About your international health plan

Your Aetna health benefits provide portable and comprehensive medical coverage that offers you the flexibility to visit a doctor or medical facility of your choice without a referral, anywhere in the world. Coverage levels and payment responsibilities may differ depending on the country in which you access care. To learn more about your specific benefits and coverage, please check your official plan documents.

Some services may be subject to out-of-pocket expenses, such as deductibles and coinsurance, which you will have to pay before any expenses are paid under the plan. Benefit maximums and lifetime maximums may also apply to your plan.

Use a direct-settlement provider and we’ll coordinate payment

When you access care at an Aetna contracted direct-settlement medical facility or provider, your out-of-pocket expenses may be reduced because you will generally be responsible for a smaller portion of the bill. We will pay the facility directly for any remaining covered expenses according to your specific benefits coverage. Add in the extra convenience of not having to worry about paying for your eligible medical expenses up front, and you can see what great value our direct-settlement relationships bring to you.

If you do not find the specific facility that you are looking for in our direct-settlement database, you can request that we coordinate a one-time direct-settlement arrangement with that facility.

Note: For non-emergency medical attention, it is recommended that you contact us at least five business days before your scheduled visit to ensure that your treatment and payment of services is not delayed. We will generate a Letter of Authorization notice that will be sent both to you and the facility, which you may take with you on the day of your scheduled appointment. In the event of an emergency, seek the care you need first and then submit the direct-settlement request as soon as you are able.

Dental Indemnity Plan

When we think about health, most of us focus on medical conditions. What we tend to forget is that dental illness can also significantly impact overall health. In fact, research has shown that periodontal disease may be linked to chronic diseases such as diabetes and heart disease, as well as other conditions.\(^1\)

Even the most minor dental condition can interfere with the success of your international assignment. Just think of the last time you had a toothache or accidentally chipped a tooth. The discomfort can make it hard to concentrate and even put you out of commission for a short period of time.

**We’ve got you covered**

With the Aetna Dental Indemnity plan, you can access dental care at a licensed dentist almost anywhere in the world.

**It’s easy to use your plan**

1. Visit any licensed dentist for your covered dental services.
2. Simply pay the dentist at the time of service.
   - When seeking dental care in the U.S.: Either you or your dentist may submit a claim form to us for reimbursement.
   - When seeking dental care outside of the U.S.: You can submit a claim form to us for reimbursement.

**Here are a few of the services\(^2\) covered by your dental plan:**
- Preventive care — cleanings, bitewing and full-mouth X-rays
- Basic care — fillings and basic restorative work
- Major services — bridges, crowns and dentures

**Some additional information:**
- You are typically required to meet an annual deductible (a set dollar amount you must pay for covered expenses in a plan year) before your plan begins to pay for covered services.
- Once you meet the deductible, you may be required to pay a coinsurance amount (a percentage of covered expenses) depending on your plan of benefits.

**Finding a dental provider in your area is simple!**

1. Log in to the secure Aetna International member website at [www.aetnainternational.com/ksamofa](http://www.aetnainternational.com/ksamofa).
2. Select the **Member Tools** tab at the top of the page.

**Filling your prescriptions in the United States**

When filling a prescription in the United States, there are no claim forms to complete and out-of-pocket costs are usually minimal when you visit an Aetna-contracted pharmacy. As a member, you can receive up to a 12-month supply of covered medications at a participating U.S. pharmacy.
