13th Annual
American Business Awards℠

Awards Banquet
and Ceremonies

Monday, June 22, 2015
Fairmont Millennium Park Hotel, Chicago
BUILT FOR TODAY. DESIGNED FOR TOMORROW.

Celebrating high achievers, creative thinkers, forward leaners and all of those with a relentless passion to perform.

Congratulations 2015 Stevie finalists!

www.engilitycorp.com

ENGILITY
Your Mission. Our Commitment.
This program is a summary of the first part of The 2015 (13th Annual) American Business Awards, the leading business awards program in the U.S.A. I say first part because a few years ago we split our traditional awards banquet into two events. This first event takes place in Chicago on Monday, June 22, and features the announcement of the Gold, Silver and Bronze Stevie® Award winners in the category groups listed in the Finalist listing in these pages.

A second ceremony will be held on Friday, September 11 in San Francisco, where we’ll announce the winners in other categories including apps and new products and services.

We thank the more than 200 professionals who participated in our two-step judging process this year. We could not confer Stevie Awards upon worthy organizations and individuals without them, and they are all acknowledged in this program.

The American Business Awards is just one of a number of Stevie Awards programs, all of which recognize achievements in the workplace. Our other programs include The International Business Awards, the Asia-Pacific Stevie Awards, the German Stevie Awards, the Stevie Awards for Women in Business, and the Stevie Awards for Sales & Customer Service. We invite you to learn about them all at www.StevieAwards.com.

Michael Gallagher
President
The Stevie Awards

The Better Path
To Credit Repair

United Credit Consultants™ specializes in building and restoring consumer’s credit.

When it comes to credit issues, plenty of people are content to stick their heads in the sand. They don’t check their credit score or learn how to properly build credit until they want to buy a new car, take out a mortgage or apply for a business loan.

The trouble is, by then it’s often too late and the credit they have won’t allow them to secure the loan they need to accomplish their financial goal. It doesn’t have to be this way. This is a better path to credit repair that starts with United Credit Consultants™ (UCC), a licensed Credit Service Organization (CSO) based out of Burnsville, Minnesota.

Founded by Joseph McGlynn Jr., UCC helped over 2,500 consumers improve their credit profiles last year. Beyond credit improvement and repair, UCC customers are experiencing a world of new financial opportunities.

With credit restoration, court investigation services and credit education all under one roof along with Debt Settlement Solutions™ – a licensed debt negotiation and settlement program, UCC is a one-stop shop for all your credit needs.

Whether you have an issue with your credit history or you’re looking to get in on the rebounding real estate market, United Credit Consultants has a program tailored to your specific needs and financial goals.

UCC credit advisors study the FICO™ algorithms that award the credit ratings and scores. Knowing the FICO™ formula and how each aspect weights into the overall score, UCC’s credit advisors coach customers during one-on-one sessions, explaining which factors affect their rating based on the details of their unique case and future goals. From there, UCC’s step-by-step program helps customers take proactive steps in the right direction.

UCC’s advisors guide customers through every step of the credit building process including understanding consumer rights, navigating the complex credit investigation process, managing current credit to maximize a customer’s scoring potential and proposing debt settlement options when necessary.

“Each one of our UCC credit advisors are FICO Certified™ and educated on the math behind the scoring system, knowing this system and the percentage breakdown will help guide consumers towards their goals.”

- Joseph McGlynn

Each bank and type of loan is different, from the Federal Housing Administration’s (FHA) mortgage loans to conventional lending car loans. With the help of United Credit Consultants™ certified credit advisors, you’ll learn about the specific loans you’re considering. They’ll also coach you on what changes to make to ensure your credit profile is approved.

It’s all part of UCC’s education-based approach to credit services and management. United Credit Consultants™ gives customers the resources they need to understand the credit system, including education packages on the laws and policies that apply to them and the loan or approval they’re seeking. After all, UCC knows knowledge is power. Their proven process was designed to give customers the credit information and assistance needed to make strategic – not emotional – decisions.
