District Test Coordinator
Field Test Administration Workshop

February 24 and 26, 2014
Presenters

Gail Pagano, Smarter Balanced K-12 State Lead

Joe Di Garbo, Connecticut Teacher Involvement Coordinator and Formative System/Digital Library Lead

Abe Krisst, Connecticut Technology Readiness Coordinator

Joe Amenta, Special Populations

Janet Stuck, Special Populations
Presentation Overview

- CMT/CAPT Science Test Administration
- Preparing for the Field Test
- Overview of Field Test Administration
- Improproprieties, Irregularities, and Breaches
- Technology
- Communication Protocols
- Test Information Distribution Engine (TIDE)
- Special Populations
CMT/CACT
Science
Test Administration
CMT/CAPT Science

- Grades 5, 8, and 10
- Accommodations delivered via the Measurement Incorporated Secure Testing (MIST) System
  - MIST account usernames and passwords are available on the Measurement Incorporated Web Portal.
  - MIST Student Rosters are available on the MIST Proctor Site.
- Test irregularities require a phone call to CSDE
  - CMT: (860) 713-6860
  - CAPT: (860) 713-6890
CMT/CAPT Science

Test materials are posted on the Student Assessment page of the CSDE Web site:

www.ct.gov/sde/StudentAssessment

• 2014 CMT District Test Coordinator Manual
• 2014 CMT Test Examiner's Manual – Science Only
• 2014 CMT MIST Test Examiner's Manual
• CMT/CAPT Science-only Captivate training module
• 2014 CMT and CAPT District Test Coordinator Workshop PowerPoint

Smarter Balanced Assessments

Field Tests

Use this site to access the Test Information Distribution Engine (TIDE), the Test Administrator Interface, the software download for the secure browser for student computers, and many other resources you can use to prepare for and administer the Smarter Balanced Field Tests.

Practice and Training Tests

The Practice and Training Tests are available to schools and districts for practice and training purposes, professional development activities, and for discussions with parents, policymakers, and other interested stakeholders.
### Practice and Training Tests

<table>
<thead>
<tr>
<th>Practice Tests</th>
<th>Training Tests</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Provide students the opportunity to experience a range of grade-specific item types (as well as performance tasks) similar in format and structure to the Smarter Balanced assessments.</td>
<td>• Provide students with an opportunity to quickly become familiar with the software and interface features that will be used in the Smarter Balanced assessments.</td>
</tr>
<tr>
<td>• Grades 3–8 and 11</td>
<td>• Three assessments by grade band, 3-5, 6-8 and HS</td>
</tr>
<tr>
<td>• Approximately 30 items in ELA and 30 items in math per grade level, plus one PT for each grade and content area</td>
<td>• Approximately 14-15 items per grade band (6 in ELA and 8-9 in math) (No performance tasks)</td>
</tr>
<tr>
<td>• Scoring guides and classroom activities</td>
<td>• Includes new item types not currently present in the practice test (matching tables, table fill in, evidence based selected response)</td>
</tr>
</tbody>
</table>
Available Embedded Universal Tools, Designated Supports, and Accommodations

Response Types

Smarter Balanced Response Types

- MC with one correct response
- MC with multiple correct responses
- Two Part multiple-choice
- Matching Tables
- Yes/No or True/False Tables
- Fill-in Tables
- Select or order text or graphics
- Complex drag and drop
- Graphing
- Equation or numeric response
- Short Text
- Long Essay

Overview of Field Test Administration
Testing Window

March 18 to June 6, 2014

Districts selected 3-week windows:

• Window 1: March 18 - April 4
• Window 2: April 7 - April 25
• Window 3: April 28 - May 16
• Window 4: May 19 - June 6 (not available for Grades 9 and 10)

Note: These windows do not open nor close
## Scheduled Downtimes

</tbody>
</table>

The test duration estimates described above are applicable to most students. However, Smarter Balanced assessments are not timed tests. Some students may need more time while others may need less time to complete the assessment.
# ELA Timing and Sequencing

<table>
<thead>
<tr>
<th>Non-Performance Task Questions</th>
<th>Classroom Activity</th>
<th>Performance Task (PT)</th>
</tr>
</thead>
</table>
| **Number and Duration of Sessions** | Recommendations:  
• No fewer than two sessions (recommended) and no more than six sessions (rare/extreme)  
• Session durations range from 40 to 60 minutes | Recommendations:  
• Administer in one session  
• Approximate session duration 15 – 30 minutes  
• Should occur one to three days prior to PT  
• Should NOT occur on the same day as the ELA performance task | The performance task is presented in two parts.  
Recommendations:  
• Administer in two sessions corresponding to parts one and two of the PT  
• Session durations range from 60 to 120 minutes |
| **Breaks within Sessions** | Breaks can be provided during the testing sessions using the software’s pause feature. If the test is paused for more than 20 minutes, the student will not be able to go back to items on the previous screens. | NA | The performance task is presented in two parts. Students can take breaks within parts one and two; however, once a student moves to part two, he/she will not be able to review or revise items in part one.  
• Recommendation: Students complete part one in one testing session and part two the next school day. |
| **Total Duration** | Once a student has started the non-PT questions, they will be available for 45 days.  
• Recommendation: Student completes this portion within five days of starting. | NA | Once a student has started the PT, it will be available for 10 days.  
• Recommendation: Student completes each part of the PT within one day |
| **Additional Required Resources** | Headphones are required for the listening portion of the ELA assessment | NA | Headphones are required for some performance tasks |
# Math Timing and Sequencing

<table>
<thead>
<tr>
<th>Non-Performance Task Questions</th>
<th>Classroom Activity</th>
<th>Performance Task (PT)</th>
</tr>
</thead>
</table>
| **Number and Duration of Sessions** | Recommendations:  
- Administered in two sessions  
- Session durations range from 40 to 60 minutes  
Most students will complete the non-PT questions in two sessions of 60 minutes or less or one long session of more than 60 minutes. | Recommendations:  
- Administered in one session  
- Approximate session duration 15 – 30 minutes  
- Should occur as close to the PT as is feasible, and no more than three days prior to the PT  
- MAY occur on the same day as the PT | Recommendations:  
- Administered in one session  
- Session duration ranges from 40 to 120 minutes |
| **Breaks within Sessions** | Breaks can be provided during the testing sessions using the software’s pause feature. If the test is paused for more than 20 minutes, the student will not be able to go back to items on the previous screens. | NA | Students can take breaks during PT testing sessions. Math PT items are presented on a single screen. Following a break, the student will have access to the same items. |
| **Total Duration** | Once a student has started the non-PT questions, they will be available for 45 days.  
- Recommendation: Student completes this portion within five days of starting it. | NA | Once a student has started the PT, it will be available for 10 days.  
- Recommendation: Student completes the PT in one day |
Scheduling Test Sessions

• English Language Arts/Literacy and Mathematics Timing and Sequencing documents are available on the Smarter Balanced Field Test Portal (http://sbac.portal.airast.org/)

• Provide guidance regarding recommended number of test sessions and session duration

• Total duration:
  • 45 Days for Non-Performance Task items
  • 10 days for the Performance Task
Scheduling Test Sessions

Recommended order of administration for each content area:

1) Non-PT items
2) Classroom Activity
3) Performance Task

Note: The ELA PT has two parts:

• Part 1 – Research
• Part 2 – Full write
Classroom Activity

• Recommended to be administered no more than 3 days before the PT
• Approximately 30 minutes
• Designed to “level the playing field” to ensure that all students understand the context of the task
• Administered in a classroom setting
• Topics and scripted classroom activities available for download by the end of February
DTC Checklist

Plan training for School Coordinators and Test Administrators at least 3 weeks before testing.

• Provide each Test Coordinator and Test Administrator (TA) with the link to the Field Test Portal to access the:
  • Test Administration Manual
    • Provide a hard copy of Appendix A: Directions for Administration Script for each TA
    • NOTE: Confirmation Code is the student’s first name
  • Training Modules
  • Test Administration User Guide (early March)
  • TA Practice and Training Test site and TA Interface (early March)
DTC Responsibilities

• Provide each School Coordinator (SC) and Test Administrator (TA) with the appropriate checklist
  • Appendix F: School Coordinator Checklist
  • Appendix G: Test Administrator Checklist

• Ensure that scratch paper is made available for all test sessions
  • Hand held calculators are not permitted for the mathematics tests (except for students with an IEP or 504 Plan that allows for the use of an assistive technology calculator)
DTC Responsibilities

Provide each School Coordinator (SC) and Test Administrator (TA) with the district/school protocol for collecting and destroying all printed testing materials including scratch paper and note paper

– All materials must be collected and destroyed after each test session

– Students may **not** use hand written notes from Part 1 of the ELA/Literacy PT during Part 2
  
  • Notes captured in the embedded digital notepad carry over from Part 1 to Part 2
Improprieties, Irregularities, and Breaches
Test Security

• The Field Tests are secure. All test items and test materials are secure and must be appropriately handled.

• Teachers and administrators will NOT have access to test items. The same professional practices expected on all state assessments are expected here and consequences can be administered for violations.
# Test Security Chart

<table>
<thead>
<tr>
<th>Impropriety</th>
<th>Irregularity</th>
<th>Breach</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Unusual circumstance that has a <strong>low impact</strong> on the individual or group of students who are testing</td>
<td>• Unusual circumstance that <strong>impacts</strong> an individual or group of students who are testing</td>
<td>• Event that poses a threat to the validity of the test</td>
</tr>
<tr>
<td>• Low risk of potentially affecting student performance on the test, test security, or test validity</td>
<td>• May potentially <strong>affect</strong> student performance on the test, test security or test validity</td>
<td>• Examples may include such situations as a release of secure materials.</td>
</tr>
<tr>
<td>• Can be corrected and contained at the local level</td>
<td>• Can be corrected at the local level</td>
<td>• These circumstances have external implications for the Consortium and may result in a Consortium decision to remove the test question(s) from the available secure bank.</td>
</tr>
<tr>
<td>• Report to DTC immediately</td>
<td>• <strong>An Incident Log</strong> must be submitted to DTC immediately</td>
<td>• A breach must be reported to the DTC immediately</td>
</tr>
<tr>
<td></td>
<td>• <strong>DTC uploads daily</strong> Incident Logs to Appeals system in TIDE within 24 hours</td>
<td>• DTC reports incident to CSDE immediately by phone</td>
</tr>
</tbody>
</table>
Documentation of Improprieties, Irregularities, and Breaches

- Download the Test Security Incident Log from the Portal
- Provide each TA with an Incident Log
  - Suggest prepopulating the following fields for each school using information in TIDE
    - District Name
    - State District ID
    - School Name
    - State School ID
  - State and Student Identifier is “CT-” followed by the student’s SASID
Reporting Test Security Incidents in the TIDE Appeals System

• Report **only** those test security incidences that require one of these actions
  • Invalidate a test
  • Reset a test
  • Re-open a test
  • Restore a test
# Appeal Types

<table>
<thead>
<tr>
<th>Appeal Type</th>
<th>Description</th>
</tr>
</thead>
</table>
| Invalidate a Test                 | • Eliminates the test  
• Student loses that test and does not receive a score  
• Requested due to test security incidences (e.g., cheating discovered after the test window closes)                                                      |
| Reset a Test                      | • Removes the test from the system  
• Scores associated with the test are removed from the system  
• Enables student to start a new test  
• Requested due to accommodations not being set properly                                                                                       |
| Reopen a Test                     | • Allows for a test that has already been submitted or has expired to be re-opened                                                                                                                           |
| Restore a Test That Has Been Reset | • Return a test from the Reset status to its prior status  
• Only allowed on tests that have been reset  
• A test can be restored if it was reset in error                                                                                                 |

Note: The Appeals system can also be used to address incidents that are not security related such as re-opening an assessment for a student who becomes ill and is **unable to resume testing until after testing has expired**.
Communications
CSDE E-mail Communications

• Weekly Tuesday *Field Test Update*
  • Sent to the DTC identified in the MI Web Portal, as well as the secondary contact
  • Posted on *Recent Communications* page on the CSDE Website with all other test administration resources

• Field Test technology related e-mails are sent to users in the Technology Readiness Tool as information is released about technology

Technology
Technology Coordination

This coordination may include the following tasks:

• Manage Logins
• Evaluate System Requirements
• Download Secure Browsers
• Evaluate Bandwidth
• Troubleshoot Technical Issues
Technology Resources

Technical Specifications Manual for Online Testing
• Provides Internet and network requirements, general hardware and software information, secure browser installation instructions, hardware and software requirements for Braille users, and information about text-to-speech and voice packs

Technology Requirements for Online Testing Module
• Network Requirements: Configurations that are needed and performance factors
• Network Performance: Bandwidth requirements and wireless security/access points.
• Secure Browser Information
• Other related information
Secure Browser

Secure Browser Portal:

- [sbac.portal.airast.org//browsers/](http://sbac.portal.airast.org//browsers/)
- The secure browser prevents students from accessing other applications during testing.
- The training and practice tests can be accessed with either the Secure Browser, or with Chrome, Safari, Internet Explorer 10, or most native tablet Web browsers.
- Test assistive technology devices using the practice tests with the secure browser.
Secure Browser

Three ways to install the browser:

• Download the browser from the Smarter Balanced Portal and install it;
• Download and save the browser onto a media device (such as a flash drive) and copy and install the files on each computer; or
• Download and save the browser to a network folder, and then copy and install the files on each computer.
The Smarter Balanced Diagnostic Screen allows you to ensure that there is sufficient bandwidth and browser capabilities to run the Smarter Balanced tests.
Bandwidth Assessment

Connecticut SchoolSpeedTest Month

Use the SchoolSpeedTest to assess Internet readiness for digital learning and assessment
Bandwidth Assessment

Test Dates:
February 3 – 28, 2014

State Goal:
Measure connectivity speed at every K-12 school in Connecticut.

Go to:
http://partners.schoolspeedtest.org/connecticut.html
Bring Your Own Device (BYOD)

Students can use their own devices.

• Some considerations:
  – Security
  – Equity
  – Accountability
  – Maintenance
Technology Readiness
Preparing Connecticut Districts for Online Testing

Technology Readiness Tool

Smarter Balanced and PARCC have contracted with Pearson to develop a Technology Readiness Tool to support states’ planning as they transition to next-generation assessments to be administered during the 2014 - 2015 school year. This tool will aid in the collection and assessment of districts' current technology capacity in four areas—devices, device to tester ratio, network infrastructure and staff and personnel. This data collection will allow for a comparison of current technology capacity against the technology that will be needed to administer the Smarter Balanced online assessments. Log on to www.TechReadiness.org to access and use the Technology Readiness Tool.

- Online Training Module
- User's Guide
- Understanding and Interpreting Reports

Technology Requirement Resources

The Smarter Balanced Assessment Consortium has released a technology strategy framework that describes minimum hardware specifications and basic bandwidth calculations for the implementation of the Smarter Balanced assessments during the 2014 - 2015 school year. These minimum requirements will support the
Test Information Distribution Engine (TIDE)

Smarter Balanced Assessments

Field Tests

Use this site to access the Test Information Distribution Engine (TIDE), the Test Administrator Interface, the software download for the secure browser for student computers, and many other resources you can use to prepare for and administer the Smarter Balanced Field Tests.

Practice and Training Tests

The Practice and Training Tests are available to schools and districts for practice and training purposes, professional development activities, and for discussions with parents, policymakers, and other interested stakeholders.
Welcome to the Smarter Balanced Field Test

This portal is the gateway to the systems used by the Smarter Balanced Assessment Consortium Field Test. Use this site to access the Test Information Distribution Engine (TIDE), the Test Administrator Interface, and the software download for the secure browser for student computers.

Important Information

- The issues with the secure browser have been resolved. You may now use the secure browser to access the practice and training tests.
  
  Added February 4, 2014

- The Field Test will be unavailable on the following dates:

<table>
<thead>
<tr>
<th>Field Test Downtime</th>
</tr>
</thead>
<tbody>
<tr>
<td>Thursday, April 10 – Sunday, April 13, 2014</td>
</tr>
<tr>
<td>Thursday, May 8 – Sunday, May 11, 2014</td>
</tr>
</tbody>
</table>

  Added January 15, 2014

- Test Information Distribution Engine (TIDE) is now open.
  TIDE is now open. TIDE provides administrators with the tools to add and manage users and students participating in the Smarter Balanced Field Test.

  All users can access TIDE by clicking the [Online TIDE System] card. State-level users should have received an email with information about accessing TIDE. Within their own state, state users can create accounts in TIDE for other state users, District Administrators (if applicable in your state), District Test Coordinators, School Test Coordinators, and Test Administrators. All Field Test Administrators need to be added to TIDE before they can set up and administer test sessions.

  Added January 14, 2014
What is TIDE?

• TIDE provides administrators with the tools to add and manage users and students participating in the Smarter Balanced Field Test.
• TIDE allows authorized users to manage student demographic information, designated supports, and accommodations.
• TIDE allows for the submission of certain test security incidents.
• TIDE is accessible via the Smarter Balanced Portal.
# TIDE Functions

<table>
<thead>
<tr>
<th>Before Testing</th>
<th>During Testing</th>
<th>After Testing</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Establish or update user accounts</td>
<td>• Update user accounts</td>
<td>• Ensure that all students who should have tested have done so</td>
</tr>
<tr>
<td>• Verify student rosters and demographic information</td>
<td>• Add/delete students as necessary</td>
<td>• View reports to monitor students’ completion of assessments</td>
</tr>
<tr>
<td>• Set designed supports</td>
<td>• Update accommodations and designated supports</td>
<td>• Track the progress of appeals</td>
</tr>
<tr>
<td>• Set accommodations for students enrolled after February 21. (Also add accommodations to the CSDE Accommodations Data Entry Web site)</td>
<td>• View reports to monitor students’ progress in or completion of assessments</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Submit test security incidents for resolution</td>
<td></td>
</tr>
<tr>
<td></td>
<td>• Track the progress of appeals</td>
<td></td>
</tr>
</tbody>
</table>
User Activation E-mails

• District Administrators (DAs) should have received a set-up e-mail from Smarter-DoNotReply@airast.org.

• As DAs create more user roles, it is important to instruct subsequent users to “whitelist” the address “airast.org.”

• It is a LEA decision on the number of roles that should be created at the district and school level.
TIDE Information

• The October 2013 PSIS file was used to populate TIDE. Currently, there are no plans to refresh the information from PSIS. **Note:** The Confirmation Code is the student’s first name.

• Documented accommodations uploaded to the CAPT/CMT Accommodations Website by February 21 will be merged with the student data on TIDE.

• After February 21, accommodations will have to be manually set in TIDE and documented on the CAPT/CMT Accommodations Website.

• Designated Supports for students do NOT need to be included on the TIDE rosters now. These test supports should be selected approximately two weeks before testing to ensure that students receive the most appropriate supports during testing.
TIDE User Guide

Instructions on:

• Accessing TIDE
• Managing Users
• Managing Student Information
• Appeal Information
# TIDE User Roles

<table>
<thead>
<tr>
<th>Role</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>District Administrators (DA)</td>
<td>District Administrators are managed by State users. District Administrators may add other District Administrators as well as District Test Coordinators, School Test Coordinators, and Test Administrators. District Administrators may also upload student information files that contain eligible students participating in the Field Test in their state.</td>
</tr>
<tr>
<td>District Test Coordinator (DC)</td>
<td>The District Test Coordinator is designated by the district when the district confirmed participation in the Field Test. District Test Coordinators can also be added to TIDE by a State user. District Test Coordinators can manage School Test Coordinator and Test Administrators. DCs cannot upload student information files.</td>
</tr>
<tr>
<td>School Test Coordinator (SC)</td>
<td>The School Test Coordinator is the person designated by the district when the district or school confirmed participation in the Field Test. School Test Coordinators can also be added to TIDE by a State user or District Test Coordinator. School Test Coordinators can manage Test Administrators. SCs cannot upload student information files.</td>
</tr>
<tr>
<td>Test Administrator (TA)</td>
<td>School Administrators may identify school personnel as Test Administrators. Test Administrators can view student information only for students in their school. They cannot add, edit, or remove students from TIDE. Additionally, TAs cannot view user information.</td>

* ONLY for English Learners (EL)
Things to consider when choosing Designated Supports

- Read-aloud features are differentially effective for and preferred by students
- Some features increase engagement and motivation in students
- Too many features can be confusing to students
Documented Accommodations
Who is Eligible for Documented Accommodations?

Special Education

SECTION 504
Embedded Accommodations

Accommodations that are part of on-line testing platform.

American Sign Language (ASL)

Closed Captioning

Refreshable Braille/ Embosser

Text-to-Speech
Embedded Accommodations

- Very small number of students with specific disabilities qualify
- NOT available for students in grade 3-5
- DOCUMENTED need indicated in student’s IEP or 504 plan for grades 6-8 and 11.
- Headphones are needed unless tested individually in a separate setting.

ELA passages, grades 6-8 and 11
Non-Embedded Accommodations

Accommodations that are associated with paper-based testing.

Abacus
Alternate Response Options
Calculator
Multiplication Table

Print on Demand
Read Aloud
Scribe
Speech-to-text
Non-Embedded Accommodations

Read Aloud: ELA passages, grades 6-8 and 11

• MUST receive approval for this accommodation through application to CSDE. (Special Accommodation form)

• Very small number of students (estimated to be approximately 1-2% of students with disabilities participating in a general assessment)

• NOT available for students in grade 3-5 unless the student is blind and does not yet have adequate braille skills

• DOCUMENTED need indicated in student’s IEP or 504 plan for grades 6-8 and 11.

• Student MUST be tested alone.

• Trained and qualified human reader.
Non-Embedded Accommodations

- MUST receive approval for this accommodation through application to CSDE. (Special Accommodation form)

- MUST supply documentation of a student’s significant motor or processing difficulties, or who have had a recent injury

- Student MUST be tested alone.

- Student is able to develop planning notes via the scribe

- Trained and qualified scribe.
Non-Embedded Accommodations

- MUST receive approval for this accommodation through application to CSDE. (Petition for Approval for Special Documented Accommodations form)

- MUST supply documentation of a student’s disability preventing the use of a computer

- Your **district test coordinator** is responsible for contacting the Smarter Balanced Help Desk in order to set up the process to print individual test items.

- Trained and qualified scribe to transfer student responses to online assessment

Print on Demand
Program Accommodations and Modifications - INCLUDING NONACADEMIC AND EXTRACURRICULAR ACTIVITIES/COLLABORATION/SUPPORT FOR SCHOOL PERSONNEL

Accommodations and Modifications to be provided to enable the child:
- To advance appropriately toward attaining his/her annual goals;
- To be involved in and make progress in the general education curriculum;
- To participate in extracurricular and other non-academic activities, and
- To be educated and participate with other children with and without disabilities.

Accommodations may include Assistive Technology Devices and Services

PETITION FOR APPROVAL OF SPECIAL DOCUMENTED ACCOMMODATIONS
For Smarter Balanced Field Test
2013-2014

Student Name ________________________ Date of Birth ________ Grade ________
(Last, First)

School ____________________________ District ____________________ Date: ________

RESC/Approved Private Spec. Ed. Facility (if applicable) __________________________

Student has an: IEP □ Section 504 Plan □ (If neither, stop here, student does not qualify)

Answer the following questions to determine if a student qualifies for special documented accommodations.

1. Does the student’s disability require that the test be given on paper? (Print on Demand Accommodation) Yes □ No □

2. Does the student have a documented print disability that requires ELA passages read to them? (Read Aloud Accommodation) Yes □ No □

3. Is this a blind student in grades 3-5 without adequate braille skills? Yes □ No □

4. Does the student’s disability prevent him/her from answering questions on a computer? (Scribe Accommodation) Yes □ No □

5. Does the student have a documented need to use specific software/hardware in order to participate on the Smarter Balanced Field Test that does not function on the Smarter Balanced online platform? Yes □ No □

1. Explain, the accommodation being proposed for this student. Also identify the subtests for which this accommodation would be utilized. (Attach additional pages if necessary)

2. If applicable, enclose a copy of the student’s most recent psycho-educational, evaluation and physical therapy, speech/language, etc., evaluations that document the conditions/characteristics described in item 1, above. List the document(s) that are enclosed.

3. Enclose copies of the student’s Individualized Education Program (IEP) or 504 plan documents for the last year to document the use of the proposed accommodation in the student’s current instructional setting.

Certification: We believe that the proposed documented accommodations are necessary in order for this student to participate in Smarter Balanced Field Test

Petition for Special Accommodations 10/2013- For 2014 Smarter Balance Field Test ONLY.
Special Documented Accommodations Procedure

Definition: Accommodations provided during test administration allow students with disabilities a greater opportunity to demonstrate their aptitude and achievement in testing situations. This year, districts have been given the option to administer the Smarter Balanced Field Test to their students. This new assessment provides greater access opportunities by providing universal tools, supports and documented accommodations. However, utilizing appropriate or reasonable accommodations should not interfere with the interpretation of student’s scores.

In exceptional circumstances, there may be students whose disabilities require certain accommodations to be monitored. In these cases, upon the request of the District Test Coordinator (DTC) the Connecticut State Department of Education (CSDE) will provide information regarding the PETITION FOR APPROVAL OF SPECIAL DOCUMENTED ACCOMMODATIONS For Smarter Balanced Field Test 2013-2014. These petitions MUST be submitted to Connecticut State Department of Education (CSDE) in writing, prior to testing (preferably by January 31, 2014). These petitions must also include all of the necessary documentation to support any request for the use of these documented accommodations.

Step 1 - Initial Contact:
- District Test Coordinator (DTC) contacts CSDE at least two months prior to start of testing and describes special testing accommodations needed for a student.
- Janet Stuck - Janet.Stuck@ct.gov (860-713-6837) or Joe Amenta - Joseph.Amenta@ct.gov (860-713-6855)
Exemptions

- If students arrived March 18, 2013 or later, these students may be exempt from SB-FT ELA but not Math. Students in Grades 5, 8 and 10 must also participate in Science.

Exit Criteria 2013-2014

- English language proficiency (ELP-LAS Links Form C) assessment results as exit criteria for 2014 but required level 5.

Students with Significant Cognitive Disabilities

• Students eligible for the CMT/CAPT Skills Checklist will participate in the Skills Checklist for the 2013-2014 school year.

• For the 2014-2015 school year students with significant cognitive disabilities will no longer participate in the CMT/CAPT Skills Checklist for Math and ELA, but will continue to participate in the CMT/CAPT Skills Checklist for Science in grades 5, 8, and 10.

• To prepare for the new alternate assessment some students with significant cognitive disabilities are participating in the National Center and State Collaborative (NCSC) Pilot Phase 1 beginning April 4 through early May 2014.

• The NCSC Pilot Phase 2 will be conducted in October and November of 2014.
NCSC Participation Guidelines

The criteria for participation in the [NCSC Alternate Assessment] reflect the pervasive nature of a significant cognitive disability. All content areas should be considered when determining eligibility for this assessment. Thus, a student who participates in the [NCSC Alternate Assessment] participates in this assessment for all content areas.

In addition, evidence for the decision for participating in the [NCSC Alternate Assessment] is Not Based on:

1. A disability category or label
2. Poor attendance or extended absences
3. Native language/social/cultural or economic difference
4. Expected poor performance on the general education assessment
5. Academic and other services student receives
6. Educational environment or instructional setting
7. Percent of time receiving special education
8. English Language Learner (ELL) status
9. Low reading level/achievement level
10. Anticipated student’s disruptive behavior
11. Impact of student scores on accountability system
12. Administrator decision
13. Anticipated emotional duress
14. Need for accommodations (e.g., assistive technology/AAC) to participate in assessment process

<tr>
<td>1. The student has a significant cognitive disability</td>
<td>Review of student records indicate a disability or multiple disabilities that significantly impact intellectual functioning and adaptive behavior. <em>Adaptive behavior is defined as essential for someone to live independently and to function safely in daily life.</em></td>
<td>Yes / No</td>
</tr>
<tr>
<td>2. The student is learning content linked to (derived from) the Common Core State Standards (CCSS)</td>
<td>Goals and instruction listed in the IEP for this student are linked to the enrolled grade level CCSS and address knowledge and skills that are appropriate and challenging for this student.</td>
<td>Yes / No</td>
</tr>
<tr>
<td>3. The student requires extensive direct individualized instruction and substantial supports to achieve measurable gains in the grade-and age-appropriate curriculum.</td>
<td>The student (a) requires extensive, repeated, individualized instruction and support that is not of a temporary or transient nature and (b) uses substantially adapted materials and individualized methods of accessing information in alternative ways to acquire, maintain, generalize, demonstrate and transfer skills across multiple settings.</td>
<td>Yes / No</td>
</tr>
</tbody>
</table>

The student is eligible to participate in the [NCSC Alternate Assessment] if all responses above are marked Yes.
Welcome to the National Center and State Collaborative!
The National Center and State Collaborative (NCSC) is a project led by five centers and 26 states (15 core states and 11 Tier II states) to build an alternate assessment based on alternate achievement standards (AA-AAS) for students with the most significant cognitive disabilities. The goal of the NCSC project is to ensure that students with the most significant cognitive disabilities achieve increasingly higher academic outcomes and leave high school ready for post-secondary options.
