Participating Gardens, Arboreta, and Conservatories

Your membership card is your passport to America’s garden treasures. Receive special admission privileges in addition to discounts on gift shop purchases and special events at horticultural organizations throughout North America.
How to Enjoy the Benefits of the Reciprocal Admissions Program

- **We recommend that you call all gardens ahead of time before you plan your visit.** Some gardens have certain exclusions for special events, or if you live within 90 miles of the garden, etc. Each garden has its own unique admissions policy and hours of operation, which is also why we recommend checking ahead of time to get the most up to date information.

- Present your current membership card at the admissions counter or gift shop to receive the RAP benefit(s) listed for that garden. Each card will only admit the individual(s) whose name is listed on the card. In the case of a family, couple, or household membership card that does not list the names, the garden must extend the benefit(s) to at least two of the members. In this case, gardens are encouraged to refer to their own policies regarding household/family memberships. Some gardens may require a photo ID.

- The RAP Local Exclusion Guideline excludes members of gardens within 90 miles of one another from receiving the benefit(s) unless the gardens mutually agree to lift the exclusion. For AHS members, the exclusion is based on their home address. Please contact the garden you belong to or the garden you plan to visit to inquire about this guideline.

- Remember that the gardens you visit rely on admissions and donations to maintain their collections and gardens for all to enjoy. Please support them by visiting their gift shops or making a contribution.

- Some gardens included in the RAP Directory have no benefits to reciprocate because they are already free to the public or do not have a membership base. These gardens help to preserve and maintain the Reciprocal Admissions Program through their contribution but they do not share a reciprocal relationship with any of the other gardens listed. Be sure to check the symbols next to each garden to determine the benefits offered.
