JOIN US IN CHARLOTTE!

Recharge with the power of the infection prevention community — nearly 5,000 strong — at APIC’s 43rd Annual Conference, as we forge ahead to create a safer world through the prevention of infection.

Be inspired by innovative thought leaders, amazed by the largest exhibit hall dedicated to infection prevention, and motivated by the science and best practices presented in 60+ sessions across six topic tracks:

- Alternate Care Settings
- Emerging Science, Research, and Application
- Leadership and Professional Development
- Public Policy, Public Reporting, and Regulations
- Specialty Patient Populations
- Surveillance and Technology

Register early and save $100!
Save even more with group discounts.

Full conference registration rates:
$685—members | $885—non-members

The deadline for early registration is Monday, April 4, 2016.
Book your hotel early for the best selection.
Visit apic.org/ac2016 for full registration and housing details.

Thank you to our Platinum Sponsors!*
Friday, June 10

ONE-DAY PRE-CONFERENCE WORKSHOPS (additional fee)

NHSN SSI and MDRO/CDI Surveillance and Data Analysis — Presented by CDC
This interactive pre-conference workshop will be devoted to the surveillance protocols, reporting, and data analysis of the NHSN SSI and MDRO/CDI Modules.

CIC® Certification Preparatory Course — Presented by APIC
This course offers a full day of preparation for candidates who plan on taking the certification in infection prevention and control (CIC®) exam and those interested in enhanced competency in the field of infection prevention.

Fee per workshop: $250—conference attendees | $325—non-attendees
Both registration options include access to the APIC 2016 Welcome Reception.

APIC 2016 Keynote Speakers

Stephen Dubner
William Rutala
Josh Linkner

Saturday, June 11
Opening Plenary

Business and Management Lessons from Freakonomics and SuperFreakonomics
Stephen Dubner
How can you really change behaviors in your facility? In this engaging presentation, award-winning author, journalist, radio and TV personality Stephen Dubner explains why the old rules of business just don't apply. Using humor, first-rate storytelling, and real-world examples from the healthcare field, he discusses ways to create behavior change, the incentives that work and don't work, and the value of asking unpopular questions.

Sunday, June 12
Plenary Session

Disinfection and Sterilization: The Good, the Bad, and the Ugly
William Rutala, MS, MPH, PhD
Director, Statewide Program for Infection Control and Epidemiology, Director, Hospital Epidemiology, Occupational Health and Safety Program
Get a fresh take on all things disinfection and sterilization, including the “good” classification scheme, improved data, and new technologies; the “bad” non-compliance with guidelines for reprocessing medical/surgical devices; and the “ugly” endoscope reprocessing and infection risks that may expose patients.

Monday, June 13
Closing Plenary

Executing Imagination: Turning Raw Ideas into Powerful Results
Josh Linkner
How is it that some organizations can harness imagination to create game-changing drivers of growth and innovation while others miss the mark? According to renowned tech entrepreneur and bestselling author Josh Linkner, the best companies have a systematic process to focus their team’s creativity into practical outputs. In this inspiring presentation, get practical tools that can be immediately implemented to increase creative output and deliver bottom-line results at your facility.
Concurrent Education Sessions
3–4 p.m.

Session 1300
Understanding and Interpreting Research Studies for Deciding When to Integrate Evidence into Practice
Terri Rebmann, PhD, RN, CIC
Institute for Biosecurity, Saint Louis University College for Public Health and Social Justice

Track: Leadership and Professional Development

Session 1302
Can We Fix It? Yes We Can! Building and Maintaining an Infection Prevention Practice during a Major Demolition Project
Jenny Bender, MPH, BSN, RN, CIC, CPH
UPMC Presbyterian
Leon Young, BSMT(ASCP)
UPMC Presbyterian

Track: Surveillance and Technology

Session 1303
Keep It Clean for Kids! Lessons Learned from a Four-Year Infection Prevention Initiative in Pediatric Long-Term Care
Lisa Saiman, MD, MPH
Columbia University Medical Center, Morgan Stanley Children's Hospital of New York-Presbyterian
Bevin Cohen, MPH, MPhil
Columbia University School of Nursing
Meghan Murray, MPH
Columbia University School of Nursing
Olivia Jackson, RN, BSN
Elizabeth Seton Pediatric Center

Track: Alternate Care Settings

Session 1304
Behavioral Modification: Jedi Mind Tricks to Create Change and Increase Compliance
Jill Holdsworth, MS, CIC, NREMT
Sentara Northern Virginia Medical Center

Track: Emerging Science, Research, and Application

Session 1305
IPPS — Demystifying CMS Requirements and Giving Them Meaning for IPs
Kathleen Gase, MPH, CIC
BjC HealthCare

Track: Public Policy, Public Reporting, and Regulations

30/30 Session

Session 1301
3–3:30 p.m.
Integrating Infection Prevention and Control Programs into the Ambulatory Care Setting: An Evolving Model
Faith Skeete, RN, MS, CIC
New York University Medical Center
Natalie Fucito, BSN, RN, CCRN
NYU Langone Medical Center

Track: Alternate Care Settings

Session 1302
3:30–4 p.m.
Not All Ambulatory Sites Are Created Equal: How a Large Tertiary Hospital Developed and Utilized a Specialized Risk Assessment Tool (A-IPRA), Improving Patient Safety in over 100 Offsite Locations
Donna Nucci, RN, BSN, CIC
Yale New Haven Hospital

Track: Alternate Care Settings

Workshops
3–5:30 p.m.

Session 1400
Methods for Assessing Intervention Effectiveness
Speaker TBA
Centers for Disease Control and Prevention

Session 1401
VAE Protocol Review and Case Study Determinations
Speaker TBA
Centers for Disease Control and Prevention

Saturday, June 11
EDUCATION SESSIONS

Preliminary Program • Information current as of December 7, 2015.
Concurrent Education Sessions
4:30–5:30 p.m.

Session 1500
Creating Successful and Collaborative Relationships between Infection Preventionists and Infectious Disease Physicians
Carol Vance BSN, RN, CIC
HSHS St. Elizabeth’s Hospital
Hilary Babcock, MD, MPH
Washington University School of Medicine; BJC Health Care

Track: Leadership and Professional Development

Session 1501
Should We Let the Dogs In?
Kathleen Darling, MS, M, MT(ASCP), CIC
Texas A&M University Veterinary Medical Teaching Hospital

Track: Alternate Care Settings

Session 1502
Outbreak — Reprocessing/Sterilization
Speaker TBA
Centers for Disease Control and Prevention

Track: Surveillance and Technology

Session 1504
Increasing Uptake of Influenza and Other Vaccines across Healthcare and Community Settings
Terri Rebmann, PhD, RN, CIC
Institute for Biosecurity, Saint Louis University College for Public Health and Social Justice

Track: Emerging Science, Research, and Application

Session 1505
The Physical Environment’s Critical Role in Infection Prevention: High-Risk Areas and Mitigation Strategies
Bryan Connors, MS, CIH
Environmental Health & Engineering, Inc

Track: Leadership and Professional Development
Concurrent Education Sessions
9:30–10:30 a.m.

Session 2102
To Be or Not to Be CAUTI
Speaker TBA
Centers for Disease Control and Prevention

Session 2103
Delivering More Than Just Babies: An Overview of Infections and Prevention Opportunities in the OB/Newborn Setting
Sonya Mauzey, RN, BS, CIC
The Women’s Hospital, Deaconess Health System
Track: Specialty Patient Populations

Session 2104
Implementing a Severe Sepsis Improvement Program: The Role of the Infection Preventionist
Shannon Davila, RN, MSN, CIC, CPHQ
New Jersey Hospital Association
E. Jackie Blanchard, RN, MSN, CIC
Atlantic Health System
Laura Anderson, MSN, RN, CIC
Newton Medical Center
Track: Emerging Science, Research, and Application

Session 2105
Lessons Learned from Validation of the Surveillance and Reporting of National Healthcare Safety Network (NHSN) Healthcare-Associated Infection (HAI) Data to a State Health Department
Lauren Backman, RN, MHS
State of Connecticut, Department of Public Health
Track: Public Policy, Public Reporting, and Regulations

Session 2106
Public Health and Healthcare Partnerships
Speaker TBA
Centers for Disease Control and Prevention
Track: Leadership and Professional Development

Session 2101
Long-Term Care Regulatory Changes and Infection Prevention and Control: New Territory
Deborah Burdsall, MSN, RN-BC, CIC
Lutheran Home/Lutheran Life Communities
Track: Alternate Care Settings

30/30 Session
Session 2101
9:30–10 a.m.
What Happens after Discharge? Partnering with Long-Term Care Facilities to Reduce Healthcare-Associated Infections
Nicole Mahr, RN, MS, OCN
UC Davis Medical Center
Track: Alternate Care Settings

Concurrent Education Sessions
1:30–2:30 p.m.

Session 2300
NSHN Analysis for Long-Term Acute Care Hospitals and Inpatient Rehabilitation Facilities
Speaker TBA
Centers for Disease Control and Prevention

Session 2304
Engineering Success: Successfully Implementing CAUTI Prevention Practices
Kelley Boston, MPH, CIC
Infection Prevention & Management Associates
Cheryl Kirchner, RN, BSNM, MS, CPHQ
Methodist Healthcare System
Track: Emerging Science, Research, and Application

Session 2305
John Martinelli
Forensic Analytical Consulting Services
Track: Public Policy, Public Reporting, and Regulations
Concurrent Education Sessions (continued)
1:30–2:30 p.m.
Session 2306
Bridging the Communication Gap between Outpatient Dialysis and Acute Care
Speaker TBA
Centers for Disease Control and Prevention
Track: Specialty Patient Populations

30/30 Session

Session 2301
1:30–2 p.m.
The State of Infection Prevention in Los Angeles Ambulatory Surgery Centers
Kelsey Oyong, MPH
Los Angeles County Department of Public Health
Track: Alternate Care Settings

2–2:30 p.m.
Case-Control Study of Multidrug-Resistant Pseudomonas Aeruginosa in a Urology Clinic
Allison Murad, MPH
Michigan Department of Health and Human Services
Noreen Mollon, MS, CIC
Michigan Department of Health and Human Services
Track: Specialty Patient Populations

Workshops
1:30–4 p.m.
Session 2400
Performing Surveillance for CLABSI Accurately in NHSN
Speaker TBA
Centers for Disease Control and Prevention

Session 2401
Sales and Presentation Skills to Obtain Additional Resources for Your Infection Control Program
Diane Dumigan, RN, BSN, CIC
DG Dumigan Consulting LLC
George Dumigan, MS
New Haven Consulting Group, Inc.
Track: Leadership and Professional Development

Session 2402
Infection Prevention and Control in Resource-Limited Settings
Speaker TBA
Centers for Disease Control and Prevention

Concurrent Education Sessions
3–4 p.m.
Session 2502
Modifying the CDC’s Guidelines for Isolation Precautions for Multidrug-Resistant Organisms (MDROs): Using Contact Precautions Only for Clearly Defined Portals of Exit
Steven Bock, BA, BSN, RN, CIC
NYU Langone Medical Center (NYC)
Ranekka Dean, MPA, RN, CIC
NYU Langone Medical Center
Track: Surveillance and Technology
Session 2504
Best Practices for High-Level Disinfection and Reprocessing Programs at Large Academic Health Institutions

Michael Shaw, MD
University of Minnesota Medical School

Susan Kline, MD, MPH
University of Minnesota Medical Center

Dawn England, MPH, CPHQ
University of Minnesota Health

Track: Emerging Science, Research, and Application

Session 2505
Managing Risk and Liability for Hospital Waterborne Pathogens — Compliance with ASHRAE 188

Russell Nassof, JD
RiskNomics

Track: Public Policy, Public Reporting, and Regulations

Session 2506
Top Recent HAI Outbreaks

Speaker TBA
Centers for Disease Control and Prevention

Track: Surveillance and Technology

30/30 Session

Session 2501
3–3:30 p.m.
Correctional Care: The Role of an Infection Preventionist

Kissa Robinson, RN, BSN, MHA, MBA
Unity Health Care, Inc.

Track: Alternate Care Settings

3:30–4 p.m.
Making the Financial Case for HAI Prevention

Russell Nassof, JD
RiskNomics

Track: Leadership and Professional Development
**Concurrent Education Sessions**
8–9 a.m.

**Session 3000**
**Publishing Goes Global**
Elaine Larson, RN, PhD, FAAN, CIC  
*American Journal of Infection Control, APIC*
Jennie Wilson, PhD, MSc, RGN, HonMFPH  
Infection Prevention Society
Chingiz Amirov, MPH, MSc-QIPS, CIC  
*Canadian Journal of Infection Control, IPAC-Canada*

**Track:** Leadership and Professional Development

**Session 3002**
Sustained Reduction of Device-Associated Infections in Veterans Health Administration Medical Facilities Nationwide — Ten Years of Success

Marla Clifton, RN, MSN, CIC  
Department of Veterans Affairs/VHA
Kathleen DeRoos, RN, MSN, APRN, CIC  
National Infectious Diseases Service, Department of Veterans Affairs/VHA
Stephen Kralovic, MD, MPH  
Department of Veterans Affairs/VHA and University of Cincinnati

**Track:** Surveillance and Technology

**Session 3003**
To Glove or Not to Glove, That Is the Question: Glove Use in Acute and Long-Term Care

Deborah Burdsall, MSN, RN-BC, CIC  
Lutheran Home/Lutheran Life Communities
Jennie Wilson, PhD, MSc, RGN, HonMFPH  
Infection Prevention Society

**Track:** Surveillance and Technology

**Session 3004**
Microbiome Primer

Speaker TBA  
Centers for Disease Control and Prevention

**Track:** Surveillance and Technology

**Session 3005**
Flexible Endoscope Reprocessing and the Importance of AAMI ST91

Mary Drosnock, MS, CIC, CFER, RM (NRCM)  
Healthmark Industries

**Track:** Public Policy, Public Reporting, and Regulations

---

**Session 3006**
Using TAP for HAI Prevention

Speaker TBA  
Centers for Disease Control and Prevention

**Track:** Surveillance and Technology

**30/30 Session**

**Session 3001**
8–8:30 a.m.
Communicating Infection Control Information in the 21st Century: Using Free Cloud-Based Programs to Reach Staff and Management at Your Facility

Fred Atkin, BRN, BEd, BID  
Winnipeg Regional Health Authority

**Track:** Leadership and Professional Development

8:30–9 a.m.
Centralization of Surveillance for a Hospital System: A Boon to the Bane of Infection Preventionists’ Existence

Cristine Lacerna, RN, MPH, CIC  
Kaiser Permanente Northern California

**Track:** Surveillance and Technology

---

**Workshops**
8–10:30 a.m.

**Session 3100**
Sneak Preview: New NHSN Methods for Analyzing HAI Data

Speaker TBA  
Centers for Disease Control and Prevention

**Session 3101**
Antimicrobial Resistance in Developing Countries

Speaker TBA  
Centers for Disease Control and Prevention

---

**Concurrent Education Sessions**
9:30–10:30 a.m.

**Session 3201**
Infection Prevention and Surveillance in Primary Care

Monika Pogorzelska-Maziarz, PhD, MPH  
Thomas Jefferson University, Jefferson College of Nursing
Mary Lou Manning, PhD, CRNP, CIC, FAAN, FNAP  
Thomas Jefferson University, Jefferson College of Nursing
Rebecca Fitzpatrick, DNP, RN, CIC  
Hospital of the University of Pennsylvania

**Track:** Alternate Care Settings

---

Preliminary Program • Information current as of December 7, 2015.
APIC 2016 • 43rd Annual Conference • 9
Concurrent Education Sessions (continued)

9:30–10:30 a.m.

Session 3202
Overarching NHSN Device-Associated Infection Surveillance Rules
Speaker TBA
Centers for Disease Control and Prevention

Session 3203
Antibiotic Stewardship in Long-Term Care Settings
Speaker TBA
Centers for Disease Control and Prevention

Session 3205
National SSI Surveillance — How to Leverage Two Quality Outcome Reporting Systems
Kathleen Gase, MPH, CIC
BJC HealthCare
Track: Surveillance and Technology

30/30 Session

Session 3204
9:30–10 a.m.
Collecting Actionable Data on Endoscope Reprocessing in a Large, Multistate Healthcare System
Rebecca Bartles, MPH, CIC
Providence Health & Services
Track: Emerging Science, Research, and Application

10–10:30 a.m.
Creating and Implementing a Standardized Environment of Care Rounds Tool for a Large Healthcare System
Rachael Snyders, MPH, BSN, RN, CIC
BJC HealthCare
Track: Public Policy, Public Reporting, and Regulations

Concurrent Education Sessions
1:30–2:30 p.m.

Session 3400
Infection Control Assessment and Response/Epidemiology and Laboratory Capacity for Infectious Diseases
Speaker TBA
Centers for Disease Control and Prevention

Session 3401
Bridging the Gap between Research and Practice in Long-Term Care: An Innovative Model for Success
Sharon Bradley, RN, CIC
Pennsylvania Patient Safety Authority
Track: Emerging Science, Research, and Application

Session 3402
NHSN Antimicrobial Use and Resistance Module
Speaker TBA
Centers for Disease Control and Prevention

Session 3404
Addressing Aerosol Transmission Risks
Speaker TBA
Centers for Disease Control and Prevention

Workshops
1:30–4 p.m.

Session 3500
Long-Term Care Facility Infection Surveillance and Reporting Using CDC-NHSN
Speaker TBA
Centers for Disease Control and Prevention
Monday, June 13

EDUCATION SESSIONS
CONTINUED

Workshops (continued)
1:30–4 p.m.

Session 3501
Making the Most of NHSN Data in the Long-Term Care Setting
Speaker TBA
Centers for Disease Control and Prevention

Concurrent Education Sessions
2:45–3:45 p.m.

Session 3600
Being Heard: The IP and the Organizational Structure
Speaker TBA
Centers for Disease Control and Prevention

Session 3601
A National Resident Safety Imperative to Eliminate CAUTI: Lessons Learned
Steven Schweon, RN, MPH, MSN, CIC, HEM
Consultant
Andrew Rolle, MPH
American Hospital Association
Deborah Burdsall, MSN, RN-BC, CIC
Lutheran Home/Lutheran Life Communities

Track: Alternate Care Settings

Session 3606
The Puzzling World of TB: Putting the Pieces of the Mycobacterium Tuberculosis (MTB) Together
Pamala Kremer, BSN, RN, CIC
Barnes Jewish Hospital

Track: Surveillance and Technology

30/30 Session

Session 3602
2:45–3:15 p.m.
Automated WHONET/SaTScan Surveillance System as Part of an Outbreak Detection Program to Identify Clusters of Potential Infection Transmission in the Hospital
Anna Stachel, MPH, CIC
NYU Langone Medical Center

Track: Surveillance and Technology

3:15–3:45 p.m.
Preparing a Sampling Plan for Monitoring Environmental Surface or Medical Device Cleanliness Using Rapid ATP Testing
Greg Whiteley, M Safety Sc, PhD Candidate
Whiteley Corporation

Track: Surveillance and Technology

Preliminary Program • Information current as of December 7, 2015.
Exhibitor Listing
As of December 17, 2015
