failure of the business was not due to misconduct. If a borrower or spouse has been discharged in bankruptcy within the past 12 months, it will not generally be possible to determine that the borrower or spouse is a satisfactory credit risk.

(3) Petition under Chapter 13 of Bankruptcy Code. A petition under chapter 13 of the Bankruptcy Code (11 U.S.C.) filed by the borrower or spouse is indicative of an effort to pay their creditors. Some plans may provide for full payment of debts while others arrange for payment of scaled-down debts. Regular payments are made to a court-appointed trustee over a 2- to 3-year period (or up to 5 years in some cases). When the borrowers have made all payments in a satisfactory manner, they may be considered as having reestablished satisfactory credit. When they apply for a home loan before completion of the payout period, favorable consideration may nevertheless be given if at least 12 months' worth of payments have been made satisfactorily and the Trustee or Bankruptcy Judge approves of the new credit.

(4) Foreclosures. (i) When the credit information shows that the veteran or spouse has had a foreclosure on a prior mortgage; e.g., a VA-guaranteed or HUD-insured mortgage, this will not in itself disqualify the borrower from obtaining the loan. Lenders and field station personnel should refer to the preceding guidelines on bankruptcies for cases involving foreclosures. As with a borrower who has been adjudicated bankrupt, it is necessary to develop complete information as to the facts and circumstances of the foreclosure.

(ii) When VA pays a claim on a VA-guaranteed loan as a result of a foreclosure, the original veteran may be required to repay any loss to the Government. In some instances
VA may waive the veteran's debt, in part or totally, based on the facts and circumstances of the case. However, guaranty entitlement cannot be restored unless the Government's loss has been repaid in full, regardless of whether or not the debt has been waived, compromised, or discharged in bankruptcy. Therefore, a veteran who is seeking a new VA loan after having experienced a foreclosure on a prior VA loan will in most cases have only remaining entitlement to apply to the new loan. The lender should assure that the veteran has sufficient entitlement for its secondary marketing purposes.

5) Federal debts. An applicant for a Federally-assisted loan will not be considered a satisfactory credit risk for such loan if the applicant is presently delinquent or in default on any debt to the Federal Government, e.g., a Small Business Administration loan, a U.S. Guaranteed Student loan, a debt to the Public Health Service, or where there is a judgment lien against the applicant's property for a debt owed to the Government. The applicant may not be approved for the loan until the delinquent account has been brought current or satisfactory arrangements have been made between the borrower and the Federal agency owed, or the judgment is paid or otherwise satisfied. Of course, the applicant must also be able to otherwise qualify for the loan from an income and remaining credit standpoint. Refinancing under VA's interest rate reduction refinancing provisions, however, is allowed even if the borrower is delinquent on the VA guaranteed mortgage being refinanced. Prior approval processing is required in such cases.

6) Absence of credit history. The fact that recently discharged veterans may have had no opportunity to develop a credit history will not preclude a determination of satisfactory credit. Similarly, other loan applicants may not have established credit histories as a result of a preference for purchasing consumer items with cash rather than credit. There are also cases in which individuals may be genuinely wary of acquiring new obligations following bankruptcy, consumer credit counseling (debt proration), or other disruptive credit occurrence. The absence of the credit history in these cases will not generally be viewed as an adverse factor in credit underwriting. However, before a favorable decision is made for cases involving bankruptcies or other derogatory credit factors, efforts should be made to develop evidence of timely payment of non-installment debts such as rent and utilities. It is anticipated that this special consideration in the absence of a credit history following bankruptcy would be the rare case and generally confined to bankruptcies that occurred over 3 years ago.

7) Consumer credit counseling plan. If a veteran, or veteran and spouse, have prior adverse credit and are participating in a Consumer Credit Counseling plan, they may be determined to be a satisfactory credit risk if they demonstrate 12 months' satisfactory payments and the counseling agency approves the new credit. If a veteran, or veteran and spouse, have good prior credit and are participating in a Consumer Credit Counseling plan, such participation is to be considered a neutral factor, or even a positive factor, in determining creditworthiness.

8) Re-establishment of satisfactory credit. In circumstances not involving bankruptcy, satisfactory credit is generally considered to be reestablished after the veteran, or veteran and spouse, have made satisfactory payments for 12 months after the date of the last derogatory credit item.

9) Long-term v. short-term debts. All known debts and obligations including any alimony and/or child support payments of the borrower and spouse must be documented. Significant liabilities, to be deducted from the total income in determining ability to meet...
the mortgage payments are accounts that, generally, are of a relatively long term, i.e., 10 months or over. Other accounts for terms of less than 10 months must, of course, be considered in determining ability to meet family expenses. Certainly, any severe impact on the family's resources for any period of time must be considered in the loan analysis. For example, monthly payments of $300 on an auto loan with a remaining balance of $1,500 would be included in those obligations to be deducted from the total income regardless of the fact that the account can be expected to pay out in 5 months. It is clear that the applicant will, in this case, continue to carry the burden of those $300 payments for the first, most critical months of the home loan.

(10) Requirements for verification. If the credit investigation reveals debts or obligations of a material nature which were not divulged by the applicant, lenders must be certain to obtain clarification as to the status of such debts from the borrower. A proper analysis is obviously not possible unless there is total correlation between the obligations claimed by the borrower and those revealed by a credit report or deposit verification. Conversely, significant debts and obligations reported by the borrower must be dated. If the credit report fails to provide necessary information on such accounts, lenders will be expected to obtain their own verifications of those debts directly from the creditors. Credit reports and verifications must be no more than 120 days old (180 days for new construction) to be considered valid. For loans closed automatically, this requirement will be considered satisfied if the date of the credit report or verification is within 120 days (180 days for new construction) of the date the note is signed. For prior approval loans, this requirement will be considered satisfied if the date of the credit report or verification is within 120 days of the date of the application is received by VA. Of major significance are the applicant's rental history and outstanding or recently retired mortgages, if any, particularly prior VA loans. Lenders should be sure ratings on such accounts are obtained; a written explanation is required when ratings are not available. A determination is necessary as to whether alimony and/or child support payments are required. Verification of the amount of such obligations should be obtained, although documentation concerning an applicant's divorce should not be obtained automatically unless it is necessary to verify the amount of any alimony or child support liability indicated by the applicant. If in the routine course of processing the loan application, however, direct evidence is received (e.g., from the credit report) that an obligation to pay alimony or child support exists (as opposed to mere evidence that the veteran was previously divorced), the discrepancy between the loan application and credit report can and should be fully resolved in the same manner as any other such discrepancy would be handled. When a pay stub or leave-and-earnings statement indicates an allotment, the lender must investigate the nature of the allotment(s) to determine whether the allotment is related to a debt. Debts assigned to an ex-spouse by a divorce decree will not generally be charged against a veteran-borrower.

(11) Job-related expenses. Known job-related expenses should be documented. This will include costs for any dependent care, significant commuting costs, etc. When a family's circumstances are such that dependent care arrangements would probably be necessary, it is important to determine the cost of such services in order to arrive at an accurate total of deductions.

(12) Credit reports. Credit reports obtained by lenders on VA-guaranteed loan applications must be either a three-file Merged Credit Report (MCR) or a Residential
Mortgage Credit Report (RMCR). If used, the RMCR must meet the standards formulated jointly by the Department of Veterans Affairs, Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, Federal Housing Administration, Farmers Home Administration, credit repositories, repository affiliated consumer reporting agencies and independent consumer reporting agencies. All credit reports obtained by the lender must be submitted to VA.

(h) Borrower's personal and financial status. The number and ages of dependents have an important bearing on whether income after deduction of fixed charges is sufficient to support the family. Type and duration of employment of both the borrower and spouse are important as an indication of stability of their employment. The amount of liquid assets owned by the borrower or spouse, or both, is an important factor in determining that they have sufficient funds to close the loan, as well as being significant in analyzing the overall qualifications for the loan. (It is imperative that adequate cash assets from the veteran's own resources are verified to allow the payment (see § 36.4336(a)(3)) of any difference between the sales price of the property and the loan amount, in addition to that necessary to cover closing costs, if the sales price exceeds the reasonable value established by VA.) Verifications must be no more than 120 days old (180 days for new construction) to be considered valid. For loans closed on the automatic basis, this requirement will be considered satisfied if the date of the deposit verification is within 120 days (180 days for new construction) of the date of the veteran's application to the lender. For prior approval loans, this requirement will be considered satisfied if the verification of employment is dated within 120 days of the date the application is received by VA. Current monthly rental or other housing expense is an important consideration when compared to that to be undertaken in connection with the contemplated housing purchase.

(i) Estimated monthly shelter expenses. It is important that monthly expenses such as taxes, insurance, assessments and maintenance and utilities be estimated accurately based on property location and type of house; e.g., old or new, large or small, rather than using or applying a "rule of thumb" to all properties alike. Maintenance and utility amounts for various types of property should be realistically estimated. Local utility companies should be consulted for current rates. The age and type of construction of a house may well affect these expenses. In the case of condominiums or houses in a planned unit development (PUD), the monthly amount of the maintenance assessment payable to a homeowners association should be added. If the amount currently assessed is less than the maximum provided in the covenants or master deed, and it appears likely that the amount will be insufficient for operation of the condominium or PUD, the amount used will be the maximum the veteran could be charged. If it is expected that real estate taxes will be raised, or if any special assessments are expected, the increased or additional amounts should be used. In special flood hazard areas, include the premium for any required flood insurance.

(j) Lender responsibility. (1) Lenders are fully responsible for developing all credit information; i.e., for obtaining verifications of employment and deposit, credit reports, and for the accuracy of the information contained in the loan application.

(2) Verifications of employment and deposits, and requests for credit reports and/or credit information must be initiated and received by the lender.
(3) In cases where the real estate broker/agent or any other party requests any of this information, the report(s) must be returned directly to the lender. This fact must be disclosed by appropriately completing the required certification on the loan application or report and the parties must be identified as agents of the lender.

(4) Where the lender relies on other parties to secure any of the credit or employment information or otherwise accepts such information obtained by any other party, such parties shall be construed for purposes of the submission of the loan documents to VA to be authorized agents of the lender, regardless of the actual relationship between such parties and the lender, even if disclosure is not provided to VA under paragraph (j)(3) of this section. Any negligent or willful misrepresentation by such parties shall be imputed to the lender as if the lender had processed those documents and the lender shall remain responsible for the quality and accuracy of the information provided to VA.

(5) All credit reports secured by the lender or other parties as identified in paragraphs (j)(3) and (j)(4) of this section shall be provided to VA. If updated credit reports reflect materially different information than that in other reports, such discrepancies must be explained by the lender and the ultimate decision as to the effects of the discrepancy upon the loan application fully addressed by the underwriter.

(k) Lender certification. Lenders originating loans are responsible for determining and certifying to VA on the appropriate application or closing form that the loan meets all statutory and regulatory requirements. Lenders will affirmatively certify that loans were made in full compliance with the law and loan guaranty regulations as prescribed in this section.

(1) Definitions. The definitions contained in part 42 of this title and the following definitions are applicable in this section.

(i) Another appropriate amount. In determining the appropriate amount of a lender's civil penalty in cases where the Secretary has not sustained a loss or where two times the amount of the Secretary's loss on the loan involved does not exceed $10,000, the Secretary shall consider:

(A) The materiality and importance of the false certification to the determination to issue the guaranty or to approve the assumption;
(B) The frequency and past pattern of such false certifications by the lender; and
(C) Any exculpatory or mitigating circumstances.

(ii) Complaint includes the assessment of liability served pursuant to this section.

(iii) Defendant means a lender named in the complaint.

(iv) Lender includes the holder approving loan assumptions pursuant to 38 U.S.C. 3714.

(2) Procedures for certification. (i) As a condition to VA issuance of a loan guaranty on all loans closed on or after October 27, 1994, and as a prerequisite to an effective loan assumption on all loans assumed pursuant to 38 U.S.C. 3714 on or after November 17, 1997, the following certification shall accompany each loan closing or assumption package:

The undersigned lender certifies that the (loan) (assumption) application, all verifications of employment, deposit, and other income and credit verification documents have been processed in compliance with 38 CFR part 36; that all credit reports obtained or generated in connection with the processing of this borrower's (loan) (assumption) application have been provided to VA; that, to the best of the undersigned lender's knowledge and belief the (loan) (assumption) meets the underwriting standards recited in
chapter 37 of title 38 United States Code and 38 CFR part 36; and that all information provided in support of this (loan) (assumption) is true, complete and accurate to the best of the undersigned lender's knowledge and belief.

(ii) The certification shall be executed by an officer of the lender authorized to execute documents and act on behalf of the lender.

(3) Any lender who knowingly and willfully makes a false certification required pursuant to § 36.4337(k)(2) shall be liable to the United States Government for a civil penalty equal to two times the amount of the Secretary's loss on the loan involved or to another appropriate amount, not to exceed $10,000, whichever is greater.

(I) Assessment of liability. (1) Upon an assessment confirmed by the Under Secretary for Benefits, in consultation with the Investigating Official, that a certification, as required in this section, is false, a report of findings of the Under Secretary for Benefits shall be submitted to the Reviewing Official setting forth:

(i) The evidence that supports the allegations of a false certification and of liability;

(ii) A description of the claims or statements upon which the allegations of liability are based;

(iii) The amount of the VA demand to be made; and

(iv) Any exculpatory or mitigating circumstances that may relate to the certification.

(2) The Reviewing Official shall review all of the information provided and will either inform the Under Secretary for Benefits and the Investigating Official that there is not adequate evidence, that the lender is liable, or serve a complaint on the lender stating:

(i) The allegations of a false certification and of liability;

(ii) The amount being assessed by the Secretary and the basis for the amount assessed;

(iii) Instructions on how to satisfy the assessment and how to file an answer to request a hearing, including a specific statement of the lender's right to request a hearing by filing an answer and to be represented by counsel; and

(iv) That failure to file an answer within 30 days of the complaint will result in the imposition of the assessment without right to appeal the assessment to the Secretary.

(m) Hearing procedures. A lender hearing on an assessment established pursuant to this section shall be governed by the procedures recited at 38 CFR 42.8 through 42.47.

(n) Additional remedies. Any assessment under this section may be in addition to other remedies available to VA, such as debarment and suspension pursuant to 38 U.S.C. 3704 and part 44 of this title or loss of automatic processing authority pursuant to 38 U.S.C. 3702, or other actions by the Government under any other law including but not limited to title 18 U.S.C. and 31 U.S.C. 3732.

§ 36.4338 Death or insolvency of holder.

(a) Immediately upon the death of the holder and without the necessity of request or other action by the debtor or the Secretary, all sums then standing as a credit balance in a trust,
or deposit, or other account to cover taxes, insurance accruals, or other items in connection with the loan secured by the encumbered property, whether stated to be such or otherwise designated, and which have not been credited on the note shall, nevertheless, be treated as a setoff and shall be deemed to have been credited thereon as of the date of the last debit to such account, so that the unpaid balance of the note as of that date will be reduced by the amount of such credit balance: Provided, That any unpaid taxes, insurance premiums, ground rents, or advances may be paid by the holder of the indebtedness, at the holder's option, and the amount which otherwise would have been deemed to have been credited on the note reduced accordingly. This paragraph shall be applicable whether the estate of the deceased holder is solvent or insolvent.

(b) The provisions of paragraph (a) of this section shall also be applicable in the event of:

(1) Insolvency of holder;
(2) Initiation of any bankruptcy or reorganization, or liquidation proceedings as to the holder, whether voluntary or involuntary;
(3) Appointment of a general or ancillary receiver for the holder's property; or in any case
(4) Upon the written request of the debtor if all secured and due insurance premiums, taxes, and ground rents have been paid, and appropriate provisions made for future accruals.

(c) Upon the occurrence of any of the events enumerated in paragraph (a) or (b) of this section, interest on the note and on the credit balance of the deposits mentioned in paragraph (a) shall be set off against each other at the rate payable on the principal of the note, as of the date of last debit to the deposit account. Any excess credit of interest shall be treated as a set-off against the unpaid advances, if any, and the unpaid balance of the note.

(d) The provisions of paragraphs (a), (b) and (c) of this section shall apply also to corporations. The dissolution thereof by expiration of charter, by forfeiture, or otherwise shall be treated as is the death of an individual as provided in paragraph (a) of this section.

§ 36.4343 Cooperative loans.

(a) Any loan, which is (1) related to an enterprise in which more than 10 individuals will participate; or (2) to be made for the purchase or construction of residential units in any housing development, cooperative or otherwise, the title to which development or to the individual units therein is not to be held directly by the veteran-participants, or which contemplates the ownership or maintenance of more than three units or of their major appurtenances in common, to be eligible for guaranty or insurance shall require prior approval of the Under Secretary for Benefits, or the Director, Loan Guaranty Service, who may issue such approval upon such conditions and limitations deemed appropriate, not inconsistent with the provisions of 38 U.S.C. chapter 37 and the regulations concerning guaranty or insurance of loans to veterans.

(b) The issuance of such approval with respect to a residential development under paragraph (a)(2) of this section also shall be subject to such conditions and stipulation as in the judgment of the approving officer are possible and proper to (1) afford reasonable and feasible protection to the rights of the Government as guarantor or insurer, and as subrogee, and to each veteran-participant against loss of his or her respective equity consequent upon the failure of other participants to discharge their obligations; (2) provide for a reasonable and workable plan for the operation and management of the project; (3) limit the personal liability of each veteran-participant to those sums allocable on a proper ratable basis to the purchase, cost, and maintenance of his or her individual unit or participating interest; (4) limit commercial features to those reasonably calculated to promote the economic soundness of the project and the living convenience of the participants, retaining the essential character of a residential project.

(c) No such project, development, or enterprise may be approved which involves an initial grouping of more than 500 veterans, or a cost of more than five million dollars, unless it is conclusively shown to the satisfaction of the approving officer that a greater number of veterans or dollar amount will assure substantial advantages to the veteran-participants which could not be achieved in a smaller project.

§ 36.4344 Lender Appraisal Processing Program.

(a) Delegation of authority to lenders to review appraisals and determine reasonable value.

(1) To be eligible for delegation of authority to review VA appraisals and determine the reasonable value of properties to be purchased with VA guaranteed loans, a lender must (i) have automatic processing authority under 38 U.S.C. 3702(d), and (ii) employ one or more staff appraisal reviewers acceptable to the Secretary.

(2) To qualify as a lender's staff appraisal reviewer an applicant must be a full-time member of the lender's permanent staff and may not be employed by, or perform services for, any other mortgagee. The individual must not engage in any private pursuits in which there will be, or appear to be, any conflict of interest between those pursuits and his/her duties, responsibilities, and performance as a Lender Appraisal Processing Program (LAPP) staff appraisal reviewer. Three years of experience is necessary to qualify as a lender's staff appraisal reviewer. That experience must demonstrate a knowledge of, and the ability to apply industry-accepted principles, methods, practices and techniques of appraising, and the ability to competently determine the value of property within a prescribed geographical area. The individual must demonstrate the ability to review the work of others and to recognize deviations from accepted appraisal principles, practices, and techniques, errors in computations, and unjustifiable and unsupported conclusions.

(3) Lenders that meet the requirements of 38 U.S.C. 3702(d), and have a staff appraisal reviewer determined acceptable by VA, will be authorized to review appraisals and make reasonable value determinations on properties that will be security for VA guaranteed loans. The lender's authorization will be subject to a one-year probationary period. Additionally, lenders must satisfy initial and subsequent VA office case review requirements prior to being allowed to determine reasonable value without VA involvement. The initial office case review requirement must be satisfied in the VA regional office in whose jurisdiction the lender's staff appraisal reviewer is located before the LAPP authority may be utilized by that lender in any other VA office's jurisdiction.

(4) To satisfy the initial office case review requirement, the first five cases of each lender staff appraisal reviewer involving properties in the regional office location where the staff appraisal reviewer is located will be processed by him or her up to the point where he or
she has made a reasonable value determination and fully drafted, but not issued, the
lender's notification of reasonable value letter to the veteran. At that point, and prior to
loan closing, each of the five cases will be submitted to the local VA office. After a staff
review of each case, VA will issue a Certificate of Reasonable Value, which the lender
may use in closing the loan automatically if it meets all other requirements of the VA. If
these five cases are found to be acceptable by VA, the lender's staff appraisal reviewer
will be allowed to fully process subsequent appraisals for properties located in that VA
office's jurisdiction without prior submission to VA and issuance by VA of a Certificate
of Reasonable Value. Lenders must also satisfy a subsequent VA office case review
requirement in each additional VA office location in which they desire to extend and
utilize this authority. Under this requirement, the lender must have first satisfied the
initial office case review requirement and then must submit to the additional VA office(s)
the first case each staff appraisal reviewer processes in the jurisdiction of that office. As
provided under the initial office case review requirement, VA office personnel will issue
a Certificate of Reasonable value for this case and subsequently determine the
acceptability of the lender's staff appraisal reviewer's processing. If VA finds this first
case to be acceptable, the lender's staff appraisal reviewer will be allowed to fully process
subsequent cases in that additional VA office's jurisdiction without prior submission to
VA. The initial and subsequent office case review requirements may be expanded by VA
if acceptable performance has not been demonstrated. After satisfaction of the initial and
subsequent office case review requirements, routine reviews of LAPP cases will be made
by VA staff based upon quality control procedures established by the Under Secretary for
Benefits. Such review will be made on a random sampling or performance related basis.
During the probationary period a high percentage of reviews will be made by VA staff.
(4) The following certification by the lender's nominated staff appraisal reviewer must be
provided with the lender's application for delegation of LAPP authority:
I hereby acknowledge and represent that by signing the Uniform Residential Appraisal
Report (URAR), FHLMC (Federal Home Loan Mortgage Corporation) Form 70/FNMA
(Federal Notice Mortgage Association) Form 1004, I am certifying, in all cases, that I
have personally reviewed the appraisal report. In doing so I have considered and utilized
recognized professional appraisal techniques, have found the appraisal report to have
been prepared in compliance with applicable VA requirements, and concur with the
recommendations of the fee appraiser, who was assigned by VA to the case. Furthermore,
in those cases where clarifications or corrections have been requested from the VA fee
appraiser there has been no pressure or influence exerted on that appraiser to remove or
change information that might be considered detrimental to the subject property, or VA's
interests, or to reach a predetermined value for that property. Signature of Staff Appraisal
Reviewer.
(5) Other certifications required from the lender will be specified with particularity in the
separate instructions issued by the Secretary, as noted in § 36.4344(b).
(b) Instructions for LAPP Procedures. The Secretary will publish separate instructions for
processing appraisals under the Lenders Appraisal Processing Program. Compliance with
these regulations and the separate instructions issued by the Secretary is deemed by VA
to be the minimum exercise of due diligence in processing LAPP cases. Due diligence is
considered by VA to represent that care, as is to be properly expected from, and
ordinarily exercised by, reasonable and prudent lenders who would be dependent on the property as security to protect its investment.

(c) VA minimum property requirements. Lenders are responsible for determining that the property meets VA minimum property requirements. The separate instructions issued by the Secretary will set forth the lender's ability to adjust, remove, or alter the fee appraiser's or fee compliance inspector's recommendations concerning VA minimum property requirements. Condominiums, planned-unit developments and leasehold estates must have been determined acceptable by VA. A condominium or planned-unit development which is acceptable to the Department of Housing and Urban Development or the Department of Agriculture may also be acceptable to VA.

(d) Adjustment of value recommendations. The amount of authority to upwardly adjust the fee appraiser's estimated market value during the lender staff appraisal reviewer's initial review of the appraisal report or to subsequently process an appeal of the lender's established reasonable value will be specified in the separate instructions issued by VA as noted in § 36.4344(b). The amount specified must not in any way be considered an administrative adjustment figure which may be applied indiscriminately and without valid basis or justification with the sole purpose of reaching an amount necessary to complete the sale or mortgage transaction.

(1) Adjustment during initial review. Any adjustment during the staff appraisal reviewer's initial review of the appraisal report must be fully and clearly justified in writing on the appraisal report form or, if necessary, on an addendum. The basis for the adjustment must be adequate and reasonable by professional appraisal standards. If real estate market or other valid data was utilized in arriving at the decision to make the adjustment, such data must be attached to the appraisal report. All adjustments, comments, corrections, justifications, etc., to the appraisal report must be made in a contrasting color, be clearly legible, and signed and dated by the staff appraisal reviewer.

(2) Processing appeals. The authority provided under 38 U.S.C. 3731(d) which permits a lender to obtain a VA fee panel appraiser's report which VA is obligated to consider in an appeal of the established reasonable value shall not apply to cases processed under the authority provided by this section. All appeals of VA fee appraisers' estimated market values or lenders' reasonable value determinations above the amount specified in the separate instructions issued by VA must be submitted, along with the lender's recommendations, if any, to VA for processing and final determination. Unless otherwise authorized in the separate instructions lenders must also submit appeals, regardless of the amount, to VA in all cases where the staff appraisal reviewer has made an adjustment during their initial review of the appraisal report to the fee appraiser's market value estimate. The fee appraiser's estimated market value or lender's reasonable value determination may be increased only when such increase is clearly warranted and fully supported by real estate market or other valid data considered adequate and reasonable by professional appraisal standards and the lender's staff appraisal reviewer clearly and fully justifies the reasoning and basis for the increase in writing on the appraisal report form or an addendum. The staff appraisal reviewer must date and sign the written justification and must cite within it the data used in arriving at the decision to make the increase. All such data shall be attached to the appraisal report form and any addendum.

(e) Notification. It will be the responsibility of the lender to notify the veteran borrower in writing of the determination of reasonable value and related conditions specific to the
property and to provide the veteran with a copy of the appraisal report. Any delay in processing the notification of value must be documented. Any delay of more than five work days between the date of the lender's receipt of the fee appraiser's report and date of the notification of value to the veteran, without reasonable and documented extenuating circumstances, will not be acceptable. A copy of the lender notification letter to the veteran and the appraisal report must be forwarded to the VA office of jurisdiction at the same time the veteran is notified. In addition, the original appraisal report, related appraisal documentation, and a copy of the reasonable value determination notification to the veteran must be submitted to the VA with the request for loan guaranty.

(f) Indemnification. When the Secretary has incurred a loss as a result of a payment of claim under guaranty and in which the Secretary determines an increase made by the lender under § 36.4344(d) or (f) was unwarranted, or arbitrary and capricious, the lender shall indemnify the Secretary to the extent the Secretary determines such loss was caused, or increased, by the increase in value.

(g) Affiliations. A lender affiliated with a real estate firm builder, land developer or escrow agent as a subsidiary division, investment or any other entity in which it has a financial interest or which it owns may not use this authority for any cases involving the affiliate unless the lender demonstrates to the Secretary's satisfaction that the lender and its affiliate(s) are essentially separate entities that operate independently of each other, free of all cross-influences (e.g., a formal corporate agreement exists which specifically sets forth this fact).

(h) Quality Control Plans. The lender must have an effective self-policing or quality control system to ensure the adequacy and quality of their LAPP staff appraisal reviewer's processing and, that its activities do not deviate from high standards of integrity. The quality control system must include frequent, periodic audits that specifically address the appraisal review activity. These audits may be performed by an independent party, or by the lender's independent internal audit division which reports directly to the firm's chief executive officer. The lender must agree to furnish findings and information under this system to VA on demand. While the quality control personnel need not be appraisers, they should have basic familiarity with appraisal theory and techniques and the ability to prescribe appropriate corrective action(s) in the appraisal review process when discrepancies or problems are identified. The basic elements of the system will be described in separate instructions issued by the Secretary. Copies of the lender's quality control plan or self-policing system evidencing appraisal related matters must be provided to the VA office of jurisdiction with the lender's application for LAPP authority.

(i) Fees. The Secretary may require mortgagees to pay an application fee and/or annual fees, including additional fees for each branch office authorized to process cases under the authority delegated under this section, in such amounts and at such times as the Secretary may require.

(j) Withdrawal of lender authority. The authority for a lender to determine reasonable value may be withdrawn by the Loan Guaranty Officer when proper cause exists. A lender's authority to make reasonable value determinations shall be withdrawn when the lender no longer meets the basic requirements for delegating the authority, or when it can be shown that the lender's reasonable value determinations have not been made in accordance with VA regulations, requirements, guidelines, instructions or applicable laws,
or when there is adequate evidence to support reasonable belief by VA that a particular unacceptable act, practice, or performance by the lender or the lender's staff has occurred. Such acts, practices or performance include, but are not limited to: Demonstrated technical incompetence (i.e., conduct which demonstrates an insufficient knowledge of industry accepted appraisal principles, techniques and practices; or the lack of technical competence to review appraisal reports and make value determinations in accordance with those requirements); substantive or repetitive errors (i.e., any error(s) of a nature that would materially or significantly affect the determination of reasonable value or condition of the property; or a number or series of errors that, considered individually, may not significantly impact the determination of reasonable value or property condition, but which when considered in the aggregate would establish that appraisal reviews or LAPP case processing are being performed in a careless or negligent manner), or continued instances of disregard for VA requirements after they have been called to the lender's attention.

(1) Withdrawal of authority by the Loan Guaranty Officer may be either for an indefinite or a specified period of time. For any withdrawal longer than 90 days a reapplication for lender authority to process appraisals under these regulations will be required. Written notice will be provided at least 30 days in advance of withdrawal unless the Government's interests are exposed to immediate risk from the lender's activities in which case the withdrawal will be effected immediately. The notice will clearly and specifically set forth the basis and grounds for the action. There is no right to a formal hearing to contest the withdrawal of LAPP processing privileges. However, if within 15 days after receiving notice the lender requests an opportunity to contest the withdrawal, the lender may submit, in person, in writing, or through a representative, information and argument to the Loan Guaranty Officer in opposition to the withdrawal. The Loan Guaranty Officer will make a recommendation to the Regional Office Director who shall make the determination as to whether the action should be sustained, modified or rescinded. The lender will be informed in writing of the decision.

(2) The lender has the right to appeal the Regional Office Director's decision to the Under Secretary for Benefits. In the event of such an appeal, the Under Secretary for Benefits will review all relevant material concerning the matter and make a determination that shall constitute final agency action. If the lender's submission of opposition raises a genuine dispute over facts material to the withdrawal of LAPP authority, the lender will be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses and confront any witness the Veterans Benefits Administration presents. The Under Secretary for Benefits will appoint a hearing officer or panel to conduct the hearing. When such additional proceedings are necessary, the Under Secretary for Benefits shall base the determination on the facts as found, together with any information and argument submitted by the lender.

(3) In actions based upon a conviction or civil judgment, or in which there is no genuine dispute over material facts, the Under Secretary for Benefits shall make a decision on the basis of all the information in the administrative record, including any submission made by the lender.

(4) Withdrawal of the LAPP authority will require that VA make subsequent determinations of reasonable value for the lender. Consequently, VA staff will review
each appraisal report and issue a Certificate of Reasonable Value which can then be used by the lender to close loans on either the prior VA approval or automatic basis.

(5) Withdrawal by VA of the lender's LAPP authority does not prevent VA from also withdrawing automatic processing authority or taking debarment or suspension action based upon the same conduct by the lender.

§ 36.4345 Waivers, consents, and approvals; when effective.

[13 FR 7281, Nov. 27, 1948]

§ 36.4346 Servicing procedures for holders.

(a) Establishment of loan servicing program. The holder of a loan guaranteed or insured by the Secretary shall develop and maintain a loan servicing program which follows accepted industry standards for servicing of similar type conventional loans. The loan servicing program established pursuant to this section may employ different servicing approaches to fit individual borrower circumstances and avoid establishing a fixed routine. However, it must incorporate each of the provisions specified in paragraphs (b) through (l) of this section.

(b) Procedures for providing information. (1) Loan holders shall establish procedures to provide loan information to borrowers, arrange for individual loan consultations upon request and maintain controls to assure prompt responses to inquiries. One or more of the following means of making information readily available to borrowers is required.

(i) An office staffed with trained servicing personnel with access to loan account information located within 200 miles of the property.

(ii) Toll-free telephone service or acceptance of collect telephone calls at an office capable of providing needed information.

(2) All borrowers must be informed of the system available for obtaining answers to loan inquiries, the office from which the needed information may be obtained, and reminded of the system at least annually.

(c) Statement for income tax purposes. Within 60 days after the end of each calendar year, the holder shall furnish to the borrower a statement of the interest paid and, if applicable, a statement of the taxes disbursed from the escrow account during the preceding year. At the borrower's request, the holder shall furnish a statement of the escrow account sufficient to enable the borrower to reconcile the account.

(d) Change of servicing. Whenever servicing of a loan guaranteed or insured by the Secretary is transferred from one holder to another, notice of such transfer by both the transferor and transferee, the form and content of such notice, the timing of such notice, the treatment of payments during the period of such transfer, and damages and costs for failure to comply with these requirements shall be governed by the pertinent provisions.
of the Real Estate Settlement Procedures Act as administered by the Department of Housing and Urban Development.

(e) Escrow accounts. A holder of a loan guaranteed or insured by the Secretary may collect periodic deposits from the borrower for taxes and/or insurance on the security and maintain a tax and insurance escrow account provided such a requirement is authorized under the terms of the security instruments. In maintaining such accounts, the holder shall comply with the pertinent provisions of the Real Estate Settlement Procedures Act.

(f) System for servicing delinquent loans. In addition to the requirements of the Real Estate Settlement Procedures Act, concerning the duties of the loan servicer to respond to borrower inquiries, to protect the borrower's credit rating during a payment dispute period, and to pay damages and costs for noncompliance, holders shall establish a system for servicing delinquent loans which ensures that prompt action is taken to collect amounts due from borrowers and minimize the number of loans in a default status. The holder's servicing system must include the following:

1. An accounting system which promptly alerts servicing personnel when a loan becomes delinquent;
2. A collection staff which is trained in techniques of loan servicing and counseling delinquent borrowers to advise borrowers how to cure delinquencies, protect their equity and credit rating and, if the default is insoluble, pursue alternatives to foreclosure;
3. Procedural guidelines for individual analysis of each delinquency;
4. Instructions and appropriate controls for sending delinquent notices, assessing late charges, handling partial payments, maintaining servicing histories and evaluating repayment proposals;
5. Management review procedures for evaluating efforts made to collect the delinquency and the response from the borrower before a decision is made to initiate action to liquidate a loan;
6. Procedures for reporting delinquencies of 90 days or more and loan terminations to major consumer credit bureaus as specified by the Secretary and for informing borrowers that such action will be taken; and
7. Controls to ensure that all notices required to be given to the Secretary on delinquent loans are provided timely and in such form as the Secretary shall require.

(g) Collection actions. (1) Holders shall employ collection techniques which provide flexibility to adapt to the individual needs and circumstances of each borrower. A variety of collection techniques may be used based on the holder's determination of the most effective means of contact with borrowers during various stages of delinquency. However, at a minimum the holder's collection procedures must include the following actions:

i. A written delinquency notice to the borrower(s) requesting immediate payment if a loan installment has not been received within 17 days after the due date. This notice must be mailed no later than the 20th day of the delinquency and state the amount of the payment and of any late charges that are due.

ii. An effort, concurrent with the written delinquency notice to establish contact with the borrower(s) by telephone. When talking with the borrower(s), the holder should attempt to determine why payment was not made and emphasize the importance of remitting loan installments as they come due.

iii. A letter to the borrower(s) if payment has not been received within 30 days after it is due and telephone contact could not be made. This letter should emphasize the
seriousness of the delinquency and the importance of taking prompt action to resolve the
default. It should also notify the borrower(s) that the loan is in default, state the total
amount due and advise the borrower(s) how to contact the holder to make arrangements
for curing the default.
(iv) In the event the holder has not established contact with the borrower(s) and has not
determined the financial circumstances of the borrower(s) or established a reason for the
default or obtained agreement to a repayment plan from the borrower(s), then a
face-to-face interview with the borrower(s) or a reasonable effort to arrange such a
meeting is required.
(2) The holder must provide a valid explanation of any failure to perform these collection
actions when reporting loan defaults to the Secretary. A pattern of such failure may be a
basis for sanctions under 38 CFR 44.205 and 44.305.
(h) Conducting interviews with delinquent borrowers. When personal contact with the
borrower(s) is established, the holder shall solicit sufficient information to properly
evaluate the prospects for curing the default and whether the granting of forbearance or
other relief assistance would be appropriate. At a minimum, the holder must make a
reasonable effort to establish the following:
(1) The reason for the default and whether the reason is a temporary or permanent
condition;
(2) The present income and employment of the borrower(s);
(3) The current monthly expenses of the borrower(s) including household and debt
obligations;
(4) The current mailing address and telephone number of the borrower(s); and
(5) A realistic and mutually satisfactory arrangement for curing the default.
(i) Property inspections. (1) The holder shall make an inspection of the property securing
the loan whenever it becomes aware that the physical condition of the security may be in
jeopardy. Unless a repayment agreement is in effect, a property inspection shall also be
made at the following times:
(i) Before the 60th day of delinquency or before initiating action to liquidate a loan,
whichever is earlier; and,
(ii) At least once each month after liquidation proceedings have been started unless
servicing information shows the property remains owner-occupied.
(2) Whenever a holder obtains information which indicates that the property securing the
loan is abandoned, it shall make appropriate arrangements to protect the property from
vandalism and the elements. Thereafter, the holder shall schedule inspections at least
monthly to prevent unnecessary deterioration due to vandalism, or neglect. With respect
to any loan more than 30 days delinquent, a property abandonment must be reported to
the Secretary and appropriate action initiated under § 36.4317(a) within 15 days after the
holder confirms the property is abandoned.
(j) Collection records. The holder shall maintain individual file records of collection
action on delinquent loans and make such records available to the Secretary for
inspection on request. Such collection records shall show:
(1) The dates and content of letters and notices which were mailed to the borrower(s);
(2) Dated summaries of each personal servicing contact and the result of same;
(3) The indicated reason(s) for default; and,
(4) The date and result of each property inspection.
(k) Reporting to the Secretary. A summary of collection efforts, the information obtained through such efforts and the holder's evaluation of the reason for the default and prospects for resolution of the default must be included in any notice provided to the Secretary pursuant to §§ 36.4315 and 36.4317.

(l) Quality control procedures. No later than 180 days after the effective date of this regulation, each loan holder shall establish internal controls to periodically assess the quality of the servicing performed on loans guaranteed by the Secretary and assure that all requirements of this section are being met. Those procedures must provide for a review of the holder's servicing activities at least annually and include an evaluation of delinquency and foreclosure rates on loans in its portfolio which are guaranteed by the Secretary. As part of its evaluation of delinquency and foreclosure rates, the holder shall:

1. Collect and maintain appropriate data on delinquency and foreclosure rates to enable the holder to evaluate effectiveness of its collection efforts;
2. Determine how its VA delinquency and foreclosure rates compare with rates in reports published by the industry, investors and others; and,
3. Analyze significant variances between its foreclosure and delinquency rates and those found in available reports and publications and take appropriate corrective action.

(m) Holders shall provide available statistical data on delinquency and foreclosure rates and their analysis of such data to the Secretary upon request.

§ 36.4347 Minimum property and construction requirements.
No loan for the purchase or construction of residential property shall be eligible for guaranty or insurance unless such property complies or conforms with those standards of planning, construction, and general acceptability that may be applicable thereto and prescribed by the Secretary pursuant to 38 U.S.C. 3704(a).
[24 FR 2656, Apr. 7, 1959]

§ 36.4348 Authority to close loans on the automatic basis.
(a) Supervised lenders of the classes described in 38 U.S.C. 3702(d) (1) and (2) are authorized by statute to process VA guaranteed home loans on the automatic basis. This category of lenders includes any Federal land bank, national bank, State bank, private bank, building and loan association, insurance company, credit union or mortgage and loan company that is subject to examination and supervision by an agency of the United States or of any State or by any State.
(b) Non-supervised lenders of the class described in 38 U.S.C. 3702(d)(3) must apply to the Secretary for authority to process loans on the automatic basis. Each of the minimum requirements listed below must be met by applicant lenders.
(1) Experience. The firm must meet one of the following experience requirements:
   (i) The firm must have been actively engaged in originating VA loans for at least two years, have a VA Lender ID number and have originated and closed a minimum of ten VA loans within the past two years, excluding interest rate reduction refinance loans
(IRRRLs), that have been properly documented and submitted in compliance with VA requirements and procedures; or

(ii) The firm must have a VA ID number and, if active for less than two years, have originated and closed at least 25 VA loans, excluding IRRRLs, that have been properly documented and submitted in compliance with VA requirements and procedures; or

(iii) Each principal officer of the firm, who is actively involved in managing origination functions, must have a minimum of two recent years' management experience in the origination of VA loans. This experience may be with the current or prior employer. For the purposes of this requirement, principal officer is defined as president or vice president; or

(iv) If the firm has been operating as an agent for a non-supervised automatic lender (sponsoring lender), the firm must submit documentation confirming that it has a VA Lender ID number and has originated a minimum of ten VA loans, excluding IRRRLs, over the past two years. If active for less than two years, the agent must have originated at least 25 VA loans. The required documentation is a copy of the VA letter approving the firm as an agent for the sponsoring lender; a copy of the corporate resolution, describing the functions the agent was to perform, submitted to VA by the sponsoring lender; and a letter from a senior officer of the sponsoring lender indicating the number of VA loans submitted by the agent each year and that the loans have been properly documented and submitted in compliance with VA requirements and procedures.

(2) Underwriter. A senior officer of the firm must nominate a full-time qualified employee(s) to act in the firm's behalf as underwriter(s) to personally review and make underwriting decisions on VA loans to be closed on the automatic basis.

(i) Nominees for underwriter must have a minimum of three years experience in processing, pre-underwriting or underwriting mortgage loans. At least one recent year of this experience must have included making underwriting decisions on VA loans. (Recent is defined as within the past three years.) A VA nomination and current resume, outlining the underwriter's specific experience with VA loans, must be submitted for each underwriter nominee.

(ii) Alternatively, if an underwriter does not have the experience outlined above, the underwriter must submit documentation verifying that he or she is a current Accredited Residential Underwriter (ARU) as designated by the Mortgage Bankers Association (MBA).

(iii) If an underwriter is not located in the lender's corporate office, then a senior officer must certify that the underwriter reports to and is supervised by an individual who is not a branch manager or other person with production responsibilities.

(iv) All VA-approved underwriters must attend a 1-day (eight-hour) training course on underwriter responsibilities, VA underwriting requirements, and VA administrative requirements, including the usage of VA forms, within 90 days of approval (if VA is unable to make such training available within 90 days, the underwriter must attend the first available training). Immediately upon approval of a VA underwriter, the office of jurisdiction will contact the underwriter to schedule this training at a VA regional office (VARO) of the underwriter's choice. This training is required for all newly approved VA underwriters, including those who qualified for approval based on an ARU designation, as well as VA-approved underwriters who have not underwritten VA-guaranteed loans in the past 24 months. Furthermore, and at the discretion of any VARO in whose
jurisdiction the lender is originating VA loans, VA-approved underwriters who consistently approve loans that do not meet VA credit standards may be required to retake this training.

(3) Underwriter Certification. The lender must certify that all underwriting decisions as to whether to accept or reject a VA loan will be made by a VA-approved underwriter. In addition each VA-approved underwriter will be required to certify on each VA loan that he or she approves that the loan has been personally reviewed and approved by the underwriter.

(4) Financial Requirements. Each application must include the most recent annual financial statement audited and certified by a certified public accountant (CPA). If the date of the annual financial statement precedes that of the application by more than six months, the lender must also attach a copy of its latest internal financial statement. Lenders are required to meet either the working capital or the minimum net worth financial requirement as defined below.

(i) Working Capital. A minimum of $50,000 in working capital must be demonstrated.
(A) Working capital is a measure of a firm's liquidity, or the ability to pay its short-term debts. Working capital is defined as the excess of current assets over current liabilities. Current assets are defined as cash or other liquid assets convertible into cash within a 1-year period. Current liabilities are defined as debts that must be paid within the same 1-year time frame.
(B) The VA determination of whether a lender has the required minimum working capital is based on the balance sheet of the lender's annual audited financial statement. Therefore, either the balance sheet must be classified to distinguish between current and fixed assets and between current and long-term liabilities or the information must be provided in a footnote to the statement.

(ii) Net Worth. Lenders must show evidence of a minimum of $250,000 in adjusted net worth. Net worth is a measure of a firm's solvency, or its ability to exist in the long run, quantified by the payment of long-term debts. Net worth as defined by generally accepted accounting principles (GAAP) is total assets minus total liabilities. Adjusted net worth for VA purposes is the same as the adjusted net worth required by the Department of Housing and Urban Development (HUD), net worth less certain unacceptable assets including:
(A) Any assets of the lender pledged to secure obligations of another person or entity.
(B) Any asset due from either officers or stockholders of the lender or related entities, in which the lender's officers or stockholders have a personal interest, unrelated to their position as an officer or stockholder.
(C) Any investment in related entities in which the lender's officers or stockholders have a personal interest unrelated to their position as an officer or stockholder.
(D) That portion of an investment in joint ventures, subsidiaries, affiliates and/or other related entities which is carried at a value greater than equity, as adjusted. "Equity as adjusted" means the book value of the related entity reduced by the amount of unacceptable assets carried by the related entity.
(E) All intangibles, such as goodwill, covenants not to compete, franchisee fees, organization costs, etc., except unamortized servicing costs carried at a value established by an arm's-length transaction and presented in accordance with generally accepted accounting principles.
(F) That portion of an asset not readily marketable and for which appraised values are very subjective, carried at a value in excess of a substantially discounted appraised value. Assets such as antiques, art work and gemstones are subject to this provision and should be carried at the lower of cost or market.

(G) Any asset that is principally used for the personal enjoyment of an officer or stockholder and not for normal business purposes. Adjusted net worth must be calculated by a CPA using an audited and certified balance sheet from the lender's latest financial statements. "Personal interest" as used in this section indicates a relationship between the lender and a person or entity in which that specified person (e.g., spouse, parent, grandparent, child, brother, sister, aunt, uncle or in-law) has a financial interest in or is employed in a management position by the lender.

(5) Lines of credit. The lender applicant must have one or more lines of credit aggregating at least $1 million. The identity of the source(s) of warehouse lines of credit must be submitted to VA and the applicant must agree that VA may contact the named source(s) for the purpose of verifying the information. A line of credit must be unrestricted, that is, funds are available upon demand to close loans and are not dependent on prior investor approval. A letter from the company(ies) verifying the unrestricted line(s) of credit must be submitted with the application for automatic authority.

(6) Permanent investors. If the lender customarily sells loans it originates, it must have a minimum of two permanent investors. The names, addresses and telephone numbers of the permanent investors must be submitted with the application.

(7) Liaison. The lender applicant must designate an employee and an alternate to be the primary liaison with VA. The liaison officers should be thoroughly familiar with the lender's entire operation and be able to respond to any query from VA concerning a particular VA loan or the firm's automatic authority.

(8) Other considerations. All applications will also be reviewed in light of the following considerations:

(i) There must be no factors that indicate that the firm would not exercise the care and diligence required of a lender originating and closing VA loans on the automatic basis; and

(ii) In the event the firm, any member of the board of directors, or any principal officer has ever been debarred or suspended by any Federal agency or department, or any of its directors or officers has been a director or officer of any other lender or corporation that was so debarred or suspended, or if the lender applicant ever had a servicing contract with an investor terminated for cause, a statement of the facts must be submitted with the application for automatic authority.

(9) Quality Control System. In order to be approved as a non-supervised lender for automatic-processing authority, the lender must implement a written quality control system which ensures compliance with VA requirements. The lender must agree to furnish findings under its systems to VA on demand. The elements of the quality control system must include the following:

(i) Underwriting policies. Each office of the lender shall maintain copies of VA credit standards and all available VA underwriting guidelines.

(ii) Corrective measures. The system should ensure that effective corrective measures are taken promptly when deficiencies in loan origination's are identified by either the lender
or VA. Any cases involving major discrepancies which are discovered under the system must be reported to VA.

(iii) System integrity. The quality control system should be independent of the mortgage loan production function.

(iv) Scope. The review of underwriting decisions and certifications must include compliance with VA underwriting requirements, sufficiency of documentation and soundness of underwriting judgments.

(v) Appraisal quality. For lenders approved for the Lender Appraisal Processing Program (LAPP), the quality control system must specifically contain provisions concerning the adequacy and quality of real property appraisals. While the lender's quality control personnel need not be appraisers, they should have basic familiarity with appraisal theory and techniques so that they can select appropriate cases for review if discretionary sampling is used, and prescribe appropriate corrective action(s) in the appraisal review process when discrepancies or problems are identified. Copies of the lender's quality control plan or self-policing system evidencing appraisal related matters must be provided to the VA office of jurisdiction.

(10) Courtesy closing. The lender-applicant must certify to VA that it will not close loans on an automatic basis as a courtesy or accommodation for other mortgage lenders, whether or not such lenders are themselves approved to close on an automatic basis without the express approval of VA. However, a lender with automatic authority may close loans for which information and supporting credit data have been developed on its behalf by a duly authorized agent.

(11) Probation. Lenders meeting these requirements will be approved to close VA loans on an automatic basis for a 1-year period. At the end of this period, the lender's quality of underwriting, the completeness of loan submissions, compliance with VA requirements and procedures, and the delinquency and foreclosure rates will be reviewed.

(12) Extensions of Automatic Authority. When a lender wants its automatic authority extended to another State, the request must be submitted, with the fee designated in paragraph (e)(5) of this section, to the VA regional office having jurisdiction in the State where the lender's corporate office is located.

(i) When a lender wants its automatic authority to include loans involving a real estate brokerage and/or a residential builder or developer in which it has a financial interest, owns, is owned by, or with which it is affiliated, the following documentation must be submitted:

(A) A corporate resolution from the lender and each affiliate indicating that they are separate entities operating independently of each other. The lender's corporate resolution must indicate that it will not give more favorable underwriting consideration to its affiliate's loans, and the affiliate's corporate resolution must indicate that it will not seek to influence the lender to give their loans more favorable underwriting consideration.

(B) Letters from permanent investors indicating the percentage of all VA loans based on the affiliate's production originated by the lender over a 1-year period that are past due 90 days or more. This delinquency ratio must be no higher than the national average for the same period for all mortgage loans.

(ii) When a lender wants its automatic authority extended to additional States, the lender must indicate how it plans to originate VA loans in those States. Unless a lender proposes a telemarketing plan, VA requires that a lender have a presence in the State, that is, a
branch office, an agent relationship, or that it is a reasonable distance from one of its offices in an adjacent State, i.e., 50 miles. If the request is based on an agency relationship, the documentation outlined in paragraph (b)(13) must be submitted with the request for extension.

(13) Use of Agents. A lender using an agent to perform a portion of the work involved in originating and closing a VA-guaranteed loan on an automatic basis must take full responsibility by certification for all acts, errors and omissions of the agent or other entity and its employees for the work performed. Any such acts, errors or omissions will be treated as those of the lender and appropriate sanctions may be imposed against the lender and its agent. Lenders requesting an agent must submit the following documentation to the VA regional office having jurisdiction for the lender's corporate office:

(i) A corporate resolution certifying that the lender takes full responsibility for all acts, errors and omissions of the agent that it is requesting. The corporate resolution must also identify the agent's name and address, and the geographic area in which the agent will be originating and/or closing VA loans; whether the agent is authorized to issue interest rate lock-in agreements on behalf of the lender; and outline the functions the agent is to perform. Alternatively, the lender may submit a blanket corporate resolution which sets forth the functions of any and all agents and identifies individual agents by name, address, and geographic area in separate letters which refer to the blanket resolution.

(ii) When the VA regional office having jurisdiction for the lender's corporate office acknowledges receipt of the lender's request in writing, the agent is thereby authorized to originate VA loans on the lender's behalf.

(Authority: 38 U.S.C. 501(a), 3702(d))

(c) A lender approved to close loans on the automatic basis who subsequently fails to meet the requirements of this section must report to VA the circumstances surrounding the deficiency and the remedial action to be taken to cure it. Failure to advise VA in a timely manner could result in a lender's loss of its approval to close VA loans on the automatic basis.

(Authority: 38 U.S.C. 501(a), 3702(d))

(d) Annual recertification. Non-supervised lenders of the class described in 38 U.S.C. 3702(d)(3) must be recertified annually for authority to process loans on the automatic basis. The following minimum annual recertification requirements must be met by each lender approved for automatic authority:

(1) Financial requirements. A lender must submit, within 120 days following the end of its fiscal year, an audited and certified financial statement with a classified balance sheet or a separate footnote for adjusted net worth to VA Central Office (264) for review. The same minimum financial requirements described in § 36.4348(b)(5) must be maintained and verified annually in order to be recertified for automatic authority.

(2) Processing annual lender data. The VA regional office having jurisdiction for the lender's corporate office will mail an annual notice to the lender requesting current information on the lender's personnel and operation. The lender is required to complete the form and return it with the appropriate annual renewal fees to the VA regional office.

(Authority: 38 U.S.C. 501(a), 3702(d))

(e) Lender fees. To participate as a VA automatic lender, non-supervised lenders of the class described in 38 U.S.C. 3702(d)(3) shall pay fees as follows:
(1) $500 for new applications;
(2) $200 for reinstatement of lapsed or terminated automatic authority;
(3) $100 for each underwriter approval;
(4) $100 for each agent approval;
(5) A minimum fee of $100 for any other VA administrative action pertaining to a lender's status as an automatic lender;
(6) $200 annually for certification of home offices; and
(7) $100 annually for each agent renewal.

(f) Supervised lenders of the classes described in paragraphs (d)(1) and (d)(2) of 38 U.S. Code 3702 participating in VA's Loan Guaranty Program shall pay fees as follows:
(1) $100 fee for each agent approval; and
(2) $100 annually for each agent renewal.

Authority: 38 U.S.C. 501(a) and 3703(c)(1)

(g) Lenders participating in VA's Lender Appraisal Processing Program shall pay a fee of $100 for approval of each staff appraisal reviewer.

[EFFECTIVE DATE NOTE: 63 FR 12001, 12004, March 12, 1998, amended this section, effective Apr. 13, 1998.]

§ 36.4349 Withdrawal of authority to close loans on the automatic basis.
(a)(1) As provided in 38 U.S.C. 3702(e), the authority of any lender to close loans on the automatic basis may be withdrawn by the Secretary at any time upon 30 days notice. The automatic processing authority of both supervised and nonsupervised lenders may be withdrawn for engaging in practices which are imprudent from a lending standpoint or which are prejudicial to the interests of veterans or the Government but are of a lesser degree than would warrant complete suspension or debarment of the lender from participation in the program.
(2) Automatic-processing authority may be withdrawn at any time for failure to meet basic qualifying and/or annual recertification criteria.
(i) Non-supervised lenders. (A) Automatic authority may be withdrawn for lack of a VA-approved underwriter, failure to maintain $50,000 in working capital or $250,000 in adjusted net worth, or failure to file required financial information.
(B) During the 1-year probationary period for newly approved lenders, automatic authority may be temporarily or permanently withdrawn for any of the reasons set forth in this section regardless of whether deficiencies previously have been brought to the attention of the probationary lender.
(ii) Supervised lenders. Automatic authority will be withdrawn for loss of status as an entity subject to examination and supervision by a Federal or State supervisory agency as required by 38 U.S.C. 3702(d).
(3) Automatic processing authority may also be withdrawn for any of the causes for debarment set forth at § 44.305 of this title.
(b) Authority to close loans on the automatic basis may also be temporarily withdrawn for a period of time under the following schedule.
(1) Withdrawal for 60 days:
(i) Automatic loan submissions show deficiencies in credit underwriting, such as use of unstable sources of income to qualify the borrower, ignoring significant adverse credit items affecting the applicant's creditworthiness, etc., after such deficiencies have been repeatedly called to the lender's attention;
(ii) Employment or deposit verifications are handcarried by applicants or otherwise improperly permitted to pass through the hands of a third party;
(iii) Automatic loan submissions are consistently incomplete after such deficiencies have been repeatedly called to the lender's attention by VA; or
(iv) There are continued instances of disregard of VA requirements after they have been called to the lender's attention.

(2) Withdrawal for 180 days:
(i) Loans are closed automatically which conflict with VA credit standards and which would not have been made by a lender acting prudently;
(ii) The lender fails to disclose to VA significant obligations or other information so material to the veteran's ability to repay the loan that undue risk to the Government results;
(iii) Employment or deposit verifications are allowed to be handcarried by applicant or otherwise mishandled, resulting in the submission of significant misinformation to VA;
(iv) Substantiated complaints are received that the lender misrepresented VA requirements to veterans to the detriment of their interests (e.g., veteran was dissuaded from seeking a lower interest rate based on lender's incorrect advice that such options were precluded by VA requirements);
(v) Closing documentation shows instances of improper charges to the veteran after the impropriety of such charges has been called to the lender's attention by VA, or refusal to refund such charges after notification by VA; or
(vi) There are other instances of lender actions which are prejudicial to the interests of veterans such as deliberate delays in scheduling loan closings.

(3) Withdrawal for a period of from one year to three years:
(i) The lender fails to properly disburse loans (e.g., loan disbursement checks returned due to insufficient funds);
(ii) There is involvement by the lender in the improper use of a veteran's entitlement (e.g., knowingly permitting the veteran to violate occupancy requirements, lender involvement in sale of veteran's entitlement, etc.).

(4) A continuation of actions that have led to previous withdrawal of automatic authority justifies withdrawal of automatic authority for the next longer period of time.

(5) Withdrawal of automatic processing authority does not prevent a lender from processing VA guaranteed loans on the prior approval basis.

(6) Action by VA to remove a lender's automatic authority does not prevent VA from also taking debarment or suspension action based on the same conduct by the lender.

(7) VA field facilities are authorized to withdraw automatic privileges for 60 days, based on any of the violations set forth in paragraphs (b)(1) through (b)(3) of this section, for nonsupervised lenders without operations in other stations' jurisdictions. All determinations regarding withdrawal of automatic authority for longer periods of time or multi-jurisdictional lenders must be made in Central Office.

(c) VA will provide 30 days notice of a withdrawal of automatic authority in order to enable the lender to either close or obtain prior approval for a loan on which processing
has begun. There is no right to a formal hearing to contest the withdrawal of automatic processing privileges. However, if within 15 days after receiving notice the lender requests an opportunity to contest the withdrawal, the lender may submit in person, in writing, or through a representative, information and argument in opposition to the withdrawal.

(d) If the lender's submission in opposition raises a dispute over facts material to the withdrawal of automatic authority, the lender will be afforded an opportunity to appear with a representative, submit documentary evidence, present witnesses, and confront any witnesses VA presents. The Under Secretary for Benefits will appoint a hearing officer or panel to conduct the hearing.

(e) A transcribed record of the proceedings shall be made available at cost to the lender, upon request, unless the requirement for a transcript is waived by mutual agreement.

(f) In actions based upon a conviction or civil judgment, or in which there is no genuine dispute over material facts, the Under Secretary for Benefits shall make a decision on the basis of all the information in the administrative record, including any submission made by the lender.

(g) In actions in which additional proceedings are necessary to determine disputed material facts, written findings of fact will be prepared by the hearing officer or panel. The Under Secretary for Benefits shall base the decision on the facts as found, together with any information and argument submitted by the lender and any other information in the administrative record.

§ 36.4350 Estate of veteran in real property.

(a) The estate in the realty acquired by the veteran, wholly or partly with the proceeds of a guaranteed or insured loan, or owned by him and on which construction, or repairs, or alterations or improvements are to be made, shall be not less than:

1. A fee simple estate therein, legal or equitable; or
2. A leasehold estate running or renewable at the option of the lessee for a period of not less than 14 years from the maturity of the loan, or to any earlier date at which the fee simple title will vest in the lessee, which is assignable or transferable, if the same be subjected to the lien; however, a leasehold estate which is not freely assignable and transferable will be considered an acceptable estate if it is determined by the Under Secretary for Benefits, or the Director, Loan Guaranty Service, (i) that such type of leasehold is customary in the area where the property is located, (ii) that a veteran or veterans will be prejudiced if the requirement for free assignability is adhered to and, (iii) that the assignability and other provisions applicable to the leasehold estate are sufficient to protect the interests of the veteran and the Government and are otherwise acceptable; or

(3) A life estate, provided that the remainder and reversionary interests are subjected to the lien; or
(4) A beneficial interest in a revocable Family Living Trust that ensures that the veteran, or veteran and spouse, have an equitable life estate, provided the lien attaches to any remainder interest and the trust arrangement is valid under State law.
The title to such estate shall be such as is acceptable to informed buyers, title companies, and attorneys, generally, in the community in which the property is situated, except as modified by paragraph (b) of this section.
(b) Any such property or estate will not fail to comply with the requirements of paragraph (a) of this section by reason of the following:
(1) Encroachments;
(2) Easements;
(3) Servitudes;
(4) Reservations for water, timber, or subsurface rights;
(5) Sale and lease restrictions:
   (i) Except as to condominiums, the right in any grantor or cotenant in the chain of title, or a successor of either, to purchase for cash, which right was established by an instrument recorded prior to December 1, 1976, and by the terms thereof is exercisable only if:
      (A) An owner elects to sell,
      (B) The option price is not less than the price at which the then owner is willing to sell to another, and
      (C) Exercised within 30 days after notice is mailed by registered mail to the address of optionee last known to the then owner of the then owner's election to sell, stating the price and the identity of the proposed vendee;
   (ii) A condominium estate established by the filing for record of the Master Deed, or other enabling document before December 1, 1976 will not fail to comply with the requirements of paragraph (a) of this section by reason of:
      (A) Prohibition against leasing a unit for a period of less than 6 months.
      (B) The existence of a right of first option to purchase or right to provide a substitute buyer reserved to the condominium association provided such option or right is exercisable only if:
         (1) An owner elects to sell,
         (2) The option price is not less than the price at which the then owner is willing to sell to another,
         (3) The terms and conditions under which the option price is to be paid are identical to or are not less favorable to the owner than the terms and conditions under which the owner was willing to sell to the owner's prospective buyer, and
         (4) Notice of the association's decision to exercise the option must be mailed to the owner by registered or certified mail within 30 days after notice is mailed by registered or certified mail to the address of the association last known to the owner of the owner's election to sell, stating the price, terms of sale, and the identity of the proposed vendee;
      (iii) Any property subject to a restriction on the owner's right to convey to any party of the owner's choice, which restriction is established by a document recorded on or after December 1, 1976, will not qualify as security for a guaranteed or insured loan. A prohibition or restriction on leasing an individual unit in a condominium will not cause
the condominium estate to fail to qualify as security for such loan, provided the restriction is in accordance with § 36.4358(c);
(iv) Notwithstanding the provisions of paragraphs (b)(5) (i), (ii), and (iii) of this section, a property shall not be considered ineligible pursuant to paragraph (a) of this section if:
(A) The veteran obtained the property under a State or local political subdivision program designed to assist low- or moderate-income purchasers, and as a condition the purchaser must agree to one or more of the following restrictions:
(1) If the property is resold within a time period as established by local law or ordinance, after the purchaser acquires title, the purchaser must first offer the property to the government housing agency, or a low- or moderate-income purchaser designated by such agency, provided the option to purchase is exercised within 90 days after notice by the purchaser to the agency of intention to sell;
(2) If the property is resold within a time period as established by local law or ordinance after the purchaser acquires title, a governmental agency may specify a maximum price which the veteran may receive for the property upon resale; or
(3) Such other restriction approved by the Secretary designed to insure either that a property acquired under such program again be made available to low- or moderate-income purchasers, or to prevent a private purchaser from obtaining a windfall profit on the resale of such property, while assuring that the purchaser has a reasonable opportunity to dispose of the property without undue difficulty at a reasonable price. The sale price of a property under any of the restrictions of paragraph (b)(5)(iv)(A) of this section shall not be less than the lowest of the following: The price designated by the owner as the asking price; the appraised value of the property; or the original purchase price of the property, increased by a factor reflecting all or a reasonable portion of the increased costs of housing or the percentage increase in median income in the area between the date of original purchase and resale, plus the reasonable value or actual costs of any capital improvements made by the owner plus a reasonable real estate commission less the cost of necessary repairs required to place the property in saleable condition; or other reasonable formula approved by the Secretary. The veteran must be fully informed and consent in writing to the housing restrictions. A copy of the veteran's consent statement must be forwarded with the application for home loan guaranty or the report of a home loan processed on the automatic basis; or
(Authority: 38 U.S.C. 3703(c))
(B) A recorded restriction on title designed to provide housing for older persons, provided that the restriction is acceptable under the provisions of the Fair Housing Act, title VIII of the Civil Rights Act of 1968, as amended by the Fair Housing Amendments Act of 1988, 42 U.S.C. 3601 et seq. The veteran must be fully informed and consent in writing to the restrictions. A copy of the veteran's consent statement must be forwarded with the application for home loan guaranty or the report of a home loan processed on the automatic basis;
(Authority: 38 U.S.C. 501, 3703(c)(1))
(6) Building and use restrictions whether or not enforceable by a reverter clause if there has been no breach of the conditions affording a right to an exercise of the reverter;
(7) Any other covenant, condition, restriction, or limitation approved by the Secretary in the particular case. Such approval shall be a condition precedent to the guaranty or insurance of the loan;
(8) [Redesignated as paragraph (b)(7). See 61 FR 28057, 28059, June 4, 1996.]
Provided, That the limitations on the quantum or quality of the estate or property that are
indicated in this paragraph, insofar as they may materially affect the value of the property
for the purpose for which it is used, are taken into account in the appraisal of reasonable
value required by 38 U.S.C. chapter 37.
(c) The following limitations on the quantum or quality of the estate or property shall be
deemed for the purposes of paragraph (b) of this section to have been taken into account
in the appraisal of residential property and determined by the Secretary as not materially
affecting the reasonable value of such property:
(1) Building or use restrictions. Provided, (i) no violation exists, (ii) the proposed use by
a veteran does not presage a violation of a condition affording a right of reverter, and (iii)
any right of future modification contained in the building or use restrictions is not
exercisable, by its own terms, until at least 10 years following the date of the loan.
(2) Violations of racial and creed restrictions. Violations of a restriction based on race,
color, creed, or national origin, whether or not such restriction provides for reversion or
forfeiture of title or a lien for liquidated damages in the event of a breach.
(3) Violations of building or use restrictions of record. Violations of building or use
restrictions of record which have existed for more than 1 year, are not the subject of
pending or threatened litigation, and which do not provide for a reversion or termination
of title, or condemnation by municipal authorities, or, a lien for liquidated damages which
may be superior to the lien of the guaranteed or insured mortgage.
(4) Easements. (i) Easements for public utilities along one or more of the property lines
and easements for drainage or irrigation ditches, provided the exercise of the rights
thereof do not interfere with the use of any of the buildings or improvements located on
the subject property.
(ii) Mutual easements for joint driveways located partly on the subject property and
partly on adjoining property, provided the agreement is recorded in the public records.
(iii) Easements for underground conduits which are in place and which do not extend
under any buildings in the subject property.
(5) Encroachments. (i) On the subject property by improvements on the adjoining
property where such encroachments do not exceed 1 foot within the subject boundaries,
provided such encroachments do not touch any buildings or interfere with the use or
enjoyment of any building or improvement on the subject property.
(ii) By hedges or removable fences belonging to subject or adjoining property.
(iii) Not exceeding 1 foot on adjoining property by driveways belonging to subject
property, provided there exists a clearance of at least 8 feet between the buildings on the
subject property and the property line affected by the encroachment.
(6) Variations of lot lines. Variations between the length of the subject property lines as
shown on the plot plan or other exhibits submitted to Department of Veterans Affairs and
as shown by the record or possession lines, provided such variations do not interfere with
the current use of any of the improvements on the subject property and do not involve a
deficiency of more than 2 percent with respect to the length of the front line or more than
5 percent with respect to the length of any other line.

§ 36.4351 Loans, first, second, or unsecured.
Loans for the purchase of real property or a leasehold estate as limited in the regulations concerning guaranty or insurance of loans to veterans, or for the alteration, improvement, or repair thereof, and for more than $1,500 and more than 40 percent of the reasonable value of such property or estate prior thereto shall be secured by a first lien on the property or estate. Loans for such alteration, improvement, or repairs for more than $1,500 but 40 percent or less of the prior reasonable value of the property shall be secured by a lien reasonable and customary in the community for the type of alteration, improvement, or repair financed. Those for $1,500 or less need not be secured, and in lieu of the title examination the lender may accept a statement from the borrower that he or she has an interest in the property not less than that prescribed in § 36.4350(a).

[43 FR 51016, Nov. 2, 1978]

§ 36.4352 Tax, special assessment and other liens.
Tax liens, special assessment liens, and ground rents shall be disregarded with respect to any requirement that loans shall be secured by a lien of specified dignity. With the prior approval of the Secretary, Under Secretary for Benefits, or Director, Loan Guaranty Service, liens retained by nongovernmental entities to secure assessments or charges for municipal type services and facilities clearly within the public purpose doctrine may be disregarded. In determining whether a loan for the purchase or construction of a home is secured by a first lien the Secretary may also disregard a superior lien created by a duly recorded covenant running with the realty in favor of a private entity to secure an obligation to such entity for the homeowner's share of the costs of the management, operation, or maintenance of property, services or programs within and for the benefit of the development or community in which the veteran's realty is located, if the Secretary determines that the interests of the veteran-borrower and of the Government will not be prejudiced by the operation of such covenant. In respect to any such superior lien to be created after June 6, 1969, the Secretary's determination must have been made prior to the recordation of the covenant.

§ 36.4353 Combination residential and business property.
If otherwise eligible, a loan for the purchase or construction of a combination of residential property and business property which the veteran proposes to occupy in part as a home will be eligible under 38 U.S.C. 3710, if the property is primarily for residential purposes and no more than one business unit is included in the property.
§ 36.4354 [Reserved]

§ 36.4355 Supplemental loans.
(a) Any loan for the alteration, repair, improvement, extension, replacement, or expansion of a home, with respect to which a guaranteed or insured obligation of the borrower is currently outstanding, may be reported for guaranty or insurance coverage, if such loan is made by the holder of the currently outstanding obligation, notwithstanding the fact no guaranty entitlement remains available to the borrower; Provided, That if no entitlement remains available the maximum amount payable on the revised guaranty shall not exceed the amount payable on the original guaranty on the date of closing the supplemental loan, and the percentage of guaranty shall be based upon the proportion the said maximum amount bears to the aggregate indebtedness, or, in the case of an insured loan, no additional credit to the holder's insurance account may be made: Provided further, That the prior approval of the Secretary shall be required if (1) The loan will be made by a lender who is not the holder of the currently guaranteed or insured obligation; or (2) The loan will be made by a lender not of a class specified in 38 U.S.C. 3702(d); or (3) An obligor liable on the currently outstanding obligation will be released from personal liability.
In any case in which the unpaid balance of the prior loan currently outstanding is combined or consolidated with the amount of the supplemental loan, the entire aggregate indebtedness shall be repayable in full within the maximum maturity currently prescribed by statute for the original loan. No supplemental loan for the repair, alteration, or improvement of residential property will be eligible for guaranty or insurance unless such repair, alteration, or improvement substantially protects or improves the basic livability or utility of the property involved.
(b) Such loans shall be secured as required in § 36.4351: Provided, That a lien of lesser dignity than therein specified will suffice if the lien obtained is immediately junior to the lien of the original guaranteed or insured obligation: Provided further, The liens of successive supplemental loans may be of lesser dignity so long as they are immediately junior to the lien of the last previous guaranteed or insured obligation having a lien of required dignity.
(c) Upon providing or extending guaranty or insurance coverage in respect to any such supplemental loan, the rights of the Secretary to the proceeds of the sale of security shall be subordinate to the right of the holder to satisfy therefrom the indebtedness outstanding on the original and supplemental loans.

§ 36.4356 Condominium loans -- general.
(a) Authority -- applicability of other loan guaranty regulations, 38 CFR Part 36. A loan to an eligible veteran to purchase a one-family residential unit in a condominium housing development or project shall be eligible for guaranty or insurance to the same extent and on the same terms as other loans under 38 U.S.C. 3710 provided the loan

The loan must also conform to the otherwise applicable provisions of the regulations concerning the guaranty or insurance of loans to veterans. Sections 36.4353, 36.4355, and 36.4364 shall not be applicable.

(b) Definitions. On and after July 1, 1979, the following definitions shall be applicable to each condominium loan entitled to be guaranteed or insured, and shall be applicable to such loans previously guaranteed or insured to the extent that no legal rights vested thereunder are impaired. Whenever used in 38 U.S.C. chapter 37 or the § 36.4300 series, unless the context otherwise requires, the terms defined in this paragraph shall have the meaning stated.

(1) Affiliate of declarant. Affiliate of declarant means any person or entity which controls, is controlled by, or is under common control with, a declarant.

(i) A person or entity shall be considered to control a declarant if that person or entity is a general partner, officer, director, or employee of the declarant who:

(a) Directly or indirectly or acting in concert with one or more persons, or through one or more subsidiaries, owns, controls, or holds with power to vote, or holds proxies representing, more than 20 percent of the voting shares of the declarant;

(b) Controls in any manner the election of a majority of the directors of the declarant; or

(c) Has contributed more than 20 percent of the capital of the declarant.

(ii) A person or entity shall be considered to be controlled by a declarant if the declarant is a general partner, officer, director, or employee of that person or entity who:

(a) Directly or indirectly or acting in concert with one or more persons or through one or more subsidiaries, owns, controls, or holds with power to vote, or holds proxies representing, more than 20 percent of the voting shares of that person or entity;

(b) Controls in any manner the election of a majority of the directors of that person or entity; or

(c) Has contributed more than 20 percent of the capital of that person or entity.

(2) Condominium. Unless otherwise provided by State law, a condominium is a form of ownership in which the buyer receives title to a three dimensional air space containing the individual living unit together with an undivided interest or share in the ownership of common elements (restatement of § 36.4301, Condominium).

(3) Conversion condominium. Condominium projects not originally built and sold as condominiums but subsequently converted to the condominium form of ownership.

(4) Declarant. Any person who has executed a declaration or an amendment to a declaration to add additional real estate to the project or any successors or assigns of the declarant who offers to sell or sells units in the condominium project and who assumes declarant rights in the project including the right to: Add, convert or withdraw real estate from the condominium project; maintain sales offices, management offices and rental units; exercise easements through the common elements for the purpose of making improvements within the condominium; or exercise control of the owner's association.

Declarant is further defined as any sponsor of a project or affiliate of the declarant who is acting on behalf of or exercising the rights of the declarant.

(5) Existing -- declarant in control or marketing units. A condominium in which all onsite or offsite improvements were completed or the conversion was completed prior to appraisal by the Department of Veterans Affairs, but the declarant is in control of the

(6) Existing -- resale. A condominium in which all onsite or offsite improvements were completed, or the conversion was completed prior to appraisal by the Department of Veterans Affairs, and the declarant is no longer in control of the owners' association and/or marketing units for initial transfer to individual unit owners.

(7) Expandable condominium. A project which may be increased in size by the declarant. An expandable condominium is constructed in phases (or stages). After each phase is completed and constituted, the common estates are merged. Each unit owner, thereby, gains an individual interest in all of the facilities of the common estate.

(8) Foreclosure. Foreclosure shall mean the termination of a lien by either judicial or nonjudicial procedures in accordance with local law or the voluntary transfer of property by a deed-in-lieu of foreclosure or similar procedures.

(9) High rise condominium. A condominium project which is a multi-story elevator building.

(10) Horizontal condominium. A condominium project in which generally no part of a living unit extends over or under another living unit.

(13) Series condominium. A number of adjoining but separately constituted condominiums. An association of owners is established for each project, and each association is responsible for maintenance and upkeep of the common elements in its own project. Cross-easements between the separate condominiums may be created to permit members of the separate condominiums to use the common areas of the other condominiums.

(c) Project approval. Prior to Department of Veterans Affairs guaranty of an individual unit loan in a condominium, the legal documentation establishing the condominium project or development must be approved by the Secretary.

(1) Ownership of units by individual owners coupled with an undivided interest in all common elements.

(2) Ownership of units by individual owners coupled with an undivided interest in general common elements and specified limited common elements.

(3) Individual ownership of units coupled with an undivided interest in the general common elements and/or limited common elements, with title to additional property for

common use vested in an association of unit owners, with mandatory membership by unit owners or owners' associations. Any such arrangement must not be precluded by applicable State law.

(Authority: 38 U.S.C. 501, 3710(a)(6))

(b) Estate of unit owner. The legal estate of each unit owner must comply with the provisions of § 36.4350. The declaration or equivalent document shall allocate an undivided interest in the common elements to each unit. Such interest may be allocated equally to each unit, may be proportionate to that unit's relative size or value, or may be allocated according to any other specified criteria provided that the method chosen is equitable and reasonable for that condominium.

(Authority: 38 U.S.C. 501(1), 1803(c)(1), (d)(3), 1810(a)(6))

(c) Condominium documentation -- (1) Compliance with applicable law. The declaration, bylaws and other enabling documentation shall conform to the laws governing the establishment and maintenance of condominium regimes within the jurisdiction in which the condominium is located, and to all other laws which apply to the condominium.

(2) Recodiration. The declaration and all amendments or modifications thereof shall be placed of record in the manner prescribed by the appropriate jurisdiction. If recording of plats, plans, or bylaws or equivalent documents and all amendments or modifications thereof is the prevailing practice or is required by law within the jurisdiction where the project is located, then such documents shall be placed of record. If the bylaws are not recorded, then covenants, restrictions and other matters requiring record notice should be contained in the declaration or equivalent document.

(3) Availability. The owner's association shall be required to make available to unit owners, lenders and the holders, insurers and guarantors of the first mortgage on any unit, current copies of the declaration, bylaws and other rules governing the condominium, and other books, records and financial statements of the owners' association. The owners' association also shall be required to make available to prospective purchasers current copies of the declaration, bylaws, other rules governing the condominium, and the most recent annual audited financial statement, if such is prepared. "Available" as used in this paragraph (c)(3) shall at least mean available for inspection, upon request, during normal business hours or under other reasonable circumstances.

(Authority: 38 U.S.C. 501, 3703(c)(1), 3710(a)(6))

(d) Real property descriptions in the declaration -- (1) Clarity -- conformity with the law of the jurisdiction. The description of the units, common elements, any recreational facilities and other related amenities, and any limited common elements shall be clear and in conformity with the law of the jurisdiction where the project is located. Responsibility for maintenance and repair of all portions of the condominium shall be set forth clearly.

(2) Developmental plan -- proposed condominiums. The declaration or other legally enforceable and binding document must state in a reasonable manner the overall
development plan of the condominium, including building types, architectural style and the size of the units for those phases of the condominium which are required to be built. Under the applicable provisions of the declaration or such other legally enforceable and binding document, the development of the required portion of the condominium must be consistent with the overall plan, except that the declarant may reserve the right to change the overall plan or decide not to construct planned units or improvements to the common elements if the declaration sets forth the conditions required to be satisfied prior to the exercise of that right the time within which the right may be exercised, and any other limitations and criteria that would be necessary or appropriate under the particular circumstances. Such conditions, time restraints and other limitations must be reasonable in light of the overall plan for the condominium. In an expandable project, additional phases which are not required to be built may be described in the development plan in very general terms, or the declaration may provide that the declarant makes no assurances concerning the construction, building types, architectural style and size of the units, etc. of these phases. However, the minimum number of units to be built should be that which would be adequate to reasonably support the common elements. (See § 36.4360(a)(6).)

§ 36.4358 Rights and restrictions.
(a) Declarant's rights and restrictions -- (1) Disclosure and reasonableness of reserved rights. Any right reserved by the declarant must be reasonable and set forth in the declaration.
(2) Examples of reserved rights of declarant, sponsor, or affiliate of declarant which are usually unacceptable. Binding the owners' association either directly or indirectly to any of the following agreements is not acceptable unless the owner's association shall have a right of termination thereof which is exercisable without penalty at any time after transfer of control, upon not more than 90 days' notice to the other party thereto:
(i) Any management contract, employment contract or lease of recreational or parking areas or facilities;
(ii) Any contract or lease, including franchises and licenses, to which a declarant is a party.
The requirements of paragraphs (a)(2)(i) and (ii) of this section do not apply to acceptable ground leases.
(3) Examples of reserved rights which are usually acceptable. The following rights in the common elements may usually be reserved by the declarant for a reasonable period of time, subject to a concomitant obligation to restore:
(i) Easement over and upon the common elements and upon lands appurtenant to the condominium for the purpose of completing improvements for which provision is made in the declaration, but only if access thereto is otherwise not reasonably available.
(ii) Easement over and upon the common elements for the purpose of making repairs required pursuant to the declaration or contracts of sale made with unit purchasers.

(iii) Right to maintain facilities in the common areas which are identified in the declaration and which are reasonably necessary to market the units. These may include sales and management offices, model units, parking areas, and advertising signs.  
(Authority: 38 U.S.C. 501, 3704(c)(1), 3710(a)(6))

(b) Owners' association's rights and restrictions -- (1) Right of entry upon units and limited common elements. The owners' association shall be granted a right of entry upon unit premises and any limited common elements to effect emergency repairs, and a reasonable right of entry thereupon to effect other repairs, improvements, replacement or maintenance as necessary.  
(2) Power to grant rights and restrictions in common elements. The owners' association should be granted other rights, such as the right to grant utility easements under, through or over the common elements, which are reasonably necessary to the ongoing development and operation of the project.  
(3) Responsibility for damage to common elements and units. A provision may be made in the declaration or bylaws for allocation of responsibility for damages resulting from the exercise of any of the above rights.  
(4) Assessments -- (i) Levy and collection. The declaration or its equivalent shall describe the authority of the owners' association to levy and enforce the collection of general and special assessments for common expenses and shall describe adequate remedies for failure to pay such common expenses. The common expenses assessed against any unit, with interest, late charges, costs and a reasonable attorney's fee shall be a lien upon such unit in accordance with applicable law. Each such assessment, together with interest, late charges, costs, and attorney's fee, shall also be the personal obligation of the person who was the owner of such unit at the time the assessment fell due. The personal obligation for delinquent assessments shall not pass to successors in title or interest unless assumed by them, or required by applicable law. Common expenses as used in this subdivision shall mean expenditures made or liabilities incurred by or on behalf of the owners' association, together with any assessments for the creation and maintenance of reserves.  
(ii) Reserves and working capital. There shall be in new or proposed condominium projects (including conversions) a provision for an adequate reserve fund for the periodic maintenance, repair and replacement of the common elements, which fund shall be maintained out of regular assessments for common expenses. Additionally, a working capital fund must be established for the initial months of the project operations equal to at least a 2 months' estimated common area charge for each unit.  
(iii) Priority of lien. Any assessment lien must be subordinate to any Department of Veterans Affairs guaranteed mortgage except as provided in § 36.4352. A lien for common expense charges and assessments shall not be affected by any sale or transfer of a unit except that a sale or transfer pursuant to a foreclosure of a first mortgage shall extinguish a subordinate lien for common expense charges and assessments which became payable prior to such sale or transfer. Any such sale or transfer pursuant to a foreclosure shall not relieve the purchaser or transferee of a unit from liability for, nor the unit so sold or transferred from the lien of, any common expense charges thereafter becoming due.  
(Authority: 38 U.S.C. 501, 3703(c)(1), (d)(3), 3710(a)(6))

(c) Unit owners' rights and restrictions -- (1) Obligation to pay expenses. The declaration or equivalent document shall establish a duty on each unit owner, including the declarant,
to pay a proportionate share of common expenses upon being assessed therefor by the owners' association. Such share may be allocated equally to each unit, may be proportionate to that unit's common element interest, relative size or value, or may be allocated according to any other specified criteria provided that the method chosen is equitable and reasonable for that condominium.

(2) Voting rights. The declaration or equivalent document shall allocate a portion of the votes in the association to each unit. Such portion may be allocated equally to each unit, may be proportionate to that unit's common expense liability, common element interest, relative size or value, or may be allocated according to any other specified criteria provided that the method is equitable and reasonable for that condominium. The declaration may provide different criteria for allocations of votes to the units on particular specified matters and may also provide different percentages of required unit owner approvals for such particular specified matters.

(3) Ingress and egress of unit owners. There may not be any restriction upon any unit owner's right of ingress and egress to his or her unit.

(4) Encroachments -- units and common elements -- (i) Easements for encroachments. In the event any portion of the common elements encroaches upon any unit or any unit encroaches upon the common elements or another unit as a result of the construction, reconstruction, repair, shifting, settlement, or movement of any portion of the improvements, a valid easement for the encroachment and for the maintenance of the same shall exist so long as the encroachment exists. The declaration may provide, however, reasonable limits on the extent of any easement created by the overlap of units, common elements, and limited common elements resulting from such encroachments; or (ii) Monuments as boundaries. If permitted by the governing law within the jurisdiction where the project is located, the existing physical boundaries of a unit or a common element or the physical boundaries of a unit or a common element reconstructed in substantial accordance with the original plats and plans thereof become its boundaries rather than the metes and bounds expressed in the deed, plat or plan, regardless of settling or lateral movement of the building, or minor variance between boundaries shown on the plats, plans or in the deed and those of the building. The declaration should provide reasonable limits on the extent of any such revised boundary(ies) created by the overlap of units, common elements, and limited common elements resulting from such encroachments.

(5) Right of first refusal. The right of a unit owner to sell, transfer, or otherwise convey his or her unit in a condominium shall not be subject to any right of first refusal or similar restriction if the declaration or similar document is recorded on or after December 1, 1976. If the declaration was recorded prior to December 1, 1976, the right of first refusal must comply with § 36.4350(b)(5)(ii); Provided, however, restrictions on the basis of age or restrictions established by a State, Territorial, or local government agency as part of a program for providing assistance to low- and moderate-income purchasers shall be governed by § 36.4350(b)(5)(iv).

(Authority: 38 U.S.C. 3703(c))

(6) Leasing restrictions. Except as provided in this paragraph, there shall be no prohibition or restriction on a condominium unit owner's right to lease his or her unit. The following restrictions are acceptable:

(i) A requirement that leases have a minimum initial term of up to 1 year, or
(ii) Age restrictions or restrictions imposed by State or local housing authorities which are allowable under § 36.4308(e) or § 36.4350(b)(5)(iv).

d) Rights of action. The owners' association and any aggrieved unit owner should be granted a right of action against unit owners for failure to comply with the provisions of the declaration, bylaws, or equivalent documents, or with decisions of the owners' association which are made pursuant to authority granted the owners' association in such documents. Unit owners should have similar rights of action against the owners' association.

(Authority: 38 U.S.C. 501, 3703(c)(1), 3710(a)(6))

§ 36.4359 Miscellaneous legal requirements.

(a) Declarant transfer of control of owners' association -- (1) Standards for transfer of control. The declarant shall relinquish all special rights, expressed or implied, through which the declarant may directly or indirectly control, direct, modify, or veto any action of the owners' association, its executive board, or a majority of unit owners, and control of the owners' association shall pass to the owners of units within the project, not later than the earlier of the following:

(i) 120 days after the date by which 75 percent of the units have been conveyed to unit purchasers, or

(ii) The last date of a specified period of time following the first conveyance to a unit purchaser; such period of time is to be reasonable for the particular project. The maximum acceptable period usually will be from 3 to 5 years for single-phased condominium regimes and 5 to 7 years for expandable condominiums.

(iii) On a case basis, modifications or variations of the requirements of paragraphs (a)(1)(i) and (ii) of this section will be acceptable, particularly in circumstances involving very large condominium developments.

(2) Declarant's unit votes after transfer of control. The requirements of paragraph (a)(1) of this section shall not affect the declarant's rights, as a unit owner, to exercise the votes allocated to units which declarant owns.

(3) Unit owners' participation in management. Declarants should provide for and foster early participation of unit owners in the management of the project.

(b) Taxes. Unless otherwise provided by State law, real estate taxes must be assessed and be lienable only against the individual units, together with their undivided interests in the common elements, and not against the multifamily structure. The owners' association usually owns no real estate, so it has no obligation concerning ad valorem taxes. Unless taxes are assessed only against the individual units, a tax lien could amount to more than the value of any particular unit in the structure.

(c) [Reserved]

(d) Policies for bylaws. The bylaws of the condominium should be sufficiently detailed for the successful governance of the condominium by unit owners. Among other things, such documents should contain adequate provisions for the election and removal of directors and officers.

(e) Insurance and related requirements -- (1) Insurance. The holder shall require hazard and flood insurance policies to be procured and maintained in accordance with § 36.4326.
Because of the nature of condominiums, additional types of insurance coverages -- such as tort liability insurance for injuries sustained on the premises, personal liability insurance for directors and officers managing association affairs, boiler insurance, etc. -- should be considered in appropriate circumstances.

(2) Fidelity bond coverage. The securing of appropriate fidelity bond coverage is recommended but not required, for any person or entity handling funds of the owners' association, including, but not limited to, employees of the professional managers. Such fidelity bonds should name the association as an obligee, and be written in an amount equal to at least the estimated maximum of funds, including reserve funds, in the custody of the owners' association or the management agent at any given time during the term of the fidelity bond. However, the bond should not be less than a sum equal to 3 months' aggregate assessments on all units plus reserve funds.

§ 36.4360 Documentation and related requirements -- flexible condominiums and condominiums with offsite facilities.

(a) Expandable condominiums. The following policies apply to condominium regimes which may be increased in size by the declarant:

(1) The declarant's right to expand the regime must be fully described in the declaration. The declaration must contain provisions adequate to ensure that future improvements to the condominium will be consistent with initial improvements in terms of quality of construction. The declarant must build each phase in accordance with an approved general plan for the total development (§ 36.4357(d)(2)) supported by detailed plats and plans of each phase prior to the construction of the particular phase.

(2) The reservation of a right to expand the condominium regime, the method of expansion and the result of an expansion must not affect the statutory validity of the condominium regime or the validity of title to the units.

(3) The declaration or equivalent document must contain a covenant that the condominium regime may not be amended or merged with a successor condominium regime without prior written approval of the Secretary. The declarant may have the proposed legal documentation to accomplish the merger reviewed prior to recordation. However, the Secretary's final approval of the merger will not be granted until the successor condominium has been legally established and construction completed. The declarant may add phases to an expandable condominium regime without the prior approval of the Secretary if the phasing implements a previously approved general plan for the total development. A copy of the amendment to the declaration or other annexation document which adds each phase must be submitted to the Secretary in accordance with § 36.4360a(b)(6).

(4) Liens arising in connection with the declarant's ownership of, and construction of improvements upon, the property to be added must not adversely affect the rights of existing unit owners, or the priority of first mortgages on units in the existing condominium property. All taxes, assessments, mechanic's liens, and other charges affecting such property, covering any period prior to the addition of the property, must be paid or otherwise satisfactorily provided for by the declarant.
(5) The declarant must purchase (at declarant's own expense) a general liability insurance policy in an amount not less than $1 million for each occurrence, to cover any liability which owners of previously sold units are exposed to as a result of further condominium project development.

(6) Each expandable project shall have a specified maximum number of units which will give each unit owner a minimum percentage of interest in the common elements. Each project shall also have a specified minimum number of units which will give each unit owner a maximum percentage of interest in the common elements. The minimum number of units to be built should be that which would be adequate to reasonably support the common elements. The maximum number of units to be built should be that which would not overload the capacity of the common facilities. The maximum possible percentage(s) and the minimum possible percentage(s) of undivided interest in the common elements for each type of unit must be stated in the declaration or equivalent document.

(7) The declaration or equivalent document shall set forth clearly the basis for reallocation of unit owner's ownership interests, common expense liabilities and voting rights in the event the number of units in the condominium is increased. Such reallocation shall be according to the applicable criteria set forth in §§ 36.4357(b) and 36.4358(c)(1) and (2).

(8) The declarant's right to expand the condominium must be for a reasonable period of time with a specific ending date. The maximum acceptable period will usually be from 5 to 7 years after the date of recording the declaration. On a case basis, longer periods of expansion rights will be acceptable, particularly in circumstances involving sizable condominium developments.

(b) Series projects. (1) Each phase in the series approach is to be considered as a separate project. A separate set of legal documents must be filed for each phase or project that relates to the condominium within its own boundary. The declaration for each phase must describe the particular project as a part of the whole development area, but subject only the one phase to the condominium regime. A separate unit ratio must be established that would relate each unit to all units of the particular condominium for purposes of ownership in the common areas, voting rights and assessment liability. A separate association may be created to govern the affairs of each condominium. Each phase is subject to a separate presale requirement.

(2) In the case of proposed projects, or projects under construction, the declaration should state the number of total units that the developer intends to build on other sections of the development area.

(c) Other flexible condominiums. Condominiums containing withdrawable real estate (contractable condominiums) and condominiums containing convertible real estate (portions of the condominium within which additional units or limited common elements, or both, may be created) will be considered acceptable provided the flexible condominium complies with the § 36.4300 series.

(a) Existing resale condominiums. Upon acceptance by the local office of the organizational documents, the project and unit(s) proposed as security for guaranteed financing shall be appraised to ensure that they meet MPR's (Minimum Property Requirements) and are safe, sanitary, and structurally sound. The Department of Veterans Affairs MPR's for existing construction apply to all existing resale condominiums including conversions, except that water, heating, ventilating, air conditioning and sewer service may be supplied from a central source. 

(Authority: 38 U.S.C. 501, 3703(c)(1), 3710(a)(6), (b)(5))

(b) Proposed condominiums or existing condominiums with declarant in control or marketing units --

(1) Low rise and high rise condominiums. Low rise and high rise condominiums shall comply with local building codes. Only the alterations, improvements, or repairs to low rise and high rise buildings proposed to be converted to the condominium form of ownership must comply with current local building codes, unless local authorities require total code compliance on the entire structure when a building is being converted to the condominium form of ownership. In those areas where local standards are nonexistent, inferior to, or in conflict with Department of Veterans Affairs objectives, a certification will be required from a registered professional architect and/or registered engineer certifying that the plans and specifications conform to one of the national building codes which is typical of similar construction methods and standards for condominiums used in the area. Those portions of the condominium conversion which are not being altered, improved or repaired must be appraised in accordance with paragraph (a) of this section.

(2) Horizontal condominiums. Department of Veterans Affairs policies and procedures applicable to single-family residential construction shall also apply to horizontal condominiums. Proposed or existing (declarant in control or marketing units) horizontal condominium conversions shall comply with current local building codes for alterations and improvements or repairs made to convert the building to the condominium form of ownership unless local authorities require total code compliance on the entire structure when a building is being converted to the condominium form of ownership. In those areas where local standards are nonexistent, inferior to, or in conflict with Department of Veterans Affairs objectives, a certification will be required from a professional architect and/or registered engineer certifying that the plans and specifications conform to one of the national building codes which is typical of similar construction methods and standards for condominiums used in the area. Those portions of the condominium conversion which are not being altered, improved or repaired must be appraised in accordance with paragraph (a) of this section.

(Authority: 38 U.S.C. 501, 3703(c)(1))

(3) Unit completion. All units in the individual project or phase must be substantially completed except for customer preference items, such as interior finishes, appliances or equipment.

(4) Common element completion. All amenities of the condominium (to include offsite community facilities), that are to be considered in the unit value, must be bound legally to the condominium regime. All such amenities as well as the common elements of the project, must be substantially completed and available for use by the unit owners. In large multi-phase projects, the declarant should construct common elements in a manner consistent with the addition of units to support the entire development. The Secretary, in
appropriate cases, may approve the placement of adequate funds by the declarant in an escrow or otherwise earmarked account or accept a letter of credit or surety bond to assure completion of amenities and allow closing of VA-guaranteed (or insured) loans. Such funds must be adequate to assure completion of the amenities free and clear of all liens.

(Authority: 38 U.S.C. 501, 3703(c)(1), 3710(a)(6))

(5) Information brochure/public offering statement. When units are being sold by the declarant (not applicable to resales), an information brochure/public offering statement must be given to veteran buyers prior to the time a downpayment is received and an agreement is signed, unless State law authorized receipt of the downpayment and delivery of the information brochure followed by a period in which purchasers may cancel the purchase agreement without penalty for a specified number of days. Information brochures must be written in simple terms to inform buyers that the association does not provide owner's contents and personal liability policies which are the owner's responsibility. In the event the development is expandable, series, etc., there must be full disclosure of the impact of the total development plan. In expandable, series or other projects with more than one phase, the information brochure must disclose fully later development rights, and the general plans of the declarant for additional phases. If the declarant makes no assurance concerning phases which are not required to be built, the declarant should state that no assurances are given concerning construction, unit sizes, building types, architectural styles, etc. In condominium conversions, the information brochure must list the major structural and mechanical components and the estimated remaining useful life of the components. A brief explanation must be furnished in the brochure explaining that certain major structural or mechanical components may require replacement within a specified time period. If the declarant has elected to place funds into a condominium reserve fund for replacement of a major component under the provisions of § 36.4360a(b)(7), the amount of the contribution into the reserve fund must be specified in the information brochure.

(6) Evidence of proper phasing. In an expandable or flexible condominium, evidence of the addition of each phase in accordance with a previously approved general plan of development must be submitted to the Secretary prior to the guaranty of the first loan in the added area.

(7) Additional condominium conversion requirements. (i) The declarant of a condominium project, which is (A) proposed, (B) under construction, or (C) an existing project with a declarant in control or marketing units not previously occupied, must furnish structural and mechanical common element component statements on the present condition of all accessible structural and mechanical components material to the use and enjoyment of the condominium. These statements must be completed by a registered professional engineer and/or architect prior to the guaranty of the first unit loan in the project. Each statement must also give an estimate of the expected useful life of the roof, elevators, heating and cooling, plumbing and electrical systems assuming normal maintenance. A minimum of 10 years estimated remaining useful life is required on all structural and mechanical components. In the alternative, the declarant may contribute an amount of funds to the condominium reserve fund equal to a minimum of 1/10 (one-tenth) of the estimated costs of replacement of a major structural or mechanical component (as determined by an independent registered professional architect or engineer) for each year
of estimated remaining useful life less than 10 years, e.g. 7 years remaining useful life
equals a 3/10 required declarant contribution to the reserve fund of the component's
estimated replacement cost. The noted statements and remaining useful life requirement
are not applicable to existing resale conversion projects when the declarant is no longer
marketing units and/or in control of the association. Expandable or series condominium
conversions require engineering and architectural statements on each stage or phase.
(ii) In declarant controlled projects, a statement(s) by the local authority(ies) of the
adequacy of offsite utilities servicing the site (e.g., sanitary or water) is required. If a
local authority(ies) declines to issue such a statement(s), a statement(s) may be obtained
from a registered professional engineer. If local authority(ies) declines to issue such a
statement(s), a statement(s) may be obtained from a registered professional engineer.
(c) Presale requirements -- (1) Proposed construction or existing declarant in control.
Bona fide agreements of sale must have been executed by purchasers other than the
declarant (who are obligated contractually to complete the purchase) of 70 percent of the
total number of units in the project. Lenders shall certify as to satisfaction of the presale
requirement prior to VA guaranty of the first unit loan. When a declarant can demonstrate
that a lower percentage would be justified, the Secretary, on an individual case basis, may
approve a presale requirement of less than 70 percent. Reduction of the 70 percent
presale requirement will be considered when:
(i) Strong initial sales demonstrate a ready market, or
(ii) The declarant will provide cash assets or acceptable bonds for payment of full
common area assessments to the owners' association until such assessments are assumed
by unit purchasers, or
(iii) Subsequent phases of an overall development are being undertaken in a proven
market area, or
(iv) Previous experience in similar projects in the same market area indicates strong
market acceptance, or
(v) The development is in a market area that has repeatedly indicated acceptance of such
projects.
(2) Multiphase -- proposed or existing declarant in control. The requirements of
paragraph (c)(1) of this section shall apply to each individual phase of a multiphase
development, taking into consideration that each individual phase must be capable of
self-support in the event that the developer does not complete all planned phases.
(d) Warranty. Except in condominium conversion projects, each CRV (Certificate of
Reasonable Value) issued by the Secretary relating to a proposed or existing not
previously occupied dwelling unit in a condominium project shall be subject to the
express condition that the builder, seller, or the real party in interest in the transaction
shall deliver to the veteran purchasing the dwelling unit with the aid of a guaranteed or
insured loan a warranty against defects for the unit and common elements. The unit shall
be warranted for 1 year from the date of settlement or the date of occupancy (whichever
first occurs). The common elements shall be warranted for 2 years from the date each of
the common elements is completed and available for use by the unit owners, or 2 years
from the date the first unit is conveyed to a unit owner other than the declarant,
whichever is later, in the particular phase of the condominium containing the common
element. For these purposes, defects shall be those items reasonably requiring the repair,
renovation, restoration, or replacement of any of the components constituting the unit or
common elements. Items of maintenance relating to the unit or common elements are not covered by the warranty. No certificate of guaranty or insurance credit shall be issued unless a copy of such warranty, duly receipted by the purchaser, is submitted with the loan papers.

(e) Ownership and operation of offsite facilities -- (1) Title requirements. Evidence must be presented that the offsite facility owned by an owners' association with mandatory membership by condominium unit owners or condominium unit owners' associations has been completed and conveyed free of encumbrances by the declarant for the benefit of the unit owners with title insured by an owner's title policy or other acceptable title evidence. Offsite facilities conveyed to a nonprofit corporation are the preferred method of offsite facilities ownership; however, the Secretary will consider other forms of ownership on an individual case basis.

(2) Mandatory membership. The declaration of the condominium (each condominium in a series development) and the legal documentation of the corporation or association which owns the offsite facility must provide the following:

(i) The owner of a condominium unit is automatically a member of the offsite facility corporation or association and that upon the sale of the unit, membership is transferred automatically to the new owner/purchaser. It is also acceptable if each condominium owners' association (in lieu of each individual unit owner) is automatically a member of the offsite facility corporation or association coupled with use rights for each of the unit owners or residents. If membership in an offsite owners' association is voluntary, no credit in the CRV valuation may be given for such offsite amenities.

(ii) Each member of the offsite facility corporation or association must be entitled to a representative vote at meetings of the offsite facility corporation or association. If the individual condominium owners' association is a member of the offsite facility corporation or association, each condominium owners' association must be entitled to a representative vote at meetings of the offsite facility corporation or association.

(iii) Each member must agree by acceptance of the unit deed to pay a share of the expenses of the offsite facility corporation or association as assessed by the corporation or association for upkeep, insurance, reserve fund for replacements, maintenance and operation of the offsite facility. The share of said expenses shall be determined equitably. Failure to pay such assessment must result in a lien against the individual unit in the same manner as unpaid assessments by the association of owners of the condominium. If each condominium owners' association is a member of the offsite facility in lieu of individual unit owners, failure of the condominium owners' association to pay its equitable assessment to the offsite facility must result in an enforceable lien.

(3) Declarant payment of offsite facility in a series project. Until the declarant has completed all of the intended condominium phases in a total condominium development or established each condominium regime by filing a separate declaration in a series development, the balance of the total sum of the expenses of the offsite facility not covered by the assessment against the unit owners should be assessed against and be payable by the declarant commencing on the first day of the first month after the first unit is conveyed to a homeowner in the first phase. If this balance is not paid, it must become a lien against those parcels of land in the development area which are owned by the declarant. The collection of such debt and enforcement of such lien may be by
foreclosure or such other remedies afforded the corporation or association under local law.

(f) Professional management. Many condominiums are small enough and their common areas so minimal that professional management is not necessary. VA does not have a requirement for professional management of condominiums. The powers given to the owners' association by the declaration and bylaws are fundamentally for "use control" and maintenance of the undivided interest all of the owners have in the common areas. These powers normally include management which may, if desired, be delegated to a professional manager. However, if the board of directors wants professional management, the management agreement must be terminable for cause upon 30 days' notice, and run for a reasonable period of from 1 to 3 years and be renewable for consent of the association and the management. (Management contracts negotiated by the declarant should not exceed 2 years.)

(g) Commercial areas. With respect to existing and proposed condominiums, commercial areas within condominium developments are acceptable, but such interests will be considered in value.

§ 36.4362 Requirement of construction warranty.

Each certificate of reasonable value issued by the Secretary relating to a proposed or newly constructed dwelling unit, except those covering one-family residential units in condominium housing developments or projects within the purview of §§ 36.4356 through 36.4360a, shall be subject to the express condition that the builder, seller, or the real party in interest in the transaction shall deliver to the veteran constructing or purchasing such dwelling with the aid of a guaranteed or insured loan a warranty, in the form prescribed by the Secretary, that the property has been completed in substantial conformity with the plans and specifications upon which the Secretary based the valuation of the property, including any modifications thereof, or changes or variations therein, approved in writing by the Secretary, and no certificate of guaranty or insurance credit shall be issued unless a copy of such warranty duly receipted by the purchaser is submitted with the loan papers.

[40 FR 34595, Aug. 18, 1975, as amended at 44 FR 47343, Aug. 13, 1979]

§ 36.4363 Nondiscrimination and equal opportunity in housing certification requirements.

(a) Any request for a master certificate of reasonable value on proposed or existing construction, and any request for appraisal of individual existing housing not previously occupied, which is received on or after November 21, 1962, will not be assigned for appraisal prior to receipt of a certification from the builder, sponsor or other seller, in the form prescribed by the Secretary, that neither it nor anyone authorized to act for it will decline to sell any property included in such request to a prospective purchaser because of his or her race, color, religion, sex or national origin.
(b) On requests for appraisal of individual proposed construction received on or after November 21, 1962, the prescribed nondiscrimination certification will be required if the builder is to sell the veteran the lot on which the dwelling is to be constructed, but will not be required if:
(1) The veteran owns the lot; or
(2) The lot is being acquired by the veteran from a seller other than the builder and there is no identity of interest between the builder and the seller of the lot.
(c) Each builder, sponsor or other seller requesting approval of site and subdivision planning shall be required to furnish a certification, in the form prescribed by the Secretary, that neither it nor anyone authorized to act for it will decline to sell any property included in such request to a prospective purchaser because of his or her race, color, religion, sex or national origin. Site and subdivision analysis will not be commenced by the Department of Veterans Affairs prior to receipt of such certification.
(d) No commitment shall be issued and no loan shall be guaranteed or insured under 38 U.S.C. Chapter 37 unless the veteran certifies, in such form as the Secretary shall prescribe, that
(1) Neither he/she, nor anyone authorized to act for him/her, will refuse to sell or rent, after the making of a bona fide offer, or refuse to negotiate for the sale or rental of, or otherwise make unavailable or deny the dwelling or property covered by this loan to any person because of race, color, religion, sex, or national origin;
(2) He/she recognizes that any restrictive covenant on the property relating to race, color, religion, sex or national origin is illegal and void and any such covenant is specifically disclaimed; and
(3) He/she understands that civil action for preventive relief may be brought by the Attorney General of the United States in any appropriate U.S. District Court against any person responsible for a violation of the applicable law.

§ 36.4364 Correction of structural defects.
(a) The purpose of this section is to specify the types of assistance that the Secretary may render pursuant to 38 U.S.C. 1827 to an eligible borrower who has been unable to secure satisfactory correction of structural defects in a dwelling encumbered by a mortgage securing a guaranteed, insured or direct loan, and the terms and conditions under which such assistance will be rendered.
(b) A written application for assistance in the correction of structural defects shall be filed by a borrower under a guaranteed, insured or direct loan with the Director of the Department of Veterans Affairs office having loan jurisdiction over the area in which the dwelling is located. The application must be filed not later than 4 years after the date on which the first direct, guaranteed or insured mortgage loan on the dwelling was made, guaranteed or insured by the Secretary. A borrower under a direct, guaranteed or insured mortgage loan on the same dwelling which was made, guaranteed or insured subsequent to the first such loan shall be entitled to file an application if it is filed within 4 years of the date on which such first loan was made, guaranteed or insured by the Secretary.
(c) An applicant for assistance under this section must establish that:
(1) The applicant is the owner of a one- to four-family dwelling which was inspected during construction by the Department of Veterans Affairs or the Federal Housing Administration.

(2) The applicant is an original veteran-borrower on an outstanding guaranteed, insured or direct loan secured by a mortgage on such dwelling which was made, guaranteed or insured on or after May 8, 1968. The Secretary may, however, recognize an applicant who is not the original veteran-borrower but who contracted to assume such borrower's personal obligation thereunder, if the Secretary determines that such recognition would be in the best interests of the Government in the particular case.

(3) There exists in such dwelling a structural defect, not the result of fire, earthquake, flood, windstorm, or waste, which seriously affects the livability of the dwelling.

(4) The applicant has made reasonable efforts to obtain correction of such structural defect by the builder, seller, or other person or firm responsible for the construction of the dwelling.

(d) In those instances in which the Secretary determines that assistance under this section is appropriate and necessary the Secretary may take any of the following actions:

(1) Pay such amount as is reasonably necessary to correct the defect, or

(2) Pay the claim of the borrower for reimbursement of the borrower's expenses for correcting or obtaining correction of the defect, or

(3) Acquire title to the property upon terms acceptable to the borrower and the holder of the guaranteed or insured loan.

To induce the Department of Veterans Affairs to act on any request submitted by or on behalf of the undersigned for site approval of land to be improved for the construction of housing thereon to be financed with loans guaranteed, insured or made by the Department of Veterans Affairs, or for establishment by the Department of Veterans Affairs of reasonable value relating to proposed construction or for direct loan fund reservation commitments, the undersigned hereby agrees that it will incorporate or cause to be incorporated into any contract for construction work or modification thereof, as defined in the rules and regulations of the Secretary of Labor relating to the land or housing included in its request to the Department of Veterans Affairs the following equal opportunity clause:
During the performance of this contract the contractor agrees as follows:
(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin.
(3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representative of the contractor's commitments under section 202 of Executive Order 11246 of September 24, 1965, and
shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations and relevant orders of the Secretary of Labor.

(5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be canceled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation or order of the Secretary of Labor, or as otherwise provided by law.

(7) The contractor will include the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States. Except in special cases and in subcontracts for the performance of construction work at the site of construction, the clause is not required to be inserted in subcontracts below the second tier. Subcontracts may incorporate by reference the equal opportunity clause. The undersigned further agrees that it will be bound by the above equal opportunity clause in any federally assisted construction work which it performs itself other than through the permanent work force directly employed by an agency of Government. The undersigned agrees that it will cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance. The undersigned further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to Part II, Subpart D of Executive Order 11246 and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon the contractors and
subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of Executive Order 11246.

In addition, the undersigned agrees that if it fails or refuses to comply with these undertakings such failure or refusal shall be a proper basis for cancellation by the Department of Veterans Affairs of any outstanding master certificates of reasonable value or individual certificates of reasonable value relating to proposed construction, except in respect to cases in which an eligible veteran has contracted to purchase a property included on such certificates, and for the rejection of future requests submitted by the undersigned or on his or her behalf for site approval, appraisal services, and direct loan fund reservation commitments until satisfactory assurance of future compliance has been received from the undersigned, and for referral of the case to the Department of Justice for appropriate legal proceedings.

§ 36.4502 Use of guaranty entitlement.
The guaranty entitlement of the veteran obtaining a direct loan which is closed on or after February 1, 1988, shall be charged with the lessor of the loan amount or an amount which bears the same ratio to $36,000 as the amount of the loan bears to $33,000. (Authority: 38 U.S.C. 3711 (d)(2)(A))
[55 FR 40657, Oct. 4, 1990]
§ 36.4503 Amount and amortization.

(a) The original principal amount of any loan made on or after February 1, 1988, shall not exceed an amount which bears the same ratio to $33,000 as the amount of the guaranty to which the veterans is entitled under 38 U.S.C. 3710 at the time the loan is made bears to $36,000. This limitation shall not preclude the making of advances, otherwise proper, subsequent to the making of the loan pursuant to the provisions of §36.4511. Except as to home improvement loans, loans made by VA shall bear interest at the rate of 7 1/2 percent per annum. Loans solely for the purposes of energy conservation improvements or other alterations, improvements, or repairs shall bear interest at the rate of 9 percent per annum.

(Authority: 38 U.S.C. 3711(d)(2)(A))

§ 36.4504 Loan closing expenses.

(a) Department of Veterans Affairs will designate a loan closer to represent the Department of Veterans Affairs at the closing and in advance thereof will agree with the loan closer upon the fee to be paid by the Department of Veterans Affairs for preparing the loan closing instruments and attending at the closing of the loan. The loan closer as such is neither an agent nor employee of the Department of Veterans Affairs.

(b) With respect to a loan made to a veteran-borrower pursuant to an application (VA Form 26-1802a, received by the Department of Veterans Affairs on or after March 3, 1966, the borrower shall pay the Department of Veterans Affairs the following:

(1) $50, or one percent (1%) of the loan amount, whichever is greater, which charge shall be in lieu of the loan closer's fee, credit report, and cost of appraisal: Provided, That
if the loan is to finance the cost of construction, repairs, alterations, or improvements necessitating disbursements of the loan proceeds as the construction or other work progresses, the charge to the veteran-borrower shall be two percent (2%) of the loan amount, but not less than $ 50 in any event.

(2)(i) A loan fee of one percent of the total loan amount. All or part of such fee may be paid in cash at loan closing or all or part of the fee may be included in the loan without regard to the reasonable value of the property. In computing the fee, the Department of Veterans Affairs will disregard any amount included in the loan to enable the borrower to pay such fee. If all or part of the fee is included in the loan, the amount of the loan as increased may not exceed $ 33,000.

(Authority: 38 U.S.C. 3729(a))

(ii) The fee described in paragraph (b)(2)(i) of this section shall not be collected from a veteran who is receiving compensation (or who but for the receipt of retirement pay would be entitled to receive compensation) or from a surviving spouse described in section 3701(b)(2) of title 38 U.S.C.

(Authority: 38 U.S.C. 3729(b))

(iii) Collection of the loan fee described in this paragraph (b)(2) of this section shall not apply to loans closed prior to August 17, 1984, or to loans closed after September 30, 1987.

(i) Fee of Department of Veterans Affairs designated compliance inspector;

No service or brokerage fee shall be charged against the veteran-borrower by any third party for procuring a direct loan or in connection therewith.

(c) With respect to a loan to construct, repair, alter, or improve a farm residence or other dwelling, the Department of Veterans Affairs may require the veteran to deposit with the Department of Veterans Affairs, or in an escrow satisfactory to the Department of Veterans Affairs, 10 percent of the estimated cost thereof or such alternative sum, in cash or its equivalent, as the Department of Veterans Affairs may determine to be necessary in order to afford adequate assurance that sufficient funds will be available, from the proceeds of the loan or from other sources, to assure completion of the construction, repair, alteration, or improvement in accordance with the plans and specifications upon which the Department of Veterans Affairs based its loan commitment.

(Authority: 38 U.S.C. 501, 3724, and 3729)
§ 36.4505 Maturity of loan.
(a) The maturity of a loan shall not exceed 25 years and 32 days. If the Department of
Veterans Affairs determines the income and expenses of a veteran-applicant under
customary credit standards would prevent the veteran from making the required loan
payments for a loan which matures in 25 years and 32 days, but the veteran would be able
to make the loan payments over a longer period of time, the loan may be made with a
maturity not in excess of 30 years and 32 days.
(b) Every loan shall be repayable within the estimated economic life of the property
securing the loan.
(c) Nothing in this section shall preclude extension of the loan pursuant to the provisions
of § 36.4506.
(Authority: 38 U.S.C. 3703 (c)(1), (d)(1))

§ 36.4506 Recasting.
In the event of default or to avoid imminent default, the Department of Veterans Affairs
may at any time enter into an agreement with the borrower which will permit the latter
temporarily to repay the obligation on a basis appropriate to the borrower's apparent
current ability to pay or may enter into an appropriate recasting or extension agreement:
Provided, That no such agreement shall extend the ultimate repayment of a loan beyond
the expiration of 30 years and 32 days from the date of the loan. Provided further, That
nothing in this section shall be deemed to limit the forbearance or indulgence which the
Secretary may extend in an individual case pursuant to the provisions of 38 U.S.C.
3720(f).

§ 36.4507 Refinancing of mortgage or other lien indebtedness.
(a) Loans may be made for the purpose of refinancing (38 U.S.C. 3710(a)(5)) an existing
mortgage loan or other indebtedness secured by a lien of record on a dwelling or farm
residence owned and occupied by an eligible veteran as the veteran's home, provided
that:
(1) The amount of the loan does not exceed the sum due the holder of the mortgage or
other lien indebtedness on such dwelling or farm residence, and also is not more than the
reasonable value of the dwelling or farm residence, and
(2) The loan is otherwise eligible.
(b) A refinancing loan for an amount which exceeds the sum due the holder of the
mortgage or other lien indebtedness (the excess proceeds to be paid to the veteran) may
also be made, Provided, That:
(1) The loan is otherwise eligible, and
(2) The issuance of a commitment to make any such loan for an amount which exceeds
eighty (80) percent of the reasonable value of the veteran's dwelling or farm residence
shall require, unless the Under Secretary for Benefits otherwise directs, the approval of the Director, Loan Guaranty Service.

(c) Nothing shall preclude making a loan pursuant to the provisions of 38 U.S.C. 3710(a)(5) to an eligible veteran having home loan guaranty entitlement to refinance a loan previously guaranteed insured or made by the Secretary which is outstanding on the dwelling or farm residence owned and occupied or to be reoccupied after the completion of major alterations, repairs, or improvements to the property, by the veteran as the veteran's home.

(Authority: 38 U.S.C. 3711)

(d) A refinancing loan may include contractual prepayment penalties, if any, due the holder of the mortgage or other lien indebtedness to be refinanced.

(e) Nothing in this section shall preclude the refinancing of the balance due for the purchase of land on which new construction is to be financed through the proceeds of the loan, or the refinancing of the balance due on an existing land sale contract relating to a veteran's dwelling or farm residence.

[EFFECTIVE DATE NOTE: 61 FR 28057, 28059, June 4, 1996, which substituted "Under Secretary for Benefits" for "Chief Benefits Director" in paragraph (b)(2), became effective June 4, 1996.]

§ 36.4508 Transfer of property by borrower.

(a) Direct loans for which commitments are made on or after March 1, 1988, are not assumable without the prior approval of the Department of Veterans Affairs or its authorized agent. The following shall apply:

(1) The Department of Veterans Affairs shall include in the mortgage or deed of trust and the promissory note or bond on any loan for which a commitment was made on or after March 1, 1988, the following warning in a conspicuous position in capital letters on the first page of the document in type at least 2 1/2 times larger than the regular type on such page: "THIS LOAN IS NOT ASSUMABLE WITHOUT THE APPROVAL OF THE DEPARTMENT OF VETERANS AFFAIRS OR ITS AUTHORIZED AGENT". Due to the difficulty in obtaining some commercial type sizes which are exactly 2 1/2 times larger in height than other sizes, minor deviations in size will be permitted based on commercially available type sizes nearest to 2 1/2 times the size of the print on the document.

(2) The instrument securing a direct loan for which a commitment is made on or after March 1, 1988, shall include:

(i) A provision that the Department of Veterans Affairs or other holder may declare the loan immediately due and payable upon transfer of the property securing such loan to any transferee unless the acceptability of the assumption of the loan is established pursuant to section 3714. This option may not be exercised if the transfer is the result of:

(A) The creation of a lien or other encumbrance subordinate to the lender's security instrument which does not relate to a transfer of rights of occupancy in the property;

(B) The creation of a purchase money security interest for household appliances;

(C) A transfer by devise, descent, or operation of law on the death of a joint tenant or tenant by the entirety;
(D) The granting of a leasehold interest of three years or less not containing an option to purchase;
(E) A transfer to a relative resulting from the death of a borrower;
(F) A transfer where the spouse or children of the borrower become a joint owner of the property with the borrower;
(G) A transfer resulting from a decree of a dissolution of marriage, legal separation agreement, or from an incidental property settlement agreement by which the spouse of the borrower becomes the sole owner of the property. In such a case the borrower shall have the option of applying directly to the Department of Veterans Affairs regional office of jurisdiction for a release of liability under 1813(a); or
(H) A transfer into an inter vivos trust in which the borrower is and remains a beneficiary and which does not relate to a transfer of rights of occupancy in the property.

(ii) A provision that a funding fee equal to one-half of one percent of the loan balance as of the date of transfer shall be payable to the Department of Veterans Affairs or its authorized agent. Furthermore, this provision shall provide that if this fee is not paid it shall constitute an additional debt to that already secured by the instrument; and,
(iii) A provision authorizing an assumption processing charge, not to exceed the lesser of $300 and the actual cost of a credit report or any maximum prescribed by applicable State law.

(Authority: 38 U.S.C. 3714)

(b) Whenever any veteran disposes of residential property securing a direct loan obtained under 38 U.S.C. chapter 37, the Department of Veterans Affairs, upon application made by such borrower, shall issue to the borrower a release relieving the borrower of all further liability to the Department of Veterans Affairs on account of such loan (including liability for any loss resulting from any default of the transferee or any subsequent purchaser of such property) if the Department of Veterans Affairs has determined, after such investigation as it deems appropriate, that there has been compliance with the conditions prescribed in 38 U.S.C. 3713(a) or 1814, as appropriate. The assumption of full liability for repayment of the loan by the transferee of the property must be evidenced by an agreement in writing in such form as the Department of Veterans Affairs may require. Any release of liability granted to a veteran by the Department of Veterans Affairs shall inure to the spouse of such veteran.

(c) If, on or after July 1, 1972, any veteran disposes of the property securing a direct loan obtained under 38 U.S.C. chapter 37, without receiving a release from liability with respect to such loan under 38 U.S.C. 3713(a) and a default subsequently occurs which results in liability of the veteran to the Secretary on account of the loan, the Secretary may relieve the veteran of such liability if the Secretary determines that:
(1) A transferee either immediate or remote is legally liable to the Secretary for the debt of the original veteran-borrower established after the termination of the loan, and
(2) The original loan was current at the time such transferee acquired the property, and
(3) The transferee who is liable to the Secretary is found to have been a satisfactory credit risk at the time the transferee acquired the property.

(Approved by the Office of Management and Budget under control number 2900-0516)
§ 36.4509 Joint loans.
(a) No loan will be made unless an eligible veteran is the sole principal obligor, or such veteran and spouse or eligible veteran co-applicant are the principal obligors thereon, nor unless such veteran alone, or together with a spouse or eligible veteran co-applicant, acquire the entire fee simple or other permissible estate in the realty for the acquisition of which the loan was obtained. Nothing in this section shall preclude other parties from becoming liable as co-maker, endorser, guarantor, or surety.
(b) Notwithstanding that an applicant and spouse or other co-applicant are both eligible veterans and will be jointly and severally liable as borrowers, the original principal amount of the loan may not exceed the maximum permissible under § 36.4503(a). In any event the loan may not exceed $ 33,000.
[43 FR 60460, Dec. 28, 1978]

§ 36.4510 Prepayment, acceleration, and liquidation.
(a) Any credit on the loan not previously applied in satisfaction of matured installments, other than the gratuity credit required by prior provisions of law to be credited to principal, may be reapplied by the Department of Veterans Affairs at the request of the borrower for the purpose of curing or preventing a default.
(b) The Department of Veterans Affairs shall include in the instruments evidencing or securing the indebtedness provisions relating to the following:
(1) The right of the borrower to prepay at any time without premium or fee, the entire indebtedness or any part thereof: Provided, That any such prepayment, other than payment in full, may not be made in any amount less than the amount of one installment, or $ 100, whichever is less: And provided further, That any prepayment made on other than an installment due date will not be credited until the next following installment due date, but not later than 30 days after such prepayment.
(2) The right of the Department of Veterans Affairs to accelerate the maturity of the entire indebtedness in the event of default.
(3) The right of the Department of Veterans Affairs to foreclose or otherwise proceed to liquidate or acquire property which is the security for the loan in the event of the borrower's delinquency in the repayment of the obligation or in the event of default in any other provisions of the loan contract.
(c) The Department of Veterans Affairs shall have the right to accelerate the entire indebtedness and to foreclose or otherwise proceed to liquidate, or acquire the security for the loan, in the event the veteran is adjudged a bankrupt, or if the property has been abandoned by the borrower or subjected to waste or hazard, or in the event conditions exist which warrant the appointment of a receiver by court.
(d) [Removed. See 61 FR 28057, 28059, June 4, 1996.]

[EFFECTIVE DATE NOTE: 61 FR 28057, 28059, June 4, 1996, which removed paragraph (d), became effective June 4, 1996.]

§ 36.4511 Advances after loan closing.
(a) The Department of Veterans Affairs may at any time advance any sum or sums as are reasonably necessary and proper for the maintenance, repair, alteration, or improvement of the security for a loan or for the payment of taxes, assessments, ground or water rights, or casualty insurance thereon: Provided, That no advance shall be made for alterations or improvements which are not necessary for the maintenance or repair of the security if such advance will increase the indebtedness to an amount in excess of $33,000.

(b) All sums disbursed incident to the making of advances under this section shall be added to the indebtedness. Department of Veterans Affairs may require any such advances to be secured ratably and on a parity with the principal indebtedness, or otherwise secured. The sum so advanced shall be evidenced by a supplemental note or otherwise as may be required by Department of Veterans Affairs.

(c) Department of Veterans Affairs may pay and charge against the indebtedness, or against the proceeds of the sale of any security therefor, any expense which is reasonably necessary for collection of the debt, protection, repossession, preservation, or liquidation of the security or of the lien thereon, including a reasonable amount for trustees' and legal fees.

(d) The Department of Veterans Affairs may treat as an advance and add to the mortgage balance the one-half of one percent funding fee due on a transfer under 38 U.S.C. 3714 when this is not paid at the time of transfer.

(Authority: 38 U.S.C. 3714)

§ 36.4512 Taxes and insurance.

(a) In addition to the monthly installment payments of principal and interest payable under the terms of the loan agreement, the borrower will be required to make payments monthly to the Secretary in such amounts as may be determined by the Secretary from time to time to be necessary for the purpose of accumulating funds sufficient for the payment of taxes and assessments, ground rents, insurance premiums, and similar levies or charges on the security property. The borrower at loan closing shall pay in cash to the Secretary such sum as it estimates may be necessary as the initial deposit to the borrower's tax and insurance reserve account.

(Authority: 38 U.S.C. 3720)

(b) The borrower shall procure and maintain insurance of a type or types and in such amounts as may be required by the Secretary to protect the security against fire and other hazards. The Secretary cannot make a loan for the acquisition or construction of property located in an area identified by the Federal Emergency Management Agency as having special flood hazards unless the community in which such area is situated is then participating in the National Flood Insurance Program. The Secretary shall not make, increase, extend, or renew a loan secured by a building or manufactured home that is located or to be located in an area identified by the Federal Emergency Management Agency as having special flood hazards and in which flood insurance has been made available under the National Flood Insurance Act, as amended, unless the building or manufactured home and any personal property securing the loan is covered by flood insurance for the term of the loan. The amount of flood insurance must be at least equal to the lesser of the outstanding principal balance of the loan or the maximum limit of
coverage available for the particular type of property under the National Flood Insurance Act, as amended. The requirements of 38 CFR 36.4700 through 36.4709 shall apply to direct loans made pursuant to 38 U.S.C. 3711 and 3761 through 3764. All hazard and flood insurance shall be carried with a company or companies satisfactory to the Secretary and the policies and renewals thereof shall be held in the possession of the Secretary and contain a mortgagee loss payable clause in favor of and in a form satisfactory to the Secretary.

(a) The net proceeds of the sale, or
(b) The current market value of the property as determined by the Department of Veterans Affairs, less the costs and expenses of liquidation.
In no event shall the credit pursuant to paragraph (b) of this section exceed the amount of the gross indebtedness, nor shall such credit be less than the amount legally required to be credited to the indebtedness under local law. (c) The applicant is a satisfactory credit risk and has the ability to repay the obligation proposed to be incurred and that the proposed payments on such obligation bear a proper relationship to present and anticipated income and expenses as determined by use of the credit standards in § 36.4337 of this part.
(Authority: 38 U.S.C. 501)
(d) Private capital is not available in the area at an interest rate not in excess of the rate authorized for guaranteed home loans for a loan for which the veteran is qualified under 38 U.S.C. 3710.

(1) Neither the applicant nor anyone authorized to act for the applicant, will refuse to sell or rent, after the making of a bonafide offer, or refuse to negotiate for the sale or rental of, or otherwise make unavailable or deny the dwelling or property covered by this loan to any person because of race, color, religion, sex, handicap, familial status, or national origin;
(2) The applicant recognizes that any restrictive conveyance on the property relating to race, color, religion, sex, handicap, familial status, or national origin is illegal and void and any such conveyance is specifically disclaimed; and
(3) The applicant understands that civil action for preventive relief may be brought by the Attorney General of the United States in any appropriate U.S. District Court against any person responsible for a violation of the applicable law.

§ 36.4515 Estate of veteran in real property.

(1) A fee simple estate therein, legal or equitable; or
(2) A leasehold estate running or renewable at the option of the lessee for a period of not less than 14 years from the maturity of the loan, or to any earlier date at which the fee simple title will vest in the lessee, which is assignable or transferable, if the same be subjected to the lien; however, a leasehold estate which is not freely assignable and transferable will be considered an acceptable estate if it is determined by the Under Secretary for Benefits, or the Director, Loan Guaranty Service, (i) that such type of leasehold is customary in the area where the property is located; (ii) that a veteran or veterans will be prejudiced if the requirement for free assignability is adhered to and (iii) that the assignability and other provisions applicable to the leasehold estate are sufficient to protect the interests of the veteran and the Government and are otherwise acceptable; or

(1) Encroachments;
(2) Easements;
(3) Servitudes;
(4) Reservations for water, timber, or subsurface rights;
(5) Right in any grantor or cotenant in the chain of title, or a successor of either, to

this paragraph, insofar as they may materially affect the value of the property for the
purpose for which it is used, shall be taken into account in the appraisal of reasonable
value.

§ 36.4516 Lien requirements.
(a) Loans for the purchase of a dwelling or for the purchase of a farm on which there is a
farm residence shall be secured by a first lien on the property or estate. Loans for the
construction of a farm residence or other dwelling shall also be secured by a first lien.
(b) Loans solely for the purpose of energy conservation improvements or other alterations,
improvements, or repairs shall be secured in the following manner:
(1) Loans for $1,500 or less need not be secured, and in lieu of the title examination a
statement may be accepted from the borrower that he or she has an interest in the
property not less than that prescribed in § 36.4515(a).
(2) Loans for more than $1,500 but 40 percent or less of the prior to the improved
reasonable value of the property shall be secured by a lien reasonable and customary in
the community for the type of alteration, improvement, or repair financed.
(3) Loans for more than $1,500 and for more than 40 percent of the prior to the improved
reasonable value of such property shall be secured by a first lien on the property or estate.
However, such a home improvement loan may be secured by a lien immediately
subordinate to the lien securing the previous loan extended by the Secretary, if the
Department of Veterans Affairs is the holder of all liens of superior priority on the
property.
(Authority: 38 U.S.C. 3711(d)(1))
(c) Tax liens, special assessment liens, and ground rent shall be disregarded with respect
to any requirement that loans shall be secured by a lien of specified dignity. With the
prior approval of the Secretary, Under Secretary for Benefits, or Director, Loan Guaranty
Service, liens retained by nongovernmental entities to secure assessments or charges for municipal type services and facilities clearly within the public purpose doctrine may be disregarded. In determining whether a loan for the purchase or construction of a home is secured by a first lien the Secretary may also disregard a superior lien created by a duly recorded covenant running with the realty in favor of a private entity to secure an obligation to such entity for the homeowner's share of the costs of the management, operation, or maintenance of property, services or programs within and for the benefit of the development or community in which the veteran's realty is located, if the Secretary determines that the interests of the veteran-borrower and of the Government will not be prejudiced by the operation of such covenant. In respect to any such superior lien to be created after June 6, 1969, the Secretary's determination must have been made prior to the recordation of the covenant.

[EFFECTIVE DATE NOTE: 61 FR 28057, 28059, June 4, 1996, which substituted "Under Secretary for Benefits" for "Chief Benefits Director" in paragraph (c), became effective June 4, 1996.]

§ 36.4517 Incorporation by reference.
The regulations concerning direct loans to veterans in effect on the date a loan is closed shall govern the rights, duties, and liabilities of the parties to such loan during the period the Department of Veterans Affairs is the holder thereof, and any provisions of the loan instruments inconsistent with such regulations are hereby amended and supplemented to conform thereto.

[15 FR 6290, Sept. 20, 1950]

§ 36.4518 Supplementary administrative action.
Notwithstanding any requirement condition, or limitation stated in or imposed by the regulations in this part concerning direct loans to veterans, the Under Secretary for Benefits, or the Director, Loan Guaranty Service, within the limitations and conditions prescribed by the Secretary, may take such action as may be necessary or appropriate to relieve any undue prejudice to a debtor, or other person, which might otherwise result, provided such action shall not impair the vested rights of any person affected thereby. If such requirement, condition, or limitation is of an administrative or procedural nature, such action may be taken by any employee authorized to act under § 36.4520.

§ 36.4519 Eligible purposes and reasonable value requirements.
(a) A loan may be made only for the purpose hereinafter set forth in this paragraph, and the loan may not exceed the reasonable value of the property as established by the Department of Veterans Affairs:
(1) To purchase or construct a dwelling to be owned and occupied by the veteran as a home;
(2) To purchase a farm on which there is a farm residence to be occupied by the veteran as a home;
(3) To construct on land owned by the veteran a farm residence to be occupied by the veteran as a home;
(4) To repair, alter, or improve a farm residence or other dwelling owned and occupied or to be reoccupied after the completion of major alterations, repairs, or improvements to the property, by the veteran as his or her home;
(5) To make energy conservation improvements to a dwelling owned and occupied or to be occupied after the completion of major alterations, repairs, or improvements to the property, by the veteran as his or her home;
(6) To refinance (38 U.S.C. 3710(a)(5)) existing mortgage loans or other lines which are secured of record on a dwelling or farm residence owned and occupied or to be reoccupied after the completion of major alterations, repairs or improvements to the property, by the veteran as the veteran's home;

Provided, The veteran certifies, in such form as the Secretary may prescribe, that he or she has paid in cash from his or her own resources on account of such purchase, construction, alteration, repair, or improvement a sum equal to the difference, if any, between the purchase price or cost of the property and its reasonable value.

(b) In the case of a loan for the construction of a farm residence or other dwelling on land owned by the veteran, a portion of the loan proceeds may be expended to liquidate an indebtedness secured by a lien against such land, but only if the reasonable value of the land is equal to or in excess of the amount of the indebtedness secured by such lien and if the liquidation of such indebtedness will permit the loan to be secured by a first lien. Except as provided in § 36.4507, no portion of the proceeds of a loan for repairs, alterations or improvements to a farm residence or other dwelling may be expended to liquidate a prior lien against the property.

(c) No direct loan may be made for the purpose of an interest rate reduction refinancing loan pursuant to 38 U.S.C. 3710(a)(8).

(Authority: 38 U.S.C. 3711(b))

§ 36.4520 Delegation of authority.

(a) Except as hereinafter provided, each employee of the Department of Veterans Affairs heretofore or hereafter appointed to, or otherwise lawfully filling, any position designated in paragraph (b) of this section is hereby delegated authority, within the limitations and conditions prescribed by law, to exercise the powers and functions of the Secretary with respect to the making of loans and the rights and liabilities arising therefrom, including but not limited to the collection or compromise of amounts due, in money or other property, the extension, rearrangement, or sale of loans, the management and disposition of secured or unsecured notes and other property. (d) Each Regional Office, regional office and insurance center, and Medical and Regional Office Center shall maintain and keep current a cumulative list of all employees of that Office or Center who, since May 1, 1980, have occupied the positions of Director, Loan Guaranty Officer, and Assistant Loan Guaranty Officer. This list will include each employee's name, title, date the employee assumed the position, and the termination date, if applicable, of the employee's tenure in such position. The list shall be available for public inspection and copying at the Regional Office, or Center, during normal business hours.

§ 36.4521 Minimum property and construction requirements.

No loan for the purchase or construction of residential property shall be made unless such property complies or conforms with those standards of planning, construction, and general acceptability applicable thereto which have been prescribed by the Secretary.

[EFFECTIVE DATE NOTE: 61 FR 28057, 28059, June 4, 1996, which substituted "Under Secretary for Benefits" for "Chief Benefits Director" in paragraph (b), became effective June 4, 1996.]
§ 36.4522 Waivers, consents, and approvals.
No waiver, consent, or approval required or authorized by the regulations concerning direct loans to veterans shall be valid unless in writing signed by Department of Veterans Affairs.
[15 FR 6291, Sept. 20, 1950]

§ 36.4523 Geographical limits.
Any real property purchased, constructed, or improved with the proceeds of a loan under 38 U.S.C. 3711 shall be situated in the United States, which for purposes of 38 U.S.C. Chapter 37 is here defined as the several States, Territories, and possessions, and the District of Columbia, the Commonwealth of Puerto Rico, and the Commonwealth of the Northern Mariana Islands: Provided. That no loan shall be made pursuant to 38 U.S.C. 3711 unless the real property is located in one of the areas designated from time to time by the Department of Veterans Affairs as an area in which private capital is not available under 38 U.S.C. chapter 37 to eligible veterans for financing of the purchase, construction, repairs, alterations, or improvement of a farm residence or other dwelling, as the case may be.
[46 FR 43675, Aug. 31, 1981]

§ 36.4524 Sale of loans.
In the event a direct loan is purchased from the Department of Veterans Affairs at any time pursuant to the provisions of 38 U.S.C. 3711(g), the Department of Veterans Affairs may issue a guaranty in connection therewith within the maximums applicable to loans guaranteed under 38 U.S.C. 3710 and such loans shall thereafter be subject to the applicable provisions of the regulations governing the guaranty or insurance of loans to veterans, and such part of the regulations concerning direct loans to veterans as may be inconsistent therewith or variant therefrom shall no longer govern the subsequent disposition of the rights and liabilities of any interested parties.
[24 FR 2659, Apr. 7, 1959]

§ 36.4525 Requirement of a construction warranty.
Any commitment to make a direct loan and any approval of a direct loan application issued or made on or after May 2, 1955, shall, if the purpose of the loan is to finance the construction of a dwelling or farmhouse or to finance the purchase of a newly constructed dwelling, be subject to the express condition that the builder, seller, or the real party in interest in the transaction shall deliver to the veteran constructing or purchasing such dwelling with the aid of a direct loan a warranty, in the form prescribed by the Secretary, that the property has been completed in substantial conformity with the plans and specifications upon which the Secretary based the valuation of the property, including any modifications thereof, or changes or variations therein, approved in writing by the Secretary, and no direct loan shall be disbursed in full unless a copy of such warranty duly receipted by the purchaser is submitted to the Department of Veterans Affairs.
§ 36.4526 Issuance of fund reservation commitments.
(a) Any builder or sponsor proposing to construct one or more dwellings in an area designated as eligible for direct loans may apply for a commitment for the reservation of direct loan funds to be used for the making of loans to eligible veterans for the purchase or construction of such dwellings. Such commitment may be issued on such conditions as the Department of Veterans Affairs determines to be proper in the particular case and will be valid for a period of 3 months; Provided, That the Department of Veterans Affairs may, for good and sufficient reasons, extend the period of the commitment. No commitment shall be issued unless the builder or sponsor shall have paid an amount equivalent to 2 percent of the funds being reserved, which amount shall be nonrefundable. The commitment shall be nontransferable except with the written approval of the Department of Veterans Affairs.
(b) Notwithstanding that direct loan funds may be available for reservation when issuance of a reservation commitment is requested by a builder or sponsor, the Department of Veterans Affairs may withhold issuance of such commitment in any case in which it determines that the experience or technical qualifications of the builder in respect to home construction are not acceptable, or that other factors bearing on the likelihood of the success of the proposed project are such as to justify withholding issuance of a fund reservation commitment.

§ 36.4527 Direct housing loans to Native American veterans on trust lands.
(a) The Secretary may make a direct housing loan to a Native American veteran if:
(1) The Secretary has entered into a memorandum of understanding with respect to such loans with the tribal organization that has jurisdiction over the veteran; or
(2) The tribal organization that has jurisdiction over the veteran has entered into a memorandum of understanding with any department or agency of the United States with respect to such loans and the memorandum complies with the requirements of paragraph (b) of this section.
(Authority: 38 U.S.C. 3762(a))
(3) The memorandum is in effect when the loan is made and will remain in effect until the maturity of the subject loan.
(b)(1) Subject to paragraph (b)(2) of this section, each memorandum of understanding entered into by the Secretary with a tribal organization shall provide for the following:
(i) That each Native American veteran who is under the jurisdiction of the tribal organization and to whom the Secretary makes a direct loan under this section
(A) Holds, possesses, or acquires using the proceeds of the loan a meaningful interest in a lot and/or dwelling that is located on trust land; and
(B) Will purchase, construct, or improve a dwelling on the lot using the proceeds of the loan.
(ii) That each Native American veteran obtaining a direct loan under this section will convey to the Secretary by an appropriate instrument the interest referred to in paragraph (A) as security for the direct loan or, if the laws of the tribal organization do not allow the veteran to convey the meaningful interest to the Secretary, the memorandum of understanding may authorize the tribe to serve as Trustee for the Secretary for purposes of protecting the interest of the Secretary as lender.
(iii) That the tribal organization and each Native American veteran obtaining a direct loan under this section will permit the Secretary or his or her designee to enter upon the trust land of that organization or veteran for the purposes of carrying out such actions as the Secretary or his or her designee determines may be necessary:
(A) To evaluate the advisability of the loan; and
(B) To monitor any purchase, construction, or improvements carried out using the proceeds of the loan.
(C) To protect the improvements from vandalism and the elements,
(D) To make property inspections in conjunction with loan servicing, financial counseling, foreclosure, acquisition, management, repair, and resale of the secured interest.
(iv) That the tribal organization has established standards and procedures that authorize the grantee to legally establish the interest conveyed by a Native American veteran pursuant to subsection (B) and terminate all interest of the veteran in the land and improvements, including:
(A) Procedures for foreclosing the loan in the event of a default;
(B) Procedures for acquiring possession of the veteran's interest in the property; and
(C) Procedures for the resale of the property interest and/or the dwelling purchased, constructed, or improved using the proceeds of the loan.
(v) That the tribal organization agrees to such other terms and conditions with respect to the making of direct loans to Native American veterans under the jurisdiction of the tribal organization as the Secretary and the tribal organization may negotiate in order to ensure that direct loans made under this section are made in a responsible and prudent manner.
(2) The Secretary, or his or her designee, may only enter into a memorandum of understanding with a tribal organization under this section if the Secretary, or designee, determines that the memorandum provides for standards and procedures necessary to reasonably protect the financial interests of the United States.
(c)(1) Except as otherwise provided in this paragraph, and notwithstanding the provisions of section 36.4503 of this title, the principal amount of any loan made under this section may not exceed $80,000. The original principal amount of any loan made under this section shall not exceed an amount which bears the same ratio to $80,000 as the amount of the guaranty to which the veteran would be entitled under 38 U.S.C. 3710 at the time the loan is made bears to $36,000.
(2) The Secretary may make loans which exceed the amount specified in paragraph (c)(1) of this section in geographic areas in which the Secretary has determined that housing costs are significantly higher than average housing costs nationwide. The Secretary shall determine the maximum loan amounts in such areas. The original principal amount of any such loan shall not exceed an amount which bears the same ratio to the maximum loan amount established by the Secretary as the amount of the guaranty to which the veteran would be entitled under 38 U.S.C. 3710 at the time the loan is made bears to $36,000.
(3) Loans made under this section shall bear interest at a rate determined by the Secretary after considering yields on comparable mortgages in the secondary market, including bid and ask prices on mortgage-backed securities guaranteed by the Government National Mortgage Association (GNMA).
(4) The minimum requirements for planning, construction, improvement, and general acceptability relating to any direct loan made under this section shall be consistent with the administrative property standards established for loans made or guaranteed under title 38, U.S.C., chapter 37.

d) Notwithstanding the provisions of § 36.4504(b), for loans made under this section, the Native American veteran-borrower shall pay the following loan closing costs to the parties indicated:

1. A loan fee of 1.25 percent of the total loan amount (2 percent for Reservists who qualify under the provisions of 38 U.S.C. 3701(b)(5)) to the Department of Veterans Affairs. All or part of such fee may be paid in cash at loan closing or all or part of the fee may be included in the loan without regard to the reasonable value of the property or the maximum loan amount. In computing the fee, the Department of Veterans Affairs will disregard any amount included in the loan to enable the borrower to pay such fee.
2. The fee described in paragraph (d)(1) of this section shall not be collected from a veteran who is receiving compensation (or who but for the receipt of retirement pay would be entitled to receive compensation) or from a surviving spouse described in § 3701(b)(2) of title 38 U.S.C.
3. If the Secretary designates a third party to process the loan package on VA's behalf, a processing fee to that third party not to exceed $300 plus the actual cost of any credit report required.
4. Costs or expenses normally paid by a purchaser or mortgagee incident to loan closing including but not limited to the following:
   i. Fees of the Department of Veterans Affairs designated appraisers and compliance inspectors;
   ii. Recording fees or other charges incident to recordation;
   iii. That portion of assessments and other similar items for the current year chargeable to the borrower; and
   iv. Hazard insurance premiums, if such insurance is available.
5. Charges or costs payable by the Native American veteran-borrower, except for the loan fee described in paragraph (d)(1) of this section, shall be paid in cash and may not be paid out of the proceeds of the loan. No service or brokerage fee shall be charged against the Native American veteran-borrower by any third party for procuring a direct loan.

(e)(1) The credit underwriting standards of 38 CFR 36.4337 shall apply to loans made under this section except to the extent the Secretary determines that they should be modified on account of the purpose of the program to make available housing to Native American veterans living on trust lands.

(2) The Secretary shall determine the reasonable value of the leasehold or other property interest that will serve as security for a loan made under this section in accordance with §37.4519, of this chapter, unless the Secretary determines that such requirements are impractical to implement in a geographic area, on particular trust lands, or under circumstances specified by the Secretary.

(f) In connection with the origination of any loan under this section, the Secretary may make advances in cash to provide for repairs, alterations, and improvements and to meet incidental expenses of the loan transaction.

(g) Loans made under this section shall be amortized under a generally recognized plan which provides for equal monthly installments consisting of principal and interest, except
for the final installment, which may not be in excess of two times the regular monthly installment. The limitation on the amount of the final installment shall not apply in the case of any loan extended, ballooned and/or reamortized.

(h) The Secretary may:
(1) Take any action that the Secretary determines to be necessary for the custody, management, and protection of properties and the realization or sale of investments under the VA Native American Direct Loan Program;
(2) Determine any necessary expenses and expenditures and the manner in which such expenses and expenditures shall be incurred, allowed, and paid;
(3) Employ, utilize, and compensate persons, organizations, or departments or agencies (including departments and agencies of the United States) designated by the Secretary to carry out necessary functions, including but not limited to loan processing and servicing activities, appraisals, and property inspections.

(i) Notwithstanding any requirement, condition, or limitation stated in or imposed by any provision of this regulation, the Under Secretary for Benefits, or the Director, Loan Guaranty Service, within the limitations and conditions prescribed by the Secretary, may execute memoranda of understanding, make determinations concerning the maximum direct loan amount as provided in paragraph (c) of this section, and take such supplementary administrative action as may be necessary or appropriate to relieve any undue prejudice to a debtor, or other person, which might otherwise result, provided such action shall not impair the vested rights of any person affected thereby. If such a requirement, condition, or limitation is of an administrative or procedural nature, such action may be taken by any employee authorized to act under paragraph (j) of this section.

(j)(1) Except as hereinafter provided, each employee of the Department of Veterans Affairs appointed to, or otherwise lawfully filling, any position designated in paragraph (j)(2) of this section is hereby delegated authority, within the limitations and conditions prescribed by law, to exercise the powers and functions of the Secretary with respect to the making of loans and the rights and liabilities arising therefrom, including, but not limited to the collection or compromise of amounts due, in money or other property, the extension, rearrangement, or sale of loans, and the management and disposition of secured or unsecured notes and other property. In connection with direct loans made and held by the Department of Veterans Affairs, such designated employees may take any action which they are authorized to consent to or approve in respect to guaranteed loans under § 36.4342. Incidental to the exercise and performance of the powers and functions hereby delegated, each such employee is authorized to execute and deliver (with or without acknowledgment) for, and on behalf of, the Secretary such certificates, forms, conveyances, and other instruments as may be appropriate in connection with the acquisition, ownership, management, sale, transfer, assignment, encumbrance, rental, or other disposition of real or personal property or of any right, title, or interest therein, including, but not limited to, contracts of sale, installment contracts, deeds, leases, bills of sale, assignments, and releases; and to approve disbursements to be made for any purpose authorized by 38 U.S.C. chapter 37.
(2) Designated positions:
Under Secretary for Benefits
Deputy Under Secretary for Benefits
Director, Loan Guaranty Service
Director, Medical and Regional Office Center
Director, VA Regional Office and Insurance Center
Director, Regional Office
Loan Guaranty Officer
Assistant Loan Guaranty Officer
The authority hereby delegated to employees of the positions designated in this paragraph may, with the approval of the Under Secretary for Benefits, be redelegated.

(3) Nothing in this section shall be construed to authorize any such employee to exercise the authority vested in the Secretary under 38 U.S.C. 501(a) or 3703(a)(2) or to sue or enter appearance for and on behalf of the Secretary or confess judgment against the Secretary in any court without the Secretary's prior authorization.

(4) Each Regional Office, Regional Office and Insurance Center, and Medical and Regional Office Center shall maintain and keep current a cumulative list of all employees of that Office or Center who, since May 1, 1980, have occupied the positions of Director, Loan Guaranty Officer, and Assistant Loan Guaranty Officer. This list will include each employee's name, title, date the employee assumed the position, and the termination date, if applicable, of the employee's tenure in such position. The list shall be available for public inspection and copying at the Regional Office, or Center, during normal business hours.

(Authority: 38 U.S.C. 501, 3720)
(2) To maintain on the real estate a lien of the dignity assigned or transferred to the purchaser by the Secretary.
(3) To maintain insurance in an amount sufficient to protect the security against risks or hazards to which it may be subjected to the extent customary in the locality, and to apply the proceeds of loss payments to the loan balance or the restoration of the security, as the holder may in the holder's discretion deem proper. Flood insurance will be required on any building or personal property securing a loan at any time during the term of the loan that such security is located in an area identified by the Federal Emergency Management Agency as having special flood hazards and in which flood insurance has been made available under the National Flood Insurance Act, as amended. The amount of flood insurance must be at least equal to the lesser of the outstanding principal balance of the loan or the maximum limit of coverage available for the particular type of property under the National Flood Insurance Act, as amended. The notice requirements of 38 CFR 36.4709 shall apply to loans sold pursuant to this section.
(Authority: 42 U.S.C. 4012a, 4106(a))
(4) To obtain a consideration equal to the fair market value of any real estate released from the first lien securing the loan, except where the loan will be paid in full, and to apply the entire consideration in reduction of the principal balance of the loan.
(5) To maintain the tax and insurance account as provided for in the loan instruments and to pay accrued taxes, special assessments, ground or water rents and premiums on fire or other insurance properly chargeable to the tax and insurance account.
(6) To submit to the Secretary notice of any suit or action or other legal or equitable proceeding to which the holder is a party (including a copy of every procedural paper filed on behalf of the holder or served on the holder), brought on or in connection with a loan sold under this section or involving title to, or other lien on, the property securing the loan, within the time that would be required if the Secretary were a party to the proceeding.
(7) To submit to the Secretary for prior approval any proposal to recast or extend the repayment terms of the loan.
(8) To take no action to accelerate the indebtedness or terminate the debtor's interest in the property without the prior approval of the Secretary.
(9) To make advances only for the maintenance and repairs reasonably necessary for the preservation of the security, or for the payment of accrued taxes, special assessments, ground or water rents, premiums on fire or other insurance against loss or damage to the property, or for other purposes approved in advance by the Secretary.
(10) To furnish the Secretary prompt notice of the cancellation of any repurchase endorsement or notice on the note or bond upon the payment in full of any loan sold pursuant to this section or of the release of the Secretary from liability to repurchase the loan.
(11) To maintain adequate accounting records and to provide the Secretary with such data relating to the loan as the Secretary may request incident to the Secretary's determination of the amount payable in connection with a request for the repurchase of the loan.
(12) To service the loans properly in accordance with established practices.
(13) To permit the Secretary to inspect, examine or audit at reasonable times and places the records of loans which are subject to repurchase under this section.
(14) To sell any loan to the Secretary for the amount specified in paragraph (e)(1) of this section upon request of the Secretary if the loan is six (6) full installments or more in default.
(15) To dispose of partial payments in accordance with the provisions of this paragraph. A partial payment is a remittance on a loan in default of any amount less than the full amount due under the terms of the loan and security instruments at the time the remittance is tendered; a default is a failure of a borrower to comply with the terms of a loan agreement.
   (i) Except as provided in paragraph (c)(15)(ii) of this section, or upon the express waiver of the Secretary, the mortgage holder shall accept any partial payment and either apply it to the mortgagor's account or identify it with the mortgagor's account and hold it in a special account pending disposition. When partial payments held for disposition aggregate a full monthly installment, including escrow, they shall be applied to the mortgagor's account.
(ii) A partial payment may be returned to the mortgagor, within 10 calendar days from date of receipt of such payment, with a letter of explanation only if one or more of the following conditions exist:
(a) The property is wholly or partially tenant-occupied and rental payments are not being remitted to the holder for application to the loan account;
(b) The payment is less than one full monthly installment, including escrows and late charge, if applicable, unless the lesser payment amount has been agreed to under a written repayment plan;
(c) The payment is less than 50 percent of the total amount then due, unless the lesser payment amount has been agreed to under a written repayment plan;
(d) The payment is less than the amount agreed to in a written repayment plan;
(e) The amount tendered is in the form of personal check and the holder has previously notified the mortgagor in writing that only cash or certified remittances are acceptable;
(f) A delinquency of any amount has continued for at least 6 months since the account first became delinquent and no written repayment plan has been arranged.
(g) The loan has been submitted to the Department of Veterans Affairs for repurchase;
(h) The lien position of the security instrument would be jeopardized by acceptance of the partial payment.
(iii) A failure by the holder to comply with the provisions of this paragraph may result in a deduction from the repurchase price pursuant to paragraph (e)(1) of this section.

(Authority: 38 U.S.C. 3720)

NOTE: In any instance in which the holder desires Department of Veterans Affairs prior to approval to a proposed action the holder may submit the facts to the Loan Guranty Officer as provided in paragraph (i) of this section.

(16) To obtain and forward a current credit report(s) on the debtor(s) to the Secretary when requesting that the Secretary repurchase the loan.

(Authority: 38 U.S.C. 3703(c)(1) and 3720)

(d) The Secretary's guaranty liability under this section shall consist of and be limited solely to liability to repurchase the loan from the holder thereof whenever,
(1) The debtor is in default by reason of nonpayment of not less than two full installments and default has continued for three months or more on the date the holder submits its written request for repurchase by the Secretary; or
(2) The property securing the loan has been abandoned by the debtor; or
(3) The debtor has failed to comply with any other covenant or obligation of the loan contract and on the date of the holder's request for repurchase such failure has continued for more than 90 days after the holder's demand for compliance with the covenant or obligation, except that if the failure is due to nonpayment of real estate taxes the failure to pay when due has persisted for a continuing period of 180 days; or
(4) The Secretary determines, upon request of the holder to repurchase any loan, that such repurchase is in the best interests of the Government notwithstanding that the account is ineligible for repurchase under paragraphs (d) (1) through (3) of this section.

(e)(1) A cash payment shall be made to the holder upon the repurchase of a loan by the Secretary and shall be an amount equal to the price paid by the purchaser when the loan was sold by the Secretary, less repayments received by the holder which are properly applicable to the principal balance of the loan, plus any advances made for the purposes described in paragraph (c)(9) of this section, but no payments shall be made for accrued
unpaid interest, except that with respect to loans sold by the Secretary after July 15, 1970, payment will be made for unpaid accrued interest from the date of the first uncured default to the date of the claim for repurchase, but not in excess of interest for 120 days. If, however, there has been a failure of any holder to comply with the provisions of paragraph (c) of this section the Secretary shall be entitled to deduct from the repurchase price otherwise payable such amount as the Secretary determines to be necessary to restore the Secretary to the position the Secretary would have occupied upon repurchase of the loan in the absence of any such failure. Incident to the repurchase by the Secretary, the holder will pay to the Secretary an amount equal to the balance, if any, remaining in the tax and insurance account.

(2) The holder shall be deemed to have received as trustee for the benefit of the Secretary any amounts received on account of the loan indebtedness subsequent to submitting its request to repurchase and shall pay such amounts to the Department of Veterans Affairs upon the assignment and delivery of the note, bond and security instruments to the Department of Veterans Affairs.

(3) The holder may be reimbursed for the cost of a current credit report(s) on the debtor(s) which is (are) forwarded to the Secretary along with the request for repurchase and for any other costs or expenses incurred which are approved in advance by the Secretary as being necessary to protect the Government's interest.

(f) Notwithstanding any other provision of this section, the Secretary shall be released from liability and shall not be obligated to repurchase any loan in respect to which:

(1) An obligor has been released from personal liability by any act or omission of the holder without the prior approval of the Secretary, except that a holder shall not be under any duty to establish the debt as a valid claim against the assets of the estate of any deceased or bankrupt obligor when such failure will not impair the validity or effectiveness of the lien securing the loan; or

(2) The holder has instituted foreclosure action against the property securing the loan without the prior approval of the Secretary, and such action has proceeded to the point where the judicial sale or sale under the power in the deed of trust has been held or the owner's interest in the property has been terminated by the holder by strict foreclosure, acceptance of a voluntary deed, or by other liquidation action; or

(3) Any material alteration has been made to the note, bond, security instrument, or installment sale contract after sale and delivery of the instruments by the Secretary to the purchaser.

(g)(1) Each employee of the Department of Veterans Affairs heretofore or hereafter appointed to or lawfully filling, any position designated in paragraph (g)(2) of this section is hereby delegated authority within the limitations and conditions prescribed by law to exercise the powers and functions of the Secretary with respect to the sale, assignment, transfer, and repurchase of loans, including, but not limited to the offering of such loans for sale, the acceptance of purchase offers, the assignment or transfer of notes or bonds and security instruments evidencing the loans sold, granting the prior approval of the Secretary under this section, determining the eligibility of the loans for repurchase and to calculate and pay the sum due the holder upon repurchase of the loan by the Department of Veterans Affairs.

(2) Designated positions:
Under Secretary for Benefits
Director, Loan Guaranty Service.
Director, Medical and Regional Office Center.
Director, VA Center.
Loan Guaranty Officer.
Assistant Loan Guaranty Officer.

(h) No waiver, consent, or approval required or authorized by this section shall be valid unless in writing signed by an employee of the Department of Veterans Affairs authorized in this section to act for the Secretary.

(i) Whenever prior approval or consent of the Secretary is desired in respect to an action to be taken by a holder of a loan, the holder may address such request to the Loan Guaranty Officer in the Regional Office or Center having jurisdiction over the area in which the real estate security is located.

(j) Notwithstanding any requirement, condition, or limitation stated in or imposed by this section concerning the sale and repurchase of loans, the Under Secretary for Benefits, or the Director, Loan Guaranty Service, within the limitations and conditions prescribed by the Secretary may take such action as may be necessary or appropriate to relieve undue prejudice to a holder, debtor or other person, which might otherwise result, as long as such action shall not impair the vested rights of any person affected thereby. If such requirement, condition, or limitation is of an administrative or procedural nature, such action may be taken by an employee authorized to act under paragraph (g) of this section.

(k) This section will apply to all loans sold by the Department of Veterans Affairs after the effective date of this section which were originated or acquired by the Secretary of Veterans Affairs under chapter 37, title 38, U.S.C., or title III of the Servicemen's Readjustment Act of 1944, as amended, except that it shall not apply to direct loans sold pursuant to section 3711(g) of chapter 37, title 38, U.S.C.

The amount of insurance must be at least equal to the lesser of the outstanding principal balance of the designated loan or the maximum limit of coverage available for the particular type of property under the Act. Notwithstanding any Federal or State law other than the Flood Disaster Protection Act of 1973 as amended (42 U.S.C. 4001-4129), the Secretary, or a servicer acting on behalf of the Secretary, may charge a reasonable fee for determining whether the building or mobile home securing the loan is located or will be located in a special flood hazard area. A determination fee may also include, but is not limited to, a fee for life-of-loan monitoring.
(b) Borrower fee. The determination fee authorized by paragraph (a) of this section may be charged to the borrower if the determination:
(1) Is made in connection with a making, increasing, extending, or renewing of the loan that is initiated by the borrower;
(2) Reflects the Director of FEMA's revision or updating of floodplain areas or flood-risk zones;

(3) Reflects the Director of FEMA's publication of a notice or compendium that:
   (i) Affects the area in which the building or mobile home securing the loan is located; or
   (ii) By determination of the Director of FEMA, may reasonably require a determination whether the building or mobile home securing the loan is located in a special flood hazard area; or

(4) Results in the purchase of flood insurance coverage by the Secretary or a servicer acting on behalf of the Secretary, on behalf of the borrower under 38 CFR 36.4706.

(c) Purchaser or transferee fee. The determination fee authorized by paragraph (a) of this section may be charged to the purchaser or transferee of a loan in the case of the sale or transfer of the loan.

(42 U.S.C. 4012a(h))

[EFFECTIVE DATE NOTE: 62 FR 5530, 5533, Feb. 6, 1997, added this section, effective Feb. 6, 1997.]

§ 36.4708 Notice of special flood hazards and availability of Federal disaster relief assistance.

(a) Notice requirement. When the Secretary makes, increases, extends, or renews a loan secured by a building or a mobile home located or to be located in a special flood hazard area, the Secretary shall mail or deliver a written notice to the borrower and to the servicer in all cases whether or not flood insurance is available under the Act for the collateral securing the loan.

(b) Contents of notice. The written notice must include the following information:
   (1) A warning, in a form approved by the Director of FEMA, that the building or the mobile home is or will be located in a special flood hazard area;
   (2) A description of the flood insurance purchase requirements set forth in section 102(b) of the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4012a(b));
   (3) A statement, where applicable, that flood insurance coverage is available under the NFIP and may also be available from private insurers; and
   (4) A statement whether Federal disaster relief assistance may be available in the event of damage to the building or mobile home caused by flooding in a Federally declared disaster.

(c) Timing of notice. The Secretary shall provide the notice required by paragraph (a) of this section to the borrower within a reasonable time before the completion of the transaction, and to the servicer as promptly as practicable after the Secretary provides notice to the borrower and in any event no later than the time the Secretary provides other similar notices to the servicer concerning hazard insurance and taxes. Notice to the servicer may be made electronically or may take the form of a copy of the notice to the borrower.

(d) Record of receipt. The Secretary shall retain a record of the receipt of the notices by the borrower and the servicer for the period of time the Secretary owns the loan.

(e) Alternate method of notice. Instead of providing the notice to the borrower required by paragraph (a) of this section, the Secretary may obtain satisfactory written assurance from a seller or lessor that, within a reasonable time before the completion of the sale or
lease transaction, the seller or lessor has provided such notice to the purchaser or lessee. The Secretary shall retain a record of the written assurance from the seller or lessor for the period of time the Secretary owns the loan.

(f) Use of prescribed form of notice. The Secretary will be considered to be in compliance with the requirement for notice to the borrower of this section by providing written notice to the borrower containing the language presented in appendix A to this part within a reasonable time before the completion of the transaction. The notice presented in appendix A to this part satisfies the borrower notice requirements of the Act. [62 FR 5530, 5533, Feb. 6, 1997]

[EFFECTIVE DATE NOTE: 62 FR 5530, 5533, Feb. 6, 1997, added this section, effective Feb. 6, 1997.]

§ 36.4709 Notice of servicer's identity.

(a) Notice requirement. When the Secretary makes, increases, extends, renews, sells, or transfers a loan secured by a building or mobile home located or to be located in a special flood hazard area, the Secretary shall notify the Director of FEMA (or the Director's designee) in writing of the identity of the servicer of the loan. The Director of FEMA has designated the insurance provider to receive the Secretary's notice of the servicer's identity. This notice may be provided electronically if electronic transmission is satisfactory to the Director of FEMA's designee.

(b) Transfer of servicing rights. The Secretary shall notify the Director of FEMA (or the Director's designee) of any change in the servicer of a loan described in paragraph (a) of this section within 60 days after the effective date of the change. This notice may be provided electronically if electronic transmission is satisfactory to the Director of FEMA's designee. Upon any change in the servicing of a loan described in paragraph (a) of this section, the duty to provide notice under this paragraph (b) shall transfer to the transferee servicer.

Appendix A to Part 36 -- Sample Form of Notice of Special Flood Hazards and Availability of Federal Disaster Relief Assistance

We are giving you this notice to inform you that:
The building or mobile home securing the loan for which you have applied is or will be located in an area with special flood hazards. The area has been identified by the Director of the Federal Emergency Management Agency (FEMA) as a special flood hazard area using FEMA's Flood Insurance Rate Map or the Flood Hazard Boundary Map for the following community: ----. This area has at least a one percent (1%) chance of a flood equal to or exceeding the base flood elevation (a 100-year flood) in any given year. During the life of a 30-year mortgage loan, the risk of a 100-year flood in a special flood hazard area is 26 percent (26%).

Federal law allows a lender and borrower jointly to request the Director of FEMA to review the determination of whether the property securing the loan is located in a special flood hazard area. If you would like to make such a request, please contact us for further information.

-- The community in which the property securing the loan is located participates in the National Flood Insurance Program (NFIP). Federal law will not allow us to make you the loan that you have applied for if you do not purchase flood insurance. The flood insurance must be maintained for the life of the loan. If you fail to purchase or renew flood insurance on the property, Federal law authorizes and requires us to purchase the flood insurance for you at your expense.

. Flood insurance coverage under the NFIP may be purchased through an insurance agent who will obtain the policy either directly through the NFIP or through an insurance company that participates in the NFIP. Flood insurance also may be available from private insurers that do not participate in the NFIP.

. At a minimum, flood insurance purchased must cover the lesser of:
(1) the outstanding principal balance of the loan; or
(2) the maximum amount of coverage allowed for the type of property under the NFIP.

. Flood insurance coverage under the NFIP is limited to the overall value of the property securing the loan minus the value of the land on which the property is located.

. Federal disaster relief assistance (usually in the form of a low-interest loan) may be available for damages incurred in excess of your flood insurance if your community's participation in the NFIP is in accordance with NFIP requirements.

-- Flood insurance coverage under the NFIP is not available for the property securing the loan because the community in which the property is located does not participate in the NFIP. In addition, if the non-participating community has been identified for at least one year as containing a special flood hazard area, properties located in the community will not be eligible for Federal disaster relief assistance in the event of a Federally-declared flood disaster.

(c) Receipt of notification. The Under Secretary for Memorial Affairs is delegated authority to receive from the United States Attorney General and appropriate State officials on behalf of the Secretary of Veterans Affairs the notification of conviction of capital crimes referred to in paragraphs (a)(1) and (2) of this section.

(d) Decision where notification previously received. Upon receipt of a request for interment or memorialization, where the Secretary of Veterans Affairs has received the notification referred to in paragraph (a)(1) or (2) of this section with regard to the deceased, the cemetery director will make a decision on the request for interment or memorialization pursuant to 38 U.S.C. 2411.

(e) Inquiry. (1) Upon receipt of a request for interment or memorialization, where the Secretary of Veterans Affairs has not received the notification referred to in paragraph (a)(1) or (a)(2) of this section with regard to the deceased, but the cemetery director has reason to believe that the deceased may have been convicted of a Federal or State capital crime, the cemetery director will initiate an inquiry to either:

[70 FR 4768, Jan. 31, 2005]

§ 38.618 Findings concerning commission of a capital crime where a person has not been convicted due to death or flight to avoid prosecution.

(a) Inquiry. With respect to a request for interment or memorialization, if a cemetery director has reason to believe that a deceased individual who is otherwise eligible for interment or memorialization may have committed a Federal or State capital crime, but avoided conviction of such crime by reason of unavailability for trial due to death or flight to avoid prosecution, the cemetery director, with the assistance of the VA regional counsel, as necessary, will initiate an inquiry seeking information from Federal, State, or local law enforcement officials, or other sources of potentially relevant information. After completion of this inquiry and any further measures required under paragraphs (c), (d), (e), and (f) of this section, the cemetery director will make a decision on the request for interment or memorialization in accordance with paragraph (b), (e), or (g) of this section.
(b) Decision approving request without a proceeding or termination of a claim by personal representative without a proceeding. (1) If, after conducting the inquiry described in paragraph (a) of this section, the cemetery director determines that there is no clear and convincing evidence that the deceased committed a Federal or State capital crime of which he or she was not convicted due to death or flight to avoid prosecution, and the deceased remains otherwise eligible, the cemetery director will make a decision approving the interment or memorialization.
(2) If the personal representative elects for burial at a location other than a VA national cemetery, or makes alternate arrangements for burial at a location other than a VA national cemetery, the request for interment or memorialization will be considered withdrawn and action on the request will be terminated.
(c) Initiation of a proceeding. (1) If, after conducting the inquiry described in paragraph (a) of this section, the cemetery director determines that there appears to be clear and
convincing evidence that the deceased has committed a Federal or State capital crime of which he or she was not convicted by reason of unavailability for trial due to death or flight to avoid prosecution, the cemetery director will provide the personal representative of the deceased with a written summary of the evidence of record and a written notice of procedural options.

(2) The notice of procedural options will inform the personal representative that he or she may, within 15 days of receipt of the notice:

(i) Request a hearing on the matter;
(ii) Submit a written statement, with or without supporting documentation, for inclusion in the record;
(iii) Waive a hearing and submission of a written statement and have the matter forwarded immediately to the Under Secretary for Memorial Affairs for a finding; or
(iv) Notify the cemetery director that the personal representative is withdrawing the request for interment or memorialization, thereby, closing the claim.

(3) The notice of procedural options will also inform the personal representative that, if he or she does not exercise one or more of the stated options within the prescribed period, the matter will be forwarded to the Under Secretary for Memorial Affairs for a finding based on the existing record.

(d) Hearing. If a hearing is requested, the Director, Memorial Services Network will conduct the hearing. The purpose of the hearing is to permit the personal representative of the deceased to present evidence concerning whether the deceased committed a crime which would render the deceased ineligible for interment or memorialization in a national cemetery. Testimony at the hearing will be presented under oath, and the personal representative will have the right to representation by counsel and the right to call witnesses. The VA official conducting the hearing will have the authority to administer oaths. The hearing will be conducted in an informal manner and court rules of evidence will not apply. The hearing will be recorded on audiotape and, unless the personal representative waives transcription, a transcript of the hearing will be produced and included in the record.

(e) Decision of approval or referral for a finding after a proceeding. Following a hearing or the timely submission of a written statement, or in the event a hearing is waived or no hearing is requested and no written statement is submitted within the time specified:

(1) If the cemetery director determines that it has not been established by clear and convincing evidence that the deceased committed a Federal or State capital crime of which he or she was not convicted due to death or flight to avoid prosecution, and the deceased remains otherwise eligible, the cemetery director will make a decision approving interment or memorialization; or

(2) If the cemetery director believes that there is clear and convincing evidence that the deceased committed a Federal or State capital crime of which he or she was not convicted due to death or flight to avoid prosecution, the cemetery director will forward a request for a finding on that issue, together with the cemetery director's recommendation and a copy of the record to the Under Secretary for Memorial Affairs.

(f) Finding by the Under Secretary for Memorial Affairs. Upon receipt of a request from the cemetery director under paragraph (e) of this section, the Under Secretary for Memorial Affairs will make a finding concerning whether the deceased committed a Federal or State capital crime of which he or she was not convicted by reason of
unavailability for trial due to death or flight to avoid prosecution. The finding will be based on consideration of the cemetery director's recommendation and the record supplied by the cemetery director.

(1) A finding that the deceased committed a crime referred to in paragraph (f) of this section must be based on clear and convincing evidence.

(2) The cemetery director will be provided with written notification of the finding of the Under Secretary for Memorial Affairs.

(g) Decision after finding. Upon receipt of notification of the finding of the Under Secretary for Memorial Affairs, the cemetery director will make a decision on the request for interment or memorialization pursuant to 38 U.S.C. 2411. In making that decision, the cemetery director will be bound by the finding of the Under Secretary for Memorial Affairs.

(h) Notice of decision. The cemetery director will provide written notice of the finding of the Under Secretary for Memorial Affairs and of a decision under paragraph (b), (e)(1), or (g) of this section. With notice of any decision denying a request for interment or memorialization, the cemetery director will provide written notice of appellate rights to the personal representative of the deceased, in accordance with § 19.25 of this title. This will include notice of the opportunity to file a notice of disagreement with the decision of the cemetery director and the finding of the Under Secretary for Memorial Affairs. Action following receipt of a notice of disagreement with a denial of eligibility for interment or memorialization under this section will be in accordance with §§19.26 through 19.38 of this title.

§ 38.621 Disinterments.

(a) Interments of eligible decedents in national cemeteries are considered permanent and final. Disinterment will be permitted only for cogent reasons and with the prior written authorization of the National Cemetery Area Office Director or Cemetery Director responsible for the cemetery involved. Disinterment from a national cemetery will be approved only when all living immediate family members of the decedent, and the person who initiated the interment (whether or not he or she is a member of the immediate
family), give their written consent, or when a court order or State instrumentality of competent jurisdiction directs the disinterment. For purposes of this section, "immediate family members" are defined as surviving spouse, whether or not he or she is remarried; all adult children of the decedent; the appointed guardian(s) of minor children; and the appointed guardian(s) of the surviving spouse or of the adult child(ren) of the decedent. § 38.629 Outer Burial Receptacle Allowance.

(a) Definitions--Outer burial receptacle. For purposes of this section, an outer burial receptacle means a graveliner, burial vault, or other similar type of container for a casket.

(b) Purpose. This section provides for payment of a monetary allowance for an outer burial receptacle for any interment in a VA national cemetery where a privately-purchased outer burial receptacle has been used in lieu of a Government-furnished graveliner.

(c) Second interments. In burials where a casket already exists in a grave with or without a graveliner, placement of a second casket in an outer burial receptacle will not be permitted in the same grave unless the national cemetery director determines that the already interred casket will not be damaged.

(d) Payment of monetary allowance. VA will pay a monetary allowance for each burial in a VA national cemetery where a privately-purchased outer burial receptacle was used on and after October 9, 1996. For burials on and after January 1, 2000, the person identified in records contained in the National Cemetery Administration Burial Operations Support System as the person who privately purchased the outer burial receptacle will be paid the monetary allowance. For burials during the period October 9, 1996 through December 31, 1999, the allowance will be paid to the person identified as the next of kin in records contained in the National Cemetery Administration Burial Operations Support System based on the presumption that such person privately purchased the outer burial receptacle (however, if a person who is not listed as the next of kin provides evidence that he or she
privately purchased the outer burial receptacle, the allowance will be paid instead to that person). No application is required to receive payment of a monetary allowance.

(e) Amount of the allowance. (1) For calendar year 2000 and each calendar year thereafter, the allowance will be the average cost, as determined by VA, of Government-furnished graveliners, less the administrative costs incurred by VA in processing and paying the allowance.

(i) The average cost of Government-furnished graveliners will be based upon the actual average cost to the Government of such graveliners during the most recent fiscal year ending prior to the start of the calendar year for which the amount of the allowance will be used. This average cost will be determined by taking VA's total cost during that fiscal year for single-depth graveliners which were procured for placement at the time of interment and dividing it by the total number of such graveliners procured by VA during that fiscal year. The calculation shall exclude both graveliners procured and pre-placed in gravesites as part of cemetery gravesite development projects and all double-depth graveliners.

(ii) The administrative costs incurred by VA will consist of those costs that relate to processing and paying an allowance, as determined by VA, for the calendar year ending prior to the start of the calendar year for which the amount of the allowance will be used.

(2) For calendar year 2000 and each calendar year thereafter, the amount of the allowance for each calendar year will be published in the "Notices" section of the Federal Register. The Federal Register notice will also provide, as information, the determined average cost of Government-furnished graveliners and the determined amount of the administrative costs to be deducted.

(3) The published allowance amount for interments which occur during calendar year 2000 will also be used for payment of any allowances for interments which occurred during the period from October 9, 1996 through December 31, 1999.

In determining whether sufficient funds are available, VA shall consider the project's priority ranking, the total amount of funds available for cemetery grant awards during the applicable fiscal year, and the prospects of higher ranking projects being ready for the award of a grant before the end of the applicable fiscal year.

§ 39.6 Preapplication requirements.
(a) A State seeking a grant for the establishment, expansion, or improvement of a veterans' cemetery must submit a preapplication if the State seeks more than $100,000.
(b) No detailed drawings, plans, or specifications are required with the preapplication. As a part of the preapplication, the State must submit each of the following:
   (1) Standard Form 424 ("Face Sheet") and Standard Form 424C ("Budget Information") signed by the authorized representative of the State. These forms document the amount of
the grant requested, which may not exceed 100 percent of the estimated cost of the project to be funded with the grant.

(2) A program narrative describing the objectives of the project, the need for a grant, the method of accomplishment, the projected interment rate, and the results or benefits expected to be obtained from the assistance requested.

(3) If a site has been selected, a description of the geographic location of the project (i.e., a map showing the location of the project and all appropriate geographic boundaries, and any other supporting documentation, as needed).

(4) A design concept describing the major features of the project including the number and types of gravesites, such as columbarium niches.

(5) Any comments or recommendations made by the State's "Single Point of Contact" reviewing agency.

(c) In addition, the State must submit written assurance that:

(1) Any cemetery established, expanded, or improved through a grant will be used exclusively for the interment of eligible persons as set forth in § 39.5(a).

(2) Title to the site is or will be vested solely in the State.

(3) It possesses legal authority to apply for the grant, and to finance and construct the proposed facilities; i.e., legislation or similar action has been duly adopted or passed as an official act of the applicant's governing body, authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the State to act in connection with the application and to provide such additional information as may be required.

(4) Any cemetery established, expanded, or improved through a grant will be maintained and operated in accordance with the operational standards and measures of the National Cemetery Administration.

(5) It will assist VA in assuring that the grant complies with section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. 470), Executive Order 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. 469a-1 et seq.).

(6) It will obtain approval by VA of the final construction drawings and specifications before the project is advertised or placed on the market for bidding; it will construct the project, or cause it to be constructed, to completion in accordance with the application and approved plans and specifications; it will submit to the Director of the State Cemetery Grants Service, for prior approval, changes that alter the costs of the project, use of space, or functional layout; and it will not enter into a construction contract(s) for the project or undertake other activities until the conditions of the grant program have been met.

(7) It will comply with the Federal requirements in 38 CFR parts 43 and 44 and submit Standard Form 424D ("Assurances -- Construction Programs").

(8) It will prepare an Environmental Assessment to determine whether an Environmental Impact Statement is necessary, and certify that funds are available to finance any costs related to preparation of the Environmental Assessment.

(d) The State must submit a copy of the legislation, as enacted into law, authorizing the establishment, maintenance and operation of the facility as a veterans' cemetery in accordance with 38 CFR 39.5(a).
(e) Upon receipt of a preapplication for a grant, including all necessary assurances and all required supporting documentation, VA shall determine whether the preapplication conforms to all requirements listed in paragraphs (a) through (d) of this section, including whether it contains sufficient information necessary to establish the project's priority. VA will notify the State of any nonconformity. If the preapplication does conform, VA shall notify the State that the preapplication has been found to meet the preapplication requirements, and the proposed project will be included in the next scheduled ranking of projects, as indicated in § 39.7(d).

§ 39.7 Priority list.

(a) The priority groups, with Priority Group 1 having the highest priority and Priority Group 4 the lowest priority, are:

1. Priority Group 1 -- Projects needed to avoid disruption in burial service that would otherwise occur at existing veterans' cemeteries within 4 years of the date of the preapplication. Such projects would include expansion projects as well as improvement projects (such as construction of additional or replacement facilities) when such improvements are required to continue interment operations.

2. Priority Group 2 -- Projects for the establishment of new veterans' cemeteries.

3. Priority Group 3 -- Expansion projects at existing veterans' cemeteries when a disruption in burial service due to the exhaustion of existing gravesites is not expected to occur within 4 years of the date of the preapplication.

4. Priority Group 4 -- Other improvement projects to cemetery infrastructure such as building expansion and upgrades to roads and irrigation systems that are not directly related to the development of new gravesites.

(b) Within Priority Groups 1, 2, and 3, highest priority will be given to projects in geographical locations with the greatest number of veterans who will benefit from the project as determined by VA. This prioritization system, based on veteran population data, will assist VA in maintaining and improving access to burial in a veterans cemetery to more veterans and their eligible family members. Within Priority Group 1, at the discretion of VA, higher priority may be given to a project that must be funded that fiscal year to avoid disruption in burial service.

(c) Within Priority Group 4, projects will be ranked in priority order based upon VA's determination of the relative importance and necessity to operations of the proposed improvements.

(d) By August 15 of each year, VA will make a list prioritizing the preapplications that were received on or before July 1 of that year and that were approved under § 39.6, ranking them in their order of priority for funding during the fiscal year that begins the following October 1. Preapplications from previous years will be re-prioritized each year.

(Authority: 38 U.S.C. 501, 2408.)
§ 39.8 Plan preparation.
The State must prepare plans and specifications in accordance with the requirements of this section for review by the SCGS. The plans and specifications must be approved by the SCGS prior to the State's solicitation for construction bids. Once SCGS grants approval, the State must obtain construction bids and determine the successful bidder prior to submission of the application. The State must establish procedures for determining that costs are reasonable, necessary and allocable in accordance with the provisions of Office of Management and Budget (OMB) Circular No. A-87. Once the preapplication and the project's plans and specifications have been approved, an application for assistance must be submitted in compliance with the uniform requirements for grants-in-aid to State and local governments prescribed by Office of Management and Budget Circular No. A-102, Revised.

(a) General. These requirements have been established for the guidance of the State agency and the design team to provide a standard for preparation of drawings, specifications and estimates.

(b) Technical requirements. The State should meet these technical requirements as soon as possible after VA approves the preapplication.

(1) Boundary and site survey. The State agency shall provide a survey of the site and furnish a legal description of the site. A boundary and site survey need not be submitted if one was submitted for a previously approved project and there have been no changes. Relevant information may then be shown on the site plan. If required, the survey shall show:

(i) The outline and location referenced to boundaries, of all existing buildings, streets, alleys (whether public or private), block boundaries, easements, encroachments, the names of streets, railroads and streams, and other information as specified. If there is nothing of this character affecting the property, the Surveyor shall so state on the drawings.
(ii) The point of beginning, bearing, distances, and interior angles. Closure computations shall be furnished with the survey and error of closure shall not exceed 1 foot for each 10,000 feet of lineal traverse. Boundaries of an unusual nature (curvilinear, off-set, or having other change or direction between corners) shall be referenced with curve data (including measurement chord) and other data sufficient for replacement and such information shall be shown on the map. For boundaries of such nature, coordinates shall be given for all angles and other pertinent points.
(iii) The area of the parcel in acres or in square feet.
(iv) The location of all monuments.
(v) Delineation of 100-year floodplain and source.
(vi) The signature and certification of the Surveyor.

(2) Soil investigation. The State shall provide a soil investigation of the scope necessary to ascertain site characteristics for construction and burial or to determine foundation requirements and utility service connections. A new soil investigation is not required if one was done for a previously approved project on the same site and information
contained is adequate and unchanged. Soil investigation, when done, shall be documented in a signed report. Adequate investigation shall be made to determine the subsoil conditions. The investigation shall include a sufficient number of test pits or test borings as will determine, in the judgment of the architect, the true conditions. The following information will be covered in the report:

(i) Thickness, consistency, character, and estimated safe bearing value where needed for structural foundation design of the various strata encountered in each pit or boring.
(ii) Amount and elevation of ground water encountered in each pit or boring, its probable variation with the seasons, and effect on the subsoil.
(iii) The elevation of rock, if known, and the probability of encountering quicksand.
(iv) If the site is under laid with mines, the elevations and location of the tops of the mine workings relative to the site, or old workings located in the vicinity.

(3) Topographical survey. A topographical survey in 1-foot contour intervals shall be prepared for projects establishing new cemeteries and for significant expansion projects in previously undeveloped land.

(c) Master plan. A master plan showing the proposed layout of all facilities -- including buildings, roadways and burial sections -- on the selected site shall be prepared for all new cemetery establishment projects for approval by the SCGS. If the project is to be phased into different year programs, the phasing shall be indicated. The master plan shall analyze all factors affecting the design, including climate, soil conditions, site boundaries, topography, views, hydrology, environmental constraints, transportation access, etc. It should provide a discussion of alternate designs that were considered. In the case of an expansion or improvement project, the work contemplated should be consistent with the VA-approved master plan or a justification for the deviation should be provided.

(d) Preliminary or "design development" drawings. Following VA approval of the master plan, the State must submit design development drawings that show all current phase construction elements to be funded by the grant. The drawings must comply with the following requirements:

(1) Site development and environmental plans must include locations of structures, demolition, parking, roads, service areas, walks, plazas, memorial paths, other paved areas, landscape buffer and major groupings, interment areas (including quantity of gravesites in each area). A grading plan including existing and proposed contours at 1-foot intervals of the entire area affected by the site work must be submitted. A site plan of the immediate area around each building shall be drawn to a convenient scale and shall show the building floor plan, utility connections, walks, gates, walls or fences, flagpoles, drives, parking areas, indication of handicapped provisions, landscaping, north arrow and any other appropriate items.

(2) Floor plans of all levels at a convenient scale shall be double line drawings and shall show overall dimensions, construction materials, door swings, names and square feet for each space, toilet room fixtures and interior finish schedule.

(3) Elevations of the exteriors of all buildings shall be drawn to the same scale as the plan and shall include all material indications.

(4) Preliminary mechanical and electrical layout plans shall be drawn at a convenient scale and shall have an equipment and plumbing fixture schedule.

(e) Final construction drawings and specifications. Funds for the construction of any project being assisted under this program will not be released until VA approves the final
construction drawings and specifications. If VA approves them, VA shall send the State a written letter of approval indicating the project complies with the terms and conditions as prescribed by VA, but this does not constitute approval of the contract documents. It is the responsibility of the State to ascertain that all State and Federal requirements have been met and that the drawings and specifications are acceptable for bid purposes.

1. The State shall prepare final working drawings so that clear and distinct prints may be obtained. These drawings must be accurately dimensioned to include all necessary explanatory notes, schedules and legends. Working drawings shall be complete and adequate for VA review and comment. The State shall prepare separate drawings for each of the following types of work: architectural, equipment, layout, structural, heating and ventilating, plumbing, and electrical.

2. Architectural drawings. The State shall submit drawings which include: All structures and other work to be removed; all floor plans if any new work is involved; all elevations, which are affected by the alterations; building sections; demolition drawings; all details to complete the proposed work and finish schedules; and fully dimensioned floor plans at 1/8" or 1/4" scale.

3. Equipment drawings. The State shall submit a list of all equipment to be provided under terms of the grant in the case of an establishment project. Large-scale drawings of typical special rooms indicating all fixed equipment and major items of furniture and moveable equipment shall be included.

4. Layout drawings. The State shall submit a layout plan that shows:
   (i) All proposed features such as roads, buildings, walks, utility lines, burial layout, etc.
   (ii) Contours, scale, north arrow, legend showing existing trees.
   (iii) A graphic or keyed method of showing plant types as well as quantities of each plant.
   (iv) Plant list with the following: Key, quantity, botanical name, common name, size and remarks.
   (v) Typical tree and shrub planting details.
   (vi) Areas to be seeded or sodded.
   (vii) Areas to be mulched.
   (viii) Gravesite section layout with permanent section monument markers and lettering system.
   (ix) Individual gravesite layout and numbering system. If the cemetery is existing and the project is expansion or renovation, show available, occupied, obstructed and reserved gravesites.
   (x) Direction the headstone faces.

5. Structural drawings. The State shall submit complete foundation and framing plans and details, with general notes to include: Governing code, material strengths, live loads, wind loads, foundation design values, and seismic zone.

6. Mechanical drawings. The State shall submit:
   (i) Heating and ventilation drawings showing complete systems and details of air conditioning, heating, ventilation and exhaust; and
   (ii) Plumbing drawings showing sizes and elevations of soil and waste systems, sizes of all hot and cold water piping, drainage and vent systems, plumbing fixtures, and riser diagrams.

7. Electrical drawings. The State shall submit separate drawings for lighting and power, including drawings of:
(i) Service entrance, feeders and all characteristics;
(ii) All panel, breaker, switchboard and fixture schedules;
(iii) All lighting outlets, receptacles, switches, power outlets and circuits; and
(iv) Telephone layout, fire alarm systems and emergency lighting.
(8) Final specifications (to be used for bid purposes) shall be in completed format. Specifications shall include the invitations for bids, cover or title sheet, index, general requirements, form of bid bond, form of agreement, performance and payment bond forms, and sections describing materials and workmanship in detail for each class of work.
(9) The State shall show in convenient form and detail the estimated total cost of the work to be performed under the contract including provisions of fixed equipment shown by the plans and specifications, if applicable, to reflect the changes of the approved financial plan. Estimates shall be summarized and totaled under each trade or type of work. Estimates shall also be provided for each building structure and other important features such as the assembly area and include burial facilities.

§ 39.9 Conferences.
(a) Predesign conference. A predesign conference is required for all major construction projects primarily to ensure that the State agency becomes oriented to VA procedures and requirements plus any technical comments pertaining to the project. These conferences will take place at an appropriate location near the proposed site and should include a site visit to ensure that all parties to the process, including NCA staff, are familiar with the site and its characteristics.
(b) Additional conferences. At any time, VA may recommend an additional conference (such as a design development conference) be held in VA Central Office in Washington, DC, to provide an opportunity for the State and its architects to discuss requirements for a grant with VA officials.

(10) Economic activities,
(11) Cultural resources,
(12) Aesthetics,
(13) Residential population,
(14) Community services and facilities,
(15) Community plans and projects, and
(16) Other.
(c) If an adverse environmental impact is anticipated, the State must explain what action

§ 39.15 Amount of grant.
(a) The amount of a grant awarded under this part may not exceed 100 percent of the total cost of the project, but may be less than that amount.
(b) The total cost of a project under this part may include:
(1) Administration and design costs, e.g., architectural and engineering fees, inspection fees, and printing and advertising cost.
(2) The cost of cemetery features, e.g., entry features, flag plaza and assembly areas, columbarium, preplaced liners or crypts, irrigation, committal-service shelters, and administration/maintenance buildings.

§ 39.17 Payment of grant award.
The amount of the grant award will be paid to the State or, if designated by the State representative, the State veterans' cemetery for which such project is being carried out, or any other State agency or instrumentality. Such amount shall be paid by way of reimbursement, and in such installments consistent with the progress of the project, as the Director of State Cemetery Grants Service may determine and certify for payment to the appropriate Federal institution. Funds paid under this section for an approved project shall be used solely for carrying out such project as so approved. As a condition for the final payment, the State representative must submit to VA the following:
(a) Standard Form 271 ("Outlay Report and Request for Reimbursement for Construction Programs") (The form is set forth at § 39.26(a)).
(b) A request in writing for the final architectural/engineering inspection, including the name and telephone number of the local point of contact for the project;

§ 39.18 Recapture provisions.
(a) If a State which has received a grant to establish, expand, or improve a veterans' cemetery ceases to own such cemetery, ceases to operate such cemetery as a veterans' cemetery in accordance with § 39.5(a), or uses any part of the funds provided through such grant for a purpose other than that for which the grant was made, the United States
shall be entitled to recover from the State the total of all grants made to the State in connection with the establishment, expansion or improvement of such cemetery.

(b) If all funds from a grant have not been used by a State for the purpose for which the grant was made within 3 years after the VA has certified the approved application for such grant to the Department of the Treasury, the United States shall be entitled to recover any unused grant funds from the State.

Subpart D -- Standards and Requirements for Project

§ 39.19 General requirements for site selection and construction of veterans' cemeteries.

§ 39.20 Site planning standards.

§ 39.21 Space criteria for support facilities.

§ 39.22 Architectural design standards.

§ 39.19 General requirements for site selection and construction of veterans’ cemeteries.

(a) The various codes, requirements, and recommendations of State and local authorities or technical and professional organizations, to the extent and manner in which those codes, requirements, and recommendations are referenced in this subpart, are applicable to grants for construction of veterans' cemeteries. Additional information concerning these codes, requirements, and recommendations may be obtained from the Department of Veterans Affairs, National Cemetery Administration, 810 Vermont Avenue, NW., Washington, DC 20420.

(b) The standards in §§ 39.19 through 39.22 constitute general design and construction criteria and shall apply to all projects for which Federal assistance is requested under 38 U.S.C. 2408.

(c) In developing these standards, no attempt has been made to comply with all of the various State and local codes and regulations. The standards contained in §§ 39.19 through 39.22 shall be followed where they exceed State or local codes and regulations. Departure will be permitted, however, when alternate standards are demonstrated to provide equivalent or better design criteria than the standards in these sections. Conversely, compliance is required with State and local codes where such requirements provide a standard higher than those in these sections. The additional cost, if any, in using standards that are higher than those of VA should be documented and justified in the application.

(d) The space criteria and area requirements referred to in these standards shall be used as a guide in planning. Additional area and facilities beyond those specified as basic may be included if found to be necessary to meet the functional requirements of the project but are subject to approval by VA. Substantial deviation from the space or area standards shall be carefully considered and justified. Failing to meet the standards or exceeding them by more than 10 percent in the completed plan would be regarded as evidence of inferior design or as exceeding the boundaries of professional requirements. In those projects that unjustifiably exceed maximum space or area criteria, VA funding may be subject to proportionate reduction in proportion to the amount by which the space or area of the cemetery exceeds the maximum specified in these standards.

§ 39.20 Site planning standards.
(a) Site selection -- (1) Location. The land should be located as close as possible to the densest veteran population in the area under consideration.

(2) Size. Sufficient acreage shall be available to provide gravesites for estimated needs for at least 20 years. More acreage should be provided where feasible. Acreage could vary depending on the State veteran population and national cemetery availability.

(3) Accessibility. The site should be readily accessible by highway. Offsite improvements shall not be funded by the grant.

(4) Topography. The land should range from comparatively level to rolling and moderately hilly terrain. Natural rugged contours are suitable only if development and maintenance costs would not be excessive and burial areas would be accessible to elderly or infirm visitors. The land shall not be subject to flooding.

(5) Water table. The water table should be lower than the maximum proposed depth of burial.

(6) Soil requirements. The soil should be free from rock, muck, unstable composition, and other materials that would hamper the economical excavation of graves by normal methods. In general, the soil should meet the standards of good agricultural land that is capable of supporting turf and trees, with normal care and without the addition of topsoil.

(7) Utilities. Electricity and gas, if required, should be available. Offsite improvements shall not be funded by the grant.

(8) Water supply. An adequate supply of water should be available. Offsite improvements shall not be funded by the grant.

(9) Sewerage. An approved means to dispose of storm flow and sewage from the facility should be available. Offsite improvements shall not be funded by the grant.

(b) Site development requirements -- (1) General. The development plan shall provide for adequate hard surfaced roads, walks, parking areas, public rest rooms, flag circle, and a main gate.

(2) Parking. All parking facilities shall include provisions to accommodate the physically handicapped. A minimum of one space shall be set aside and identified with signage in each parking area with additional spaces provided in the ratio of 1 handicapped space to every 20 regular spaces. Handicapped spaces shall not be placed between two conventional diagonal or head-on parking spaces. Each of the handicapped parking spaces shall not be less than 9 feet wide; in addition, a clear space 4 feet wide shall be provided between the adjacent conventional parking spaces and also on the outside of the end spaces. Parking is not provided for large numbers of people attending ceremonial events such as Memorial Day services.

(3) Roads. Roads should generally follow the topography of the cemetery, and allow pedestrian access to burial sections on both sides. Roads should generally not be used as "boundaries" outlining burial sections. Extensive bridging should be avoided. The grant program funding cannot be used to build access roads on property that is not part of the cemetery. Road widths shall be compatible with proposed traffic flows and volumes. Primary roads are generally 24 feet wide.

(4) Pavement design. The pavement section of all roads, service areas and parking areas shall be designed for the maximum anticipated traffic loads and existing soil conditions and in accordance with local and State design criteria.

(5) Curbs. Bituminous roads may be provided with integral curbs and gutters constructed of portland cement concrete. Freestanding curbs may be substituted when the advantage
of using them is clearly indicated. All curbs shall have a "roll-type" cross section for vehicle and equipment access to lawn areas except as may be necessary for traffic control. The radii of curbs at road intersections shall not be less than 20 feet-0 inches. Curb ramps shall be provided to accommodate the physically handicapped and maintenance equipment. Curb ramps shall be provided at all intersections of roads and walks. The curb ramps shall not be less than 4 feet wide; they shall not have a slope greater than 8 percent, and preferably not greater than 5 percent. The vertical angle between the surface of a curb ramp and the surface of a road or gutter shall not be less than 176 degrees; the transition between the two surfaces shall be smooth. Curb ramps shall have nonskid surfaces.

(6) Walks. Walks shall be designed with consideration for the physically handicapped and elderly. Walks and ramps designed on an incline shall have periodic level platforms. All walks, ramps and platforms shall have nonskid surfaces. Any walk shall be ramped if the slope exceeds 3 percent. Walks that have gradients from 2 to 3 percent shall be provided with level platforms at 200-foot intervals and at intersections with other walks. Ramps shall not have a slope greater than 8 percent, and preferably not greater than 5 percent. The ramps shall have handrails on both sides unless other protective devices are provided; every handrail shall have clearance of not less than 1 1/2 inches between the back of the handrail and the wall or any other vertical surface behind it. Ramps shall not be less than 4 feet wide between curbs; curbs shall be provided on both sides. The curbs shall not be less than 4 inches high and 4 inches wide. A level platform in a ramp shall not be less than the full width of the ramp and not less than 5 feet long. Entrance platforms and ramps shall be provided with protective weather barriers to shield them against hazardous conditions resulting from inclement weather.

(7) Steps. Exterior steps may be included in the site development as long as provisions are also provided for use by physically handicapped persons.

(8) Grading. Minimum lawn slopes shall be 2 percent; critical spot grade elevations shall be shown on the contract drawings. Insofar as practicable, lawn areas shall be designed without steep slopes.

(9) Landscaping. The landscaping plan should provide for a park-like setting of harmonious open spaces balanced with groves of indigenous and cultivated deciduous and evergreen trees. Shrubbery should be kept to a minimum. Steep slopes that are unsuitable for interment areas should be kept in their natural state.

(10) Surface drainage. Surface grades shall be determined in coordination with the architectural, structural and mechanical design of buildings and facilities so as to provide proper surface drainage.

(11) Burial areas. A site plan of the cemetery shall include a burial layout. If appropriate, the burial layout should reflect the phases of development in the various sections. The first phase of construction should contain sufficient burial sites to meet the foreseeable demand for at least 10 years. All applicable dimensions to roadways, fences, utilities or other structures shall be indicated on the layout.

(12) Gravesites. Gravesites shall be laid out in uniform pattern. There shall be a minimum of 10 feet from the edge of roads and drives and a minimum of 20 feet from the boundaries or fence lines. Maximum distance from the edge of a permanent road to any gravesite shall not be over 275 feet. Temporary roads may be provided to serve areas in phase developments.
(13) Monumentation. Each grave shall be marked with an appropriate marker and each cemetery shall maintain a register of burials setting forth the name of each person buried and the designation of the grave in which he/she is buried. Permanent gravesite control markers shall be installed based on a grid system throughout the burial area unless otherwise specified. This will facilitate the gravesite layout, placement of utility lines, and alignment of headstones.

(14) Entrance. The entrance should be an architectural or landscape feature that creates a sense of arrival.

(15) Memorial walkway. Each cemetery should have an area for the display of memorials donated by veterans groups and others. Such areas may take the form of a path or walkway and should provide a contemplative setting for visitors.

(16) Donation items. Family members and others often wish to donate items such as benches and trees. Acceptable items of donation should be specified in the cemetery plan. The plan should also designate appropriate locations for such items.

(17) Flag/assembly area. There shall be one primary flagpole for the United States flag. This flag shall be lighted. A turf assembly area should be developed for major gatherings such as Memorial Day. The assembly area may be focused on the flag. The area may also incorporate an architectural or a landscape feature that functions as a platform or backdrop for speakers.

(18) Site furnishings. Site furnishings include signage, trash receptacles, benches, and flower containers. These items should be coordinated and complement each other, the architectural design and the cemetery as a whole. They should be simple, durable, standardized and properly scaled.

(19) Carillons. The cemetery development plan should include a location for a carillon tower. Carillons are normally donated. They are not provided for in the grant.

§ 39.21 Space criteria for support facilities.

These criteria are based on a projected average burial rate of one to six per day, staffing by position, and a defined complement of maintenance and service equipment. For cemeteries with less than one or more than six burials per day, support facilities are considered on an individual basis in accordance with § 39.19(d). In converting Net Square Feet (NSF) to Gross Square Feet (GSF), a conversion factor of 1.5 is the maximum allowed. The applicant shall, in support of the design, include the following as an attachment to the application: a list of all grounds maintenance supplies and equipment and the number of Full Time Employees (FTE) by job assignment for the next 10 years.

(a) Administrative building. The administrative building should be approximately 1,600 NSF in total, providing space, as needed, for the following functions:

(1) Cemetery director's office;

(2) Other offices (as needed);

(3) Administrative staff (lobby/office area);

(4) Operations (file/office/equipment/work area);
(5) Family/conference room;
(6) Military honors team;
(7) Refreshment unit;
(8) Housekeeping aide's closet; and
(9) Restroom facilities.

(b) Maintenance/service building. The maintenance/service building may be combined with the administrative building. The maintenance/service building should be approximately 2,200 NSF in total, providing heated and air conditioned space, as needed, for the following functions:
(1) Foreman's office;
(2) Lunch room;
(3) Kitchen unit;
(4) Toilet and locker room facilities;
(5) Housekeeping aide's closet; and
(6) Vehicle and equipment maintenance and storage.

(c) Vehicle and equipment storage. Approximately 275 NSF/Bay as needed. Not all types of vehicles and equipment require storage in heated space. Based on climatic conditions, it may be justified to rely completely on open structures rather than heated structures to protect the following types of vehicles and equipment: Dump Trucks, Pickup Trucks, Cemetery Automobiles, Gang and Circular Mowers.

(d) Interment/committal service shelter. One permanent shelter is authorized for every five interments per day. The shelter may include a covered area to provide seating for approximately 20 people and an uncovered paved area to provide space for approximately 50 additional people. The shelter may also include a small, enclosed equipment/storage area. Provisions must be made for the playing of Taps by recorded means.

(e) Public Information Center. One permanent Public Information Center is authorized per facility. A Public Information Center is used to provide orientation to visitors and funeral corteges. It should include the gravesite locator. The public restrooms may also be combined with this structure. Space determinations for separate structures for public restrooms shall be considered on an individual basis. The Public Information Center, including public restrooms, may be combined with the administrative building.

(f) Other interment structures. Space determinations for other support facilities such as columbaria, preplaced graveliners (or crypts), garden niches, etc., will be considered on an individual basis in accordance with § 39.19(d).

For the purposes of §§ 40.1 through 40.13, the following definitions apply:

( 42 U.S.C. 4231(b))

§ 40.4 General.
(a) The Secretary provides opportunities for consultation by elected officials of those State and local governments that would provide the non-Federal funds for, or that would be directly affected by, proposed Federal financial assistance from, or direct Federal development by, VA.
(b) If a State adopts a process under the order to review and coordinate proposed Federal financial assistance and direct Federal development, the Secretary, to the extent permitted by law:
(1) Uses the State process to determine official views of State and local elected officials;
(2) Communicates with State and local elected officials as early in a program planning cycle as is reasonably feasible to explain specific plans and actions;
(3) Makes efforts to accommodate State and local elected officials' concerns with proposed Federal financial assistance and direct Federal development that are communicated through the State process;
(4) Seeks the coordination of views of affected State and local elected officials in one State with those of another State when proposed Federal financial assistance or direct Federal development has an impact on interstate metropolitan urban centers or other interstate areas; and
(5) Supports State and local governments by discouraging the reauthorization or creation of any planning organization which is federally-funded, which has a limited purpose, and which is not adequately representative of, or accountable to, State or local elected officials.
§ 40.5 Federal interagency coordination.
The Secretary, to the extent practicable, consults with and seeks advice from all other substantially affected Federal departments and agencies in an effort to assure full coordination between such agencies and VA regarding programs and activities covered under these regulations.

(42 U.S.C. 4231(b))

§ 40.6 Selection of programs and activities.

(b) Each State that adopts a process shall notify the Secretary of the VA's programs and activities selected for that process.
(c) A State may notify the Secretary of changes in its selections at any time. For each change, the State shall submit to the Secretary an assurance that the State has consulted with local elected officials regarding the change. The VA may establish deadlines by which States are required to inform the Secretary of changes in their program selections.
(d) The Secretary uses a State's process as soon as feasible, depending on individual programs and activities, after the Secretary is notified of its selections.

(42 U.S.C. 4231(b))

§ 40.7 Communicating with State and local officials concerning VA's programs and activities.

(1) A State office or official is designated to act as a single point of contact between a State process and all Federal agencies, and
(2) That office or official transmits a State process recommendation for a program selected under § 40.6.
(b)(1) The single point of contact is not obligated to transmit comments from State, areawide, regional or local officials and entities where there is no State process recommendation.
(2) If a State process recommendation is transmitted by a single point of contact, all comments from State, areawide, regional, and local officials and entities that differ from it must also be transmitted.
(c) If a State has not established a process, or is unable to submit a State process recommendation, State, areawide, regional and local officials and entities may submit comments either to the applicant or to VA.

(42 U.S.C. 4231(b))

(1) Accepts the recommendation;
(2) Reaches a mutually agreeable solution with the State process; or
(3) Provides the single point of contact with such written explanation of the decision, as the Secretary in his or her discretion deems appropriate. The Secretary may also
supplement the written explanation by providing the explanation to the single point of contact by telephone, other telecommunication, or other means.

(b) In any explanation under paragraph (a)(3) of this section, the Secretary informs the single point of contact that:
(1) The VA will not implement its decision for at least ten days after the single point of contact receives the explanation; or
(2) The Secretary has reviewed the decision and determined that, because of unusual circumstances, the waiting period of at least ten days is not feasible.
(c) For purposes of computing the waiting period under paragraph (b)(1) of this section, a single point of contact is presumed to have received written notification five days after the date of mailing of such notification.

Cluster of programs means a grouping of closely related programs that share common compliance requirements. The types of clusters of programs are research and development (R&D), student financial aid (SFA), and other clusters. "Other clusters" are as defined by the Office of Management and Budget (OMB) in the compliance supplement or as designated by a State for Federal awards the State provides to its subrecipients that meet the definition of a cluster of programs. When designating an "other cluster," a State shall identify the Federal awards included in the cluster and advise the subrecipients of compliance requirements applicable to the cluster, consistent with § 41.400(d)(1) and § 41.400(d)(2), respectively. A cluster of programs shall be considered as one program for determining major programs, as described in § 41.520, and, with the exception of R&D as described in § 41.200(c), whether a program-specific audit may be...
Cognizant agency for audit means the Federal agency designated to carry out the responsibilities described in § 41.400(a).

Federal award means Federal financial assistance and Federal cost-reimbursement contracts that non-Federal entities receive directly from Federal awarding agencies or indirectly from pass-through entities. It does not include procurement contracts, under grants or contracts, used to buy goods or services from vendors. Federal awarding agency means the Federal agency that provides an award directly to the recipient.

Federal financial assistance means assistance that non-Federal entities receive or administer in the form of grants, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance, but does not include amounts received as reimbursement for services rendered to individuals as described in § 41.205(h) and § 41.205(i).

(ii) Maintain accountability over assets; and

(iii) Demonstrate compliance with laws, regulations, and other compliance requirements;
(2) Transactions are executed in compliance with:

audit. When there is no direct funding, the Federal agency with the predominant indirect funding shall assume the oversight responsibilities. The duties of the oversight agency for audit are described in § 41.400(b). A Federal agency with oversight for an auditee may reassign oversight to another Federal agency, which provides substantial funding and agrees to be the oversight agency for audit. Within 30 days after any reassignment, both the old and the new oversight agency for audit shall notify the auditee, and, if known, the auditor of the reassignment.

Subpart B – Audits

§ 41.200 Audit requirements.
§ 41.205 Basis for determining Federal awards expended.
§ 41.210 Subrecipient and vendor determinations.
§ 41.215 Relation to other audit requirements.
§ 41.220 Frequency of audits.
§ 41.225 Sanctions.
§ 41.230 Audit costs.
§ 41.235 Program-specific audits.

§ 41.200 Audit requirements.

(a) Audit required. Non-Federal entities that expend $500,000 or more in a year in Federal awards shall have a single or program-specific audit conducted for that year in accordance with the provisions of this part. Guidance on determining Federal awards expended is provided in § 41.205.

(b) Single audit. Non-Federal entities that expend $500,000 or more in a year in Federal awards shall have a single audit conducted in accordance with § 41.500 except when they elect to have a program-specific audit conducted in accordance with paragraph (c) of this section.

(c) Program-specific audit election. When an auditee expends Federal awards under only one Federal program (excluding R&D) and the Federal program's laws, regulations, or grant agreements do not require a financial statement audit of the auditee, the auditee may elect to have a program-specific audit conducted in accordance with § 41.235. A program-specific audit may not be elected for R&D unless all of the Federal awards expended were received from the same Federal agency, or the same Federal agency and the same pass-through entity, and that Federal agency, or pass-through entity in the case of a subrecipient, approves in advance a program-specific audit.

(d) Exemption when Federal awards expended are less than $500,000. Non-Federal entities that expend less than $500,000 a year in Federal awards are exempt from Federal audit requirements for that year, except as noted in § 41.215(a), but records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and General Accounting Office (GAO).

(e) Federally Funded Research and Development Centers (FFRDC). Management of an auditee that owns or operates a FFRDC may elect to treat the FFRDC as a separate entity for purposes of this part.

(Authority: Pub. L. 104-156; 110 Stat. 1396)
[70 FR 52248, 52251, Sept. 1, 2005]
§ 41.205 Basis for determining Federal awards expended.

(a) Determining Federal awards expended. The determination of when an award is expended should be based on when the activity related to the award occurs. Generally, the activity pertains to events that require the non-Federal entity to comply with laws, regulations, and the provisions of contracts or grant agreements, such as: expenditure/expense transactions associated with grants, cost-reimbursement contracts, cooperative agreements, and direct appropriations; the disbursement of funds passed through to subrecipients; the use of loan proceeds under loan and loan guarantee programs; the receipt of property; the receipt of surplus property; the receipt or use of program income; the distribution or consumption of food commodities; the disbursement of amounts entitling the non-Federal entity to an interest subsidy; and, the period when insurance is in force.

(b) Loan and loan guarantees (loans). Since the Federal Government is at risk for loans until the debt is repaid, the following guidelines shall be used to calculate the value of Federal awards expended under loan programs, except as noted in paragraphs (c) and (d) of this section:

(1) Value of new loans made or received during the fiscal year; plus

(2) Balance of loans from previous years for which the Federal Government imposes continuing compliance requirements; plus

(3) Any interest subsidy, cash, or administrative cost allowance received.

(c) Loan and loan guarantees (loans) at institutions of higher education. When loans are made to students of an institution of higher education but the institution does not make the loans, then only the value of loans made during the year shall be considered Federal awards expended in that year. The balance of loans for previous years is not included as Federal awards expended because the lender accounts for the prior balances.

(d) Prior loan and loan guarantees (loans). Loans, the proceeds of which were received and expended in prior-years, are not considered Federal awards expended under this part when the laws, regulations, and the provisions of contracts or grant agreements pertaining to such loans impose no continuing compliance requirements other than to repay the loans.

(e) Endowment funds. The cumulative balance of Federal awards for endowment funds, which are federally restricted, are considered awards expended in each year in which the
funds are still restricted.

(f) Free rent. Free rent received by itself is not considered a Federal award expended under this part. However, free rent received as part of an award to carry out a Federal program shall be included in determining Federal awards expended and subject to audit under this part.

(g) Valuing non-cash assistance. Federal non-cash assistance, such as free rent, food stamps, food commodities, donated property, or donated surplus property, shall be valued at fair market value at the time of receipt or the assessed value provided by the Federal agency.

(h) Medicare. Medicare payments to a non-Federal entity for providing patient care services to Medicare eligible individuals are not considered Federal awards expended under this part.

(i) Medicaid. Medicaid payments to a subrecipient for providing patient care services to Medicaid eligible individuals are not considered Federal awards expended under this part unless a State requires the funds to be treated as Federal awards expended because reimbursement is on a cost-reimbursement basis.

(j) Certain loans provided by the National Credit Union Administration. For purposes of this part, loans made from the National Credit Union Share Insurance Fund and the Central Liquidity Facility that are funded by contributions from insured institutions are not considered Federal awards expended.

[70 FR 52248, 52251, Sept. 1, 2005]

[EFFECTIVE DATE NOTE: 70 FR 52248, 52251, Sept. 1, 2005, added this section as part of the revision of Part 41, effective Oct. 3, 2005.]

§ 41.210 Subrecipient and vendor determinations.

(a) General. An auditee may be a recipient, a subrecipient, and a vendor. Federal awards expended as a recipient or a subrecipient would be subject to audit under this part. The payments received for goods or services provided as a vendor would not be considered Federal awards. The guidance in paragraphs (b) and (c) of this section should be considered in determining whether payments constitute a Federal award or a payment for goods and services.

(b) Federal award. Characteristics indicative of a Federal award received by a subrecipient are when the organization:
(1) Determines who is eligible to receive what Federal financial assistance;

(2) Has its performance measured against whether the objectives of the Federal program are met;

(3) Has responsibility for programmatic decision making;

(4) Has responsibility for adherence to applicable Federal program compliance requirements; and

(5) Uses the Federal funds to carry out a program of the organization as compared to providing goods or services for a program of the pass-through entity.

c) Payment for goods and services. Characteristics indicative of a payment for goods and services received by a vendor are when the organization:

(1) Provides the goods and services within normal business operations;

(2) Provides similar goods or services to many different purchasers;

(3) Operates in a competitive environment;

(4) Provides goods or services that are ancillary to the operation of the Federal program; and

(5) Is not subject to compliance requirements of the Federal program.

d) Use of judgment in making determination. There may be unusual circumstances or exceptions to the listed characteristics. In making the determination of whether a subrecipient or vendor relationship exists, the substance of the relationship is more important than the form of the agreement. It is not expected that all of the characteristics will be present and judgment should be used in determining whether an entity is a subrecipient or vendor.

e) For-profit subrecipient. Since this part does not apply to for-profit subrecipients, the pass-through entity is responsible for establishing requirements, as necessary, to ensure compliance by for-profit subrecipients. The contract with the for-profit subrecipient should describe applicable compliance requirements and the for-profit subrecipient's compliance responsibility. Methods to ensure compliance for Federal awards made to for-profit subrecipients may include pre-award audits, monitoring during the contract, and post-award audits.

f) Compliance responsibility for vendors. In most cases, the auditee's compliance responsibility for vendors is only to ensure that the procurement, receipt, and payment for goods and services comply with laws, regulations, and the provisions of contracts or grant agreements. Program compliance requirements normally do not pass through to
vendors. However, the auditee is responsible for ensuring compliance for vendor transactions, which are structured such that the vendor is responsible for program compliance or the vendor's records must be reviewed to determine program compliance. Also, when these vendor transactions relate to a major program, the scope of the audit shall include determining whether these transactions are in compliance with laws, regulations, and the provisions of contracts or grant agreements.

§ 41.215 Relation to other audit requirements.

(a) Audit under this part in lieu of other audits. An audit made in accordance with this part shall be in lieu of any financial audit required under individual Federal awards. To the extent this audit meets a Federal agency's needs, it shall rely upon and use such audits. The provisions of this part neither limit the authority of Federal agencies, including their Inspectors General, or GAO to conduct or arrange for additional audits (e.g., financial audits, performance audits, evaluations, inspections, or reviews) nor authorize any auditee to constrain Federal agencies from carrying out additional audits. Any additional audits shall be planned and performed in such a way as to build upon work performed by other auditors.

(b) Federal agency to pay for additional audits. A Federal agency that conducts or contracts for additional audits shall, consistent with other applicable laws and regulations, arrange for funding the full cost of such additional audits.

(c) Request for a program to be audited as a major program. A Federal agency may request an auditee to have a particular Federal program audited as a major program in lieu of the Federal agency conducting or arranging for the additional audits. To allow for planning, such requests should be made at least 180 days prior to the end of the fiscal year to be audited. The auditee, after consultation with its auditor, should promptly respond to such request by informing the Federal agency whether the program would otherwise be audited as a major program using the risk-based audit approach described in § 41.520 and, if not, the estimated incremental cost. The Federal agency shall then promptly confirm to the auditee whether it wants the program audited as a major program. If the program is to be audited as a major program based upon this Federal agency request, and the Federal agency agrees to pay the full incremental costs, then the auditee shall have the program audited as a major program. A pass-through entity may use the provisions of this paragraph for a subrecipient.

(Authority: Pub. L. 104-156; 110 Stat. 1396)
§ 41.220 Frequency of audits.

Except for the provisions for biennial audits provided in paragraphs (a) and (b) of this section, audits required by this part shall be performed annually. Any biennial audit shall cover both years within the biennial period.

(a) A State or local government that is required by constitution or statute, in effect on January 1, 1987, to undergo its audits less frequently than annually, is permitted to undergo its audits pursuant to this part biennially. This requirement must still be in effect for the biennial period under audit.

(b) Any non-profit organization that had biennial audits for all biennial periods ending between July 1, 1992, and January 1, 1995, is permitted to undergo its audits pursuant to this Part biennially.

(Authority: Pub. L. 104-156; 110 Stat. 1396)

§ 41.225 Sanctions.

No audit costs may be charged to Federal awards when audits required by this part have not been made or have been made but not in accordance with this part. In cases of continued inability or unwillingness to have an audit conducted in accordance with this part, Federal agencies and pass-through entities shall take appropriate action using sanctions such as:

(a) Withholding a percentage of Federal awards until the audit is completed satisfactorily;

(b) Withholding or disallowing overhead costs;

(c) Suspending Federal awards until the audit is conducted; or
(d) Terminating the Federal award.

§ 41.230 Audit costs.

(a) Allowable costs. Unless prohibited by law, the cost of audits made in accordance with the provisions of this part is allowable charges to Federal awards. The charges may be considered a direct cost or an allocated indirect cost, as determined in accordance with the provisions of applicable OMB cost principles circulars, the Federal Acquisition Regulation (FAR) (48 CFR parts 30 and 31), or other applicable cost principles or regulations.

(b) Unallowable costs. A non-Federal entity shall not charge the following to a Federal award:

(1) The cost of any audit under the Single Audit Act Amendments of 1996 (31 U.S.C. 7501 et seq.) not conducted in accordance with this part.

(2) The cost of auditing a non-Federal entity, which has Federal awards, expended of less than $500,000 per year and is thereby exempted under §41.200(d) of this chapter from having an audit conducted under this part. However, this does not prohibit a pass-through entity from charging Federal awards for the cost of limited scope audits to monitor its subrecipients in accordance with §41.400(d)(3), provided the subrecipient does not have a single audit. For purposes of this part, limited scope audits only include agreed-upon procedures engagements conducted in accordance with either the AICPA's generally accepted auditing standards or attestation standards, that are paid for and arranged by a pass-through entity and address only one or more of the following types of compliance requirements: activities allowed or unallowed; allowable costs/cost principles; eligibility; matching, level of effort, earmarking; and, reporting.

§ 41.235 Program-specific audits.

(a) Program-specific audit guide available. In many cases, a program-specific audit guide will be available to provide specific guidance to the auditor with respect to internal control, compliance requirements, suggested audit procedures, and audit reporting requirements. The auditor should contact the Office of Inspector General of the Federal agency to determine whether such a guide is available. When a current program-specific audit guide is available, the auditor shall follow GAGAS and the guide when performing a program-specific audit.

(b) Program-specific audit guide not available. (1) When a program-specific audit guide is not available, the auditee and auditor shall have basically the same responsibilities for the Federal program as they would have for an audit of a major program in a single audit.

(2) The auditee shall prepare the financial statement(s) for the Federal program that includes, at a minimum, a schedule of expenditures of Federal awards for the program and notes that describe the significant accounting policies used in preparing the schedule, a summary schedule of prior audit findings consistent with the requirements of § 41.315(b), and a corrective action plan consistent with the requirements of § 41.315(c).

(3) The auditor shall:

(i) Perform an audit of the financial statement(s) for the Federal program in accordance with GAGAS;

(ii) Obtain an understanding of internal control and perform tests of internal control over the Federal program consistent with the requirements § 41.500(c) for a major program;

(iii) Perform procedures to determine whether the auditee has complied with laws, regulations, and the provisions of contracts or grant agreements that could have a direct and material effect on the Federal program consistent with the requirements of § 41.500(d) for a major program; and

(iv) Follow up on prior audit findings, perform procedures to assess the reasonableness of the summary schedule of prior audit findings prepared by the auditee, and report, as a current year audit finding, when the auditor concludes that the summary schedule of prior audit findings materially misrepresents the status of any prior audit finding in accordance with the requirements of § 41.500(e).

(4) The auditor's report(s) may be in the form of either combined or separate reports and may be organized differently from the manner presented in this section. The auditor's report(s) shall state that the audit was conducted in accordance with this part and include the following:

(i) An opinion (or disclaimer of opinion) as to whether the financial statement(s) of the Federal program is presented fairly in all material respects in conformity with the stated
(i) A report on internal control related to the Federal program, which shall describe the scope of testing of internal control and the results of the tests;

(ii) A report on compliance which includes an opinion (or disclaimer of opinion) as to whether the auditee complied with laws, regulations, and the provisions of contracts or grant agreements which could have a direct and material effect on the Federal program; and

(iv) A schedule of findings and questioned costs for the Federal program that includes a summary of the auditor's results relative to the Federal program in a format consistent with § 41.505(d)(1) and findings and questioned costs consistent with the requirements of § 41.505(d)(3).

(c) Report submission for program-specific audits. (1) The audit shall be completed and the reporting required by paragraph (c)(2) or (c)(3) of this section submitted within the earlier of 30 days after receipt of the auditor's report(s), or nine months after the end of the audit period, unless a longer period is agreed to in advance by the Federal agency that provided the funding or a different period is specified in a program-specific audit guide. (However, for fiscal years beginning on or before June 30, 1998, the audit shall be completed and the required reporting shall be submitted within the earlier of 30 days after receipt of the auditor's report(s), or 13 months after the end of the audit period, unless a different period is specified in a program-specific audit guide.) Unless restricted by law or regulation, the auditee shall make report copies available for public inspection.

(2) When a program-specific audit guide is available, the auditee shall submit to the Federal clearinghouse designated by OMB the data collection form prepared in accordance with § 41.320(b), as applicable to a program-specific audit, and the reporting required by the program-specific audit guide to be retained as an archival copy. Also, the auditee shall submit to the Federal awarding agency or pass-through entity the reporting required by the program-specific audit guide.

(3) When a program-specific audit guide is not available, the reporting package for a program-specific audit shall consist of the financial statement(s) of the Federal program, a summary schedule of prior audit findings, and a corrective action plan as described in paragraph (b)(2) of this section, and the auditor's report(s) described in paragraph (b)(4) of this section. The data collection form prepared in accordance with § 41.320(b), as applicable to a program-specific audit, and one copy of this reporting package shall be submitted to the Federal clearinghouse designated by OMB to be retained as an archival copy. Also, when the schedule of findings and questioned costs disclosed audit findings or the summary schedule of prior audit findings reported the status of any audit findings, the auditee shall submit one copy of the reporting package to the Federal clearinghouse on behalf of the Federal awarding agency, or directly to the pass-through entity in the case of a subrecipient. Instead of submitting the reporting package to the pass-through entity, when a subrecipient is not required to submit a reporting package to the
pass-through entity, the subrecipient shall provide written notification to the pass-through entity, consistent with the requirements of § 41.320(e)(2). A subrecipient may submit a copy of the reporting package to the pass-through entity to comply with this notification requirement.

(d) Other sections of this part may apply. Program-specific audits are subject to § 41.100 through § 41.215(b), § 41.220 through § 41.230, § 41.300 through § 41.305, § 41.315, § 41.320(f) through § 41.320(j), § 41.400 through § 41.405, § 41.510 through § 41.515, and other referenced provisions of this part unless contrary to the provisions of this section, a program-specific audit guide, or program laws and regulations.

§ 41.305 Auditor selection.

(a) Auditor procurement. In procuring audit services, auditees shall follow the procurement standards prescribed by part 43 of this chapter, OMB Circular A-110 (codified at 2 CFR part 215), "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals and Other Non-Profit Organizations," or the FAR (48 CFR part 42), as applicable (OMB Circulars are available from the Office of Administration, Publications Office, room 2200, New Executive Office Building, Washington, DC 20503). Whenever possible, auditees shall make positive efforts to utilize small businesses, minority-owned firms, and women's business enterprises, in procuring audit services as stated in part 43 of this chapter, OMB Circular A-110 (codified at 2 CFR part 215), or the FAR (48 CFR part 42), as applicable. In requesting proposals for audit services, the objectives and scope of the audit should be made clear. Factors to be considered in evaluating each proposal for audit services include the responsiveness to the request for proposal, relevant experience, availability of staff with professional qualifications and technical abilities, the results of external quality control reviews, and price.

(b) Restriction on auditor preparing indirect cost proposals. An auditor who prepares the indirect cost proposal or cost allocation plan may not also be selected to perform the audit required by this part when the indirect costs recovered by the auditee during the prior year exceeded $1 million. This restriction applies to the base year used in the preparation of the indirect cost proposal or cost allocation plan and any subsequent years in which the resulting indirect cost agreement or cost allocation plan is used to recover costs.

(c) Use of Federal auditors. Federal auditors may perform all or part of the work required under this part if they comply fully with the requirements of this part.

§ 41.310 Financial statements.

(a) Financial statements. The auditee shall prepare financial statements that reflect its financial position, results of operations or changes in net assets, and, where appropriate, cash flows for the fiscal year audited. The financial statements shall be for the same organizational unit and fiscal year that is chosen to meet the requirements of this part. However, organization-wide financial statements may also include departments, agencies,
and other organizational units that have separate audits in accordance with § 41.500(a) and prepare separate financial statements.

(b) Schedule of expenditures of Federal awards. The auditee shall also prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements. While not required, the auditee may choose to provide information requested by Federal awarding agencies and pass-through entities to make the schedule easier to use. For example, when a Federal program has multiple award years, the auditee may list the amount of Federal awards expended for each award year separately. At a minimum, the schedule shall:

(1) List individual Federal programs by Federal agency. For Federal programs included in a cluster of programs, list individual Federal programs within a cluster of programs. For R&D, total Federal awards expended shall be shown either by individual award or by Federal agency and major subdivision within the Federal agency. For example, the National Institutes of Health is a major subdivision in the Department of Health and Human Services.

(2) For Federal awards received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity shall be included.

(3) Provide total Federal awards expended for each individual Federal program and the CFDA number or other identifying number when the CFDA information is not available.

(4) Include notes that describe the significant accounting policies used in preparing the schedule.

(5) To the extent practical, pass-through entities should identify in the schedule the total amount provided to subrecipients from each Federal program.

(6) Include, in either the schedule or a note to the schedule, the value of the Federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year-end. While not required, it is preferable to present this information in the schedule.

§ 41.315 Audit findings follow-up.
(a) General. The auditee is responsible for follow-up and corrective action on all audit findings. As part of this responsibility, the auditee shall prepare a summary schedule of prior audit findings. The auditee shall also prepare a corrective action plan for current year audit findings. The summary schedule of prior audit findings and the corrective action plan shall include the reference numbers the auditor assigns to audit findings under § 41.510(c). Since the summary schedule may include audit findings from multiple years, it shall include the fiscal year in which the finding initially occurred.

(b) Summary schedule of prior audit findings. The summary schedule of prior audit findings shall report the status of all audit findings included in the prior audit's schedule of findings and questioned costs relative to Federal awards. The summary schedule shall also include audit findings reported in the prior audit's summary schedule of prior audit findings except audit findings listed as corrected in accordance with paragraph (b)(1) of this section, or no longer valid or not warranting further action in accordance with paragraph (b)(4) of this section.

(1) When audit findings were fully corrected, the summary schedule need only list the audit findings and state that corrective action was taken.

(2) When audit findings were not corrected or were only partially corrected, the summary schedule shall describe the planned corrective action as well as any partial corrective action taken.

(3) When corrective action taken is significantly different from corrective action previously reported in a corrective action plan or in the Federal agency's or pass-through entity's management decision, the summary schedule shall provide an explanation.

(4) When the auditee believes the audit findings are no longer valid or do not warrant further action, the reasons for this position shall be described in the summary schedule. A valid reason for considering an audit finding as not warranting further action is that all of the following have occurred:

(i) Two years have passed since the audit report in which the finding occurred was submitted to the Federal clearinghouse;

(ii) The Federal agency or pass-through entity is not currently following up with the auditee on the audit finding; and

(iii) A management decision was not issued.

(c) Corrective action plan. At the completion of the audit, the auditee shall prepare a corrective action plan to address each audit finding included in the current year auditor's reports. The corrective action plan shall provide the name(s) of the contact person(s) responsible for corrective action, the corrective action planned, and the anticipated completion date. If the auditee does not agree with the audit findings or believes corrective action is not required, then the corrective action plan shall include an
explanation and specific reasons.

§ 41.400 Responsibilities.
§ 41.405 Management decision.

§ 41.400 Responsibilities.

(a) Cognizant agency for audit responsibilities. Recipients expending more than $50 million a year in Federal awards shall have a cognizant agency for audit. The designated cognizant agency for audit shall be the Federal awarding agency that provides the predominant amount of direct funding to a recipient unless OMB makes a specific cognizant agency for audit assignment. The determination of the predominant amount of direct funding shall be based upon direct Federal awards expended in the recipient's fiscal years ending in 2004, 2009, 2014, and every fifth year thereafter. For example, audit cognizance for periods ending in 2006 through 2010 will be determined based on Federal awards expended in 2004. (However, for 2001 through 2005, cognizant agency for audit is determined based on the predominant amount of direct Federal awards expended in the recipient's fiscal year ending in 2000). Notwithstanding the manner in which audit cognizance is determined, a Federal awarding agency with cognizance for an auditee may reassign cognizance to another Federal awarding agency which provides substantial direct funding and agrees to be the cognizant agency for audit. Within 30 days after any reassignment, both the old and the new cognizant agency for audit shall notify the auditee, and, if known, the auditor of the reassignment. The cognizant agency for audit shall:

(1) Provide technical audit advice and liaison to auditees and auditors.

(2) Consider auditee requests for extensions to the report submission due date required by § 41.320(a). The cognizant agency for audit may grant extensions for good cause.

(3) Obtain or conduct quality control reviews of selected audits made by non-Federal auditors, and provide the results, when appropriate, to other interested organizations.

(4) Promptly inform other affected Federal agencies and appropriate Federal law enforcement officials of any direct reporting by the auditee or its auditor of irregularities or illegal acts, as required by GAGAS or laws and regulations.

(5) Advise the auditor and, where appropriate, the auditee of any deficiencies found in the audits when the deficiencies require corrective action by the auditor. When advised of deficiencies, the auditee shall work with the auditor to take corrective action. If corrective action is not taken, the cognizant agency for audit shall notify the auditor, the auditee, and applicable Federal awarding agencies and pass-through entities of the facts and make recommendations for follow-up action. Major inadequacies or repetitive substandard performance by auditors shall be referred to appropriate State licensing agencies and professional bodies for disciplinary action.

(6) Coordinate, to the extent practical, audits or reviews made by or for Federal agencies that are in addition to the audits made pursuant to this part, so that the additional audits or reviews build upon audits performed in accordance with this part.

(7) Coordinate a management decision for audit findings that affect the Federal programs of more than one agency.

(8) Coordinate the audit work and reporting responsibilities among auditors to achieve the most cost-effective audit.

(9) For biennial audits permitted under § 41.220, consider auditee requests to qualify as a low-risk auditee under § 41.530(a).

(b) Oversight agency for audit responsibilities. An auditee, which does not have a designated cognizant agency for audit, will be under the general oversight of the Federal agency determined in accordance with § 41.105. The oversight agency for audit:

(1) Shall provide technical advice to auditees and auditors as requested.

(2) May assume all or some of the responsibilities normally performed by a cognizant agency for audit.

(c) Federal awarding agency responsibilities. The Federal awarding agency shall perform the following for the Federal awards it makes:

(1) Identify Federal awards made by informing each recipient of the CFDA title and number, award name and number, award year, and if the award is for R&D. When some of this information is not available, the Federal agency shall provide information necessary to clearly describe the Federal award.

(2) Advise recipients of requirements imposed on them by Federal laws, regulations, and the provisions of contracts or grant agreements.

(3) Ensure that audits are completed and reports are received in a timely manner and in accordance with the requirements of this part.

(4) Provide technical advice and counsel to auditees and auditors as requested.

(5) Issue a management decision on audit findings within six months after receipt of the audit report and ensure that the recipient takes appropriate and timely corrective action.

(6) Assign a person responsible for providing annual updates of the compliance supplement to OMB.
(d) Pass-through entity responsibilities. A pass-through entity shall perform the following for the Federal awards it makes:

1. Identify Federal awards made by informing each subrecipient of CFDA title and number, award name and number, award year, if the award is R&D, and name of Federal agency. When some of this information is not available, the pass-through entity shall provide the best information available to describe the Federal award.

2. Advise subrecipients of requirements imposed on them by Federal laws, regulations, and the provisions of contracts or grant agreements as well as any supplemental requirements imposed by the pass-through entity.

3. Monitor the activities of subrecipients as necessary to ensure that Federal awards are used for authorized purposes in compliance with laws, regulations, and the provisions of contracts or grant agreements and that performance goals are achieved.

4. Ensure that subrecipients expending $ 500,000 or more in Federal awards during the subrecipient's fiscal year have met the audit requirements of this part for that fiscal year.

5. Issue a management decision on audit findings within six months after receipt of the subrecipient's audit report and ensure that the subrecipient takes appropriate and timely corrective action.

6. Consider whether subrecipient audits necessitate adjustment of the pass-through entity's own records.

7. Require each subrecipient to permit the pass-through entity and auditors to have access to the records and financial statements as necessary for the pass-through entity to comply with this part.

§ 41.405 Management decision.

(a) General. The management decision shall clearly state whether or not the audit finding is sustained, the reasons for the decision, and the expected auditee action to repay disallowed costs, make financial adjustments, or take other action. If the auditee has not completed corrective action, a timetable for follow-up should be given. Prior to issuing the management decision, the Federal agency or pass-through entity may request additional information or documentation from the auditee, including a request for auditor
assurance related to the documentation, as a way of mitigating disallowed costs. The management decision should describe any appeal process available to the auditee.

(b) Federal agency. As provided in § 41.400(a)(7), the cognizant agency for audit shall be responsible for coordinating a management decision for audit findings that affect the programs of more than one Federal agency. As provided in § 41.400(c)(5), a Federal awarding agency is responsible for issuing a management decision for findings that relate to Federal awards it makes to recipients. Alternate arrangements may be made on a case-by-case basis by agreement among the Federal agencies concerned.

(c) Pass-through entity. As provided in § 41.400(d)(5), the pass-through entity shall be responsible for making the management decision for audit findings that relate to Federal awards it makes to subrecipients.

(d) Time requirements. The entity responsible for making the management decision shall do so within six months of receipt of the audit report. Corrective action should be initiated within six months after receipt of the audit report and proceed as rapidly as possible.

(e) Reference numbers. Management decisions shall include the reference numbers the auditor assigned to each audit finding in accordance with § 41.510(c).

Appendix A to Part 41 -- Data Collection Form (Form SF-SAC)
Appendix B to Part 41 -- OMB Circular A-133 Compliance Supplement

§ 41.500 Scope of audit.

(a) General. The audit shall be conducted in accordance with GAGAS. The audit shall cover the entire operations of the auditee; or, at the option of the auditee, such audit shall include a series of audits that cover departments, agencies, and other organizational units which expended or otherwise administered Federal awards during such fiscal year, provided that each such audit shall encompass the financial statements and schedule of expenditures of Federal awards for each such department, agency, and other organizational unit, which shall be considered to be a non-Federal entity. The financial statements and schedule of expenditures of Federal awards shall be for the same fiscal year.

(b) Financial statements. The auditor shall determine whether the financial statements of the auditee are presented fairly in all material respects in conformity with generally accepted accounting principles. The auditor shall also determine whether the schedule of expenditures of Federal awards is presented fairly in all material respects in relation to the auditee's financial statements taken as a whole.

(c) Internal control. (1) In addition to the requirements of GAGAS, the auditor shall perform procedures to obtain an understanding of internal control over Federal programs sufficient to plan the audit to support a low assessed level of control risk for major programs.

(2) Except as provided in paragraph (c)(3) of this section, the auditor shall:

(i) Plan the testing of internal control over major programs to support a low assessed level of control risk for the assertions relevant to the compliance requirements for each major program; and

(ii) Perform testing of internal control as planned in paragraph (c)(2)(i) of this section.

(3) When internal control over some or all of the compliance requirements for a major program are likely to be ineffective in preventing or detecting noncompliance, the
planning and performing of testing described in paragraph (c)(2) of this section are not required for those compliance requirements. However, the auditor shall report a reportable condition (including whether any such condition is a material weakness) in accordance with § 41.510, assess the related control risk at the maximum, and consider whether additional compliance tests are required because of ineffective internal control.

(d) Compliance. (1) In addition to the requirements of GAGAS, the auditor shall determine whether the auditee has complied with laws, regulations, and the provisions of contracts or grant agreements that may have a direct and material effect on each of its major programs.

(2) The principal compliance requirements applicable to most Federal programs and the compliance requirements of the largest Federal programs are included in the compliance supplement.

(3) For the compliance requirements related to Federal programs contained in the compliance supplement, an audit of these compliance requirements will meet the requirements of this part. Where there have been changes to the compliance requirements and the changes are not reflected in the compliance supplement, the auditor shall determine the current compliance requirements and modify the audit procedures accordingly. For those Federal programs not covered in the compliance supplement, the auditor should use the types of compliance requirements contained in the compliance supplement as guidance for identifying the types of compliance requirements to test, and determine the requirements governing the Federal program by reviewing the provisions of contracts and grant agreements and the laws and regulations referred to in such contracts and grant agreements.

(4) The compliance testing shall include tests of transactions and such other auditing procedures necessary to provide the auditor sufficient evidence to support an opinion on compliance.

(e) Audit follow-up. The auditor shall follow-up on prior audit findings, perform procedures to assess the reasonableness of the summary schedule of prior audit findings prepared by the auditee in accordance with § 41.315(b), and report, as a current year audit finding, when the auditor concludes that the summary schedule of prior audit findings materially misrepresents the status of any prior audit finding. The auditor shall perform audit follow-up procedures regardless of whether a prior audit finding relates to a major program in the current year.

(f) Data Collection Form. As required in § 41.320(b)(3), the auditor shall complete and sign specified sections of the data collection form.

§ 41.505 Audit reporting.

The auditor's report(s) may be in the form of either combined or separate reports and may be organized differently from the manner presented in this section. The auditor's report(s) shall state that the audit was conducted in accordance with this part and include the following:

(a) An opinion (or disclaimer of opinion) as to whether the financial statements are presented fairly in all material respects in conformity with generally accepted accounting principles and an opinion (or disclaimer of opinion) as to whether the schedule of expenditures of Federal awards is presented fairly in all material respects in relation to the financial statements taken as a whole.

(b) A report on internal control related to the financial statements and major programs. This report shall describe the scope of testing of internal control and the results of the tests, and, where applicable, refer to the separate schedule of findings and questioned costs described in paragraph (d) of this section.

(c) A report on compliance with laws, regulations, and the provisions of contracts or grant agreements, noncompliance with which could have a material effect on the financial statements. This report shall also include an opinion (or disclaimer of opinion) as to whether the auditee complied with laws, regulations, and the provisions of contracts or grant agreements which could have a direct and material effect on each major program, and, where applicable, refer to the separate schedule of findings and questioned costs described in paragraph (d) of this section.

(d) A schedule of findings and questioned costs, which shall include the following three components:

(1) A summary of the auditor's results, which shall include:

(i) The type of report the auditor issued on the financial statements of the auditee (i.e., unqualified opinion, qualified opinion, adverse opinion, or disclaimer of opinion);

(ii) Where applicable, a statement that reportable conditions in internal control were disclosed by the audit of the financial statements and whether any such conditions were material weaknesses;

(iii) A statement as to whether the audit disclosed any noncompliance, which is material to the financial statements of the auditee;
(iv) Where applicable, a statement that reportable conditions in internal control over major programs were disclosed by the audit and whether any such conditions were material weaknesses;

(v) The type of report the auditor issued on compliance for major programs (i.e., unqualified opinion, qualified opinion, adverse opinion, or disclaimer of opinion);

(vi) A statement as to whether the audit disclosed any audit findings, which the auditor is required to report under § 41.510(a);

(vii) An identification of major programs;

(viii) The dollar threshold used to distinguish between Type A and Type B programs, as described in § 41.520(b); and

(ix) A statement as to whether the auditee qualified as a low-risk auditee under § 41.530.

(2) Findings relating to the financial statements, which are required to be reported in accordance with GAGAS.

(3) Findings and questioned costs for Federal awards which shall include audit findings as defined in § 41.510(a).

(i) Audit findings (e.g., internal control findings, compliance findings, questioned costs, or fraud) which relate to the same issue should be presented as a single audit finding. Where practical, audit findings should be organized by Federal agency or pass-through entity.

(ii) Audit findings which relate to both the financial statements and Federal awards, as reported under paragraphs (d)(2) and (d)(3) of this section, respectively, should be reported in both sections of the schedule. However, the reporting in one section of the schedule may be in summary form with a reference to a detailed reporting in the other section of the schedule.

§ 41.510 Audit findings.
(a) Audit findings reported. The auditor shall report the following as audit findings in a schedule of findings and questioned costs:

(1) Reportable conditions in internal control over major programs. The auditor's determination of whether a deficiency in internal control is a reportable condition for the purpose of reporting an audit finding is in relation to a type of compliance requirement for a major program or an audit objective identified in the compliance supplement. The auditor shall identify reportable conditions, which are individually or cumulatively material weaknesses.

(2) Material noncompliance with the provisions of laws, regulations, contracts, or grant agreements related to a major program. The auditor's determination of whether a noncompliance with the provisions of laws, regulations, contracts, or grant agreements is material for the purpose of reporting an audit finding is in relation to a type of compliance requirement for a major program or an audit objective identified in the compliance supplement.

(3) Known questioned costs, which are greater than $10,000, for a type of compliance requirement for a major program. Known questioned costs are those specifically identified by the auditor. In evaluating the effect of questioned costs on the opinion on compliance, the auditor considers the best estimate of total costs questioned (likely questioned costs), not just the questioned costs specifically identified (known questioned costs). The auditor shall also report known questioned costs when likely questioned costs are greater than $10,000 for a type of compliance requirement for a major program. In reporting questioned costs, the auditor shall include information to provide proper perspective for judging the prevalence and consequences of the questioned costs.

(4) Known questioned costs, which are greater than $10,000, for a Federal program, which is not audited as a major program. Except for audit follow-up, the auditor is not required under this part to perform audit procedures for such a Federal program; therefore, the auditor will normally not find questioned costs for a program, which is not audited as a major program. However, if the auditor does become aware of questioned costs for a Federal program which is not audited as a major program (e.g., as part of audit follow-up or other audit procedures) and the known questioned costs are greater than $10,000, then the auditor shall report this as an audit finding.

(5) The circumstances concerning why the auditor's report on compliance for major programs is other than an unqualified opinion, unless such circumstances are otherwise reported as audit findings in the schedule of findings and questioned costs for Federal awards.

(6) Known fraud affecting a Federal award, unless such fraud is otherwise reported as an audit finding in the schedule of findings and questioned costs for Federal awards. This paragraph does not require the auditor to make an additional reporting when the auditor confirms that the fraud was reported outside of the auditor's reports under the direct
(7) Instances where the results of audit follow-up procedures disclosed that the summary schedule of prior audit findings prepared by the auditee in accordance with § 41.315(b) materially misrepresents the status of any prior audit finding.

(b) Audit finding detail. Audit findings shall be presented in sufficient detail for the auditee to prepare a corrective action plan and take corrective action and for Federal agencies and pass-through entities to arrive at a management decision. The following specific information shall be included, as applicable, in audit findings:

(1) Federal program and specific Federal award identification including the CFDA title and number, Federal award number and year, name of Federal agency, and name of the applicable pass-through entity. When information, such as the CFDA title and number or Federal award number, is not available, the auditor shall provide the best information available to describe the Federal award.

(2) The criteria or specific requirement upon which the audit finding is based, including statutory, regulatory, or other citation.

(3) The condition found, including facts that support the deficiency identified in the audit finding.

(4) Identification of questioned costs and how they were computed.

(5) Information to provide proper perspective for judging the prevalence and consequences of the audit findings, such as whether the audit findings represent an isolated instance or a systemic problem. Where appropriate, instances identified shall be related to the universe and the number of cases examined and be quantified in terms of dollar value.

(6) The possible asserted effect to provide sufficient information to the auditee and Federal agency, or pass-through entity in the case of a subrecipient, to permit them to determine the cause and effect to facilitate prompt and proper corrective action.

(7) Recommendations to prevent future occurrences of the deficiency identified in the audit finding.

(8) Views of responsible officials of the auditee when there is disagreement with the audit findings, to the extent practical.

(c) Reference numbers. Each audit finding in the schedule of findings and questioned costs shall include a reference number to allow for easy referencing of the audit findings during follow-up.

(Authority: Pub. L. 104-156; 110 Stat. 1396)
§ 41.515 Audit working papers.

(a) Retention of working papers. The auditor shall retain working papers and reports for a minimum of three years after the date of issuance of the auditor's report(s) to the auditee, unless the auditor is notified in writing by the cognizant agency for audit, oversight agency for audit, or pass-through entity to extend the retention period. When the auditor is aware that the Federal awarding agency, pass-through entity, or auditee is contesting an audit finding, the auditor shall contact the parties contesting the audit finding for guidance prior to destruction of the working papers and reports.

(b) Access to working papers. Audit working papers shall be made available upon request to the cognizant or oversight agency for audit or its designee, a Federal agency providing direct or indirect funding, or GAO at the completion of the audit, as part of a quality review, to resolve audit findings, or to carry out oversight responsibilities consistent with the purposes of this part. Access to working papers includes the right of Federal agencies to obtain copies of working papers, as is reasonable and necessary.

§ 41.520 Major program determination.

(a) General. The auditor shall use a risk-based approach to determine which Federal programs are major programs. This risk-based approach shall include consideration of: Current and prior audit experience, oversight by Federal agencies and pass-through entities, and the inherent risk of the Federal program. The process in paragraphs (b) through (i) of this section shall be followed.

(b) Step 1. (1) The auditor shall identify the larger Federal programs, which shall be labeled Type A programs. Type A programs are defined as Federal programs with Federal awards expended during the audit period exceeding the larger of:
(i) $300,000 or three percent (.03) of total Federal awards expended in the case of an auditee for which total Federal awards expended exceed $300,000 but are less than or equal to $100 million.

(ii) $3 million or three-tenths of one percent (.003) of total Federal awards expended in the case of an auditee for which total Federal awards expended exceed $100 million but are less than or equal to $10 billion.

(iii) $30 million or 15 hundredths of one percent (.0015) of total Federal awards expended in the case of an auditee for which total Federal awards expended exceed $10 billion.

(2) Federal programs not labeled Type A under paragraph (b)(1) of this section shall be labeled Type B programs.

(3) The inclusion of large loan and loan guarantees (loans) should not result in the exclusion of other programs as Type A programs. When a Federal program providing loans significantly affects the number or size of Type A programs, the auditor shall consider this Federal program as a Type A program and exclude its values in determining other Type A programs.

(4) For biennial audits permitted under § 41.220, the determination of Type A and Type B programs shall be based upon the Federal awards expended during the two-year period.

(c) Step 2. (1) The auditor shall identify Type A programs, which are low-risk. For a Type A program to be considered low-risk, it shall have been audited as a major program in at least one of the two most recent audit periods (in the most recent audit period in the case of a biennial audit), and, in the most recent audit period, it shall have had no audit findings under § 41.510(a). However, the auditor may use judgment and consider that audit findings from questioned costs under § 41.510(a)(3) and § 41.510(a)(4), fraud under § 41.510(a)(6), and audit follow-up for the summary schedule of prior audit findings under § 41.510(a)(7) do not preclude the Type A program from being low-risk. The auditor shall consider: the criteria in § 41.525(c), § 41.525(d)(1), § 41.525(d)(2), and § 41.525(d)(3); the results of audit follow-up; whether any changes in personnel or systems affecting a Type A program have significantly increased risk; and apply professional judgment in determining whether a Type A program is low-risk.

(2) Notwithstanding paragraph (c)(1) of this section, OMB may approve a Federal awarding agency's request that a Type A program at certain recipients may not be considered low-risk. For example, it may be necessary for a large Type A program to be audited as major each year at particular recipients to allow the Federal agency to comply with the Government Management Reform Act of 1994 (31 U.S.C. 3515). The Federal agency shall notify the recipient and, if known, the auditor at least 180 days prior to the end of the fiscal year to be audited of OMB's approval.
(d) Step 3. (1) The auditor shall identify Type B programs, which are high-risk, using professional judgment and the criteria in § 41.525. However, should the auditor select Option 2 under Step 4 (paragraph (e)(2)(i)(B) of this section), the auditor is not required to identify more high-risk Type B programs than the number of low-risk Type A programs. Except for known reportable conditions in internal control or compliance problems as discussed in § 41.525(b)(1), § 41.525(b)(2), and § 41.525(c)(1), a single criteria in § 41.525 would seldom cause a Type B program to be considered high-risk.

(2) The auditor is not expected to perform risk assessments on relatively small Federal programs. Therefore, the auditor is only required to perform risk assessments on Type B programs that exceed the larger of:

(i) $100,000 or three-tenths of one percent (.003) of total Federal awards expended when the auditee has less than or equal to $100 million in total Federal awards expended.

(ii) $300,000 or three-hundredths of one percent (.0003) of total Federal awards expended when the auditee has more than $100 million in total Federal awards expended.

(e) Step 4. At a minimum, the auditor shall audit all of the following as major programs:

(1) All Type A programs, except the auditor may exclude any Type A programs identified as low-risk under Step 2 (paragraph (c)(1) of this section).

(2) (i) High-risk Type B programs as identified under either of the following two options:

(A) Option 1. At least one half of the Type B programs identified as high-risk under Step 3 (paragraph (d) of this section), except this paragraph (e)(2)(i)(A) does not require the auditor to audit more high-risk Type B programs than the number of low-risk Type A programs identified as low-risk under Step 2.

(B) Option 2. One high-risk Type B program for each Type A program identified as low-risk under Step 2.

(ii) When identifying which high-risk Type B programs to audit as major under either Option 1 or 2 in paragraph (e)(2)(i)(A) or (B) of this section, the auditor is encouraged to use an approach which provides an opportunity for different high-risk Type B programs to be audited as major over a period of time.

(3) Such additional programs as may be necessary to comply with the percentage of coverage rule discussed in paragraph (f) of this section. This paragraph (e)(3) may require the auditor to audit more programs as major than the number of Type A programs.

(f) Percentage of coverage rule. The auditor shall audit as major programs Federal programs with Federal awards expended that, in the aggregate, encompass at least 50 percent of total Federal awards expended. If the auditee meets the criteria in § 41.530 for a low-risk auditee, the auditor need only audit as major programs Federal programs with
Federal awards expended that, in the aggregate, encompass at least 25 percent of total Federal awards expended.

(g) Documentation of risk. The auditor shall document in the working papers the risk analysis process used in determining major programs.

(h) Auditor's judgment. When the major program determination was performed and documented in accordance with this part, the auditor's judgment in applying the risk-based approach to determine major programs shall be presumed correct. Challenges by Federal agencies and pass-through entities shall only be for clearly improper use of the guidance in this part. However, Federal agencies and pass-through entities may provide auditors guidance about the risk of a particular Federal program and the auditor shall consider this guidance in determining major programs in audits not yet completed.

(i) Deviation from use of risk criteria. For first-year audits, the auditor may elect to determine major programs as all Type A programs plus any Type B programs as necessary to meet the percentage of coverage rule discussed in paragraph (f) of this section. Under this option, the auditor would not be required to perform the procedures discussed in paragraphs (c), (d), and (e) of this section.

1. A first-year audit is the first year the entity is audited under this part or the first year of a change of auditors.

2. To ensure that a frequent change of auditors would not preclude audit of high-risk Type B programs, this election for first-year audits may not be used by an auditee more than once in every three years.

§ 41.525 Criteria for Federal program risk.

(a) General. The auditor's determination should be based on an overall evaluation of the risk of noncompliance occurring, which could be material to the Federal program. The auditor shall use auditor judgment and consider criteria, such as described in paragraphs (b), (c), and (d) of this section, to identify risk in Federal programs. Also, as part of the risk analysis, the auditor may wish to discuss a particular Federal program with auditee management and the Federal agency or pass-through entity.

(b) Current and prior audit experience. (1) Weaknesses in internal control over Federal programs would indicate higher risk. Consideration should be given to the control
environment over Federal programs and such factors as the expectation of management's adherence to applicable laws and regulations and the provisions of contracts and grant agreements and the competence and experience of personnel who administer the Federal programs.

(i) A Federal program administered under multiple internal control structures may have higher risk. When assessing risk in a large single audit, the auditor shall consider whether weaknesses are isolated in a single operating unit (e.g., one college campus) or pervasive throughout the entity.

(ii) When significant parts of a Federal program are passed through to subrecipients, a weak system for monitoring subrecipients would indicate higher risk.

(iii) The extent to which computer processing is used to administer Federal programs, as well as the complexity of that processing, should be considered by the auditor in assessing risk. New and recently modified computer systems may also indicate risk.

(2) Prior audit findings would indicate higher risk, particularly when the situations identified in the audit findings could have a significant impact on a Federal program or have not been corrected.

(3) Federal programs not recently audited as major programs may be of higher risk than Federal programs recently audited as major programs without audit findings.

(c) Oversight exercised by Federal agencies and pass-through entities. (1) Oversight exercised by Federal agencies or pass-through entities could indicate risk. For example, recent monitoring or other reviews performed by an oversight entity, which disclosed no significant problems, would indicate lower risk. However, monitoring which disclosed significant problems would indicate higher risk.

(2) Federal agencies, with the concurrence of OMB, may identify Federal programs, which are higher risk. OMB plans to provide this identification in the compliance supplement.

(d) Inherent risk of the Federal program. (1) The nature of a Federal program may indicate risk. Consideration should be given to the complexity of the program and the extent to which the Federal program contracts for goods and services. For example, Federal programs that disburse funds through third party contracts or have eligibility criteria may be of higher risk. Federal programs primarily involving staff payroll costs may have a high-risk for time and effort reporting, but otherwise be at low-risk.

(2) The phase of a Federal program in its life cycle at the Federal agency may indicate risk. For example, a new Federal program with new or interim regulations may have higher risk than an established program with time-tested regulations. Also, significant changes in Federal programs, laws, regulations, or the provisions of contracts or grant agreements...
agreements may increase risk.

(3) The phase of a Federal program in its life cycle at the auditee may indicate risk. For example, during the first and last years that an auditee participates in a Federal program, the risk may be higher due to start-up or closeout of program activities and staff.

(4) Type B programs with larger Federal awards expended would be of higher risk than programs with substantially smaller Federal awards expended.

§ 41.530 Criteria for a low-risk auditee.

An auditee, which meets all of the following conditions for each of the preceding two years (or, in the case of biennial audits, preceding two audit periods), shall qualify as a low-risk auditee and be eligible for reduced audit coverage in accordance with § 41.520:

(a) Single audits were performed on an annual basis in accordance with the provisions of this part. A non-Federal entity that has biennial audits does not qualify as a low-risk auditee, unless agreed to in advance by the cognizant or oversight agency for audit.

(b) The auditor's opinions on the financial statements and the schedule of expenditures of Federal awards were unqualified. However, the cognizant or oversight agency for audit may judge that an opinion qualification does not affect the management of Federal awards and provide a waiver.

(c) There were no deficiencies in internal control, which were identified as material weaknesses under the requirements of GAGAS. However, the cognizant or oversight agency for audit may judge that any identified material weaknesses do not affect the management of Federal awards and provide a waiver.

(d) None of the Federal programs had audit findings from any of the following in either of the preceding two years (or, in the case of biennial audits, preceding two audit periods) in which they were classified as Type A programs:

(1) Internal control deficiencies which were identified as material weaknesses;

(2) Noncompliance with the provisions of laws, regulations, contracts, or grant agreements which have a material effect on the Type A program; or

(c) If the investigating official concludes that an action under the Program Fraud Civil Remedies Act may be warranted, the investigating official shall submit a report containing the findings and conclusions of the investigation to the reviewing official.

(d) Nothing in this section shall preclude or limit an investigating official's discretion to refer allegations directly to the Department of Justice for suit under the False Claims Act or other civil relief, or to defer or postpone a report or referral to the reviewing official to avoid interference with a criminal investigation or prosecution.

(e) Nothing in this section modifies any responsibility of an investigating official to report violations of criminal law to the Attorney General.

§ 42.5 Review by the reviewing official.

(a) The report of the investigating official will be examined by the reviewing official to determine if there is adequate evidence to believe a person is liable under § 42.3 of this part. The review will be completed within 90 days.

§ 42.6 Prerequisites for issuing a complaint.

(a) The reviewing official may issue a complaint under § 42.7 of this part only if--

(1) The Department of Justice approves the issuance of a complaint in a written statement described in 31 U.S.C. 3803(b)(1), and
(2) In the case of allegations of liability under § 42.3 of this part with respect to a claim, the reviewing official determines that, with respect to the claim or a group of related claims submitted at the same time such claim is submitted (as defined in paragraph (b) of this section), the amount of money or the value of property or services, or both, demanded or requested in violation of § 42.3(a) of this part does not exceed $150,000.

(b) For the purposes of this section, a related group of claims submitted at the same time shall include only those claims arising from the same transaction (e.g., grant, loan, application, or contract) that are submitted simultaneously as part of a single request, demand, or submission.

(c) Nothing in this section shall be construed to limit the reviewing official's authority to join in a single complaint against a person's claims that are unrelated or were not submitted simultaneously, regardless of the amount of money, or the value of property or services, demanded or requested.

§ 42.7 Complaint.

(a) On or after the date the Department of Justice approves the issuance of a complaint in accordance with 31 U.S.C. 3803(b)(1), the reviewing official may serve a complaint on the defendant, as provided in § 42.8 of this part.

(b) The complaint shall state--

(1) The allegations of liability against the defendant, including the statutory basis for liability, an identification of the claims or statements that are the basis for the alleged liability, and the reasons why liability allegedly arises from the claims or statements;

(2) The maximum amount of penalties and assessments for which the defendant may be held liable;

(3) Instructions for filing an answer to request a hearing, including a specific statement of the defendant's right to request a hearing by filing an answer and to be represented by a representative; and

(4) That failure to file an answer within 30 days of service of the complaint will result in the imposition of the maximum amount of penalties and assessments without right to appeal, as provided in § 42.10 of this part.

(c) The reviewing official shall serve the defendant with a copy of these regulations at the same time as service of the complaint.

§ 42.8 Service of complaint.

(a) Service of a complaint must be made by certified or registered mail or by delivery in any manner authorized by Rule 4(d) of the Federal Rules of Civil Procedure. Service is complete upon receipt.

(b) Proof of service, stating the name and address of the person on whom the complaint was served, and the manner and date of service, may be made by--

(1) Affidavit of the individual serving the complaint by delivery;

(2) A United States Postal Service return receipt card acknowledging receipt; or
§ 42.9 Answer.

(2) Shall state any defense on which the defendant intends to rely;
(3) May state any reasons why the defendant contends that the penalties and assessments should be less than the statutory maximum; and
(4) Shall state the name, address, and telephone number of the person authorized by the defendant to act as defendant's representative, if any.
(c) If the defendant is unable to file an answer meeting the requirements of paragraph (b) of this section within the time provided, the defendant may, before the expiration of 30 days from service of the complaint, file with the reviewing official a general answer denying liability and requesting a hearing, and a request for an extension of time within which to file an answer meeting the requirements of paragraph (b) of this section. The reviewing official shall file promptly with the ALJ the complaint, the general answer denying liability, and the request for an extension of time as provided in § 42.11 of this part. For good cause shown, the ALJ may grant the defendant up to 30 additional days within which to file an answer meeting the requirements of paragraph (b) of this section. 53 FR 16710, May 11, 1988.

(b) Upon the referral of the complaint, the ALJ shall promptly serve on the defendant in the manner prescribed in § 42.8 of this part, a notice that an initial decision will be issued under this section.
(c) The ALJ shall assume the facts alleged in the complaint to be true, and, if such facts establish liability under § 42.3 of this part, the ALJ shall issue an initial decision imposing the maximum amount of penalties and assessments allowed under the statute.
(d) Except as otherwise provided in this section, by failing to file a timely answer, the defendant waives any right to further review of the penalties and assessments imposed under paragraph (c) of this section, and the initial decision shall become final and binding upon the parties 30 days after it is issued.
(e) If, before the initial decision becomes final, the defendant files a motion with the ALJ seeking to reopen on the grounds that extraordinary circumstances prevented the defendant from filing an answer, the initial decision shall be stayed pending the ALJ's decision on the motion.
(f) If, on such motion, the defendant can demonstrate extraordinary circumstances excusing the failure to file a timely answer, the ALJ shall withdraw the initial decision in paragraph (c) of this section, if the decision has been issued, and shall grant the defendant an opportunity to answer the complaint.

(g) A decision of the ALJ denying a defendant's motion under paragraph (e) of this section is not subject to reconsideration under §42.38 of this part.

(h) The defendant may appeal to the Secretary the decision denying a motion to reopen by filing a notice of appeal with the Secretary within 15 days after the ALJ denies the motion. The timely filing of a notice of appeal shall stay the initial decision until the Secretary decides the issue.

(i) If the defendant files a timely notice of appeal with the Secretary, the ALJ shall forward the record of the proceeding to the Secretary.

(j) The Secretary shall decide expeditiously whether extraordinary circumstances excuse the defendant's failure to file a timely answer based solely on the record before the ALJ.

(k) If the Secretary decides that extraordinary circumstances excuse the defendant's failure to file a timely answer, the Secretary shall remand the case to the ALJ with instructions to grant the defendant an opportunity to answer.

(l) If the Secretary decides that the defendant's failure to file a timely answer is not excused, the Secretary shall reinstate the initial decision of the ALJ, which shall become final and binding upon the parties 30 days after the authority head issues such decision. 53 FR 16710, May 11, 1988.

§ 42.11 Referral of complaint and answer to the Administrative Law Judge (ALJ).

   (1) That the discovery not be had;
   (2) That the discovery may be had only on specified terms and conditions, including a designation of the time or place;
   (3) That discovery may be had only through a method of discovery other than that requested;
   (4) That certain matters not be inquired into, or that the scope of discovery be limited to certain matters;
   (5) That discovery be conducted with no one present except persons designated by the ALJ;
   (6) That the contents of discovery or evidence be sealed;
   (7) That a deposition after being sealed be opened only by order of the ALJ;
   (8) That a trade secret or other confidential research, development, commercial information, or facts pertaining to any criminal investigation, proceeding, or other administrative investigation only be disclosed in a designated way; or
   (9) That the parties simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the ALJ.

§ 42.25 Fees.
The party requesting a subpoena shall pay the cost of the fees and mileage of any witnesses subpoenaed in the amounts that would be payable to a witness in a proceeding in United States District Court. A check for witness fees and mileage shall accompany the subpoena when served, except that when a subpoena is issued on behalf of the Department of Veterans Affairs, a check for witness fees and mileage need not accompany the subpoena.

§ 42.26 Form, filing and service of papers.
(a) Form. (1) Documents filed with the ALJ shall include an original and two copies.
   (2) Every pleading and paper filed in the proceeding shall contain a caption setting forth the title of the action, the case number assigned by the ALJ, and a designation of the paper (e.g. motion to quash subpoena).
   (3) Every pleading and paper shall be signed by, and shall contain the address and telephone number of, the party or the person on whose behalf the paper was filed, or his or her representative.
(4) Papers are considered filed when they are mailed. Date of mailing may be established by a certificate from the party or representative or by proof that the document was sent by certified or registered mail.

(b) Service. A party filing a document with the ALJ shall, at the time of filing, serve a copy of such document on every other party. Service upon any party of any document other than those required to be served as prescribed in § 42.8 of this part shall be made by delivering a copy or by placing a copy of the document in the United States mail, postage prepaid and addressed, to the party's last known address. When a party is represented by a representative, service shall be made upon the representative in lieu of the actual party.

(c) Proof of service. A certificate of the individual serving the document by personal delivery or by mail, setting forth the manner of service, shall be proof of service.

§ 42.27 Computation of time.

(a) In computing any period of time under this part or in an order issued thereunder, the time begins with the date following the act, event, or default, and includes the last day of the period, unless it is a Saturday, Sunday, or legal holiday observed by the Federal government, in which event it includes the next business day.

(b) When the period of time allowed is less than seven days, intermediate Saturdays, Sundays, and legal holidays observed by the Federal government shall be excluded from the computation.

(c) Where a document has been served or issued by placing it in the mail, an additional five days will be added to the time permitted for any response.

§ 42.28 Motions.

(a) Any application to the ALJ for an order or ruling shall be by motion. Motions shall state the relief sought, the authority relied upon, and the facts alleged, and shall be filed with the ALJ and served on all other parties.

(b) Except for motions made during a prehearing conference or at the hearing, all motions shall be in writing. The ALJ may require that oral motions be reduced to writing.

(c) Within 15 days after a written motion is served, or such other time as may be fixed by the ALJ, any part may file a response to such motion.

(d) The ALJ may not grant a written motion before the time for filing responses thereto has expired, except upon consent of the parties or following a hearing on the motion, but may overrule or deny the motion without awaiting a response.

(e) The ALJ shall make a reasonable effort to dispose of all outstanding motions prior to the beginning of the hearing.

§ 42.29 Sanctions.

(a) The ALJ may sanction a person, including any party or representative for--
(1) Failing to comply with an order, rule, or procedure governing the proceeding;
(2) Failing to prosecute or defend an action; or
(3) Engaging in other misconduct that interferes with the speedy, orderly, or fair conduct
of the hearing.
(b) Any sanction, including but not limited to those listed in paragraphs (c), (d), and (e)
of this section, shall reasonably relate to the severity and nature of the failure or
misconduct.
(c) When a party fails to comply with an order, including an order for taking a deposition,
the production of evidence within the party's control, or a request for admission, the ALJ
may--
(1) Draw an inference in favor of the requesting party with regard to the information
sought;
(2) In the case of requests for admission, deem each matter of which an admission is
requested to be admitted;
(3) Prohibit the party failing to comply with the order from introducing evidence
concerning, or otherwise relying upon, testimony relating to the information sought; and
(4) Strike any part of the pleadings or other submissions of the party failing to comply
with the request.
(d) If a party fails to prosecute or defend an action under this part commenced by service
of a notice of hearing, the ALJ may dismiss the action or may issue an initial decision
imposing penalties and assessments.
(e) The ALJ may refuse to consider any motion, request, response, brief or other
document which is not filed in a timely fashion.

§ 42.30 The hearing and burden of proof.
(a) The ALJ shall conduct a hearing on the record in order to determine whether the
defendant is liable for a civil penalty or assessment under § 42.3 of this part and, if so, the
appropriate amount of any civil penalty or assessment considering any aggravating or
mitigating factors.
(b) The Department of Veterans Affairs shall prove defendant's liability and any
aggravating factors by a preponderance of the evidence.
(c) The defendant shall prove any affirmative defenses and any mitigating factors by a
preponderance of the evidence.
(d) The hearing shall be open to the public unless otherwise ordered by the ALJ for good
cause shown.

§ 42.31 Determining the amount of penalties and assessments.
(a) In determining an appropriate amount of civil penalties and assessments, the ALJ and
the Secretary of Veterans Affairs, upon appeal, should evaluate any circumstances that
mitigate or aggravate the violation and should articulate in their opinions the reasons that
support the penalties and assessments they impose. Because of the intangible costs of
fraud, the expense of investigating the conduct, and the need to deter others who might be similarly tempted, ordinarily double damages and a significant civil penalty should be imposed.

(b) Although not exhaustive, the following factors are among those that may influence the ALJ and the Secretary or Veterans Affairs in determining the amount of penalties and assessments to impose with respect to the misconduct (i.e., the false, fictitious, or fraudulent claims or statements) charged in the complaint:

1. The number of false, fictitious, or fraudulent claims or statements;
2. The time period over which the claims or statements were made;
3. The degree of the defendant's culpability with respect to the misconduct;
4. The amount of money or the value of the property, services, or benefit falsely claimed;
5. The value of the Government's actual loss as a result of the misconduct, including foreseeable consequential damages and the costs of investigation;
6. The relationship of the amount imposed as civil penalties to the amount of the Government's loss;
7. The potential or actual impact of the misconduct upon national defense, public health or safety, or public confidence in the management of Government programs and operations, including particularly the impact on the intended beneficiaries of the programs;
8. Whether the defendant has engaged in a pattern of the same or similar misconduct;
9. Whether the defendant attempted to conceal the misconduct;
10. The degree to which the defendant has involved others in the misconduct or in concealing it;
11. Where the misconduct of employees or agents is imputed to the defendant, the extent to which the defendant's practices fostered or attempted to preclude such misconduct;
12. Whether the defendant cooperated in or obstructed an investigation of the misconduct;
13. Whether the defendant assisted in identifying or prosecuting other wrongdoers;
14. The complexity of the program or transaction, and the degree of the defendant's sophistication with respect to it, including the extent of the defendant's prior participation in the program or in similar transactions;
15. Whether the defendant has been found, in any criminal, civil, or administrative proceeding to have engaged in similar misconduct or to have dealt dishonestly with the Government of the United States or of a State, directly or indirectly; and
16. The need to deter the defendant and others from engaging in the same or similar misconduct.

§ 42.32 Location of hearing.
(a) The hearing may be held--
(1) In any judicial district of the United States in which the defendant resides or transacts business;
(2) In any judicial district of the United States in which the claim or statement in issue was made; or
(3) Any place as may be agreed upon by the defendant and the ALJ.
(b) Each party shall have the opportunity to present argument with respect to the location of the hearing.
(c) The hearing shall be held at a place and time ordered by the ALJ.

§ 42.33 Witnesses.
(a) Except as provided in paragraph (b) of this section, testimony at the hearing shall be given orally by witnesses under oath or affirmation.
(b) At the discretion of the ALJ, testimony may be admitted in the form of a written statement or deposition. Any written statement must be provided to all other parties along with the last known address of such witness, in a manner which allows sufficient time for other parties to subpoena the witness for cross-examination at the hearing. Prior written statements of witnesses proposed to testify at the hearing and deposition transcripts shall be exchanged as provided in § 42.22(a) of this part.
(c) The ALJ shall exercise reasonable control over the mode and order of interrogating witnesses and presenting evidence so as to:
(1) Make the interrogation and presentation effective for the ascertainment of the truth,
(2) Avoid needless consumption of time, and
(3) Protect witnesses from harassment or undue embarrassment.
(d) The ALJ shall permit the parties to conduct such cross-examination as may be required for a full and true disclosure of the facts.
(e) At the discretion of the ALJ, a witness may be cross-examined on matters relevant to the proceeding without regard to the scope of the direct examination. To the extent permitted by the ALJ, cross-examination on matters outside the scope of direct examination shall be conducted in the manner of direct examination and may proceed by leading questions only if the witness is a hostile witness, an adverse party, or a witness identified with an adverse party.
(f) Upon motion of any party, the ALJ shall order witnesses excluded so that they cannot hear the testimony of other witnesses. This rule does not authorize the exclusion of:
(1) A party who is an individual;
(2) In the case of a party that is not an individual, an officer or employee of the party appearing for the entity pro se or designated by the party's representative; or
(3) An individual whose presence is shown by a party to be essential to the presentation of its case, including an individual employed by the Government engaged in assisting the representative for the Government.

§ 42.34 Evidence.
(a) The ALJ shall determine the admissibility of evidence.
(b) Except as provided in this part, the ALJ shall not be bound by the Federal Rules of Evidence. However, the ALJ may apply the Federal Rules of Evidence where appropriate, e.g., to exclude unreliable evidence.
(c) The ALJ shall exclude irrelevant and immaterial evidence.
(d) Although relevant, evidence may be excluded if its probative value is substantially outweighed by the danger of unfair prejudice, confusion of the issues, or by considerations of undue delay or needless presentation of cumulative evidence.
(e) Although relevant, evidence may be excluded if it is privileged under Federal law.
(f) Evidence concerning offers of compromise or settlement shall be inadmissible to the extent provided in Rule 408 of the Federal Rules of Evidence.
(g) The ALJ shall permit the parties to introduce rebuttal witnesses and evidence.
(h) All documents and other evidence offered or taken for the record shall be open to examination by all parties, unless otherwise ordered by the ALJ pursuant to § 42.24 of this part.

§ 42.35 The record.
(a) The hearing will be recorded and transcribed. Transcripts may be obtained following the hearing from the ALJ at a cost not to exceed the actual cost of duplication.
(b) The transcription of testimony, exhibits and other evidence admitted at the hearing, and all papers and requests filed in the proceeding constitute the record for the decision by the ALJ and the Secretary of Veterans Affairs.
(c) The record may be inspected and copied (upon payment of a reasonable fee) by anyone, unless otherwise ordered by the ALJ pursuant to § 42.24 of this part.

§ 42.36 Post-hearing briefs.
The ALJ may require the parties to file post-hearing briefs. In any event, any party may file a post-hearing brief. The ALJ shall fix the time for filing the briefs, not to exceed 60 days from the date the parties receive the transcript of the hearing or, if applicable, the stipulated record. The briefs may be accompanied by proposed findings of fact and conclusions of law. The ALJ may permit the parties to file reply briefs.

§ 42.37 Initial decision.
(a) The ALJ shall issue an initial decision based only on the record, which shall contain findings of fact, conclusions of law, and the amount of any penalties and assessments imposed.
(b) The findings of fact shall include a finding on each of the following issues:
(1) Whether the claims or statements identified in the complaint, or any portions thereof, violate § 42.3 of this part;
(2) If the person is liable for penalties or assessments, the appropriate amount of the penalties or assessments considering any mitigating or aggravating factors that the ALJ finds in the case, such as those described in § 42.31 of this part.

(c) The ALJ shall promptly serve the initial decision on all parties within 90 days after the time for submission of post-hearing briefs and reply briefs (if permitted) has expired. The ALJ shall at the same time serve all parties with a statement describing the right of any defendant determined to be liable for a civil penalty or assessment to file a motion for reconsideration with the ALJ or a notice of appeal with the Secretary. If the ALJ fails to meet the deadline contained in this paragraph, the ALJ shall notify the parties of the reason for the delay and shall set a new deadline.

(d) Unless the initial decision of the ALJ is timely appealed to the Secretary, or a motion for reconsideration of the initial decision is timely filed, the initial decision shall constitute the final decision of the Secretary and shall be final and binding on the parties 30 days after it is issued by the ALJ.

§ 42.38 Reconsideration of initial decision.

(a) Except as provided in paragraph (d) of this section, any party may file a motion for reconsideration of the initial decision within 20 days of receipt of the initial decision. If service was made by mail, receipt will be presumed to be five days from the mailing in the absence of contrary proof.

(b) Every motion must set forth the matters claimed to have been erroneously decided and the nature of the alleged errors. The motion shall be accompanied by a supporting brief.

(c) Responses to the motions shall be allowed only upon request of the ALJ.

(d) No party may file a motion for reconsideration of an initial decision that has been revised in response to a previous motion for reconsideration.

(e) The ALJ may dispose of a motion for reconsideration by denying it or by issuing a revised initial decision.

(f) If the ALJ denies a motion for reconsideration, the initial decision shall constitute the final decision of the Secretary and shall be final and binding on the parties 30 days after the ALJ denies the motion, unless the initial decision is timely appealed to the Secretary in accordance with § 42.39 of this part.

(g) If the ALJ issues a revised initial decision, that decision shall constitute the final decision of the Secretary and shall be final and binding on the parties 30 days after it is issued, unless it is timely appealed to the Secretary in accordance with § 42.39 of this part.

§ 42.39 Appeal to the Secretary of Veterans Affairs.

(a) Any defendant who has filed a timely answer and who is determined in an initial decision to be liable for a civil penalty or assessment may appeal the decision to the Secretary of Veterans Affairs by filing a notice of appeal with the Secretary in accordance with this section.

(b)(1) A notice of appeal may be filed at any time within 30 days after the ALJ issues an initial decision. However, if another party files a motion for reconsideration under § 42.8
of this part, consideration of the appeal shall be stayed automatically pending resolution of the motion for reconsideration.

(2) If a motion for reconsideration is timely filed, a notice of appeal may be filed within 30 days after the ALJ denies the motion or issues a revised initial decision, whichever applies.

(3) The Secretary may extend the initial 30 day period for an additional 30 days if the defendant files with the Secretary a request for an extension within the initial 30 day period and shows good cause.

(c) If the defendant files a timely notice of appeal with the Secretary, and the time for filing motions for reconsideration under § 42.38 of this part has expired, the ALJ shall forward the record of the proceeding to the Secretary.

(d) A notice of appeal shall be accompanied by a written brief specifying exceptions to the initial decision and reasons supporting the exceptions.

(e) The representative for the Government may file a brief in opposition to exceptions within 30 days of receiving the notice of appeal and accompanying brief.

(f) There is no right to appear personally before the Secretary.

(g) There is no right to appeal any interlocutory ruling by the ALJ.

(h) In reviewing the initial decision, the Secretary shall not consider any objection that was not raised before the ALJ unless a demonstration is made of extraordinary circumstances causing the failure to raise the objection.

(i) If any party demonstrates to the satisfaction of the Secretary that additional evidence not presented at the hearing is material and that there were reasonable grounds for the failure to present the evidence at the hearing, the Secretary shall remand the matter to the ALJ for consideration of such additional evidence.

(j) The Secretary may affirm, reduce, reverse, compromise, remand, or settle any penalty or assessment, determined by the ALJ in any initial decision.

(k) The Secretary shall promptly serve each party to the appeal with a copy of the decision of the Secretary and a statement describing the right of any person to seek judicial review.

(l) Unless a petition for review is filed as provided in 31 U.S.C. 3805 after a defendant has exhausted all administrative remedies under this part and within 60 days after the date on which the Secretary serves the defendant with a copy of the Secretary's decision, a determination that a defendant is liable under § 42.3 of this part is final and is not subject to judicial review.

§ 42.40 Stays ordered by the Department of Justice.
If at any time the Attorney General or Assistant Attorney General designated by the Attorney General transmits to the Secretary a written finding that continuation of the administrative process described in this part with respect to a claim or statement may adversely affect any pending or potential criminal or civil action related to the claim or statement, the Secretary shall stay the process immediately. The Secretary may order the process resumed only upon receipt of the written authorization of the Attorney General.

§ 42.41 Stay pending appeal.
(a) An initial decision is stayed automatically pending disposition of a motion for reconsideration or of an appeal to the Secretary.
(b) No administrative stay is available following a final decision of the Secretary.

§ 42.42 Judicial review.
Section 3805 of title 31 U.S.C., authorizes judicial review by an appropriate United States District Court of a final decision of the Secretary imposing penalties or assessments under this part and specifies the procedures for the review.

§ 42.43 Collection of civil penalties and assessments.
Sections 3806 and 3808(b) of title 31 U.S.C., authorizes actions for collection of civil penalties and assessments imposed under this part and specify the procedures for the action.

§ 42.44 Right to administrative offset.
The amount of any penalty or assessment which has become final, or for which a judgment has been entered under § 42.42 or § 42.43 of this part, or any amount agreed upon in a compromise or settlement under § 42.46 of this part, may be collected by administrative offset under 31 U.S.C. 3716, except that an administrative offset may not be made under this subsection against a refund of an overpayment of Federal taxes, then or later owing by the United States to the defendant.

§ 42.45 Deposit in Treasury of United States.
All amounts collected pursuant to this part shall be deposited as miscellaneous receipts in the Treasury of the United States, except as provided in 31 U.S.C. 3806(b).

§ 42.46 Compromise and settlement.
(a) Parties may make offers of compromise or settlement at any time.
(b) The reviewing official has the exclusive authority to compromise or settle a case under this part at any time after the date on which the reviewing official is permitted to issue a complaint and before the date on which the ALJ issues an initial decision.
(c) The Secretary has exclusive authority to compromise or settle a case under this part at any time after the date on which the ALJ issues an initial decision, except during the pendency of any review under § 42.42 of this part or during the pendency of any action to collect penalties and assessments under § 42.43 of this part.

(d) The Attorney General has exclusive authority to compromise or settle a case under this part during the pendency of any review under § 42.42 of this part, or of any action to recover penalties and assessments under 31 U.S.C. 3806.

(e) The investigating official may recommend settlement terms to the reviewing official, the Secretary, or the Attorney General, as appropriate. The reviewing official may recommend settlement terms to the Secretary, or the Attorney General, as appropriate.

(f) Any compromise or settlement must be in writing.

§ 42.47 Limitations.

(a) The notice of hearing with respect to a claim or statement must be served in the manner specified in § 42.8 of this part within 6 years after the date on which such claim or statement is made.

(b) If the defendant fails to file a timely answer, service of a notice under § 42.10(b) of this part shall be deemed a notice of hearing of purposes of this section.

(c) The statute of limitations may be extended by agreement of the parties.

§ 43.2 Scope of subpart.
§ 43.3 Definitions.
§ 43.4 Applicability.
§ 43.5 Effect on other issuances.
§ 43.6 Additions and exceptions

§ 43.1 Purpose and scope of this part.
This part establishes uniform administrative rules for Federal grants and cooperative agreements and subawards to State, local and Indian tribal governments.

§ 43.2 Scope of subpart.
This subpart contains general rules pertaining to this part and procedures for control of exceptions from this part.

§ 43.3 Definitions.
As used in this part:
Accrued expenditures mean the charges incurred by the grantee during a given period requiring the provision of funds for:
(1) Goods and other tangible property received;
(2) Services performed by employees, contractors, subgrantees, subcontractors, and other payees; and
(3) Other amounts becoming owed under programs for which no current services or performance is required, such as annuities, insurance claims, and other benefit payments.
Accrued income means the sum of:
(1) Earnings during a given period from services performed by the grantee and goods and other tangible property delivered to purchasers, and
(2) Amounts becoming owed to the grantee for which no current services or performance is required by the grantee.
Acquisition cost of an item of purchased equipment means the net invoice unit price of the property including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee's regular accounting practices.
Administrative requirements mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from programmatic requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.
Awarding agency means (1) with respect to a grant, the Federal agency, and (2) with respect to a subgrant, the party that awarded the subgrant.
Cash contributions means the grantee's cash outlay, including the outlay of money contributed to the grantee or subgrantee by other public agencies and institutions, and private organizations and individuals. When authorized by Federal legislation, Federal funds received from other assistance agreements may be considered as grantee or subgrantee cash contributions.
Contract means (except as used in the definitions for grant and subgrant in this section and except where qualified by Federal) a procurement contract under a grant or subgrant, and means a procurement subcontract under a contract.
Cost sharing or matching means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.
Cost-type contract means a contract or subcontract under a grant in which the contractor or subcontractor is paid on the basis of the costs it incurs, with or without a fee.
Equipment means tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit. A grantee may use its own definition of equipment provided that such definition would at least include all equipment defined above.
Expenditure report means: (1) For nonconstruction grants, the SF-269 "Financial Status Report" (or other equivalent report); (2) for construction grants, the SF-271 "Outlay Report and Request for Reimbursement" (or other equivalent report).
Federally recognized Indian tribal government means the governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any Native village as defined in section 3 of the Alaska Native Claims Settlement Act, 85 Stat 688) certified by the Secretary of the Interior as eligible for the special programs and services provided by him through the Bureau of Indian Affairs.
Government means a State or local government or a federally recognized Indian tribal government.
Grant means an award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Also, the term does not include assistance, such as a fellowship or other lump sum award, which the grantee is not required to account for.
Grantee means the government to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.
Local government means a county, municipality, city, town, township, local public authority (including any public and Indian housing agency under the United States Housing Act of 1937) school district, special district, intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under state law), any other regional or interstate government entity, or any agency or instrumentality of a local government.
Obligations means the amounts of orders placed, contracts and subgrants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period. OMB means the United States Office of Management and Budget. Outlays (expenditures) mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursement for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrued expenditure basis, outlays are the sum of cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and other payees, and other amounts becoming owed under programs for which no current services or performance are required, such as annuities, insurance claims, and other benefit payments. Percentage of completion method refers to a system under which payments are made for construction work according to the percentage of completion of the work, rather than to the grantee's cost incurred. Prior approval means documentation evidencing consent prior to incurring specific cost. Real property means land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment. Share, when referring to the awarding agency's portion of real property, equipment or supplies, means the same percentage as the awarding agency's portion of the acquiring party's total costs under the grant to which the acquisition costs under the grant to which the acquisition cost of the property was charged. Only costs are to be counted—not the value of third-party in-kind contributions. State means any of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of a State exclusive of local governments. The term does not include any public and Indian housing agency under United States Housing Act of 1937. Subgrant means an award of financial assistance in the form of money, or property in lieu of money, made under a grant by a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual legal agreement, but does not include procurement purchases, nor does it include any form of assistance which is excluded from the definition of grant in this part. Subgrantee means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided. Supplies means all tangible personal property other than equipment as defined in this part. Suspension means depending on the context, either (1) temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or subgrantee or a decision to terminate the grant, or (2) an action taken by a suspending official in accordance with agency regulations implementing E.O. 12549 to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.
Termination means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee. Termination does not include:
(1) Withdrawal of funds awarded on the basis of the grantee's underestimate of the unobligated balance in a prior period;
(2) Withdrawal of the unobligated balance as of the expiration of a grant;
(3) Refusal to extend a grant or award additional funds, to make a competing or noncompeting continuation, renewal, extension, or supplemental award; or
(4) Voiding of a grant upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.
Terms of a grant or subgrant mean all requirements of the grant or subgrant, whether in statute, regulations, or the award document.
Third party in-kind contributions mean property or services which benefit a federally assisted project or program and which are contributed by non-Federal third parties without charge to the grantee, or a cost-type contractor under the grant agreement. Unliquidated obligations for reports prepared on a cash basis mean the amount of obligations incurred by the grantee that has not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been paid. Unobligated balance means the portion of the funds authorized by the Federal agency that has not been obligated by the grantee and is determined by deducting the cumulative obligations from the cumulative funds authorized.

§ 43.4 Applicability.
(a) General. Subparts A-D of this part apply to all grants and subgrants to governments, except where inconsistent with Federal statutes or with regulations authorized in accordance with the exception provision of § 43.6, or:
(1) Grants and subgrants to State and local institutions of higher education or State and local hospitals.
(2) The block grants authorized by the Omnibus Budget Reconciliation Act of 1981 (Community Services; Preventive Health and Health Services; Alcohol, Drug Abuse, and Mental Health Services; Maternal and Child Health Services; Social Services; Low-Income Home Energy Assistance; States' Program of Community Development Block Grants for Small Cities; and Elementary and Secondary Education other than programs administered by the Secretary of Education under Title V, subtitle D, Chapter 2, Section 583--the Secretary's discretionary grant program) and Titles I-III of the Job Training Partnership Act of 1982 and under the Public Health Services Act (Section 1921), Alcohol and Drug Abuse Treatment and Rehabilitation Block Grant and part C of Title V, Mental Health Service for the Homeless Block Grant).
(3) Entitlement grants to carry out the following programs of the Social Security Act:

(38 U.S.C. 1741-1743)

§ 43.5 Effect on other issuances.
All other grants administration provisions of codified program regulations, program manuals, handbooks and other nonregulatory materials which are inconsistent with this part are superseded, except to the extent they are required by statute, or authorized in accordance with the exception provision in § 43.6.

§ 43.6 Additions and exceptions
(a) For classes of grants and grantees subject to this part, Federal agencies may not impose additional administrative requirements except in codified regulations published in the FEDERAL REGISTER.
(b) Exceptions for classes of grants or grantees may be authorized only by OMB.
(c) Exceptions on a case-by-case basis and for subgrantees may be authorized by the affected Federal agencies.
§ 43.10 Forms for applying for grants.
(a) Scope. (1) This section prescribes forms and instructions to be used by governmental organizations (except hospitals and institutions of higher education operated by a government) in applying for grants. This section is not applicable, however, to formula grant programs which do not require applicants to apply for funds on a project basis.
(2) This section applies only to applications to Federal agencies for grants, and is not required to be applied by grantees in dealing with applicants for subgrants. However, grantees are encouraged to avoid more detailed or burdensome application requirements for subgrants.
(b) Authorized forms and instructions for governmental organizations. (1) In applying for grants, applicants shall only use standard application forms or those prescribed by the granting agency with the approval of OMB under the Paperwork Reduction Act of 1980.
(2) Applicants are not required to submit more than the original and two copies of preapplications or applications.
(3) Applicants must follow all applicable instructions that bear OMB clearance numbers. Federal agencies may specify and describe the programs, functions, or activities that will be used to plan, budget, and evaluate the work under a grant. Other supplementary instructions may be issued only with the approval of OMB to the extent required under the Paperwork Reduction Act of 1980. For any standard form, except the SF-424 facesheet, Federal agencies may shade out or instruct the applicant to disregard any line item that is not needed.
(4) When a grantee applies for additional funding (such as a continuation or supplemental award) or amends a previously submitted application, only the affected pages need be submitted. Previously submitted pages with information that is still current need not be resubmitted.

§ 43.11 State plans.
(a) Scope. The statutes for some programs require States to submit plans before receiving grants. Under regulations implementing Executive Order 12372, "Intergovernmental Review of Federal Programs," States are allowed to simplify, consolidate and substitute plans. This section contains additional provisions for plans that are subject to regulations implementing the Executive Order.
(b) Requirements. A State need meet only Federal administrative or programmatic requirements for a plan that are in statutes or codified regulations.
(c) Assurances. In each plan the State will include an assurance that the State shall comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding. For this assurance and other assurances required in the plan, the State may:
(1) Cite by number the statutory or regulatory provisions requiring the assurances and affirm that it gives the assurances required by those provisions,
(2) Repeat the assurance language in the statutes or regulations, or
(3) Develop its own language to the extent permitted by law.
(d) Amendments. A State will amend a plan whenever necessary to reflect:
(1) New or revised Federal statutes or regulations or
(2) A material change in any State law, organization, policy, or State agency operation. The State will obtain approval for the amendment and its effective date but need submit for approval only the amended portions of the plan.

§ 43.12 Special grant or subgrant conditions for 'high-risk' grantees.
(a) A grantee or subgrantee may be considered "high risk" if an awarding agency determines that a grantee or subgrantee:
(1) Has a history of unsatisfactory performance, or
(2) Is not financially stable, or
(3) Has a management system which does not meet the management standards set forth in this part, or
(4) Has not conformed to terms and conditions of previous awards, or
(5) Is otherwise not responsible; and if the awarding agency determines that an award will be made, special conditions and/or restrictions shall correspond to the high risk condition and shall be included in the award.
(b) Special conditions or restrictions may include:
(1) Payment on a reimbursement basis;
(2) Withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;
(3) Requiring additional, more detailed financial reports;
(4) Additional project monitoring;
(5) Requiring the grantee or subgrantee to obtain technical or management assistance; or
(6) Establishing additional prior approvals.
(c) If an awarding agency decides to impose such conditions, the awarding official will notify the grantee or subgrantee as early as possible, in writing, of:
(1) The nature of the special conditions/restrictions;
(2) The reason(s) for imposing them;
(3) The corrective actions which must be taken before they will be removed and the time allowed for completing the corrective actions and
(4) The method of requesting reconsideration of the conditions/restrictions imposed.

REPORTS, RECORDS, RETENTION, AND ENFORCEMENT
FINANCIAL ADMINISTRATION

§ 43.20 Standards for financial management systems.
§ 43.21 Payment.
§ 43.22 Allowable costs.
§ 43.23 Period of availability of funds.
§ 43.24 Matching or cost sharing.
§ 43.25 Program income.
§ 43.26 Non-Federal audit.

§ 43.20 Standards for financial management systems.
(a) A State must expand and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors, must be sufficient to--
(1) Permit preparation of reports required by this part and the statutes authorizing the grant, and
(2) Permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes.
(b) The financial management systems of other grantees and subgrantees must meet the following standards:
(1) Financial reporting. Accurate, current, and complete disclosure of the financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the grant or subgrant.
(2) Accounting records. Grantees and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities. These records must contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income.
(3) Internal control. Effective control and accountability must be maintained for all grant and subgrant cash, real and personal property, and other assets. Grantees and subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes.
(4) Budget control. Actual expenditures or outlays must be compared with budgeted amounts for each grant or subgrant. Financial information must be related to performance or productivity data, including the development of unit cost information whenever appropriate or specifically required in the grant or subgrant agreement. If unit cost data are required, estimates based on available documentation will be accepted whenever possible.
(5) Allowable cost. Applicable OMB cost principles, agency program regulations, and the terms of grant and subgrant agreements will be followed in determining the reasonableness, allowability, and allocability of costs.
(6) Source documentation. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents, etc.
(7) Cash management. Procedures for minimizing the time elapsing between the transfer of funds from the U.S. Treasury and disbursement by grantees and subgrantees must be followed whenever advance payment procedures are used. Grantees must establish reasonable procedures to ensure the receipt of reports on subgrantees' cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. When advances are made by letter-of-credit or electronic transfer of funds methods, the grantee must make drawdowns as close as possible to the time of making disbursements. Grantees must monitor cash drawdowns by their subgrantees to assure that they conform substantially to the same standards of timing and amount as apply to advances to the grantees.

(c) An awarding agency may review the adequacy of the financial management system of any applicant for financial assistance as part of a preaward review or at any time subsequent to award.

§ 43.21 Payment.

(a) Scope. This section prescribes the basic standard and the methods under which a Federal agency will make payments to grantees, and grantees will make payments to subgrantees and contractors.

(b) Basic standard. Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR part 205.

(c) Advances. Grantees and subgrantees shall be paid in advance, provided they maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of the funds and their disbursement by the grantee or subgrantee.

(d) Reimbursement. Reimbursement shall be the preferred method when the requirements in paragraph (c) of this section are not met. Grantees and subgrantees may also be paid by reimbursement for any construction grant. Except as otherwise specified in regulation, Federal agencies shall not use the percentage of completion method to pay construction grants. The grantee or subgrantee may use that method to pay its construction contractor, and if it does, the awarding agency's payments to the grantee or subgrantee will be based on the grantee's or subgrantee's actual rate of disbursement.

(e) Working capital advances. If a grantee cannot meet the criteria for advance payments described in paragraph (c) of this section, and the Federal agency has determined that reimbursement is not feasible because the grantee lacks sufficient working capital, the awarding agency may provide cash or a working capital advance basis. Under this procedure the awarding agency shall advance cash to the grantee to cover its estimated disbursement needs for an initial period generally geared to the grantee's disbursing cycle. Thereafter, the awarding agency shall reimburse the grantee for its actual cash disbursements. The working capital advance method of payment shall not be used by grantees or subgrantees if the reason for using such method is the unwillingness or inability of the grantee to provide timely advances to the subgrantee to meet the subgrantee's actual cash disbursements.
(f) Effect of program income, refunds, and audit recoveries on payment. (1) Grantees and subgrantees shall disburse repayments to and interest earned on a revolving fund before requesting additional cash payments for the same activity.
(2) Except as provided in paragraph (f)(1) of this section, grantees and subgrantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.
(g) Withholding payments. (1) Unless otherwise required by Federal statute, awarding agencies shall not withhold payments for proper charges incurred by grantees or subgrantees unless--
(i) The grantee or subgrantee has failed to comply with grant award conditions or
(ii) The grantee or subgrantee is indebted to the United States.
(2) Cash withheld for failure to comply with grant award condition, but without suspension of the grant, shall be released to the grantee upon subsequent compliance. When a grant is suspended, payment adjustments will be made in accordance with § 43.43(c).
(3) A Federal agency shall not make payment to grantees for amounts that are withheld by grantees or subgrantees from payment to contractors to assure satisfactory completion of work. Payments shall be made by the Federal agency when the grantees or subgrantees actually disburse the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.
(h) Cash depositories. (1) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees and subgrantees are encouraged to use minority banks (a bank which is owned at least 50 percent by minority group members). A list of minority owned banks can be obtained from the Minority Business Development Agency, Department of Commerce, Washington, DC 20230.
(2) A grantee or subgrantee shall maintain a separate bank account only when required by Federal-State agreement.
(i) Interest earned on advances. Except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450), grantees and subgrantees shall promptly, but at least quarterly, remit interest earned on advances to the Federal agency. The grantee or subgrantee may keep interest amounts up to $100 per year for administrative expenses. 53 FR 8073 and 8087, Mar. 11, 1988.

§ 43.22 Allowable costs.
(a) Limitation on use of funds. Grant funds may be used only for:
(1) The allowable costs of the grantees, subgrantees and cost-type contractors, including allowable costs in the form of payments to fixed-price contractors; and
(2) Reasonable fees or profit to cost-type contractors but not any fee or profit (or other increment above allowable costs) to the grantee or subgrantee.
(b) Applicable cost principles. For each kind of organization, there is a set of Federal principles for determining allowable costs. Allowable costs will be determined in accordance with the cost principles applicable to the organization incurring the costs. The following chart lists the kinds of organizations and the applicable cost principles.
§ 43.23 Period of availability of funds.
(a) General. Where a funding period is specified, a grantee may charge to the award only costs resulting from obligations of the funding period unless carryover of unobligated balances is permitted, in which case the carryover balances may be charged for costs resulting from obligations of the subsequent funding period.
(b) Liquidation of obligations. A grantee must liquidate all obligations incurred under the award not later than 90 days after the end of the funding period (or as specified in a program regulation) to coincide with the submission of the annual Financial Status Report (SF-269). The Federal agency may extend this deadline at the request of the grantee.

§ 43.24 Matching or cost sharing.
(a) Basic rule: Costs and contributions acceptable. With the qualifications and exceptions listed in paragraph (b) of this section, a matching or cost sharing requirement may be satisfied by either or both of the following:
(1) Allowable costs incurred by the grantee, subgrantee or a cost-type contractor under the assistance agreement. This includes allowable costs borne by non-Federal grants or by others cash donations from non-Federal third parties.
(2) The value of third party in-kind contributions applicable to the period to which the cost sharing or matching requirements applies.
(b) Qualifications and exceptions--(1) Costs borne by other Federal grant agreements. Except as provided by Federal statute, a cost sharing or matching requirement may not be met by costs borne by another Federal grant. This prohibition does not apply to income earned by a grantee or subgrantee from a contract awarded under another Federal grant.
(2) General revenue sharing. For the purpose of this section, general revenue sharing funds distributed under 31 U.S.C. 6702 are not considered Federal grant funds.
(3) Cost or contributions counted towards other Federal costs-sharing requirements. Neither costs nor the values of third party in-kind contributions may count towards satisfying a cost sharing or matching requirement of a grant agreement if they have been or will be counted towards satisfying a cost sharing or matching requirement of another Federal grant agreement, a Federal procurement contract, or any other award of Federal funds.
(4) Costs financed by program income. Costs financed by program income, as defined in § 43.25, shall not count towards satisfying a cost sharing or matching requirement unless they are expressly permitted in the terms of the assistance agreement. (This use of general program income is described in § 43.25(g).)

(5) Services or property financed by income earned by contractors. Contractors under a grant may earn income from the activities carried out under the contract in addition to the amounts earned from the party awarding the contract. No costs of services or property supported by this income may count toward satisfying a cost sharing or matching requirement unless other provisions of the grant agreement expressly permit this kind of income to be used to meet the requirement.

(6) Records. Costs and third party in-kind contributions counting towards satisfying a cost sharing or matching requirement must be verifiable from the records of grantees and subgrantee or cost-type contractors. These records must show how the value placed on third party in-kind contributions was derived. To the extent feasible, volunteer services will be supported by the same methods that the organization uses to support the allocability of regular personnel costs.

(7) Special standards for third party in-kind contributions. (i) Third party in-kind contributions count towards satisfying a cost sharing or matching requirement only where, if the party receiving the contributions were to pay for them, the payments would be allowable costs.

(ii) Some third party in-kind contributions are goods and services that, if the grantee, subgrantee, or contractor receiving the contribution had to pay for them, the payments would have been an indirect costs. Costs sharing or matching credit for such contributions shall be given only if the grantee, subgrantee, or contractor has established, along with its regular indirect cost rate, a special rate for allocating to individual projects or programs the value of the contributions.

(iii) A third party in-kind contribution to a fixed-price contract may count towards satisfying a cost sharing or matching requirement only if it results in:
(A) An increase in the services or property provided under the contract (without additional cost to the grantee or subgrantee) or
(B) A cost savings to the grantee or subgrantee.

(iv) The values placed on third party in-kind contributions for cost sharing or matching purposes will conform to the rules in the succeeding sections of this part. If a third party in-kind contribution is a type not treated in those sections, the value placed upon it shall be fair and reasonable.

(c) Valuation of donated services--(1) Volunteer services. Unpaid services provided to a grantee or subgrantee by individuals will be valued at rates consistent with those ordinarily paid for similar work in the grantee's or subgrantee's organization. If the grantee or subgrantee does not have employees performing similar work, the rates will be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount for fringe benefits may be included in the valuation.

(2) Employees of other organizations. When an employer other than a grantee, subgrantee, or cost-type contractor furnishes free of charge the services of an employee in the employee's normal line of work, the services will be valued at the employee's regular rate...
of pay exclusive of the employee's fringe benefits and overhead costs. If the services are in a different line of work, paragraph (c)(1) of this section applies.

(d) Valuation of third party donated supplies and loaned equipment or space. (1) If a third party donates supplies, the contribution will be valued at the market value of the supplies at the time of donation.
(2) If a third party donates the use of equipment or space in a building but retains title, the contribution will be valued at the fair rental rate of the equipment or space.

(e) Valuation of third party donated equipment, buildings, and land. If a third party donates equipment, buildings, or land, and title passes to a grantee or subgrantee, the treatment of the donated property will depend upon the purpose of the grant or subgrant, as follows:
(1) Awards for capital expenditures. If the purpose of the grant or subgrant is to assist the grantee or subgrantee in the acquisition of property, the market value of that property at the time of donation may be counted as cost sharing or matching.
(2) Other awards. If assisting in the acquisition of property is not the purpose of the grant or subgrant, paragraphs (e)(2)(i) and (ii) of this section apply:
(i) If approval is obtained from the awarding agency, the market value at the time of donation of the donated equipment or buildings and the fair rental rate of the donated land may be counted as cost sharing or matching. In the case of a subgrant, the terms of the grant agreement may require that the approval be obtained from the Federal agency as well as the grantee. In all cases, the approval may be given only if a purchase of the equipment or rental of the land would be approved as an allowable direct cost. If any part of the donated property was acquired with Federal funds, only the non-federal share of the property may be counted as cost-sharing or matching.
(ii) If approval is not obtained under paragraph (e)(2)(i) of this section, no amount may be counted for donated land, and only depreciation or use allowances may be counted for donated equipment and buildings. The depreciation or use allowances for this property are not treated as third party in-kind contributions. Instead, they are treated as costs incurred by the grantee or subgrantee. They are computed and allocated (usually as indirect costs) in accordance with the cost principles specified in § 43.22, in the same way as depreciation or use allowances for purchased equipment and buildings. The amount of depreciation or use allowances for donated equipment and buildings is based on the property's market value at the time it was donated.

(f) Valuation of grantee or subgrantee donated real property for construction/acquisition. If a grantee or subgrantee donates real property for a construction or facilities acquisition project, the current market value of that property may be counted as cost sharing or matching. If any part of the donated property was acquired with Federal funds, only the non-federal share of the property may be counted as cost sharing or matching.

(g) Appraisal of real property. In some cases under paragraphs (d), (e) and (f) of this section, it will be necessary to establish the market value of land or a building or the fair rental rate of land or of space in a building. In these cases, the Federal agency may require the market value or fair rental value be set by an independent appraiser, and that the value or rate be certified by the grantee. This requirement will also be imposed by the grantee on subgrantees.

§ 43.25 Program income.

(a) General. Grantees are encouraged to earn income to defray program costs. Program income includes income from fees for services performed, from the use or rental of real or personal property acquired with grant funds, from the sale of commodities or items fabricated under a grant agreement, and from payments of principal and interest on loans made with grant funds. Except as otherwise provided in regulations of the Federal agency, program income does not include interest on grant funds, rebates, credits, discounts, refunds, etc. and interest earned on any of them.

(b) Definition of program income. Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of the grant agreement during the grant period. During the grant period is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

(c) Cost of generating program income. If authorized by Federal regulations or the grant agreement, costs incident to the generation of program income may be deducted from gross income to determine program income.

(d) Governmental revenues. Taxes, special assessments, levies, fines, and other such revenues raised by a grantee or subgrantee are not program income unless the revenues are specifically identified in the grant agreement or Federal agency regulations as program income.

(e) Royalties. Income from royalties and license fees for copyrighted material, patents, and inventions developed by a grantee or subgrantee is program income only if the revenues are specifically identified in the grant agreement or Federal agency regulations as program income. (See § 43.34.)

(f) Property. Proceeds from the sale of real property or equipment will be handled in accordance with the requirements of § § 43.31 and 43.32.

(g) Use of program income. Program income shall be deducted from outlays which may be both Federal and non-Federal as described below, unless the Federal agency regulations or the grant agreement specify another alternative (or a combination of the alternatives). In specifying alternatives, the Federal agency may distinguish between income earned by the grantee and income earned by subgrantees and between the sources, kinds, or amounts of income. When Federal agencies authorize the alternatives in paragraphs (g) (2) and (3) of this section, program income in excess of any limits stipulated shall also be deducted from outlays.

(1) Deduction. Ordinarily program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless the Federal agency authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the Federal agency and grantee contributions rather than to increase the funds committed to the project.

(2) Addition. When authorized, program income may be added to the funds committed to the grant agreement by the Federal agency and the grantee. The program income shall be used for the purposes and under the conditions of the grant agreement.

(3) Cost sharing or matching. When authorized, program income may be used to meet the cost sharing or matching requirement of the grant agreement. The amount of the Federal grant award remains the same.
(h) Income after the award period. There are no Federal requirements governing the disposition of program income earned after the end of the award period (i.e., until the ending date of the final financial report, see paragraph (a) of this section), unless the terms of the agreement or the Federal agency regulations provide otherwise. 53 FR 8073 and 8087, Mar. 11, 1988.

§ 43.26 Non-Federal audit.
(a) Basic Rule. Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations." The audits shall be made by an independent auditor in accordance with generally accepted government auditing standards covering financial audits.
(b) Subgrantees. State or local governments, as those terms are defined for purposes of the Single Audit Act Amendments of 1996, that provide Federal awards to a subgrantee, which expends $300,000 or more (or other amount as specified by OMB) in Federal awards in a fiscal year, shall:
(1) Determine whether State or local subgrantees have met the audit requirements of the Act and whether subgrantees covered by OMB Circular A-110, "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations," have met the audit requirements of the Act. Commercial contractors (private for-profit and private and governmental organizations) providing goods and services to State and local governments are not required to have a single audit performed. State and local governments should use their own procedures to ensure that the contractors has complied with laws and regulations affecting the expenditure of Federal funds;
(2) Determine whether the subgrantee spent Federal assistance funds provided in accordance with applicable laws and regulations. This may be accomplished by reviewing an audit of the subgrantee made in accordance with the Act, Circular A-110, or through other means (e.g., program reviews) if the subgrantee has not had such an audit;
(3) Ensure that appropriate corrective action is taken within six months after receipt of the audit report in instance of noncompliance with Federal laws and regulations;
(4) Consider whether subgrantee audits necessitate adjustment of the grantee's own records; and
(5) Require each subgrantee to permit independent auditors to have access to the records and financial statements.
(c) Auditor selection. In arranging for audit services, § 43.36 shall be followed.

§ 43.30 Changes
(a) General. Grantees and subgrantees are permitted to rebudget within the approved direct cost budget to meet unanticipated requirements and may make limited program changes to the approved project. However, unless waived by the awarding agency, certain types of post-award changes in budgets and projects shall require the prior written approval of the awarding agency.
(b) Relation to cost principles. The applicable cost principles (see § 43.22) contain requirements for prior approval of certain types of costs. Except where waived, those requirements apply to all grants and subgrants even if paragraphs (c) through (f) of this section do not.
(c) Budget changes-- (1) Nonconstruction projects. Except as stated in other regulations or an award document, grantees or subgrantees shall obtain the prior approval of the awarding agency whenever any of the following changes is anticipated under a nonconstruction award:
   (i) Any revision which would result in the need for additional funding.
   (ii) Unless waived by the awarding agency, cumulative transfers among direct cost categories, or, if applicable, among separately budgeted programs, projects, functions, or activities which exceed or are expected to exceed ten percent of the current total approved budget, whenever the awarding agency's share exceeds $ 100,000.
   (iii) Transfer of funds allotted for training allowances (i.e., from direct payments to trainees to other expense categories).
(2) Construction projects. Grantees and subgrantees shall obtain prior written approval for any budget revision which would result in the need for additional funds.
(3) Combined construction and nonconstruction projects. When a grant or subgrant provides funding for both construction and nonconstruction activities, the grantee or subgrantee must obtain prior written approval from the awarding agency before making any fund or budget transfer from nonconstruction to construction or vice versa.
(d) Programmatic changes. Grantees or subgrantees must obtain the prior approval of the awarding agency whenever any of the following actions is anticipated:
   (1) Any revision of the scope or objectives of the project (regardless of whether there is an associated budget revision requiring prior approval).
   (2) Need to extend the period of availability of funds.
   (3) Changes in key persons in cases where specified in an application or a grant award. In research projects, a change in the project director or principal investigator shall always require approval unless waived by the awarding agency.
(4) Under nonconstruction projects, contracting out, subgranting (if authorized by law) or otherwise obtaining the services of a third party to perform activities which are central to the purposes of the award. This approval requirement is in addition to the approval requirements of § 43.36 but does not apply to the procurement of equipment, supplies, and general support services.

(e) Additional prior approval requirements. The awarding agency may not require prior approval for any budget revision which is not described in paragraph (c) of this section.

(f) Requesting prior approval. (1) A request for prior approval of any budget revision will be in the same budget format the grantee used in its application and shall be accompanied by a narrative justification for the proposed revision.

(2) A request for a prior approval under the applicable Federal cost principles (see § 43.22) may be made by letter.

(3) A request by a subgrantee for prior approval will be addressed in writing to the grantee. The grantee will promptly review such request and shall approve or disapprove the request in writing. A grantee will not approve any budget or project revision which is inconsistent with the purpose or terms and conditions of the Federal grant to the grantee. If the revision, requested by the subgrantee would result in a change to the grantee's approved project which requires Federal prior approval, the grantee will obtain the Federal agency's approval before approving the subgrantee's request.

§ 43.31 Real property.

(a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(b) Use. Except as otherwise provided by Federal statutes, real property will be used for the originally authorized purposes as long as needed for that purposes, and the grantee or subgrantee shall not dispose of or encumber its title or other interests.

(c) Disposition. When real property is no longer needed for the originally authorized purpose, the grantee or subgrantee will request disposition instructions from the awarding agency. The instructions will provide for one of the following alternatives:

(1) Retention of title. Retain title after compensating the awarding agency. The amount paid to the awarding agency will be computed by applying the awarding agency's percentage of participation in the cost of the original purchase to the fair market value of the property. However, in those situations where a grantee or subgrantee is disposing of real property acquired with grant funds and acquiring replacement real property under the same program, the net proceeds from the disposition may be used as an offset to the cost of the replacement property.

(2) Sale of property. Sell the property and compensate the awarding agency. The amount due to the awarding agency will be calculated by applying the awarding agency's percentage of participation in the cost of the original purchase to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the grant is still active, the net proceeds from sale may be offset against the original cost of the property. When a grantee or subgrantee is directed to sell property, sales procedures shall be followed that provide for competition to the extent practicable and result in the highest possible return.
(3) Transfer of title. Transfer title to the awarding agency or to a third-party
designated/approved by the awarding agency. The grantee or subgrantee shall be paid an
amount calculated by applying the grantee or subgrantee's percentage of participation in
the purchase of the real property to the current fair market value of the property.

§ 43.32 Equipment.
(a) Title. Subject to the obligations and conditions set forth in this section, title to
equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or
subgrantee respectively.
(b) States. A State will use, manage, and dispose of equipment acquired under a grant by
the State in accordance with State laws and procedures. Other grantees and subgrantees
will follow paragraphs (c) through (e) of this section.
(c) Use. (1) Equipment shall be used by the grantee or subgrantee in the program or
project for which it was acquired as long as needed, whether or not the project or
program continues to be supported by Federal funds. When no longer needed for the
original program or project, the equipment may be used in other activities currently or
previously supported by a Federal agency.
(2) The grantee or subgrantee shall also make equipment available for use on other
projects or programs currently or previously supported by the Federal Government,
providing such use will not interfere with the work on the projects or program for which
it was originally acquired. First preference for other use shall be given to other programs
or projects supported by the awarding agency. User fees should be considered if
appropriate.
(3) Notwithstanding the encouragement in § 43.25(a) to earn program income, the
grantee or subgrantee must not use equipment acquired with grant funds to provide
services for a fee to compete unfairly with private companies that provide equivalent
services, unless specifically permitted or contemplated by Federal statute.
(4) When acquiring replacement equipment, the grantee or subgrantee may use the
equipment to be replaced as a trade-in or sell the property and use the proceeds to offset
the cost of the replacement property, subject to the approval of the awarding agency.
(d) Management requirements. Procedures for managing equipment (including
replacement equipment), whether acquired in whole or in part with grant funds, until
disposition takes place will, as a minimum, meet the following requirements:
(1) Property records must be maintained that include a description of the property, a
serial number or other identification number, the source of property, who holds title, the
acquisition date, and cost of the property, percentage of Federal participation in the cost
of the property, the location, use and condition of the property, and any ultimate
disposition data including the date of disposal and sale price of the property.
(2) A physical inventory of the property must be taken and the results reconciled with the
property records at least once every two years.
(3) A control system must be developed to ensure adequate safeguards to prevent loss,
damage, or theft of the property. Any loss, damage, or theft shall be investigated.
(4) Adequate maintenance procedures must be developed to keep the property in good
condition.
(5) If the grantee or subgrantee is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

(e) Disposition. When original or replacement equipment acquired under a grant or subgrant is no longer needed for the original project or program or for other activities currently or previously supported by a Federal agency, disposition of the equipment will be made as follows:

(1) Items of equipment with a current per-unit fair market value of less than $5,000 may be retained, sold or otherwise disposed of with no further obligation to the awarding agency.

(2) Items of equipment with a current per unit fair market value in excess of $5,000 may be retained or sold and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's share of the equipment.

(3) In cases where a grantee or subgrantee fails to take appropriate disposition actions, the awarding agency may direct the grantee or subgrantee to take excess and disposition actions.

(f) Federal equipment. In the event a grantee or subgrantee is provided federally-owned equipment:

(1) Title will remain vested in the Federal Government.

(2) Grantees or subgrantees will manage the equipment in accordance with Federal agency rules and procedures, and submit an annual inventory listing.

(3) When the equipment is no longer needed, the grantee or subgrantee will request disposition instructions from the Federal agency.

(g) Right to transfer title. The Federal awarding agency may reserve the right to transfer title to the Federal Government or a third party named by the awarding agency when such a third party is otherwise eligible under existing statutes. Such transfers shall be subject to the following standards:

(1) The property shall be identified in the grant or otherwise made known to the grantee in writing.

(2) The Federal awarding agency shall issue disposition instruction within 120 calendar days after the end of the Federal support of the project for which it was acquired. If the Federal awarding agency fails to issue disposition instructions within the 120 calendar-day period the grantee shall follow 43.32(e).

(3) When title to equipment is transferred, the grantee shall be paid an amount calculated by applying the percentage of participation in the purchase to the current fair market value of the property.

§ 43.33 Supplies.

(a) Title. Title to supplies acquired under a grant or subgrant will vest, upon acquisition, in the grantee or subgrantee respectively.

(b) Disposition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are not needed for any other federally sponsored programs or projects, the grantee or subgrantee shall compensate the awarding agency for its share.
§ 43.34 Copyrights.
The Federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes:
(a) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and
(b) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

§ 43.35 Subawards to debarred and suspended parties.
Grantees and subgrantees must not make any award or permit any award (subgrant or contract) at any tier to any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, "Debarment and Suspension."

§ 43.36 Procurement
(a) States. When procuring property and services under a grant, a State will follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will follow paragraphs (b) through (i) in this section.
(b) Procurement standards. (1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.
(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.
(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:
(i) The employee, officer or agent,
(ii) Any member of his immediate family,
(iii) His or her partner, or
(iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The grantee's or subgrantee's officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements.
Grantee and subgrantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards or conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the grantee's and subgrantee's officers, employees, or agents, or by contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements for procurement or use of common goods and services.

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and subgrantees will use time and material type contracts only --

(i) After a determination that no other contract is suitable, and

(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.

(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrannte of any contractual responsibilities under its contracts. Federal agencies will not substitute their judgment for that of the grantee or subgrannte unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

(12) Grantees and subgrantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protestor must exhaust all administrative remedies with
the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of
protests by the Federal agency will be limited to:
(i) Violations of Federal law or regulations and the standards of this section (violations of
State or local law will be under the jurisdiction of State or local authorities) and
(ii) Violations of the grantee's or subgrantee's protest procedures for failure to review a
complaint or protest. Protests received by the Federal agency other than those specified
above will be referred to the grantee or subgrantee.
(c) Competition. (1) All procurement transactions will be conducted in a manner
providing full and open competition consistent with the standards of § 43.36. Some of the
situations considered to be restrictive of competition include but are not limited to:
(i) Placing unreasonable requirements on firms in order for them to qualify to do
business,
(ii) Requiring unnecessary experience and excessive bonding,
(iii) Noncompetitive pricing practices between firms or between affiliated companies,
(iv) Noncompetitive awards to consultants that are on retainer contracts,
(v) Organizational conflicts of interest,
(vi) Specifying only a "brand name" product instead of allowing "an equal" product to be
offered and describing the performance of other relevant requirements of the procurement,
and
(vii) Any arbitrary action in the procurement process.
(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the
use of statutorily or administratively imposed in-State or local geographical preferences
in the evaluation of bids or proposals, except in those cases where applicable Federal
statutes expressly mandate or encourage geographic preference. Nothing in this section
preempts State licensing laws. When contracting for architectural and engineering (A/E)
services, geographic location may be a selection criteria provided its application leaves
an appropriate number of qualified firms, given the nature and size of the project, to
compete for the contract.
(3) Grantees will have written selection procedures for procurement transactions. These
procedures will ensure that all solicitations:
(i) Incorporate a clear and accurate description of the technical requirements for the
material, product, or service to be procured. Such description shall not, in competitive
procurements, contain features which unduly restrict competition. The description may
include a statement of the qualitative nature of the material, product or service to be
procured, and when necessary, shall set forth those minimum essential characteristics and
standards to which it must conform if it is to satisfy its intended use. Detailed product
specifications should be avoided if at all possible. When it is impractical or uneconomical
to make a clear and accurate description of the technical requirements, a "brand name or
equal" description may be used as a means to define the performance or other salient
requirements of a procurement. The specific features of the named brand which must be
met by offerors shall be clearly stated; and
(ii) Identify all requirements which the offerors must fulfill and all other factors to be
used in evaluating bids or proposals.
(4) Grantees and subgrantees will ensure that all prequalified lists of persons, firms, or
products which are used in acquiring goods and services are current and include enough
qualified sources to ensure maximum open and free competition. Also, grantees and
subgrantees will not preclude potential bidders from qualifying during the solicitation period.

(d) Methods of procurement to be followed

(1) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at $100,000). If small purchase procedures are used, price or rate quotations shall be obtained from an adequate number of qualified sources.

(2) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in § 43.36(d)(2)(i) apply.

(i) In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;

(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and

(C) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

(ii) If sealed bids are used, the following requirements apply:

(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;

(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;

(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;

(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and

(E) Any or all bids may be rejected if there is a sound documented reason.

(3) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;

(ii) Proposals will be solicited from an adequate number of qualified sources;

(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;

(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and
(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids or competitive proposals and one of the following circumstances applies:

(A) The item is available only from a single source;
(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
(C) The awarding agency authorizes noncompetitive proposals; or
(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for pre-award review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women's business enterprise and labor surplus area firms. (1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:

(i) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
(ii) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;
(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and
(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2)(i) through (v) of this section.

(f) Contract cost and price. (1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated cost, e.g., under professional, consulting,
and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be used in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see § 43.22). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

(g) Awarding agency review. (1) Grantees and subgrantees must make available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc. when:

(i) A grantee's or subgrantee's procurement procedures or operation fails to comply with the procurement standards in this section; or

(ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or

(iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a "brand name" product; or

(iv) The proposed award is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

(v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

(i) A grantee or subgrantee may request that its procurement system be reviewed by the awarding agency to determine whether its system meets these standards in order for its
system to be certified. Generally, these reviews shall occur where there is a continuous high-dollar funding, and third-party contracts are awarded on a regular basis.

(ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the awarding agency's right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(h) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency's interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

(i) Contract provisions. A grantee's and subgrantee's contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy.

(1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)

(2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

(3) Compliance with Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity," as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60). (All construction contracts awarded in excess of $10,000 by grantees and their contractors or subgrantees)

(4) Compliance with the Copeland "Anti-Kickback" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3). (All contracts and subgrants for construction or repair)

(5) Compliance with the Davis-Bacon Act (40 U.S.C. 276a to 276a-7) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts in excess of
(6) Compliance with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-330) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded by grantees and subgrantees in excess of $2000, and in excess of $2500 for other contracts which involve the employment of mechanics or laborers)

(7) Notice of awarding agency requirements and regulations pertaining to reporting.

(8) Notice of awarding agency requirements and regulations pertaining to patent rights with respect to any discovery or invention which arises or is developed in the course of or under such contract.

(9) Awarding agency requirements and regulations pertaining to copyrights and rights in data.

(10) Access by the grantee, the subgrantee, the Federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions.

(11) Retention of all required records for three years after grantees or subgrantees make final payments and all other pending matters are closed.

(12) Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of $100,000)

(13) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).

§ 43.37 Subgrants.

(a) States. States shall follow state law and procedures when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. States shall:

(1) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations;

(2) Ensure that subgrantees are aware of requirements imposed upon them by Federal statute and regulation;

(3) Ensure that a provision for compliance with Section 43.42 is placed in every cost reimbursement subgrant; and

(4) Conform any advances of grant funds to subgrantees substantially to the same standards of timing and amount that apply to cash advances by Federal agencies.

(b) All other grantees. All other grantees shall follow the provisions of this part which are applicable to awarding agencies when awarding and administering subgrants (whether on a cost reimbursement or fixed amount basis) of financial assistance to local and Indian tribal governments. Grantees shall:
(1) Ensure that every subgrant includes a provision for compliance with this part;
(2) Ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations; and
(3) Ensure that subgrantees are aware of requirements imposed upon them by Federal statutes and regulations.
(c) Exceptions. By their own terms, certain provisions of this part do not apply to the award and administration of subgrants:
(1) Section 43.10;
(2) Section 43.11;
(3) The letter-of-credit procedures specified in Treasury Regulations at 31 CFR part 205, cited in § 43.21; and
(4) Section 43.50.
REPORTS, RECORDS, RETENTION, AND ENFORCEMENT

§ 43.40 Monitoring and reporting program performance.
§ 43.41 Financial reporting.
§ 43.42 Retention and access requirements for records.
§ 43.43 Enforcement.
§ 43.44 Termination for convenience.

§ 43.40 Monitoring and reporting program performance.
(a) Monitoring by grantees. Grantees are responsible for managing the day-to-day operations of grant and subgrant supported activities. Grantees must monitor grant and subgrant supported activities to assure compliance with applicable Federal requirements and that performance goals are being achieved. Grantee monitoring must cover each program, function or activity.
(b) Nonconstruction performance reports. The Federal agency may, if it decides that performance information available from subsequent applications contains sufficient information to meet its programmatic needs, require the grantee to submit a performance report only upon expiration or termination of grant support. Unless waived by the Federal agency this report will be due on the same date as the final Financial Status Report.
   (1) Grantees shall submit annual performance reports unless the awarding agency requires quarterly or semi-annual reports. However, performance reports will not be required more frequently than quarterly. Annual reports shall be due 90 days after the grant year, quarterly or semi-annual reports shall be due 30 days after the reporting period. The final performance report will be due 90 days after the expiration or termination of grant support. If a justified request is submitted by a grantee, the Federal agency may extend the due date for any performance report. Additionally, requirements for unnecessary performance reports may be waived by the Federal agency.
   (2) Performance reports will contain, for each grant, brief information on the following:
      (i) A comparison of actual accomplishments to the objectives established for the period. Where the output of the project can be quantified, a computation of the cost per unit of output may be required if that information will be useful.
      (ii) The reasons for slippage if established objectives were not met.
      (iii) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.
   (3) Grantees will not be required to submit more than the original and two copies of performance reports.
   (4) Grantees will adhere to the standards in this section in prescribing performance reporting requirements for subgrantees.
   (c) Construction performance reports. For the most part, on-site technical inspections and certified percentage-of-completion data are relied on heavily by Federal agencies to monitor progress under construction grants and subgrants. The Federal agency will require additional formal performance reports only when considered necessary, and never more frequently than quarterly.
   (d) Significant developments. Events may occur between the scheduled performance reporting dates which have significant impact upon the grant or subgrant supported
activity. In such cases, the grantee must inform the Federal agency as soon as the following types of conditions become known:

(1) Problems, delays, or adverse conditions which will materially impair the ability to meet the objective of the award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.

(2) Favorable developments which enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more beneficial results than originally planned.

(e) Federal agencies may make site visits as warranted by program needs.

(f) Waivers, extensions. (1) Federal agencies may waive any performance report required by this part if not needed.

(2) The grantee may waive any performance report from a subgrantee when not needed. The grantee may extend the due date for any performance report from a subgrantee if the grantee will still be able to meet its performance reporting obligations to the Federal agency.

§ 43.41 Financial reporting.

(a) General. (1) Except as provided in paragraphs (a)(2) and (5) of this section, grantees will use only the forms specified in paragraphs (a) through (e) of this section, and such supplementary or other forms as may from time to time be authorized by OMB, for:

(i) Submitting financial reports to Federal agencies, or

(ii) Requesting advances or reimbursements when letters of credit are not used.

(2) Grantees need not apply the forms prescribed in this section in dealing with their subgrantees. However, grantees shall not impose more burdensome requirements on subgrantees.

(3) Grantees shall follow all applicable standard and supplemental Federal agency instructions approved by OMB to the extend required under the Paperwork Reduction Act of 1980 for use in connection with forms specified in paragraphs (b) through (e) of this section. Federal agencies may issue substantive supplementary instructions only with the approval of OMB. Federal agencies may shade out or instruct the grantee to disregard any line item that the Federal agency finds unnecessary for its decisionmaking purposes.

(4) Grantees will not be required to submit more than the original and two copies of forms required under this part.

(5) Federal agencies may provide computer outputs to grantees to expedite or contribute to the accuracy of reporting. Federal agencies may accept the required information from grantees in machine usable format or computer printouts instead of prescribed forms.

(6) Federal agencies may waive any report required by this section if not needed.

(7) Federal agencies may extend the due date of any financial report upon receiving a justified request from a grantee.

(b) Financial Status Report--(1) Form. Grantees will use Standard Form 269 or 269A, Financial Status Report, to report the status of funds for all nonconstruction grants and for construction grants when required in accordance with paragraph § 43.41(e)(2)(iii) of this section.

(2) Accounting basis. Each grantee will report program outlays and program income on a cash or accrual basis as prescribed by the awarding agency. If the Federal agency requires
accrual information and the grantee's accounting records are not normally kept on the accrual basis, the grantee shall not be required to convert its accounting system but shall develop such accrual information through and analysis of the documentation on hand. (3) Frequency. The Federal agency may prescribe the frequency of the report for each project or program. However, the report will not be required more frequently than quarterly. If the Federal agency does not specify the frequency of the report, it will be submitted annually. A final report will be required upon expiration or termination of grant support.

(4) Due date. When reports are required on a quarterly or semiannual basis, they will be due 30 days after the reporting period. When required on an annual basis, they will be due 90 days after the grant year. Final reports will be due 90 days after the expiration or termination of grant support.

(c) Federal Cash Transactions Report--(1) Form. (i) For grants paid by letter or credit, Treasury check advances or electronic transfer of funds, the grantee will submit the Standard Form 272, Federal Cash Transactions Report, and when necessary, its continuation sheet, Standard Form 272a, unless the terms of the award exempt the grantee from this requirement.

(ii) These reports will be used by the Federal agency to monitor cash advanced to grantees and to obtain disbursement or outlay information for each grant from grantees. The format of the report may be adapted as appropriate when reporting is to be accomplished with the assistance of automatic data processing equipment provided that the information to be submitted is not changed in substance.

(2) Forecasts of Federal cash requirements. Forecasts of Federal cash requirements may be required in the "Remarks" section of the report.

(3) Cash in hands of subgrantees. When considered necessary and feasible by the Federal agency, grantees may be required to report the amount of cash advances in excess of three days' needs in the hands of their subgrantees or contractors and to provide short narrative explanations of actions taken by the grantee to reduce the excess balances.

(4) Frequency and due date. Grantees must submit the report no later than 15 working days following the end of each quarter. However, where an advance either by letter of credit or electronic transfer of funds is authorized at an annualized rate of one million dollars or more, the Federal agency may require the report to be submitted within 15 working days following the end of each month.

(d) Request for advance or reimbursement--(1) Advance payments. Requests for Treasury check advance payments will be submitted on Standard Form 270, Request for Advance or Reimbursement. (This form will not be used for drawdowns under a letter of credit, electronic funds transfer or when Treasury check advance payments are made to the grantee automatically on a predetermined basis.)

(2) Reimbursements. Requests for reimbursement under nonconstruction grants will also be submitted on Standard Form 270. (For reimbursement requests under construction grants, see paragraph (e)(1) of this section.)

(3) The frequency for submitting payment requests is treated in § 43.41(b)(3).

(e) Outlay report and request for reimbursement for construction programs. (1) Grants that support construction activities paid by reimbursement method.

(i) Requests for reimbursement under construction grants will be submitted on Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs.
Federal agencies may, however, prescribe the Request for Advance or Reimbursement form, specified in § 43.41(d), instead of this form.

(ii) The frequency for submitting reimbursement requests is treated in § 43.41(b)(3).

(2) Grants that support construction activities paid by letter of credit, electronic funds transfer or Treasury check advance.

(i) When a construction grant is paid by letter of credit, electronic funds transfer or Treasury check advances, the grantee will report its outlays to the Federal agency using Standard Form 271, Outlay Report and Request for Reimbursement for Construction Programs. The Federal agency will provide any necessary special instruction. However, frequency and due date shall be governed by § 43.41(b)(3) and (4).

(ii) When a construction grant is paid by Treasury check advances based on periodic requests from the grantee, the advances will be requested on the form specified in § 43.41(d).

(iii) The Federal agency may substitute the Financial Status Report specified in § 43.41(b) for the Outlay Report and Request for Reimbursement for Construction Programs.

(3) Accounting basis. The accounting basis for the Outlay Report and Request for Reimbursement for Construction Programs shall be governed by § 43.41(b)(2).

§ 43.42 Retention and access requirements for records.

(a) Applicability. (1) This section applies to all financial and programmatic records, supporting documents, statistical records, and other records of grantees or subgrantees which are:

(i) Required to be maintained by the terms of this part, program regulations or the grant agreement, or

(ii) Otherwise reasonably considered as pertinent to program regulations or the grant agreement.

(2) This section does not apply to records maintained by contractors or subcontractors. For a requirement to place a provision concerning records in certain kinds of contracts, see § 43.36(i)(10).

(b) Length of retention period. (1) Except as otherwise provided, records must be retained for three years from the starting date specified in paragraph (c) of this section.

(2) If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 3-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular 3-year period, whichever is later.

(3) To avoid duplicate recordkeeping, awarding agencies may make special arrangements with grantees and subgrantees to retain any records which are continuously needed for joint use. The awarding agency will request transfer of records to its custody when it determines that the records possess long-term retention value. When the records are transferred to or maintained by the Federal agency, the 3-year retention requirement is not applicable to the grantee or subgrantee.

(c) Starting date of retention period--(1) General. When grant support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on the day the grantee or subgrantee submits to the awarding agency its single or last expenditure report for that period. However, if grant support is continued or
renewed quarterly, the retention period for each year's records starts on the day the grantee submits its expenditure report for the last quarter of the Federal fiscal year. In all other cases, the retention period starts on the day the grantee submits its final expenditure report. If an expenditure report has been waived, the retention period starts on the day the report would have been due.

(2) Real property and equipment records. The retention period for real property and equipment records starts from the date of the disposition or replacement or transfer at the direction of the awarding agency.

(3) Records for income transactions after grant or subgrant support. In some cases grantees must report income after the period of grant support. Where there is such a requirement, the retention period for the records pertaining to the earning of the income starts from the end of the grantee's fiscal year in which the income is earned.

(4) Indirect cost rate proposals, cost allocations plans, etc. This paragraph applies to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(i) If submitted for negotiation. If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the grantee) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.

(ii) If not submitted for negotiation. If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the grantee) for negotiation purposes, then the 3-year retention period for the proposal plan, or computation and its supporting records starts from end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

(d) Substitution of microfilm. Copies made by microfilming, photocopying, or similar methods may be substituted for the original records.

(e) Access to records--(1) Records of grantees and subgrantees. The awarding agency and the Comptroller General of the United States, or any of their authorized representatives, shall have the right of access to any pertinent books, documents, papers, or other records of grantees and subgrantees which are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts.

(2) Expiration of right of access. The rights of access in this section must not be limited to the required retention period but shall last as long as the records are retained.

(f) Restrictions on public access. The Federal Freedom of Information Act (5 U.S.C. 552) does not apply to records Unless required by Federal, State, or local law, grantees and subgrantees are not required to permit public access to their records.

§ 43.43 Enforcement.

(a) Remedies for noncompliance. If a grantee or subgrantee materially fails to comply with any term of an award, whether stated in a Federal statute or regulation, an assurance, in a State plan or application, a notice of award, or elsewhere, the awarding agency may take one or more of the following actions, as appropriate in the circumstances:
(1) Temporarily withhold cash payments pending correction of the deficiency by the grantee or subgrantee or more severe enforcement action by the awarding agency,
(2) Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance,
(3) Wholly or partly suspend or terminate the current award for the grantee's or subgrantee's program,
(4) Withhold further awards for the program, or
(5) Take other remedies that may be legally available.

(b) Hearings, appeals. In taking an enforcement action, the awarding agency will provide the grantee or subgrantee an opportunity for such hearing, appeal, or other administrative proceeding to which the grantee or subgrantee is entitled under any statute or regulation applicable to the action involved.
(c) Effects of suspension and termination. Costs of grantee or subgrantee resulting from obligations incurred by the grantee or subgrantee during a suspension or after termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other grantee or subgrantee costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:
(1) The costs result from obligations which were properly incurred by the grantee or subgrantee before the effective date of suspension or termination, are not in anticipation of it, and, in the case of a termination, are noncancellable, and,
(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.
(d) Relationship to Debarment and Suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude grantee or subgrantee from being subject to "Debarment and Suspension" under E.O. 12549 (see § 43.35).

§ 43.44 Termination for convenience.
Except as provided in § 43.43 awards may be terminated in whole or in part only as follows:
(a) By the awarding agency with the consent of the grantee or subgrantee in which case the two parties shall agree upon the termination conditions, including the effective date and in the case of partial termination, the portion to be terminated, or
(b) By the grantee or subgrantee upon written notification to the awarding agency, setting forth the reasons for such termination, the effective date, and in the case of partial termination, the portion to be terminated. However, if, in the case of a partial termination, the awarding agency determines that the remaining portion of the award will not accomplish the purposes for which the award was made, the awarding agency may terminate the award in its entirety under either § 43.43 or paragraph (a) of this section.

§ 43.50 Closeout.
§ 43.51 Later disallowances and adjustments.
§ 43.52 Collection of amounts due.

§ 43.50 Closeout.
(a) General. The Federal agency will close out the award when it determines that all applicable administrative actions and all required work of the grant has been completed.
(b) Reports. Within 90 days after the expiration or termination of the grant, the grantee must submit all financial, performance, and other reports required as a condition of the grant. Upon request by the grantee, Federal agencies may extend this timeframe. These may include but are not limited to:
   (1) Final performance or progress report.
   (2) Financial Status Report (SF 269) or Outlay Report and Request for Reimbursement for Construction Programs (SF-271) (as applicable.)
   (3) Final request for payment (SF-270) (if applicable).
   (4) Invention disclosure (if applicable).
   (5) Federally-owned property report:
      In accordance with § 43.32(f), a grantee must submit an inventory of all federally owned property (as distinct from property acquired with grant funds) for which it is accountable and request disposition instructions from the Federal agency of property no longer needed.
   (c) Cost adjustment. The Federal agency will, within 90 days after receipt of reports in paragraph (b) of this section, make upward or downward adjustments to the allowable costs.
   (d) Cash adjustments. (1) The Federal agency will make prompt payment to the grantee for allowable reimbursable costs.
      (2) The grantee must immediately refund to the Federal agency any balance of unobligated (unencumbered) cash advanced that is not authorized to be retained for use on other grants.

§ 43.51 Later disallowances and adjustments.
The closeout of a grant does not affect:
(a) The Federal agency's right to disallow costs and recover funds on the basis of a later audit or other review;
(b) The grantee's obligation to return any funds due as a result of later refunds, corrections, or other transactions;
(c) Records retention as required in § 43.42;
(d) Property management requirements in § 43.31 and § 43.32; and
(e) Audit requirements in § 43.26.
§ 43.52 Collection of amounts due.
(a) Any funds paid to a grantee in excess of the amount to which the grantee is finally determined to be entitled under the terms of the award constitute a debt to the Federal Government. If not paid within a reasonable period after demand, the Federal agency may reduce the debt by:
(1) Making an administrative offset against other requests for reimbursements,
(2) Withholding advance payments otherwise due to the grantee, or
(3) Other action permitted by law.
(b) Except where otherwise provided by statutes or regulations, the Federal agency will charge interest on an overdue debt in accordance with the Federal Claims Collection Standards (4 CFR Ch. II). The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

§ 44.50 How is this part written?
(a) This part uses a "plain language" format to make it easier for the general public and business community to use. The section headings and text, often in the form of questions and answers, must be read together.
(b) Pronouns used within this part, such as "I" and "you," change from subpart to subpart depending on the audience being addressed. The pronoun "we" always is the Department of Veterans Affairs.
(c) The "Covered Transactions" diagram in the appendix to this part shows the levels or "tiers" at which the Department of Veterans Affairs enforces an exclusion under this part.

[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.75 Do terms in this part have special meanings?
This part uses terms throughout the text that have special meaning. Those terms are defined in Subpart I of this part. For example, three important terms are --
(a) Exclusion or excluded, which refers only to discretionary actions taken by a suspending or debarring official under this part or the Federal Acquisition Regulation (48 CFR part 9, subpart 9.4);
(b) Disqualification or disqualified, which refers to prohibitions under specific statutes, executive orders (other than Executive Order 12549 and Executive Order 12689), or other authorities. Disqualifications frequently are not subject to the discretion of an agency official, may have a different scope than exclusions, or have special conditions that apply to the disqualification; and
(c) Ineligibility or ineligible, which generally refers to a person who is either excluded or disqualified.

§ 44.110 What is the purpose of the nonprocurement debarment and suspension system?
§ 44.115 How does an exclusion restrict a person's involvement in covered transactions?
§ 44.120 May we grant an exception to let an excluded person participate in a covered transaction?
§ 44.125 Does an exclusion under the nonprocurement system affect a person's eligibility for Federal procurement contracts?
§ 44.130 Does exclusion under the Federal procurement system affect a person's eligibility to participate in nonprocurement transactions?

§ 44.140 How do I know if a person is excluded?
§ 44.145 Does this part address persons who are disqualified, as well as those who are excluded from nonprocurement transactions?

§ 44.100 What does this part do?
This part adopts a governmentwide system of debarment and suspension for Department of Veterans Affairs nonprocurement activities. It also provides for reciprocal exclusion of persons who have been excluded under the Federal Acquisition Regulation, and provides for the consolidated listing of all persons who are excluded, or disqualified by statute, executive order, or other legal authority. This part satisfies the requirements in section 3 of Executive Order 12549, "Debarment and Suspension" (3 CFR 1986 Comp., p. 189), Executive Order 12689, "Debarment and Suspension" (3 CFR 1989 Comp., p. 235) and 31 U.S.C. 6101 note (Section 2455, Public Law 103-355, 108 Stat. 3327).
[53 FR 19195 and 19204, May 26, 1988; 60 FR 33059, June 26, 1995; 68 FR 66534, 66618, Nov. 26, 2003]

§ 44.105 Does this part apply to me?
Portions of this part (see table at § 44.25(b)) apply to you if you are a(n) --
(a) Person who has been, is, or may reasonably be expected to be, a participant or principal in a covered transaction;
(b) Respondent (a person against whom the Department of Veterans Affairs has initiated a debarment or suspension action);
(c) Department of Veterans Affairs debarring or suspending official; or
(d) Department of Veterans Affairs official who is authorized to enter into covered transactions with non-Federal parties.
§ 44.110 What is the purpose of the nonprocurement debarment and suspension system?
(a) To protect the public interest, the Federal Government ensures the integrity of Federal programs by conducting business only with responsible persons.
(b) A Federal agency uses the nonprocurement debarment and suspension system to exclude from Federal programs persons who are not presently responsible.
(c) An exclusion is a serious action that a Federal agency may take only to protect the public interest. A Federal agency may not exclude a person or commodity for the purposes of punishment.

§ 44.115 How does an exclusion restrict a person's involvement in covered transactions?
With the exceptions stated in §§ 44.120, 44.315, and 44.420, a person who is excluded by the Department of Veterans Affairs or any other Federal agency may not:
(a) Be a participant in a(n) Department of Veterans Affairs transaction that is a covered transaction under subpart B of this part;
(b) Be a participant in a transaction of any other Federal agency that is a covered transaction under that agency's regulation for debarment and suspension; or
(c) Act as a principal of a person participating in one of those covered transactions.

§ 44.120 May we grant an exception to let an excluded person participate in a covered transaction?
(a) The Secretary may grant an exception permitting an excluded person to participate in a particular covered transaction. If the Secretary grants an exception, the exception must be in writing and state the reason(s) for deviating from the governmentwide policy in Executive Order 12549.
(b) An exception granted by one agency for an excluded person does not extend to the covered transactions of another agency.
§ 44.125 Does an exclusion under the nonprocurement system affect a person's eligibility for Federal procurement contracts?
If any Federal agency excludes a person under its nonprocurement common rule on or after August 25, 1995, the excluded person is also ineligible to participate in Federal procurement transactions under the FAR. Therefore, an exclusion under this part has reciprocal effect in Federal procurement transactions.
[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.130 Does exclusion under the Federal procurement system affect a person's eligibility to participate in nonprocurement transactions?
If any Federal agency excludes a person under the FAR on or after August 25, 1995, the excluded person is also ineligible to participate in nonprocurement covered transactions under this part. Therefore, an exclusion under the FAR has reciprocal effect in Federal nonprocurement transactions.
[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.135 May the Department of Veterans Affairs exclude a person who is not currently participating in a nonprocurement transaction?
Given a cause that justifies an exclusion under this part, we may exclude any person who has been involved, is currently involved, or may reasonably be expected to be involved in a covered transaction.
[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.140 How do I know if a person is excluded?
Check the Excluded Parties List System (EPLS) to determine whether a person is excluded. The General Services Administration (GSA) maintains the EPLS and makes it available, as detailed in subpart E of this part. When a Federal agency takes an action to exclude a person under the nonprocurement or procurement debarment and suspension system, the agency enters the information about the excluded person into the EPLS.
[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.145 Does this part address persons who are disqualified, as well as those who are excluded from nonprocurement transactions?
Except if provided for in Subpart J of this part, this part --
(a) Addresses disqualified persons only to --
(1) Provide for their inclusion in the EPLS; and
(2) State responsibilities of Federal agencies and participants to check for disqualified persons before entering into covered transactions.

(b) Does not specify the --

(1) Department of Veterans Affairs transactions for which a disqualified person is ineligible. Those transactions vary on a case-by-case basis, because they depend on the language of the specific statute, Executive order, or regulation that caused the disqualification;

(2) Entities to which the disqualification applies; or

(3) Process that the agency uses to disqualify a person. Unlike exclusion, disqualification is frequently not a discretionary action that a Federal agency takes.

Subpart B -- Covered Transactions

§ 44.200 What is a covered transaction?
§ 44.205 Why is it important to know if a particular transaction is a covered transaction?
§ 44.210 Which nonprocurement transactions are covered transactions?
§ 44.215 Which nonprocurement transactions are not covered transactions?
§ 44.220 Are any procurement contracts included as covered transactions?
§ 44.225 How do I know if a transaction in which I may participate is a covered transaction?

§ 44.200 What is a covered transaction?
A covered transaction is a nonprocurement or procurement transaction that is subject to the prohibitions of this part. It may be a transaction at --
(a) The primary tier, between a Federal agency and a person (see appendix to this part); or
(b) A lower tier, between a participant in a covered transaction and another person.
[53 FR 19195 and 19204, May 26, 1988; 60 FR 33059, June 26, 1995; 68 FR 66534, 66618, Nov. 26, 2003]

§ 44.205 Why is it important to know if a particular transaction is a covered transaction?
The importance of a covered transaction depends upon who you are.
(a) As a participant in the transaction, you have the responsibilities laid out in Subpart C of this part. Those include responsibilities to the person or Federal agency at the next higher tier from whom you received the transaction, if any. They also include responsibilities if you subsequently enter into other covered transactions with persons at the next lower tier.
(b) As a Federal official who enters into a primary tier transaction, you have the responsibilities laid out in subpart D of this part.
(c) As an excluded person, you may not be a participant or principal in the transaction unless --
(1) The person who entered into the transaction with you allows you to continue your involvement in a transaction that predates your exclusion, as permitted under § 44.310 or § 44.415; or
(2) A(n) Department of Veterans Affairs official obtains an exception from the Secretary to allow you to be involved in the transaction, as permitted under § 44.120.

§ 44.210 Which nonprocurement transactions are covered transactions?
All nonprocurement transactions, as defined in § 44.970, are covered transactions unless listed in § 44.215. (See appendix to this part.)

§ 44.215 Which nonprocurement transactions are not covered transactions?
The following types of nonprocurement transactions are not covered transactions:
(a) A direct award to --
(1) A foreign government or foreign governmental entity;
(2) A public international organization;
(3) An entity owned (in whole or in part) or controlled by a foreign government; or
(4) Any other entity consisting wholly or partially of one or more foreign governments or foreign governmental entities.
(b) A benefit to an individual as a personal entitlement without regard to the individual's present responsibility (but benefits received in an individual's business capacity are not excepted). For example, if a person receives social security benefits under the Supplemental Security Income provisions of the Social Security Act, 42 U.S.C. 1301 et seq., those benefits are not covered transactions and, therefore, are not affected if the person is excluded.
(c) Federal employment.
(d) A transaction that the Department of Veterans Affairs needs to respond to a national or agency-recognized emergency or disaster.
(e) A permit, license, certificate, or similar instrument issued as a means to regulate public health, safety, or the environment, unless the Department of Veterans Affairs specifically designates it to be a covered transaction.
(f) An incidental benefit that results from ordinary governmental operations.
(g) Any other transaction if the application of an exclusion to the transaction is prohibited by law.
[53 FR 19195 and 19204, May 26, 1988; 60 FR 33059, June 26, 1995; 68 FR 66534, 66618, Nov. 26, 2003]

§ 44.220 Are any procurement contracts included as covered transactions?
(a) Covered transactions under this part --
(1) Do not include any procurement contracts awarded directly by a Federal agency; but
(2) Do include some procurement contracts awarded by non-Federal participants in nonprocurement covered transactions (see appendix to this part).
(b) Specifically, a contract for goods or services is a covered transaction if any of the following applies:
(1) The contract is awarded by a participant in a nonprocurement transaction that is covered under § 44.210, and the amount of the contract is expected to equal or exceed $ 25,000.
(2) The contract requires the consent of a(n) Department of Veterans Affairs official. In that case, the contract, regardless of the amount, always is a covered transaction, and it does not matter who awarded it. For example, it could be a subcontract awarded by a contractor at a tier below a nonprocurement transaction, as shown in the appendix to this part.

(3) The contract is for federally-required audit services.

§ 44.225 How do I know if a transaction in which I may participate is a covered transaction?
As a participant in a transaction, you will know that it is a covered transaction because the agency regulations governing the transaction, the appropriate agency official, or participant at the next higher tier who enters into the transaction with you, will tell you that you must comply with applicable portions of this part.

[53 FR 19195 and 19204, May 26, 1988; 60 FR 33059, June 26, 1995; 68 FR 66534, 66618, Nov. 26, 2003]

You should make a decision about whether to terminate and the type of termination action, if any, only after a thorough review to ensure that the action is proper and appropriate.

(b) You may not renew or extend covered transactions (other than no-cost time extensions) with any excluded person, unless the Department of Veterans Affairs grants an exception under § 44.120.

§ 44.325 What happens if I do business with an excluded person in a covered transaction?

Before entering into a covered transaction with a participant at the next lower tier, you must require that participant to --
(a) Comply with this subpart as a condition of participation in the transaction. You may do so using any method(s), unless § 44.440 requires you to use specific methods.

§ 44.340 If I disclose unfavorable information required under § 44.335, will I be prevented from participating in the transaction?
As a primary tier participant, your disclosure of unfavorable information about yourself or a principal under § 44.335 will not necessarily cause us to deny your participation in the covered transaction. We will consider the information when we determine whether to enter into the covered transaction. We also will consider any additional information or explanation that you elect to submit with the disclosed information.
[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.620 Do Federal agencies coordinate suspension and debarment actions?
Yes, when more than one Federal agency has an interest in a suspension or debarment, the agencies may consider designating one agency as the lead agency for making the decision. Agencies are encouraged to establish methods and procedures for coordinating their suspension and debarment actions.

[EFFECTIVE DATE NOTE: 68 FR 66534, 66618, Nov. 26, 2003]

§ 44.625 What is the scope of a suspension or debarment action?
If you are suspended or debarred, the suspension or debarment is effective as follows:
(a) Your suspension or debarment constitutes suspension or debarment of all of your divisions and other organizational elements from all covered transactions, unless the suspension or debarment decision is limited --
(1) By its terms to one or more specifically identified individuals, divisions, or other organizational elements; or
(2) To specific types of transactions.
(b) Any affiliate of a participant may be included in a suspension or debarment action if the suspending or debarring official --

(a) Conduct imputed from an individual to an organization. We may impute the fraudulent, criminal, or other improper conduct of any officer, director, shareholder, partner, employee, or other individual associated with an organization, to that organization when the improper conduct occurred in connection with the individual's performance of duties for or on behalf of that organization, or with the organization's knowledge, approval or acquiescence. The organization's acceptance of the benefits derived from the conduct is evidence of knowledge, approval or acquiescence.
(b) Conduct imputed from an organization to an individual, or between individuals. We may impute the fraudulent, criminal, or other improper conduct of any organization to an individual, or from one individual to another individual, if the individual to whom the improper conduct is imputed either participated in, had knowledge of, or reason to know of the improper conduct.
(c) Conduct imputed from one organization to another organization. We may impute the fraudulent, criminal, or other improper conduct of one organization to another organization when the improper conduct occurred in connection with a partnership, joint venture, joint application, association or similar arrangement, or when the organization to whom the improper conduct is imputed has the power to direct, manage, control or influence the activities of the organization responsible for the improper conduct. Acceptance of the benefits derived from the conduct is evidence of knowledge, approval or acquiescence.

Yes, we may settle a debarment or suspension action at any time if it is in the best interest of the Federal Government.
§ 44.640 May a settlement include a voluntary exclusion?
Yes, if we enter into a settlement with you in which you agree to be excluded, it is called a voluntary exclusion and has governmentwide effect.

§ 44.645 Do other Federal agencies know if the Department of Veterans Affairs agrees to a voluntary exclusion?
(a) Yes, we enter information regarding a voluntary exclusion into the EPLS.
(b) Also, any agency or person may contact us to find out the details of a voluntary exclusion.

[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.705 What does the suspending official consider in issuing a suspension?
(a) In determining the adequacy of the evidence to support the suspension, the suspending official considers how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated, and what inferences can reasonably be drawn as a result. During this assessment, the suspending official may examine the basic documents, including grants, cooperative agreements, loan authorizations, contracts, and other relevant documents.
(b) An indictment, conviction, civil judgment, or other official findings by Federal, State, or local bodies that determine factual and/or legal matters, constitutes adequate evidence for purposes of suspension actions.
(c) In deciding whether immediate action is needed to protect the public interest, the suspending official has wide discretion. For example, the suspending official may infer the necessity for immediate action to protect the public interest either from the nature of

[58 FR 60385, Nov. 16, 1993; 68 FR 66534, 66618, Nov. 26, 2003]

§ 44.715 What notice does the suspending official give me if I am suspended?
After deciding to suspend you, the suspending official promptly sends you a Notice of Suspension advising you --
(a) That you have been suspended;
(b) That your suspension is based on --
(1) An indictment;
(2) A conviction;
(3) Other adequate evidence that you have committed irregularities which seriously reflect on the propriety of further Federal Government dealings with you; or
(4) Conduct of another person that has been imputed to you, or your affiliation with a suspended or debarred person;
(c) Of any other irregularities in terms sufficient to put you on notice without disclosing the Federal Government's evidence;
(d) Of the cause(s) upon which we relied under § 44.700 for imposing suspension;
(e) That your suspension is for a temporary period pending the completion of an investigation or resulting legal or debarment proceedings;

(g) Of the governmentwide effect of your suspension from procurement and nonprocurement programs and activities.
[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.720 How may I contest a suspension?
If you as a respondent wish to contest a suspension, you or your representative must provide the suspending official with information in opposition to the suspension. You may do this orally or in writing, but any information provided orally that you consider important must also be submitted in writing for the official record.
[68 FR 66534, 66618, Nov. 26, 2003]
§ 44.725 How much time do I have to contest a suspension?
(a) As a respondent you or your representative must either send, or make arrangements to appear and present, the information and argument to the suspending official within 30 days after you receive the Notice of Suspension.
(b) We consider the notice to be received by you --
(1) When delivered, if we mail the notice to the last known street address, or five days after we send it if the letter is undeliverable;
(2) When sent, if we send the notice by facsimile or five days after we send it if the facsimile is undeliverable; or
(3) When delivered, if we send the notice by e-mail or five days after we send it if the e-mail is undeliverable.
[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.730 What information must I provide to the suspending official if I contest a suspension?
(a) In addition to any information and argument in opposition, as a respondent your submission to the suspending official must identify --
(1) Specific facts that contradict the statements contained in the Notice of Suspension. A general denial is insufficient to raise a genuine dispute over facts material to the suspension;
(2) All existing, proposed, or prior exclusions under regulations implementing E.O. 12549 and all similar actions taken by Federal, state, or local agencies, including administrative agreements that affect only those agencies;
(3) All criminal and civil proceedings not included in the Notice of Suspension that grew out of facts relevant to the cause(s) stated in the notice; and
(4) All of your affiliates.
(b) If you fail to disclose this information, or provide false information, the Department of Veteran Affairs may seek further criminal, civil or administrative action against you, as appropriate.
[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.735 Under what conditions do I get an additional opportunity to challenge the facts on which the suspension is based?
(a) You as a respondent will not have an additional opportunity to challenge the facts if the suspending official determines that --
(1) Your suspension is based upon an indictment, conviction, civil judgment, or other finding by a Federal, State, or local body for which an opportunity to contest the facts was provided;
(2) Your presentation in opposition contains only general denials to information contained in the Notice of Suspension;
(3) The issues raised in your presentation in opposition to the suspension are not factual in nature, or are not material to the suspending official's initial decision to suspend, or the official's decision whether to continue the suspension; or
(4) On the basis of advice from the Department of Justice, an office of the United States Attorney, a State attorney general's office, or a State or local prosecutor's office, that substantial interests of the government in pending or contemplated legal proceedings based on the same facts as the suspension would be prejudiced by conducting fact-finding.
(b) You will have an opportunity to challenge the facts if the suspending official determines that --
(1) The conditions in paragraph (a) of this section do not exist; and
(2) Your presentation in opposition raises a genuine dispute over facts material to the suspension.
(c) If you have an opportunity to challenge disputed material facts under this section, the suspending official or designee must conduct additional proceedings to resolve those facts.
[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.740 Are suspension proceedings formal?
(a) Suspension proceedings are conducted in a fair and informal manner. The suspending official may use flexible procedures to allow you to present matters in opposition. In so doing, the suspending official is not required to follow formal rules of evidence or procedure in creating an official record upon which the official will base a final suspension decision.
(b) You as a respondent or your representative must submit any documentary evidence you want the suspending official to consider.
[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.745 How is fact-finding conducted?
(a) If fact-finding is conducted --
(1) You may present witnesses and other evidence, and confront any witness presented; and
(2) The fact-finder must prepare written findings of fact for the record.
(b) A transcribed record of fact-finding proceedings must be made, unless you as a respondent and the Department of Veteran Affairs agree to waive it in advance. If you want a copy of the transcribed record, you may purchase it.
[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.750 What does the suspending official consider in deciding whether to continue or terminate my suspension?
(a) The suspending official bases the decision on all information contained in the official record. The record includes --
(1) All information in support of the suspending official's initial decision to suspend you;
(2) Any further information and argument presented in support of, or opposition to, the suspension; and
(3) Any transcribed record of fact-finding proceedings.
(b) The suspending official may refer disputed material facts to another official for findings of fact. The suspending official may reject any resulting findings, in whole or in part, only after specifically determining them to be arbitrary, capricious, or clearly erroneous.
[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.755 When will I know whether the suspension is continued or terminated?
The suspending official must make a written decision whether to continue, modify, or terminate your suspension within 45 days of closing the official record. The official record closes upon the suspending official's receipt of final submissions, information and findings of fact, if any. The suspending official may extend that period for good cause.
[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.760 How long may my suspension last?
(a) If legal or debarment proceedings are initiated at the time of, or during your suspension, the suspension may continue until the conclusion of those proceedings. However, if proceedings are not initiated, a suspension may not exceed 12 months.
(b) The suspending official may extend the 12 month limit under paragraph (a) of this section for an additional 6 months if an office of a U.S. Assistant Attorney General, U.S. Attorney, or other responsible prosecuting official requests an extension in writing. In no event may a suspension exceed 18 months without initiating proceedings under paragraph (a) of this section.
(c) The suspending official must notify the appropriate officials under paragraph (b) of this section of an impending termination of a suspension at least 30 days before the 12 month period expires to allow the officials an opportunity to request an extension.

1. Your debarment is based upon a conviction or civil judgment;

(b) You will have an additional opportunity to challenge the facts if the debarring official determines that --

(b) You or your representative must submit any documentary evidence you want the debarring official to consider.

§ 44.840 How is fact-finding conducted?

(a) If fact-finding is conducted --

1. You may present witnesses and other evidence, and confront any witness presented; and

[68 FR 66534, 66618, Nov. 26, 2003]
§ 44.845 What does the debarring official consider in deciding whether to debar me?
(a) The debarring official may debar you for any of the causes in § 44.800. However, the official need not debar you even if a cause for debarment exists. The official may consider the seriousness of your acts or omissions and the mitigating or aggravating factors set forth at § 44.860.
(b) The debarring official bases the decision on all information contained in the official record. The record includes --
(1) All information in support of the debarring official's proposed debarment;
(2) Any further information and argument presented in support of, or in opposition to, the proposed debarment; and
(3) Any transcribed record of fact-finding proceedings.
(c) The debarring official may refer disputed material facts to another official for findings of fact. The debarring official may reject any resultant findings, in whole or in part, only after specifically determining them to be arbitrary, capricious, or clearly erroneous.

§ 44.850 What is the standard of proof in a debarment action?
(a) In any debarment action, we must establish the cause for debarment by a preponderance of the evidence.
(b) If the proposed debarment is based upon a conviction or civil judgment, the standard of proof is met.

§ 44.855 Who has the burden of proof in a debarment action?
(a) We have the burden to prove that a cause for debarment exists.
(b) Once a cause for debarment is established, you as a respondent have the burden of demonstrating to the satisfaction of the debarring official that you are presently responsible and that debarment is not necessary.

§ 44.860 What factors may influence the debarring official's decision?
This section lists the mitigating and aggravating factors that the debarring official may consider in determining whether to debar you and the length of your debarment period. The debarring official may consider other factors if appropriate in light of the circumstances of a particular case. The existence or nonexistence of any factor, such as
one of those set forth in this section, is not necessarily determinative of your present responsibility. In making a debarment decision, the debarring official may consider the following factors:
(a) The actual or potential harm or impact that results or may result from the wrongdoing.
(b) The frequency of incidents and/or duration of the wrongdoing.
(c) Whether there is a pattern or prior history of wrongdoing. For example, if you have been found by another Federal agency or a State agency to have engaged in wrongdoing similar to that found in the debarment action, the existence of this fact may be used by the debarring official in determining that you have a pattern or prior history of wrongdoing.
(d) Whether you are or have been excluded or disqualified by an agency of the Federal Government or have not been allowed to participate in State or local contracts or assistance agreements on a basis of conduct similar to one or more of the causes for debarment specified in this part.
(e) Whether you have entered into an administrative agreement with a Federal agency or a State or local government that is not governmentwide but is based on conduct similar to one or more of the causes for debarment specified in this part.
(f) Whether and to what extent you planned, initiated, or carried out the wrongdoing.
(g) Whether you have accepted responsibility for the wrongdoing and recognize the seriousness of the misconduct that led to the cause for debarment.
(h) Whether you have paid or agreed to pay all criminal, civil and administrative liabilities for the improper activity, including any investigative or administrative costs incurred by the government, and have made or agreed to make full restitution.
(i) Whether you have cooperated fully with the government agencies during the investigation and any court or administrative action. In determining the extent of cooperation, the debarring official may consider when the cooperation began and whether you disclosed all pertinent information known to you.
(j) Whether the wrongdoing was pervasive within your organization.
(k) The kind of positions held by the individuals involved in the wrongdoing.
(l) Whether your organization took appropriate corrective action or remedial measures, such as establishing ethics training and implementing programs to prevent recurrence.
(m) Whether your principals tolerated the offense.
(n) Whether you brought the activity cited as a basis for the debarment to the attention of the appropriate government agency in a timely manner.
(o) Whether you have fully investigated the circumstances surrounding the cause for debarment and, if so, made the result of the investigation available to the debarring official.
(p) Whether you had effective standards of conduct and internal control systems in place at the time the questioned conduct occurred.
(q) Whether you have taken appropriate disciplinary action against the individuals responsible for the activity which constitutes the cause for debarment.
(r) Whether you have had adequate time to eliminate the circumstances within your organization that led to the cause for the debarment.
(s) Other factors that are appropriate to the circumstances of a particular case.
[68 FR 66534, 66618, Nov. 26, 2003]
§ 44.865 How long may my debarment last?
(a) If the debarring official decides to debar you, your period of debarment will be based on the seriousness of the cause(s) upon which your debarment is based. Generally, debarment should not exceed three years. However, if circumstances warrant, the debarring official may impose a longer period of debarment.
(b) In determining the period of debarment, the debarring official may consider the factors in § 44.860. If a suspension has preceded your debarment, the debarring official must consider the time you were suspended.
(c) If the debarment is for a violation of the provisions of the Drug-Free Workplace Act of 1988, your period of debarment may not exceed five years.

§ 44.870 When do I know if the debarring official debars me?
(a) The debarring official must make a written decision whether to debar within 45 days of closing the official record. The official record closes upon the debarring official's receipt of final submissions, information and findings of fact, if any. The debarring official may extend that period for good cause.
(b) The debarring official sends you written notice, pursuant to § 44.615 that the official decided, either --
(1) Not to debar you; or
(2) To debar you. In this event, the notice:
(i) Refers to the Notice of Proposed Debarment;
(ii) Specifies the reasons for your debarment;
(iii) States the period of your debarment, including the effective dates; and
(iv) Advises you that your debarment is effective for covered transactions and contracts that are subject to the Federal Acquisition Regulation (48 CFR chapter 1), throughout the executive branch of the Federal Government unless an agency head or an authorized designee grants an exception.

§ 44.875 May I ask the debarring official to reconsider a decision to debar me?
Yes, as a debarred person you may ask the debarring official to reconsider the debarment decision or to reduce the time period or scope of the debarment. However, you must put your request in writing and support it with documentation.
§ 44.880 What factors may influence the debarring official during reconsideration?
The debarring official may reduce or terminate your debarment based on --
(a) Newly discovered material evidence;
(b) A reversal of the conviction or civil judgment upon which your debarment was based;
(c) A bona fide change in ownership or management;
(d) Elimination of other causes for which the debarment was imposed; or
(e) Other reasons the debarring official finds appropriate.
[68 FR 66534, 66618, Nov. 26, 2003]

§ 44.885 May the debarring official extend a debarment?
(a) Yes, the debarring official may extend a debarment for an additional period, if that official determines that an extension is necessary to protect the public interest.
(b) However, the debarring official may not extend a debarment solely on the basis of the facts and circumstances upon which the initial debarment action was based.
(c) If the debarring official decides that a debarment for an additional period is necessary, the debarring official must follow the applicable procedures in this subpart, and subpart F of this part, to extend the debarment.

§ 44.1100 General.
Field Facility Directors are authorized to order a limited denial of participation affecting any participant or contractor and its affiliates except lenders and manufactured home manufacturers. In each case, even if the offense or violation is of a criminal, fraudulent or other serious nature, the decision to order a limited denial of participation shall be discretionary and in the best interests of the Government.

§ 44.1105 Cause for a limited denial of participation.
(a) Causes. A limited denial of participation shall be based upon adequate evidence of any of the following causes:
(1) Irregularities in a participant's or contractor's performance in the VA loan guaranty program;
(2) Denial of participation in programs administered by the Department of Housing and Urban Development or the Department of Agriculture, Rural Housing Service;
(3) Failure to satisfy contractual obligations or to proceed in accordance with contract specifications;

(1) A limited denial of participation extends only to participation in the VA Loan Guaranty Program and shall be effective only within the geographic jurisdiction of the office or offices imposing it.

In cases involving construction deficiencies, the builder may be excluded for either a period not to exceed 12 months or for an indeterminate period which ends when the deficiency has been corrected or otherwise resolved in a manner acceptable to VA.
(b) Effectiveness. The sanction shall be effective immediately upon issuance and shall remain effective for the prescribed period. If the cause for the limited denial of participation is resolved before the expiration of the prescribed period, the official who imposed the sanction may terminate it. The imposition of a limited denial of participation shall not affect the right of the Department to suspend or debar any person under this part.
(c) Affiliates. An affiliate or organizational element may be included in a limited denial of participation solely on the basis of its affiliation, and regardless of its knowledge of or participation in the acts providing cause for the sanction. The burden of proving that a particular affiliate or organizational element is capable of meeting VA requirements and is currently a responsible entity and not controlled by the primary sanctioned party (or by an entity that itself is controlled by the primary sanctioned party) is on the affiliate or organizational element.

§ 44.1111 Notice.
(a) Generally. A limited denial of participation shall be initiated by advising a participant or contractor, and any specifically named affiliate, by certified mail, return receipt requested:
(1) That the sanction is effective as of the date of the notice;

(3) Of the cause(s) relied upon under § 44.1105 for imposing the sanction;
(4) Of the right to request in writing, within 30 days of receipt of the notice, a conference on the sanction, and the right to have such conference held within 10 business days of receipt of the request;
(5) Of the potential effect of the sanction and the impact on the participant's or contractor's participation in Departmental programs, specifying the program(s) involved and the geographical area affected by the action.
(b) Notification of action. After 30 days, if no conference has been requested, the official imposing the limited denial of participation will notify VA Central Office of the
action taken and of the fact that no conference has been requested. If a conference is requested within the 30-day period, VA Central Office need not be notified unless a decision to affirm all or a portion of the remaining period of exclusion is issued. VA Central Office will notify all VA field offices of sanctions imposed and still in effect under this subpart.

§ 44.1112 Conference.
Upon receipt of a request for a conference, the official imposing the sanction shall arrange such a conference with the participant or contractor and may designate another official to conduct the conference. The participant shall be given the opportunity to be heard within 10 business days of receipt of the request. This conference precedes, and is in addition to, the formal hearing provided if an appeal is taken under § 44.1113. Although formal rules of procedure do not apply to the conference, the participant or contractor may be represented by counsel and may present all relevant information and materials to the official or designee. After consideration of the information and materials presented, the official shall, in writing, advise the participant or contractor of the decision to withdraw, modify or affirm the limited denial of participation. If the decision is made to affirm all or a portion of the remaining period of exclusion, the participant shall be advised of the right to request a formal hearing in writing within 30 days of receipt of the notice of decision. This decision shall be issued promptly, but in no event later than 20 days after the conference and receipt of materials.

[71 FR 27203, May 10, 2006]

§ 44.1113 Appeal.

This request shall be filed within 30 days of receipt of the decision to affirm. If a hearing is requested, it shall be held in accordance with the procedures set forth at §§ 44.825 through 44.855. Where a limited denial of participation is followed by a suspension or debarment, the limited denial of participation shall be superseded and the appeal shall be heard solely as an appeal of the suspension or debarment.

SUBPART B -- ACTIVITIES BY OWN EMPLOYEES

§ 45.200 Agency and legislative liaison.
§ 45.205 Professional and technical services.
§ 45.210 Reporting.

§ 45.200 Agency and legislative liaison.
(a) The prohibition on the use of appropriated funds, in § 45.100(a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.
(b) For purposes of paragraph (a) of this section, providing any information specifically requested by an agency or Congress is allowable at any time.
(c) For purposes of paragraph (a) of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered Federal action:
   (1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities; and,
   (2) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.
(d) For purposes of paragraph (a) of this section, the following agencies and legislative liaison activities are allowable only where they are prior to formal solicitation of any covered Federal action:
   (1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;
   (2) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and,
   (3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95-507 and other subsequent amendments.
(e) Only those activities expressly authorized by this section are allowable under this section.

§ 45.205 Professional and technical services.
(a) The prohibition on the use of appropriated funds, in § 45.100(a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting
requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, "professional and technical services" shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

§ 45.210 Reporting.
No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

§ 45.300 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in § 45.100(a), does not apply in the case of any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action, if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) The reporting requirements in § 45.110(a) and (b) regarding filing a disclosure form by each person, if required, shall not apply with respect to professional or technical services rendered directly in the preparation, submission, or negotiation of any commitment providing for the United States to insure or guarantee a loan.

(c) For purposes of paragraph (a) of this section, "professional and technical services" shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting or a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(d) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(e) Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(f) Only those services expressly authorized by this section are allowable under this section.

§ 45.400 Penalties.
§ 45.405 Penalty procedures.
§ 45.410 Enforcement.

§ 45.400 Penalties.
(a) Any person who makes an expenditure prohibited herein shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such expenditure.
(b) Any person who fails to file or amend the disclosure form (see appendix B) to be filed or amended if required herein, shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.
(c) A filing or amended filing on or after the date on which an administrative action for the imposition of a civil penalty is commenced does not prevent the imposition of such civil penalty for a failure occurring before that date. An administrative action is commenced with respect to a failure when an investigating official determines in writing to commence an investigation of an allegation of such failure.
(d) In determining whether to impose a civil penalty, and the amount of any such penalty, by reason of a violation by any person, the agency shall consider the nature, circumstances, extent, and gravity of the violation, the effect on the ability of such person to continue in business, any prior violations by such person, the degree of culpability of such person, the ability of the person to pay the penalty, and such other matters as may be appropriate.
(e) First offenders under paragraphs (a) or (b) of this section shall be subject to a civil penalty of $10,000, absent aggravating circumstances. Second and subsequent offenses by persons shall be subject to an appropriate civil penalty between $10,000 and $100,000, as determined by the agency head or his or her designee.
(f) An imposition of a civil penalty under this section does not prevent the United States from seeking any other remedy that may apply to the same conduct that is the basis for the imposition of such civil penalty.

§ 45.405 Penalty procedures.
Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, 31 U.S.C. sections 3803 (except subsection (c)), 3804, 3805, 3806, 3807, 3808, and 3812, insofar as these provisions are not inconsistent with the requirements herein.

§ 45.410 Enforcement.
The head of each agency shall take such actions as are necessary to ensure that the provisions herein are vigorously implemented and enforced in that agency.

§ 45.500 Secretary of Defense.

(a) The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibition whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of each such written exemption to Congress immediately after making such a determination.

(b) The Department of Defense may issue supplemental regulations to implement paragraph (a) of this section.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.

(c) The annual report shall be submitted at the same time the agency submits its annual budget justifications to Congress.

(d) The annual report shall include the following: All alleged violations relating to the agency's covered Federal actions during the year covered by the report, the actions taken by the head of the agency in the year covered by the report with respect to those alleged violations and alleged violations in previous years, and the amounts of civil penalties imposed by the agency in the year covered by the report.

Subpart D -- Miscellaneous

Subpart A -- General Provisions

§ 46.1 Definitions.
§ 46.2 Purpose.

§ 46.1 Definitions.
(b) Claim of medical malpractice means a written claim or demand for payment based on an act or omission of a physician, dentist, or other health care practitioner in furnishing (or failing to furnish) health care services, and includes the filing of a complaint or administrative tort claim under the Federal Tort Claims Act, 28 U.S.C. 1346(b), 2671-2680.
(c) Clinical privileges means privileges granted by a health care entity to individuals to furnish health care.
(d) Dentist means a doctor of dental surgery or dental medicine legally authorized to practice dental surgery or dentistry by a State (or any individual who holds himself or herself out to be so authorized).
(e) Director means the duly appointed director of a Department of Veterans Affairs health care facility or any individual with authorization to act for that person in the director's absence.
(f) Gross negligence is materially worse than substandard care, and consists of an entire absence of care, or an absence of even slight care or diligence; it implies a thoughtless disregard of consequences or indifference to the rights of others.
(g) Health care facility means a hospital, domiciliary, outpatient clinic, or any other entity that provides health care services.
(h) Other health care practitioner means an individual other than a physician or dentist who is licensed or otherwise authorized by a State to provide health care services.
(i) Physician means a doctor of medicine or osteopathy authorized to practice medicine or surgery by a State (or any individual who holds himself or herself out to be so authorized).
(j) Professional review action means a recommendation by a professional review panel (with at least a majority vote) to affect adversely the clinical privileges of a physician or dentist taken as a result of a professional review activity based on the competence or professional conduct of an individual physician or dentist in cases in which such conduct affects or could affect adversely the health or welfare of a patient, or patients. An action is not considered to be based on the competence or professional conduct of a physician or dentist, if the action is primarily based on:
(1) A physician's or dentist's association with, administrative supervision of, delegation of authority to, support for, or training of, a member or members of a particular class of health care practitioner or professional, or
(2) Any other matter that does not relate to the competence or professional conduct of a physician or dentist in his/her practice at a Department of Veterans Affairs health care facility.
(k) Professional review activity means an activity with respect to an individual physician or dentist to establish a recommendation regarding:
(1) Whether the physician or dentist may have clinical privileges with respect to the medical staff of the facility;
(2) The scope or conditions of such privileges or appointment; or
(3) Change or modification of such privileges.
(l) State means the fifty States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, the Northern Mariana Islands, and any other territories or possessions of the United States.
(m) State Licensing Board means, with respect to a physician, dentist, or other health care practitioner in a State, the agency of the State, which is primarily responsible for the licensing of the physician, dentist, or practitioner to furnish health care services.
(n) Willful professional misconduct means worse than mere substandard care, and contemplates the intentional doing of something with knowledge that it is likely to result in serious injuries or in reckless disregard of its probable consequences.

§ 46.2 Purpose.
The National Practitioner Data Bank, authorized by the Act and administered by the Department of Health and Human Services, was established for the purpose of collecting and releasing certain information concerning physicians, dentists, and other health care practitioners. The Act mandates that the Department of Health and Human Services seek to enter into a Memorandum of Understanding with the Department of Veterans Affairs (VA) for the purpose of having VA participate in the National Practitioner Data Bank. Such a Memorandum of Understanding has been established. Pursuant to the Memorandum of Understanding, VA will obtain information from the Data Bank concerning physicians, dentists, and other health care practitioners who provide or seek to provide health care services at VA facilities and also report information regarding malpractice payments and adverse clinical privileges actions to the Data Bank. This part essentially restates or interprets provisions of that Memorandum of Understanding and constitutes the policy of VA for participation in the National Practitioner Data Bank.

Subpart B -- National Practitioner Data Bank Reporting

§ 46.3 Malpractice payment reporting.
§ 46.4 Clinical privileges actions reporting.

§ 46.3 Malpractice payment reporting.
(a) VA will file a report with the National Practitioner Data Bank, in accordance with regulations at 45 CFR part 60, subpart B, as applicable, regarding any payment for the benefit of a physician, dentist, or other licensed health care practitioner which was made as the result of a settlement or judgment of a claim of medical malpractice. The report will identify the physician, dentist, or other licensed health care practitioner for whose benefit the payment is made. It is intended that the report be filed within 30 days of the date payment is made. This may not be possible in all cases; e.g., sometimes notification of payment is delayed, and sometimes the malpractice payment review process cannot be completed within the timeframe. The report will provide the following information:
(1) With respect to the physician, dentist, or other licensed health care practitioner for whose benefit the payment is made --
   (i) Name;
   (ii) Work address;
   (iii) Home address, if known;
   (iv) Social Security number, if known, and if obtained in accordance with section 7 of the Privacy Act of 1974;
   (v) Date of birth;
   (vi) Name of each professional school attended and year of graduation;
   (vii) For each professional license: the license number, the field of licensure, and the State in which the license is held;
   (viii) Drug Enforcement Administration registration number, if applicable and known;
   (ix) Name of each health care entity with which affiliated, if known.
(2) With respect to the reporting VA entity --
   (i) Name and address of the reporting entity;
   (ii) Name, title and telephone number of the responsible official submitting the report on behalf of the Federal government; and
   (iii) Relationship of the entity to the physician, dentist, or other health care practitioner being reported.
(3) With respect to the judgment or settlement resulting in the payment-
   (i) Where an action or claim has been filed with an adjudicative body, identification of the adjudicative body and the case number;
   (ii) Date or dates on which the act(s) or omission(s), which gave rise to the action or claim occurred;
   (iii) Date of judgment or settlement;
   (iv) Amount paid, date of payment, and whether payment is for a judgment or a settlement;
   (v) Description and amount of judgment or settlement and any conditions attached thereto, including terms of payment;
(vi) A description of the acts or omissions and injuries or illnesses upon which the action or claim was based; and
(vii) Classification of the acts or omissions in accordance with a reporting code adopted by the Secretary of Health and Human Services.

(b) Payment will be considered to have been made for the benefit of a physician, dentist, or other licensed health care practitioner only if (at least a majority of) a malpractice payment review panel concludes that payment was related to substandard care, professional incompetence, or professional misconduct on the part of the physician, dentist, or other licensed health care practitioner. For purposes of this part, a panel shall have a minimum of three individuals appointed by the Director, Medical-Legal Affairs (including at least one member of the profession/occupation of the practitioner(s) whose actions are under review). The conclusions of the panel shall, at a minimum, be based on review of documents pertinent to the care that led to the claim. These documents include the medical records of the patient whose care led to the claim, any report of an administrative investigation board appointed to investigate the care, and the opinion of any consultant which the panel may request in its discretion. These documents do not include those generated primarily for consideration or litigation of the claim of malpractice. In addition, to the extent practicable, the documents shall include written statements of the individual(s) involved in the care which led to the claim. The practitioner(s) whose actions are under review will receive a written notice, hand-delivered or sent to the practitioner's last known address (return receipt requested), from the VA facility director at the time the VA facility director receives the Notice of Payment. That notice from the VA facility director will indicate that VA is considering whether to report the practitioner to the National Practitioner Data Bank because of a specified malpractice payment made, and provide the practitioner the opportunity, within 60 days of receipt, to submit a written statement concerning the care that led to the claim. Inability to notify or non-response from the identified practitioner(s) will not preclude completion of the review and reporting process. The panel, at its discretion, may request additional information from the practitioner or the VA facility where the incident occurred. The review panel's notification to the VA facility Director shall include the acts or omissions considered, the reporting conclusion, and the rationale for the conclusion.

(c) Attending staff (including contract employees, such as scarce medical specialists providing care pursuant to a contract under 38 U.S.C. 7409) are responsible for actions of licensed trainees assigned under their supervision. Notwithstanding the provisions of paragraph (b) of this section, actions of a licensed trainee (intern or resident) acting within the scope of his or her training program that otherwise would warrant reporting for substandard care, professional incompetence, or professional misconduct under the provisions of paragraph (b) of this section, will be reported only if the panel, by at least a majority, concludes that such actions constitute gross negligence or willful professional misconduct. For purposes of paragraph (b) of this section, payment will be considered to be made for the benefit of a physician, dentist, or other health care practitioner, in their supervisory capacity, if the panel concludes, by at least a majority, that the physician, dentist or other health care practitioner was acting in a supervisory capacity; that the payment was related to substandard care, professional incompetence, or professional misconduct of the trainee and not the supervisor; and that the trainee did not commit gross negligence or willful professional misconduct. Such report will note that the
physician, dentist, or other health care practitioner is being reported in a supervisory capacity.

Note to paragraph (c): Licensed trainees acting outside the scope of their training program (e.g. acting as admitting officer of the day) will be reported under the provisions of paragraph (b) of this section.

(d) The Director of the facility at which the claim arose has the primary responsibility for submitting the report to the National Practitioner Data Bank and for providing a copy to the practitioner, to the State Licensing Board in each State where the practitioner holds a license, and to the State Licensing Board in which the facility is located. However, the Chief Patient Care Services Officer is also authorized to submit the report to the National Practitioner Data Bank and provide copies to the practitioner and State Licensing Boards in cases where the Chief Patient Care Services Officer deems it appropriate to do so. The Director of the facility also shall provide to the practitioner a copy of the review panel's notification to the Director.

(The Office of Management and Budget has approved the information collection requirements in this section under control number 2900-0621.)

§ 46.4 Clinical privileges actions reporting.
(a) VA will file an adverse action report with the National Practitioner Data Bank in accordance with regulations at 45 CFR part 60, subpart B, as applicable, regarding any of the following actions:
(1) An action of a Director after consideration of a professional review action that, for a period longer than 30 days, adversely affects (by reducing, restricting, suspending, revoking, or failing to renew) the clinical privileges of a physician or dentist relating to possible incompetence or improper professional conduct.
(2) Acceptance of the surrender of clinical privileges, including the surrender of clinical privileges inherent in resignation or retirement, or any restriction of such privileges by a physician or dentist either while under investigation by the health care entity relating to possible incompetence or improper professional conduct, or in return for not conducting such an investigation or proceeding whether or not the individual remains in VA service.
(b) The report specified in paragraph (a) of this section will provide the following information --
(1) With respect to the physician or dentist:
   (i) Name;
   (ii) Work address;
   (iii) Home address, if known;
   (iv) Social Security number, if known (and if obtained in accordance with section 7 of the Privacy Act of 1974);
   (v) Date of birth;
   (vi) Name of each professional school attended and year of graduation;
   (vii) For each professional license: the license number, the field of licensure, and the name of the State in which the license is held;
   (viii) Drug Enforcement Administration registration number, if applicable and known;
(ix) A description of the acts or omissions or other reasons for privilege loss, or, if known, for surrender; and
(x) Action taken, date action was made final, length of action and effective date of the action.

(2) With respect to the VA facility --
(i) Name and address of the reporting facility; and
(ii) Name, title, and telephone number of the responsible official submitting the report.
(c) A copy of the report referred to in paragraph (a) of this section will also be filed with the
State Licensing Board in the State(s) in which the practitioner is licensed and in which
the facility is located. It is intended that the report be filed within 15 days of the
date the action is made final, that is, subsequent to any internal (to the facility) appeal.
(d) As soon as practicable after it is determined that a report shall be filed with the
National Practitioner Data Bank and State Licensing Boards under paragraphs (a)(2) and
(c) of this section, VA shall provide written notice to the practitioner that a report will be
filed with the National Practitioner Data Bank with a copy to the State Licensing Board
in each State in which the practitioner is licensed and in the State in which the facility is
located.

§ 48.110 Are any of my Federal assistance awards exempt from this part?
This part does not apply to any award that the Secretary determines that the application of this part would be inconsistent with the international obligations of the United States or the laws or regulations of a foreign government.

The specific measures that you must take in this regard are described in more detail in subsequent sections of this subpart. Briefly, those measures are to --
(1) Publish a drug-free workplace statement and establish a drug-free awareness program for your employees (see §§ 48.205 through 48.220); and
(2) Take actions concerning employees who are convicted of violating drug statutes in the workplace (see § 48.225).
(b) Second, you must identify all known workplaces under your Federal awards (see § 48.230).

§ 48.205 What must I include in my drug-free workplace statement?
You must publish a statement that --
(a) Tells your employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in your workplace;

(1) Will abide by the terms of the statement; and

You must require that a copy of the statement described in § 48.205 be given to each employee who will be engaged in the performance of any Federal award.

§ 48.215 What must I include in my drug-free awareness program?
You must establish an ongoing drug-free awareness program to inform employees about --
(a) The dangers of drug abuse in the workplace;
(b) Your policy of maintaining a drug-free workplace;
(c) Any available drug counseling, rehabilitation, and employee assistance programs; and
(d) The penalties that you may impose upon them for drug abuse violations occurring in the workplace.

[68 FR 66534, 66619, Nov. 26, 2003]

§ 48.225 What actions must I take concerning employees who are convicted of drug violations in the workplace?
There are two actions you must take if an employee is convicted of a drug violation in the workplace:
(a) First, you must notify Federal agencies if an employee who is engaged in the performance of an award informs you about a conviction, as required by § 48.205(c)(2), or you otherwise learn of the conviction. Your notification to the Federal agencies must --
(1) Be in writing;
(2) Include the employee's position title;

(4) Be sent within ten calendar days after you learn of the conviction; and
(5) Be sent to every Federal agency on whose award the convicted employee was working. It must be sent to every awarding official or his or her official designee, unless the Federal agency has specified a central point for the receipt of the notices.
(b) Second, within 30 calendar days of learning about an employee's conviction, you must either --
(1) Take appropriate personnel action against the employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended; or

§ 48.230 How and when must I identify workplaces?
(a) You must identify all known workplaces under each Department of Veteran Affairs award. A failure to do so is a violation of your drug-free workplace requirements. You may identify the workplaces --
(1) To the Department of Veteran Affairs official that is making the award, either at the time of application or upon award; or
(2) In documents that you keep on file in your offices during the performance of the award, in which case you must make the information available for inspection upon request by Department of Veteran Affairs officials or their designated representatives.
(b) Your workplace identification for an award must include the actual address of buildings (or parts of buildings) or other sites where work under the award takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
(c) If you identified workplaces to the Department of Veteran Affairs awarding official at the time of application or award, as described in paragraph (a)(1) of this section, and any workplace that you identified changes during the performance of the award, you must inform the Department of Veteran Affairs awarding official.

As a condition of receiving a(n) Department of Veteran Affairs award, if you are an individual recipient, you must agree that --
(a) You will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity related to the award; and

§ 48.400 What are my responsibilities as a(n) Department of Veteran Affairs awarding official?

As a(n) Department of Veteran Affairs awarding official, you must obtain each recipient's agreement, as a condition of the award, to comply with the requirements in --

(a) Suspension of payments under the award;

§ 48.515 Are there any exceptions to those actions?
The Secretary may waive with respect to a particular award, in writing, a suspension of payments under an award, suspension or termination of an award, or suspension or debarment of a recipient if the Secretary determines that such a waiver would be in the public interest. (3) Other amounts becoming owed under programs for which no current services or performance is required.

(b) Accrued income means the sum of:

(1) Earnings during a given period from:

(i) Services performed by the recipient, and

(ii) Goods and other tangible property delivered to purchasers, and
(2) Amounts becoming owed to the recipient for which no current services or performance is required by the recipient.

(c) Acquisition cost of equipment means the net invoice price of the equipment, including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges, such as the cost of installation, transportation, taxes, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the recipient's regular accounting practices.

(d) Advance means a payment made by Treasury check or other appropriate payment mechanism to a recipient upon its request either before outlays are made by the recipient or through the use of predetermined payment schedules.

(e) Award means financial assistance that provides support or stimulation to accomplish a public purpose. Awards include grants and other agreements in the form of money or property in lieu of money, by the Federal Government to an eligible recipient. The term does not include: technical assistance, which provides services instead of money; other assistance in the form of loans, loan guarantees, interest subsidies, or insurance; direct payments of any kind to individuals; and, contracts which are required to be entered into and administered under procurement laws and regulations.

(f) Cash contributions means the recipient's cash outlay, including the outlay of money contributed to the recipient by third parties.

(g) Closeout means the process by which a Federal awarding agency determines that all applicable administrative actions and all required work of the award have been completed by the recipient and Federal awarding agency.

(h) Contract means a procurement contract under an award or subaward, and a procurement subcontract under a recipient's or subrecipient's contract.

(i) Cost sharing or matching means that portion of project or program costs not borne by the Federal Government.

(j) Date of completion means the date on which all work under an award is completed or the date on the award document, or any supplement or amendment thereto, on which Federal sponsorship ends.

lower limits may be established.

(m) Excess property means property under the control of any Federal awarding agency that, as determined by the head thereof, is no longer required for its needs or the discharge of its responsibilities.

(n) Exempt property means tangible personal property acquired in whole or in part with Federal funds, where the Federal awarding agency has statutory authority to vest title in the recipient without further obligation to the Federal Government. An example of exempt property authority is contained in the Federal Grant and Cooperative Agreement Act (31 U.S.C. 6306), for property acquired under an award to conduct basic or applied research by a non-profit institution of higher education or non-profit organization whose principal purpose is conducting scientific research.

(o) Federal awarding agency means the Federal agency that provides an award to the recipient.

(p) Federal funds authorized means the total amount of Federal funds obligated by the Federal Government for use by the recipient. (u) Outlays or expenditures means charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of cash disbursements for direct charges for goods and services, the amount of indirect expense charged, the value of third party in-kind contributions applied and the amount of cash advances and payments made to subrecipients. For reports prepared on an accrual basis, outlays are the sum of cash disbursements for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the net increase (or decrease) in the amounts owed by the recipient for goods and other property received, for services performed by employees, contractors,
subrecipients and other payees and other amounts becoming owed under programs for which no current services or performance are required.

(v) Personal property means property of any kind except real property. It may be tangible, having physical existence, or intangible, having no physical existence, such as copyrights, patents, or securities.

(w) Prior approval means written approval by an authorized official evidencing prior consent.

Interest earned on advances of Federal funds is not program income. The term includes public and private institutions of higher education, public and private hospitals, and other quasi-public and private non-profit organizations such as, but not limited to, community action agencies, research institutes, educational associations, and health centers. The term may include commercial organizations, foreign or international organizations (such as agencies of the United Nations) which are recipients, subrecipients, or contractors or subcontractors of recipients or subrecipients at the discretion of the Federal awarding agency. The term does not include government-owned contractor-operated facilities or research centers providing continued support for mission-oriented, large-scale programs that are government-owned or controlled, or are designated as federally-funded research and
development centers.

(dd) Research and development means all research activities, both basic and applied, and all development activities that are supported at universities, colleges, and other non-profit institutions. "Research" is defined as a systematic study directed toward fuller scientific knowledge or understanding of the subject studied. "Development" is the systematic use of knowledge and understanding gained from research directed toward the production of useful materials, devices, systems, or methods, including design and development of prototypes and processes. The term research also includes activities involving the training of individuals in research techniques where such activities utilize the same facilities as other research and development activities and where such activities are not included in the instruction function.

(ff) Subaward means an award of financial assistance in the form of money, or property in lieu of money, made under an award by a recipient to an eligible subrecipient or by a subrecipient to a lower tier subrecipient. The term includes financial assistance when provided by any legal agreement, even if the agreement is called a contract, but does not include procurement of goods and services nor does it include any form of assistance, which is excluded from the definition of "award" in paragraph (e) of this section.

(gg) Subrecipient means the legal entity to which a subaward is made and which is accountable to the recipient for the use of the funds provided. The term may include foreign or international organizations (such as agencies of the United Nations) at the discretion of the Federal awarding agency.

(hh) Supplies means all personal property excluding equipment, intangible property, and debt instruments as defined in this section, and inventions of a contractor conceived or first actually reduced to practice in the performance of work under a funding agreement ("subject inventions"), as defined in 37 CFR 401.2(d)

(ii) Suspension means an action by a Federal awarding agency that temporarily withdraws Federal sponsorship under an award, pending corrective action by the recipient or pending a decision to terminate the award by the Federal awarding agency. Suspension of an award is a separate action from suspension under Federal agency regulations implementing E.O.s 12549 and 12689, "Debarment and Suspension."

(jj) Termination means the cancellation of Federal sponsorship, in whole or in part, under an agreement at any time prior to the date of completion.

(kk) Third party in-kind contributions means the value of non-cash contributions provided by non-Federal third parties. Third party in-kind contributions may be in the form of real property, equipment, supplies and other expendable property, and the value of goods and services directly benefiting and specifically identifiable to the project or
program.

(II) Unliquidated obligations, for financial reports prepared on a cash basis, means the amount of obligations incurred by the recipient that have not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the recipient for which an outlay has not been recorded.

(mm) Unobligated balance means the portion of the funds authorized by the Federal awarding agency that has not been obligated by the recipient and is determined by deducting the cumulative obligations from the cumulative funds authorized.

(nn) Unrecovered indirect cost means the difference between the amount awarded and the amount, which could have been awarded under the recipient's approved negotiated indirect cost rate.

(oo) Working capital advance means a procedure where by funds are advanced to the recipient to cover its estimated disbursement needs for a given initial period.

§ 49.3 Effect on other issuances.

For awards subject to this part, all administrative requirements of codified program regulations, program manuals, handbooks and other nonregulatory materials which are inconsistent with the requirements of this part shall be superseded, except to the extent they are required by statute, or authorized in accordance with the deviations provision in § 49.4.

§ 49.4 Deviations.
The Office of Management and Budget (OMB) may grant exceptions for classes of grants or recipients subject to the requirements of this part when exceptions are not prohibited by statute. However, in the interest of maximum uniformity, exceptions from the requirements of this part shall be permitted only in unusual circumstances. Federal awarding agencies may apply more restrictive requirements to a class of recipients when approved by OMB. Federal awarding agencies may apply less restrictive requirements when awarding small awards, except for those requirements, which are statutory. Exceptions on a case-by-case basis may also be made by Federal awarding agencies.

§ 49.5 Subawards.

Unless sections of this part specifically exclude subrecipients from coverage, the provisions of this part shall be applied to subrecipients performing work under awards if such subrecipients are institutions of higher education, hospitals or other non-profit organizations. State and local government subrecipients are subject to the provisions of regulations in part 43 of this chapter.

(Authority: Pub. L. 104-156; 110 Stat. 1396)
[70 FR 52248, 52264, Sept. 1, 2005]

§ 49.11 Pre-award policies.

(a) Use of grants and cooperative agreements, and contracts. In each instance, the Federal awarding agency shall decide on the appropriate award instrument (i.e., grant, cooperative agreement, or contract). The Federal Grant and Cooperative Agreement Act (31 U.S.C. 6301-08) governs the use of grants, cooperative agreements and contracts. A grant or cooperative agreement shall be used only when the principal purpose of a transaction is to accomplish a public purpose of support or stimulation authorized by Federal statute. The statutory criterion for choosing between grants and cooperative agreements is that for the latter, "substantial involvement is expected between the executive agency and the State, local government, or other recipient when carrying out the activity contemplated in the agreement." Contracts shall be used when the principal purpose is acquisition of property or services for the direct benefit or use of the Federal Government.

(b) Public notice and priority setting. Federal awarding agencies shall notify the public of its intended funding priorities for discretionary grant programs, unless funding priorities are established by Federal statute.

(Authority: Pub. L. 104-156; 110 Stat. 1396)
§ 49.12 Forms for applying for Federal assistance.

(a) Federal awarding agencies shall comply with the applicable report clearance requirements of 5 CFR part 1320, "Controlling Paperwork Burdens on the Public," with regard to all forms used by the Federal awarding agency in place of or as a supplement to the Standard Form 424 (SF-424) series.

(b) Applicants shall use the SF-424 series or those forms and instructions prescribed by the Federal awarding agency.

(c) For Federal programs covered by E.O. 12372, "Intergovernmental Review of Federal Programs," the applicant shall complete the appropriate sections of the SF-424 (Application for Federal Assistance) indicating whether the application was subject to review by the State Single Point of Contact (SPOC). The name and address of the SPOC for a particular State can be obtained from the Federal awarding agency or the Catalog of Federal Domestic Assistance. The SPOC shall advise the applicant whether the program for which application is made has been selected by that State for review.

(d) Federal awarding agencies that do not use the SF-424 form should indicate whether the application is subject to review by the State under E.O. 12372.

(Authority: Pub. L. 104-156; 110 Stat. 1396)

§ 49.13 Debarment and suspension.

Federal awarding agencies and recipients shall comply with part 44 of this chapter, which restricts subawards and contracts with certain parties that are debarred, suspended or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.

(Authority: Pub. L. 104-156; 110 Stat. 1396)
§ 49.14 Special award conditions.

If an applicant or recipient has a history of poor performance, is not financially stable, has a management system that does not meet the standards prescribed in this part, has not conformed to the terms and conditions of a previous award, or is not otherwise responsible, Federal awarding agencies may impose additional requirements as needed, provided that such applicant or recipient is notified in writing as to: the nature of the additional requirements, the reason why the additional requirements are being imposed, the nature of the corrective action needed, the time allowed for completing the corrective actions, and the method for requesting reconsideration of the additional requirements imposed. Any special conditions shall be promptly removed once the conditions that prompted them have been corrected.

(Authority: Pub. L. 104-156; 110 Stat. 1396)

§ 49.15 Metric system of measurement.

The Metric Conversion Act, as amended by the Omnibus Trade and Competitiveness Act (15 U.S.C. 205) declares that the metric system is the preferred measurement system for U.S. trade and commerce. The Act requires each Federal agency to establish a date or dates in consultation with the Secretary of Commerce, when the metric system of measurement will be used in the agency's procurements, grants, and other business-related activities. Metric implementation may take longer where the use of the system is initially impractical or likely to cause significant inefficiencies in the accomplishment of federally-funded activities. Federal awarding agencies shall follow the provisions of E.O. 12770, "Metric Usage in Federal Government Programs."

(Authority: Pub. L. 104-156; 110 Stat. 1396)
§ 49.16 Resource Conservation and Recovery Act (RCRA).

Under the RCRA (Pub. L. 94-580, codified at 42 U.S.C. 6962), any State agency or agency of a political subdivision of a State which is using appropriated Federal funds must comply with Section 6002. Section 6002 requires that preference be given in procurement programs to the purchase of specific products containing recycled materials identified in guidelines developed by the Environmental Protection Agency (EPA) (40 CFR parts 247-254). Accordingly, State and local institutions of higher education, hospitals, and non-profit organizations that receive direct Federal awards or other Federal funds shall give preference in their procurement programs funded with Federal funds to the purchase of recycled products pursuant to the EPA guidelines.

§ 49.17 Certifications and representations.

Unless prohibited by statute or codified regulation, each Federal awarding agency is authorized and encouraged to allow recipients to submit certifications and representations required by statute, executive order, or regulation on an annual basis, if the recipients have ongoing and continuing relationships with the agency. Annual certifications and representations shall be signed by responsible officials with the authority to ensure recipients' compliance with the pertinent requirements.

(Authority: Pub. L. 104-156; 110 Stat. 1396)

[70 FR 52248, 52265, Sept. 1, 2005]

§ 49.21 Standards for financial management systems.

(a) Federal awarding agencies shall require recipients to relate financial data to performance data and develop unit cost information whenever practical.

(b) Recipients' financial management systems shall provide for the following.

(1) Accurate, current and complete disclosure of the financial results of each federally-sponsored project or program in accordance with the reporting requirements set forth in § 49.52. If a Federal awarding agency requires reporting on an accrual basis from a recipient that maintains its records on other than an accrual basis, the recipient shall not be required to establish an accrual accounting system. These recipients may develop such accrual data for its reports on the basis of an analysis of the documentation on hand.

(2) Records that identify adequately the source and application of funds for federally-sponsored activities. These records shall contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, outlays, income
and interest.

(3) Effective control over and accountability for all funds, property and other assets. Recipients shall adequately safeguard all such assets and assure they are used solely for authorized purposes.

(4) Comparison of outlays with budget amounts for each award. Whenever appropriate, financial information should be related to performance and unit cost data.

(5) Written procedures to minimize the time elapsing between the transfer of funds to the recipient from the U.S. Treasury and the issuance or redemption of checks, warrants or payments by other means for program purposes by the recipient. To the extent that the provisions of the Cash Management Improvement Act (CMIA) (Pub. L. 101-453) govern, payment methods of State agencies, instrumentalities, and fiscal agents shall be consistent with CMIA Treasury-State Agreements or the CMIA default procedures codified at 31 CFR part 205, "Withdrawal of Cash from the Treasury for Advances under Federal Grant and Other Programs."

(6) Written procedures for determining the reasonableness, allocability and allowability of costs in accordance with the provisions of the applicable Federal cost principles and the terms and conditions of the award.

(7) Accounting records including cost accounting records that are supported by source documentation.

(c) Where the Federal Government guarantees or insures the repayment of money borrowed by the recipient, the Federal awarding agency, at its discretion, may require adequate bonding and insurance if the bonding and insurance requirements of the recipient are not deemed adequate to protect the interest of the Federal Government.

(d) The Federal awarding agency may require adequate fidelity bond coverage where the recipient lacks sufficient coverage to protect the Federal Government's interest.

(e) Where bonds are required in the situations described in paragraphs (a) through (d) of this section, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties, as prescribed in 31 CFR part 223, "Surety Companies Doing Business with the United States."

(Authority: Pub. L. 104-156; 110 Stat. 1396)
[70 FR 52248, 52265, Sept. 1, 2005]

§ 49.22 Payment.

(a) Payment methods shall minimize the time elapsing between the transfer of funds from the United States Treasury and the issuance or redemption of checks, warrants, or payment by other means by the recipients. Payment methods of State agencies or instrumentalities shall be consistent with Treasury-State CMIA agreements or default procedures codified at 31 CFR part 205.

(b) Recipients are to be paid in advance, provided they maintain or demonstrate the willingness to maintain written procedures that minimize the time elapsing between the transfer of funds and disbursement by the recipient, and financial management systems that meet the standards for fund control and accountability as established in § 49.21. Cash advances to a recipient organization shall be limited to the minimum amounts needed and be timed to be in accordance with the actual, immediate cash requirements of the recipient organization in carrying out the purpose of the approved program or project. The timing and amount of cash advances shall be as close as is administratively feasible to the actual disbursements by the recipient organization for direct program or project costs and the proportionate share of any allowable indirect costs.

(c) Whenever possible, advances shall be consolidated to cover anticipated cash needs for all awards made by the Federal awarding agency to the recipient.

(1) Advance payment mechanisms include, but are not limited to, Treasury check and electronic funds transfer.

(2) Advance payment mechanisms are subject to 31 CFR part 205.

(3) Recipients shall be authorized to submit requests for advances and reimbursements at least monthly when electronic fund transfers are not used.

(d) Requests for Treasury check advance payment shall be submitted on SF-270, "Request for Advance or Reimbursement," or other forms as may be authorized by OMB. This form is not to be used when Treasury check advance payments are made to the recipient automatically through the use of a predetermined payment schedule or if precluded by special Federal awarding agency instructions for electronic funds transfer.

(e) Reimbursement is the preferred method when the requirements in paragraph (b) of this section cannot be met. Federal awarding agencies may also use this method on any construction agreement, or if the major portion of the construction project is accomplished through private market financing or Federal loans, and the Federal assistance constitutes a minor portion of the project.

(1) When the reimbursement method is used, the Federal awarding agency shall make payment within 30 days after receipt of the billing, unless the billing is improper.
(2) Recipients shall be authorized to submit request for reimbursement at least monthly when electronic funds transfers are not used.

(f) If a recipient cannot meet the criteria for advance payments and the Federal awarding agency has determined that reimbursement is not feasible because the recipient lacks sufficient working capital, the Federal awarding agency may provide cash on a working capital advance basis. Under this procedure, the Federal awarding agency shall advance cash to the recipient to cover its estimated disbursement needs for an initial period generally geared to the awardee's disbursing cycle. Thereafter, the Federal awarding agency shall reimburse the recipient for its actual cash disbursements. The working capital advance method of payment shall not be used for recipients unwilling or unable to provide timely advances to their subrecipient to meet the subrecipient's actual cash disbursements.

(g) To the extent available, recipients shall disburse funds available from repayments to and interest earned on a revolving fund, program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.

(h) Unless otherwise required by statute, Federal awarding agencies shall not withhold payments for proper charges made by recipients at any time during the project period unless either of the following conditions apply.

(1) A recipient has failed to comply with the project objectives, the terms and conditions of the award, or Federal reporting requirements.

(2) The recipient or subrecipient is delinquent in a debt to the United States as defined in OMB Circular A-129, "Managing Federal Credit Programs." Under such conditions, the Federal awarding agency may, upon reasonable notice, inform the recipient that payments shall not be made for obligations incurred after a specified date until the conditions are corrected or the indebtedness to the Federal Government is liquidated.

(i) Standards governing the use of banks and other institutions as depositories of funds advanced under awards are as follows.

(1) Except for situations described in paragraph (i)(2) of this section, Federal awarding agencies shall not require separate depository accounts for funds provided to a recipient or establish any eligibility requirements for depositories for funds provided to a recipient. However, recipients must be able to account for the receipt, obligation and expenditure of funds.

(2) Advances of Federal funds shall be deposited and maintained in insured accounts whenever possible.

(j) Consistent with the national goal of expanding the opportunities for women-owned and minority-owned business enterprises, recipients shall be encouraged to use
women-owned and minority-owned banks (a bank which is owned at least 50 percent by women or minority group members).

(k) Recipients shall maintain advances of Federal funds in interest bearing accounts, unless any of the following conditions apply.

(1) The recipient receives less than $120,000 in Federal awards per year.

(2) The best reasonably available interest bearing account would not be expected to earn interest in excess of $250 per year on Federal cash balances.

(3) The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources.

(l) For those entities where CMIA and its implementing regulations do not apply, interest earned on Federal advances deposited in interest bearing accounts shall be remitted annually to Department of Health and Human Services, Payment Management System, Rockville, MD 20852. Interest amounts up to $250 per year may be retained by the recipient for administrative expense. State universities and hospitals shall comply with CMIA, as it pertains to interest. If an entity subject to CMIA uses its own funds to pay pre-award costs for discretionary awards without prior written approval from the Federal awarding agency, it waives its right to recover the interest under CMIA.

(m) Except as noted elsewhere in this part, only the following forms shall be authorized for the recipients in requesting advances and reimbursements. Federal agencies shall not require more than an original and two copies of these forms.

(1) SF-270, Request for Advance or Reimbursement. Each Federal awarding agency shall adopt the SF-270 as a standard form for all nonconstruction programs when electronic funds transfer or predetermined advance methods are not used. Federal awarding agencies, however, have the option of using this form for construction programs in lieu of the SF-271, "Outlay Report and Request for Reimbursement for Construction Programs."

(2) SF-271, Outlay Report and Request for Reimbursement for Construction Programs. Each Federal awarding agency shall adopt the SF-271 as the standard form to be used for requesting reimbursement for construction programs. However, a Federal awarding agency may substitute the SF-270 when the Federal awarding agency determines that it provides adequate information to meet Federal needs.

(Authority: Pub. L. 104-156; 110 Stat. 1396)
[70 FR 52248, 52265, Sept. 1, 2005]

§ 49.23 Cost sharing or matching.

(a) All contributions, including cash and third party in-kind, shall be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the following criteria.

(1) Are verifiable from the recipient's records.

(2) Are not included as contributions for any other federally-assisted project or program.

(3) Are necessary and reasonable for proper and efficient accomplishment of project or program objectives.

(4) Are allowable under the applicable cost principles.

(5) Are not paid by the Federal Government under another award, except where authorized by Federal statute to be used for cost sharing or matching.

(6) Are provided for in the approved budget when required by the Federal awarding agency.

(7) Conform to other provisions of this part, as applicable.

(b) Unrecovered indirect costs may be included as part of cost sharing or matching only with the prior approval of the Federal awarding agency.

(c) Values for recipient contributions of services and property shall be established in accordance with the applicable cost principles. If a Federal awarding agency authorizes recipients to donate buildings or land for construction/facilities acquisition projects or long-term use, the value of the donated property for cost sharing or matching shall be the lesser of the following.

(1) The certified value of the remaining life of the property recorded in the recipient's accounting records at the time of donation.

(2) The current fair market value. However, when there is sufficient justification, the Federal awarding agency may approve the use of the current fair market value of the donated property, even if it exceeds the certified value at the time of donation to the project.

(d) Volunteer services furnished by professional and technical personnel, consultants, and other skilled and unskilled labor may be counted as cost sharing or matching if the service is an integral and necessary part of an approved project or program. Rates for volunteer services shall be consistent with those paid for similar work in the recipient's
organization. In those instances in which the required skills are not found in the recipient organization, rates shall be consistent with those paid for similar work in the labor market in which the recipient competes for the kind of services involved. In either case, paid fringe benefits that are reasonable, allowable, and allocable may be included in the valuation.

(e) When an employer other than the recipient furnishes the services of an employee, these services shall be valued at the employee's regular rate of pay (plus an amount of fringe benefits that are reasonable, allowable, and allocable, but exclusive of overhead costs), provided these services are in the same skill for which the employee is normally paid.

(f) Donated supplies may include such items as expendable equipment, office supplies, laboratory supplies or workshop and classroom supplies. Value assessed to donated supplies included in the cost sharing or matching share shall be reasonable and shall not exceed the fair market value of the property at the time of the donation.

(g) The method used for determining cost sharing or matching for donated equipment, buildings and land for which title passes to the recipient may differ according to the purpose of the award, if either of the following conditions apply.

(1) If the purpose of the award is to assist the recipient in the acquisition of equipment, buildings or land, the total value of the donated property may be claimed as cost sharing or matching.

(2) If the purpose of the award is to support activities that require the use of equipment, buildings or land, normally only depreciation or use charges for equipment and buildings may be made. However, the full value of equipment or other capital assets and fair rental charges for land may be allowed, provided that the Federal awarding agency has approved the charges.

(h) The value of donated property shall be determined in accordance with the usual accounting policies of the recipient, with the following qualifications.

(1) The value of donated land and buildings shall not exceed its fair market value at the time of donation to the recipient as established by an independent appraiser (e.g., certified real property appraiser or General Services Administration representative) and certified by a responsible official of the recipient.

(2) The value of donated equipment shall not exceed the fair market value of equipment of the same age and condition at the time of donation.

(3) The value of donated space shall not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately-owned building in the same locality.
(4) The value of loaned equipment shall not exceed its fair rental value.

(5) The following requirements pertain to the recipient's supporting records for in-kind contributions from third parties.

(i) Volunteer services shall be documented and, to the extent feasible, supported by the same methods used by the recipient for its own employees.

(ii) The basis for determining the valuation for personal service, material, equipment, buildings and land shall be documented.

§ 49.24 Program income.

(a) Federal awarding agencies shall apply the standards set forth in this section in requiring recipient organizations to account for program income related to projects financed in whole or in part with Federal funds.

(b) Except as provided in paragraph (h) of this section, program income earned during the project period shall be retained by the recipient and, in accordance with Federal awarding agency regulations or the terms and conditions of the award, shall be used in one or more of the ways listed in the following:

(1) Added to funds committed to the project by the Federal awarding agency and recipient and used to further eligible project or program objectives.

(2) Used to finance the non-Federal share of the project or program.

(3) Deducted from the total project or program allowable cost in determining the net allowable costs on which the Federal share of costs is based.

(c) When an agency authorizes the disposition of program income as described in paragraphs (b)(1) or (b)(2) of this section, program income in excess of any limits stipulated shall be used in accordance with paragraph (b)(3) of this section.

(d) In the event that the Federal awarding agency does not specify in its regulations or the terms and conditions of the award how program income is to be used, paragraph (b)(3) of this section shall apply automatically to all projects or programs except research. For awards that support research, paragraph (b)(1) of this section shall apply automatically.
unless the awarding agency indicates in the terms and conditions another alternative on
the award or the recipient is subject to special award conditions, as indicated in § 49.14.

(e) Unless Federal awarding agency regulations or the terms and conditions of the award
provide otherwise, recipients shall have no obligation to the Federal Government
regarding program income earned after the end of the project period.

(f) If authorized by Federal awarding agency regulations or the terms and conditions of
the award, costs incident to the generation of program income may be deducted from
gross income to determine program income, provided these costs have not been charged
to the award.

(g) Proceeds from the sale of property shall be handled in accordance with the
requirements of the Property Standards (See §§ 49.30 through 49.37).

(h) Unless Federal awarding agency regulations or the terms and condition of the award
provide otherwise, recipients shall have no obligation to the Federal Government with
respect to program income earned from license fees and royalties for copyrighted
material, patents, patent applications, trademarks, and inventions produced under an
award. However, Patent and Trademark Amendments (35 U.S.C. 18) apply to inventions
made under an experimental, developmental, or research award.

[EFFECTIVE DATE NOTE: 70 FR 52248, 52267, Sept. 1, 2005, added Part 49, effective
Oct. 3, 2005.]

§ 49.25 Revision of budget and program plans.

(a) The budget plan is the financial expression of the project or program as approved
during the award process. It may include either the Federal and non-Federal share, or
only the Federal share, depending upon Federal awarding agency requirements. It shall be
related to performance for program evaluation purposes whenever appropriate.

(b) Recipients are required to report deviations from budget and program plans, and
request prior approvals for budget and program plan revisions, in accordance with this
section.

(c) For nonconstruction awards, recipients shall request prior approvals from Federal
awarding agencies for one or more of the following program or budget related reasons.
(1) Change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).

(2) Change in a key person specified in the application or award document.

(3) The absence for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.

(4) The need for additional Federal funding.

(5) The transfer of amounts budgeted for indirect costs to absorb increases in direct costs, or vice versa, if approval is required by the Federal awarding agency.

(7) The transfer of funds allotted for training allowances (direct payment to trainees) to other categories of expense.

(8) Unless described in the application and funded in the approved awards, the subaward, transfer or contracting out of any work under an award. This provision does not apply to the purchase of supplies, material, equipment or general support services.

(d) No other prior approval requirements for specific items may be imposed unless a deviation has been approved by OMB.

(e) Except for requirements listed in paragraphs (c)(1) and (c)(4) of this section, Federal awarding agencies are authorized, at their option, to waive cost-related and administrative prior written approvals required by this part and OMB Circulars A-21 and A-122. Such waivers may include authorizing recipients to do any one or more of the following.

(1) Incur pre-award costs 90 calendar days prior to award or more than 90 calendar days with the prior approval of the Federal awarding agency. All pre-award costs are incurred at the recipient's risk (i.e., the Federal awarding agency is under no obligation to reimburse such costs if for any reason the recipient does not receive an award or if the award is less than anticipated and inadequate to cover such costs).

(2) Initiate a one-time extension of the expiration date of the award of up to 12 months unless one or more of the following conditions apply. For one-time extensions, the recipient must notify the Federal awarding agency in writing with the supporting reasons and revised expiration date at least 10 days before the expiration date specified in the award. This one-time extension may not be exercised merely for the purpose of using
unobligated balances.

(i) The terms and conditions of award prohibit the extension.

(ii) The extension requires additional Federal funds.

(iii) The extension involves any change in the approved objectives or scope of the project.

(3) Carry forward unobligated balances to subsequent funding periods.

(4) For awards that support research, unless the Federal awarding agency provides otherwise in the award or in the agency's regulations, the prior approval requirements described in paragraph (e) of this section are automatically waived (i.e., recipients need not obtain such prior approvals) unless one of the conditions included in paragraph (e)(2) of this section applies.

(f) The Federal awarding agency may, at its option, restrict the transfer of funds among direct cost categories or programs, functions and activities for awards in which the Federal share of the project exceeds $100,000 and the cumulative amount of such transfers exceeds or is expected to exceed 10 percent of the total budget as last approved by the Federal awarding agency. No Federal awarding agency shall permit a transfer that would cause any Federal appropriation or part thereof to be used for purposes other than those consistent with the original intent of the appropriation.

(g) All other changes to nonconstruction budgets, except for the changes described in paragraph (j) of this section, do not require prior approval.

(h) For construction awards, recipients shall request prior written approval promptly from Federal awarding agencies for budget revisions whenever any of the following conditions apply.

(1) The revision results from changes in the scope or the objective of the project or program.

(2) The need arises for additional Federal funds to complete the project.

(3) A revision is desired which involves specific costs for which prior written approval requirements may be imposed consistent with applicable OMB cost principles listed in § 49.27.

(i) No other prior approval requirements for specific items may be imposed unless a deviation has been approved by OMB.

(j) When a Federal awarding agency makes an award that provides support for both construction and nonconstruction work, the Federal awarding agency may require the recipient to request prior approval from the Federal awarding agency before making any
fund or budget transfers between the two types of work supported.

(k) For both construction and nonconstruction awards, Federal awarding agencies shall require recipients to notify the Federal awarding agency in writing promptly whenever the amount of Federal authorized funds is expected to exceed the needs of the recipient for the project period by more than $5,000 or five percent of the Federal award, whichever is greater. This notification shall not be required if an application for additional funding is submitted for a continuation award.

(l) When requesting approval for budget revisions, recipients shall use the budget forms that were used in the application unless the Federal awarding agency indicates a letter of request suffices.

(m) Within 30 calendar days from the date of receipt of the request for budget revisions, Federal awarding agencies shall review the request and notify the recipient whether the budget revisions have been approved. If the revision is still under consideration at the end of 30 calendar days, the Federal awarding agency shall inform the recipient in writing of the date when the recipient may expect the decision.

§ 49.26 Non-Federal audits.

(a) Recipients and subrecipients that are institutions of higher education or other non-profit organizations (including hospitals) shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

(b) State and local governments shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

(c) For-profit hospitals not covered by the audit provisions of revised OMB Circular A-133 shall be subject to the audit requirements of the Federal awarding agencies.

(d) Commercial organizations shall be subject to the audit requirements of the Federal awarding agency or the prime recipient as incorporated into the award document.

§ 49.27 Allowable costs.

For each kind of recipient, there is a set of Federal principles for determining allowable costs. Allowability of costs shall be determined in accordance with the cost principles applicable to the entity incurring the costs. Thus, allowability of costs incurred by State, local or federally-recognized Indian tribal governments is determined in accordance with the provisions of OMB Circular A-87, "Cost Principles for State, Local, and Indian Tribal Governments." The allowability of costs incurred by non-profit organizations is determined in accordance with the provisions of OMB Circular A-122, "Cost Principles for Non-Profit Organizations." The allowability of costs incurred by institutions of higher education is determined in accordance with the provisions of OMB Circular A-21, "Cost Principles for Educational Institutions." The allowability of costs incurred by hospitals is determined in accordance with the provisions of Appendix E of 45 CFR part 74, "Principles for Determining Costs Applicable to Research and Development Under Grants and Contracts with Hospitals." The allowability of costs incurred by commercial organizations and those non-profit organizations listed in Attachment C to Circular A-122 is determined in accordance with the provisions of the Federal Acquisition Regulation (FAR) at 48 CFR part 31.

§ 49.28 Period of availability of funds.

Where a funding period is specified, a recipient may charge to the grant only allowable costs resulting from obligations incurred during the funding period and any pre-award costs authorized by the Federal awarding agency.

§ 49.29 Conditional exemptions.

(a) OMB authorizes conditional exemption from OMB administrative requirements and cost principles circulars for certain Federal programs with statutorily-authorized consolidated planning and consolidated administrative funding, that are identified by a Federal agency and approved by the head of the Executive department or establishment. A Federal agency shall consult with OMB during its consideration of whether to grant such an exemption.

(b) To promote efficiency in State and local program administration, when Federal non-entitlement programs with common purposes have specific statutorily-authorized consolidated planning and consolidated administrative funding and where most of the State agency's resources come from non-Federal sources, Federal agencies may exempt these covered State-administered, non-entitlement grant programs from certain OMB grants management requirements. The exemptions would be from all but the allocability of costs provisions of OMB Circulars A-87 (Attachment A, subsection C.3), "Cost Principles for State, Local, and Indian Tribal Governments," A-21 (Section C, subpart 4), "Cost Principles for Educational Institutions," and A-122 (Attachment A, subsection A.4), "Cost Principles for Non-Profit Organizations," and from all of the administrative requirements provisions of OMB Circular A-110, "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations," and part 43 of this chapter.

(c) When a Federal agency provides this flexibility, as a prerequisite to a State's exercising this option, a State must adopt its own written fiscal and administrative requirements for expending and accounting for all funds, which are consistent with the provisions of OMB Circular A-87, and extend such policies to all subrecipients. These fiscal and administrative requirements must be sufficiently specific to ensure that: Funds are used in compliance with all applicable Federal statutory and regulatory provisions, costs are reasonable and necessary for operating these programs, and funds are not be used for general expenses required to carry out other responsibilities of a State or its subrecipients.

Property Standards

§ 49.30 Purpose of property standards.
§ 49.31 Insurance coverage.
§ 49.32 Real property.
§ 49.33 Federally-owned and exempt property.
§ 49.34 Equipment.
§ 49.35 Supplies and other expendable property.
§ 49.36 Intangible property.
§ 49.37 Property trust relationship.

§ 49.30 Purpose of property standards.

Sections 49.31 through 49.37 set forth uniform standards governing management and disposition of property furnished by the Federal Government whose cost was charged to a project supported by a Federal award. Federal awarding agencies shall require recipients to observe these standards under awards and shall not impose additional requirements, unless specifically required by Federal statute. The recipient may use its own property management standards and procedures provided it observes the provisions of §§ 49.31 through 49.37.

§ 49.31 Insurance coverage.

Recipients shall, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired with Federal funds as provided to property owned by the recipient. Federally-owned property need not be insured unless required by the terms and conditions of the award.

§ 49.32 Real property.

Each Federal awarding agency shall prescribe requirements for recipients concerning the use and disposition of real property acquired in whole or in part under awards. Unless otherwise provided by statute, such requirements, at a minimum, shall contain the following:

(a) Title to real property shall vest in the recipient subject to the condition that the recipient shall use the real property for the authorized purpose of the project as long as it is needed and shall not encumber the property without approval of the Federal awarding agency.

(b) The recipient shall obtain written approval by the Federal awarding agency for the use of real property in other federally-sponsored projects when the recipient determines that the property is no longer needed for the purpose of the original project. Use in other projects shall be limited to those under federally-sponsored projects (i.e., awards) or programs that have purposes consistent with those authorized for support by the Federal awarding agency.

(c) When the real property is no longer needed as provided in paragraphs (a) and (b) of this section, the recipient shall request disposition instructions from the Federal awarding agency or its successor Federal awarding agency. The Federal awarding agency shall observe one or more of the following disposition instructions.

(1) The recipient may be permitted to retain title without further obligation to the Federal Government after it compensates the Federal Government for that percentage of the current fair market value of the property attributable to the Federal participation in the project.

(2) The recipient may be directed to sell the property under guidelines provided by the Federal awarding agency and pay the Federal Government for that percentage of the current fair market value of the property attributable to the Federal participation in the project (after deducting actual and reasonable selling and fix-up expenses, if any, from the sales proceeds). When the recipient is authorized or required to sell the property, proper sales procedures shall be established that provide for competition to the extent practicable and result in the highest possible return.

(3) The recipient may be directed to transfer title to the property to the Federal Government or to an eligible third party provided that, in such cases, the recipient shall be entitled to compensation for its attributable percentage of the current fair market value of the property.

(Authority: Pub. L. 104-156; 110 Stat. 1396)
[70 FR 52248, 52269, Sept. 1, 2005]
§ 49.33 Federally-owned and exempt property.

(a) Federally-owned property. (1) Title to federally-owned property remains vested in the Federal Government. Recipients shall submit annually an inventory listing of federally-owned property in their custody to the Federal awarding agency. Upon completion of the award or when the property is no longer needed, the recipient shall report the property to the Federal awarding agency for further Federal agency utilization.

(2) If the Federal awarding agency has no further need for the property, it shall be declared excess and reported to the General Services Administration, unless the Federal awarding agency has statutory authority to dispose of the property by alternative methods (e.g., the authority provided by the Federal Technology Transfer Act (15 U.S.C. 3710(I)) to donate research equipment to educational and non-profit organizations in accordance with E.O. 12821, "Improving Mathematics and Science Education in Support of the National Education Goals.") Appropriate instructions shall be issued to the recipient by the Federal awarding agency.

(b) Exempt property. When statutory authority exists, the Federal awarding agency has the option to vest title to property acquired with Federal funds in the recipient without further obligation to the Federal Government and under conditions the Federal awarding agency considers appropriate. Such property is "exempt property." Should a Federal awarding agency not establish conditions, title to exempt property upon acquisition shall vest in the recipient without further obligation to the Federal Government.

§ 49.34 Equipment.

(a) Title to equipment acquired by a recipient with Federal funds shall vest in the recipient, subject to conditions of this section.

(b) The recipient shall not use equipment acquired with Federal funds to provide services to non-Federal outside organizations for a fee that is less than private companies charge for equivalent services, unless specifically authorized by Federal statute, for as long as
the Federal Government retains an interest in the equipment.

(c) The recipient shall use the equipment in the project or program for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds and shall not encumber the property without approval of the Federal awarding agency. When no longer needed for the original project or program, the recipient shall use the equipment in connection with its other federally-sponsored activities, in the following order of priority:

(1) Activities sponsored by the Federal awarding agency, which funded the original project, then

(2) Activities sponsored by other Federal awarding agencies.

(d) During the time that equipment is used on the project or program for which it was acquired, the recipient shall make it available for use on other projects or programs if such other use will not interfere with the work on the project or program for which the equipment was originally acquired. First preference for such other use shall be given to other projects or programs sponsored by the Federal awarding agency that financed the equipment; second preference shall be given to projects or programs sponsored by other Federal awarding agencies. If the equipment is owned by the Federal Government, use on other activities not sponsored by the Federal Government shall be permissible if authorized by the Federal awarding agency. User charges shall be treated as program income.

(e) When acquiring replacement equipment, the recipient may use the equipment to be replaced as trade-in or sell the equipment and use the proceeds to offset the costs of the replacement equipment subject to the approval of the Federal awarding agency.

(f) The recipient's property management standards for equipment acquired with Federal funds and federally-owned equipment shall include all of the following.

(1) Equipment records shall be maintained accurately and shall include the following information.

(i) A description of the equipment.

(ii) Manufacturer's serial number, model number, Federal stock number, national stock number, or other identification number.

(iii) Source of the equipment, including the award number.

(iv) Whether title vests in the recipient or the Federal Government.
(v) Acquisition date (or date received, if the equipment was furnished by the Federal Government) and cost.

(vi) Information from which one can calculate the percentage of Federal participation in the cost of the equipment (not applicable to equipment furnished by the Federal Government).

(vii) Location and condition of the equipment and the date the information was reported.

(viii) Unit acquisition cost.

(ix) Ultimate disposition data, including date of disposal and sales price or the method used to determine current fair market value where a recipient compensates the Federal awarding agency for its share.

(2) Equipment owned by the Federal Government shall be identified to indicate Federal ownership.

(3) A physical inventory of equipment shall be taken and the results reconciled with the equipment records at least once every two years. Any differences between quantities determined by the physical inspection and those shown in the accounting records shall be investigated to determine the causes of the difference. The recipient shall, in connection with the inventory, verify the existence, current utilization, and continued need for the equipment.

(4) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft of the equipment. Any loss, damage, or theft of equipment shall be investigated and fully documented; if the equipment was owned by the Federal Government, the recipient shall promptly notify the Federal awarding agency.

(5) Adequate maintenance procedures shall be implemented to keep the equipment in good condition.

(6) Where the recipient is authorized or required to sell the equipment, proper sales procedures shall be established which provide for competition to the extent practicable and result in the highest possible return.

(g) When the recipient no longer needs the equipment, the equipment may be used for other activities in accordance with the following standards. For equipment with a current per unit fair market value of $5000 or more, the recipient may retain the equipment for other uses provided that compensation is made to the original Federal awarding agency or its successor. The amount of compensation shall be computed by applying the percentage of Federal participation in the cost of the original project or program to the current fair market value of the equipment. If the recipient has no need for the equipment, the recipient shall request disposition instructions from the Federal awarding agency. The Federal awarding agency shall determine whether the equipment can be used to meet the
agency’s requirements. If no requirement exists within that agency, the availability of the
equipment shall be reported to the General Services Administration by the Federal
awarding agency to determine whether a requirement for the equipment exists in other
Federal agencies. The Federal awarding agency shall issue instructions to the recipient no
later than 120 calendar days after the recipient's request and the following procedures
shall govern.

(1) If so instructed or if disposition instructions are not issued within 120 calendar days
after the recipient's request, the recipient shall sell the equipment and reimburse the
Federal awarding agency an amount computed by applying to the sales proceeds the
percentage of Federal participation in the cost of the original project or program.
However, the recipient shall be permitted to deduct and retain from the Federal share $500 or ten percent of the proceeds, whichever is less, for the recipient's selling and handling expenses.

(2) If the recipient is instructed to ship the equipment elsewhere, the recipient shall be
reimbursed by the Federal Government by an amount which is computed by applying the
percentage of the recipient's participation in the cost of the original project or program to
the current fair market value of the equipment, plus any reasonable shipping or interim
storage costs incurred.

(3) If the recipient is instructed to otherwise dispose of the equipment, the recipient shall
be reimbursed by the Federal awarding agency for such costs incurred in its disposition.

(4) The Federal awarding agency may reserve the right to transfer the title to the Federal
Government or to a third party named by the Federal Government when such third party
is otherwise eligible under existing statutes. Such transfer shall be subject to the
following standards.

(i) The equipment shall be appropriately identified in the award or otherwise made
known to the recipient in writing.

(ii) The Federal awarding agency shall issue disposition instructions within 120 calendar
days after receipt of a final inventory. The final inventory shall list all equipment
acquired with grant funds and federally-owned equipment. If the Federal awarding
agency fails to issue disposition instructions within the 120 calendar day period, the
recipient shall apply the standards of this section, as appropriate.

(iii) When the Federal awarding agency exercises its right to take title, the equipment
shall be subject to the provisions for federally-owned equipment.

§ 49.35 Supplies and other expendable property.

(a) Title to supplies and other expendable property shall vest in the recipient upon acquisition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate value upon termination or completion of the project or program and the supplies are not needed for any other federally-sponsored project or program, the recipient shall retain the supplies for use on non-Federal sponsored activities or sell them, but shall, in either case, compensate the Federal Government for its share. The amount of compensation shall be computed in the same manner as for equipment.

(b) The recipient shall not use supplies acquired with Federal funds to provide services to non-Federal outside organizations for a fee that is less than private companies charge for equivalent services, unless specifically authorized by Federal statute as long as the Federal Government retains an interest in the supplies.

§ 49.36 Intangible property.

(a) The recipient may copyright any work that is subject to copyright and was developed, or for which ownership was purchased, under an award. The Federal awarding agency(ies) reserve a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so.

(b) Recipients are subject to applicable regulations governing patents and inventions, including government-wide regulations issued by the Department of Commerce at 37 CFR part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements."

(c) The Federal Government has the right to:

(1) Obtain, reproduce, publish or otherwise use the data first produced under an award; and
(2) Authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes.

(d)(1) In addition, in response to a Freedom of Information Act (FOIA) request for research data relating to published research findings produced under an award that were used by the Federal Government in developing an agency action that has the force and effect of law, the Federal awarding agency shall request, and the recipient shall provide, within a reasonable time, the research data so that they can be made available to the public through the procedures established under the FOIA. If the Federal awarding agency obtains the research data solely in response to an FOIA request, the agency may charge the requester a reasonable fee equaling the full incremental cost of obtaining the research data. This fee should reflect costs incurred by the agency, the recipient, and applicable subrecipients. This fee is in addition to any fees the agency may assess under the FOIA (5 U.S.C. 522(a)(4)(A)).

(2) The following definitions apply for purposes of paragraph (d) of this section:

(i) Research data is defined as the recorded factual material commonly accepted in the scientific community as necessary to validate research findings, but not any of the following: preliminary analyses, drafts of scientific papers, plans for future research, peer reviews, or communications with colleagues. This "recorded" material excludes physical objects (e.g., laboratory samples). Research data also do not include:

(A) Trade secrets, commercial information, materials necessary to be held confidential by a researcher until they are published, or similar information which is protected under law; and

(B) Personnel and medical information and similar information the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, such as information that could be used to identify a particular person in a research study.

(ii) Published is defined as either when:

(A) Research findings are published in a peer-reviewed scientific or technical journal; or

(B) A Federal agency publicly and officially cites the research findings in support of an agency action that has the force and effect of law.

(iii) Used by the Federal Government in developing an agency action that has the force and effect of law is defined as when an agency publicly and officially cites the research findings in support of an agency action that has the force and effect of law.

(e) Title to intangible property and debt instruments acquired under an award or subaward vests upon acquisition in the recipient. The recipient shall use that property for the originally-authorized purpose, and the recipient shall not encumber the property without approval of the Federal awarding agency. When no longer needed for the
originally authorized purpose, disposition of the intangible property shall occur in accordance with the provisions of § 49.34(g).

§ 49.37 Property trust relationship.

Real property, equipment, intangible property and debt instruments that are acquired or improved with Federal funds shall be held in trust by the recipient as trustee for the beneficiaries of the project or program under which the property was acquired or improved. Agencies may require recipients to record liens or other appropriate notices of record to indicate that personal or real property has been acquired or improved with Federal funds and that use and disposition conditions apply to the property.

§ 49.46 Procurement records.
§ 49.47 Contract administration.
§ 49.48 Contract provisions.

§ 49.40 Purpose of procurement standards.
Sections 49.41 through 49.48 set forth standards for use by recipients in establishing procedures for the procurement of supplies and other expendable property, equipment, real property and other services with Federal funds. These standards are furnished to ensure that such materials and services are obtained in an effective manner and in compliance with the provisions of applicable Federal statutes and executive orders. No additional procurement standards or requirements shall be imposed by the Federal awarding agencies upon recipients, unless specifically required by Federal statute or executive order or approved by OMB.

§ 49.41 Recipient responsibilities.
The standards contained in §§ 49.41 through 49.48 do not relieve the recipient of the contractual responsibilities arising under its contract(s). The recipient is the responsible authority, without recourse to the Federal awarding agency, regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into in support of an award or other agreement. This includes disputes, claims, protests of award, source evaluation or other matters of a contractual nature. Matters concerning violation of statute are to be referred to such Federal, State or local authority as may have proper jurisdiction.

[70 FR 52248, 52272, Sept. 1, 2005]
§ 49.42 Codes of conduct.

The recipient shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts. No employee, officer, or agent shall participate in the selection, award, or administration of a contract supported by Federal funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the recipient shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to subagreements. However, recipients may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct shall provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the recipient.

§ 49.43 Competition.

All procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, open and free competition. The recipient shall be alert to organizational conflicts of interest as well as noncompetitive practices among contractors that may restrict or eliminate competition or otherwise restrain trade. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, invitations for bids and/or requests for proposals shall be excluded from competing for such procurements. Awards shall be made to the bidder or offeror whose bid or offer is responsive to the solicitation and is most advantageous to the recipient, price, quality and other factors considered. Solicitations shall clearly set forth all requirements that the bidder or offeror shall fulfill in order for the bid or offer to be evaluated by the recipient. Any and all bids or offers may be rejected when it is in the recipient's interest to do so.

(Authority: Pub. L. 104-156; 110 Stat. 1396)
§ 49.44 Procurement procedures.

(a) All recipients shall establish written procurement procedures. These procedures shall provide for, at a minimum, that all of the following conditions apply.

(1) Recipients avoid purchasing unnecessary items.

(2) Where appropriate, an analysis is made of lease and purchase alternatives to determine which would be the most economical and practical procurement for the Federal Government.

(3) Solicitations for goods and services provide for all of the following.

   (i) A clear and accurate description of the technical requirements for the material, product or service to be procured. In competitive procurements, such a description shall not contain features, which unduly restrict competition.

   (ii) Requirements, which the bidder/offeror must fulfill, and all other factors to be used in evaluating bids or proposals.

   (iii) A description, whenever practicable, of technical requirements in terms of functions to be performed or performance required, including the range of acceptable characteristics or minimum acceptable standards.

   (iv) The specific features of "brand name or equal" descriptions that bidders are required to meet when such items are included in the solicitation.

   (v) The acceptance, to the extent practicable and economically feasible, of products and services dimensioned in the metric system of measurement.

   (vi) Preference, to the extent practicable and economically feasible, for products and services that conserve natural resources and protect the environment and are energy efficient.

(b) Positive efforts shall be made by recipients to utilize small businesses, minority-owned firms, and women's business enterprises, whenever possible. Recipients of Federal awards shall take all of the following steps to further this goal.
(1) Ensure that small businesses, minority-owned firms, and women's business enterprises are used to the fullest extent practicable.

(2) Make information on forthcoming opportunities available and arrange time frames for purchases and contracts to encourage and facilitate participation by small businesses, minority-owned firms, and women's business enterprises.

(3) Consider in the contract process whether firms competing for larger contracts intend to subcontract with small businesses, minority-owned firms, and women's business enterprises.

(4) Encourage contracting with consortiums of small businesses, minority-owned firms and women's business enterprises when a contract is too large for one of these firms to handle individually.

(5) Use the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Department of Commerce's Minority Business Development Agency in the solicitation and utilization of small businesses, minority-owned firms and women's business enterprises.

c) The type of procuring instruments used (e.g., fixed price contracts, cost reimbursable contracts, purchase orders, and incentive contracts) shall be determined by the recipient but shall be appropriate for the particular procurement and for promoting the best interest of the program or project involved. The "cost-plus-a-percentage-of-cost" or "percentage of construction cost" methods of contracting shall not be used.

d) Contracts shall be made only with responsible contractors who possess the potential ability to perform successfully under the terms and conditions of the proposed procurement. Consideration shall be given to such matters as contractor integrity, record of past performance, financial and technical resources or accessibility to other necessary resources. In certain circumstances, contracts with certain parties are restricted by agencies' implementation of E.O.s 12549 and 12689, "Debarment and Suspension."

e) Recipients shall, on request, make available for the Federal awarding agency, pre-award review and procurement documents, such as request for proposals or invitations for bids, independent cost estimates, etc., when any of the following conditions apply.

(1) A recipient's procurement procedures or operation fails to comply with the procurement standards in the Federal awarding agency's implementation of this part.

(2) The procurement is expected to exceed the small purchase threshold fixed at 41 U.S.C. 403 (11) (currently $ 25,000) and is to be awarded without competition or only one bid or offer is received in response to a solicitation.
(3) The procurement, which is expected to exceed the small purchase threshold, specifies a "brand name" product.

(4) The proposed award over the small purchase threshold is to be awarded to other than the apparent low bidder under a sealed bid procurement.

(5) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the amount of the small purchase threshold.

§ 49.45 Cost and price analysis.

Some form of cost or price analysis shall be made and documented in the procurement files in connection with every procurement action. Price analysis may be accomplished in various ways, including the comparison of price quotations submitted, market prices and similar indicia, together with discounts. Cost analysis is the review and evaluation of each element of cost to determine reasonableness, allocability and allowability.

§ 49.46 Procurement records.

Procurement records and files for purchases in excess of the small purchase threshold shall include the following at a minimum:

(a) Basis for contractor selection,

(b) Justification for lack of competition when competitive bids or offers are not obtained, and

(c) Basis for award cost or price.
§ 49.47 Contract administration.

A system for contract administration shall be maintained to ensure contractor conformance with the terms, conditions and specifications of the contract and to ensure adequate and timely follow up of all purchases. § 49.48 Contract provisions.

The recipient shall include, in addition to provisions to define a sound and complete agreement, the following provisions in all contracts. The following provisions shall also be applied to subcontracts.

(a) Contracts in excess of the small purchase threshold shall contain contractual provisions or conditions that allow for administrative, contractual, or legal remedies in instances in which a contractor violates or breaches the contract terms, and provide for such remedial actions as may be appropriate.

(b) All contracts in excess of the small purchase threshold shall contain suitable provisions for termination by the recipient, including the manner by which termination shall be effected and the basis for settlement. In addition, such contracts shall describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

(c) Except as otherwise required by statute, an award that requires the contracting (or subcontracting) for construction or facility improvements shall provide for the recipient to follow its own requirements relating to bid guarantees, performance bonds, and
payment bonds unless the construction contract or subcontract exceeds $100,000. For those contracts or subcontracts exceeding $100,000, the Federal awarding agency may accept the bonding policy and requirements of the recipient, provided the Federal awarding agency has made a determination that the Federal Government's interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows.

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder shall, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by statute of all persons supplying labor and material in the execution of the work provided for in the contract.

(4) Where bonds are required in the situations described herein, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties pursuant to 31 CFR part 223, "Surety Companies Doing Business with the United States."

(d) All negotiated contracts (except those for less than the small purchase threshold) awarded by recipients shall include a provision to the effect that the recipient, the Federal awarding agency, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers and records of the contractor which are directly pertinent to a specific program for the purpose of making audits, examinations, excerpts and transcriptions.

(e) All contracts, including small purchases, awarded by recipients and their contractors shall contain the procurement provisions of Appendix A to this part, as applicable.

§ 49.51 Monitoring and reporting program performance.

(a) Recipients are responsible for managing and monitoring each project, program, subaward, function or activity supported by the award. Recipients shall monitor subawards to ensure subrecipients have met the audit requirements as delineated in § 49.26.

(b) The Federal awarding agency shall prescribe the frequency with which the performance reports shall be submitted. Except as provided in § 49.51(f) of this section, performance reports shall not be required more frequently than quarterly or, less frequently than annually. Annual reports shall be due 90 calendar days after the grant year; quarterly or semi-annual reports shall be due 30 days after the reporting period. The Federal awarding agency may require annual reports before the anniversary dates of multiple year awards in lieu of these requirements. The final performance reports are due 90 calendar days after the expiration or termination of the award.

(c) If inappropriate, a final technical or performance report shall not be required after completion of the project.

(d) When required, performance reports shall generally contain, for each award, brief information on each of the following.
(1) A comparison of actual accomplishments with the goals and objectives established for the period, the findings of the investigator, or both. Whenever appropriate and the output of programs or projects can be readily quantified, such quantitative data should be related to cost data for computation of unit costs.

(2) Reasons why established goals were not met, if appropriate.

(3) Other pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(e) Recipients shall not be required to submit more than the original and two copies of performance reports.

(f) Recipients shall immediately notify the Federal awarding agency of developments that have a significant impact on the award-supported activities. Also, notification shall be given in the case of problems, delays, or adverse conditions which materially impair the ability to meet the objectives of the award. This notification shall include a statement of the action taken or contemplated, and any assistance needed to resolve the situation.

(g) Federal awarding agencies may make site visits, as needed.

(h) Federal awarding agencies shall comply with clearance requirements of 5 CFR part 1320 when requesting performance data from recipients.

§ 49.52 Financial reporting.

(a) The following forms or such other forms as may be approved by OMB are authorized for obtaining financial information from recipients.

(1) SF-269 or SF-269A, Financial Status Report.

(i) Each Federal awarding agency shall require recipients to use the SF-269 or SF-269A to report the status of funds for all nonconstruction projects or programs. A Federal awarding agency may, however, have the option of not requiring the SF-269 or SF-269A when the SF-270, Request for Advance or Reimbursement, or SF-272, Report of Federal Cash Transactions, is determined to provide adequate information to meet its needs, except that a final SF-269 or SF-269A shall be required at the completion of the project.
when the SF-270 is used only for advances.

(ii) The Federal awarding agency shall prescribe whether the report shall be on a cash or accrual basis. If the Federal awarding agency requires accrual information and the recipient's accounting records are not normally kept on the accrual basis, the recipient shall not be required to convert its accounting system, but shall develop such accrual information through best estimates based on an analysis of the documentation on hand.

(iii) The Federal awarding agency shall determine the frequency of the Financial Status Report for each project or program, considering the size and complexity of the particular project or program. However, the report shall not be required more frequently than quarterly or less frequently than annually. A final report shall be required at the completion of the agreement.

(iv) The Federal awarding agency shall require recipients to submit the SF-269 or SF-269A (an original and no more than two copies) no later than 30 days after the end of each specified reporting period for quarterly and semi-annual reports, and 90 calendar days for annual and final reports. Extensions of reporting due dates may be approved by the Federal awarding agency upon request of the recipient.

(i) When funds are advanced to recipients the Federal awarding agency shall require each recipient to submit the SF-272 and, when necessary, its continuation sheet, SF-272a. The Federal awarding agency shall use this report to monitor cash advanced to recipients and to obtain disbursement information for each agreement with the recipients.

(ii) Federal awarding agencies may require forecasts of Federal cash requirements in the "Remarks" section of the report.

(iii) When practical and deemed necessary, Federal awarding agencies may require recipients to report in the "Remarks" section the amount of cash advances received in excess of three days. Recipients shall provide short narrative explanations of actions taken to reduce the excess balances.

(iv) Recipients shall be required to submit not more than the original and two copies of the SF-272 15 calendar days following the end of each quarter. The Federal awarding agencies may require a monthly report from those recipients receiving advances totaling $ 1 million or more per year.

(v) Federal awarding agencies may waive the requirement for submission of the SF-272 for any one of the following reasons:

(A) When monthly advances do not exceed $ 25,000 per recipient, provided that such advances are monitored through other forms contained in this section;
(B) If, in the Federal awarding agency's opinion, the recipient's accounting controls are adequate to minimize excessive Federal advances; or,

(C) When the electronic payment mechanisms provide adequate data.

(b) When the Federal awarding agency needs additional information or more frequent reports, the following shall be observed.

(1) When additional information is needed to comply with legislative requirements, Federal awarding agencies shall issue instructions to require recipients to submit such information under the "Remarks" section of the reports.

(2) When a Federal awarding agency determines that a recipient's accounting system does not meet the standards in § 49.21, additional pertinent information to further monitor awards may be obtained upon written notice to the recipient until such time as the system is brought up to standard. The Federal awarding agency, in obtaining this information, shall comply with report clearance requirements of 5 CFR part 1320.

(3) Federal awarding agencies are encouraged to shade out any line item on any report if not necessary.

(4) Federal awarding agencies may accept the identical information from the recipients in machine readable format or computer printouts or electronic outputs in lieu of prescribed formats.

(5) Federal awarding agencies may provide computer or electronic outputs to recipients when such expedites or contributes to the accuracy of reporting.

§ 49.53 Retention and access requirements for records.

(a) This section sets forth requirements for record retention and access to records for awards to recipients. Federal awarding agencies shall not impose any other record retention or access requirements upon recipients.

(b) Financial records, supporting documents, statistical records, and all other records pertinent to an award shall be retained for a period of three years from the date of submission of the final expenditure report or, for awards that are renewed quarterly or
annually, from the date of the submission of the quarterly or annual financial report, as authorized by the Federal awarding agency. The only exceptions are the following.

(1) If any litigation, claim, or audit is started before the expiration of the 3-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved and final action taken.

(2) Records for real property and equipment acquired with Federal funds shall be retained for 3 years after final disposition.

(3) When records are transferred to or maintained by the Federal awarding agency, the 3-year retention requirement is not applicable to the recipient.

(4) Indirect cost rate proposals, cost allocations plans, etc. as specified in § 49.53(g) of this section.

(c) Copies of original records may be substituted for the original records if authorized by the Federal awarding agency.

(d) The Federal awarding agency shall request transfer of certain records to its custody from recipients when it determines that the records possess long term retention value. However, in order to avoid duplicate recordkeeping, a Federal awarding agency may make arrangements for recipients to retain any records that are continuously needed for joint use.

(e) The Federal awarding agency, the Inspector General, Comptroller General of the United States, or any of their duly authorized representatives, have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to the awards, in order to make audits, examinations, excerpts, transcripts and copies of such documents. This right also includes timely and reasonable access to a recipient's personnel for the purpose of interview and discussion related to such documents. The rights of access in this paragraph are not limited to the required retention period, but shall last as long as records are retained.

(f) Unless required by statute, no Federal awarding agency shall place restrictions on recipients that limit public access to the records of recipients that are pertinent to an award, except when the Federal awarding agency can demonstrate that such records shall be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) if the records had belonged to the Federal awarding agency.

(g) Indirect cost rate proposals, cost allocations plans, etc. Paragraphs (g)(1) and (g)(2) of this section apply to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable.
(such as computer usage chargeback rates or composite fringe benefit rates).

(1) If submitted for negotiation. If the recipient submits to the Federal awarding agency or the subrecipient submits to the recipient the proposal, plan, or other computation to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts on the date of such submission.

(2) If not submitted for negotiation. If the recipient is not required to submit to the Federal awarding agency or the subrecipient is not required to submit to the recipient the proposal, plan, or other computation for negotiation purposes, then the 3-year retention period for the proposal, plan, or other computation and its supporting records starts at the end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

Termination and Enforcement

§ 49.60 Purpose of termination and enforcement.
§ 49.61 Termination.
§ 49.62 Enforcement.

§ 49.60 Purpose of termination and enforcement.

Sections 49.61 and 49.62 set forth uniform suspension, termination and enforcement procedures.

(Authority: Pub. L. 104-156; 110 Stat. 1396)
[70 FR 52248, 52275, Sept. 1, 2005]

§ 49.61 Termination.

(a) Awards may be terminated in whole or in part only if paragraphs (a)(1), (a)(2) or (a)(3) of this section apply.

(1) By the Federal awarding agency, if a recipient materially fails to comply with the terms and conditions of an award.

(2) By the Federal awarding agency with the consent of the recipient, in which case the two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated.

(3) By the recipient upon sending to the Federal awarding agency written notification setting forth the reasons for such termination, the effective date, and, in the case of partial termination, the portion to be terminated. However, if the Federal awarding agency determines in the case of partial termination that the reduced or modified portion of the grant will not accomplish the purposes for which the grant was made, it may terminate the grant in its entirety under either paragraphs (a)(1) or (2) of this section.

(b) If costs are allowed under an award, the responsibilities of the recipient referred to in § 49.71(a), including those for property management as applicable, shall be considered in the termination of the award, and provision shall be made for continuing responsibilities of the recipient after termination, as appropriate.

(Authority: Pub. L. 104-156; 110 Stat. 1396)
§ 49.62 Enforcement.

(a) Remedies for noncompliance. If a recipient materially fails to comply with the terms and conditions of an award, whether stated in a Federal statute, regulation, assurance, application, or notice of award, the Federal awarding agency may, in addition to imposing any of the special conditions outlined in § 49.14, take one or more of the following actions, as appropriate in the circumstances.

(1) Temporarily withhold cash payments pending correction of the deficiency by the recipient or more severe enforcement action by the Federal awarding agency.

(2) Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.

(3) Wholly or partly suspend or terminate the current award.

(4) Withhold further awards for the project or program.

(5) Take other remedies that may be legally available.

(b) Hearings and appeals. In taking an enforcement action, the awarding agency shall provide the recipient an opportunity for hearing, appeal, or other administrative proceeding to which the recipient is entitled under any statute or regulation applicable to the action involved.

(c) Effects of suspension and termination. Costs of a recipient resulting from obligations incurred by the recipient during a suspension or after termination of an award are not allowable unless the awarding agency expressly authorizes them in the notice of suspension or termination or subsequently. Other recipient costs during suspension or after termination, which are necessary and not reasonably avoidable, are allowable if the following conditions apply.

(1) The costs result from obligations which were properly incurred by the recipient before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are noncancellable.

(2) The costs would be allowable if the award were not suspended or expired normally at the end of the funding period in which the termination takes effect.
(d) Relationship to debarment and suspension. The enforcement remedies identified in this section, including suspension and termination, do not preclude a recipient from being subject to debarment and suspension under E.O.s 12549 and 12689 and the Federal awarding agency implementing regulations (see § 49.13).

§ 49.71 Closeout procedures.

(a) Recipients shall submit, within 90 calendar days after the date of completion of the award, all financial, performance, and other reports as required by the terms and conditions of the award. The Federal awarding agency may approve extensions when requested by the recipient.

(b) Unless the Federal awarding agency authorizes an extension, a recipient shall liquidate all obligations incurred under the award not later than 90 calendar days after the funding period or the date of completion as specified in the terms and conditions of the award or in agency implementing instructions.

(c) The Federal awarding agency shall make prompt payments to a recipient for allowable reimbursable costs under the award being closed out.

(d) The recipient shall promptly refund any balances of unobligated cash that the Federal awarding agency has advanced or paid and that is not authorized to be retained by the recipient for use in other projects. OMB Circular A-129 governs unreturned amounts that become delinquent debts.

(e) When authorized by the terms and conditions of the award, the Federal awarding agency shall make a settlement for any upward or downward adjustments to the Federal share of costs after closeout reports are received.
(f) The recipient shall account for any real and personal property acquired with Federal funds or received from the Federal Government in accordance with §§ 49.31 through 49.37.

(2) The obligation of the recipient to return any funds due as a result of later refunds, corrections, or other transactions.

(3) Audit requirements in § 49.26.

(4) Property management requirements in §§ 49.31 through 49.37.

(5) Records retention as required in § 49.53.

(b) After closeout of an award, a relationship created under an award may be modified or ended in whole or in part with the consent of the Federal awarding agency and the recipient, provided the responsibilities of the recipient referred to in § 49.73(a), including those for property management as applicable, are considered and provisions made for continuing responsibilities of the recipient, as appropriate.

§ 49.73 Collection of amounts due.

(a) Any funds paid to a recipient in excess of the amount to which the recipient is finally determined to be entitled under the terms and conditions of the award constitute a debt to the Federal Government. If not paid within a reasonable period after the demand for payment, the Federal awarding agency may reduce the debt by any of the following methods.

(1) Making an administrative offset against other requests for reimbursements.

(2) Withholding advance payments otherwise due to the recipient.

(3) Taking other action permitted by statute.

(b) Except as otherwise provided by law, the Federal awarding agency shall charge interest on an overdue debt in accordance with 4 CFR Chapter II, "Federal Claims Collection Standards."

Appendix A to Part 49 -- Contract Provisions

All contracts, awarded by a recipient including small purchases, shall contain the following provisions as applicable:

2. Copeland "Anti-Kickback" Act (18 U.S.C. 874 and 40 U.S.C. 276c) -- All contracts and subgrants in excess of $ 2000 for construction or repair awarded by recipients and subrecipients shall include a provision for compliance with the Copeland "Anti-Kickback" Act (18 U.S.C. 874), as supplemented by Department of Labor regulations (29 CFR part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The recipient shall report all suspected or reported violations to the Federal awarding agency.

3. Davis-Bacon Act, as amended (40 U.S.C. 276a to a-7) -- When required by Federal program legislation, all construction contracts awarded by the recipients and subrecipients of more than $ 2000 shall include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 276a to a-7) and as supplemented by Department of Labor regulations (29 CFR part 5, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction"). Under this Act, contractors shall be required to pay wages to laborers and mechanics at a rate not less than the minimum wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages not less than once a week. The recipient shall place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation and the award of a contract shall be conditioned upon the acceptance of the wage determination. The recipient shall report all suspected or reported violations to the Federal awarding agency.

4. Contract Work Hours and Safety Standards Act (40 U.S.C. 327-333) -- Where applicable, all contracts awarded by recipients in excess of $ 2000 for construction contracts and in excess of $ 2500 for other contracts that involve the employment of mechanics or laborers shall include a provision for compliance with Sections 102 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-333), as supplemented by Department of Labor regulations (29 CFR part 5). Under Section 102 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard
work week is permissible provided that the worker is compensated at a rate of not less than 1 1/2 times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions, which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

5. Rights to Inventions Made Under a Contract or Agreement -- Contracts or agreements for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting invention in accordance with 37 CFR part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

6. Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), as amended -- Contracts and subcontracts of amounts in excess of $ 100,000 shall contain a provision that requires the recipient to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et seq.). Violations shall be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

8. Debarment and Suspension (E.O.s 12549 and 12689) -- No contract shall be made to parties listed on the General Services Administration's List of Parties Excluded from Federal Procurement or Nonprocurement Programs in accordance with E.O.s 12549 and 12689, "Debarment and Suspension." This list contains the names of parties debarred, suspended, or otherwise excluded by agencies, and contractors declared ineligible under statutory or regulatory authority other than E.O. 12549. Contractors with awards that exceed the small purchase threshold shall provide the required certification regarding its exclusion status and that of its principal employees.

§ 51.20 Application for recognition based on certification.
To apply for recognition and certification of a State home for nursing home care, a State must:
(a) Send a request for recognition and certification to the Under Secretary for Health (10), VA Headquarters, 810 Vermont Avenue, NW., Washington, DC 20420. The request must be in the form of a letter and must be signed by the State official authorized to establish the State home;
(b) Allow VA to survey the facility as set forth in § 51.30(c); and
(c) Upon request from the director of the VA medical center of jurisdiction, submit to the director all documentation required under subpart D of this part.

[EFFECTIVE DATE NOTE: 65 FR 962, 969, Jan. 6, 2000, added Part 51, effective Feb. 7, 2000.]

§ 51.30 Recognition and certification.
(a)(1) The Under Secretary for Health will make the determination regarding recognition and the initial determination regarding certification, after receipt of a tentative determination from the director of the VA medical center of jurisdiction regarding whether, based on a VA survey, the facility and facility management meet or do not meet the standards of subpart D of this part. The Under Secretary for Health will notify the official in charge of the facility, the State official authorized to oversee operations of the
State home, the VA Network Director (10N 1-22), Chief Network Officer (10N), and the Chief Consultant, Geriatrics and Extended Care Strategic Healthcare Group (114) of the action taken.

(2) For each facility recognized as a State home, the director of the VA medical center of jurisdiction will certify annually whether the facility and facility management meet, provisionally meet, or do not meet the standards of subpart D of this part (this certification should be made every 12 months during the recognition anniversary month or during a month agreed upon by the VA medical care center director and officials of the State home facility). A provisional certification will be issued by the director only upon a determination that the facility or facility management does not meet one or more of the standards in subpart D, that the deficiencies do not jeopardize the health or safety of the residents, and that the facility management and the director have agreed to a plan of correction to remedy the deficiencies in a specified amount of time (not more time than the VA medical center of jurisdiction director determines is reasonable for correcting the specific deficiencies). The director of the VA medical center of jurisdiction will notify the official in charge of the facility, the State official authorized to oversee the operations of the State home, the VA Network Director (10N 1-22), Chief Network Officer (10N) and the Chief Consultant, Geriatrics and Extended Care Strategic Healthcare Group (114) of the certification, provisional certification, or noncertification.

(b) Once a facility has achieved recognition, the recognition will remain in effect unless the State requests that the recognition be withdrawn or the Under Secretary for Health makes a final decision that the facility or facility management does not meet the standards of subpart D. Recognition of a facility will apply only to the facility as it exists at the time of recognition; any annex, branch, enlargement, expansion, or relocation must be separately recognized.

(c) Both during the application process for recognition and after the Under Secretary for Health has recognized a facility, VA may survey the facility as necessary to determine if the facility and facility management comply with the provisions of this part. Generally, VA will provide advance notice to the State before a survey occurs; however, surveys may be conducted without notice. A survey, as necessary, will cover all parts of the facility, and include a review and audit of all records of the facility that have a bearing on compliance with any of the requirements of this part (including any reports from State or local entities). For purposes of a survey, at the request of the director of the VA medical center of jurisdiction, the State home facility management must submit to the director a completed VA Form 10-3567, Staffing Profile, set forth at § 58.10 of this chapter. The director of the VA medical center of jurisdiction will designate the VA officials to survey the facility. These officials may include physicians; nurses; pharmacists; dietitians; rehabilitation therapists; social workers; representatives from health administration, engineering, environmental management systems, and fiscal officers.

(d) If the director of the VA medical center of jurisdiction determines that the State home facility or facility management does not meet the standards of this part, the director will notify the State home facility in writing of the standards not met. The director will send a copy of this notice to the State official authorized to oversee operations of the facility, the VA Network Director (10N 1-22), the Chief Network Officer (10N), and the Chief Consultant, Geriatrics and Extended Care Strategic Healthcare Group (114). The letter
will include the reasons for the decision and indicate that the State has the right to appeal the decision.
(e) The State must submit the appeal to the Under Secretary for Health in writing, within 30 days of receipt of the notice of failure to meet the standards. In its appeal, the State must explain why the determination is inaccurate or incomplete and provide any new and relevant information not previously considered. Any appeal that does not identify a reason for disagreement will be returned to the sender without further consideration.
(f) After reviewing the matter, including any relevant supporting documentation, the Under Secretary for Health will issue a written determination that affirms or reverses the previous determination. If the Under Secretary for Health decides that the facility does not meet the standards of subpart D of this part, the Under Secretary for Health will withdraw recognition and stop paying per diem for care provided on and after the date of the decision. The decision of Under Secretary for Health will constitute a final VA decision. The Under Secretary for Health will send a copy of this decision to the State home facility and to the State official authorized to oversee the operations of the State home.
(g) In the event that a VA survey team or other VA medical center staff identifies any condition that poses an immediate threat to public or patient safety or other information indicating the existence of such a threat, the director of VA medical center of jurisdiction will immediately report this to the VA Network Director (10N 1-22), Chief Network Officer (10N), Chief Consultant, Geriatrics and Extended Care Strategic Healthcare Group (114) and State official authorized to oversee operations of the State home.

§ 51.31 Automatic recognition.
Notwithstanding other provisions of this part, a facility that already is recognized by VA as a State home for nursing home care at the time this part becomes effective, automatically will continue to be recognized as a State home for nursing home care but will be subject to all of the provisions of this part that apply to facilities that have achieved recognition, including the provisions requiring that the facility meet the standards set forth in subpart D and the provisions for withholding per diem payments and withdrawal of recognition.

Subpart C -- Per Diem Payments

§ 51.40 Monthly payment.
§ 51.50 Eligible veterans.

§ 51.40 Monthly payment.

(a)(1) VA will pay per diem monthly for nursing home care provided to an eligible veteran in a facility recognized as a State home for nursing home care. During Fiscal Year 2000, VA will pay the lesser of the following:
   (i) One-half of the cost of the care for each day the veteran is in the facility; or
   (ii) $ 50.55 for each day the veteran is in the facility.
   (2) Per diem will be paid only for the days that the veteran is a resident at the facility. For purposes of paying per diem, VA will consider a veteran to be a resident at the facility during each full day that the veteran is receiving care at the facility. VA will not deem the veteran to be a resident at the facility if the veteran is receiving care outside the State home facility at VA expense. Otherwise, VA will deem the veteran to be a resident at the facility during any absence from the facility that lasts for no more than 96 consecutive hours. This absence will be considered to have ended when the veteran returns as a resident if the veteran's stay is for at least a continuous 24-hour period.
   (3) As a condition for receiving payment of per diem under this part, the State must submit a completed VA Form 10-5588, State Home Report and Statement of Federal Aid Claimed. This form is set forth in full at § 58.11 of this chapter.
   (4) Initial payments will not be made until the Under Secretary for Health recognizes the State home. However, payments will be made retroactively for care that was provided on and after the date of the completion of the VA survey of the facility that provided the basis for determining that the facility met the standards of this part.
   (5) As a condition for receiving payment of per diem under this part, the State must submit to the VA medical center of jurisdiction for each veteran the following completed VA Forms 10-10EZ, Application for Medical Benefits, and 10-10SH, State Home Program Application for Care -- Medical Certification, at the time of admission and with any request for a change in the level of care (domiciliary, hospital care or adult day health care). These forms are set forth in full at §§ 58.12 and 58.13 of this chapter, respectively, of this part. If the facility is eligible to receive per diem payments for a veteran, VA will pay per diem under this part from the date of receipt of the completed forms required by this paragraph, except that VA will pay per diem from the day on which the veteran was admitted to the facility if the completed forms are received within 10 days after admission.
(b) Total per diem costs for an eligible veteran's nursing home care consist of those direct and indirect costs attributable to nursing home care at the facility divided by the total number of patients at the nursing home. Relevant cost principles are set forth in the Office of Management and Budget (OMB) Circular number A-87, dated May 4, 1995, "Cost Principles for State, Local, and Indian Tribal Governments."
[65 FR 962, 970, Jan. 6, 2000]

(a) Veterans with service-connected disabilities;
(b) Veterans who are former prisoners of war;
(c) Veterans who were discharged or released from active military service for a disability incurred or aggravated in the line of duty;
(d) Veterans who receive disability compensation under 38 U.S.C. 1151;
(e) Veterans whose entitlement to disability compensation is suspended because of the receipt of retired pay;
(f) Veterans whose entitlement to disability compensation is suspended pursuant to 38 U.S.C. 1151, but only to the extent that such veterans' continuing eligibility for nursing home care is provided for in the judgment or settlement described in 38 U.S.C. 1151;
(g) Veterans who VA determines are unable to defray the expenses of necessary care as specified under 38 U.S.C. 1722(a);
(h) Veterans of the Mexican border period or of World War I;
(i) Veterans solely seeking care for a disorder associated with exposure to a toxic substance or radiation or for a disorder associated with service in the Southwest Asia theater of operations during the Persian Gulf War, as provided in 38 U.S.C. 1710(e);
(j) Veterans who agree to pay to the United States the applicable co-payment determined under 38 U.S.C. 1710(f) and 1710(g).

§ 51.70 Resident rights.
The resident has a right to a dignified existence, self-determination, and communication with and access to persons and services inside and outside the facility. The facility management must protect and promote the rights of each resident, including each of the following rights:
(a) Exercise of rights. (1) The resident has the right to exercise his or her rights as a resident of the facility and as a citizen or resident of the United States.
(2) The resident has the right to be free of interference, coercion, discrimination, and reprisal from the facility management in exercising his or her rights.
(3) The resident has the right to freedom from chemical or physical restraint.
(4) In the case of a resident determined incompetent under the laws of a State by a court of jurisdiction, the rights of the resident are exercised by the person appointed under State law to act on the resident's behalf.
(5) In the case of a resident who has not been determined incompetent by the State court, any legal surrogate designated in accordance with State law may exercise the resident's rights to the extent provided by State law.
(b) Notice of rights and services. (1) The facility management must inform the resident both orally and in writing in a language that the resident understands of his or her rights and all rules and regulations governing resident conduct and responsibilities during the
stay in the facility. Such notification must be made prior to or upon admission and periodically during the resident's stay.

(2) The resident or his or her legal representative has the right:

(i) Upon an oral or written request, to access all records pertaining to himself or herself including current clinical records within 24 hours (excluding weekends and holidays); and

(ii) After receipt of his or her records for review, to purchase at a cost not to exceed the community standard photocopies of the records or any portions of them upon request and with 2 working days advance notice to the facility management.

(3) The resident has the right to be fully informed in language that he or she can understand of his or her total health status;

(4) The resident has the right to refuse treatment, to refuse to participate in experimental research, and to formulate an advance directive as specified in paragraph (b)(7) of this section; and

(5) The facility management must inform each resident before, or at the time of admission, and periodically during the resident's stay, of services available in the facility and of charges for those services to be billed to the resident.

(6) The facility management must furnish a written description of legal rights which includes:

(i) A description of the manner of protecting personal funds, under paragraph (c) of this section;

(ii) A statement that the resident may file a complaint with the State (agency) concerning resident abuse, neglect, misappropriation of resident property in the facility, and non-compliance with the advance directives requirements.

(7) The facility management must have written policies and procedures regarding advance directives (e.g., living wills) that include provisions to inform and provide written information to all residents concerning the right to accept or refuse medical or surgical treatment and, at the individual's option, formulate an advance directive. This includes a written description of the facility's policies to implement advance directives and applicable State law. If an individual is incapacitated at the time of admission and is unable to receive information (due to the incapacitating conditions) or articulate whether or not he or she has executed an advance directive, the facility may give advance directive information to the individual's family or surrogate in the same manner that it issues other materials about policies and procedures to the family of the incapacitated individual or to a surrogate or other concerned persons in accordance with State law. The facility management is not relieved of its obligation to provide this information to the individual once he or she is no longer incapacitated or unable to receive such information. Follow-up procedures must be in place to provide the information to the individual directly at the appropriate time.

(8) The facility management must inform each resident of the name and way of contacting the primary physician responsible for his or her care.

(9) Notification of changes. (i) Facility management must immediately inform the resident; consult with the primary physician; and if known, notify the resident's legal representative or an interested family member when there is --

(A) An accident involving the resident which results in injury and has the potential for requiring physician intervention;
(B) A significant change in the resident's physical, mental, or psychosocial status (i.e., a deterioration in health, mental, or psychosocial status in either life-threatening conditions or clinical complications);
(C) A need to alter treatment significantly (i.e., a need to discontinue an existing form of treatment due to adverse consequences, or to commence a new form of treatment); or
(D) A decision to transfer or discharge the resident from the facility as specified in § 51.80(a) of this part.

(ii) The facility management must also promptly notify the resident and, if known, the resident's legal representative or interested family member when there is --
(A) A change in room or roommate assignment as specified in § 51.100(f)(2); or
(B) A change in resident rights under Federal or State law or regulations as specified in paragraph (b)(1) of this section.

(iii) The facility management must record and periodically update the address and phone number of the resident's legal representative or interested family member.

(c) Protection of resident funds. (1) The resident has the right to manage his or her financial affairs, and the facility management may not require residents to deposit their personal funds with the facility.
(2) Management of personal funds. Upon written authorization of a resident, the facility management must hold, safeguard, manage, and account for the personal funds of the resident deposited with the facility, as specified in paragraphs (b)(3) through (b)(6) of this section.
(3) Deposit of funds. (i) Funds in excess of $100. The facility management must deposit any residents' personal funds in excess of $100 in an interest bearing account (or accounts) that is separate from any of the facility's operating accounts, and that credits all interest earned on resident's funds to that account. (In pooled accounts, there must be a separate accounting for each resident's share.)
(ii) Funds less than $100. The facility management must maintain a resident's personal funds that do not exceed $100 in a non-interest bearing account, interest-bearing account, or petty cash fund.
(4) Accounting and records. The facility management must establish and maintain a system that assures a full and complete and separate accounting, according to generally accepted accounting principles, of each resident's personal funds entrusted to the facility on the resident's behalf.
(i) The system must preclude any commingling of resident funds with facility funds or with the funds of any person other than another resident.
(ii) The individual financial record must be available through quarterly statements and on request from the resident or his or her legal representative.
(5) Conveyance upon death. Upon the death of a resident with a personal fund deposited with the facility, the facility management must convey within 30 days the resident's funds, and a final accounting of those funds, to the individual or probate jurisdiction administering the resident's estate; or other appropriate individual or entity, if State law allows.
(6) Assurance of financial security. The facility management must purchase a surety bond, or otherwise provide assurance satisfactory to the Under Secretary for Health, to assure the security of all personal funds of residents deposited with the facility.
(d) Free choice. The resident has the right to --
(1) Be fully informed in advance about care and treatment and of any changes in that care or treatment that may affect the resident's well-being; and
(2) Unless determined incompetent or otherwise determined to be incapacitated under the laws of the State, participate in planning care and treatment or changes in care and treatment.

e) Privacy and confidentiality. The resident has the right to personal privacy and confidentiality of his or her personal and clinical records.
(1) Residents have a right to personal privacy in their accommodations, medical treatment, written and telephone communications, personal care, visits, and meetings of family and resident groups. This does not require the facility management to give a private room to each resident.
(2) Except as provided in paragraph (e)(3) of this section, the resident may approve or refuse the release of personal and clinical records to any individual outside the facility;
(3) The resident's right to refuse release of personal and clinical records does not apply when --
(i) The resident is transferred to another health care institution; or
(ii) Record release is required by law.

f) Grievances. A resident has the right to --
(1) Voice grievances without discrimination or reprisal. Residents may voice grievances with respect to treatment received and not received; and
(2) Prompt efforts by the facility to resolve grievances the resident may have, including those with respect to the behavior of other residents.

g) Examination of survey results. A resident has the right to --
(1) Examine the results of the most recent VA survey with respect to the facility. The facility management must make the results available for examination in a place readily accessible to residents, and must post a notice of their availability; and
(2) Receive information from agencies acting as client advocates, and be afforded the opportunity to contact these agencies.

h) Work. The resident has the right to --
(1) Refuse to perform services for the facility;
(2) Perform services for the facility, if he or she chooses, when --
(i) The facility has documented the need or desire for work in the plan of care;
(ii) The plan specifies the nature of the services performed and whether the services are voluntary or paid;
(iii) Compensation for paid services is at or above prevailing rates; and
(iv) The resident agrees to the work arrangement described in the plan of care.
(i) Mail. The resident must have the right to privacy in written communications, including the right to --
Send and promptly receive mail that is unopened; and
(2) Have access to stationery, postage, and writing implements at the resident's own expense.

j) Access and visitation rights. (1) The resident has the right and the facility management must provide immediate access to any resident by the following:
(i) Any representative of the Under Secretary for Health;
(ii) Any representative of the State;
(iii) Physicians of the resident's choice (to provide care in the nursing home, physicians must meet the provisions of § 51.210(j));
(iv) The State long term care ombudsman;
(v) Immediate family or other relatives of the resident subject to the resident's right to deny or withdraw consent at any time; and
(vi) Others who are visiting subject to reasonable restrictions and the resident's right to deny or withdraw consent at any time.
(2) The facility management must provide reasonable access to any resident by any entity or individual that provides health, social, legal, or other services to the resident, subject to the resident's right to deny or withdraw consent at any time.
(3) The facility management must allow representatives of the State Ombudsman Program, described in paragraph (j)(1)(iv) of this section, to examine a resident's clinical records with the permission of the resident or the resident's legal representative, subject to State law.
(k) Telephone. The resident has the right to reasonable access to use a telephone where calls can be made without being overheard.
(l) Personal property. The resident has the right to retain and use personal possessions, including some furnishings, and appropriate clothing, as space permits, unless to do so would infringe upon the rights or health and safety of other residents.
(m) Married couples. The resident has the right to share a room with his or her spouse when married residents live in the same facility and both spouses consent to the arrangement.
(n) Self-Administration of Drugs. An individual resident may self-administer drugs if the interdisciplinary team, as defined by § 51.110(d)(2)(ii) of this part, has determined that this practice is safe.

§ 51.80 Admission, transfer and discharge rights.
(a) Transfer and discharge. (1) Definition: Transfer and discharge includes movement of a resident to a bed outside of the facility whether that bed is in the same physical plant or not. Transfer and discharge does not refer to movement of a resident to a bed within the same facility.
(2) Transfer and discharge requirements. The facility management must permit each resident to remain in the facility, and not transfer or discharge the resident from the facility unless --
(i) The transfer or discharge is necessary for the resident's welfare and the resident's needs cannot be met in the nursing home;
(ii) The transfer or discharge is appropriate because the resident's health has improved sufficiently so the resident no longer needs the services provided by the nursing home;
(iii) The safety of individuals in the facility is endangered;
(iv) The health of individuals in the facility would otherwise be endangered;
(v) The resident has failed, after reasonable and appropriate notice to pay for a stay at the facility; or

(4) Notice before transfer. Before a facility transfers or discharges a resident, the facility must --
(i) Notify the resident and, if known, a family member or legal representative of the resident of the transfer or discharge and the reasons for the move in writing and in a language and manner they understand.
(ii) Record the reasons in the resident's clinical record; and
(iii) Include in the notice the items described in paragraph (a)(6) of this section.
(5) Timing of the notice. (i) The notice of transfer or discharge required under paragraph (a)(4) of this section must be made by the facility at least 30 days before the resident is transferred or discharged, except when specified in paragraph (a)(5)(ii) of this section,
(ii) Notice may be made as soon as practicable before transfer or discharge when --
(A) The safety of individuals in the facility would be endangered;
(B) The health of individuals in the facility would be otherwise endangered;

Before a facility transfers a resident to a hospital or allows a resident to go on therapeutic leave, the facility management must provide written information to the resident and a family member or legal representative that specifies --
(i) The duration of the facility's bed-hold policy, if any, during which the resident is permitted to return and resume residence in the facility; and
(ii) The facility's policies regarding bed-hold periods, which must be consistent with paragraph (b)(3) of this section, permitting a resident to return.
(2) Bed-hold notice upon transfer. At the time of transfer of a resident for hospitalization or therapeutic leave, facility management must provide to the resident and a family member or legal representative written notice which specifies the duration of the bed-hold policy described in paragraph (b)(1) of this section.
(3) Permitting resident to return to facility. A nursing facility must establish and follow a written policy under which a resident, whose hospitalization or therapeutic leave exceeds
the bed-hold period is readmitted to the facility immediately upon the first availability of a bed in a semi-private room, if the resident requires the services provided by the facility.

c) Equal access to quality care. The facility management must establish and maintain identical policies and practices regarding transfer, discharge, and the provision of services for all individuals regardless of source of payment.

d) Admissions policy. The facility management must not require a third party guarantee of payment to the facility as a condition of admission or expedited admission, or continued stay in the facility. However, the facility may require an individual who has legal access to a resident's income or resources available to pay for facility care to sign a contract to pay the facility from the resident's income or resources.

§ 51.90 Resident behavior and facility practices.

(a) Restraints. (1) The resident has a right to be free from any chemical or physical restraints imposed for purposes of discipline or convenience. When a restraint is applied or used, the purpose of the restraint is reviewed and is justified as a therapeutic intervention.

(i) Chemical restraint is the inappropriate use of a sedating psychotropic drug to manage or control behavior.

(ii) Physical restraint is any method of physically restricting a person's freedom of movement, physical activity or normal access to his or her body. Bed rails and vest restraints are examples of physical restraints.

(2) The facility management uses a system to achieve a restraint-free environment.

(3) The facility management collects data about the use of restraints.

(4) When alternatives to the use of restraint are ineffective, a restraint must be safely and appropriately used.

(b) Abuse. The resident has the right to be free from mental, physical, sexual, and verbal abuse or neglect, corporal punishment, and involuntary seclusion.

(1) Mental abuse includes humiliation, harassment, and threats of punishment or deprivation.

(2) Physical abuse includes hitting, slapping, pinching, or kicking. Also includes controlling behavior through corporal punishment.

(3) Sexual abuse includes sexual harassment, sexual coercion, and sexual assault.

(4) Neglect is any impaired quality of life for an individual because of the absence of minimal services or resources to meet basic needs. Includes withholding or inadequately providing food and hydration (without physician, resident, or surrogate approval), clothing, medical care, and good hygiene. May also include placing the individual in unsafe or unsupervised conditions.

(5) Involuntary seclusion is a resident's separation from other residents or from the resident's room against his or her will or the will of his or her legal representative.

(c) Staff treatment of residents. The facility management must develop and implement written policies and procedures that prohibit mistreatment, neglect, and abuse of residents and misappropriation of resident property.
(1) The facility management must:
   (i) Not employ individuals who --
   (A) Have been found guilty of abusing, neglecting, or mistreating individuals by a court
       of law; or
   (B) Have had a finding entered into an applicable State registry or with the applicable
       licensing authority concerning abuse, neglect, mistreatment of individuals or
       misappropriation of their property; and
   (ii) Report any knowledge it has of actions by a court of law against an employee, which
       would indicate unfitness for service as a nurse aide or other facility staff to the State
       nurse aide registry or licensing authorities.
(2) The facility management must ensure that all alleged violations involving
   mistreatment, neglect, or abuse, including injuries of unknown source, and
   misappropriation of resident property are reported immediately to the administrator of the
   facility and to other officials in accordance with State law through established
   procedures.
(3) The facility management must have evidence that all alleged violations are thoroughly

Subpart B -- Obtaining Per Diem for Adult Day Health Care in State Homes

§ 52.10 Per diem based on recognition and certification.
§ 52.20 Application for recognition based on certification.
§ 52.30 Recognition and certification.

§ 52.10 Per diem based on recognition and certification.
VA will pay per diem to a State for providing adult day health care to eligible veterans in a facility if the Under Secretary for Health recognizes the facility as a State home based on a current certification that the facility management meet the standards of subpart D of this part.
[67 FR 660, 663, Jan. 7, 2002]

(38 U.S.C. 101, 501, 1741-1743)

§ 52.20 Application for recognition based on certification.
To apply for recognition and certification of a State home for adult day health care, a State must:
(a) Send a request for recognition and certification to the Under Secretary for Health (10), VA Central Office, 810 Vermont Avenue, NW, Washington, DC 20420. The request must be in the form of a letter and must be signed by the State official authorized to establish the State home;
(b) Allow VA to survey the facility as set forth in § 52.30(c); and
(c) Upon request from the director of the VA medical center of jurisdiction, submit to the director all documentation required under subpart D of this part.
(The Office of Management and Budget has approved the information collection requirements in this paragraph under control number 2900-0160.)
[67 FR 660, 663, Jan. 7, 2002]

(38 U.S.C. 101, 501, 1741-1743)

§ 52.30 Recognition and certification.
(a)(1) The Under Secretary for Health will make the determination regarding recognition and the initial determination regarding certification, after receipt of a tentative determination from the director of the VA medical center of jurisdiction, regarding whether the facility and program management meet or do not meet the standards of subpart D of this part. The Under Secretary for Health will notify the official in charge of the program, the State official authorized to oversee operations of the State home, the VA Network Director (10N1-22), Assistant Deputy Under Secretary for Health (10N), and
the Chief Consultant, Geriatrics and Extended Care Strategic Healthcare Group (114), of the action taken.

(2) For each facility recognized as a State home, the director of the VA medical center of jurisdiction will certify annually whether the facility and program management meet, provisionally meet, or do not meet the standards of subpart D of this part (this certification should be made every 12 months during the recognition anniversary month or during a month agreed upon by the VA medical center director and officials of the State home facility). A provisional certification will be issued by the director only upon a determination that the facility or program management does not meet one or more of the standards in subpart D of this part, that the deficiencies do not jeopardize the health or safety of the residents, and that the program management and the director have agreed to a plan of correction to remedy the deficiencies in a specified amount of time (not more time than the VA medical center of jurisdiction director determines is reasonable for correcting the specific deficiencies). The director of the VA medical center of jurisdiction will notify the official in charge of the program, the State official authorized to oversee the operations of the State home, the VA Network Director (10N1-22), Assistant Deputy Under Secretary for Health (10N) and the Chief Consultant, Geriatrics and Extended Care Strategic Healthcare Group (114), of the certification, provisional certification, or noncertification.

(b) Once a program has achieved recognition, the recognition will remain in effect unless the State requests that the recognition be withdrawn or the Under Secretary for Health makes a final decision that the facility or program management does not meet the standards of subpart D of this part. Recognition of a program will apply only to the facility as it exists at the time of recognition; any annex, branch, enlargement, expansion, or relocation must be separately recognized.

(c) Both during the application process for recognition and after the Under Secretary for Health has recognized a facility, VA may survey the facility as necessary to determine if the facility and program management comply with the provisions of this part. Generally, VA will provide advance notice to the State before a survey occurs; however, surveys may be conducted without notice. A survey, as necessary, will cover all parts of the facility, and include a review and audit of all records of the program that have a bearing on compliance with any of the requirements of this part (including any reports from State or local entities). For purposes of a survey, at the request of the director of the VA medical center of jurisdiction, the State home adult day care health program management must submit to the director a completed VA Form 10-3567, "Staffing Profile", set forth at 38 CFR 58.10. The director of the VA medical center of jurisdiction will designate the VA officials to survey the facility. These officials may include physicians; nurses; pharmacists; dietitians; rehabilitation therapists; social workers; and representatives from health administration, engineering, environmental management systems, and fiscal officers.

(d) If the director of the VA medical center of jurisdiction determines that the State home facility or program management does not meet the standards of this part, the director will notify the State home program manager in writing of the standards not met. The director will send a copy of this notice to the State official authorized to oversee operations of the facility, the VA Network Director (10N1-22), the Assistant Deputy Under Secretary for Health (10N), and the Chief Consultant, Geriatrics and Extended Care Strategic
Healthcare Group (114). The letter will include the reasons for the decision and indicate that the State has the right to appeal the decision.

(e) The State must submit an appeal to the Under Secretary for Health in writing within 30 days of receipt of the notice of failure to meet the standards. In its appeal, the State must explain why the determination is inaccurate or incomplete and provide any new and relevant information not previously considered. Any appeal that does not identify a reason for disagreement will be returned to the sender without further consideration.

(f) After reviewing the matter, including any relevant supporting documentation, the Under Secretary for Health will issue a written determination that affirms or reverses the previous determination. If the Under Secretary for Health decides that the State home facility or program management does not meet the standards of subpart D of this part, the Under Secretary for Health will withdraw recognition and stop paying per diem for care provided on and after the date of the decision. The decision of the Under Secretary for Health will constitute a final VA decision. The Under Secretary for Health will send a copy of this decision to the State home facility and to the State official authorized to oversee the operations of the State home.

(g) In the event that a VA survey team or other VA medical center staff identifies any condition at the State home facility that poses an immediate threat to public or patient safety or other information indicating the existence of such a threat, the director of the VA medical center of jurisdiction will immediately report this to the VA Network Director (10N1-22), Assistant Deputy Under Secretary for Health (10N), Chief Consultant, Geriatrics and Extended Care Strategic Healthcare Group (114), and State official authorized to oversee operations of the State home.

(The Office of Management and Budget has approved the information collection requirements in this paragraph under control number 2900-0160.)

Subpart C -- Per Diem Payments

§ 52.40 Monthly payment.
§ 52.50 Eligible veterans.

§ 52.40 Monthly payment.
(a)(1) During Fiscal Year 2002, VA will pay monthly one-half of the total cost of each eligible veteran's adult day health care for each day the veteran is in a facility recognized as a State home for adult day health care, not to exceed $ 34.64 per diem.
(2) Per diem will be paid only for a day that the veteran is under the care of the facility at least six hours. For purposes of this paragraph a day means
(i) Six hours or more in one calendar day; or
(ii) Any two periods of at least 3 hours each (but each less than six hours) in any two calendar days in a calendar month.
(3) As a condition for receiving payment of per diem under this part, the State must submit a completed VA Form 10-5588, "State Home Report and Statement of Federal Aid Claimed." This form is set forth in full at 38 CFR 58.11.
(4) Initial payments will not be made until the Under Secretary for Health recognizes the State home. However, payments will be made retroactively for care that was provided on and after the date of the completion of the VA survey of the facility that provided the basis for determining that the facility met the standards of this part.
(5) As a condition for receiving payment of per diem under this part, the State must submit to the VA medical center of jurisdiction for each veteran the following completed VA forms: 10-10EZ, "Application for Medical Benefits", and 10-10SH, "State Home Program Application for Care-Medical Certification", at the time of enrollment and with any request for a change in the level of care (nursing home, domiciliary or hospital care). These forms are set forth in full at 38 CFR 58.12 and 58.13, respectively. If the program is eligible to receive per diem payments for adult day health care for a veteran, VA will pay per diem under this part from the date of receipt of the completed forms required by this paragraph (a)(5), except that VA will pay per diem from the day on which the veteran was enrolled in the program if VA receives the completed forms within 10 days after enrollment.
(b) For determining "the one-half of the total cost" under paragraph (a)(1) of this section, total per diem costs for an eligible veteran's adult day health care consist of those direct and indirect costs attributable to adult day health care at the facility divided by the total number of participants enrolled in the adult day health care program. Relevant cost principles are set forth in the Office of Management and Budget (OMB) Circular number A-87, dated May 4, 1995, "Cost Principles for State, Local, and Indian Tribal Governments" (OMB Circulars are available at the addresses in 5 CFR 1310.3). (The Office of Management and Budget has approved the information collection requirements in this paragraph under control number 2900-0160.)

Transportation of participants to and from the adult day health care facility must be a component of the overall program.

(a)(1) Except as provided in paragraph (a)(2) of this section, the adult day health care program management must provide or contract for transportation to enable participants, including persons with disabilities, to attend the program and to participate in facility-sponsored outings.

(2) The veteran or the family of a veteran may decline transportation offered by the adult day health care program management and make their own arrangements for the transportation.

(b) The adult day health care program management must have a transportation policy that includes routine and emergency procedures, with a copy of the relevant procedures located in all program vehicles.

(c) All vehicles transporting participants to and from adult day health care must be equipped with a device for two-way communication.

(d) All facility-provided and contracted transportation systems must meet local, State and federal regulations.

(e) The time to transport participant to or from the facility must not be more than 60 minutes except under unusual conditions, e.g., bad weather.

§ 59.1 Purpose.
This part sets forth the mechanism for a State to obtain a grant:
(a) To construct State home facilities (or to acquire facilities to be used as State home facilities) for furnishing domiciliary or nursing home care to veterans, and
(b) To expand, remodel, or alter existing buildings for furnishing domiciliary, nursing home, adult day health, or hospital care to veterans in State homes.

[66 FR 33845, 33847, June 26, 2001]

§ 59.2 Definitions.
For the purpose of this part:
Acquisition means the purchase of a facility in which to establish a State home for the provision of domiciliary and/or nursing home care to veterans. Adult day health care is a therapeutically-oriented outpatient day program, which provides health maintenance and rehabilitative services to participants. The program must provide individualized care delivered by an interdisciplinary health care team and support staff, with an emphasis on helping participants and their caregivers to develop the knowledge and skills necessary to manage care requirements in the home. Adult day health care is principally targeted for complex medical and/or functional needs of elderly veterans. Construction means the construction of new domiciliary or nursing home buildings, the expansion, remodeling, or alteration of existing buildings for the provision of domiciliary, nursing home, or adult day health care, or hospital care in State homes, and the provision of initial equipment for any such buildings. Domiciliary care means providing shelter, food, and necessary medical care on an ambulatory self-care basis (this is more than room and board). It assists eligible veterans who are suffering from a disability, disease, or defect of such a degree that incapacitates veterans from earning a living, but who are not in need of hospitalization or nursing care services. It assists in attaining physical, mental, and social well-being through special rehabilitative programs to restore residents to their highest level of functioning. Nursing home care means the accommodation of convalescents or other persons who are not acutely ill and not in need of hospital care, but who require skilled nursing care and related medical services. Secretary means the Secretary of the United States Department of Veterans Affairs. State means each of the several States, the District of Columbia, the Virgin Islands, and the Commonwealth of Puerto Rico. State representative means the official designated in accordance with State authority with responsibility for matters relating to the request for a grant under this part. VA means the United States Department of Veterans Affairs. 

§ 59.3 Federal Application Identifier.
Once VA has provided the State representative with a Federal Application Identifier Number for a project, the number must be included on all subsequent written communications to VA from the State, or its agent, regarding a request for a grant for that project under this part. 

§ 59.4 Decisionmakers, notifications, and additional information.
The decisionmaker for decisions required under this part will be the Chief Consultant, Geriatrics and Extended Care, unless specified to be the Secretary or other VA official. The VA decisionmaker will provide written notice to affected States of approvals, denials, or requests for additional information under this part. [66 FR 33845, 33848, June 26, 2001]

§ 59.5 Submissions of information and documents to VA.
All submissions of information and documents required to be presented to VA must be made, unless otherwise specified under this part, to the Chief Consultant, Geriatrics and Extended Care (114), VA Central Office, 810 Vermont Avenue, NW., Washington, DC 20420. [66 FR 33845, 33848, June 26, 2001]

§ 59.10 General requirements for a grant.
For a State to obtain a grant under this part and grant funds, its initial application for the grant must be approved under § 59.20, and the project must be ranked sufficiently high on the priority list for the current fiscal year so that funding is available for the project. It must meet the additional application requirements in § 59.60, and it must meet all other requirements under this part for obtaining a grant and grant funds. [66 FR 33845, 33848, June 26, 2001]

§ 59.20 Initial application requirements.
(a) For a project to be considered for inclusion on the priority list in § 59.50 of this part for the next fiscal year, a State must submit to VA an original and one copy of a completed VA Form 10-0388 and all information, documentation, and other forms specified by VA form 10-0388 (these forms are set forth at § 59.170 of this part). (b) The Secretary, based on the information submitted for a project pursuant to paragraph (a) of this section, will approve the project for inclusion on the priority list in § 59.50 of this part if the submission includes all of the information requested under paragraph (a) of this section and if the submission represents a project that, if further developed, could meet the requirements for a grant under this part. (c) The information requested under paragraph (a) of this section should be submitted to VA by April 15, and must be received by VA by August 15, if the State wishes an application to be included on the priority list for the award of grants during the next fiscal year.
(d) If a State representative believes that VA may not award a grant to the State for a grant application during the current fiscal year and wants to ensure that VA includes the application on the priority list for the next fiscal year, the State representative must, prior to August 15 of the current fiscal year,
(1) Request VA to include the application in those recommended to the Secretary for inclusion on the priority list, and
(2) Send any updates to VA.
[66 FR 33845, 33848, June 26, 2001]

§ 59.30 Documentation.
For a State to obtain a grant and grant funds under this part, the State must submit to VA documentation that the site of the project is in reasonable proximity to a sufficient concentration and population of veterans that are 65 years of age and older and that there is a reasonable basis to conclude that the facility when complete will be fully occupied. This documentation must be included in the initial application submitted to VA under § 59.20.
[66 FR 33845, 33848, June 26, 2001]

§ 59.40 Maximum number of nursing home care and domiciliary care beds for veterans by State.
(a) Except as provided in paragraph (b) of this section, a State may not request a grant for a project to construct or acquire a new State home facility, to increase the number of beds available at a State home facility, or to replace beds at a State home facility if the project would increase the total number of State home nursing home and domiciliary beds beyond the maximum number designated for that State. The maximum number of State home nursing home and domiciliary beds designated for each State is (for maximum numbers see VA website at http://www.va.gov/About - VA/Orgs/VHA/VHAProg.htm). the number in the following chart for the State, minus the sum of the number of nursing home and domiciliary beds already in operation at State home facilities, and the number of State home nursing home and domiciliary beds not yet in operation but for which a grant has either been requested or awarded under this part (the availability of VA and community nursing home beds in each State will also be considered at the time of grant application for bed-producing projects):

Note to paragraph (a): The provisions of 38 U.S.C. 8134 require VA to prescribe for each State the number of nursing home and domiciliary beds for which grants may be furnished. This is required to be based on the projected demand for nursing home and domiciliary care on November 30, 2009 (10 years after the date of enactment of the Veterans Millennium Health Care and Benefits Act (P.L. 106-117)), by veterans who at such time are 65 years of age or older and who reside in that State. In determining the projected demand, VA must take into account travel distances for veterans and their families.
(b) A State may request a grant for a project that would increase the total number of State nursing home and domiciliary beds beyond the maximum number for that State, if the State submits to VA, documentation to establish a need for the exception based on travel distances of at least two hours (by land transportation or any other usual mode of transportation if land transportation is not available) between a veteran population center sufficient for the establishment of a State home and any existing State home. The determination regarding a request for an exception will be made by the Secretary. [66 FR 33845, 33848, June 26, 2001]

§ 59.50 Priority list.

(a) The Secretary will make a list prioritizing the applications that were received on or before August 15 and that were approved under § 59.20 of this part. Except as provided in paragraphs (b) and (c) of this section, applications will be prioritized from the highest to the lowest in the following order:

(1) Priority group 1. An application from a State that has made sufficient funds available for the project for which the grant is requested so that such project may proceed upon approval of the grant without further action required by the State (such as subsequent issuance of bonds) to make such funds available for the project. To meet this criteria, the State must provide to VA a letter from an authorized State budget official certifying that the State funds are, or will be, available for the project, so that if VA awards the grant, the project may proceed without further State action to make such funds available (such as further action to issue bonds). If the certification is based on an Act authorizing the project and making available the State's matching funds for the project, a copy of the Act must be submitted with the certification.

(i) Priority group 1 -- subpriority 1. An application for a project to remedy a condition, or conditions, at an existing facility that have been cited as threatening to the lives or safety of the residents in the facility by a VA Life Safety Engineer, a State or local government agency (including a Fire Marshal), or an accrediting institution (including the Joint Commission on Accreditation of Healthcare Organizations). This priority group does not include applications for the addition or replacement of building utility systems, such as heating and air conditioning systems or building features, such as roof replacements. Projects in this subpriority will be further prioritized in the following order: seismic; building construction; egress; building compartmentalization (e.g., smoke barrier, fire walls); fire alarm/detection; asbestos/hazardous materials; and all other projects. Projects in this subpriority will be further prioritized based on the date the application for the project was received in VA (the earlier the application was received, the higher the priority given).

(ii) Priority group 1 -- subpriority 2. An application from a State that has not previously applied for a grant under 38 U.S.C. 8131-8137 for construction or acquisition of a State nursing home. Projects in this subpriority will be further prioritized based on the date the application for the project was received in VA (the earlier the application was received, the higher the priority given).
(iii) Priority group 1 -- subpriority 3. An application for construction or acquisition of a nursing home or domiciliary from a State that has a great need for the beds that the State, in that application, proposes to establish. Projects in this subpriority will be further prioritized based on the date the application for the project was received in VA (the earlier the application was received, the higher the priority given).

(iv) Priority group 1 -- subpriority 4. An application from a State for renovations to a State Home facility other than renovations that would be included in subpriority 1 of Priority group 1. Projects will be further prioritized in the following order: adult day health care construction; nursing home construction (e.g., patient privacy); code compliance under the Americans with Disabilities Act; building systems and utilities (e.g., electrical; heating, ventilation, and air conditioning (HVAC); boiler; medical gasses; roof; elevators); clinical-support facilities (e.g., for dietetics, laundry, rehabilitation therapy); and general renovation/upgrade (e.g., warehouse, storage, administration/office, multipurpose). Projects in this subpriority will be further prioritized based on the date the application for the project was received in VA (the earlier the application was received, the higher the priority given).

(v) Priority group 1 -- subpriority 5. An application for construction or acquisition of a nursing home or domiciliary from a State that has a significant need for the beds that the State in that application proposes to establish. Projects in this subpriority will be further prioritized based on the date the application for the project was received in VA (the earlier the application was received, the higher the priority given).

(vi) Priority group 1 -- subpriority 6. An application for construction or acquisition of a nursing home or domiciliary from a State that has a limited need for the beds that the State, in that application, proposes to establish. Projects in this subpriority will be further prioritized based on the date the application for the project was received in VA (the earlier the application was received, the higher the priority given).

Note to paragraph (a)(1): The following chart is intended to provide a graphic aid for understanding Priority group 1 and its subpriorities.

(2) Priority group 2. An application not meeting the criteria of paragraph (a)(1) of this section but meeting the criteria of paragraph (a)(1)(i) of this section. Projects within this priority group will be further prioritized the same as in paragraph (a)(1)(i) of this section.

(3) Priority group 3. An application not meeting the criteria of paragraph (a)(1) of this section but meeting the criteria of paragraph (a)(1)(ii) of this section. Projects within this priority group will be further prioritized the same as in paragraph (a)(1)(ii) of this section.

(4) Priority group 4. An application not meeting the criteria of paragraph (a)(1) of this section but meeting the criteria of paragraph (a)(1)(iii) of this section. Projects within this priority group will be further prioritized the same as in paragraph (a)(1)(iii) of this section.

(5) Priority group 5. An application not meeting the criteria of paragraph (a)(1) of this section but meeting the criteria of paragraph (a)(1)(iv) of this section. Projects within this priority group will be further prioritized the same as in paragraph (a)(1)(iv) of this section.

(6) Priority group 6. An application not meeting the criteria of paragraph (a)(1) of this section but meeting the criteria of paragraph (a)(1)(v) of this section. Projects within this priority group will be further prioritized the same as in paragraph (a)(1)(v) of this section.
(7) Priority group 7. An application not meeting the criteria of paragraph (a)(1) of this section but meeting the criteria of paragraph (a)(1)(vi) of this section. Projects within this priority group will be further prioritized the same as in paragraph (a)(1)(vi) of this section.

(b) An application will be given highest priority on the priority list for the next fiscal year within the priority group to which it is assigned in paragraph (a) of this section (without consideration of subpriorities) if:
(1) During the current fiscal year the State accepted a grant for that application that was less than the amount that would have been awarded if VA had sufficient appropriations to award the full amount of the grant requested; and
(2) The application was the lowest-ranking application on the priority list for the current fiscal year for which grant funds were available.

(c) An application will be given priority on the priority list (after applications described in paragraph (b) of this section) for the next fiscal year ahead of all applications that had not been approved under § 59.20 on the date that the application was approved under § 59.20, if:
(1) During the current fiscal year VA would have awarded a grant based on the application except for the fact that VA determined that the State did not, by July 1, provide evidence that it had its matching funds for the project, and
(2) The State was notified prior to July 1 that VA had funding available for this grant application.

(d) The priority list will not contain any project for the construction or acquisition of a hospital or hospital beds.

(e) For purposes of establishing priorities under this section:
(1) A State has a great need for nursing home and domiciliary beds if the State:
   (i) Has no State homes with nursing home or domiciliary beds, or
   (ii) Has an unmet need of 2,000 or more nursing home and domiciliary beds;
(2) A State has a significant need for nursing home and domiciliary beds if the State has an unmet need of 1,000 to 1,999 nursing home and domiciliary beds; and
(3) A State has a limited need for nursing home and domiciliary beds if the State has an unmet need of 999 or fewer nursing home and domiciliary beds.

(f) Projects that could be placed in more than one subpriority will be placed in the subpriority toward which the preponderance of the cost of the project is allocated. For example, under priority group 1 -- subpriority 1, if a project for which 25 percent of the funds needed would concern seismic and 75 percent of the funds needed would concern building construction, the project would be placed in the subpriority for building construction.

(g) Once the Secretary prioritizes the applications in the priority list, VA will not change the priorities unless a change is necessary as a result of an appeal.

[66 FR 33845, 33848, June 26, 2001]

§ 59.60 Additional application requirements.
For a project to be eligible for a grant under this part for the fiscal year for which the priority list was made, during that fiscal year the State must submit to VA an original and a copy of the following:
(a) Complete, updated Standard Forms 424 (mark the box labeled application and submit the information requested for an application), 424C, and 424D (the forms are set forth at § 59.170 of this part), and
(b) A completed VA Form 10-0388 and all information and documentation specified by VA Form 10-0388 (the form is set forth at § 59.170h).

[66 FR 33845, 33851, June 26, 2001]

§ 59.70 Award of grants.

(a) The Secretary, during the fiscal year for which a priority list is made under this part, will:
(1) Award a grant for each application that has been approved under § 59.20, that is sufficiently high on the priority list so that funding is available for the application, that meets the additional application requirements in § 59.60, and that meets all other requirements under this part for obtaining a grant, or
(2) Conditionally approve a grant for a project for which a State has submitted an application that substantially meets the requirements of this part if the State representative requests conditional approval and provides written assurance that the State will meet all requirements for a grant not later than 180 calendar days after the date of conditional approval. If a State that has obtained conditional approval for a project does not meet all of the requirements within 180 calendar days after the date of conditional approval, the Secretary will rescind the conditional approval and the project will be ineligible for a grant in the fiscal year in which the State failed to fully complete the application. The funds that were conditionally obligated for the project will be deobligated.
(b) As a condition of receiving a grant, a State must make sufficient funds available for the project for which the grant is requested so that such project may proceed upon approval of the grant without further action required by the State (such as subsequent issuance of bonds) to make such funds available for such purpose. To meet this criteria, the State must provide to VA a letter from an authorized State budget official certifying that the State funds are, or will be, available for the project, so that if VA awards the grant, the project may proceed without further State action to make such funds available (such as further action to issue bonds). If the certification is based on an Act authorizing the project and making available the State's matching funds for the project, a copy of the Act must be submitted with the certification. To be eligible for inclusion in priority group 1 under this part, a State must make such funds available by August 15 of the year prior to the fiscal year for which the grant is requested. To otherwise be eligible for a grant and grant funds based on inclusion on the priority list in other than priority group 1, a State must make such funds available by July 1 of the fiscal year for which the grant is requested.
(c) As a condition of receiving a grant, the State representative and the Secretary will sign three originals of the Memorandum of Agreement documents (one for the State and two for VA). A sample is in § 59.170.
[66 FR 33845, 33851, June 26, 2001]

§ 59.80 Amount of grant.
(a) The total cost of a project (VA and State) for which a grant is awarded under this part may not be less than $400,000 and, except as provided in paragraph (i) of this section, the total cost of a project will not exceed the total cost of new construction. The amount of a grant awarded under this part will be the amount requested by the State and approved in accordance with this part, not to exceed 65 percent of the total cost of the project except that:
   (1) The total cost of a project will not include the cost of space that exceeds the maximum allowable space specified in this part, and
   (2) The amount of the grant may be less than 65 percent of the total cost of the project if the State accepts less because VA did not have sufficient funds to award the full amount of the grant requested.
(b) The total cost of a project under this part for acquisition of a facility may also include construction costs.
(c) The total cost of a project under this part will not include any costs incurred before the date VA sent the State written notification that the application in § 59.20 was approved.
(d) The total cost of a project under this part may include administration and production costs, e.g., architectural and engineering fees, inspection fees, and printing and advertising costs.
(e) The total cost of a project under this part may include the cost of projects on the grounds of the facility, e.g., parking lots, landscaping, sidewalks, streets, and storm sewers, only if they are inextricably involved with the construction of the project.
(f) The total cost of a project under this part may include the cost of equipment necessary for the operation of the State home facility. This may include the cost of:
   (1) Fixed equipment included in the construction or acquisition contract. Fixed equipment must be permanently affixed to the building or connected to the heating, ventilating, air conditioning, or other service distributed through the building via ducts, pipes, wires, or other connecting device. Fixed equipment must be installed during construction. Examples of fixed equipment include kitchen and intercommunication equipment, built-in cabinets, and cubicle curtain rods; and
   (2) Other equipment not included in the construction contract constituting no more than 10 percent of the total construction contract cost of the project. Other equipment includes: furniture, furnishings, wheeled equipment, kitchen utensils, linens, draperies, blinds, electric clocks, pictures and trash cans.
   (g) The contingency allowance may not exceed five percent of the total cost of the project for new construction or eight percent for renovation projects.
   (h) The total cost of a project under this part may not include the cost of:
      (1) Land acquisition;

(2) Maintenance or repair work; or
(3) Office supplies or consumable goods (such as food, drugs, medical dressings, paper, printed forms, and soap) which are routinely used in a State home.

(i) A grant for expansion, remodeling, or alteration of an existing State home, which is on or eligible for inclusion in the National Register of Historic Places, for furnishing domiciliary, nursing home, or adult day health care to veterans may not be awarded for the expansion, remodeling, or alteration of such building if such action does not comply with National Historic Preservation Act procedures or if the total cost of remodeling, renovating, or adapting such building or facility exceeds the cost of comparable new construction by more than five percent. If demolition of an existing building or facility on, or eligible for inclusion in, the National Register of Historic Places is deemed necessary and such demolition action is taken in compliance with National Historic Preservation Act procedures, any mitigation cost negotiated in the compliance process and/or the cost to professionally record the building or facility in the Historic American Buildings Survey (HABS), plus the total cost for demolition and site restoration, shall be included by the State in calculating the total cost of new construction.

(j) The cost of demolition of a building cannot be included in the total cost of construction unless the proposed construction is in the same location as the building to be demolished or unless the demolition is inextricably linked to the design of the construction project.

(k) With respect to the final award of a conditionally-approved grant, the Secretary may not award a grant for an amount that is 10 percent more than the amount conditionally-approved.

After a grant has been awarded, upon request from the State representative, VA may approve a change in a line item (line items are identified in Form 424C which is set forth in § 59.170(o) of this part) of up to 10 percent (increase or decrease) of the cost of the line item if the change would be within the scope or objective of the project and would not change the amount of the grant.

[66 FR 33845, 33852, June 26, 2001]

§ 59.100 Payment of grant award.
The amount of the grant award will be paid to the State or, if designated by the State representative, the State home for which such project is being carried out, or any other State agency or instrumentality. Such amount shall be paid by way of reimbursement, and in such installments consistent with the progress of the project, as the Chief Consultant, Geriatrics and Extended Care, may determine and certify for payment to the appropriate
Federal institution. Funds paid under this section for an approved project shall be used solely for carrying out such project as so approved. As a condition for the final payment, the State must comply with the requirements of this part based on an architectural and engineering inspection approved by VA, must obtain VA approval of the final equipment list submitted by the State representative, and must submit to VA a completed VA Form 10-0388 (see § 59.170(i)). The equipment list and the completed VA form 10-0388 must be submitted to the Chief Consultant, Geriatrics and Extended Care (114), VA Central Office, 810 Vermont Avenue, NW., Washington, DC 20420.

§ 59.110 Recapture provisions.

If a facility for which a grant has been awarded ceases to be operated as a State home for the purpose for which the grant was made, the United States shall be entitled to recover from the State which was the recipient of the grant or from the then owner of such construction as follows:

(a) If less than 20 years has lapsed since the grant was awarded, and VA provided 65 percent of the estimated cost to construct, acquire or renovate a State home facility principally for furnishing domiciliary care, nursing home care, adult day health care, hospital care, or non-institutional care to veterans, VA shall be entitled to recover 65 percent of the current value of such facility (but in no event an amount greater than the amount of assistance provided for such under these regulations), as determined by agreement of the parties or by action brought in the district court of the United States for the district in which the facility is situated.

(b) Based on the time periods for grant amounts set forth below, if VA provided between 50 and 65 percent of the estimated cost of expansion, remodeling, or alteration of an existing State home facility, VA shall be entitled to recover the amount of the grant as determined by agreement of the parties or by action brought in the district court of the United States for the district in which the facility is situated:

(c) If the magnitude of the VA contribution is below 50 percent of the estimated cost of the expansion, remodeling, or alteration of an existing State home facility recognized by
the Department of Veterans Affairs, the Under Secretary for Health may authorize a recovery period between 7 and 20 years depending on the grant amount involved and the magnitude of the project.

§ 59.120 Hearings.
If the Secretary determines that a submission from a State does not meet the requirements of this part, the Secretary will advise the State by letter that a grant is tentatively denied, explain the reasons for the tentative denial, and inform the State of the opportunity to appeal to the Board of Veterans' Appeals pursuant to 38 U.S.C. 7105. § 59.124 Inspections, audits, and reports.
(a) A State will allow VA inspectors and auditors to conduct inspections and audits as necessary to ensure compliance with the provisions of this part. The State will provide evidence that it has met its responsibility under the Single Audit Act of 1984 (see part 41 of this chapter) and submit that evidence to VA.
(b) A State will make such reports in such form and containing such information as the Chief Consultant, Geriatrics and Extended Care, may from time to time reasonably require and give the Chief Consultant, Geriatrics and Extended Care, upon demand, access to the records upon which such information is based.

§ 59.130 General requirements for all State home facilities.
As a condition for receiving a grant and grant funds under this part, States must comply with the requirements of this section.
(a) The physical environment of a State home must be designed, constructed, equipped, and maintained to protect the health and safety of participants, personnel and the public.
(b) A State home must meet the general conditions of the American Institute of Architects, or other general conditions required by the State, for awarding contracts for State home grant projects. Facilities must meet all Federal, State, and local requirements, including the Uniform Federal Accessibility Standards (UFAS) (24 CFR part 40, appendix A), during the design and construction of projects subject to this part. If the State or local requirements are different from the Federal requirements, compliance with the most stringent provisions is required. A State must design and construct the project to provide sufficient space and equipment in dining, health services, recreation, and program areas to enable staff to provide residents with needed services as required by this part and as identified in each resident's plan of care.
(c) State homes should be planned to approximate the home atmosphere as closely as possible. The interior and exterior should provide an attractive and home-like environment for elderly residents. The site will be located in a safe, secure, residential-type area that is accessible to acute medical care facilities, community activities and amenities, and transportation facilities typical of the area.
(d)(1) State homes must meet the applicable provisions of the National Fire Protection Association's NFPA 101, Life Safety Code (2000 edition) and the NFPA 99, Standard for Health Care Facilities (1999 edition). Incorporation by reference of these materials was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. These materials, incorporated by reference, are available for inspection at the Office of the Federal Register, Suite 700, 800 North Capitol Street, NW, Washington, DC, and the Department of Veterans Affairs, Office of Regulations Management (02D), Room 1154, 810 Vermont Avenue, NW, Washington, DC 20420. Copies may be...
obtained from the National Fire Protection Association, 1 Batterymarch Park, P.O. Box 9101, Quincy, MA 02269-9101. (For ordering information, call toll free 1-800-344-3555.)

(2) Facilities must also meet the State and local fire codes.

(e) State homes must have an emergency electrical power system to supply power adequate to operate all exit signs and lighting for means of egress, fire and medical gas alarms, and emergency communication systems. The source of power must be an on-site emergency standby generator of sufficient size to serve the connected load or other approved sources.

(f) The nurse's station must be equipped to receive resident calls through a communication system from resident rooms, toilet and bathing facilities, dining areas, and activity areas.

(g) The State home must have one or more rooms designated for resident dining and activities. These rooms must be:
   (1) Well lighted;
   (2) Well ventilated; and
   (3) Adequately furnished.

(h) The facility management must provide a safe, functional, sanitary, and comfortable environment for the residents, staff and the public. The facility must:
   (1) Ensure that water is available to essential areas when there is a loss of normal water supply;
   (2) Have adequate outside ventilation by means of windows, or mechanical ventilation, or a combination of the two;
   (3) Equip corridors with firmly secured handrails on each side; and
   (4) Maintain an effective pest control program so that the facility is free of pests and rodents.

   (1) Accommodate no more than four residents;
   (2) Have direct access to an exit corridor;
   (3) Have at least one window to the outside;
   (4) Be equipped with, or located near, toilet and bathing facilities (VA recommends that public toilet facilities also be located near the residents dining and recreational areas);
   (5) Be at or above grade level;
   (6) Be designed or equipped to ensure full visual privacy for each resident;
   (7) Except in private rooms, each bed must have ceiling suspended curtains that extend around the bed to provide total visual privacy in combination with adjacent walls and curtains;

(9) Have a clean, comfortable mattress;
(10) Have bedding appropriate to the weather and climate;
(11) Have functional furniture appropriate to the resident's needs, and
(12) Have individual closet space with clothes racks and shelves accessible to the resident.

(b) Unless determined by VA as necessary to accommodate an increased quality of care for patients, a nursing home project may propose a deviation of no more than 10 percent (more or less) from the following net square footage for the State to be eligible for a grant of 65 percent of the total estimated cost of the project. If the project proposes building more than the following net square footage and VA makes a determination that it is not needed, the cost of the additional net square footage will not be included in the estimated total cost of construction.

§ 59.150 Domiciliary care requirements.
As a condition for receiving a grant and grant funds for a domiciliary under this part, the domiciliary must meet the requirements for a nursing home specified in § 59.140 of this part.

   (2) Rehabilitation rooms or an area for individual and group treatments for occupational therapy, physical therapy, and other treatment modalities.
   (3) A kitchen area for refrigerated food storage, the preparation of meals and/or training participants in activities of daily living.

(d) Furnishings must be available for all participants. This must include functional furniture appropriate to the participants' needs.
(e) Unless determined by VA as necessary to accommodate an increased quality of care for patients, an adult day health care facility project may propose a deviation of no more than 10 percent (more or less) from the following net square footage for the State to be eligible for a grant of 65 percent of the total estimated cost of the project. If the project proposes building more than the following net square footage and VA makes a determination that it is not needed, the cost of the additional net square footage will not be included in the estimated total cost of construction.

   (ii) The recipient will keep records and submit reports as VA may reasonably require, within the time frames required; and give VA, upon demand, access to the records upon which such information is based;
   (iii) The applicant has agreed to comply with the applicable requirements of this part and has demonstrated the capacity to do so;

(f) The authority to provide Life Safety Code grants expires on December 21, 2006.
(The Office of Management and Budget has approved the information collection requirements in this section under control number 2900-0554.)
§ 61.30 Per diem-general.
VA provides per diem funds to capital grant recipients or to entities eligible to receive a capital grant, which established a program of supportive housing or services after November 10, 1992 so they can assist homeless veterans by helping to offset operating costs to ensure the availability of supportive housing and service centers tasked with furnishing outreach, rehabilitative services, vocational counseling and training, and transitional housing assistance.

§ 61.31 Application for per diem.
(a) To apply for per diem, a capital grant recipient need only indicate the intent to receive per diem on the capital grant application or may separately request per diem by submitting to VA a written statement requesting per diem.
(b) To apply for per diem, a non-capital grant recipient must obtain from VA a non-capital grant application package and submit to VA the information called for in the application package within the time period established in the Notice of Fund Availability. The non-capital grant application package includes exhibits to be prepared and submitted as part of the application process, including:
(1) Justification for per diem;
(2) Documentation on eligibility to receive per diem under this part;
(3) Documentation on operating budget and cost sharing;

(ii) Adequate financial support will be available for the per diem program; and
(iii) The recipient will keep records and submit reports as VA may reasonably require, within the time frames required; and give VA, upon demand, access to the records upon which such information is based.
§ 61.32 Ranking non-capital grant recipients for per diem.
(a) Applications from non-capital grant recipients in response to a Notice of Fund Availability will be reviewed and grouped in categories according to the funding priorities set forth in the NOFA, if any. Such applications will then be ranked within their respective funding category according to scores achieved only if the applicant scores at least 500 cumulative points from paragraphs (b), (c), (d), (e), and (i) of § 61.13 of this part. The highest-ranked applications for which funding is available, within highest priority funding category if applicable, will be conditionally selected for eligibility to receive per diem payments in accordance with their ranked order. If funding priorities have been established and funds are still available after selection of those applicants in the highest priority group VA will continue to conditionally select applicants in lower priority categories in accordance with the selection method set forth in this paragraph subject to available funding.

(b) In the event of a tie between applicants, VA will use the score from § 61.13(e) of this part to determine the ranking.

(c) All applicants responding to a NOFA for "Per Diem Only" will be subject to the ranking method in paragraph (a) of this section.

Note to § 61.32: Capital grant recipients are not required to be ranked, however, continuation of per diem payments to capital grant recipients will be subject to limitations set forth in § 61.33 of this part.

§ 61.33 Payment of per diem.
(a) A capital grant recipient meeting the application requirements as outlined in § 61.31(a) of this part is eligible for per diem subject to a site inspection establishing that the applicant continues to meet the requirements for a capital grant as outlined in the following sections, §§ 61.62, 61.64, 61.65, 61.66, 61.80, 61.81, and 61.82.

(b) For non-capital grant recipients who apply for per diem under this part, funds will be allocated to the highest-ranked applicants in descending order until funds are expended. Payments will be contingent upon verification of application information based on an
initial site inspection and other inspections pursuant to § 61.66 of this part and will be
made for 3 years or as otherwise specified in the Notice of Fund Availability. Non-capital
grant recipients may apply again thereafter only in response to a Notice of Fund
Availability.
(c) For those applicants selected to receive per diem, VA will execute an agreement in
accordance with § 61.61 of this part and make payments to the grant recipient or
non-grant recipient for those homeless veterans --
(1) Who VA referred to the grant recipient or non-grant recipient; or
(2) For whom VA authorized the provision of supportive housing or supportive service.
(d)(1) The rate of per diem payments for each veteran in supportive housing shall be the
lesser of --
(i) The daily cost of care estimated by the per diem recipient minus other sources of
payments to the per diem recipient for furnishing services to homeless veterans that the
per diem recipient certifies to be correct (other sources include payments and grants from
other departments and agencies of the United States, from departments of State and local
governments, from private entities or organizations, and from program participants), or
(ii) The current VA State Home Program per diem rate for domiciliary care.
(2) The per diem amount for service centers shall be 1/8 of the lesser of the amounts in
paragraphs (d)(1)(i) and (d)(1)(ii) of this section per hour, not to exceed 8 hours in any
day.
(e) Per diem payments may be paid retroactively for services provided not more than 3
days before VA approval is given or, where through no fault of the recipient, per diem
payments should have been made but were not made. VA will not pay per diem for any
additional days of absence when a veteran has already been absent for more than 72
hours consecutively (scheduled or unscheduled). In addition, VA will not pay per diem
payments for supportive housing for any homeless veteran who has had three or more
episodes (admission and discharge for each episode) of supportive housing services paid
for under this part. VA may waive the episode requirement if the services offered are
different from those previously provided and may lead to a successful outcome.
(f) Payment of per diem is subject to availability of funds. When necessary due to
funding limitations, VA will reduce the rate of per diem as necessary.
(g) Capital grant recipients and non-capital grant recipients may continue to receive per
diem assistance only so long as they continue to meet the minimum eligibility
requirements for obtaining a grant. For grant recipients this is the minimum 600 points as
provided for in § 61.13(a) of this part. For non-grant recipients this is the minimum 500
points provided for in § 61.32(a) of this part.
(h) Per diem payments will not be paid for both supportive housing and supportive
services provided to the same veteran by the same per diem recipient.
(i) For non-capital grant recipients, only those portions of the service center or supportive
housing described in the application will be considered for per diem assistance.
(j) At the time of receipt, a per diem recipient must report to VA all other sources of
income for the project for which per diem was awarded. The information in this
paragraph provides a basis for adjustments to the per diem payment.

§ 61.63 Procedural error.
If an application would have been selected but for a procedural error committed by VA, VA will select that application for potential funding when sufficient funds become available if there is no material change in the information that resulted in its selection. A new application will not be required for this purpose.

§ 61.64 Religious organizations.
(a) Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to participate in VA programs under this part. In the selection of service providers, neither the Federal Government nor a state or local government receiving funds under this part shall discriminate for or against an organization on the basis of the organization's religious character or affiliation.
(b)(1) No organization may use direct financial assistance from VA under this part to pay for any of the following:
(i) Inherently religious activities such as, religious worship, instruction, or proselytization; or
(ii) Equipment or supplies to be used for any of those activities.
(2) For purposes of this section, "indirect financial assistance" means Federal assistance in which a service provider receives program funds through a voucher, certificate, agreement or other form of disbursement, as a result of the independent and private choices of individual beneficiaries. "Direct financial assistance," means Federal aid in the form of a grant, contract, or cooperative agreement where the independent choices of individual beneficiaries do not determine which organizations receive program funds.
(c) Organizations that engage in inherently religious activities, such as worship, religious instruction, or proselytization, must offer those services separately in time or location from any programs or services funded with direct financial assistance from VA, and participation in any of the organization's inherently religious activities must be voluntary.
for the beneficiaries of a program or service funded by direct financial assistance from VA.

(d) A religious organization that participates in VA programs under this part will retain its independence from Federal, State, or local governments and may continue to carry out its mission, including the definition, practice and expression of its religious beliefs, provided that it does not use direct financial assistance from VA under this part to support any inherently religious activities, such as worship, religious instruction, or proselytization. Among other things, faith-based organizations may use space in their facilities to provide VA-funded services under this part, without removing religious art, icons, scripture, or other religious symbols. In addition, a VA-funded religious organization retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members and otherwise govern itself on a religious basis, and include religious reference in its organization's mission statements and other governing documents.

(e) An organization that participates in a VA program under this part shall not, in providing direct program assistance, discriminate against a program beneficiary or prospective program beneficiary regarding housing, supportive services, or technical assistance, on the basis of religion or religious belief.

(f) If a State or local government voluntarily contributes its own funds to supplement Federally funded activities, the State or local government has the option to segregate the Federal funds or commingle them. However, if the funds are commingled, this provision applies to all of the commingled funds.

(g) To the extent otherwise permitted by Federal law, the restrictions on inherently religious activities set forth in this section do not apply where VA funds are provided to religious organizations through indirect assistance as a result of a genuine and independent private choice of a beneficiary, provided the religious organizations otherwise satisfy the requirements of this Part. A religious organization may receive such funds as the result of a beneficiary's genuine and independent choice if, for example, a beneficiary redeems a voucher, coupon, or certificate, allowing the beneficiary to direct where funds are to be paid, or a similar funding mechanism provided to that beneficiary and designed to give that beneficiary a choice among providers.

§ 61.65 Inspections.
VA may inspect the facility and any records of an entity applying for or receiving assistance under this part at such times as are deemed necessary to determine compliance with the provisions of this part. The authority to inspect carries with it no authority over the management or control of any entity applying for or receiving assistance under this part.
§ 61.66 Financial management.
(a) All recipients shall comply with applicable requirements of the Single Audit Act Amendments of 1996, as implemented by OMB Circular A-133.
(b) All entities receiving assistance under this part must use a financial management system that follows generally accepted accounting principals and provides accounting records, including cost accounting records that are supported by documentation. Such cost accounting must be reflected in the entity's fiscal cycle financial statements to the extent that the actual costs can be determined for the program for which assistance is provided. All entities receiving per diem under this part must monitor the accuracy of the costs used to determine payment amounts per veteran. Entities receiving assistance must meet the applicable requirements of the appropriate OMB Circular for Cost-Principles (A-122 or A-87).

§ 61.67 Recovery provisions.
(a) If after 3 years from the date of award of a capital grant, the grant recipient has withdrawn from the VA Homeless Providers Grant and Per Diem Program (Program); does not establish the project for which the grant was made; or has established the project for which the grant was made but has not had final inspection, VA would be entitled to recover from the grant recipient all of the grant amounts provided for the project.
(b) Where the grant recipient is not subject to recovery under paragraph (a) of this section, VA will seek recovery of the grant amount on a prorated basis where the grant recipient ceases to provide services for which the grant was made or withdraws from the Program prior to the expiration of the applicable period of operation, which period shall begin on the date of final inspection for which the grant was made. The amount to be recaptured equals the total amount of the grant, multiplied by the fraction resulting from using the number of years the recipient was not operational as the numerator, and using the number of years of operation required under the following chart as the denominator.

<table>
<thead>
<tr>
<th>Grant amount (dollars in thousands)</th>
<th>Years of operation</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-250</td>
<td>7</td>
</tr>
<tr>
<td>251-500</td>
<td>8</td>
</tr>
</tbody>
</table>
Example A: Grantee A is awarded a grant and does not bring the project to operational status within 3 years from the time of award. Grantee A may be subject to full recapture of the grant award.

Example B: Grantee B is awarded a grant in the amount of $300,000 and brings the project to operational status within 3 years from the time of award. Grantee B then provides services to homeless veterans for a period of 6 years from the date the program was operationalized, but now decides to close the program. As the original award was $300,000 and as a condition of receiving the grant funds Grantee B agreed to provide services for 8 years. Therefore, Grantee B would be subject to the prorated recapture of the grant award for the 2-year period not served or in this case 1/4 of the original grant would be subject to recapture.

Example C: Grantee C is awarded a grant in the amount of $400,000, becomes operational within 1 year of the date of the grant award and ceases operation 1 year later, 2 years after the date of the grant award. After the expiration of the 3-year period beginning on the date of the grant award, Grantee C would be subject to prorated recapture for the 7 years it did not provide service of the required 8 years of operation. The amount subject to recapture would thus be 7/8 x $400,000 or $350,000.
(c) VA will seek to recover from the recipient of per diem, a special needs grant, or a technical assistance grant any funds that are not used in accordance with the requirements of this part.
(d) Before VA would take action to recover funds, VA will issue to the recipient a notice of intent to recover funds. The recipient will then have 30 days to submit documentation demonstrating why funds should not be recovered. After review of any such documentation, VA will issue a decision regarding whether action will be taken to recover funds.

§ 61.80 General operation requirements for supportive housing and service centers.
(a) Supportive housing and service centers for which assistance is provided under this part must:
(1) Comply with the Life Safety Code of the National Fire Protection Association and all applicable State and local housing codes, licensing requirements, fire and safety

requirements, and any other requirements in the jurisdiction in which the project is located regarding the condition of the structure and the operation of the supportive housing or service centers.

(2) Notwithstanding the provisions of paragraph (a)(1) of this section, recipients of grants prior to December 21, 2001, are required to comply with the Life Safety Code of the National Fire Protection Association by December 21, 2006. Such recipients are not excused from meeting the other requirements of paragraph (a)(1) of this section, including State and local fire and safety requirements.

(b) Except for such variations as are proposed by the recipient that would not affect compliance with paragraph (a) of this section and are approved by VA, supportive housing must meet the following requirements:

(1) The structures must be structurally sound so as not to pose any threat to the health and safety of the occupants and so as to protect the residents from the elements;

(2) Entry and exit locations to the structure must be capable of being utilized without unauthorized use of other private properties, and must provide alternate means of egress in case of fire;

(3) Buildings constructed or altered with Federal assistance must also be accessible to the disabled, as required by section 502 of the Americans with Disabilities Act, referred to as the Architectural Barriers Act;

(4) Each resident must be afforded appropriate space and security for themselves and their belongings, including an acceptable place to sleep that is in compliance with all applicable local, state, and federal requirements;

(5) Every room or space must be provided with natural or mechanical ventilation and the structures must be free of pollutants in the air at levels that threaten the health of residents;

(6) The water supply must be free from contamination;

(7) Residents must have access to sufficient sanitary facilities that are in proper operating condition, that may be used in privacy, and that are adequate for personal cleanliness and the disposal of human waste;

(8) The housing must have adequate heating and/or cooling facilities in proper operating condition;

(9) The housing must have adequate natural or artificial illumination to permit normal indoor activities and to support the health and safety of residents and sufficient electrical sources must be provided to permit use of essential electrical appliances while assuring safety from fire;

(10) All food preparation areas must contain suitable space and equipment to store, prepare, and serve food in a sanitary manner;

(11) The housing and any equipment must be maintained in a sanitary manner;

(12) The residents with disabilities must be provided meals or meal preparation facilities must be available;

(13) Residential supervision from a paid staff member, volunteer, or senior resident participant must be provided 24 hours per day, 7 days per week and for those times that a volunteer or senior resident participant is providing residential supervision a paid staff member must be on call for emergencies 24 hours a day 7 days a week (all supervision must be provided by individuals with sufficient knowledge for the position); and
(14) Residents must be provided a clean and sober (free from illicit drugs) environment and those supportive housing or service centers that provide medical or social detox at the same site as the supportive housing or service must ensure that those residents in detox are clearly separated from the general residential population.

(c) Each recipient of assistance under this part must conduct an ongoing assessment of the supportive services needed by the residents of the project and the availability of such services, and make adjustments as appropriate. The recipient will provide evidence of this ongoing assessment to VA at such times as are deemed necessary, but as a minimum, once annually in the form of a report that addresses the recipient's ability to meet the goals, objectives, measures, and special needs as set forth in the recipient's grant proposal.

(d) A homeless veteran may remain in transitional housing for which assistance is provided under this part for a period no longer than 24 months, except that a veteran may stay longer, if permanent housing for the veteran has not been located or if the veteran requires additional time to prepare for independent living. However, at any given time, no more than one-half of the veterans at such transitional housing facility may have resided at the facility for periods longer than 24 months.

(e) Each recipient of assistance under this part must provide for the consultation and participation of not less than one homeless veteran or formerly homeless veteran on the board of directors or an equivalent policymaking entity of the recipient, to the extent that such entity considers and makes policies and decisions regarding any project provided under this part. This requirement may be waived if an applicant, despite a good faith effort to comply, is unable to meet it and presents a plan, subject to VA approval, to otherwise consult with homeless or formerly homeless veterans in considering and making such policies and decisions.

(f) Each recipient of assistance under this part must, to the maximum extent practicable, involve homeless veterans and families, through employment, volunteer services, or otherwise, in constructing, rehabilitating, maintaining, and operating the project and in providing supportive services for the project.

(g) Each recipient of assistance under this part shall establish procedures for fiscal control and fund accounting to ensure proper disbursement and accounting of assistance received under this part.

(h) The recipient of assistance under this part that provides family violence prevention or treatment services must establish and implement procedures to ensure:

(1) The confidentiality of records pertaining to any individual provided services, and

(2) The confidentiality of the address or location where the services are provided.

(i) Each recipient of assistance under this part must maintain the confidentiality of records kept on homeless veterans receiving services.

(j) VA may disapprove use of outpatient health services provided through the recipient if VA determines that such services are of unacceptable quality. Further, VA will not pay per diem where the Department concludes that services furnished by the recipient are unacceptable.

(k) A service center for homeless veterans shall provide services to homeless veterans for a minimum of 40 hours per week over a minimum of 5 days per week, as well as provide services on an as-needed, unscheduled basis. The calculation of average hours shall include travel time for mobile service centers. In addition:
(1) Space in a service center shall be made available as mutually agreeable for use by VA staff and other appropriate agencies and organizations to assist homeless veterans;
(2) A service center shall be equipped to provide, or assist in providing, health care, mental health services, hygiene facilities, benefits and employment counseling, meals, and transportation assistance;
(3) A service center shall provide other services as VA determines necessary based on the need for services otherwise not available in the geographic area; and
(4) A service center may be equipped and staffed to provide, or to assist in providing, job training and job placement services (including job readiness, job counseling, and literacy and skills training), as well as any outreach and case management services that may be necessary to meet the requirements of this paragraph.

(1) Fixed site service centers will prominently post at or near the entrance to the service center their hours of operation and contacts in case of emergencies. Mobile service centers must take some action reasonably calculated to provide in advance a tentative schedule of visits, (e.g., newspapers, fliers, public service announcements on television or radio). The schedule should include but is not limited to:

(1) The region of operation;
(2) Times of operation;
(3) Expected services to be provided; and
(4) Contacts for specific information and changes.

(The Office of Management and Budget has approved the information collection requirements in this section under control number 2900-0554.)

§ 61.81 Outreach activities.

Accordingly, a recipient should search for homeless veterans at places such as shelters, soup kitchens, parks, bus or train stations, and the streets. Outreach particularly should be directed toward veterans who have a nighttime residence that is an emergency shelter or a public or private place not ordinarily used as a regular sleeping accommodation for human beings (e.g., cars, streets, or parks).

determined by the recipient, except that such rent may not exceed 30 percent of the
resident's monthly income after deducting medical expenses, child care expenses, court
ordered child support payments, or other court ordered payments.
