Soft Serve Freezer
Twin Twist

Features

Freezing Cylinder
Two, 2.8 quart (2.7 liter).

Mix Hopper

Temperatures in the hoppers or freezing cylinders may be displayed at any point of operation, in either Fahrenheit or Celsius. Draw counter allows operator to view number of servings dispensed.

Standby
During long no-use periods, the standby feature maintains safe product temperatures in the mix hopper and freezing cylinder.

Optional cart recommended for self service application for compliance with ADA dispensing height.
