PERSONAL ENRICHMENT

SPORTS

BEGINNING GOLF
Former ICC golf coach David Rather will teach you the four fundamental techniques for a beginning golfer. Learn the basic rules of golf and what club to use through classroom and individual instruction. Get your clubs, golf balls and shoes ready. With fall on the way, it’s time to learn this great and relaxing game. Finish with an 9-hole round on Big Oaks golf course.

Aug. 9-30 T 5:30-7:30 p.m. $69
Oct. 6-27 Th 5:30-7:30 p.m. $69

INTERMEDIATE GOLF
If you already play golf, this class will improve your short, middle and long game. Your swing will be videotaped to make individual improvements and to help you better control your wedges, long irons and driver. From tee to green, find out how to improve your score and play better golf.

Sept. 1-22 Th 5:30-7:30 p.m. $69

GOLF: IMPROVING YOUR SHORT GAME
This class includes the basics of chipping and pitching, the fundamentals of putting and bunker play. Learn how to turn three shots into two from 100 yards and how to avoid the dreaded three-putt.

Sept. 6-20 T 5:30-7:30 p.m. $45

HEALTH MEDICAL

HEARTSAVER CPR (.5 CEUs)
The Heartsaver CPR course is taught according to the American Heart Association standards. It teaches the basic techniques of CPR and is intended for teachers, parents, corporate employees or security personnel. It is not intended for healthcare providers. Fee includes book.

Oct. 8 S 8 a.m.-1 p.m. $20

HEALTHCARE CPR
Basic Life Support - BLS Provider
This class is just for those who need to know how to perform CPR in a healthcare setting. It applies to all those who deal directly with patients in medical settings, both in-hospital and out-of-hospital.

Aug. 6 S 8 a.m.-4 p.m. $35
Aug. 20 S 8 a.m.-4 p.m. $35

EMT-1/PARAMEDIC REFRESHER
EMT BASIC REFRESHER

TBA
Call 662.407.1500 for course information.
**SPECIAL INTEREST**

**PREPARING FOR THE ACT**
In this ACT exam prep class, instructors use three intensive classroom review methods in English, reading, science reasoning and math that focus on strategies for improving test-day performance and scores. Those methods include review of all concepts tested, tips for overcoming test anxiety and guides for “studying smart.” Pre-test early and post-test later in the class using full-length ACT practice tests to measure performance and practice for the October test date. Students must bring their books to all sessions.

**GRANT WRITING 101**
(0.7 CEUs available)
So….your organization or institution wants to apply for a grant for the first time or you need to know how to do it better. Instructor Ruth Baker has written numerous successful grant applications as well as assisted other individuals and groups in seeking and obtaining grants. Grant funds for projects and programs are available for more than $85 billion in federal money, $8 billion in corporate money and more than $13 billion in foundation money. State and local governments also offer grants for use in certain categories. From start to finish in the grant writing process, this class will provide you the essentials and extra “tips” on how to write a successful proposal. Identifying funding agencies, developing the RFP, understanding why proposals are rejected and the importance of follow-up are all discussed in this class.

PAINTING PARTY
Join us for an evening of painting and fun. In one class with instructor Leslie Gray, you will finish a 16” x 20” painting that you will be proud to hang in your home or give as a gift. You will experience a relaxing atmosphere as you paint step-by-step with acrylics. If you have never painted before or are an experienced painter, you will enjoy this class and take home a completed project. There will be plenty of assistance for beginners and plenty of freedom for those who are experienced. Look forward to a colorful night out! All supplies are included in the cost.

PHOTOGRAPHY

6 WEEKS TO BETTER DIGITAL PHOTOS
If you have a new SLR camera or just want to increase your skill with a camera you already have, this class will help you. Highlights include setting up your camera, focal points, composition, cropping, f-stops, shutter speeds, ISO, white balance, all the modes and their purpose and why you should be using them. Once you have learned the basics, we’ll test ourselves by taking a trip to the field.

Aug. 22-Sept. 26 M 6-9 p.m.  $79

MASTERING YOUR SLR (INTERMEDIATE)
This will be a hands-on class based in the field exploring different and challenging shooting opportunities. Examples may include taking photos inside a local church in dim lighting or outside in a park in bright sunshine (weather permitting). We’ll explore backlighting, natural light, reflectors, on-camera flash, low level lighting and much more. Learn with other photographers as you work with local models to hone your skills. A beginning-level SLR operations class is a prerequisite to this intermediate-level class.

Oct. 1 S 8:30 a.m.-4:30 p.m.  $59

SHOOT OUT
Visit downtown Tupelo and shoot with a professional photographer while you experience the incredible variety of shooting locations and backgrounds. We will start out on a walking tour with local models to help you build a portfolio. As we explore the urban atmosphere of downtown, we’ll shoot photos while we discuss leading lines, color, composition and especially location.

Nov. 12 S 2-6 p.m.  $59

COMPUTER SKILLS

MICROSOFT ACCESS (.7 CEUs available)
This class uses a hands-on approach in learning about database applications. Topics include beginning with a database, adding and editing data, finding data, sorting records, using filters and adding tables, forms, reports and queries to a database. Once you learn to create and use databases, you will have quicker access to needed information.

Nov. 12 S 8 a.m.-3:30 p.m.  $65

MICROSOFT EXCEL LEVEL 1 (.7 CEUs available)
Learn to design, create and edit spreadsheets and basic charts, insert formulas, designate ranges and sort data in our level 1 class. If you deal with figures and charts, this tool can lessen and simplify your workload. Basic computer skills are required for this course.

Aug. 13 S 8 a.m.-3:30 p.m.  $65

MICROSOFT EXCEL LEVEL 2 (.7 CEUs available)
This class will cover building templates, protecting data from input errors, linking files, creating macros, sorting lists, searching lists, using autofilter and many ways of displaying data. Microsoft Excel Level I or similar experience is required for this class.

Sept. 24 S 8 a.m.-3:30 p.m.  $65

MICROSOFT POWERPOINT (.7 CEUs available)
This class will help you in preparing exciting and colorful presentations before groups. Learn to use autocontent wizard and templates, format slide background and color scheme, draw objects, use word art and clip art, insert tables and charts, do transitions and run a slide. After this class, you should be able to make your presentations come alive using PowerPoint.

Sept. 17 S 8 a.m.-3:30 p.m.  $65

662.407.1500
MICROSOFT PUBLISHER
(.7 CEUs available)
Our Microsoft Publisher class is a great way for a small business owner, salesperson or student to learn how to create, personalize and distribute professional-quality newsletters, brochures, calendars or reports. The class is designed to cover the basics of producing great-looking documents.
Oct. 15 S 8 a.m.-3:30 p.m. $65

MICROSOFT WORD
LEVEL 1 (.7 CEUs available)
Once you learn the fundamentals of word processing in this class, you will see how easy it is to create quality documents. Learn to create, edit, move, copy, format and print documents, envelopes and labels. You will also pick up the use of spell and grammar “checkers,” the use of the thesaurus and an understanding of the finer points of dressing documents.
Aug. 20 S 8 a.m.-3:30 p.m. $65

WIN JOB CENTER
COMPUTER CLASSES

Basic Computer Skills Microsoft Excel 2013
A beginners class that will introduce basic computer skills and Microsoft Excel 2013 software. You will learn the functions and operation of the mouse and keyboard in addition to the basic concepts of Microsoft Excel 2013 which include using ribbons, formatting a spreadsheet, copy and paste, charts, simple formulas, page layout and printing workbooks. Classes meet on Mondays and Tuesdays from 5:30-8:30 p.m. for three weeks.

Basic Keyboarding
Basic Keyboarding is a class designed to help students develop speed and accuracy by learning the touch operation of alphanumeric/keyboard characters. Emphasis is placed on the mastery of the keyboard with proper keyboarding techniques to develop speed and accuracy.

Basic Photo Editing
Basic Photoshop is a class for beginners. Its step-by–step curriculum is designed to be easy to understand and follow. Students will learn how to resize photos, change color and convert to black and white, clone and erase, apply filters and how to cut and paste. The class will also introduce students to working in layers and using selective color.

Business Writing 101
Have you forgotten where to put the apostrophe? Confused about using commas? This class is a thorough but quick review of basic grammar skills with a focus on business communication. With a concentration on sentence construction, usage, mechanics and general grammatical problem areas, this class offers participants the chance to update and improve their communication skills with other businesses or within their own.
Oct. 11 T 8:30-11:30 a.m. $35

Continuing Education for Engineers and Surveyors
Professional engineers and surveyors are required to accrue professional development hours. ICC provides a program once each semester to assist in fulfilling those requirements. All efforts are made to keep the program affordable while offering topics that have value to local engineers and surveyors.
Oct. 21 F 8 a.m.-4:30 p.m. TBA

Professional Development/
Workforce Training
Ongoing training is vital to the success of area employers and essential to individuals who wish to remain competitive in the workforce. State workforce training funds are utilized to offer the classes at a reduced cost so employees can access affordable training locally.

The Achievement Center offers online learning choices...

**Education to Go** offers a large number of classes to meet personal, professional and fun needs. Most of the classes offer two sessions a week for six weeks unless otherwise indicated. The lessons are supplemented by interactive quizzes, assignments, tutorials and an online discussion area available over the Internet. Read your lessons and ask questions of the instructor at a time most convenient for you. The following are the subject areas in which classes are offered:

- Accounting
- Art, History, Psychology and Literature
- Basic Computer Literacy
- Business Administration
- Certification Preparation
- Child Care and Parenting
- Computer Applications
- Database Management and Programming
- Digital Photography and Digital Video
- Entertainment Industry
- Grant Writing and Nonprofit Management
- Graphic Design
- Healthcare Continuing Education
- Healthcare, Nutrition and Fitness
- The Internet
- Languages
- Law and Legal Careers
- Math, Philosophy and Science
- Personal Development
- Personal Enrichment
- Personal Finance and Wealth
- Sales and Marketing
- Start Your Own Business
- Courses for Teaching Professionals
- Test Preparation
- Web-Based Computer Programming
- Web Graphics and Multimedia
- Web Page Design
- Writing and Publishing

You’ll find full course descriptions and registration information at [www.ed2go.com/icc](http://www.ed2go.com/icc).

Most classes are priced at $80 with a few exceptions. **Continuing Education Units are provided at no extra charge.**

---

**BENEFITS of Online Career Training**

**Online Career Training**

Itawamba Community College, in partnership with ed2go (formerly Gatlin Educational Services), offers online open enrollment programs designed to provide the skills necessary to acquire professional level positions for many in-demand occupations.

These programs are designed by a team of professionals from each respective field, who work to provide you with an effective Web-based learning experience. Instructors/mentors are actively involved in your online learning experience. They respond to any questions or concerns, as well as encourage and motivate you to succeed.

Each program includes a set of lessons and evaluations; grades are a combination of the instructor/mentor’s evaluation of a student’s work and computer graded tests. We know you’ll appreciate the quality as well as the convenience of anytime, anywhere learning!

**Training areas include:**
- Sustainable Energy and Going Green
- Hospitality and Service Industry
- Management and Corporate
- Healthcare and Fitness
- Business and Professional
- IT and Software Development
- Media and Design
- Skilled Trades and Industrial

For all information and registration, [www.careertraininged2go.com/icc](http://www.careertraininged2go.com/icc).

Registration and payment are made to Gatlin Education.

PROFESSIONAL DEVELOPMENT/
WORKFORCE TRAINING

OSHA 10-HOUR CERTIFICATION
FOR GENERAL INDUSTRY
This course is appropriate for workers, forepersons, job supervisors, inspectors, etc. involved in industry. Modules are based on General Industry safety standards and include introduction to OSHA, electrical safety, walking and working surfaces, exit routes, emergency action and fire prevention plans, materials handling/back injury prevention, flammable and combustible liquids, personal protective equipment, machine guarding, hazard communications or HAZWOPER and blood borne pathogens.

Sept. 14-15  W-Th  9 a.m.-3:30 p.m.  $75

OSHA 30-HOUR CERTIFICATION
FOR GENERAL INDUSTRY
This course is appropriate for workers, forepersons, job supervisors, inspectors, etc. involved in industry. Modules are based on General Industry safety standards and include introduction to OSHA, electrical safety, walking and working surfaces, exit routes, emergency action and fire prevention plans, materials handling/back injury prevention, flammable and combustible liquids, personal protective equipment, machine guarding, hazard communications or HAZWOPER and blood borne pathogens.

Oct. 17-20  M-Th  8 a.m.-4:30 p.m.  $250

HAZWOPER 24-HOUR CERTIFICATION
This course meets the requirements in OSHA 29 CFR 1910.120 for training for emergency response to hazardous materials incidents. It is designed for general site workers who remove hazardous waste or who are exposed or potentially exposed to hazardous substances or health hazards. Topics include HAZWOPER regulations, safety and health plans, hazardous chemicals, safety hazards, air monitoring, medical surveillance, site control, decontamination, personal protective equipment and respiratory equipment.

TBA  8 a.m.-5 p.m.  $239

HAZWOPER 8-HOUR REFRESHER
This course meets the requirements in OSHA 29 CFR 1910.120 for eight hours of annual refresher training for general site workers who remove hazardous waste or who are exposed or potentially exposed to hazardous substances or health hazards. Topics include HAZWOPER regulations, safety and health plans, hazardous chemicals, safety hazards, air monitoring, medical surveillance, site control, decontamination, personal protective equipment and respiratory equipment.

TBA  8 a.m.-5 p.m.  $65

FORKLIFT OPERATOR
RECERTIFICATION (2 hours)
This class is for recertifying skilled forklift operators to stay within OSHA compliance.

Sept.  TBA  8-10 a.m.  $25
Oct.   TBA  8-10 a.m.  $25
Nov.   TBA  8-10 a.m.  $25

FORKLIFT OPERATOR
TRAIN-THE-TRAINER
(4 hours)
Forklift Train-the-Trainer classes include:
- Overview of program
- Types, features and physics
- Inspecting vehicle
- Operating the truck
- Load handling
- LPG for lift trucks
- Safety concerns
- Specific workplace training
- Certification upon completion
- Battery and charging

Upon certification, a person may train others for OSHA safety compliance.

Oct.   TBA  8-noon  $50
Nov.   TBA  8-noon  $50
COMMUNICATING FOR LEADERSHIP SUCCESS
(recommended before taking other modules)
This foundation course introduces leaders to the essential interaction skills that are critical to leadership success. These Interaction Essentials are the core behaviors that leaders need to be effective in the many situations they handle on a daily basis, such as coaching, delegating and driving change. Leaders will learn how to meet the personal and practical needs of their team members and how to communicate in order to spark action in others to achieve business results.

TBA 8 a.m.-noon $150

COACHING FOR PEAK PERFORMANCE
This course helps leaders to handle both proactive and reactive coaching discussions. By understanding the importance of effective coaching techniques, learners can have more effective and efficient interactions. The session incorporates fast-paced interactive activities to help demonstrate the practices and challenges involved in maximizing performance.

TBA 8 a.m.-noon $150

DRIVING CHANGE
This course helps leaders implement change in the workplace so they can avoid the problems that plague failed change initiatives. Driving Change provides the skills and resources leaders need to accelerate the process of implementing change with their team members and to create an agile work environment where people are more open to change. Leaders will learn how to use three Change Accelerators to turn resistance into commitment and inspire team members to take ownership of change.

TBA 8 a.m.-noon $150

RESOLVING WORKPLACE CONFLICT
This module enables leaders to recognize the signs of escalating conflict and take appropriate action to minimize damage. Leaders are introduced to two resolution tactics - coach and mediate - and practice using the Interaction Essentials as they coach, then mediate to resolve a conflict.

TBA 8 a.m.-noon $150

CUSTOMER SERVICE
In today’s service economy, customer service is a must for any organization. This class will focus on:
- Making customer service an attitude
- Meeting and beating customer’s expectations
- Being better, faster or different from your competition
- Creating customer loyalty
- Handling customer complaints
- Handling the irate customer

TBA 8:30-11:30 a.m. $50

TEAM BUILDING
Building an effective team is vital for any organization that wants to be successful. Come to this class and learn to create a culture in the workplace that supports effective team building. Learn to:
- Create a supportive and positive atmosphere
- Give and receive praise
- Understand the team leader’s role
- Foster the group’s problem-solving skills
- Measure, recognize and reward team results
- Deal with difficult people

This class will provide an excellent foundation for those preparing to work in teams. It can also serve as a refresher for those who are currently team members to reinforce the basic principles of team building.

TBA 8:30-11:30 a.m. $50
SHORT-TERM CAREER TRAINING

HEALTHCARE

EMERGENCY MEDICAL TECHNICIAN (EMT)

Emergency Medical Technician (EMT-Basic) is an instructional course that prepares individuals to function in the pre-hospital environment. The EMT course provides instruction in basic life support care of sick and injured persons. This includes airway assessment; communications; documentation; general pharmacology; hemorrhage control; ambulance operations; splinting of adult, pediatric and infant patients and special care of patients exposed to heat, cold, radiation or contagious diseases. Participants in the program intern with an ambulance service providing advanced life support services to the community.

Admission Requirements

• Must be 18 years of age
• High school graduate or GED equivalent
• 16 ACT Score

Training

• 16 weeks, two nights per week
• 135 clock hours

Degree

• Certificate of Completion awarded

Scope of Practice

• Not allowed to give shots or start intravenous lines, usually restricted to using oxygen, oral glucose, asthma inhalers and epinephrine auto-injectors.

After completion of the EMT Basic program, participants must pass the National Registry Exam to become a Nationally Registered Emergency Medical Technician (EMT) which is a requirement for admission into the Emergency Medical Sciences Technology – Paramedic Program in the Health Science division at Itawamba Community College.

Aug. 23-Dec. 8  T-Th  5-10 p.m.  $689

NURSING ASSISTANT

This 12-week program prepares participants to take the exam to become a Certified Nursing Assistant. Upon successful completion of the program and the exam, nursing assistants may find employment with nursing homes, medical centers, home healthcare providers and clinics. Becoming a Certified Nursing Assistant provides an excellent foundation for those who want to advance in the nursing profession.

For more information about the next class, call 662.407.1500. The cost of the program is $425. Steps for admission into the program are:

• Complete the WorkKeys® test at your local WIN Job Center and score at least a silver level.
• Bring your test results and complete a program application at the office of Continuing Education at ICC’s Belden Center (3200 Adams Farm Road, Belden).

Aug. 1-Oct. 12  M, W  5-9 p.m.  $425

PHLEBOTOMY TECHNICIAN

The phlebotomy technician short-term non-credit class prepares individuals to obtain blood and other specimens for laboratory analysis. Participants successfully completing the program will be eligible for employment as phlebotomy technicians in Mississippi hospitals, clinics, physicians’ offices and other healthcare settings and may be eligible to test for national certification as phlebotomy technicians. Successful completers will receive a certificate. For information about the next class, call 662.407.1500. The cost of the program is $489. Steps for admission into the program are

• Complete the WorkKeys test at your local WIN Job Center and score at least a silver level.
• Bring your test results and complete a program application at the office of Continuing Education at ICC’s Belden Center (3200 Adams Farm Road, Belden).

Aug. 2-Oct. 20  T, Th  5:30-8:30 p.m.  $489
PHARMACY TECHNICIAN

The pharmacy has emerged at the forefront of the current healthcare job market. An aging population requires more prescription medications, which translates into an increasing need for pharmacists and pharmacy technicians, who are an important part of the changing scene in today’s healthcare.

The program goal is to provide trained pharmacy technicians who are ready to move into the job market at entry-level positions. The class also prepares participants to sit for the national certification exam. For information about the next class, call 662.407.1500. The cost of the program is $299. Steps for admission into the program are

- Complete the WorkKeys test at your local WIN Job Center and score at least a gold level.

Bring your test results and complete a program application at the office of Continuing Education at ICC’s Belden Center (3200 Adams Farm Road, Belden).

Aug. 2-Dec. 6 W 6-9 p.m. $299

What is WorkKeys®?

WorkKeys® is an assessment that substantiates to employers that an individual possesses the basic workplace skills required for 21st century jobs. By taking the WorkKeys® assessment, a person can earn a Career Readiness Credential (CRC) at the bronze, silver, gold or platinum level. Getting a CRC is not only a requirement for admission into our short-term career training programs, but it will also allow an individual to show prospective employers that he or she possesses the basic skills they are seeking.

The three targeted skills include:

*Reading for Information
*Applied Mathematics
*Locating Information

SHORT-TERM CAREER TRAINING

JOB SKILLS

BASICS OF RESIDENTIAL Wiring

Whether you want to become an electrician’s assistant or you want to learn to do very basic electrical wiring for your own use, consider this class. In this hands-on class, you will learn how to:

- Use a meter properly
- Change out and update receptacles
- Distinguish between a single pole switch, a three-way switch and a four-way switch
- Replace old switches without assuming the old switch was installed correctly
- Locate loose or bad connections
- Use troubleshooting techniques that will save you money and trips to the store.

The cost of the program is $275. For information about the next class, call 662.407.1500.

TBA 6-9 p.m. $275

INTRODUCTION TO WELDING AND CUTTING

The class is designed to give the student entry-level skills in welding and cutting. The intent is to prepare students to do the very basic GMAW and SMAW welding jobs that some industries and small businesses require. This class can also be useful to the small farmer or business owner who has many do-it-yourself projects. Different types of welding can be emphasized depending on the individual class. This class includes a basic introduction to oxy fuel cutting, welding safety, voltage regulation and setting wire feed speeds as well as a lot of “hands-on” practice. The cost of the program is $369. For information about the next class, call 662.407.1500.

TBA 6-9 p.m. $369
SMALL ENGINE REPAIR CERTIFICATE

In this 16-session program, you can prepare for a career as you develop small engine repair skills in the following areas:

- Basic maintenance
- Recoil systems
- Fuel systems
- Ignition systems/electrical circuits
- Disassembling and rebuilding small engines

Successful completion of the program means that you will be ready for an entry-level technician position at an existing small engine repair business, or at some point, opening your own repair business. Successful completers will receive information about how to test for the nationally-recognized technician certification exam. **The cost of the program is $369.** For information about the next class, call 662.407.1500.

| TBA | 6-9 p.m. | $369 |

**REMEMBER...**

Be sure that your class, tour and other sessions make by registering early! The decision to run an experience is made just a few days before the date in most cases, though some must be made earlier. *Last minute registration? Call first to check on availability.*

We are always looking for new and interesting class topics. **Got an idea for a class? Let us know!**

14  662.407.1500
Join us for dinner and an evening out in Memphis at the Orpheum Theatre for Dirty Dancing: The Classic Story on Stage, an unprecedented live experience exploding with heart-pounding music, passionate romance and, of course, sensational dancing.

It’s the summer of 1963, and 17-year-old Frances “Baby” Houseman is on vacation in New York’s Catskill Mountains with her older sister and parents. Baby discovers her own entertainment when she stumbles upon the staff quarters where an all-night dance party is in full swing. Mesmerized by the raunchy dance moves and the pounding rhythms, Baby can’t wait to be part of the scene, especially when she catches sight of Johnny Castle, the resort dance instructor. Baby’s life is about to change forever when she is thrown in the deep end as Johnny’s leading lady, both on-stage and off, with breathtaking consequences.

**Tuesday, September 13**
Depart Belden 3:30 p.m.
$119
(dinner included)

Combine three state borders, the Tennessee River and the junction of two important railroads, and you’ve got a recipe for colorful history. McNairy and Hardin counties in Tennessee have known their share of fast-times as well as the scourge of war. Our day trip to the area will include a visit to the Buford Pusser Museum in Adamsville where the legendary “Walking Tall” lawman and former wrestler ran a virtual one-man war on moonshining, prostitution and gambling in the area. We’ll have lunch at the famous Catfish Hotel, overlooking the Tennessee River.

After lunch we’ll take a guided tour of the Shiloh National Battlefield where Union troops under the command of U. S. Grant and W. T. Sherman won a major Civil War battle as they advanced on the railroad junction at Corinth. In 1894, almost 4,000 acres of the battlefield including the magnificently preserved Shiloh Indian Mounds was established as a military park. Built circa 1000-1450 A.D. on a bluff 100 feet above the river, a series of mounds and the remains of huts and palisades remain in a remarkable state of preservation. The Shiloh Indian Mounds are an often overlooked stop in the park, but they are truly one of its gems.

**Saturday, November 12**
Depart Belden 8:30 a.m.
$79 (includes lunch)
When the fall shadows start to lengthen and the summer heat breaks, it is completely forgivable to have an extreme case of wanderlust. And a trip to Jekyll Island, Georgia should be the perfect cure!

With the blue-green Atlantic and white beaches outside the front window, we’ll use Jekyll Island as a base to explore the beautiful Golden Isles. We’ll visit St. Simon Island, tour Brunswick, take a cruise to Sapelo Island, visit the Okefenokee Swamp, go on a dolphin cruise, enjoy an evening at the Brunswick Actors Theatre, and much more.

Georgia’s barrier islands were visited by early Spanish explorers who called them “golden pearls of beauty,” their miles of untrammeled beaches and oak trees dripping with Spanish moss harken back to that era. Jekyll Island was purchased in the late 1800s as an exclusive private hunting club by wealthy industrialist and banking families (Vanderbilt, Rockefeller, Pulitzer, Carnegie, Morgan, et al), the islands missed much of the development that occurred on the beaches of Savannah to the north and Jacksonville to the south. The unique club house and private homes that were built and later abandoned by these families lends an alluring air of mystery and opulence from a bygone era to the island. We’ll take time to stroll on the beaches, get our sea-legs while on our cruise, taste the Atlantic’s salt-spray and shop in St. Simon’s eclectic Pier Village.

Our visit to the Golden Isles will include:

- Tour of Jekyll Island
- Lunch in the Grand Dining Room of the Jekyll Island Club
- Dolphin cruise along the coastal marsh
- Visit to the Georgia Sea Turtle Center
- Dinner at Crane Cottage
- St. Simons Island tour, Christ Church and St. Simons Lighthouse
- Dinner at Iguana’s Seafood Restaurant
- Okefenokee Swamp Tour along with Chesser Homestead and Boardwalk
- Sapelo Island cruise and tour
- Lunch at Skipper’s Fish Camp
- Performance at Brunswick Actors Theater

Monday-Friday, September 26-30
Depart Belden 6 a.m.
Tour includes 4 breakfasts, 3 lunches, 3 dinners.

$1,109-double     $1,409-single
Larry Wells
Rommel and the Rebel

An absolutely enthralling and fun military adventure novel based on the legend that German Field Marshal Erwin Rommel visited Mississippi and toured the Civil War battlefields of Nathan Bedford Forrest. According to the legend, Rommel, a Wehrmacht infantry colonel at the time, studied the cavalry and artillery tactics of Forrest and incorporated them into the mechanized warfare of Germany’s North African campaign during WWII. Rommel’s panzers pounded the British early in the war with a series of daring raids and strikes.

On his legendary visit Rommel is introduced to William Faulkner and partakes of the old sage’s wisdom. Challenged to a game of tennis on a dimly lit court in Oxford, Rommel and the eccentric writer are beset by hordes of hungry mosquitos. Rommel, distracted by the pests, dares to complain that they are disrupting his game. Faulkner replies disinterestedly, “Well, if it ain’t mosquitos, it’s something else.” Rommel uses the phrase later during the war as a way to remind him to focus on what is important.

Author Larry Wells has also written Let the Band Play Dixie and Rommel’s Peace as well as edited Football Powers of the South. He currently serves as publisher of Yoknapatawpha Press.

ANCESTRY.COM
Research your genealogy from the comfort of home 24 hours a day with more than 20,000 databases and transcribed books and more added every day, available at Ancestry.com. Learn to use and make sense of the vast digitized network of census records, birth, death and marriage certificates and many other directories. Those interested should take “Beginning Genealogy” as a prerequisite.

BEGINNING GENEALOGY
“Finding Your Folks”
There is a Chinese proverb that says, “To forget one’s ancestors is to be a creek without a source, a branch without a root.” In our Beginning Genealogy class, you will explore the basics of family history investigation and how to begin the process of researching your genealogy. Come to our workshop and learn where to find official records, look for clues to your family’s past, how to organize your documentation and how to avoid common mistakes.

GET THE MOST OUT OF YOUR iPHONE
This four-session class will go over the basics of using your iPhone. The class will start with the main functions in Settings. We will explore popular default apps such as the Camera, Photos, Video, Notes, Calendar, Clock and Reminders. Participants will spend a class session on how to send messages, photos and videos through text. The class will conclude with how to download apps using Safari. This will be a small hands-on class that will truly help you get the most out of your iPhone. Class size is limited, so register early.
**INTRO TO iPad**

This interactive four-session class goes over the basic functions and applications of your iPad. Designed for those with a new iPad or those seriously considering purchasing one, topics in this course include settings, navigation functions, popular default apps, Safari, email and more. It is an amazing device once you learn how to use it properly and efficiently.

Oct. 25, 27, T-Th 8:30-11:30 a.m.  $49
Nov. 1, 3

**iTUNES FOR BEGINNERS**

Apple iTunes advertises itself as “everything you need to be entertained.” However, to be entertained by the app, you have to know how to download and use it. Participants in our new iTunes class need to have completed either a basic iPhone or iPad class and have accounts set up prior to class.

Nov. 8 T 8:30-11:30 a.m.  $19

**INTRODUCTION TO WINDOWS 10**

This class is for those who have little or no experience with computers. You will learn about the components of the computer, work with the keyboard and learn to control the mouse. The instructor will help you understand storage mediums, the difference between kilobytes and gigabytes, the transition from floppy disks to flash drives, the letter A: to E:; work with you to personalize Windows 8 and help you place unwanted items in the recycle bin. You will also spend time creating and printing a letter. This class is a good confidence builder.

Aug. 29-Sept. 1 M-Th 8:30-11:30 a.m.  $65

**PHOTO MANAGEMENT FOR iUSERS**

This one-day class will focus on the photo app for iPhones and iPads. The main focus will be how to better manage photos by creating albums on your device, transferring photos onto the computer and then to an external storage medium. The class will also cover reviewing, sending and deleting photos and choosing and saving your wallpaper. **As a prerequisite, participants should have completed either an iPhone or iPad class.**

Sept. 13  T 8:30-11:30 a.m.  $19

**SURFING THE INTERNET WITH SAFARI**

Apple users can learn to explore the Internet and World Wide Web with Web browser Safari. Topics will include customizing the browser, searching and bookmarks. The class includes tips and tidbits to help you become more proficient with the Internet. Use this class as an introduction to the Internet or as a refresher course for faster and more efficient use.

Sept. 20  T 8:30-11:30 a.m.  $19
ICC offers Microsoft Word and Excel 2013 computer classes at the WIN Job Centers in Amory, Belden, Houston and Pontotoc. The classes meet on Mondays and Tuesdays from 5:30-8:30 p.m. for three weeks. To register for computer classes at your local WIN Job Center, please call:

**FAST TRACK TO GED® AND COLLEGE**

*Need a GED® credential? Want a college degree, too? ICC now has a fast track program to help you earn your GED® and college credit at the same time.*

What’s in it for you:
- Extra instructional support while taking GED® prep and college courses;
- Smaller class size;
- Serious students in each class;
- Accelerated college courses (semester within a semester);
- 6 hours of college credit;
- Shorter time to finishing a training or degree program;
- Job you’ve been waiting for is finally within reach.

This new program is called MI-BEST (Mississippi Integrated and Basic Education and Skills Training), and just a few colleges in Mississippi are offering this one-of-a-kind dual enrollment opportunity for GED® students. ICC has four training programs and degrees for you to choose from. Call 662.407.1510 TODAY and ask about ICC’s MI-BEST program.

*It could be just what you’ve been looking for!*

Are you looking for a rewarding job?

EDGE CAN HELP YOU!

If you receive SNAP, you have the chance to participate in EDGE, a new program that provides you with:

- Free education and training
- Paid employment
- Transportation benefits
- Expert guidance

How to Get Started:

1. Call your SNAP office to find out more.
2. Attend an EDGE information session.

Participating in EDGE won’t affect your SNAP benefits. To learn more, visit your local MDHS office.

This project’s funding came from the United States Department of Agriculture (USDA). The EDGE program is administered through the Mississippi Department of Human Services (MDHS). USDA and MDHS are equal opportunity employers.
Classes offered:

- Reading, Math, and Writing
- ACT® WorkKeys® Prep
- GED® and TASC® High school Equivalency Prep (Online available)
- English as a Second Language
- EDGE Employability Skills Training
- MI-BEST (earn college credit while earning a MS High School Equivalency Diploma)

Assessment Services for:

- GED® and GED® Ready Practice Test
- TASC®
- NCCER
- TABE and TABE CLAS-E (ESL)
- ASE
- ACT® WorkKeys®
