Pho is considered as the national dish of Vietnam, and has captured the fascination of so many people in the U.S because of its simplicity, and complex flavors. We believe that pho is the perfect comfort food for any day. Whether it is warm and sunny, or cold and rainy, pho is a hearty and deliciously refreshing meal that anyone can enjoy.

So what is pho? Well, to put it simply, pho is Vietnamese rice-noodle soup. It is traditionally made with beef broth that is flavored with various spices and topped with various herbs.

You can get pho with a variety of meats including steak, brisket, flank, and meatballs. For the more adventurous individual, you may want to try tripe or tendons in your meal.
